EAST JORDAN, MICHIGAN, FRIDAY, OCTOBER 3, 1919.

No. 40

## Killed In Auto Accident

### George Acker of Traverse City Meets Instant Death.

The fair ground road, near State-St was the scene of another accident last Saturday evening about eleven o'clock when two Ford cars met in a head-on collision.

One auto, driven by Oscar Reitzel and accompanied by his cousin George Acker had been out toward the fair grounds and was returning toward the city. Another auto, driven by George Kake and accompanied by Johnnie Green and Ernest Hurlbert, had just turned off the State-St headed toward the fair grounds. The occupants of the latter car claim that they saw the other car approaching at a rapid pace and drove to the side of the road and stopped letting the engine idle. The Reitzel car struck the forward wheels of the Kake car, turning it around and driving it into the ditch. The Reitzel car rolled over sideways and righted up stopping about 46 feet from the collision point.

In the turning over of this car George Acker received injuries to his head which killed him instantly. The car was badly smashed. The other occupants of the two cars were uninjured.

Prosecutor Ruegsegger and Sheriff Weaver were at once notified and were here within an hour together with Coroner Dr. Boylan, who started an investigation. Sunday, Pros. Ruegsegger ordered photographs taken of the accident.

A coroner's jury was impanelled, consisting of James Gidley, L. G. Balch, George LaValley, Mike Shubrick, Ed. Winstone, and Roland Maddock. On Monday a hearing was given in which testimony was taken. The jurors returned a verdict of reckless driving on the part of Oscar Reitzel, and Pros. Atty Ruegsegger ordered him to be held for manslaughter to the Circuit Court. He was released on bonds of \$1000 signed by W. P. Porter and Roscoe Mackey.

The remains of Mr. Acker were taken to Traverse City, Tuesday, and funeral services were held that afternoon. He leaves a wife and child.

## Flag Contest Features World Prohibition Meeting at M. E. Church, Wed. even'g, Oct. 8.

A unique advertising scheme is being worked in connection with the World Prohibition meeting at the M. E. Church, Wednesday evening, Oct. 8th. Supt. Keyworth has designated certain rooms which will contest for the large, beautiful American Flag now on display in the Empey building next to the post-office. The contest will open next Monday. The West Side School will work as a unit. Every adult in East Jordan will be given a ballot by the contestants, and the room that receives the highest number of votes will win the Flag. The ballots will be taken up at the Church Wednesday night and the decision announced at the close of the meeting. Only adults can vote and each adult must bring his own ballot. The meeting will be addressed by J. D. McAllister of Tennessee, said to be one of the foremost, though of the lesser known orators on the American platform today. Don't fail to hear him. Subject, "Carry On." Should anyone fail to secure a ballot you may secure one at the Church. Everyone is welcome to come.

## Card of Thanks.

We wish to express our thanks to our friends and neighbors for their kindness and help during the burial of our mother and sister, Mrs. W. B. Cleveland.

E. L. Cleveland and family.  
Bessie Cleveland.  
Mr. and Mrs. W. F. Empey.

## EASIER NOW THAN LATER.

It is easier to break up a cold or catch a cough now than it will be later. Persistent coughs that "hang on" all winter pave the way for serious throat and lung diseases. L. W. Day, 66 Campbell Av., E., Detroit, Mich., writes: "Foley's Honey and Tar relieves one of bronchitis very quickly."—Hite's Drug Store.

Intelligent persons are not lonesome long at a time. Their minds are good companions.

## Sherman-Lewis Wedding, Friday

### Well-known and Esteemed Couple United in Marriage.

Mrs. Estella Elnora Sherman and Richard Lewis were united in marriage at the home of the bride, corner Williams and Second Streets, Friday evening of this week. The ceremony took place at eight o'clock. Rev. R. S. Sidebotham, pastor of the Presbyterian church, officiating. Only a few immediate friends and relatives were in attendance, those from out-of-town being Mr. and Mrs. Joseph Lewis of Lapeer, and Mr. and Mrs. Floyd Bettes of Grand Rapids and Wyandotte.

Commencing at 8:30, a reception was given which was attended by a large number of friends of Mr. and Mrs. Lewis who called to extend sincere congratulations. Punch and wafers were served, and the guests were registered.

Mrs. Lewis is one of East Jordan's most esteemed ladies. Always active in church and social work, doing her part toward the upbuilding of our community, she has won for herself a warm spot in the hearts of our citizens.

Richard Lewis is well-known to the people of Charlevoix County. A resident of Wilson township for years and going from there to Charlevoix as a county official he has served the people of the county well and faithfully for years. That he is esteemed by the citizens of the county is attested by the fact that he has been repeatedly returned to office in the primary and general elections.

Mr. and Mrs. Lewis have left for a short wedding trip, visiting friends at Grand Rapids, Muskegon and other places, and will be at home to their many friends after October fifteenth at their newly-purchased home—215 Antrim Street, Charlevoix.

## PRE-NUPTIAL PARTY GIVEN AT HOME OF MRS. W. P. PORTER

Over seventy-five ladies were guests at the home of Mrs. W. P. Porter last Tuesday evening to a party given in honor of the approaching marriage of Mrs. Estella E. Sherman.

A social hour was enjoyed, luncheon served, and at its close a cut glass set was presented on behalf of the many friend to Mrs. Sherman.

## CORN SMUT BAD IN STATE THIS YEAR.

### Check in Central Part of Michigan Shows Twenty-five Per Cent of Plants Infected.

East Lansing, Sept. 30.—That corn smut is worse in Michigan this year than ever before is the opinion of plant disease experts of the Michigan Agricultural College, who have found as high as twenty-five per cent of the plants in fields of the central part of the State infected with the smut. This does not mean that a fourth of the crop is lost, however, for many plants that are infected produce one or more fully developed ears.

"There is no seed treatment for corn smut," says Dr. G. H. Coons, of the Botany Department at the college. "Many farmers expect to treat corn in a manner similar to the wheat treatment, but there is no such treatment for corn. Corn smut is not spread through the seed."

Control methods for corn smut include a rotation of crops in order to avoid planting corn on ground infected the year before, and the cutting out of all smut early—before it matures enough to spread in the powdery form. Smut which is cut out should always be burned or buried. If it is left in or near the field it will mature and spread just as well as if it had not been cut off the plants.

Seed corn can be selected from smutty fields with perfect safety, according to Dr. Coons. The fact that the smut is not spread through the seed makes this possible, and there is no reason why farmers should hesitate to use good seed selected from a field which is infected with smut.

If you don't understand yourself, why expect others to do so?

"What fools these mortals be!" That is, all of them except yourself.

The best burglar nowadays does not carry a "gun"—he has a set of scales.

## Fire Prevention Day

### THURSDAY, OCTOBER NINTH

#### A Proclamation By The Governor

Michigan's fire loss for the year 1918 was ten million dollars and over one hundred human lives. It is generally conceded by fire prevention authorities that more than 75 per cent of fires are preventable.

In order to prevent further useless loss, to aid in the conservation of our resources, and assist our country in the perplexing problems of reconstruction and readjustment following the great war, I earnestly request that every effort shall be made by the citizens of Michigan to aid in this important work, and I do, therefore, proclaim,

#### Thursday, Oct. 9th, Fire Prevention Day

and urge all the people of the State to properly observe the day by carefully inspecting their premises and removing or repairing all fire menaces, or that which might contribute to fire hazard.

That all rubbish and waste be removed from public buildings, factories and alleys.

That all heating plants, lighting and fire extinguishing equipment be examined and all defects corrected.

That all chimneys be cleaned and repaired when found defective.

That public exercises be held in all cities and villages throughout the State, and in all schools the teachers, assisted by municipal officers, present to the children such information and instruction as they may command on the subject of fire prevention.

We cannot be too urgent in this matter. A condition that permits the loss of 300 million in property and 15,000 lives, besides 50,000 injured in this country annually, is one that requires our most earnest attention.

In Testimony Whereof, I have hereunto set my hand and caused the Great Seal of the State to be affixed at the Capitol, City of Lansing, this 24th day of September, 1919.

ALBERT E. SLEEPER, Governor.

## School Commissioner's Notes

May L. Stewart, Commissioner

## Change in System Made Necessary.

There are so many things about which our readers have wished to know much, and so many notes with but little information concerning the news portion, coming to the office of the County School Commissioner, that a change in system is made necessary. To do justice to a topic of the day, and tell the story of the schools of the county as it should be told is no minor task, but the story should be told. Parents have asked again and again "What are we going to do about this?" or "Will the children do so and so this year?" It has been found that quite frequently explanations, instructions, opinions, in answers to these questions crowded out the little bits of news that will ever be of interest to teachers and parents of school children.

But the news for other reasons had to be incomplete. Several letters would arrive with little items of interest. Perhaps a few of these items had already appeared in one or two of the papers of the county, and must necessarily be omitted. On other occasions, boys and girls with records worthy of mention neglected to send in the record, or took it for granted that the commissioner knew the good news and would put it in the notes. When the summary was made each week, it was either incomplete or full of old news. Omissions were unpleasant, but, as the amount of material increased, newspaper space, and the readers' time, would forbid including all that might be of interest if some if not in all sections of the county.

To meet both conditions, after careful consideration by both editor and commissioner, we are going to try an experiment. The Commissioner will write an article each week either in the form of newspaper correspondence or an editorial on school work, which will answer the situation of the hour as it is reflected in her office. The editor invites all the teachers of the county to kindly send directly to him, or to have the advanced pupils of the class send to him, the news of the schools, the names of boys and girls who are not absent or tardy, the ones who were sick, the good things that the school is doing either through the school board or through the teacher, the things they hope to do.

## Poetry of the Soul.

In the August teachers' examination, one of the geography questions was, "Trace a loaf of bread made of Minnesota wheat from the field to the table." Sr. Angelita of St. James who was writing in Grand Rapids who had her papers forwarded to Charlevoix County is musical in heart and the rhythm of the suggested answer appealed to her so strongly that she composed the following as her answer to the question:

"With apologies to Longfellow's Hiawatha."

