

# Charlevoix County Herald.

Vol. 23

EAST JORDAN, MICHIGAN, FRIDAY, MARCH 7, 1919.

No. 10

## Com'r Stewart Is Re-nominated

### Her Work Substantially Endorsed by Voters.

The primary election of Wednesday was one of the quietest ever held in Charlevoix County. In a majority of the precincts of the county the only issue was that of Commissioner of Schools and in these precincts a remarkably light vote was cast.

In East Jordan, out of a total of about 875 registrants, only 168 availed themselves of the franchise.

The County totals are incomplete but show that Miss Stewart was re-nominated by nearly a two to one vote. The returns are substantially as follows:

May L. Stewart 1414

Amelia Kaden 594

This election, however, shows some of the inconsistencies of our present state primary laws. The minimum cost of an election in Charlevoix County is about \$1200. About 2000 votes were cast.

At this rate it has cost the tax payers of Charlevoix County about sixty cents per vote to nominate one candidate for office. Who is to blame?

## CHEBOYGAN M. C.

### DEPOT BURNS

### Union Station Goes Up In Smoke, Sunday.

Cheboygan citizens believe they have some change of securing a union passenger station, as the old Michigan Central station erected in 1881 was destroyed by fire Sunday.

No one was at the station when the fire broke out and the flames had a big start when discovered. The building was of wood and was quickly burned. The books, etc., not in the safe were destroyed.

For the present a railroad passenger coach is doing duty for a station in Cheboygan. The coach was brought up from Grayling. The old station was built when the Michigan Central road was built to Cheboygan and was never enlarged to keep pace with the growth of that city.

## MOSEY WEISMAN

### HAS RETURNED TO

### CIVIL LIFE

Olean, New York,

Feb. 28th, '19.

Dear Friend Lisk:—

You, no doubt, will be a little surprised to hear from me but just the same it had to be. It seems as though I owe you a letter after reading 'The Herald' each week and many times I intended doing so but each time something would come up to prevent my doing so.

Say Lisk, it sure seems good to be home again and have Ma scold me for this and for that. I don't mind it the least bit. I'd rather have Ma call me in the morning anytime than a darned old fish horn bugler.

Have been back on the job about a month now and everything is going along nicely, but hardly a day passes but what I think of good old East Jordan. I suppose things have changed somewhat but memories saw never change. Am hoping that some day soon I'll be able to pay the old home a visit. It certainly would seem good if only for a day.

The weather here has been just like spring the past two weeks. (No tonic necessary thank you.) Green lawns everywhere and not a bit of snow.

How's that little son of yours? I suppose he's a big 'un by now. Does he believe in newspaper advertising? I DO and some day when they give me a real nice set-up I'm going to send you a sample of my work.

Kindest regards to Mrs. Lisk and all friends (and knockers.)

Your friend,

MOSEY WEISMAN.

266 N. Union.

### Notice to Auto Owners.

Notice and warning is hereby given that all cars must have their 1919 License Tag with Number. If they are in use. Any car found on the highways of the city not properly equipped will be stopped and driver and owner prosecuted.

HENRY COOK,

Chief of Police.

The only person who seems to worry much about his future is one who is never going to have any.

## GAMBLERS ARRESTED AT BOYNE CITY

Deputy Sheriff Houghton and Chief of Police Friedly made a raid at about nine o'clock Saturday morning on a card game that had been progressing pretty well thruout Friday night.

The players were comprised of three local men and two from out of town. They plead guilty to a charge of gambling, before Justice Nurko, and were fined \$50.00 and costs amounting to \$25.75. The amount paid and parties dismissed with a warning.

The Proprietor of the place, where the gambling took place, was ordered to give a bond to abstain from gaming for three months. The place may be permanently closed.—Boyne Citizen.

## WILL AID FARMERS TO MARKET PRODUCE.

East Lansing, Mich., Mar. 3.—As additional field agent in marketing, whose business it will be assist in the work of forming more cooperative associations, among the farmers of the state, has been appointed by the Michigan Agricultural. He is, George C. Raviller, and he will collaborate with Hale C. Tenant, field agent in markets organization for M. A. C.

The work will be a development of what has been in progress for some time. Last year, through the markets office of the college, cooperating with county agricultural agents, 55 marketing associations, eight livestock shipping associations and five milk producers associations were organized in the various agricultural communities of the state.

## Letters From Our Soldiers

From CORP. F. E. WIGGINS

To his Mother, Mrs. Sadie Wilson.

Trier, Germany.

Jan. 24, 1919.

Dear Mother and All:

Will now take time to answer your most welcome and loving letter I received last night, which you wrote Dec. 27th, and was glad to hear from you and that you are all well, as this letter leaves me feeling fine also, and we are getting along fine here in Trier. Our company is doing electrical and mechanical repair work now instead of building roads and bridges to get the heavy guns up behind the Infantry so they would have support. Most of the time we were right up behind the Infantry where the machine gun bullets were pretty thick and more than once the Huns shelled us pretty hard with their G. I. cans or whiz bangs as we called them over here, and our sleeping quarters consisted of our shelter tent, for overhead, to keep the sun off but the sun very seldom shone, but we had lots of rain instead so they came in quite useful but even at that there would be from 4 to 6 inches of water in the holes where we slept, or tried to; we most always dug the holes ourselves about 15 inches deep so when we laid down we were protected from sharpnel unless they got a direct hit on us which they did not happen to do, but our tents looked like a sieve lots of times when we would get up after our wonderful nights rest of four or five hours for you can imagine how much sleep we got when the shells were landing that close. Well, this is all on the war for this time as it is over now and I am very glad that it is, but I have received two or three letters lately asking if I had seen any active service or not, so thought I would write just a few lines on the question, so that you can have some idea what the 310th Eng's were doing as we were of the 85th Division, and I saw a few clippings of a Detroit paper that the 85th was training in the S. O. S. but we were not, as we were used as corps Engrs. Now A, B and C, Co. of the 310th are in Russia, and D, E, F, were left in France, and we are now with the Army of Occupation in Germany. We traveled all the time on foot so I have seen quite a little of these foreign countrys, France, Belgium, Luxemburg and Germany, and also England, as we landed at Liverpool.

Well, mother, I am sending you some postal cards of Trier, in another envelope. Will close for this time, with love.

Your son, Floyd.

Corp'l Floyd E. Wiggins, Co. 'D', 310th Eng's, American E. F. France.

Self-praise not only is half scandal but sometimes is wholly an untruth.

## Debating Team Wins Again

### Our High School Team Defeats Traverse City.

What was perhaps the most thrilling debate ever staged in Northern Michigan took place at the high school last Friday evening when the team from Traverse City was defeated by our local three.

The Minimum Wage question was thoroughly argued from every angle. The question was well supported by the Traverse team, but our team was well prepared for anything the affirmative might say in defence of the Minimum Wage, and a unanimous decision in favor of East Jordan was the joyous result.

The representatives from Traverse were Morton Steinburg, Monroe Brown and Donald Roxburgh. The East Jordan team was the same as before, Conrad Hughes, Gertrude Hockstad and Reo Bockes.

The judges were Mr. Meggison of Central Lake, Judge Bailey of Bellaire and Superintendent Bolster of Central Lake.

## School Notes

Commercial Dept.—The pupils of the Shorthand department are doing wonderful work. They are aiming for principle and accuracy more than speed. Nothing but perfection is allowed. They are having reading, dictation, and transcription of articles. Some of the articles are, "A Canadian Aviator's Letter," "Stick to Your Dream," "The Value of Enthusiasm," and "Woolen Manufacture in New England." They are also having reading and transcription of business letters. There is always a grand rush for typewriters after school as there are so many who wish to type-write.

