

Charlevoix County Herald.

Vol. 22

EAST JORDAN, MICHIGAN, FRIDAY, MAY 3, 1918.

No. 18

Two Carloads of Importance

Shipped Out of East Jordan the Past Week.

Two carloads of East Jordan manufactured product went out the past week which are deserving of special mention. One carload was sent on a mission of war. The other on a mission of peace. Some of the contents of the one cargo may meet East Jordan boys in France, and East Jordan citizens in Southern Michigan will have no trouble in seeing the contents of the other carload.

Man-Hole Tops

The East Jordan Iron Works, Malpass & Bretz, Propr's, shipped out a carload of man-hole tops for the City of Flint latter part of last week. This foundry has specialized in this particular commodity and their product has a state-wide reputation for excellence. Detroit, Highland Park, and other cities have found the East Jordan product worth while and have many of these in service today.

Field Desks

The East Jordan Cabinet Co. shipped Saturday a carload of Field Desks to the Government at Washington, D. C. The contract for these was awarded Manager Arnold in competition with a number of firms in various parts of the country. The desks are for the officers of the Medical Department while in the field. The desk is built along a suitcase line and is very compact, occupying only one square foot of space. There are compartments for medicinal supplies, writing material and an ink well.

While East Jordan manufactories are daily shipping out many carloads of their products, these two carloads are somewhat out of the ordinary, and is conclusive evidence that East Jordan is becoming a mighty good manufacturing center as well as agricultural.

GRANDMA PLANT PASSES AWAY

Mrs. Clarissa Plant, who has made her home with her daughter, Mrs. Charles Spencer, for some time past, passed away last Saturday night, April 27th. She was stricken with paralysis some fifteen months ago and since then has been confined to her bed.

Deceased was born at Oswego, N. Y., Aug. 17, 1834, her parents being Harvey and Prudence Barker. In 1854 she was united in marriage to Alex Plant at New York City. They came to Michigan in 1865.

Four children were born to them, all of whom survive:—Mrs. Sarah Louise Spencer of this city; Wm. Adelbert of Portland, Ore.; Lester Alexander of Titusville, Pa.; and George Edward of Arch Creek, Fla.

Mr. Plant passed away May 20, 1910, and in 1912 Mrs. Plant came to East Jordan to make her home with her daughter.

Funeral services were held from the home Monday forenoon conducted by Rev. J.W. Ruehle, pastor of the Church of God. Interment at East Jordan cemetery. Deceased was a member of the Free Methodist church.

NOTICE OF EIGHTH GRADE EXAMINATION

The state examination for eighth grade students will be held in four places in Charlevoix county, Thursday and Friday, May 9th and 10th. Work begins at 8:30 a. m. each morning—in Room X, Boyne City Central Building—in Normal Room of Charlevoix Central Building—in the Junior High Assembly Room of East Jordan Central High School Building—and in the St. James High School.

Program As Follows:
First Day—A. M., Orthography, Spelling, Arithmetic. P. M., Penmanship, Grammar, Reading.
Second Day—A. M., Physiology, Geography, Agriculture. P. M., History, Government.

It will thus be seen that seventh grade students writing on physiology and geography will need to be present only in the morning of the second day. Resident members of the county board of examiners will have charge of the tests in each locality.

Respectfully submitted,
MAY L. STEWART,
Com'r of Schools.

Occasionally the man who refuses to face the music follows the band.

THE THUNDER EAGLE

WARREN W. LAMPORT

[Early in March an unusual display of northern lights lit up our western hemisphere, and also hung over the battle fields of Europe. It was especially brilliant over the upper end of Lake Superior, where it assumed the form of an eagle spread out in a great splash of red, with rays of light falling from it. The Ojibway Indians have a tradition that once in a good many years such a vision appears over the Sleeping Giant, a rock that towers a thousand feet or so above the waters of Thunder Bay. They call it the Thunder Eagle, and say that its appearance portends some great event about to happen in the world.]

Away on those upper waters
There towers, majestic and grand,
A rock, like sentinel keeping
Safe watch o'er the lake and the land.

And when the aurora is flinging
Its banners abroad on the sky,
Trails over which souls in departing
May reach the great wigwam on high,
Sometimes o'er the rock may be noticed
A figure in flaming red,
Poised there in the form of an eagle
With its wings o'er the waters outspread.

They say 'tis the great Thunder Eagle
Come forth once again from its nest
On the brow of the old Sleeping Giant,
With fire in its sacred breast.

And it shakes from its quivering pinions
Great splashes of radiant light,
Shot out like those flaming meteors
That fall from the wing of night.

And it bears the Ojibway a message,
And tells him of strange things at hand
Some marvelous deed that shall awaken
And quicken the soul of the land.

And we who have called from his eyrie
Far up on the mountain crag
Our own proud American eagle
And placed in his keeping our flag.

We too have looked up on that vision,
And read with our wondering eyes
A message of hope for the nations
Writ there on those crimsoned skies.

For the world is now awakened and
startled.

At sound of war's clarion call,
And horror and gloom wrap the nations
More dense than the midnight's pall.

And our eagle has lifted his pinions,
With the flag we love clutched in his
claws,

And soared away over the waters
To battle for liberty's cause.

And we know his wings ne'er shall be
folded,
Nor the flag we love ever be furled,
Till tyranny's power has been broken,
And freedom has blest the wide world.

AN APPRECIATION.

Resolved, That we voice the appreciation of the delegates and visitors of the 29th annual meeting of the Petoskey Presbyterian Women's Home and Foreign Missionary Society, held at East Jordan, Mich., April 24-25, 1918, for the generous hospitality of homes and church, and take this way of expressing our gratitude for the entertainment and spiritual uplift received from the various speakers and the beautiful music.

Likewise to the East Jordan Board of Trade for the delightful automobile ride—and to the East Jordan weather man for the perfect weather.

Mrs. W. E. Ellis, Petoskey
Mrs. W. L. Martin, Boyne City
Mrs. G. H. Bachelor, Lake City
Committee on Resolutions.

One good way to derive an income from literature—sell books.

What has become of the good old stock of men who went through the school of hard knocks?

Sometimes a man's enemies with bad designs do him less harm than his friends with good intentions.

Possibly all men may be born free and equal, but it is impossible to keep some of them in that condition.

BEST FOR CHILDREN

Experience proves that Foley's Honey and Tar is the best family medicine for children for coughs, colds, croup and whooping cough. Mrs. M. E. Schlarb, 556 Oakland Ave., Ashland, Pa., writes: "When my little girl gets a cold I give her a dose of it and it always relieves her. I cannot praise it too highly."—Hite's Drug Store.

EATS ALL FAMILY'S FOOD

Milwaukee Man Sentenced to Year in House of Correction for Playing Hog.

Milwaukee, Wis.—Because he ate too much, Frank Reich, father of five children, must serve a year in the house of correction. Reich was charged with abandonment and it was found that he had not only failed to provide for his wife and children, but had eaten all the food that the family had gathered. He even ate a piece of raw beef that had been purchased to make a stew.

Clean-Up Week!

A PROCLAMATION BY THE MAYOR

Conforming with a proclamation by state fire marshal Frank Ellsworth, I do hereby set aside the week of May 6th to May 11th as CLEAN-UP WEEK.

Everyone is requested and urged to clean up their yards and buildings and place the rubbish in the street or alley adjoining their property and the Street Department will collect and cart the same away FREE OF CHARGE (except ashes and brush).

Let all our good people make a special effort to do their spring cleaning at this time, and thus make a record in the interest of better fire protection and public health and a cleaner and more beautiful city.

The free team service will be furnished for three days of the period mentioned, commencing Wednesday, May 9th. On these days, when your rubbish is ready, notify either Commissioner Crowell or Chief of Police Henry Cook.

A. E. CROSS, Mayor.

Revised Rules Governing Sugar

PRICES:

GRANULATED SUGAR (bulk) should retail for not to exceed 9c per pound—this will allow the seller about 3-4c per pound profit over delivered cost.

BROWN SUGAR (bulk) should sell for a price which does not exceed the retail price of (bulk) granulated sugar.

SPECIAL SUGARS, like cylinder, domino, cubes, pulverized, etc., should be sold at a price which will give the retailer only a normal pro-war profit.

QUANTITIES:

On account of the supply of sugar available, it will be necessary for the retailers to sell only a limited amount to his customers.

1. Not to exceed two to five pounds to a family residing in town and from five to ten pounds to a family residing in the country is the limit.

