## Election Brings Few Changes

### Circuit Judges All Renominated With But One Exception.

Lansing—Candidates for Circuit Judges were nominated throughout Michigan last week and reports indicated that with one exception all of the present judges out in the state who were seeking re-election won their party nomination. The exception was Judge Frederick W. Maye, of Charlevoix, who was defeated by Farm C. Gilbert, of Traverse City, for the Republican nomination in the Thirtieth Judicial District.

The Democrats will have a candidate in the field in this district. He is Merritt W. Underwood, of Traverse City, who was nominated without opposition in his party.

Circuit Judge George Weimer, of Kalamazoo, was renominated by the Republicans of Kalamazoo County over H. Clair Jackson, also of Kalamazoo. Judge Royal A. Hawley, of Ionia, was returned a winner in the Eighth Circuit over Frank A. Miller, of Stanton. Judge Hawley was appointed by Gov. Groesbeck a few weeks ago to fill a vacancy in that circuit.

Judge W. B. Perkins, who has been on the Kent bench since 1900, polled the largest number of votes in the primary there, while Judge M. L. Dunham, who was transferred from the Superior Court bench last spring, stood second in the race. Judge W. B. Brown, who is completing his second term as a jurist, also showed considerable strength.

Flint's two circuit judges, Fred Brennan and Edward Black, won the Republican nominations again.

Russell R. McPeck, of Charlotte, won over Lewis J. Dann, of Charlotte, for the Republican nomination in the Fifth Circuit, also to fill a vacancy.

Judges Eugene F. Law and Harvey Tappan were nominated on the Republican ticket to succeed themselves at Port Huron. Thomas Wellman was nominated on the Democratic ticket without opposition.

X. A. Boomhower, of Bad Axe, won the Republican nomination in the twenty-fourth district over Robert W. McKenzie, of Sandusky.

Judge Guy Smith, of Gladwin, was renominated by the Republicans of the thirty-fourth circuit over E. M. Harris, of West Branch.

In a three-cornered contest on the Democratic ticket at Jackson, Judge James A. Parkinson and R. H. Rossman were nominated circuit judges. Judge Parkinson polled a vote greater than the combined totals of his two opponents.

Judge Jesse H. Root, of Monroe, was returned an easy winner over John O. Zabel, of Petersburg, in the Republican primaries in Monroe County.

Neil E. Reid was nominated on the Republican ticket in Macomb county over Warren H. Stone. The Democratic candidate is Robert Eldredge, of Mt. Clemens.

Judge Ray Hart, of Midland, won the Republican nomination in the Twenty-first District by about 2,000 votes.

## UNITED STATES DEMANDS CASH

### Allies Called on for Money Germany Paid for Army of Occupation.

Washington—The government of the United States will not be satisfied with any settlement of the army of occupation cost unless provision is made for a substantial cash payment on account and for the eventual payment in full of the \$250,000,000 due this nation.

Secretary Hughes sent a vigorous note to Paris a few months ago in which he laid down the proposition that the United States is clearly entitled to full repayment, in cash, for the cost of maintaining its army of occupation on the Rhine.

Provision was made for this in the terms of the armistice and again in the treaty of Versailles. The reparations commission had made no allowance, however, for an American share of the reparations money received from Germany.

In response to the Hughes note the governments concerned agreed that this government has a clear equity to the extent of the cost of its army, but that in all that was agreed to, it was suggested, on the other hand that the United States take dyestuffs and other articles of German production in lieu of money.

West African Wisdom. The folklor of the primitive people of West Central Africa is full of wit, as the following show: "Mutual love is often better than natural brotherhood." "I'd rather be poor than a fool."

## SILAS JOSEPH LANWAY PASSED AWAY AT FLINT, MARCH 9TH.

Silas Joseph Lanway, a well-known former East Jordan resident, passed away at his home in Flint last Friday, March 9th, following an illness from pneumonia.

Mr. Lanway was born in East Jordan July 1st, 1872, his parents being J. H. and Elizabeth Lanway. He was united in marriage to Miss Lottie Smith April 21st, 1892, at East Jordan. They continued to make this place their home, until a few years ago when they removed to Harbor Springs. In November last they removed to Flint where Mr. Lanway operated a grocery store.

Deceased is survived by the wife; one son, Joseph; one daughter, Dorris; two brothers, Joseph and Jacob of Seattle, Wash.; one sister, Mrs. Peter Boss of Flint. He was a member of the I. O. O. F.

