EAST JORDAN, MICHIGAN, FRIDAY, JUNE 23, 1922.

No. 25

EAST JORDAN TO BE HOSTS ON FOURTH OF JULY

EXTENDS CORDIAL INVITATION TO ALL TO COME AND CELEBRATE WITH US.

An Outline of the Program.

Charlevoix County, this year, celebrates the Glorious Fourth at East Jordan. An unusual celebration is in the making. Rebec-Sweet post No. 227, American Legion, is in charge and has the hearty co-operation of the entire community.

In the morning a spectacular parade will be put on. Three prizes are offered in each division. This paper has been requested by those in charge to extend a cordial invitation to the people of this community to participate in the parade.

Present indications are that the calithumpians will be many, comical and varied as the committee in charge have a number of organizations at work on this feature. That the floats will be a feature of this parade is a foregone conclusion as East Jordan business men are noted for their successful participation in such affairs.

Immediately after the parade there will be two ball games on the High School Athletic field between the four teams in the East Jordan City League. The players on the teams in this league are old college stars and old time players, with just enough of the younger generation to make four strong teams. These games will be interesting to the older people of East Jordan as they will see their old time friends and athletic enemies in action.

In the afternoon on the downtown streets there will be street sports. These will consist of ancient, modern and medieval athletic events and a complete list will be printed next week. Then will come the water sports followed by a ball game at the school grounds between East Jordan and Charlevoix, Northern Michigan League teams, for a purse of \$150.00. These teams battled for 11 innings last Sunday before Charlevoix was returned a winner. Both teams will strengthen for this game and a battle royal may be expected. An admission fee of twenty-five cents will be charged for this game.

At night there will be, as the grand climax of the day, a band concert followed by an excellent fire-works display. This is a big City Display and has forty seven numbers including nine mammoth Set-pieces.

The above is only a part of the entertainment provided. Further announcements will be made next week.

East Jordan wishes to extend a very cordial invitation to the people of this community to be their guests on the 4th, and they plan to look after your comfort as well as entertainment.

The downtown pavement will be flushed and roped off; seats will be placed all along Main Street; many trees will be "planted" there for the day that you may enjoy entertainment in the shade; free coffee will be served at noon to all who bring lunches (and you are urged to bring a picnic dinner with you) together with cream and sugar; a large welcoming committee will be on the job all day to show you where to park your car; where to eat your picnic dinner; where you will find the ball games, etc. in fact to be your servants for the day. East Jordan urges you to make this your celebration.

Candidate for Sheriff.

To the Voters of Charlevoix County:— I will be a candidate on the Republican ticket for nomination for the office of Sheriff at the Primaries to be held Sept. 12th. Have been a resident of Charlevoix County for 28 years and have served as Deputy Sheriff under Ford Robbins and Sheriff Weaver. Will appreciate your support.

FRED J. COON,
Charlevoix, Mich.

Do You Want a Car?

A good six cylinder, five passenger touring car, good top, good tires, new paint, mechanically satisfactory will sell cheap or trade for good Ford touring car or truck. Phone 62 or call at the Citizen office, Boyne City Mich.

25-1

What every business man knows is that life is just one "drive" after another.

Who remembers — when the only cream separator was the calf?

E. J. H. S. TIES TRAVERSE.

In the baseball game at Petoskey, Tuesday, between East Jordan and Traverse City High Schools resulted in a tie game 3-3. The game was called at the end of the 5th inning in order that the Traverse team might get the boat back to Traverse City.

Bowen pitched a good game for E. J. H. S. allowing four hits and one base on balls, striking out seven men. Of East Jordan's four hits Stewart got two, Hockstad one, and Bowen one. Traverse City's lineup was the same as last year with the exception of one man.

East Jordan's Lineup:—LaLonde, L. F.; Swafford, S. S.; Hudkins, C.; Hockstad, 1st; Love, R. F.; Stewart, 2nd; Stevenson, C. F.; Hegerberg 3rd; Bowen, P.

SHEPARD—TOYNTON

Mrs. Maude Toynton became the bride of Chester C. Shepard of East Jordan, Wednesday evening, June 14th Miss Alberta LaClair and Roy Nowland were attendants. Mr. and Mrs. Shepard will be at home in East Jordan after July 1st.

The bride is well-known in Grand Rapids having been a nurse, where she took training in St. Mary's Hospital.

NEW BOOKS AT LIBRARY

The following list of books are in the East Jordan Public Library:— "Mixed Faces"—Roy Norton "Summer In A Canyon"—K. Wiggins "Timber"—Harold Titus "Mirrors of Washington"—Anonymous.

"Graumark"—McCutcheon "Sand Doctor"—Arnold Mulder "The Adoption of Rose Marie"—Rankin.

"Injun and Whitey"—Hart "Journey's End"—Brown

FIGURES REFLECT BIG TRADE GAINS

PRODUCTION OF STEEL REPORT- ED AT HIGHEST LEVEL OF YEAR, LAST WEEK.

MORE COTTON NOW CONSUMED

Large Financial Transactions By Treasury Created No Disturbances in Money Market.

Industrial and financial conditions in the last week presented a generally favorable aspect, notwithstanding the reactionary tendency in the securities market which apparently was connected with the technical speculative position.

Steel production exceeded the best rate previously attained this year. More coke plants were started and more blast furnaces blown in. Coal production was greater and some observers believe that plants were in preparation for reopening union mines in the Pittsburgh district.

Railroad car loading figures continued good June 17. Although the absolute number reported during the week ended June 3 was smaller than in the previous week, the rate was higher if allowance be made for the Memorial day holiday.

A similar calculation showed that the gain in the absolute amount of cotton consumed by mills during May as compared with April was not accounted for by the greater number of working days in the latter month. May's takings, corresponded almost exactly to the average for the last 10 months, which, in turn, were 23 per cent greater than those in the corresponding period a year ago.

The week which brought unusually large financial transactions by the treasury passed without any disturbances in the money market. These transactions which centered on June 16 included the collection of \$300,000,000 in income taxes, the payment of \$125,000,000 in interest on Liberty bonds, the paying off of \$380,000,000 in Victory notes and the flotation of \$250,000,000 in new certificates.

N. M. League Goes 11 Innings

East Jordan Loses To Charlevoix At End of Eleventh.

In a spectacular game of base ball, as well played as the most ardent fan could desire, East Jordan's team in the Northern Michigan Base Ball League lost to the Charlevoix team in the first half of the eleventh inning, the final score being 6 to 3.

This was the opening game, on the home diamond and a large crowd was at the fair ground to witness it. The bleachers were inadequate to care for the crowd, as many more being compelled to stand up.

Both Johnson for East Jordan and O'Hara for Charlevoix as pitchers were in fine form, each one having 15 strike outs to their credit.

East Jordan opened the scoring in the fourth inning when they secured two runs, and another in the sixth. In the seventh Charlevoix came back and tied the score by putting over three runs. In the eleventh inning Charlevoix secured three more runs, which East Jordan was unable to overcome in their half. Below is the score:—

Struck out by Johnson 15, by O'Hara 15. Hit by pitcher, Supernaw by Johnson, Morgan by O'Hara. Bases on balls by Johnson 1, by O'Hara 1. Wild pitch Johnson and O'Hara each one. Umpire McKinnon.

East Jordan goes to Pellston next Sunday with a considerably strengthened lineup. The following Sunday, July 2nd, Mancelona plays here. Plans are being made to have tickets on sale downtown prior to this game, to save congestion at the gate.

MANY AUTOS AT N. M. LEAGUE BALL GAME

That there was a good attendance at the ball game at the fair grounds, Sunday, is attested in the following figures taken by our friend, J. A. Nickless, at the Maddock corner. From 5:30 to 6:35 p. m., 181 cars passed, 110 of these being Fords. There were 156 men drivers, 24 women drivers, one "kid" driver, one speeder, and two horses.

BURTON ADDRESSED GRADUATES

President of U. of M. Urges Them to Keep Balance in Life.

Ann Arbor, Mich.—The test of transitions involves keeping one's balance, having adaptability, keeping one's self intact, and having courage. This is what President M. L. Burton told the graduating classes of the University of Michigan Sunday, in the seventy-eighth baccalaureate address of that institution.

The classes graduated June 19 on the annual commencement day were the largest in the history of the university. There were more than 1,600 graduates who received degrees and approximately 250 men and women who completed work in the graduate school who received higher degrees.

VOTERS RECALL LAPEER OFFICIAL

County Road Commissioner Refuses to Vacate the Office.

Lapeer, Mich.—George Utley, Lapeer county road commissioner, was recalled at a special election June 14 by a vote of 2,045 to 1,086.

Utley was one of the officials implicated in the affair which resulted in a removal order for Sheriff Ray Baker of this county. Attorneys for Utley will contest the vote and have instructed the commissioner to refuse to leave office.

City League Broke Standings

The K. P.-O. F. and M.-P. Win In Games of Wednesday.

The tie in the standings in the City League was broken as a result of the Wednesday games. The K. P.-O. F. put the H. N. in undisputed possession of the cellar position by winning an 11 inning game 7 to 6 and the M.-P. team took a firm toe-hold on first place by defeating the M. E. team in the regulation 7 innings by a score of 6 to 3.

Both games were well played but the first game was by far the best of the season. The H. N. team got away to a flying start getting 2 runs each in the first two innings and 1 in the third. They didn't score again until the tenth inning when they got the sixth and last score.

The K. P.-O. F. team scored 1 run in the second inning, three in the third and tied it up in the fifth, and again tied up the score in the tenth. In this inning after two were out, Pollett reached first on a hit, stole second and scored on a single by Kamradt pinch-hitting for Bolow.

In the first half of the eleventh the H. N. team went out in one-two-three order. The K. P.-O. F. in their half ended the game. Gunderson, the first man up, hit for a base, stole second, advanced to third on Gee's bunt and scored on Bennett's bunt.

This was a well played game, both teams fielding well, and both batteries working to advantage. Gunderson had the best of the pitching duel with Green, getting 18 men on three strikes to eight for Green. This boy has materially strengthened the K. P.-O. F. team and the League leaders are warned to watch their step.

In the second game the M.-P.'s got the jump on the M. E.'s, scoring two in the first and four in the second. This ended their scoring, but it proved to be plenty as the M. E.'s were able to score but three runs, getting them all in the fourth inning.

Sedgman pitched a heady game, allowing but six hits and fanning eight men. Miles was nipped for 11 hits—seven of them, including two baggers coming in the first two innings. He struck out 5 men.

Cort Hayes played a steady game behind the bat, his throwing to bases being especially good, and Johnson made a star one-handed catch of a long fly to right field.