2. The customers' distance from the market as well as the size of the family should be taken into consideration.

3. The larger consumers of sugar, like hotels, restaurants, and boarding houses, should be supplied in proportion to the limit placed on families.

HARDSHIPS BROADEN MIND

"All creeds and all our follies have disappeared in this great conflict," says Major Laughlan McLean, Watt, chaplain for several Scottish regiments with a record of three years of service, who is now speaking in Ohio for the U. S. food administration. Major Watt tells how he shared his tent in the mud of France with a Catholic chaplain. "We work together, side by side, in the common cause, we are brothers. So it is everywhere," says Major Watt. Major Watt, who is the pastor of St. Stephens, a famous Edinburgh church, carries his audience to the battle

fields of France and Flanders, takes them through the trench raids, shows them with great pride the heroism of Kitching Scottish men and tells many eye-dimming anecdotes and stories of the great conflict gained from actual experience.

PORK BADLY NEEDED

While for the time being there is plenty of beef, pork is much needed to ship to Europe for the fighters and the Food Administration is urging consumers to eat as little pork as possible, and instead of wasting garbage to feed it to hogs and grow more

HOW BOYS CAN HELP

Can Play Big Part in Upholding American Ideals.

Secretary Houston Says They Can Aid in Home Gardening and Con-serving Food.

Washington.—How every American boy, although separated by the Atlantic ocean from the actual theater of the war against autocracy, can play his part in upholding American Ideals, is pointed out by Secretary of Agriculture Houston in a message addressed to the Boy Scouts of America. The secretary pledges to the boys the hearty co-operation of the federal and state agricultural agencies.

Secretary Houston's statement follows:

"The splendid army of Boy Scouts of America can be of very great help to the nation in this time of world need. The war can be won only if we deliver the men, the ships, and the food in sufficient number and quantities to make our war program effective. You as boy scouts can greatly aid by growing home vegetable gardens, raising pigs and poultry, conserving food by canning and drying for home use and in many other ways open to you.

"Will you not help your country again this year even in a bigger and a better way than you did during the summer of 1917? Your task will be to 'beat your own record' in food production and conservation. May your motto for 1918 be, 'Every scout to feed a soldier and one other.'

"I desire to extend to you the hearty good will and co-operation of the officials of the United States department of agriculture, also that of the co-operative club leaders of boys' and girls' extension work at the agricultural colleges, who will be glad to assist you in your work."

AMERICAN'S WAR TROPHY

The helmet of a German underofficer captured by Sgt. Major Charles H. Smith of Brooklyn who has just returned from Europe after serving three years with the British army in France, Gallipoli, Salonica and on the Macedonian front. Sergeant Smith, a naturalized American of English birth heard the call of his mother land when fifty years old. He spent his fifty-third birthday on the ship bound for home after his discharge from the British army for physical disability. He is now lecturing on his experiences in the trenches.

Note the inscription on the front of the helmet: "Mit Gott Für Keonig und Vaterland" "With God for King and Fatherland."

SAVES DOG; INJURES WRIST

Denver Society Woman Rescues Pet From Beneath Wheels of Automobile.

Denver, Colo.—Mrs. Alexis C. Foster, Denver society leader and wife of a millionaire, is carrying her right wrist in a sling as a result of an effort to rescue her pet bulldog from beneath the wheels of an automobile.

Mrs. Foster had the dog out for an airing when the animal darted into the street directly in front of a rapidly approaching automobile. The owner sprang to the rescue and was struck by the fender of the car. The dog escaped uninjured.

HE PREFERS THRIFT STAMP

Proud Father Receiving Congratulations Turns Down Offer of a Cigar.

Martins Ferry, O.—A baby arrived at a local home recently and the proud father received many congratulations. A friend offered a smoke, but the father said: "Nothing doing!" "What's the matter? Swear off when the baby arrived?" he was asked. "Nope, rather have a Thrift stamp," he replied. And he got it.

MAIL TO SOLDIERS IS OVERBURDENED

Parcel Post Is Loaded Down With Unnecessary Articles for Army Men.

PRIVILEGE MAY BE CURTAILED

Postoffice Department Statement Asserts That Large Number of Articles So Carried Can Be Purchased at Canteens.

Washington.—That the parcel post mails to soldiers in France are greatly burdened by reason of so many unnecessary articles being mailed, and that there may arise a necessity for curtailing the parcel post privilege to soldiers are shown in the following statement given out by the Post Office department:

Recently a government transport reached France carrying to the soldiers at the front 715,980 letters and 835,840 pieces of parcel post and newspapers. The letters weighed 8 1/4 tons and the parcels and papers in excess of 113 tons. By reason of the bulkiness of the mail, this shipment took up in excess of 12,000 cubic feet of space on the transport. This means a slice of the ship's cargo space 100 feet long, 10 feet high, and 12 feet wide. The 715,980 letters went into 848 sacks but the pieces of parcel post and papers required 7,452 sacks. When this mail was unloaded at a French port the letters filled completely one of the small French cars, which are half the size of the American mail cars, but the parcels and papers required a train of 19 cars.

Waits for Days on Cars.

The mail that is unloaded from the ships must frequently wait days at the port before cars can be spared from the heavily burdened railroads in France to move the mail.

When the United States army postal service was first inaugurated mail reached all of the camps in the country in one to two days, according to distance and train connections. Today mail, by reason of its vast volume and the heavy demands on the railroads, frequently takes six days to reach General Pershing's headquarters.

According to a report from New York and Chicago of some of the contents of this parcel post matter to the troops, a 12-hour inspection of the parcel post as it was being searched for inflammables and explosives disclosed, among other things, 1,642 boxes of matches, 361 cans of solidified alcohol, 224 cigar lighters (all of these of the greatest menace to the safety of the ship), 1,248 cakes, 3,818 packages of candies, 1,332 bars of chocolate, besides countless scores of useful, as well as useless, articles, including a bouquet of artificial flowers, a baby outfit, and a bottle of whisky.

The question this state of affairs raises is: Why send apples and oranges that become bruised in the long transit and rot in the stuffy holds of the ships, when the recreation rooms of the Young Men's Christian association and other welfare organizations serve fruit fresh from Italy and Spain, that takes up no cargo space; why send cakes and candies and chewing gum, when the post canteens sell 17 varieties of cakes and cookies, fresh baked in France, at American prices, or a bare shade higher; why try to send across vast quantities of matches, which endanger the ship and which is a penitentiary offense to place even in the domestic mails?

Can Buy Same Articles in France.

Two-thirds of the articles found in a 12-hour inspection tour when working the soldiers' parcel post are on General Pershing's canteen list and sold in retail quantities to the soldiers at practically wholesale prices.

The question will have to be answered by the relatives of the soldiers, or it will, of military necessity, be answered drastically by the authorities in France charged with the responsibility for the success of this war.

BOMB INVENTED BY STUDENT

New Missile Will Explode at Any Given Distance of "Drop," Claims Inventor.

Eugene, Ore.—A student in the University of Oregon battalion has invented a bomb that will explode at any given distance of "drop." The bomb can be hurled horizontally and will not explode, but when dropped it is so arranged that it will explode after any number of feet fall—the length of harmless fall being regulated by an attachment. If the bomb proves satisfactory under tests that are now being made it will be turned over to the war department for use by aviators.

TRADE AT HOME

The following merchants of East Jordan, desiring to co-operate with the people of this region have inaugurated a SATURDAY SPECIAL day. They invite you to be their guests at a FREE MATINEE at Temple Theatre each Saturday and to take advantage of the many bargains offered. Below are the

ORDINANCE NO. 43.

AN ORDINANCE REGULATING THE OWNERSHIP AND CUSTODY OF DOGS IN THE CITY OF EAST JORDAN, Providing for License and Registration Thereof, and the Disposition of Moneys Received from License Fees, Prescribing Penalties for Violation of This Ordinance, and to Repeal All Ordinances in Conflict Herewith.

The City of East Jordan Ordains:

Section 1. It shall be the duty of any person or persons, owning or harboring any dog or dogs within the limits of the City of East Jordan, to procure a license for such dog or dogs as hereinafter provided.

