Sam'l Clipson Commits Suicide

In Fit of Despondency Gashes Throat With Knife.

Samuel Clipson, residing near the East Jordan Iron Furnace, attempted suicide at his home at a late hour Monday night which resulted in his death the following day.

Mr. Clipson, who has worked at the furnace for a number of years, has been ailing for some time. He became seriously ill a week ago and pneumonia set in. Monday night he was suffering from pain in the chest, and about eleven o'clock Mrs. Clipson went to the kitchen to secure some medicine. Taking advantage of her absence, he secured a butcher knife and cut a deep gash in his throat. Physicians were at once summoned and efforts made to save his life. Tuesday morning attempt was made to remove him to a Petoskey hospital but he passed away while en route there.

The remains were brought back and funeral services will be held probably this Friday forenoon.

Mr. Clipson was esteemed by his fellow-workers and his rash act cast a shadow over his home and associates. He was 46 years of age and leaves a wife and two children, a boy and a girl.

SERVICE FLAG FOR VETERANS.

The Grand Army Republic and the Women's Relief Corps dedicated a Service Flag, Saturday, for the sons, grandsons and relatives of Civil War Veterans. The program contained a dedication speech by Miss Stewart, addresses by Rev. Hoyt and Rev. Sidebotham, recitations by Mesdames Kitts, Marrie and Miss Bonnette, with music by Ladies' Quartette, and a duet by Mesdames Sidebotham and Burton.

The services were beautiful and effective. It is especially worthy of note that the children of our civil war veterans are active in their struggle for liberty. Following is the Honor Roll:

- Sons of Veterans—
Captain Henry L. Winters.
Lieut. Joseph Cummins.
Lieut. Wm. C. Spring.
Corp. Clifford Hammond.
Gaius Hammond.
Russel Harrington.
Grandsons of Veterans—
Russel Barnett.
Harold Sweet.
Elmer Willer.
Milton Lahnway.

Relatives of Women of the Relief Corps—
Sergeant Glenn Bonnette.
Sergeant Harrison Stewart.

Commission Proceedings.

Adjourned regular meeting of the City Commission held at the commission rooms, Friday evening, Apr. 19th. Meeting was called to order by Mayor Cross. Present—Cross, Gidley and Crowell. Absent—None.

Moved by Crowell, supported by Gidley, that Ordinance No. 43, relative to the ownership and licensing of dogs, be approved, adopted and published.

Moved by Gidley, supported by Crowell, that the minutes of the commission meeting held on March 29, be amended to read in part as follows:

Resolved, That the Mayor and Clerk of this commission be, and they hereby are, directed to guarantee on behalf of the city that said proposed library building can and will be constructed for the said sum of Ten Thousand Dollars, according to the said plans and specifications as prepared by the said A. E. Munger. Carried.

On motion by Gidley, meeting was adjourned.

OTIS J. SMITH,
City Clerk.

Eighth Grade Examination.

The Eighth Grade Examination will be held at the East Jordan Central School Building, May 9th and 10th. Further particulars next week.

Senior Play Next Friday

"Engaged By Wednesday" will be Worth Your Money.

The annual Senior Play is to be given Friday evening, May 3rd, at Temple Theatre. The seniors plan to give the play earlier than usual this year in order to have the proceeds to use for commencement expenses.

The people taking parts are putting forth much effort and the production is bound to be pleasing. Several Juniors are assisting the Senior class.

The play abounds in humor and mysterious complications and has a lively interest throughout. "Engaged by Wednesday" will be worth your time and money.

The cast of character is as follows: Martin Henry, the laziest man in town—Wallace Kemp.

Arthur Watson—Basil Cummins.
Jack, Reo Bockes; Ted, Merle Jones; Dick, Ronald Smith, Friends of Arthur.

Miss Abigail Persons, a woman of ideas—Alice Sedgman.

Mrs. Watson, a gentle person—Marie Smith.

Lucile Persons—Emma Lou Hoyt.
Marie, Pearl Snyder; Jane, Hazel Kale; Mabel, Aurora Stewart, Friends of Lucile.

Mary, Martin Henry's Aunt, cook at Person's—Leone Donaldson.

First Girl—Faye Suffera.
Second Girl—Signa Thorsen.
First Gypsy—Ruth Malpass.
Second Gypsy—Sylvia Hall.

A large number of girls and young men.

THE PARABLES OF SAFED THE SAGE.

Now the word of Keturah came to me saying, Hie thee to the shop of the Grocer, and buy thou me a Pound of Butter, and certain Other Things whereof I have written down a List.

So I went to the shop of the Grocer. And there entered an Husbandman with Money in his Pocket and more in the Bank. And he spake to the Grocer, and he boasted, and he said, Behold, I have sold my Wheat at the Government Price, and Believe Me, it was Some Price. Yes, and I got Eighty-Three for my Oats, and One Twenty Seven for my Corn. And he was Very Proud of what he supposed he had done.

And he spake to the Grocer, and said, Give to me a Package of Oatmeal, and behold here is thy Dime.

And the Grocer said, The Oatmeal which was once a Dime is now Fifteen Cents.

And the Husbandman said, It is an Outrage; I will not pay it. Give me a Breakfast Food made of Wheat.

And the Grocer said, That will cost thee more.

And he said, Let me have Corn Flakes.

And the Grocer said, That also is Fifteen Cents.