A large crowd was again in attendance and thoroughly enjoyed both games. Next week the K. P.-O. F. play the M.-P. and the M. E. play the H. N. Should the K. P.-O. F. and M. E. win their games, the M. E. would go into a tie with the M.-P. for first place. Blood will be let next Wednesday afternoon. Come to the slaughter.

JUMP FROM WINDOW IS FATAL

Woman in Hospital Who Underwent Operation Leaps to Her Death.

Grand Rapids—Believed to have been either walking in her sleep or startled on awakening from a dream with a terrible picture still in her mind, Amelia Seigel, 30, who underwent an operation three days ago, ran from her room on the second floor of St. Mary's Hospital and leaped from a window to the ground June 17. She died a few hours afterward.

BURGLAR ALARM OFFICE ROBBED

Company Neglected to Install Its Own Theft Device.

Los Angeles—Burglars broke into the offices of a local burglar alarm company and took articles worth \$400. The offices were not protected by the company's anti-theft device.

Missionary Held for Ransom.

Shanghai—According to reports received here by the Vernacular press, the Norwegian Lutheran mission at Luchan, in the province of Honan, was looted and destroyed by robbers. Six foreigners were taken prisoners, the report stated, but all have been released except Miss Staurath, who is being held for ransom. Many buildings were burned by the looting robbers, the advices stated, and it was reported more than 100 Chinese were shot or burned to death.

Good Roads Essay Contests

First and Second Prize Winners and The Essays.

Charlevoix, Mich., June 10.

Master Joseph Quigley
Grammar School, Boyne City,
Charlevoix County, Michigan.

Our Dear Grammar School Boy:—

If you could only know the pride and satisfaction that the reading of your essay gave everyone who had any connection with this great road-writing contest, you surely would be a proud boy.

We take great pleasure in handing you the check of the Charlevoix Co. Good Road Association, for the sum of \$15.00, awarded you for having written the best essay from all the Grammar Schools in Charlevoix County, on "Why should Charlevoix County build good Concrete Roads rather than roads of Gravel or Gravel and Soft Stuff Material?"

All you have to do young man is to keep your head level, your hand on the safety valve and this with a firm determination that you will make Robert Quigley hunt his hole before you are many years older and that you will show the other boys in Charlevoix County how to build roads that will save them paying such a heavy road tax as the other roads cause and for which all you boys will be called upon to pay the bonds recently issued.

Respectfully yours,
The Contest Committee.

THE WINNING ESSAY GOOD ROADS

There are three fundamental factors at the base of highway development and transportation; the wheel, the load and the road. Inventive genius in the application of motive power to the wheel has improved both wheel and vehicle which it conveys. Man by his industry has increased the load, while in certain localities roads remain practically in their primitive state.

Roads at all times should be ready and safe for all kinds of traffic, these must have the properties of rigidity and strength.

Your opinion may be that gravel or asphalt is the desired road, but let me cite a test made by the University of California of the pull in pounds per ton of load. Over the following roads: Plain surface concrete.....27.6 pounds Asphalt.....68.5 pounds Gravel.....78.2 pounds Dirt.....92.0 pounds

From the above it is easily seen that concrete is the desired road. A concrete road is a combination of clear sharp sand, crushed stone or pebbles and portland cement mixed with water, the most common proportion being 1:2:4. Concrete should not be mixed or deposited at temperature below 40 degrees Fahrenheit, unless water and aggregates are heated to 60 degrees Fahrenheit and means be provided to insure the concrete against freezing during the period of initial set.

The thickness of the road should not be less than seven inches nor less than twenty-four feet in width, for a road less than this width will require gravel on both sides, where if it had been constructed twenty-four feet, it would pay for itself through service in a few years, minus the cost of gravel maintenance. California invested \$1,500,000 in thirty miles of roadway known as the Ridge Route. This was an enormous sum, but motor car users saved \$6,000 daily and the road paid for itself in two hundred days.

Concrete differs from other roads for they will pay for themselves in time, while others are only a mortgage on the county and community, they are always under the process of maintenance. Concrete wears only 1-16 of an inch every three and one-half years. Concrete roads have great reserve strength. In Bellefontaine, Ohio, concrete roads laid in 1898 are still in good condition, having outlived a gravel road ten times and maintained at 1-10 the cost.

The annual upkeep of a twentyfour foot road is \$50 to \$100 per mile, age apparently making concrete only a matter of history; the old being as good as the new.

Some farmers complain of the roads. They do not wish to put a good road through, paying out daily and getting nothing when they can pay yearly and have a good road.

Following is a fuel consumption test made by five two-ton trucks at Cleveland:

Plain surface concrete	11.78 miles per gallon.
Brick pavement	9.88 mi. per gal.
Bituminous macadam	9.48 mi. per gal.
Gravel	9.39 mi. per gal.
Dirt	5.78 mi. per gal.

Bridges should also be made of reinforced concrete instead of wood. Tests made by the C. B. & Q. R. R. proved concrete to increase strength when in water, while wooden structures rot and are destroyed marine borers, wasting time and money for maintenance. Also considering that steel and iron corrode and rust in water, concrete is the best investment.

After construction they need to be maintained, but only by expert engineers as it is one of the easiest ways to waste money. Just what to do to a road in certain stages of deterioration is a difficult problem even for experienced engineers to determine.

What will our county use? Concrete that helps social life and business, or the primitive dirt roads decreasing the value and beauty of our community.

But roads are not made in a minute, it takes time, energy and figuring as well as material; but as I have said before these roads will pay for themselves in a few years, so why not take time to make a system of roads that we can be proud of as a progressive community.

In conclusion I say that quick, certain and economic movement of food and other products from farm to town, of raw or partly finished goods, between widely separated plants, rapid dependable inter-communication between community, city and state, are required by the new conditions under which we live and these require highways that will withstand traffic 365 days a year. This can only be accomplished by the use of concrete roads. It is the only road that has the qualities demanded, namely, low upkeep, continuous service and genuine satisfaction. So let our motto be "Every road a Concrete Road by 1925."

Robert Quigley,
Boyne City High School.

SECOND-PRIZE

Charlevoix, Mich., June 10.
Mr. Hugh Mayne
Charlevoix High School
Charlevoix, Charlevoix Co. Mich.
Dear Sir:

It is with great pleasure and pride that the Charlevoix County Good Road Association send you their check for the sum of \$20.00, the same being in recognition of your having written the second best essay from Charlevoix Co. High Schools on "Why should Charlevoix County build G. C. R. (Good Concrete Roads) rather than of G. & S. S. (Gravel and Soft Stuff) Material."

Had you shown the fact that the raise in value and the great saving in road tax would be forthcoming by building good concrete roads instead of gravel and soft stuff, you might have secured first prize, but you have shown sufficient intelligence in this subject for us to suggest that you take an engineering course in road building. Road building is becoming a national business and it will run into billions of dollars a year for the future. Every state, county, township, and all cities and villages need good concrete roads, but do not set up in your mind that you will not be susceptible to any other type of road material, (should such a thing be discovered) and fail to endorse it.

What we want for all time is a road that will last for all time. Concrete is the only thing now put chemistry may discover something as good or better. We live in the advancing age and predict you will advance with it.

Respectfully yours
The Contest Committee

"Why Charlevoix County should build Roads of Concrete rather than Gravel or other soft material."

Charlevoix County being a great resort and agricultural region, should have roads of the best material. I believe that the best road material is Concrete. If the county is to keep their summer visitors here they must furnish them with roads to travel upon as well as to furnish them with pure water and abundant electricity.

First let us take into consideration the farmers of the county because they are making their permanent home for the purpose of making a living. During the late fall the majority of farmers have had a great deal of heavy hauling to do. The hauling of sugar beets, which is done in the late part of

[Continued to Last Page]

PENINSULAR (Edited by Mrs. E. Hayden)

The big pine tree on what is known to the old folks as the Campbell place and later as the Graham place and locally as the frosty 40, now owned by James Arnott and used as a pasture was struck by lightning Friday evening June 16. The top was completely destroyed and fell to the ground. There are a good many large limbs left but one is split in such a way it is that the rain will run into the heart and rot it. The tree has been a landmark since the later 60 when Hugh Campbell homesteaded the 80 acres. H. B. Russell is working on the road. G. C. Ferris and A. Reich worked on the telephone lines repairing the damage done by the storm of the latter part of the week. The 239 line was cut off from Central Thursday to Tuesday, it seems good to be connected again. Potato planting is well under way and haying is commenced while strawberries are receiving lots of attention. The strawberry crop is unusually fine. Mr. and Mrs. David Gaunt and daughter Mammie were dinner guests of Mr. and Mrs. Mead Denson.

Notice of Annual Meeting.

Notice is hereby given that the Annual Meeting of the Charlevoix County Oddfellows Mutual Benefit Association will be held in the City of Charlevoix, at Oddfellow's Hall on Monday the 26th day of June 1922 at 8 o'clock p. m. for the purpose of electing officers for the ensuing year and to transact such other business as may lawfully come before said meeting. Dated this 17th day of June 1922. JOSEPH SHAW, Sec'y.

Crying over spilt milk may make an impression that will prevent you from spilling more milk. Spare the rod and spank the child.

Entered at the postoffice at East Jordan Michigan, as second class mail matter.

Wood's Buildings Damaged by Fire

T. J. Wood Suffers Heavy Loss In Wednesday's Fire.

The wooden store buildings on Main Street between the Temple Theatre and Malpass Hardware, together with their contents, were badly damaged by fire, water and smoke at an early hour Wednesday morning. The buildings which are owned by T. J. Wood were occupied by Mr. Wood with his Second Hand Store, with his dwelling above; a barber shop conducted by Clifford La Clair; the Sanitary Meat Market owned by Kit Carson, the second floor residence occupied by Charles Dennis.

The fire was first discovered about 1:30 a. m., which seemed to originate at the rear of the LaClair Barber Shop. The fire department immediately responded, and their efficiency is attested by the fact that the buildings, badly damaged are still standing.

The Dennis family miraculously escaped death. The fire started directly beneath a bed-room occupied by the children, and this caved in a few minutes after the family were awakened by the intense smoke. That all of the family are alive today is indeed fortunate.

Mr. Wood is a heavy loser in the fire, as he carried only a nominal amount of insurance on the buildings, and none on either his stock of second hand goods or his household furnishings. Mr. Carson lost some by the fire to the meat cooler and damage by water and smoke to his stock and equipment, which, we are told, is covered by insurance. Mr. LaClair also carried insurance which will cover his loss.

