Counties Sponsor Tuberculin Tests

Need for Work Shown by Increase of Tuberculosis Cases.

Two years ago Dr. Theodore S. Rich, director of tuberculosis eradication of this state department of animal industry predicted that by 1921 entire counties would apply to place their cattle under state and federal supervision for the purpose of wiping out tuberculosis and obtaining healthy herds. At that time individual herd owners were beginning to demand the test.

Within the past few weeks Dr. Rich's prophecy has come true. Supervisors of Jackson county have \$5,000 to cooperate with the division of animal industry—now a branch of the new department of agriculture—in eradicating bovine tuberculosis in that county, while Wayne and Hillsdale county supervisors have each appropriated \$3,500 for a similar purpose. Emmet, Charlevoix, Antrim, Grand Traverse, and Gogebic counties have also made appropriations.

Early in the year the tuberculin testing of cattle in Livingston county was begun, with the result that up to April 1, 500 herds—comprising more than 6,000 cattle—were tested and placed under state and federal supervision. But 2 percent of the 6,000 head were "reactors"—declared to be an exceptionally low percentage, since on the average about 5 out of every 100 cattle in Michigan are tuberculous. People are now being urged to use milk from heads that have been government tested and shown free from disease.

Need for the combined effort of all organizations and agencies in fighting tuberculosis of every form is shown, according to officials of the state department of health, by the increase of 491 reported cases of tuberculosis among humans during the first quarter of 1921 over the same period of 1920. Recent governmental studies have proved that 25 percent of tuberculous individuals receive their infection from bovine sources.

POTATO MEN DEVELOP OUT-OF-STATE MARKET.

Opening of markets in other states for certified Michigan potato seed is a result expected to follow demonstration work being started this spring by the Michigan Potato Growers' Association. Comparison of the local stock with the best that is being grown in the other states is another fundamental object of the project, which is to be carried on in Illinois, Indiana, Ohio and Iowa.

Seed from ten different Michigan growers of certified potatoes is being sent out in each demonstration, thus insuring a broad basis for the comparison. County agents in the neighboring states are handling the cooperative work from the planting end. A carload of stock is being shipped for the tests, about 100 demonstrations being planned in Indiana and Illinois alone.

Cooperating with the Potato Growers' Association in planning the work are the G. R. and I. Railroad, through its agricultural agent; the Michigan Potato Growers' Exchange, of Cadillac; local county agents; and the Michigan Agricultural College, through H. C. Moore, extension specialist at the college and secretary of the Potato Growers' Association.

SMOOT SALES TAX.

Senator Reed Smoot of Utah has introduced his bill for a sales tax to take the place of the excess profits tax which it is proposed to repeal. The measure places a levy of 1 per cent on all sales, both of raw materials and finished products, in excess of \$6,000. The exemption is made for the benefit of farmers and small merchants. It is estimated that the tax would yield about \$1,500,000,000 annually. Senator Smoot says that his tax would be simple in application, easy to compute, and exceedingly difficult to escape. He declares that it would add an average of only 3 1/2 per cent to the selling price of an article, whereas the Department of Justice has asserted that the objectionable excess profits tax is responsible for an average increase in price of upwards of 23 per cent.

"Fully two-thirds of a college education is more ornamental than useful," remarks an exchange. And judging by some of the birds the colleges turn out one is led to suspect that the other third is more idiotic than sensible.

BULOW-BROS. SUC-CEED L. C. MONROE AT BILLIARD PARLORS.

Messrs Glenn and Fenton R. Bulow have purchased the Billiard Parlors of L. C. Monroe, the change in management taking place last Sunday. Both these gentlemen are well-known and esteemed by our citizens, having grown to manhood in our city, and will undoubtedly continue the success of the business which Mr. Monroe established a number of years ago. Both have had considerable experience with East Jordan's business interests which will serve them well in their new position. Since "Larry" established the business he has given it strict attention, putting in long hours indoors, and feels the need of getting out in the open. He will undoubtedly resume his former position with his father in contracting work.

EX-GOVERNOR FERRIS GAVE SPLENDID ADDRESS

One of the very best addresses that East Jordan has been fortunate in listening to in a long time was delivered by Ex-Governor Ferris at the high school auditorium last Friday night. Mr. Ferris talked on the subject of vocational guidance and the elements that enter into ones make-up which tend to equip a person for a particular line of work. The subject which is of vital importance to everyone was handled in a scholarly and scientific manner. Young people who heard this announced it the best and most inspiring lecture they ever listened to.

Mr. Ferris spent all day Friday in the East Jordan High school conferring with the members of the senior class relative to the work they are best fitted to do. Beyond a doubt, the East Jordan High School never spent a more profitable day than last Friday.

EAST JORDAN DEFEATS CHARLEVOIX

The High School baseball season was opened last Wednesday when Charlevoix High School came over to East Jordan to play the local high school. East Jordan won the score of five to one.

Gunderson and Liskum were the batteries for East Jordan, while Cunningham and Todd acted in the same capacity for Charlevoix. Gunderson struck out seventeen men and allowed two hits, while Cunningham struck out three men and allowed three hits.

The game was well played considering the fact that it was the first game of the season. East Jordan has an abundance of material and ought to present a very strong team at the end of the season.

Games are scheduled with Central Lake, Traverse City, Mancelona, Boyne City, and Charlevoix.

AT THE TEMPLE THEATRE

In order to give the employees of the Temple Theatre one day a week for rest the Theatre will not give any performance on Monday hereafter except when a holiday or celebration falls on a Monday then a special program will be arranged and a performance given. Amateur nights are proving to be a big success and a popular form of entertainment that the Temple patrons like. Mgr. Gruber is arranging them as fast as he can get suitable talent.

Human Harry Carey in "West is West" a picture of the west as it is today will be the attraction for Tuesday. Monday's pictures have been moved to Wednesday and will make a program of not less than seven reels. There will be five reel feature and the "Lost City" serial. Those who do not care for the serial can go and see the regular feature which will be Buck Jones in "The One Man Trail" this will make a very strong show for Wednesday.

For Thursday a big double feature program that is away above the average which includes Wm. Farnum in "The Last of The Duane's" one of the best pictures he ever made. There will also be that big comedy feature, "The Big Show", a comedy that is full of trained animals including Snooky, the Humanzee, and a lot of children actors.

Friday Pauline Frederick in "Love of Letty."

Saturday the usual strong program that is arranged to please every member of the family.

Sunday Justine Johnstone America's most beautiful girl will be seen in "The Plaything of Broadway."

Arbor and Bird Day

A Proclamation by the Governor.

The observance of Arbor Day at this season of the year is a custom long since established. Its purpose is to foster the conservation of our tree and forest resources, both as an aesthetic and economic necessity. Suppose some great disaster should rob the world of its trees. It is almost unthinkable. A treeless world is well nigh beyond our power to conceive. To an extent seldom realized, our comfort and our happiness are dependent upon the trees. They furnish food and shade and shelter for man and beast. They build our homes and fill them with furniture. They help to conserve our water supply. They satisfy our sense of beauty. In innumerable ways they contribute to our well-being.

