EAST JORDAN, MICHIGAN, FRIDAY, JUNE 10, 1921.

Champions of Northern Mich.

E. J. H. S. Wins Baseball Honors By Defeating Traverse City.

The East Jordan High School added another honor to its long string gathered in this year when the Northern Michigan Baseball Championship was clinched with last Saturday's game with Traverse City, which the local boys copped 7 to 4. East Jordan has had an uninterrupted list of victories on the baseball diamond this spring, having defeated one or more times high school teams of Charlevoix, Central Lake, Boyne City, Mancelona, and Traverse City. Last Saturday's game came as the climax to a most successful season. The Traverse City team had also played winning ball, having lost but one game that to Manistee. Later on, however, Manistee had been badly defeated by Traverse City.

On Friday the Traverse City team had defeated Boyne City 29 to 7 and they came over to East Jordan Friday night as confident as world's champions. No doubt their over confidence instilled the necessary determination which the local boys needed for the final fray.

Gunderson, who has pitched phenomenal ball for East Jordan High for the past three years, was in rare form, and made the heavy hitters from Traverse City cut deep gashes in the air with disconcerting regularity. Seventeen men were thus forced to walk up to the plate, then turn around and walk back again.

Four hundred rabid fans from East Jordan, Boyne City and other neighboring places were on hand and were unanimous in rooting for the local players. Boyne City came over with a host of rooters.

The Traverse City team was a far heavier team and an older team than East Jordan's. Yet, in no department of the game except in fielding, did the visiting boys excel.

Traverse City got one score in the first, two in the second, and one in the third inning. Not one run was an earned run, but all were costly and needless errors on the part of two East Jordan infielders. True it was that Traverse City got four hits in the first three rounds but not one should have counted in the scoring. These hits, by the way, were due to a fungo bat used by Traverse City, which was thrown out by the umpire at the beginning of the fourth. Gunderson's speed and curves were too much for them when a legal, regulation bat was required and thereafter nobody got around the circuit.

Zimmerman, the six foot Traverse City pitcher, was not worked on the previous day and came into town with a reputation announced by his mates sufficient to disrupt the hearts of stronger men than wore suits for East Jordan. When the game was ended, however, he had been found for thirteen hits, and he was able to strike out but four East Jordan players.

Traverse City objected to one decision on first base, but both umpire and spectators near first base maintained that the Traverse City first baseman's foot was off the bag when he caught the ball.

The game was hard fought and was full of tense and nerve-racking situations.

The East Jordan boys appreciate the splendid support given them by the people of East Jordan.

PEARL HOUSKNECHT FORMER EAST JORDANITE MARRIED AT FLINT

A pretty home wedding took place at the home of one of our former townsmen, Mr. and Mrs. D. E. Housknecht, 1501 Jane St., Flint, Mich., Sunday p. m. May 22, when their daughter, Emma Pearl, became the bride of Sterling Brown Roy of Flint. The bride was attired in a dainty blue taffeta gown with insets of dove gray, and wore pink roses. The groom wore regulation blue. They were attended by Mr. and Mrs. James Prentice of Flint. Mrs. Prentice was dressed in blue also, trimmed with a dainty flowered creation and wore pink roses. Mrs. Housknecht wore beaded georgette. The ceremony was very impressive being the prayer and ring service by Elder James Goombridge of Flint. The color scheme was carried out in a most tempting luncheon after which the young couple hid themselves away to be at home to their friends after June 1 at 1524 Ave A Flint.

Mrs. Roy is a popular young lady employed at the Chamber of Commerce and the groom is a talented young minister who has been a resident of Flint for several years.

AT THE TEMPLE THEATRE

Tuesday, Gladys Walton in "Poor Girl Rich Girl". The millionaire kid had everything in the world but comradeship; Nora McShane of fish alley, had everything in the world but money. They exchanged places then the fun begins.

Wednesday will be country store night which means that the stage will be turned into a country grocery store and over fifty valuable presents in the grocery line will be given away free, everybody has a chance of getting a prize. The picture program will be Buck Jones in "Two Moons" and Kathleen O'Connor in "The Lion Man" making a show of seven reels besides the country grocery store.

Thursday, Owen Moore in "The Chicken in the Case". Talk of love's young dream, well for Steve Perkins it was a nightmare. The picture is full of funny situations. Katherine Perry who supports Mr. Moore was awarded the golden apple by the artists committee as being the most beautiful girl in New York.

Friday, Rupert Hughes comedy hit of the year, "Scratch My Back". Val Romney sat in a theatre seat at the opera. In front of him was a beautiful girl with a lovely back. He could see her twitching. Should he scratch? Would he dare? See the picture.

Saturday, The first chapter of "Ruth of the Rockies", Mutt and Jeff, News Weekly and comedy.

Sunday, Mack Sennett's "Down on the Farm". One glimpse of the simple life and you'll sell your mansion, trade in your car for a threshing machine and get yourself a farm like this if you can find another just like it. If you want to see how easy it is to farm just see this picture.

PENINSULA GRANGE

Held a regular meeting Thursday, June 2nd, with all officers present. There were 117 members and 20 visitors from Deer Lake Grange and 18 visitors from Wilson Grange present. We extended and invitation to Wilson Grange for their degree team to come over and initiate a class of 18 candidates for us in the third and fourth degree. They certainly should be complimented on the splendid work they did. Peninsula is wide awake, new members coming in right along. Lecturer's hour was duly observed and Grange closed in due form, after which a plate supper was served and all enjoyed a social good time.

There is nothing marvelous about efficiency in spite of the advertising courses on the subject. Efficiency merely means getting your work done right and on time.

Nervousness is often mistaken for ambition and general fustiness for real work.

A humorist has the reputation of being chronically sad, but surely there is nothing sadder than trying to make a grumpy world laugh.

Every man has been in love at least once in his life—with himself.

It just naturally seems to be ordained that those who have philanthropic hearts don't have philanthropic pocket-books.

In all time there never was wrecked a single marriage that was based on real love. The word "love" is as freely misused as "psychological moment" and "efficiency".

Who remembers when the young man who wore a "stiff Katie" was called a "dude"?

Church Meeting Is Broken Up

Opponents of Proposed School Amendment Halt Talk.

The advertised lecture on the proposed anti-parochial school amendment at the Evangelical church, Petoskey, Friday evening was broken up by opponents of the proposed amendment when they threatened violence to the speaker, James Hamilton, Detroit, and forced him to halt his talk and leave the building. After leaving the building in company with an officer he was assaulted with a shower of eggs, etc., and hastily left the city by automobile.

Efforts were made by several persons in the church to quiet the mob and give the man a chance to complete his talk and then allow an opportunity for opponents of the proposed amendment to be heard, but these were of no avail. Several leaders among the opponents of the proposed measure were present and preparing notes from which later to deliver their talks.