At present the buildings are in a bad condition, as the fire worked to the roof completely destroying this part of the buildings. Fire, smoke and water damaged both buildings and contents to a considerable degree.

It is hard to sell "run-down" property and it is harder to sell a "run-down" man.

Perhaps there is no single thing that angers a man more than the sight of a woman who doesn't like children.

Presbyterian Church Notes

Rev. C. W. Sidebotham, Pastor.

"A Church for Folks."

Sunday, June 25, 1922. 10:00 a. m.—Combined service of Church and Sunday School. 11:00 a. m.—Sunday School classes assemble.

7:30 p. m.—Evening Worship. The Masonic Lodge will attend in a body. Sermon theme:—"John, the Evangelist." The Male Quartet will sing. All are invited. This will be the last evening service until September.

First Methodist Episcopal Church

Rev. Thos. Marshall, Pastor.

"A Homelike Church."

Sunday, June 25, 1922. 10:00 a. m.—Services Sunday morning only. Rev. E. C. Clark of Ellsworth will preach.

Latter Day Saints Church.

Leonard Dudley, Pastor.

9:45 a. m.—Sunday School. 11:00 a. m.—Prayer Meeting. 7:00 p. m.—Preaching.

Wednesday—7:00 p. m.—Prayer Meeting.

Church of God.

Hours of services: (Eastern Standard Time)

Sunday School—11:00 a. m. Bible Study—12:00 a. m. Bible Study—7:30 p. m. Wed. Prayer Meeting—8:00 p. m. The public is cordially invited to attend these services.

St. Joseph's Church.

D. M. Drinan Pastor.

Masses on 1st and 3rd Sunday of each month at 8:00 and High Mass at 10:00. Mass on 2nd Sunday of each month at 8:00 o'clock. High Mass on 4th Sunday of each month at 10:00. On 5th Sundays Masses at 8:00 and 10:00.

Masses on Holy Days and Devotions will be announced.

St. John's Church.

Bohemian Settlement.

High Mass on 2nd Sunday of each month at 10:00. High Mass on 4th Sunday of each month at 8:00 o'clock.

Committees for The Fourth

Below are the names of the Committees who have been selected to "Carry On" East Jordan's Fourth of July Celebration:—

GENERAL:—Dwight L. Wilson, Roscoe Mackey, Fenton Bulow.

BASE BALL:—Dr. Wm. H. Parks, Glenn Bulow.

PICNIC LUNCH:—Ira Bartlett, Claud Van Husen, James Ross, A. J. Duncanson, Ole Hagerberg, Rev. Fr. Drinan, Rev. Sidebotham.

GROUPS POLICE:—Mrs. M. B. Palmiter, Chief and a corp of Lady Assistants.

STREET AND WATER SPORTS:—Ben Reid, R. G. Watson, L. G. Balch.

ADVERTISING:—James Olson, D. L. Wilson.

FIRE-WORKS:—Carl Stroebel, Ben Reid, Leslie Miles, Oscar Weisler.

MUSIC:—John Mikula.

DECORATION:—Howard Porter, Jas. Williams, Thos. R. Joyant.

WELCOME AND INFORMATION:—G. W. Bechtold, C. H. Whittington, J. H. Graff, J. F. Kinney, Wm. Harrington, Geo. LaValley, Geo. Pringle, John Ball, Wm. Murphey, Ben Severance, Al Hillard, Robt. Proctor, Zelle Miles, Mrs. G. E. Boswell, Mrs. Palmiter, Mrs. H. P. Porter, Mrs. Leo LaLonde, Mrs. Henry Cook, Mrs. Dan Goodman, Mrs. H. A. Kimball, Miss Norma Nelson, Miss Viva Olney.

CONCESSIONS:—James Olson, Fenton Bulow.

PARADE:—Mayor H. W. Dicken, Donald Porter.

FLOATS:—Rev. J. C. Little, Bert Reed, Mayor H. W. Dicken.

CALITHUMPIANS:—Donald Porter, Mike Litner, N. L. Jones, L. A. Hoyt, Clinton LaValley, James Howard, Geo. Sumner, Wright Carr, Robt. Atkinson, Frank Bretz, Leo LaLonde.

QUEEN OF THE DAY:—Rev. J. C. Little, James Olson.

UNCLE GEORGE VAN PELT BACK ON THE GOOD ROADS WORK.

Charlevoix County will be on the map this week as never before. The Boys and Girls are surely and truly on their job—when the state wide readers of the essays written by the school children telling why we should not build any more G. & S. S. (gravel and soft stuff roads) because of their terrible expense for upkeep, for repairing and continually rebuilding—and in comparison with G. C. R. (Good Concrete Roads) you will readily see that they have been giving the subject great attention. They know that it has only cost fourteen dollars for the upkeep of concrete for twelve years. In other words one dollar and seven cents per mile per year. Every child of school age had the opportunity of winning a prize. Checks will be sent to the winners this week, and their names will appear in all our papers. We are all indebted to the four papers in Charlevoix County for giving great publicity to our Good Roads Ass'n for the past six years—and now they too will reap their reward. It pays to advertise, and to have owners and Editors who are actually interested in the welfare and prosperity of our County. We are all fond of Charlevoix County—of our beautiful Pine Lake which will soon be covered with a good Concrete Road 20 feet wide and 8 inches thick. The standard road, even if we only build every year two or three miles at each end from all four of our cities, it won't take many years to complete it. Oh, what a ride it will be—50 miles—our state has passed a speed limit of 35 miles per hour. That's the biggest thing that ever happened to force us to build all concrete for it is the only type of road that will stand that rate of speed and have no effect on the road whatever. We ask everyone in Charlevoix County to continue on in the good work and to accept the thanks of Uncle George H. Van Pelt, Pres. Rollie Lewis, Sec'y for the Charlevoix County Good Roads Ass'n.

Whale Can't Breathe Under Water.

The whale who, because he lives in the water, is often supposed to be a member of the fish family, is in reality no more one than is a human being. He is in reality an animal very much like a cow or a horse, and his flesh is real animal flesh, nothing whatever like that of a fish. And like all other mammals, he cannot remain under water without an occasional trip to the surface.

Notice to Contractors.

Sealed bids will be received by the Board of Charlevoix County Road Commissioners at their office in the Court House, Charlevoix, Mich., until 10:00 o'clock A. M. June 29, 1922 for constructing 9600 Feet of Class B, 12 ft. Gravel Road on what is known as Marton Center road in Marion Township.

HOME LEAGUE GAMES OF WEDNESDAY, JUNE 14 HOTLY CONTESTED

[Copy received last week too late for publication.]

The unexpected happened at the ball games in the City League this Wednesday afternoon when the League leading M. P. team fell prey to the H. N. team to the tune of 10 to 8 and the M. E. team defeated the K. P.-O. F. team by a score of 15 to 8.

The first game was very interesting to watch. The H. N. starting out with a bang collecting three scores the first inning and the M. P. team coming right back at them with three scores to tie it up.

Neither team scored in the next inning and each collected a run in the third inning. No scores in the fourth inning and in the fifth inning no scores for the M. P. and three for the H. N. In this inning the old boys went up in the air.

With the bases loaded and one man out Sedgeman threw the ball to short stop Watson. Archie LaLonde who was on third started for home. Watson threw the ball to Parks who was catching. LaLonde went back to third and Plomondon kept on coming like a runaway horse past LaLonde and scored.

Then LaLonde conceived the idea that he would come home. By this time the ball had been recovered and was thrown to Parks. LaLonde turned back. Parks threw to Seiler and Sedgeman thought that this would be a good time for him to demonstrate his catching ability and attempted to intercept the ball which resulted in the ball hitting the ground and LaLonde scoring.

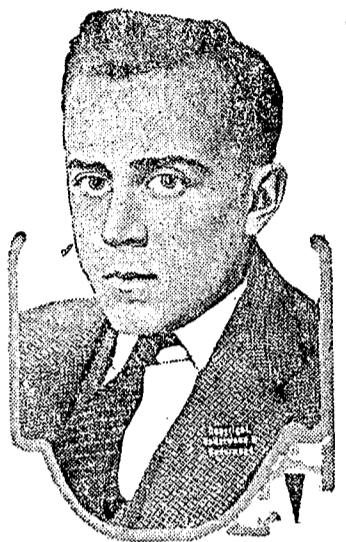

During this mix up Bud LaLonde who was on first base had reached third. Squeeza Green had already scored from third on a error by Sedgeman and Bud LaLonde came in a few minutes later on a wild throw by Bechtold to the home plate. This was the widest inning yet staged.

The running, throwing and chasing the ball all being done in such rapid succession that the players themselves an even the score keepers became confused. It took two umpires, 18 men and the score keeper to straighten it out.

and farmers like the present arrangement. The people of the city and country find that there is something more in life than a steady grind of work; that as much is accomplished where a little relaxation and enjoyment is indulged in as is accomplished in seven days of grind.

These ball games are proving a drawing card not only for the people in this community but are attracting attention in the neighboring cities as is attested by the fact that there were a number here to see the games from Mancelona, Ellsworth, Charlevoix and even from Potoskey.

C. K. NELSON

The inventor of the "Eskimo Pie," C. K. Nelson, son of an Iowa confectioner. For many weeks he drew royalties averaging \$80,000 a week, and then sold his rights for \$1,000,000.

CROWD SEES VETERANS MARCH

Parade is Feature of 44th Annual Encampment of G. A. R.

Detroit—Led by Captain John T. Spillane, the drummer boy of the Rappahannock, survivors of '61, San Juan and the Argonne swung along Woodward avenue June 15 in parade formation, from Grand Circus Park to Jefferson avenue, to the rat-tat-tat of drums that once were beaten in the foothills of the south.

The parade, one of the features of the forty-fourth annual state encampment of the Grand Army of the Republic, and the nineteenth annual state encampment of United Spanish War Veterans thrilled 100,000 persons who lined the main causeway.

BANK ROBBERS HELD FOR TRIAL

Two Survivors of Metamora Holdup to Face Charges in September.

Lapeer, Mich.—Jerry Skopeny, of Detroit, and Mike Kolski, of Flint, held in Lapeer county jail in connection with the robbery of the Metamora State Savings bank, June 1, were arraigned June 15 in Lapeer justice court, and held to September term of court in \$15,000 bail. Nine witnesses were examined during the hearing.

MONUMENT TO HOG, UNVEILED

Hundreds View Dedication of First of Poland-China Breed.

Middletown, Ohio—Hundreds of stock breeders, from all over the country, gathered June 15, at Blue Ball, near here, to witness the unveiling of a monument to a hog, the first of the Poland-China strain.

