EAST JORDAN, MICHIGAN, FRIDAY, MAY 10, 1918.

No. 19

Tried Murder and Suicide

Echo Township Scene of Crime, Friday Night.

Alex LaValley clubbed his wife into unconsciousness, and, leaving her presumably dead, went to a near-by barn and attempted suicide by hanging. Both efforts were failures.

The affair took place last Friday night at their home in Echo township. Following a lengthy quarrel over property, Mrs. LaValley retired about midnight. LaValley secured a club and struck his wife a number of blows on the head rendering her unconscious. He then stabbed her face with a jack-knife. Leaving her as he supposed dead, he went to the barn, secured some two-strand hay wire and attempted to hang himself. The wire broke, but the back of his neck was severely lacerated.

According to reports LaValley hid in the woods Saturday, coming to East Jordan that night. He returned to the Bennett woods hiding Sunday and returning that evening to this city. A searching party of about fifty men were looking for him both days. Deputy Sheriff Cook located the man near the Esterly street dock in the lumber piles about six o'clock Sunday night. When arrested, he wore a long piece of quarter-inch rope around his body, and was evidently meditating between hanging and drowning.

Deputy Sheriff Cook lodged him in the city jail and on Monday Sheriff Wm. Kittle came over from Bellaire and took him to the Antrim County jail.

At the time of the crime only a nine-year-old boy was in the house, asleep upstairs, and had no knowledge of the crime until morning. Mrs. LaValley remained unconscious until Saturday afternoon, and is in a critical condition. She was removed to a Petoskey hospital Wednesday.

LaValley is about fifty-five years of age, and, with his wife, have resided on their 80-acre farm in the west part of Echo township for over twenty-five years.

State Garden Club Leader Assists in Organizing Boys and Girls Garden Clubs.

State garden club leader, Mr. Emil Volz, of Lansing, spent the first two days of the week in Charlevoix County and assisted in the organization work of boys and girls clubs for gardening work. Monday was spent in working in the clubs at Boyne City and Boyne Falls and on Tuesday the work was taken up in the East Jordan, Hortons Bay, Charlevoix and Marion Center schools. This work is of vast importance for the present time, since we need to grow all that we can in our home gardens and then can all of those vegetables which may be preserved in this way. By doing these things we will lessen the amount of canned vegetables which we will have to buy next winter and thus save much in transportation, which will give more cars to the transportation of those things which we cannot produce at home.

BLACKSMITH SAYS CLAIRVOYANT BEAT HIM OUT OF \$2400

Pennsylvanian's Money Used in Effort to "Draw" \$24,000 From the Earth.

Hazletown, Pa.—William Shepperly, a blacksmith, appealed to Chief of Police Crittenden to apprehend two clairvoyants, whom he charges with defrauding him out of \$2400, which he raised by mortgaging his home. He claims they told him \$24,000 was buried in his yard and that money was needed to "draw" it to the surface.

He put up \$850 which was made the subject of incantations, in which the Bible played a prominent part. This sum was insufficient, the clairvoyants declared, and Shepperly raised \$1500 more, he said. This was placed in a box over which the Bible was read as mystic papers were burned.

Shepperly was told to prepare to dig in his garden and left the clairvoyants in charge of the money while he obeyed their directions. They failed to appear and he learned they had hurriedly left town, taking his money with them. No warrants have been sworn out.

Several years ago Shepperly's wife, now dead, lost \$400 in a similar manner at Hale Park and \$300 at another time at West Hazletown. On both occasions she was told that a fortune was hidden in the Shepperly yard and when Shepperly was told that \$24,000 was buried in his yard he thought that there surely must be something to it, so he plunged heavily.

SEED CORN NOW AT STROEBEL BROS. STORE.

C. F. Smith, County Agent, Delivers Supply This Week.

A supply of seed corn has just arrived from Charlevoix from the car-corn purchased by the war preparedness Board of the State, for Charlevoix County. Farmers are requested to secure their supply of seed corn just as soon as possible as there is a large demand for this corn. The corn is sold at five dollars per bushel of seventy pounds of ears and the farmers are requested to bring their sacks as no sacks will be furnished with the corn.

Please give this matter your prompt attention so that you will be assured of your supply of seed corn and also that you may have it in time to ear test it and in this way secure a 100 per cent stand.

C. F. SMITH,
County Agricultural Agent.

Commission Proceedings.

Regular meeting of the City Commission held at the commission rooms, Monday evening, May 6, 1918. Meeting was called to order by Mayor Cross. Present—Cross, Gidley and Crowell. Absent—None.

Minutes of the last two meetings were read and approved.

On motion by Gidley, the following bills were allowed:

Elec. Light Co., pumping and lighting,	\$412.59
Henry Cook, salary,	75.00
Otis J. Smith, salary, postage, etc.	28.80
W. A. Pickard, salary,	41.67
E. W. Giles, cleaning streets,	27.00
J. A. Dresser, auditing books,	80.20
E. Kleinhaus, labor & selling lots,	16.90
Geo. Anderson, labor at cemetery	12.00
E. J. Cabinet Co., planing plank,75
W. A. Pickard, taxes charged with and uncollected etc.,	152.22
E. J. Hose Co., Porter, Holmes, Ericks and Simmons fires,	56.70
D. H. Fitch, salary, rental & labor	27.17
Mich. State Tel. Co., rentals,	6.25
Standard Oil Co., grease and oil	18.16
City Treas., payment for dog tags	2.50
J. H. Shultz Co., stamping dog tags,	1.12
Hite Drug Co., mdse,	16.85
Hersey Mfg Co., meter bottoms	17.50
James Gidley, salary,	25.00
Enterprise Pub. Co., printing,	69.05
G. A. Lisk, printing,	25.90
H. B. Smith, livery, chgs small-pox cases,	15.00
E. J. Lbr. Co., lumber and coal	9.42

Moved by Cross, supported by Gidley that all delinquent water taxes be put in the City Attorney's hands for collection, same to be collected before the first day of June, and that the City Clerk be instructed to publish a notice to that effect. Carried.

The Mayor appointed the following named persons as members of the board of review, and on motion by Gidley, the appointments were confirmed: W. F. Empey and Dwight H. Fitch.

The following appointments were made by a majority vote of the commission: City Clerk—Otis J. Smith; City Treasurer, Claude C. Mack.

On motion by Crowell, meeting was adjourned.

OTIS J. SMITH,
City Clerk.

Notice to Delinquent

Water Users.

By order of the City Commission of the City of East Jordan, all delinquent water taxes have been placed with the City Attorney for collection before the first day of June, A. D. 1918. It is your duty to attend to this matter at once.

OTIS J. SMITH,
City Clerk.

Notice to Dogs and Dog Owners.

Ordinance No. 43, regulating the ownership and licensing of dogs within the city limits of the City of East Jordan, goes into effect May 19, 1918. License tags may be procured at the City Clerk's office.

After the above named date, all dogs found at large without the proper tag attached, will be subject to execution without trial, and regardless of "race, color or previous condition of servitude." Any dog objecting to this, is yellow.

