EAST JORDAN, MICHIGAN, FRIDAY, MAY 19, 1922.

No. 20

## Home League Is Organized

### Four Baseball Teams To Participate In Summer Schedule.

At a meeting of the representatives, and others interested in Base Ball, of the Holy Name Masonic-Presbyterians, Methodist K. P., I. O. O. F. held at the office of Dr. Parks Wednesday evening of this week the East Jordan baseball league was formerly launched.

There will be four teams in the League and each Wednesday afternoon commencing Wednesday, May 24th, a double header will be played on the school grounds. A committee consisting of Mayor Dicken and Roscoe Mackey is at work now getting the merchants signed up to an agreement to close each afternoon throughout the summer and arrangements have been made whereby the Mills will be closed on Wednesday afternoon. Stores will open after the ball game and will remain open in the evening to accommodate their patrons. There is also a movement on foot to reorganize the local band, hire a leader and have band concerts each Wednesday evening in the new Grand Army of the Republic park. This League is an outgrowth of the indoor base ball League which proved to be so successful last winter and there is so much enthusiasm for the outdoor baseball that prediction is freely made that the enthusiasm will be even greater at the games this summer.

A small admission fee of 10c (ten cents) will be charged to adults to defray expenses of base balls, bats, etc.

At first the games will be seven innings affairs and will continue in that way until such a time as the men get in condition to play a nine inning game. Each team must submit an eligibility list to the executive committee and no team is to have more than twelve men on its list at any one time.

The following officers were elected:

President—H. P. Porter.

Members of the Executive Committee—Fr. Drinan, Glen Bulow, Dr. Bechtold and Joseph Ekstrom.

Umpires—Fred Longlin, Walter Davis, Henry Bennett and John McKinon.

Official Score Keeper—Dr. Dicken.

Admission Committee—Arthur K. Hill and Ben Reid.

Marshalls—Ren Bingham and Henry Cook.

Committee for closing stores—Mayor Dicken and Roscoe Mackey.

The following is the schedule for the season:

### Schedule

—May 24th—

Holy Name vs Mason-Pres.

Methodists vs K. P. I. O. O. F.

### —May 30-31—

K. P. I. O. O. F. vs Holy Name.

Mason-Pres. vs M. E. Fellowship.

### —June 7th—

M. E. Fellowship vs Holy Name.

K. P. I. O. O. F. vs Mason-Pres.

### —June 14th—

Mason-Pres. vs Holy Name.

K. P. I. O. O. F. vs M. E.

### —June 21—

Holy Name vs K. P. I. O. O. F.

M. E. vs Mason-Pres.

### —June 28th—

Holy Name vs M. E. Fellowship.

Mason-Pres. vs K. P. I. O. F.

### —July 4-5th—

Holy Name vs Mason-Pres.

M. E. vs K. P. I. O. O. F.

### —July 12th—

K. P. I. O. O. F. vs Holy Name.

Mason-Pres. vs M. E. Fellowship.

### —July 19th—

M. E. Fellowship vs Holy Name.

K. P. I. O. O. F. vs Mason-Pres.

### —July 26th—

Mason-Pres. vs Holy Name.

Business places to close from 1:15 p. m. to 5:00 p. m. Games start promptly at 1:30 p. m.

It is expected that all business places

## Charlevoix Gets Soil Survey

### State Institutions Co-operate. Wisconsin Man to Direct.

With many state departments and institutions co-operating the state department of agriculture will inaugurate a soil survey in Charlevoix Co. by the first of June, according to plans made Tuesday May 9th by the advisory committee on soil survey at Lansing.

The Michigan Agricultural college is to play a prominent part in the survey and the University of Michigan is also to lead the fullest co-operation.

Charlevoix county has been picked to start the survey because of the general diversified conditions found in this county. It has both good and poor farming land and the natural resources are such that the advisory committee plans to make the work here a model to be followed as the survey is gradually expanded to the other counties of the state.

### WILL SHARE EXPENSE.

Because of the lack of an appropriation for a soil survey the various state departments and institutions, which lend men to the work, are to pay their proportionate share of the expenses, while the general expenses will be borne by the state department of agriculture. In this way it is believed the survey can be pushed ahead until the next meeting of the legislature, when it is hoped to get an appropriation to carry out the work. Should no appropriation be made it is planned to go ahead as the work now is to be carried out.

The committee voted to offer the direction of field work to Prof. H. W. Stewart of the University of Wisconsin.

### M. A. C. WILL ANALYZE.

The Michigan Agricultural college will have charge of all soil analysis. Prof. Ernest Bessey of M. A. C. and Prof. L. H. Harvey of Kalamazoo State normal are to carry on the botanical study. Prof. L. J. Young of the forestry department of the U. of M. is to direct the forestry work and along this line particular attention is to be paid to prevention of forest fires.

The members of the advisory committee are Prof. George Grantham, M. A. C.; Frank Leverett of the federated geological survey; Miss M. H. Martin of the state geological survey; Prof. L. J. Young, U. of M.; Prof. C. O. Sauer, U. of M.; R. L. Smith, state geologist; Albert Stoll of the state conservation department, and Ezra Levin, state department of agriculture.

without exception will sign the agreement to close their stores and strictly adhere to. This will give our citizens a chance for an afternoon of recreation each week throughout the summer and will undoubtedly prove of great interest to all patrons of the stores. Some of the best business towns in Michigan have adopted the plan of closing their stores one afternoon each week throughout the summer season and they find they get better service from their employees and that their customers readily accommodate themselves to this condition and that instead of driving business away it is a business getter, especially where amusement is provided as will be done here. Let's all get together and make this a community affair. All be boosters. No knockers wanted. Let's Go.

## MEGUZEE ASSOCIATION ELECT OFFICERS.

The annual meeting of Meguzee Ass'n, Order Eastern Star, was held at Charlevoix last week with a large number from all counties represented in attendance.

It was voted to hold the next Convention at Traverse City.

Officers elected for the coming year are as follows:

President, Ella Wallbrecht, Central Lake.

Vice-President, Mrs. Annetta Grayson, Pellston.

Second Vice-President, Mr. White, of Traverse City.

Secretary, Mrs. Gladys Bechtold, East Jordan.

Treasurer, Mrs. Walch Acme.

Chaplain, Mrs. Clara Jnbenville, Boyne City.

Marshal, Mrs. Watson, Elk Rapids.

### What Eyes Indicate.

Round eyes, placid in expression, indicate generosity and amiability. Large blue eyes, clear and almost transparent, are signs of great ability and sensitiveness. They also indicate a jealous disposition.

## Memorial Day, May 30

### A Proclamation by the Governor.

More than three score years have passed since our fathers took up arms in defense of the Union. That was the primary purpose of the Civil War, to preserve the Union; but as the war progressed, it became more and more apparent that slavery must be killed. It had fastened itself upon us; it grew with our growth; it strengthened with our strength; but when at last it lifted its mailed fist to strike a blow at the Nation's life, then the Nation armed itself to save itself, and for liberty as well; and when the four years of agony were over, a new witness to human brotherhood went forth from these shores and the light sped all around the globe. Some of those who took part in this great conflict are among us yet, though a fast diminishing company.

For many years it has been the custom of our people to go out on Memorial Day and place flowers on the graves of those veterans of the Civil War who have passed on, and with appropriate public exercises to show respect and honor to those who are still with us. May the Republic never cease to commemorate the heroic achievements of the men who freely offered their lives that the Nation might live.

In the Spanish-American War and in the recent World War, the sons and grandsons of those who fought at Shiloh and Gettysburg fully maintained the honor of America.

Therefore, in order that we may pay a tribute of respect and affection to the surviving veterans of all these wars, and do honor to the memory of their fallen comrades, I sincerely urge that

**Tuesday, the Thirtieth Day of May, 1922**

be fittingly observed as Memorial Day, and I earnestly appeal to the people of Michigan for hearty cooperation in plans for the proper observation of the day in their respective communities. The comfort and convenience of the old soldiers will, I am sure, be the first care of those in charge of the arrangements.

On Memorial Day flags should be displayed at half-staff until noon and then hoisted to the top of the staff.

Given under my hand and the Great Seal of the State this seventeenth day of May, in the year of our Lord one thousand nine hundred and twenty-two, and of the Commonwealth the eighty-sixth.

ALEX J. GROESBECK, Governor.

## TO THE CITIZENS OF EAST JORDAN!

In accordance with the proclamation by the Governor, I earnestly request that the citizens of East Jordan co-operate in the observance of Memorial Day. That all places of business close from 9:00 a. m. until 4:00 p. m., and that all lodges and organizations of the city attend the services at the High School Auditorium.

HUGH W. DICKEN, Mayor.

## GEORGE H. LEE PASSED AWAY AT HERMANVILLE, MICH.

George H. Lee passed away at Hermanville, Menominee County, Sunday, May 14, from pneumonia.

The remains were brought to East Jordan—his former home—Monday, and funeral services were held from the Methodist church Tuesday afternoon conducted by the pastor, Rev. Marshall. The remains were laid beside those of his parents in Sunset Hill.

George Henry Lee was born in Alleghany County, New York, Dec. 28 1861, his parents being Ephraim and Elizabeth Lee. He came with his parents to Michigan in 1878, and in 1882 he was united in marriage to Louisa Jane Crothers. They located in East Jordan in 1884 where they continued to reside for some time, later moving to Emmet County where they have since made their home.

Deceased is survived by the wife, two sons, Frank J. Lee of Marquette and Ira E. Lee of Charlevoix, and one daughter, Mrs. Fred Raymond of Munising.

He was by occupation an engineer and Marine Captain, and had recently gone to Hermanville to take up a position as stationary engineer. Deceased was a member of the Methodist Church and superintendent of the Sunday school at Resort township. He was a member of the Knights of Pythias, the M. B. A., and was Master of Resort Grange at the time of his death.

### Card of Thanks.

We wish to express our sincere appreciation of the many acts of kindness extended us in our hour of sorrow in the death of our husband and father.

Louisa J. Lee  
Ira E. Lee  
Mrs. Fred Raymond  
Frank Crothers.

### The Fox In Japan.

In Japanese mythology the fox is represented as having been born first into this world at the descent of the Sun Goddess, and even now a fox is regarded by the humble classes as a messenger from heaven.

## "PARK BEE" POSTPONED TO NEXT MONDAY, MAY 22.

Owing to inclement weather, the "Park Bee" scheduled for Wednesday afternoon was postponed to next Monday afternoon.

