## A GRAND PATRIOTIC AND EDUCATIONAL EVENT

CHARLEVOIX COUNTY FAIR OFFERS EXCEPTIONAL FEATURES IN EDUCATION AND AMUSEMENTS.

### Night Fair a New Feature

The grounds of the Charlevoix County Agricultural Society of East Jordan have been wired for electricity and night fair will be held on the grounds the evenings of Wednesday, Thursday and Friday, Sept. 18th to the 20th. All the buildings on the grounds have been wired and lights provided for which will make the buildings as light as day and will give those who are unable to attend the fair in the day time and those who are looking for entertainment in the evening an opportunity to have an unusually good time.

The grounds will have a string of lights extending from the gate to the horse barn and from the floral hall up through the midway past the grandstand. The wiring specifications call for a string of ten lights every one hundred feet and these lights together with the lights on the buildings and the grandstand brilliantly lighted will make the East Jordan grounds the best lighted fair grounds in the State of Michigan.

Each night of the fair there will be a band concert; an hour of free acts; and a grand fireworks display to close the evenings fun. On the midway there will be a merry-go-round; a big bowery dance conducted by the Red Cross together with a number of tent shows; shooting gallery; automatic baseball game, novelty concessions and the usual line of midway attractions. The midway this year will be better than it has been in years and there will be something of interest for every person who attends the Fair.

Night Fair is something new in Northern Michigan but it has been a great success in the Southern part of the State and in other States for years and the management has no doubt but that it will be a great success here.

### Educational Features

Among the educational features provided by the management of the Charlevoix County Fair are the following: Experts from among the County Agricultural Agents of Northern Michigan and direct from M. A. C. have been

secured to judge entries in all departments including needlework, baking and canned goods.

At least three different tractors will demonstrate their value to the farmer by doing actual work on sandy and hilly ground.

The cattle barn will be full of registered cattle from stock farms in Charlevoix, Antrim and Emmet counties. This will be without doubt the best exhibit of registered cattle ever held in Charlevoix County.

Talks by experts on the care and feeding of stock; on the feeding and breeding of poultry and on fruit raising and the raising of horticultural products and on many other farm subjects.

The war garden and war canning clubs will have an unusually fine exhibit at the grange hall which has been purchased by the Fair Association and on each day and evening of the Fair in this same building canning demonstrations will be held including contests between nine war canning clubs from Charlevoix County.

Butter fat contest will be held again this year, milking and milk testing to be under the supervision of Mr. Smith the County Agent. Various Charlevoix County boys will give milk testing demonstrations, day and time to be announced later.

### The Red Cross

Those attending the Charlevoix County Fair are urged not to forget that the ladies of the Red Cross have charge of the dining hall on the fair grounds again this year and that they will serve dinner and supper at the dining hall on Wednesday, Thursday and Friday.

The Red Cross ladies had charge of the dining hall last year and served very good meals there at a reasonable price and deserve a good patronage again this year.

The Red Cross will also have charge of a bowery dance on the fair grounds and for this dance have arranged for a floor 32 by 80 ft. This floor will be covered and the dance will go on rain or shine. Real dance music is being provided for by the committee in charge. This will be an excellent opportunity for old and young to forget their troubles in having a roaring good time. There will be dancing in the building on each afternoon and evening of the Fair.

## War Workers Rally Day

Wednesday, Sept. 18th, is War Workers Rally Day at the Charlevoix County Fair. The management of the fair believes that this year the Fair should abound with patriotic and educational features and with this in view have arranged for one day which will be given over to patriotic features. On this day the biggest parade which has ever been held in Northern Michigan will be reviewed from the grand stand on the grounds from one to two p. m. and every float in the parade will represent some feature of the present war or of the wars in which the United States has formerly been engaged. The parade has forty-three sections and will be at least one mile long. Premiums in the shape of war savings stamps are offered for the best five floats and war workers from all sections of the County are preparing these floats.

An outline of the parade is given in another article in this paper and the perusal of this article will give an idea of the patriotic inspiration which will be obtained by all who witness the parade and will convince all that Miss May Stewart who has had charge of organizing the parade has given the subject careful consideration and has provided an inspiring patriotic spectacle.

Immediately after the parade a patriotic address will be given from a platform in front of the grandstand by an eminent orator. The management has asked for one of three men who have gained remarkable reputations as patriotic orators and is now awaiting word from Mr. Mark McKee as to which man will be with us to give the address. We can at this time assure the public that the man who gives this address will be an orator of note and that the address will be strictly along patriotic lines and entirely free from politics. After this address will come the usual fair program the features of which are announced in other articles in this paper.

### War Worker's Parade Wednesday, Sept. 18th.

A loyal American Kaiser-bucking Agricultural Society decided that the only thing which could justify a County Fair would be to make that Fair help to win the war. Hence a Win the War Parade has been compounded and will be exposed to view at noon on Wednesday—War Worker's Day.

Long have we waited for a parade of this type. Long have our superior committees in war work urged that we get the people out, that we use publicity in every form but we heeded not. To be sure we have quietly made every quota but do our hearts beat in unison, do we do it with a zip and a bang, and do we know that each time, we have stored up enough enthusiasm to carry over full tide for a next and larger quota? To be sure our hearts are bleeding but are we smiling and with fists doubled do we fight together? Sure! Then get out to the War Parade to view together the assemblage of all war activities of our county.

Our big southern cities of Battle Creek, Bay City, Detroit, Chicago Lansing and Grand Rapids, have in recent drives gained lasting good reputations by the type of war pageants which they have produced. Even as late as July 4th, a few of our superior war offices hoped to have state wide pageants for demonstrative patriotic work, but heeded not, and neither have we slept. Loyal to the core and having done all we could in the past, we are now ready when it seems that it may be necessary, to arouse ourselves from our apparent lethargy, and reveal to the counties about us that our organizations are both complete and resourceful.