The monument marks the site of the home of W. C. Hankinson, now dead, who in 1875 wrote the first hog pedigree, which established the Poland-China strain.

VOTE FAVORS RAILROAD STRIKE

Members of 11 Unions Affected by Wage Cuts May Quit Jobs.

Cincinnati—An overwhelming majority in favor of a strike is being cast by members of 11 shop crafts and maintenance of way unions, said a formal statement issued here by the heads of the unions affected by recent decisions of the railroad labor board, who added that the decisions of the men would be complied with by them.

Nearly everybody believes that if he should fail at his present business he could take up writing and make a good living at it without any work worth mentioning.

A good many men still go on the theory that taking advantage of opportunity means taking advantage of the other fellow.

In gambling with fate remember that fate is no gambler. Fate plays a "sure thing" game.

Wolverine News Brevities

Monroe—A Junior Y. W. C. A. organization is being organized here.

Bay City—Third and fourth class postmasters and rural mail carriers of Bay county, have organized a county welfare council of the Bay County Postal Workers.

Monroe—The city commission of Monroe will ask the Federal Government to turn to the city two strips of land on Lake Erie near Monroe Piers to be used for parks.

Hartford—The First State bank, of Hartford, opened June 17. The former American bank building has been purchased by the new institution, and has been completely remodeled.

Vassar—A few minutes after Mrs. Miles Osgerby had gotten out of bed to build the kitchen fire, lightning struck the roof of her house, shot down to the bedroom and destroyed her bed.

Alpena—Senator and Mrs. Harry New of Indianapolis were at the Turtle Lake club spending two weeks fishing and enjoying a rest. Senator New had nothing to say concerning his defeat for re-nomination.

Muskegon—The action of the officials of the State Normal college in hunting smoking among female students, was endorsed by the boards of the W. C. T. U., of Michigan, in a post-convention session here.

Lansing—According to reports current in state circles, the candidacy of Congressman Roy O. Woodruff, of Bay City, to succeed Senator Truman H. Newberry in the United States senate, will be announced soon.

Kalamazoo—The will of Noah Bryant, founder of the Bryant Paper company, dividing an estate valued at \$600,000, has just been admitted to probate. The bulk of the estate was left to his daughter, Elizabeth J. Millham.

Owosso—It is announced that the Michigan Pikers' association has changed the itinerary of its annual tour, next month, at the request of the chamber of commerce, to include Owosso. The tourists will reach here, July 7, and remain over night.

Benton Harbor—Fire that swept through a row of cottages at Higlan Park, a resort on Lake Michigan, two miles north of here, caused damage estimated at \$30,000. Four cottages were leveled and three others damaged.

Wakefield—Tony Evanhoof, a Shortlan, died at the hospital here a short time after he had been shot during a raid by sheriff's officers on his home in search of liquor. The sheriff's party declares that he attempted to attack them while search of the house was being made.

Marshall—John Weddel, pupil in district No. 2 fractional, Burlington township, will attend the state fair at Detroit this year at the expense of the fair society as a result of having received highest standing in recent rural school, eighth grade, diploma examinations. He received 90.7 per cent.

Ironia—John Hilliker, 16 years old, was brought to the county jail, here, and turned over to Sheriff Hoppough by his father, Louis Hilliker, of Greenville, with the remark, "I have done all that I can for him, it is your turn now." The boy had forged a check for \$47.50 with his name to it, the father said.

Detroit—Joseph Hebert, Grand Trunk engineer, lived up to the traditions of his calling although it cost his life, when his engine jumped the track near the foot of Hastings street and overturned. Thinking only of the passengers in the cars behind, he clung to his post and died, his hand clutching the throttle.

Lansing—Representatives of all the railroads operating in the state have notified the state public utilities commission that they will file reduced schedules for intrastate traffic to meet the recent rate reductions ordered by the interstate commerce commission for interstate traffic. The cut will average about 10 per cent on all freight rate schedules.

Kalamazoo—Although a man's money may be deposited in his wife's name, it still belongs to him, according to a decision of Circuit Judge Weimer. The court returned to Charles Nurrie the \$5,655 which had been deposited in a Kalamazoo bank in his wife's name. Half of the money was willed by the wife, who died recently, to her relatives.

Kalamazoo—Bertha Nash, an 18-year-old telephone operator, was remanded to jail to await trial after she pleaded not guilty to a charge of killing her child at the home of her father near this city four weeks ago. The girl was arraigned following the verdict of the coroner's jury which charged that the infant died from exposure and wounds in the neck caused by a sharp instrument.

Owosso—Legal action has been started in the United States district court, at New York, by James Oliver Curwood, of Owosso, against the Allied Distributors, Incorporated, Edwin Carew Pictures, Bernard Fine-man, Charles C. Burt and Associated First National Pictures of New York, Pittsburgh and Washington, for alleged illegal use of his name as the author of a picture entitled "I Am the Law" and for infringement of the rights of his novel, "The Valley of the Silent Men." Curwood is suing for \$100,000 and all damages.

Lexington—Judge Joseph A. Moynihan, of Detroit, will speak at a picnic of councils of the Knights of Columbus here August 15.

Big Rapids—Frightened by a lightning flash, Mrs. Lee Lincoln fell and broke her hip as she was closing a window during a storm here.

Charlotte—The third annual reunion of former Indiana people residing in Eaton county, will be held June 22, at Bennett's park, Charlotte.

Cheboygan—Mr. and Mrs. Arthur Hamper, James Johnson and Thomas Barket were arrested for the possession and illegal sale of home brew, wine and moonshine.

Howard City—William Engelman, 65 years old, a business man here for many years and a former member of the city council, died June 11. He had been ill two months.

Flint—Motorists arrested in this city for the second violation of the speed limit or traffic laws, will receive prison sentences as well as fines, Mayor William H. McKeighan has announced.

Lansing—O. B. Fuller has announced his candidacy for the Republican nomination for state auditor general, to succeed himself. The nomination will be made at the fall Republican convention.

Muskegon—Mrs. Edward F. Moran was drowned in a basin of water. She was scrubbing the floor, and is believed to have been seized with a fit. She fell face downward in four inches of water in the basin, and was dead when her husband found her.

Olivet—Two gifts, one of \$50,000 and the other \$25,000, were given to Olivet college. Both donors refused to permit their names to be made public. Both are to be used in raising the million dollar endowment fund, toward which the school is working.

Albion—With the South Ward school property definitely chosen as the location for Albion's new city hospital, the present hospital board has shouldered the responsibility of buying two residence properties to give the no hospital as large a plot as possible.

Bessemer—Five hundred dollars' fine, court costs of \$300, and probation extending over a period of four years, was the sentence meted out by Judge George O. Driscoll, in circuit court, to Frank Varga, of Ironwood, who pleaded guilty to two charges of a liquor violation.

Owosso—Shiawassee county farmers who have been feeding lambs during the past winter, have marketed the last of their flocks at advantageous prices. They assert that they have all made money this year, and most of the have more than made up their losses of a year ago.

Battle Creek—George Austin, 44 years old, prominent in railway circles here, was killed instantly when he was hit by "The Wolverine," a fast westbound Michigan Central flyer. Austin was employed by the railroad company as a switchman, and stepped from his locomotive directly in front of the train.

Lansing—Counsel for eastern coast cities in Michigan which are petitioning the Michigan Public Utilities Commission to compel the Detroit & Cleveland Navigation Co. to resume service on the Detroit-Mackinac route, won a slight advantage when the commission consented to entertain briefs on the case.

Alpena—City firemen from all parts of the state will gather here July 11 for the Forty-Eighth annual convention of the Michigan State Firemen's Association. The convention will continue through July 13. One of the more important discussions will be that led by Chief E. W. Kuhn, of Pontiac, on whether fire departments should have charge of fire drills in public schools.

Lansing—The recent decision of the Michigan Supreme Court upholding the state law requiring the licensing of chiropractors led to the adoption of a resolution by the Michigan Chiropractors' Association here asking the next Legislature to pass legislation creating a board of chiropractic examiners. Chiropractors are now required to pass an examination before the State Medical Board.

Adrian—Coming in contact with an electric wire carrying 6,600 volts, Raymond Pratt, 17 years old, of Tip-ton, narrowly escaped death, while engaged in painting the roof of the Lewis store, in that village. The young man was knocked clear off the roof, falling on a pile of rubbish, 28 feet below. When picked up he was unconscious, but following medical attention, he showed signs of recovery.

Ironwood—Bounties paid out in Iron county, Wis., just across the state line from here, were nearly four times as great, after Michigan had abolished the state and county bounty on wolves, last August. In the first four months of 1922, \$980 was paid out in wolf bounties as compared with \$280 for the year 1921. It was predicted, before the Michigan bounty system was abandoned, that wolves would be brought across the border for bounty.

Escanaba—Fire of unknown origin destroyed the round house, machine shop, engine stalls, and other property of the Minneapolis, St. Paul and Sault Ste. Marie railroad. Ten locomotives were badly damaged. The fire started in an engine house and, fanned by a heavy wind, spread to all sections of the yards, taking buildings and standing property in its path. Volunteer fire forces, in addition to the railroad crews and the city department, fought the flames for six hours before they were under control.

MARKET REPORT FURNISHED BY U. S. BUREAU OF MARKETS, WASHINGTON, D. C.

(For the week ending June 16, 1922.)

Fruits and Vegetables. Potato markets weaker. Carolina Irish cobbler No. 1, down 50c to \$1 per bu. for the week; Virginia stock 25c weaker in eastern markets, and Chicago. South Central sacked Bliss Triumph down 50c to 75c in Chicago.

Live Stock and Meats. Chicago hog prices declined 5 to 10c net for the week. Medium and good best steers generally 5 to 15c higher with butcher cows and heifers 25 to 50c lower. Feeder steers were 15c to 40c lower. Light and medium weight veal calves \$1.75@2.25 lower. Lambs ranged from \$1.75@2 lower with fat ewes were generally 50c lower. Hogs closed firm on the 16th on good grades and mostly 5 to 10c higher than Thursday's average. Pigs 25 to 50c lower. Beef steers and better grades of butcher cows and heifers were steady. Veal calves 25c lower. Better grades of sheep and lambs about steady, others weak to lower.

June 16 Chicago prices: Hogs, top \$10.80; bulk of sales, \$10.05@10.75; medium and good best steers \$8@9.20; butcher cows and heifers \$4@8.50; feeder steers, \$5.75@8.75. Light and medium weight veal calves, \$7.75@9.25; fat lambs \$11.00@12.00; yearlings \$8.25@11.25; fat ewes, \$2@6@5.50.