The speaker is alleged to have said that any person not educated in the public schools could not be one hundred per cent American, and at this point trouble began.

People crowded to the front of the church and yelled for the speaker to be removed. He was escorted to a side door by an officer, who ordered the crowd to refrain from molesting him.

Once outside the church, it is said, eggs and tomatoes were hurled at Hamilton as he made for an automobile near at hand.

A similar occurrence happened at Cheboygan Tuesday evening, except that the affair did not take place in a church. In that city the speaker attempted to talk at the city opera house.

Many failures are caused by mistaking failure for accomplishment.

It has been said that "tomorrow is another day," but how do you know there will be one?

Township Day In South Arm

Chaddock And Ranney Are Winners. Motto: 'No Steps Backward'

Ap all day program was enjoyed by the patrons and children of the schools of South Arm township at the South Arm Grange Hall, June 1, 1921. Four schools took part, namely: Ranney, Rock Elm, Miles and Chaddock.

While the judges of the wall exhibits were busily engaged with the inside work the crowd was outdoors enjoying the athletic contest between different schools.

A greater school spirit could not have been shown. Several yells were given by the various schools. The numbers on the athletic program were girl's running race, boy's running race, potato race, over and under relay, handkerchief race and rope-pulling contest.

Mr. Murphy, chairman of the outdoor races, and the other members of the board of judges counted the points and found that Mrs. Margaret Burns, teacher of the Ranney school was entitled to the First Place banner, Irene Boyle, teacher of the Rock Elm school Second place banner and Mrs. Esther Miles, teacher of the Miles school the Third Place banner.

After the races a well arranged pot-luck dinner was served by the ladies. It was served cafeteria style and everyone enjoyed a hearty meal.

After dinner an adult outdoor program of races was indulged in with great interest. Most of the races were between the men and women. The grinning contest produced great fun and merriment. This seemed to be the only race in which the men stood any show at all. The board of judges decided the men's grin to be the longer.

About four o'clock the crowd entered the hall to listen to a program in which each school took part in drills, songs, dialogues and recitations. Sadie Murphy, the 8th grade valedictorian of South Arm township and also of the county, gave a very well constructed oration on the motto "No Steps Backward." Sup't M. R. Keyworth of East Jordan gave a very interesting talk on "Work."

Next came the decision of the judges on the year's work or wall exhibits. Miss Liskum, chairman of the judges came forward with the 1st, 2nd and 3rd place banners. The eyes of the crowd rested on them and the holder for a few minutes until Miss Liskum gave the report.

The First Place banner was given to Jennie Franseth, teacher of the Chaddock school. The Second Place banner was given to Mrs. Margaret Burns, teacher of the Ranney school. The Third Place banner was given to Mrs. Esther Miles, teacher of the Miles school.

Last came the presentation of diplomas to the 8th grade graduates by Miss Stewart, who also gave a short talk. The program was closed by singing America.

Flag Day Proclamation

By The Governor.

The observance of Flag Day is of comparatively recent origin and seems to have been begun in the state of New York. The custom, however, has spread until practically every state in the Union has adopted it.

Honoring the flag means to honor the principles for which the flag stands, liberty, justice and equality. These are the foundation stones of the Republic. So long as these great principles are really respected and honored in the hearts of the people our government is safe. Our free institutions will weather any storm that may beat upon them.

Therefore, by virtue of the authority vested in me as Governor of the State of Michigan, I hereby proclaim Tuesday, June 14, 1921, Flag Day.

Let flags be displayed on both public and private buildings; and I request that community exercises appropriate to the day be held wherever practicable.

Given under my hand and the Great Seal of the State this Second Day of June, in the year of our Lord one thousand nine hundred and twenty-one and of the Commonwealth the eighty-fifth.

ALEX J. GROESBECK, Governor.

The man who is always cheerful is sometimes a bore, but the one who is always grouchy is always a bore.

**Michigan News
Tersely Told**

Owosso—Damage estimated at \$2,000 was done to the plant of the Armour Packing Co. here by a fire which virtually gutted the structure.

Blanchard—Gale Baldwin, 13-year-old son of Mrs. Joe Baldwin, of Blanchard, lost his life in Pine River, when he slipped from a dock into the water.

Adrian—Ruth Iott, 14 months old, drowned in five inches of water when she fell in a tub at the home of her father, Bert Iott, who lives west of Deerfield.

Monroe—Charged with having driven an auto while under influence of liquor George Dickson, said to reside in Toledo, was fined \$100 and costs here by Justice Danz.

Marquette—Four masked highwaymen, armed with automatic pistols, held up the Peninsula Transit Co.'s motor bus at Eagle Mills and robbed the driver and three passengers of \$50 and a gold watch.

Harbor Springs—Charles Cableman, 70 years old, was killed when the brakes on his automobile failed to operate as he entered the garage and the car went through the building and fell down a 12-foot embankment.

Traverse City—Jesse Braddock, 18-year-old high school student, was bound over to Circuit Court, charged with the murder of Stephen Carol, his stepfather, by Justice Charles Hanslovsky at the end of Braddock's hearing.

Mancelona—Dick Lee, a lumberman, was brought to a hospital here with wounds said to have been inflicted by his wife. Lee said he was working in the woods when a bullet struck him in the shoulder. His wife accompanied him to the hospital and was arrested.

Holland—The body of Stanley Pleume, 19 years old, son of L. C. Pleume, a Grand Rapids newspaper man, was found hanging in a barn here. He had been ill for a year following injuries received in a ball game and is believed to have become despondent.

Lansing—The Michigan Pioneer and Historical society elected the following officers and trustees: A. L. Sawyer of Menominee, president; Edward Jenks of Port Huron, vice president; Benjamin Davis of Lansing, treasurer, and George N. Fuller of Lansing, executive secretary.

Pontiac—Three department heads of the Oakland Motor Car company left the organization, the new manager, Charles H. Hannum, announced. They are A. C. Hamilton, chief engineer, W. H. Masten, sales manager, and J. W. Young, assistant general manager. Benjamin Jerome, assistant engineer, has been made chief.

Lansing—The primary scheduled for June 7, to nominate a Republican candidate to succeed the late Congressman William H. Frankhauser in the Third congressional district, will not be held as former Congressman J. M. C. Smith of Charlotte is the only candidate. Howard W. Cavanagh, Battle Creek Democrat, will oppose him.

Flint—A log placed across the tracks of the roller coaster at Lakeside park, at the bottom of a big dip near the turn of the device, was pushed off the tracks with only slight damage to the two-car train in which four passengers were riding. They escaped injury. No one has been found who actually saw the obstruction placed on the track.