Be sure to come to the Fair grounds on this day to see Old Glory leading the parade in the case of the Boyne City Marine Band, to see the Grand Trio of Uncle Sam, the Goddess of Liberty, and Columbia, to see our

Veterans of the Civil War, our Woman's Relief Corps, and their beautiful flags of the Red, White and Blue, to see our glorious picture float, the "Union of the Blue and the Gray, the Khaki." You will see following this picture float all the mothers of this county with sons in the service, each with her service flag, each camouflaging with a smile her sacrifice. You will see the most popular of all southern floats during the past year "The Spirit of '76" complete in every detail, historical and artistic. Chairmen are already busy portraying in every bit of local color America, Michigan, the British Isles, Canada, France, Italy, Cuba and Hawaii, Russia, China and Japan, Bleeding Belgium and Suffering Serbia, and our Navy. Every country is a separate float and each has its own story told in its own way. You can't afford to miss it. You will have to come.

But wait, we are not thru yet. Sometime in your dreams in the far distant past you have pictured warfare as merely the struggle of bayonets in the heat of battle. We now realize that while this is the most pathetic side of war, it is by no means all, and yet in "vacant or in pensive mood," your old dreams come to you. We want to give you a positive substitute for these old time dreams of yours, and in picturing the great home forces we want you to feel that in being present you are one of the soldiers at home in the scenes behind the battle line. Floats are under construction representing the Fourth Liberty Loan, W. S. S., Red Cross Service, Junior Red Cross Service, Y. M. C. A., K. C., Fuel Conservation, Food Conservation, Munitions, Canning Clubs, War Gardens, Working Boy's Reserve, Smileage Clubs, the Home Guard (Our Public School), Four Minute Men, Junior Four Minute Men, Granaries of the West, War Suffrage, Campfire Girls, Boy Scouts, and any voluntary floats which you or your friends may wish to add to our list.

Wouldn't the Kaiser quiver at sight of so splendid an array of forces in the opposition? Well, he shall have to quiver, for properly chained and guarded, he shall be forced somewhere in the rear to witness all of our achievements, and then after the awarding of the prizes, he shall in front of the grandstand be properly executed. The committee in charge assures us that they have a tough enough specimen to answer the purpose and that we shall not be at all disappointed in this pleasure.

All hail to Michigan leading in all patriotic movements! All hail Charlevoix County in her year's work. Above is the year's summary. Do you plan on being present?

### Farmers' Day Sept. 20th

Friday, Sept. 20th, is Farmer's Day at the Charlevoix County Fair and on this day an agricultural expert will deliver an address in the afternoon. This speaker is being secured by Mr. Smith, the Charlevoix County Agricultural Agent, and he assures us that he will have a man to deliver this address who will have a message for the farmers of Northern Michigan.

In addition to the principal address there will be addresses on this day and all days of the fair by men who are expert in some branch of farm work. These addresses will be of educational value to all farmers.

In addition to these features and to the regular program at some time during the day or evening one of the Jackie Bands will give a band concert on the fair grounds. Along with this band there will be a drill squad of nine men who will give an exhibition and three speakers for the Fourth Liberty Loan will give addresses.

Friday night is the last night of the Fair and Friday evening will be given over to band concerts; fun on the midway and a spectacular fireworks display to wind up the Fair. Friday gives promise to be the biggest day of the Fair.

## THE MIDWAY SCHOOL DAY

The Charlevoix County Fair will not be given over exclusively to educational and patriotic features but will have many opportunities for good wholesome fun. The outlook at the present time is for a midway complete in every feature. There will be an up-to-date merry-go-round for children from the ages of two years to eighty years; a shooting gallery for the crack shot; high striker for the strong man; the Kaiser and his six simps for the athlete; side shows attractions including an electric show running afternoon and evening; novelty concessions, hoopla, clothespin, dart gallery and all the other usual midway attractions.

One of the features of the midway this year will be a big bowery dance under the charge of the Red Cross. The floor is being constructed and when completed will be 32 feet wide by 80 feet long. The floor will be under cover and dancing will go on day and night rain or shine. The music will be that good old country dance music with which our fathers relieved the monotony of the pioneer days and the dance will afford an opportunity for young and old to forget their trials and sorrows and will make many a man and woman young again in spirit if not in years.

Don't forget that the Charlevoix County Fair, always a good Fair, will be better by far this year than ever before.

### THE PEOPLE DEMAND AMUSEMENTS

The fair is justified also in its amusement features as it is one-way of keeping up the morale of the country. To many people in Northern Michigan the Fair is practically the only amusement which they have during the year. Families look forward to the annual county fair as a County re-union and a place to which they can go to have a good time, receive information and meet their old friends.

We are going to win the war and one way to do this more quickly is for us to keep up our courage and always present a smiling face to the world. The Charlevoix County Fair will help many people to do this and we believe that it would have been a big mistake had the management through mistaken patriotic reasons decided not to hold a fair this year.

You can take a day off and attend the fair with a clear conscience knowing that the U. S. government realizes the value of agricultural fairs and has done many things to encourage them.

### COUNTY AGENT'S NOTES

Mr. L. W. Oviatt will speak to the Farmers and Business Men of Charlevoix County on Farmer's Day along the lines of Agricultural possibilities of Charlevoix County.

Arrangements are being made for a Tractor Demonstration between the Fordson, Moline and Cleveland Tractors.