Stocks and feeder shipments from 12 important markets during the week ending June 9 were: Cattle and calves, 30,327; hogs, 11,998; sheep 22,391. June 16 Chicago prices: Hogs, top \$10.80; bulk of sales, \$10.05@10.75; medium and good best steers \$8@9.20; butcher cows and heifers \$4@8.50; feeder steers, \$5.75@8.75. Light and medium weight veal calves, \$7.75@9.25; fat lambs \$11.00@12.00; yearlings \$8.25@11.25; fat ewes, \$2@6@5.50.

Grain prices unsettled and closed lower for week. Chicago July wheat down 1c; August 1/2c. Sentiment mixed and largely bearish. Highest price and the first of week on short corn and there was firm undertone on 14th on bullish crop news. Minneapolis July wheat down 1/2c for the week. Chicago July wheat down 1/2c; Minneapolis July wheat down 1/2c. Market unsettled on the 16th with prices generally steady. Veal calves 25c lower. Prices advanced later on more favorable local sentiment. Removal of hedges against wheat sales market factor in July. Northwest crop reports very favorable but further claims of heat damage in southwest.

Closing prices in Chicago cash market: No. 2 red winter wheat \$1.14; No. 2 hard winter wheat \$1.15; No. 1 mixed corn 62c; No. 2 yellow corn 62c; No. 3 white corn 58c.

Average farm prices: No. 2 mixed corn in central Iowa about 48c; No. 1 dark northern wheat in central North Dakota \$1.19 3/4-4; No. 2 hard winter wheat in central Kansas \$1. Chicago July corn \$1.11; Chicago July wheat 62c; Minneapolis July wheat \$1.31 1-8; Kansas City July wheat \$1.04 1-8; Winnipeg July wheat \$1.24 1-8.

Hay. Market generally weak. Buyers not anticipating their wants excepting lower grades of hay. Demand for high grade. Not much top grade arriving but apparently enough to meet demand. Quoted June 16: No. 1 timothy, New York \$31.50; Philadelphia \$24; Pittsburgh \$24; St. Louis \$23. No. 1 alfalfa Memphis \$21.

Wheat feed market continues weak. Considerable pressure to sell principally bran. Some manufacturers quoting gluten in eastern markets lower which has partly stimulated buying. High protein feed slow.

Quoted June 16: Spring bran Chicago \$1.10; Philadelphia \$1.07; standard middlings Philadelphia \$23; winter wheat bran St. Louis \$17; linseed meal New York \$23.

Dairy Products. Butter markets steady to firm. Demand active. Bulk of buying is from consumer demand although considerable buying for storage has occurred over a million pounds daily having moved into storage in the four markets the past week. Closing prices 22 cents: New York 36c; Philadelphia 36 1/2c; Boston 37c; Chicago 35 3/4c.

East Buffalo Live Stock. East Buffalo, June 15.—Dunning & Stevens report: Cattle—Receipts, 3 cars; steady. Hogs: Receipts, 12 cars; steady; \$11.50@11.75; yorkers and pigs, \$11.10. Sheep: Receipts, 2 cars; lower; 10c lambs, \$13@12.50; yearlings, \$9@11; others, \$7@7.50; ewes, \$3.50@6. Calves, \$10.

DETROIT QUOTATIONS

Feed and Grain. WHEAT—Cash No. 2 red, \$1.18; July, \$1.13; No. 2 white, \$1.17; No. 1 mixed, \$1.15. YELLOW CORN—Cash No. 2, 65c; No. 3, 63 1/2c; No. 4, 62c; No. 5, 60 1/2c. RYE—Cash No. 2, 41c; No. 1, 40 1/2c. OATS—Cash No. 2, 35c@37c. HAY—Cash No. 2, 31c.

SEEDS—Immediate and prompt shipment, \$2.65 per cwt. SEEDS—Prime red clover, \$13.50; alsike, \$11.50; timothy, \$3.50. MAY FINE SHIPS SELLING LIQUOR

SHIP SUBSIDY BILL AMENDMENT WOULD ASSESS \$10,000 REGARDLESS OF REGISTRY.

BARRED AFTER SECOND OFFENSE

Daugherty Asked for Ruling Whether Ships Beyond 3-Mile Limit Come Within Dry Law.

Washington—An amendment to the ship subsidy bill, imposing a fine of \$10,000 on any ship of whatever registry on which liquor is sold on a voyage starting or ending at an American port, has been presented to Republican members of the house merchant marine committee.

Proposed as a substitute for an amendment offered by Representative Bankhead of Alabama which would deny any part of the subsidy to ships selling liquor, the amendment provides that upon imposition of a second \$10,000 fine the particular ship would not be permitted to enter an American port.

Indications were given at the treasury that Attorney General Daugherty would be asked to rule whether ships under the American flag but beyond the three-mile limit were subject to the prohibition amendment and the Volstead act.

Representative Cooper, Republican, Ohio, first in a statement and later in a speech in the house, declared continuation of the selling of liquor on American boats "justified the charge made by the Anheuser Busch company that Uncle Sam is engaged in bootlegging."

"No one will deny that the lawbreaker and the bootlegger in our land will be encouraged to carry on his work by reason of the policy of the shipping board," said Mr. Cooper, "for it places the government in the position of admitting its inability and unwillingness to enforce its own laws."

Mr. Cooper added that the shipping board "has no more right to permit liquor to be sold on government owned ships operating under the American flag than the moonshiner and bootlegger at home has to dispense his whiskey and raisin juice."

SUMMER ARMY CAMPS OPENED

Youths Prepare For Reserve Officers' Corps Under 1920 Law.

Washington—Summer training camps were opened everywhere over the country June 15 under army supervision for youths of the reserve officers' training corps, part of the machinery of the new defensive military policy set up in the national defense act of 1920.

The corps now includes approximately 100,000 young men under training to become members of the officers reserve corps or officers of the national guard, and of these it is estimated that 7,314 began the summer work of intensive field training or to round out their class room and other military work at school and colleges.

STOP RUM SHIPPING VIA U. S.

Bonded Liquor From Canada No Longer Received At Detroit.

Detroit—No more bonded Canadian liquor is being received at the port of Detroit for transit through the United States to Mexico.

The United States supreme court ruling that no more liquor would be received at American ports for transit through the United States to Mexico and South American countries went into effect June 15.

The ruling of the supreme court reverses the decision of Judge Arthur J. Tuttle of federal court last summer, that liquor could be shipped in transit through the United States to countries other than the United States.

WILL MAINTAIN COAL PRICES

Retail Coal Merchants Agree Not to Advance Price of Fuel.

Washington—Plans for maintaining bituminous coal prices during the strike at the levels fixed in the administration's program of voluntary agreement have been declared by Secretary Hoover to have been practically completed at a further conference with operators and dealers.

Conferences with officials of the national retail coal merchants' association, Mr. Hoover said, "has planned out all difficulties" and the association has shown "its full desire to cooperate to protect the public."

Michigan in Line for Post.

Washington—Early announcement of President Harding's choice of the "dirt farmer" member of the federal reserve board under the act increasing its personnel to eight has been forecast in official circles. Three suggested were Milo D. Campbell, Coldwater, Mich., president of the National Milk Producers' association; Eugene Funk, Bloomington, Ill., well-known as a seed corn producer, and Sherman P. Houston, farmer and banker of Malta Bend, Mo.

CALLA LILY'S COUSIN

ONE day little Jack-in-the-Pulpit was telling the wild flowers about him how wonderful was the world in which they lived.

"Just think," he was saying, "how fortunate are we to be out here growing in the light and fresh air when all those flowers we can see through the big glass windows have to live inside and never breathe the clear, crisp air."

"And here we are close to this stream and those poor hothouse plants have to wait until some one brings water to them. We should be very thankful for all our comforts."

Right near the window of the conservatory, which was what Jack meant by the big glass windows, grew a stately Calla Lily in a big pot. She often looked out at the modest wild flowers that happened to be growing near the little stream which ran along by the conservatory.

Often the wild flowers had nodded to the hothouse flowers and some of them had bent a little in answer, but

Jack-in-the-Pulpit, was telling the flowers

not the stately Calla Lily. She pretended she did not see them or their friendly nod.

And there was a reason for this, for Calla knew that Jack-in-the-Pulpit was a relative of hers—distant, to be sure, but still he was related—and if one stooped to look and compare Calla and Jack they would see at once a family resemblance.

Calla's dainty, waxlike cup resembles Jack's greenish-brown pulpit, and

Calla's pretty, yellow, upright center resembles in shape Jack himself as he stands beneath the curved pulpit. And that was the reason Calla Lily did not nod or notice the little wild flowers outside her glass home; she was afraid that some one would know that she and humble little Jack were cousins, for she supposed that Jack knew it and was bragging to the other wild flowers about it.

"They will be sure to tell it to some of the flowers standing near the door some day when the gardener leaves the door open."

The truth of the matter was that Jack knew nothing about the stately relative growing inside the hothouse, and if he had he would have pitied her, for he was quite happy and satisfied growing out in the air and light and would not have changed places with Calla for all her beauty and stately bearing.

He loved the woods and the moist spot where he grew and his friends that grew about him.

There were the fleckle, late-coming wind-flowers; though they never tarried, Jack was always glad to see them and hear them prattle of the sights they expected to see, and their farewell flutters as they sailed away always made Jack glad he did not care to roam, as they did.

There were the wild Lilies-of-the-Valley; they were friends of Jack's also, and he felt they had much in common, for their name was as long as his; there were the birds and the trees, too. Jack was happy in his wild home and gave no thought to high-toned relatives.

But if Calla Lily had but known it there was another Jack not far from the one she could see from the window, of whom she had more to fear, for he bore much more striking resemblance to the stately Lily than the other Jack.

This second Jack-in-the-Pulpit had a green-white covering which looked very much like Calla's wax white cup, and if sometime you are in the place where the little Jacks grow and you look you may be fortunate enough to find this other Jack with the greenish-white pulpit, though this is not so common, a variety as the dark-colored Jacks.

But you can be sure both Jacks would rather live in their airy, light houses in the woods than in the glass house where their stately cousin Calla Lily lives.

"What's in a Name?"
By MILDRED MARSHALL

Facts about your name; its history; meaning; whence it was derived; significance; your lucky day and lucky jewel

ALETHEA

ALETHEA, though not in common usage, is a most important name. It comes from the Greek Aletheia, which in turn was evolved from the Greek "al" and the word meaning "to hide", and thus may be translated as "truth" or "sincerity."

The first appearance of the name is recorded in 1411 when Alethea of Padua lived. It was Donna Maria Alethea, a Spanish princess for whom Charles I of England journeyed to Spain while he was prince of Wales.