Let every public spirited citizen try and be present next Monday, armed with a proper gardening instrument, and the work of preparing the proposed City Park (across from the Library Building) for seeding will be made short work of.

This message is for YOU—the reader.

## COUNCIL PROCEEDINGS

Regular meeting of the Common Council of the city of East Jordan, held at the Council Rooms, Monday evening May 15, 1922.

Meeting was called to order by Mayor Dicken. Present: Mayor Dicken and Aldermen Porter, Palmiter, Aldrich, Farmer and Proctor. Absent—Aldermen Kowalske and Whittington.

A petition signed by John Nachazel and six others asking for the improvement of Mary and Milton streets and the installation of some street lights on the said Milton street was presented, and on motion by Alderman Porter, the matter was referred to the street and lighting committees.

Moved by Alderman Aldrich supported by Alderman Farmer that the council approve of 5 foot sidewalks along the following descriptions of property, to-wit: East side of Lots 1, 3, 4 and 5, Block 16, Nicholl's 2nd Addition, also south side of Lots 1, 3, 9 and 10, Block 22, and Lots 1 and 2, Block 21, Nicholl's 3rd Addition. Motion carried.

On motion by Alderman Porter meeting was adjourned until Monday evening, May 22, 1922.

OTIS J. SMITH, City Clerk.

### All Sprang From Dreams.

There is not a single invention achieved by man—from the making of the first stone ax to the construction of the latest model in airships—that has not had a dream behind it.—H. Addington Bruce.

## Loeb Farms Make Record

### Loeb Farms Holsteins Officially Listed.

Charlevoix, Michigan breeders are again mentioned in the latest bulletins of the Holstein-Friesian Association of America which reports the milk and butter fat production of cows under official supervision.

Loeb Farms, have two of their purebred registered Holsteins listed in this bulletin. Their best cow, Lady Gerda Concordia, is reported as having made at the age of four years and eleven months, a record of 581.4 lbs. of milk and 19.647 lbs. of butter fat, in seven days, equivalent to 24.5 lbs. of butter. Her 30 day record is 2351.1 lbs. of milk and 81.410 lbs. of butter fat, equivalent to 101.7 lbs. of butter. Their other cow, Zeta Ravenwood, made a record in seven days at the age of three years and four months of 462.5 lbs. of milk and 17.646 lbs. of butter fat, equivalent to 22 lbs. of butter. Her 30 day record is 2009.9 lbs. of milk and 71.856 lbs. of butter fat equivalent to 89.8 lbs. of butter.

EAST JORDAN PUBLIC SCHOOLS

### BASE BALL DOPE

#### Concluding Base Ball Notes Given Us by Mr. Snellenberger.

#### BATTING

1. As a usual thing, the first batter in an inning should wait out a pitcher as long as he can safely, to give the pitcher a chance to get wild and to give as much work to do as possible.

2. Unless men on bases won't tie or win, with first or first and second occupied, with no one out, the batter should sacrifice.

3. Second and third or second or third occupied, the batter having two balls and no strikes, should not take a strike. Hit the ball if it is good. But if the batter gets three balls and no strikes, he should take one and try to get a base on balls. Often it is advisable to hit with three balls and no strikes.

4. If the batter has no strikes called on him and he sees that a baserunner on second is stealing third, he should help the baserunner by making a bluff to bunt, hoping to pull the third baseman in. This requires quick thinking and action.

5. With one or two out and nobody on base, hit whenever you get the pitcher in the hole if the ball is good.

6. Don't swing hard when you play, hit and run; try to keep the ball on the ground and, if possible, in direction of right field, thereby decreasing the chances of a double play.

7. In all close games, a runner on first and two men out, the batter should give the baserunner a chance to steal, but never take more than one strike. If several runs behind, the baserunner should let the batter hit, as more than one run is needed to win.

#### BASE RUNNING

1. With the baserunner occupying first base, and with two men out, he should always attempt to steal unless the pitcher, who is batting in last place is at bat. In that case let him hit because, if he is retired, you start the next inning with the top of your batting order up.

2. Unless two men are out, hold third base on all hits to the outfield until you know positively whether or not the ball can be handled. If the ball falls safe you can walk in and if caught or muffed, you are in the best position to score.

Exception to No. 2. If the fly ball is hit real short, so there is no chance to score if the ball is caught, then run up the line as far as you can and still be able to return to third safely if the ball is caught. If it is missed the runner should score.

3. Take the turn at first base on long hits and run inside of the bases all the way around. Don't run against the opposing fielders if they are in the way, but use them as a pivot to turn around. On hits to the outfield, whether safe or not, take a big lead toward second, as you can often turn a single into a double due to the slowness of the fielders. This is especially true of a fly ball

error. Make opponents in a close game take the outside of the base.

4. First, or first and second base occupied with two men out, the batter having three balls and two strikes, the baserunner or runners should start for the next base.

5. When the baserunner gets the signal to steal, get a good lead, so as to be able to steal the base clean, should the batter miss the ball. Keep your head up and eye on the play so as to return to the base if batter hits a pop fly. If the batter makes a base hit, your good start and the fact that you are on the run, should enable you to take an extra base in many cases. If the ball is hit into the air toward an outfielder, stop between bases and be ready to advance if the ball is missed or to return if it is caught.

6. When the opponents try for a double play at second, the man put out at second should continue to third, hoping to draw a throw from the first baseman. The man safe at first, can then continue to second.

7. If second and third are held by runners with one out, and the batter hits a ground ball to the infield, the man on third should come home as hard as he can, but he should know where the ball is all the time. If he sees that he is caught, he should stop and run up and down the line, so as to allow the batter time to advance to second, and the man at second to advance to third, thus leaving the field in the same position after having taken a chance on scoring a run. The batter must remember to go to second with all possible speed, but must keep an eye on the play while making the attempt.

8. With no one out, play safely, but always be ready to score in case of the ball getting away from an infielder or catcher; always have a good lead and figure your speed as a runner in all chances to advance.

9. The batter having three balls and no strikes, the man on first should attempt to steal.

10. Do not play hit-and-run too often in a game. Let the runner take a chance once in a while without the batter's aid, especially in case of slow battery work, that is, big motion of the pitcher, or a slow pitcher, or a poor thrower, etc.

With a man on first and third, the man on first goes to second, the man on third makes a bluff to draw the short throw, and watches for a poor throw from the catcher.

(Correction) Paragraph 8, last week's issue, should read 25 ft. instead of 5 ft. in backing up a play.

## F. A. KENYON TAKES CHARGE OF STATE CAPITOL.

Frank Kenyon, for several years superintendent of the State park at Mackinac Island, has been named superintendent of the Capitol building and grounds at Lansing. He succeeds F. C. Ebling, who has resigned.

Mr. Kenyon was a county official of Charlevoix county for a number of terms, following which he moved to Mackinac Island, where extensive improvements and changes have been made under his management. Reforestation and conservation of young timber was looked after in a manner which greatly improved the appearance of the natural resources of the island and lessened the fire risk.

The appointment of Mr. Kenyon is considered at the state house as recognition of his ability as an able superintendent, and it is being well received by his friends at the capitol.

## YORKSHIRE SOW BEARS LITTER OF TWENTY PIGS.

Charlevoix County has been renowned for years as a productive farming region, but it remained for a Yorkshire Sow to prove to the world that this was both a healthy and productive region.

At the farm of Claude Reynolds, located near East Jordan, on May 8th, a Yorkshire sow brought forth a litter of TWENTY HEALTHY PIGS.

According to farm publications, seventeen is the highest number ever recorded, so Charlevoix County goes it three better.

Charlevoix County is certainly a productive region.

### Consistency.

Betty—"The idea of Bob to attract my attention; I ed and wouldn't notice What's that? It's Jack auto horn for me to come me, dear, I must go."

## Wolverine News Brevities

**Rochester**—Winthrop A. Hayes, 78, former postmaster here for 16 years, died at his home.

**Kalamazoo**—The American Legion here is considering a plan to plant trees in honor of the city's soldier dead.

**Bay City**—The Leonard-Crosssett & Riley Co., pleaded guilty to violation of the food laws by not having potatoes in shipment properly tagged and paid a fine of \$50.

**Lansing**—Sale of stock in the Detroit Rapid Transit Co. was stopped by the Michigan Public Utilities Commission following a hearing on the company's financial status.

**Sparta**—Jay Croninger, 35 years old, known as the "horse radish king," was found drowned in a creek. The stream is only a foot deep and it is believed Croninger fell in a faint.

**Cheboygan**—The state conservation commission has under way the construction of a fish hatchery for the protection of brook trout, two miles north of Wolverine in Cheboygan county.

**Cadillac**—A bundle of newspapers is believed to have saved the life of Austin Berry, newsboy, when the papers broke the force of his fall as a bicycle on which he was riding was struck by an automobile.

**Lansing**—Governor Alex J. Groesbeck refused to authorize the state administrative board to furnish \$200,000 a month for 15 months for the University of Michigan building program, as asked by the state regents and President M. L. Burton.

**Monroe**—Confiscated wine and whisky worth \$8,200 was poured into a sewer by Sheriff Frank Gessner. Two trustees from the county jail aided him in the work. Bungs flew 100 feet in the air when casks were rolled on the court house walks and scores of persons gathered to watch the work.

**Lansing**—Ralph O. Tucker, fruit and vegetable dealer of Grand Rapids, testified at the freight rate hearing before the public utilities commission, that the upper peninsula fruit and vegetable wholesale business has been taken up largely by Milwaukee and Chicago because of the high freight rates in Michigan.

**Flint**—Dr. Jesse H. Beckwith, prominent dentist, clubman, and civic leader, was granted an absolute decree of divorce from his wife, Ann, by Judge E. D. Black, in circuit court here. Dr. Beckwith, in his testimony, named Wallace H. Willett, president and general manager of the Durant corporation of Muncie, Ind., as the "other man."

**Lansing**—The bureau of foods and standards of the department of agriculture, has started a drive to rid the state not only of dealers in spoiled preserved foods, but has enlisted the aid of the federal government to end the practice of sending spoiled food from Michigan into adjoining states, to have it doctored, and returned here for sale.

**Lansing**—John G. Stone, Houghton county attorney, was appointed judge of the twelfth judicial circuit, to succeed Patrick H. O'Brien, resigned, by Governor Groesbeck. His father, the late Justice John W. Stone, of the state supreme court, was a former circuit judge in the same district, which comprises Keweenaw, Houghton and Baraga counties.