Mr. Robt. Loree, of the M. A. C. will act on judging of fruits and vegetables. Mr. Willard Cribbs, County Agent of Antrim County will assist him.

A milk testing demonstration will be given by a class of boys from the Agricultural Department of the East Jordan and Boyne City High Schools. There will also be a demonstration of treatment of wheat and rye for smut.

The boy's and girl's clubs throughout the County will have a large exhibit of vegetables and canned products of all kinds.

There will be canning demonstrations by the different canning teams in the county, morning, afternoon and evening.

The ladies who want to learn how to can vegetables will be very welcome at the boy's and girl's club headquarters.

We will have one of our State Leaders with us to do the judging and also to give you any information wanted.

Come and see what the boys and girls are doing for their country.

School Day at the Charlevoix County Fair is always one of the biggest days of the fair and this year more educational features have been provided by the fair management than ever before. In the afternoon an address to school children and patrons will be given by Rev. H. R. Pattengill of Lansing. Mr. Pattengill has devoted a life time to educational work and there is no one in the State of Michigan better qualified to speak on educational subjects than Mr. Pattengill. A great many people in this section of the country have heard Mr. Pattengill speak and will be glad of the opportunity presented to hear him again.

Miss May Stewart, the County School Commissioner, has provided for this day many other educational features among these being the contest between the Junior Four Minute Men of the County and an old fashioned spelling down contest. The participants in this spelling down contest will be the township winners of contests which were held all over the county last winter and the winner of the contest at the fair will be the undisputed champion of the County.

An entire building is used by the Schools of the County for their exhibits and this year competition between the schools will be unusually keen. Last year for the first time in its history the Public Schools of East Jordan succeeded in winning the first place and this year will attempt to maintain their newly acquired position while the Public Schools of Boyne City are making an extraordinary effort to win back their old position at the head and Charlevoix Public Schools are taking much more interest in their exhibits at the fair than has been the case in other years and may be the dark horse which will blast the hopes of East Jordan and Boyne City.

The judges of school work have been secured from educational workers outside the County assuring absolute fairness. These features on Thursday alone are worth coming miles to see and hear and they together with the regular program will insure a day of enjoyment to all who attend the Fair.

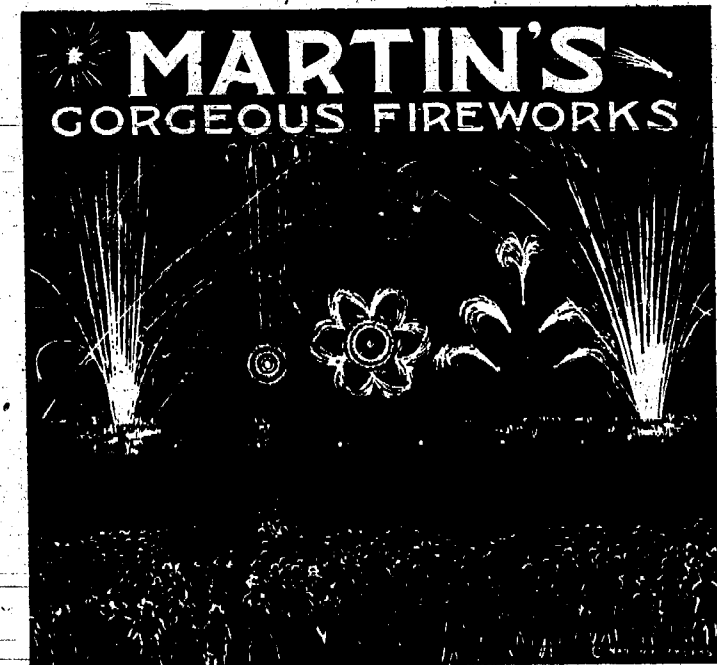

### FARMERS SHOW INTEREST

Unusual interest is being displayed in the Charlevoix County Fair among the agricultural and horticultural men of the county, and at this time the Fair management feels safe in announcing that exhibits in all departments will fair surpass any exhibits of previous fairs and exhibits this year will be representative of the entire county.

Mr. Smith, Charlevoix County Agricultural Agent, has been making a list of farmers in all sections of the county who have good stock or produce to exhibit and the fair association is making arrangements through him to bring by truck to the fair grounds various articles and stock from the remoter parts of the county. There is more real enthusiasm among the exhibitors in the County this year than there has ever been before as these people realize that an agricultural fair at this time is justified only in that it will prove an incentive to better farm methods with resulting larger crops and in that its educational and patriotic features are in inspiration to more and better work on the part of the agriculturalists of the County.

### NOTED EDITOR TO SPEAK

The management of the Charlevoix County Fair take pleasure in announcing that Mr. A. P. Johnson, Editor of the Grand Rapids News, will be the speaker on patriotic day, Wednesday, Sept. 18th. Mr. Johnson is well-known through his paper, to people in Northern Michigan and his patriotism is undoubted. Mr. Johnson's brother was killed in France while serving in the U. S. Army and the Fair management is certain that a patriotic message of real value will be given by Mr. Johnson to all people who are fortunate enough to hear him at the Fair.

**New Conservation Program Announced  
By Food Administrator Herbert Hoover**

United States to Go on Same Basis of Flour Consumption as Allies—  
"50-50" Combination Sale Order Superseded by New Arrangement—20  
Per Cent Cereal Substitutes to be Mixed with Wheat Flour for Use in  
Homes, Eating-houses, and Bakeries—List of Substitutes is Quoted—  
Many Old Rules Revised or Rescinded—Effective September 1.

The recent careful survey by the Food Administrators of the United States, France, England and Italy of the food resources of the 200,000,000 people fighting against Germany, shows that, to maintain enough supplies and necessary reserves against disaster, there must be maintained in all countries a conservation of wheat flour during the coming year.