Albion—New members of the Albion college student senate, the student self-governing body, have been elected as follows: Wilbur Harper, Calumet; Lucile Woodward, Elsie; Ronald Pahl, Albion; Edwin Quick, Muskegon; Eldon Sanderson, Quincy; Wilma Wooten, Marshall; Clarence Weaver, Albion; Catherine Sturtevant, Albion; Dorothy Graves, Parma, and Lurène Smith, Albion.

Pontiac—A decision reached by Judge K. P. Rockwell and handed down two weeks after his death, denied a divorce to Mrs. Eva Unjon from Harry Unjon. They had been twice married, once in 1915, divorced in 1917, re-married in 1920 and sued for divorce the same year. The wife is a burlesque actress. The decision was found, signed in the judge's desk and handed down by Judge Gillespie.

Owosso—Owosso and Corunna officials are trying to solve the problem of what to do with the Michigan Railway company which says it is financially unable to pave between its tracks in the two cities. The state is to pave three miles in the two cities, the work to be started next month. Corunna has decided that if the company will not bring its tracks up to the grade required by the state, and gravel between, it will be asked to take up its tracks and get out of the city.

Detroit—Four million nine hundred and ninety-nine thousand nine hundred and ninety-nine Ford cars are chugging around the world today bearing the message "Detroit, U. S. A." to every nook and cranny of civilization. Ford motor No. 5000000, turned out recently at the Highland Park factory of the Ford Motor Co., however, probably will stay in Detroit as part of the museum of Henry Ford. There it will be alongside the original Ford car that popped and spluttered uncertainly through the streets of Detroit back in the 90s.

Owosso—Jesse Hollister, 65, of Wexford county, arrived at the home of his nephew here after walking from Cadillac, 120 miles.

Muskegon—Dr. Alvin Smith, city milk inspector, has asked the city to reduce his hours. He said he works 22 hours a day now as milk is being delivered from midnight until 10 p. m.

Mt. Clemens—Bids on the \$60,000 Macomb county hospital bonds, drawing 8 per cent interest, were rejected by the supervisors and will be re-advertised. All proposals were below par.

Leroy—For the first time in years a bear has been seen and killed in Osceola County. The animal first was seen near Greggs' Lake in Sherman Township, and a couple of days later was shot by Harvey Greenman.

Bad Axe—Sixty-five years of marital bliss was broken when death took Mr. and Mrs. W. H. McDowell within three hours of each other. Death in each case was due to pneumonia and was preceded by only a short illness.

Roscommon—Drilling for oil in Roscommon and Ogemaw counties will begin at once by Fiddell Brothers of California in Markey and Foster townships. A company has been organized to back the oil-prospecting adventure.

Grand Rapids—The city's seventh death this season in automobile accidents came when Lucile Staszewski, 3, was struck by a truck as she hurried across the street from her home to visit a candy store. The truck was driven by Frank Miras.

Grand Rapids—The American Enamelled Magnet Wire company of Muskegon, is defendant in a \$200,000 damage suit filed in district court by Max Lowenthal, receiver for E. F. Drew & Co. of New York city, who claims breach of contract for the purchase of cotton yarns.

Manistee—Practically all the personal belongings of S. Golden Filer, late Manistee millionaire lumberman and philanthropist, were disposed of here by auction sale. Two hump-backed zebras, known as sacred cattle of India, were given to Grand Rapids for park purposes.

Manistee—The city commission has adopted a new salary ordinance reducing salaries of practically all department heads and employees. The city manager was reduced \$2,000, city clerk and treasurer \$100 each, health officer \$300 and chiefs of police and fire department \$225 each.

Adrian—With 44 recruits signed up, this city is assured the first battalion headquarters company of the Michigan national guard, in addition to a company of infantry already formed. The formation of the two units makes certain a \$30,000 appropriation for an armory, which may be increased to \$50,000.

Grand Rapids—Police are searching for Oscar Schriver, who escaped the coroner and officers, after drinking a quantity of bed bug poison, it is said. Schriver swallowed the drink, his wife says, after a quarrel with her. She called the officers and when they arrived he ducked out a door and escaped.

Owosso—Johnny Morrison, 13 years old, son of James Morrison, living near Corunna, was drowned in Shiawassee river at Corunna while in bathing. The boy was just learning to swim and went beyond his depth. Five minutes had elapsed before other boys could summon help and Johnny was dead when taken from the water.

Lansing—Carl Young, of Muskegon, former president of the Michigan Federation of Labor, will be appointed a member of the new department of labor and industry. The other members will be James A. Kennedy, of Sault Ste. Marie, and Thomas B. Gloster, of Detroit, both members of the present industrial accident board.

Benton Harbor—Edward R. Clarke, 18, Chicago, arrested by Sheriff George Bridgeman for murder in connection with a criminal assault upon Miss Lona Dunbar, 53, residing on a farm with her brother, near Sodus, pleaded guilty before Justice Harry Plummer. Clarke was arraigned on two counts, first degree murder and assault.

Port Huron—A saving of "several thousand dollars" would be effected by a transfer of the trainmen's terminal from Port Huron to Battle Creek, now contemplated, H. E. Whittenberger, general manager of the Grand Trunk western lines, says in a letter to the chamber of commerce. Sixty families, approximately 250 persons, would be affected by the change of terminal, applying only to train crews.

Howell—A guard of seven state troopers accompanied three Detroit men here from the Oakland jail, where they were arraigned on charges of chloroforming and robbing Miss Christina Schauble of a large sum of money in her farm home. The respondents are Anthony Valenti, George Franiolo and Suergrande Fingo. Justice Roche held them in bail of \$50,000 each, an aggregate of \$150,000, the highest ever exacted here.

Muskegon—Laura Cromble, 30 years old, a war widow, of Grand Rapids, formerly of Brooklyn, is suing Oscar Carlson, 20, of Muskegon, for \$5,000, for breach of promise. She says they met in Brooklyn in 1918, a month after her husband was killed in France, and that he promised to marry her. Carlson says the woman's temper drove him to break the agreement. It took the attorneys for both parties and the court some time to induce the plaintiff to tell her age. She told the court that while she was not ashamed of it, "I don't think it anybody's business."

Girl Is Bigamist at 15.
Texarkana, Ark.—Claude A. Duntigan, 39, a salesman, was shot and killed by a 14-year-old girl, who according to police, said she fired at Duntigan when he appeared at her bedroom window. The girl was not held.

Dock Crowd Gets Plunge.
Ashland, Wis.—More than two score persons received minor injuries and several hundred others had narrow escapes when the commercial dock, on which Memorial day exercises were in progress gave way, toppling the crowd in the Chequamegon bay. No one was reported seriously injured, although many suffered from shock from the cold water or received minor bruises. Sailors and firemen assisted in the rescue and managed to save the crowd.

They never made a cigarette like this in my day—

The Camel idea wasn't born then. It was the exclusive expert Camel blend that revolutionized cigarette smoking.