And the Husbandman said, The Grocers are Robbers, and the Millers are Thugs; and they are in a Conspiracy to Rob the Poor Farmer, whose industry feedeth them all.

And he was wroth, and he departed.

And he considered not the price at which he had sold his Wheat and his Corn and his Oats.

Red Cross Notes

More workers are needed.

Remember the Cafeteria at the rooms Friday, April 26th.

The rooms will be open for surgical dressings three afternoons, Tuesday Wednesday and Thursday, but only one evening, Tuesday, in the future, when there will be room for all who may desire to help.

All who can are urgently requested to come to the rooms this week as our gauze is here and the quota of pneumonia jackets must be completed this month.

Mesdames Howard Porter and Peter LaLonde and the Misses Pauline Munson, Merle Ritter and Lena Martin have earned crosses for their aprons and Mesdames J. Burney and E. Elice and Miss Wilma Pickard for their caps.

LIBERTY DAY

A PROCLAMATION BY THE MAYOR

As President Wilson by proclamation has designated Friday, April 26th as Liberty Day, and has made the afternoon of that day a Holiday; therefore I, as Mayor of the city of East Jordan, request that all business places be closed during the afternoon of that day, and that the loyal citizens of East Jordan unite with all their ability to further the sale of Liberty Loan Bonds. A public meeting, with appropriate exercises has been arranged for that afternoon.

ALDEN E. CROSS, Mayor.

Orchestra Selection.

Everyone Invited To Attend. No Admission Charges.

How Do Your Sacrifices Compare With These?

THE American boy who goes to war gives up the position which means so much to his future, or the little business which has just begun to show promise of success.

He severs home ties; gives up home comforts; leaves behind parents, friends, wife or sweetheart.

He faces the probability of being obliged to take up life anew when he returns; of losing all the advantages which years of hard work have won for him.

He faces the possibility of coming back incapacitated for earning a living, and of being dependent upon his friends or upon charity.

He faces the possibility of never coming home at all.

Facing these things, he goes to France to fight for us who remain safely at home—and when the moment comes for him to go over the top—he GOES!

What will he think, how will he feel, if we complain because we are asked to make a few sacrifices for him—sacrifices so insignificant when compared with his?

Show him that to invest in Liberty Bonds is not a SACRIFICE but a PRIVILEGE—an appreciation of his sacrifice!

And When You Buy—Buy!

Arbor and Garden Day

A Proclamation By Governor A. E. Sleeper.

Although Michigan has been largely denuded of her stately and magnificent forests of a former day, we still take high rank as a timber State; and a wise policy of reforestation will help to restore, in the years to come, what has been lost. Let us continue too the custom of observing Arbor Day by the planting of trees around our homes, our schools, our churches and in our streets and public parks.

Last year the people of the State were urged to plant gardens also, and the response to this appeal was so general that a huge crop of vegetables resulted. The need of garden products is even more urgent this year. Our soldiers in France must be fed, as must the armies of our Allies. Every pound of vegetables, raised in a Michigan garden, will release so much wheat for shipment abroad. Let every family then plant a war garden. If you can't plant a big garden, try a little one; and take care of it.

There is another matter to which, at this time, I desire to call attention. Strong representations have been made to me that the High-bush Barberry (*Berberis Vulgaris*), with its purple-leaved variety, has become a dangerous nuisance, because it harbors and spreads the BLACK STEM RUST of wheat and other grains. The annual loss from this rust amounts to millions of bushels of grain. The Japanese Barberry (*Berberis Thunbergii*), on the other hand, is declared to be quite harmless in this respect. Accordingly, I earnestly request that the aforesaid noxious shrub be dug up and destroyed, wherever it may exist throughout the State, and replaced by some innocuous variety of ornamental shrub.

Therefore, I, ALBERT E. SLEEPER, Governor of the State of Michigan, do hereby designate and set aside,
FRIDAY, MAY THIRD, 1918,

As Arbor and Garden Day, in the hope that both the old and the young of our people may be impressed with the needs of the situation, and may be stimulated not only to plant trees, as has been our custom on Arbor Day, but to plant their garden plots with potatoes and corn and beans and other nutritious vegetables; and I suggest that this day be marked also by the destruction of the High-bush Barberry.

Given under my hand and the Great Seal of the State this eighteenth day of April, in the year of our Lord one thousand nine hundred and eighteen, and of the Commonwealth the eighty-second.

ALBERT E. SLEEPER,
Governor.

ORDINANCE NO. 43.

AN ORDINANCE REGULATING THE OWNERSHIP AND CUSTODY OF DOGS IN THE CITY OF EAST JORDAN, Providing for License and Registration Thereof, and the Disposition of Moneys Received from License Fees, Prescribing Penalties for Violation of This Ordinance, and to Repeal All Ordinances in Conflict Herewith.

The City of East Jordan Ordains:

Section 1. It shall be the duty of any person or persons, owning or harboring any dog or dogs within the limits of the City of East Jordan, to procure a license for such dog or dogs as hereinafter provided.