The remains, accompanied by Mrs. Lanway and other relatives, were brought to East Jordan Saturday night. Funeral services were held from the home of Mr. and Mrs. Ransom Jones, Jr., on the West Side Sunday afternoon, conducted by Rev. Henry Hulme. The local lodge of Odd Fellows attended the services in a body. Interment at the Jones Cemetery.

## PROPOSED AMENDMENT TO STATE CONSTITUTION TO BE SUBMITTED

A proposed amendment to the Constitution will be submitted to the electors at the election to be held on Monday, April 2nd, 1923, as follows:

An added section (30) to Article VIII the effect of which, if adopted, will be to authorize the Legislature to provide for the incorporation of ports and port districts, and confer power and authority upon them to engage in work of internal improvements in connection therewith.

Respectfully,  
CHARLES J. DELAND,  
Secretary of State.

## NAVY BUILDING NEW WAR CRAFT

### Many Millions to be Spent for 42 New Fighting Equipment

Washington—Fighting seacraft, representing expenditure of nearly \$400,000,000, will be completed before the end of the year, the Navy department has announced.

War vessels under construction include two battleships, the Colorado and West Virginia, two new airplane carriers, 10 scout cruisers, four auxiliaries, repair ships and tenders, a patrol vessel, 20 coast submarines and three fleet submarines.

Under the 5-5-3 treaty, construction of seven battleships and four battle cruisers were suspended. That the condition of these partially finished vessels is such that work may be resumed at any time and rushed to completion, in any case the treaty fails of ratification by all powers, was the understanding.

Of particular significance in the naval construction program is the conversion of the battle cruisers Lexington and Saratoga into airplane carriers, thus indicating, naval authorities said, that American battle fleets of the future will rely to a high degree upon protection of aircraft.

## CONVICTS WOMAN OF MURDER

### Mrs. Saludes Found Guilty; Tries to Commit Suicide.

New York—Mrs. Paulette Saludes, the second woman to be convicted of murder in this city within three weeks, made three unsuccessful attempts at suicide last week.

Found guilty of killing Oscar Martelliers, an insurance broker, who she said, had wronged her, Mrs. Saludes was being led across the Bridge of Sighs when she swallowed poison, then tried to slash her throat with the lid of a small tin box, and finally attempted to dash her breasts out against the walls of her cell in the Tombs.

## Dog Walks 700 Miles to Old Home

Denver—An alreadale dog, shipped from here by its owner, Frank Farrow, three weeks ago, to St. Joseph, Mo., limped back to the Farrow home last week, presumably having walked the entire 700 miles. The owner of the dog in St. Joseph to whom it was sold by Farrow, reported that it disappeared a week ago. Farrow asserted he would pay its board at a local kennel the rest of its life. The dog's feet were badly out from the rough roads traveled.

## Teachers' Examinations, 1923

### April 26th, 27th and 28th August 9th, 10th and 11th.

WHERE HELD The examinations are held at the county seat in each county.

CERTIFICATES GRANTED Three grades of certificates may be granted by the County Board of School Examiners: A first grade certificate; a second grade certificate; a third grade certificate.

PROFESSIONAL TRAINING REQUIRED.

"Provided, That no certificate shall be granted under the supervisions of this act to any person who shall not have completed a term of at least six weeks' work in professional training in a state normal school or in one of the county normal training classes of the state, or in any normal training school conducted by any municipality in the state, or in any school approved by the state superintendent of public instruction, but the completion of one-half year of work in a school maintaining four years of work above high school rank shall be accepted in lieu of this requirement. This proviso, however, shall not apply to persons who have taught in the schools of the state for at least five months prior to July one, nineteen hundred sixteen."—Extract from the Law passed 1915.

## EXPLANATION OF LAW

No teacher's certificate can be granted by the county board of school examiners to any person who has not taught in the schools of the state for at least five months prior to July 1, 1916, unless he has had at least six weeks of professional training. To meet the requirement a person must present to the Commissioner of Schools certified credit in at least five subjects, each covering six weeks' work. This training must consist of—

- (1) Six weeks of work in each of the following: Observation and Practice Teaching; The Course of Study and Class Management.
- (2) The Teaching of Reading; Physical Education.
- (3) Six weeks of work in any one of the following: Agriculture Language Physiology Arithmetic Geography Writing History Grammar Music Drawing

## GENERAL INFORMATION

1. A part of the questions for all grades of certificates in the teachers' examination for April and August, 1923 will be based on the State Teachers' Reading Circle books for 1922-23, and a part on certain bulletins issued by the Department of Public Instruction.

