Farmers Rally At Charlevoix

State Grange Meeting to Be Held Friday, Aug. 19th.

A regional meeting of Michigan State Grange will be held at Charlevoix next Friday, Aug. 19th.

The meeting will be held at Charlevoix Park and will commence at 11:00 a. m. with a Conference of Grange Officers. At 12:00 a basket picnic dinner will be held.

Commencing at 1:30 p. m. a program of music, songs and entertainment will be given with addresses by State Master A. B. Cook and State Lecturer, Dora H. Stockman. A representative of the National Grange will also be present.

The day's event will close with a ball game and other sports. We understand the Wilson Grange baseball team has challenged any other grange team for a game.

Everybody Welcome.

MATT SWAFFORD BADLY INJURED IN ACCIDENT

Matt Swafford received a serious injury in an accident while working at the East Jordan Cabinet Co. plant Wednesday forenoon.

He was operating one of the machines when he saw a couple of stakes striking him in the lower right abdomen, penetrating some three inches and severing a small artery. The prompt response of a physician saved Mr. Swafford from bleeding to death.

He was removed to his home and is now comparatively out of danger with exception of the possibility of infection.

BENJAMIN KELLER PASSED AWAY SATURDAY LAST

Benjamin Keller passed away at his home a mile east of this city last Saturday evening following an illness of some eight years.

Deceased was born at Waterloo, Ont. July 30th, 1859, his parents being John and Elizabeth Keller. He came to this state when six years of age, locating at Lowell. On Feb. 29th, 1892, he was united in marriage to Nancy Vandervort at Leetsville. They moved here from Rapid City some three years ago, locating on the farm near this city.

Deceased is survived by the wife and two sons—Arthur and Andrew Keller. Also by two sisters, Mrs. Behstein of Grand Rapids and Mrs. Lydia Gazley of Petoskey, Mich.

Funeral services were held from his late home Tuesday afternoon conducted by Leon Brown of the Holiness Mission. Interment at Sunset Hill cemetery.

NEXT WEEK AT THE TEMPLE THEATRE

Sunday, the first picture in the new Constance Talmadge series entitled "Two Weeks" in which Miss Talmadge will be seen at her best. The story is of the light comedy style and the kind most everybody wants. The plot will keep you interested and laughing at the same time. Constance Talmadge is one of the most popular stars in her line and the Temple patrons are fortunate in being able to see her pictures as they are in great demand in the cities.

Wednesday, Wm. Russell in "Bare Knuckles", a picture that will please old and young. Wm. Russell always gives us plenty of action in a good story. In this one he plays the role of Tim McGuire, a diamond in the rough. In his early days he won by right of might. His method of bending those under him to his will gained for him the title "Brute" McGuire. But he was doing his duty in the only way he knew, and the fact that he was kind and tender to an unfortunate old man and his crippled daughter was proof that he wasn't all brute.

Saturday the ever popular family program of short subjects just suits everybody. "Double Crossers" is a western of the real western type and is a fast moving picture with plenty of action. "The Diamond Queen" is getting better every week and is one of the best serials ever seen here. Snub Pollard will be seen in "Your Next" a comedy that is full of laughs from start to finish, and the News weekly is right up-to-date.

MICHIGAN CENTRAL HEADQUARTERS MOVED TO GRAYLING

A recent order of Michigan Central Railroad officials discontinues the terminal at East Jordan moving it to Grayling from which place trains on their East Jordan branch will hereafter be despatched.

A new time card went into effect Wednesday, Aug. 10, which discontinues the evening train into East Jordan. Train No. 1 now leaves Grayling at 6:00 a. m., leaves Frederic at 6:30 a. m., arriving at East Jordan at 9:00 a. m. Train No. 2 leaves East Jordan at 11:00 a. m. This gives south bound close connection for Detroit. On north bound, train leaves Detroit at 9:00 p. m., connecting at Grayling at 6:30 a. m.

The change will cause the removal of several railroad men with their families from East Jordan to the terminal at Grayling.

EAST JORDAN BALL TEAM LOSES TO BOYNE CITY BY A 10 TO 0 SCORE

In a one-sided game of base ball held at Boyne City last Sunday the East Jordan team was defeated by a 10 to 0 score.

It was an off day for one team and the errors and mis-plays made by them were a plenty.

Jenkins of Evert essayed to pitch for East Jordan and got by a couple of innings when Boyne began to hit him freely. Sedgman took the mound and endeavored to stay the onslaught but not until five Boyne City batters had crossed the plate. This seemed to unnerve the boys and from then on their errors were costly. In the fifth and sixth innings Boyne annexed five more runs and then Reynolds was put in the box for East Jordan. The game was lost but Reynolds held the balance of the game scoreless.

Since last Sunday our team has been doing some hard practice work and hope to redeem themselves in the game here next Sunday with Brutus.

NO COMBINATION OF G. AND S. S. CAN BE MADE PERMANENT

After one year of patient waiting and three years of DETOURING, we are informed that the six miles of concrete road between here and Petoskey is at last finished. This with the 12 miles south to Antrim county line all could have been built in 1918 had the right men been interested.

Now the vital question arises in the minds of the taxpayers—"Are we going to continue to throw away and waste our money building more G. and S. S. (gravel and soft stuff) or will we fight for a permanent road, that is, a concrete road?" No man in the county has to be told about concrete. Everybody knows that there is little or no cost for upkeep.

The facts are, no combination of G. and S. S. can be made which will be at all what we call permanent. Trucks and large autos pound it into chuck holes and ruts in a few months. It can not be built so as to avoid this. As it looks to a man up a tree, the G. and S. S. road is the imagination of the d—l. It is plain that it is a job getter for a certain class of men the year around for year after year. In short, it never is a good road.

Are we going to sit idly by and let a few men run our affairs and pay out our money as they like? If you personally had a 13-million dollar private investment, the assessed value of our county, would you hire a \$4.50 man to run it and then give \$13.00 to a man to do the work the \$4.50 man is paid to do? If you did what kind of man would you expect to get? You would not do it, that's all there is about it. That class of men are seldom on the job and never have the County at heart. Whiskey is another d—n poor road builder.

The trouble with you all is this: you know you are run by a gang and you are afraid to tackle them. You talk in two's and three's and that is all you do. You tell of this man being drunk and that man not being on the job, etc. Why don't you get together and talk in a body. Get some one to go and see Frank Rogers and tell him what his men are doing to you—that they are not giving you a fair deal if that is what you think, or else shut up and take your medicine, whiskey and all if you can find the place it is being made or sold. They tell me that there is plenty here and it is easy to get but the officers cannot find any when they go after it.

Harvest Festival At Boyne Falls

Annual Event Next Thursday, Aug. 18th.

The Annual Boyne Falls Harvest Festival will be held at that village the coming Thursday—Aug. 18th.

Business men and citizens of that place are uniting to make this a big event.

Boyne City Marine Band will furnish band music for the day. A ball game between Loeh farm and Springvale teams will be one of the features. Other sports will be held.

There will also be dancing during the afternoon and evening with music furnished by East Jordan's celebrated Metropole Orchestra.