**Grand Rapids**—That the accident was unavoidable and that there was no evidence of criminality on the part of any person, was the finding of the coroner's jury investigating the accident in which an automobile, driven by Theodore Peters, 19 years old, of Calvin college, mounted a curb and fatally injured Ann Van Eck, 10 years old, and Jean Meyer, 6 years old, who were standing on the sidewalk.

**Potoskey**—Dr. Clarence W. Green, formerly of Albion college, and now president of Hedding college, Abingdon, Ill., resigned as president of Bayview Summer university and president of Bayview assembly of Bayview camp ground association of the Methodist Episcopal church, at a meeting of the board of trustees and educational committee. Dr. Hugh Kennedy, of Detroit, will direct assembly work this season, and Dr. Hempt, of Albion college, Bayview university.

**Muskegon**—Circuit Judge Vanderwerp ruled that the law providing that the owner of an automobile is liable for damages done by the vehicle when driven by any member of the family is constitutional and as a result a jury granted William N. Swartz, of Montague, \$2,300 damages. Ernest Smith, Sr., and his adult son, Ernest, are held liable. The suit grew out of injuries received when Smith's car, driven by young Smith, and a motorcycle on which Swartz was riding, collided.

**Ann Arbor**—Joseph Van Tyne, son of Professor Claude Van Tyne, the freshman who refuses to wear the freshman cap was kidnapped by a group of young men said to be the vigilance committee, taken to Geddes dam, four miles out in the county, "tagged and his hair cut, monitors were thrown through a pillow case over his hands and let him aged to work himself on pillow case, found a some distance away and home.

**Hart**—Mrs. Bessie Newell, of Pentwater, has been chosen president of the Oceana county W. C. T. U.

**Port Huron**—Members of the Port Huron ministerial association went on record as favoring a grand jury investigation into city hall affairs.

**Lansing**—Dean Eudora Savage, dean of women at the Michigan Agricultural college, announced her resignation, effective at the close of the college year.

**Pentwater**—John Baker, 40 years old, and another man are dead as the result of a drinking party here. Assistant Prosecutor Earl Pugsley is endeavoring to uncover the source of the poisoned liquor.

**Ann Arbor**—For the first time in 20 years, the annual meeting of the Michigan State Pharmaceutical association will be held here at the union, with some of the sessions on the campus, June 6, 7 and 8.

**Flint**—Rev. J. Bradford Pengelly, rector of St. Paul's Episcopal church, has tossed his hat into the political ring. He seeks the Republican nomination for state senator in the district comprising Genesee and Livingston counties.

**Mt. Clemens**—The new model, all-aluminum aeroplane, being tested at Selfridge field by Pilot Simmons, crashed about half a mile from the field. The pilot was not injured, as he was barely 100 feet in the air when the mishap occurred.

**Holland**—John J. Tibbe, 40 years old, a contractor, was killed when he fell off a roof at Macatawa. He suffered a fractured skull. Tibbe leaves his widow and three small children. A year ago he narrowly escaped death in a similar accident.

**Iron Mountain**—During the present season, the honey industry in Dickinson county will be considerably enlarged in response to the urgent appeal made some time ago by the state bee inspector to increase the number of beekeepers in the upper peninsula.

**Muskegon**—Joe Hart, a barber, who was to have been tried soon on a charge of violation of the liquor law, took his own life in a room adjoining his shop, by inhaling gas. He had told friends, he would take his life rather than go to prison. He formerly lived in Fremont, Mich.

**Oshtemo**—It is expected a number of Adventists living in and near Oshtemo, will attend the Seventh Day Adventist camp meeting to be held at Battle Creek this year. The adventist camp meetings are the largest the world has ever known and previously were held at Allegan, and Marshall.

**Muskegon**—Petitions asking return to aldermanic form of government were filed with City Clerk Teilmann. The petitions bear the names of between 1,000 and 1,100 residents, which is approximately the required number to make it necessary to submit the matter to a vote of the taxpayers.

**Flint**—The famous painting, "Christ before the High Priest," was unveiled in St. Paul's Episcopal church here with impressive ceremonies. The picture was painted in Spain in 1705 and brought to Mexico where it was obtained by Hon. Fenton R. M. McCreary, who presented the art treasure to St. Paul's.

**Lansing**—John Endicott, of Detroit, was appointed a member of the board of state fair managers to succeed Edward A. Hamer, of Chassell, by Governor Groesbeck. With that exception the personnel of the board remains unchanged, the four other members whose terms expire this year being reappointed.

**Albion**—William Neilsen, fireman, would not wager a fellow employee that he could eat 48 eggs at one sitting but volunteered to do the stunt if the four dozen eggs would be provided. They were brought and Neilsen ate them without a complaint. He suffered no inconvenience and afterward ate his usual dinner.

**Big Rapids**—Not until after the funeral did neighbors of Mrs. Jane Moffitt know that she was the famed "Dolly," the world's fattest girl of circus prominence several years ago. She weighed more than 400 pounds a few days before she died. She did not receive callers and had lived with her daughter here several years.

**Monroe**—Mrs. Edward Cisco, 70 years old, and well-known resident of Dundee, 14 miles west of Monroe, was hit and killed by passenger train No. 53, on the Ann Arbor railroad, while walking the railroad's trestle bridge, over the River Raisin. The woman is quite deaf, and is believed not to have heard the train's warning whistle.

**Marshall**—The shortest case ever tried in the Calhoun County Circuit Court was heard by Judge Walter H. Smith when Mike Valje, of Battle Creek, charged with violating the prohibition law, was found guilty. A jury was secured and sworn, the prosecutor made his opening statement to the 11 men and one woman, the testimony of three witnesses was taken, the arguments of attorneys made, the judge's charge given and the verdict reached in 57 minutes.

**Atlanta**—Albert Vanallen has confessed to slaying James Brown, a woodsman and farmer, last April 28. Sheriff Deadman has announced. Brown was shot while peeling posts, at his home five miles south of here. Vanallen is quoted by the sheriff as saying he sold Brown a rifle not long ago and grieved so much about it that he tried to get it back. He declares Brown shot first, the sheriff said. Vanallen has lived in this neighborhood about three years, coming here from Turner. He has a wife and three small children.

## Items Of Interest in World's News

**Book Sellers Going to Detroit.**  
Washington—Through the efforts of the Detroit delegation to the American Book Sellers' association, the convention of that organization will be held in Detroit in May, 1923.

**Soaks Clothes in Oil, Sets Match.**  
Gallipolis, O.—Saturating her clothing with kerosene oil, Miss Betty La Porte, residing near Lock Eleven on the Ohio river, went out on the lawn and applied a match. She burned to a crisp.

**Princess Fatima's Diamond Sold.**  
New York—The Dara-Yai-Noor, Princess Fatima's \$100,000 diamond sold for \$5,500. The jewel was auctioned at a sheriff's sale primarily because its owner owed the government \$1,400 duty.

**Cut Toes for Fashion's Sake.**  
London—The Daily Express states that many fashionable society women are having their small toes removed so that they can wear the new styled shoes, which are long, very narrow and pointed.

**Clothing Workers Fight Wage Cuts.**  
Chicago—Resolutions declaring they would accept no further wage reductions under threat of a nation-wide strike were adopted by the delegates representing 150,000 members of the Amalgamated Clothing Workers of America.

**Obscene Pictures Bring Sentence.**  
New York—Charged with possessing pictures and literature contrary to law, Lorenzo Dow Covington, of Covington, Ky., 60 years old, Egyptologist and lecturer, at one time suggested as a United States consul, has been sent to jail for six months.

**Bishops Use Caravan for Trip.**  
New York—Bishop William T. Manning and Suffragan Bishops Shipman and Lloyd are planning to preach from an automobile caravan which will tour the smaller towns of the diocese, it was announced at the 139th annual convention of the Episcopal diocese of New York.

**Spectacular Eruption of Geyser.**  
El Centro, Cal.—A spectacular eruption of the mud geysers in Salt Sea, near here, sent mud, smoke and steam 200 feet into the air, according to the report here of a number of persons who witnessed the phenomenon. The eruption came without warning, and continued 20 minutes.

**Hudnut Heiress Gets Movie Hero.**  
Los Angeles—Word has been received here from New York that Richard Hudnut, perfume manufacturer, has announced the engagement of his daughter Winifred, an art director, known professionally as Natu-Cha Rambova, to Rudolph Valentino, motion picture actor of Los Angeles.

**Cannot Use "Mrs." on Ballot.**  
St. Paul, Minn.—A woman candidate for political office in Minnesota is not entitled to have the word "Mrs." printed before her name on the ballot, the attorney-general's office ruled on an inquiry from an attorney for Mrs. Peter Olsson, of Cloquet, Minn., who has filed as a Democratic candidate for United States senator.

**Women to "Clean Up" Cokeville.**  
Cokeville, Wyo.—This city, once reputed as a hangout of "bad men," held an election and Mrs. Ethel Stoner was the successful candidate for mayor. Mrs. J. D. Noblitt and Mrs. Richard Roberts were named to the city council. The women defeated a men's ticket and they have announced their intention to "clean the city of bootleggers and other law violators."

**Sons to Contest Croker Will.**  
Dublin—Solicitors acting in behalf of the late Richard Croker's two sons in the United States, served notice on Mrs. Croker's solicitors that they had been instructed to enter a caveat in an Irish court against the will of Mr. Croker when it was lodged for probate. This, it was stated, would make a trial necessary to prove the will and the competency of the testator.

**"Connie" Wants to be Free.**  
Los Angeles—Constance Talmadge, motion picture actress, has filed a suit for divorce from John J. Tialoglou, "a native of Turkey, a subject of Greece and a cigaret manufacturer of New York," according to the complaint. She charges "cruel and inhuman treatment." They were married Sept. 26, 1920, at Greenwich, Conn., and separated April 5, 1921, the complaint states.

**College Replies Favor Prohibition.**  
Chicago—The Intercollegiate Prohibition association made public replies from 158 colleges and university presidents in 40 states received in answer to questionnaires asking what the faculty and students of each institution thought about prohibition in theory and in fact. The replies showed 136 favorable to prohibition, 10 non-committal or indefinite, eight unfavorable and four favorable to the theory but unfavorable to present laws.

## STOP AIR ACCIDENTS

New Aircraft Engine Eliminates Use of Gasoline.

Use of Heavy Fuel Oil, It is Believed by Experts, Will Prevent Such Disasters as That to Army Dirigible Roma.