The pupils of the Book-keeping class are doing individual work, since some progress more than others. They have the fundamental principles of Book-keeping thoroughly learned. They are having tests and review questions, and must give a reason for everything they do, so that they do not do anything mechanically.

Domestic Science.—The girls of the Domestic Science class still serve lunches at noon. They have paid the bill of \$14, resulting from the two dinners given to the School Board and the faculty last term, and there will be extra money to purchase new muslin curtains for the Domestic Science room.

## Commission Proceedings.

Adjourned regular meeting of the City Commission held at the Commission rooms, Friday evening, Feb. 28, 1919.

Meeting was called to order by Mayor Whittington. Present—Whittington, Gidley. Absent—Crowell.

Ordinance No. 44, amending rules two, three, fifteen, twenty-six, thirty and thirty-one of Section Four of Ordinance No. 42 was presented for second reading, and on motion by Gidley, was passed and ordered published by the following aye and nay vote: Ayes—Whittington and Gidley. Nays—None.

It being evident that the East Jordan Cabinet was assessed too much on personal property, due to an error in filling out the assessment blank, it was moved and supported that the sum of 340.00 be refunded to the said company on account of such error. Carried.

On motion by Gidley, meeting was adjourned.

Regular meeting of the City Commission held at the commission rooms, Monday evening, Mar. 3, 1919. Meeting was called to order by Mayor Whittington. Present—Whittington and Gidley. Absent—Crowell.

Minutes of the last three meetings were read and approved.

On motion by Gidley, the following bills were allowed:

Elec. Light & Power Co., pumping and lighting, .....	\$687.55
J. F. Kenny, coal, .....	8.10
Mich. State Tel. Co., rentals, .....	6.25
Otis J. Smith, salary, .....	25.00
James Gidley, salary, .....	25.00
Robert A. Risk, salary-health officer, .....	25.00
D. H. Fitch, salary and rental, .....	14.17
Henry Cook, salary, .....	75.00
W. T. Boswell, salary, .....	41.87

On motion by Gidley, meeting was adjourned.

OTIS J. SMITH, City Clerk.

## Soldiers To Get \$60 Bonus

### Those Separated from Active Service to Receive This.

[Below article was sent out by the County War Board with request that it be given publicity.]

1. The following general telegram was sent to commanding Officers in the United States on February 25, 1919:

"Section 1406 of the Revenue Act approved February 24, 1919, provides that all persons serving in the military or naval forces of the United States during the present war who have since April 6, 1917, resigned or been discharged under honorable conditions (or, in the case of Reservists, been placed on inactive duty), or who may at any time hereafter (but not later than the termination of the current enlistment or term of service) in the case of the enlisted personnel and female nurses, or within one year after the termination of the present war in the case of officers, may resign or be discharged under honorable conditions (or, in the case of Reservists, be placed on inactive duty), shall be paid in addition to all other amounts due them in pursuance of law, \$60 each. This Amount Shall Not Be Paid (1) to any person who though appointed or inducted into the military or naval forces on or prior to November 11, 1918, had not reported for duty at his station on or prior to such date; or (2) to any person who has already received one month's pay under the provisions of Section 9 of the Act entitled 'An Act to Authorize the President to Increase Temporarily the Military Establishment of the United States,' approved May 18, 1917; or (3) to any person who is entitled to retired pay; or (4) to the heirs or legal representatives of any person entitled to any payment under this section who has died or may die before receiving such payment. In the case of any person who subsequent to separation from the service as above specified has been appointed or inducted into the military or naval forces of the United States and has been or is again separated from the service as above specified, only one payment of \$60 shall be made. The above amount, in the case of separation from the service on or prior to the passage of this Act, shall be paid as soon as practicable after the passage of this Act, and in the case of separation from the service after the passage of this Act shall be paid at the time of such separation. The amounts herein provided for shall be paid out of the appropriation for 'Pay of the Army' and 'Pay of the Navy', respectively, by such disbursing officers as may be designated by the Secretary of War and the Secretary of the Navy. The Secretary of War and the Secretary of the Navy respectively shall make all regulations necessary for the enforcement of the provisions of this section."

"Paragraph 2. All persons separated from active military service after receipt of these instructions who are entitled to the bonus of \$60 provided for in the Act above quoted will be credited with and paid such bonus upon their final pay vouchers. In the event that they have been separated from active service prior to receipt of these instructions, but have not yet received final pay, the disbursing officer making final settlement will include and pay the bonus of \$60 in making such settlement. Disbursing officers making payment of \$60 bonus in connection with final settlement will make indorsement in each case on the discharge certificate or discharge order, if no certificate is issued, of each person showing especially that such bonus was paid.

"Paragraph 3. All persons separated from active military service from April 6, 1917, to date of receipt of these instructions, who are entitled to the \$60 bonus in reference, and who have received their final pay will forward claims for such bonus direct to the Zone Finance Officer, Lemon building Washington, D. C., who is hereby designated to settle such claims. Such applications must contain (a) the discharge certificate, or order for discharge or relief, if no certificate was issued, but both certificate and order if both were issued, the paper bearing indorsement of final payment being required; (b) a statement of all military service since April 6, 1917, showing place and date of reporting at first military station, and (c) address to which check is to be sent. When settlement is made all personal papers will be returned to applicant with check. No further correspondence is necessary.

—except to advise change in address of applicant. No other disbursing officers are authorized to pay claims covered by this paragraph."

2. The Above information was also cabled on the same date to the Commanding Generals of the American Expeditionary Forces in France and Siberia and Department Commanders of Departments outside the continental limits of the United States. By Authority of the Director of Purchase, Storage and Traffic, H. M. Lord Brigadier Gen'l Ass't to the Director of Purchase, Storage and Traffic Director of Finance.

## Third Number Lyceum Course

### Temple Theatre Next Wednesday, March 12th.

### A GIFTED AND CHARMING INTERPRETER.

In the gifted and charming person of Miss Clarissa Harrold the management presents one of the greatest platform "finds" of many seasons.

As is well known to committees and bureau managers generally, it is only occasionally that a new figure emerges from comparative obscurity to illuminate the movement and by sheer gen-

MISS CLARISSA HARROLD.

ius to play an important part in furthering its popularity in hundreds of places where Chautauqua and Lyceum are already established institutions.

Her programs are almost startling in their faithfulness to types depicted. In the entire range of readings offered it is to be seriously doubted if an artist could be secured who will afford greater instructive pleasure to the people. Her repertoire covers a wide range of material.

## DEATH OF

### CECILE G. BARKLEY.

Influenza claimed another victim at five o'clock Monday morning when Cecile Grace Barkley passed away at the home of Richard Lewis, after an illness of only four days.

Cecile Grace Barkley, daughter of Mr. and Mrs. William Barkley, was born December 4, 1889 in East Jordan. When she was nineteen years of age she came to Charlevoix to attend the County Normal, graduating with the class of 1908. A little later she became interested in religion and attended the Cincinnati Holiness Bible School in Cincinnati, Ohio, and since that time has devoted her life to the cause and proved her true Christian character by her many deeds of love and self sacrifice.

She was an ardent worker in the Sunday school and Church of God of which she was a member, and acted as assistant pastor for Rev. Pontius for the past two years.

Deceased made her home with Mr. and Mrs. Richard Lewis while in Charlevoix, and after the death of Mrs. Lewis continued her home there. She leaves to mourn her loss, her mother and three sisters, the mother and two sisters being with her at the time of her death.