Sec. 2. On or before the first day of January of each year any person or persons owning or harboring any dog within the said city limits over the age of four months shall secure from the city clerk a metal registration tag, showing the name of the city and license year and the clerk's registration number thereon, and such tag shall be securely fastened to the collar of the dog and be constantly worn by such dog. The city clerk shall keep a registration book for such purpose and enter therein the name of the owner and the number of each tag applied for, together with a description of each dog licensed. The owner shall pay to the clerk the sum of two dollars for each male and each spayed female dog (when a certificate of a veterinary surgeon that such female dog has been spayed is presented to such clerk), and the sum of five dollars for each unspayed female dog, for each tag issued. The money so collected shall be deposited by monthly returns with the city treasurer as a special fund for the payment of damages caused by dogs as hereinafter provided, excepting that no part of such fund shall be paid out for damages done by dogs suffering from rabies to live stock until it has been determined by the State Live Stock Sanitary Commission that such live stock is affected with rabies, and the Justice of the Peace authorized to make the appraisal is so notified.

Sec. 3. The city clerk shall purchase tags to comply with the provisions of this ordinance and shall pay for the same out of the special dog fund created by this ordinance. The said tags shall be uniform in size and design for each year and shall conform as near as may be with the size and design adopted by the State Live Stock Sanitary Commission, and shall be changed each year to prevent the use of expired tags.

Sec. 4. It shall be the duty of all sheriffs, deputy sheriffs, constables, and police officers to enforce the provisions of this ordinance. It shall be the duty of the city assessor at the time of making his annual assessment to make a list of the dogs within the city limits and to make a report thereof to the city clerk within thirty days after such assessment has been made.

Sec. 5. The tags provided for in this ordinance shall not be transferable, either from person to person or from dog to dog, and shall be good for only one year from and after the first day of January of the year in which the tag is issued. Licenses issued for the year 1918 shall be good for the balance of this year and until January 1, 1919.

Sec. 6. Any Sheriff, Under-Sheriff, Deputy Sheriff, Constable, or Police Officer shall have authority to destroy, and it shall be his duty to destroy, any dog or dogs found at large in violation of the provisions of this ordinance within the limits of said city. These officers shall receive for any services performed under this ordinance the same fees as are provided in case of executing warrants in criminal cases, payable out of the fund created by this ordinance, and shall be in addition to any other fees or salary received by any such officer.

Sec. 7. Whenever any person shall be bitten by any dog within the city limits the health officer of the city shall be notified and it shall be his duty to promptly make investigation, and if it shall appear to him that said dog may be affected with rabies the same proceedings shall be had as provided by Act 306, of the Public Acts of 1903, being sections 51 to 5121 of the Compiled Laws of 1915, and any expenses occasioned thereby shall be paid from said special dog fund. Should any person so bitten by any rabid dog require pasteur treatment in the opinion of said health officer the expense thereof shall be defrayed from said special dog fund herein created, so far as the money in said fund is available.

Sec. 8. Whenever any person shall sustain a loss by the killing or wounding of his live stock by any dog or dogs within the limits of the city, he may call upon a disinterested Justice of the Peace of the city who is not of kin to such person or otherwise interested therein, who shall proceed to view the live stock so killed or wounded, and if from such view he shall be satisfied that the same were killed or wounded by dog or dogs he shall make certificate thereof in writing, stating such fact, and the amount of damages sustained by such person, and shall deliver the same to the city clerk who shall file and record the same in his office. The said justice shall receive for his services in each case the sum of two dollars, and mileage at the rate of ten cents per mile for going only, over the usually traveled road, to be paid from the fund created by this ordinance. Any justice of the peace may examine witnesses under oath relative to any such view and when witnesses are examined a statement of their evidence shall be forwarded with the certificate of damages to the said clerk.

Sec. 9. Upon receipt of such certificate of damage the said clerk shall issue an order for the amount specified in such certificate, payable to the person entitled to the same, which order shall be paid by the city treasurer upon presentation to him out of the special fund created by this ordinance, provided there is sufficient money in such special fund. All such orders shall be good until fully paid and payment thereof shall be made according to the time of filing such claim with the city clerk. After all claims have been paid, and at the end of each calendar year, any surplus remaining in such special fund exceeding fifty dollars shall revert to the Public Library Fund of the city.

Sec. 10. Any person violating any of the provisions of this ordinance shall be deemed guilty of a misdemeanor and on conviction thereof in any court of

competent jurisdiction shall be subject to a fine not exceeding fifty dollars or by imprisonment in the county jail of Charlevoix County for not exceeding ninety days, or by both such fine and imprisonment, in the discretion of the court. Any person presenting a false claim under the provisions of this ordinance, or receiving any money on any false claim hereunder, shall be deemed guilty of a misdemeanor and shall be punished as in this section provided.

Sec. 11. Nothing in this ordinance contained shall be construed as limiting the common law liability of the owner of a dog for damage committed by it within the city.

Sec. 12. Any ordinance, or parts of ordinances, in conflict with the provisions of this ordinance, are hereby repealed.

Sec. 13. This ordinance shall be of full force and effect from and after May 20th, 1918.

Adopted by the City Commission of the City of East Jordan, on the 19th day of April A. D. 1918, by an aye and nay vote as follows:

Ayes—Cross, Gidley and Crowell.
Nays—None.

OTIS J. SMITH,
City Clerk.

WOMEN AND THE LIBERTY LOAN

By MARION LUCE.

American women are protected from the hardships of the trenches by the courage of the American men. It will never be necessary to recruit an American Battalion of Death—but in the other two branches of war service women can and must take their places.

Women are taking men's places in the workshop, the office, even in the fields. Wherever there is work to do, American women will do it. No other nation has given its women so much—none other deserves so much from them.

Women can invest in Liberty bonds. Women can curtail waste and stimulate thrift, and invest in more Liberty bonds.

When women save money to invest in Liberty bonds, they serve doubly, for they release all the labor and the materials that would have been used in manufacturing the things they didn't buy, at the same time aiding their government in continuing America's holy war.

Women Must Save and Work.

Women, stand beside our fighting boys in spirit! Keep up the morale of our army by unflinching courage and heroic devotion at home. The Third Liberty loan points your duty—the third nation-wide call to universal service—the third sword sharpened for victory in the forge of freedom.

America must win—it dares not fall—it is America, the unconquered, that calls.

Women, it is said, spend nine-tenths of all the money that is spent. Let every woman scrutinize her family budget. She must do the major part in taking her family's share of Liberty bonds. Upon the women of America must rest, in a large measure, success of the Third Liberty loan.

To the American Mother.

A boy, yours or your neighbor's, lies shivering in the trenches "over there." Wet, cold, weary, or worse yet, on the stretches of No Man's Land, wounded, alone, dying. You cannot bear for him one agony; you cannot give him life, health or happiness. But if all America does her duty you can give to every American lad who goes over the top the glory of hope—the reasonable certainty of victory—the emulation of knowing that he does not die in vain—that America has risen as one to make the world fit for life, fit for home, fit for freedom.

Invest in Liberty bonds now. Subscribe until it hurts. Take what you can outright, and take on the installment plan as many as you can stagger under.

Remember—it's no longer "do your bit," but do your all. Hold fast for victory!

Uncle Sam's Note.

When the government sells bonds, it takes no money out of the country. What it does is to ask the farmer, the manufacturer and the laborer to sell their products on time and it gives an interest-bearing note in advance, until you and those other producers can make the supplies to conduct the war. The war department can't shoot houses and lots and grain at the Germans. It asks the producers to grant it the credit first and then get busy and make the supplies it needs, and when your government has on its hands the biggest war the world ever knew, there is no time for trifling. Invest in bonds and see Uncle Sam and yourself through.

Bonds Are the Farmer's Friend.

Every farmer should purchase Liberty bonds. By doing so he lends his government money to provide a merchant marine to carry his produce to the four corners of the world.

Vive Clemenceau!
A Lesson by the Warrior of the Stout Heart.
By GUY F. LEE.

"Give me six months to live," Clemenceau, seventy-seven, leader of France, said to his doctor Thursday. "That's all I want."

Six months that he may see the Hun driven from the soil of his fathers. Six months that he may see a start toward the restoration of those quaint and beautiful towns, now only broken fragments of desolation and despair.

Six months that he may see the husbandry of peace again tilling the shell-torn ground for the return of the flowers and grass and trees.

Six months that he may see the homecoming of "le grande armee"—sound cheers for the millions marching along the Champs Elysee, and weep tears for the millions back there who are not coming home save in the hearts of the world.

It will be a busy six months for Clemenceau; 24 hours a day, his "daily program. His words to the doctor: "Tell me frankly if I can carry on for the next six months in that devil of a way I carry on now; six months is all I want."

Stout heart of a nation of stout hearts: may you have sixty times the six months you ask!

Such nobility, such courage, will spur our soldiers on to added fighting zeal. For us at home it is a message that should bring quickly the zero hour when the Liberty loan goes over the top!