Alethea was the form which appeared in the famous Saville family and was given vogue through its prominence. But perhaps the most famous and memorable Alethea was the lady to whom the captive cavalier penned the much-quoted lines:

Stone walls do not a prison make,
Nor iron bars a cage.

To Alethea is given the additional interest of naming the youngest bride known to English history; in 1693, at the age of nine, Alethea Brandling was married to a man named Henry Ilitch. The name proved very popular in England and Ireland, where it is sometimes contracted to Letty.

Alethea, meaning wholesome, has no connection with Alethea. The former seems to have belonged solely to the unfortunate mother of Melenger.

Coral is Alethea's talismanic stone. It has the power to drive away evil spirits and to protect its wearer from danger and disease. Thursday is Alethea's lucky day and 5 her lucky number.

THE GIFT OF SPEECH

THE Gift of Speech, the Golden Tongue,
The words with which great songs are sung,
Were not designed, I think, as mere
Vehicles of the Gibe and Sneeze,
But instruments with which to voice
The hopes that make the soul rejoice,
And spread good-will that earth
May be a garden fair of Amity.

EVERY place een deesa country now gotta trouble. When da war go on seema lika everybody gotta same idee. Only ting wot maka trouble tree, four year ago, was da fight. Each maka da strike or da keek bouta something. Only ting gotta be putta kaiser on da bum.

But seince da war quetta fight and da kniser go on da hog we getta more trouble as ever. Nobody feela good and everybody wanta keeka other one. Een da fight we maka gooda job, but weeth da peace seema lika nobody know ees here yet.

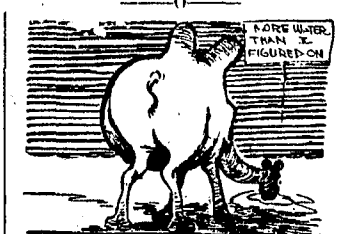

Every place ees too moocha walk-out, lockout, strike out, keek out, pay out and down-and-out. Da paper say one place gotta strike, other place gotta walkout and some other place ees da lockout. And een eacha one dat place everybody take da vacansi and no go to work.

Da actor he maka strike een New York, da railroad shop men walk out een some other place and one frien I gotta een San Francisco, California, tella me he was lockout other night by bees wife.

I aska one man wot's deefrence weeth da walkout and da strike and he say ees no deefrence. And somebody tella me one guy een da baseball game maka tree strike one day and other guy gotta tree walk een da sama game.

President Harding say eef we no strike and walk out now everything ees pretty good een lettle while. Mebbe he gotta rigta idee and I gotta one, too. I tink we should stoppa da baseball eef ees any more strike. I dunno for sure eef I am rigta idee.

SCHOOL DAYS

Uncommon Sense
By JOHN BLAKE

INSPIRATION

A RECENT Sunday newspaper printed a picture of the head of one of New York's biggest banks. He was in a baseball uniform, and but for a mustache—an ornament now discarded by ball players—looked like a professional.

The picture was taken at an outing of the Bond club. The banker served as pitcher for the New York team. The type below recited the fact that he got his first job in an Albany bank because he was a crack ball player, applied himself to banking as eagerly as he had applied himself to baseball, and in a few years was well on his way to his present position.

It is needless to say that this particular baseball player didn't put all he had into the game. He was unusually gifted as a pitcher, and might easily have got into one of the big leagues, too.

But he had the good sense to know that baseball was not a steady business, and that banking was. And instead of seizing an opportunity to make fairly big money early in youth, he was content to try the banking business on a small salary.

Of course there are a good many men who started in the banking business when he did, and who are still about where they were when they started. But at least they still have steady jobs. If they had taken to baseball they would not be doing as well.

Our object in referring to this particular case is to call attention to the fact that if you want inspiration in your work you can get it in the newspapers—plenty of it.

Brief bits of biography such as the one we have cited appear almost every day.

Seldom is a prominent man's name mentioned in connection with an important affair that you do not learn something about how he started and why he succeeded.

If you want to read about the failures—and the horrible examples, you can read about them, too.

While this man was rising from a bank clerk to a bank president, another man who started as an important official of a bank—chiefly because his father owned most of it—was preparing to travel in the other direction. He made the journey, and has just arrived at the point he started for.

All human history is epitomized in the daily news.

Read the papers. Think about what you read. After that if you don't succeed it will not be because nobody told you how.

Systematic Accumulation.
"How did prices get to be so high in the first place?" inquired the plain citizen.

"Well," replied Mr. Dustin Stax, "the more profit you made the more surtax you had to pay and the more surtax you had to pay the more profit you had to make."

THE CHEERFUL CHERUB
I like to walk on summer nights. The air with mystery just teems. And rushing past me I can feel The sleeping people's coming dreams.

THAT DULL ACHING.

Don't worry and complain about a bad back. Get rid of it! For weak kidneys, lame and aching backs, your neighbors recommend Doan's Kidney Pills. Ask your neighbor!

Mrs. John Fitzgibbons, Bridge St., East Jordan, says: "Whenever I did any stooping my back always to hurt me and it had me all tired out. The greatest trouble was a dull ache through the small of my back which settled there. I often saw black specks before me and they bothered my sight considerably. My kidneys were weak and irregular and I was nervous, run down and worn out. I heard of Doan's Kidney Pills and decided to try them. I used Doan's and they cured me."

60c. at all dealers. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

A fool expects gratitude — A wise man, cash.

Any unmarried girl presents a confirmed bachelor and it doesn't make it any better that the confirmed bachelor may like all the unmarried girls.

The girl about to marry knows she is going to "live happy ever after," while the widow about to marry hopes that with luck, she may live comfortably ever after.

HEAVY MEAT EATERS HAVE SLOW KIDNEYS

Eat less meat if you feel Backache or have bladder trouble—Take glass of Salts.

No man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally, says a well-known authority. Meat forms uric acid which excites the kidneys, they become overworked from the strain, get sluggish and fail to filter the waste and poisons from the blood, then we get sick. Nearly all rheumatism, headaches, liver trouble, nervousness, dizziness, sleeplessness and urinary disorders come from sluggish kidneys.

The moment you feel a dull ache in the kidneys or your back hurts, or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a sensation of scalding, stop eating meat and get about four ounces of Jad Salts from any pharmacy; take a tablespoonful in a glass of water before breakfast and in a few days your kidneys will act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate the kidneys, also to neutralize the acids in urine so it no longer causes irritation, thus ending bladder weakness.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep the kidneys clean and active and the blood pure, thereby avoiding serious kidney complications.

SAGE TEA DARKENS HAIR TO ANY SHADE

Don't Stay Gray! Here's an Old-time Recipe that Anybody can Apply.

The use of Sage and Sulphur for restoring faded, gray hair to its natural color dates back to grandmother's time. She used it to keep her hair beautifully dark, glossy and attractive. Whenever her hair took on that dull, faded or streaked appearance this simple mixture was applied with wonderful effect.

But brewing at home is messy and out-of-date. Nowadays, by asking at any drug store for a bottle of "Wyeth's Sage and Sulphur Compound," you will get this famous old preparation improved by the addition of other ingredients, which can be depended upon to restore natural color and beauty to the hair.

A well-known downtown druggist says it darkens the hair so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through your hair, taking one strand at a time. By morning the gray hair disappears, and after another application or two, it becomes beautifully dark and glossy.

Wyeth's Sage and Sulphur Compound is a delightful toilet requisite for those who desire a more youthful appearance. It is not intended for the cure, mitigation or prevention of disease.

FIERY, ITCHY ECZEMA IS HEALED RIGHT UP WITH THIS SULPHUR

Any breaking out of the skin, even fiery, itching eczema, can be quickly overcome by applying a little Mentho-Sulphur, says a noted skin specialist. Because of its germ destroying properties, this sulphur preparation instantly brings ease from skin irritation, soothes and heals the eczema right up and leaves the skin clear and smooth.

It never fails to relieve the torment and disfigurement. Sufferers from skin trouble should get a little jar of Mentho-Sulphur from any good druggist and use it like a cold cream.

Briefs of the Week

Miss Mary Brown left this Friday for a visit at Detroit.

Buy a Leonard Cleanable Refrigerator. R. G. Watson. adv.

Miss Reva Wood left Thursday to join her parents at Grand Rapids.

Some good Bicycles at C. J. Malpass Hdwe. Co. on easy payments. adv.

George Phillips and Raymond Hockstad left this Friday for a visit at Flint.

Mrs. James R. Howard left this Friday for a visit at Detroit, and Sarnia and London, Ont.

Mrs. Robert Grant was called to Coleman, this Friday, by the serious illness of her daughter.

All kinds of new and used Furniture on easy payments at C. J. Malpass Hardware Co. adv.

Mrs. Fred Hunn and children of Saginaw are visiting at the home of Mr. and Mrs. Ed. Bashaw.

Large stock of Lawn Hose. Stroebel Bros. adv.

Regular meeting of South Lake Lodge No. 180, K. of P., every Monday evening at 7:30 sharp. All members urged to be present. Visitors welcome

CITY TAX NOTICE

City Taxes for the City of East Jordan for the year 1922 are due and payable from July 1st to July 31 inclusive without penalty.

On August 1st a collection fee of Two per cent will be added and an additional one per cent on the first day of each succeeding month until taxes are paid.

G. E. Boswell,
City Treasurer.

MRS. M. J. MAHER PASSED AWAY SATURDAY, JUNE 17TH.

Mrs. Maria Jane Maher passed away at her home in this city last Saturday evening, June 17th, following an extended illness from ulcers of the stomach.

Deceased was born in Galloway, Ireland, seventy-eight years ago. When six years of age she removed with her parents to Norman Bay, Gray County, Canada. She was united in marriage to John Maher at that place about 54 years ago. He husband passed away some 26 years later. Following his death, she removed to Erie, Pa., and some 20 years ago located at East Jordan, where she has since resided.

Deceased was an aunt of the Kenny brothers of this city. A niece, Mrs. Margaret Mathies, of Erie, Pa., was here to attend the funeral.

Funeral services were held from St. Joseph's Church Wednesday forenoon, June 21st, conducted by the pastor, Rev. Fr. Drinan. Interment at the Catholic Cemetery.

Water Tax Notice.

Water tax for quarter ending June 30th will be due July 1st and payable at my office during the month of July.

After August 30th, if the tax is unpaid, service will be discontinued. No notices will be sent.

G. E. BOSWELL

How about a strictly ALL LINEN 18-inch Toweling for 23c yard for one week only.

EAST JORDAN LUMBER COMPANY

Notice of Special Election.