Private funeral services were held Tuesday at 12:30 from the Lewis residence on Clinton street, Rev. Pontius officiating. Remains were taken to East Jordan Tuesday afternoon and laid to rest in Jones' cemetery. Charlevoix Courier.

The man who at twenty thinks he is going to turn the world upside down is lucky if at sixty the world hasn't turned him upside down.

## Boyne Falls School Burns

### Was Destroyed by Fire Early Wednesday Morning.

Boyne Falls' four-room public school building was completely destroyed by fire early Wednesday forenoon, causing a loss estimated to be between \$12,000 and \$15,000. It is believed the loss was fully covered by insurance.

The building was erected between twelve and fifteen years ago and was two stories high and built of wood. It was heated by steam and the fire is believed to have originated in the furnace room.

The fire was discovered shortly before 8 o'clock and quickly spread through the building.

It is believed the board of education will at once make plans for a much more modern building which will be located nearer the center of the village. In the mean time the churches or some other building or buildings will probably be used for class rooms.

## School Commissioner's Notes

May L. Stewart, Commissioner

All education consists of four steps:

1. Implanting a desire for improvement.
2. Developing permanent interest in the same.
3. Accumulating knowledge in the matter.
4. Drill until habits desired are formed.

In what way will the teacher present these four steps?

In what way may parents cooperate? How can you know that all is going well?

A worried teacher writes: "What shall I do about my eighth grader? There hasn't been much school this winter and she really hasn't a fair chance at the examination. She was discouraged when she failed last year and doesn't want to write. If she does not write this will be her last year for she will soon be sixteen. If I urge her and she takes the examination and fails she will be all broken up over it and her folks will blame me. What shall I do?"

Are there others of last year's class in just this situation? Is education based on grades only? Is there strength in defeat? Parents, we appeal to you!

Bulletins are at hand on state study of teacher-salary question. The commissioner is compiling and studying figures revealing the situation in Charlevoix County.

Schedule of spring contests almost completed. Beaver Island accepts the date suggested and has sent in returns of Island Teachers' meeting.

"Are there cobwebs in your school-room?" In your mental attic?

In East Jordan, the Com'r continued her preliminary work in behalf of County Normal class for 1919-1920.

Please teachers! The state department bulletins on eighth grade reading are not yet at hand, neither should they be studied for another month if interest and knowledge are to be maintained until May 10th. As soon as received from the state department a number of them will be sent to every eighth grade teacher. Mr. Keeler says that these bulletins will not be prepared until some time in March.

## FAMILIES OF SOLDIERS AND SAILORS.

Are you worried because your allotments do not come, or your letters do not arrive, or for any reason connected with your boy's service to his country? Let the Red Cross Civilian Relief Department help you. Call or phone the following committee:

J. J. Porter, phone 1.

Mrs. W. E. Palmire, phone 186.

Roscoe Mackey, phone 89-F2.

The service is yours, free.

Returned Soldiers and Sailors: Keep up your Government Insurance. We have some late dope on this. Ask us.

### SPRING CLEANING TIME IS HERE

If a house needs spring cleaning, how about the human body after a winter of indoor life and heavy food? Don't suffer from indigestion, biliousness, bad breath, bloating, gas or constipation, when relief can be so easily had. Foley Cathartic Tablets clean stomach and bowels and tone up the liver.—Hites Drug Store.

When in need of anything in my line call in and see me.

Politics is a game that is always interesting if one is on the winning side.

Never heap coals of fire on an enemy's head until you burn your own fingers.

The man who doesn't know right from wrong almost invariably does wrong.

Persons who are honest only because of the law are poor excuses for citizens.

The more a man tries to waste a mean disposition on others the more it grows.

A woman's curiosity is exceeded only by that of the man who says he hasn't any.

A woman is interested in a man as long as he knows something she wants to find out.

The man who does things is seldom heralded by an advance agent and a brass band.

Hitting the mark is good, but it is also important to be aiming at the right thing.

A dog's bark may be worse than his bite, but give us the bark, please, just the same.

One swallow may not make a summer, but a bent pin in a chair will make one spring.

Knowledge is power, but it can't always provide straws for a drowning man to clutch at.

The state of matrimony is one in which all women should be permitted to have a vote.

Transportation companies are not disposed to encourage the healthful exercise of walking.

The man who makes no thought of tomorrow will wake up some morning and find it yesterday.

When a married man disgraces himself he will never be as much ashamed of it as his wife is.

It is a true philosopher who can still get joy out of walking after being passed by a fine touring car.

When a man mixes his so-called religion and grouch he is in a fair way to make a nuisance of himself.

It is just as easy to convince one's self that he is right as to be certain that the other person is wrong.

The person who can improve on your work is not the one who is inclined to find petty fault with it.

It is usually disappointing to let your happiness depend too much on what others are willing to do for you.

Some persons who try to make a name in the financial world discover they have secured a number in the penitentiary.

The woman who could not make her husband believe that he did all the courting is hardly shrewd enough to make him a good homemaker.

The week of Mar. 9th to 15th will be observed as a week of prayer for the special meetings, with a prayer meeting each night in different homes. Sunday, Mar. 16th, Rev. N. J. Jenkins comes to help in the special Evangelistic services which will be held each night for at least two weeks.

**WEST SIDE SCHOOL NOTES**

Four sergeants of the Health Crusade—Dorothy Sweet, Rose McCary, Louis Holstad and Esther Howell—will entertain the third, fourth, fifth and sixth grades Friday after last recess. There will be two short speeches: Care of the Hair and Care of the Teeth. Some pieces will be spoken also.

Mr. Wells gave the fifth and sixth grade boys a talk on Manual Training Friday morning.

Fifth and sixth grade girls are making little serving aprons in sewing class.

Third and fourth graders have put out two of their bird-houses. They are weaving paper mats this week. The original designs are splendid.

First graders have been studying Eskimo life. It is reproduced in their drawing work. They are learning to add with colored beans.

The second graders are making Indian villages.

Kindergartners have been making paper windmills and cardboard doll furniture. They also have Pussy Willows to study.

[Rec'd last week too late for publication.]

The fourth and fifth grade Arithmetic classes will have a contest Friday afternoon.

The First grade entertained the Kindergarten, Friday, by story telling.

Samuel Ulvund, Ralph McCary, Lewis Holstad and Arnold Hughes have been made Corporals in the Boy's Health Crusade.

Helen Colden, Rose McCary, Esther Howell and Dorothy Sweet are Corporals in the Girl's Health Crusade.

Corporal Hughes contests with Corporal Ulvund, Friday afternoon. Each one gives a talk on The Care of the Finger-nails. The winner receives three credits.

The Kindergartners have been making paper engines and wagons. They have also been playing store, and making vegetables out of clay.

The Sixth grade language class has been writing some very interesting compositions this week.

Mrs. E. Kake was a visitor in the First and Second grade room, Thursday afternoon.

The Fifth and Sixth grade Flower-box has some very pretty Hyacinth in blossom. The Tulips and Narcissus will soon be out too.

When trouble climbs in at the window, the man of the house hunts the attic.

Men and women kill each other for love. Men and women kill each other for hate. There love is hate.

**SUFFERED FOR EIGHT YEARS**

Rheumatic pains, lame back, sore muscles and stiff joints often are due to overworked, weak or disordered kidneys. Daisy Bell, R. F. D. 3, Box 234, Savannah, Ga., writes: "I suffered eight years with pain in the back and could not do any of my work, but since taking Foley Kidney Pills, I can do all of my work."—Hites Drug Store.