2. The State Teachers' Reading Circle Books for the year are Curry-Clippinger's Children's Literature, published by Rand-McNally Co.; Driggs' Our Living Language, published by the University Publishing Co.; Andrews' Health Education in Rural Schools, published by Houghton-Mifflin Co.; and Smith's Teaching Geography by Problems, published by Doubleday-Page & Co. Any or all of these books may be secured from the state distributor, W. T. Bishop, Lansing, Michigan. Write him also for prices. Examination questions in certain subjects will be based on these books. Applicants writing grammar will be given an opportunity to choose between Children's Literature and Our Living Language. No applicant will answer questions based on both books.

3. The bulletins of the Department of Public Instruction which will be considered in the preparation of questions are Bulletin No. 46, Reading in the Grades; Bulletin No. 33, Training for Citizenship; Bulletin No. 45, Arithmetic in the Grades; and Bulletin No. 67, Physical Education.

Questions in reading for the April and August examination will be based on Bulletin No. 46.

## EAST JORDAN PUBLIC SCHOOLS

### Porto Rico Heard From

Monday the Junior High received letters written by the pupils in the Junior High of a Porto Rican school taught by Miss Lydia Blount. The class boasts of thirty-five new acquaintances. Their Porto Rican friends, residing in Juana Diaz, told them of many interesting features of the city and people. Among the things especially noted in their letters were descriptions of their school, the plaza, the life led by the poor, the fruit grown in Porto Rico, and the homes in which some of the students live.

The students of the Junior High are answering these letters. They are telling them of our winter, spring and summer, our sports in the various seasons, pretty places of East Jordan, and the activities of the school.

### Junior High Teams Win and Lose.

The Junior High basketball teams accepted a challenge from the Ellsworth Friday night the East Jordan girls lost 20-7, while the boys won 38-11.

The East Jordan girls played a scrappy game, but were at a disadvantage on the strange floor, and as a result were outplayed.

The Junior High boys got a slow start, but when they became accustomed to the floor, they piled up a nice lead which was never threatened. Earl Gee, Paul Summerville and George Palmer were the high scoring boys for East Jordan. The rooting of the East Jordan girls was a feature also.

The East Jordan teams were treated to a lunch by the Ellsworth teams after the games. Ellsworth Junior High teams will probably play return games here this Friday night.

### Narcissus

#### Fourth Grade Monthly

Monday morning the fourth grade children were spending the morning exercises discussing some of the work they have had. Some of the children told funny stories and some original jokes. They also discussed some of the aims for the year. After reading to them a newspaper that the Allegan children had written, the children were inspired by the fact that they might use that method of letting other people enjoy part of the work they were doing and help them to make higher standards for written and oral English.

The editors were then chosen and work immediately began on selecting the best compositions for the paper. The paper is called the "Narcissus," which is taken from the story of Echo and Narcissus meaning that the different articles in the paper are like the echo of the good things that are heard and seen in the building.

A very interesting discussion took place in the Sophomore English Class Tuesday morning concerning salesmanship. Miss Shipp read several letters of advertisement, trying in this way to bring out the points of salesmanship and advertising. The class are going to write letters for Wednesday selling the idea of the Parent Teacher's Association. They are to bring out the several arguments which an advertising letter contains. The letters are to be mailed to parents as an example of practical English composition and also for the purpose of bringing to their attention the importance of the Parent Teacher's Association to the people of East Jordan.

A program will be given at the West Side School, Friday, March 23, at two o'clock school time. Parents are invited.

Last week Thursday and Friday the cooking classes tried their hands at bread making. Thursday's efforts were rewarded by some fine loaves of bread and Friday some delicious Parker house rolls were made.

Under direction of Mrs. Sebring a matinee will be given Friday at 3:45 school time. There will be a play given by the freshmen and a dialog by two seventh graders. Also a reading of a play by the 11th graders. Lucas Knight will give an entertainment all his own. The prices are 5c and 10c. Everybody come and see something worth while.