Trees, too, are the natural home of most of our birds, and what a dreary, cheerless place this world would be with either birds or trees lacking.

Therefore, by virtue of the authority vested in me as Governor of the State of Michigan, I do hereby designate and set aside

FRIDAY, MAY 6TH, 1921

As Arbor and Bird Day and I request that exercises appropriate to the day be held in all our schools and that teachers seek to impress their pupils with the importance of maintaining our shade trees and protecting our song birds. I suggest further that the boys and girls in school be encouraged to study the characteristics and habits of Michigan birds.

Given under my hand and the Great Seal of the State this Twenty-second day of April, in the year of our Lord one thousand nine hundred and twenty-one, and of the Commonwealth the eighty-fifth.

ALEX J. GROESBECK, Governor.

PENINSULA GRANGE.

The regular meeting of Peninsula Grange No. 706 was held the evening of April 23, 1921, having been called to order by Worthy Master Fred Crowell with all officers present.

There were 53 members present and 20 visitors. During the regular order of business there were 41 candidates took first and second Degree. Also 15 new applications for membership were received.

The Red Ribbons under the captainship of Mrs. Fred Crowell had a fine program prepared which was enjoyed by all. This was the end of the contest which has been going on for 3 months. The contest was won by the Red Ribbons and who will as a result enjoy a banquet given by the Orange Ribbons in the near future. Both sides are to be congratulated for their fine work and their loyalty to their captains all through the contest. During this contest we have taken in 74 new members which has more than doubled our membership. This gives our Lecturer an opportunity to attend the State Grange this coming December which will be held at Flint.

At our previous meeting a committee was appointed to purchase a piano for our Grange Hall and which was delivered in time for our last meeting and was enjoyed by all.

Grange closed in due form after which a plate supper was served and all enjoyed a social hour. Visitors always welcome.

Lecturer, Mrs. Robert Gunsolus.

J. W. LALONDE HAS CHARGE OF PETOSKEY GARAGE.

J. W. Lalonde of this city opened the Perry Hotel Garage at Petoskey last Monday. Mr. Lalonde has spent five years specializing on motor construction, and served as traveling mechanic for the Oakland Motor Car Co. He has a thorough knowledge of Oakland, Oldsmobile and Scripps-Booth motors and will guarantee all work. He invites the patronage of East Jordan autoists. adv. 16-3

WATER TAX NOTICE.

Water taxes for the quarter ending March 30th will be due and payable at my office over Hite's Drug Store on and after April 20th. If not paid by May 20th, 10 per cent penalty will be added.

Japan may entertain peaceful intentions toward us, but her military activity would indicate that she is getting ready to make naughty faces at some one.

BLANTONS HYBRID IDEA

It remained for Representative Blanton of Texas, to add a new definition to the encyclopedia of tariff lore. While debating the emergency tariff bill in the House the other day, Mr. Blanton seriously declared: "I will say this, that I am for a tariff for revenue only. It is a Democratic principle, and I am standing on that principle. But I am in favor of putting only such tariff on any article, farm article or otherwise, as not to form a subsidization, but only to be a difference in equalization of cost as between the cost of production in this country and in foreign countries. There is not an item in this bill that covers more than that difference in cost of production."

And then Mr. Blanton serves this warning on his Republican colleagues: "I want to put you on notice now, as to every bill that you bring in here with a tariff provision in it that seeks to place a duty higher than the difference in the cost of production between this and foreign countries, that I am going to fight against it, and you have got to keep within that rule to get my vote."

Of course the whole principle of protection to American industries, championed by the Republican party since its organization, has been postulated on that difference in the cost of production "in this country and in foreign countries," while the Democratic party has championed the policy of free trade, opportunizing now and then with talk of a tariff for revenue only, or what the late Representative E. J. Hill called, "free trade with a handicap." Mr. Blanton's threat will not disturb the Republicans. He is cordially invited to make good, and the majority of the voters of his state are for protection.

The "Green Mountain Boys"

The "Green Mountain Boys" was a name assumed by a body of soldiers from Vermont in the Revolutionary war. They captured Fort Ticonderoga at the battle of Bennington. They were organized originally by Ethan Allen to oppose the claims of New York to the territory of Vermont. The Green Mountain Boys were the first to ask that Vermont be regarded as a state. This was not granted until 1791, when Vermont was admitted as the fourteenth state.

Her Heartless Conduct. We read in the World Outlook that Bishop Thoburn was once dictating a letter to a native Indian stenographer. "I am sore over the matter and chagrined," he said. When the stenographer brought back the letter to be signed the bishop was astonished to read: "I am sore over the matter, and she grinned."—Youth's Companion.

SCHOOL OUTLOOK MEETINGS

At a recent meeting of school officers from districts adjoining Bay Shore the officers present seemed favorable to consolidation. They believed, however, that Hayes township could not form one complete school district, as there was geographically no common center. If districts from Emmet county could be induced to join with them, the districts near Bay Shore seemed to think Bay Shore would be a natural community and school center. They fixed the campaign for the later-fall of 1921 and early months of 1922. Mr. Archie Chew of Burgess district was elected leader to call the first district meeting next fall in forming campaign plans for a bigger better school.

School and township officers of Melrose township met at Walloon Lake on the evening of April 16 to discuss problems similar to those of Hayes township. The officers present decided that Melrose is geographically fitted for a central school. They believed that it would be a mistake to consider a district of any other formation to begin with than the entire township. This would give a taxing area large enough for school purposes and the school center could be easily agreed upon. If only one or two districts joined and later one or two more, the original school site might not be suitable for the entire district as finally arranged for. For these reasons the Melrose officers wish to vote on consolidation in two steps, first on a township unit of control, and secondly on consolidation. A petition is now being circulated to get the required number of signers for calling special election in this township.

Miss Stewart is explaining the difference between the township unit and the consolidated school in each district of the township at a mass meeting called by the school board in every school-house. Much interest is manifested and prospects are good for a successful consolidation campaign with the first step resulting in a township unit district in Melrose township. Even tho' strongly for consolidation, Supt. A. A. Metcalf of Boyne City has consented to debate the negative of the question with Rev. R. W. Merrill in the affirmative in Walloon Lake at the United Brethren Church on the evening of May 11. It is very difficult to take the negative side of this question and it speaks well for Mr. Metcalf's unselfish interest in school problems of the county. He promises to make Mr. Merrill work hard for at least once in his life.

Meetings of school officers in Bay township, Norwood and Chandler will be held this week. The problem is far reaching and must be solved one way or the other at some future date. Since most of the school electors of the county are studying the question from day to day, it seems best that each should have in mind some definite territory to which he may apply his arguments and defense.

BERT HUGHES WRITES FROM MELBOURNE, FLA.

Melbourne, Fla. April 25, 1921.

