

Charlevoix County Herald.

Vol. 23

EAST JORDAN, MICHIGAN, FRIDAY, NOVEMBER 7, 1919.

No. 46

What Is A Farm?

Interpretation of the Word "Farm" in 1920 Census.

What is a farm? Seems a foolish question to ask, doesn't it? Almost anyone can tell off-hand just what a farm is and knows one when he sees it.

But do you happen to know the interpretation Uncle Sam places on the word "farm" for census purposes? No? Then read how his Bureau of the Census defines the word:

"A farm for census purposes is all the land which is directly farmed by one person conducting agricultural operations, either by his own labor or with the assistance of members of his household or hired employees."

In further explanation of this definition the Census Bureau points out that the term "agricultural operations" is used as a general term referring to the work of growing crops, producing other agricultural products and raising domestic animals, poultry or bees.

From this definition it will be seen that a farm may consist of a single tract of land or of a number of separate and distinct tracts. And these several tracts may be held under different tenures as, for instance, when one tract is owned by the farmer and another is rented by him. Thus if a man who owns 100 acres rents an additional ten acres from some one else and operates both the 100 acres and the ten acres, then his "farm" includes both tracts of land comprising 110 acres.

By the same token when a landowner has one or more tenants, renters, croppers or managers, each different tract of land operated by any such tenant, renter, cropper or manager is considered a separate and distinct farm by the Census Bureau. Or, to give an example, if a man owning 120 acres of land rents 40 acres to a tenant and farms the remaining 80 acres himself, his farm is the 80 acres which he operates not the 120 acres which he owns, while the 40 acre tract which he rents to a tenant comprises a separate farm to be reported in the name of the tenant.

Another question to be determined is how important does an agricultural enterprise have to be in order to secure recognition in the census as a farm? A small vegetable garden or a chicken yard accommodating a few busy hens would not be allowed to qualify as a "farm" in the census no matter with what pardonable pride and satisfaction the proprietor may view his agricultural enterprise.

But if the garden or chicken yard expands until it covers not less than three acres of ground, or until it requires for its care the continuous services of at least one person, or yields products annually to the value of \$250 or more, it comes within the census definition of a farm and will be recognized as such and counted.

The agriculture schedule contains many questions regarding farm values, expenses and live stock as well as the acreage and quantity of crops raised in the year 1919. Census Bureau officials are urging farmers everywhere to prepare for the census enumerator by looking over their books and records so that accurate answers may be furnished to questions.

In this connection the Bureau of the Census emphasizes the fact that the information furnished to census takers is absolutely confidential, made so by Act of Congress, and that under no circumstances can any such information be used as a basis for taxation.

"Co-operation between farmers and the census officials, next January is more necessary and vital than ever before," declares Director of the Census Sam. L. Roger. "The world war and the part that the farmer played in it and will continue to play in the rehabilitation of Europe serve to make the agriculture section of the Fourteenth Decennial Census the most important in the Nation's history. Absolute accuracy and completeness in the census returns is the goal toward which every citizen should strive."

A "gay blade" doesn't usually cut a wide path.

Much dignity, little worth.

Only small amateurs are jealous, but their seems to be an astonishingly large number of small amateurs.

Marry for looks and repent at leisure.

Some people play at their work and then work at their play and do neither one well.

Petoskey Presbytery Met Here

Held Special Meeting in Our City Last Monday.

A special meeting of the Petoskey Presbytery was held at the Presbyterian church in our city Monday afternoon. Those in attendance from outside our city were: Revs. W. J. Cross of Mackinaw City, G. H. Alexander of Alanson, E. P. Leick of Harbor Springs, H. M. Alburt of Petoskey, G. W. White of Boyne City, A. B. Imrie of Lake City, and Elders M. M. Sanford of Alanson and J. C. Knox of Cadillac.

In the absence of the moderator, Rev. Alburt was elected temporary officer. The resignation of Rev. S. Sidebotham as pastor of the East Jordan church was accepted and he was given a letter of transfer to the Lake Superior Presbytery in which his new field of labor—Manistique—is located.

Rev. White was appointed moderator of the East Jordan Church. W. P. Porter was elected trustee to fill Mr. Sidebotham's vacancy of that office.

Rev. White was elected chairman of the Home Missions Committee and Rev. Alburt was placed on this Committee.

At the close of the regular session a meeting to discuss the New Era Movement was held. Geo. E. Bevans of Elizabeth, N. J., who was here over Sunday on this work, outlined some of the features, and Mrs. Miller of Cadillac—a member of this committee—also gave a short talk.

Rev. Sidebotham concludes his pastorate here Sunday, Nov. 16th.

Who lives by his wits lives by another's work.

GERMANS SEEK TRADE

Workmen Labor 14 Hours a Day to Be Ready.

London Merchant Finds Empire is Recuperating Fastest of All Nations.

London.—Germany is out again to beat the world," said the senior member of a city firm.

"I have just returned from a visit to our commercial connections in Switzerland. I met there the chairman of an important firm of machine manufacturers. He was obviously a German, with his square head and bad French, and for once I pretended to be pro-German, and spoke with him in his own language.

"He let the cat out of the bag. All the labor in the Schwarzwald and in South Germany, where the allies have no representatives, he told me, has refused to recognize the eight-hour day.

"The men are working furiously, without pressure of any sort, up to fourteen hours a day to be ready to enter the world's markets again at the first opportunity.

"This German chairman of a Swiss concern simply chuckled with glee when he said: 'Our good German workmen know their hands. They do not want this easy day of eight hours; they want wealth, and they will have it.'

"Germany is recuperating after the war faster than any other nation, simply because, instead of giving way to the reaction of peace and demanding the impossible by means of strikes, she is working as hard as human strength and brain allow to regain her old commercial pinnacle and again be the pre-war Germany.

"In France, and among the allies generally, there are traders who have already forgotten the war and care only to buy in the cheapest market. 'Germany is out, I repeat, to provide that market, and our eight-hour industrial day will spell disaster for us if we do not wake up.'

Wife's Love Is Lost; Asks Two Millions

New York.—George E. Lothrop, Sr., a Boston theatrical manager and producer, has been sued for \$2,000,000 damages by Raymond C. Keller, a New York artist, who alleges Lothrop alienated the affections of Jane Keller, to whom the plaintiff was married on April 5, 1918. Keller alleges in his affidavit that the defendant, well knowing Jane Keller to be his wife, by gifts of money, jewelry and other presents, estranged her affection from the plaintiff and gained it for himself.

Come On! East Jordan! Join!

Joining the Red Cross is the same as carrying a wounded soldier from the battlefield—it is feeding a starving babe, clothing a half-frozen old man, caring for a tuberculosis sufferer—it is fighting the diseases of the earth and it is aiding the sick and unfortunate. It is the concrete expression of the Spirit of America. Every able-bodied man and woman, in East Jordan who has a heart as big as a dollar is going to answer the Third Red Cross Roll Call before next Tuesday, November 11th.

CENSUS TO SHOW GREAT CHANGES

Remarkable Shifts in Population in United States Because of European War.

CALCULATIONS ARE UPSET

Figures for 1920 Expected to Reveal Striking Changes in Growth and Character of Population of This Country.

Washington.—Striking changes in the growth and character of the population of the United States are expected to be shown by the 1920 census, preparations for which are under way.

The shifting of population because of the war has upset the calculation of census experts, who since 1917 have considered it useless to attempt to estimate population of any other units than states. Before that it was possible, to predict with a fair degree of accuracy the number of persons in any given locality.

The "center of population," it is believed, has stopped its westward movement, which was continuous from 1790 to 1910, when it was located in Bloomington, Ind. This is because industrial cities in the central east, such as Cleveland and Detroit, have been growing at a greatly increased rate during recent years, as have manufacturing centers farther east. Formerly, the Rocky mountain and Pacific coast states increased in population with twice the rapidity of eastern and central states.

Modifications Are Seen. During this year, however, certain modifications of the usual situation may be made. The opening of reclamation projects in the west, the resumption of immigration, and other causes, it is thought, will change the abnormal distribution. There will also be a tendency to return to normal now that the war has ended.

Pronounced changes are expected also in the "constitution of the population"—the ratio of males to females, the proportions of native and foreign stock and the age distribution. When a city experiences a rapid growth due to industrial and commercial activity the gain in population is largely made up of persons in the young and early middle ages. Among these persons there will be more men than women. For example, in Oklahoma City, where the population grew nearly 500 per cent between 1900 and 1910, the ratio of males to females in the latter year was 128 to 100, and 62 per cent of the population was between 15 and 45.

Percentage of Negroes Drops. The coming census is also expected to show a continuation of the movement from the country to the city, which has been going on for many decades. A further decrease in the proportion of negro population is expected. In 1900 negroes numbered 11.6 per cent and in 1910 10.7 per cent.