## EASY TO DARKEN YOUR GRAY HAIR

You Can Bring Back Color and Lustre With Sage Tea and Sulphur

When you darken your hair with Sage Tea and Sulphur, no one can tell, because it's done so naturally, so evenly. Preparing this mixture, though, at home is messy and troublesome. At little cost you can buy at any drug store the ready-to-use preparation, improved by the addition of other ingredients called "Weyth's Sage and Sulphur Compound." You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning all gray hair disappears, and after another application or two, your hair becomes beautifully darkened, glossy and luxuriant. Gray, faded hair, though no disgrace, is a sign of old age, and as we all desire a youthful and attractive appearance, get busy at once with Weyth's Sage and Sulphur Compound and look years younger.

### PENINSULAR

(Edited by Mrs. E. Hayden)  
Dr. Hicks, the new Veterinary at Boyne City was called to the Joel Bennett farm, Tuesday, to attend a sick horse. The horse is better at this writing.

Roscoe Wright was out of school all last week because of illness, which caused him to have a dangerous nose bleed.

The Jesse Wright family are ill with the flu at this writing.

Ray Loomis took Mrs. Lena O'Brien, Evening Twp. Treas., to Charlevoix, Thursday to settle with Co. Treasurer and turn over the County money.

Walter Wurn was confined to the house the latter part of last week with a severe headache.

W. F. Wurn was out of school all last week with bronchial trouble, but is better now.

Sam A. Hayden took advantage of his lay off for want of coal at the acid plant at Potoskey, to visit his home Orchard Hill. He was called back to work, Sunday.

A few neighbors of Mr. and Mrs. James Arnott gave them a surprise party at their home at Maple Row, Bunker Hill N. S. Thursday evening. The cause was to call on Mrs. Manning of Bad Axe, Mrs. Arnott's mother who is visiting them. Each one brought a parcel which contained something good to eat. All had a delightful visit some played Pedro, some had their fortune told. Delicious refreshments were served. The self invited guests were Mr. and Mrs. Ira McKee, Mr. and Mrs. Fred Wurn, Mrs. Charles Healey, Mrs. Ray Loomis, Mrs. Mercy Woerfl, Mrs. F. D. Russell, Mrs. A. G. Reich and Mrs. J. W. Hayden. Before breaking up they planned another party with Mrs. Ira McKee for this week, but it looks now as if the storm had put a stop to it.

Miss Dorothy McDonald was confined to her bed part of last week by illness, but is better now.

Mrs. Mildred Davis and two little girls returned to her home in Boyne City Wednesday after spending a week with her parents, Mr. and Mrs. Charles Healey.

Kenneth Russell was painfully injured Saturday evening while coasting down Bunker Hill with a party of young folks. They had built a fire at the foot of the hill and a pair of bobs were at the foot of the hill on which some of the party were sitting having such a merry time, they failed to hear his shout, clear the track, the light of the fire blinded him, he ran on into the bobs striking his face on the steering board, he nearly bit through his tongue, and severely bruised his shoulder. It was thought at first his shoulder was broken, but it is not. He is resting as comfortably as can be expected.

Miss Hilda Olson of East Jordan was a guest of Miss Mildred Wangeman from Friday to Sunday.

Among those to put up ice from So. Arm Lake last week was David Gaunt, Will Howe, J. P. Seiler, Ernest Staley Clarence Johnston, W. D. McDonald and F. H. Wangeman.

The Douglas Tibbits family of Advance Dist. attended the Free Methodist Church in Boyne City, Sunday. They are now established in their new church.

Mr. and Mrs. John Noble of Advance Dist. called at the Jesse Wright home in Star Dist. Sunday afternoon.

Edward Dunlap is still confined to his bed by illness.

The Lyle Wilson family are assisting Edward Dunlap and his mother with their work while Edward is ill.

Opal McDonald was out of school last week because of illness.

Only a few votes were cast at the Primary at the Mountain schoolhouse last Wednesday, March 7th.

The A. B. Nicloy family who were all confined to their beds all last week with the flu, are all a great deal better now.

Clayton Healey is out of school with a bad cold.

Because of illness and the storm

there were only five pupils at Star school Monday. They were Alfreda, Daniel, John A., and Ellen Reich, and Evert Jarman.

The James Arnott children are all out of school with bad colds.

Lucy Reich was out of school Monday with stomach trouble.

Little Geo. Woerfl entered Star school March 7th.