OTIS J. SMITH,
City Clerk.

Gossips are superintendents in trouble factories.

A small man's idea of greatness is to have other men point him out and say: "There he goes."

TAX-PAYERS NOTICE.

The National Red Cross Drive for working funds is set for May 20 to 27th. \$100,000,000 is to be raised, and Charlevoix County's proportion is \$3000. Of this amount three-fourths is sent to Washington and one-fourth remains in the County, to be used for Civilian Relief.

The City of East Jordan's proportion has not been definitely determined, but will not exceed \$2400. It is proposed to include this amount in making up the city's annual budget. That is, to raise this amount by appropriation from city funds. Non-taxpayers only to be solicited and the amount raised by them to be deducted from the amount appropriated. This will save an endless amount of solicitation, with the resulting unequal distribution of the burden.

The City Commission will meet in special session at the commission rooms Monday night, May 13th, to consider any objections which may be made. If no objections are made, the City Commission will assume that this plan is satisfactory to the tax-payers of the city of East Jordan.

War Board Com. for East Jordan.

PRESBYTERIAL MEETING

Delegates Here From Many Neighboring Cities.

[Below report received last week too late for publication.]

The twenty-ninth annual meeting of the Petoskey Presbyterian convened in the First Presbyterian Church April 24-25th, with delegates in attendance from Mackinaw City, Harbor Springs, Petoskey, Boyne City, Lake City and Cadillac. The delegates were brought from the trains directly to the church, Wednesday evening, where lunch was served and an executive Board Meeting held.

The Thursday morning session was given over largely to reports of the Presbyterial officers, which showed a real advance in the work of the year. After adjournment, dinner was served in the Methodist Church, and the visiting women enjoyed an auto ride through the courtesy of the local Board of Trade.

The afternoon meeting included a devotional service led by Mrs. Wm. Sidebotham of Munger, a solo by Mrs. Cameron and talks on efficient methods of work given by the visiting secretaries. Mrs. E. H. Silverthorn of the Woman's Presbyterian Board of Missions of the northwest and Miss Lucy Porter of the Home Board. At six o'clock, the young people of the church served supper to the visiting delegates and a Conference on Young People's Work followed.

The evening meeting was a Public Rally presided over by Rev. Sidebotham. After prayer by Rev. Hoyt of the M. E. Church and a solo by Miss Horton, inspiring addresses were given by Mrs. Silverthorn and Miss Porter, showing clearly the great work accomplished by both the Home and Foreign Boards of Missions in helping make this world safe for Democracy.

Red Cross Notes

East Jordan Branch have their full quota of 34 pneumonia jackets completed and sent.

Sister Circle of South Arm Grange met May 2nd for their first meeting of the year with Mrs. R. Jones, Sr., as Chairman and Mrs. C. Murphy, 1st Vice-Chairman. Mrs. Maude Porter chairman of the auxiliaries is greatly pleased with the enthusiasm manifested.

In the re-adjustment of Uncle Sam obtaining control of wool market and uniform system established, knitters will be delayed a few days in getting yarn. Notice will be given upon its arrival.

All Red Cross notices will be phoned to Mrs. Grace Boswell, newly appointed chairman of publicity committee or to Mrs. Sidebotham.

The Knitting Bee will be entertained next Monday afternoon, May 13th by the Presbyterian Ladies' Aid Society at the home of Mrs. C. H. Whittington. Everyone invited.

The Ranney School will give a box-social and entertainment for benefit of the Red Cross at the South Arm Grange Hall.

Intellectual improvement is apt to warp a woman's shape.

The man who has no enemies may be considered good, but it's a question what he's good for.

Liberty Loan Now Closed

Rural Districts Came Strong in the Third Drive.

The close of the Third Liberty Loan drive shows that our farming population subscribed well, giving the "city chaps" a run for their money.

Charlevoix county was divided into three districts, the three cities of the county being the center of each district. The county's quota was \$178,000—it subscribed \$330,000, the districts being divided as follows:—

	Quota	Subscribed
East Jordan	\$ 61,000	\$ 92,700
Charlevoix	48,000	115,000
Boyne City	70,000	118,000

Without doubt Eveline township is the banner one of the county, subscribing over \$14,000. We regret that we are unable to give either Eveline or Wilson list of subscribers in full. The list published is those who subscribed through the East Jordan banks. Many from each of the above townships subscribed at either Charlevoix or Boyne City, hence the names go to those banks.

The following list has been carefully checked over but there are undoubtedly some errors, and possibly some names of subscribers omitted unintentionally.

First Ward

- Charles Brabant
- Charles Beebe
- Edward Borland
- H. J. Carpenter
- Bruce Cross
- Victor Cross

School Commissioner's Notes

May L. Stewart, Commissioner

School boards throughout the state are following the advice of the National Superintendents' Association in requiring every prospective teacher to sign a patriotic pledge to go with the contract for the coming year of school. Following is the Ann Arbor pledge which Pattengill calls a real American, all-wool, yard-wide patriotic pledge.

I hereby certify that I have never said or done anything which could be construed an act of disloyalty to my country, the United States of America.

I hereby pledge my support to the Constitution of the United States, and the Constitution of the State of Michigan, and I hereby agree to perform faithfully my duties, both expressed and implied, to my country and to the public schools of the city of Ann Arbor, and to teach, to the best of my ability, loyalty to our country and to the principles for which it stands.

The teachers have all been patriotic. Surely no teacher would hesitate to sign such a pledge, but if she should, it would be sure proof that we do not want here in this county.

The county board of examiners met Saturday May 4th at 1 p. m. in Charlevoix. A set of papers was transferred from Emmet County, making a total of ten sets. Three certificates were granted unconditionally and two with conditions which can be met before the year is out. Five will return in August. Of these, three will write in only part of the subjects. Four renewals were granted to teachers having had Normal training or normal training and reading circle work. In spite of the shortage of teachers, the questions were unusually difficult and the board did everything in its power to give each teacher the best of chance to make good.

Miss Clark writes from Bay Shore that she went out in the woods with her boys and girls and equipped with saw and axes, cut their own flag pole, brought it to the school house and provided suitable exercises for the erection of their Liberty pole. This is splendid for the boys and girls and their teacher, but what about the sturdy men who might have been appointed by the board in order to comply with the legal regulations and the patriotic duty of the times?

The Boys State Fair school will be held September 2nd to 6th in Detroit. The representative from this county will go, expenses paid. His selection will depend on the record he makes in the eighth grade tests and his standing on the special agriculture test, as also the choice will depend on the boy's inclination toward farming. The choices will be made by County Pomona master, commissioner of schools and County Agent.

Seventeen vacancies still exist in the rural schools. Teachers have been employed mostly in all of the schools near the larger towns in the county. We hope all schools may be supplied but just at present is a question.