TWO KINDS OF PATRIOTISM.

Mr. Farmer, you have brought a lot of idle land into tillage this spring. You are going to raise all the grain and forage and live stock your farm

can be made to produce. That's one kind of patriotism, and a very necessary kind.

Every farmer who brings a new acre of land into cultivation is a soldier on the firing line for liberty and democracy.

But there is another kind of patriotism that is just as necessary. It is just as necessary that the stuff you produce shall be put at the disposal of the fighting forces, as it is that you should raise it.

That means money. You have money to pay for the labor of farming your land and producing grain and stock. The government must have money to buy your produce for the fighting men in France. Money is absolutely necessary to buy food, munitions, clothing, ships and medical stores.

You are doing your duty in raising the crops, that is very true. But in a war like this one no man does his full duty who does not do all that he possibly can do.

Bring out the grain you have stored away. Sell it at the fair price fixed by the government.

Bring out the money you have stored up in the banks, or hidden away in your iron box behind the barn. Every dollar is urgently needed.

Invest every idle dollar you have in Liberty bonds. The government will repay you in a few years. Meantime you will receive interest at the rate of 4% per cent, with valuable tax exemptions, to make the investment better. Invest every dollar you can in Liberty bonds.

Every dollar you bring out of concealment means \$10 added to the fighting capacity of the United States in the world war.

WHY NOT BE GOOD TO YOURSELF?

If you awaken weary and unrefreshed in the morning, or tire early in the day, are bilious and "blue," with coated tongue and bad breath—if you are suffering from indigestion or constipation—you will find Foley Cathartic Tablets quick to relieve and comfortable in action. They are wholesome and health-giving.—Hite's Drug Store.

HOW TO AVOID BACKACHE AND NERVOUSNESS

Told by Mrs. Lynch From Own Experience.

Providence, R. I.—"I was all run down in health, was nervous, had headaches, my back ached all the time, I was tired and had no ambition for anything. I had taken a number of medicines which did me no good. One day I read about Lydia E. Pinkham's Vegetable Compound and what it had done for women, so I tried it. My nervousness and backache and headaches disappeared. I gained in weight and feel fine, so I can honestly recommend Lydia E. Pinkham's Vegetable Compound to any woman who is suffering as I was."—Mrs. ADELINA B. LYNCH, 100 Plain St., Providence, R. I.

Backache and nervousness are symptoms of nature's warnings, which indicate a functional disturbance or an unhealthy condition, which often develops into a more serious ailment.

Women in this condition should not continue to drag along without help, but profit by Mrs. Lynch's experience, and try this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound—and for special advice write to Lydia E. Pinkham Med. Co., Lynn, Mass.

The small boy who won't fight is always nagging at little girls.

Be sure you are right, but not too sure that everyone else is wrong.

HE CAN REST FINE NOW

"I suffered greatly from kidney and bladder trouble," writes F. B. Fairbank, 55 Grand River Ave., W. Detroit, Mich. "Had to get up six or seven times during the night. Foley Kidney Pills have worked wonders and I can recommend them as the best medicine I have ever taken." Tonic in action; quick, sure.—Hite's Drug Store.

EAST JORDAN LUMBER CO. STORE

WE HAVE A MAN'S DARK BROWN DRESS SHOE AT \$5.50. Also a TAN ARMY SHOE at \$5.00.

East Jordan Lumber Co.

VINOL MAKES GOOD BLOOD

Positive—Convincing Proof

Many so-called remedies for anaemia are only so in name. Their makers are afraid to prove their claims by telling what their medicines contain. The only way to be honest with the people is to let them know what they are paying for. Here is the Vinol formula. When the doctor knows what a medicine contains, it ceases to be a "patent" medicine.

It Contains: Cod Liver and Beef Peptides, Iron and Manganese Peptides, Iron and Ammonium Citrate, Lime and Soda Glycero-phosphates, Cascaria.

Any doctor will tell you that the ingredients of Vinol, as named above, will enrich the blood and banish anaemia and create strength. When the blood is pure and rich and red, the body is strong and robust.

You can prove this at our expense because your money will be returned if Vinol does not improve your health.

HITE DRUG CO., East Jordan

Ton of coal now is better than two tons of granite hereafter.

A woman usually has a rug in front of the mirror to cover the hole in the carpet.

Generally the world doesn't pause to examine a man's tracks after he gets there.

CUT THIS OUT—IT IS WORTH MONEY.

DON'T MISS THIS. Cut out this slip, enclose with 5c to Foley & Co., 2535 Sheffield Ave., Chicago, Ill., writing your name and address clearly. You will receive in return a trial package containing Foley's Honey and Tar Compound for coughs, colds and croup; Foley Kidney Pills and F. J. Foley Cathartic Tablets.—Hite's Drug Store.

EAT LESS AND TAKE SALTS FOR KIDNEYS

Take a glass of Salts before breakfast if your back hurts or bladder bothers you.

The American men and women must guard constantly against kidney trouble, because we eat too much and all our food is rich. Our blood is filled with uric acid which the kidneys strive to filter out, they weaken from overwork, become sluggish, the eliminative tissues clog and the result is kidney trouble, bladder weakness and a general decline in health.

When your kidneys feel like lumps of lead; your back hurts or the urine is cloudy, full of sediment or you are obliged to seek relief two or three times during the night; if you suffer with sick headache or dizzy, nervous spells, acid stomach, or you have rheumatism when the weather is bad, get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate clogged kidneys; to neutralize the acids in the urine so it no longer is a source of irritation, thus ending bladder disorders.

Jad Salts is inexpensive; cannot injure, makes a delightful effervescent lithia-water beverage, and belongs in every home, because nobody can make a mistake by having a good kidney-flushing any time.

Hopes Women Will Adopt This Habit As Well As Men

Glass of hot water each morning helps us look and feel clean, sweet, fresh.

Happy, bright, alert—vigorous and vivacious—a good clear skin, a natural rosy complexion and freedom from illness are assured only by clean, healthy blood. If only every woman and likewise every man could realize the wonders of the morning inside bath, what a gratifying change would take place.

Instead of the thousands of sickly, anaemic-looking men, women and girls with pasty or muddy complexions; instead of the multitudes of "nerve wrecks," "rundowns," "brain fags" and pessimists we should see a virile, optimistic throng of rosy-cheeked people everywhere.

An inside bath is had by drinking, each morning before breakfast, a glass of real hot water with a teaspoonful of limestone phosphate in it to wash from the stomach, liver, kidneys and ten yards of bowels the previous day's indigestible waste, sour fermentations and poisons, thus cleansing, sweetening and freshening the entire alimentary canal before putting more food into the stomach.

Those subject to sick headache, biliousness, nasty breath, rheumatism, colds, and particularly those who have a pallid, sallow complexion and who are constipated very often, are urged to obtain a quarter pound of limestone phosphate at the drug store which will cost but a trifle but is sufficient to demonstrate the quick and remarkable change in both health and appearance awaiting those who practice internal sanitation. We must remember that inside cleanliness is more important than outside, because the skin does not absorb impurities to contaminate the blood, while the pores in the thirty feet of bowels do.

Where Liberty Bond Money Goes

Approximately 1,500,000 more men will be added to America's fighting forces within the next few months. Each man must immediately have clothing and equipment that costs about \$150. Therefore, it will take \$225,000,000 to provide the initial equipment of arms and clothing.

There are about 27,000 men and officers in an army division. To supply them with shelter tents costs \$79,850. To buy their steel helmets takes \$81,000. To give them gas masks requires \$24,000. This means \$26,925,000 for such equipment for the 1,500,000 men who will soon be added to the fighting forces.

Shoes.

Everybody knows that army shoes are the most comfortable and the cheapest that can be bought, but when they are bought by the millions they mean a lot of money. General Pershing says that each man needs about nine pairs a year. One pair costs \$5.10. One \$50 Liberty bond will buy one man's shoes for a year. To buy shoes for 3,000,000 men takes \$157,000,000.

Food.

The addition of 1,500,000 men will mean that America must provide food for approximately 3,000,000. It costs \$150 a year to feed one soldier, so the nation must provide a fund of \$450,000,000 to feed our army during the coming year.

Airplanes.

Airplanes are one of the most important and expensive items of our fighting equipment. One aviator used from five to eight planes a year, and for every flyer there must be 40 men on the ground after the machine is in commission. Every thousand feet of lumber used costs \$105, and 10,000,000 feet a month are needed, which totals a sum of \$1,050,000. The planes needed cost from \$7,000 to \$20,000 each, and the service needs at least 20,000 of them. Appropriations thus far made for them have been \$640,000,000 and \$450,000,000 more is needed.