If you want to enjoy a good day's outing, go to Boyne Falls next Thursday.

STATE BODIES JOIN TO GET SOIL SURVEY

Mapping of Michigan's soils so as to show their agricultural and economic value will become an accomplished fact at a not far distant date if a campaign launched a few days ago by all the state agencies concerned bears fruit.

At a meeting called by Prof. M. M. McCool, head of the soils department at M. A. C., the project was discussed by representatives of the state department of agriculture, the state conservation department, University of Michigan, M. A. C., development bureaus and the United States Department of Agriculture.

Men in attendance named L. Whitney Watkins of Manchester, member of the state board of agriculture, as permanent chairman, and Prof. McCool as permanent secretary. A special committee was appointed to investigate the matter, decide upon a definite line of procedure to bring about the survey and report at a later date. Members of this committee are J. A. Doelle, recently elected to the state board of agriculture, chairman; Prof. A. K. Chittenden, head of the forestry department at M. A. C.; R. A. Smith, state geologist; Prof. C. O. Sauer, head of the geography department at the U. of

Autos Kill 176; 63 Children

State Official Suggests Special License For Careless Drivers.

A blazing yellow license plate, with the words "Careless" and "Reckless" in large green letters, to be carried on the front of the car by every automobile driver who has abused his privileges and endangered public safety, is the penalty suggested by Dr. Wm. J. V. Deacon of the Michigan department of health as a means of cutting down the number of auto accidents and deaths.

One hundred and seventy-six deaths of which 63 were children under 15 years of age, were caused by automobiles during the first six months of 1921 reports of the division of vital statistics show. Of this number 127 were males and 49 females, 60 of the deaths occurring in Detroit and 116 throughout the state.

"Each succeeding year sees an increase in the mortality rate from automobile accidents and injuries," says Dr. Deacon, "and each year it becomes increasingly dangerous for children to walk along the streets. Traffic regulations will in time improve and prevent many accidents, but what is most needed now is some adequate punishment for the careless and reckless driver who takes the chance of crippling a life to save a minute.

"Fines are not sufficient. A state law compelling drivers, who have been judged careless and reckless, to carry, for a period set at the discretion of the court—some sort of a special license which would label them to the public as careless or dangerous, would be more likely to get results. Public sentiment would then make careless driving unsafe for the careless driver."

M. and Prof. McCool.

Dr. C. F. Marbut, chief of soil survey, United States department of Agriculture, was present at the conference. For nearly two years the M. A. C. soils department, supported by the federal bureau of soils, has carried on a soil survey on a small scale in certain sections of the state, \$20,000 being spent annually in this work.

Remarkable Feat In Swimming

Colored Youth Goes Across Little Traverse Bay.

(From Petoskey News)

Raymond Edmunds, a colored youth employed at the Hotel Howard, swam across Little Traverse bay Sunday afternoon, a feat never before accomplished.

Hundreds watched anxiously from the beach near the Howard all through the long afternoon, and many had powerful field glasses. The wind and waves bore the young man and the boat-carrying three watchers eastward during the long strain of three hours and 20 minutes that elapsed between the time the swimmer dove from the Harbor Springs dock at 2:30 and the time he touched earth 80 rods east of the Howard at 5:50, and when the crowd discovered the probable landing place there was a rush of photographers and other interested persons to see and congratulate the plucky swimmer.

The water was cool, there was a strong wind and the bay was furled in white caps when the start was made. Horace B. Rose, co-proprietor of the Howard, and several others went over to the harbor with Edmunds at 1:30, and Mr. Rose advised against making the attempt at that time. But Edmunds who on former occasions had tested himself by going half way across and back, insisted on sticking to his determination, and in he went, promptly at 2:30.

Two rowboats started from the harbor dock with the swimmer, one carrying three boys and the other two. Another Bay View boy dove with him, swam along to the end of the Point and then climbed into the boat that carried two. Both boats kept near Edmunds until he was half way across, and then one of them hastened to the Bay View Shore to report progress to the eager watchers.

Despite his southern blood Edmunds withstood the ordeal well. He was fed bits of chocolate during the long, tedious and toilsome grind, and began to cramp just before his foot touched bottom. But he pluckily held on, and when he walked to the shore Mr. Rose was there to throw a warm bathrobe about him as soon as the newspaper men had photographed him. He walked unaided to the hotel, where his associates gave him a hand with some

regretted he had not accomplished the feat in two hours, as he had hoped. The waves and wind had impeded progress he stated.

The distance covered by Edmunds is estimated to be about five miles. The auto party that went over with him watched from the end of the Wequeton dock a while and then returned and took their vigil on the Bay View side. The wait was long, but nobody left.

About 4:30 the glistening white boat could be discerned as it crested the waves before being lost sight of as it wallowed in the hollow, and it was not until 5 o'clock that the head of the swimmer could be seen.

Edmunds is a world war veteran and former member of a U. S. life saving crew.

It's a negative kind of contentment that comes to one who, not having much to live for, pities others who have less.

"All things come to him who waits" if he advertises while he waits.

Who remembers when the cost of living was so low that nobody complained?

Fellows who drink moonshine liquor don't shine like the moon afterward—they're more likely to be in a state of eclipse.

A man may consider himself unfortunate in marriage until after a lapse of fifteen years he looks at the woman he might have married and didn't.

It isn't reasonable for a barber to grow bald, a physician to become ill, an undertaker to die, nor a preacher to fall from grace; but a lot of them are unreasonable enough to do it.

GLAD TO GET RID OF IT

Mrs. Mary Bourke, 1097 N. Allister St. San Francisco, Calif., writes: "I have been troubled with backache; took two Foley Kidney Pills and they helped me so good my back stopped paining me. I am so glad to get rid of it." Women find great relief in Foley's Kidney Pills. Hite's Drug Store.

COMB SAGE TEA IN HAIR TO DARKEN IT

It's Grandmother's Recipe to keep her Locks Dark, Glossy, Beautiful.

The old-time mixture of Sage Tea and Sulphur for darkening gray, streaked and faded hair is grand-mother's recipe, and folks are again using it to keep their hair a good, even color, which is quite sensible, as we are living in an age when a youthful appearance is of the greatest advantage.

Nowadays, though, we don't have the troublesome task of gathering the sage and the mussy mixing at home. All drug stores sell the ready-to-use product, improved by the addition of other ingredients, called "Wyeth's Sage and Sulphur Compound." It is very popular because nobody can discover it has been applied. Simply moisten your comb or a soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, but what delights the ladies with Wyeth's Sage and Sulphur Compound, is that besides beautifully darkening the hair after a few applications, it also produces that soft lustrous and appearance of abundance which is so attractive. This ready-to-use preparation is a delightful toilet requisite for those who desire a more youthful appearance. It is not intended for the cure, mitigation or prevention of disease.

Miss Florence Wylie of Shelby is visiting her aunt, Mrs. Kocher, and her cousin, Mrs. May Weiler.

Some men have the goods, but the one who wins "delivers the goods."

PENINSULAR

(Edited by Mrs. E. Hayden)

Mrs. Fred Hayes and daughter of Ark. visited her cousin Charles Healey Tuesday.