It has been agreed that the wheat bread of the Allies shall contain 20 per cent of other grains than wheat, and it is only just that we should bear our share in this saving and that our bread at least should be universal with those who are suffering more greatly from the war than ourselves.

Distribution and transportation circumstances in the United States render it necessary to rely very largely on the voluntary action of our homes to enforce this mixture. The "Victory Bread" so made is wholesome and there is no difficulty in preparation. We desire to emphasize the fact that the mixtures outlined below are for wheat bread and the saving of wheat flour, but they are not intended to displace the large use of corn bread. We must use the mixture with wheat flour in addition to our normal consumption of corn bread.

For this purpose, regulations are formulated below, effective September 1, providing first, for the preparation and marketing by the manufacturing and distributing trades of the country of a mixed flour complying with the international policy, which will be available for purchase by the household; second, in regulations covering the case where straight wheat flour is sold by retailers, that at the same time 20 per cent of other cereal flours must be sold coincidentally; third, requiring that all bakers' bread shall contain 20 per cent of other cereals, and the Food Administration relies upon the householders of the country to mix at least 20 per cent of the substitute cereals into the wheat flour at home for all uses. Corn meal for the use of corn bread should be purchased separately from combination sales.

Ready Mixed Flour For Sale As "Victory Mixed Flour."

It is desired to insure a supply of ready mixed flours on the market, and to have millers and dealers of all kinds encourage the use and sale of this flour so that the country may be on a mixed flour basis without the necessity of retailers' making combination sales of flour and substitutes.

All such mixed flours made according to the following regulations should be labeled "Victory Mixed Flour," and are to be labeled with the ingredients in order of their proportion. The flours so mixed must be milled in accordance with the standards of the United States Food Administration. No "Mixed Flours" (except panofake flours) shall be made or manufactured except in the exact proportions as outlined below:

Mixed Wheat and Barley Flour shall be in the proportion of four pounds of wheat flour to one pound of barley flour.

Mixed Wheat and Corn Flour shall contain the proportion of four pounds of wheat flour to one pound of corn flour.

Mixed Wheat, Barley and Corn Flour shall contain the proportions of eight pounds wheat flour to one pound barley and one pound corn flour.

Mixed Wheat and Rye Flour shall contain the proportion of three pounds of wheat flour and not less than two pounds of rye flour.

Whole Wheat, Entire Wheat, or Graham Flour or Meal shall contain at least 95 per cent of the wheat berry.

All the above "Victory Flours" may be sold without substitutes, but at no greater price from the miller, wholesaler or retail dealer than in the case of standard wheat flour.

Retail Sale of Standard Wheat Flour. The new regulations supersede the 50-50 rule. The retail dealer selling standard wheat flour is required to carry in stock either barley flour, corn meal or corn flour, and with every sale of wheat flour must sell a combination of some one or more of these in the proportion of one pound of substitute to each four pounds of wheat flour. No dealer may force any other substitutes in combination upon the consumer, and these substitutes must conform to the standards fixed by the United States Food Administration.

The foregoing rules apply to all custom and exchange transactions as well as sales of flour to farmers unless modified by special announcement of the Federal Food Administrator of the state where the mill is located, acting with the approval of the Zone Committee.

**BAKERS.** In compliance with the general situation above, the following alterations are made in the rules and regulations governing the baking trade:  
Rule 1-A. The consumption of wheat flour in bakery products not to exceed 20 per cent of the 1917 consumption is hereby rescinded.

Rule 2-A. Wheat flour substitutes for bakers remain as heretofore with the exception of rye, which will be a substitute when used upon a basis of not less than 40 per cent, which is two pounds of rye flour to every three pounds of standard wheat flour. When

**REVISE OF NEW WHEAT RULES  
EFFECTIVE SEPTEMBER 1.**

20 Per Cent Substitute.

All wheatless days and meals for America are abolished, but all bread used in this country must correspond to the bread to be used abroad. It must not exceed 20 per cent wheat.

It has been agreed that the wheat bread of the Allies shall contain 20 per cent grain of other than wheat, and it is only just that we should bear our share in this saving and that our bread at least should be universal with those who are suffering more greatly from the war than ourselves.

Exact proportions for mixing "victory flour" are given:  
Four pounds of wheat flour to one pound of barley.

Four pounds of wheat flour to one pound of corn flour.

Eight pounds of wheat flour to one pound of barley flour and one pound of corn flour.

Three pounds of wheat flour to not less than two pounds of rye flour.

Whole wheat, entire wheat or graham flour or meal must contain at least 95 per cent of the wheat berry. Dealers may sell these flours without accompanying substitutes, but where straight wheat flour is sold twenty per cent substitutes must be sold coincidentally.

Rule on wheat flour and substitutes is abolished. Baker's bread must contain at least 20 per cent of substitutes. The food administration relies on the women of the country who make their own bread to see that the substitutes are mixed in at least as heavy a proportion as the administration has ordered in the case of "victory flours."

Corn meal for corn bread should be purchased separately, as its purchase with wheat flour would disturb the proportions of substitutes which the administration prescribes.

**Special Substitutes.**  
If the consumer objects to the use of barley or corn flours as a substitute with wheat flour, the dealer may substitute, at the rate of one pound with every four pounds of straight wheat flour, feterita flour or meal, rice, oats, kafir, mijo peanut, bean, potato, sweet potato flour.

Pure rye flour or meal may be substituted in the proportion of two pounds of rye with three pounds of wheat. These rules are also applied to custom and exchange transactions between the mills and the farmer.