Sec. 2. On or before the first day of January of each year any person or persons owning or harboring any dog within the said city limits over the age of four months shall secure from the city clerk a metal registration tag, showing the name of the city and license year and the clerk's registration number thereon, and such tag shall be securely fastened to the collar of the dog and be constantly worn by such dog. The city clerk shall keep a registration book for such purpose and enter therein the name of the owner and the number of each tag applied for, together with a description of each dog so licensed. The owner shall pay to the clerk the sum of two dollars for each male and each spayed female dog (when a certificate of a veterinary surgeon that such female dog has been spayed is presented to such clerk), and the sum of five dollars for each unspayed female dog, for each tag issued. The money so collected shall be deposited by monthly returns with the city treasurer as a special fund for the payment of damages caused by dogs as hereinafter provided, excepting that no part of such fund shall be paid out for damages done by dogs suffering

from rabies to live stock until it has been determined by the State Live Stock Sanitary Commission that such live stock is affected with rabies, and the Justice of the Peace authorized to make the appraisal is so notified.

Sec. 3. The city clerk shall purchase tags to comply with the provisions of this ordinance and shall pay for the same out of the special dog fund created by this ordinance. The said tags shall be uniform in size and design. For each year and shall conform as near as may be with the size and design adopted by the State Live Stock Sanitary Commission, and shall be changed each year to prevent the use of expired tags.

Sec. 4. It shall be the duty of all sheriffs, deputy sheriffs, constables, and police officers to enforce the provisions of this ordinance. It shall be the duty of the city assessor at the time of making his annual assessment to make a list of the dogs within the city limits and to make a report thereof to the city clerk within thirty days after such assessment has been made.

Sec. 5. The tags provided for in this ordinance shall not be transferable, either from person to person or from dog to dog, and shall be good for only one year from and after the first day of January of the year in which the tag is issued. Licenses issued for the year 1918 shall be good for the balance of this year and until January 1, 1919.

Sec. 6. Any Sheriff, Under-Sheriff, Deputy Sheriff, Constable, or Police Officer shall have authority to destroy, and it shall be his duty to destroy, any dog or dogs found at large in violation of the provisions of this ordinance or the laws of the State of Michigan within the limits of said city. These officers shall receive for any services performed under this ordinance the same fees as are provided in case of executing warrants in criminal cases, payable out of the fund created by this ordinance, and shall be in addition to any other fees or salary received by any such officer.

Sec. 7. Whenever any person shall be bitten by any dog within the city limits the health officer of the city shall be notified, and it shall be his duty to promptly make investigation, and if it shall appear to him that said dog may be affected with rabies the same proceedings shall be had as provided by Act 306, of the Public Acts of 1909, being sections 5114 to 5121 of the Compiled Laws of 1915, and any expenses occasioned thereby shall be paid from said special dog fund. Should any person so bitten by any rabid dog receive pasteur treatment in the opinion of said health officer the expense thereof shall be defrayed from said special dog fund herein created, so far as the money in said fund is available.

Sec. 8. Whenever any person shall sustain a loss by the killing or wounding of his live stock by any dog or dogs within the limits of the city, he may call upon a disinterested Justice of the Peace of the city who is not of kin to such person or otherwise interested therein, who shall proceed to view the live stock so killed or wounded, and if from such view he shall be satisfied that the same were killed or wounded by dog or dogs he shall make certificate thereof in writing, stating such fact, and the amount of damages sustained by such person, and shall deliver the same to the city clerk, who shall file and record the same in his office. The said justice shall receive for his services in each case the sum of two dollars, and mileage at the rate of ten cents per mile for going only, over the usually traveled road, to be paid from the fund created by this ordinance. Any Justice of the Peace who examine witnesses under oath relative to any such view and when witnesses are examined a statement of their evidence shall be forwarded with the certificate of damages to the said clerk.

Sec. 9. Upon receipt of such certificate of damage the said clerk shall issue an order for the amount specified in such certificate, payable to the person entitled to the same, which order shall be paid by the city treasurer upon presentation to him out of the special fund created by this ordinance, provided there is sufficient money in such special fund. All such orders shall be good until fully paid and payment thereof shall be made according to the time of filing such claim with the city clerk. After all claims have been paid, and at the end of each calendar year, any surplus remaining in such special fund exceeding fifty dollars shall revert to the Public Library Fund of the city.

Sec. 10. Any person violating any of the provisions of this ordinance shall be deemed guilty of a misdemeanor and on conviction thereof in any court of competent jurisdiction shall be subject to a fine not exceeding fifty dollars or by imprisonment in the county jail of Charlevoix County for not exceeding ninety days, or by both such fine and imprisonment, in the discretion of the court. Any person presenting a false claim under the provisions of this ordinance, or receiving any money on any false claim hereunder, shall be deemed guilty of a misdemeanor and shall be punished as in this section provided.

Sec. 11. Nothing in this ordinance contained shall be construed as limiting the common law liability of the owner of a dog for damage committed by it within the city.

Sec. 12. Any ordinance, or parts of ordinances, in conflict with the provisions of this ordinance, are hereby repealed.

Sec. 13. This ordinance shall be of full force and effect from and after May 20th, 1918.

Adopted by the City Commission of the City of East Jordan, on the 15th day of April, A. D. 1918, by an aye and nay vote as follows:

Ayes—Cross, Gidley and Crowell.
Nays—None.

OTIS J. SMITH,
City Clerk.

WHEN YOU WAKE UP DRINK GLASS OF HOT WATER

Wash the poisons and toxins from system before putting more food into stomach.

Says inside-bathing makes anyone look and feel clean, sweet and refreshed.

Wash yourself on the inside before breakfast like you do on the outside. This is vastly more important because the skin pores do not absorb impurities into the blood, causing illness, while the bowel pores do.