Rifles.

Rifles make a large item in army expense. The average life of a rifle on the fighting front is nine days. One Enfield costs \$19.50. We are shipping 250,000 rifles to France every month, at a cost of \$4,875,000. For a year that means a total of \$58,500,000.

One hundred rounds of rifle ammunition costs \$5. To provide 3,000,000 men with 100 rounds each would cost \$15,000,000. A seven-day's barrage fire along a front of 11,000 yards costs \$63,791,235. This represents the cost of nearly 2,000,000 shells of all sizes and descriptions.

The average cost of drafting one man—changing a civilian into a soldier—is \$4.93. To add 1,500,000 more men to the service will cost \$7,395,000. This represents the cost of the work of the 4,557 draft boards.

PITCH THE DOLLARS IN

Win the Liberty Pennant With the Third Liberty Loan, Says Alexander.

By GROVER CLEVELAND ALEXANDER.

[Star Twirler of Chicago Cubs, Who Has Been Drafted.]

In the great game for the democratization of the world we must do our utmost during the full route of nine innings. We made good in the first two, so let's exceed our speed in the third Liberty loan inning.

We at home, who are denied a place in the trenches, can strike out Prussian tyranny with a blinding curve of money. Pitch the dollars in for America for the freedom of the seas, the protection of the weak and the triumph of right over might.

Every ballplayer and every fan should open his purse and lend his savings to Uncle Sam, who will pay you good interest and guarantee payment with the length and breadth of the greatest country on earth.

We must not rest one minute until America and its allies have put the Hun in last place. Nothing can bring this result quicker than good American dollars, each of which is a nail in the coffin of Kaiserism.

Get together, boys. Let's win the Liberty pennant with the Liberty loan in the Third Liberty loan inning.

OUR BOYS "OVER THERE" ENJOY TOASTED CIGARETTES.

Through the patriotism of the citizens of this country thousands of smoke kits are being distributed to American soldiers in France. Authorities agree that men in the trenches need cigarettes almost as much as food and munitions.

Doctors, nurses, and commanding officers all join in the demand which has awakened in this country a great movement to keep our boys supplied with smokes.

Millions of the famous LUCKY STRIKE Cigarettes are "going over" all the time. There's something about the idea of the toasted cigarette that appeals to the men who spend their time in cold, wet trenches and billets.

Then, too, the real Kentucky Burley tobacco of the LUCKY STRIKE cigarette gives them the solid satisfaction of a pipe, with a lot less trouble.

IF YOU CAN'T ENLIST—YOUR MONEY CAN!

Volunteer your Cash!
INVEST IN LIBERTY BONDS

It's Up to You

By NATE SALSBURY,
[Chicago Evening Post.]

If you want to do something toward ending the war, subscribe to the Liberty loan. If you want to do something toward making Bill sore, subscribe to the Liberty loan. If you want to haul off for a good, healthy swat, That will the little Willie et al. in a knot. And consign his whole gang of assassins to pot, Get in on the Liberty loan!

If you stand for the decent and fine things of life, subscribe to the Liberty loan. If you value your home and your kids and your wife, subscribe to the Liberty loan. If you think that a swamp is the place for a frog, If you think that an adwer should stick to his bog, If you think that a garden's no place for a hog, Dig down for the Liberty loan.

If you want to put punch in the men over there, subscribe to the Liberty loan. If you can't go yourself, you can still do your share—subscribe to the Liberty loan. There are some who must labor, and some who must shoot, But we all can do something, from poor man to plute, If you can't make the team, for the love of Mike, root! For the Flag and the Liberty loan!

CITES SOLDIERS' PATRIOTISM.

Maj. Gen. Getty Points to Boys Who Subscribe for Liberty Bonds.

By BRIG. GEN. ROBERT N. GETTY,
[Commandant at Camp Dodge, Iowa.]

What does the real soldier of today think of the Liberty loan? Just as he thinks of every other measure adopted by his government to put a spoke in the wheels of the machine that will carry him to victory. His enthusiasm can be explained best by depicting the manner in which he offered his pay down to the last few pennies to his government when the last Liberty loan was launched.

Many of the soldiers allotted so much of their pay that the war department found it necessary to authorize the discontinuance of some of these allotments that the soldier might have a small amount left for his personal use.

Our American soldier is the personification of patriotism. He is a living example of what his brothers back home would do well to imitate if their loudly proclaimed desires to help the cause for humanity's sake are sincere. He is giving up his family, his home interests, offering his life, and is now more than willing that his monthly pay should revert to the coffers of his country if it will materially assist in winning the war. He is giving his all, and willingly. He only asks for a chance to fight and that his brothers who cannot bear arms will stand back of him.

I am proud of these men and the fervor and spirit they display. It will be a great honor when that day arrives to lead them into battle, knowing they who have given everything will fight to the last man. It is to be regretted that many a soldier before induction into the service burdened himself with heavy financial obligations that his dependents might be provided for during his absence. I only wish that the small, abject faction of the civilian element that is bringing pressure to bear upon the already overburdened soldier and his family because of these same obligations could but become imbued with some of the spirit of self-sacrifice and patriotism evinced by the men on the firing line.

SERMON ON PATRIOTISM

By a 1,000 Per Cent American.

Here is a sermon on patriotism. It comes to Chicago from Sturgeon Bay, Wis. The standard of patriotism preached in this sermon is so much above the patriotism of many thousands of men and women in the Seventh reserve district that the Liberty loan executive committee is sending the story broadcast throughout the district in the hope of rousing a spirit of emulation in the breasts of all citizens, both naturalized and native born. Were every man in the Chicago district to attain the standard of Demosthenes of Sturgeon Bay, Wis., it is pointed out, the whole \$3,000,000,000 would be subscribed in this one district alone.

Demosthenes, a 1,000 per cent American, has the following message for Uncle Sam:

"You can borrow anything and everything I have."

And this is not his message alone. It is also the message of his two brothers—Antones and Stavros. Their surname is Angnostopoulos, and they conduct a small candy store in Sturgeon Bay, Wis. Let Demosthenes Angnostopoulos do the rest of the talking:

"We boys didn't have anything when we came to this country. My brothers and I were very poor in the old country. All we have we made here. This country has given us great opportunity. Whatever we have we owe to this country."

"We don't consider that we have done anything beyond a fair share in taking \$3,000 worth of Third Liberty loan bonds. We took \$1,600 of the second loan, and our allotment for the third loan, figured by the appraisal committee on the basis of assessed valuation of property, was \$100 each, or \$300 for the three of us. But as we had the money and we knew that Uncle Sam wanted to raise much money for the war, we decided to let him have all our savings. We know that it is a safe investment, and we don't consider that we have been particularly patriotic in lending this amount to the government."

"We talked it over and we decided that we owed this country something—yes, everything—and we felt the least we could do would be to lend money to the government."

"Tony is in the draft and probably will go to one of the cantonments on the next call for soldiers. He is glad to go and fight for his country. We—Stavros and myself—are glad to have him go, and if we are called, we, too, will be glad to go."

"We don't consider that we are entitled to be known as patriots for lending our money to the government. The security is so good, the interest is so high, the investment is so excellent in every way, that we would have been glad to take advantage of the opportunity even if the best country in the world had not been at war and in need of money."

"In the sixteen years we have lived here we have prospered. We know that America gives every industrious man a splendid opportunity. We want that opportunity continued. That is the reason we subscribed."

He Wants to Win This War. Do You?

A father here in a little Illinois town received a cablegram the other day from General Pershing, announcing the death of his two sons over there, "killed in action." He went out and sold his home and bought Liberty bonds. "I'm the only one left now and I'll rent a room for myself," was his only comment.

We Can't Starve Germany; Buy Bonds.

Whatever hopes we had that Germany could be starved into submission have been dispelled by the Russian debacle. Only the defeat of the German military machine on the west front can end this war. It is up to the United States. Support your government with your money, or we shall fail. Invest in Liberty bonds.

A Business Should be as Big as Its Job

If bigness is of benefit to the public it should be commended.

The size of a business depends upon the needs which that business is called upon to serve. A business should be as big as its job. You do not drive tacks with a pile-driver—or piles with a tack-hammer.

Swift & Company's growth has been the natural and inevitable result of national and international needs.

Large-scale production and distribution are necessary to convert the live stock of the West into meat and by-products, and to distribute them over long distances to the consuming centers of the East and abroad.

