SAYS THEY ARE WONDERFUL

Hot weather is doubly dangerous when digestion is bad. Constipation, sick headache, biliousness, or other conditions caused by clogged bowels yield quickly to Foley Cathartic Tablets. Mrs. Elizabeth Slauson, So. Norwalk, Conn., writes: "I can honestly say they are wonderful."—Hites Drug Store.

QUIT MEAT IF YOUR KIDNEYS ACT BADLY

Take a tablespoonful of Salts if Back hurts or Bladder bothers—Drink lots of water.

We are a nation of meat eaters and our blood is filled with uric acid, says a well-known authority, who warns us to be constantly on guard against kidney trouble.

The kidneys do their utmost to free the blood of this irritating acid, but become weak from the overwork; they get sluggish; the eliminative tissues clog and thus the waste is retained in the blood to poison the entire system.

When your kidneys ache and feel like lumps of lead, and you have stinging pains in the back or the urine is cloudy, full of sediment, or the bladder is irritable, obliging you to seek relief during the night; when you have severe headaches, nervous and dizzy spells, sleeplessness, acid stomach or rheumatism in bad weather, get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast each morning and in a few days your kidneys will act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate clogged kidneys, to neutralize the acids in urine so it is no longer a source of irritation, thus ending urinary and bladder disorders.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink, and nobody can make a mistake by taking a little occasionally to keep the kidneys clean and active.

LORCH A CANDIDATE TO SUCCEED HIMSELF AS ROAD COMMISSIONER

Edward Lorch, county road commissioner who has announced his candidacy for nomination upon the republican ticket to succeed himself.

Commissioner Lorch has profited by the experience he has had in building roads and now the county profits. To elect a new man means to pay high while he is getting the experience the present commission already has.

Mr. Lorch is a conscientious public servant and gives his best to the county. He is not given to slighting any work but observes closely the specifications. Many instances can be cited where he has saved the county money and it behooves the tax payers to see that inexperience does not usurp him.

He stands on his record, an investigation of the last three years of which will convince the taxpayers that they have a valuable man now in office and it is dangerous to change for an unknown quantity. Through the commissioner's hands annually pass several thousands of dollars and plenty of opportunity is given for loss if he is not proficient and capable.—Ex.

FOR A MERCHANT MARINE WITHOUT FEDERAL COMPETITION.

Again, we must build up our merchant marine. It will not aid to put the Government into competition with private owners. That, it seems to me, is a counsel of folly. A surer way of destroying the promise of our foreign trade could hardly be devised. It has well been asked—Does the Government intend to operate at a profit or at a loss? We need the encouragement and protection of Government for our shipping industry, but it cannot afford to have the Government as a competitor.—From Mr. Hughes' speech of acceptance.

DECRYING INTERFERENCE, WE INTERFERED IN MEXICO EXASPERATINGLY.

The dealings of the Administration with Mexico constitute a confused chapter of blunders. We have not helped Mexico. She lies prostrate, impoverished, famine-stricken, overwhelmed with the woes and outrages of internecine strife, the helpless victim of a condition of anarchy which the course of the Administration only served to promote. For ourselves, we have witnessed the murder of our citizens and the destruction of their property. We have made enemies, not friends. Instead of commanding respect and deserving good will by sincerity, firmness, and consistency, we provoked misapprehension and deep resentment. In the light of the conduct of the Administration no one could understand its professions. Decrying interference, we interfered most exasperatingly. We have not even kept out of actual conflict, and the soil of Mexico is stained with the blood of our soldiers. We have resorted to physical invasion, only to retire without gaining the professed object. It is a record which cannot be examined without a profound sense of humiliation.—From Mr. Hughes' speech of acceptance.

How Much is Now Left of the Baltimore Platform?

The President had boldly signed the Pork River and Harbor bill, and his facile pen is dripping with ink eager to attach itself to a Pork Public Buildings bill.

The friendliest apologists of the President's part in the profligate waste of money wrung from the people by oppressive taxation have nothing better to say for him than that it is hardly fair to expect a man to say "I forbid!" in this Presidential year when he is a candidate.

The foregoing words describing the profligate waste of the people's money with Executive approval are taken without change from a plank of the platform on which Woodrow Wilson was elected in 1912:

"We denounce the profligate waste of money wrung from the people by oppressive taxation through the lavish appropriations of recent Republican Congresses, which have kept taxes high and reduced the purchasing power of the people's toil. We demand a return to that simplicity and economy which befits a democratic government."

How much is now left of the principles declared and the promises registered at Baltimore as inducements to citizens to vote for Wilson.

Possibly it is because he and his party have been such reckless, such wholesale repudiators of the pledges of 1912 that few people remember or care to remember what pledges were made in his behalf about forty days ago at St. Louis.—New York Sun.

WHAT ONE BIG MAN THINKS OF ANOTHER.