Mr. Oscar Franzen East Jordan, Mich. Friend Oscar:—

We know now that "Studebaker" goes deeper than the surface. Leaving East Jordan late in the year (it being Dec. 3rd) every conceivable kind of roads were encountered—everything from Kentucky cobble stone to Alabama mud!

Ruggedness and great endurance are prominent features of Studebaker Cars. They give us a new definition of power and economy.

It is because we have put the car through the ordeal and know what a Studebaker Six can do that we tender this bit of unsolicited praise.

Yours for a successful Studebaker year, BERT HUGHES

P. S.—The motor beat perfect time throughout the trip. Tires were pumped for first time in Daytona, Fla.

War threatens to break out between some of the Central American countries, but it will receive scant attention up here until after the baseball season. A spirit of fairness in commercial life would do much toward restoring the country to normal conditions. But that is too much to expect in these days of scandal and grab.

People with only one eye should see only the bright side of life.

Garden Notes

(By M. A. C. Horticultural Dept.)

Early cabbage plants should be in the garden now. If necessary to purchase plants, Early Jersey Wakefield is a good variety.

A small tarred felt disk placed on the ground around the stem of each plant will help control the cabbage maggot.

Early potatoes are now being planted on warm sandy soils. Irish Cobbler and Early Ohio are excellent varieties to grow in Michigan.

For potato scab, soak the tubers 30 minutes in a solution of Formalin (1 pint to 30 gallons of water). This should be done before the potatoes are cut.

This is a good time to divide and re-set perennial flowering plants such as larkspur and phlox. These often do better if the clumps are divided every three or four years.

"Strawberry Shortcake in October". You can have it if you set everbearing strawberry plants now. We have found the Snperb one of the best varieties of this type.

Better tomato plants are secured by giving them plenty of space in which to grow. Remove the plants from the seed boxes and transplant them at least two inches apart in flats or shallow boxes.

NO ILLUSIONS HERE

Admiral von Turpitz, former head of the German navy, says that "Europe brought culture to American countries five hundred years ago, and it should now be a very proud task for America today to save European culture from inevitable destruction."

The admiral then naively adds: "It is only by pursuing such a course that she (America) can hope to have with her the sympathies of the world in the inevitable competition with the Japanese."

Reading between the lines, this would seem to be a sort of veiled threat that if the American people do not dig down into their money bags and hand over the yellow metal European countries will all go to the dogs and then sit idly by and watch the Japanese devour us at their leisure.

Von Turpitz and other solicitous gentlemen on the other side of the Atlantic should lose no sleep regarding our status in a possible war with Japan.

We have no illusions over here. If we are forced to defend ourselves against Japanese aggression we will have to fight alone. And we can do it, even if we are a peace loving nation.

Fear of Japanese reprisals would prevent aid from any country to the south of us, even if they were in a position to render such aid, which they are not.

Jealousy and a secret desire to see the great American giant crippled commercially would probably prevent any European country from raising a hand in our behalf.

As to the sympathy of the rest of the world, that is a matter that will neither concern us greatly or deter us a particle when the army of an invader approaches our shores—if one ever does.

Admiral von Turpitz does not understand us any better today than he did in the days just preceding our entry in to the late war.

In the matter of age we are an infant among the nations of the earth, but we are at least able to toddle alone and retain a firm grip upon our self respect. We do not buy European sympathy with American gold.

UNFITTEST SURVIVAL

The defect of most labor organizations," says Judge Gary, "is that they are planned to protect the poor worker from the good worker and try to level down—not to level up." And in nine cases out of ten, it is the poor worker, the chap who slacks in the tugs, who is the red eyed radical demanding government ownership and an opportunity to make the tax-payers stand for a wage-scale the height of which would be controlled only by the capacity of the public treasury. The good worker endeavors to earn his pay.

IN MEMORIAL

In loving memory of our dear husband and father, James H. Keat, who departed this life one year ago today, April 24th, 1920.

How very lonely has been the hours we have spent since he has gone. Could he know how we have missed him.

In our hearts and in our homes, Everywhere the deadly silence As we to our duties go.

But the one who called him from us Has been our strength and guide And we hope again to meet him When our days of life are over And up there we will greet him Then we hope to understand.

PENINSULAR

(Edited by Mrs. E. Hayden)

Mr. Marvin, the Rawley man, was through this section Tuesday on his regular trip.

While playing tag in the yard at his home at Gravel Hill S.S. Monday evening, Edward Guerrens stepped on a nail with such force it went through the sole of his shoe into his foot so far it laid him up for the rest of this week.

The Good Bye party at the Geo. Simmerman home Tuesday evening was well attended and all had a good time. Everybody is sorry to have them away. They have lived there continuously for more than thirty-six years.

C. A. Crane of Detroit and a friend motored up to his farm, Cedar Lodge, Thursday.

Mr. and Mrs. A. B. Nicoly and little son, Curtis motored to Kalkaska County Friday to attend the dedication of the Garfield Township Free Methodist Church. They were accompanied by Mrs. Nicoly's parents, Mr. and Mrs. Curtis Hard of Horton Bay. They returned Sunday night.

F. B. Dow took a carload of people from Boyne City to the Garfield Township Free Methodist church dedication Thursday.

Mrs. F. B. Dow has been confined to her bed for some time and was so ill Sunday F. B. Dow who was attending the Garfield Township Free Methodist church dedication was called home.

Joel Johnston who has spent the winter in West Virginia and who was so badly hurt March 13 by being run over by an auto as to necessitate his remaining in a hospital for several days has so far recovered to return to return to his farm. He arrived Sunday evening. While he has to use crutches to get around he is very well. We all welcome him home.

Mr. and Mrs. Walter Moore and little daughter, Eva Rose of Charlevoix and Miss Allin Hayden, who is employed in East Jordan, were supper guests at the J. W. Hayden farm, Orchard Hill Sunday. The trip was made in the Moore car.

The Peninsular Grange initiated a very large class of new members and reinstated several Saturday night.

F. H. Wangelman and Derby Hayden his hired man, drove to Boyne Falls Monday, for two loads of hay.

Mrs. Galen Seiler, who has been confined to her bed with a fever which began with a cold, for several weeks, is some better now.

W. Scott, of the Mountain District, made a trip the length of the 239 telephone line Monday got it in order again. It has been out of order most of the time for two weeks.

Mrs. B. Conyer, who is visiting her father, Geo. Jannan at Cravel Hill S.S. visited her sister, Mrs. Charles Woerful, in Boyne City, Friday and Saturday.

H. B. Russel and Marion Russell, of Ridgeway, and Sam Hayden of Orchard Hill spent Sunday in East Jordan at the Art Farmer and Roy Hammond homes. The trip was made in the H. B. Russell car.

Mrs. W. Scott, of the Mountain District, is taking baths at Charlevoix for nervous trouble. She thinks they are helping her.

Mrs. David Gaunt and Mr. and Mrs. Will Gaunt returned from Bay City Monday night having had a splendid trip home but when they went down last Thursday it rained nearly all day and they saw a great quantity of snow from the storm they had there on April 15-16 which we did not have. They found good gravel and stone roads nearly all the way. They report every thing just about the same state of spring as here.