### HIGHWAY BONDS NOT AN ISSUE THIS ELECTION

VOTE ON APRIL 7 MERELY AUTHORIZES PEOPLE TO USE CREDIT OF STATE.

### \$50,000,000 ONLY A LIMIT

Must Have Fund Available to Meet Uncle Sam's Dollar-For-Dollar Offer.

(By P. T. Colgrove, President Mich. State Good Roads Assn.)

Everywhere I go I am asked about this road bond issue.

There is no bond issue! The question to be submitted to the people at the election April 7th, involves merely an amendment to the constitution to give the citizens of the state the authority through their representatives in the Legislature to issue bonds from time to time to complete a system of main market highways throughout Michigan and to assure us our share of the money Uncle Sam is going to turn over for road work in progressive states.

P. T. COLGROVE

When Michigan was admitted into the Union we had no roads, we did not think about bridges, we were thinking about Statehood. We were not thinking very much except about the things that the pioneers of Michigan brought here and which were dear to them, and that was the education of their children.

#### Not a Bond Issue.

Section 10 of Article 8 of the Constitution makes no provision for bonding this State, borrowing money or lending its credit except for insurrection and defense in case of war, now, we want to expand this section to care for Good Roads and make Federal Aid in vast sums available to Michigan. The measure now pending in Congress known as the Swanson Bankhead will give to Michigan from five and a half to seventeen millions. The Federal government is realizing the fact that it has been making a great mistake during the past half century. We are not criticizing the fact that millions and millions and hundreds of millions have been spent by the Federal government to deepen our water ways and our rivers and our harbors. Splendid!

But now we have the automobile and the truck. Another arm of transportation must be recognized. The railways have been pretty well cared for, as long as you and I can remember; ever since the Government took a hand in building transcontinental lines.

#### Railway to Every Door.

But we are not going to be content and we are not going to let this matter stop until we have built a railroad to every producer's home. At least we may call it his railroad, because to him it is all of that. It doesn't have any tracks, but it has a good bed upon which the truck and the automobile may come and go every day.

The men who founded the Roman empire established the precedent for Michigan's main market highway, when they said that all roads must lead into Rome. They built the roads and they built the Empire. Those roads are standing today just as perfect as the day the Appian Way was built 400 years before the birth of Christ. The Empire has fallen. Good Roads are more enduring than an Empire.

I do believe that the day has come when the people of Michigan are resolved that this great playground of ours along the shores of Lake Michigan will no longer turn its back upon the hundreds of thousands of men and women from the southland and from the west and from the southeast, who today are not coming into Michigan, but going into the New England States, where they spend from \$50,000,000 to \$100,000,000 every summer.

#### Tourists Will Pay Bill.

One summer of tourists along the shores of Lake Michigan after we have completed this beautiful system of highways will bring into our state money enough to pay for the whole system of hard surfaced roads of Michigan. Up and down the old Dixie, I have been time and time again and I have heard the southern people almost cry out from the bottom of their hearts:

"Why don't you people in Michigan make it possible for us to come over the sags and over the hills and through the mire to your beautiful lakes." Uncle Sam is anxious to help us let them in.

He is ready to pay half of the bill.

## "THEY SHALL NOT PERISH"

CAMPAIGN for \$30,000,000

### AMERICAN COMMITTEE FOR RELIEF IN THE NEAR EAST

ARMENIA-GREECE-SYRIA-PERSIA

## Why I Am Going To Turkey

Bedros, an Armenian boy found while living like an animal to stave off starvation. His story is told by a member of the Expedition of the American Committee for Relief in the Near East in the article, "Why I Am Going to Turkey."

When I left Turkey a year and a half ago, great crowds of women might be seen every day waiting five or six hours in front of the bread shops for the chance to buy a loaf of bread. These crowds in the stress and urgency of need, sometimes turned into frantic mobs, and it was not an unusual thing for women to be trampled to death in their efforts to buy bread. This being the condition of those who had money and were in no other danger, imagine the situation for the great multitude wandering in exile without money, without food, without clothing, without friends, without hope. One poor woman said, like a pair of young boys, and I said, I am going to Turkey.

Like little animals on garbage, refuse, thrown away rotten oranges, and whatever they could steal from the grocery shops. They also were put in a school where they are now being taken care of and restored to right conditions of human beings. To save more of the four hundred thousand other Elenis, Bedros and Hagops is another reason why I am going to Turkey.

One day Mamriam from Hagoosh was brought to my house. For a full year she had been in the hands of the Kurds wandering with them from place to place. One of them had taken her as his wife. A little baby had been born and it had died on the road. Once she had tried to escape and the man who called himself her husband had shot her, breaking her arm. Since she had no proper medical attention for this she will never be able to raise her arm to her head to comb her hair and can never do ordinary house work again. Her mind was so unbalanced that only after weeks of treatment in the environment of our pleasant home did she come into anything like a normal condition.

A German missionary lady told me of a trip she had made with German officers to the Malatia region from in the interior. She said Marsovan graduates and teachers came to see her there who were in Moslem harems, beautiful, refined girls, who spoke English perfectly. She said they cried and demoned their fate. When I asked what could be done for them she said, "Absolutely nothing." "What hope for them?" I said, and she answered "Absolutely none." But it is to help rescue the thousands of such girls scattered in Moslem harems from one end of Turkey to the other that is one of the reasons why I am going back to Turkey.

These children, women and girls must not only be rescued, they must also be helped to begin life over again. We shall have to start trades which will furnish a means of support. Not only this but we must help them to forget. Almost all those whom I was able to rescue were more or less affected mentally. It was not to be as they are loved and cared for and placed under cheerful conditions can they be brought back to normal condition. Think of being shown water when dying from thirst and then refused a drink. Such were some of the extremes of cruelty to which they were subjected. They need love and sympathy to restore their faith in humanity. Our expedition goes to help do this, and this is another reason why I am going to Turkey.

### WOMAN FOLLOWS SAFE PLAN

Saves and Buys and Holds Her Investments—Estate Grows by Accumulating Safe Bonds.

This is the story of Miss Mary E. Hallam, who for forty-five years preceding her death worked in a Chicago department store:

When Miss Hallam began to earn her living she had the same qualifications for success that everyone has—average health and average intelligence. Capital she had none. But she had something else as good if not better—an appreciation of the advantages of thrift and an unswerving ambition to succeed.

Department store salaries are not generally regarded as the best stepping stones toward prosperity. Yet Miss Hallam prospered. She saved a part of her wages each week and invested them, well. She never speculated. She put her money only into such investments as would yield a sure interest return. Upon her death she left an estate valued at \$70,000.

Had Miss Hallam, during the earlier years of her progress toward prosperity, had the advantage of investing in Liberty bonds, her pace would have been still more rapid. In her younger days there were no government bonds available. In order to be sure that her investments were safe she carefully studied the investment field and accepted a comparatively low rate of interest. But she succeeded in spite of that.

American men and women, starting out today, have a great advantage. The war has for the first time since 1865 made government bonds of the United States available to the small investor. Before 1917 the small government issues were snapped up by the banks for their own special uses. But now Liberty bonds may be bought by everyone and at a higher rate of interest than would ever have been possible had it not been for the war.

The government soon will offer to the people one more chance to participate in a great loan. By that time the nation will have contracted a floating debt of more than \$5,000,000,000, which must be provided for.

Miss Hallam's story shows that anybody can save and accumulate. And common sense shows that everybody who is saving can find no investment quite as good as Uncle Sam's Victory Liberty bonds.

