### Tower of Babel.

The tower of Babel is the tower spoken of in Genesis as being built by mankind after they came down from the ark to the plain from the mountains of the east. It was like the later temple tower of Babylon, except that it was being constructed so high that its top might reach Heaven. The builders were miraculously prevented by the confounding of their language. Thus the origin of our many tongues.

## PENINSULAR

(Edited by Mrs. E. Hayden)

Potatoes are not an unusual large crop this year. The largest crop yet reported is L. Duffey of the Mountain Dist. 350 bu. from 3-8 acre.

On Thursday of last week Charles Healey had the misfortune while trying to pass a truck load of hay on the Lake shore road near the water trough to strike loose gravel. His car turned completely over, tearing off one front wheel, smashed the steering wheel, wind shield and top. The car was occupied by Mr. Healey, driving, Mrs. Healey and son, Clayton and a mason who had been working for Mr. Healey. It was nothing less than a miracle that no one was hurt, not even bruised or scratched.

None of the Peninsula schools closed for the Institute.

Mr. and Mrs. Joel Bennett and son Orval attended the football game in Boyne City Saturday. Orval is a sub. on the team.

Thomas Crosby of the Three Bells Dist. lost his best work horse one day last week with indigestion.

Mrs. Gaylon Seiler, Miss Elizabeth Seiler and Mrs. John Seiler attended the play, "The Pill Bottle" at Boyne City last week. The play was very interesting to Mrs. Gaylon Seiler as she lived in India for 25 years and her husband were Missionaries.

Mrs. Gaylon Seiler and daughter, Miss Elizabeth Seiler attended the Missionary meeting at the Presbyterian church in Boyne City Thursday p. m.

Charles Healey has a new chimney on his house.

Wilfred Arnott who is attending High School in Boyne City, came home last week with the mumps.

Mr. and Mrs. B. F. Conyer of Kalamazoo arrived Saturday morning for a week's visit with their father, George Jarman at Gravel Hill.

A kerosene lamp which had apparently been lit out at the A. Reich home last Saturday evening exploded a half hour after the family had retired and all were asleep. Mrs. Reich was awakened by the chimney crashing on the floor. The blazing burner and wick struck within a few inches of the kindling prepared for the morning fire. Mr. Reich got to it almost on the instant, there by preventing a fire which would surely have destroyed the house.

Sam Archie Hayden is home this week having been laid off from his job at the Pulp Mill at Petoskey because a portion of the smoke stack caved in. There will have to be a new stack made. They expect to start up again Nov. 6th.

Everybody is rushing the potato harvest. The price has dropped to 25c per bushel.

## PAW PAW MAN FOUND GUILTY

Frank W. Cole Convicted of Killing Neighbor in Quarrel.

Paw Paw, Mich.—After five hours' deliberation, a jury returned a verdict of murder of the second degree in the trial of Frank W. Cole, charged with slaying William Baldwin, his neighbor. He showed little emotion when the jury made known its decision.

The testimony, the last day of the trial, had to do with the widow dramatic story of her husband's death and the introduction of a crude sign Cole had posted on the tract of land in dispute between the two neighbors. The land, worth only about \$30, was the cause of the shooting. The placard bore the significant warning: "No trespassing; Baldwins beware."

## SAYS FRANCE IS NOT INDEBTED

French Financier Declares Foch's Genius Offsets Entire War Loan.

Paris—France paid her war debt to the United States with the genius of her generals and therefore owes nothing, according to the startling theory developed by Francois Marsal, former minister of finance.

The possible premier at a dinner to prominent bankers and business men of Paris, declared:

"In terminating the war in 1918, which otherwise would not have been finished for another year, Marshal Foch saved the lives of thousands of young Americans without counting the dollars which such a prolongation would have cost.

"Thus the payment of France's debt to America is easy. We have only to put on our bill to the genius of Foch, one hundred billion dollars, thus wiping out the entire debt and leaving America in debt to us!"

## Just a Word Why Churches Should Advertise

The writer was in Syracuse, N. Y., one Sunday last August. He was detained because of an accident to his car. He wanted to go to church that night, but he didn't know where to go. He picked up the Syracuse Sunday paper and looked through it from the front page to the back, but there wasn't a word about the church or the church services. As far as the papers were concerned that city might have been churchless.

But it wasn't so with the movies and other houses of entertainment. Oh, no! Their invitations were spread in large advertisements all over the page. There were a dozen or so invitations to go out on Sunday night for amusement, but not one to go to the House of God.

Possibly the church notices appeared in the Saturday issue. They generally do, but this was Sunday and the Sunday paper was the one available. The amusement places do not overlook the Sunday papers.

There may have been many more in the city with the same thoughts and desire as the writer. He happened to remember that sometimes the churches have bulletins in the hotel corridors, so he took the trouble to go downstairs. Being a Methodist, he looked for the Methodist churches. There were two on the board, so he picked out one and took a chance.