It is expected that the percentage of foreign-born will show a marked decline, due to the discontinuance of immigration. In recent years the native-born population did not increase as rapidly as the foreign-born. Fewer persons will be found, it is predicted, who are unable to speak English. In 1910 this number was 28.8 per cent of the population.

The law requires the census bureau to make an actual count every ten years, and an estimate for cities and states every year by arithmetical progression. Since 1917, however, the bureau has not estimated cities.

STOWAWAY 4 TIMES IS HELD

Girl Who Finally Gets Into America Passing as Coal Passer, is Arrested.

New York.—After her fourth attempt to reach the United States from England as a stowaway had failed, Elsie Wilson, twenty-two years old, cut her hair short, dressed herself in sailor's clothes and succeeded in arriving in New York as a coal passer.

The sequel was her arrest in Hoboken as a disorderly person and her subsequent arraignment in the recorder's office.

"My home is near Liverpool," she said, "but things were so bad in England that I wanted to get away from it all and come to New York. Please don't send me back. I will take anything you want to give me here but if I go back I'll get five years."

She was held for the federal authorities on a charge of having landed without a passport.

QUES IN HOUSE WHERE BORN

Centenarian of Long-Lived Family Succumbs to Cold at Southfield, Mass.

Winsted, Conn.—William Benedict Gibson, who was ten years old when the first steamship crossed the Atlantic, died in the room in which he was born at Southfield, Mass., near here, aged 100 years seven months and thirteen days.

Death resulted from a cold contracted ten days ago. During his life he missed but one opportunity to cast his ballot for the Democratic candidate for president.

He came from a long-lived family. His father died at the age of ninety, his mother at eighty-eight, his sisters at ninety-four and eighty-five and his brother at seventy-nine years. He had a cousin who lived to be 101 years old.

RUSS DRESSES OF LEAVES

Scanty Attire in Southern Russia Sewn Together by Bamboo Fiber and Grasses.

Paris.—People in some of the villages of southern Russia are wearing dresses made of leaves or grass sewn together with bamboo fiber, owing to the difficulty in obtaining cloth, says Maj. G. M. Towse, who is in charge of the Red Cross activities along the shores of the Black sea.

"It is an ideal costume for the summer when southern Russia has a temperature like that of the Garden of Eden," said Major Towse, "but I shiver when I think of what will happen to those little girls when the snow begins to fly."

The Red Cross is expected to distribute a shipment of clothing in southern Russia before cold weather.

Lizard Proved Wild Yarn.

Hood River, Ore.—J. H. Fredrick, local agent of a railway company, and vice president of the Hood River Game Protective association, stands vindicated.

Mr. Fredrick, after a fishing trip up Hood river recently, reported seeing a lizard with a blue tail and a red and white striped body. Many and varied stories were written about the "victory snailman" and Mr. Fredrick received many letters inquiring as to his brand of beverage and how it might be obtained.

Now Mr. Fredrick is happy, for recently George Chamberlain, an East side orchardist, brought a real red, white and blue lizard to the city. It is being displayed in a milk bottle as "Fredrick's lizard."

When they ceased cranking automobiles, profanity dropped off twenty-five per cent but high gasoline prices have brought the percentage back to normal.

Commission Proceedings

Regular meeting of the City Commission held at the commission rooms, Monday evening, Nov. 3, 1919.

Meeting was called to order by Mayor Wilson. Present—Wilson, Gidley and Crowell. Absent—None.

Minutes of the last meeting were read and approved.

Bills were presented for payment as follows:

- E. W. Giles, cleaning streets... \$ 33.00
- D. L. Wilson, salary and tel. expense... 35.13
- Henry Cook, salary... 85.00
- C. B. Crowell, salary... 25.00
- Alex. Bashaw, labor on bridge... 3.00
- City Treas., paym't of labor on road... 394.35
- Elec. Light Co., pumping and lighting... 822.20
- Grace E. Boswell, salary... 41.67
- G. A. Lisk, printing... 18.60
- James Gidley, salary... 25.00
- George Wahr, books for library... 775.73
- R. Bingham, tarvia wagon to Charlevoix... 10.00
- W. H. Supernaw, labor and material... 4.25

Reid & Graff Plumb. Co., installing sewers, etc... 471.57

E. J. Furnace Co., cinder forks Anna Sundstedt, salary as librarian... 41.67

E. R. Kleinjans, planting and shrubs... 61.15

Mich. State Tel. Co., rentals... 7.00

O. J. Smith, salary, postage and telegram... 26.29

John Whiteford, labor on bridge... 3.00

Thos. Passenger, labor on bridge... 1.50

Harrison Ranney, labor on bridge... 1.50

Alonzo Graves, draying... 2.75

On motion by Gidley, the bills as listed above were allowed by an aye and nay vote as follows:

Ayes—Wilson, Gidley and Crowell.

Nays—None.

The City Commission of the City of East Jordan, having under consideration the matter of the construction of a sewer commencing at a point fifty feet south of the south line of North Street, at a point on a line in direct northerly continuation of the alley between Second and Third Streets, in the City of East Jordan, Michigan; thence south along said northerly extension and the said alley between Second and Third Streets, to the intersection of the sewer on Garfield Street; thence west along said sewer about 268 feet to the first man hole on said Garfield Street sewer, Commissioner Gidley offered the following resolution and moved its adoption, seconded by Commissioner Crowell:

Resolved that the City Clerk be, and hereby is, instructed to give notice of the letting of the contract for the said proposed improvement according to the plans and specifications thereof now on file in the office of the said City Clerk and that this Commission will meet on the 17th day of November, A. D. 1919, at eight o'clock p. m. at its usual place of meeting for the purpose of opening and reading said bids. Said notice shall be published once each week for two successive weeks in the Charlevoix County Herald, and shall inform all bidders that this Commission reserves the right to reject any and all bids.

Adopted by the City Commission of the City of East Jordan on the 3d day of November, A. D. 1919 by an aye and nay vote as follows:

Ayes—Wilson, Gidley and Crowell.

Nays—None.

On motion by Crowell, meeting was adjourned.

OTIS J. SMITH, City Clerk.

The girl who once would have been called "innocent" would now be called "green."

It is often said, "You can't believe everything you hear," but about everybody does.

Whenever his wife becomes a fixed habit with him, the average man may be considered out of danger of losing his head, even though he may lose about everything else he has.

If you deliberately start out to injure somebody or something, be sure that the weapons of the others are unloaded. If your enemies have ammunition you must be prepared to take what is coming to you and not squeal when you find yourself punctured, for your squeals will only make them laugh.

DON'T DISREGARD A COLD

A neglected cold may develop into most serious sickness. The influenza and pneumonia that swept the country a year ago were preceded by an epidemic of colds. Foley's Honey and Tar will check a cold if taken in time. It loosens phlegm and mucous, clears air passages, eases hoarseness, stops tickling throat.—Hite's Drug Store.

School Commissioner's Notes

May L. Stewart, Commissioner

Michigan State Teachers' Institute.

Charlevoix County was well represented at the State Teachers' Institute, even though the trip to Detroit was too expensive for most of the teaching corps. Supt. Metcalf, and Mr. Mills Wilber of Boyne City, Supt. Craig and Misses Bates and Morrison of Charlevoix Supt. Keyworth and Miss May Stewart of East Jordan were in attendance. The institute was one of the largest in years with several thousands in attendance. The program began Wednesday afternoon, with a joint meeting for county normal principals and county school commissioners. A banquet dinner was served at six thirty and the program continued through out the evening, in lieu of the toasts usually enjoyed on such occasions.

Thursday morning the commissioners had charge of the program and business meeting of this section. General programs and special sections did not begin until Thursday afternoon. At this time five programs were being conducted simultaneously, with four new programs beginning in the evening.

Friday morning there were fourteen programs besides the general session, in which all would be interested. Friday afternoon, twelve programs besides a new general program, with a general program for the evening's entertainment, or a free concert for those who chose the lighter form of amusement.

It may well be seen from the above that all visiting teachers would need to choose carefully in order to select the program which would be most helpful in their own lines of work. It was impossible to hear all the programs but the meeting places were so well arranged, in respect to street, car service and location, that it was many times possible to hear the first part of a program of special interest or even all of it, and hear part of another program of secondary interest.

The committee were fortunate this year in securing as speakers for the general programs Mr. Strayer of Columbia University, Mr. Waters, Editor of Kansas City Star, Mr. Magill, Field Secretary for the N. E. A., Mr. Kilpatrick of Columbia University, Mr. Goode of the University of Chicago, Mr. Burton, President of the University of Minnesota, Ex-Senator Beveridge, of Indiana, S. D. Fess, Congressman from Ohio, C. A. Prosser of Washington, D. C., and L. H. Koehsgen, the famed American Ace, from Newberry and P. H. Kelley, Congressman from the Sixth Michigan District. Heads of musical departments from our local colleges led the community singing, and the best of our own state leaders spoke in the programs on special departments.