President W. H. P. Faunce, of Brown University, is a pretty live wire who keeps abreast of the times, has keen powers of observation, and knows a good man when he sees him. Here is what he has to say about the Republican Candidate for the Presidency:

"I have known Justice Hughes intimately since we were students together at Brown and have seen him a thousand times at work and at play. No man of our generation has a finer combination of character and intellect. Absolutely fearless, unselfish, loyal to American ideals, he is worthy of a nation's trust. "All his friends know that behind the dignity of bearing is a rich fund of humor and good fellowship. Whether he is climbing a mountain, reading novels, playing with his children, resisting a political lobby or delivering the opinion of the Supreme Court, he is ever the same rugged, democratic, fair-minded American. His varied experience has given him wide horizon and sympathy with every aspect of American life.

"He possesses two qualities rarely found together—the judicial temper and the capacity for swift and resolute action. Under his administration the fog which now besets many public questions would be cleared away.

"His penetrating mind goes to the heart of any subject he selects and strips off the irrelevant at once. Such a mind is peculiarly needed amid the intricate problems that now confront America.

"We need more than good intentions. We need clear vision, sound judgment, strong will, unhesitating decision. In short, we need Charles E. Hughes."

DUTY OF THE ADMINISTRATION TO STOP PLOTS AND CONSPIRACIES.

We denounce all plots and conspiracies in the interest of any foreign nation. Utterly intolerable is the use of our soil for alien intrigues. Every American must unreservedly condemn them, and support every effort for their suppression. But here, also, prompt, vigorous and adequate measures on the part of the Administration were needed. There should have been no hesitation; no notion that it was wise and politic to delay. Such an abuse of our territory demanded immediate and thorough-going action. As soon as the Administration had notice of plots and conspiracies, it was its duty to stop them. It was not lacking in resources. Its responsibility for their continuance cannot be escaped by the condemnation of others.—From Mr. Hughes' speech of acceptance.

FAVORS WOMAN SUFFRAGE.

Some time ago, a consideration of our economic conditions and tendencies, of the position of women in gainful occupations, of the nature and course of the demand, led me to the conclusion that the granting of suffrage to women is inevitable. Opposition may delay, but in my judgment cannot defeat this movement. If women are to have the vote, as I believe they are, it seems to me entirely clear that in the interest of the public life of this country, the contest should be ended promptly. I favor the vote for women.—From Mr. Hughes' speech of acceptance.

ADEQUATE FEDERAL WORKMEN'S COMPENSATION LAWS.

I stand for adequate Federal Workmen's Compensation laws, dealing not only with the employees of government, but with those employees who are engaged in interstate commerce, and are subject to the hazard of injury, so that those activities which are within the sphere of the constitutional authority of Congress may be dealt with under a suitable law.—From Mr. Hughes' speech of acceptance.

RECORD SHOWS TOWNSEND FOR CANADIAN RECIPROCIITY.

M. B. McPherson, of Lowell, Mich., raises the question whether the records bear out the charge that Senator Townsend voted for Canadian reciprocity in 1911, when the Michigan farmers were fearful their markets would go glimmering under the influx of Dominion products.

The Detroit Times wired its Washington correspondent for the official version of the Michigan senator's attitude on the question, and received this reply:

Townsend voted for Canadian reciprocity, Smith voted against it. Afterward Townsend made speech in which he said he had made a mistake in voting for it.

At the time the Canadian reciprocity measure was under discussion in Washington, a committee from Michigan went there. This committee was composed of the following: Ex-governor Fred M. Warner; P. R. Waterbury, editor of the Michigan Farmer; President Snyder, Michigan Agricultural College; D. A. Holden, President State Association Farmers Clubs; N. P. Hull, Master State Grange; Senator Herbert Powell, Ionia, Mich., C. E. Bassett, Fennville, Mich., James H. McBride, Burton, Mich., Clark R. Keed, Howell, Mich.

This committee had a hearing before the senate finance committee, and also waited upon Senator Townsend. The manifold disadvantages to the farmers of Michigan from the Canadian reciprocity bill were presented by them to Senator Townsend in all its phases. Senator Townsend was non-committal, but afterwards voted in favor of the Canadian reciprocity bill.—From The Detroit Times.

A WOMAN'S KINDLY ACT

Mrs. G. H. Eveland, Duncan Mills, Ill., writes: "I was stricken with lumbago, unable to turn in bed. A neighbor brought Foley Kidney Pills. She had been similarly afflicted and they cured her. I was cured by three bottles."

If the kidneys do not function lumbago, rheumatism, aches, pains, are apt to result.—Hites Drug Store.

Mr. Bryan criticises Mr. Hughes' speeches and says the Republican candidate has shown himself too partisan to be a judge. Never mind, William J., his successor is a "deserving Democrat," all right. Judge Clarke hustled for the party in Ohio and contributed to the campaign fund in 1912.

The proof of the pudding is in the amount left over.

HE COULD HARDLY WALK
Deranged kidneys cause rheumatism, aches, pains, soreness, stiffness. Ambrose Gary, Sulphur, Okla., writes: "I was bothered with kidney trouble ten years and at times could hardly walk. Roosevelt Applauds Hughes' Speech

Theodore Roosevelt sat in a box at Carnegie Hall when Mr. Hughes delivered his speech of acceptance and vigorously applauded every telling point.