#### —HELP "FINISH THE JOB."

#### SAVE NOW FOR OLD AGE

Where Will You Stand at Sixty-five—What You Do Now Provides for the Future.

Do you want to be dependent on friends, relatives or charity when you are sixty-five years old? If not, get ready to buy Victory Liberty bonds to the utmost of your present ability, and lay them away against old age.

This advice is founded upon the researches of the statisticians employed by the life insurance companies. They have devoted much study to the problem of dependency, and they know. They have found that of one hundred healthy average young men who start out in life at the age of twenty-five years:

Thirty-six will be dead before they reach the age of sixty-five, most of them leaving families unprovided for.

Of the remaining sixty-four men, at the age of sixty-five years:

- One will be rich.
- Four will be fairly well-to-do.
- Five will be supporting themselves by working.
- FIFTY-FOUR will be dependent upon friends, relatives or charity.

IF YOU DO NOT WANT TO BE NUMBERED AMONG THE FIFTY-FOUR, FORM THE HABIT OF SAVING AND THRIFT. THE BEST AND SAFEST INVESTMENT FOR YOUR SAVINGS IS IN UNITED STATES GOVERNMENT BONDS.

#### —HELP "FINISH THE JOB."

Get Behind the Victory Liberty Loan. Peace must be financed as well as war, and the initial stages of peace may be found ever more expensive than war. Therefore, get behind the Victory Liberty Loan when it comes.

—Secretary Glass.

#### —HELP "FINISH THE JOB."

#### THE MISER AND THE WOMAN.

A miser, born in a land afar, Who'd gained a fortune over here, Where Liberty is the guiding star, Looked up from his gold with a bitter leer. "I got it by pinching and going without: They call me greedy; I am," he said, "The Nation's call to lend I flout. For bonds they'll get no gold from me."

A woman gazed on a star of gold. She'd given all she had to give, And sacrificed to lend, 'twas told, That Liberty and Land might live, "And I'll lend again and again," she said, "To help to remedy war's ills, And to keep true faith with our hero dead. By helping pay our wartime bills."

This is the Stovog Polish YOU Should Use

IT'S different from others because more care is taken in the making and the materials used are of higher grade.

### Black Silk Stove Polish

Makes a brilliant, silky polish that does not rub off or dust off, and the shine lasts four times as long as ordinary stove polish. Used on simple stoves and sold by hardware and grocery dealers.

All we ask in trial. Use it on your cook stove, your range and griddle. If you don't find it the best stove polish you ever used, your dealer is authorized to refund your money. insist on Black Silk Stove Polish. Made in liquid or paste—one quality.

Black Silk Stove Polish Works Sterling, Illinois

Use Black Silk Air-Drying Iron Enamel on greasy ranges, stoves, pipes. Prevents rusting. Use Black Silk Metal Polish for silver, nickel, chrome. It is the best for use on automobiles.

"A Shine in Every Drop"

Job's lot was a hard one, but what do you think of Lot's wife's lot?

#### SUFFERED FOR EIGHT YEARS

Rheumatic pains, lame back, sore muscles and stiff joints often are due to overworked, weak or disordered kidneys. Daisy Bell, R. F. D. 3, Box 234, Savannah, Ga., writes: "I suffered eight years with pain in the back and could not do any of my work, but since taking Foley-Kidney Pills, I can do all of my work."—Hites Drug Store.

## Start Tomorrow and Keep It Up Every Morning

Get in the habit of drinking a glass of hot water before breakfast.

We're not here long, so let's make our stay agreeable. Let us live well, eat well, digest well, work well, sleep well, and look well, what a glorious condition to attain, and yet, how very easy it is if one will only adopt the morning inside bath.

Folks who are accustomed to feel dull and heavy when they arise, splitting headache, stuff from a cold, foul tongue, nasty breath, acid stomach, can, instead, feel as fresh as a daisy by opening the sluices of the system each morning and flushing out the whole of the internal poisonous stagnant matter.

Everyone, whether ailing, sick or well, should, each morning, before breakfast, drink a glass of real hot water with a teaspoonful of limestone phosphate in it to wash from the stomach, liver and bowels the previous day's indigestible waste, sour bile and poisonous toxins; thus cleansing, sweetening and purifying the entire alimentary canal before putting more food into the stomach. The action of hot water and limestone phosphate on an empty stomach is wonderfully invigorating. It cleans out all the sour fermentations, gases, waste and acidity and gives one a splendid appetite for breakfast. While you are enjoying your breakfast the water and phosphate is quietly extracting a large volume of water from the blood and getting ready for a thorough flushing of all the inside organs.

The millions of people who are bothered with constipation, bilious spells, stomach trouble; others who have sallow skins, blood disorders and sickly complexions are urged to get a quart of limestone phosphate from the drug store. This will cost very little, but is sufficient to make anyone a pronounced crank on the subject of inside-bathing before breakfast.

### DRINK HOT TEA FOR A BAD COLD

Get a small package of Hamburg Broast Tea at any pharmacy. Take a tablespoonful of the tea, put a cup of boiling water upon it, pour through a sieve and drink a teacup full at any time during the day or before retiring. It is the most effective way to break a cold and cure grip, as it opens the pores of the skin, relieving congestion. Also loosens the bowels, thus driving a sock from the system.

Try it the next time you suffer from a cold or the grip. It is inexpensive and entirely vegetable, therefore safe and harmless.

### RUB BACKACHE AND LUMBAGO RIGHT OUT

Rub Pain and Stiffness away with a small bottle of old honest St. Jacobs Liniment

When your back is sore and lame or lumbago, sciatica or rheumatism has you stiffened up, don't suffer! Get a 30 cent bottle of old, honest "St. Jacobs Liniment" at any drug store, pour a little in your hand and rub it right into the pain or ache, and by the time you count fifty, the soreness and lameness is gone.

Don't stay crippled! This soothing, penetrating oil needs to be used only once. It takes the ache and pain right out of your back and ends the misery. It is magical, yet absolutely harmless and doesn't burn the skin.

Nothing else stops lumbago, sciatica and lame back misery so promptly.

# RED CROSS GIFTS \$400,000,000

### War Council on Retirement Announces Cash and Supplies Contributed.

### WORKERS WILL "CARRY ON."

#### Five Big Societies in World Wide Plan. H. P. Davison Heads International American Red Cross Commission. Dr. Livingston Farrand Permanent Leader of Peace Organization.

Washington.—(Special.)—Henry P. Davison as chairman issues the following statement on behalf of the War Council of the American Red Cross:

"To the American People: The War Council of the American Red Cross appointed by President Wilson on May 10, 1917, to carry on the work of the American Red Cross during the war, at their request and by vote of the Central Committee, ceased at midnight, February 28.

"Immediately after the armistice was signed the War Council instituted studies to determine when the strictly war work of the organization would have been sufficiently matured to enable the direction of affairs to be resumed by the permanent staff. Henry P. Davison, being in Paris when the armistice was signed, summoned a conference there of the heads of all the Red Cross Commissions in Europe to canvass the situation. After considering all the factors it was concluded to make the transition on March 1. The very fortunate choice of Dr. Livingston Farrand as the new chairman of the Central Committee, and thereby the permanent chief executive of the Red Cross, makes possible the consummation of this plan under the most favorable conditions.

#### Accounts Audited by War Department.

"Detailed reports to Congress and a complete audit of its accounts by the War Department will constitute the final record of Red Cross activity during the war. Although it has been the rule to make public all expenditures when authorized and to give detailed information relative to all work undertaken, the War Council in turning over its responsibilities to Dr. Farrand and his associates desire to give a brief resume of Red Cross war time activities to the American people, to whom the Red Cross belongs, and whose generous contributions have made possible all that has been accomplished.