Baltimore, Md.—Experiments conducted by the national advisory committee for aeronautics, under the general direction of Dr. Joseph S. Ames, have developed an aircraft engine eliminating the use of gasoline, which Doctor Ames described as the "fundamental cause" of fire accidents in the air.

By the use of heavy fuel oil, Doctor Ames said, it is hoped to prevent such disasters as that to the army dirigible Roma, in which only three men out of forty-five escaped. Doctor Ames is professor of physics at Johns Hopkins university and chairman of the executive committee of the aeronautic organization.

The new engine, a high speed airplane wing, and a device which is being developed for obtaining data and making tests under actual service conditions, will be reported at the semi-annual meeting of the advisory committee in Washington.

No special processing of the oil employed in the new engine is required, Doctor Ames said. The motor itself is a modified Liberty, with pistons made much longer to provide greater compression. It has no valves. The oil, very thick and gummy, is forced through a jet by a compression pump, and enters the cylinder under high pressure.

The greatest problem involved, Doctor Ames said, was to make a motor of this sort light enough for aviation, but he regarded this as largely accomplished. He added that the oil could be used for automobiles.

Today—a leader

A sweeping verdict for QUALITY

Words With Many Meanings.  
The meaning of a word in Chinese is indicated by the musical tones in which it is uttered. One word may have as many as five different tones, each of which, when sounded, gives the word an entirely different meaning.

Character Formed by Reading.  
As hardly anything can accidentally touch the soft clay without stamping its mark on it, so hardly any reading can interest a child, without contributing in some degree, though the book itself be afterward totally forgotten, to form the character.—Whately.

## No War Tax

Effective May 8, 1922, the Excise Tax on United States Tires for passenger cars, both casings and tubes, is absorbed by the makers and is not added to the selling price. United States Rubber Company

To the Purchasers of  
a 30 x 3 1/2  
Usco for \$10.90

WHEN the "Usco" Tire announced its new price of \$10.90 it carried this understood contract with the buyer—

A price reduction made in good faith—using all the U. S. advanced art of tire making not only to get the price down, but to keep the quality up.

Today \$10.90 is not the uncommon price it was last November.

But the "Usco" Tire is still the uncommon tire value it always has been.

Because in carrying out the "Usco" price reduction in good faith, we learned something about raising the quality, too.

### UNIONS LOOTED BY 3 LABOR LEADERS

POLICE OFFICIALS CLAIM TO HAVE PROOF OF LAWLESS RING IN CHICAGO.

### ARRESTS REVEAL HUGE PLOT

Reported That Indicted Men Had Organized Crime Organization to Combat Law and Order.

Chicago—Search through the mass of documentary evidence seized in a spectacular series of raids on union labor headquarters has supplied proof, according to police, that recent murders, bombings and lawlessness resulted from efforts of a triumvirate of labor men to rule Chicago unions.

The three men involved, "Big Tim" Murphy, Fred Mader and "Con" Shea, the "Big Three" of local labor circles, who, police said, were among the 150 seized several days ago following murder of two patrolmen seeking to arrest four bombers, not only were living off the unions, but were double-crossing them, it is claimed.

Books, memorandums, letters, files and other matter, it is said, told how these men used money collected as union dues to employ sluggers to intimidate members of their unions and hold them in line.

Not content with large sums collected, much of which was appropriated to their uses, it is said, members of the triumvirate also collected money secretly from employers of union labor to settle strikes or under threats of calling needless strikes.

### AUTO ON TRACK DERAILS FLYER

Train Moving at 65 Miles an Hour—Three Dead, 22 in Hospitals.

Batavia, N. Y.—Three dead, 22 in hospitals in this city and a score or more with minor injuries were the casualties in the wreck of the Black Diamond express on the Lehigh valley railroad at North Leroy Saturday.

The wreck, according to Engineer Moser of the Black Diamond was caused by the attempt of Thomas R. Brodie to get his automobile across the tracks at the Lake street crossing ahead of the train. The engine struck the automobile squarely, tossed it ahead and ran into the debris, which lifted the front trucks of the engine from the rails.

The train was moving at 65 miles an hour, Engineer Moser said, and as its speed was checked by the derailing engine, it buckled and five cars which were pinched out crashed down a 40-foot embankment.

### FRANCE WANTS U. S. AT PARLEY

Pleads That America Lend Aid to Straighten Out Russ Tangle.

Genoa—France has appealed to the United States to participate in the proposed international commission to investigate the Russian situation.

The American ambassador, Richard Washburn Child, reported the French proposal suggests that the United States, if the invitation is accepted, would have a dominant voice in the action of the commission, but would not be bound by her acceptance to any decisions of the commission, which she did not approve.

If the United States accepts, France would agree to the Russians being represented in the commission.

### DETROIT TAKES OVER D. U. R.

All Street Railway Lines in City Now Municipally Owned.

Detroit—The Detroit United railway is no longer a public utility in the city of Detroit. At one minute after midnight Sunday the officials of the company turned over the city system to the street railway commission, and the responsibility of transporting thousands of Detroiters from their homes to their work was transferred to the Detroit street railway system. There was no interruption of service.

Detroit is the first large city in the United States to realize the complete municipalization of all street car lines within its limits.

### Chicago Reports Heat Prostration.

Chicago—The highest temperature for May 9 since 1895 was recorded, and one person died as a result of the heat when the mercury mounted to 81 degrees at 1 p. m.

### Coroner's Jury Exonerates Deputy

Pontiac—A coroner's jury exonerated Deputy Charles Sutherland of blame for the death of Henry Rundel, Tennessee Negro, shot in a raid in a card game. Rundel died after pneumonia developed. Rundel fled from the house when officers appeared, refusing to obey a command to halt. Sutherland shot at the ground, and doctors testified that the bullet apparently glanced and struck him in the back, emerging from the chest.

## PENINSULAR

(Edited by Mrs. E. Hayden)

Mr. and Mrs. D. N. Gregory and Mrs. Cox of Boyne City spent Sunday with Mr. and Mrs. Ira McKee. Mrs. Gregory is Mr. McKee's sister.

W. D. McDonald has purchased an ice house of John Sailer and moved it to his farm Tuesday for a garage.

Mrs. Mercy Woerfl and two children are keeping house for Mrs. B. F. LaCroix, while Mrs. LaCroix is in Canada, where she was called by the serious illness of her sister.

Eyart Jarman has a job as water boy for the road gang by the Three Bells schoolhouse.

Miss Marie Bennett and Margaret Papineau of Boyne City spent the week end with Mr. and Mrs. Joel Bennett.

Mrs. Sarah Simmerman of Boyne City visited Mr. and Mrs. Joel Bennett from Friday to Monday.

The Peninsular ball team went to Horton Bay Sunday and played the Horton Bay team. The score was 7 to 6 in favor of Peninsular. They report a fine game and a lot of good fellowship. They hope to have another game soon.

There will be another social dance at the Pine Lake Gleanner Temple Saturday evening, May 20th.

The Mountain school closes May 17th with a Hard time social. They are sure to have a good time.

Miss Rose Keena of Milwaukee arrived Tuesday evening to spend two weeks with her friend, Miss Ellen Hayden at Orchard Hill before going to Charlevoix to Hallett's Inn, where she will be waitress through the resort season.

Mrs. Ira McKee received a letter from her daughter, Mrs. Ina Dean from Colorado, Tuesday, stating Mr. Dean is gaining very nicely in health and is able to be up now.

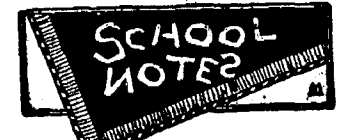

There are a great many fruit blossoms in this section.

Derby Hayden is helping F. H. Wangeman on his silo this week.

**Rules for Home Making.**  
 Three rules for making a home attractive were recently given to a young married couple by an interior decorator. They were: Provide the necessary utilities, arrange an agreeable color scheme and, the final one, make the place livable.

## CHARLEVOIX CO. HERALD

G. A. Lisk, Publisher  
 Subscription Rate, \$1.50 per year.  
 Entered at the postoffice at East Jordan Michigan, as second class mail matter.

## EAST JORDAN PUBLIO SCHOOLS

The sophomore English class are studying debating once a week. They are beginning the study of "The Lady of the Lake" which fits in with the season wonderfully.

Some interesting numbers remain to be given before the close of school. The public will be welcome to all of these.

The Ninth Graders are working on their last classic for the year, Shake spear's "Julius Cæsar."

The Eleventh Graders are now giving book reviews from our greatest American authors.

The J-Hop is the social event of the week, and happy are those who have received bids.

Friends of the two upper classes are invited to view the festivities from the auditorium as usual.

The advanced girls' cooking class entertained the members of the school board and their wives by serving to them a luncheon last Tuesday night.

If the athletes who won at Petoskey last Saturday show well this Saturday against Boyne City and Petoskey here, they will show themselves in a class with the best in this part of the State and will, no doubt, win a place at Cadillac in the Northern State Meet, June 2nd and 3rd.

The Solid Geometry class has begun the study of spherical measurements, spherical polygons, spherical pyramids and volume of spheres.

The baseball Team lost, eight to three last Friday in a well played game at Charlevoix. Boyne City plays the first home game of the season Friday afternoon at 3:00 o'clock.

**St. Joseph's Church.**  
 D. M. Drinan Pastor.

Masses on 1st and 3rd Sunday of each month at 8:00 and High Mass at 10:00. Mass on 2nd Sunday of each month at 8:00 o'clock.

High Mass on 4th Sunday of each month at 10:00.

On 5th Sundays Masses at 8:00 and 10:00.

Masses on Holy days and Devotions will be announced.

**St. John's Church.**  
 Bohemian Settlement.

High Mass on 2nd Sunday of each month at 10:00.

High Mass on 4th Sunday of each month at 8:00 o'clock.

**BUREAU DIRECTOR IS ABSOLVED**

No Irregularities Disclosed in Probe of Engraving Bureau.

Washington—Denial of reported circulation of fraudulent duplicated Liberty bonds, and vindication from charges of dishonesty or former Director James L. Wilmeth and other officials and employes summarily dismissed by President Harding is reported to have resulted from the special investigation and inventory of the bureau of engraving and printing. The report of the inquiry was placed before Secretary Mellon.

"No serious irregularities were disclosed," it was said.

**JITNEYS TO RUN UNTIL OCT. 1**

Detroit Council Votes to Bar Them After That Date.