The Colonel repeatedly arose and bowed in response to the cheers for him and the shouts of "Teddy!" "Teddy!" "Hurrah for Teddy!", and when the meeting adjourned he made the following statement:

"It is an admirable speech and I wish to call attention to the following points:

"I am particularly pleased with the exposure of the folly, and worse than folly, of Mr. Wilson's Mexican policy and of the way in which this policy has brought humiliation to the United States and disaster to Mexico itself.

"Moreover, I am very glad of the straightforward manner in which Mr. Hughes has shown the ridicules with which Mr. Wilson has covered this nation by the manner in which he allowed foreign powers to gain the impression that although he used the strongest words in diplomacy they were not to be taken seriously.

Not Words Which Count.
"As Mr. Hughes said, it is not words but the strength and resolution behind the words which count. As Mr. Hughes pointed out, there is no doubt that if Mr. Wilson's conduct and action had been such as to make the foreign nations believe that he meant precisely what he said in his 'strict accountability' there would have been no destruction of American lives by the sinking of the Lusitania.

"When Mr. Hughes uses strong words his record shows that they are always backed by strong deeds, and therefore in the enormous majority of cases the use of strong words renders it unnecessary ever to have recourse to strong deeds.

"Again, Mr. Hughes speaks in characteristically straightforward fashion of the outrages committed on munitions plants, and all men, whether citizens of foreign nations or nominal citizens of our own land, who had in any shape or way abetted or condoned those actions can understand that Mr. Hughes, if President, will protect these domestic American interests and punish offenders against them with the fearlessness and thoroughness that he showed in dealing with the powers of evil at Albany.

Brought Nation to Ignominy.

"Just before coming in to listen to Mr. Hughes' just characterization of Mr. Wilson's failure to protect the lives and property of Americans in Mexico and on the high seas, I happened to pick up John Fiske's 'Critical Period of American History,' and was struck by the following two sentences:—

"A government touches the lowest

point of ignominy when it confesses its inability to protect the lives and the property of its citizens. A government which has come to this has failed in discharging the primary function of government and forthwith ceases to have any reason for existing."

"Mr. Hughes has pointed out in his speech with self-restraint, but with emphasis, that it is precisely this primary function which Mr. Wilson's Administration has failed to discharge and that it is precisely this point of ignominy to which he has reduced the nation over which he is President."

A POLICY OF FIRMNESS AND CONSISTENCY NEEDED.

The Nation has no policy of aggression toward Mexico. We have no desire for any part of her territory. We wish her to have peace, stability, and prosperity. We shall have to adopt a new policy, a policy of firmness and consistency through which alone we can promote an enduring friendship. We demand from Mexico the protection of the lives and the property of our citizens and the security of our border from depredations. Much will be gained if Mexico is convinced that we contemplate no meddlesome interference with what does not concern us, but that we propose to insist in a firm and candid manner upon the performance of international obligations. To a stable government, appropriately discharging its international duties, we should give ungrudging support. A short period of firm, consistent and friendly dealing will accomplish more than many years of vacillation.—From Mr. Hughes' speech of acceptance.

AN ADMINISTRATION TOO CONTENT WITH LEISURELY DISCUSSION.

I do not put life and property on the same footing, but the Administration has not only been remiss with respect to the protection of American lives; it has been remiss with respect to the protection of American property and American commerce. It has been too much disposed to be content with leisurely discussion.—From Mr. Hughes' speech of acceptance.

Poverty is not a crime—but that isn't the reason so many people are poor. Some people can't stand prosperity, but the majority don't get a chance to try.

Get the Habit of Drinking Hot Water Before Breakfast

Says we can't look or feel right with the system full of poisons.

Millions of folks bathe internally now instead of loading their system with drugs. "What's an inside bath?" you say. Well, it is guaranteed to perform miracles if you could believe these hot water enthusiasts. There are vast numbers of men and women who, immediately upon arising in the morning, drink a glass of real hot water with a teaspoonful of limestone phosphate in it. This is a very excellent health measure. It is intended to flush the stomach, liver, kidneys and the thirty feet of intestines of the previous day's waste, sour bile and indigestible material left over in the body which if not eliminated every day, become food for the millions of bacteria which infest the bowels, the quick result is poisons and toxins which are then absorbed into the blood causing headache, bilious attacks, foul breath, bad taste, colds, stomach trouble, kidney misery, dizziness, impure blood and all sorts of ailments. People who feel good one day and badly the next, but who simply can not get feeling right are urged to obtain a quarter pound of limestone phosphate at the drug store. This will cost very little but is sufficient to make anyone a real crank on the subject of internal sanitation.

Just as soap and hot water act on the skin, cleansing, sweetening and freshening, so limestone phosphate and hot water act on the stomach, liver, kidneys and bowels. It is vastly more important to bathe on the inside than on the outside, because the skin pores do not absorb injurious poisons into the blood while the bowels absorb them.