Mrs. Ernest Loomis is able to be around again after being confined to her bed with the flu for ten days.

Frank and Robert Hayden drove to Boyne Falls Sunday to take their brother, Sam, to the train enroute to Potoskey to his job at the acid plant.

Mrs. Wm. Bogart and son, Clare, Miss Marie Bennett and Orval Bennett made a house party with their parents Mr. and Mrs. Joel Bennett from Friday to Sunday.

Miss Ingles, one of the Boyne City teachers spent the week end at the W. D. McDonald home in the Three Bells Dist.

Because of the severe storm Monday our mail did not get through.

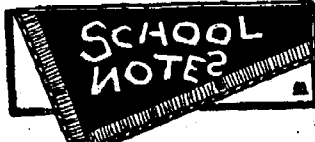

Douglas Tibbits of Cherry Hill is very much pleased with his crop of early lambs. He has 15 and has lost none; one weights 18 lbs.

Clarence Johnston and J. P. Seiler shoveled out the David Staley hill and other bad drifts from their farms to the Three Bells schoolhouse Monday after school so they are passable.

Leu Boyer drove from Boyne City to his farm on the West Side of South Arm Lake in the storm Monday.

Word from Mrs. Ezra Dean, nee Ina McKee, from Denver Colo., states Mr. Dean has fully recovered from his terrible illness, sleeping sickness of a year ago and they are getting along nicely.

The Northern Peninsula Social Club did not hold their meeting Friday evening which was to have been at the Gleason Temple, because of the storm.

### CHEMISTRY NOTES

Just to illustrate the trend of thought prevailing in a recent chemistry test:

No. 1. Consecrated sulfuric acid is used in making the test for the nitrate ion.—Roy Vance.

No. 2. Nitrogen, alimony, phosphorus, arsenic and bismuth are the members of the nitrogen family.—Bernice Courier.

No. 3. Bismuth is used in making spark plugs.—Christine VanDeventer.

### 5TH AND 6TH GRADES WEST SIDE

A contest was held last Friday, between the fifth and sixth grades, in Arithmetic multiplication, division, subtraction and addition. A certain number of problems were put on the board giving the children from ten to fifteen minutes to finish the work. Fifty in all were given. Accuracy alone was counted on. The contest lasted one hour and ended with the sixth grade just two hundred ahead. The fifth grade feel that when they reach the sixth grade that fractions will be a problem they have already met and conquered.

### West Side School Notes

(Carried-over from last week)

This week the Kindergarten children cleaned their doll house. They papered it and put up new curtains. The boys made simple furniture of wood. There were only about one half of the pupils in attendance.

### FIRST GRADE

The First Grade pupils are reading the story of "Little Bo-Peep" and "Little Boy Blue". They are beginning to learn the key words and now know six: cep, orn, ing, ay, all, ill and can tell all of the words made from them. This is helping their reading very much.

### SECOND GRADE

The Second Grade pupils have read all of the stories in their own readers and this week are reading the ones they like best.

In numbers they are having subtraction combinations of nines and tens. They use their grocery store in this.

In spelling they writing a story called "Stars and Daisies" which includes their spelling words.

### THIRD AND FOURTH GRADES

Mrs. Courier's two classes have had much better attendance this week and although they have lost quite a bit of time an account of sickness etc. they are working hard both in school and outside to make it up.

The Third Grade have finished their Merrill readers and are reading from supplementary readers.

The Fourth Grade students have begun long division.

### FIFTH GRADE

The fifth grade are studying hard on fractions so that they can have a contest with the sixth grade. They have just finished studying them.

### SIXTH GRADE

The Sixth Grade are learning the presidents in order and the number of years each served. They are also associating one or more event that happened during each term.

### Silly Illusion.

The illusion that times that were are better than those that are has probably pervaded all ages.—Horace Greeley.

LANSING LETTER

(By W. L. Calnon)

LANSING, MICH.

