East Jordan in B. B. League

First Game on Local Grounds Sunday, July 17th.

In conference of members of the Northern Michigan Amateur Base Ball League held at Petoskey last Tuesday evening, the Loeb Farm, and Cross Village teams withdrew from the League. East Jordan was selected to take over the Loeb Farm schedule and Brutus will play out the Cross Village schedule.

East Jordan and surrounding region has some mighty good base ball material and it is only a matter of the boys getting together and perfecting the much needed practice. They will go into the schedule against seasoned teams, but if our citizens give them the right kind of support we will have a winning team.

The first game of the schedule will be held at the East Jordan Fair Grounds, Sunday, July 17th—game called at 2:30. A good sized crowd of East Jordan fans at this game will mean considerable to the success of our team.

Last Sunday a pick-up East Jordan team—who had no practice together whatever—held the organized Gaylord team to a 11 to 10 score. Up to the eighth inning our boys had a 10 to 6 lead, but lack of practice produced some bad luck in the eighth, which turned the tables.

IONIA MAY GET TRADE SCHOOL

Prison Board Seeks Industry to Replace Furniture Contract.

Ionia.—The state may operate a trades school in the Ionia reformatory, to employ the inmates, Chairman Charles G. Blaney of the prison board says, as a result of the refusal of the Ypsilanti Reed Furniture Co. to purchase the prison furniture product.

Fred W. Green, mayor of Ionia, and head of the furniture company has served notice that the company will not contract for prison furniture after Aug. 1.

The company has considerable machinery in the prison plant which will be removed.

The state, it is said, will re-equip the prison plant.

STATE PAYS U. S. \$183,862,453

Income and Profits Taxes Only 2% Less Than Last Year.

Washington.—Although the rest of the United States shows a sharp decline in its payment of income and profits taxes during the fiscal year ending June 30, Michigan paid within 2 per cent of the amount it contributed in the preceding fiscal year.

Michigan's total income and profits tax payment for the year was \$183,862,453, while in the year ending June 30, 1920, it paid \$187,521,306.

Figures for the country as a whole are: For 1921, \$3,212,713,489.05 and for 1920, \$3,957,701,374.72.

DAIRY DEMONSTRATION TRAIN FOR CHARLEVOIX COUNTY

The Dairy Demonstration train, through co-operation of the Boyne City, Gaylord and Alpena Railroad, will arrive at Boyne City the afternoon of August 12th. This is a special train running on its own schedule. It will carry one carload of yearling Holstein bulls and bull calves, together with some typical Holstein cows to be used for demonstration purposes. A second car will demonstrate feeds and rations and other material that can be used to improve economical milk production on the farm. A third car will forcefully show how to handle milk on the farm and the value of using milk and its products in the home. This car will be of particular interest to women and of educational value to anyone. There will also be a lecture car and a flat car for demonstrations. The schedule calls for a full afternoon stop at Boyne City. Short talks will be given by members of the Dairy Department of the Michigan Agricultural College and representatives of the State and National Holstein-Freisian Association. Dairy judging demonstrations will be given, talks on feeding, breeding, care and management of dairy cattle and other items of interest will be touched upon. The ultimate purpose of this train will be to get pure bred dairy bulls in the hands of the dairy farmer who heretofore has been using grade and scrub bulls. This will enable the dairy farmer to gradually become a breeder of better dairy cattle and thereby increase the efficiency of his herd. In each county visited by the train, a purebred animal will be changed for a scrub, animal for animal. We are promised that the bulls carried on this train will be among the best individuals and breeding to be found in the entire state. They will be priced from \$75.00 to \$150.00 and will afford the best opportunity of obtaining a high-class sire ever offered in this territory.

Bad Fire At Bellaire

Eleven Buildings In Business Section Destroyed.

Our neighboring town of Bellaire suffered a bad set-back last Thursday afternoon when fire destroyed eleven buildings in the business section, the Catholic Church and a few dwellings.

The fire originated in a barn on the Harley-Smith property, jumped to the Kittle and Glass garage, then to the Riverside hotel, and continued to spread. Bellaire has a good fire protection system, but the fire got beyond the Bellaire department's ability to handle it, and calls were sent to adjoining towns, East Jordan firemen with equipment, made the run over by train getting on the grounds in just 28 minutes after the call was put in. Shortly after East Jordan firemen arrived, a terrific downpour of rain stopped the further headway of the flames.

The below, taken from the Antrim County Record of Bellaire, gives the estimated losses. The assessed valuation of the property actually burned down and destroyed: Riverside hotel, \$2000.00; H. B. Smith two buildings, \$600.00; Clara Schoolcraft, \$500.00; S. B. Owen, \$500.00; A. F. Banowske, \$700.00 real and personal; W. H. Kittle two buildings, \$400.00; F. W. Smith \$450.00; Dora Kibby, two buildings \$950.00; W. J. Nixon's old store building, \$500.00.