"From the fields of Minnesota O'er the highways does the farmer To the mill his product hasten; Thence to flour it is ground Soft, white, beautiful, and strengthened,

Into bags, it now is taken From the mill and to the grocer Sold for money is the flour. Then the busy housewife coming Buys the flour, white and strengthened,

To feed therewith her hungry family. Lard, salt, water, yeast and flour, All together then are taken, Baked in oven, hot and cleanly, Out come loaves of bread so comely "Staff of life"—and gift from heaven."

## SHALL MINORITY MAN DATES SUPPLANT LAW?

Washington, Oct. 1st.—The Republican Publicity Association, through its President, Hon. Jonathan Bourne, Jr., today gave out the following statement from its Washington Headquarters:

"The critical situation which now confronts not only the United States but all the world, can be successfully met only by adoption of a policy which may be appropriately expressed by 'An honest day's wage for an honest day's work.' After four years of destruction in which nearly all the civilized nations engaged—destruction of life and property—abandonment of production for peaceful purposes—there must inevitably be a long period of concentrated effort to make up the loss. To supply the necessities of life, to pay our accumulation of war debts, and to place the world once more upon a basis of peace and prosperity, requires the willing and unhampered efforts of all.

To those who have been in a position to observe during the past twenty years, and during the war period in particular, there is no need to offer proof of the assertion that the tendency of organized labor has been to restrict or reduce individual production. This has been evident to every employer of labor—to the householder who has had an ordinary plumbing repair job performed, as well as to the large employer in the ship-yard and the munition factory where shirking became so notorious as to be a national scandal.

"Organized labor has limited the number of apprentices who might be engaged in learning a trade, thereby limiting the numbers of worker's available for production in each particular line. The tendency of organized labor has been to set the standard of a day's work to accommodate the capacity of the slowest. Organized labor has undertaken to show that not only will it strike when it so desires, but will deny to others the right to take up the work it has laid down.

"It would be unfair to organized labor to enumerate these acts limiting production, without giving credit for commendable accomplishments in reducing unreasonably long hours of toil, securing better working conditions and

exacting a fairer proportion of the results of production. But the good organized labor may have done cannot justify continuance of those policies which restrict production at a time when increased production in the only hope of the world.

"Organized labor is now on trial for its life. It has abandoned its former demand for collective bargaining, and has undertaken to substitute collective dictation. Asking for itself the right to life, liberty and pursuit of happiness, it denies that same right to men who decline to become members of Labor Unions.

Organized labor asserts its right to station its adherents at the gates of workshops, and when honest toilers appear for productive employment, proposes to apprehend and summarily execute them without the constitutional right of trial by jury. By its attitude in this respect, organized labor sets itself above all law; in fact, it proposes to destroy all law, and establish instead a reign of terror. Thus it presents an issue which no law-abiding citizen can evade. Whether we are to have government by the majority under law, or government by the minority under the mandates of organized labor, is to be tested and determined in the conflict now in progress. Upon this issue every citizen, every voter, every candidate for office, every elective public official must choose the side with which he will be allied. The very life of the nation is at stake."

## SELECT SEED POTATOES

### AT DIGGING TIME.

Much has been said and written during the last few years about the importance of securing seed potatoes from fields which are comparatively free from disease as well as from those which show high yield. The writer has been spending a large portion of the last two months visiting the different potato producing counties of the state. Evidence has accumulated on every hand showing the advantage of the use of good seed.

The proper time to make a selection of seed is when the potatoes are being harvested, or, in some cases, even before the main crop is dug. If the selection can be made before the frost kills the vines, so much the better as it will give the grower an opportunity to secure the seed from plants which show vigorous growth until killed by frost.

Late planted potatoes as a rule will show less injury from such diseases as Fausarium Wilt than those planted earlier. For this reason and also because late planted potatoes have proven superior for seed purposes it is desirable when possible to select seed from late planted fields.

During the past season many cases have been observed of a comparison between the use of whole seed and cut seed. In most cases the whole seed has proven superior to the cut seed. This is in part due to the fact that the season was very dry and hot and that in many instances the planting was done when the soil was either dry or hot or both. The use of whole seed is gaining in favor among the Michigan Potato Growers. This is a good practice providing precaution is taken to secure the seed from healthy productive fields, or better still, high yielding hills. Growers who have noted a considerable amount of disease in their fields this season will find it profitable to change seed entirely or to select their seed from their best hills. Those who use horse diggers will find that it is not very difficult to dig a few bushels of potatoes for a seed plot before the machine is started, and where hand digging is practiced this is a very easy matter. It should be kept in mind that it is not necessary for the potato to be fully matured to make good seed. In fact there is some evidence to indicate that immature potatoes are preferable for seed purposes.

If enough potatoes cannot be selected to plant the entire area which it is planned to put out another season, the growers will find it to their advantage to select enough to plant at least a half-acre which can be used for seed purposes the following season.

While we do not wish to give the impression that the seed question is the only one which needs consideration in connection with economic potato production, we are calling attention to this matter particularly at this time because it is the proper time to secure seed for the next season's planting.

Extension Specialist.

If you are constantly tired you make others tired. "Pep" rules the world.

## Can Poultry You Cull From Flocks

### Housewives Advised to Get Rid of Non-Producers and Store the Meat.

East Lansing, Mich., Sept. 30th.—Many Michigan housewives are making a double saving this fall by culling the non-producers from their poultry flocks and then canning the discarded birds for a winter meat supply.

Home canning of poultry is entirely practical and is being practiced more and more by farm women of the State. By putting up their own chickens these women are assured a supply of meat which has been raised in the proper way and canned under sanitary conditions. They avoid the danger of getting a hold of very old birds on the markets, or of birds that have been killed too long or kept under unsanitary conditions.

Canning of poultry is not radically different from the canning of fruits or vegetables, the same general principles being followed. Among the general rules, however, are these: birds should be killed and dressed the same day of canning; they should be singed, washed, cut up, and cooled as for table use; new rubbers should always be used; covers should be fitted and tested; the time of sterilization is important and should not be shortened a minute (count time after water around the cans begins to boil.) The length of sterilization varies from 1 to 3 hours according to the method used. Detailed information on canning poultry may be had by writing to the Home Demonstration Agent, Extension Division, M. A. C., East Lansing Mich.

## NOTICE TO CONTRACTORS.

Sealed proposals will be received by H. Bedford, chairman of the Building Committee of the Board of Supervisors, at Charlevoix, Mich., until 12 o'clock, noon, Friday, October tenth, 1919 for the General Construction, Heating, Plumbing and Wiring of a Sheriff's Residence and Jail at Charlevoix, in accordance with drawings and specifications prepared by A. E. Munger, architect, 420 Shearer Bldg., Bay City, Mich.

A certified check for three percent (3) of the amount of the proposal must accompany same, made payable to H. Bedford, Chairman, and in case of the failure of the bidder to execute a contract and furnish bonds as required within one week after the acceptance of his proposal, the check shall be forfeited to the County.

The contractor to whom the work shall be awarded shall furnish satisfactory Indemnity bonds in accordance with the law, to cover liability for labor and material, and maintenance for one year after the completion of the work.

Drawings and specifications may be obtained from the architect, and they shall be returned to him promptly. All proposals shall be made upon blank forms furnished by the architect, shall be delivered sealed, and within the time limit above stated.

The Building Committee reserves the right to accept any, or to reject all bids. (Signed) HAROLD L. BEDFORD,  
Chairman.  
Charlevoix, Mich., Sept. 24, 1919.

## FORERUNNERS OF SICKNESS.

Indigestion and constipation are the forerunners of half the ills of mankind. When food is properly digested, you are free from biliousness, gas, bloating, sick headache, sour stomach, coated tongue. Foley Cathartic Tablets cleanse the bowels, sweeten the stomach and invigorate the liver.—Hite's Drug Store.

Better talk too seldom than too much. "The ox knoweth his master," which is more than a conceited man knows.

Women seem to find about the same amount of paths in weddings and funerals.

A holiday is a time on which the family goes picnicking and hates itself all day.

If you never expect anybody to do the thing that is expected of him, you'll be lots happier.

"A fool and his money are soon parted"—but so is everybody else, from everything else.

If you worry too much about the high cost of living, maybe you won't have to worry about anything long.

**ASPIRIN FOR COLDS**

Name "Bayer" is on Genuine Aspirin—say Bayer

Insist on "Bayer Tablets of Aspirin" in a "Bayer package," containing proper directions for Colds, Pain, Headache, Neuralgia, Lumbago, and Rheumatism. Name "Bayer" means genuine Aspirin prescribed by physicians for nineteen years. Handy tin boxes of 12 tablets cost few cents. Aspirin is trade mark of Bayer Manufacture of Monacoe-sides of Salicylicacid.

If you can handle a "situation," probably you can handle yourself. It may be all right to laugh at the mistakes of others, for its almost a dead certainty they're laughing at yours.

**WHEN A CHILD HAS CROUP.**

Thousands of mothers say Foley's Honey and Tar Compound is the best remedy they know for croup, coughs and colds. It cuts the thick, choking mucus, clears away the phlegm, opens air passages and eases hoarseness. The gasping, strangling fight for breath gives way to quiet breathing and peaceful sleep.—Hite's Drug Store.

**FAMINE IN MEN TO FIGHT FIRES**

Shortage Makes Forest Fire Situation in the Northwest Desperate.

**FEARLESS MALES SOUGHT**

Husky Man Who is Willing to Work Looks Good as Million Dollars to Officials of United States Forestry Service.

Spokane, Wash.—One of the biggest "industries" of the northwest this summer is the fighting of forest fires.

A good, husky man, with two strong arms and a willingness to work, looks as good as a million dollars to the officials of the United States forestry service, and the big lumber concerns, who are losing vast values in timber. There is a famine in men. That is the great reason fires, started by careless campers or lightning storms, have been able to spread over many miles of America's richest lumber lands and cause damage that will not be replaced for a generation.