For every ounce of food and drink taken into the stomach, nearly an ounce of waste material must be carried out of the body. If this waste material is not eliminated day by day it quickly ferments and generates poisons, gases and toxins which are absorbed or sucked into the blood stream, through the lymph ducts which should suck only nourishment to sustain the body.

A splendid health measure is to drink, before breakfast, each day, a glass of real hot water with a teaspoonful of limestone phosphate in it, which is a harmless way to wash these poisons, gases and toxins from the stomach, liver, kidneys and bowels; thus cleansing, sweetening and freshening the entire alimentary canal before putting more food into the stomach.

A quarter pound of limestone phosphate costs but very little at the drug store but is sufficient to make anyone an enthusiast on inside-bathing. Men and women who are accustomed to wake up with a dull, aching head or have furred tongue, bad taste, nasty breath, sallow complexion, others who have bilious attacks, acid stomach or constipation are assured of pronounced improvement in both health and appearance shortly.

THE BANK OF HUMANITY FARMER'S SHARE IN THE LOAN

By Germans by Buying Liberty Bonds, Says Fairbanks.

BY DOUGLAS FAIRBANKS. (Movie Star's Stronuous Star.) YIP! LIP! Are we going to trim the Germans?

Well, I guess with all of Uncle Sam's boys rearing to go.

But you have to help!

The Third Liberty Loan is more important than the first and second. The government needs your financial cooperation. You must do your "bit" by subscribing for more bonds. Victory demands sacrifice. To win without paying would make a laughing stock of the law of average.

Aside from the investment you are assisting to promote world democracy. Think of it! To make the world safe from unjust ruling. Government bonds are the last word in securities. Your property and other investments will be worthless, if we don't win this war. But there's no such word as "don't" in the American patriotic dictionary.

Remember we are all Americans. Let's get together. Invest in more than your share of Liberty bonds. The game of life resembles the famous childhood game of "Follow the Leader." When you do your patriotic duty, your neighbor will follow, and so down the line. When our boys come marching home with Old Glory waving proudly in the wind, you will be thrilled with the thought that you have done your "bit."

Let us all be stockholders in the Bank of Humanity. Come out!

FUNDS WILL SPEED VICTORY

Every Subscription is a Token of Faith and Pride in Our Government.

By CYRUS H. McCORMICK. (President, International Harvester Co.)

Our country's call for funds, like its call to arms, admits of no halting, half-hearted response. The honor and safety of the republic require that the Third Liberty Loan shall be promptly subscribed.

This third draft upon our patriotism should be so met that it will be a most convincing answer to any who have doubted our unalterable determination to end this war only with complete victory for the cause of human freedom. The greater our armies and the greater the funds that support them, the sooner will come the victory.

Should anyone think of this Liberty Loan in terms of investment, let him consider that interest and repayment are guaranteed by the largest resources and soundest credit in the world. But every subscriber should reflect that his subscription is more than an investment—it is a token of faith and pride in our government, a contribution to establish for all men liberties like those that have made our country great and its people happy.

The same solemn obligation of democracy that summons our young men to war now calls upon all of us who cannot give our lives to give liberally of our means. It is the first and simplest duty of our patriotism to provide our government with the money needed to win the war, and to provide it quickly, fully and gladly.

Be a Sport; Invest in Bonds.

No self-respecting man permits the other man to pay all the bills. No self-respecting American will permit his neighbor to pay the bills for this war. Liberty bonds in your possession show you have behaved like a gentleman and a sportsman.

Editor of Waterloo (Ia.) Points to Increase in Prosperity of the Farmer.

By HUGH G. VAN PELT. (Editor, Kimball's Dairy Farmer, Waterloo, Ia.)

From the beginning this war has been a war of financial resources. Germany's officials have been very pronounced in their assertion that the war would be won by the side with the last billion dollars, but Germany can't furnish the last billion.

America can supply the dollars which will win this war. Our resources are conservatively estimated at \$250,000,000,000 and the annual income for the whole United States at \$50,000,000,000.

The money is in the hands of the people and to obtain the use of this money, the government must either tax the people or issue bonds.

What share of the bond taking should fall to the farmer? Farm products in 1917 were valued at \$21,000,000,000, or from \$8,000,000,000 to \$7,000,000,000 more than in 1916. Prosperity, therefore, has come to most sections of the farming districts.

Two Liberty Bond campaigns have resulted satisfactorily in making available the money our government needs to carry on the war. A third Liberty Loan campaign is in progress. The farmer must do his share during this third campaign, as he has done in the previous two. More will be asked of each business and of each individual as the need for funds increases. There are none so good in this country that they must not assist in every way possible toward bringing the war to a successful conclusion. No individual and no form of business can be exempted.

Farming interests have never asked to be shown special consideration when it comes to helping out the government with money. No farmer wishes it to be said of him in years to come that during the great war his money was not working to bring victory. There has never been a crisis in this country when the farmer has not come forward either with personal help or financial aid, and there never will be a crisis when the farmer will not respond with the same admirable spirit as shown by his forefathers.

BUY A TICKET FOR BIG GAME.