"During the past nearly twenty-one months the American people have given in cash and supplies to the American Red Cross more than \$400,000,000. No value can be placed upon the contributions of service which have been given without stint and oftentimes at great sacrifice by millions of our people.

"The effort of the American Red Cross in this war has constituted by far the largest voluntary gifts of money, of hand and heart, ever contributed purely for the relief of human suffering. Through the Red Cross the heart and spirit of the whole American people have been mobilized to take care of our own, to relieve the misery incident to the war, and also to reveal to the world the supreme ideals of our national life.

"Everyone who has had any part in this war effort of the Red Cross is entitled to congratulate himself. No thanks from anyone could be equal in value to the self satisfaction everyone should feel for the part taken. Fully 8,000,000 American women have exerted themselves in Red Cross service.

#### Has Over 17,000,000 Adult Members.

"When we entered the war the American Red Cross had about 500,000 members. Today, as the result of the recent Christmas membership Roll Call, there are upwards of 17,000,000 full paid members outside of the members of the Junior Red Cross, numbering perhaps 9,000,000 school children additional.

"The chief effort of the Red Cross during the war has been to care for our men in service and to aid our army and navy wherever the Red Cross may be called on to assist. As to this phase of the work Surgeon General Ireland of the U. S. Army recently said: 'The Red Cross has been an enterprise as vast as the war itself. From the beginning it has done those things which the Army Medical Corps wanted done, but could not do itself.'

"The Red Cross endeavor in France has naturally been upon an exceptionally large scale where service has been rendered to the American Army and to the French Army and the French people as well, the latter particularly during the trying period when the Allied World was waiting for the American Army to arise in force and power. Hospital emergency service for our army in France has greatly diminished, but the Red Cross is still being called upon for service upon a large scale in the great base hospitals, where thousands of American sick and wounded are still receiving attention. At these hospitals the Red Cross supplies huts and facilities for the amusement and recreation of the men as they become convalescent. Our Army of Occupation in Germany was followed with Medical units prepared to render the same emergency aid and supply service which was the primary business of the Red Cross during hostilities. The Army Canteen service along the lines of travel has

actually increased since the armistice. "As for work among the French people, now that hostilities have ceased, the French themselves naturally prefer as far as possible to provide for their own. It has accordingly been determined that the guiding principle of Red Cross policy in France henceforth shall be to have punctilious regard to its every responsibility, but to direct its efforts primarily to assisting French relief societies. The liberated and devastated regions of France have been divided by the government into small districts, each officially assigned to a designated French relief organization.

"The American Red Cross work in France was initiated by a commission of eighteen men who landed on French shores June 13, 1917. Since then some 9,000 persons have been upon the rolls in France, of whom 7,000 were actively engaged when the armistice was signed. An indication of the present scale of the work will be obtained from the fact that the services of 6,000 persons are still required.

"Our American Expeditionary Force having largely evacuated England, the activities of the Red Cross Commission there are naturally upon a diminishing scale period. Active operations are still in progress in Archangel and Siberia.

"The work in Italy has been almost entirely on behalf of the civilian population of that country. In the critical hours of Italy's struggle the American people, through their Red Cross, sent a practical message of sympathy and relief, for which the government and people of Italy have never ceased to express their gratitude.

#### Supplies and Personnel to Near East.

"The occasion for such concentration of effort in Italy, England, Belgium and even in France having naturally and normally diminished, it has been possible to divert supplies and personnel in large measure to the aid of those people in the Near East who have hitherto been inaccessible to outside assistance, but whose sufferings have been upon an appalling scale. The needs of these peoples are so vast that government alone can meet them, but the American Red Cross is making an effort to relieve immediately the more acute distress.

"An extensive group of American workers has been dispatched to carry vitally needed supplies, and to work this winter in the various Balkan countries. In order to co-ordinate their activities, a Balkan commission has been established, with headquarters at Rome, Italy, from which point alone all the Balkan centers can be reached promptly.

"A commission has just reached Poland with doctors and nurses, medical supplies, and food for sick children and invalids. An American Red Cross Commission has also been appointed to aid in relieving the suffering of Russian prisoners still confined in German prison camps.

"An important commission is still working in Palestine. Through the war special co-operation has been given to the Armenian and Syrian Relief Commission, which was the only agency able to carry relief in the interior of Turkish dominions.

#### Red Cross Will Continue.

"Red Cross effort is thus far flung. It will continue to be so. But the movement represented by this work has likewise assumed an intimate place in the daily life of our people at home. The army of workers which has been recruited and trained during the war must not be demobilized. All our experience in the war shows clearly that there is an unlimited field for service of the kind which can be performed with peculiar effectiveness by the Red Cross. What its future tasks may be it is yet impossible to forecast. We know that so long as there is an American army in the field the Red Cross will have a special function to perform.

"Nothing could be of greater importance to the American Red Cross than the plans just set in motion by the five great Red Cross societies of the world to develop a program of extended activities in the interest of humanity. The conception involves not alone efforts to relieve human suffering, but to prevent it; not alone a movement by the people of an individual nation, but an attempt to arouse all people to a sense of their responsibility for the welfare of their fellow beings throughout the world. It is a program both ideal and practical. Ideal in that its supreme aim is nothing less than veritable 'Peace on earth good will to men,' and practical in that it seeks to take means and measures which are actually available and make them effective in meeting without delay the crisis which is daily recurrent in the lives of all peoples.

"For accomplishing its mission in the years of peace which must lie ahead of us the Red Cross will require the ablest possible leadership, and must enjoy the continued support, sympathy, and participation in its work of the whole American people. It is particularly fortunate that such a man as Dr. Livingston Farrand should have been selected as the permanent head of the organization. The unstinted fashion in which all our people gave of themselves throughout the war is the best assurance that our Red Cross will continue to receive that co-operation which will make its work a source of pride and inspiration to every American."

Mr. Davison, as chairman of the International Commission of the American Red Cross, has undertaken to represent the American Red Cross in the preparation of the program for extended Red Cross activities, and will spend the next several months in Europe in consultation with other Red Cross societies for that purpose.

#### THE WAR COUNCIL OF THE AMERICAN RED CROSS.

Henry P. Davison, Chairman.

### WHAT PART OF ROAD COST DOES FARMER PAY.

According to the official figures in the records of the State Tax Commission offices at Lansing, the farm property of Michigan represents about 37 per cent of the total assessed valuation of the state.

Unless Michigan can have funds available to meet the dollar-for-dollar Federal Aid to be distributed by Uncle Sam to promote highway construction and maintenance, the farmer will have to bear his 37 per cent of the expense.

But if the Good Road amendment is ratified at the polls, April 7, the people will have authority, through their representatives in the legislature, to use the state's credit to meet any offer the United States government may make and, since Federal aid will care for half of the cost, the farmer will pay only a little more than 18 per cent of the Good Roads investment.

### HE WOULD AVOID APOLOGIES FOR STATE HIGHWAYS

#### GOOD ROADS EARLE, ALSO TELLS WHY HE WILL VOTE FOR THE AMENDMENT, APRIL 7.

Horatio S. Earle, popularly known in Michigan as "Good Roads" Earle, who has been spreading the doctrine of permanent highways for more than fifteen years and in whose honor a monument has been reared at the junction of the eastern and western branches of the Dixie Highway in Michigan, says he is tired of carrying his title into the cities of the east and the west and then offering an apology for the highways of his own state.