One large fire in the Pack river district, northern Idaho, burst entirely beyond control and spread over forty-five square miles of territory without showing the least signs of dying down. Men to fight it were few and far between.

War Against Flames. In Spokane as well as the coast cities the forest service is waging recruiting campaigns similar to those carried on during the war. It is a war—against flames almost as destructive to America as the flames that broke out in Europe.

Lumberjacks, those big-shouldered veterans of the forest life, make the finest fire fighters. This summer they have had little chance to engage in their regular work of cutting timber, and have bent all their efforts to saving the forests that house the nation. The forest service maintains a ceaseless lookout. As soon as smoke is discerned the news is flashed to headquarters; a crew is hastily recruited and equipped, and sent into the burning area with full supplies of food, tools and bedding.

But they have little chance to use the bedding. Fire fighting is an all-night all-day job.

How Fire is Beaten. The only successful method of stopping a fire is to get in front of it, clear a wide trail, and widen it by backfiring.

A slight change of wind will make the back fire cross the trail and endanger the workers' lives.

Blazing trees frequently fall with the wind, across the trail, and undo the work of a day. The lumberjack is as expert at tree dodging as he is at playing poker.

One result of the epidemic of fires in the present summer will be a vigorous effort, on the part of lumber companies and forestry men alike, to secure from congress a greater ap-

portionation for the forest service than ever before. America's forests are no longer so numerous and well-grown that the trees can be sacrificed without national suffering.

**STATE'S FIGHTERS PROMISE TO HELP**

AMERICAN LEGION MEN READY FOR BIG PART IN ROOSEVELT MEMORIAL CAMPAIGN.

**HAVE DAY OF THEIR OWN**

Various Posts in Michigan Appoint Committees for Work During Week of "Drive", Oct. 20 to 27.

Much of the success of the campaign in Michigan to raise a fund of \$5,000,000 to provide memorials to the late Theodore Roosevelt will be due to the efforts of the Michigan men who fought in the great war. Soldiers, sailors and marines who have returned from overseas and from posts in this country, and are now banded together in the American Legion, have enlisted as a unit to carry on the work of the intensive campaign. They have pledged themselves to give their best efforts and state leaders feel certain that Monday, Oct. 20, which has been set for the fighting men, will see their share of the state's \$200,000 raised without trouble.

The men of the Legion were enthusiastic when invited to participate in the campaign. They knew and loved Roosevelt as a fighter who never weakened, even in the face of discouraging odds. They hailed him as a brother for those qualities of Americanism which they themselves displayed when answering the country's call. Many of the men knew the late leader of the Rough Riders personally through his frequent visits to Michigan and through their calls at his home when they were stationed at the embarkation post, Camp Mills, Long Island, only a short distance from Sagamore Hill.

The organization plans of the Legion for the campaign are such that committees are to be appointed in every community where a post exists, for co-operation with the other leaders of the movement.

"Mr. Roosevelt had punch and personality which made him immensely popular as an orator. He was also very human, and his robustness and ready accessibility endeared him to the public."

You may gain a day's success by means of a pull, and then you'll be pushed off.

His true-to-life photograph will take the conceit out of almost any man, and an occasional woman.

You may not be getting much of a run for your money, but how much of a run are you giving others for theirs!

**A MESSAGE FOR THE MIDDLE-AGED.**

Foley Kidney Pills give quick relief from kidney or bladder troubles that have not reached a chronic or bad stage. They stop bladder irregularities, strengthen the kidneys and tone up the liver. Don't suffer when relief can be had. Get rid of backache, lameness, rheumatic pains, and stiff joints.—Hite's Drug Store.

If your good qualities are evident, why discuss them, and if not you probably don't have them.

Stoppiness is not genius and foppishness is not brains, but both "get by" pretty often until their hands are called.

An automobile is something like a man. When it travels too fast it becomes heated and doesn't get anywhere until it cools off.

You may take no thought of the morrow but you're pretty likely to find the morrow taking thought of you.

If you go to church on Sunday and to the devil the rest of the week, which, do you suppose, will be winner in the hereafter?

The old-time gallant professed to believe there were no homely women—merely that some were more beautiful than others.

Sometimes it is hard to tell where imagination ends and lying begins, but if you are a genius you have imagination and if you are not you'll be known as plain liar.

Unless you are sick or an idiot, the matter of whether you are getting along pretty well probably depends upon the matter of whether you are dominated by the "cant's" and "won'ts" or by the "cans" and "wills."

**To The School Teachers of Michigan:**  
Lansing, Michigan, Sept. 25, 1919.

My dear Fellow Teachers:

I have been directed by the House of Representatives to have a picture of the late Colonel Theodore Roosevelt placed in all the school-rooms of Michigan.

As you know, October 27 is his birthday and I wish to suggest that this day would be a suitable occasion for the dedication of the picture. I hope that each of you will see that a picture is ready for that time. These pictures may be paid for from the general school funds. Moderator-Topics will tell where they may be secured. Your commissioner also will be able to give you this information shortly.

I trust you will plan a short program in which some of the main facts of Mr. Roosevelt's life and character may be presented to the pupils and that the occasion will be used to stress the principles of patriotism and to instill in the hearts of your pupils a desire to be true Americans.

Cordially yours,  
T. E. JOHNSON,  
Superintendent of Public Instruction.

**To The Boys and Girls of Michigan:**  
Lansing, Michigan, Sept. 25, 1919.

October 27 is the birthday of the late Colonel Theodore Roosevelt. Colonel Roosevelt, for nearly eight years our president, was, during the greater part of his life-time, our most valued public leader. He was known as the "typical American". He was fearless in his advocacy of what he believed to be right and in his attack upon that which he held to be wrong. His courage, his integrity, and his tireless energy made him our most popular national hero. Probably nothing expressed his philosophy of life more clearly than this quotation: "In short, in life, as in a football game the principle to follow is: Hit the line hard; don't foul, don't shirk, but hit the line hard!"

His picture will be dedicated on his birthday and if, as you look at the likeness of that strong, energetic face, you will vow that you will be good Americans, live clean, strong, true lives and that you will fight the battle for purity and honesty in public life as he fought it, I believe you will please him more than you could in any other way.

Cordially yours,  
T. E. JOHNSON,  
Superintendent of Public Instruction.

# ATTENTION! Sick Women

To do your duty during these trying times your health should be your first consideration. These two women tell how they found health.

Hellam, Pa.—"I took Lydia E. Pinkham's Vegetable Compound for female troubles and a displacement. I felt all run down and was very weak. I had been treated by a physician without results, so decided to give Lydia E. Pinkham's Vegetable Compound a trial, and felt better right away. I am keeping house since last April and doing all my housework, where before I was unable to do any work. Lydia E. Pinkham's Vegetable Compound is certainly the best medicine a woman can take when in this condition. I give you permission to publish this letter."—Mrs. E. R. CRUMLING, R. No. 1, Hellam, Pa.

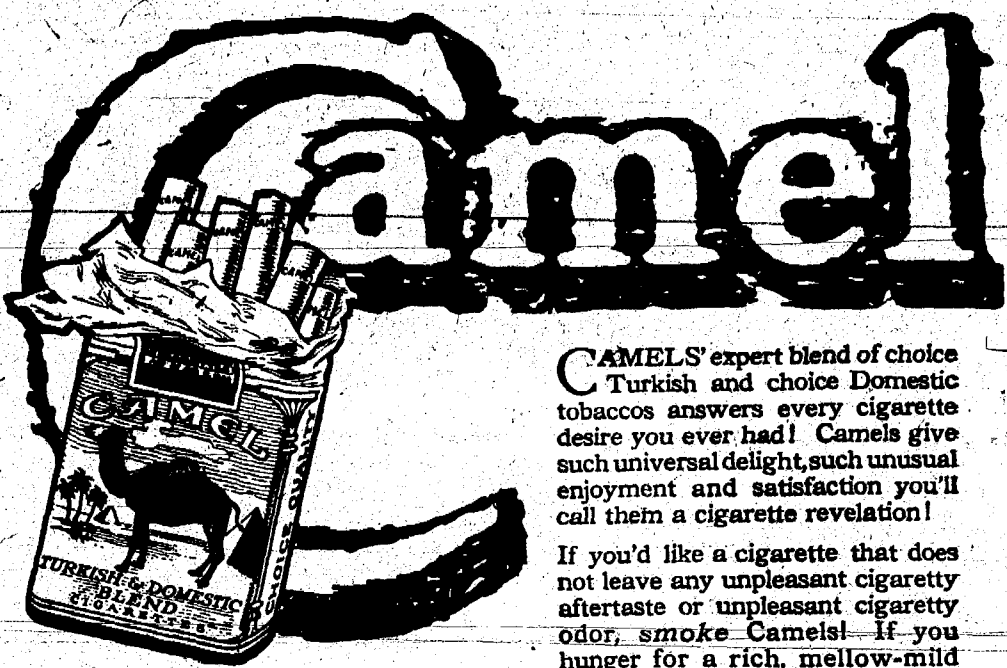

Lowell, Mich.—"I suffered from cramps and dragging down pains, was irregular and had female weakness and displacement. I began to take Lydia E. Pinkham's Vegetable Compound which gave me relief at once and restored my health. I should like to recommend Lydia E. Pinkham's remedies to all suffering women who are troubled in a similar way."—Mrs. ELISE HEIM, R. No. 6, Box 83, Lowell, Mich.

## FINDS CURE FOR POISON IVY

New Jersey Doctor's Wife Says Catnip Leaves Rubbed on Wrist Give Relief.

New York.—Mrs. Evelyn S. Trenbath, wife of Rev. Robert W. Trenbath, rector of St. James' Episcopal church of Montclair, N. J., has conferred a boon on sufferers from poison ivy by announcing a remedy which those who have tried it say is a most efficacious one. It is simply the green leaves of common catnip rubbed on the affected parts until the juice runs.