The Mountain school closed Friday, May 3rd with a picnic dinner in the school house. The commissioner regretted that time and tide kept her marooned on Beaver Island and she missed the flag pole raising in Bay Shore, the fine patriotic rally and boys and girls' club meeting on the Peninsula. We understand that every one of these meetings was a live wire success.

The Hilton school is to close its school May 24th with a dinner in the park in Charlevoix.

The Robinson school will close May 15th with a picnic. This is an unusually busy season but the Com'r hopes to attend both of these functions and get better acquainted with the boys and girls and learn their plans for the future.

Clarence Dewey will return to Phelps next year at \$80 per month. This is a fine tribute to his work of the past year.

After writing the eighth grade examinations May 8th and 10th, boys and girls on the farms who have made a fair average in their school work during the school year are urged to stay home in order to help their fathers and mothers to put in a larger acreage to help our country win the war.

A man's idea of harmony is to have everything his own way.

A good reputation is sometimes useful as a parachute to the man who rises rapidly in the world.

TRADE AT HOME

The following merchants of East Jordan, desiring to co-operate with the people of this region have inaugurated a **SATURDAY SPECIAL** day. They invite you to be their guests at a **FREE MATINEE** at Temple Theatre each Saturday and to take advantage of the many bargains offered. Below are the

GOOD FOR THE WHOLE FAMILY.

Every family requires a safe and reliable cough and cold remedy. Mrs. John Potter, 20 Shupe St., Mt. Pleasant, Pa., writes: "I have used Foley's Honey and Tar for colds for years and highly recommend it to all families." Contains no opiates. Checks bronchial and grip coughs, croup and whooping cough.—Hite's Drug Store.

COMB SAGE TEA IN HAIR TO DARKEN IT

It's Grandmother's Recipe to keep her Locks Dark, Glossy, Beautiful.

The old-time mixture of Sage Tea and Sulphur for darkening gray, streaked and faded hair is grandmother's recipe, and folks are again using it to keep their hair a good, even color, which is quite sensible, as we are living in an age when a youthful appearance is of the greatest advantage.

Nowadays, though, we don't have the troublesome task of gathering the sage and the mussy mixing at home. All drug stores sell the ready-to-use product, improved by the addition of other ingredients, called "Wyeth's Sage and Sulphur Compound." It is very popular because nobody can discover it has been applied. Simply moisten your comb or a soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, but what delights the ladies with Wyeth's Sage and Sulphur Compound, is that, besides beautifully darkening the hair after a few applications, it also produces that soft luster and appearance of abundance which is so attractive. This ready-to-use preparation is a delightful toilet requisite for those who desire a more youthful appearance. It is not intended for the cure, mitigation or prevention of disease.

WE CAN DISPENSE WITH WHEAT, DR. J. H. KELLOGG

Battle Creek Sanitarium Head, Long a Meatless Advocate, Supports Wheat Conservation Program of Government.

"There is Nothing At All in Wheat Bread That We Cannot Get From Other Foods" He Says.

If a prize were to be awarded for the most faithful observance of Mr. Hoover's meatless and wheatless days, the Michigan honor would go to the Battle Creek Sanitarium without a contest or much less, a protest.

The famous Battle Creek health resort has been on a strictly meatless diet for half a century and thousands of converts have been won to this plan through regular visits to the Sanitarium. Of course wheat flour has been served to guests, but now that the soldiers and our Allies require wheat Dr. J. H. Kellogg, the distinguished head of the Sanitarium, says wheat can be dispensed with as conveniently as meat. Wheatless days in America are just beginning, in the judgment of Dr. Kellogg. Like the liquor question the meat situation is fast becoming an economic one. The people put an official and to the liquor traffic for economic reasons; they could not afford to allow the product to be manufactured. It is the same with meat; it is too expensive and will be prohibited by fundamental law, in the opinion of Dr. Kellogg. Of course wheat is essential as a body builder, but Dr. Kellogg says the military authorities are emphasizing its importance as a war ration.

"There is no necessity for eating wheat at all. We can get along without it very well as long as we have a general assortment of miscellaneous foods," says Dr. Kellogg. "There is nothing at all in wheat bread that we cannot get from other foods. I haven't averaged two slices of wheat bread a week for years. We can get from other foodstuffs, including other cereals, everything we require.

"The official wiping out of wheat and meat is no hardship whatever from the point of health, economy or anything else. The people of Italy live largely on cornmeal and the people of South America and Mexico live almost entirely on corn and beans, but they eat nuts, coconuts and the avocado and other fruits that contain complete proteins.

Man Not a Meat Eater By Nature.

"The Catholic Church has for centuries maintained a meatless Friday and it has been recognized by sanitary authorities that this Friday fast of the Catholic Church as well as the fast during Lenten season, is a very hygienic and wholesome measure and conducive to health.

"For more than forty years, I have been advocating a non-flesh diet. More than one hundred thousand patients who have visited the Battle Creek Sanitarium, have tested this dietary while here and many thousands of them have been so well pleased that they have continued to discard flesh foods after going home. I have watched carefully for any possible ill-effects from the meatless diet, but have never observed any indications of an injury. No one has suffered for lack of meat. As a matter of fact, the meatless diet is the biologic diet, because man belongs to the class of animals known as primates including the orang, the chimpanzee, the gorilla and man. All of these primates with the exception of man, adhere to the meatless diet. Meat-eating is a cultivated habit. Animals that are natural meat-eaters are also natural killers. When a young lion sees a rabbit for the first time it doesn't have to be taught to kill the rabbit and eat it, but does so without any instruction. You cannot imagine such a thing as a young child killing an animal and eating it. However, give it an apple and it will lay hold of it and eat it. It is entirely contrary to the nature of man to slay and eat. It is an acquired habit and is unbiologic.

Waste Will Stop Meat Production.

"One of the great advantages of this meatless day, that I do not think the Government itself fully appreciates, is the fact that every time you save three pounds of meat you save one hundred pounds of food, for it takes one hundred pounds of food to fatten a steer to make three pounds of food in the form of beefsteak. Experiments made in the Ontario Agricultural Station by Prof. Jordan, are quoted by Dean Henry, head of the Agricultural Department of Wisconsin University, who in a book on "Feeds and Feeding," gives a table showing the amount of dry digestible foodstuffs required by an animal to produce a given quantity of dry digestible flesh. The figures show that one hundred pounds of dry food will produce 2.6 pounds of mutton or 2.8 pounds of beef, 5 pounds of eggs or chicken and 18 pounds of milk. So that the cow is the most economical food converter and the steer the least economical. It takes four thousand pounds of milk, as shown by Jordan's experiments, and six thousand pounds of concentrated foodstuffs, like cottonseed meal and corn, chiefly corn, to raise a three-year-old steer and bring it to the period of fattening and slaughtering. Live Stock Population Decreasing.

"Our population is increasing rapidly while the livestock population is

WHAT THE BODY REQUIRES

Dr. J. H. Kellogg, Battle Creek Sanitarium.