We suppose that some will say that a man or woman who wants to go to church will find a way. That's true, but why permit the theatres to have the monopoly? Isn't the church a business? If it isn't, it's time it was. Think it over.

**ELECTION NOTICE**

To the Qualified Electors of the City of East Jordan, State of Michigan, Notice is hereby given that a General Election will be held in said city on **Tuesday, Nov. 7, A. D. 1922**

At the places in the several Wards of said City as designated below, viz.:  
**FIRST WARD**—Gum Co. Building  
**SECOND WARD**—Town Hall  
**THIRD WARD**—Hose House

For the purpose of voting for the following officers, viz.:

**SENATORIAL**—United States Senator.

**STATE**—Governor; Lieutenant Governor; Secretary of State; State Treasurer; Auditor General; Attorney General; Justice of the Supreme Court to fill vacancy for the term ending December 31, 1925.

**CONGRESSIONAL**—Member of Congress for the Congressional district of which said City forms a part.

**LEGISLATIVE**—One Senator in the State Legislature for the Senatorial District of which said City forms a part; one Representative in the State Legislature for the Legislative District of which said City forms a part.

**COUNTY**—Sheriff; County Clerk; County Treasurer; Register of Deeds; Prosecuting Attorney; County Auditor; one Circuit Court Commissioner; County Drain Commissioner; County Surveyor; Two Coroners; One County Road Commissioner.

**Proposed Amendments to the Constitution**

There will also be submitted at said election three proposed Amendments to the Constitution of Michigan as follows:

A proposed Amendment to the Constitution providing that Article XIII be amended by adding a section to be known as section 5, to read as follows:

Sec. 5. Subject to this Constitution the legislature may authorize municipalities, subject to reasonable limitations, to condemn and to take the fee to more land and property than is needed in the acquiring, opening and widening of parks, boulevards, public places, streets, alleys, or for any public use, and after so much of the land and property has been appropriated for any such needed public purpose, the remainder may be sold or leased with or without such restrictions as may be appropriate to the improvement made. Bonds may be issued to supply the funds to pay in whole or in part for the excess property so appropriated, but such bonds shall be a lien only on the property so acquired and they shall not be included in any limitation of the bonded indebtedness of such municipality.

This proposed amendment, if adopted, will empower the legislature to authorize municipalities to acquire land and property in excess of that needed for parks, boulevards, streets, etc., and issue bonds for the payment of same.

A proposed amendment to section 3 of Article X to read as follows:

Sec. 3. The legislature shall provide by law a uniform rule of taxation, except on property paying specific taxes, and taxes shall be levied on such property in excess of that provided for by law. Provision may be made by law for a tax of not to exceed four per centum upon or with respect to the net gains, profits and incomes, from whatever source derived, which tax may be graduated and progressive and which may provide for reasonable exemptions. For the purposes of such tax, property and persons, firms and corporations, upon which such tax may operate may be classified: Provide, That the legislature shall provide by law a uniform rule of taxation for such property as shall be assessed by the state board of assessors, and the rate of taxation on such property shall be the rate which the state board of assessors ascertain and determine is the average rate levied upon other property upon which ad valorem taxes are assessed for state, county, township, school and municipal purposes.

This proposed amendment, if adopted, will authorize the enactment of an income tax law providing for a tax not

to exceed four per centum upon net gains, profits and incomes, and providing for a classification of property and persons upon which such tax may operate.

A proposed amendment to Article VIII, by adding section 30, to read as follows:

Sec. 30. The legislature may provide for the incorporation of ports and port districts, and confer power and authority upon them to engage in work of internal improvements in connection therewith.

This proposed amendment, if adopted, will authorize the legislature to provide for the incorporation of ports and port districts with the power to engage in work of internal improvements in connection therewith.

The Polls of said election will open at 7:00 o'clock a. m. and will remain open until 5:00 o'clock p. m. of said day of election.

**WHEN EVERY MOVE HURTS**

Lame every morning, achy and stiff all day, worse when it's damp or chilly? Suspect your kidneys and try the remedy your neighbors use. Ask your neighbor!

Erlo Farmer, railroad engineer, East Jordan, says: "I had a sore feeling across the small of my back that stayed with me for days and I had stitches in my back when I wasn't able to move at all and my back was always lame. When I stooped I could hardly get up again. Mornings I felt tired. Back specks came before me and blurred my eyes so I couldn't see. Through the night I often had to get up and the secretions were not only painful but always filled with dark sediment. I heard of Doan's Kidney Pills and got a few boxes at Gidley & Mac's Drug Store and they fixed me up in good shape."

**If Kidneys Act Bad Take Salts**

Says Backache often means you have been eating too much meat.

When you wake up with backache and dull misery in the kidney region it may mean you have been eating too much meat, says a well-known authority. An excess of meat may form uric acid, which overworks the kidneys in their effort to filter it from the blood, and they become sort of paralyzed and clog. When your kidneys get sluggish and clog, you must relieve them, like you relieve your bowels, removing all the body's urinous waste, else you have backache, sick headache, dizzy spells; your stomach sour, tongue is coated, and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment, channels often get sore, water scalds, and you are obliged to seek relief two or three times during the night.