Mrs. Floyd Davis and daughter of Boyne City visited her parents, Mr. and Mrs. Charles Healey last week.

Mrs. Emma Arnot has been appointed Treasurer of district no. 6, Eveline twp. to fill vacancy caused by the resignation of Mrs. Bertha Staley.

Mr. and Mrs. Geo. Weaver and family of Boyne are visiting Ira McKee and keeping house for him while Mrs. McKee and Mrs. Florence McKee are visiting in Ohio.

Mr. J. W. Hayden received a card from Mrs. Ira McKee last week stating that she and Miss Florence were visiting at Lakeside and had spent one day in Toledo and were having a splendid time.

What caused the trouble on 237 telephone line was a wire which someone had thrown over the two lines in Advance.

Everywhere one looks the effects of the Tornado of July 30 can be seen. The damage to growing crops is much more than at first appeared.

Mrs. Chas. Healey attended the school amendment meeting in Boyne City for women only, Friday p. m.

Mr. and Mrs. Fred Wurn and Mr. and Mrs. Jas. Arnot took a motor trip to Boyne City and East Jordan, where Mr. Wurn had his teeth extracted, returning by way of Three Bells school.

Fred Wurn was very ill Saturday from the effects of the chloroform taken before having his teeth extracted but is better now.

C. A. Hayden and H. B. Russell, who are batching in Boyne City spent Sunday on the Peninsula, C. A. with his parents at Orchard Hill and H. B. with his father at Ridgeway and at the Mose Lalonde home in Chaddock dist.

Miss Alice Russell, who has been with her grandparents, Mr. and Mrs. Mose Lalonde most of the summer is back at Ridgeway again.

Ironton played the Lone Scouts ball team at the Hayden Point diamond Sunday p. m. The score was 13 to 12 in favor of the visiting team. They are a jolly bunch and the Lone Scouts like to play with them.

A large delegation from this section attended the Peninsular Grange dance Saturday evening and had a jolly time.

Friends of Miss Dorothy Jarman will be glad to hear she has a splendid place in Petoskey as day nurse for an adopted baby and can stay and go to school.

Hy Com'r Joe Kemp came to the Peninsula Tuesday to repair roads but brought most of his crew with him. He worked until Friday night.

About 8 teams donated 2 days work on repairing the road which runs west from the Star school, cutting down the hill and plowing and grading, doing a fine job, which travelers will be thankful for.

Mrs. Ray Loomis and daughter and Mr. and Mrs. Frank Russell and son and daughter motored to Petoskey, Friday, to have Marion Russell's eyes fitted with glasses. The trip was made in the Loomis car.

Rex Sandford arrived home Tuesday evening having driven his Ford thru' from Iowa. The wire which his father received saying he had a broken arm had been mixed with some other message. He wired he was coming home and nothing more. He is perfectly sound and in the best of health but says everything is very dull. He has been employed as truck driver with a road construction gang until job quit.

We had a comparatively dry week and the oats are all hauled in and everybody is ready to thresh.

Mr. and Mrs. A. B. Nicely and little son, Curtis motored to Manton Saturday to attend the Free Methodist quarterly meeting returning Monday.

We have Miss Dorothy Etcher to thank for some interesting items from Cedar Lodge.

Mr. and Mrs. W. H. Carr, Mr. and Mrs. Stewart Carr, Mr. and Mrs. Len Swafford and Mrs. Bader made a jolly party at A. J. Etcher's home Cedar Lodge, Saturday evening.

Two boys from Detroit were camping on the beach at Cedar Lodge last week. They returned to Detroit Tuesday.

Mrs. C. A. Crane returned to Cedar Lodge from Mt. Pleasant where she has been taking the summer course at the Normal, Friday evening. The C. A. Crane family occupy Cedar Hurst the cottage on the beach.

Pat O'Brien, the Advance store keeper returned Monday from the Soo where he had been visiting his only son, Willy O'Brien.

When Mrs. Laura Stanley got up Thursday morning, she was very much distressed to find her canary bird dead in the bottom of the cage. She had had the bird more than 12 years and it had been a wonderful singer but had lost its voice about a year ago.

After having very poor eyesight for

50 good cigarettes for 10c from one sack of GENUINE "BULL" DURHAM TOBACCO

years and being almost totally blind for several years, A. J. Beese, 78 years has regained his eye sight and can read any newspaper without glasses. His sight came back one day while working in the field.

Mrs. Laura Stanley and family, consisting of son Claude and daughter Vera who have occupied their farm in the Mountain dist. since school closed in Boyne City, returned to Boyne City, Monday. Claude will come out later to put in some fall crops.

F. D. Russell motored to Charlevoix every day where he is serving on circuit court jury. Mrs. Russell accompanied him Monday.

The thermometer registered 34 degrees F. Tuesday morning and has stayed pretty well down ever since until at this writing Tuesday Aug. 9 it is again comfortable with windows and doors open and no fire.

Miss Melts, Rex and John Sandford motored to Ironton Wednesday evening to visit Mr. and Mrs. Harry Sandford and little daughter, Mildred May.

Derby Hayden is working for G. C. Ferris this week.

Geo. Jarman worked on the road last week and this.

A. G. Reich worked his team on the road four days last week.

The assessed valuation of Dis. No. 6 Eveline twp is \$44,600.

Everybody was surprised to hear Com. May L. Stewart had resigned.

Mrs. Jesse Wright was confined to her bed by illness the latter part of last week.

Quite a large crowd are still resorting at Hayden Point.

We are very much pleased with the iron notes in the Boyne Citizen and the Ranney notes in The Charlevoix County Herald.

If you are open to suspicion, you are closed to confidence.

Nobody who went around looking for insults ever failed to find them.

To Clean Window Shades.

To dry-clean a window shade, spread it full length on the kitchen table or on the floor and rub it thoroughly all over with dry salt and corn meal, renewing the mixture as it becomes soiled. Then dust well with a soft duster. The shade need not be removed from the roller, and this method does not pull it out of shape or cause it to crack.

Her Fatal Complaint.

Billy heard his mother say that a friend of theirs had died of old age. Later when a caller came to the house and inquired about the woman who had died, Billy informed her: "Oh, she's dead. She died of the long time."

Michigan News Tersely Told

Pontiac—Edwin Denby, Secretary of the Navy, is spending his vacation with Mrs. Denby and their son, Ned, at the Denby farm near Pontiac.

Bay City—Former Secretary of the Treasury W. G. McAdoo and the Detroit & Mackinac railroad are being sued for \$25,000 each by Frank Barton and wife and Mrs. Patti for injuries claimed to have been sustained.

Battle Creek—Ralph E. Whitney, of this city, recently swam the length of Gull lake, a distance of 6 1/2 miles in three hours and 35 minutes, cutting down the time made by Clarence Wildermuth, of Midland Park, by an hour and 23 minutes.

Holland—Marine officials of the Graham & Morton steamship lines declare that passenger traffic this summer has been heavier than for many years. Radical reduction in rates is given as the reason. Other lines on Lake Michigan have also cut rates.