The following property was totally destroyed: Riverside hotel, valued at \$4500.00; H. B. Smith dwelling and barn valued at \$2000, insurance \$1500; Clara Schoolcraft, \$1200, no insurance. S. B. Owen valued at \$750, insurance \$600. A. T. Banowske valued at \$1000, insurance \$500 on building none on stock, which was practically all saved, but somewhat damaged by rain. W. J. Nixon's old store building, occupied by Belding's vulcanizing plant, valued at \$750 no insurance; Kittle and Glass, garage, valued at \$750 insurance \$500 on building, none on stock which was a total loss of \$400; Dora Kibby, dwelling valued at \$1000 insurance \$500. This building was occupied by Harry White who suffered a total loss in his household effects. Dora Kibby, Empress Theatre building, valued at \$1000 no insurance, W. C. Green was the owner and proprietor of the theatre, equipment and carried no insurance. His loss was nearly \$600. F. W. Smith bakery and restaurant valued at \$2000 with an insurance of \$1000, the Catholic church valued at \$1500 insurance \$1100. This covers all the buildings that were totally destroyed. Among those that were partially burned Wm. Hierlihy is the hardest hit. His building although standing is practically a total loss, the roof and living rooms up stairs were simply gutted by the fire. This building alone is mute evidence of the efficiency of our fire protection. For had we no fire protection as some dailies proclaim, Bellaire today would have been totally destroyed as their headlines erroneously displayed. The Waldmere was afire in the north wing in several places. W. J. Nixon's store, although in a solid brick, the front cornice and roof were badly damaged by the fire and the fierce heat. The interior and stock of groceries was badly damaged by water. Mr. Nixon is only partially protected by insurance and is probably the heaviest loser. The Oddfellow lodge rooms above the Nixon store was drenched with water and is covered by insurance. The part of this building owned by C. E. Densmore was, outside of the broken plate glass front, scarcely damaged at all.

BANDITS ROB ASHTABULA BANK

Get \$6,000 But Leave \$15,000 When Girl Presses Alarm.

Ashtabula, O.—Six automobile bandits robbed the Marine National bank of Ashtabula harbor, three miles from here, securing \$6,000, and made their escape after firing several shots at citizens in the street. A girl employe of the bank, with a revolver pointed at her head, pressed a burglar alarm with her foot which frightened the robbers who fled leaving about \$15,000 currency untouched in one of the cages.

The hotter the sun the better the hay.

MURDER AT SOO Baffles Police

Saulte Ste. Marie, Mich.—The bloody imprint of a human hand on a farm fence rail is the principal clue being followed by Canadian mounted police and Dominion constables following the murder of Albert Gough in his bedroom at his farm home near here on the morning of July 7. Another clue is the fact that two strange men hired a livery rig prior to the murder, promising to return it shortly, and the horse returned alone in the morning.

One of the men had used a flash light while helping hitch up the horse, and this flash light is thought to be the same one which was used in the Gough home when the murder took place.

Mr. Gough was shot to death by three bullets fired from a 38-caliber gun which was equipped with a silencer, and Mrs. Gough, who was sleeping with her husband, was shot through the arm as she fled through a window to neighbors, where she summoned help. The circumstances of the shooting are not very clear, but Mrs. Gough, who was not seriously hurt, was able to tell a fairly connected story of the events of the night.

"Our house is a one-story brick building," Mrs. Gough said. "We went to bed at 11 o'clock. It must have been about two o'clock when something awoke me. I don't know what it was. I could hear a lot of whispering, keeping up continually. We always close the bedroom door before going to sleep and when I awoke it seemed to me that the door was open."

"I sat up in bed alarmed and put my hand on the railing at the foot of the bed, and my fingers touched the hand of a man, whose face I could not see in the dark. I immediately awoke my husband crying 'Albert'. He jumped out of bed at once. I then saw the light of a flashlight in one corner of the room. My husband and a man were scuffling. After a few moments, almost immediately it seemed, I heard a click, as though from a revolver, and perhaps two clicks. I suspected what had happened and went out through the window to get help from neighbors. I believe it was while going out the window that I, myself, was shot. The bullet went through the muscle of my left arm and grazed my side."

"I ran to Alex Henderson's place. Then other neighbors collected. When we returned to the house my husband was on the floor in a sitting position, dead."

General Motors Sues to Recover \$490,000 From Former Official.

Detroit.—The General Motors corporation has begun suit in federal court here to recover approximately \$490,000 from Edward VerLinden, Lansing, who until his dismissal last May, was general manager of the Olds Motor works division of General Motors.

The immediate cause of the suit was the action of Mr. VerLinden, it is claimed, in countersigning, as assistant treasurer, April 20, 1921, a check of the Olds Motors works division, to his own order, on the City National bank of Lansing for \$490,000, upon which was endorsed the notation, "Loan to Edward VerLinden pending settlement of amounts due him from the corporation."

HARDING DELAYS BONUS BILL

Asks Senate to Postpone Action Until Next Session.

Washington.—Following up Secretary of the Treasury Mellon's warning letter, President Harding has taken vigorous action to halt the passage of the soldiers' bonus legislation at this session of congress.

The president went to the senate and in conferences with a score or more of senators, urged postponement of the legislation which he favors in principle, until the winter session or until the revenue and tariffs bills shall have been passed and the financial condition of the government clarified.

Wife Charges Mental Cruelty.

Los Angeles.—Mrs. Marlon Reynolds, who before her marriage to Dr. Cecil Reynolds, the internationally famous brain specialist, was Mrs. Holtenbeck, a New York widow of considerable wealth, has sued for divorce here on the ground of mental cruelty. She alleges that he, being a mental genius, cannot devote to her the time he gives to work. They were married here about two years ago. "A good friendship was spoiled by an ill-judged marriage," she says.

New Auto Law In Effect

Owners Must File Title Registration Blanks.

Each of Michigan's 460,000 automobile owners, commencing last Friday July 1, must within one year fill out and mail to the secretary of state, the automobile registration blank which has been sent him. After July 1, 1922, it will be impossible to obtain an auto license tag without the certificate of registration and title. Secretary of State Charles Deland today pointed out the advisability of making an early return of the application which must be accompanied by a fee of one dollar.