Either consult a good, reliable physician at once, or get from your pharmacist about four ounces of Jad Salts take a tablespoonful in a glass of water before breakfast for a few days and your kidneys may then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with cleansing and stimulative ingredients, also to neutralize acids in the urine so it no longer irritates, thus often ending bladder weakness.

Jad Salts is inexpensive, can not injure, and makes a delightful, effervescent lithia water drink. Drink lots of soft water.

**SAY ROADS CAN'T PAY "LIVING WAGE"**

**PUBLIC AND RAILROAD GROUPS OF LABOR BOARD DECLARE ROADS WOULD BE RUINED.**

**MEANS \$2,241,639,518 DEFICIT**

Plan Would Require 125 Per Cent Pay Increase, or From 37 Cents to 75 Cents Per Hour.

Chicago—Attacking the theory of the "living wage," as a basis for determining wages of railroad workers, the public and railroad groups of the railway labor board in an opinion made public Sunday night declared such a course "if carried to its legitimate conclusion, would wreck every railroad in the United States and if extended to other industries, would carry them into communistic ruin."

The opinion, in the form of a rejoinder to a dissenting opinion filed by A. O. Wharton, labor member, in the recent decision increasing the pay of maintenance of way employees 2 cents an hour, declared if employees were granted a 72 to 75-cents minimum wage for common labor with corresponding differentials for other classes, an increase of 125.7 per cent in the nation's railroad wage bill would be necessary. This, the opinion said, would add \$3,122,952,307 to the annual payroll, bringing it to \$5,589,145,293, would mean, it added, an annual deficit to the carriers of \$2,241,639,518.

Even if the 48-cent minimum wage requested by maintenance of way men were granted and corresponding differentials were made for other classes of employees, the opinion said, an increase of 50.45 per cent in wages would be necessary, adding \$1,249,390,994 to the annual wage bill of the roads, bringing it up to \$3,725,844,540, thus forcing the carriers to face an annual deficit of \$378,078,125.

The phrase "living wage" was termed in the opinion as "a bit of malicious phrasology, well calculated to deceive the unthinking." "If the contentions were that the board would establish a 'living wage' the majority would readily accede to the proposition," the opinion said, "and as a matter of fact, the board in this instance as in all others, granted a living wage. But the abstract, elusive thing called 'the living wage' confessedly based upon a makeshift and a guess, cannot receive the sanction of this board, because it would be utterly impracticable and would not be 'just and reasonable' as the law demands."

Wharton's dissenting opinion and the supporting opinion in reply are attached to the formal decision increasing the pay of maintenance of way employees 2 cents an hour, establishing a minimum ranging from 25 to 37 cents.

**LABOR SHORTAGE LOOKED FOR**

Restricted Immigration to Slow Up Industry, Employers Say.

New York—The past week brought to the front the possibility of a labor shortage as the first consideration business and industry must take into account when it is laying plans for the future. Warnings are being sounded by large employers that the labor situation may prove the obstacle which

first will slow up the current prosperity.

Along with these warnings come pleas for a modification of the present immigration restriction laws. This measure, which leaders in Congress hope to make more strict, is blamed for the shortage of common labor. Big employers are fighting not only the further restriction but want the doors opened wider to the immigrant. Organized labor wants further restriction and even a total stoppage of immigration.

**BANK CHIEF HELD FOR FRAUD**

Forged Cablegrams Used in Attempt to Secure \$139,000.

New York—Henry Werblow, acting manager of the Peking branch of the Asia Banking corporation, and his brother, Robert, were arrested on warrants charging grand larceny in connection with a recent attempt to defraud banks out of \$139,000 by means of forged cablegrams.

Another brother, Isaac, is being sought by the authorities. Robert Werblow until recently was an employee of the Chase National bank. A statement issued by the Guaranty Trust company said that about \$110,000 of the sum involved had been recovered, and it is believed that the remainder will soon be found.

**Breaks Jail to Get Meal.**

West Hoboken, N. J.—Nicholas Suffy, 18, locked up in the local jail for a minor offense, avowed craving for one of those breakfasts mother prepares. Soon he got permission to go to the wash room and there obtained two iron bars which he concealed and returned to his cell. Suffy, while the jailer was gone, smashed the cell lock, helped release two other prisoners and went home. After he had put away the home-cooked meal, the youth returned.

**SULPHUR CLEARS A PIMPLY SKIN**

Apply Sulphur as Told When Your Skin Breaks Out

Any breaking out of the skin on face, neck, arms or body is overcome quickest by applying Mentho-Sulphur. The pimples seem to dry right up and go away, declares a noted skin specialist. Nothing has ever been found to take the place of sulphur as a pimple remover. It is harmless and inexpensive. Just ask any druggist for a small jar of Rowles Mentho-Sulphur and use it like cold cream.