That Camel blend of choice Turkish and Domestic tobaccos hits just the right spot. It gives Camels such mellow mildness and fragrance!

The first time I smoked Camels I knew they were made for me. I knew they were the smoothest, finest cigarette in the world, at any price.

Nobody can tell me anything different.

GOVERNOR SENDS SECOND MESSAGE

URGES LEGISLATORS TO EARLY ACTION ON SOLDIERS' BONUS MEASURE.

57 SUBJECTS UP FOR ACTION

Senate Delays Vote on House Resolution Setting June 8 As Adjournment Date.

Lansing.—In a second message to the special session of the legislature, Governor Groesbeck has presented 20 additional subjects for consideration, this bringing the total of issues which may be discussed to 57. It is doubtful whether adjournment will be taken this week although the house has passed a resolution setting June 8 as adjournment date. This will likely be held up in the senate committee until the important measures have been acted upon.

Differences on the Dacey-Strom soldiers' bonus bill have delayed passage of the measure, for which the extra session was primarily called. The house passed it in amended form which provides that only one third of the \$30,000,000 bond issue necessary for payment of the bonus run 30 years, another third 20 years and the balance only ten years. This would save the state \$15,000,000 in interest, it was claimed in the house. It would mean though the reprinting of the bonds and a delay in payment of the bonus.

The Governor in his second message stated, "It is imperative the bonus money be available July 1, and anything which jeopardizes this plan should be avoided. He also took the stand that the belief that the short term bonds would save the state interest money was unfounded, and acting on these instructions, it is possible that an early agreement between the two houses will be reached.

Most of the additional subjects mentioned in the governor's second message were, submitted in bills and resolutions:

The governor asks for—Additional appropriation for the Michigan Soldiers' home, creation of a Michigan-Wisconsin boundary commission, appropriations for the Ionia State hospital, Mackinaw Island Park commission, Michigan College of Mines, \$90,000 for new cell block at Marquette, supplemental deficiency bill, additional appropriations for departments and institutions.

Legislation requested by members of the legislature is: Regulation of railroad crossings, construction and maintenance of drains, appointment and duties of county agents, corrections of errors in several enrolled acts of the regular session, and banking laws.

MANY KILLED IN RACE RIOTS

Oklahoma City Placed Under Martial Law by Governor.

Tulsa, Okla.—Race riots here last week resulted in the death of about 100 persons, including nine whites, and in the destruction of 10 blocks of homes in the Negro quarter. The city was placed under martial law by the governor but even then desultory firing continued for some time.

The trouble is declared to have started from the arrest of a Negro charged with attacking an orphan white girl, and subsequent attempts of other Negroes to rescue the arrested man.

U.S. ROTARIANS GO TO LIVERPOOL

Will Attend Twelfth Annual Convention of Rotary Clubs.

New York.—Eleven hundred members of the Rotary clubs of the United States and Canada were passengers on the steamers Cameronia and Caronia which sailed June 1 for Liverpool. They will attend the twelfth annual convention of the International Association of Rotary clubs at Edinburgh, Scotland, June 13-16. The convention will be the first held outside the United States.

MINIMUM SALARY IS FIXED

Presbyterian Ministers To Receive \$1800, Assembly Decides.

Toronto, Ont.—Presbyterian ministers are to receive a minimum salary of \$1,800 a year and the bonus granted aged clergymen is increased 25 per cent as the result of action taken by the Presbyterian general assembly. The church at large will guarantee the minimum salary.

Detroit Man Heads K. of C.

Marquette.—Judge Joseph Moynihan, of Detroit, was elected state deputy at the closing session here of the Twenty-second Annual Convention of the Michigan State Council, Knights of Columbus. It was the largest state convention ever held by that organization. Other officers chosen are: W. E. Sturm, of Monroe, state secretary; Peter J. Dunn, Adrian, state treasurer; Charles O. Oliver, Hancock, state advocate, and Max P. Krutch, Ann Arbor, state warden.

MINE BUREAU REDUCES TOTAL OF DISASTERS

Decrease in Deaths From 4.71 to 3.23 Per Thousand Since Year 1911.

Substantial reduction of the death and injury rate in coal and metal mines of the country is shown in a statement reviewing the safety work performed by the bureau of mines since its establishment in 1910, made by Dr. H. Foster Bain, acting director. From a rate in 1911 of 4.71 deaths for each 1,000 men employed, there has been an almost unbroken decline to a rate of 3.23 per 1,000 in 1919, the statement said.

It was the occurrence of a series of disastrous coal-mine explosions, attended by heavy losses of life, that caused congress to create the bureau of mines. In 1911 there occurred 15 major coal mine accidents, causing 413 deaths, or 15.5 per cent of the total number of men killed by all causes at coal mines during the year. In 1920, eight similar accidents caused 61 deaths, or only 2.7 per cent of the total from all causes. For the intervening years, the statement said that a general improvement was shown.

The bureau has at present ten especially equipped Pullman cars engaged in transporting its training crews from mine to mine. It has nine rescue stations—at Pittsburgh, Pa.; Wilkesbarre, Pa.; Vincennes, Ind.; Birmingham, Ala.; Berkeley, Cal.; McAlester, Okla.; and Seattle, Wash. Besides training the miners in rescue work the experts of the bureau train the wives and children of the miners in first-aid.

The increased output of mines, especially of coal, in recent years has been produced with little increase in the number of miners, the statement said, and adds that the personnel is not nearly so skilled in mining as ten years ago. This condition makes necessary added precautions against accident, the statement said.

The bureau has trained in the past ten years 50,971 persons in mine rescue work and first-aid methods. In Pennsylvania, 9,111 persons were trained, in Colorado, 2,921; in Montana, 2,740; in West Virginia, 2,713; in Michigan, 2,329; in Kentucky, 2,447; in Arizona, 2,147; in Alabama, 2,097. The state of Washington, with 1,784 persons trained in relation to an average number of miners employed amounting to 6,035, has the best record.

WOMAN JUSTICE IS VERY BUSY MARRYING FOLKS

Miss Alice J. O'Neill has the distinction of being the first woman justice of the peace in Greenwich, Conn. The principal work of a justice of the peace in Greenwich is marrying folks, as the old New England town is a famous Gretna Green for New York and New England couples. Miss O'Neill, who is still in her twenties, wondered what would happen at the first marriage she performed. It has been the custom of Greenwich justices to kiss the bride. Should she uphold a precedent and kiss the groom? The first groom, however, decided the question for her by gallantly kissing her hand. Most couples enjoy the novelty of being married by an attractive young woman.

KNOTS ON SNAKE

Strange and Good Story Told by Man Who Saw and Killed It.