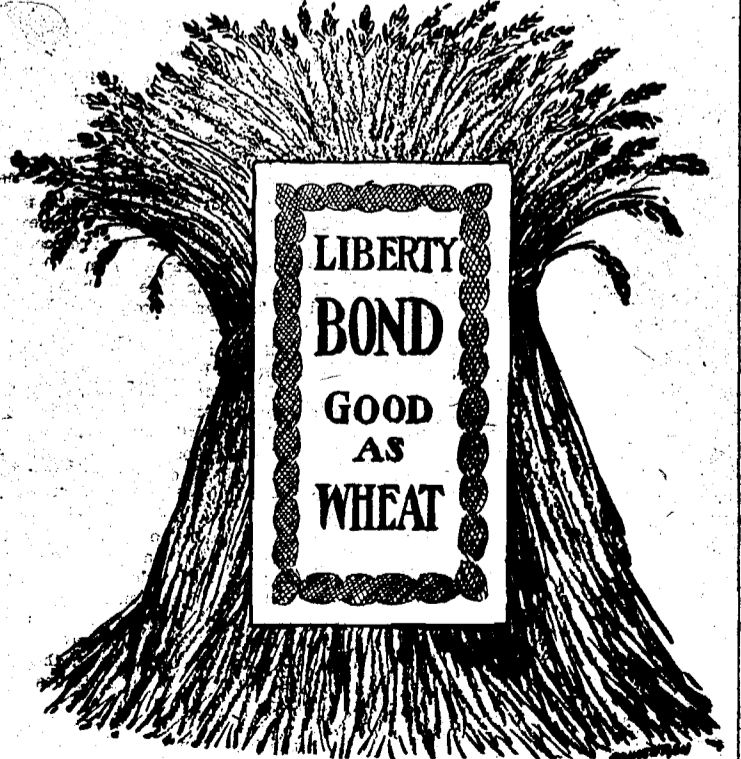

Manager of Champion White Sox Says Don't Peak Through Fence. By CLARENCE H. ROWLAND. (Manager of the World's Champion White Sox.)

Those men at the big cantonments and training camps! Who are they? Some of them are the boys who played with the White Sox or the rival teams, but ninety per cent of them are the boys who crowded the bleachers and grandstands to see us play the great American game of baseball.

Remember how they cheered us to victory or stuck by us in defeat, yelling and stamping and calling us by our first names? Well, it's just those boys who are getting ready to play the big game of the nations now, and they have to go up against a team that can use a weighted ball like the submarine warfare or pull any other trick. We Americans never can sit by and see anyone get an unfair deal. So it's up to us who stay in the war grandstands or bleachers to come across with the encouragement. Just remember money talks, so buy your Liberty bonds to the limit of your resources. Buy your ticket and witness the game like a man, not through a knothole in the fence.

Liberty bonds will keep the army supplied with equipment to win. Invest.

In the struggles of life something more than a good disposition is required.

Misfortune comes often to the man who makes no effective effort to see it first.

Many a man who thinks he is thinking is merely rehearsing the thoughts of another.

When a man sets a low standard for himself, he is not likely to get very far above it.

It is always easier for a woman to love a man who shows his good sense by admiring her.

One is apt often to judge the importance of a man by the fuss he is making about it.

A lazy man is prejudiced against any sort of a job before he consents to accept it.

Some men make fortunes out of old things, and others starve while trying to invent new ones.

It is well to let a man alone as long as he is doing something that it is not particularly harmful.

Probably the most annoying crookedness is the kind the law does not seem to be able to reach.

Most men think that the labors of Hercules were a day off compared with what they have to do.

There will always be found persons not only willing, but anxious, to tamper with the scales of justice.

An honest confession may not only be good for the soul, but it may remove suspicion from another.

The runner who drops out of the race early misses the inspiration of coming in on the home stretch.

If you want to engage in a conversation that is dull for others, talk to a man who agrees with all you say.

Any girl who punctuates a love letter is mistaken in thinking there is something the matter with her heart.

About the time a man begins to have good common sense old age makes him childish and he can't use it.

Many a man can see where his wife would have made a splendid railway section; how but for the accident of birth.

If every church member would vote as he wants his pastor to think he does, needed reforms would come sooner.

When a man forgets to ask his wife whether she needs any money it is a sure sign that the honeymoon is on the wane.

Sensible women have a right to be amused at some of the advice that is given in magazines for their sex edited by men.

It is said that men who never drink, smoke or stay out late at night live to a ripe old age. Perhaps that's their punishment.

However, the man who thinks he is going to live his own way after marriage is apt to have another think coming in after years.

WOMAN WORKS 15 HOURS A DAY

Marvelous Story of Woman's Change from Weakness to Strength by Taking Druggist's Advice.

Farm, Ind.—"I suffered from a displacement with backache and dragging down pains so badly that at times I could not be on my feet and it did not seem as though I could stand it. I tried different medicines without any benefit and several doctors told me nothing but an operation would do me any good. My druggist told me of Lydia E. Pinkham's Vegetable Compound. I took it with the result that I am now well and strong. I get up in the morning at four o'clock, do my housework, then go to a factory and work all day, come home and get supper and feel good. I don't know how many of my friends I have told what Lydia E. Pinkham's Vegetable Compound has done for me."—Mrs. ANNA METZBERG, 36 West 10th St., Peru, Ind.

Women who suffer from any such ailments should not fail to try this famous root-and-herb-remedy, Lydia E. Pinkham's Vegetable Compound.

Young folks in the country often make love at a rattling gate.

Patience enables a man to walk, but it's usually a long walk.