Notice is hereby given to the electors of the City of East Jordan, State of Michigan, that a Special Election will be held on the Seventeenth day of July, A. D., 1922, at the places named below and for the purpose hereinafter set forth in a resolution adopted by the Council of the City of East Jordan on the Nineteenth day of June, A. D., 1922.

VOTING PLACES

First Ward, Gum Company Bldg.
Second Ward, Town Hall
Third Ward, Hose House

RESOLUTION

Whereas the council of the city of East Jordan, has by resolution duly passed at its meeting held on this 19th day of June, A. D., 1922, declared it is expedient, necessary and desirable for the city of East Jordan to acquire, own, purchase, construct and operate a municipal electric lighting plant and distribution system for the supplying of the city of East Jordan and its residents with electricity for heating, lighting, power and any other use which the same now is or may hereafter become available or desirable and

Whereas the council of the city of East Jordan has caused an estimate of the expense thereof to be made at the sum of Seventy Thousand Dollars.

Now, therefore, be it and it is hereby resolved that the question of raising and borrowing the amount necessary, being the sum of Seventy Thousand Dollars, and issuing the bonds of the city therefor, for the acquiring, owning, purchasing, constructing, and operating of such municipal electric lighting plant shall be submitted to the electors of the city of East Jordan at a special election hereby called for that purpose by the city council of the city of East Jordan to be held in the city of East Jordan on the 17th day of July, A. D., 1922.

And be it further resolved that the polls of said election shall be open from the hour of 7:00 o'clock in the forenoon until 5:00 o'clock in the afternoon of said day and that the form of the ballot to be used at said election shall be as follows:

"For borrowing the sum of Seventy Thousand Dollars for acquiring, owning, purchasing, constructing and operating a municipal electric lighting plant and distribution system for the city of East Jordan, and issuing the bonds of the city therefor."

YES []

"For borrowing the sum of Seventy Thousand Dollars for acquiring, owning, purchasing, constructing and operating a municipal electric lighting plant and distribution system for the city of East Jordan, and issuing the bonds of the city therefor."

NO []

And that a notice of said election, including this resolution, shall be published in the Charlevoix County Herald once each week for three weeks immediately preceding said election and that six copies of said notice to be posted in six public places in the city of East Jordan at least twenty days prior to the date of said election.

Adopted by the council of the City of East Jordan on the nineteenth day of June, 1922, by a ye and nay vote as follows:

Yeas: Aldermen Farmer, Proctor, Kowalske, Porter, Whittington, Palmeter, Aldrich and Mayor Dicken.

Nays: None.

REGISTRATION

Any qualified elector not already registered, may register at the city clerk's office at any time prior to 8:00 o'clock, standard time, July 8, 1922.

Dated this 23rd day of June A. D., 1922

COUNCIL PROCEEDINGS

Regular meeting of the Common Council of the city of East Jordan, held at the Council Rooms, Monday evening, June 19, 1922.

Meeting was called to order by Mayor Dicken. Present: Mayor Dicken and Aldermen Aldrich, Palmiter, Whittington, Porter, Kowalske, Proctor, and Farmer.

Minutes of the last meeting were read and approved.

Bills were presented for payment as follows:

E. W. Giles, cleaning street...	21.00
Arthur Decker, labor at cemetery	28.70
Herman Hammond, labor at cemetery	6.00
City Treasurer, payment of Street Labor	223.14
Frank Akins, cleaning water tank	1.50
Chas. Newkirk, cleaning water tank	2.00
Wm. Moore, work at cemetery	3.00
The Union Products Co., street paint	12.50
J. I. Holcomb Mfg. Co., street brooms	8.37
Electric Light Co., lighting library	2.65
Reid-Graff Plumb. Co., labor and material	124.20
E. J. Cabinet Co., grade stakes	2.82
Chas. Coykendall, painting pavement	8.00
Joynt & Severance labor and material	7.35
Andrew Berg, cement work	20.00
Wm. Kogono, labor at park	4.72
Harry Williams, labor at park	5.13
Ed. Gerner, labor at park	.46

On motion by Alderman Farmer, the bills were allowed by an aye and nay vote as follows:

Ayes: Porter, Aldrich, Proctor, Kowalske, Farmer, Palmiter, Whittington, and Dicken.

Nays: None.

The resignation of H. P. Porter as Commissioner from the board was taken from the table and after some discussion, he consented to withdraw same.

Albert Tausch made application for permission to construct a tile building 20 x 28 ft. on Lot 1, Block 1, Original Plat, and on motion by Alderman Farmer, permission was granted.

Moved by Alderman Farmer, supported by Alderman Porter, that the sum of \$300 be appropriated for Fourth of July fireworks. Motion carried.

The following resolution was offered by Alderman Porter, who moved its adoption:

Supported by Alderman Farmer.

Resolved that the council of the City of East Jordan hereby declare that it is expedient, necessary and desirable for the City of East Jordan to acquire, own, purchase, construct and operate a municipal electric lighting plant and distribution system for the supplying of the City of East Jordan and its inhabitants with electricity for heat, light, power and other commercial, private or public use which the same now is or may hereafter become available or desirable.

Adopted by the Council of the City of East Jordan on the nineteenth day of June, 1922, by a yea and nay vote as follows:

Ayes: Aldrich, Whittington, Porter, Proctor, Kowalske, Farmer, Palmiter, and Dicken.

Nays: None.

The following resolution was offered by Alderman Porter, who moved its adoption:

Supported by Alderman Whittington. Whereas the council of the City of East Jordan has declared that it is expedient to acquire, own, purchase, construct and operate a municipal electric lighting plant.

Now, therefore, be it and it is hereby resolved that the Council of the City of East Jordan go into committee of the whole for the purpose of making and causing to be made an estimate of the expense of acquiring, owning, purchasing, constructing and operating a municipal electric lighting plant and distribution system sufficient for supplying the city of East Jordan and its inhabitants with electricity for heat, light, power and any other use which the same now is or may hereafter become available or desirable.

Adopted by the Council of the city of East Jordan on the nineteenth day of June, 1922, by a yea and nay vote as follows:

Ayes: Whittington, Palmiter, Kowalske, Proctor, Farmer, Porter, Aldrich, and Dicken.

Nays: None.

The council then went into committee of the whole with Mayor Dicken in the chair. After a time the committee of the whole arose and reported as follows:

To the Honorable Council of the city of East Jordan.

Gentlemen: Your committee of the whole begs leave to report that it has duly considered the question of making an estimate of the expense of acquiring, owning, purchasing, constructing and operating a municipal electric lighting plant for the city of East Jordan and estimates the expense thereof, including buildings and real estate, plant equipment and distribution system, at the sum of Seventy Thousand Dollars. Respectfully submitted.

H. W. Dicken
Chairman of Committee of the Whole.

Otis J. Smith,
Secretary of Committee of the Whole.

The following resolution was offered by Alderman Farmer, who moved its adoption:

Supported by Alderman Aldrich.

Whereas the council of the city of East Jordan has just received the report of the committee of the whole on the matter of estimating the expense of acquiring, owning, purchasing and constructing and operating a municipal electric lighting plant for the city of East Jordan.

Now, therefore, be it and it is hereby resolved that the council of the city of

East Jordan hereby adopts the report of the committee of the whole and hereby estimates the expense of acquiring, owning, purchasing, constructing, and operating an electric lighting plant and distribution system for the supply of the city of East Jordan and its inhabitants with electricity for heat, light, power, and any other use which the same now is or may hereafter become available or desirable, including buildings and real estate, plant equipment and distribution system at the sum of Seventy Thousand Dollars.

Adopted by the council of the City of East Jordan on the nineteenth day of June, 1922, by a yea and nay vote as follows:

Ayes: Porter, Aldrich, Kowalske, Proctor, Palmiter, Farmer, Whittington, and Dicken.

Nays: None.

The following resolution was offered by Alderman Proctor, who moved its adoption:

Supported by Alderman Kowalske: Whereas the council of the city of East Jordan has by resolution duly passed at its meeting held on this 19th day of June, A. D. 1922, declared it is expedient, necessary and desirable for the city of East Jordan to acquire, own, purchase, construct and operate a municipal electric lighting plant and distribution system for the supplying of the city of East Jordan and its residents with electricity for heating, lighting, power and any other use which the same now is or may hereafter become available or desirable and

Whereas the council of the city of East Jordan has caused an estimate of the expense thereof to be made at the sum of Seventy Thousand Dollars.

Now, therefore, be it and it is hereby resolved that the question of raising and borrowing the amount necessary, being the sum of Seventy Thousand Dollars, and issuing the bonds of the city therefor, for the acquiring, owning, purchasing, constructing, and operating of such municipal electric lighting plant shall be submitted to the electors of the city of East Jordan at a special election hereby called for that purpose by the city council of the city of East Jordan on the 17th day of July, A. D. 1922.

And be it further resolved that the polls of said election shall be open from the hour of 7:00 o'clock in the forenoon until 5:00 o'clock in the afternoon of said day and that the form of the ballot to be used at said election shall be as follows:

"For borrowing the sum of Seventy Thousand Dollars for acquiring, owning, purchasing, constructing and operating a municipal electric lighting plant and distribution system for the city of East Jordan, and issuing the bonds of the city therefor."

YES []

"For borrowing the sum of Seventy Thousand Dollars for acquiring, owning, purchasing, constructing and operating a municipal electric lighting plant and distribution system for the city of East Jordan, and issuing the bonds of the city therefor."

NO []

And that a notice of said election, including this resolution, shall be published in the Charlevoix County Herald once each week for three weeks immediately preceding said election and that six copies of said notice to be posted in six public places in the city of East Jordan at least twenty days prior to the date of said election.

Adopted by the council of the City of East Jordan on the nineteenth day of June, 1922, by a yea and nay vote as follows:

Ayes: Alderman Farmer, Proctor, Kowalske, Porter, Whittington, Palmiter, Aldrich and Dicken.

Nays: None.

Alderman Porter asked to be excused for the remainder of the session and was so excused.

The following resolution was offered by Alderman Kowalske, who moved its adoption:

Supported by Alderman Farmer. Whereas that H. A. Goodman, J. E. Houghton, James Gidley, Wm. Bashaw, and D. J. Whiteford for the first ward; H. B. Hipp, Fred Longtin, W. R. Barnett, J. A. Nickless and M. J. Williams, for the second ward; and Mrs. J. M. Howard, C. B. Crowell, W. G. Fortune, L. A. Hoyt and Benjamin Severance for the third ward, be and they are hereby appointed election inspectors of said election.