S. W. (Soble) Howell Jr. of Frankfort, Ky., tells a good snake story. He formerly operated a brick yard as one of his businesses. James Atkinson was an employee and called him one day in haste to a point out his discovery of a snake.

It was one the like of which had not been seen before. On his arrival he was astonished to find that the snake had six large knots on it at intervals. They killed the snake and found it to be of the "cow sucker" variety, and that it was not a great distance from a hen's nest and that the snake had swallowed six hen eggs, which it seemed the reptile was hardly large enough to swallow. The eggs were not broken and gave the snake the appearance of having knots at intervals.

MADAME CURIE, DISCOVERER OF RADIUM, HONORED IN U.S.

MME. MARIE CURIE.

New York—Columbia university has bestowed upon Madame Marie Curie, co-discoverer of radium, the honorary degree of doctor of sciences.

Since her arrival in the United States a few weeks ago, Mme. Curie has been signally honored by several of the universities of the country. President Harding has presented her with \$100,000 worth of radium, the gift of American women.

NURSE IN CLOSED CAR DROWNS

Machine Backs Into Soo River When Cranked By Driver.

Sault Ste. Marie.—Mrs. J. S. Lamb, a nurse, was drowned at the Canadian Soo when a taxicab into which she had just stepped, backed off the dock into the river when the motor was cranked, the reverse gear apparently

having been engaged at the time.

Police and firemen were called immediately and a tug which was stationed nearby grappled for the machine with ropes. The car was finally brought to the surface long enough to break a window and take out Mrs. Lamb's body. Life had gone in the quarter hour she had been submerged, helplessly locked in the car.

Her husband and four children survive her. Her husband is employed at the Kelsey Wheel Works at Windsor, Ont.

The chauffeur and his companion, who cranked the car, are being held by the Canadian police.

LEAGUE PREPARES FOR FIGHT

Europe Said to Be Angered at Idea of Rival Association.

Geneva.—The League of Nations is preparing for open warfare against any rival association of powers such as are suggested by President Harding.

The league, after remaining on the defensive, hoping the Harding scheme would die from lack of support, now has decided upon action measures to combat the American viewpoint.

This action was decided upon following reports that Uruguay, Chile and possibly other South and Central American countries plan to withdraw from the league with the ultimate purpose of joining a society of powers of which the United States would be the nucleus.

Truth About Porcupine.

The quills of the porcupine are loosely inserted in the skin, and may, on being violently shaken, become detached—a circumstance which may have given rise to the purely fabulous statements that the animal possessed the power of actually ejecting its quills like arrows or darts at an enemy.

PRISON COMMISSION IS NAMED

Governor Groesbeck Appoints Members of Newly-Created Board.

Lansing—Governor Groesbeck has announced the appointment of Charles A. Blaney, Kalamazoo; Mark Merriman, Jackson; Frank D. Eaman, Detroit; W. H. Porter, Lansing, and A. T. Roberts, Marquette, as members of the state prison commission. The prison commission will function as part of the newly created department of public welfare which will replace the various boards of control for state institutions.

In all there will be 22 commissioners and a director in the welfare department.

CALL WITNESSES FOR HEARING

Senate Sub-Committee Hear Charges in Senatorial Contest.

Washington.—In accordance with an agreement reached last week, witnesses were called June 8 to testify before the Spencer sub-committee in the Ford-Newberry senatorial contest.

It was agreed by both sides that the evidence presented at the trial in Grand Rapids would not be admissible, as members of the committee have already gone over the court records and have formed their conclusions.

Embarrassing Moment.

The car was crowded and as we neared our destination my cousin and I decided to make our way toward the door. I suddenly missed my purse, so we started back through the car to look for it. A number of people helped us in the hunt, and then a woman said: "Why, your purse is hanging on your umbrella." I should have liked to have made an exit through the nearest window.—Chicago Tribune.

Year by year an increasing number of men feel the same way about U. S. Tires.

For a while they may try "job lot" stuff, "bargains," "big discounts" and "rebates."

But usually it doesn't take long for a man to sense the economy of the standard quality tire.

For years U. S. Tire makers have been building quality tires for sane tire users—for the car of medium or light weight no less than for the heavy car.

The tire buyers of the land have responded with a mighty U. S. Tire following.

PENINSULAR

(Edited by Mrs. E. Hayden)

This very interesting item came in too late for last week. Mr. and Mrs. Ira McKee made up a party of about thirty relatives from Peninsula May 24, and all motored to Boyne City in the evening for a surprise party on their daughter, Mrs. Geo. Weaver, it being her birthday. They took well filled baskets and had a pot-luck supper and a general good time, returning home at an early hour a. m.

We are all glad to welcome back our old standby, "Pat" on R 2 East Jordan after his two weeks illness, caused by poisoning the doctor claimed. The vacancy was very ably filled by Dalton Gay but we want Pat.

Little Robert Hayden enjoyed a visit from his grandmother, Mrs. John Jacobson of Lakeview who has been in Boyne City for eleven weeks caring for her stepmother, Mrs. Gerard in her last sickness.

Mrs. Don McKinley of Chicago visited her childhood home, the L. E. Phillips farm Friday.

Jim Barkley of the firm, Barkley and Barkley of Boyne City was through this section Friday buying eggs.

A light frost Saturday morning and a killing frost Sunday morning killed lots of tender wild growths but it did not seem to touch corn that was up several inches. It is doubtful if grapes can stand it.

Jesse Wright who has been poorly for several months went to East Jordan Thursday to have all his teeth extracted, the doctors having decided it was pyorrhea that ailed him.

C. A. Crane has built a cottage on the beach at Cedar Lodge.

Strawberries are very plentiful.

Geo. Staley delivered strawberries to Boyne City Saturday being the first to pick this year.

HUNDREDS LOSE LIVES IN FLOOD

PUEBLO, COLO., UNDER WATER WHEN RIVER BANKS GIVE AWAY

SURVIVOR TELLS OF SUFFERING

Man Taken From Roof of Floating Home Sees 50 Persons Drowned; City in Darkness.

Pueblo, Colo.—It is estimated that from 100 to 800 people lost their lives, and property damage of about \$10,000,000 resulted from the flood.

Troops have been put in charge of the city by Governor Oliver H. Shoup. Along railroad tracks from Colorado Springs to Pueblo are scenes of desolation and disaster, fences down, great trees uprooted, deep gullies torn in the fields by the rushing torrents.

Charles Bradman, a refugee just in from Pueblo, says that while the property loss and the number of dead may be over-estimated, hundreds have been lost who never will be found. They are buried in deep mud and wreckage or washed by the rapid stream far south.

"I was in a rooming house in the inundated district," he said. "We got sufficient warning, but fled to heed it. A wall of water several feet high struck the building, carrying it off its foundation. The water soon reached the second story. Several roomers were lost. I was rescued from the roof in a row boat. I saw several houses wrecked and I am sure 50 lives were lost in my own observation. I am glad to escape with my life. I lost about everything else."