No matter who the speaker, or what the subject of his address, the theme in hand was "Excelsior." Will our schools continue to serve now as they served during the war? Or will our schools drop back into the old beaten path of bookish preparedness forgetting the need for true citizenship in the country about us? Can we face democracy as it is and develop this in the school room? Can we and will we face the awful truth in the facts on failure brought out in war statistics, put our shoulders to the wheel, and change conditions for the better? Do we realize in what way the illiteracy of our neighbors affects us and why we must support the Smith-Towner Bill? Why must teachers wages be increased? Is it to reward the teacher or to secure a better class of applicants each year? In what ways locally may we meet the shortage of teachers which indications show will be 20 per cent greater next year than this? What laws have been passed in other states to solve problem which Michigan has still unsolved?

Those and other problems were answered by the speakers of both general and special programs and gave to all an outlook that it was not otherwise possible to attain.

NOTICE TO CONTRACTORS.

The City of East Jordan will receive sealed bids until 8:00 o'clock p. m., November 17, 1919, for the laying of eight hundred feet, more or less, of sewer according to plans, plats, diagrams and specifications now on file in the office of the City Clerk of said city. The city reserves the right to reject any and all bids.

OTIS J. SMITH, Clerk of Said City.

### CHANCERY ORDER

State of Michigan. The Circuit Court for the County of Charlevoix—In Chancery.

Lucy Long, Plaintiff,

vs.

Louis H. Long, Defendant.

Due proof by affidavit on file having been made that the above named defendant is not a resident of the State of Michigan but is a resident of the State of Illinois, on motion of A. L. Fitch, Attorney for the plaintiff, it is ordered that the defendant appear answer the bill of complaint filed in the cause within three months from the date of this order else the said bill of complaint will be taken as confessed by him. Further, that within twenty days this order be published in the Charlevoix County Herald, a newspaper printed and circulating in said county, once each week for six successive weeks and a copy of this order served on said defendant at his last known post-office address by registered mail as provided by law. Such publication shall not be necessary in case a copy of this order is personally served on said defendant at least twenty days before the time above prescribed for his appearance.

Dated October 28th, 1919.  
FREDERICK W. MAYNE,  
Circuit Judge.

Attest:

RICHARD LEWIS,  
County Clerk.

A. L. FITCH,

Attorney for Plaintiff,  
Charlevoix, Michigan.

### MORTGAGE SALE.

Default having been made in the terms and conditions of a certain mortgage bearing date the 20th day of April, A. D. 1917, made by John Hollinshead and Mariah F. Hollinshead, his wife, she contracting in bar of dower, both of South Arm Township, Charlevoix County, Michigan, to Peoples State Savings Bank of East Jordan, Michigan, a Michigan corporation, which said mortgage was recorded in the office of the Register of Deeds for the County of Charlevoix, Michigan, in Liber 40 of Mortgages, on page 275 on the 21st day of April, A. D. 1917, on which mortgage there is due at the date hereof for principal, interest and taxes paid, the sum of six hundred eighty-seven and ninety-seven hundredths (\$687.97) dollars, and an Attorney fee of twenty-five dollars provided by law, and no suit or proceedings to recover said sum or any part thereof.

Now, therefore, notice is hereby given that, by virtue of the power of sale in said mortgage contained and in pursuance of the statute in such case made and provided, the said mortgage will be foreclosed by a sale of the premises therein described at public auction or vendue to the highest bidder at the outer, easterly front door of the Court House at the City of Charlevoix, in said County of Charlevoix and State of Michigan, said Court House being the place of holding the Circuit Court within the said County, on the 16th day of January, A. D. 1920, at 11 o'clock in the forenoon; the description of said premises contained in said mortgage is as follows:

The East one-half (E½) of the South-west quarter (SW¼) of Section thirty-two (32), Township thirty-two (32) North, Range seven (7) West, containing eighty acres of land more or less, being in the Township of South Arm, Charlevoix County, Michigan.

Dated October 10th, 1919.  
PEOPLES STATE SAVINGS BANK,  
Mortgagee.

DWIGHT L. WILSON,  
Attorney for Mortgagee.

Business Address:  
East Jordan, Michigan.

### PROBATE ORDER

State of Michigan. The Probate Court for the County of Charlevoix.

At a session of said Court, held at the Probate Office in the City of Charlevoix in said County, on the 6th day of November, A. D. 1919.

Present, Hon. Servetus A. Correll, Judge of Probate.

In the Matter of the Estate of Jennie Watson, Deceased.

Dwight H. Fitch having filed in said court his petition, praying for license to sell the interest of said estate in certain real estate therein described.

It is Ordered, That the 9th day of December, A. D. 1919, at ten o'clock in the forenoon, at said probate office, be and is hereby appointed for hearing said petition, and that all persons interested in said estate appear before said court, at said time and place, to show cause why a license to sell the interest of said estate in said real estate should not be granted.

It is Further Ordered, That public notice thereof be given by publication of a copy of this order, for three successive weeks previous to said day of hearing, in the Charlevoix County Herald a newspaper printed and circulated in said county.

SERVETUS A. CORRELL,  
Judge of Probate.

A true copy.  
Servetus A. Correll,  
Judge of Probate.

## CHARLEVOIX COUNTY HERALD

G. A. Litch, Publisher  
ONE DOLLAR PER YEAR

Entered at the postoffice at East Jordan Michigan, second class mail matter.

Mrs. A. K. Hill was a Bellaire visitor, Monday.

Harvey Scott was a Bay City visitor this week.

Samuel Brigham came home from Hart, Monday.

Frank Clugg came home from Muskegon Monday.

Mrs. G. W. Bechtold was Traverse City visitor this week.

Mrs. Morrice Gee left Thursday for a visit at Grand Rapids and Flint.

Ralph Barrick left Monday for Muskegon, where he has employment.

Mrs. John Whiteford left Wednesday for a visit with relatives at Newberry.

Daniel Zess left first of the week for Muskegon, where he has employment.

W. F. Empey has been confined to his home with a severe cold the past week.

Mrs. Teresa Kogomo of Bay Shore is guest at the home of her son, William Kogomo.

Mrs. Nathan Griffith and children of Gaylord are visiting her mother, Mrs. Maude Pollitt.

Miss Agnes Green visited friends at Grand Rapids and Ionia last week, returning home Saturday.

Mrs. James Cihak with son, Edward, left Monday for Manistee, called there by the death of her mother.

Mrs. George West returned to Muskegon, Thursday, after a two week's visit with her mother, Mrs. Ed. Bashaw.

Mrs. Frank Utter and children returned to their home at Melvin, Mich., Monday, after a visit with her parents, Mr. and Mrs. A. H. Shepard.

Presbyterian Missionary Society meets with Mrs. G. W. Kitsman next Friday Nov. 14th. Miss M. A. Porter will give a book review at this meeting.

M. E. Ladies Aid will be entertained at the home of Mrs. Chas. Alexander Wednesday, afternoon Nov. 12th at 2:30 o'clock—Standard Time. Members please attend. Visitors welcome.

A law—Act 337 of the Public Acts of 1919—which became effective in August, makes it unlawful for "any person, firm or corporation, to sell, give, furnish or deliver any pistol or revolver," without first securing from the purchaser a permit signed by the sheriff of the county in which the sale is made.

An exception is made in providing service equipment of police officers and deputy sheriffs. The penalty for violation of the act is a fine of not more than \$500 or imprisonment for not more than one year or both.

"WANTED—Women between 21 and 45 years of age to work in packing, shipping and manufacturing departments. Pleasant and permanent employment. Experience unnecessary and work not difficult but applicant must be in good health and willing to learn. Give height, weight and age in your application. Pay beginners \$13.50 per week. Work 50 hours per week. Also have permanent places for experienced men in machine and cabinet rooms at good wages. SLIGH FURNITURE COMPANY, New Prescott St. Building, Grand Rapids, Michigan.

Curfew for Pianos.

Appleton, Wis.—It will be a misdemeanor for anyone to play a piano or other musical instrument in his home here after 11 p. m., if the common council adopts a proposed ordinance. The ordinance provides a fine of from \$1 to \$35 or imprisonment in jail for not more than ten days. The ordinance is aimed at saloon men who have been permitting piano playing in their business places at all hours of the night since July 1.

Prof. David Todd Will Try 50,000-Foot Ascent in Enormous Aircraft.

Omaha, Neb.—Leo Stevens, balloon instructor at Fort Omaha, announced that Prof. David Todd will attempt to communicate with the planet Mars this fall in a balloon to be constructed and piloted by Stevens.

The balloon, to be the largest ever made, will ascend 50,000 feet, Stevens said. Its capacity will be 140,000 cubic feet.

The balloon will be enabled to rise to the expected height, Stevens said, by the use of an invention which divides the balloon into two compartments, the upper containing hydrogen gas and the lower fresh air.

Another former officer reported his firm would take him back at half his prewar salary, saying that was the best they could do, as trade was so bad.

"Some companies don't know there has been a war on," commented a job-seeking ex-officer who before he went into army was the head clerk in an insurance office. "My people have offered me \$450 a year, and I am 26."