After July 1, 1922, the secretary of state, automobile registration department will have a complete record of every automobile in the state. It will be possible by turning to a file, to find the owners name, whether the car is free of incumbrances, if not who holds notes against the driver and all the data necessary in determining the rightful ownership of a machine.

It will be impossible for one person to sell a machine without first transferring his certificate of title and registration to the purchaser. It is up to the purchaser to request this certificate of the seller as he will be unable to get a license tag without it. This protects the innocent purchaser of a used car.

Strict penalties are provided by law for violators of the title registration act which was passed by the 1921 legislature.

But few states have a law so broad in its scope as the one going into effect in Michigan. It was modeled after the laws of Maryland and Indiana.

The law provides that the secretary of state can refuse to issue a certificate of title and registration if he determines that the applicant is not entitled to the certificate, and may, for a like reason and after notice and hearing revoke a certificate already issued.

T. COLEMAN DU PONT IS APPOINTED U. S. SENATOR

T. COLEMAN DU PONT

Dover, Del.—T. Coleman du Pont, head of the great explosive making company, has been appointed United States senator from Delaware by Governor Denney, Republican, to succeed Josiah O. Wolcott, Democrat, who resigned to accept the governor's appointment as chancellor of Delaware.

NEW BUILDING FOR STATE FAIR

\$80,000 Horse Shed Will Be Erected for Coming Fair.

Detroit.—A building program at the state fair grounds, involving the expenditure of approximately \$140,000 before the close of the year, has been announced by George W. Dickinson, secretary-manager.

The largest structure, which now is in course of erection, is a horse building, which will cost in the neighborhood of \$80,000. It will be completed in time for the coming fair. It will be one of the most modern structures of its kind and will take care of all horses shown at the fair.

The present horse building is being remodeled as an addition to the cattle building. The old cattle sheds, which will be used this year for the sheep and swine exhibits, will be torn down at the close of this year's fair.

All's well that ends in the movies with a climax.

TIMES OF FROST WHEN NIGHTS ARE DARK

Below item appeared in an issue of the Grand Rapids Herald under a Whitehall, Mich. date. Mr. and Mrs. Whitman were former residents of East Jordan and have many old-time friends here.

"Mr. and Mrs. Whitman harvested five bushels and a quart of strawberries off a patch 12 by 12 or at the rate of 630 bushels per acre. The bed is three years old. Wonderful care was given it; not a weed allowed to grow, and it was kept carefully watered and at night when frost threatened all the bed clothes in the house were requisitioned and entire bed covered. The Whitmans sat up all night, having no bed clothes to use."

WOMEN TO HAVE PART IN STATE DAIRY TOUR

Consumption and marketing of milk as it affects the women folk of the farm will have a prominent place in the dairy demonstration tour to be made through many counties of the state during August under the auspices of the Michigan Holstein-Freisian association, Michigan State University, New York Central and Eastern railroads.

One entire car will be given to the exhibits and demonstration of the care of milk in the home, showing its use in children's diet, and Mrs. Louise M. Campbell, secretary of home demonstration work, in charge of the car and tour, is assisted by Miss Grace H. Hildner, and Miss Ella Wilder. Accompanying her will be Jessie Hoover, assistant for the dairy department of the United States department of agriculture.

Lectures will be given by Mrs. Campbell, Miss Wilder, and Miss Hoover.

Special breakfasts will be served at the various stops.

Work will be done in the morning, starting at 8 o'clock, and ending at 11 o'clock.

That milk is an article of food which is essential to the health and the well-being of the people may be seen in the following:

Garden Needs

(By M. A. C. Horticultural Dept.)

Quality in vegetables is largely upon their being used fresh. Chemists tell us that corn loses 30 per cent of its content within four hours after it has been removed from the cob.

Corn, beans, peas and other vegetables used for canning, the vegetable use should be prepared as soon as possible after they are picked. If vegetables of high quality are to be made your garden worth while, by sowing a succession of crops.

They furnish a supply of vegetables for fall and winter use.

Try these for planting now in the spaces where the early short-season crops have been grown: Bush beans, turnip beets, lettuce, summer radishes, winter radishes, kohlrabi, rutabaga, turnip and chinese or celery, cabbage.

There is still time to sow seeds of perennial flowering plants. Make the soil in which they are sown very fine and keep it cool and moist by shading and frequent watering.

Do you think people really are half as alarmed about the way women dress as they'd have us believe.

Women never will be able to understand why two lawyers in a court room will become so violent when one starts throwing ink bottles, and the other walks out of the room arm-in-arm.

What every doctor knows is that an average man would rather have his finger chopped off than have his diet regulated.

It makes a pessimist believe that things are not as bad as they seem.

The world, the flesh and the devil make a pretty hard combination to beat and not many get it.

The human eye is a very sensitive organ. It is so sensitive that it can see anything that he is not supposed to see.

Who remembers and admires in which the high temperature record was not broken in your home community?

Names Traced to Chinese.
Many names of cities, mountains and rivers in the West, and along the Pacific coast, which have generally been regarded as Indian names, are really of Chinese origin, according to a writer in the New York Herald. Even the names of the state of Utah and Nevada are of Chinese origin, he says. "Pe" or "Pie" means north in Chinese; therefore the Pleute Indians were merely the North Ute Indians.

No Great American Sea Poet.
England leads in really great verse of sea and shipping. From Tennyson's "Ballad of the Revenge" to Kipling's "Coastwise Lights," English bards have sung of spindrift and ocean spray. In America, Longfellow, Whittier, and a few others have dabbled in rock pools. The great American sea poet is yet to come.