Ivor Daley and Wilbur F. Cannon, of Colorado Springs, comfortably located in a building above the flooded district, spent all Friday night in watching flood and fire do deadly work in Pueblo. Their statement is that the Arkansas river leaped its banks at 7 o'clock in the evening. Autoists caught in their cars in the streets abandoned them and the cars knocked against each other, bumped into plate glass windows, turning over and over until at length broken to pieces. Late Friday night and early Saturday fires were more frequent, they said, caused by unslacked lime and oil and augmented by drifting houses, lumber and other combustibles. At 2 o'clock Saturday morning it was possible to read a newspaper by light of these fires.

Daley said the night in Pueblo was a night of terror.

"We saw bodies of the drowned taken temporarily to the court house, Congress hotel and other buildings, nine out of 10 covered with mud and debris beyond recognition."

"One rescuer told us 18 bodies were picked up in 20 minutes. It is impossible to tell the number of the dead. It may be 500 and it may be 3,000."

"A man 75 years old roosted in a tree all night in the northern part of the town. He said he had seen 100 people perish from his vantage of observation."

"Another man saw 50 or more Mexicans dashed away in their adobe houses near the river."

GIRL FLIER KILLED IN FALL

Miss Bromwell, Loop the Loop Record Holder, Falls at Mineola.

Mineola, N. Y.—Miss Laura Bromwell, holder of the loop the loop record for women, and one of the best known women pilots in the world, was killed at Mitchell field Sunday afternoon.

Miss Bromwell was flying at an altitude of about 1,000 feet when the accident happened. She had just completed one loop and was about to make a second when something went wrong with the plane and it crashed to the ground.

Miss Bromwell, whose home was in Cincinnati, O., was 23 years old.

Automobile Turns Over When Driver Loses Control.

Muskegon, Mich.—Orrie Thompson, 32 years old, was killed and three others were injured, two probably fatally, Sunday, when Thompson lost control of his automobile and it turned over.

Mr. and Mrs. Loren Adams were brought to a hospital here where it is said they might not recover. James Master, another member of the party, was slightly injured. The four-months-old baby of Mr. and Mrs. Adams was found unhurt in the wreckage.

Argentine Strikes Serious.

Buenos Aires.—The labor situation in Buenos Aires is growing more critical. Several unions, including those of the shoemakers and flour mill operatives, have joined the strike of chauffeurs, bringing the total number of strikers to more than 30,000. The Maritime Federation has decreed a general strike to tie up all maritime traffic under the Argentine flag. Waiters in numerous restaurants walked out, as did the operatives in some workshops of the tramway lines.

The anti-parochial school amendment which was voted down so overwhelmingly at the November election, is to be resubmitted to the electors in November, 1922, if its supporters can obtain the required signatures. This became known when the first petition, from Gladwin county, bearing fifty signatures, was received by the secretary of state. The amendment now proposed would require that after August 1, 1924, all children between five and sixteen years of age who have not graduated from the eighth grade must attend the public schools. The clause in the amendment voted on last fall, requiring the attendance in the district where they reside, is stricken out.

"Rare" Ben's Epitaph.

Not only is Ben Jonson's epitaph in the Abbey, "O rare Ben Jonson," one of the simplest ever composed, but it is said to have cost no more than eightpence. The stone over his resting-place was originally quite bare, and an admirer of the dramatist, as a personal tribute, paid a mason 1s. 6d. (36 cents) to cut the four words on the stone. The author of this simple epitaph was probably Sir William Davenant, who succeeded Jonson as Poet Laureate, and was also buried in Poet's Corner, with a similar inscription on his tombstone, "O rare Sir William Davenant."

Bears Favored by Nature.

In the woods of India are found many small brown bears that are known as the honey bears, because of their love of honey and their continued search for the hives of wild bees. These bears are fitted by nature to get the honey, two of the upper incisor teeth being missing, and their lips are very extensible.

Beauty as a Business Asset.

I can't recall when I have seen a homely girl in charge of the reception room of a business office. It has long since dawned on employers that beauty makes an excellent first impression, and, moreover, that beauty whetter in a girl or the wallpaper, boosts the office morale.—The Nation's Business.

Imported Insect Pests.

Mexico has contributed its share of insect pests that are now established in this country. Chief among these are the boll weevil, the pink bollworm and the little Mexican beetle, known as the bean ladybird. The last, which has been discovered in Alabama, threatens to spread to other states and inflict immense damage to the cowpea and bean crops.

SHALL WE SUPPORT EAST JORDAN INSTITUTIONS?

The Metropole Orchestra is a local musical organization and enjoys an enviable reputation all over this part of the state and their services are in demand at Charlevoix, Boyne City, Gaylord and other surrounding cities—at the present writing they are under contract for several nights of each week. But for some reason (perhaps like the ancient prophet who was without honor at home) this organization does not receive the local support it deserves. It has given several dances at the K. of P. Hall during the past few months and they have been successful, but why—90 per cent of those attending were from surrounding cities. Outsiders will not only gladly pay the price to dance to their music, but will travel miles for the opportunity. East Jordan, Wake Up! Do Something! Or take the consequences. The Metropole Orchestra will give another dance at the K. P. Hall, Thursday evening, June 16th. Will the floor show an East Jordan crowd (or a good mixture) time will tell.—Contributed.

Something to Think About

By F. A. WALKER

BLONDES AND BRAINS

A LEARNED judge was recently quoted as announcing from his bench that he would not approve of blonde ladies as members of a jury which was about to hear a case under his jurisdiction.

"Blondes are fickle," were the words attributed to the justice, intimating that fickleness is a bar to what the law is supposed to assure the person on trial.

A year or so ago a big Western employer in advertising for office help announced that he would not receive the applications of blondes, giving as a reason that he had found them inattentive to work and temperamental in disposition.

There has always been a good deal of discussion regarding the relative attractiveness of blondes and brunettes despite the fact that in the long ago when the cavemen were the highest type of civilization, we were all blonde, or at least red hair was the darkest tint.

The reason why nature covered primeval men and women with blonde or red hair was twofold: that it served the same purposes of low visibility which is gained by the animals whose fur coats blend with the surroundings in which they live and the fact that those colors better protected the skin from the effects of direct sunlight.

We know that these colors of hair prevailed because in the discovery of almost every burial place of people of that time light or reddish tinged hair has been found.

It is interesting to note that the three parts of the body which longest resist the disintegration which follows death are the teeth, the finger nails and the hair, and of these the last two are very nearly of the same character.

Which is getting some little way distant from the contention that blonde women are not fit for jury duty because they are fickle.

Dido, queen of Carthage, of whom Virgil writes in the Aeneid, was not fickle, although she was a blonde. She stuck to her hero through thick and thin and killed herself with a sword that he furnished.