There are three kinds of foodstuffs. These are: fats, carbohydrates and protein. Protein is the material that goes to build up the tissues of the body while the carbohydrates (starch and sugar) are used for fuel. Protein furnishes the repair material of the body. Starch and fat are to the body just what coal is to the locomotive, while protein is to the body just what the iron bolts, brass washers, bearings and things of that kind which we put into the locomotive at the repair shop, are to the engine. So we do not require much protein. We have enough protein in our food, in the ordinary foods of the American bill of fare without any meat at all. If everybody would cut meat out of the bill of fare entirely, they would all be better off provided they would take a proper assortment of other foods including milk, eggs, or nuts. We ought to use peanuts and soy beans. Add those to the bill of fare and you do not need meat at all. Twenty years ago the Assistant Secretary of Agriculture, Mr. Dabney, wrote me that the time was coming when meat would be scarce and high and we ought to have a vegetable substitute. A pound of almonds contains fifty per cent more protein than a pound of meat.

diminishing and necessarily so, because the great free pastures we used to have on the prairies of the west, are being cut up into farms. As the population of the country increases we must economize in foodstuffs, for it costs so much more to take food at second hand in the form of flesh than it does to take it in the form of the original foodstuffs. For instance, when it takes one hundred pounds of corn to make three pounds of beef, you lose 97 pounds of food. The only reason food is scarce in this country at the present time is that the cattle and hogs are eating up our foodstuffs. We raise three billion bushels of corn a year and of that, the people of the United States only eat 10%, the cattle and hogs eating most of the rest of it. There are over forty million cattle in this country besides milk cows and more than that number of sheep. Virchow, the noted anthropologist and the greatest scientist who lived in the last century said, "The future is with the vegetarians." He saw it must be so, as the world cannot produce enough surplus food to support the wasteful methods of the livestock industry indefinitely. Every densely populated country in the world is practically vegetarian.

Feed 97 Pounds to Get Three.

"You have to feed the animal three pounds of food and 97 pounds of food more in order to get that three pounds of food back again. Thus you throw away 97 pounds of good food in order to get three pounds of meat. The reason is that the steer needs food for the same reason that man does, to keep him warm, to support his life and activities.

Our people must cultivate the potato eating habit. More potatoes and less breakfast cereals and bread would be a very great improvement. Cereals contain an excess of acids. The potato furnishes a rich supply of organic bases or alkalis which neutralize the acids of the body and keep the blood in healthy condition.

"Meat will be used less and less in the future and the important thing to know is whether or not we can get along without it. The experiment made in recent years by McCollum & Wisconsin University and by Mendel of Yale University show that meats, eggs and milk contain certain proteins that are very valuable for the body because they are what are known as complete proteins. They are capable of making perfect tissues. This is not true of cereals, not even of wheat. Wheat is better than corn, but none of the vegetables contain these complete proteins. It has been found however, that certain of these vegetable foodstuffs do contain complete proteins and one of them is the soy bean which plays such a great part in the nutrition of the Orient. It will come along in this country very rapidly. Another is the peanut, and it is also found that the almond and nuts generally contain perfect proteins. That is the reason why the monkeys, apes, the gorillas and the chimpanzees are able to live on their fruit and nut diet. I once cut meats out of the diet, he must be sure to put in something else which will take its place and furnish these perfect proteins, which is the real science of dietetics at the present time, to prepare a bill of fare which furnishes everything the body requires.

The Real Substitute for Wheat.

"Corn with milk added is a perfect substitute for wheat. It would do no harm if a complete embargo should be placed on wheat flour all over the United States. The people can live perfectly on corn as long as they have milk, eggs, nuts and beans.

"There isn't going to be any shortage of corn. The corn we are now feeding to our cattle, pigs and sheep will furnish food for one hundred and sixty million people for a year. It is the greatest economic waste in the country to feed corn to cattle. Of course, beer is made of corn, which is an enormous waste also, but the best waste of corn in this country is feeding it to cattle."

EARN 14 CENTS A DAY; HAS WIFE AND BABY

And Yet This True Story Has a Happy Ending.

Even a Frenchman sometimes loses, for awhile at least, his "unfailing" sense of humor.

Take, for instance, the case of a man from Lille, a soldier, Waeltele by name and only twenty-three. He had done pretty well, for the youngster had already his own printing shop in that northern French town, which is still inside the German lines. In the trenches Waeltele developed tuberculosis, and he was sent to a hospital at Grenoble. There he was considered incurable, and after the usual three months of treatment he was granted his 14 cents a day pension. Said his fatherly army doctor, "My son; you can perhaps cure yourself if you will live in the mountains, if you will eat plenty of nourishing food and, above all, if you don't worry."

Waeltele should have smiled, but he didn't. He was thinking of his baby and his wife—and his 14 cents. "Don't worry!" The humor of it entirely escaped him.

Then the Red Cross stepped in. He was found by an American woman with some American Red Cross money for just such cases, and within a few hours he no longer had need to worry. He was sent to the mountains at Lamure, in the French Alps, happy in the knowledge that his family was being cared for by these amazingly kind Americans.

And now the army doctor's words are coming true. Waeltele's lung is healing fast, and he is dreaming of another printing shop and of living again some day with that little family.

There have been over 400,000 new cases of tuberculosis in France since the war started, and to care for these cases and check the White Plague's spread is merely one of the big jobs the American Red Cross has set out to accomplish.

FATHER AT WAR, TRAGEDY AT HOME

Just What Home Service Means to a Soldier.

The father kisses his wife and kiddies goodby, shoulders his gun and marches away to war.

For a time the current of life flows smoothly for the soldier's little family. Then comes the tragedy. Mother is taken ill. The little brood of brothers and sisters is helpless. No father to turn to. A helpless mother!

To whom can the American soldier's family look at this critical period? Must a brave man's loyalty to his country mean desolation and suffering to those nearest and dearest to him?

No! Emphatically no! The American people will not permit the families of their soldiers and sailors to suffer because their breadwinners are fighting for their country. And so the Red Cross Department of Civilian Relief has created a nation-wide organization for home service for the families of soldiers and sailors.

Under the banner of "Home Service," patriotic men and women have enrolled and are devoting themselves to the noble task of helping soldiers' families to meet and adjust the problems of everyday life and aiding them to maintain the standards of health, education and industry.

Home Service—True Service.

Home service means keeping the soldier's children well and in school. It means tiding the family over financial troubles, arranging the household budget, meeting insurance premiums, adjusting a mortgage, bringing medical aid and legal advice to bear at the right moment. In short "Home Service" is true service, in that it provides the warm handclasp of friendship rather than the humiliation of charity. It calls for sympathetic understanding and intelligent consideration of the most vital needs of the soldier's family.

The Red Cross is pledged to "Home Service" wherever needed in the United States. In each chapter of the Red Cross there will be a home service section, under competent hands, whose mission will be to protect the welfare of the soldiers' and sailors' homes and to safeguard the normal development of their families in employment and in ideals of self help and self reliance.