Sensible Arabians.
The Arabs have a proverb that, after whistling, the mouth is not purified for forty days; they regard it as the most unlucky sign that can emanate from human lips.

Renovating a Lantern.
If the iron surface of your lantern has become rusty rub off all the rust with the fine glasspaper or other polishing material. When the smooth iron is exposed give it a coat of blacklead, or some similar preparation.

JEALOUSY CAUSE OF SHOOTING

Fireman Killed by Sweetheart Who Believes Him Unfaithful.

Detroit.—Edward Malowski, fireman at engine house No. 22, on Michigan avenue, near Military, was shot and killed early Sunday morning by Louise Elizabeth Sniezek, 23 years old, his sweetheart, as he attempted to embrace her, according to police. They had been keeping company three years. The woman then turned the weapon on herself, the police say. Hospital authorities say she will recover.

"You have ruined me," Miss Sniezek is reported to have said. She then pulled the trigger. Jealousy was declared to be the motive.

What Aunty Missed.
Julia was enthusiastic over a comedy she had seen at a moving picture theater, and proceeded in jumbled baby fashion to explain what she had seen. The thing that impressed her the most was a toe dancer with short fluffy skirts. She said, "Oh, aunty, you should have seen the girl in full bloom."

THE SANDMAN STORY

MR. OWL IS WISE BIRD.

MANY years ago, long before Mr. Fox was called clever or sly, or Mr. Owl a wise bird, or any of the wood folk had earned any name for themselves other than their own, there was trouble between Mr. Fox and Mr. Possum.

It happened in this way. Mr. Fox one night went for chickens to a farm a long way from his home, and when he arrived he found that the poultry house door was open and it was easy enough to get all he wanted, for Mr. Dog was away.

The only trouble was that he had no place to store them, and it was too far to carry them to his home and go back for more.

Mr. Fox happened to think of Mr. Possum, and he decided that he would make a bargain with him to take care

of his poultry until he could carry it to his home.

As I told you, this happened long before Mr. Fox was clever; he would not do such a thing now.

So, he called on Mr. Possum—and told him if he would take care of the chickens he would give him two fine ones to pay for his kindness.

Mr. Possum said he would and that he would store them safely away under a rock by his house where there was a cave.

Mr. Fox trotted back and forth all night with fat chickens which he put in the cave under the rock, but he did not know that as fast as he put them

away Mr. Possum carried them to another part of the woods.

When it was almost daylight Mr. Possum took another chicken and departed for good, and when Mr. Fox looked into the cave he found only a few of the many chickens he had placed there.

Mr. Possum was nowhere to be found. He had moved bag and baggage to another home, but Mr. Fox hunted until he found him, and the trouble began.

Mr. Possum said he was not the same Mr. Possum. "I never lived in the place you speak of, and I do not know about any rock or cave or chickens; you have the wrong fellow, Mr. Fox," he said.

Mr. Fox was surprised at the bold manner of Mr. Possum, for he was sure he was the one he was looking for; still there was a chance that he had made a mistake.

Right here is where Mr. Owl earned his title. He was sitting in a tree near-by where Mr. Possum had made his new home and heard all that had been said.

"Perhaps you are mistaken, Mr. Fox," he said; "you had better go back to the cave under the tree and look again."

"It is under a rock, not a tree," corrected Mr. Possum, who had just said he did not know anything about the cave or rock.

"Oh, ho," exclaimed Wise Mr. Owl, "you do know something about it, after all."

"Mr. Fox, go right in and search this fellow's home, and if he makes any trouble about it I will call all the wood folk and tell them what a deceitful fellow he is."

"Oh, how wise you are, Mr. Owl!" said Mr. Fox as he came out of Mr. Possum's house with his chickens; "you are the wisest bird I ever knew, and wise you shall be called from this day."

And when there is any dispute among the wood folk now they always call on Mr. Owl to settle it for Mr. Fox told everybody how clever and wise was Mr. Owl in finding out about his chickens, though he was careful not to tell who had them. (Copyright.)

MARKET REPORT

FURNISHED BY U. S. BUREAU OF MARKETS, WASHINGTON, D. C.

Grain
Prices declined during the week, although without definite trend. The market closed stronger on short covering and good class of new buying. Disappointing threshing returns from Ohio, Indiana, Illinois, Iowa and Missouri and private reports indicating Missouri wheat crop around 31,000,000 bushels had considerable effect. Export demand slow; country offerings only fair. Corn country offerings to arrive light. Continued hot weather causing some apprehension in corn market but reports thus far are favorable.

In Chicago cash market No. 2 Red Winter wheat \$1.22; No. 2 hard \$1.23; No. 3 mixed corn 88 cents; No. 3 yellow corn 88 cents; No. 3 white oats 35 cents. For the week Chicago July wheat down 4 cents \$1.20 5-8; corn up 3-8 at 61 1-8c. Minneapolis July wheat down 1 3-4c at \$1.22 1-8. Say Gotham is Wicked.
Zion, Ill.—New York is a very wicked city, much worse than Chicago, says the report of two Zion deaconesses who returned after more than five months spent in the metropolis. "All they think of is pleasure," they said. "They are dancing all the time, church members too." They reported that during their stay they sold 13,500 pieces of Zion literature. They expect to make another effort to convert New York after attending Zion's annual feast of tabernacles.