Cleopatra, who had red hair, a shade darker than the real blonde, was not what one might call absolutely constant in her devotion; but in modern society she might not be listed as extremely fickle.

But the analyzing of society, ancient or modern, according to the color of the hair, would not furnish very substantial basis for judging either women or men, blondes or brunettes.

It is what is just under their hair that establishes the real qualifications for any sort of duty.

Brains are all one color.

If the color of hair determined ability what would become of the unfortunate who haven't any hair at all?

Never mind about your hair, young lady readers. Don't bother about its color, and don't spend too much time "fixing" it.

If you are to be anxious about anything, be anxious about the inside of your head instead of the outside. That's the side that counts.

THE GIRL ON THE JOB

How to Succeed—How to Get Ahead—How to Make Good

By JESSIE ROBERTS

LIBRARY WORK

LIBRARY work has a great appeal to many women. A girl is sure of a good deal of liberty in such work, can add to its value and interest if she be so minded, and can feel fairly certain of permanent employment.

But the salaries are small, very small. Like the teacher, the librarian must struggle to make both ends meet and keep up appearances. She has usually had a thorough education and a special training that has cost money.

Sometimes she begins her work with a debt to pay off. She often injures her health in the attempt to do this. This is wrong.

I know one young woman who is librarian in a technical library. Everything about the work is attractive and interesting; the girl loves it. But she could not afford to keep the position were it not that she has a small private income to help, and no one dependent upon her. She gets only \$1,300 a year, with a short vacation.

Libraries and library positions are to see a great increase in the next few years. Clever and well-bred women will be in demand. But how can such women afford, with living expenses what they are, to take positions so poorly paid?

There must be a change in these things.

The community must recognize that positions of this kind, which are an asset to the whole neighborhood, should receive a fair return. A good library cannot be good unless the librarians who work in it are well trained and first-class. Such cannot go on forever making sacrifices because they wish to serve the community, and love the labor they do.

It is high time to insist on a proper increase in library salaries.

THE ROMANCE OF WORDS

"BUMPER."

USED in the sense of a "bumper" of wine—and therefore belonging to the malt, vinous and dead languages—this word harks back to the days of the Restoration when the drinking was deep and the shouting long and when, as penance for any slip of the tongue or forgetfulness of manners, the culprit was sentenced to drink a "bumper" without spilling a drop.

As this feat did not depend so much upon the liquid capacity of the drinker as upon the steadiness of his nerves, it was no light task—particularly well along toward morning. A large goblet or a small bowl was filled to the brim with wine and then a few additional drops were carefully added, so that the liquid would not overflow but would actually rise a fraction of an inch over the top of the containing vessel. The surface, being convex, was said to be "bumped up" and it was then accepted as a true "bumper." It is in this sense of "more than full" that we still refer to a "bumper crop" or a "bumper audience."

New Even to Teacher.

James had been out of school several days and his teacher wrote his mother a note asking what was wrong with him. Back came this answer: "Miss Teacher—James is very sick and I had to have the doctor for him. He says to keep James home for several weeks, for he has information on the stomach and bowels."

THE SPORT.

MY BOY, it's the end of the season—Your campstake you've got in your clothes; It isn't much use fer to reason With you, I suppose. I know how the dollars are burnin' A hole in your pocket right now; You'll blow 'em—what use to be learnin' A lumberjack how?

They're waitin' down there fer you, brother; The barkeep is loadin' the gin; Each guy has some game er another Fer takin' you in, The dames that are plastered an' painted.

Are puttin' on powder fer fair—The ladies whose kisses are tainted Are waitin' you there.

I've been through the mill, an' I know it— I know jest the fool that you are; Oh, you'll be a sport, an' you'll throw it In gobs on the bar.

It's "Drinks fer the house!" you'll be yellin'; The bums will be there to partake. They'll laugh at the stories you're tellin', An' gobble your stake.

While you have been pullin' a briar, With beans an' sow-belly to chew, The grafters have set by the fire A-waitin' fer you— The streak-up their backs it is yellin', An' life without work is the rule; They'll say you're a prince of a fellow An' think you're a fool.

So work like a dog in the winter, An' act like an ass in the spring; Some guy with a jack-knife an' splinter Will say you're a King. It's blood, an' it's bone, an' it's muscle, You're throwin' up there on the bar; Next week fer a job you kin rustle, The fool that you are.

Oh, yes, they all think he's the candy, A sport, a good fellow, who spends; I hope, when they say you're a dandy, You're proud of your friends.

When you know jest how little there's in it, Will you hand out your good money still? When you know they're but friends fer a minute? You probably will.

EVERYDAY LUNCHEONS.

A GOOD all-round substantial dish which will do for a main dish is Potato Soup.

Cook one-half dozen good sized potatoes, one-half dozen onions together in boiling salted water until tender. Then press them through a puree sieve, add butter, milk, salt and pepper, and serve piping hot.

Luncheon Eggs.

Cut in slices three or four hard-cooked eggs. Prepare a rich white sauce, using two tablespoonsful each of flour and butter, and when well blended add one cupful of rich milk; cook until smooth and thick, season with salt and pepper and stir in the eggs. Prepare small pieces of buttered bread, pour over the sauce and bake until hot in a moderate oven.

Potato Salad.

Cut in cubes three cold cooked potatoes, add three hard-cooked eggs, cut in bits, one-half cupful of walnuts and a dozen olives cut in small pieces. Pour over a French dressing made by using one tablespoonful of vinegar to three of oil, salt, cayenne pepper and a dash of catsup and onion juice.

Custard Pie.

Prepare a pastry-lined pie plate and fill with the following: One pint of milk mixed with four tablespoonfuls of sugar, creamed with a teaspoonful of butter; add three beaten eggs, a half teaspoonful of grated nutmeg and bake in a hot oven at first to brown the crust, then lower the heat until the custard seems firm to the center.

THE CHEERFUL CHERUB

The waiter that I had today was fierce; An idiot is all too mild a name; But at the end he fixed me with his eye And I, poor wretchling, tipped him just the same.

OLD FOX'S REVENGE

WHEN all the nuts were fixed to suit Grandpa Fox he put them away and brought out some very fine, big radishes, which he carefully scooped out after cutting them in half. These he also filled with red pepper and glued together, touching the cut place with a bit of paint to cover the mark.

When he had a good pile of them finished he looked at his work with a broad smile on his face and carried them in a pan to the pantry window, where it was nice and cool, so they would not wither.

The next morning he was up long before the sun peeped through the

trees in the woods; in fact, he had been awake nearly all night, so he might be the very first one up in the woods.

Grandpa took his basket of nuts and poured them on the ground near his house back of a bush, as if he had hidden them there.