Potatoes Eat one more potato a day, uniform and all	Patriotism The Michigan potato is trying to help you win this war.
---	--

Potato Soup
 3 cups hot rice or mashed potatoes.
 1 quart milk.
 2 slices onion.
 3 tablespoons butter.
 2 tablespoons flour (rice flour or corn flour).
 1 1/2 teaspoons salt.
 Celery salt.
 Pepper.
 Cayenne.
 1 teaspoon chopped parsley.

Melt butter, add to it the flour and seasoning, stirring the mixture until smooth. Add gradually to this, one cup of milk and boil for one minute. Add the potato, mix thoroughly, then add the rest of the milk and the slice of onion. Heat to boiling. Remove the onion, strain the soup if necessary, add the parsley and serve. Water saved from cooking celery is a good addition to potato soup. Two cups of tomato juice and 1-1/2 teaspoon of soda may be substituted for two cups of milk.

Potato Puff
 Add beaten whites of eggs to mashed potatoes (2 eggs to 6 medium-sized potatoes.) Pile the mixture lightly in a baking-dish and bake it in the oven until it puffs and browns. The yolks of eggs and one-fourth cup of grated cheese also may be added.

Scalloped Potatoes and Cheese
 Arrange a layer of sliced raw or boiled potatoes in a greased baking dish and sprinkle with grated cheese. Repeat until the dish is nearly full. Pour milk over the whole, about one half cup to every three potatoes. Skim milk may be used. Bake in a moderate oven until done. The length of time required depends upon whether the potatoes are raw or boiled and whether the baking dish used is deep or shallow. Boiled potatoes baked in a shallow dish will take only 20 minutes. Raw potatoes in a deep dish may take as much as 1-1/2 hours.

Potato Loaf
 2 cups mashed potatoes.
 4 tablespoons minced onion.
 2 tablespoons green pepper or piment pepper.
 1/2 cup canned tomatoes.
 1 egg.
 1 teaspoon salt.
 1-3 cup ground peanuts.

Mix the ingredients well together. Turn the mixture into a buttered baking dish. Brush it over with melted butter or drippings. Bake it in a moderate oven for 25 minutes.

Potato Rolls (3 Dozen)
 3 cups mashed potatoes.
 4 1/2 cups flour.
 3 teaspoons salt.
 2 tablespoons corn syrup.
 1 cake compressed yeast softened in 1/2 cup water.
 1/2 cup milk scalded.
 2 tablespoons fat.

Add the hot milk to the potato and when the mixture has cooled until it is lukewarm, add the softened yeast and other ingredients. Allow the dough to rise to double its bulk. Work it down and let it rise until it has increased in size by about one-half. Then shape the rolls, let them rise until they are double in size and bake them in a hot oven.

Potato Muffins (Saving a fourth of the Flour.)
 1-2 cup liquid.
 1 tablespoon fat.
 3 tablespoons syrup.
 1 egg.
 1 cup mashed potatoes.
 1 1/2 cups wheat flour.
 1 teaspoon salt.
 4 teaspoons baking powder.

Add the liquid, melted fat, syrup and beaten egg to the cooked potato. Sift the dry materials together and add to the first mixture. The dough will be too stiff to mix easily with a spoon. Use a knife or a fork. Bake about 30 minutes in a moderately hot oven (205 degrees C.—400 degrees F.) Make eight large or twelve to sixteen small muffins.

Potato Biscuit
 Using 1 2-3 cups instead of 3 cups of flour.
 No liquid.
 3 tablespoons fat.
 1 teaspoon salt.
 5 teaspoons baking powder.
 1 2-3 cups wheat flour.
 1 1/2 cups mashed potatoes.

Sift dry ingredients; work in fat and add mashed potatoes. This makes a very stiff dough. Roll one-half inch thick and cut into biscuits. Bake 30 to 35 minutes in a moderately hot oven.

Potato Biscuit
 Using two cups of flour instead of three 1 tablespoon liquid.
 3 tablespoons fat.
 1 teaspoon salt.
 5 teaspoons baking powder.
 2 cups flour.
 1-1/2 cup mashed potatoes.

Sift together dry ingredients, mix in the fat and add potatoes and liquid. This makes a very stiff dough. Roll one-half inch thick and cut into biscuits. Bake 30 to 35 minutes in a moderately hot oven.

VINOI MAKES WEAK WOMEN STRONG

Positive—Convincing Proof

We publish the formula of Vinol to prove convincingly that it has the power to create strength.

By Cod Liver and Beef Peptones, Iron and Manganese Peptones, Iron and Ammonium Citrate, Limes and Soda Glycophosphates, Cascaria.

Any woman who buys a bottle of Vinol for a weak, run-down, nervous condition and finds after giving it a fair trial it did not help her, will have her money returned.

You see, there is no guess work about Vinol. Its formula proves there is nothing like it for all weak, run-down, overworked, nervous men and women and for feeble old people and delicate children. Try it once and be convinced.

HITE DRUG CO., East Jordan

Why Women Suffer

BECAUSE you are a woman there is no need to suffer pain and annoyance which interfere with work, comfort and pleasure. When you suffer gain try PISO'S TABLETS—a valuable, healing local application with astringent and tonic effects. The name PISO established over 50 years guarantees fair treatment. Money refunded if not satisfied.

If you would be rid of Backaches, Headaches, Nervousness, Weariness as symptoms of the condition—a trial will convince.

PISO'S TABLETS
Sold Everywhere 50 Cents
Sample Mailed Free—address postcard
THE PISO COMPANY
500 Pico Bldg., Warren, Pa.

When a man tells a woman that he understands women he is at once classified as an easy mark.

An old bachelor says that some women marry for the purpose of obtaining a listener who can't get away.

How thoroughly a pretty woman does love to walk down the street with a homely one!

CUT THIS OUT—IT IS WORTH MONEY.

DON'T MISS THIS. Cut out this slip, enclose with 5c to Foley & Co., 2835 Sheffield Ave., Chicago, Ill., writing your name and address clearly. You will receive in return a trial package containing Foley's Honey and Tar Compound for coughs, colds and croup; Foley Kidney Pills and Foley Cathartic Tablets.—Hite's Drug Store.

LATH BOLTS Wanted At Once!

Must be not less than 5 in. diameter and 49 in. length. HEMLOCK, Spruce, Balsam and Cedar. Hemlock Bolts must be separate.

Will pay \$4.50 delivered at Mill B.

East Jordan Lumber Co.

Glass of Hot Water Before Breakfast a Splendid Habit

Open sluices of the system each morning and wash away the poisonous, stagnant matter.

Those of us who are accustomed to feel dull and heavy when we arise; splitting headache, stuffy from a cold, foul tongue, nasty breath, acid stomach, lame back, can, instead, both look and feel as fresh as a daisy always by washing the poisons and toxins from the body with phosphated hot water each morning.

We should drink, before breakfast, a glass of real hot water with a teaspoonful of limestone phosphate in it to flush from the stomach, liver, kidneys and ten yards of bowels the previous day's indigestible waste, sour bile and poisonous toxins; thus cleansing, sweetening and purifying the entire alimentary tract before putting more food into the stomach.