Reports Come From All Over the Country of Difficulty Demobilized Officers Have in Obtaining Employment.

London.—From all parts of the country come reports of the difficulty demobilized officers are having to find jobs. Those former officers with wives and families to support are in many cases living on meager pensions.

One of the most remarkable cases of unemployment is that of a Cambridge university graduate who for the greater part of the war held an important command in the army and subsequently a temporary post of great responsibility in a government department. He is armed with a letter from the war office thanking him for his services and adding: "There are few people with greater organizing ability, more charming manners, greater tact and drive than yourself."

Honored by King George.

Another letter to him from Sir Auckland Geddes, president of the board of trade, expresses "warm personal thanks for your loyal and devoted cooperation in very difficult work." King George bestowed on him the order of Commander of the British Empire.

But these credentials have been of no avail in his quest for suitable employment in this country, and, in despair, he says that he is going to America next month.

Ex-officers have discovered that the business world regards long military service as a disadvantage rather than an asset. An infantry captain, 43 years old, with wife and three children, said: "I have farmed in South Africa, served with the Natal mounted police, and prospected for gold. I want an outdoor job connected with agriculture, with a minimum salary of \$1,250. I cannot get one and I have applied for a small holding, but am told I may have to wait twelve months."

Offered Half Old Salary.

Another former officer reported his firm would take him back at half his prewar salary, saying that was the best they could do, as trade was so bad.

"Some companies don't know there has been a war on," commented a job-seeking ex-officer who before he went into army was the head clerk in an insurance office. "My people have offered me \$450 a year, and I am 26."

BALLOON TO SIGNAL MARS

Prof. David Todd Will Try 50,000-Foot Ascent in Enormous Aircraft.

Omaha, Neb.—Leo Stevens, balloon instructor at Fort Omaha, announced that Prof. David Todd will attempt to communicate with the planet Mars this fall in a balloon to be constructed and piloted by Stevens.

The balloon, to be the largest ever made, will ascend 50,000 feet, Stevens said. Its capacity will be 140,000 cubic feet.

The balloon will be enabled to rise to the expected height, Stevens said, by the use of an invention which divides the balloon into two compartments, the upper containing hydrogen gas and the lower fresh air.

SALTS IF KIDNEYS OR BLADDER BOTHER

Harmless to flush Kidneys and neutralize irritating acids—Splendid for system.

Kidney and Bladder weakness result from uric acid, says a noted authority. The kidneys filter this acid from the blood and pass it on to the bladder, where it often remains to irritate and inflame, causing a burning, scalding sensation, or setting up an irritation at the neck of the bladder, obliging you to seek relief two or three times during the night. The sufferer is in constant dread, the water passes sometimes with a scalding sensation and is very profuse; a man, there is difficulty in avoiding it.

Bladder weakness, most folks call it, because they can't control urination. While it is extremely annoying and sometimes very painful, this is really one of the most simple ailments to overcome.

Get about four ounces of Jad Salts from your pharmacist and take a tablespoonful in a glass of water before breakfast, continue this for two or three days. This will neutralize the acids in the urine so it no longer is a source of irritation to the bladder and urinary organs which then act normally again.

Jad Salts is inexpensive, harmless, and is made from the acid of grapes and lemon juice, combined with lithia, and is used by thousands of folks who are subject to urinary disorders caused by uric acid irritation. Jad Salts is splendid for kidneys and causes no bad effects whatever.

Here you have a pleasant, effervescent lithia-water drink, which quickly relieves bladder trouble.

S. O. S. TIRE REPAIR SHOP

Winter Storage for Batteries

Your Battery stored for the winter where it will have special and regular attention.

There are two methods of storing a battery called WET Storage and DRY Storage.

I will gladly tell you what is best for your battery FREE of Charge.

Guaranteed Vulcanizing and the Best Tire Shields on the market at the most reasonable price.

Yours for Sure Of Service,

A. K. HILL

PROPRIETOR

## JOB SCARCE FOR BRITISH SOLDIERS

Officer, Honored by King George, Finds It Impossible to Get Work.

## MAY COME TO UNITED STATES

Reports Come From All Over the Country of Difficulty Demobilized Officers Have in Obtaining Employment.

London.—From all parts of the country come reports of the difficulty demobilized officers are having to find jobs. Those former officers with wives and families to support are in many cases living on meager pensions.

One of the most remarkable cases of unemployment is that of a Cambridge university graduate who for the greater part of the war held an important command in the army and subsequently a temporary post of great responsibility in a government department. He is armed with a letter from the war office thanking him for his services and adding: "There are few people with greater organizing ability, more charming manners, greater tact and drive than yourself."

Honored by King George.

Another letter to him from Sir Auckland Geddes, president of the board of trade, expresses "warm personal thanks for your loyal and devoted cooperation in very difficult work." King George bestowed on him the order of Commander of the British Empire.

But these credentials have been of no avail in his quest for suitable employment in this country, and, in despair, he says that he is going to America next month.

Ex-officers have discovered that the business world regards long military service as a disadvantage rather than an asset. An infantry captain, 43 years old, with wife and three children, said: "I have farmed in South Africa, served with the Natal mounted police, and prospected for gold. I want an outdoor job connected with agriculture, with a minimum salary of \$1,250. I cannot get one and I have applied for a small holding, but am told I may have to wait twelve months."

Offered Half Old Salary.

Another former officer reported his firm would take him back at half his prewar salary, saying that was the best they could do, as trade was so bad.

"Some companies don't know there has been a war on," commented a job-seeking ex-officer who before he went into army was the head clerk in an insurance office. "My people have offered me \$450 a year, and I am 26."

## First Methodist Episcopal Church

Rev. M. E. Hoyt, Pastor.

Sunday, Nov. 9, 1919.

10:30 a. m.—"The Sufficiency of the Gospel."

12:00 m.—Sunday School.

7:00 p. m.—"The Compassion of Christ."

Thursday 7:30 p. m.—Prayer Meeting.

The L. A. S. will hold its monthly meeting at the home of Mrs. Chas. Alexander, on Wednesday afternoon, Nov. 12th. All ladies invited. Business matters of importance to be attended to.

Presbyterian Church Notes

Robert S. Sidebotham, Pastor.

Sunday, Nov. 9, 1919.

10:30 a. m.—Morning Worship. "The Lord's Vineyard."

12 Noon—Sunday School.

7:00 p. m.—Evening Worship. "The Great Northwest."

Thursday at 7:30 p. m.—Mid-week Meeting.

Sunday evening will be the fourth and last of Stereopticon Pictures. The subject will be Alaska. The pictures will follow a trip made thru Alaska by the veteran Missionary Dr. S. Hall Young. The lecturer will be the Rev. G. W. White of Boyne City.

Child Hurt by Log.

Maryville, Cal.—G. F. Williams brought his little daughter from Rackery to a local hospital, recently, for treatment for injuries she received when struck by a rolling log, a twig of which entered her mouth and pierced her neck, pinning her to the ground. An operation may be necessary, but it is believed the child will recover. Williams was sawing a log on the side of the hill, it is understood. His two small daughters were standing below on the hill watching him. As the log went hurtling down the side of the hill it struck both children. The other girl was only slightly hurt.

## Ralston Style for Fall

is of that distinctive kind your eye finds so satisfying—snappy, graceful, new.

And with it go the surpassing foot comfort and durability our customers have learned to associate with the RALSTON name.

CHAS. A. HUDSON

RECOMMENDS IT TO ANYONE

"My son had a cough for a long time," writes Mrs. Heck, 728 Fehr Ave., Louisville, Ky., "and he tried Foley's Honey and Tar and he slept better that night than he had for some time. It certainly is fine. I recommend it to anyone." Good for coughs, colds, croup, whooping cough. Children like it. Contains no opiates.—Hite's Drug Store.

Nobody but an idiot could be cheerful all the time.

The man who grows most about attending to a furnace, has a wife who does all the attending.

The goose that laid the golden eggs didn't have anything on the modern hen.

Love may laugh at locksmiths but you don't notice it laughing at the landlord and grocer.

**A CHEERFUL RECOMMENDATION.**

"They should be in every traveling man's grip," writes George Jenner, 416 Labor St., San Antonio, Tex., of Foley Cathartic Tablets. "They are the best laxative I have taken and I cheerfully recommend them to anyone suffering with constipation or biliousness." They cleanse bowels, sweeten stomach, benefit liver.—Hite's Drug Store.

Now that they no longer teach German in the schools, what would be the chance to get them to teach English?

If you put all your eggs in one basket and take it to market take along another basket to bring home the money.

Then there is the man whose chief aim in life is to be named on as many committees as possible.

The poor fish always "perks up" when a girl begins jollyng a married man, but when his wife does it he begins feeling around for his pocketbook.