Restrictions of bakers to 70 per cent of their 1917 wheat consumption is rescinded but they must follow the mixing orders, except that in crackers only 10 per cent of substitutes other than rye flour are required. Bakers and dealers will be permitted to carry a 60-days' supply of flour, instead of a thirty day as is now the rule, and the rules restricting the amount of sales are cancelled, except as the new order requires the accompanying substitutes.

Rye is used in this proportion or a greater proportion, no other substitutes are required. If less than this proportion of rye flour is used the difference between such amount used and 40 per cent must be made up of other substitutes.

Rule 3-A. Bakers will be required to use one pound of substitutes to each four pounds of wheat flour in all bakery products including bread, except Class 3a-Crackers, in which only 10 per cent of substitutes other than rye are required.

The use of the name "Victory" will be allowed in all products containing the above proportions of substitutes. Revisions of Previous Rules.

The previous rules limiting licenses, millers, wholesalers, retailers, and bakers to thirty days' supply of flour will be changed to permit a sixty days' supply.

The rules limiting sales by retailers of wheat flour to an eighth of a barrel in cities and quarter of a barrel in sparsely settled districts are rescinded.

The rule limiting the sale of flour by millers to wholesalers, or wholesalers to retailers in combination with substitutes or certificates therefore, and the rule restricting the sale of 70 per cent of previous sales, are rescinded.

Manufacturers of alimentary pastes and wheat breakfast foods are limited to their normal consumption of wheat or wheat flour with the understanding that they are not to unduly expand their ordinary consumption of wheat.

Rules prohibiting the starting of new plants ready for operation prior to July 1, 1918, are rescinded.

Where millers sell directly to consumers they shall obey the same regulations as retail store dealers. Wheatless days and wheatless meals are discontinued.

Nothing in these regulations is to be construed to mean that there has been any setting aside or changing of the Pure Food Laws as promulgated by the Bureau of Chemistry, Department of Agriculture, or the Internal Revenue Law as administered by the Internal Revenue Commissioner, which requirements must be conformed to by manufacturers and dealers in all cases.

**WAR OF SERVICE  
AS WELL AS MEN**

Italian Editor Visiting in This Country  
Speaks of the World Food Situation.

Crisis is Passed But Storehouses Must Be Filled For The Future Safety of Our Allies.

Washington, Sept. 5.—One of the Italian editors visiting this country said: "We are not here in the service of Italy. We are not here in the service of the United States. We are here in that greatest of all services, the service which ennobles all who engage in it—the service of mankind."

It is this service, the service of mankind, that is demanding the conservation and fair distribution of our foodstuffs.

A crisis has been successfully passed. Due to the awakening of her collective conscience, America last year saved enough wheat to share her breadstuffs with Europe and tide over her own supply until the present abundant harvest.

These past months of conservation, discipline will enable her to keep below the pre-war consumption of wheat until her storehouses are again filled and a surplus built up for her own and friendly Europe's future protection.

Because the light-weight cattle are now moving so rapidly to market; due largely to the extreme drought in the south-west, the American people are now being urged to demand meat from the lighter weight animals, those that dress below 475 pounds. This will relieve the drain on the heavier beef needed abroad and will help producers.

The present sugar allotment of two pounds per person per month still gives us half a pound more than France's ration and a pound more than Italy's. Fair play demands that we keep within this amount in order to share with them.

This war cannot be won without a sympathetic distribution of food. Selfishness and individual taste must be forgotten in the broader service of mankind.

Mrs. Etta Dorion, of Ogdensburg, Wis., says:

"I suffered from female troubles which caused piercing pains like a knife through my back and side. I finally lost all my strength so I had to go to bed. The doctor advised an operation but I would not listen to it. I thought of what I had read about Lydia E. Pinkham's Vegetable Compound and tried it. The first bottle brought great relief and six bottles have entirely cured me. All women who have female trouble of any kind should try Lydia E. Pinkham's Vegetable Compound."

My mother, who had been helped by Lydia E. Pinkham's Vegetable Compound, advised me to try it before submitting to an operation. It relieved me from my troubles so I can do my house work without any difficulty. I advise any woman who is afflicted with female troubles to give Lydia E. ## RETURN TO SIMPLE LIFE

Those Not Willing to Deprive Themselves of Some Comforts Ungrateful for What Boys "Over There" Are Doing for Us.

By JAMES W. GERARD,  
Former Ambassador to Germany.

In the days before the war it often seemed to me that the immigrant who came here with practically nothing and who left an education and often a competence to his children lived as all men should live. He worked hard and well and saved his money. Then as his circumstances permitted he placed his family in comfortable surroundings. Often he got hold of a little piece of ground and raised a part of his food supply. Such men as these told me often that American life presented very few difficulties to a man who wanted to become wealthy through his own efforts.

Of course these people did not have the things that many of their neighbors thought vitally necessary. There was no show, no ostentation, nothing merely to impress their associates and neighbors. And after all man is a simple being. His wants are few, once he gets out of an artificial point of view.

Return to Simple Living. Since the war has come with its necessity of curtailed expenditure many persons and families are approaching the state of simple living. They are being vastly benefited. A mental and spiritual betterment comes with simple living and thinking. There is also a great gain in resource. No man need ever fear that he will become miserly through the practice of thrift. Thrift simply means using the right things for the right purpose and putting aside the surplus.

If the war has done nothing else it has at least taught to many persons the value of thrift. The human mind is prone to attach labels to things. Because a thing is done it is done more and more. Once the individual gives thought to life and living he sees how senseless and unnecessary are some of the practices to which he thought he was committed for the rest of his life. Too many people in America are living beyond their means in order to vie with some richer neighbor. Why risk your children's future and education through a silly imitation induced by false pride?