The wild cherries are in bloom now. The crop here is not hurt a bit by the freeze yet and the indications are of a large crop of bloom.

Miss Mary Dow, who is employed in Flint arrived home Sunday, called by the illness of her mother, Mrs. F. B. Dow at the I. K. L. fruit farm.

Great quantities of oats are being got into the ground this week. Claude Stanley who lives in Boyne City worked on his farm in the Mountain District several days last week. He and his mother, Mrs. Laura Stanley, and his sister, Miss Vera, expect to live on the farm this summer as soon as the Boyne City school is out.

Wilson Grange celebrated the 25th anniversary of its Organization last Saturday evening. Of its 42 charter members only eight remain that belong to the Grange at the present. The program consisted of short remarks by the charter members, and an address by E. B. Ward, who organized Wilson Grange April 4th, 1896. Four applications for membership were presented by the Sec'y at this meeting.

RANNEY NOTES.

(Edited by Mrs. B. E. Waterman)

Arthur Stewart has purchased a team preparatory to farming.

Roadwork was begun Wednesday and Thursday of last week near Fred Nachazel's but the rain both days drove the men home.

Farmers are getting their oats in and ground ready for other crop.

Michael Murphy, who has been in ill health the past winter is reported very low.

Felix Gogna has purchased the Hugh Withrop forty and is clearing and getting land ready for general farming.

Azalia Liskum is driving a brand new Ford back and forth from school these days.

Dance at Grange hall last Saturday night was well attended.

Mrs. Ira Olney is reported as doing fine at the Petosky Hospital.

Frank Kiser and wife have given up the restaurant business and moved back on their farm recently.

Louis Mayville is suffering from a badly sprained elbow. This is quite a misfortune at a busy season.

Milo Handy has begun work for B. E. Waterman on the farm.

Mr. Handy, who has been living on Howe Barberoff farm, has moved to town. Their three small boys are driving back and forth from town to finish out the term at the Ranney School.

Mrs. Jas. Murray went to the Petosky Hospital to visit her daughter, Mrs. Herman Schultz, and at the same time consult with Dr. Reycraft concerning herself.

A pleasant surprise was given Mrs. E. Say last Thursday evening. About thirty-five came in autos from town, the occasion being Mrs. Say's birthday. Light refreshments were served and a general good time enjoyed by all. They presented the hostess a cut glass water-set.

Mrs. Anna Keat completed her school last Friday and is home on the farm for the summer.

A miscellaneous shower was given at Mr. and Mrs. Geo. Vance's farm home Saturday evening in honor of their daughter, Mary, who was lately married and now living in Ellsworth.

CONVICTED I.W.W.

JUMPS HIS BOND

"BILL" HAYWOOD REPORTED IN RUSSIA; DUE TO ENTER PRISON THIS WEEK.

U. S. ATTORNEY PLANS SEARCH

Expect Definite Information in Short Time; Representative Makes Excuses For Haywood.

Chicago.—Federal officials have received confidential information that William D. Haywood, secretary of the I. W. W. and scheduled to begin a sentence at the Leavenworth, Kans., penitentiary, had fled from the United States and now is in either Moscow or Riga.

Otto Christensen, attorney for Haywood, said he had been informed that Haywood sailed from New York on the Oscar II. about April 1, and landed at Riga about April 16. He said he thought Haywood had gone to Russia on a personal mission and that he was not fleeing from the penitentiary sentence.

"This information came to me and I immediately communicated it to Mr. Clynne," said Mr. Christensen.

"It was the first intimation I had that Haywood was not in the country, and I do not believe that even his closest friends knew he planned to go to Russia. I am sure he went on a personal mission—provided he did go—and that this reported trip has nothing to do with the I. W. W. in this country.

"Haywood has not been fleeing from his penitentiary sentence, for he has too much sense to do that. His position in the labor world over here is such that for him to flee would simply result in hari-kari and do him and his cause more harm than good. He knows that.

"I am making every effort to reach him and as soon as I can get word to him that he is wanted here, I am sure he will return. I don't know what attitude the government will take about his bond, but I am sure 'Big Bill' will come back and serve his sentence."

Charles F. Clynne, United States district attorney, announced that a search had been started for Haywood. "He is not at Leavenworth, Chicago or New York, and we have been privately informed that he has landed either at Moscow or Riga," said Mr. Clynne. "That is all we know about it, but we expect to have definite information very quickly."

BANK ROBBERS GET OVER \$2,000

Woman Cashier's Grit Fails to Halt Bold Daylight Heist.

Battle Creek.—In spite of the heroic action of Mrs. Mable Rapp, assistant cashier, three men, one of whom was masked, robbed the Bank of Scotts, a branch of the Vicksburg Farmers' Bank, of more than \$2,000 and escaped in an automobile. Scotts is 20 miles southwest of Battle Creek on the Grand Trunk Railroad.

As soon as the last man had lowered the gun which he had pointed at Mrs. Rapp and raced for the car in which the other two men were waiting, Mrs. Rapp grabbed a revolver and ran to the door.

She fired six shots. The bandits returned the fire.

U. S. REFUSES TO MEDIATE ROW

Suggests Germany Formulate Fair Basis For Indemnity Discussion.

Washington.—The American government refused an urgent request of the German government that President Harding mediate the question of reparations between Germany and the allies and fix the sum Germany is to pay.

The United States agreed, however, that if Germany would formulate promptly such proposals regarding reparations "as would present a proper basis for discussion" it would "consider bringing the matter to the attention of the allied governments in a manner acceptable to them in order that negotiations may speedily be resumed."

\$950,000 FOR SAGINAW SCHOOLS

Electors Go On Record In Favor of Bond Issue, By 8 to 1 Vote.

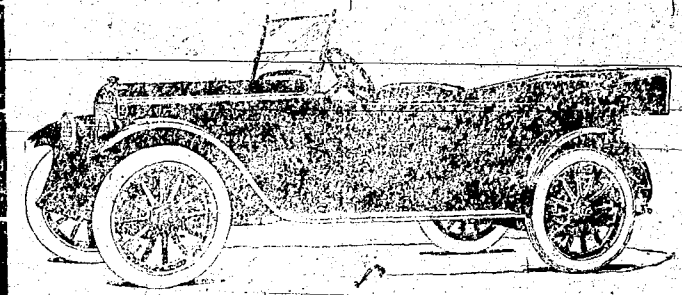

Saginaw, Mich.—By a vote of eight to one, 1,033 to 124, Union school electors voted to approve the issuance of bonds in the amount of \$950,000 to build two new junior high schools on the west side. It is expected that contracts will be let for the construction of the buildings in 30 days.

Coxey Asks Rail Control.

Washington.—General Jacob S. Coxey of Ohio called at the White House and left with Secretary Christian for presentation to President Harding a petition calling for government ownership of railroads. Coxey argued that the management of the railroads was responsible for their bankrupt state, and not the high wages paid employes. He asked that a date be set when he could appear before the president in support of this petition.