All In a Day's Work

His gun held ready, his eyes glancing about eagerly, a man in hunter's garb moved silently through a North Michigan swamp. Suddenly the beat of flapping wings sounded. Quickly raising gun to shoulder, he fired. "A miss!" he growled disappointedly as the duck rose high into the air and disappeared from view. But—had the duck hunter missed?

Called from his bed that night (it was raining) one of the repair men went out to investigate the trouble. Following the toll lead, he drove more than a score of miles in the darkness and rain and tramped additional miles through a swamp. Using a flashlight, he finally found the source of the trouble—an insulator that had been shot off.

In a telephone booth in a hotel 30 miles distant, that same evening, a brisk, alert-looking business man put in a call for Detroit. Ordinarily, ten minutes would suffice for the connection. The business man waited. Finally, with the explanation that the delay was due to poor transmission, the operator announced that Detroit was on the line. The operator then immediately notified the Repair Department of line trouble.

Interruptions in telephone service, we repeat, may be due to a thousand and one causes. The foregoing is a statement of an actual incident. A thousand similar stories could be written. The point is just this: Through all such difficulties, night and day, regardless of weather conditions, the people of the Telephone Company are doing their duty to the public by being constantly on the job to keep service up to its high standard.

ANNIVERSARIES.

Moderation, the noblest gift of Heaven.—Euripides.

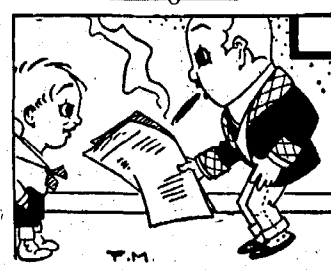

RECENTLY at a silver wedding anniversary of a prominent New Yorker the invitations, which were engraved in silver, contained these words at one side: "The demands of war relief are pressing. We hope for your presence—not presents—at our silver wedding anniversary." Among the guests present at this anniversary reception were scores of New York's most noted society folk, the very people whom we usually look to for leadership in such matters of social usage. So if you are looking for a precedent in adding to your invitations for anniversary receptions or other occasions when presents might be expected some indication of the fact that you would prefer not to have them, here it is.

The fact is that often people refrain from having wedding anniversary parties for the simple reason that they hesitate to send invitations that will make the recipients feel that they are obliged to make some sort of present. When this is for a tin or wooden wedding the obligation is trifling, but when it is for a silver or golden wedding then there is more cause for this hesitancy.

Usually any anniversary for anything less than a silver wedding takes the form of a party only for one's intimate friends. But when one has been married twenty-five years then there is real occasion for a large reception. This may be in the afternoon or evening. For the afternoon affair the hours on the invitation cards would usually be from three to six, though guests seldom do arrive before half past three or four and many late comers linger after the six o'clock hour. No guest, however, would arrive after the last hour mentioned on the card.

Bear in mind, however, if you are sending an anniversary present that although a wedding present is sent to the bride, the anniversary present is sent to both husband and wife. The question of whether or not to wear one's first wedding frock is one

that puzzles some women when planning their twenty-fifth anniversary, and really it ought not to be very difficult to solve. There is the best of precedent for the custom but when the bride of twenty-five years has changed very much in form the wedding dress may be extremely unbecoming to her or it may need very considerable alteration to make it possible to wear. The effect then is not apt to be pleasing, and the woman so dressed may look very much less attractive than if she were dressed in a reception frock less rich in association. Under no condition should she wear the bridal veil, however, as this is alone appropriate to the maiden bride. (Copyright.)

WILLIE'S JOKE

HOW DO YOU SAY IT?
By C. N. LURIE
Common Errors in English and How to Avoid Them

"SIT" AND "SET."

PROBABLY it is impossible to teach the great majority of Americans the difference between the two words "sit" and "set," but grammarians have been trying to do so for many years. "Come in and set down," says one's host. He is hospitable, but his grammar is faulty. He should say, "Come in and sit down."

Whether a hen sets on a nest or sits on it is not certain, in grammar, since the point is disputed, but it is quite certain that you do not "sit" a hen on her nest; you "set" her there. It is incorrect to say: "The vase sets on the table"; say, instead, "The vase rests, or stands, on the table." Do not say, "The flagpole sets firmly in its socket," but say, "The flagpole is set firmly in its socket." If you prefer, you may say, instead, "The flagpole sits firmly in its socket." (Copyright.)

Canada leads in popularity among the applicants in the British Isles for free passages under the scheme of state-aided emigration for ex-service men and women. Of the applications received up to the end of the year, totaling 84,000, the largest individual total was 32,687, who desired to make their homes in Canada. Australia came next with 22,287.

Left Him Thinking.
After a sermon by an old colored preacher one of the brethren said to him: "Brer Jenkins, how fur off you reckon, hell is?" "How old is you, Brer Thomas?" asked the preacher. "Well, suh, ef I don't miss my kalkulations I is sixty-fo'." "Well," said the preacher, "wen you wuz born inter dis worl', hell wuz jes' sixty-fo' years old, an' all I got ter say is, ef you ain't in sight er it now, it ain't yo' fault."—San Francisco Argonaut.

How 'Home, Sweet Home' Was Written
John Howard Payne, the author of "Home, Sweet Home," was an American minstrel who wandered all over the earth, practically. After the death of his parents, when he was twelve years old, he never had a real home, and at the time of writing the song he was stranded in Paris, a foreign land, away from all the friends he held dear. He wrote the song on a dreary day in October, 1822.

Many Kinds of Honey.
There are more kinds of honey than you think. There is honey that is black and sour; honey that is red; honey that is poisonous, honey that is green and honey that is rose color. Many of us have eaten honey that is white, and most of us know honey that ranges in color from pale yellow to brown. Honey is of many flavors, depending on the kind of blossoms the bees work on.