This never fails, Mrs. Trenbath says, no matter how advanced the case may be, and is simple to use, especially in the case of children.

The plant grows usually in great abundance behind old barns, and is said to be so antagonistic to the ivy that if planted near it the ivy disappears.

## ANTHRACITE PRODUCTION UP

Shipments Show Hundreds of Thousands of Tons Over Latest Normal Production.

Philadelphia.—Shipments of anthracite for July as reported to the anthracite bureau of information aggregated 6,052,334 tons, an increase over June of 432,743 tons.

Compared with July, 1916, the latest normal year in anthracite production, the shipments last month showed an increase of 619,456 tons.

The shipments for the first four months of the coal year, beginning April 1, amounted to 22,808,555 tons, as compared with 21,146,536 tons for the corresponding period in 1916, an increase of nearly 1,600,000 tons.

## Bells for City Dogs.

Asheville, N. C.—As unreasonable as it sounds the city authorities have announced that every canine resident of this city must wear a bell during the next year, and to prove their earnestness they have purchased a large supply of the necessary ornaments for distribution among the owners of dogs here.

## ONE BATH IN 482 FAMILIES

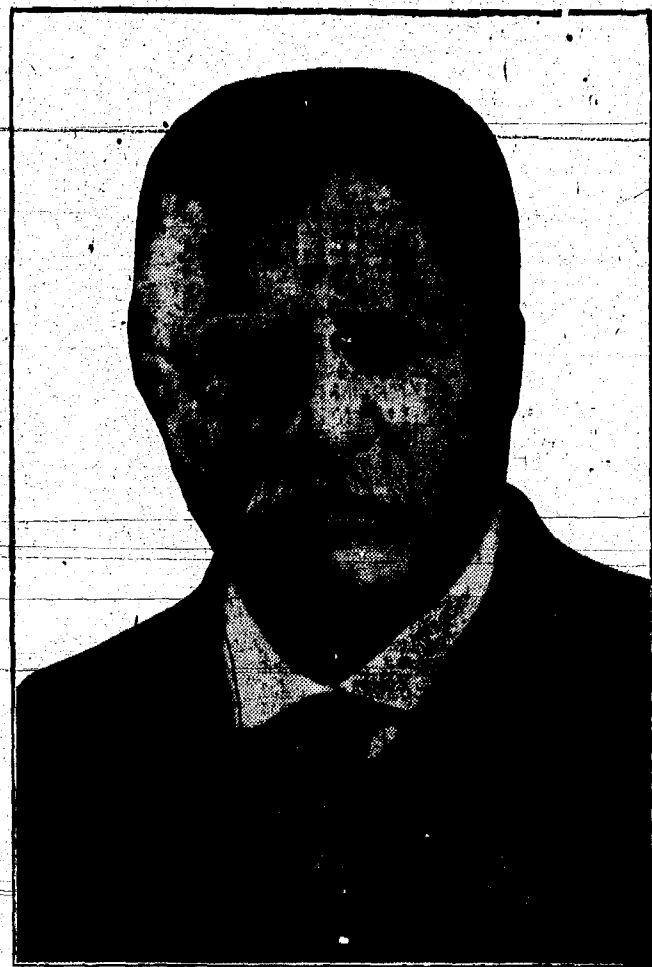

Only One Tub in Block of 43 Tenements Where 1,700 Live, Survey Shows.

New York.—A housing survey of a block in East 33d street made for the state reconstruction commission shows one bathtub in forty-three tenement houses in which live 1,700 persons. The bathtub is the property of the saloon-keeper. It is for use by the owner and his family and comparatively few of the other 481 families on the block have ever seen it.

The next approach to bathing facilities discovered by the investigators on that block was a stationary wash-tub with a partition which can be lifted out on Saturday nights.

It must be pretty hard for the faithful wife with a husband that she nurses through one love affair only to find him involved in another. That kind of husband hardly ever stays cured.

## IN MEMORIAM

THEODORE ROOSEVELT

## A PROCLAMATION

To the People of the State of Michigan:

The people of the United States of America and its possessions, under the leadership of a nonpartisan association of friends and admirers of the Great American, are about to provide suitable memorials to the late Theodore Roosevelt.

It has been decided, during the week of October 20th to 27th, inclusive, to set forth the aims and purposes of the movement to the end that all shall have the opportunity to contribute to the fund for such memorials.

Theodore Roosevelt was an outstanding exponent of the "square deal" in all the relations of life, a champion of the common people, a passionate lover of his country, and an uncompromising defender of its institutions, its laws and its highest traditions.

Therefore, as Chief Executive of the State of Michigan, I deem it a high privilege to urge a universal participation in this movement, without regard to political ties, and the hearty cooperation of all citizens of the state in contributing of their efforts and their gifts to the perpetuation of Roosevelt's memory. In honoring him we honor the principles for which he stood and inspire in this and future generations a greater reverence for our beloved country.

It would seem fitting to observe in some special manner the twenty-seventh day of October, the anniversary of Roosevelt's birth, and, therefore, suggest appropriate exercises in our schools and the holding of public meetings in all communities to mark the event.

Given under my hand and seal of the State of Michigan this twenty-fourth day of September, 1919.

ALBERT E. SLEEPER,  
Governor of Michigan.

## ALL AMERICA HONORS MEMORY OF COLONEL

GEN. PAYTON C. MARCH, Chief of Staff, U. S. Army—The plan for erecting a permanent memorial to Col. Roosevelt appeals in a peculiar manner to the officers of the United States Army. Col. Roosevelt's virility, force, and aggressive Americanism are qualities which are desired in every soldier, and he typifies to us the fighting American.

REAR ADMIRAL WM. S. SIMS, U. S. Navy—It is really difficult for me to express my admiration and appreciation of the late Theodore Roosevelt in adequate terms. I am glad that his friends are planning to erect a memorial to him, for certainly this country has never had a finer son or a more staunch supporter than he was. I was fortunate enough to have been closely associated with Col. Roosevelt, and my admiration of him as a man and a loyal citizen is unbounded.

IRVING S. COBB, Author—He could be wrong more often as a politician and right more often as an American than any man since Andy Jackson. He had visions to see what menace threatened us long before the danger became apparent to most of the men of his generation. He had courage to beg his countrymen to prepare themselves against impending peril. To the struggle he gave himself and his sons, and he died for America as surely as though he had died on the field of battle with the uniform of a soldier on his back and a bullet through his breast. Through all the years of his life he served his land, and of his land Theodore Roosevelt deserves a memorial which shall speak to future ages of his valor, his work, and his splendid Americanism.

FRANKLIN K. LANE, Secretary of the Interior—"The impress that Theodore Roosevelt's personality has made up on the world does not need emphasis. Whatever his fame as a statesman, it can never outrun his fame as a man. However widely men may differ from him in matters of national policy, this thing men in their hearts would all wish: that their sons might have within them the

spirit, the will, the strength, the manliness, the Americanism of Roosevelt. He was made of that rugged and heroic stuff with which legend delights to play. The idylls and sagas and legends have been woven about men of his mold."

JAMES CARDINAL GIBBONS—"The memory of Colonel Roosevelt will be always fresh and green in the hearts of the American people. He was the most conspicuous statesman of his day. We honored him while living; it is only fitting that we should honor him now dead."

STEPHEN S. WISE, Rabbi of New York Free Synagogue—"Theodore Roosevelt was America in the breadth of his assimilateness toward the highest in all peoples and races, in the latitude of his hospitality to the thoughts of all times, in the range of his sympathies with the lowly and oppressed of all climes, in the power of wealth against the mean and ignoble under all circumstances, in the depth of his passion for justice and freedom everywhere."

SAMUEL GOMPERS, President, American Federation of Labor—"Col. Roosevelt's life was full to the brim. His energy, courage, ability to do were marvelous. I knew him for more than a third of a century. During that period we were often enlisted in the same cause. This gave me true knowledge of his wonderful character, his leadership, his sincerity of purpose and his anxiety to serve the people. His motives were of the highest. America, the world, has lost a great man."

## EVERY CENT RAISED GOES FOR MEMORIAL

William Boyce Thompson, president of the National Roosevelt Memorial Association, has made the interesting announcement that every cent of expense in raising the funds for the Roosevelt memorial is being paid by the personal friends of Colonel Roosevelt, and that every cent obtained in the campaign will be used only in carrying out the memorial plans.

When in BOYNE CITY—

Call At **Kerry's** RESTAURANT for a Good Meal, Lunch or a dish of good Ice Cream.

The well springs of joy are in the fountain of youth. Apparently the only way to decrease the number of divorces is to decrease the number of marriages.

Human relatives do not always have human relations.

If you'd judge humanity's future by a good deal of its past, the outlook would be nothing to write home to the folks about.

Ignorance always tells on itself in the long run and there never was a four-flusher in the world whose hand was not called finally unless he died too soon.

### THEY GET ACTION AT ONCE.

Foley Kidney Pills invigorate, strengthen and heal inactive, weak and diseased kidneys and bladder, Mrs. O. J. Ellis, 505 8th Av., Sioux Falls, S. D., writes: "I suffered with kidney trouble; used to have severe pains across my back and felt miserable and all tired out, but after taking Foley Kidney Pills I am well."—Hite's Drug Store.

If you are uniformly cheerful without being silly, you'll be forgiven about everything that may be wrong with you.

## FARMS FOR SALE!

NOTE:—Type of Switchboard: C. B.—Common Battery, Mg.—Magneto.

\*Coin Box Service, guarantee of \$0.10 a day for local messages at \$0.05 each. Refund of \$0.01 per message on local message charges in excess of guarantee.

\*\*Annual allowance 600 calls. All excess calls \$0.04 each.

Rate specified in above schedule for Group No. 2 Mg. will be requested to be authorized for

### THE EAST JORDAN EXCHANGE

and will supersede the rates now in effect as listed below.