Why You Should Own Studebaker Light Six

The NEW LIGHT SIX is freer from vibration than any car of its approximate size or weight yet produced. Its powerful motor is an exclusive Studebaker design—conceived by Studebaker engineers—and built complete in Studebaker Factories. It is most efficient in utilizing the low grade of fuel now on the market—no other light, six cylinder motor yet produced is as free from vibration or as flexible, economical or powerful.

You can have the advantage of its motor's wonderful gasoline economy and the satisfaction of its smoothness of operation only by owning a Studebaker LIGHT SIX. It is freer from mechanical troubles because of the absence of vibration, THAT DESTROYER OF METAL LIFE.

It can be driven long distances without tiring the driver.

CORD TIRES are standard equipment on all STUDEBAKER CARS.

Michigan News Tensely Told

Plainwell—Mrs. C. M. Post was seriously injured while driving from South Bend, Ind., to Grand Rapids with her husband, when a telephone pole was blown down and fell on their car.

Potoskey—Mrs. Mary White, 74, an invalid, was burned to death at her home near Levering when fire destroyed the dwelling. It is believed the blaze originated from a burning chimney.

Cadillac—The acreage of sweet clover this year will reach 8,000, W. F. Johnston, county agricultural agent, says. This will make Westford the greatest sweet clover county in the state.

Cheboygan—The Union Bag & Paper corporation's pulp wood boat, which sank in the river last Fall, has been raised by E. J. Laway and towed to the company's dock. The damage was heavy.

Battle Creek—The owners of MacFadden Healthatorium have announced that the buildings now occupied by the institution will be sold to the state under an arrangement made with state officers.

Cadillac—The suit of the Socialist Party to obtain a share of the estate of the late James W. Ellwood was dismissed on the ground that the party had failed to take action for two years after the will was filed.

Paw Paw—Joseph Gielbago, who recently purchased a farm north of here, was killed when his team ran away and he was thrown from the top of a load of household goods. He leaves a widow and two small children.

Cassopolis—Melzer Beverly, blacksmith, was found dead in eight inches of water at Stone Lake, near this village. He had left early to go fishing. It is believed he was attacked with epilepsy and fell out of his boat and drowned.

Traverse City—James B. Hendryx, noted writer of western fiction, will make northern Michigan his home, it was announced with news of the purchase by Hendryx of Grand Traverse Bay property known as the Lees Point resort, a short distance from this city.

Paw Paw—Mrs. Martha Steele, of South Haven, is the first woman sent to a state prison from Van Buren County in several years. She was recently convicted of forgery and was sentenced to from nine months to 14 years in the Detroit House of Correction.

Ionia—Four inmates escaped from the state hospital here, all of them disappearing in their sleeping apparel. Those who escaped are Harry Smith, 27, Tony Bush, 27, Robert Warner, 21, and Lewis Bounds, 36. It is believed they stole clothes before making their escape.

Pontiac—Announcement has been made of the merging of the Pontiac Commercial and Savings bank and the Oakland County Savings bank, giving an institution with a capital of \$1,000,000, equalled only by one bank in Michigan, outside Detroit, the Bank of Saginaw.

Big Rapids—Joy riding in the Highland View cemetery is to cease. This is the ruling of the board of trustees after receiving numerous complaints that cars were in the cemetery after dark and were cavorting around the graves. Hereafter the gates are to close at 5 p. m.

Pentwater—Farmer Buck, 68, who has had eight wives and who was arrested two weeks ago on complaint of his 14-year-old daughter, pleaded guilty. He was sentenced by Judge John Vanderwerp to Jackson prison for from 10 to 20 years, with a recommendation he serve 15 years.

Lansing—According to a report submitted to the state legislature last week by the secretary of the Michigan Agricultural college, the per capita cost of the 1,603 students at that institution in 1920 averaged approximately \$400. The total revenue from the 1-5 mill tax for the college amounted to \$935,000.

Owasco—Harry Ordway, 30 years old, is under arrest charged with assault as the result of an attack said to have been made on Herman Thompson, 16. The officers were told that Thompson was attacked when he went to the Ordway home with his mother's washing. Ordway is said to have objected to his wife doing the work.

Kalkaska—The village of South Boardman, one of the oldest settlements in this section, was given a severe blow by a fire which wiped out the principal hotel, the postoffice and five other business houses. The estimated loss is \$40,000, with but little insurance as an insurance agent cancelled nearly all existing policies because of inadequate local fire protection.

Ann Arbor—The Michigan college of architecture has received an invitation from the American Students' Reconstruction association to appoint a student to apply for membership in the organization which is sending a reconstruction unit to France in June. These young men will be assigned to assist French architects to rebuild villages and towns in war-wrecked sections of France. Work started last year by this association was so successful that it has been broadened this summer, to include landscape architects and engineers.

Manistee—Navigation in the port opened April 18 with the departure for Georgian Bay of the lumber barge James Dempsey.

Port Huron—Work of emptying about 800 cases of liquor from the Government warehouse into the ditch in tunnel yards was carried out last week.

Cadillac—The board of supervisors has voted to censure the poor commissioners for spending \$10,000 to build the tuberculosis sanitarium, when only \$5,000 had been appropriated.

Lawton—Sales of 700,000 grape vines to be planted this Spring are recorded in this section of the grape country. This means that there will be planted at least 1,700 new acreage.

Charlevoix—A. T. Steward, for four years foreman of the Charlevoix fish hatchery, accepts the office of state superintendent of fish hatcheries and leaves for his headquarters in Lansing May 1.

Owosso—The Consumers' Power Co. has notified the city that hereafter the rate per year charged for lighting street lights will be increased 20 per cent, except for the newly installed boulevard-lighting system.

Pontiac—A suit brought by Harvey Hawley against Eugene Lacey and a number of Groveland farmers, started in circuit court, is an outgrowth of the "slacker raids" and tar and feather parties which took place during the war.

Flint—Arthur G. Bishop, prominent Flint banker, vice-president and director of the General Motors corporation, and a director of the Union Trust company of Detroit, has been chosen president of the Flint Chamber of Commerce.

Monroe—The Monroe board of education has purchased the Navarre farm, consisting of four acres, which will be used for athletic purposes. The price was announced as \$5,000. The land is just within the southern city limits of Monroe.

Flint—Dr. J. G. Zwahlenburg, of Ann Arbor, was selected president of the Michigan Trudeau society, in session here. Dr. B. Pierce, of the Howell sanitarium, was elected vice-president. More than 50 physicians, interested in tuberculosis work, attended.

Tecumseh—A challenge to the servicemen of the state to prove their value in community life by a discreet handling of the state's recently voted cash bonus was issued by Guy M. Wilson, of Flint, state commander of the American Legion, speaking here.

Bay City—Margaret Day, 8, daughter of Mr. and Mrs. George Day, residing three miles outside the city, was struck and killed by an automobile truck owned by C. J. McBride, grocer, when she ran in front of the truck after alighting from another machine.