HE CAN REST FINE NOW "I suffered greatly from kidney and bladder trouble," writes F. E. Fairbank, 55 Grand River Ave., W. Detroit, Mich. "Had to get up six or seven times during the night. Foley Kidney Pills have worked wonders and I can recommend them as the best medicine I have ever taken." Tonic in action; quick, sure.—Hite's Drug Store.

Lots of women haters are afraid to mention it to their wives.

THIS WOMAN FOUND RELIEF Backache, sore muscles, stiff or swollen joints, rheumatic pains, dizziness and like symptoms are caused by disordered kidneys and bladder. Mrs. Thos. H. Davis, Montgomery, R. F. D. 3, Ind., writes: "I doctored months without relief. I commenced using Foley Kidney Pills and got relief. Eight bottles cured me."—Hite's Drug Store.

FOODS TASTE BETTER COOKED —TOBACCO TASTES BETTER TOASTED

Since the day of the caveman, who liked his meat raw, civilization has learned a lot about the scientific treatment of the things we eat.

Naturally none of us would now prefer to have our meat raw, our potatoes as they come from the ground, our coffee unroasted.

And naturally follows the great discovery recently made by The American Tobacco Co.—that tobacco tastes better TOASTED!

This wonderful new idea—simple like all great inventions—was first used in producing the famous LUCKY STRIKE Cigarette—made of toasted Burley tobacco.

Burley has a mellow flavor, entirely different from the tobacco usually used for cigarettes. It is a pipe tobacco and LUCKY STRIKE Cigarettes taste like a pipe.

SALTS IF BACKACHE AND KIDNEYS HURT

Drink lots of water and stop eating meat for a while if your bladder troubles you.

When you wake up with backache and dull misery in the kidney region it generally means you have been eating too much meat, says a well-known authority. Meat forms uric acid which clogs the kidneys in their effort to filter it from the blood and they become sort of paralyzed and loggy. When your kidneys get sluggish and clog you must relieve them, like you relieve your bowels; removing all the body's uric wastes, else you have backache, sick headache, dizzy spells; your stomach aches; tongue is coated, and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment, channels often get sore, water seals and you are obliged to seek relief two or three times during the night.

Either consult a good, reliable physician at once or get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then set free. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate sluggish kidneys; also to neutralize acids in the urine so it no longer irritates, thus ending bladder weakness.

Jad Salts is a life saver for regular meat eaters. It is inexpensive, cannot injure and makes a delightful, easy-to-swallow little water drink.

VINOL REMOVES THE CAUSE OF CHRONIC COUGHS

A Constitutional Remedy That We Guarantee

Lagrange, N. C.—"For years I suffered with a chronic cough, so I could not sleep nights and continued to lose flesh. My druggist asked me to try Vinol. It cured my cough, I can sleep nights and have gained twelve pounds. Vinol is the best tonic and tissue builder I have ever taken."—W. D. Ken, Lagrange, N. C.

We guarantee Vinol for chronic coughs, colds and bronchitis. Not a patent medicine. Formula on every bottle. Your money back if it fails.

LADIES! SECRET TO DARKEN GRAY HAIR

Bring Back its Color and Lustre with Grandma's Sage Tea Recipe.

Common garden sage brewed into a heavy tea, with sulphur and alcohol added, will turn gray, streaked and faded hair beautifully dark and luxuriant. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get the ready-to-use preparation improved by the addition of other ingredients in a large bottle, at little cost, at drug stores, known as "Wyeth's Sage and Sulphur Compound," thus avoiding a lot of fuss.

White gray, faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur Compound, no one can tell, because it does it so naturally, or evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared. After another application or two your hair becomes beautifully dark, glossy, soft and luxuriant and you appear years younger. Wyeth's Sage and Sulphur Compound is a delightful toilet requisite. It is not intended for the cure, mitigation or prevention of disease.

SACRIFICES MUST BE MADE FARMERS SHOW PATRIOTISM

MAJ. GEN. PARKER SAYS PUT HEART AND SOUL IN LIBERTY LOAN BOOST.

By MAJ. GEN. JAMES PARKER, (Commandant, Camp Custer, Battle Creek, Mich.)

This war has lasted nearly four years, and there is no end in sight. Most wars come to an end as a result of exhaustion and despair on the part of one side or the other. We contend we have saved our allies from defeat by going into this war with our infinite resources, but if we wish to impress upon our enemies that fact, we will have to show by our action that we are heart and soul in this struggle, and are ready to make every sacrifice to succeed. As yet we have made few sacrifices as compared with our allies. England, for many months, has been expending money at the rate of over one billion of dollars a month, and France and Italy have been doing the same thing, proportionately.

In France, England and Italy almost every woman is in black, almost every family in mourning. This is the "supreme sacrifice" they have been making in the cause of humanity. We also have our dearest and best enlisted in this war. Must we, also, sacrifice them? That depends upon the attitude of our people. Our country has made what seems to us a stupendous effort in the way of preparation. But it is only a beginning. We must show by the action of our people that all the resources of this enormous country are ready to be poured out for victory.

The Germans have declared we are not a warlike nation, that we are slaves of the dollar. They do not believe we are in earnest. They do not as yet believe that anything we will do will save our allies. They have gained in heart through the defection of Russia, and they believe they can crush our allies before we will come to their assistance. What, then, can we do to save our country?