Only an organization like that of Swift & Company, with its many packing plants, hundreds of distributing houses, and thousands of refrigerator cars, would have been able to handle the varying seasonal supplies of live stock and meet the present war emergency by supplying, without interruption:

First—The U. S. soldiers and the Allies in Europe by shipping as much as 800 carloads of meat products in a single week!

Second—The cantonments in the United States.

Third—The retailers upon whom the American public depends for its daily supply of meat.

But many people ask—Do producers and consumers pay too much for the complex service rendered?

Everyone, we believe, concedes the efficiency of the Swift & Company organization—in performing a big job in a big way at a minimum of expense.

Swift & Company's total profit in 1917 was less than 4 cents on each dollar of sales of meat and by-products. Elimination of this profit would have had practically no effect on live stock and meat prices.

Do you believe that this service can be rendered for less by any other conceivable method of organization or operation?

These questions and others are answered fully and frankly in the Swift & Company 1918 Year Book sent free on request.

Address Swift & Company, U. S. Yards, Chicago

Swift & Company, U.S.A.

CLEAR MONEY WITHOUT INVESTMENT

THAT is what the NAPPANEE SILO AGENCY offers.

WE DESIRE

LIVE AGENTS

who are acquainted with the farmers in their locality. There is absolutely no investment and the commission is paid in CASH.

Some of our agents have stopped their other business and spend their entire time selling silos; others only go out a few days a year with our traveling men and still clean up a few hundred dollars without detracting from their other work.

We have a genuine proposition to offer if you are in a good farming section where we are not represented. A postal card will get you the information.

Briefs of the Week

Miss Esther Malpass was home over Sunday from her work at Petoskey.

Postmaster and Mrs. Chas. Hudkins with son Gail were guest of Boyne City friends, Sunday.

The Presbyterian Missionary Society will meet with Mrs. R. O. Bisbee, Friday afternoon, May 10th.

George Spencer is home from Detroit this week, called here by the death of his grand-mother, Mrs. Plant.

Mr. and Mrs. George Hamilton, Mrs. W. S. Carr and Miss Florine Hudkins were Petoskey visitors, Monday.

George Atkinson returned to his home at Jackson, Mich., Wednesday, after a short visit with relatives here.

Henry J. Ribble and family were called to Leeland last Sunday by the serious illness of the former's father.

Mrs. Delia McGregor of East Jordan is visiting at the home of her parents, Mr. and Mrs. Will Burch.—Boyne City Citizen.

Fire in a defective chimney at the home of Robert McBride on Second-st called out the fire department, Sunday afternoon.

Miss Ruby Grant left Thursday for Lansing where she was called by the serious illness of her sister, Mrs. Gertrude Stark.

Mrs. J. H. Healey with daughter Miss Cecil, and nephew Harry Timmins, who have been guests of Mrs. Wm. Raino, returned home to Toronto, Ont., last Monday.

Pete Bulow and Merle Crowell were at Grand Rapids this week looking up the opportunities offered those entering the War Industrial Training Institute of that city.

Mrs. D. E. Housknecht with daughter Miss Pearl, and son left Tuesday for Luke, Maryland, where Mr. Housknecht is located and where they will make their future home.

Mr. and Mrs. Enoch Giles went to Mackinaw City, Saturday, where they were called by the illness of the latter's mother. A message from there, Monday, stated that she had passed away and that the remains would be taken to West Branch for interment.

Rev. R. S. Sidebotham was at Grand Rapids this week attending a meeting of the Red Cross workers of Western Michigan. Plans were made for the nation-wide Red Cross drive which will be held the week of May 20th.

Mrs. Carl Heinzelman with son Victor who has been guest of her mother, Mrs. John Williams, returned home to Midland, Monday. She was accompanied by her sister, Miss Blanche Stohman, who will spend the week there.

In the state district oratorical contest held at Cadillac last Friday, Miss Nettie LaValley of the East Jordan school won third place in the declamation contest and Wallace Kemp took fourth in the oratorical contest. Miss Sprague of our high school faculty accompanied the students, returning home Saturday evening.

The many friends here of Mr. and Mrs. J. N. Phillips (Phillips & Bergen) will be glad to learn that Mr. Phillips is now convalescing nicely from his recent severe illness. They are located at Paragould, Ark., and as soon as Mr. Phillips' health will permit they will return to their home here at Cherryvale.

Mr. and Mrs. Frank Whittington were here from Chicago over Sunday, guest of the former's parents, Mr. and Mrs. C. H. Whittington. They left Monday, Frank answering the call to Camp Custer, and Mrs. Whittington going to Kalamazoo where she will reside with her parents. When the call was issued Frank was in New York City as textile chemist for Montgomery Ward & Co.

The funeral of Samuel Clippson, whose death through suicide was recorded last week, was held from his late home Friday morning conducted by Rev. M. E. Hoyt. Interment at East Jordan cemetery. Deceased was born Aug. 27th, 1872, at Sagatuck, Mich. He was united in marriage to Miss Lida Hill June 23, 1906. They moved to East Jordan about seven years ago. Besides the bereaved wife, two children—Carlton and eight years, and Edith aged nearly 10 years, are left to mourn his untimely death.

Through circulars sent out by Frank H. Ellsworth, state fire marshal, to all the fire chiefs in the state, announcement is made that a clean-up fire prevention campaign will be held throughout the state during the week of May 6 to May 11. In an appeal to the people of Michigan, the state fire marshal calls attention to the necessity of observing clean-up week, not only in the interests of fire prevention, but in the interests of public health. He further urges that the work of cleaning up the streets and alleys and premises shall be accompanied by a cleaning out of the cellars, attics and closets and a general removal of all trash and waste from premises.

Miss Blanche Boeckes is assisting at The Enterprise-office.

R. O. Bisbee was a Boyne Falls business visitor, Thursday.

Com'r May L. Stewart was at the Beaver Islands this week.

W. P. Porter left Monday on a business trip to Portland, Oregon.

Mr. and Mrs. Walter Davis spent Sunday with friends at Boyne City.

Mrs. C. Walsh has returned home from Mancelona where she spent the winter.

Miss Ada M. Coleman, who was called to Alma by the death of a sister, returned to East Jordan, Tuesday.

Mrs. George Chapman with daughter Alice left Thursday for a few day's visit with her mother at Plainwell.

Perishing calls for more chaplains. Help to send them. Attend rally at the Methodist church Thursday evening.

Pat Foote is taking a fortnight's vacation from his duties as rural mail carrier. Leo LaCroix is substituting.

Methodist Ladies Aid will be entertained at the parsonage Wednesday p. m., May 8th. Meeting called at 2:30 sharp. Visitors invited.

On the first page of this issue will be found a fine poem from the pen of Rev. W. W. Lamport, formerly pastor of the Methodist church here and now pastor of the church at Frankfort.

The many friends of Supt. O. M. Misenar, now located at Northville, Mich., will be pleased to learn that he has been offered and has accepted the superintendency of the St. Clair schools for next year at a fine increase in salary.

The National War Council of the Methodist Episcopal church is instituting a drive for one million dollars for war work, such as equipping for chaplains, camp zone activities, care of French orphans, work in Italy and Russia. East Jordan will do her share. War work Rally at Methodist church Thursday evening, May 9th. R. Merril of Boyne City, speaker. Special music. Big crowd wanted.

All persons having repair work in our possession are requested to call at once at the People's State Saving's Bank where they can secure same.—C. C. MACK.

Rooms for Rent, with Lights and Water.—Harry Simmons.

HOUSE FOR RENT—Located on the West Side. Fine garden spot. Inquire of Mrs. J. H. Milford.

Farm for Rent on a main road, good house, 40 acres cleared and 10 acres of alfalfa.—Clink & Williams.

FOR SALE—150 acres Antrim county cut-over land. A bargain if you talk quick. GRIEF BROS. COOPERAGE CO., Cleveland, Ohio.

LAUNDRY AGENCY—We have taken over the local agency for the Progress Laundry of Traverse City, formerly handled by C. C. Mack, and will be pleased to receive your patronage in this line.—HITE DRUG CO.

FOR SALE—Buildings on East Jordan Cooperage Company property. Also ground.—GRIEF BROS. COOPERAGE CO., Cleveland, Ohio.

HOUSE for RENT—Six-room residence on Bowen's Addition. Good garden spot. Some fruit trees. Address, Jacob Robert, East Jordan, Mich.