Kalamazoo—Efforts are being made by Grand Trunk railway officials here to find Edith E. Stickle, who a year ago disappeared from the Anconum Lead Mines, Canada, where she was employed as a telegraph operator. Her father died recently, leaving her a fortune.

Grand Rapids—A resolution that the city attorney be instructed to draw up an estimate of the cost of a municipal gas plant has been adopted by the city commission. This action was taken because of a wide difference with the Grand Rapids Gas Light company on the gas rate.

Grand Rapids—More than 5,000 wolves and nearly 1,000 coyotes during the winter entered Michigan from Canada, forming a menace that should be combated immediately, a report to the Western Michigan Game and Protective association by J. Stockley Higdon, predatory animal inspector for Michigan, says.

Pontiac—Judge F. L. Covert has set up an answer, defending his decision that 12-cent fares on the D. U. R. interurban line from Birmingham to Detroit are legal and has filed it in proceedings before the supreme court. The answer holds the circuit court has proper jurisdiction and upholds the court's construction of the Smith act.

Ann Arbor—Dean Victor C. Vaughan, of the medical school of the University of Michigan, who recently resigned from the faculty after 40 years' service, has accepted the chairmanship of the medical section of the National Research Council. Dr. Vaughan was the first chairman of this section, created during the world war. Dr. Vaughan's resignation as dean will take effect at the close of the present school year in June.

Dowagiac—Susanna Farrar, 30, is named in a divorce bill her husband, William H. Farrar, 66, filed in circuit court. He says his wife on April 15 hired a chauffeur to drive their car to Elkhart, and that on the way the machine stopped near a wood and both got out. He charges infidelity, but does not disclose the name of the chauffeur. The Farrars are among the best known families of Cass county and reside in Cassopolis.

Albion—Three Detroit girls, employees of the Ford company, who told a story of having been abducted by three men in a car and brought to a point near Albion, were returned to Detroit. They said they were attacked by the men in the woods near Marango. The girls said they spent one night in a barn and then started to walk to Albion when they were picked up by a farmer. The girls had no hats or coats. Police substantiated their claims and money was given for their trip home. Officers are looking for the men with the car.

SCHOOL DAYS

Something to Think About By F. A. WALKER

LOOKING BACKWARD.

IN A Fifth Reader which I studied in a New Hampshire country school was a selection which began "An aged man was standing at a window." I cannot remember any more of it verbatim, but the story told was of the appeal of the old man to a star to give him back his youth. As a boy the story had a peculiar effect upon me. I felt a great and sorrowful sympathy for the man who sought what it was impossible for him to attain, and I hoped profoundly that no one that I knew would ever have to seek from his star what he knew in advance could not be granted.

There is one picture that we all paint—rich or poor, successes or failures. It is the portrait of "The Man I Might Have Been."

We look back over our lives and see where we might have plighted more wisely, acted more discreetly, builded more substantially. There never was a man who, if he could have lived his life a second time, would not have varied it in some way. Very likely the second living would not have been so free from regret as the first but we are prone to think it would, because we flatter ourselves that we would have avoided the first's mistakes.

A tiny pebble will change the course of a great stream. There are little things in our youths that have profound effects upon our manhoods.

Who knows what would have happened to Abraham Lincoln if Mary Owens had not told him she could not marry him because he was "deficient in those little links which go to make up the chain of a woman's happiness."

She meant that Lincoln in his awkwardness did not know how to make love after the fashion of the day.

But Lincoln was very fond of her and many times, perhaps, long years after she had refused him, he thought of "The Man I Might Have Been" had she married him.

You can imagine, too, that she must have thought sometimes of what would have been her history had she been the wife of the Great Emancipator.

The man you might have been, which you picture with greater or less regret is only a fanciful being, perhaps less lovable, less capable of good, less fitted for your real tasks, than the man you are.

The man you are is a reality, and realities are the only things worth thinking much about.

Regrets never built much of a success. You have to add right action to get a substantial and worth-while result.

Do not waste your time or worry your mind about "The Man I Might Have Been." Bend all your energies to the shaping of "The Man You Are Going to Be." He is in the making. He will be a reality. He is worth-while worrying about. If we should worry about anything.

Don't say, "It is too late." It is never too late.

There is an excuse for everything but quitting. Just say over to yourself those two splendid lines that Henley was inspired to write:

"I am the master of my fate, I am the captain of my soul." And put the accent on the "I." (Copyright.)

THE GIRL ON THE JOB

How to Succeed—How to Get Ahead—How to Make Good By JESSIE ROBERTS

THE JOY OF A JOB.

YOU can just about divide people into two groups—those who love their work, and those who don't. For most of us our work is the chief part of our life. It is up to us to choose the sort of work that we are going to like. No amount of money can repay you for unhappiness; hours daily spent doing something you dislike are unhappy hours.

But the truth is that the woman who is enjoying her work usually makes more of it than she would at other work. She brings enthusiasm to it, and improves possibilities that she wouldn't even see if she didn't love what she did.

In choosing your work you are in a large degree choosing your life. You aren't going to be able to choose a second time as far as that goes. To waste most of it in doing disagreeable or boring work is a vast pity.

Many women have been doing new and interesting work. I have heard dozens of women announce that they would never return to the jobs they had filled before answering the call of their country. Many had done only routine work, and hated office life. Such women are determined not to fall back into the rut.

The salary is not everything in a job. You, yourself, are more important than any salary. When you plan for a job, study for it, seek it, remember yourself. Look for joy in your job, as much as for money. It will pay you double measure.

Blossoms are spread like a tapestry price- less. Orient opulence over the land. And skies have grown bluer, and hearts have grown truer, For the magic of springtime but few can withstand. —Christine Kerr Davis.

WHAT TO EAT.

FOR those who are fond of hominy, try cooking it in bacon fat after it has been cooked in boiling water until tender, or the canned variety may be used, draining it before frying.

Delicious Salad.

Take halves of canned pears, arrange on head lettuce. Fill the centers with chopped nuts and pour over it a dressing made of whipped cream and one cake of snappy cream cheese, mixed and beaten with a Dover egg beater.

May Party Cakes.

Break into a large bowl six eggs, one cupful of sugar and three-fourths of a cupful of softened butter (not melted). Set the bowl in hot water and beat until the butter is well mixed with the ingredients. Add one cupful of flour, sifting it in a little at a time while beating and continue to beat until the mixture thickens slightly. Pour into a shallow pan lined with greased paper and bake until firm. When cold cut in fancy shapes and decorate—or use for jelly sandwiches.

Bran Bread.

Take two cupfuls of bran, one-half cupful of molasses, one-quarter cupful of sugar, one teaspoonful of salt, two cupfuls of sour milk, one teaspoonful of soda, three and one-half cupfuls of flour, one-half cupful of chopped raisins, add one beaten egg, mix all together and bake in a slow oven an hour and twenty minutes.

Feet Drag?

When it is an effort to drag one foot after the other, when you are always tired and seem lacking in strength and endurance, when aches and pains rack the body, it is well to look for symptoms of kidney trouble.