### PRESENT EXISTING SCHEDULE ANNUAL RATES:

BUSINESS SERVICE				RESIDENCE SERVICE				FARM LINE SERVICE				Switching Service
Branch Exchange Trunks	1-Party	2-Party	4-Party	Branch Exchange Trunks	1-Party	2-Party	4-Party	Distance from Company Office		Business	Residence	
								Within 5 Mi.	Beyond 5 Mi.			
\$6 More Than 1-Party Bus. Rate	\$30.00	—	\$24.00	\$6 More Than 1-Party Res. Rate	\$18.00	—	\$15.00	\$24.00	\$18.00	\$27.00	\$21.00	\$7.00

In all other respects and particulars the rates and practices set forth in the order of said Commission made August 13, 1919, to continue in force and effect.

Attention is directed to the fact that under the provisions of Act No. 206 and Act No. 419 the Michigan Public Utilities Commission will, upon receipt of Application, fix the date of hearing, which will not be more than twenty (20) days from the receipt of Application.

MICHIGAN STATE TELEPHONE COMPANY.

G. M. Welch, General Manager.

This is the Stove Polish YOU Should Use

It's different from others because more care is taken in the making and the materials used are of higher grade.

### Black Silk Stove Polish

Makes a brilliant, silky polish that does not rub off or dust off, and the shine lasts four times as long as ordinary stove polish. Used on simple stoves and sold by hardware and grocery dealers.

All we ask in trial. Use it on your cook stove, your parlor stove or your gas range. If you don't find it the best stove polish you ever used, your dealer is authorized to refund your money. Insist on Black Silk Stove Polish. Made in liquid or paste—one quality.

Black Silk Stove Polish Works, Sterling, Illinois

Use Black Silk Air-Drying Iron Enamel on grates, registers, stove-pipes—Prevents rusting. The Black Silk Metal Polish for silver, nickel or brass. It has no equal for use on automobiles.

**A Shine in Every Drop**

**NEW COMMERCE CHIEF**

Philip B. Kennedy, newly appointed chief of the bureau of foreign and domestic commerce, says that trade restoration in Europe, including that in enemy countries, is dependent upon the return to work of the different peoples.

**USE QUAIL TACTICS**

How Villa and His Men Foil Pursuit.

Bandits Scatter and Hide as Federals Appear—Brown Uniforms Aid.

Juarez, Mex. — Francisco Villa's method of evading pursuit by Mexican government troops is almost identical with that used by a covey of quail to escape the hunter. Even the detail of protective coloring has been applied by Villa, for his men always wear brown cotton clothing which blends with the desert landscape and dust clouds through which they travel in campaign.

Hunters know that the quail's instinct directs it to scatter when danger approaches and seek cover in the nearby landscape. Villa and his rebel bands do the same thing when a superior federal column approaches.

Often Villa's band will number 2,000 men under his chiefs, Angeles, Lopez, Diaz and Garcia. They make a column which coils across the plains like a giant snake and leaves a great dust cloud in its wake.

But let General Castro's government troops approach with artillery, machine-guns and cavalry mounted on former American army horses and the column will break up into little bands of 100 under petty chiefs, will disappear in some mountain canyons and go into hiding until the federals pass. Once the danger of attack is over the column reassembles, occupies some town in its path and again disappears with its loot.

Villa's men have been known to hitch their horses to plows in the fields of the irrigated districts and be industriously plowing when the federal scouts appeared. They have learned various tricks of deception during the years of evading the federals, and even drive a herd of burros with them so they may transform themselves into wood vendors on occasion.

**CAPT. KIDD'S SPOOK SWINDLE**

Pirate's Ghost Induces "Suckers" to Purchase Farm—Found No Treasure.

Trenton, N. J.—Capt. Kidd's spirit is not a reliable witness as to where the redoubtable pirate buried his treasure. In the opinion of Sophie Sauter and Marie Blumer of Paterson and Fred Laechers of Elizabeth, who appealed to the supreme court against both the spook and his alleged sponsor, Daniel Balsinger of Oakland, N. J.

The three took a chance and bought a farm from Balsinger in May, 1913, on the strength of his assurance that Capt. Kidd's spirit had appeared to him in the night and revealed the exact spot on the farm where he had buried whole chests of pieces of eight.

They do not wish to pay the balance due now because they have dug up the entire farm without finding a single doubloon.

**GERMAN GIRLS BLACKLISTED**

Pilloried in Church if They Associate With American Soldiers.

With the American forces in Germany—Posters warning German girls against associating with Americans appeared recently in Coblenz and other towns on the Rhine.

American officers who have investigated say certain Germans are resolved that girls who associate with the American soldiers shall be punished and that several secret societies have been formed for that purpose.

On several occasions the names of girls who associate with Americans have been read to the congregations at Sunday morning church services. In other villages the practice is to post the girls' names in public places. Blacklists of the girls' names are being kept for use after the Americans are gone.

**FINANCING THE FARM ON THE BUDGET PLAN**

War Savings Organization Gives Tiller of Soil System on Which to Increase Capital for Future.

Farming nowadays justly is recognized as a business and a profession. As a profession it is prepared for as carefully as any other branch of highly specialized endeavor, as a business it is conducted according to business methods and upon a businesslike basis. Old-time "hit or miss" farming methods fall utterly under the present economic regime.

The first step toward businesslike farm management consists of systematizing farm finances. Because farm moneys come in irregularly they have been handled too often in the past without any adequate accounts or record. This method, rendered impossible by income tax necessities, long has been scorned by the successful, progressive farmer who believes in modern machinery, modern comforts, modern efficiency practices and projects. Such a farmer employs a farm budget just as he employs grain, soil and weather statistics in the arrangement of his farm operations, takes a good farm journal and demands fine and well-tested seeds. Because not every farmer cares to spend time making out an individual farm budget governmental experts, working through the War Savings Stamps department of the War Loan Organization, Seventh Federal Reserve district, have provided for the use of every farmer who cares to employ them farm records, including account sheets, that render the keeping of farm accounts a simple task.

One page of the simple pamphlet containing the indicated records is devoted to receipts, its opposite to expenditures, each registered every day of the year. Milk, butter, poultry, eggs, cattle and hogs, sheep, oats, corn, hay, fruit, vegetables and miscellaneous—these are the headings under which the irregular or recurrent sources of income are listed.

Total income for each day is shown at the right of the page, monthly total, collective and for separate items, at the foot. The expenditures page, similarly arranged, shows headings of: Savings, including War Savings Stamps purchased, bank deposits, etc.; labor; food, including groceries and meat; clothing; repairs; blacksmith machinery; rent, insurance and taxes; live stock and feed; buildings; literature, which includes books, magazines and newspapers; recreation; and miscellaneous. Again, daily totals are shown at the right of the page, monthly totals, itemized and general, at the foot. Companion pages, similarly arranged, show yearly summaries, almost instantaneously computed, of receipts and expenditures for the year.

War Savings Stamps make ideal investments for the farmer. Purchasable for sums ranging from \$4 and a few odd pennies to \$1,000, built up by means of Thrift Stamps, should they prove more convenient, they are non-depreciable, nonfluctuating, income-bearing and distinguished by high rate of maturity interest. Previous to maturity they may be redeemed, if necessary, at precise face value.

**HOW A SCHOOL BANK WORKS**

Savings System in Eastern Institution Results in \$50,000 Deposits, Averaging Weekly More Than \$140.

Twelve years ago a New England school principal called a meeting of the mothers and fathers in his district, and proposed that they help their youngsters and himself start a school savings bank. If children were to patronize such an institution, they would have to have money, and he suggested that parents help them earn money by their own labor. He told them that the bank was to be part of school training, teaching thrift, industry, prudence and wisdom.

Today this school savings bank, in the Henry Barnard school, Hartford, Conn., has deposits of more than \$50,000. The average weekly deposit during twelve years has been more than \$140. The largest deposit by any child since the opening of the bank is \$1,480, and the smallest less than \$1.

Operation of this bank is simple. Solon P. Davis, the school principal, describes it: Deposits are received every Monday morning during the first half-hour of school. The pupils of the eighth grade act as tellers, each being assigned to a given room. Each child is provided with a pass book in which his deposits are entered by the teller.

Deposits are made at the teacher's desk, in the presence of the teacher and the teller, who enters them in his roll book. The teacher and teller then verify all deposits and place them in an envelope, which the teller delivers to the school secretary, who compares roll book and envelope, verifying the items. The envelopes are then forwarded to the Hartford Society for Savings, where the accounts of the school are pledged.

At interest periods, December, March and June, the roll books are examined by the secretary, and a personal account is opened at the Society for Savings for each pupil who has \$2 in the school bank. After this, at these periods, all amounts of \$1 or more, standing to his credit on a pupil's school deposit book, are added to his personal account. If any pupil wishes to withdraw his money, a written statement from the parent or the parent's personal application is required.

**RICHEST OF NATIONS**

United States Is Put Far in Lead by British Expert.

Germany Holds Second Place and England Third, According to Professor Stamp's Statistics.

London.—While the brain might reel at the many figures unloaded at a meeting of the Royal Statistical society, some interesting details as to the world's wealth can be extracted from a paper written by Prof. J. C. Stamp. Comparing the prewar wealth and income of England, Germany and the United States, Professor Stamp computes the respective totals at:

	Wealth.	Income.
England	\$1,500,000,000	\$1,250,000,000
Germany	\$2,750,000,000	10,750,000,000
United States	210,000,000,000	36,250,000,000

On a per capita basis also, America comes out easily the richest country in the world. The capital per head of the population, according to Professor Stamp, was, before the war:

	Capital.	Income.
England	\$1,500	\$250
Germany	1,220	150
United States	2,120	369

All these figures must be considerably inflated to obtain the current year's capital and income, but the increase would certainly be biggest in the case of the United States, which could boast at least treble its prewar wealth.

The thrifty habits of the French nation were reflected, said Professor Stamp, in a capital of \$1,515 per head, while Italy and Australia had only \$640 and \$605, respectively. He computes Japan's capital at \$12,000,000,000, or on a per capita basis, \$220 capital, and \$30 income per head of population. The capital and income of Spain was probably as low as any in Europe, the income per head not exceeding \$55.