HORATIO S. EARLE Known throughout the United States as the Father of Michigan's Good Roads.

"'Good Roads Earle,' indeed!" he exclaimed, "Why, many a time I have felt ashamed when introduced under that title to speak of good roads before an audience, which, as I only too well knew, included men who had seen and sneered at Michigan roads. If this constitutional Amendment goes through, and it certainly must, if we are to hold up our heads in Michigan, I will not be forced to apologize when I speak in Boston, New York, Chicago or San Francisco."

"That's one reason why I shall vote for the 'highway Amendment. But there are a lot of other and better reasons, all of which come right home to every Michigan citizen. And so I will cast my ballot for the Amendment because:

"By so doing, I vote to accept a dollar from the United States Government for each dollar that Michigan appropriated for trunk line roads:

"I want the roads as soon as possible:

"If we bond for the money, the incoming will pay his part as well as we who are here now:

"The cost of the trunk line roads will be spread upon the entire state and nation, making it possible for localities to build farm-to-market roads, or tributary roads, with their own money, aided by the State reward:

"I want to see Michigan as good or better than any state in the Union, and roads will develop the state:

"If we get good trunk line roads, we will attract best-of-all summer resort states resorters from all over the country, who will leave a profit each year in the state of more than this bond Amendment makes possible for the Legislature to appropriate:

"When the figures are studied, I can see that it will be no burden upon the tax payers of the State:

"The United States rewards us if we build this road system; and, if we do not, the reward goes to other states that do."

#### Both Parties Indorse.

Both the Republican and Democratic parties in state convention at Lansing, have indorsed the amendment to the constitution which will start the machinery for financing a state-wide system of main market roads leading to every community. Each party made this issue one of the planks of its platform.

### WOMEN OF MICHIGAN TO BE AT POLLS IN FORCE ON APRIL 7

#### Reports Compiled At Lansing Tell of Heavy Registration Throughout State.

Lansing, Mich.—Reports that within the last few days have come flooding in, upon officials here tell of political activity among the women of the state on a scale that not even the most astute of republican and democratic party leaders were able to foresee. Only a smattering of women was expected by these observers to avail themselves of the opportunity to register and vote at the election in April, but of late tales of heavy feminine registration, substantiated by authentic figures, have come in from every section of the state. The fair folk of Grand Rapids are credited with setting the pace.

On February 23, according to a report from Kent county, 23,000 women had signed up in the furniture metropolis. The masculine vote in former years has averaged only about 20,000 in Grand Rapids—meaning that at the election in April more than twice as many ballots will be marked and deposited in the poll boxes than at any time in the past.

A similar rush upon the registration clerks is declared to be in progress in Detroit, where a few days ago more than 70,000 women had registered.

The unexpected outpouring of women, both in Detroit and Grand Rapids, is attributed by Fred G. Dewey, chairman of the G. O. P. in Wayne county, to their desire to take a whack at the proposed beer and wine amendment when it comes up on April 7. The women are so keen in this ambition he declared, that the defeat of this measure, fathered by the wets, is almost certain.

In Grand Rapids feminine representatives of women's clubs and civic organizations made a house-to-house canvass to encourage the women of the city to register and vote. The canvassers in the Kent district in addition to telling women, where and when they could register, left behind them pamphlets condemning the beer and wine amendment and instructing women to vote "no."

But while the cities are leading in point of numbers registered, reports from the smaller cities and towns, and from the rural districts, indicate that just as large a percentage of women are registering there as in the metropolises. On February 21, two-thirds of the eligible women of Monroe—the rum-runners port of entry—had registered in Bergland township in Ontonagon county, at the other end of the state, 62 per cent of the women had registered on February 21. The percentage at Beulah, in Benzie county, was 75; at Port Austin 75 per cent of the women have registered; in Columbia township, Tuscola county, 50 per cent of the women had registered on February 14; at Ceresco, in Calhoun county, 81 per cent have registered; in Coldwater, 50 per cent have registered already; at Manistee, 1200 have registered. These reports, chosen at random from among many others of similar portent have convinced the political pilots of the various parties that the woman in politics is a factor that must be counted in—and counted in by the tens of thousands.

"We can't tell just yet what these new voters will do to party lines," declared Arthur P. Loomis, one of the most experienced of campaign managers, "but we haven't any doubt what they will do when a moral issue, such as the beer and wine amendment, must be decided. The beer and wine amendment will be defeated by a good round majority."

### NO BAN ON WINE FOR USE IN CHURCH RITES

#### Wine and Beer Amendment Not Necessary to Secure Beverage For Sacramental Uses.

Lansing, Mich.—A widely circulated report to the effect that unless the wine and beer amendment is adopted wine for sacramental purposes will be unobtainable in the future, was branded as an untruth today by the Michigan Anti-Saloon League.

"It is lawful, under our present statute, for pastors to purchase wine for sacramental uses," declared Grant M. Hudson. "The law says:

"Every registered druggist or pharmacist keeping a drug store, who is permitted to do so as herein provided, may, by himself or his clerk, who is a registered pharmacist or a registered druggist, sell intoxicating liquors in the following cases:

"Wine for sacramental purposes to any clergyman having charge of a church, or to any recognized official thereof, upon the sworn, written, signed and dated application of such clergyman or such official."

"Advocates of the beer and wine amendment have been stating that unless the amendment is approved, wine for sacramental purposes will be forbidden. The aim of this, of course, has been to obtain church support for the beer and wine measure.

"If this amendment is defeated, the present law will continue in force and as above indicated, there is under this law no ban upon sacramental beverages. Unless we desire the return of the saloon, the wine and beer amendment should be defeated."

## Who Benefits By High Prices?

You feel that retail meat prices are too high. Your retailer says he has to pay higher prices to the packers. Swift & Company prove that out of every dollar the retailer pays to the packers for meat, 2 cents is for packers' profit, 13 cents is for operating expenses, and 85 cents goes to the stock raiser; and that the prices of live stock and meat move up and down together.

The live-stock raiser points to rising costs of raising live stock. Labor reminds us that higher wages must go hand in hand with the new cost of living.

No one, apparently, is responsible. No one, apparently, is benefited by higher prices and higher income.

We are all living on a high-priced scale. One trouble is, that the number of dollars has multiplied faster than the quantity of goods, so that each dollar buys less than formerly.

Swift & Company, U. S. A.

### CUT THIS OUT—IT IS WORTH MONEY

DON'T MISS THIS. Cut out this slip, enclose with 5c to Foley & Co., 2835 Sheffield Ave., Chicago, Ill., writing your name and address clearly. You will receive in return a trial package containing Foley's Honey and Tar Compound for coughs; colds and croup, Foley Kidney Pills and Foley Cathartic Tablets.—Hite's Drug Store.

"Care killed the cat," but "don't care" kills men.

### DRINK MORE WATER IF KIDNEYS BOTHER

#### Eat less meat and take Salts for Backache or Bladder trouble—Neutralizes acids.

Uric acid in meat excites the kidneys, they become overworked; get sluggish, ache, and feel like lumps of lead. The urine becomes cloudy; the bladder is irritated, and you may be obliged to seek relief two or three times during the night. When the kidneys clog you must help them flush off the body's urinous waste or you'll be a real sick person shortly. At first you feel a dull misery in the kidney region, you suffer from backache, sick headache, dizziness, stomach gets sour, tongue coated and you feel rheumatic twinges when the weather is bad.