Holland—Blinded by the glare of automobile lights, Fred Churchill, 60 years old, was knocked down by a machine driven by J. C. Hodges, of Jenison Park, on the Zealand road, and so badly injured that he died on the way to the hospital. His skull was fractured.

Chariotte—Will McCrowden, of Dutton, father-in-law of Charles Anderson, village president of Vermontville, was killed by a M. C. passenger train, while trying to cross tracks west of that station. He was a prominent citizen and at one time was an officer of a Grand Rapids bank.

Standish—Forest fires burning along the Michigan Central and Detroit & Mackinac railroads, near Alger, West Branch, Rose City and Standish have done many thousands of dollars damage. Miles of fences, crops, several barns, with this season's crops, and stacks of hay, have been burned.

Grand Rapids—Tentative plans for the proposed comfort stations to be built throughout the county on the trunk line roads have been prepared by the county road commission. The buildings will be 12 by 20 feet and of artistic design, provided with running water, drinking fountains and other necessary accommodations.

Pontiac—The city commission has for the second time refused to pay \$20,000 damages claimed by residents in Pontiac township along the course of the Clinton river, for damage alleged to have been done by years of emptying sewage into the river. The town owners aver their property has deteriorated in value because of the practice.

Lansing—Publicly owned motor vehicles are exempt from the provision of the Condon automobile act, which requires owners to secure from the secretary of state a certificate of title by July 1, 1922, of their property. The exempted class of vehicles includes those owned and operated by the state, municipalities, counties, villages and townships.

East Lansing—Michigan is to have a complete soil and agricultural survey. This was assured when representatives of virtually all the state departments and institutions interested met in conference in response to invitations issued by Professor M. M. McCool, head of the soils department at M. A. C., and decided upon a course of action with such a survey as the ultimate aim.

Detroit—Judgment for \$3,490 was granted by Judge Theodore J. Richter in circuit court to Harry Murray, 228 Clifford street, against Mrs. Sarah Evelyn Elizabeth Lewen (Madame Le Grande), now serving life imprisonment for killing 6-year-old Max Ernest on May 11, 1920. Mrs. Lewen owns two head bags valued at \$2,500 and some furniture now in storage.

Detroit—Two men were arrested following the wrecking of a fast west bound Michigan Central passenger train near Dearborn. Three persons were injured as a result of the train plunging into the ditch and being sideswiped later by an east bound train. Wreckers had separated rails, carefully preserving the bond wires so the automatic signal system would not be disturbed, and the speeding train left the tracks without warning.

Monroe—The report of August J. Weter, of Monroe, receiver of the bank at Temperance, 18 miles southwest of here, which closed its doors last spring, shows resources to be \$68,035.47; liabilities, \$95,751.71, and the estimated deficit, \$27,716.30. Robbers on February 11 had backed a truck up against the building and carried away a safe which contained valuable papers and currency. The safe was recovered a few days ago in a clump of weeds along the Sylvania road.

Port Huron—Henry Stipe, 21, and Alvin Hamilton, 18, are under arrest and the officers are searching for two other young men, all members of a band which it is alleged have committed a number of automobile thefts and robberies. It is alleged that Stipe and Hamilton and their pals stole automobiles owned by Louis Foster, Port Huron; John Bell, of Lexington, and a machine, from a Sebewing man. All machines were recovered, having been abandoned. The robbery of several stores are also charged up to the band.

Pottery—The explosion of a barrel of high test gasoline caused serious injury to Mrs. James Lord of Canton, O., and Frank Tompkins of Cincinnati.

Lansing—Miss Frances E. Hubbell, of Hudson, N. Y., has been appointed superintendent of the Michigan Industrial Home for Girls, at Adrian, by Gov. Groesbeck.

Cadillac—Phil Lamonde, Fred Kent, Bernard Nelson, and Charles Bidler, members of the Acme baseball team, were seriously injured when a truck in which they were returning from a ball game at Copemish slid into a ditch.

Grand Rapids—The main plant and some smaller buildings of the H. M. Reynolds Roofing Co. here were destroyed by fire with a loss of \$250,000. The plant will be rebuilt immediately. The fire started from a heater in the stone crushing department.

Lansing—Many hundred applications for the Michigan State bonus, filed during the early part of June, are being held up at Lansing because the necessary data from the war department, used to check up applications for the bonus, has not arrived.

Battle Creek—John Kenon, employed at a local garage, was arrested following his attempt to return a "borrowed" car to its garage. John mistook the window for the door, and drove through the brick wall of the building. The car was wrecked.

Albion—Attempting to catch a ride on a Michigan Central freight train here, Arza Durst, 19, single, of this city met instant death when he fell beneath the wheels as the train passed the depot. His head was cut off and his body ground to pieces.

Port Huron—John W. Rogers, of the Wayne Publishing Co., Detroit, and Miss Alice Jones, stenographer, Detroit, were drowned while bathing in Lake Huron, near the life-saving station north of this city. Their bodies were recovered several hours later, having been washed ashore.

Grayling—Members of the Michigan national guard began assembling here last week for their mid-summer drill. This year that training will be more extensive because of the new plan under which it is to be carried on. It is really the first state encampment for drill work since war was declared in April, 1917.

Adrian—Two factions in the Baptist church at Hudson are in litigation over control of the church. An injunction was issued in circuit court, restraining Rev. C. H. Meyers from occupying the pulpit. He is conducting his church work at the parsonage. The plaintiffs desire the services of another preacher.

Detroit—Street traffic will be stopped for three minutes at a specified time Sunday afternoon, August 28, when members of the Thirty-second division stand with bared heads in silent tribute to their comrades "who sleep in France." This will be one of the high points of the division reunion to open August 28.

Muskegon—The Michigan Supreme Court has sustained a decision of Judge Barton, of Newaygo County, upholding a verbal agreement made 53 years ago between Judson Bassett, then 7 years old, and his cousin, Amanda Carpenter. By the decision Bassett is given a farm valued at \$15,000 in Newaygo County.

Muskegon—By giving employment to 700 men, all heads of families and in want, Muskegon had fewer calls for relief this summer than a year ago, when factories were all operating. The city welfare department acts as the city employment bureau and men with the largest families and in greatest need have been given work.

Ishpeming—Henry Ford has opened the imperial mine, near Michiganville, with 15 men preparing the way for rush work. Captain Albert Richards is in charge. He will tear down the old buildings, build new ones, and install electricity. The plant will be electrically operated throughout. The main shaft, down 400 feet, will be pumped out and new mining machinery put in.

Flint—The city of Flint has ordered its coal direct from the mines and will save nearly \$4 a ton. The order was placed at \$2 per ton and covers two-inch West Virginia lump. This exceptional price was due to keen competition for immediate shipment. The final price of the city coal delivered at Flint will be \$5.22, the expense of delivery being about \$3.22. Local coal dealers ask \$9 per ton for West Virginia lump.

Iron Mountain—The city council has passed a resolution to submit a bond issue to the voters at a special election, September 12, to purchase the water works plant owned by the Iron Mountain Water Works Co. It would require \$207,000 to purchase the plant and distribution system, and a refund due the Michigan Iron, Land and Lumber Co., of \$68,000 for a filter plant. A bond issue of \$300,000 to build sewers and pave the main street was carried at a special election a few weeks ago.