We must vote for this war. We must register our ballots in favor of its prosecution to the death. This we can best do by general subscription to the Liberty loans. Every person of mature age, man or woman, should invest in these bonds. Those who invested before should invest again. We want to show our enemy that nine-tenths of the American people, without regard to origin or race, demand that this thing be put through. Let those who wish to register and vote for justice, humanity and peace subscribe.

The Kaiser and Russian Wheat. Reports from neutral countries tell of Germany and Austria shipping to their starving people several hundred thousand tons of Russian and Rumanian wheat. No mention is made of the price the conquering armies paid for the precious grain, for the good reason that no price was paid.

Farmers here in America are getting a pretty fair price for their wheat from a government which is only asking in return that some of this money paid for the crops be loaned back that more wheat may be bought. It is better to lend to our government than to withhold funds to conduct this war and have Germany carry away the crops and pay nothing.

Don't Be Robbed; Invest in Bonds. When the Kaiser's armies entered Belgium and northern France, they looted the savings banks and the safety deposit vaults. By lending your money to your government, you insure yourself against being robbed by the Kaiser's armies.

Purdue Agricultural Chief Says They Will Take Big Part in Loan Battle.

By G. I. CHRISTIE, (Superintendent, Department of Agricultural Extension, Purdue.)

Will the farmers respond to the call to invest in Liberty bonds? That was a question at a recent organization meeting. It was with real satisfaction I heard the county chairman reply in no uncertain words that the farmers would oversubscribe their share. This confidence and assurance is simply a reflection of the spirit of the agricultural people.

Since the declaration of war there has been a continuous battle on American farms for more corn, more wheat, more meat, more poultry, more milk and other foods to support the army, the navy and the allies. Patriotism has been demonstrated in the farm activities and the increased food supply.

The farms also have met the war needs by furnishing men for the army and navy. These men could not well be spared, but they have been released cheerfully for the big work at the front. Women, boys and girls are coming forward to help do the farm work.

In addition to furnishing men and food, the farmers will play a big part in supplying money to the government. The fact that they have invested in bonds of previous loans will be a stimulus to buy more of the coming issue. The farmer recognizes his place in the war program and is sure "to do his bit" in a big way.

DEMOCRACY AND FREEDOM

We Must Invest Our Money in Liberty Bonds to the Last Dollar.

By JOHN FITZPATRICK, (President, Chicago Federation of Labor.)

We union members have organized to protect ourselves from the aggression and selfishness of any man or group of men who shall try to sacrifice our rights to their desires. For years we have fought, and slowly but surely it has proven to be a winning fight. Labor regulations, state and government legislation, public opinion have all come to our side. Our fight is also most won—and we have grown strong and prospered. And now there comes against us a greater foe.

The German military machine is the curse of humanity and its destruction must be accomplished if democracy and freedom are to exist.

The ground we have won must not be lost. We will fight this new foe as we did the old. Democracy and freedom is the only thing possible in our eyes, whether it be for men or nations. We have learned that there are two sources of power—men and money. We have given hundreds of thousands of men—and now we will give money. We will invest our money in Liberty bonds to the last dollar that we can spare, so that we in America will forever be free to work out our own destinies.

Look at the Map; Buy Bonds. Don't be fed on false hopes. Germany has been winning this war. Look at the map today and see for yourself. Only the United States can defeat her. We have the men and the machinery and the money. Contribute your share of the money by investing in Liberty bonds.

Investing in Liberty bonds is the "safest first against paying tribute to autocracy. Liberty bonds or tribute— which?

T. R. WILL TEST IT.

Col. Theodore Roosevelt announces that, if the proposed amendment to the espionage laws is adopted, he will promptly give the government a chance to test its constitutionality. He will not be alone in this; and there is little doubt what the courts will hold. In fact, there has already been litigation which fairly establishes the point at issue. The suffragists who were arrested and sent to jail because they stood at the White House gates and displayed banners bearing excerpts from the Constitution and from speeches by well-known men, appealed their case and were adjudged innocent. Here superserviceable underlings at the capital were responsible for the arrests; and there will be many more of them all over the country who will seek to curry favor with their superiors if the new law is enacted. We shall be at the mercy of any petty officer who chooses to think that any criticism of the administration is "calculated" to aid the enemy or to retard the sale of Liberty Bonds.

BLACKSMITH SAYS CLAIRVOYANT BEAT HIM OUT OF \$2400

Pennsylvanian's Money Used in Effort to "Draw" \$98,000 From the Earth.

Hasletown, Pa.—William Shepperly, a blacksmith, appealed to Chief of Police Crittenden to apprehend two clairvoyants, whom he charges with defrauding him out of \$2400, which he raised by mortgaging his home. He claims they told him \$98,000 was buried in his yard and that money was needed to "draw" it to the surface.

He put up \$850 which was made the subject of incantations, in which the Bible played a prominent part. This sum was insufficient, the clairvoyants declared, and Shepperly raised \$1550 more, he said. This was placed in a box over which the Bible was read as mystic papers were burned.

Shepperly was told to prepare to dig in his garden and left the clairvoyants in charge of the money while he obeyed their directions. They failed to appear and he learned they had hurriedly left town, taking his money with them. No warrants have been sworn out.

Several years ago Shepperly's wife, now dead, lost \$400 in a similar manner at Hale Park and \$300 at another time at West Hasletown. On both occasions she was told that a fortune was hidden in the Shepperly yard and when Shepperly was told that \$98,000 awaited him he said he thought that there surely must be something to it, so he plunged heavily.