To do anything well is a fine training for any man or woman. The practice of thrift is only the utilizing in the most scientific and exact ways of an individual's resources. It is character building and makes of man almost the master of his destiny.

Prove Superiority to Hun. The situation of the world at the present time says to civilized man: Prove that you are fitted to survive the Hun; prove that you are superior to the Hun; prove that you are worthy of being preserved. For a wasteful use of materials at the present time is a crime against civilization. The war cannot be won unless the nation and the individual practice the most exact thrift. If we as a race cannot do this we are not fit to be the dominant factors in the world. We can and we will. The Hun and the state of affairs brought about by him are a challenge to our civilization. We accept the challenge and we will win the victory.

We could not do less. Our own countrymen and our brothers in arms are living in the midst of the greatest danger abroad. They are subsisting only on the vitally necessary foods and their general situation is lacking in comforts. We will deprive ourselves of some of our own abundant comfort that they may have the necessities of life. We must not prove ungrateful for what they are doing for us. We do not wish to live in an enervating comfort while they are suffering and giving their lives that we may survive.

There is for those who are rich or semirich or who merely have money and extravagant tastes another and a practical side.

Money Must Be Had. We must have the money to carry on the war. If money does not come to the government from the country's present stock of money, then it must be created, for the war cannot stop.

Additional money means inflation and that means a fall in the worth in the purchasing power of the dollar.

So that every one who has an income, a salary or invested capital of any kind, bonds, mortgages or other obligations of state or city or railway, should be vitally interested in practicing thrift, and thereby maintaining the value of the purchasing power of his own property.

But greatest argument of all—the spending of money now unnecessarily is shameful, even criminal.

Are we to feast while our sons and brothers die over there and by our very feasting put their success in jeopardy?

No ruler ever led people as efficiently to war as does our great president.

## BRING OUT YOUR WEAPON

By MELVILLE DAVISSON  
POET

That appalling damnation—intelligence without humanity—converting a whole people into a predatory monster has descended on the world.

No human institution, fine or noble, is any longer safe. Invasions from a malignant star or fabled beasts breaking up through the crust of the earth would not more awfully threaten us. Every energy of every civilized nation must be assembled for resistance.

An idle dollar is an idle weapon!

How shall we face enslaved men, mutilated children and forlorn women if in this hour of supreme peril we hold back/hold in our hands a weapon that would have helped to save the world?

## HELP THE WORLD TO CLEAN HOUSE

By JAMES MONTGOMERY FLAGG

Now comes the Fourth Liberty Prize-fight! The fourth opportunity to Americans to hit a goshawmity blow at the Hun! The scourge of the world—the fiendish and soulless and mighty machine of evil—that, although most of the nations of the earth are battling against, is still going strong!

It is so powerful that it will take the united strength of all the "white" peoples to crush it.

The biggest and heaviest factor will be the United States of America. We are called by other nations a race of bluffers, blowhards, money grabbers—so we are! We bluffed at the beginning. But though we bragged and have always left modestly to others, we are now making good our boasts—we are proving that when we said we could do certain things we were merely telling the truth. We have threatened mighty things and now we are calmly doing those mighty things. We may not be as modest as 100,000,000 violets, but when we are hot under the neckband we can deliver "some" heavy punch!

We are money grabbers. But how lucky for our allies that fact is! If it had not been for our money, Germany would have been victorious some time ago.

We are gradually, steadily, relentlessly expanding our might.

We are a red, white and blue glacier, that will finally suffocate Prussianism.

The wealthy have not needed exhortation, argument, persuasion to invest in Liberty bonds—they quietly and immediately take all they can get—they know what's what in investments—that's why they are wealthy. Enough said.

The world is cleaning house. Its house is alive with crawling Teutonic vermin—vermin that if not destroyed will make the house uninhabitable and kill off its dwellers.

You are not asked to set the traps—use the clubs, spray the powder—but you are asked to pay for those traps, clubs and powder, so that others may wield these weapons for you, so that you and your family and your family's families, your loved ones may live in a decent house forever.

Your house is the United States. The vermin is Germany. We will not allow the vermin to overrun our house—as it will if not stamped out.

We are not pikers—no one can ever say that of us. We are not asleep!

Our soldiers, sailors and marines buy Liberty bonds by the millions, men who have offered their all to the great and holy cause! None of us have to be shamed by them into doing our least! When the window opens where they sell the Fourth Loan of Bonds be there in line. Your bonds are reserved seats to the great spectacle of "Final Victory." The date of the performance to be announced later!

## STUDIES GERMAN CUSS WORDS

Marine Fits Self to Be Able to Tell the Kaiser What He Thinks of Him.

Salt Lake City.—When the United States marines march into Berlin there is going to be one Salt Lake representative—peculiarly fitted to tell one William Hohensollern just what Zion thinks of him, for Covendish W. Cannon of this city has enlisted in the Marine corps. For several months prior to his enlistment Cannon was studying German, but he insisted that his teacher school him in only one branch of the German language—profanity.

"I want to learn how to cuss fluently in German," said Cannon, when questioned concerning his peculiar studies, "so that I can tell Kaiser Bill and the rest of the gang just what I think of them. If I didn't know all the words in the German 'cuss' dictionary, how could I do it?"

Shell Shock Victim Honored. Spokane, Wash.—Edward Haynes of this city, has been recommended to receive the distinguished service order medal of the British army. Haynes, a machine gunner in the Royal British marines at Cambrai, last winter took part in the defense against the German drive. He recently returned here suffering from shell shock. While crossing the Atlantic on his way home, the liner was torpedoed and he spent three and one-half days in an open boat before being rescued.