Patience and Insensibility.
A phlegmatic insensibility is as different from patience, as a pool from a harbor. Into the one, indolence naturally sinks us; but if we arrive at the other it is by encountering many an adverse wind and rough wave, with a more skillful pilot at the helm than self, and a company under better command than the passions.—Dilwyn.

Get the joy that's due you!

We print it right here that if you don't know the "feel" and the friendship of a joy-us jimmy pipe—GO GET ONE! And—get some Prince Albert and bang a howdy-do on the big smoke-gong!

For, Prince Albert's quality—flavor—coolness—fragrance—is in a class of its own! You never tasted such tobacco! Why—figure out what it alone means to your tongue and temper when we tell you that Prince Albert can't bite, can't parch! Our exclusive patented process fixes that!

Prince Albert is a revelation in a makin's cigarette! My, but how that delightful flavor makes a dent! And, how it does answer that hankering! Prince Albert rolls easy and stays put because it is crimped cut. And, say—oh, go on and get the papers or a pipe! Do it right now!

RANNEY NOTES.

(Edited by Mrs. B. E. Waterman)

Miss Eunice Liskum went to Horton Bay last Tuesday to stay for the summer where she has employment. Our severe drought of two months was broken last Thursday and Friday by a fine rain. The weather has not cooled off much. It was 100 in the shade on Monday.

Crops have suffered considerable from heat and the dry weather. Many farmers are replanting their potatoes while some have dragged them up and sowed buckwheat.

Harvest is on in earnest. Fred Nachazel is cutting grain for C. E. Say and Joe Moore.

Mrs. R. V. Liskum is improving nicely at the Charlevoix hospital and will be home in another week.

Misses Bessie Johnson and Harriet Malpass were callers at the John Hawley home last Sunday.

Mr. and Mrs. Herman Schultz visited the former's parents Sunday in the Kuopp district.

Mr. and Mrs. C. Say visited with the latter's sister, Mrs. Wm. Looze over Sunday.

Mrs. Mayville and son, Lawrence, were callers at the home farm, Sunday.

Irven Crawford was in East Jordan Sunday to attend the ball game.

Geo. Eteher took his family to Advance Sunday to visit his brother, Joe Eteher.

Lou Harrington is driving Mr. Stewart's team, working on the Fair ground road.

Floyd Walker is assisting with the farm work at B. E. Waterman's.

Jas. Murray and son, William, and Mr. Carney drove to Deward and Vanderbilt in search of huckleberries. They did not find any.

At the Vance School meeting Monday night the following men were elected to office: John Schroeder, Treas.; John Hawley, director; Anson Hayward, Mod.

PENINSULAR

(Edited by Mrs. E. Hayden)

Miss Byrel McDonald requested us to correct the statement that she was going to teach the Walker school, she has taken the Ironton upper room; as she told us herself she was going to take the Walker school we felt justified in reporting it so.

At the annual meeting of the Pine Lake Telephone Co. held at the Star School Tuesday only a few attended and not much business was done. The old officers were all re-elected except Enos Lane, who has moved away and F. H. Wangeman elected in his place.

The Club House at Hayden Point is rented for the summer and was the scene of a merry dancing party Saturday evening.

A large number of resorters are at Hayden Point and Charia-Vista.

Postmaster Hudkins was around R. 2 Wednesday.

Dr. Pomrow was called to the Lone Ash farm to attend a horse for A. Reich which had been kicked by its mate. She is some lame but the injury is not serious.

Leslie Dow is working for A. B. Nicolson on the farm.

Mr. Black from Charlevoix was in this vicinity Friday buying sheep. He was offering \$4.00 per head for spring lambs and not so much for old sheep.

Grain harvesting began July 7 both wheat and rye are fine crops.

Mr. and Mrs. Loomis and daughter, Pauline motored to Mackinaw to visit Mrs. Leo McGee Saturday evening returning Sunday.

The weather kept its promise and sent us a lovely rain that did a world of good and which insures oats filling good and gives corn, potatoes, and pickles which are just coming into bloom a fine chance.

We have discovered another argument for the consolidated schools. It is the fact that after young folks have been in the city they just can't stand farmer fare and have to get back to the city to get something to eat.

Mr. and Mrs. Joel Bennet and daughter, Nellie motored to East Jordan Sunday to visit Mr. and Mrs. Jos. Courier and the Misses Margaret and Ethel Staley, nieces of Mrs. Bennet and who since the death of their mother have made their home with their grandparents, Mr. and Mrs. Courier.

Mrs. Shaw, who has been visiting at the home of her brother, J. P. Seiler for the past month, returned to her home at Mt. Vernon, Iowa Tuesday. She was accompanied by her mother, Mrs. Gleen Seiler, who will visit for an indefinite time.

Mr. and Mrs. A. Mosely and three children of Kenosha, Wis. arrived Monday evening for a two week's visit with the former's sisters.

Dr. and Mrs. J. H. Mosely and daughter, Mrs. Harry Hudson and four children of Guyton, Ga.; parents and sister of Mrs. J. P. Seiler and

Mrs. W. Sanderson arrived Monday evening to stay until Oct. 30. They will occupy the Godfrey McDonald house. Mr. Hudson, who is connected with the mail service will arrive later. They are natives of the north and while their business keeps them in the south they enjoy their vacations.

The Free's and Mrs. Bergea and daughter Grace of Minneapolis are occupying the Hemingway cottage on Pine Lake and assist with the Star of Hope S. S. and the sessions are well worth attending. The meeting is 11 o'clock local time.