Foley Kidney Pills

banish effects of kidney and bladder trouble by removing the cause. They are healing and curative. They tone up and strengthen the weakened or diseased organs. They relieve backache, rheumatic pains, stiff joints, sore muscles. W. W. Wells, Toledo, Mich., writes: "I get great relief from taking Foley Kidney Pills. I am on my feet most of the time and get tired out. After taking Foley Kidney Pills, they make me feel like a new man. I recommend them to my customers and never have heard of any case where they did not give satisfaction."

EAT LESS AND TAKE SALTS FOR KIDNEYS

Take a glass of Salts before breakfast if your Back hurts or Bladder bothers you.

The American men and women must guard constantly against kidney trouble, because we eat too much and all our food is rich. Our blood is filled with uric acid which the kidneys strive to filter out, they weaken from overwork, become sluggish; the eliminative tissues clog and the result is kidney trouble, bladder weakness and a general decline in health. When your kidneys feel like lumps of lead, your back hurts or the urine is cloudy, full of sediment or you are obliged to seek relief two or three times during the night; if you suffer with sick headache or dizzy, nervous spells, acid stomach, or you have rheumatism when the weather is bad, get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate clogged kidneys; to neutralize the acids in the urine so it no longer is a source of irritation, thus ending bladder disorders. Jad Salts is inexpensive; cannot injure, makes a delightful effervescent lithia-water beverage, and belongs in every home, because nobody can make a mistake by having a good kidney flushing any time.

SULPHUR CLEARS UP ROUGH OR RED SKIN

Face, Neck and Arms Easily Made Smooth, Says Specialist

Any breaking out of the skin, even fiery, itching eczema, can be quickly overcome by applying a little Mentho-Sulphur, declares a noted skin specialist. Because of its germ destroying properties, this sulphur preparation begins at once to soothe irritated skin and heal eruptions such as rash, pimples and ring worm. It never fails to remove the torment and disfigurement, and you do not have to wait for relief from embarrassment. Improvement quickly shows. Sufferers from skin trouble should obtain a small jar of Mentho-Sulphur from any good druggist and use it like cold cream.

MICHIGAN BOY'S TALE STARTLES

TELLS CHICAGO POLICE OF TRIPS OVER COUNTRY AS "SLAVE" OF BOOTLEGGER.

CROSSED COUNTRY ON BICYCLE

Says Orders for Whisky Were Taken Along the Way and Then Mailed to Detroit.

Chicago — In 15-year-old George Mitchell, who wandered half starved into the Desplaines street police station, the juvenile home has either the victim of a shrewd bootlegger's cruelty of the great-grand grandson of the late Baron Munchausen.

The simple, bewildered officers of the home couldn't decide about George last Saturday. They just let their jaws drop in amazement. But the police, with fingers crossed, set out to find the bootlegger.

George's story is that for two years he has been the slave of a man he knew as Frank Goodren, accompanying him on bicycle trips across the continent to steal and traffic in bootleg whisky. On one trip, the boy said, they crossed the Canadian border and set themselves up as whisky runners.

George escaped, he said, when Goodren left him 15 miles from Chicago on Roosevelt road with orders to steal a bicycle and wait.

After staggering into the police station George said that until two years ago he lived with Mr. and Mrs. Frank Lackhoff, in Mancelona, Mich. He believed them to be his parents. At times they were cruel to him, but they allowed him to graduate from grammar school.

Then Goodren, who they said was his uncle, appeared and took him to Philadelphia.

Goodren obtained two bicycles, whether bought or stolen the boy did not know, and they started across the continent to Los Angeles.

"My uncle used to stop at farm houses along the road and take orders to Detroit, and after a while he would receive a letter. It would contain money, and he said it was his commission.

"Finally we go into Detroit. It must be pretty near a year ago. My uncle had a good many friends there. I never knew their names, but called them by their nicknames.

"Then my uncle told me that I would have to learn how to row a boat.

"One of his friends and I used to row across the lake to the Canadian side and then his friend would get out and fill a big tank in the prow of the boat with whisky. The tank was a tin box with a little hole in the top.

"Finally uncle got tired of Detroit and we started for Philadelphia. We stayed there for a while and then went south during the winter. Then we started for Chicago."

BOOM LEWIS FOR UNION HEAD

Said Movement is Underway to Oust Samuel Gompers.

Washington—A new movement to oust Samuel Gompers as president of the American Federation of Labor, is being organized, it was learned here recently.

A "coup" is planned by the progressives and the so-called radicals of the labor movement to elect John L. Lewis, president of the United Mine Workers of America, which has the largest voting strength in the federation, to succeed the veteran Gompers.

**LAW-MAKERS IN NIGHT SESSIONS
IN EFFORTS TO CLEAN UP
LEGISLATIVE CALENDAR.**

VOTE TO REPEAL SCHOOL LAW
House Also Passes Bill Defining As Libel Any Attack Against Any Religious Sect.

(From Staff Correspondent.)
Lansing.—The closing rush of the legislative session found each house bending every effort to get its own bills over to the other in time to permit action before adjournment.

Morning, afternoon and night sessions of both houses were the rule in the effort to clean up the calendars. The mammoth size of the house list of pending bills was such for a few days that members who had been opposing efforts to save time by attaching roll calls to bills against which there was no particular opposition, surrendered to the desire for speed at last. As a result the house clean-up proceeded rapidly. On one day a record was set for the house when ten bills were adopted on final passage in a space of fifteen minutes.

Ask Repeal James Law.
Among the big measures coming up in the house on the final hours scheduled for definite action were two proposed by Rep. George W. Welsh, of Grand Rapids. The first aims to repeal the James law, passed in 1919, by which boys and girls under the age of 18 who have gone to work before completing the regular school course must attend continuation schools for at least eight hours each week. The operation of this law is both costly and troublesome, declared Welsh. The law was strongly defended by others, but the house passed the repeal bill by a vote of 64 to 33 and sent it over to the senate.

A call of the house while this repeal measure was pending disclosed that for the first time in the session every one of the one hundred members of the house were present. Three were granted leave of absence during the debate, however, because of other important business and so did not vote on the bill.
Welsh's second bill was entitled one "to define and prohibit general libel" and is aimed at the anti-Semitic campaign of the Ford weekly. Rep. Frick, of Detroit, questioned the constitutionality of the bill and said that present libel laws appeared sufficient to him, causing a spirited debate for an hour. The house then voted 75 to 15 in favor of the bill.

Appropriation Bills Numerous.
At this stage of the session appropriation bills had the right of way in each house and took up much of the time. It was thought two years ago that the passage of the budget bill would relieve this situation in the present and all future sessions, but the failure of the budget system to get into operation has resulted in the usual crop of nearly a hundred different appropriation measures, with no certainty of what the actual total appropriations will be until they all have been acted upon. Renewed interest in the obtaining of a budget system has resulted.