MARKET REPORT FURNISHED BY U. S. BUREAU OF MARKETS, WASHINGTON, D. C.

May Timothy hay market rather firm on the higher grades because of light offerings to good demand at Chicago and Minneapolis. Poor hay selling slowly all markets. Prairie in good supply with market steady. Alfalfa receipts light but demand limited. Quotes as follows: New York \$33, Philadelphia \$25, Chicago \$29, Minneapolis \$18.50, Atlanta \$27, Cincinnati \$21, St. Louis \$21, Memphis \$18.50, Kansas City \$18.50, Omaha \$18.50. No. 1 prairie Chicago \$17.50, Minneapolis \$14.50.

Grain Prices lower for week due to slower demand, very heavy receipts, unsettled cash market and lack of public buying. Sharp selling by long another factor in declines. Brisk export demand went far to check domestic market. Report that wheat in midwest largely sold now and receipts are expected to decrease greatly. Corn under selling pressure and week though fairly active export demand was noted. Country offerings larger. In Chicago cash market No. 2 red winter wheat closed at \$1.20; No. 2 hard at \$1.21; No. 3 mixed corn at 58c; No. 3 yellow at 58c; No. 3 new white oats at 33c. MANY LIVES LOST IN COAST WRECK

SHIP HITS ROCKS AND SINKS IN THIRTY MINUTES IN DENSE FOG.

FORTY-EIGHT BELIEVED DEAD

Rescuers Called to Scene By Wireless Save 166 Clinging to Lifeboats and Wreckage.

Eureka, Cal.—Forty-eight persons, 38 passengers and 10 of the crew, were lost Saturday night when the steamer Alaska, of the San Francisco & Portland Steamship company, southbound from Portland, Ore., to San Francisco, sank 30 minutes after crashing into the rocks of Blunt's reef, 40 miles south of this city. The survivors, numbering 166 persons, were brought here Sunday by the rescue ship Anyox, the first vessel to reach the scene of the wreck in response to the Alaska's radio signals. The coastguard tug Ranger, dispatched early Sunday from Eureka, returned to port with the bodies of 12 men. Eight were members of the crew and four were passengers. Of the survivors landed by the Anyox, 30 were more or less seriously injured and received medical treatment at local hospitals.

The Alaska struck the reef bow on in a dense fog, according to the survivors, and immediately began to list. The work of launching lifeboats was accomplished without delay or disorder. Three of the boats successfully rode the waves, but the fourth boat capsized, throwing its occupants into the sea. The greatest loss of life, the survivors said, resulted from this mishap. A few who wore life belts succeeded in keeping afloat until picked up. The steamer Anyox, towing a barge to Vancouver, was 12 miles distant when the first "S. O. S." signals of the Alaska flashed out. Within an hour the Anyox arrived at the wreck and with order that won high praise from the survivors, the crew of the Anyox speedily picked up those who were drifting in life preservers or in life boats. Through the night other ships joined in the rescue work. The Alaska, of the San Francisco and Portland Steamship company, left Portland, Ore., last Friday with 131 passengers of whom 123 were in cabin and eight in the steerage. The majority of passengers were summer tourists.

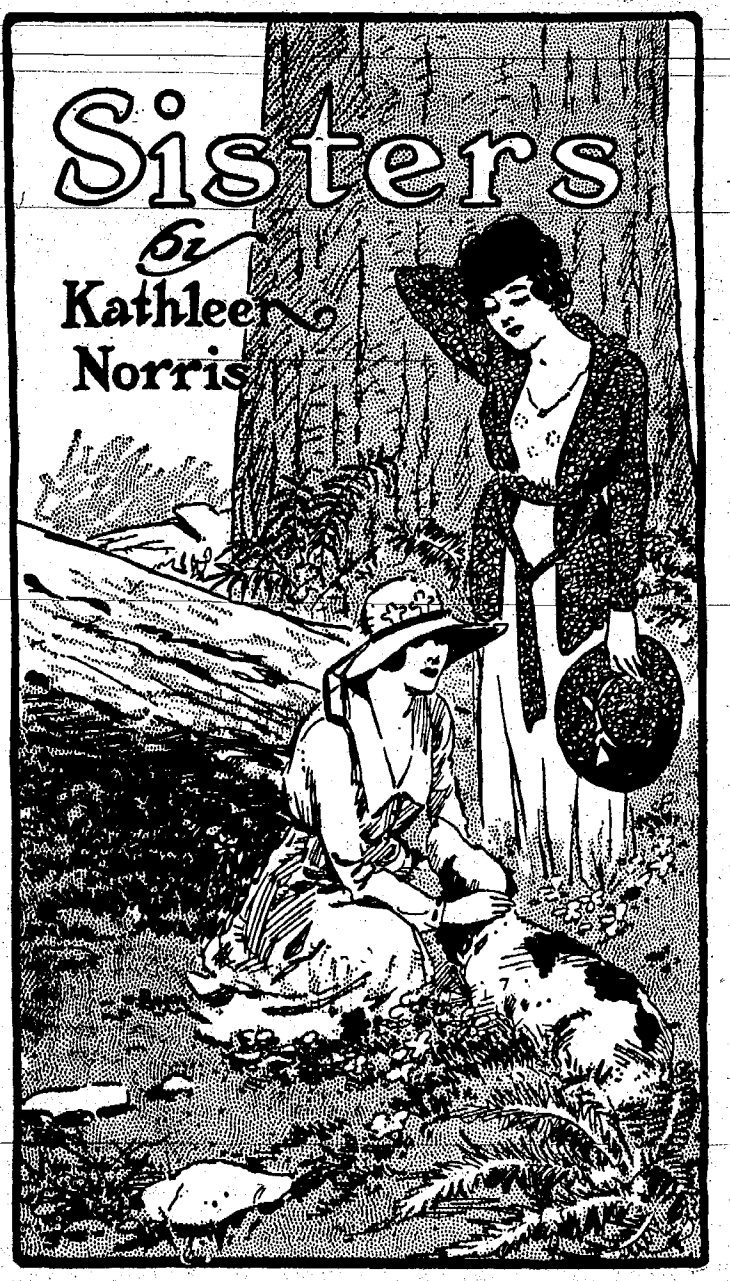

The Alaska hailed from the home port of Port Townsend, Washington. Her net tonnage was 3,709 and her length 327 feet. Her normal crew numbered 45. Blunt's reef is 40 miles south of Eureka and 197 miles north of San Francisco. Ship wrecks were frequent at that point years ago, until a lighthouse was built in 1912. The only notable wreck since was the sinking several years ago of the steamer Columbia with a heavy loss of life. The owners of the Alaska, incidentally also owned the Columbia.

CITY MENACED BY FOREST FIRE

Upper Peninsula Town Narrowly Averts Destruction.