Geo. Weaver of Petoskey took dinner with the J. P. Seiler family Monday. He had been making calls at Cedar River, Antrim Co.

Mr. and Mrs. Walter Ross and family of Bay City, who have been visiting at the David Gaunt home for the past two weeks returned home Monday. They were accompanied by their nieces, Mamie Gaunt and Marie Johnson who will make a two weeks' visit.

Mr. and Mrs. Dan Arnott of Boyne City visited the former's parents, Mr. and Mrs. Jas. Arnott, Monday.

Jack Wanek returned to Boyne City Sunday evening after spending the week with Orval Bennett.

A large crowd from this section attended the dance at Peninsula Grange Saturday evening and report a fine time.

A ball team from Grayling played the Peninsula Grange team at the Peninsula diamond, Sunday. The visiting team was victorious, 10 to 7.

The new bridge at Advance is completed and open to traffic now for which travelers are thankful.

Ruth Dow is home from Akron, O., for a vacation.

T. B. Dow will commence harvesting his fine crop of cherries, Tuesday. He has sold the crop to the Central Lake Canning Factory, who will gather the containers and deliver them to the factory by truck.

The T. B. Dow family made a motor trip around Pine Lake, Sunday, having a picnic dinner at Charlevoix.

Somebody must read the items as there was a carload of people called at Ridgeway Monday evening looking for Bunker Hill. They wanted to see it as they had read about it. Ridgeway is the east slope while the Lone Ash and Maple Row are the west slope. The hill itself is well worth looking at and the view is something wonderful if one will only take the time to look.

Brook Run—William Owens, 45, farmer living east of Brook Run, was killed by lightning while shocking wheat. He leaves a widow and eight children.

Powers—A large six-cylinder touring car belonging to Richard Rice of this place was burned near McAllister on the way to Wallace. A spark exploded the gas tank.

Bay City—Bert Bryce, 45, farm worker, died in the hospital here of a broken skull received when a Pere Marquette train struck an automobile in which he was riding on Michigan avenue.

Lansing—Frank S. Kedzie, president of the Michigan Agricultural College, is recovering from injuries received when the horse he was riding suddenly reared, breaking his nose and badly stunning him.

Oxford—With a view to moving its tracks in this village to take them off the main business street, the D. U. R. has obtained options on land through the residence district. A double track is to be laid.

Pontiac—Clarence Stanton, 59, widely known bank official of Oakland county, was found dead in bed at his home in the village of Oxford. Heart disease, brought on by pneumonia, is believed to be the cause of death.

Adrian—Lenawee county's equalized valuation, including both real and personal property, was placed at \$72,888,920, in the report of the committee of equalization that was accepted by the board of supervisors.

Lansing—Dr. R. M. Olin, state health commissioner, has been instructed by the administrative board to investigate the various state institutions with a view to finding a suitable place for housing tubercular inmates of state penal institutions.

Pontiac—Settlement out of court was reached in the case of Mrs. Edith Consterdine, suing Jesse and Eugene Villet and A. L. Parrish for the death of her husband, struck by their automobile last January. The amount of settlement was not made known.

Flint—Delinquency among girls is one of the great problems before the officials in Flint. Mrs. Mabel H. Benschoten, secretary of the Social Service, says. Girls coming from the country to the city seeking employment, she said, constitute the greatest menace in the girl problem.

Petoskey—Fire of unknown origin spread the length of a block and destroyed six Onaway business establishments before the fire department got it under control. Loss is estimated to be \$30,000 with little insurance carried. The Onaway Electric Light & Power Company was badly hit.

Charlotte—Assistant Fire Chief Herman Guide had his right arm broken when an aeroplane, giving exhibitions for the July 4th celebration crashed into the barn of Daniel Huber. Aviator Harold Meyer, of Lansing, was badly cut about the head. Mr. Huber was in the barn, but the plane after tearing off the roof slid to the ground.

Vicksburg—The village council adopted by unanimous vote, a resolution expressing confidence in Dr. F. S. Celler, village president, who is held on a charge of killing Robert B. Thompson of Kalamazoo. The shooting was in self defense, the resolution says, and was justifiable. The doctor's discharge from custody is asked.

Battle Creek—While Mrs. William Henry No. 1, and Mrs. William Henry No. 2 sat in the circuit court room here Judge Walter H. North imposed a sentence of from one to five years upon William Henry, their husband, who pleaded guilty to a charge of bigamy. The judge recommended a term of one and one-half years in Jackson prison.

Owosso—Kasimir Kallacinsky and Frank Voss, 22 quarts of moonshine whisky and complete still are in the custody of Sheriff Sproule following a raid on the farm of Kallacinsky. Voss was found cultivating a field and nothing suspicious appeared about the home until one of the officers noticed a girl in the family was very eager to get to a woodlot 80 rods away. Making their way to a dense thicket, the officers found the still in operation and Kallacinsky tending it.

Marshall—Jessie Boomhower, of Battle Creek, who married Lou S. Boomhower on April 21, 1909, in Flint, began suit for divorce, alleging extreme cruelty and infidelity. She left her husband July 1 and took a child with her. In a lengthy bill of complaint Mrs. Boomhower alleges her husband has pounded her so that she is black and blue. She also names Myrtle O'Leary of Battle Creek as a correspondent. Mr. Boomhower is proprietor of auto stores in Battle Creek, Kalamazoo, Jackson, Muskegon and Flint.