TWO CALIFORNIA U. GIRLS LIVE ON PEANUTS 3 MONTHS

"We Never Felt Better," They Say, After Testing Theory for Professor.

Berkeley, Cal.—Living on peanuts for three months is the feat performed by two University of California girls. They did it under instructions from Prof. M. E. Jaffe, head of the department of nutrition, who carried on the experiment to test his theory that peanuts are among the best and most concentrated foods available for humans.

"We never felt better," said one of the girls, "but I can't bear the sight of them now."

The peanuts cost each girl 15 cents a day. This cut their expense down to \$4.50 a month, breaking the record for frugality on the campus.

No Sunday Funerals Requested.

On and after Sunday, April 21st 1918, we urgently request that no funerals be planned for Sunday, except in cases of actual necessity. The reason for this request is, the time of the pastors is already fully occupied each Sunday, and a funeral on that day means an added obligation on an already over crowded day. Another consideration is that a Sunday funeral means no weekly rest day for the undertaker.

We trust that the public will receive this request in the same spirit in which it is made.

Protect the Wheat Crop

All Barberry Bushes Must Be Destroyed.

Whereas, It has been represented to the War Preparedness Board by the Secretary of Agriculture of the United States that wheat and other cereals are apt to be more seriously injured by rust when grown in the vicinity of barberry bushes of the varieties herein-after specified, and that the black stem rust of wheat and other cereals and grasses develops on such barberry bushes in the spring and produces countless numbers of spores which are carried by the wind and find lodgment on grain and grasses, and

Whereas, The action of the Board has been asked for the eradication of such bushes.

The Michigan War Preparedness Board Orders as follows:—

1. All barberry (*Berberis sp.*) bushes except the species and variety known as Japanese barberry (*Berberis thunbergii*) are hereby declared to be, and the same are, a public nuisance and a menace to the public welfare, and their maintenance, propagation sale or introduction in the State is forbidden. It shall be the duty of every person owning or having charge of any premises on which barberry bushes of the rust producing varieties are grown or at any time found growing, to forthwith destroy such bushes.

2. This order shall be in force from its date.

Dated April 10, 1918.
ALBERT E. SLEEPER, Governor
and Ex-officio Chairman Michigan War Preparedness Board.

SYSTEMATIZE RELIEF WORK

Christian Scientists Have Done Much to Provide War Sufferers With Supplies Most Needed.

Among the war relief organizations furnishing creature comforts to enlisted men and war sufferers are the Comforts Forwarding Committees of the Christian Scientists. The original committee was formed in Boston and now nearly 500 such committees are conducted by Christian Scientists throughout the United States and the number is constantly increasing. There are several in Michigan.

About 29,500 articles were prepared and sent to enlisted men and war refugees by the Comforts Forwarding Committee, conducted by the Christian Scientists of the Boston district and located at 328 Boylston Street, Boston, during the first three months of the committee's work. Among the goods forwarded were 16,000 knitted articles and comfort kits, 5,500 articles of new clothing for French, Italian, Belgian, and Serbian refugee children, and about 8,000 selected second-hand or re-made articles of clothing.

One American ship has been supplied with enough knitted goods, totaling 3,500 pieces, to equip all the sailors on board. A large number of the knitted garments and other comforts have been turned over to the different war relief associations in Boston, which are in direct communication with the people of their respective countries, notably the British, French, Italian, and Belgian associations. Some of the recruits from Boston for the British and Canadian forces were supplied with knitted articles before they left home.

A feature of the Comforts Forwarding Committee's work which has brought splendid results is the "unit system" of preparing new garments for refugee children. Ten of the committees were first instructed in the making of a model garment, each of the ten instructed ten others and the latter became captains of teams of ten others whom they in turn instructed. Two groups of team captains meet at the committee's rooms every day to receive instructions and material for use by themselves and the members of their respective teams, who work at leisure moments at home. Thus 1,110 sewers are banded together for this particular part of the committee's program and they are turning out an average of over 1,000 garments a week. In this work, they have been greatly assisted by one of the patriotic manufacturing companies of Boston, which offered and has undertaken to do all the cutting required for these garments.

Before beginning to sew for the refugees of any country, the committee ascertained not only what articles were needed but also the form and material desired, so far as was possible. It was learned, for instance, that so common an article of general use as a pillow-case was, in one country, for which the teams were sewing, very unlike the pillow-case of the American home. For knitters, wool is sold over the counter, instructions are given, and the finished garment is returned to the committee's headquarters when ready. In addition, there are four knitting machines in operation, on each of which it is possible to knit a pair of socks in 20 minutes.

Much praise has been given to the Comforts Forwarding Committee of the Christian Scientists by persons associated with other war relief organizations, for the high quality of the articles produced and the systematic manner of their productions.

AMERICAN NAVY ELIMINATES WASTE

SLICING BACON ON BATTLESHIP

ACKIES in the American navy are classed as the best fed body of men in the world. In the ship's galleys every effort is made to eliminate waste.

In the upper photo one of the cooks on the North Dakota is operating a meat slicer that cuts bacon with the least possible wastage. Fat is fuel for fighters. Bacon is badly needed in the allied armies and navies. The allied needs in pork products are 150,000,000 pounds monthly, three times as much as before the war.

Another waste eliminator on the North Dakota is the potato peeler, shown in the lower photo. Nothing is lost except the actual potato skin. There is a sufficient quantity of po-