Escanaba, Mich.—After an all-day battle with forest fires in which every available citizen was pressed into service to save the city, Escanaba officials announced late Saturday night that the immediate danger was past. The fire had crept up to the outskirts of the city, well into the park district, and menaced factories and mill yards. The danger became so great Saturday noon that Mayor Joseph F. Fryal, by proclamation, called on factories and stores to close that their employees might join the forest wardens and city firemen in combatting the flames. A general fire alarm was sounded and hundreds, armed with pick and shovel, took up the task. It's always safe to talk about the weather—it can't talk back.

A Romance of the California Redwoods ONE of the finest of all Mrs. Norris' splendid novels. A story of life, love and the beauties of nature; told in the charming style and with the absorbing qualities of plot for which its author is famous. The sisters, Cherry and Alix, opposite in type, are also different in their natures and furnish the contrasting characteristics upon which is built a very human, captivating tale. The plainer, saner and more lovable Alix, is one of the most fascinating characters in recent fiction. Watch These Columns for the Opening Installment of This Delightful Serial!

SEASICKNESS

SEASICKNESS is a disagreeable malady which is caused by the stomach losing its equilibrium and so forth. People do not always miss the equilibrium at first, but this is not true of the 80 per cent.

Seasickness almost always results from coming in contact with water which refuses to lie flat. There is nothing more terrifying than a large body of water which stands first on one leg and then on the other and causes the apprehensive tourist to wish that he had been carried off by the mumps in early youth. It would seem that science could discover some method of preventing the ocean from rising up and driving inoffensive passengers away from a table d'hote dinner which was paid for before leaving the dock, but it has not been able to do so. This teaches us that science is of about as much use to the average citizen as the interstate commerce commission.

Seasickness usually sets in as soon as the three-mile limit is passed, and dies a lingering death on reaching the Irish channel. There are several successful cures for this ailment, however, and after a man has tried them all he will be in sight of land and will feel considerably improved. Many a person has started on an ocean voyage relying upon some cure for seasickness recommended by a friend who never got out of the corn

Water Which Refuses to Lie Flat.

belt, only to be bitterly disappointed in its workings and have to be propped up with malted milk.

There are several forms of seasickness which can be contracted without getting off of dry land. Some men can hardly sit down in a low-hung hammock and swing to and fro with a loving wife without thinking of the days when they were free and untamed and becoming violently seasick. Another popular form of this malady is caused by attempting to drink a company of wide-mouthed companions to a complete standstill.

Seasickness has its drawbacks, and there are times when it doesn't seem to have anything else.

Mother's Cook Book

Our field is the world, and our work is before us. To each is appointed a message to bear. At home or abroad, in cottage or palace, wherever directed, our mission is there.

Everyday Luncheons.

With the convenient, canned, ready-to-serve soups one may have a variety of soups or sauces prepared in a short time. The cans of chopped vegetables which include celery, turnip, carrot and parsley, if added to a pint or more of broth, provide a tasty vegetable soup. Just the preparation of that number of vegetables is worth the price of a can to a very busy housewife, and one always lacks some vegetable flavor, even with a good supply on hand. Onions and potatoes are so commonly in use that they are not included. One can hold enough vegetables for two good meals for a small family. Soups are in order the year round and a variety is always enjoyed.

French Milk Soup.

This is a soup especially recommended for nourishment. Take four cups of scalded milk, add a teaspoonful of salt. Thicken with the well-beaten yolks of four eggs, season to taste and serve at once. Do not boil or the eggs will curdle and spoil the appearance of the soup.

Spinach Soup.

Rub one cupful of cold cooked spinach through a sieve, put into a saucepan with one tablespoonful of flour and butter; add a half teaspoonful of sugar and pepper and salt to taste. When thoroughly hot add four cupfuls of stock. Serve with croutons.

Corn in Tomato Cups.

Prepare six medium-sized tomatoes, rub the inside of the cases—after removing the pulp—with salt, pepper and a little creamed butter. Fill with stewed corn mixed with a tablespoonful of cheese. Cover lightly with buttered crumbs and bake until tender, but not broken.

Just Folks

By EDGAR A. GUEST

THE COOKIE-LADY.

She is gentle, kind and fair,
And there's a sliver in her hair,
She has known the touch of sorrow,
But the smile of her is sweet;
And sometimes it seems to me
That her mission is to be
The gracious cookie-lady
To the youngsters of the street.

All the children in the block
Daily stand beside the crock
Where she keeps the sugar cookies
That the little folks enjoy,
And no morning passes o'er
That a tapping at her door
Doesn't warn her of the visit
Of a certain little boy.

She has made him feel that he
Has a natural right to be
In her kitchen when she's baking
Pies and cakes and ginger bread,
And each night to me he brings
All the pretty, tender things—
About little by-gone children
That the cookie-lady said.

Oh, dear, cookie-lady sweet
May you beautify our street
With your kind and gentle presence
Many more glad years, I pray;
May the skies be bright above you,
As you've taught our babes to love
you

You will scar their hearts with sorrow
If you ever go away.

Life is strange, and when I scan it,
I believe God tries to plan it,
So that where he sends his babies,
In that neighborhood to dwell
One of rare and gracious beauty
Shall abide, whose sweetest duty
Is to be the cookie-lady
That the children love so well.

Honest Toil

By GEORGE MATTHEW ADAMS

JESUS was a Carpenter. Cromwell was a Farmer. Washington was a Surveyor. Franklin was a Printer. Lincoln was a Backwoodsman. To get at great Character and mighty Achievement, you are invariably led to the source of it all—Honest Toil. We are all Tollers. And there is just as much dignity and honor back of the sweat of the man who digs with his shovel or wields with a hammer as there is behind the brain of the man whose thoughts, trained and organized, direct the energies of countless workers.

The Glory and Reward of Toil lie in the Working Spirit that prompts the smallest effort of a Man.

This earth does not belong to the people who inhabit it, but to those who, in Honest Toil, magnify its Benefits. You owe more to every man than any man owes to you. We are all Debtors—from the humblest to the greatest. Nor is any one of us entirely Independent. In Honest Toil, however, every man earns and pays for his Heritage.

The most Pitiful man on Earth is the one with nothing to do. Whereas, the Happiest man on Earth is the one with the most to do.

So long as you have within you, sound and intact, the scores of marvelous instruments for Labor and Service in your Hands, Feet, Eyes, Ears, Mouth—each overlorded by a Master Creation—Your Brain—Complain not that there is nothing for You in Honest Toil. There is everything in it. There is nothing for you outside of it.

Last Night's Dreams

—What They Mean

DID YOU DREAM OF MURDER?

IT IS a curious fact that while the most eminently correct person may in dreams commit the most criminal actions the sleep of real criminals is generally peaceful and their dreams, if they have any, are of the most innocuous character. Santa de Santis, the Italian investigator, has made a wide study of the sleep and dreams of criminals and as a result states it as a rule that the sleep even of murderers is dreamless or haunted by innocent visions. Thus the condemned criminal in his cell may be dreaming of green fields and village bells while the upright judge who condemned him is committing manslaughter in dreamland.

These facts are dead against the conceptions of the poets and novelists and conform rather to W. S. Gilbert's statement regarding the "capacity for innocent enjoyment" of the felon "when not engaged in his employment" rather than with Hood's poem, "The Dream of Eugene Aram." So you are not necessarily criminally inclined because you dream of killing some one.