All persons indebted to me are requested to call at once at my residence or at the People's State Savings Bank and settle the account.—C. C. MACK.

HOUSE and LOTS FOR SALE—Four lots with seven room dwelling house. Barn and a fine garden spot. Some fruit trees. Will go at a bargain.—A. J. BROOKS, East Jordan.

Notice of Board of Review.

Notice is hereby given that the Board of Review for the City of East Jordan will meet at the Commission rooms over the postoffice, on Monday, May 20, 1918, at 9:30 o'clock a. m. and will remain in session for at least four days. Dated this 3d day of May, A. D. 1918. OTIS J. SMITH, City Clerk.

Those contemplating the purchase of a Monument can save money by interviewing Mrs. George Sherman who is local agent for a well known manufacturer of high grade monuments.

RICHEST TOWN IN COUNTRY

Population of 1,500 Has Per Capita Cash Wealth of \$2,133.

St. Clairville, O.—This town is priding itself as being one of the richest of its size in the United States. With a population of only 1,500, made up mostly of farmers and coal miners, its three banks recently had cash deposits amounting to \$3,200,000. The per capita cash wealth of every man, woman and child is therefore \$2,133.

IN PRAISE OF THRIFT

By Katherine Lee Bates
of The Vigilantes.
Hail, homely Virtue, Wealth Incognito,
Train us in all those little arts you know,
Until this reckless nation learns to sift
Its golden grain and gather ocean's drift
And woodland's waste to make for
hearth-fire glow.

We have been spendthrifts, and we liked it so.
But for the world's wide hunger we forego
Our pleasant prodigalities. We'll mend
Our clothes, our ways, and burn a candle
and
To you, O Patron Saint in Calce.

BLONDES ARE FIDGETY

Brunette Typists Are Preferred by Uncle Sam.

Three Thousand Dark and Steadfast Girls Employed Before Light-Haired One Lands.

Washington.—The blonde typewriters of America have reason to fidget from the government estimate of them. It appears that the glowing tributes heretofore bestowed upon them by the tired business man have been as inaccurate as have been the exceedingly biased estimates of the tired business man's wife.

The blonde typewriter, though a joy to the eye, is nervous, temperamental and other than steady, so the government has decided.

When the government undertook to pay its new, growing and splendid army it was found necessary to hire a few acres of typewriters. Every available loft, hospital, dance hall and store in Washington was fitted out as a place in which typists might type, and so great was the volume of work that the utmost care was taken in the matter of employing help. Things had to be done accurately, quickly and continuously, and the types of typists were considered at length by persons qualified to know a star key rattle at a glance.

Well, sir, more than 8,000 typists were at work before a blonde typist was accepted. Every brunette available had been pounding the keyboard for days before it was finally decided that the light-haired element must be admitted through force of circumstance. There were no more brunette typewriters out of work.

Then came the beautiful blonde spring drive. They came with blue eyes, dimples, little curls, golden Psyche, pink ears and smiles which made the grouchy experts dizzy but unconvinced. They knew that all this outward dazzle did not alter the fact that every blonde cherub was as nervous as a kitten, and that in a burst of temperament might very well send a major general's pay check to an obscure corporal.

But they were employed, and now each blonde in the government service sits between two brunette typists who devote themselves to the tasks of doing their work and steadying their golden-haired companion at the first sign of hysteria.

RECALLS DAYS OF LAFAYETTE

Sign That Formerly Hung on Tavern at Lisbon, Conn., Is Unearthed in Attic.

Lisbon, Conn.—A sign, finely carved, which formerly hung on the Johnson Tavern in this town and bearing on its face the inscription, "Refreshment for Man and Beast," with the date of its construction, 1788, and a finely carved representation of an elm tree, which formerly stood in front of the old tavern, was recently unearthed in an attic of the home of A. F. Read here. The tavern formerly sheltered Lafayette when he passed through this country after the Revolution.

PREFERS CITIZENSHIP TO REGARD OF BROTHERS

Pittsburgh, Pa.—Julius Demjan, a young Austrian, has several brothers in the Austrian army, but on applying for naturalization papers here he declared that the right of American citizenship meant more to him than the love of his brothers.

NEW LIQUID FIRE SUCCESS

Has More Killing Power Than Anything Introduced into War by Germany.

Denver, Colo.—A liquid fire of more killing power than anything ever introduced in the world war by Germany is reported to have been invented by Dr. William K. O. Berlin of this city. The discovery has been offered to the government for use in Europe. The invention is the result of experiments that have continued since the beginning of the European conflict in 1914.

The first sign of love is the last of wisdom.

You never know what you can do until you try to undo what you have done.

The man who will not trust his feelings is not doing a credit business.

Some people think they are never talked about because they never hear about it.

MAKE BULLETS OF PENNIES

William Allen White Says Loan Gives Home-Stayers Their Work.

By WILLIAM ALLEN WHITE,
[Editor of Emporia (Kan.) Gazette.]

Back of the German lines every ounce of food is conserved and distributed with fairly equitable precision; every yard of cloth is numbered and entered into the war strength of the empire. Every pennyweight of German coal is handled with scientific care, and the one end and aim of all this autocratic control of food and clothing and heat is the winning of the war. There is no other purpose in the German mind. Every German mark is a German soldier; every grain of gold is doing its full share to work out that indomitable purpose.

Here in America we must realize that the war will not be won on any front, but in our own hearts. This is a clash of civilizations. We must develop in our hearts a democratic purpose as strong and as carefully directed as this autocratic purpose of Germany.

We, too, must make soldiers of our cornstalks, defenders of our wool, cotton and silk, make every pound of coal an American pound, and we must make bullets of our pennies. If we fail to develop this democratic purpose in the eye-to-eye, knee-to-knee, hand-to-hand struggle on the front, then our civilization will go down. To fail to support our soldiers with ammunition, food, clothing and coal will weaken them for the great conflict at the great moment, and that weakening will come from our hearts at home. It will come if we are slow with our financial support of the men.

The Liberty loan furnishes us with the only way we home-stayers can practically show our purpose. Our patriotism will be measured by our performance toward the Liberty loan. What we lend to our country in this time of need will measure our love of the freedom our fathers bought. It is at stake. The autocratic purpose of Germany, iron-willed and yet unbroken, aimed at world conquest, is threatening us. What is freedom worth to you? It is worth what you lend to your government in this hour of its awful need.

It matters not how good a man may be, there are some who never see it.

The chap who gathers wool may expect to be fleeced himself now and then.

WILL MOVE THE RIVER BACK

Authorities in Oregon Find It Cheaper to Do Than Build New Bridge.

Oregon City, Ore.—The county court, acting under instructions of County Judge Anderson, is going to move the Molalla river back under Wright's bridge. Last winter, during the floods, the river left its old bed and moved south a quarter of a mile. The county clerk has decided it will be cheaper to move the river back than to build a new bridge.

First Methodist Episcopal Church

Rev. Myron E. Hoyt, Pastor.

Sunday, May 5th, 1918.

WORKING OVERTIME

When a man works overtime it is because of some extreme necessity and usually not because he wants to. Nearly everyone realizes that working long hours constantly in time will bring a physical breakdown. Therefore, everyone with good judgment strives to be a friend to his own body if for no other reason than that he may be able to continue to work and make a living.

If you were suddenly to find some means of working 24 hours a day 365 days a year you would probably rush to Washington to take out a patent on the system. Have you stopped to think, however, that there is a way of earning money 24 hours of the day which you may be neglecting? The one thing which will work overtime for you year in and year out without tiring is money placed at interest. Money "in boxes and boxes," hoarded or hidden away, is imprisoned and cannot work. Moreover, it is in danger of being lost, stolen or destroyed by accident.

There are just two ways of putting such money to work for your benefit. One is to deposit it in a safe bank, where it will earn interest for you and be subject to your order. The other is to invest it safely, where it will also earn interest for you.

Just now the most desirable investment any one can make is in Liberty Loan bonds. You can buy them in any amounts from \$50 up. They will earn you 4 1/2 per cent interest yearly. They always have a ready market and the security behind them is the best in the world. You have never doubted the safety of United States currency, which is simply the promise to pay of the government. United States government Liberty loan bonds are the promise to pay of the entire country, backed by all the wealth of all the states and territories, with the additional feature that they are always working overtime for you.

If you want a true and tried friend who will never tire, who will work for you day and night without pay, and who will turn over his wages to you every six months, take your idle money to the bank today and buy United States Liberty loan 4 1/2 per cent bonds with it.