Detroit—The ordinance which would force all jitneys from streets on which railway cars are operated, and from John R. street and Cass avenue, will not be enforced until October 1, the common council decided. The council decided against immediate enforcement of the ordinance when it was explained to the members that drivers own \$300,000 on cars bought in order that they might go into the jitney business.

**Debt Funding Waits on Genoa.**

Washington—European governments indebted to the United States in the sum of \$11,000,000,000 for war loans, will not begin adjustment of their obligations until after the Genoa conference. Secretary of Commerce Hoover said. Hoover, one of the five members of the American debt funding commission, expressed the opinion that the foreign debtors would be influenced in their settlement of the debt to America by the outcome of the Genoa conference.

**Chinese Basis of Currency.**

The Chinese use an ingot in the form of a woman's shoe as a basis of currency, which is determined by the weight and fineness of silver. It is expressed in so many "taels of sycee." The pureness and weight of the shoes are certified by a Chinese official called "Klung Ku."—Boot and Shoe Recorder.

## East Jordan Lumber Co

Your satisfaction with a car depends upon your satisfaction with its performance, appearance, economy, comfort and price. These are the vital points. And you must get satisfaction in each one if you are to be satisfied with your car as a whole. Consider the LIGHT-SIX from this angle. It is essentially the same car as it was when introduced. It was right before it was offered. And it has made good in the service of thousands and thousands of owners. It is dependable. Its L-head motor is powerful, flexible and freer from vibration than any car at anywhere near its price. Its graceful lines are enhanced by a lasting finish. Cowl parking lights and the cowl ventilator not only add to its good looks but are necessary for complete satisfaction.

The LIGHT-SIX stands up in service with a minimum of repair expense. This, with low fuel consumption, means satisfactory economy. We never heard of a LIGHT-SIX that was not comfortable to ride in. And the price, \$1045 f. o. b. factory, is out of proportion to its value. This price includes the thief-proof transmission lock which reduces the rate of theft insurance to the owner 15 to 20 per cent; large plate glass window in one-piece rear curtain, inside and outside door handles and other refinements. And you get the priceless ingredient—prestige and high standing of the maker—who for 70 years has been building quality vehicles and selling them at fair prices.

Touring, \$1045; 3-Passenger Roadster, \$1045; Coupe-Roadster, \$1375; Sedan, \$1750. All prices f. o. b. factory.

### E. JORDAN TRACK TEAM MAKES GOOD SHOWING AT PETOSKEY MEET.

The triangular track meet held at Petoskey, May 13, can be termed a success for East Jordan, not in the line of points, but no one can realize what experience it was for the "green" track team going against experienced teams.

Kenneth Love, a freshman, won the 440 yard dash from Bailey, the all around "star" of the track. The finish was thrilling, Love making the line with one last burst of energy. Time was 58 seconds. Streeter proved to be second to none in all around hurdling, winning second in high hurdles, and winning low hurdles, only to be disqualified because of a misunderstanding of the rules. Time of Streeter was 30 seconds, while that of the winner was 31 4-5 seconds.

Phillips also won over Bailey in a 220 yard dash, getting second place. He made a fine broad jump of 18 ft. and 8 1/2 inches. Hegerberg "shone" in the weights getting second in the discus and third in the shot put. First place looks promising for him May 20. The relay, the last event of the meet was exceptionally exciting, East Jordan getting second place. Love, Phillips, Streeter and Little making up the quartette of runners.

Petoskey, Boyne City, and East Jordan compose the triangular meet to be held here Saturday, May 20. With one more weeks practice, it is expected the team will make a still better showing.

The results of the meet were:

100-yard Dash—Bailey, Petoskey, first; Zuber, Harbor Springs, second; H. George, Petoskey, third. Time, 11 seconds, flat.

120-yard High Hurdle—H. George, Petoskey, first; Streeter, East Jordan, second; Martindale, Harbor Springs, third. Time, 19 seconds, flat.

1/4 Mile Run—Ellis, Petoskey, first; Kneisley, Harbor Springs, second; Thomas, Petoskey, third. Time, 5 minutes, seven and four-fifths seconds.

220-yard Dash—Zuber, Harbor Springs, first; Phillips, East Jordan, second; Bailey, Petoskey, third. Time, 25 and two-fifths seconds.

220-yard Low Hurdles—Martindale, Harbor Springs, first; Mattison, Petoskey, second; Ellis, Petoskey, third. Time, 31 and four-fifths seconds.

Discus—Martindale, Harbor Springs, first; Hegerberg, East Jordan, second; Mattison, Petoskey, third. Distance 108 feet, 10 inches.

440-yard Dash—Love, East Jordan, first; Bailey, Petoskey, second; Myers Petoskey, third. Time, 58 seconds, flat.

Pole Vault—H. George, Petoskey, first; Clarke, Rose and Wilson, Harbor Springs, tied for second and third. Height, 9 feet, 6 inches.

880-yard Run—Thomas, Petoskey, first; Ellis, Petoskey, second; George Petoskey, third. Time, 2 minutes, 18 seconds.

High Jump—Zuber, Harbor Springs, first; George, Petoskey, and Bailey, Petoskey, tied for second and third. Height 5 feet, 5 inches.

12 pound Shot Put—Bailey, Petoskey first; Martindale, Harbor Springs, second; Hegerberg, East Jordan, third. Distance, 39 feet, 2 1/2 inches.

Broad Jump—Zuber, Harbor Springs, first; Bailey, Petoskey, second; Phillips East Jordan, third. Distance, 19 feet, 3 1/2 inches.

Relay—Petoskey, first; East Jordan, second; Harbor Springs, third. Time, 1 minute, 46 seconds.

FOR MEN, WOMEN AND CHILDREN

Young or old, man or woman, all find in Foley's Honey and Tar a pure, pleasant, wholesome, safe and successful remedy for coughs, colds, croup or whooping cough—particularly if taken promptly. Chas. Woods, 2 Gable St., S. S., Pittsburgh, Pa., writes: "I will not be without it in my house." Hite's Drug Store.

Uncle Eben.

"De world," said Uncle Eben, "is full of wonderful inventions. De only trouble is dat er invention dat you don't know how to han'le is libble to git to runnin' wild an' make you puffly mis-able."

## D.W. GRIFFITH Presents WAY DOWN EAST

Based on Wm. A. Brady's Famous Play by Lottie Blair Parker and Jos. R. Grismer

A simple, old-fashioned story of plain people, embracing the four seasons.

A story of loves—Man and Woman—Mother and Baby.

A great bell tolling Humanity.

A story of laughter—Rabelaisian horseplay.

Quaint absurdities—springing, gay barn dances—sleigh bells a-jingling.

Love's voice—sweet and low—strong and tender—across fragrant fields and twilight streams.

In the end, amazing scenes, March storm, ice break-up, Anna and David carried with blinding mass of ice down the roaring river!

## "SNOLITE" Dealer to Painter

Five gallons of Snolite reduced to painting consistency will cover the same area as 200 pounds of white lead, properly reduced.

The contents of this package reduced with five to six quarts of linseed oil, turpentine and dryer will cover the same area as 50 pounds of lead, properly reduced. This package in particular meets the requirements of the small master painter.

Comparison of Snolite with best grades of ready-mixed or high quality hand-mixed paints demonstrate that Snolite has greater hiding and spreading qualities than any paint so far considered a quality standard.

Snolite is a semi-paste finishing coat.  
One gallon Snolite—one gallon linseed oil.

### HELEN JOY LEE GIVEN DIVORCE

Daughter of Multi-Millionaire Auto Maker Charged Non-Support.

Detroit—Helen Joy Lee, daughter of Henry B. Lee, multi-millionaire auto manufacturer, won her divorce and the custody of her three children without contest on the part of her husband Howard B. Lee.

Lee was granted permission to visit his children at their mother's Grosse Pointe Farms home for two and one-half hours on each of three afternoons a month. Mrs. Lee's title to the Grosse Pointe Farms place is confirmed by the decree in lieu of all her dower rights. She did not ask for alimony.

### WIFE'S BEAUTIFUL HAIR CLIPPED

Husband Says He's Sorry When Reconciliation Follows Collapse.

Akron, O.—Nearly four feet of golden tresses were shorn from the head of Mrs. Clara Cox 27 years old, by her husband, Orrin Cox, a rubber worker, to prevent her from leaving her family to travel as a hair tonic demonstrator.

Mrs. Cox is now in a hospital suffering from a nervous collapse, the result of the hair cutting.

"I would give a million dollars if I could restore your hair," Cox told her as they were reconciled at the hospital. The couple have two children.

The Indian Drum
By William MacHarg and Edwin Balmer
Illustrations by IRWIN MYERS

taken the crash or the collision, had flooded instantly; the bulkheads were holding—only leaking a little, the officer declared. Water was coming into a third compartment, that at the stern; the pumps were fighting this water. The shock had sprung seams elsewhere; but if the after compartment did not fill, the pumps might handle the rest.

SYNOPSIS

CHAPTER I.—Wentley and highly placed in the Chicago business world, Benjamin Corvet is something of a recluse and a mystery to his associates. After a stormy interview with his partner, Henry Spearman, however, Constance Sherrill, daughter of his other business partner Lawrence Sherrill, and comes from her a promise not to marry Spearman. He then disappears. Sherrill learns Corvet was written to a certain Alan Conrad, in Blue Rapids, Kansas, and exhibited strange agitation over the matter.

CHAPTER II.—Corvet's letter summons Conrad, a youth of unknown parentage, to Chicago.

Corvet Already Was Back Among the Cars Again, Shouting Orders.

CHAPTER III.—From a statement of Sherrill it seems probable Conrad is Corvet's illegitimate son. Corvet had deeded his house and its contents to Alan.

CHAPTER IV.—Alan takes possession of his new home.

CHAPTER V.—That night Alan discovers a man ransacking the desks and bureau drawers in Corvet's apartments. The appearance of Alan tremendously agitates the intruder, who appears to think him a ghost and raves of "the Miwaka." After a struggle the man escapes.

CHAPTER VI.—Next day Alan learns from Sherrill that Corvet has deeded his entire property to him. Introduced to Spearman, Alan is astounded at the discovery that he is the man whom he had found in his house the night before.

CHAPTER VII.—Alan tells no one of his strange encounter, but in a private interview takes Spearman into the fact. Spearman laughs at and derides him.