NOTED JOURNALIST BACK FROM FRANCE

Miss May Birkhead who has returned from France. She is a journalist of note, who broke in the newspaper game in rather odd fashion. She was on the Carpathia when that vessel rescued the survivors of the Titanic, and a friend of hers on a New York paper wired her to have a story ready when the steamer docked. She knew nothing about writing a newspaper story, but her heart was in what she wrote, and a masterpiece was the result. She returned from France on the Leviathan with General Pershing.

SEARCH LEADS TO GRAVE

Girl Finds Father Who Disappeared Ten Years Ago Is Dead.

Florence Fewque's ten-year search for her father has ended. She is a thirteen-year-old Marietta, O., girl.

This week she found her long missing father when letters from friends in Lorain informed her of her father's death in Wyandotte, Mich. The girl's mother died a year after she was born. She wrote to Detective David Beatty telling him she had learned her father, John Fewque, was living in Lorain, Ohio. Beatty published the letter in a newspaper and Mrs. Fewque, an aunt of the girl, and her grandfather, Samuel Fewque, read it.

They told the girl her father had died after he left Lorain ten years ago. Miss Fewque has been offered a home with her relatives.

A painted face is often beautiful—if it's on canvas.

The man who grows most about attending to a furnace, has a wife who does all the attending.

The goose that laid the golden eggs didn't have anything on the modern hen.

RELIEF SHIP IS STOPPED BY ICE

Attempt to Reach Mission in Northernmost Alaska Again Fails.

REACH WITHIN 69 MILES

Dr. Marquis Brings Back Pitiful Tale of the Havoc Wrought by Influenza—Whole Villages Are Wiped Out.

Newport.—Turned back by an impenetrable ice-field within 69 miles of his goal, Dr. John A. Marquis, general secretary of the board of home missions of the Presbyterian church of the United States, was forced to return to New York without reaching his destination at Point Barrow, Alaska, the northernmost mission in the world operated by the Presbyterian church.

Dr. Marquis left New York June 23 and sailed from Seattle July 7 to Nome, where he boarded the United States coast guard service steamer Bear, to reach Point Barrow, but for the second time within two years this doughty little craft with its hardy crew was unable to buck the terrific ice jam of the arctic. For eight days the sturdy boat battled, but finally on August 15 it was forced to turn back. The supplies for Point Barrow were unloaded at Point Hope, 350 miles south of that town. From here it is expected that sledges will be able to carry some of them to the needy people at Point Barrow.

"Last year," says Dr. Marquis, "the Bear was able to get within 25 miles of Point Barrow, but the steady winds this year had forced the ice masses down farther south than they had been for years.

Ice at Latitude 70½. "Massive fields of ice were reached when we were at latitude 70½ degrees, Captain P. H. Ueberroth, U. S. N., in charge of the Bear, declared; the ice was the worst known since 1826."

Dr. Marquis went to Alaska to see about the appeal from the people there for the erection of a hospital at Point Barrow and also to study the opportunities for Presbyterian mission and school work generally in Alaska, particularly since the influenza epidemic last year wrought such havoc. He returns with interesting stories of the work and with pitiful tales of the terrible havoc wrought by the "flu," which in some sections wiped out whole villages.

"On leaving Seattle July 7, Dr. Marquis took passage to the Aleutian islands and thence to Nome. At Nome passage was taken on the Bear and for six weeks Dr. Marquis was on this government vessel. From Nome Dr. Marquis went to St. Lawrence islands and thence to Siberia. Leaving Siberia, the next stop was at the Diamide islands, and then to Cape Prince of Wales, the westernmost point of the American continent, about four hours west of Seattle.

Upon this trip the vessel's coal supply ran low and the Bear had to put back from Cape Prince of Wales to Nome for reconing. Leaving Nome the vessel began its journey to Point Barrow. Kotzebue sound was entered and stop was made at the village, where the Society of Friends had excellent missions, and then the Bear went north to Kivalina, where no mission fields are established, but which a few missionaries visit at intervals. From this point Dr. Marquis went to Point Hope, which until recently was one of the most famous whaling stations in the arctic regions. From there the great but futile attempt northward was made toward Point Barrow.

Dr. Marquis on his return trip gave special study to the conditions as left by the influenza epidemic. As a result he brings back with him pitiful stories of the terrible ravages wrought by this epidemic among the Eskimos.

Whole Villages Wiped Out. In Nome alone, says Dr. Marquis, over 50 per cent of the Eskimo population was wiped out almost overnight, and in other sections of the country whole villages of igloos were swept away. In one town of 300 only thirteen adults were left alive, and small villages of twenty igloos or so with all inhabitants frozen stiff. In one case one little girl and a baby were found alive in a village. This child had kept herself from freezing to death by remaining wrapped up in bed with the baby beside her. The condensed milk which sustained her life she also took to bed with her. There had been no fire in the villages for days and the temperature was 50 degrees below zero.

According to Dr. Marquis, the Eskimos showed practically no resistance to influenza and went down almost without a fight. Among the foreigners the mortality was about the same as in similar communities in the United States.

Fish in Steamer Wheel.

Toledo, O.—Steamer men along the Maumee river say they are having trouble running their boats because of great schools of goldfish. Toledo people are stocking up aquariums and fountains. Paddle wheels of side-wheel steamers, river men say, throw up bushels of the little fish at every revolution. "Sun striking on the red gold sides of the fish made persons ashore think one boat was on fire and an alarm was turned in to the fire department.

THRIFT CHAIRMEN APPOINTED BY ILLINOIS CLUB WOMEN

Mrs. Frederick A. Dow Hears Favorably From All but Night Districts in the State.

Mrs. Frederick A. Dow, who recently undertook the task of lining up the 60,000 women of the Illinois Federated Clubs for the Government savings campaign, has received favorable reports from most of the club districts on the progress of the organization work.

Mrs. Dow asked the presidents of the twenty-five club districts in Illinois to appoint thrift chairmen. She has heard from all but eight districts.

The chairmen appointed are: First, Mrs. C. D. Stone; Second, Mrs. Howard Ames; Third, Mrs. E. H. Day; Sixth, Mrs. W. J. Benson; Eighth, Mrs. Inez Deach; Ninth, Mrs. W. G. Cook; Tenth, Miss Fannie Whiting, Chicago; Twelfth, Mrs. Minnie Coffield, Tonica; Thirteenth, Mrs. Adolph Eichlor, Dixon; Fourteenth, Mrs. Flo Ervin, Biggsville; Fifteenth, Mrs. R. D. McCracken, Knoxville; Seventeenth, Miss Roxanna Hill, Pontiac; Eighteenth, Mrs. J. R. Hanlon, Grant Park; Twenty-first, Mrs. C. S. Mahan, Palmyra; Twenty-second, Mrs. Peter Johnson, Collinsville; Twenty-third, Mrs. Harry Farson, Salem; Twenty-fifth, Mrs. E. E. Jacobs, West Frankfort.

"Because the war is over many people think all movements started during the great world conflict are now 'dead issues,'" said Mrs. Dow. "But that is not true of the savings campaign of the government, and the women can play a very vital part in making this a great success, not only to help finance the government but to help themselves and the community in which they live. Some women have an idea that this campaign is only a man's affair. They are mistaken. There is no better channel to make thrift a permanent habit than the home, and it is through the women the home can be reached. The job of making this campaign a success is just as much a woman's as a man's."

START SAVING ARMISTICE DAY

NEW SAVINGS CERTIFICATES CALLED MARVEL OF FINANCE

U. S. "Baby Bonds" of \$100 and \$1,000 Denominations Are Becoming Popular Investment.

Reports from all parts of the Seventh district show the increasing popularity of the new \$100 and \$1,000 Treasury Savings certificates. They are virtually "baby bonds" and their investment value is readily seen. Both banks and individuals are investing in this new form of government security. Secretary of the Treasury Glass has characterized these certificates as "the marvel of finance," and Albert Boswell, manager of sales for the Seventh District War Savings organization, has pointed out six reasons why this term of the secretary of the treasury fits them. The reasons are:

1. They carry valuable tax-exemption privileges.
2. They cannot depreciate in value, not being subject to market fluctuations.
3. They are a liquid investment, redeemable for cash on ten days' notice.
4. They yield a substantial income, actually more than 4% per cent.
5. They are short term, maturing January 1, 1924.
6. They represent absolute safety as obligations of the United States government.

The \$100 certificates may be purchased at post offices of the first and second class and at banks; \$1,000 certificates may be obtained through banks or trust companies and certificates of either denomination may be ordered direct from the War Savings district headquarters, 105 West Monroe street, Chicago, Ill.

The new certificates are issued only in registered form with the name of the owner written in at the time of the purchase. The registration records are kept in Washington and this feature is a protection to the investor.

War Savings certificates filled with twenty War Savings stamps, series of 1919, may be exchanged for Treasury Savings certificates in denominations of \$100, and ten such War Savings certificates may be exchanged for a \$1,000 Treasury Savings certificate. The price of the \$100 certificate in November is \$84.40. The increase in cost is 20 cents each month. The \$1,000 certificate in November costs \$844. The price of this denomination increases \$2 a month.