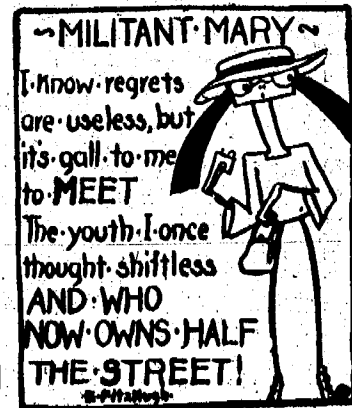

The mystics regard a dream of murder rather unfavorably. If you see others committing murder it is a sign that you will shortly be called upon to answer for the misdeeds of others say some, while others declare that it only means that many hard struggles are before you and it is a warning to "watch your step." If you dream that you are committing murder yourself look out for your reputation and consider well the work you are now engaged in. If you dream that somebody is murdering you suspect secret enemies and unforeseen dangers. In short, it is a sort of warning dream to be on your guard.

Freud has devoted much attention to this dream and regards it as a desire left over from our infancy, a stored-away and forgotten relic of the baby mind before we had learned that it was wrong to murder people. Ellis says: "If normal people dream of crime it is because they are more sensitive and imaginative and the sleeping consciousness is strained to the utmost to invent a phantasmal tragedy adequate to account for the waves of emotion which beset it." An interesting thing about a murder dream is that, as a rule, we experience no remorse for our crime but much anxiety to escape its penalty. William Dean Howells has remarked: "In my dreams I am always less sorry for my misdeeds than for their possible discovery."

FAMINE STALKS IN RED RUSSIA

Feared That Millions Will Starve Unless Relief Is Sent.

London.—Unless the whole world comes to Russia's aid the great nation in eastern Europe will be a charnel house of death for another 12 months, according to gloomy predictions made by Russians here.

Already the worst famine in the history of the country confronts Russia. It is feared that from 1,000,000 to 2,000,000 people will die this year from famine and cold, not counting the terrific toll from cholera and other diseases.

Pigeons Used As Drug Carriers.

New York.—Carrier pigeons are the latest aids pressed into service by New York drug vendors to supply imprisoned customers. Detective Quigley, who last week arrested Anthony Adamo, an alleged drug vendor, and confiscated \$4,000 worth of drugs and a pigeon, said there were at least two cases on record in which pigeons had taken drugs to addicts held at Blackwell's island. Adamo refused to admit that his pigeon was a drug carrier.

ALL TIRED OUT

Hundreds More In East Jordan In The Same Plight.

Tired all the time;
Weary and worn out night and day;
Back aches; head aches,
Your kidneys are probably weakened.
You should help them at their work.

Let one who knows tell you how.

Mrs. Henry Ribble, Bridge St., East Jordan, says: "Two years ago I was absolutely tired out. I wasn't in condition to do anything on account of a weak, lame, sore back. Many a morning I felt so miserable with lameness in my back that I dreaded to get up. When I straightened out from a stooping position terrible knife-like pains were sure to catch me in my back. For a time I didn't rest at all and I was tired out and worried considerably. I became nervous and depressed and was often irritable. Black specks often appeared before my eyes and I suffered from headaches. I certainly was in a nervous condition. I saw in the paper how wey Doan's Kidney Pills were liked so I purchased a few boxes at Gidley & Mac's Drug Store and they cured me."

"Miss Nancy."

This term is generally supposed to have originated in connection with Anna Oldfield, an actress of the Eighteenth century. Her vanity was so colossal that on her deathbed she requested that her remains be laid in state dressed in "very fine Brussels lace headdress, a Holland skirt, with tucker and double ruffles, new kid gloves, etc."

Fraternity the Great Need.

It was Victor Hugo who conceived this thought: "The true resistance of man against catastrophes is an augmentation of humanity. Love one another, aid one another. Solidarity of men is the resort to complicity of mysterious facts. It is thus that is established on earth the third term of the grand human formula, fraternity. Governments, put obstacles in the way of liberty and equality, they will come in their time, in spite of the monarchy; equality in spite of the aristocracy. But fraternity is the opening door, the emptying purse, the helping hand."

"Pandects."

"Pandects" is derived from the Greek and means "all-containing." The Pandects of Justinian is a collection of Roman civil law, made by the Emperor Justinian in the Sixth century, containing legal decisions of judgments, to which the emperor gave the force and authority of the law. This compilation of 50 books is the most important of the body of the Roman civil law.

The Air We Breathe.

A cubic foot of air weighs about one and three-tenths ounces. Thus it is reckoned that a single human individual breathes in 12 months six and one-fifth tons of air. To keep him alive for threescore and ten years will require 430 tons of air. The population of the United States breathes annually 658,000,000 tons of air. The requirement for the entire population of the world is in the neighborhood of 10,500,000 tons.

A coating of magnesium cement on the timbers of mines is stated to be an economical and efficient assurance against fire, especially in the arid regions where the timber becomes highly inflammable and is difficult to replace.

In the British museum there is to be seen an almanac which is 1,200 years older than the Christian era; it dates back to the reign of the Egyptian king, Rameses the Great.

SPINOLOGY

BY JOHN H. ALBERT D. C.
POST OFFICE BLDG.

APPENDICITIS—Appendicitis is an inflammation or excessive heat of the vermiform appendix, a long narrow worm shaped, musculo-membranous tube. This tube contains glands which secrete a saline fluid which acts as a lubricant to the large intestine. So you see that after all the Creator made no mistake in so placing it.

The appendix receives its principal nerve supply from the nerves passing through the 21st intervertebral foramen (the opening between the first and second lumbar vertebra). Pressure on nerves in this region brings about an abnormal expression of heat function to the appendix and is manifested as an inflammation of the appendix or appendicitis.

In appendicitis the chiropractor releases the pressure on the nerves leading to the appendix restoring normal function and where there is normal function there can be no dis-ease, for dis-ease is the result of abnormal function.

The specific adjustment in appendicitis is always the first or second lumbar vertebra and when the impingement is corrected the recovery is rapid.

"Gone to the Dogs,"

The ancient Romans called the ace in dice "canis," the Latin word for dog. To them three aces was to lose the pot in their gaming, whence came the saying "gone to the dogs" as a synonym for ruin or bad luck. The expression "dirty dog" means one morally filthy; one defiled with mere skin dirt is called a "dirty pig." Our literature is sprinkled with reference to the dog, many of them highly complimentary.

Mis-Appropriating \$8,119—Contractors
and Agents Others Indicted.

Marquette, Mich.—Sixteen indictments, involving present and former officials of the Marquette prison and others, have been returned by the grand jury that has been investigating affairs of the institutions for the past four weeks.

The jury finding states that A. S. West, former bookkeeper misappropriated \$8,119 of prison funds. Contractors and sales agents are the others indicted.

Gross inefficiency on the part of the auditor general was held by H. A. Higgins, of Chicago, who directed the audit of prison books, to be responsible for West's defalcations and the condition of institutional affairs. Politics are scored by the auditor in his report, under the heading of general remarks.