CHAPTER VIII.—Corvet's Indian servant, Wassaquan, tells Alan he believes his employer is dead. He also tells him the legend of the Indian Drum, which according to old superstition beats once for every life lost on the Great Lakes. Twenty years before, a steamer, the Miwaka, was lost with twenty-five on board, but the drum had sounded for only twenty-four beats, and the inference that one person had been saved, since it was general belief that the drum never erred. Pursuing a strange idea, Alan made a disturbance at his house, Alan is stung and rendered unconscious.

CHAPTER IX.—Conrad recovers, and the affair remains a mystery.

CHAPTER X.—Alan learns from Wassaquan that Corvet has deeded his property to Alan, and that he is to keep the sum of \$1,000 in the house, apparently to meet the demands of a certain "Luka," who appears periodically in the absence of Wassaquan. "Luka" comes to the house demanding to see Corvet. He is evidently in a dying condition, due to alcohol and exposure. Conrad tries without avail to get him to explain his connection with Corvet. The man dies. Wassaquan gives Conrad a paper on which is a list of names.

CHAPTER XI.—From the document Alan thinks he may have been the father of the child surrounding Corvet's life and disappearance. He leaves Chicago to visit Luka in Michigan, and accepts them as persons whose names were on the list.

CHAPTER XII.—Constance receives a package wrapped in a muffler which she recognizes Corvet was wearing on the day he went away. It contains a few coins, a watch, and woman's wedding ring. She believes them to have been the property of Corvet, and accepts them as a proof of his death. Spearman urges Constance to marry him. She consents, but refuses his demand for an immediate ceremony.

CHAPTER XIII.—Inquiries show that the watch in the package had been the property of a Captain Stafford, commander of the Miwaka, who had gone down with his ship.

CHAPTER XIV.—Working on a lake freighter, Alan becomes acquainted with an elderly man known as Jim Burr, who seems to be possessed of information which Alan believes would only be known to Corvet.

CHAPTER XV.—Alan secures a position on the freighter of which "Burr" is wheelman. He is satisfied he has found the man he believes to be his father. "Burr" at the wheel of the freighter, apparently in dementia, refuses to obey orders and the ship collides with a derelict. In almost sinking condition they attempt to reach port. The loaded freight cars, which the vessel is carrying break loose.

CHAPTER XVI.—Alan secures a position on the freighter of which "Burr" is wheelman. He is satisfied he has found the man he believes to be his father. "Burr" at the wheel of the freighter, apparently in dementia, refuses to obey orders and the ship collides with a derelict. In almost sinking condition they attempt to reach port. The loaded freight cars, which the vessel is carrying break loose.

CHAPTER XVII.—Alan secures a position on the freighter of which "Burr" is wheelman. He is satisfied he has found the man he believes to be his father. "Burr" at the wheel of the freighter, apparently in dementia, refuses to obey orders and the ship collides with a derelict. In almost sinking condition they attempt to reach port. The loaded freight cars, which the vessel is carrying break loose.

CHAPTER XVIII.—Alan secures a position on the freighter of which "Burr" is wheelman. He is satisfied he has found the man he believes to be his father. "Burr" at the wheel of the freighter, apparently in dementia, refuses to obey orders and the ship collides with a derelict. In almost sinking condition they attempt to reach port. The loaded freight cars, which the vessel is carrying break loose.

CHAPTER XIX.—Alan secures a position on the freighter of which "Burr" is wheelman. He is satisfied he has found the man he believes to be his father. "Burr" at the wheel of the freighter, apparently in dementia, refuses to obey orders and the ship collides with a derelict. In almost sinking condition they attempt to reach port. The loaded freight cars, which the vessel is carrying break loose.

CHAPTER XX.—Alan secures a position on the freighter of which "Burr" is wheelman. He is satisfied he has found the man he believes to be his father. "Burr" at the wheel of the freighter, apparently in dementia, refuses to obey orders and the ship collides with a derelict. In almost sinking condition they attempt to reach port. The loaded freight cars, which the vessel is carrying break loose.

Ancient Arcadia.
In ancient Greece, the province of Arcadia was the central and most mountainous portion of the Peloponnese or southernmost end of the Grecian peninsula, peopled by descendants of a peaceful and distinctly lovable disposition. So famous did this province become for the staidness and innocence of its inhabitants, that its name became a symbol of happiness and rural simplicity, later to be adopted by poets—among them Sir Philip Sidney—as the foundation for romances, in which this type of life played a leading part.

SULPHUR IS BEST TO CLEAR UP UGLY SKIN
Irritation and Breaking Out Often Healed Over Night, Says Skin Specialist
Any breaking out or skin irritation on face, neck or body is overcome quickly by applying Mentho-Sulphur, says a noted skin specialist. Because of its germ destroying properties, nothing has ever been found to take the place of this sulphur preparation that instantly brings ease from the itching, burning and irritation.

SAGE TEA BEAUTIFIES AND DARKENS HAIR
Don't Stay Gray! It Darkens So Naturally that Nobody can Tell.
You can turn gray, faded hair beautifully dark and lustrous almost overnight if you'll get a bottle of "Wyeth's Sage and Sulphur Compound" at any drug store. Millions of bottles of this old famous Sage Tea Recipe, improved by the addition of other ingredients, are sold annually, says a well-known druggist here, because it darkens the hair so naturally and evenly that no one can tell it has been applied.

(TO BE CONTINUED.)

### BE RID OF THAT ACHE

If you are a sufferer with lame back, backache, dizziness, nervousness and kidney disorders, why don't you try the remedy that your own neighbors recommend?

Mrs. Wm. Harrington, East Jordan, says: "I am pleased to recommend Doan's Kidney Pills for I have used them with very beneficial results. I was troubled considerably with dull, nagging backaches and distressing pain through my kidneys. My kidneys were very irregular in action. I used Doan's Kidney Pills and they helped me wonderfully by relieving the backache and correcting the action of my kidneys. I have used Doan's in the past and they have always given me the best of relief and satisfaction." (Statement given on Aug. 3, 1909.)

On April 23, 1920, Mrs. Harrington added: "I haven't had occasion to use a kidney medicine since Doan's Kidney Pills cured me years ago. The cure proved to be complete in all respects and has stood the test of time. I recommended Doan's in 1909 and I am happy in saying that I am as strong for them as ever. I gladly confirm the state I made in that year."

50c. at all dealers. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

#### Pirate Bees.

Bandit wild bees invade the tame hives near Grays Harbor, Wash., and steal and carry away the honey to their lives in the forest. More than one-third of the domestic honey gathered in this district has been stolen by the robber bees. The wild bees make their homes in hollow trunks and cedar trees, where several swarms work on a community basis.

#### Wireless Foreman.

A Pacific coast electric company has several construction gangs at work at remote points and it is kept in constant communication with them by means of wireless telegraphy.

### URIC ACID IN MEAT CLOGS THE KIDNEYS

Take a glass of Salts if your Back hurts or Bladder bothers you—Drink more water.

If you must have your meat every day, eat it, but flush your kidneys with salts occasionally, says a noted authority who tells us that meat forms uric acid which almost paralyzes the kidneys in their efforts to expel it from the blood. They become sluggish and weak, then you suffer with a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sour, tongue is coated and when the weather is bad you have rheumatic twinges. The urine gets cloudy, full of sediment, the channels often get sore and irritated, obliging you to seek relief two or three times during the night.

To neutralize these irritating acids, to cleanse the kidneys and flush off the body's urinous waste get four ounces of Jad Salts from any pharmacy here; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate sluggish kidneys, also to neutralize the acids in urine, so it no longer irritates, thus ending bladder weakness.

"Jad Salts is inexpensive; cannot injure, and makes a delightful effervescent lithia-water drink."

### REPTILES OWN SIXTH SENSE

Famous Zoo Curator Says Snakes Are Endowed With Startling Intelligence.

#### POSSESS VERY KEEN EYESIGHT

Distinguish Sound by Their Tongues and Scales—Sense of Taste Very Acute—Tells of Lizard That Walks on Water.

New York.—When next you meet a snake in the woods or fields do not, as you learnably out of reach, give way to thoughts of loathing and contempt. Snakes are extremely useful members of society—even the poisonous ones—and they are endowed with far more intelligence than they get credit for, according to Raymond L. Ditmars, curator for reptiles at the Bronx zoo.

Also, Mr. Ditmars told 60 or 70 men and women, members of the Reptile Study society, at the sixth annual dinner of the organization, that snakes might even have a sixth sense, an attribute that man cannot even gauge, for human beings have to be content with only five.

"There is a possibility that snakes are far superior to any supposition regarding their attainments," said Mr. Ditmars. "Though their ears have deteriorated, we know that they hear quite well. They are sensitive to sound on their tongues and on the scales on their bodies. Their eyesight is wonderfully keen, especially for moving objects. They have a marvelous sense of taste and of smell."

**Investigate Pit Vipers.**  
"Science is now investigating the various species of pit vipers for proof of another snailish sense that as yet we know nothing about. A pit viper, you know, has a strange organ in the skull, a deep pit which is lined with microscopic nerves all joining a main nerve that goes straight to the brain. Science has not yet fathomed the use of this pit. It may be that snakes are actually superior to man with a sixth sense we can't even gauge, for we do not have it."

The dinner at which Mr. Ditmars made this assertion was held at the Cafe Boulevard. The average person who attended the dinner would get something of a shock to find the guests passing around two or three-foot snakes in bunches and longer fellows singly, handling the reptiles as though they were interesting curios or relics.

While these snakes, which, of course, are all harmless, were crawling around the necks and shoulders of men and women, a member of the society, Arthur H. Gillam, brought out a big He got a wide space despite the general crawling of necks, for in that bag were rattlers and rattlers are rattlers even to the enthusiasts of the Reptile Study society.

As Gillam cautiously unwound the cord from the bag a hissing, buzzing sound filled the room. Nevertheless, Mr. Rattler was left loose on the floor, a forked stick pinning his neck before he could wriggle an inch. Then Gillam took him by the scruff of the neck (if snakes have scruffs) as a child picks up a kitten. The venomous reptile held thus was passed around for inspection.

A "cotton mouthed" moccasin was then put on display. Another snake that received a great deal of attention, being allowed to recline on the speaker's table at the start of the dinner,

was an eight-foot boa constrictor. Boas, it was said, make great pets and are absolutely harmless, so long as they are not too big. Then a playful squeeze might crush the ribs of a man or woman, as an inquisitive child crushes a beetle.

**Lizard Walks on Water.**  
Professor E. R. Dunn of Smith College told of experiences with snakes in Central America and Mexico.