—BUY ONLY WHAT YOU NEED—

\$700,000,000 IN FOOD WASTED.

The National Association of Waste Material Dealers estimates that Americans throw away \$700,000,000 worth of food each year. If only one ounce of food is wasted or spoiled in each of the 20,000,000 homes in America, the total loss is 1,300,000 pounds a day. As much coal is wasted annually as all the mines of the country could produce in two weeks.

MAKE MONEY WORK FOR YOU.

An investment of \$100 in Liberty Bonds increases to \$150 in about 17 years, if interest is reinvested as received at 4 per cent. Interest compounded quarterly. War Savings Stamps pay this rate, beginning the day purchased. Make your money work for you.

WOMAN'S NERVES MADE STRONG

By Lydia E. Pinkham's Vegetable Compound.

Winona, Minn.—"I suffered for more than a year from nervousness, and was so bad I could not rest at night—would lie awake and get so nervous I would have to get up and walk around and in the morning would be all tired out. I read about Lydia E. Pinkham's Vegetable Compound and thought I would try it. My nervousness soon left me. I sleep well and feel fine in the morning and able to do my work. I gladly recommend Lydia E. Pinkham's Vegetable Compound to make weak nerves strong."

How often do we hear the expression among women, "I am so nervous, I can not sleep," or "it seems as though I should fly." Such women should profit by Mrs. Sultz's experience and give this famous root-and-herb remedy, Lydia E. Pinkham's Vegetable Compound, a trial.

For forty years it has been overcoming such serious conditions as displacements, inflammation, ulceration, irregularities, periodic pains, backache, dizziness, and nervous prostration of women, and is now considered the standard remedy for such ailments.

OLD-TIME COLD CURE—DRINK HOT TEA!

Get a small package of Hamburg Breast Tea at any pharmacy. Take a tablespoonful of the tea, put a cup of boiling water upon it, pour through a sieve and drink a teacup full at any time during the day or before retiring. It is the most effective way to break a cold and cure grip, as it opens the pores of the skin, relieving congestion. Also loosens the bowels, thus breaking up a cold.

Try it the next time you suffer from a cold or the grip. It is inexpensive and entirely vegetable, therefore safe and harmless.

RUB RHEUMATISM FROM STIFF ACHING JOINTS

Rub Soreness from joints and muscles with a small trial bottle of old St. Jacobs Liniment

Stop "dosing" Rheumatism. It's pain only; not one case in fifty requires internal treatment. Rub soothing, penetrating "St. Jacobs Liniment" right on the "tender spot," and by the time you say Jack Robinson—out comes the rheumatic pain. "St. Jacobs Liniment" is a harmless rheumatism cure which never disappoints and doesn't burn the skin. It takes pain, soreness and stiffness from aching joints, muscles and bones; stops sciatica, lumbago, backache, neuralgia. Limber up! Get a 30 cent bottle of old-time, honest "St. Jacobs Liniment" from any drug store, and in a moment you'll be free from pains, aches and stiffness. Don't suffer! Rub rheumatism away.

DRINK HOT WATER IF YOU DESIRE A ROSY COMPLEXION

Says we can't help but look better and feel better after an inside bath.

To look one's best and feel one's best is to enjoy an inside bath each morning to flush from the system the previous day's waste, sour fermentations and poisonous toxins before it is absorbed into the blood. Just as coal, when it burns, leaves behind a certain amount of incombustible material in the form of ashes, so the food and drink taken each day leave in the alimentary organs a certain amount of indigestible material which if not eliminated, form toxins and poisons which are then sucked into the blood through the very ducts which are intended to suck in only nourishment to sustain the body.

If you want to see the glow of healthy bloom in your cheeks, to see your skin get clearer and clearer, you are told to drink every morning upon arising, a glass of hot water with a teaspoonful of limestone phosphate in it, which is a harmless means of washing the waste material and toxins from the stomach, liver, kidneys and bowels, thus cleansing, sweetening and purifying the entire alimentary tract, before putting more food into the stomach.

Men and women with sallow skins, liver spots, pimples or pallid complexion, also those who wake up with a coated tongue, bad taste, sticky breath, others who are bothered with headaches, bilious spells, acid stomach or constipation should begin this phosphate hot water drinking and are assured of very pronounced results in one or two weeks.

A quarter pound of limestone phosphate costs very little at the drug store but is sufficient to demonstrate that just as soap and hot water cleanses, purifies and freshens the skin on the outside, so hot water and limestone phosphate act on the inside organs. We must always consider that internal sanitation is vastly more important than outside cleanliness, because the skin pores do not absorb impurities into the blood, while the bowel pores do.

Lay a bet on rolling 'em with

PRINCE ALBERT the national joy smoke

ROLLING your own cigarettes with Prince Albert is just about as joy'us a sideline as you ever carried around in your grip! For, take it at any angle, you never got such quality, flavor, fragrance and coolness in a makin's cigarette in your life as every "P. A. home-made" will present you!

Prince Albert puts new smokenotions under your bonnet! It's so delightful rolled into a cigarette—and, so easy to roll! And, you just take to it like you been doing it since away back! You see, P. A. is crimp cut and a cinch to handle! It stays put—and you don't lose a lot when you start to hug the paper around the tobacco!

You'll like Prince Albert in a jimmy pipe as much as you do in a home-rolled cigarette, too! Bite and parch are cut out by our exclusive patented process. You know P. A. is the tobacco that has led three men to smoke pipes where one was smoked before. Yes sir, Prince Albert blazed the way. And, me-o-my, what a wad of smokeport will ripple your way every time you fill up!

Awaiting your say-so, you'll find toppy red bags, tidy red tins, handsome pound and half pound tin humidors—and that classy, practical pound crystal glass humidor with sponge moistener top that keeps Prince Albert in such perfect condition!

R. J. Reynolds Tobacco Company Winston-Salem, N. C.

## FOOD FROM AIR, LIGHT AND WATER

Harvard Professor Discloses Way to Make Sugar by Synthetic Process.

### HIGH LIVING COST BEATEN

Plan Worked Out in Laboratory to Reduce Atmosphere into Basic Food Product—Other Ways of Making Sugar.

New York.—During the present agitation over the high cost of living it is interesting to note several recent discoveries made in the field of synthetic chemistry. Dr. Winthrop John Vanleuven Osterhout, Ph. D., professor of botany at Harvard university, has hit upon a plan of making nutritious food from sunlight, air and water.

Although this process of food making is as yet confined to the laboratory stage Prof. Osterhout points out that many discoveries remained some time in the laboratory stage before they could be placed on a commercial basis. As an instance he cites the many doubters of the practical value of electricity, and the long uphill road Edison had to travel before he gained recognition commercially.

Ament the production of nutritious food in the laboratory Prof. Osterhout, who is in no sense a visionary, but whose manner would indicate a practical hardheaded business man, says:

"Analyzing food we learn that the three chief components are sugar, fats and protein. Until recently it was impossible to manufacture sugar synthetically, but now we have solved the riddle in several different ways. Iron rust exposed to the prismatic rays of the sun through water makes formaldehyde, since the rays of the sun acting upon the rust as a contact agent, mixed with the carbon dioxide of the air and water makes this powerful chemical. From formaldehyde certain forms of sugar may be obtained. Other ways of making sugar synthetically are through the employment of ultra-violet rays, radium and electricity.

"Part of our research work at Harvard's botanical laboratory has been to observe the process by which the plant transforms the carbon dioxide gas and water together into sugar, and later into starch, either of which forms can be preserved.

"So much for obtaining sugar. Protein is composed of amino acids. It has been found possible in the laboratory to take the carbon dioxide of the air, water and ammonia, which is also found in the air in small quantities, to form a simple kind of protein. Now through the combination of sugar and protein, both of which have been manufactured in the laboratory, the necessary fat is obtained, with the resultant nutritious food.

#### The Great Obstacle.

"Of course one of the greatest obstacles standing in the way of the production of food through this method is in the present cost of making sugar, which can only be manufactured as yet in small quantities. Our greatest competitor in this important field is the plant itself, which thus far under-sells the synthetic method."

Prof. Osterhout, who has taught at many of the large universities throughout the United States, and has attained an international reputation as a man of science, is a Fellow of the American Association for the Advancement of Science and of the American Academy of Arts and Sciences. In addition to many other scientific and research societies he has been a professor of botany since 1913.

## ROAD BUILT OF EPSOM SALTS

Texas to Have Unique Highway Ten Miles Long, Say State Highway Officials.

Austin, Tex.—A road of epsom salts is an attraction Texas can soon hold out to tourists, according to the state highway department.

Ten miles of highway out of Rockport is being surfaced with a material which analyzes more than one-fourth epsom salts. The material is obtained from flats where constant evaporation of gulf water has left silt strongly impregnated with salts, among which the epsom variety predominates.