Adopted by the council of the city of East Jordan on the nineteenth day of June, 1922, by a yea and nay vote as follows:

Ayes: Palmiter, Aldrich, Whittington, Farmer, Kowalske, Proctor, and Dicken.

Nays: None.

On motion by Alderman Farmer meeting was adjourned.

OTIS J. SMITH, City Clerk.

PROBATE ORDER.

STATE OF MICHIGAN, The Probate Court for the County of Charlevoix.

At a session of said Court, held at the Probate Office in the city of Charlevoix in said County, on the 2nd day of June A. D. 1922.

Present: Servetus A. Correll, Probate Judge.

In the Matter of the Estate of Maximilian Scheffels, Deceased.

The above estate having been admitted to probate and John J. Mikula appointed administrator thereof.

It is ordered that four months from this date be allowed for creditors to present their claims against said estate, and that such claims will be heard by said court on Thursday, the 12th day of October A. D. 1922, at ten o'clock in the forenoon, at the Probate office in the city of Charlevoix.

It is Further Ordered, That public notice thereof be given by publication of this order, for three successive weeks previous to said day of hearing, in the Charlevoix County Herald a newspaper printed and circulated in this county.

SERVETUS A. CORRELL,
Judge of Probate.

Women may not know their own minds but they generally have a pretty fair line on their husband's minds.

Good Roads Essay Contests

(Continued from First Page.)

the fall when we are having our fall rains will cut thru the dirt and gravel roads no matter how much time is spent in repair. With this kind of road a farmer can haul only about half as large a load as on concrete roads and besides it takes more out of the horses than hauling a full load on concrete.

Second, let us take into consideration the hundreds of tourists from all parts of the United States who visit Charlevoix and the immediate vicinity. When people go out for pleasure in automobiles they do not want to go bumping along over a gravel and dirt road, and when it rains be ploughing thru mud up to the axels. While the tarvia roads holds up for a few years it is constantly in need of repair. The holes which are worn in tarvia roads are not large, but the edges are sharp and a motorist who goes over and hits these sharp edges is very likely to ruin a tire. Gravel and Tarvia roads cannot hold up the Packards and Pierce Arrows that go thru the country not less than forty miles an hour.

Which will be the cheaper in the long run, concrete or gravel roads? The cost of constructing one mile of concrete road nine feet wide and eight inches thick is seventeen thousand four hundred dollars, while the cost of gravel roads is thirteen thousand five hundred dollars, a saving of four thousand dollars in construction.

The concrete pavement on Dixon Avenue, Charlevoix, has been built twelve years with a total wear of three thirty seconds of an inch. At this rate of wear it would take 128 years to wear it down one inch or over a thousand to wear out an eight inch road. The streets of Charlevoix built of tarvia have had to be rebuilt twice at the cost of fifteen thousand dollars a mile, or the total construction cost of thirty thousand dollars a mile. Each spring the streets have to be resurfaced.

Concrete is the hardest material for road construction. It does not become its hardest until after two years of setting, and therefore concrete does not become its best until after it is two years old, while gravel roads are in need of extensive repair after two years of travel. One square inch of the best concrete can stand a pressure of four thousand pounds. The average cost of dirt, gravel and tarvia roads is between four and five hundred dollars a mile, a year, while the upkeep of concrete roads is less than one hundred dollars a year. On the Charlevoix and East Jordan road it is necessary to have two men and a horse and wagon each, to keep the road in repair. On the Norwood road, which is dirt with a little gravel, the County Commission must keep a man and team on the road all of the time and sometimes two and three teams with four men. All they can do on this road is keep it passable and after a heavy rain the road is full of holes and is in as bad a condition as it was before they started the work.

The only way soft material roads are the cheapest is the first cost, or the construction. After from ten to fifteen years gravel roads must be reconstructed, while with the concrete roads there is only three thirty-seconds of an inch worn away.

If a person is looking for a sanitary road there is nothing that will surpass the concrete roads for there is practically no dust flying from the concrete road. It is not a very pleasant thing to have a puncture or blowout in the hot summer weather while traveling over roads pulit of tarvia, because the tarvia is softened by heat and makes it stick to the tires and makes them a very dirty thing to handle.

If a county must bond to build roads, why not build roads that will outlive the bonds they are built with, instead of building a road worth less than the money put into them?

PROBATE ORDER

STATE OF MICHIGAN, The Probate Court for the County of Charlevoix.

At a session of said Court, held at the Probate Office in the City of Charlevoix in said County, on the 10th day of June, A. D. 1922.

Present: Hon. Servetus A. Correll, Judge of Probate.

In the Matter of the Estate of George Simmerman, Deceased.

Lizzie M. Simmerman having filed in said court her petition praying that the administration of said estate be granted to petitioner or to some other suitable person,

It is Ordered, That the 6th day of July, A. D. 1922, at ten o'clock in the forenoon, at said probate office, he and is hereby appointed for hearing said petition.

It is Further Ordered, That public notice thereof be given by publication of a copy of this order, once each week for three successive weeks previous to said day of hearing, in the Charlevoix County Herald, a newspaper printed and circulated in said county.

SERVETUS A. CORRELL,
Judge of Probate.

The man who boasts that he takes a cold bath every day in the year, is now beginning to take it.

JOBLESS ACTORS TURN TO STORES

Dullness in Theater World Transforms Players into Floorwalkers and Salesmen.

HARD SUMMER IS EXPECTED

More Than Half of Country's Actors Arc or Will Be Out of Employment This Summer—Movie Work Offers No Hope.

New York.—New York's department store floorwalkers always have been noteworthy for their politeness and urbanity. Improving on their manners would seem like painting the lily. Yet many a woman shopper has commented of late on the fact that some of these human Baudelaires display a demeanor air that is unusual, even for floorwalkers. And many of them have seemed in some way familiar.

Similarly, at the counters, patrons have found new faces and personalities of a different stamp. Some of the salesmen, like the floorwalkers, have a carriage different from their fellows. Men shoppers as well as women have been intrigued by some of the salespeople plainly not true to type. "Where have I seen him before?" the women ask, and "Her face is familiar," the men say.

They have seen those same faces heard those same voices, from their seats in a Broadway theater. Times are hard along the Rialto these days with the road practically closed and the summer season coming on. Many an actor and actress is only too glad to become a department store clerk or floorwalker.

There are 32,000 men and women playing in the United States. Half of these are or will be without employment in their chosen calling this summer. Already that part of Broadway which enjoys the term Rialto is taking on a midsummer appearance. Gathered on street corners, strolling along or chattering by twos and threes in front of buildings devoted to book agencies and managers' offices are men and women who bear the unmistakable stamp of stage folk out of a job.

Wolf Around the Corner.

Spring may be here, but its presence is not heralded in the garb of these players. Fur coats are still in evidence, and to the initiated the gowns and hats of the women and the suits of the men are manifestly of winter vintage. The winter itself has been a hard one with more than 5,000 players who usually have road engagements forced to remain idle or find other employment. Summer will see the wolf hungrier and more powerful and the door fastenings in some cases unable to withstand his attacks. But the day has gone by when the player need go hungry or without shelter. The Actors' Fund and the Equity association see to it that no member of the profession in good standing has to walk the streets. And it is significant of the strength of the reserve funds of the profession, as a whole, that up to date only eleven players have applied to the Equity for food money. But the association expects and is ready to meet a large increase in the number of those applying for such assistance in the coming months.

The actor or actress is a person with a temperament. Once he or she plays on Broadway at a salary of \$250 or \$300 a week, that figure in his own mind fixes his future rating.

A Living on the Road.

But there is a good living for the actor and large profits for the managers in the summer shows, and, thanks to them, the smaller towns and cities which have gone without the Broadway successes because of the increasing cost of transportation and the high prices charged for plays given by inferior companies, will see during the coming months many of the hits of the year.

The tent shows are not of the type associated here in the East with street carnivals and country fairs. They put on Broadway successes with competent companies and good settings. Last summer the proprietor of a tent show, who toured only Nebraska, cleaned up \$18,000 with plays of the character of "Turn to the Right." The proprietor of a repertoire company who last year played in Texas and the Southwest, was credited with taking in a profit approximating \$18,000. The repertoire was not "Uncle Tom's Cabin," "Ten Nights in a Barroom," "East Lynne" and "The Two Orphans," either. It consisted of comedies and dramas which had been Broadway successes of the preceding year but never had been presented in that territory.

It is to these companies that the players out of a job are turning who prefer three meals a day even though their pride be jolted. To the uninitiated, it would not seem that the depression in the moving picture theater business would affect players of the legitimate stage. Nevertheless, this is the case. When the moving picture studios were at the height of production, as they were up to a year ago, with studios operating in the metropolitan district, the legitimate actor temporarily out of a place could count on enough work as an "extra" in a moving picture production to pay his room rent and keep the inner man satisfied. Now even this is gone, for practically all of the new pictures are being staged in Hollywood.

Ford
THE UNIVERSAL CAR

And remember—the lowest first cost, the lowest upkeep and the highest resale value of any motor car ever built.

\$645

Unequaled in Value

F. O. B. Detroit

Equipped with Electric Starting and Lighting System, demountable rims, extra rim and non-skid tires all around—the Ford Sedan at \$645 is the greatest motor car value ever produced—an enclosed car of comfort, convenience and beauty. Reasonably prompt delivery. Terms if desired.

Northern Auto Co.
East Jordan, Mich.

Words' Odd Derivation.
The word "sincere" owes its origin to honey. The ancient Romans used honey in great quantities, and as much of it was adulterated with wax, he was accounted an honest man who sold his honey pure. In this way the word "sincere" passed into our language, for it signified "sine cera," meaning without wax.

Famous American Trees.
The Charter oak of Hartford, Conn., in the hole of which the colony's charter was hidden by Captain Wadsworth, survived until 1856, when a storm destroyed it. In Annapolis, Md., there is a poplar which the Annapolis folk call the Liberty tree. It still stands sturdy and green on the campus of St. John's college. Under this tree patriots of the colony met and made their pronouncements for freedom.

Vindicates the Turkey.
Charges of larceny commonly preferred against turkeys that range in grain fields may be definitely vitiated drawn following significant evidence that the homely birds choose one fat cricket to a whole field of grain during the season that they fit themselves for the Thanksgiving sacrifice. A count made last fall of the contents of a typical ton's crop showed 240 grasshoppers, 50 black crickets and nine kernels of grain. Turkeydom rests its case on many similar evidences in other states.

A Cock-and-Bull Story.
This is the term of an impossible tale. Many ingenious explanations have been suggested, but the phrase really dates from Matthew Prior (1664-1721) —"Cocks and bulls and flutes and fiddles. Told tales and foolish riddles."