The senate has adopted the joint resolution for an amendment to the constitution permitting the enactment of legislation to create port districts at Detroit and other lake points, in anticipation of the lakes-to-ocean waterway program going through and making Detroit a seaport. The house still has to act upon this resolution before it is certain that it will be submitted to the people next year.

Legislators Want Pay Increase.
The proposed amendment to the constitution to pay members of the legislature \$1,200 for the session instead of the present \$800 was adopted by a vote of 70 to 24 after having been defeated and tabled twice. It required a two-thirds vote to pass. If the senate acts favorably on the resolution it will be submitted to the people at the election in November of next year along with the amendment to limit legislative sessions to one hundred days.

Efforts to get the Strauch bill off the table in the house have failed. It proposes a tax of five per cent on the gross earnings of motor trucks operating for profit. Also on the house table is the proposed resolution to permit the state administrative board to dispose of in legal ways the stock of liquor in possession of the food and drug department. Speaker Warner ruled that this matter could not be disposed of by means of a resolution, as it involved a change in the liquor laws.

Another liquor measure, the Hicks bill designed to patch up the present law to take care of the situation caused by the supreme court holding the search and seizure section unconstitutional, has passed the senate after much debate on whether or not it fills the constitutional requirements laid down by the supreme court in its decision.

Change Primary Election Date.
The house has adopted the Dunn bill to change the date of the primary election every two years from the last Tuesday in August to the second Tuesday in September, the bill getting

exactly enough votes, 51, to pass it. Farmer members opposed the bill on the ground that the new time set is not as satisfactory to farmers as the present time and might result in smaller primary votes being cast in the agricultural sections. The bill has gone to the senate.

Friends of the bill for a moving picture censorship have begun to despair that it will ever get out of the senate state affairs committee, where it has been held since it passed the house. Another bill of uncertain fate in a senate committee is the Olmsted-Watson bill to permit state banks to engage in the trust business. Some trust companies actively opposed this bill at a hearing before the senate committee, but others favored it.

Repealed once, the bill to permit the state administrative board to sell the old state block in Lansing finally was adopted by the house after being taken from the table.

Restrict Paroling System.
The house has passed the Glaspie bill to restrict the paroling of life term prisoners, without waiting for the report of its committee inquiring into paroles given in the past. The committee has asked former Governors Albert E. Sleeper and Woodbridge N. Ferris to appear before it and talk about paroling prisoners.

Gov. Grosbeck has sent to the senate for confirmation the appointment of Nathan E. Simpson, of Hartford, former warden of Jackson prison, as a member of the state tax commission to succeed Orlando F. Barnes, of Roscommon.

The Byrum bill creating a state welfare department has been passed by the house and transmitted to the senate. The bill abolishes the state board of corrections and charities and all boards of control for state institutions. The new department is to be headed by a director at a salary of \$5,000 a year, with commissions appointed for each variety of state institutions coming within it.

A hospital commission of seven members would look after the Pontiac, Kalamazoo, Traverse City, Newberry and Ionia hospitals, together with the state home and training school and the farm home for epileptics. A prison commission of five would oversee the industrial and training schools; and another commission of five would have charge of the schools for the blind and the deaf.

New Tax Bill to Governor.
By a vote of 82 to 12 the house adopted the corporation tax bill, which previously had passed the senate and sent the act to the governor. Nearly all of the members who voted against the bill made speeches explaining their votes. They regarded the bill as discriminatory in regard to the small corporations. Supporters of the bill declared it to be a fee measure instead of a tax bill and declared the corporations were willing to come under it as it stood, while they might knock it out in the courts if the fees were made so high as to appear like additional taxation.

The legislators and state officials estimate that the corporation bill will bring in enough funds this year to take care of the existing deficit of nearly six million dollars.

Coinciding with the passage of the bill they became generous towards the University of Michigan, which has been appealing ever since the session began for a building fund of \$8,690,000 with which to provide modern buildings. The senate finance committee reported in favor of allowing the university \$5,300,000 during the next two years, provided the state administrative board finds that the corporation tax is producing the estimated amount of revenue.

The house ways and means committee, at the same time, reported in favor of allowing the university a mill tax of three-fifths of a mill, instead of the present rate of three-eighths of a mill. It is figured that this tax will give the university a revenue of \$3,000,000 a year. At present it is getting slightly less than \$1,700,000 from its 1919 mill tax.

Osborn Bill Revamped.
Public utilities bills bid fair to keep before the lawmakers until the last day of the session. The Osborn bill, in the senate, was revamped in an effort to make it agreeable to home rule advocates and at the same time strengthen the state utilities commission, and a vote on it was delayed while it was being reprinted. The Datoe bill, in the house, was held in committee because the Osborn bill had been given the right of way.

The newest of the pending utilities bills is one that would empower the state commission to order the connection of two electric lines for through service, the object being to allow interurban cars in Detroit to go through in the event that the city takes over some of the lines now held by the operating company.

The McArthur bill to increase mothers' pensions to a maximum of \$10 a week and a minimum of \$4 a week, once defeated in the house, was taken from the table and passed by a vote of 87 to 8 when its friends made a number of effective talks in its favor. It passed in the same form in which it came from the senate, so now goes to the governor.

The house also killed the Wood senate bill to provide for a course of fire prevention in the public schools, the charge being made against the measure that it was designed to permit boards of education to spend additional money for fire apparatus to be used in drills.

James Cox Davis of Iowa is the new director general of railroads, appointed by President Harding to succeed Judge Barton Payne. At the time of his appointment, Mr. Davis was general counsel for the railroad administration. He was formerly solicitor of the Chicago & Northwestern Railroad.

TRAIN HITS AUTO; FOUR KILLED
Family Returning From Dance Wiped Out At Rail Crossing.

Owosso, Mich.—Three persons were instantly killed and a fourth one died a few hours later of injuries received when the automobile in which they were riding was struck by a Grand Trunk passenger train at a street crossing in Perry, 16 miles south of here.

The dead are Mrs. and Mrs. Frank Martin; and their children, Arthur, 8 years old, and Robert, 3 years old, residents of a farm near here. Mr. Martin was a son of Titus S. Martin, prominent in Republican politics in Shiawassee County.

The Martins were returning home from a dance at the Perry Opera House. The midnight passenger train does not stop in Perry, and is said to have been going 40 miles an hour when it struck the automobile. The bodies of Mrs. Martin and her two sons were found a half mile up the tracks from where the motor car was struck.

Red Pepper Stops Rheumatic Pains

Rub It on Sore, Stiff Joints and Muscles, and Rheumatism, Lumbago and Pain Vanish—Try It and See!

Red Pepper Rub takes the "ouch" from sore, stiff, aching joints. It cannot hurt you, and it certainly ends that old rheumatism torture at once. When you are suffering so you can hardly get around, just try "Red Pepper Rub," and you will have the quick relief known. Nothing has such concentrated, penetrating heat as red peppers. Just as soon as you apply Red Pepper Rub you will feel the tingling heat. In three minutes it warms the sore spot through and through. Pain and soreness are gone. Ask any druggist for a jar of Rowing Red Pepper Rub. It costs but little.