The radishes he put in a basket and placed it under a tree and dropped his coat beside it so it would look as if he had just been in the garden working. Then he sat down in the house by

the window with a stick in his hand and waited.

He did not have to wait long for the Squirrel brothers were always up bright and early and called for Tommie Rabbit to come out and find some fun.

They came running along the path that led past the house where Grandpa Fox lived, when Billy Squirrel, who was quicker than the others, ran into Grandpa's yard.

He spied the nuts and back he went as quick as a flash and told the news to the others.

Tommie Rabbit did not care very much for the nuts, but he ran with Billy and his brother, and he spied the basket of radishes.

Looking around all three of them made sure that Grandpa was not in sight, and then they took all the nuts and radishes they could carry, and from his window Grandpa pounded the sill with the big stick and shouted: "Drop those, you little rascals; drop them."

Grandpa Fox knew that was all that was needed to make them carry off the nuts and radishes, so he pounded and called until they were out of sight.

"Stolen sweets are always the sweetest," he said. "That may be true in some cases, but I'll wager my pipe those youngsters will find out that 's not a true saying always."

And they did, for Billy Squirrel did not bother Grandpa Fox any more. Such sneezing was never heard in the woods before, even the chicken with the whooping cough did not sneeze any harder, though they all found their heads and tails were safe when it was over.

Their mouths and throats were burned, too, and so for many days they suffered for their badness and now old Grandpa Fox can sit all day in the sun and no one bothers him.

Importers, exporters, travelers—ship and sail under the Stars and Stripes

THERE are today few ports in the world of importance to shippers or travelers, which cannot be reached by ships that sail under the Stars and Stripes.

President Harding has said that, "We cannot sell successfully where we do not carry". The American Merchant Marine that once almost vanished is again an established and important carrier of the world's commerce.

You can ship or sail anywhere in American ships designed for utmost comfort and safety.

6,000,000 CHINESE FED BY HELP OF AMERICANS

But 3,000,000 More Are Without Any Assistance and Death Rate Is Growing.

American contributions to the China famine fund have enabled the committee in Peking to aid about 6,000,000 persons, according to a cable message from Charles R. Crane, United States minister to China. At least 3,000,000 more are without any assistance.

"With the American and other contributions already received," said the message, "and with the help given by the Chinese relief organizations, all agencies are now feeding scantily 6,000,000 people. Three million more are destitute and the mortality will rapidly increase.

"To feed 9,000,000 till harvest time will cost, above our present funds, \$8,000,000 Mexican. (The Mexican or Chinese dollar is worth about half an American dollar). This makes no provision for future assistance to many millions now existing on meager funds from sale of lands, cattle and farm implements.

Appeals to the nation to help the Chinese have been made by President Harding and ex-Presidents Wilson and Taft, and are being quoted in the campaign. President Harding said in part:

"At this, the earliest practicable moment in my administration, I desire to add my own to the many appeals which have been issued heretofore in behalf of the starving people of a large section of China.

"The picture of China's distress is so tragic that I am moved, therefore, to renew the appeal heretofore made, and to express the hope that the American people will continue to contribute to this humanitarian cause as generously as they possibly can."

Two Killed Over Ball Game.
Pittsburgh.—Two men were shot and killed and four others were wounded in a fight during a base ball game on the north side here. According to police, Jesse Baron, Negro, started the shooting when the team on which he had placed a bet lost the game. The first shot killed J. B. Conway, who had been in an argument with Baron, police said. Other pistols appeared in the crowd and four spectators were wounded. A policeman killed Baron.

Garden Notes

(By M. A. C. Horticultural Dept.)

Seeds of many biennial and perennial flowering plants such as Floxglove and Canterbury Bells may be sown now for flowers next summer.

The striped beetle may be kept in check by keeping melon and cucumber plants well dusted with tobacco dust or air spoked lime. This makes the plants distasteful to the insects and they disappear.

Sow rutabaga seed about the middle of June. They require 4 to 6 weeks longer to complete their growth than the common turnips.

Be sure to pinch out the tips of all new black raspberry canes. This should be done when the shoots are 18 to 24 inches high to insure low, stocky, well-branched plants.

Keep all blossoms picked from newly set strawberry plants. They should not be allowed to bear fruit the first season, except the everbearing varieties which are usually allowed to bear a crop of fruit during the fall months.

Only 2 or 3 plants should be left in each hill of melons, cucumbers, and squashes. Wait until the work of the striped beetle is over, then thin the plants leaving only the best to produce a crop.

**LAWN SOILS SAID TO
NEED SPECIAL CARE**

Proper care of lawns and lawn soils is needed, even after the lawns are established, if good results are to be obtained, according to Dr. M. M. McCool, head of the Soils Department at the Michigan Agricultural College. Time of clipping, and such matters as firming the soil and adding water in the approved manner must be observed by the modern lawn care-taker who would have his grounds in good condition.

"Long grass should never be permitted to go to seed," says Dr. McCool, in discussing the care of lawns. "It is also a mistake to clip too close in the late autumn, for lawn grasses, especially on new lawns, should pass into the winter with a considerable growth. Many of the most successful lawns are rolled or compacted in some manner. This causes the grass roots to take firm hold and assists in the establishment of a good turf.

"Many mistakes are also made in the application of water to lawn soils. It is usually better to soak the soil thoroughly by laying the hose on the ground and permitting the water to flow freely on one part for an hour or so before moving to another place. The sprinkling method is satisfactory if continued long enough, but frequently this is not done and the grasses suffer in consequence. Fertilizers may be used to advantage on lawn soils, if proper selection is made to meet conditions."

HELP PREVENT FIRES.

- Follow these rules:
- (1) Matches. Be sure your match is out. Pinch it before you throw it away.
 - (2) Tobacco. Throw pipe ashes and cigar or cigarette stumps in the dust of the road and stamp or pinch out the fire before leaving them. Don't throw them into brush, leaves or needles.
 - (3) Making Camp. Build a small campfire. Build it in the open, not against a tree or log or near brush. Scrape away the trash from all around it.
 - (4) Leaving Camp. Never leave a campfire, even for a short time, without quenching it with water and then covering it with earth.
 - (5) Bonfires. Never build bonfires in windy weather or where there is the slightest danger of their escaping from control. Don't make them larger than you need.
 - (6) Fighting Fires. If you find a fire, try to put it out. If you can't, get word of it to the nearest United States forest ranger or state fire warden at once.
Save food, forage, forests.

Great Secret.
A business concern in Boston has this pungent maxim prominently displayed in its front window: "A completed transaction is an asset; unfinished business is a liability." A modern efficiency expert could write a 60,000-word book on that text, and then really not say much more. The world is full of "starters" who never get anywhere. The big idea is to choose only worth while objectives and then finish what you start.—Albert Sidney Gregg.