Highway engineers declare the mixture forms an excellent road surfacing material, as the salts absorb enough moisture from the air to keep the roads damp, free from dust and firm on the driest days. One trouble, however, is that the road becomes very slippery during wet weather, but this is overcome by adding a small proportion of shell and regulating the slope of the surface.

#### Wildcat Leaps on Herder.

Winnemucca, Nev.—Attacked by a wildcat, Pedro Yassi, a Basque sheep herder, was forced to fight for his life. Yassi was pounced on from behind by the beast while he was shoeing a horse. The cat bit and scratched furiously and fast. Yassi finally knocked the cat senseless with a blow from his horsehoe's rasp and then clubbed the beast to death. He was compelled to seek the services of a surgeon here. In the belief that the cat may have been suffering from rabies, Yassi has been given the Pasteur treatment.

## THIS IS THE RED CROSS CHRISTMAS SEALS GIR

BEVERLY HAYES

Beverly Hayes says: "Buy Red Cross Christmas Seals. They protect little children from the ravages of tuberculosis. They build a barrier of health about the workers of the nation. They protect homes—your home. They spell hope, assurance and physical and economic rehabilitation to more than one million people in the United States who have tuberculosis. If you purchase enough Red Cross Christmas Seals, the death rate of this dread plague will be materially reduced. "Last year 150,000 people fell victims of the disease. Twelve thousand of these were little children. Think of it! This death toll is needless. If we all do our part in the sale this year, next year's death rate will be smaller. It will be reduced year by year until eventually tuberculosis has passed into the oblivion which has already engulfed smallpox, leprosy and typhoid fever."

## RED CROSS SEALS ARE HEALTH AGENTS

Idea Was Originated in This Country in 1908 by Miss Emily P. Bissell, of Wilmington, Del.

FIRST SALE YIELDED \$3,000

National Tuberculosis Association, Which Sponsors Sale, Will Place 650,000,000 Seals on Sale to Finance the Fight Against Tuberculosis.

The Red Cross Seal—as millions of Americans know it today, is an agent of happiness and health. It was originated in 1907 by Miss Emily P. Bissell, of Wilmington, Delaware, who learned through Jacob Riis of somewhat similar seals that were sold in Norway for the purpose of raising funds with which to fight tuberculosis.

Miss Bissell persuaded the American Red Cross to take up the idea with the result that seals were sold in a limited number of communities in 1908. The sale yielded a revenue of approximately \$3,000. The Red Cross then decided to issue the seals each year and to turn the proceeds over to the National Tuberculosis Association and its affiliated societies for the purpose of financing the campaign against tuberculosis. The number of seals sold in America increased by leaps and bounds until in 1917 the total reached 180,000,000.

This year the seals are again on sale beginning December 1. More than half a billion seals have been printed for distribution to state and local agents. In addition to the seals "Health Bonds" in denominations ranging from \$5.00 to \$100.00 are to be sold in lieu of seals to large contributors, who do not send out a sufficient quantity of mail in December to make use of all the seals they would like to purchase. The combined quotas of all the state organizations call for more than \$5,500,000 to carry out the intensive educational campaign being conducted by the National Tuberculosis Association and its 1,000 affiliated societies.

The intensive sale of these seals represents a practical demonstration of every lesson that has been learned regarding scientific distribution. Experts of the highest standing in sales management have co-operated to the extent of assuring those interested that every resident of the United States will have an opportunity to buy Red Cross Christmas Seals.

## WORKERS NEEDED TO FIGHT WHITE PLAGUE

National Tuberculosis Association, Which Sponsors Red Cross Seal Sale, is Conducting Intensive Educational Campaign.

A call for volunteers to fight under the standard of the National Tuberculosis Association and its 1000 affiliated bodies throughout the country against tuberculosis—humanity's most vicious foe—has been sounded.

A recent health survey, made by the experts of the National Tuberculosis Association, brought to light some startling statistics with regard to the prevalence of the disease. The findings of this survey have revealed a national menace, which must be eradicated. The figures show that each year 150,000 persons die of the disease and that there are approximately 2,000,000 cases of tuberculosis in the United States today.

The untouchable consumptive—one who does not know the rules of health, is an indefatigable spreader of the disease. Wherever he goes, he leaves behind him a trail of the deadly germs. The National Tuberculosis Association and its affiliated bodies have entered upon an intensive nationwide educational campaign. The campaign will be localized and within a short time there will be ample work for many thousands of volunteers.

The National Tuberculosis Association and its affiliated bodies are financed largely by the annual sale of Red Cross Christmas Seals. To make possible the carrying out of this campaign, more than 650,000,000 seals will be offered for sale during the holidays. State and local tuberculosis associations have at hand valuable local data regarding the disease and actual conditions in the communities where they are located. The officers of these bodies eagerly welcome inquiries.

## DOUBLE BARRED CROSS ADOPTED 17 YEARS AGO

The double barred Red Cross is seventeen years old this month. In October, 1902, the International Anti-Tuberculosis Association, then meeting in Berlin, adopted the cross as the emblem of the world-wide fight against tuberculosis. It was proposed by Dr. G. Serstren, of Paris. It is a combination of the Croix de Lorraine and the cross of the Greek Catholic church. Both crosses are symbolic of charity and help to humanity. Their combined features were selected and adopted as the symbol of the hope of civilization. Four years later, in 1906, the double barred Red Cross was carried into this country. It was in 1900 the National Tuberculosis Association was formed, and for the three intervening years the cross has been carried over the United States by the National Tuberculosis Association and its affiliated bodies, which now number one thousand.

The work of these organizations is financed chiefly by the Red Cross Christmas Seal sale.

## THE LEADER

H. ROSENTHAL, PROP'R

French Block Main Street East Jordan

A man can about commit most of the sins in the calendar, but if he keeps his promises to the letter other men will stick up for him through thick and thin.

If you had a million dollars you've always longed for, you'd probably be a million times bigger fool than you now are.

When you start over the beaten path it's astonishing to note that the woods are fairly filled with attractive by-paths and that your feet just naturally pull you into them while your head is pulling the other way.

## STOP CATARRH! OPEN NOSTRILS AND HEAD

Says Cream Applied in Nostrils Relieves Head-Colds at Once.

If your nostrils are clogged and your head is stuffed and you can't breathe freely because of a cold or catarrh, just get a small bottle of Ely's Cream Balm at any drug store. Apply a little of this fragrant, antiseptic cream into your nostrils and let it penetrate through every air passage of your head, soothing and healing the inflamed, swollen mucous membrane and you get instant relief.

Ah! how good it feels. Your nostrils are open, your head is clear, no more hawking, sneezing, blowing; no more headache, dryness or struggling for breath. Ely's Cream Balm is just what sufferers from head colds and catarrh need. It's a delight.

An easy victory makes the victors soft. It's what you're going to do tomorrow that prevents you from getting anywhere today.

The love affairs of the very young are very, very foolish, but wouldn't you be willing to be very, very foolish in order to be that young?

#### CUT THIS OUT—IT IS WORTH MONEY

DON'T MISS THIS, Cut out this slip, enclose with 5c to Foley & Co., 2835 Sheffield Ave., Chicago, Ill., writing your name and address clearly. You will receive in return a trial package containing Foley's Honey and Tar Compound for coughs, colds and croup, Foley Kidney Pills and Foley Cathartic Tablets.—Hite's Drug Store.

If you can't make money enough to keep up with the parade, the sensible thing to do is to step out of the ranks and watch it go by.

## GRANDMA USED SAGE TEA TO DARKEN HAIR

She mixed Sulphur with it to Restore Color, Gloss, Youthfulness.

Common garden sage brewed into a heavy tea with sulphur added, will turn gray, streaked and faded hair beautifully dark and luxuriant, and a few applications will prove a revelation if your hair is fading, streaked or gray. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get a bottle of Wyeth's Sage and Sulphur Compound at any drug store all ready for use. This is the old-time recipe improved by the addition of other ingredients.

While wispy, gray, faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur Compound, no one can tell, because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared, and after another application or two, your hair becomes beautifully dark, glossy, soft and luxuriant.

This preparation is a delightful toilet requisite and is not intended for the cure, mitigation or prevention of disease.

## FARMS FOR SALE!

One 40-acre farm - 1 1/2 miles from East Jordan.

One 40-acre farm, good building, 4 1/2 miles from East Jordan. For terms see

**"A SHINE IN EVERY DROP"**

Black Silk Stove Polish is different. It does not dry out; can be used to rub off—it lasts four times as long as ordinary polish—so it saves you time, work and money.

Don't forget—when you want stove polish, be sure to ask for Black Silk. If you get the best stove polish you ever used—your dealer will refund your money.

Black Silk Stove Polish Works, Sterling, Illinois.

Use Black Silk Air Drying Floor Enamel on grates, registers, stove-pipes, and automobile tire rims. Prevents rusting. Try it.

Use Black Silk Metal Polish for silverware, nickel, tinware or brass. It works quickly, easily and leaves a brilliant surface. It has no equal for use on automobiles.