THIS WOMAN FOUND RELIEF

Backache, sore muscles, stiff or swollen joints, rheumatic pains, dizziness and like symptoms are caused by disordered kidneys and bladder. Mrs. Thos. H. Davis, Montgomery, R. F. D. 3, Ind., writes: "I doctored months without relief. I commenced using Foley Kidney Pills and got relief. Eight bottles cured me."—Hite's Drug Store.

N. L. MUNRO'S PUB. HOUSE
338-340 Pearl St., New York.

GRANDMA NEVER LET HER HAIR GET GRAY

She Kept Her Locks Dark and Glossy, with Sage Tea and Sulphur.

When you darken your hair with Sage Tea and Sulphur, no one can tell, because it's done so naturally, so evenly. Preparing this mixture, though, at home is messy and troubled. At little cost you can buy at any drug store the ready-to-use preparation, improved by the addition of other ingredients called "Wyeth's Sage and Sulphur Compound." You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning all gray hair disappears, and, after another application or two, your hair becomes beautifully darkened, glossy and luxuriant. Gray, faded hair, though no disgrace, is a sign of old age, and as we all desire a youthful and attractive appearance, get busy at once with Wyeth's Sage and Sulphur Compound and look years younger. This ready-to-use preparation is a delightful toilet-essence and not a medicine. It is intended for the future, mitigating the prevention of disease.

MAKE VAGRANTS WORK

Georgia is No Place for the "Weary Willies."

Governor Puts Into Force Machinery That Will Reach Them in That State.

Savannah, Ga.—Woe to every "Weary William" that brings himself Georgiaward in the quest of rest and peace under the balmy Southern skies from now on.

As a war measure Gov. Hugh Dorsey has put into force machinery designed to force every vagrant in Georgia to go to work, and it will be systematically and persistently followed up by him as a means of relieving the farm labor shortage.

To meet the situation Governor Dorsey has addressed a special and urgent communication to every county council of defense in the state requesting them to put in operation the following plan:

1. Join forces with their sheriffs, solicitors and superior court judges to arrest and convict all vagrants.
2. To give the vagrants the choice of going to the chain gang or going to the farm, and probation them to work on farms under proper supervision.
3. Follow up the prosecution of vagrants with the utmost persistence and vigor, making it certain of punishment for vagrants, that idle men will go to work voluntarily.

Governor Dorsey believes it is the duty of every state to force every idle man to work before it calls on the government to furlough men from military service. He believes there are thousands of men loafing in cities and towns throughout the state. He believes the sheriffs and courts will be glad to join in a state-wide crusade, which shall not be relaxed, to put these men to work. He believes the man power thus conserved will greatly, if not entirely, relieve the farm labor shortage. As he points out, Georgia's vagrancy law is one of the best, while Georgia's probation law exactly fits in with the present situation by enabling judges to send convicted vagrants to work on the farms.

AMERICAN GUNNERS

The deadly "seventy-fives," the pride of France and the fear of Germans, have been manufactured in abundance in the war plants of our sister republic, and many have been loaned to our artillerymen until the arrival of our own guns from America.

FINDS PEARL WORTH \$2,500

Discovery in Black River in Missouri Sends Whole County Wild With Excitement.

West Plains, Mo.—A pearl, said to be worth \$2,500, was found in a shell in the Black river, near here, and the county is wild with excitement. A stranger stepped into the store of Mel Fry a few days ago and showed him a pearl as big as a hazel nut sticking in a shell.—The two soon came to terms.

A few days later pearl buyers made an offer of \$2,000 to Mr. Fry for the pearl the way it stood and \$2,500 if it proved perfect. It weighs 150 grains.

Fry refused to sell.

DANCES JIG AT AGE OF 102

Wisconsin Centenarian is Spryer Than Most Men at the Age of Thirty.

La Crosse, Wis.—Tom Edwards of Viola, Crawford county, who is one hundred and two years old, can dance a jig and hurdle a chair with greater ease than most men of thirty. He attributes his longevity to the fact that he never worries, has never drunk anything stronger than sweet cider and has never used tobacco. His confidant a weakness for candy.

No More Flour Paste.

Hutchinson, Kan.—No more will Hutchinson, or for that matter, Kansas, paper hangers use wheat flour in making their paste. Strict orders have been issued by State Food Administrator Walter P. Inaia against using wheat flour in making paste. He recommends the use of commercial paste instead.

MANY HORSES ARE USED BY ARMIES

Shortage of Animals Means Losses of Cannon and Prevents Rapid Advance.

47,000 A MONTH ARE KILLED

About 80 Per Cent of Animals Wounded are Sent Back to the Front After Treatment in Red Star Hospitals.

New York.—Necessity of sending hundreds of thousands of horses to France for the American artillery units and of establishing hospitals for the treatment of wounded animals is emphasized by Dr. W. O. Stillman, president of the Red Star animal relief, in bulletins upon the work of the organization. He said that the Germans had lost many batteries of field pieces because of lack of animals to draw them to safety during allied advances, while fewer guns had been lost by the British partly because they had large numbers of horses.

4,500,000 Horses in Use. Figures compiled by the society show that there are 4,500,000 in use by all the armies in the war, and that the losses on the western front alone have averaged 47,000 a month. In a three-mile front at Verdun the French lost more than 5,000 horses. About 1,500,000 of the horses were bought by the allies in America and were transported with large losses. About 36,000 died on this side after they had been purchased and were awaiting shipment to Europe and 6,000 died in the ships. The value of the horses shipped to Europe last year was more than \$50,000,000 and the loss for a heavy month of fighting is about \$1,500,000.

There are about 22,000,000 horses in America, and the estimates are that an American army of 2,000,000 men will need about 750,000 horses for draft purposes and mounts, and several hundred thousands more to fill up the losses of battle. The need of shipping to maintain this force at highest efficiency, to transport animals to fill the losses, with only part of the fodder, would be 50 ships a month.

Fighting units can deal only with well animals. As soon as a horse becomes sick, diseased, shell-shocked or wounded it must be removed to the rear and a sound, vigorous animal sent forward to take its place. Thousands of animals are in the hospitals at one time. They must be cured as quickly as possible to take the places of the injured which are certain to reach the hospital.

Animal Hospitals.

Behind the British lines animal hospitals are everywhere. To the left, to the right, there is a hospital not more than four miles away, and eight miles away from each is another. The Royal Society for the Prevention of Cruelty to Animals has hospitals for 10,000 horses and mules. A field hospital is no mere stable shack. It is a group of well-designed buildings, complete with operating rooms, operating equipment, ambulances, forage barns, cooking kitchens, quarters for the staff, and every other detail necessary for curing and restoring thousands of wounded animals. It must have an ample staff of veterinarians and helpers—not mere stablemen, but men with experience in animal hospital work, who can bandage a wound or give a hand to the veterinarian who is performing an operation. They are saving 80 per cent of the horses and sending them back to their batteries again.

SEAT-SPONGERS UNDER BAN

Women Organize Society to Discourage Practice of Accepting Seats From Tired Workers.

Denver, Colo.—A "Society for the Prevention of Seat Sponging Among Women" is being organized by Mrs. Marie Jeanne Silvestre-Thorp, Denver social leader.

The object of the society, as explained by its sponsor, is to "foster a sense of justice and proportion among idle women relative to the acceptance of seats in street cars from men who have been working from eight to twelve hours."

BUFFALO HERD THRIVES WELL

Seventy-Five Placed in Yellowstone Park Twenty-Five Years Ago Now Totals 320 Head.

Cody, Wyo.—There's no race suicide among the herd of buffalo that the United States government maintains at Yellowstone park. Twenty-five years ago, when Uncle Sam feared the buffalo was becoming extinct, he placed a herd of 75 in the preserve here. Today, according to T. G. Frazer, keeper of the herd, there are 320 head. Fifty-six calves have been born during the past six months.

Church Adapts Movies.

Carlinville, Ill.—The Presbyterian church here approved of moving pictures so much that it has made them a regular part of the Sunday service. A machine has been purchased and installed. Rev. Osborn, the pastor, in making the announcement, said: "Our only aim is to reach more effectively a greater number of people with worthwhile messages."

Great Coat and Suit Sale

FOR JUST ONE WEEK Starting at **THE LEADER** Friday, May 3rd

Just Received

100 Ladies' Misses' Juniors' and Children's Coats and Suits from the leading manufacturers of New York and Chicago. They are Samples and we have bought them at 1-3 off. This is YOUR opportunity to buy a Coat or Suit for yourself, daughter and little one at a fraction of its real value.