Petoskey—Guy Wilson, expert swimmer and net fisherman, was drowned July 4 at Crown Village while swimming. His body was recovered.

Kalamazoo—John Lochey is in the hospital and his neighbor, Louis Berkey, is in jail as the result of a shooting affray which followed a quarrel over a boundary between their properties.

Battle Creek—When a bumblebee flew into the sedan in which a party of Battle Creek persons were touring to Payne, O., the driver, Mrs. Arthur Paul, lost control of the machine which went over a 30-foot embankment, near that village.

Northville—Burglars broke in the Pere Marquette depot here and after emptying the ticket till, they opened a trunk in the baggage room and lugged off all the nice wearing apparel it contained, belonging to Helen Voorhies, who had come here to visit relatives.

Alma—A stay of proceedings until August 15 was granted by Judge Hart of Midland, in the case against Alfred F. Crawford, former cashier of the First State Savings bank of Breckenridge, who was convicted of embezzlement of funds from the bank. The defense will appeal to the supreme court.

Olivet—A large car belonging to Jay Anderson of Kalamazoo overturned near Olivet pinning the five passengers under the car. No one was hurt, but the clothing of the passengers was badly torn and the top of the car was entirely broken. The accident was caused by the car striking loose gravel at a curve.

Adrian—The prosecuting attorney of Lenawee county has been directed in a resolution adopted by the board of supervisors to institute legal proceedings against Fred Nutten, former sheriff, to require him to refund to the county approximately \$800, which board members say he collected in costs in liquor cases and retained.

Adrian—James Powers, a Fairfield township farmer, whose land extends into Fulton county, Ohio, didn't move quite fast enough from one state to the other when Ohio deputies confiscated his still and a quantity of mash, while Lenawee county officers, on the other side of the line, waited for him to come across, where they placed him under arrest.

Howell—Liquor, dripping from an auto aroused the suspicion of two Howell boys Wednesday and resulted in the arrest of A. C. Kaiser and Gilbert Van Meter, both of Detroit, on a charge of transporting liquor. The boys notified Sheriff Topley. The two men were caught in Fowlerville after a chase by the sheriff. Fifty quarts of whiskey was confiscated.

Colon—Fred Teadt, escaping from officers who sought to arrest him, fled into a swamp where he fell into a quagmire and was rapidly sinking in the soft ooze when rescued by pursuers. It required the efforts of several 15 minutes to extricate him from the engulfing mire. Teadt is charged with driving two automobiles with but one set of license plates.

Kalamazoo—Harry Knowles, under arrest here charged with attempted blackmail, confessed, the sheriff says, that he wrote a letter to A. H. Pratt, president of the King Paper Co., demanding \$50,000 or Pratt's life. Officers placed a dummy package where the \$50,000 was to be left. They say Knowles was arrested as he crept out of a clump of bushes to seize the package.

Monroe—By an unanimous vote, board of supervisors opposed the action of the state board of agriculture in discharging Monroe county agent, M. C. Thomas. It was also requested in the resolution that Mr. Thomas be re-instated as county agricultural agent until such time when the board of agriculture will grant Thomas and the Monroe county farm bureau a hearing.

Sault Ste. Marie—Harry P. Lines and Herbert M. Knight, two of the Soo's best known citizens, met death after unsuccessful attempts to rescue a young girl from drowning in St. Mary's river. Both were excellent swimmers but the efforts exerted in the rescue of the girl are thought to have been too much for Knight and before help could reach the two men Knight went down dragging Lines with him. Both bodies were recovered.

Kalamazoo—In answer to the call of Mrs. Fred Workman, who telephoned that her brother had committed suicide, a squad of policemen, with a doctor, was rushed to the Workman home. All the evidence they found of a suicide was a little note reading: "Goodbye, Ralph." Ralph Oakwood, the brother, was later found nonchalantly walking along the street. He indignantly denied he was dead or intended taking his own life. He explained he left his sister's home suddenly and, in her absence, scribbled the note in lieu of a verbal farewell.

Galleon
The galleon was originally a warship of three or four gun-decks. The name was subsequently applied to the Spanish treasure-ships which brought from the Spanish possessions in Mexico and South America gold and silver and other wealth to Spain. They were large, unwieldy vessels, and were eagerly sought after as prizes during the times of war on account of the immense wealth they contained.

"Father of the Pen"
Few among the masses in the East know how to read or write, so the professional letter writer occasionally acquires much wealth. To an Arab a one-eyed man is a "king" among the blind, and the letter writer is the "tongue" of the king and his people. He is called the father of the pen, and he is reputed to possess a great many secrets.

The center of the chinaware industry of China is Chind-tah-chen, a city of 800,000 people, two-thirds of which are engaged in the manufacture and sale of porcelain.

MANY LIKE THIS IN EAST JORDAN

Similar Cases Being Published in Each Issue.

The following case is but one of many occurring daily in East Jordan. It is an easy matter to verify it. You cannot ask for better proof.

Robert Grant, East Jordan, says: "Kidney trouble had me in a mighty poor shape some ten years ago. At times my back played out while at work. I couldn't lie still in bed as my back hurt so. After a hard day's work I couldn't get any rest. I would go from one side of the bed to the other all night long. Night after night I had to get up and sit in a chair. My hands and feet often swelled and suffered with rheumatic pains. My kidneys were in such an unhealthy condition that I had to get up many times during the night. The secretions were badly colored and filled with sediment. A friend recommended Doan's Kidney Pills and I bought a few boxes at the Hite Drug Co., and they cured me in great shape."

A state has a right to freeze peach, hasn't it?"—Boston Transcript.