The action of limestone phosphate and hot water on an empty stomach is wonderfully invigorating. It cleans out all the sour fermentations, gases, waste and acidity and gives one a splendid appetite for breakfast and it is said to be but a little while until the roses begin to appear in the cheeks. A quarter pound of limestone phosphate will cost very little at the drug store, but is sufficient to make anyone who is bothered with biliousness, constipation, stomach trouble or rheumatism a real enthusiast on the subject of internal sanitation. Try it and you are assured that you will better and feel better in every shortly.

"EAT MORE POTATOES" URGES MR. PRESCOTT

FOOD ADMINISTRATOR APPEALS TO MICHIGAN PEOPLE TO HELP USE UP SURPLUS TUBERS.

BE LOYAL TO OUR FARMERS

"This is the Best Way You Can Show Your Patriotism at This Time," Prescott Tells Us.

Lansing—"Eat more potatoes and be sure they're Michigan grown." With that slogan, the United States Food Administration for Michigan has inaugurated a campaign to encourage the free marketing and consumption of the surplus potato stocks in the State. Food Administrator Prescott has enlisted the co-operation of all agencies of the potato trade, state and local authorities, various organizations, and the press. Similar campaigns are being held in every other section of this country and during the next few weeks the great potato crop of Michigan and America will be moved from producing centers to points of consumption as rapidly as the public will consume the delectable "spuds."

"To eat potatoes is the best kind of local, home grown patriotism," says Mr. Prescott. "The reason for a potato campaign in Michigan is that the food bins are heaped with potatoes as the answer of the farmer to last year's appeal for the bumper-war crops. The potato, grown through patriotism, should be eaten through patriotism. With so many other things scarce, potatoes, which are plentiful, should not go to waste. And they will go to waste if they are not eaten in the next few weeks."

"Potatoes are a strictly made-in-America product. They grow on this continent when the Mohawks and the Cherokees filled it with a tomahawk. They are the gift of America to Europe and Europe has gone us one better. England, France, Germany, Belgium have made the potato a naturalized citizen, while Ireland, God bless her, has almost made it a Patron Saint along with St. Patrick himself."

"In spite of its adoption in other countries, however, the potato proved it was a true American last year when the crops were called to the front for war service. It enlisted in the front ranks of the food forces, with the result that we have such a potato crop as was never known in this country. Europe does not need to share our potatoes. They are too bulky to ship at this time when ships must be saved for troops and for the more essential and concentrated foods. Therefore, the best form of patriotism is to eat our bumper crop and make it help save wheat."

"The situation, in brief, is this," continued Mr. Prescott. "We have not enough wheat for the Allies and ourselves. We have an abundance of potatoes and excess of 80,000,000 bushels over normal times. If we are to win this war the Allies must have wheat. The potato cannot quite come up to wheat in food value but it does come about as close to taking the place of wheat as any other food. Therefore by eating potatoes we can save wheat for the Allies."

"Michigan people should rally to the support of the potato, for it is a native of our State. When it is realized that the potato is one of the chief foods now sustaining Germany and that the other European countries are largely dependent upon it, its importance in the war may readily be seen."

"Americans first realized how important a part their daily food the potato played when last year a scarcity of this vegetable drove its price to prohibitive heights. The result of those sky high prices still has its effect this season. When the Spring came, everyone planted potatoes. The farmer was particularly urged to lay out his land in potatoes as a patriotic duty. Accordingly although the average yield per acre was not large, there was an abundance of potatoes produced which have not been sold."

"The farmer had to pay high prices for his seed. It was difficult to obtain labor for tending and digging the crop and what labor he did procure cost him two or three times as much as ordinarily. A large item of expense was the fertilizer which has advanced in price because the acids it contains are being used for munition making."

"As a result, many a potato farmer is not making as much as he did several years ago when potatoes retailed at 50¢ per bushel and less. They should certainly be encouraged to plant potatoes this year by consumption of the crop they have produced instead of having them rot in their barns, or left to be fed to the hogs."

"Although the potato is a native vegetable, the American per capita consumption is very low, averaging only about one-half that of Europe. This is probably largely due to the fact that bread has always been high priced abroad and low here. The present price of bread in this country will probably make the people turn more to potatoes."

"At a time when the world is so in need of food it would be criminal to waste anything so important as the potato. It becomes the plain duty of the people of Michigan and every other State to eat up their potatoes grown in response to a military necessity," concluded the Michigan food chief.

"A Great Net of Mercy drawn through an Ocean of Unspeakable Pain"
The American Red Cross

PUTTING HIS MONEY TO WORK

Contributed by Charles Dana Gibson.

THE HOPE OF THE WORLD

By HAROLD BELL WRIGHT.

THE hope of the world is not alone that the armies of humanity will be victorious, but that the spirit and purpose of our warfare will prevail in our victory. The hope of the world is in the Red Cross, because the Red Cross is voicing this spirit and purpose that must, through the force of our arms, triumph. Just to the degree that we can evidence this Red Cross spirit of mercy and brotherhood we will hold true in the dangerous hour of victory to the ideals that have forced us into the trenches in the defense of human rights and human liberty.

The one sane and saving thought in this delirium of death that now possesses the world is the Red Cross.

Wherever the storms of battle hell rage, amid the fires of ruthless destruction, in trench and camp and hospital, these soldiers of mercy with heroism unsurpassed are carrying the flag of the highest conceivable ideals of humanity. The ideals for which our armies have taken the field are, by these unarmed hosts, proclaimed to friend and foe, in that unmistakable language of universal mercy and brotherhood. In the terms of wasted towns rebuilt, of broken humanity salvaged, of dying children rescued, of desolate families succored, the Red Cross declares the cause for which we war and proclaims the principles and ideals that must and will in the end prevail. Above the thunder of the guns, the roar of exploding mines,

the crash of fallen cities and the cries of tortured humanity, the voice of the Red Cross carries clear and strong the one message of hope to our war-burdened world.

The black horror of this world's crisis would be unbearable were it not for the spirit and work of this mighty force. The normal mind refuses to contemplate the situation without this saving power.

It is the knowledge that in every city, town and hamlet, men, women and children are united in this work of declaring to the world, through the Red Cross, our message of mercy and brotherhood, that keeps our hearts from sinking under the burden of woe and sustains our faith in human kind. It is the constant daily, almost hourly touch with the Red Cross work that is felt by every citizen in the land, that inspires us with courage and hope.

Out of this hell of slaughter the Red Cross will guide the warring nations to a heaven of world-wide peace and brotherhood.

Because it is the living expression of those ideals and principles in defense of which we are giving our all in lives and material wealth—because on every field of death it is proclaiming its message of life—because it keeps ever before us and the world the cause for which we war—because it will preserve us in the hour of our victory from defeating ourselves—the Red Cross is the hope of the world.

THIS WOMAN SAVED FROM AN OPERATION

By taking Lydia E. Pinkham's Vegetable Compound, One of Thousands of Such Cases.