Eat less meat, drink lots of water; also get from any pharmacist four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with bicarbonate and has been used for generations to clean clogged kidneys and stimulate them to normal activity, also to neutralize the acids in urine. If no longer is a source of irritating, ending bladder weakness. Jad Salts is inexpensive, cannot be over-dosed; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep the kidneys clean and active. Druggists here say they sell lots of Jad Salts to folks who believe in overcoming kidney trouble while it is only trouble.

## Briefs of the Week

Miss Selma Anderson was here from Charlevoix latter part of the week.

Matt Quinlan, formerly of this place, is here from Grand Rapids on business.

The South Arm Township Caucus Primary will be held on Saturday, Mar. 16th, 1:00 to 5:00 p. m., at the Fair Ground Educational Building.

Born to Mr. and Mrs. Ray Lyon a son—William Robert—at Grand Haven, March 2nd. Mrs. Lyon was formerly, Miss Selma Oleson of this city.

In the Antrim County Commissioner of Schools contest, Wednesday, Miss Kate A. Wilson was nominated by about 300 majority over her opponent, C. W. Wing.

Edward Monroe and Mrs. Lillie Bussler were united in marriage at the bride's home on the West Side, Thursday evening, Feb. 27th. Rev. M. E. Hoyt performed the ceremony.

Esther Uvon, ten-months-old daughter of Mr. and Mrs. Roy Gregory, passed away at an early hour Thursday morning. Funeral services will be held from the home at 1:00 o'clock Saturday afternoon.

The City Primary to nominate Candidates for Mayor will be held on Monday, March 24th. Will all those who desire to become Mayor of the city of East Jordan please come forward and sign on the dotted line.

Capt. H. L. Winters favors The Herald with a copy of "The Stars and Stripes," the official newspaper of the A. E. F. The paper contains a lengthy article relative to the work of the Thirty-second Division which we will re-publish at an early date.

A new time card goes into effect on the East Jordan Branch of the M. C. R. R., next Monday, March 10th. The morning train will leave East Jordan at 7:10 a. m., and, returning, arrive at East Jordan at 6:35 p. m. Both departing and arriving times are earlier than heretofore.

At the meeting of our Library Commission held last Saturday evening, Mrs. O. E. Sundstedt was elected Librarian for our new Public Library, which is to be opened in the near future. Mrs. Sundstedt is exceptionally well qualified for the position and our library directors are to be congratulated on their selection.

At a meeting of the Petoskey City Council Monday night, it was decided to boost both electric light and water rates twenty-five per cent. The plants are municipally owned, and, although an increase of electric light rates was made several months ago, they have been found inadequate to meet the increased costs.

Robert Bigelow of Tustin, Mich., and Miss Maude Beebe of this city were united in marriage at the home of the bride's parents, Mr. and Mrs. Charles Beebe on the West Side, last Saturday evening, March 1st. Rev. Sidebotham performed the ceremony in the presence of about thirty friends and relatives. Following the ceremony a wedding supper was served.

A representative from the U. S. Treasury Dept. will be in East Jordan on Saturday, March 15th, to assist those in doubt relative to their income tax returns. Under the revenue act this date—March 15th—is the last day in which these returns must be filed together with at least 25 per cent of the tax. If you are subject to taxation and are in doubt about anything be sure and see this deputy on that day.

B. E. Waterman returned home Monday, from a business trip to Traverse City.

He went over with the 85th Division, and served with Company G, 4th Infantry. He received four wounds in his right leg during the Chateau-Thierry battles and was invalidated home.

On Dec. 1st, 1915, Fred Whittington began experimental work with the Stewart-Warner Speedometer Co., of Chicago, on the new electric warning signal. He became foreman of this department which position he held for six months, when he was appointed Ass't Chief Engineer. During '17 and '18 he was engineer for the sales department covering all eastern territory, also Illinois and Michigan. On Jan. 10, '19, he officially took up his duties as chief engineer for the above named firm.

Victory postage stamps, a new 3-cent issue to commemorate the successful termination of the war, will be on sale soon throughout the country. In announcing the issue today the postoffice department said the supply would not be sufficiently large to replace the regular 3-cent stamp and postmasters would sell Victory stamps only on request. The new stamp bears the figure of Liberty victorious, helmeted and with a sword in one hand and scales in the other. The whole design appears upon a shaded panel with American, British, French, Belgian and Italian flags draped for the background. In size it compares with other special stamps and is wider and shorter than the ordinary stamp. It probably will require several weeks to supply requisitions from all postoffices.

Edward Piggott returned to his home at Sarqis, Ont., Saturday.

Archie Lafrenier left Wednesday for Detroit after a visit here with his parents.

Dan Conway returned to his home at Flint, Saturday, after a visit here with relatives.

A birthday party was given at the home of Mr. and Mrs. LeRoy Sherman last Saturday afternoon in honor of their son, George, and Josephine, little daughter of Mr. and Mrs. John Dolezel. It was their fifth anniversary.

The less time you give to thinking about yourself the more time others will be inclined to think about you.

**Big Your Pardon.**  
The Herald last week stated that Mrs. Earl Holliday was packing her household goods preparatory to moving to Traverse City. Mrs. Holliday informs us that there is no truth in the item. Information given us by her son.

If you don't care what happens it's likely to.  
The only trouble with folks is that they don't have common sense. But who is going to be the judge?

**GUARD THE CHILDREN'S HEALTH.**  
Mrs. Efaw, Box 26, Bennett, Wis. writes: "We have always used Foley's Honey and Tar for colds and find it great. The children all run for it when they see the bottle and ask for more." Contains no opiates, safe, and harmless but gives prompt relief to coughs, colds—croup and whooping cough.—Hites Drug Store.

## TWENTY YEARS AGO TODAY

Advertisers did not tell the truth.  
Ladies wore bustles.  
Operations were rare.  
Hoover was a young man.  
Nobody swatted the fly.  
Nobody wore white shoes.  
Eggs were ten cents a dozen.  
Cream was five cents a pint.  
Young men had "Livery Bills."  
No one heard of "Tin Lizzies".  
No one cared for the price of gasoline.  
Hired girls drew one dollar a week.  
Butchers "thru in" a chunk of liver.  
Pneumatic tires were a joke.  
Nobody "listened in" on a telephone.  
Sane Fourth were scarce.  
No one heard of an electric meter.  
Strawstacks were burned.  
Candy was cheap.  
"Meatless days" were only in jail.  
No one heard of prohibition.

The Kaiser has been canned  
**TODAY**  
AND EVERY WISE FEEDER IN THE COUNTRY IS BUYING HIS DAIRY, HORSE AND POULTRY FEEDS FROM THE  
**CITY FEED STORE**

## Notice To Dairymen

AVERAGE HOLSTEIN COW, weight 1200 pounds  
Yield 30 pounds 3.5 per cent milk.

	Protein	Total Nutrimnt
Maintenance . . . . .	.80	9.52
30 pounds 3.5 per cent milk . . . . .	1.83	9.48
	2.63	19.00
36 pounds Silage . . . . .	.40	6.37
12 pounds Mixed Hay . . . . .	.36	5.82
8 pounds Buckwheat Midds. . . . .	1.97	6.13
	2.73	18.32

The above table, compiled from "Advisors and Cow Testers Manual," shows a ration, cheap and easily obtained, that almost exactly fills the average Holstein's wants.

A cow's capacity for roughage, according to size and breed, almost automatically balances her ration with BUCKWHEAT MIDDINGS.

A good grain ration, to balance approximately with the standards, should contain 18 to 22 per cent digestible protein. BUCKWHEAT MIDDINGS have 24.6 per cent protein, 22.3 per cent of which is digestible.