The jury finally is said to have entirely disregarded the Higgins report on the prison accounting, and to have based its indictment only on those items indicated in West's confession against which the statute of limitations did not apply. On first presentation, the Higgins report indicated a defalcation charged to West of \$57,000. Early in the inquiry an error of \$10,000 in the accounting was acknowledged. Later scrutiny led the jurors to question approximately \$30,000 of the remaining apparent shortage.

It is said that it appeared that the money in the book shortage had gone into other financial undertakings of the prison proper.

According to report of the grand jury, the indictment against West, the former prison bookkeeper, is based on his confession prior to his arrest a few months ago.

FREIGHT RATE ON GRAIN CUT

Shipments for Export Reduced 7/2
Cents a Hundred Pounds.

Chicago.—Freight rates on grain, grain products and grain by-products from Chicago and the Central Freight Association territory to North Atlantic seaboard ports for export will be reduced 7/2 cents a hundred pounds as a result of conferences between railroads and shippers' representatives.

The Central Freight Association territory includes points on and north of the Ohio River, on and east of the Mississippi River, south of the Illinois-Wisconsin state line, east of Lake Michigan, south of the Great Lakes and west of Buffalo and Pittsburgh.

The rates from points in this territory east of the Indiana-Illinois state line on like traffic to the same ports for export will also be adjusted with relation to the reduced rates from Chicago, it is announced.

\$60,000 CASH LOST BY BANK

Money Missing From Vaults of Bay
City Institution—Grand Jury Probes.

Bay City.—Investigations conducted by the State Banking Department for the last three months in connection with the disappearance of \$60,000 from the vaults of the Bay City Bank culminated last week in the calling of a special grand jury investigation before Circuit Judge Samuel G. Houghton.

The money, consisting of three packages of \$20 bills, disappeared from the bank's reserve fund some time since the first of the year, but its loss was not discovered until the bank examiners made their semi-annual examination early in May. They found the cash \$60,000 short.

SENATE PROBES O.K. NEWBERRY

Sub-Committee Completely Vindicates
Accused Solon.

Washington.—Vindication and exoneration of Senator Truman H. Newberry was recommended to the senate privileges and elections committee by the sub-committee which heard the charges of Henry Ford against Senator Newberry.

Senator Spencer, chairman of the sub-committee, in his report for the full committee completely exonerated Senator Newberry and denounced the many charges against him which were unsubstantiated.

Townley Appeals to Supreme Court.

Minneapolis.—A Townley, president of the Non-Partisan league, will appeal to the United States supreme court his conviction on the charge of conspiracy to violate the Minnesota sedition act. The appeal will operate to stay execution of the 90-day jail sentence imposed on Townley and his fellow defendant, Joseph Gilbert, in a trial court. Mr. Townley will remain at liberty on bail pending the decision. The state court upheld the trial court.

ENRICO CARUSO

Naples.—The most impressive funeral services Naples has known in modern times occurred, when the late Enrico Caruso was buried amidst the lamentations of the grief-stricken populace.

Seldom in the history of the city has the death of a man in private life so affected the impressionable Neapolitans, and from the time the great tenor's death was announced until his body was placed in its temporary vault business virtually was at a standstill.

Enrico Caruso, for more than 25 years a celebrity in the world of song, the tenor with "the golden voice" was born in Naples, Feb. 25, 1873, the son of Marcellus Caruso, a mechanic. He died last week in the land of his birth, following a series of operations.

WORLD PARLEY TO START NOV. 11

U. S. Formally Suggests Date For
Meeting At Washington.

Washington.—President Harding has made formal suggestion to the powers invited to participate that the Washington conference on reduction of armaments and pacific far-eastern questions begin on Armistice day, November 11.

State officials said last week they believed the time could be considered as fixed, tentatively at least.

As soon as the formal invitations are sent out and the formal replies received then will begin the official conversations between the participating powers—Great Britain, France, Italy, Japan, China and the United States—over the scope of the conference under the agenda.

The United States still hopes the nation will take this initiative in negotiations, and each of the nations will be asked to offer suggestions as to general subjects to be taken up.

The United States still hopes the Yap question may be adjusted before the conference is held, but it is understood this government would be unwilling to enter into an agreement that it should be written on the list of the subjects barred from discussion at that time.

CO-OP DAIRY PLANT PLANNED

Adrian Selected As Site For New
Farmers Project.

Adrian.—Michigan farmers plan to take another step in co-operative marketing soon with the establishment in Adrian of a dairy plant through which they expect to dispose profitably of the surplus of milk which accumulates in the Detroit area certain periods of the year.

According to officers of the state association, a number of similar factories will be established if the project here succeeds. Eleven counties of Southeastern Michigan would be served thereby, they say.

Creamery butter and cheese are to be principal products of the factory.

ADRAIN TO LOSE STREET CARS

Company Says Increased Power Rates
Force Suspension of Service.

Adrian, Mich.—The Henry L. Doherty interests, owners of the Adrian street railway, announce they will discontinue car service in this city owing to the increased power rates effective Aug. 20.

The old rates called for \$2 per day per car.

Power is furnished by the Toledo Western Electric, now in the hands of a receiver.

The company states that on account of reduced traffic the Adrian line is losing money daily although fares were advanced from five to 10 cents a year ago.

Rattle Snake in N. Y. Skyscraper.

New York.—Somewhere in the labyrinthian passages of the Hudson Terminal Building there roamed a five-foot rattlesnake—an unwelcome tenant of the big skyscraper for several days last week. A porter who first saw the snake crawling over a telephone booth and sounded the alarm, drew down on himself a variety of sarcastic remarks—until his tale was verified by a circus man who found that one of three snakes he had checked had escaped.

Canning Notes

(M. A. C. Home Economics Dept.)

Why can beets and carrots when they may be stored in the cellar in the fall and kept until late winter or early spring.

First, because the small tender vegetables have a better flavor than the older ones gathered in the fall.

Second, because in thinning the rows of beets and carrots, some may be kept for winter use which would otherwise be wasted.

Third, they are cooked and ready to serve at a moment's notice, and one fire does for a number of meals.

Fourth, they may be used late in the spring after the stored vegetables are all gone or no longer fresh and crisp.

Beets and carrots canned by the cold pack method taste like the fresh product when opened in the winter.

Select small, uniform sized vegetables.

Leave one-inch of stem and tail on beets to keep them from losing color in blanching.

Blanch in boiling water for five minutes.

Dip in cold water.

Remove skins by scraping—not peeling.

Pack into jars—beets should be packed whole if possible. Cover with boiling water to within one-fourth inch of top. Add one tea-spoonful of salt to each quart.

Add rubber, and cover screwed down as tightly as possible with thumb and little finger.

Put in boiler or canner with boiling water over tops of cans. Boil for one and one-half hours.

Remove jars and tighten covers.

Beets may show a slight loss of color when removed from canner, but will brighten up in a few days.

Bank of Nations Proposed.

Washington.—Establishment in New York of an international banking institution to be known as "The Bank of Nations" with \$2,000,000,000 capital to act as the fiscal agent of the United States and such other governments as might be admitted as stockholders, is proposed in a bill introduced by Senator Hitchcock, Democrat, Nebraska.