**First Toothless Saw.**

Coldwater, Minn.—Cold water lays claim to being the birthplace of the original toothless buzz-saw. According to C. W. Bennett, one of the oldest residents, during his boyhood there was a machine shop for turning wood located near the town, owned by John Joslyn, who operated the daddy of all toothless saws. The toothless disk, according to Mr. Bennett, was six inches in diameter, had been cut from a plate of common sheet iron and attached to a lathe. When in rapid motion the saw would cut through a large steel file, throwing a stream of sparks 20 inches.

**LADIES! SECRET TO DARKEN GRAY HAIR**

Bring Back its Color and Lustre with Grandma's Sage Tea Recipe.

Common garden sage brewed into a heavy tea, with sulphur and alcohol added, will turn gray, streaked and faded hair beautifully dark and luxuriant. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get the ready-to-use preparation improved by the addition of other ingredients a large bottle, at the cost, at drug stores, known as Wyeth's Sage and Sulphur Compound, thus avoiding a lot of fuss.

While gray, faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur Compound, no one can tell, because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared. After another application or two your hair becomes beautifully dark, glossy, soft and luxuriant and you appear years younger. Wyeth's Sage and Sulphur Compound is a delightful toilet requisite. It is not intended for the cure, mitigation or prevention of disease.

**SALTS IF BACKACHE AND KIDNEYS HURT**

Drink lots of water and stop eating meat for a while if your Bladder troubles you.

When you wake up with backache and dull misery in the kidney region it generally means you have been eating too much meat, says a well-known authority. Meat forms uric acid which overworks the kidneys in their effort to filter it from the blood and they become sort of paralyzed and laggard. When your kidneys get sluggish and clog you must relieve them, like you relieve your bowels; removing all the body's urinous waste, else you have backache, sick headache, dizzy spells; your stomach sour, tongue is coated, and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment, channels often get sore, water scalds and you are obliged to seek relief two or three times during the night.

Either consult a good, reliable physician at once or get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate sluggish kidneys, also to neutralize acids in the urine so it no longer irritates, thus ending bladder weakness.

Jad Salts is a life saver for regular meat eaters. It is invigorating, cures kidney trouble, makes a delightful, refreshing little water drink.

## United States Tires are Good Tires

**Most Economical**

Wear—life—service—mileage—safety—comfort. These are the things that count in a tire.

These are exactly what you get in United States Tires,—general all-round tire satisfaction.

This greater total of tire values means greater economy—less cost of maintenance—less repairs and depreciation.

Car owners who do their own thinking prefer United States Tires. Their merit is recognized everywhere.

We have them—a type and size for every car.

We KNOW United States Tires are GOOD tires. That's why we sell them.

Silas Sheehy and Thomas Hall returned to Cheboygan, Monday, after a few day's visit with the former's brother, Marshall Sheehy.

Misses Agatha, Agnes, and Margaret Kenny, and Louise Brennan, who have been home for a two weeks visit, returned to Detroit, Saturday last.

Mr. and Mrs. Walter J. Ross with children, returned to Bay City, Thurs-day, after a visit at the farm home of the latter's sister, Mrs. David Gaunt.

Miss Ethel Vance left Friday to re-sume her duties at Washington, D. C., after an extended visit here with her parents, Mr. and Mrs. George Vance.

Miss Goldie Zess of this city, and Frank Volsburg of Charlevoix were united in marriage at the Baptist par-sonage, at Charlevoix, Saturday, Sept. 27th.

Russell, infant son of Mr. and Mrs. Emrey Hall, passed away Wednesday. Funeral services were held Thursday afternoon, conducted by Rev. M. E. Hoyt.

Mrs. P. M. Dunphy of Towanda, Pa., and Mrs. Weltha Pruyne of Sayre, Pa., who have been visiting their aunt, Mrs. R. A. Holben, left Tuesday for their homes.

Joseph D., infant son of Mr. and Mrs. Arthur Farmer passed away Tuesday, Sept. 30th, aged one month, thirteen days. Funeral services were held from the home, Wednesday.

Postmaster Hudkins received notice from the Department last Saturday that the present location of the East Jordan postoffice had been re-leased for a term of years. The owner, F. A. Kenyon's bid being considerably lower than others submitted.

Central Lake has been chosen for the next annual picnic for the I. O. O. F. of the Grand Traverse region, which comprises the counties of Antrim, Charlevoix, Kalkaska and Grand Traver-se. Officers elected are:—President, W. L. Foote; vice-president, Albert Lewis; secretary, Roy Rushton; treas-ure, W. R. Knowles. The date has been set for Labor Day of next year.

Mrs. Anna O. Cleveland, a sister of Mrs. W. F. Empey, passed away in Washington state, Sept. 14th. The re-mains were brought to East Jordan for interment, accompanied by a daughter of the deceased, Miss Bessie Cleveland. The remains arrived here Friday, even-ing, Sept. 26th, and interment was made Saturday forenoon. Besides the daughter, deceased leaves a son, E. S. Cleveland, of Sanduskey, Ohio, who, with his wife were here to attend the burial.

Owing to the fact that the war department has declined to approve the grenade plan of the war savings organization the treasury department has been forced to give up their pro-gram along that line. It was first planned to convert a million handgren-ades into souvenir savings banks. Every child purchasing a war stamp was to receive one of these grenade banks free to be used for future savings. The grenade banks were shotted and fitted for that purpose. The war department's position has forced the treasury department to discard the plan.

A. Danto went to Petoskey, Friday. George Vance left Friday for a visit with his brother at Grand Rapids.

Att'y and Mrs. D. L. Wilson went to Traverse City, Friday, on business.

A Lot 68 x 297 feet for \$50.00—H. L. Page Addition—See H. A. GOODMAN.

Mr. and Mrs. C. C. King and Miss Busby are here from Manitoba for a visit with friends.

Mrs. Lynn Evans took her little son to Traverse City, Friday, to receive treat-ment for his eyes.

H. Rosenthal, Harry Kling with son, Isadore, and Mr. Atlas of Cadillac drove by auto to Traverse City, Friday.

Sanitary Bed Couch for Sale; Also Collapsible Runners for baby cab. Mrs. Harry Simmons, Phone 57.

Julius Nachazel from Mackinac Island and Harold Nachazel from Sagnaw were home first of the week for a visit.

Girl Wanted for general housework. Apply to Albert Turk on the West Side or call in person to Mrs. Pinney.

Mrs. Melvin Sheldon returned to her home at Flint, Friday, after a two week's visit with friends and relatives here.

Mr. and Mrs. C. C. Weiffenbach and son returned to Bellaire, Friday, after a visit at the home of Mr. and Mrs. J. W. Foster.

Stoves for Sale—A Majestic Range, a Coal Stove, and a Wood Burner will be sold cheap. Inquire of Mrs. M. A. LeMieux, phone 167.

Mrs. H. B. Soulsby and neice, Miss Calla Howe left Thursday for Flint, after a visit at the farm home of the former's son Arthur Stewart.

Mrs. Martha A. Oswell passed away Tuesday evening, Sept. 30th, at the home of Mr. and Mrs. S. Uvund. Death was caused by cerebral hemmor-riage. Deceased was aged 54 years.

She leaves a son and daughter, George Oswell and Mrs. Laura Wilson of this city. The remains were taken to Greenville, Tuesday, for burial, ac-companied by the son and daughter.

For Sale—Small Hard Coal Stove in good condition. Phone 177.

FOR SALE—My Two Residences on Second street.—HARRY SIMMONS.

We have from 1 to 10 acre lots—H. L. Page Addition—See H. A. GOOD-MAN.

WANTED—Five Pupil Nurses and a Kitchen Girl at the BRAINERD HOS-PITAL, Alma, Mich.

FOR SALE—One mare, Weight 13 or 14 Hundred; Harness, Plow, Drag, and Wagon. Will sell cheap for cash.

—WM. EVANS, Empey's Addition, East Jordan.

If a girl only knew it, she'd be more successful in catching him if she'd meet him some evening in a gingham apron and ask him to wait until she finished the housework, instead of meeting him all fluffed up when he could hear her mother clattering the dishes in the kitchen.

Mrs. P. M. Dunphy of Towanda, Pa., and Mrs. Weltha Pruyne of Sayre, Pa., who have been visiting their aunt, Mrs. R. A. Holben, left Tuesday for their homes.

Joseph D., infant son of Mr. and Mrs. Arthur Farmer passed away Tuesday, Sept. 30th, aged one month, thirteen days. Funeral services were held from the home, Wednesday.

### Presbyterian Church Notes

Robert S. Sidebotham, Pastor.

Sunday, Oct. 5, 1919.

10:30 a. m.—Morning Worship.

12 Noon—Sunday School.

7:30 p. m.—Evening Worship.

Sunday, the Rev. A. D. Grigsby will preach at both services.

Sunday we shall observe Rally Day. After the inevitable relaxation in the summer, we are now at the time of the year when we look for all to be back in the accustomed places. Our motto for October is, "Every member of every family at some service every Sunday in October."

The Communion Service announced for Oct. 5, is postponed until Oct. 12th.

Wednesday evening at 7:30 a meet-ing will be held in the Methodist Church in the interests of World-wide Prohibition. Mr. J. D. McAllister of Tennessee will be the speaker. On ac-count of this meeting, the usual mid-week meeting will not be held.

Friday at 2:30 p. m., the Missionary Society will meet with Mrs. H. W. Dicken. Mrs. Keyworth will give a book review.

### First Methodist Episcopal Church

Rev. M. E. Hoyt, Pastor.

Sunday, Oct. 5, 1919.

10:30 a. m.—"The Optimism of Faith."

Quarterly Communion Service.

12:00 m.—Sunday School.

7:30 p. m.—"The Man God Calls a Fool, the Profiteer of a by-gone day, and of today."