"At a water hole," he said, "we saw a two or three-foot lizard that stood upright when it saw us and ran to the water. Without pausing it kept right on running and crossed the water hole on top of the water. I hardly receive any of you to believe this, but it is true. The lizard had webbed feet that carried it over the water at top speed. Of course, he couldn't stop or turn around on the water, but must keep going ahead."

Edward F. Bigelow, editor of Guide to Nature, described snakes as the "sweetest, loveliest things in creation." The purpose and object of the Reptile Study society, as set forth in their prospectus, is to educate "everyone everywhere about the life histories of reptiles—snakes, crocodiles, lizards, turtles and tortoises, and amphibians—frogs, toads and salamanders." The society aims to "benefit mankind and these animals by substituting intelligent consideration and kindness for ignorant dread and atrocious cruelty."

I was said by members at the dinner that the fear of snakes was not instinctive, as generally believed, but was inculcated in children by scared groupings.

**10-Cent Bounty for Porcupines.**  
Annapolis Royal, N. S.—The lowly porcupine is on the run in Nova Scotia, with Frank J. D. Barjum of this town hot on its trail.

On the ground that the porcupine is destroying the forests, Barjum has offered a bounty of 10 cents for the snout of each one killed during the present month, with \$100 additional to the hunter who captures the biggest bag.

#### OKWOOD ANNEXED TO DETROIT

Judge Jayne Dismisses Injunction Which Held Up Annexation.

Detroit.—Judge Ira W. Jayne has rendered an opinion in circuit court dismissing an injunction which had prevented the annexation of the village of Okwood to the city of Detroit, voted favorably upon November 8, 1921. A. C. Millie, who had been elected as president pending settlement of the case was left by the decision without a village for which he could be president.

#### Arrested With Parts of Body.

Brantford, Ont.—Captured with a suitcase containing parts of a body which he was removing piecemeal from his rooms, Harry Dent was charged with the murder of Peter Yeghiazar, his landlord. Mrs. Dent was held on a similar charge. The torso was found in Dent's room, while the head and arms, which Dent admitted he had carried away on an earlier trip, were found in a canal. Dent said he was removing the body at the request of a friend.

#### The Garden Brook.

And there a brook should murmur with a voice of outdoor happiness; and a little garden brimming over with flowers should mark the days, and weeks, and months with bud and blossom.—Douglas Jerrold.

#### Men Lead in Suicide Toll.

The proportion of men to women suicides in the United States is more than two to one. With the men shooting is the favorite means, while the majority of women suicides use poison.

#### HAS PRIZE MESS-CREW

Uncle Sam's thirty-three million dollar battleship, the U. S. S. "Maryland," can now boast of a wonderful mess crew—the pride of the navy. Captain D. F. Sellers each week has an inspection of the mess tables for which there are three prizes offered to the best mess crew that are attentive to their duties. Keen rivalry exists between the mess squads and it became so difficult that George W. Sweeney of the Hotel Mens' association was called upon to judge the inspection one-day. The photo shows Capt. D. F. Sellers of the Maryland and George W. Sweeney.

#### DEAD REBELS ADVERTISE U. S.

Pajamas of Hanged Albanian Bear Label "Gift of American People."

Scutari, Albania.—"Gift of the American people" read labels on the pajama-clad bodies of two notorious insurgents which hung from a tree in the center of this town for several days.

The incongruity of the labels evidently did not strike the Albanian authorities who carried out the executions, as all the pajamas given out to the poor by American relief workers are so marked, and these garments evidently were the only ones available in which to clothe the condemned men.

#### Hens Worked One Day.

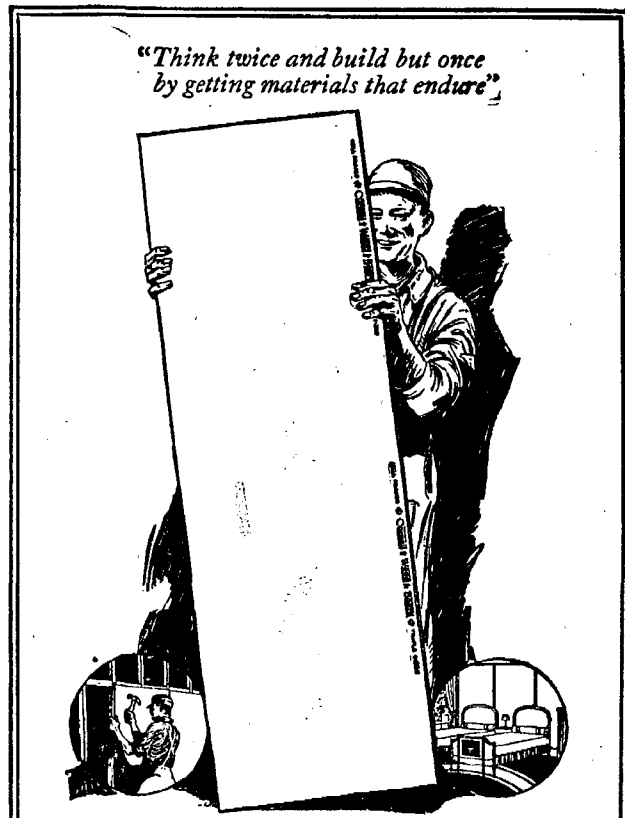

Gettysburg, Pa.—John McDonnell has a brood of 15 black Minorca chickens which do strange things. The other day the flock laid 10 eggs. Two of the eggs were joined end to end. Both eggs in this freak combination are perfectly formed and about the size of ordinary eggs.

#### Falls Dead in Grave He Dug for Another

Weebawken, N. J.—After completing the digging of a grave in the cemetery here Christian Back, forty-two years old, of 5 River Road, North Bergen, was stricken with acute indigestion and fell into the grave he had dug for another.

As the man toppled over the funeral cortege bearing the body of Mrs. Mary Bruggan, of Jersey City, had entered the gates of the cemetery. When the casket was about to be lowered to the grave, the body of the grave digger was discovered.

Back was a veteran of the Spanish-American war, and served as one of the late Colonel Roosevelt's Rough Riders.

### Cornell Wood Board comes already Primed for painting

YOU will save the work and expense of a priming coat if you build your walls and ceilings of Cornell Wood-Board instead of ordinary wallboard, plaster board or plaster. For Cornell comes "Mill-Primed." And no other wallboard has its fashionable "Oatmeal Finish" which has placed Cornell in highest favor with thousands of builders.

Cornell is rigid and fire-resisting, due to Cornell's "Triple-Sizing" process, which gives this board triple the ordinary protection against moisture, expansion, contraction, sound and change in temperature.

Easily put up with hammer and nails right to the joists and studding or over damaged plaster. Costs no more than inferior boards; get quotations and sample.

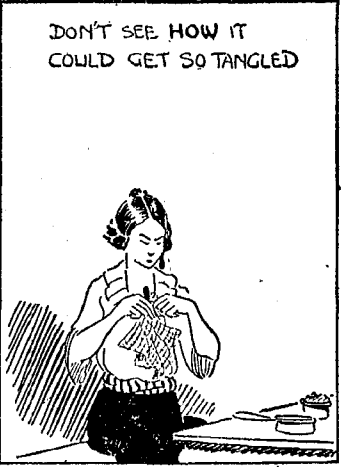

East Jordan Lumber Co.

**Cruelty in Trapping Animals.**  
One-fourth of the animals caught by steel traps are worthless. Fifteen per cent escape by chewing off a leg. Many are eaten by other animals and all suffer lingering torture. The American Humane society offers prizes aggregating \$300 for the best essays acquainting the public with this cruelty and showing how it may be remedied. —Scientific American.

**CUT THIS OUT—IT IS WORTH MONEY.**  
Cut out this slip, enclose with 5c to Foley & Co., 2835 Sheffield Ave., Chicago, Ill., writing your name and address clearly. You will receive in return a trial package containing Foley's Honey and Tar Compound, for coughs, colds and croup, Foley Kidney Pills and Foley Cathartic Tablets. Hite's Drug Store.—adv.

### SHOALS OFFERS STILL COMING IN

NEBRASKA SENATOR PROPOSES FEDERAL CORPORATION TO OPERATE PROJECTS.

BALTIMORE MAN SUBMITS BID

Engineer Asks Committee to Consider Proposal For 60-40 Split in Profits From Operation.

Washington—Four developments in congressional consideration consideration of proposals for developing the Muscle Shoals projects have come up in the senate agriculture and house military committees and in the senate.

Chairman Norris, Nebraska, of the senate committee, introduced a bill providing for a semi-government corporation to take over and operate the nitrate and power projects for 50 years. The measure was drafted as a modification of the bill recently introduced by Senator Norris.

The senator also made public a proposal received from L. Stern, a Baltimore, Md., consulting engineer and manufacturer of chemical products. Mr. Stern's letter requested the committee to hear him at his convenience and said the formal tender would be made later, the committee, deciding informally to accede to the request.

The tentative offer of Mr. Stern provided for the operation of the projects for 25 or 50 years or any suitable number of years. It further stated that all expenses incurred by the government at Muscle Shoals would be repaid at 2 per cent annually and contained a provision by which the government would receive 60 per cent of all net profit made during the operation, with the lessee retaining 40 per cent.

In the house committee an agreement was reached by which any lessee of the properties would be compelled to manufacture finished fertilizers whether at a profit or loss. An amendment to this effect was made to the bill the committee is formulating for the house in connection with its report on the proposals it has investigated.

Wide differences of opinion are understood to prevail in the committee over provisions of the offer made by Henry Ford.

### SCANDAL CAUSES DEATH BATTLE

Coroner's Jury Decides Farmer and Wife Killed Each Other.

Bad Axe, Mich.—Joseph Lobert and his wife, Agnes, killed each other May 8 in a battle with an ax and a butcher knife, the coroner's jury here decided last week when witnesses had pieced together the story of the double tragedy at the Lobert farm, near Elkton, Huron county.

That a quarrel over money affairs and over a family scandal, the nature of which was not divulged, had been brooding for weeks, was told the jury by Anthony Lobert, brother of the husband. Anthony said neighbors had been talking "slander" about the Loberts. Joseph refused to pay any attention to it. Mrs. Lobert had insisted he take steps to stop the neighborhood gossip about her, and evidently the fight to death was the result.

### TRUSTIES AT PRISON ESCAPE

Slippery Marquette Convict Again Makes Good on Boast.

Marquette, Mich.—"Slippery Jim" Cushman whose boast that the prison has not been built that could hold him has been made good at least a dozen times escaped May 11 from Marquette branch prison farm.