Black River Falls, Wis.—"As Lydia E. Pinkham's Vegetable Compound saved me from an operation; I cannot say enough in praise of it. I suffer from organic troubles and my side hurt me so I could hardly be up from my bed, and I was unable to do my housework. I had the best doctors in Eau Claire and they wanted me to have an operation, but Lydia E. Pinkham's Vegetable Compound cured me and I did not need the operation, and I am telling all my friends about it."—Mrs. A. W. BINZER, Black River Falls, Wis.

It is just such experiences as that of Mrs. Binzer that has made this famous root and herb remedy a household word from ocean to ocean. Any woman who suffers from inflammation, ulceration, displacements, backache, nervousness, irregularities or "the blues" should not rest until she has given it a trial, and for special advice write Lydia E. Pinkham's Medicine Co., Lynn, Mass.

THIS WIDOW WAS HELPED.
Mrs. A. Walden, 460 Glenn Ave., Fresno, Cal., writes: "I had a fever and it left me with a cough every winter. Foley's Honey and Tar helps me every time. I am a widow 66 years old." Nothing better for bronchial, grip and similar coughs and colds that hang on. Just fine for croup and whooping cough.—Hite's Drug Store.

No wonder some women look faded—they spend too much time casting withering glances at the men.

SHE GOT GOOD RESULTS.
This honest testimony from a woman who has suffered should be heeded by all afflicted with backache, rheumatic pains, or any symptom of kidney and bladder trouble: "I have got such good results from Foley Kidney Pills that I sleep much better." Mrs. Chas. Gray, 270 Sixth St., Detroit, Mich.—Hite's Drug Store.

DRUGS EXCITE YOUR KIDNEYS, USE SALTS

If your Back is aching or Bladder bothers, drink lots of water and eat less meat.

When your kidneys hurt and your back feels sore, don't get scared and proceed to load your stomach with a lot of drugs that excite the kidneys and irritate the entire urinary tract. Keep your kidneys clean like you keep your bowels clean, by flushing them with a mild, harmless salt which removes the body's poisonous waste and stimulates them to normal activity. The function of the kidneys is to filter the blood. In 24 hours they strain from it 600 grains of acid and waste, so we can readily understand the vital importance of keeping the kidneys active.

Drink lots of water—you can't drink too much; also get from any pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast each morning for a few days and your kidneys will act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate clogged kidneys; also to neutralize the acids in urine so it no longer is a source of irritation, thus ending bladder weakness.

Jad Salts is inexpensive; easnot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep their kidneys clean and active. Try this, also keep up the water drinking, and no doubt you will wonder what became of your kidney trouble and backache.

Briefs of the Week

Born to Mr. and Mrs. Orrin Bartlett, a son, May 7th.

Born to Mr. and Mrs. Thos. Green a daughter, recently.

Big line of dress and work Pants at the Company Store.

Born to Mr. and Mrs. Clayton L. Arnold, a daughter, May 6th.

Mrs. D. L. Wilson with children left Saturday for Cadillac to visit her sister.

Mrs. Selma Anderson of Charlevoix visited friends in the city over Sunday.

George Grennon of Detroit came Monday for a visit with relatives here.

Att'ys E. N. Clink and F. R. Williams were business visitors at Detroit this week.

Dep'ty Sheriff Cook was at Leeland on official business latter part of last week.

Miss Mary Lanway, who has been employed at Lansing, returned home Monday.

Roy Sherman and family left Thursday for a few days' visit at Traverse City and Luther.

Edward Vanderventer was taken to the Reycraft hospital at Petoskey, Thursday, to undergo an operation.

Mrs. J. F. Kenny returned home Tuesday from Lansing, after a few days' visit with her daughter, Miss Leonore.

Mrs. E. Flagg with son Robert, returned home from Boyne Falls, Saturday, where she has been teaching school the past two months.

Editor C. L. Lorraine has been seriously ill and confined to his home the past week. A complication of kidney and heart trouble is the cause.

Mrs. O. E. Sunstedt, who has been spending the winter with her son, Ellwyn, at Detroit, returned to her home here latter part of last week.

Mr. and Mrs. R. Jones, Don Farmer and Mrs. Button were at Petoskey Thursday to visit the latter's daughter, Mrs. James Palmiter, who is at a hospital there.

Mr. and Mrs. M. A. Lemieux with daughter Genevieve, who have been spending the winter at Flint where Mr. Lemieux is employed, returned to their home here, Tuesday.

The Charlevoix County W. C. T. U. Convention will be held in East Jordan at the Methodist Church on Tuesday, May 21st. An all day meeting with local and outside speakers. Look for program next week.

Colon C., two-year-old son of Mr. and Mrs. Robert Cook of South Arm township, passed away at the home of his parents last Friday. Funeral services were held from the Methodist Church, Saturday afternoon, conducted by the pastor, Rev. Hoyt. Interment at East Jordan Cemetery.

Mr. and Mrs. M. H. Robertson, returned home first of the week for the summer. They have been spending the winter principally in California although Mr. Robertsons work took him into every state west of the Rockies, except Nevada. He expects to leave again next week on a month's business trip and then plans to spend the summer months at home.

Good tapary Shoes for \$5.00 at the Company Store.

On account of the lack of organization of the committee for the Council of National Defense the registration of the women in several counties had to be post-poned. In several counties they lacked registration cards and in several others they lacked trained workers. As soon as possible the State Committee will send a representative to Charlevoix County to train the registrars. At that time every woman will be given an opportunity to line up with Uncle Sam.

Nice line of Men's Raincoats at the Company Store.

Miss Bernice McGowan is reported ill.

J. Leahy, the Optometrist will be here again May 21.

The Company Store has a dandy line of Men's Dress Shirts.

Jos. H. Maddock of Mackey, Idaho, is visiting relatives in our city.

A new line of Georgette Waists just arrived at M. E. Ashley & Co's.

Mr. and Mrs. Will LaValley returned home first of the week from Flint.

Mrs. Catherine Gidley left Tuesday for a visit with relatives at Lansing.

Mrs. Anna Bulow has returned home from her visit with relatives at Detroit.

Thos. Whitford is home from Flint for a two week's visit with his family here.

Mr. and Mrs. F. J. Gruber moved last week to their summer home in Cherryvale.

Supt. Geo. B. Crawford is in the southern part of the state this week on business.

Methodist Sunday School will serve a Cafeteria Supper, Tuesday next in the church basement.

Hugh Whitford and Clinton Sedgeman went to Deward Thursday, where they have employment.

Bert Donaldson and family moved this week to the Ransom Jones residence on the West Side.

Ed. Alexander and family are moving here from Alba, where they have been located for some time.

Mrs. James Palmiter was taken to a Petoskey hospital last Friday to undergo an operation for appendicitis.

Mr. and Mrs. E. L. Burdick and Rev. and Mrs. M. E. Hoyt were Petoskey and Harbor Springs visitors, Tuesday.

Mr. and Mrs. H. C. Blount now occupy the residence on Second St., formerly occupied by Dr. Vardon and family.