All ye music lovers, remember the evening of sacred music, Sunday evening, Oct. 12. Rally Day Program in the Sunday School the same day.

### WATER TAX NOTICE.

Water tax for quarter ending Sept. 30th is now due and payable at my office over the Hite Drug Store and must be paid by the 15th. If paid by the 15th, 10 per cent discount will be allowed. If not paid by the 15th, 10 per cent penalty will be added.

G. E. BOSWELL.

You may not get away from the high cost business after you leave this world if you intend to go to a "higher sphere."

It may be "social" unrest but it's not a sociable unrest.

It is often said, "It's easy to please a woman," but did you ever think how easy it is to displease her?

Nothing makes women more indig-nant than to observe a cheerful widower.

Now if they'd only amend the con-stitution to prohibit forever the barter, sale, importation and exportation of idle and vicious gossip that would be pro-hibition that everybody except the gossips would ratify.

## Your Eyes

Are more precious to you than anything you possess.

## When Normal

They protect, enlighten and entertain you.

## When Defective

They impair your health, cause headache and drain your nerve supply.

## Have Your Eyes Exam-ined at

## Hunsbergers

Jeweler and Optometrist.

If a loud voice signifies good argu-ment, our most convincing speaker would be a mule.

## Everyone Should

## Drink Hot Water

## in the Morning

Wash away all the stomach, liver, and bowel poisons before breakfast.

To feel your best day in and day out, to feel clean inside; no sour bile to coat your tongue and sicken your breath or dull your head; no constipa-tion, bilious attacks, sick headache, colds, rheumatism or gas, acid stom-ach, you must bathe on the inside like you bathe outside. This is vastly more important, because the skin pores do not absorb impurities into the blood, while the bowel pores do, says a well-known physician.

To keep these poisons and toxins well flushed from the stomach, liver, kidneys and bowels, drink before break-fast each day, a glass of hot water with a teaspoonful of limestone phos-phate in it. This will cleanse, purify and freshen the entire alimentary tract, before putting more food into the stomach.

Get a quarter pound of limestone phosphate from your pharmacist. It is inexpensive and almost tasteless, except a sourish twinge which is not unpleasant. Drink phosphated hot water every morning to rid your sys-tem of these vile poisons and toxins; also to prevent their formation.

To feel like young folks feel; like you felt before your blood, nerves and muscles became saturated with an ac-cumulation of body poisons, begin this treatment and above all, keep it up! As soap and hot water act on the skin, cleansing, sweetening and purifying, so limestone phosphate and hot water be-fore breakfast, act on the stomach, liver, kidneys and bowels.

## Temple Theatre

WHERE EVERYBODY GOES.

### PROGRAM

From Oct. 7th to Oct. 12th.

TUESDAY, Oct. 7th.  
Violet Mersereau in "The Nature Girl." Back to nature, but not the farm.  
10c and 15c

WEDNESDAY  
Comedy and Western Night.  
5th chapter "Terror of the Range."  
"Shadows of Her Past." Ford Weekly.  
10c and 15c

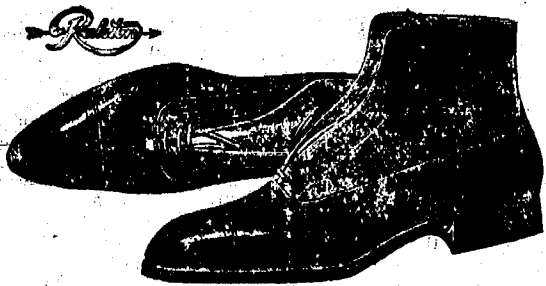

THURSDAY  
Ruth Clifford in "The Cabaret Girl."  
Douglas Gerrards Production DeLuxe.  
10c and 15c

FRIDAY  
May Allison in "The Uplifters." A Comedy drama with a Happy ending.  
10c and 15c

SATURDAY, Oct. 11th.  
Last chapter of "The Tigers Trail."  
First chapter "The Great Gamble."  
Harold Lloyd Comedy. Pathe News Weekly. Some great big show for  
10c and 15c

SUNDAY, Oct. 12th.  
Wm. Farnum in "The Plunderer."  
Two iron fists and a brave heart win against big odds in the gold fields.  
10c and 15c

Coming—"The Birth of a Race."

We can understand why a man should hate to "break in" a new pair of shoes. But we can't understand why he should consider it necessary.

Come in and get fitted to your pair of RALSTONS—comfortable from the start.

CHAS. A. HUDSON

# OLD "KING COAL"

## IN HANDLING YOUR ORDER

Says:

That at this date, the coal industry is more or less demoralized. The railroads are congested; there are sporadic strikes, both on the railroads and at the mines. The morale of the miners and the railroad workers is very much weakened.

The coal-carrying railroads are unable to handle anything approximating the coal now being ordered.

Under these conditions, coupled with fluctuating prices, it is our good fortune to be able to supply your needs—if not now, we can in a few days.

GET YOUR ORDERS IN,  
WE WILL DO THE REST.

ARGO MILLING CO.

**NIGHT AND DAY CAMP IS LIFE SAVING STATION**

Tuberculosis kills 150,000 persons in the United States every year. These two women escaped. They are shown in the Night and Day Camp conducted by the St. Louis Society for the Relief and Prevention of Tuberculosis. They are among the fortunate ones because they knew how to take care of themselves when this great menace threatened them. They knew that the cure lies in plenty of fresh air, even if the temperature is away below freezing, sunlight, good food and rest under proper medical supervision. Tuberculosis is not only curable but is preventable as well. The prevention lies largely in right living, in building up a strong bodily resistance. Eight out of ten persons are infected at some time in their lives, according to figures of the National Tuberculosis Association, the leading agency in the United States in the fight upon this disease. This organization is sponsor for the annual Red Cross Christmas Seal sale, from which the funds to carry on the work throughout the year are chiefly derived.

**RURALITES HAVE BIG HEALTH ADVANTAGE**

Abundance of Fresh Air and Sunlight Do Much to Check Ravages of Tuberculosis.

**DANGER IN CLOSED WINDOWS.**

National Tuberculosis Association, Which Sponsors the Annual Sale of Red Cross Christmas Seals, Reports 150,000 Deaths Each Year From the Disease.

People who live in the smaller towns and on farms have a great health advantage over the city dwellers in that they have ever an abundant supply of fresh air and sunlight.

These two gifts of nature, so lavishly bestowed, are not always appreciated to their fullest extent. They are two of the strongest weapons against the menace of tuberculosis, or consumption, as it is sometimes called.

But consumption is not unknown in the rural districts. The death rate is sometimes as great in these sections as in the more crowded localities, chiefly because of carelessness or indifference to laws of health.

Few, indeed, are the farm houses or the homes in the smaller cities and villages that cannot have an outdoor sleeping porch. On the contrary, we often find that the windows of sleeping rooms in the home are shut tight in the mistaken belief that night air is harmful.

This paves the way for disease, especially tuberculosis, which generally attacks the lungs.

**White Plague Kills 150,000 a Year.**

The white plague claimed 150,000 lives last year in the United States. More than 1,000,000 Americans are suffering from it today. These figures are compiled from reports of experts all over the country and sent to the National Tuberculosis Association, the leading agency in the country to combat this disease. This organization is sponsor for the Red Cross Christmas Seal sale, from which its financial support is chiefly derived.

As medical science has proved consumption is both preventable and curable, the suffering caused by this disease is largely unnecessary. Most tuberculosis victims are between the ages of eighteen and forty-five.

**Causes Half Billion Loss Annually.** These are the years when people are most active, the years of their greatest production. The snuffing out of these lives just when they are at the height of their usefulness means an annual loss to the country of nearly half a billion dollars.

Fresh air is the cheapest of medicines. Outdoor sleeping porches are not only for the sick. They help well folks to keep well, and the country dweller can have this aid to healthy living at far less inconvenience than his city neighbor.

You can help directly by seeing that you and your family are living under the most healthful conditions possible.

**WHOLE NATION TO HONOR MEMORY OF ROOSEVELT**

WILL CONTRIBUTE MONUMENT FUNDS THROUGHOUT UNITED STATES AND ITS POSSESSIONS.

OCTOBER 20-27 DATE SET

Michigan Organizes to Raise \$200,000 Share of \$5,000,000 National Quota; Every Citizen Will Be Given Opportunity to Participate.

Perpetuation of the memory of Theodore Roosevelt, the man and the American, is the purpose of a campaign which, during the week of Oct. 20 to 27, will raise a fund of \$5,000,000 in the United States and its possessions.

The plans of the national committee in charge, headed by Col. William Boyce Thompson, call for a suitable monument in Washington and the establishment of a national park at Oyster Bay, Long Island, which, it is hoped, will include Sagamore Hill, the home of Col. Roosevelt, to be preserved like Mount Vernon and the Abraham Lincoln home at Springfield, Ill.

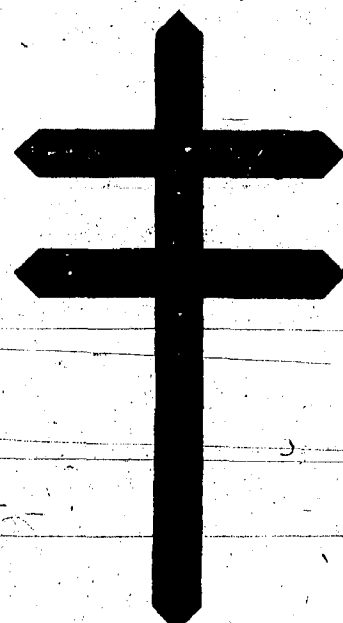

Michigan is to have a prominent part in the movement, which is already under way throughout the whole country and in Cuba, Panama, Hawaii, Alaska and the Philippine Islands. The state's share of the quota has been set at \$200,000 and an organization is now being formed to conduct an active campaign in every county.