Two other convicts, Frank Howard, timekeeper in the prison lumber yard, and Leo Carney, driver of the prison truck, also got away.

The latter two are believed to have taken the touring car owned by James Deegan, steward at the prison, and made their getaway, picking up Cushman at the prison farm, a short distance from the city.

### FIND TEACHER'S BODY IN RIVER

Windsor School Principal Mysteriously Disappeared Last November.

Detroit—The body of Wilfred Ross Ellison, principal of the Prince Edward public school in Windsor, who mysteriously disappeared early last November, was taken from the Detroit river May 11 by the crew of the United States mail boat, C. F. Bielman. It was discovered floating on the water just off the Canadian Pacific railway docks.

The body was badly decomposed, but identification was established by papers in the dead man's clothes.

### Kalamazoo Man Heads Jewelers.

Kalamazoo—Herman Hies, of Bay City, was elected president of the Michigan Retail Jewelers' association at the closing session of the annual convention here. The other officers are: M. D. Ellis, Kalamazoo, vice-president; J. J. Thomson, Grand Rapids, second vice-president; W. A. Tall Kalamazoo, third vice-president; M. H. Bell, Kalamazoo, secretary; L. S. Phillips, Grand Rapids, assistant secretary; and J. S. Martinek, Travers City, treasurer.

## SCHOOL DAYS

### Uncommon Sense

By JOHN BLAKE

#### KIND OF INTEREST

ASK the man of affairs what he is interested in and he will probably tell you:

"Everything."

He is interested in everything, and he ought to be.

But he also is especially interested in some one thing, which is why he is a man of affairs.

A very important editor is so absorbed in the study of the world and what is going on in it, that in work-time or playtime he is engaged in its study.

But he is especially interested in men and women. And specializing in this specialty he is interested in what they like to read.

He is so deeply interested in this, that he never meets a man or woman that he does not find out, in some fashion or other, what it is that attracts their attention in newspapers and magazines.

The results of the several hundred thousand questions he has asked are carefully put away in his brain, and when he gets out a number of the publication he directs, it is always bought and read by a very large number of people.

To have a live personal interest in all created things is necessary to every well-educated and active man.

If you sat at a dinner next to John D. Rockefeller you could get few rises out of him by discussing the theory of relativity. But if you began to talk of how to give away money intelligently, which is his special interest just now, you would probably hear something of much value.

Golf, music and many other things are fine interests to have, but the one interest you need most of all concerns your business or your profession.

If that is paramount, and you give it enough intelligent thought, you will prosper. If you "scatter" too much you will not.

### YOUR HAND

How to Read Your Characteristics and Tendencies—The Capabilities or Weaknesses That Make for Success or Failure as Shown in Your Palm.

THE HANDS

WHEN the hands hang limply at the side, and are heavy, thick, and fat, you may deduce therefrom, generally, that the intellect of the possessor will be likewise heavy and "fat." All is density, and there is no use trying to raise the possessor of such a hand out of the depths of materialism. When you read his or her hand, says one authority, "if you attempt a keen analysis, he will blankly stare at you. No use trying to lift him out of his trough of materialism. It can't be done. He wants to know his brother's name, whether he is married, how many children, how long he will live, whether he will be rich, and you cannot lift him above this plane."

Last, we have the cautious person who enters your room with an air of investigation and with the hands carried behind the back, where they are clasped. This person is timid and well meaning, but suspicious of the value and merits and standing of palmistry. You must deal gently with him; he is open to conviction, but must be led and cannot be driven.

(Copyright.)

Worth Cultivating.

"How rich is Mr. Grabocoin?"

"He must be quite wealthy."

"Yes?"

"Several artists have told him he would make a magnificent portrait study."

## Mother's Cook Book

"Life is not a cup to be drained, but an offering to be poured out."

### HAVE A CRACKER

CRACKERS are the ever-ready standby of the "up-to-the-minute" housewife. They will keep indefinitely if kept dry and air-tight. If they do soften—five minutes in a hot oven will crisp them again as good as fresh ones. Any kind of crackers, sweet, graham, oatmeal or ginger may be used for a dainty sandwich to be served with a cup of tea or a refreshing drink. An old-fashioned dish and one good for an invalid or a child is cracker soup. Toast the crackers until brown, spread with butter, sprinkle with a little sugar and pour over hot milk.

A sweet cracker put together with marmalade, jelly, cream cheese, nuts or any other good filling makes a good substitute for cake.

### Graham Cracker Pudding.

Take four tablespoonsful of butter, add one-half cupful of sugar, one-half teaspoonful of vanilla, the yolk of an egg and a pinch of salt, mix well, then add three cupfuls of finely rolled graham crackers, three-fourths of a cupful of milk, one and one-half teaspoonfuls of baking powder; lastly fold in the well-beaten egg white, add one-half cupful of dates cut in bits, with the stones removed. Steam for one and one-half hours. Serve with a hard sauce or whipped cream.

### Cheese and Cracker Supper Dish.

Spread milk crackers with butter and cover with finely minced or grated cheese; place in a baking dish until enough have been prepared to serve the family. Cover with a custard, using two eggs to a pint of milk, one-eighth of a teaspoonful of salt and a generous sprinkling of paprika over all. Bake in a moderate oven until the custard is set. Do not overcook or the cheese will be stringy. Serve hot from the baking dish.

### Tomato English Monkey.

Take one and one-fourth cupfuls of cracker crumbs, two tablespoonsful of butter and three-fourths of a cupful of milk. Beat two eggs, add salt, pepper, a pinch of soda, one and one-third cupfuls of cheese; add to the scalded milk. When the cheese has melted add three-fourths of a cupful of tomato strained, stirring until well mixed. Serve on hot toasted crackers.

## WHY—

DO WE YAWN?

OXYGEN is one of the elements of the air which is essential to the healthy, normal action of the lungs. Unless a sufficient quantity of oxygen is taken into the body, the lungs become irritated and flash a signal to the brain that a larger supply is necessary. The easiest method to overcome this shortage of oxygen is, of course, to take in an increased amount of air at one time. Hence the nerves which regulate our breathing apparatus react upon our jaw and throat muscles, causing both of them to open wide. Expansion of the lungs at the same time results in the inhalation of a much larger amount of air than is obtainable through ordinary breathing, thus supplying the needed amount of oxygen.

The reason that yawning is usually connected with a feeling of drowsiness is because a desire for sleep is a sign that the body is tired and is seeking a stimulant of some kind—either rest or an added amount of oxygen, the fuel which keeps the human furnace burning brightly. The satisfaction which follows a yawn is due to the fact that the blood has received an extra supply of the material which it needs and we immediately feel the benefit of this.

OTIS J. SMITH, City Clerk.

May 25 May 26  
Thursday Friday  
TEMPLE THEATRE

The First and Seventh Day.

The fourth commandment of the Jewish law distinctly commands that the seventh day of the week shall be a day of rest, on which no work of any kind shall be done. The early Christians observed the seventh day for a long time, because it was the law of the land. The fact that Jesus arose from the dead on the first day of the week led them to meet again on that day, and it gradually became a custom for them to meet on the first day of the week for Christian fellowship.

Devilfish Protected by Nature.

The smaller devilfish swim in shoals, and as they move they change their color according to their surroundings. They have another device which enables them to escape when hard pressed. This is the ink bag, by means of which they can pour out a dark fluid which clouds the sea around them thick and muddy.

### PROBATE ORDER

STATE OF MICHIGAN, The Probate Court for the County of Charlevoix.

At a session of said Court, held at the Probate Office in the City of Charlevoix in said County, on the 25th day of April, A. D. 1922.

Present: Hon. Servetus A. Correll, Judge of Probate.

In the Matter of the Estate of Maximilian Scheffer, Deceased.

Emma Blanshan having filed in said court her petition praying that a certain instrument in writing, purporting to be the last will and testament of said deceased, now on file in said court be admitted to probate, and that the administration of said estate be granted to Sophia Stahl and William Blanshan, or to some other suitable person.

It is Ordered, That the 23rd day of May, A. D. 1922, at ten o'clock in the forenoon, at said probate office, be and is hereby appointed for hearing said petition.

It is Further Ordered, That public notice thereof be given by publication of a copy of this order, for three successive weeks previous to said day of hearing, in the Charlevoix County Herald, a newspaper printed and circulated in said county.

SERVETUS A. CORRELL,  
Judge of Probate.

### CHANCERY ORDER.

STATE OF MICHIGAN, the Circuit Court for the County of Charlevoix, in Chancery.

FRANK ZOULEK and MARY E. ZOULEK, Plaintiffs, vs. J. CLIFFORD MONK and EMMA MONK, Defendants.

At a session of said court held at the Court House in the City of Charlevoix in said county on the 7th day of April, 1922.

Present: The Honorable Frederick W. Mayne, Circuit Judge.

In this cause, it appearing by affidavit on file that the defendants, J. Clifford Monk and Emma Monk, are not residents of this state, but are residents of the State of Indiana and that subpoenas to appear and answer have been duly issued in this cause but could not be served upon the said J. Clifford Monk and Emma Monk, for the reason that they are not residents of this State but are residents of the State of Indiana, on motion of Clink & Williams, Attorneys for the plaintiffs, it is ordered that the appearance of the said defendants, J. Clifford Monk and Emma Monk, be entered in this cause within three (3) months from the date of this order and in case of their appearance that they cause their answer to the plaintiff's Bill of Complaint to be filed and a copy thereof to be served upon plaintiffs attorneys within fifteen (15) days after service on them of a copy of said bill and notice of this order, and that in default thereof that said bill be taken as confessed by said non-resident defendants.

And it is further ordered that within twenty (20) days after date hereof the said plaintiffs cause a notice of this order to be published in the Charlevoix County Herald, newspaper printed, published and circulated in the said county of Charlevoix and that such publication be continued once in every week for six (6) successive weeks, or that they cause a copy of this order to be served personally on said non-resident defendants at least twenty (20) days before the time above prescribed for their appearance, and it is further ordered that the said plaintiffs cause a copy of this order to be mailed to said defendants at their last known postoffice address, by registered mail and a return receipt demanded at least twenty (20) days before the time herein prescribed for the appearance of the defendants.

Dated April 7, 1922.

FREDERICK W. MAYNE,  
Circuit Judge.

CLINK & WILLIAMS,  
Attorneys for Plaintiffs,  
Business Address, East Jordan, Michigan.