**Get a Can TODAY**

**HAPPY CORNERS.**

(Rock, Elm School Dist. 2.)

(Edited by Miss Violet Gilbert.)

The Fourth Grade enjoyed a field trip Wednesday afternoon. They found a fine collection of late fall plants and many interesting changes taken place since school commenced.

Next Tuesday, Nov. 11th, is Liberty Day appropriate exercises will be held at the school house. Everyone welcome. The Blue Bird Sewing Society met Saturday. Fair attendance. Quite a good lot was accomplished on their aprons.

Anna Kowalske is back to school after a week of sickness.

Raymond Canda had the misfortune of breaking his little finger.

The past week has been observed as "Speech week." Be careful of your slang.

Violet Gilbert spent Sunday at the home of Tarry Barber's of Boyne City.

The Eighth Grade have commenced the study of "Michigan Government."

The Seventh Grade just started Reading the Dog of Flanders by De La Ramee.

The first Grade is very much interested in their Language work. They have been learning to fold and cut paper.

The first real object for them was learning to make a pattern for their doll which they are to make out of stockings. They have their pattern and just started their dolls.

**School Notes**

District No. 5, Eveline.

Earl Wright, whose parents have recently moved on the Bowen place, entered the Third Grade Monday.

Goldie Boyer is playing marches for the passing of the pupils at recess and noon.

Harold and Gabriel Thomas returned to school Monday after a week's absence.

The Eighth Grade are eager to begin work in the new Rural Arithmetics which have just arrived. This book surley ought to make good farmers as well as good students of Arithmetic.

A lost dog visited school one day this week and the children learned a valuable lesson in kindness to animals.

The Third Grade had a perfect attendance record last week.

This school enrolls seven girls and fifteen boys. Quite an unusual division.

The word "faction" occurred in a spelling lesson Friday. The pupil was requested to use the word in a sentence with the following result. "I faction on the piano." When questioned as to his understanding of the word, he replied, "faction means discord."

Mrs. E. A. Clark made a short call on the school Wednesday afternoon. All parents and friends are welcome.

**The Best Christmas Present at Any Price.**

How can you make your money go further for Christmas cheer than with a year's subscription to The Youth's Companion? It brings so much into a household—its stories for readers of all ages, its serious and informing contributions, its Editorial Pages, its intelligent and trustworthy comment on the great and tragic events of the time, its wit and humor. There is nothing quite like The Companion in all periodical literature.

If you subscribe at once you will receive the opening chapters of Charles B. Hawes' 10-chapter serial story, The Son of a "Gentleman Born." There are several other serials by Elsie Singmaster, C. A. Stephens, and other popular writers, which will insure the keenest interest throughout the year. All the family read The Companion because it is edited for every age.

New subscribers for 1920 will receive:

1. The Youth's Companion—52 issues in 1920.
2. All remaining weekly 1919 issues.
3. The Companion Home Calendar for 1920. All the above for \$2.50.
4. McCall's Magazine for 1920, \$1.00—the monthly fashion authority. Both publications for only \$2.95.

THE YOUTH'S COMPANION, Commonwealth Ave. & St. Paul St., Boston, Mass.

New subscriptions Received at this Office.

Those who "tell all they know" do not know much.

Every time a man goes down town to buy anything, these days he's mad even before he asks the price.

**INFLUENZA starts with a Cold**

Kill the Cold. At the first sneeze take

**HILL'S CASCARA QUININE BROMIDE**

Standard cold remedy for 20 years—in tablet form—safe, sure, no opiates—breaks up a cold in 24 hours—relieves grip in 3 days. Money-back if it fails. The genuine box has a Red top with Mr. Hill's picture.

At All Drug Stores

**FOCH JOLTS BRITISH**

Appeal Inspires British Army to Success.

Tells Them They "Vanquished Napoleon; Why Not the Lowly Germans?"

Paris.—An appeal to the British soldiers dictated by the then General Foch, asking them to remember their forefathers' victory over Napoleon, inspired them to attack the Germans and recover the ground they had lost before the gas war at the second battle of Ypres, writes Colonel Feyler in the Journal de Geneva.

Before the asphyxiating gas both British and French had been obliged to give ground. The then General Foch intended to recover the former positions at all costs, according to Colonel Feyler. He asked Gen. Sir John French to co-operate with him. "Impossible," replied French; "my men are ready to hold here, but I do not feel that I can demand of them, in their present condition further sacrifices in attacking."

Foch expressed surprise: "Their morale is low," he said. "Why don't you launch a proclamation? Something like this: 'British soldiers, forward. You who have vanquished the great Napoleon, shall it come to pass that you will permit the lowly German to drive you from your positions and retain them?'"

"How is that?" asked French, greatly interested. "Please repeat it." And at the dictation of Foch, French wrote out the proclamation, which was given out to the troops the next day.

The next morning the British soldiers hit the line and recovered all the lost ground.

**JINX PURSUES BRIDAL AUTO**

Blowouts Were Overcome, but Lack of Years Was an Effectual Bar at License Bureau.

Baltimore.—Luck was with Allen Walter Dehuff of Dallastown, Pa., a prospective bridegroom, when he slipped from bed at 4 a. m. and at the wheel of his "flivver" sped toward Logansville, Pa.

His bride-to-be, Miss Esther Hildebrand, was waiting for him at a lonely spot on the road and they turned the radiator toward Baltimore, but there Dehuff's luck deserted him.

First came blowouts and then engine trouble and finally a damaged axle, but repairs were made and the "flivver" continued toward Baltimore and a marriage license.

But the blow which he received at the marriage license bureau will take two years to fix, unless he asks his parents for help. He is only 19 years old and the clerk would not issue the marriage license without the consent of Dehuff's parents, so the pair returned home.

**FAMOUS BAR NOW GROCERY**

California House Had Five Presidents and One King as Guests.

Sacramento, Cal.—The Diamond bar, famous for nearly fifty years as a part of the old Auzerals House, of San Jose, Cal., is being fitted up for a grocery store. The Auzerals House, in West Santa Clara street, housed five presidents of the United States and was for a time the abode of a king. It was built in 1863, according to John E. Auferais of San Jose, and the barroom was the meeting place for many of the men whose names have been written into the history of California.

President Grant was entertained at a banquet in the Auzerals House in 1879. The following spring King Kalukau of Hawaii was a guest, and in September of the same year President Hayes delivered an address from the balcony. President Harrison was a guest in 1891, and both McKinley and Roosevelt visited the famous old hotel on their tours of the United States.

**Landlord Gives House to Tenant for 26 Years**

Boston, Mass.—Profiteering landlords who raise rents and refuse repairs may profit by the example of F. T. Fuller of Wakefield, who has made a present of a house to the tenant who has lived in it for the past 28 years. Today Fuller is known as the best landlord in America.

**Perhaps Born in Two States.**

Norwalk, O.—Charles H. Hargo of Bellevue, who was found guilty by a jury of cutting with intent to wound, has the best of reasons for not knowing whether he was born in Ohio or West Virginia. While on the witness stand Hargo said he was born in a houseboat that was moored in the Ohio river on the Ohio and West Virginia line. The water was high and the houseboat swung from one state to the other on his natal day.

"Our patriotism should stand the test of peace as well as war. There is a necessary work to be performed before the American Red Cross can withdraw from Europe."—President Wilson.

**The Stuff They're Made of Marks Their Worth**

THE greater mileage, the uninterrupted service that Fisk Tires give, starts with their built-in goodness. Big—way oversize—tough; measure their mileage against any tire you have ever used.

They are built to an ideal—  
"To be the Best Concern in the World to Work for and the Squarest Concern in Existence to do Business with."

Next Time—

**Camel CIGARETTES**

If you want to know what rare and unusual enjoyment Camels provide smoke them in comparison with any cigarette in the world at any price!

CAMELS are a cigarette revelation any way you consider them! Take quality, or refreshing flavor and fragrance; or, that wonderful mellow-mild-smoothness you never before got in a cigarette smoke! Yet Camels are so full-bodied and so full-of-satisfaction you marvel that so much delight could be put into a cigarette!

Camels expert blend of choice Turkish and choice Domestic tobaccos makes them so irresistibly appetizing! And, the blend explains why it is possible for you to smoke Camels liberally without tiring your taste! You will prefer Camels to either kind of tobacco smoked straight!

You'll realize pretty quick, too, that among the many reasons you smoke Camels is their freedom from any unpleasant cigarette aftertaste or unpleasant cigarette odor!

Once you know Camels you won't take much stock in premiums, coupons or gifts! You'll prefer Camel quality!

R. J. REYNOLDS TOBACCO CO., Winston-Salem, N. C.

Smokers realize that the value is in the cigarette and do not expect premiums or coupons!

Camels are sold everywhere in tentatively sealed packages of 20 cigarettes; or ten packages (200 cigarettes) in a fine paper-covered carton. We strongly recommend this carton for the home or office supply for when you travel.