The state organization is headed by Paul H. King, who was appointed chairman for Michigan by the national association. He is being aided by the following committee of prominent state people: Col. Charles B. Warren, chairman of the executive committee; Gustavus D. Pope, vice chairman, Detroit; Harry O. Turner, secretary, Detroit; Thomas P. Phillips, director of publicity, Detroit; Russell A. Alger, Detroit; Clarence L. Ayres, Detroit; John W. Blodgett, Grand Rapids; Dr. F. P. Bunn, Newberry; David A. Brown, Detroit; Fred W. Castator, Detroit; M. J. Cavanaugh, Ann Arbor; Frank Cody, Detroit; Gerrit J. Diekma, Holland; Frank D. Eaman, Detroit; Woodbridge N. Ferris, Big Rapids; Rt. Rev. Michael J. Gallagher, Detroit; P. J. M. Hally, Detroit; Mrs. Rena L. Hamilton, Detroit; Col. Frank J. Hecker, Detroit; Thomas E. Johnson, Lansing; William Livingston, Detroit; Mark T. McKee, Detroit; Alfred J. Murphy, Detroit; Mrs. Truman H. Newberry, Detroit; Charles A. Nichols, Detroit; Patrick O'Brien, Houghton; Chase S. Osborn, Sault Ste Marie; Thomas W. Payne, Detroit; Rev. M. S. Rice, Detroit; J. H. Rice, Houghton; Mrs. Abby Beecher Roberts, Marquette; Mrs. Huntley Russell, Grand Rapids; Albert E. Sleeper, Bad Axe; William Alden Smith, Grand Rapids; Otto E. Sovereign, Bay City; Mark W. Stevens, Flint; Mrs. Ethel Ridgley Vorce, Grosse Ile; Lt. Col. George B. Waldo, Detroit; L. Whitney Watkins, Manchester; Miss Bina M. West, Port Huron; N. C. Wright, Detroit; Carl Young, Muskegon.

Chairman King has already appointed a chairman in each county and these leaders are naming men and women workers in every city, village and township, to carry the message of the campaign to all the people. Gov. Sleeper has issued a proclamation calling the attention of citizens to the movement and urging universal co-operation. Thomas E. Johnson, superintendent of public instruction, has communicated with school commissioners and superintendents of schools, teachers and pupils, asking for their whole-hearted support. The Michigan house of representatives, at the last session of the legislature, adopted a resolution calling on the superintendent to place a picture of Col. Roosevelt in each schoolroom in the state and Mr. Johnson is now making the distribution and suggesting that the pictures be dedicated, with appropriate exercises, on Roosevelt's birthday, Oct. 27. Students in the university and in all state colleges are being asked to take an active part in the campaign.

The work of the intensive campaign has been divided so that special efforts may be made by large civic groups of citizens. The following days have been set apart: Sunday, Oct. 19, Church Day, with special sermons by ministers of all denominations. Monday, Oct. 20, American Legion Day, for soldiers, sailors and marines. Tuesday, Oct. 21, Business Men's Day. Wednesday, Oct. 23, Women's Day. Thursday, Oct. 23, Labor Day. Friday, Oct. 24, Fraternal Society Day. Saturday, Oct. 25, Farmers' Day. Sunday, Oct. 26, Sunday School Day. Monday, Oct. 27, School Day, with special programs in all schools.

**THE SYMBOL OF HOPE.**

This is the emblem of the National Tuberculosis Association which annually sponsors the sale of the Red Cross Christmas Seals.

Every newspaper in the state has been asked to lend its aid in setting forth the purposes of the campaign and the number of editors who have pledged their co-operation is indicative of a splendid result.

Plans are perfected for a speakers' bureau that will provide an able presentation of the memorial association's aims at every public gathering in the state between now and the end of the campaign. One hundred speakers, many of whom served as four-minute men during the war, will be available for meetings anywhere in the state on application to state headquarters.

"It is the earnest wish of everyone interested to remove absolutely all thought of partisanship from the Roosevelt Memorial Association," said Chairman King, in a discussion of campaign plans. "Theodore Roosevelt is removed from the field of partisan politics. His memory is the common heritage of all Americans. "America would honor Roosevelt the man in order that his many qualities may be fused into the life and spirit of American youth. Undiluted honesty and square dealing, uncommon wisdom and foresight, dauntless courage and tireless energy, service and sacrifice, born of a love of America that with him amounted to a passion—it is to these qualities which one man has been able to embody, that the people of America seek to erect a permanent memorial. All citizens, regardless of party, who believe that the memory of such a man inspire the future generation Americans are earnestly invited to assist by their energy and their

**FORGET ALL LINES IN MEMORIAL TO COL. ROOSEVELT**

LEADERS OF EVERY PARTY ASSOCIATED IN NON-PARTISAN ORGANIZATION TO HONOR AMERICANISM.

**PROMINENT PEOPLE ACTIVE**

Dominant Figures of Every Political Affiliation Lend Their Aid to Plans for Monument to Great American.

One of the pleasing features of the campaign to provide funds for a monument and fitting memorial to Theodore Roosevelt is the fact that the movement is non-partisan. In the long list of names of the various state committees now interested in the work of obtaining such funds, as well as in the list of the national executive committee, appear the names of many of the most prominent Democrats in the United States, as well as the names of Republicans and men prominent in other walks of life aside from politics. Leading men throughout the country, regardless of political or personal views, responded instantly to the call for leaders when the plan was mentioned, and the movement since has grown to such an extent

there remains but the one thought—that of making certain the success of the plan. A glance down the list of Roosevelt Memorial Association members disclose the following men prominent in Democratic circles:

Thomas F. Smith, a member of the national committee, Tammany secretary and congressman; Alton B. Parker, former chief justice of the Court of Appeals, who was the Democratic presidential candidate against Col. Roosevelt in 1904; Hon. Franklin K. Lane, Secretary of the Interior; Robert Adamson, former secretary to Mayor Gaynor of New York City and former fire commissioner of the city of New York; Thomas L. Chadbourne, former University of Michigan football star, now a prominent New York lawyer; George Harvey, editor of the North American Review and Harvey's Weekly; Congressman James A. Gallivan, of Massachusetts; Theodore Francis Green and Richard B. Comstock, both of Providence, R. I.; Hon. Samuel M. Ralston, former governor of Indiana; Thomas Taggart, chairman of the Democratic national campaign in 1904, who has accepted the honorary chairmanship for Indiana; Hon. George Turner, of Spokane, Wash., formerly United States senator; Senator George E. Chamberlain, of Oregon, who is a member of the National Committee; Luke E. Wright, former governor-general of the Philippines; former Gov. Luke Lea, of Nashville, Tenn., colonel in the American Expeditionary Forces; the late John Mitchell, noted labor leader and member of the New York State Industrial Commission, and John M. Parker, of Louisiana, a member of the National Committee.

**READY FOR ROOSEVELT DRIVE.**

Leaders, At Detroit Meeting, Enthusiastic for Work for Memorial Fund.

An oversubscription of the \$200,000 quota assigned to Michigan in the campaign to raise a \$5,000,000 fund for suitable memorials to the late Theodore Roosevelt was the pledge made by county chairmen, members of the executive committees and other workers representing every section of the state at the first meeting of the organization leaders in Detroit, Thursday, Sept. 5. There was a determined enthusiasm displayed for what one speaker characterized as "the worthiest recognition for a great American that America has ever undertaken." Col. Chas. B. Warren, of Detroit, chairman of the executive committee, presided. Opening addresses were delivered by Col. Raymond Robins, of Chicago, a close personal friend of Mr. Roosevelt; William Franklin Edwards, of New York, regional director and representative of the National association, and Paul H. King, chairman for Michigan.

While the campaign to obtain funds for permanent memorials to the late Theodore Roosevelt is being waged throughout every state in the Union, similar activities will be in evidence in the colonial and peninsular possessions of United States.

**NEW TREASURY CERTIFICATES ARE LIKE BABY BONDS.**

The new Treasury certificates of \$100 and \$1,000 denominations are like "Baby Bonds." Here are the chief facts about them:

They are tax free, except inheritance, surtaxes, war profits and excess profits taxes.

They bear 4 per cent interest, compounded quarterly.

They mature January 1, 1924.

They may be cashed at the option of the holder for purchase price plus accrued interest any time before maturity date.

They never depreciate in value, but increase monthly, guaranteed by U. S. Government.

They are registered in Washington, which prevents loss by fire or theft. Each bears inscribed thereon the name of purchaser.

Certificates are issued in book form, each book containing ten certificates. The \$100 certificate costs the same as twenty War Savings Stamps. The \$1,000 certificate costs the same as 200 War Savings Stamps.

\$100 certificates can be obtained at any post office.

Both \$100 and \$1,000 certificates may be obtained at banks.

\$100 certificates increase 20 cents and the \$1,000 two dollars a month in price.

The cost by months is as follows:

Month	\$100 Certificate	\$1,000 Certificate
September	\$84.00	\$840.00
October	\$84.20	\$842.00
November	\$84.40	\$844.00
December	\$84.60	\$846.00

**Bells for City Dogs.**

Asheville, N. C.—As unreasonable as it sounds the city authorities have announced that every canine resident of this city must wear a bell during the next year, and to prove their earnestness they have purchased a large supply of the necessary ornaments for distribution among the owners of dogs here.

The old-time gallant professed to believe there were no homely women—merely that some were more beautiful than others.

**HEAD STUFFED FROM CATARRH OR A COLD**

Says Cream Applied in Nostrils Opens Air Passage Right Up.

Instant relief—no waiting. Your clogged nostrils open right up; the air passage of your head clear and you can breathe freely. No more hawking, sneezing, blowing, headache, dryness. No struggling for breath at night; your cold or catarrh disappears.

Get a small bottle of Ely's Cream Balm from your druggist now. Apply a little of this fragrant, antiseptic, healing cream in your nostrils. It penetrates through every air passage of the head, soothes the inflamed or swollen mucous membrane and relieves instantly.

It's just fine. Don't stay stuffed up with a cold or nasty catarrh.