## SIMPLE WASH REMOVES RINGS UNDER EYES.

A small bottle of Lavoptik is guaranteed to benefit EVERY CASE weak, strained or inflamed eyes. Aluminum eye cup FREE. Gidley & Mac, druggists.

Prepare for Changeable Weather.

H. B. Miller, R. F. D. 40, Wooster O., writes: "By the changing of beds and the weather, I took a very bad cold and sore throat. Four doses of Foley's Honey and Tar put me right in a day's time." It pays to get the genuine Foley's and avoid substitutes and counterfeits. Contains no opiates. Hite's Drug Store.

Any man who lives within himself is apt to be troubled with indigestion. Lend a man a quarter today and he may strike you for a quarter tomorrow.

When Children Start To School.

School opens at a time of year when the change of seasons is likely to cause coughs, colds, croup, hay fever and asthma. Prompt action at the first sign of infection may keep children in prime good health and help them to avoid losing time. Foley's Honey and Tar is an ideal home remedy.—Hite's Drug Store.

# Fall Opening

## 1918

M. E. ASHLEY & CO.

### Saturday, Sept. 14th

will be our Fall Opening and will continue throughout Fair Week.

We will place on display the season's latest modes in Coats, Suits, Dresses, Skirts and Furs, which we cordially invite you to call and see.

In addition to the Opening Display we shall offer **Many Special Values All Next Week.**

The Suits and Coats at \$17.50, \$22.50, \$25.00, \$35.00, and \$45.00, which we have gathered for the Opening Display represent the newest and smartest styles of America's best designers. Suits in smart tailored models in the most favored materials, silvertones, Poriet twills, poplin, velvet and mannish serges; colors, navy; taupe, brown, and black. Coats in full length models, some trimmed with fur, others without. Smart styles in pockets, belts and collars. The newest materials—velour, plush, seal, silvertone, broadcloths and mixtures. All the popular colors—Pekin blue, plum, cocoa-brown, taupe, navy and black.

We urge the ladies of this region who are contemplating a new Suit or Coat to buy early, because quantities of merchandise in all lines are not large. This is particularly true of ready-to-wear. In former years you may have been justified in waiting for you were sure of good choice later and that the cost would not be higher, and possibly lower. **ALL CONDITIONS ARE NOW REVERSED** if we are to judge by the present outlook. Our stocks are now very complete, and we are able to satisfy every individual preference.

**CHARMING FALL DRESSES.** \$12.50 Satins with Georgette sleeves—taupe, navy and plum shades. Smart Jersey Dresses—navy blue serges and tricontines—\$17.50, \$22.50 to \$35.00. All models tailored and trimmed with fringes, braid or buttons. All sizes.

**FALL SILKS AT SPECIAL PRICES.**

Advance showing of **FURS**, Sets, Coatees, and Separate Muffs.