Denzil Wilson and Miss Gladys Thompson, Earl Wilson and Miss Eva Taylor, all of Echo township, were united in marriage by Rev. M. E. Hoyt at the parsonage, Thursday, May 2nd.

Mr. and Mrs. Milo Fay have been receiving a visit from the former's niece, and husband, Mr. and Mrs. Harry Chambers of Utah. They left Monday for their home. Mr. and Mrs. Erwin Hiatt accompanied them as far as Frederic.

Mrs. John O'Dell, who was taken to a Petoskey hospital for treatment, passed away in that city, Tuesday. The remains were brought to her late home here on Bowen's Addition and funeral services will probably be held this Friday.

Major M. W. Dicken and wife are here on a few days' combined business and pleasure trip. "Hugh" was recently advanced a notch in the military machine—from captain to major, and the many friends here are congratulating him on his success in the medical branch of Uncle Sam's army. He is stationed at Camp Sherman, Ohio.

Men's White Shoes at the Company's Store.

All persons indebted to me are requested to call at once at my residence or at the People's State Savings Bank and settle the account.—C. C. MACK.

Arrow Collars for 15c at Company Store.

Rooms for Rent, with Lights and Water.—Harry Simmons.

FOR SALE—150 acres Antrim county cut-over land. A bargain if you talk quick. GRIEF BROS. COOPERAGE CO., Cleveland, Ohio.

HOUSE for RENT—Six-room residence on Bowen's Addition. Good garden spot. Some fruit trees. Address, Jacob Robert, East Jordan, Mich.

All persons having repair work in our possession are requested to call at once at the People's State Savings Bank where they can secure same.—C. C. MACK.

FOR SALE—Buildings on East Jordan Cooperage Company property. Also ground.—GRIEF BROS COOPERAGE CO., Cleveland, Ohio.

Friday evening cottage meeting.

SUGAR FOR HOUSEWIVES

FOOD ADMINISTRATION PROMISES SUFFICIENT SUPPLY FOR CANNING SEASON.

Essential Food Products Will Be Provided for in Sugar Allotment—No Change in Price.

Lansing—Michigan housewives and manufacturers of essential food products will be able to procure sufficient sugar for their needs during the approaching fruit and vegetable canning season, it was announced by Federal Food Administrator George A. Prescott, following a telegram from the United States Food Administration at Washington, dealing with the subject. Packers of condensed milk, fruits, and such vegetables as need sugar for their preservation, will also be supplied with sufficient sugar to insure normal output, it was announced. Some apprehension had been felt by the canners and preservers of these commodities because of the sugar shortage of the past few months.

In its telegram to Federal Food Administrator Prescott the Food Administration said:

"Regarding sugar supplies for the manufacturers of essential food products and appreciating the necessity of such production and preservation of food supplies as well as reflecting the policy of the Food Administration as bearing on collateral industries, such as manufacturers of essential food products are hereby advised that they will be able to obtain their necessary requirements of sugar for the coming season. This applies to packers of fruit, condensed milk and vegetables needing sugar for preservation purposes and to housewives canning their own products. When our shortage is alleviated supplies of sugar will be available for all necessary preservation purposes. Sugar shipments from Cuba are steadily increasing."

The above ruling does not open the door to an increased supply of sugar or confection manufacturing, which is classed as a non-essential. Confectioners now get 80 per cent of their normal requirements.

What Will Win!

What will win the war? What will give America the victory she is fighting for?

- McAfee says money will win.
- Hoover says food will win.
- Garfield says coal will win.
- Schwab says labor will win.
- Daniels says warships will win.
- The President says the farmers will win.
- Hurley says transports will win.
- Aviators say airplanes will win.

All and more are necessary, but all of these and all the people of the nation must pull together in one strong pull for victory.

The people in all lines of activity will win the war by co-operation of all the vast resources of the country—by the united, patriotic and unselfish energy of a great nation.

There will be honor enough for all.—Philadelphia Telegraph.

HOME GUARDS.

"I haven't seen your husband for several days," remarked Mrs. Turpentine. "Is he out of town?"

"No, he's in the house," replied Mrs. Curfew, "but his head is badly dented and bruised, and he is threatened with nervous prostration, and I won't allow him to leave the premises until he is more like himself."

"I'm sure I don't know what's going to become of Mr. Curfew unless he can get rid of some of his patriotism. I'm glad to have a husband who is willing and anxious to make sacrifices for his country, but I can't help thinking that even patriotism may be carried too far."

"My husband has been trying to enlist ever since diplomatic relations with Germany were broken off, but the officials won't accept him. They take one look at his flowing white whiskers and advise him to get a plush-lined rocking chair and a pair of carpet slippers, and spend his declining years by the fireside. One sergeant or corporal or other enlisting officer said the country was trying to organize an army, not an octogenarians' club, and Mr. Curfew was boiling mad."

"Finally, seeing that he couldn't break into the army, he decided to organize a regiment of home guards to police the town when the abled young men are called away. He went around and interviewed a lot of the patriarchs in the neighborhood, and they all said it would be a fine thing, and they would be glad to take part."

"Mr. Curfew elected himself colonel or brigadier general or something. He felt that he was entitled to the commanding position, as the idea was his own, and the old men admitted that it was fair, and so the other evening they assembled for a drill on Johnson's vacant lot across the alley. Mr. Curfew had dug up a sword and a big brass helmet with a plume on it, and he had a red sash around his waist and large spurs on his boots, and when he walked he clanked like a bag of nails."

"He certainly was an imposing figure when he went out of the house in all his martial array, and I was proud of his appearance, although I feared the worst, for I didn't believe the old men of his brigade would stand it to be bossed around. I knew most of them personally, and they are a cantankerous lot, and their wives can't get along with them."

"My husband shouted some order and some of the men obeyed and others just stood around grinning. Mr. Gooseworthy said there was no sense in such an order and that it was contrary to all military rules and the ethics of West Point, or words to that effect."

"My husband reprimanded him severely, which was perfectly proper, for if the commanding officer of a home guard can't maintain discipline there is going to be anarchy. Mr. Gooseworthy said he'd be everlastingly drawn and quartered if he'd be spoken to in that tone of voice by anybody, and he picked up a chunk of vitrified brick and threw it at my husband."

"It struck his brass helmet and jammed it down over his ears, so that we had to get the blacksmith to pry it off. Meanwhile all the members of the home guard indulged in a riot, some supporting my husband and some backing Mr. Gooseworthy, and they were all banged up more or less, but most of the bricks and things hit my husband, for he was where the weapons were thickest, as he always is, and I really don't want the neighbors to see him until his head is healed up."

Paradox—a man is always thrown on his own resources when he hasn't any

Special One Week Shoe Economy Event!

Starting Friday Morning May 10th and will last for just one week.

OUR SHOE DEPARTMENT IS VERY COMPLETE and to introduce you to the newest styles in Men's, Ladies', Misses and Children's Shoes and Slippers, we are going to offer you extraordinary bargains for just one week.