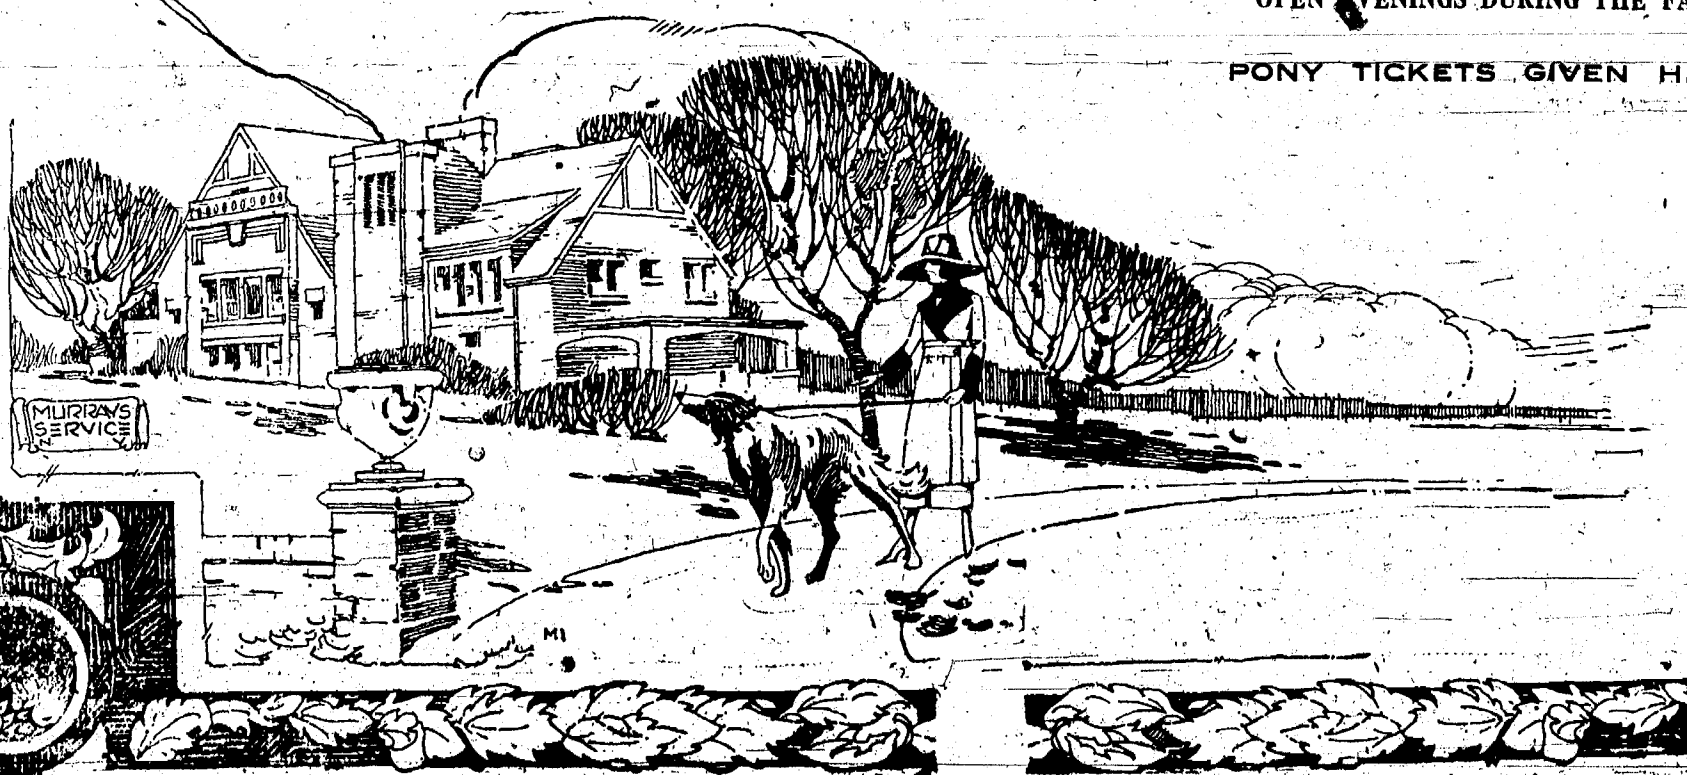

Beautiful **FALL BLOUSES**—Georgette and Crepe de Chines.

**SKIRTS**—in serges, poplins, plaids and taffetas. Prices in accordance with war times.

### POWER OF PRINTER'S INK

Nowhere has there been given a better illustration of the value of good advertising than in the campaign which just closed with the nomination of Truman H. Newberry as the Republican candidate for U. S. Senator. It is true there was a large sum of money spent to nominate Mr. Newberry, but it was spent in an open and above-board manner by taking and paying for advertising space in all the newspapers in Michigan, and therein is a business like way presenting Mr. Newberry's claims. This is far better than the underhanded and corrupt methods that have been used in the past where a candidate would slip a bunch of money into the hands of ward heelers in return for their influence.

As to the individual merits of Mr. Newberry and Henry Ford, his opponent, there is no comparison. Truman Newberry is a 100 per cent American and his sons are the same. Henry Ford has done that which will forever damn him in the eyes of every father with a son offering his life for his country's cause—he used his wealth to secure the exemption of his son from military service. It will be a hard job to convince some people that such a man is the best man for U. S. Senator at this time.—Grand Ledger Independent, Aug. 30, 1918.

### THE RESULT IN MICHIGAN.

The trimming administered to Mr. Henry Ford by the Republican voters of Michigan was thorough and decisive. The opposition was split between two popular men, yet Ford lost heavily.

Michigan Republicanism has proved itself worthy of its stalwart traditions. It has left no doubt of where it stands. Pacifism and anti-nationalism have been sharply rebuked.

Mr. Ford was opposed by two good men, former Governor Chase Osborn and former Secretary of the Navy Truman Newberry. Governor Osborn deserves a great deal of credit for the strenuous, courageous, and inspiring campaign of patriotism he has been making for months. He has gone through the state speaking constantly and eloquently on the issues of the day and attacking fearlessly the vicious fallacies which Ford disseminated before our entrance into the war. The loyal people of Michigan, although they have preferred Mr. Newberry for the primary, owe Governor Osborn a debt of gratitude for this exceptional service; and of this debt every loyal citizen throughout the country bears a share. Governor Osborn has been a formidable champion of loyal Americanism, and his failure to be nominated casts no shadow of discredit upon his admirable record of patriotic service.

The choice of Mr. Newberry, however, presents to the voters of Michigan another 100% American, a man of honorable public service, character, and ability. Mr. Newberry will be a representative whom Michigan may rely upon in the highest deliberative body in the land to serve her interests and the interests of the nation with devotion and intelligence. Mr. Newberry is now in the bus of the navy. It is appropriate wear for a true blue American, and Mr. Newberry will take his true blue Americanism into the senate with him.

The primary contests having closed, the final choice between Mr. Newberry, the Republican candidate, and Mr. Ford, the Democratic candidate, is now before all the people of the state of Michigan. We do not for a moment doubt the result. There is no community under the Stars and Stripes that represents red-blooded Americanism better than Michigan. Mr. Ford's pernicious activities in opposition to the attempt to put this country in a condition of self-protecting self-defense could not be forgotten or forgiven by such a people. His eleventh hour pseudo conversion to preparation after most of the damage he could do had been done could not restore him to the confidence of such a people. The common sense of such a people was bound to pierce the Ford myth and repudiate the leadership of one who followed grotesque vagaries like the peace ark. A people, thousands of whose many sons are fighting gloriously for the high faith that is in them, for the flag whose symbolism Mr. Ford seems to hold so lightly, though it has been consecrated by the blood of patriots, and for the good land we love—such a people could not stand for Ford.—Chicago Tribune.

### MANGUM NAMED AS HARMONIZER

Chicago—Organized efforts to harmonize the activities of the Republican party in the fall congressional elections will be in charge of John D. Mangum, chairman of the Republican state committee of Michigan.

Mangum was chosen president of the new Association of Republican State Chairmen at a quiet meeting of state leaders here at which National Chairman Will H. Hays presided. Raymond Benjamin, California, was chosen vice-president, and G. I. Tait, Maryland, secretary.

Hays remained in Chicago to discuss party affairs with other leaders.

It's seldom the widow's fault if she remains inconsolable.