The first spectacular debate and vote in the legislature this session resulted in the defeat by house members of the Pitkin capital punishment bill. It summoned the support of just 46 representatives, five less than the vote required to pass a bill, and had 51 voting against it. Women opponents of the electric chair for murderers claimed after the vote that they had succeeded in changing over five members by lobbying against the Pitkin bill. Supporters of the bill missed only three votes that they had relied upon, among those cast, and one other of a member who was unavoidably absent. With the house chamber packed along the side lines and with the galleries crowded by intensely interested auditors, the house membership listened for three hours to impassioned oratory from both sides. There still were representatives who wanted to deliver speeches on the subject when Rep. Carter moved the previous question and the house backed him up, closing the debate. It is doubtful if the orations changed any member's views on the subject. For the death penalty were Reps. Braun, Brown, Butler, Byrum, Corlies, Dykstra, Emerson, Gillett, Green, Howell, Hoyt, Hulett, Johnson, Jones, Kooyers, Lee, Leedy, Lennan, R. L. Lewis, Little, Long, Look, MacKinnon, McEachron, Meggison, Miller, Morrison, Nevins, O'Beirne, O'Brien, O'Connell, Odell, Palmer, Pitkin, Rasmussen, Rauchs, Read, Richards, Robertson, Sanson, Sargent, Stevenson, Strauch, Wade, Warner, and Woodruff—46. Against: Reps. Barnard, Bartlett, Baxter, Bradley, Brake, Braman, Bristow, Bryan, Burns, Carter, Culver, Curtis, Dacey, Daws, Dexter, Espie, Evans, Farrier, Ferris, Fries, Fuller, Haight, Hewlett, Holland, Hosking, Howarth, Hubbell, Jewell, Jolly, Kirby, Ladd, C. F. Lewis, MacDonald, Manwaring, Miles, Ormsbee, Osborn, Preston, Richardson, Rowe, Roxburgh, Smith, Thomas, T'bus, Tison, Wardell, G. C. Watson, J. E. Watson, Wells, Wood and Speaker Welsh—51. Reps. Henze and Ming were absent on leave and Rep. Deshano did not vote. Among the affirmative votes were those of five members who voted against capital punishment two years ago, when the Hart bill missed passing by only two votes. The five were Reps. Byrum, Lennan, Sargent, Wade and Woodruff.

Financial Program Outlined.

A show down of strength between the legislative supporters of Governor Groesbeck and their opponents in the legislature seemingly cannot be delayed much longer. Several little flare-ups have occurred when it appeared certain the test would come, but in each case members succeeded in stalling it off, awaiting the time when the program of the governor and his aides is complete. The governor himself is reported to be irked by the slowness with which many of the big bills are being whipped into the shape that will command straight support to start them through the legislative mill. To arrange various compromise measures to cover disputed points has been the task of several important committees. These have been marking time in some cases, apparently waiting on each other to see what would come out first to guide what was to follow. But when nine weeks of legislative sessions saw the big measures still tied up, the governor got busy and called a conference of heads of committees in his office. The result was the ironing out of a tentative financial program for the state during the coming two years and a state highway program. As a result of the conference it is expected that legislative work will be speeded up. The committee chairmen agreed with the governor's plan for financing the institutional activities of the state out of the proceeds of a general tax levy, approximating \$16,000,000, and financing other state activities from the corporation tax and other fees paid to the state treasury.

House Change Small Game Law.

The house has passed the so-called small game code bill, introduced by Rep. Rowe, of Hillsdale. The state game is sponsor for one of its provisions, the lengthening of the rabbit season by a month. This will give farmers more leeway in rabbit hunting. The bill cuts the duck hunter's bag of game down to 10 in any one day and 25 for the whole season. The present limits are 25 and 50, corresponding to the federal law. The Rowe bill classifies quail as song birds. The bill is expected to run into more opposition in the senate than it had in the house.

Death Penalty Bill Not Killed.

One more effort will be made to get the Pitkin bill through the house. The day after its defeat Rep. Pitkin prevailed upon the house to grant a reconsideration for the purpose of laying the bill on the table. By a 45 to 59 vote this was allowed. It is believed that half a dozen or more members will vote to pass the bill with a referendum clause attached to it which would refer it in its original form. If that is true the effort to be made later may result in the whole debate being turned over to the general public to settle by its vote in November, 1924.

To Save Dry Chief From Bootleggers.

Dry as dust legislative proceedings have featured most of the present session to date, but Rep. Charles Bartlett, of Detroit, succeeded in starting his colleagues in the house into a laugh by filing a resolution calling for a special guard of ten constabulary members to act as a personal escort for National Prohibition Director Roy Haynes when the latter comes to Lansing March 15 to address the legislature. "It is quite evident from the press of the state," the Bartlett resolution recited, "that there are in Michigan thousands of desperate and dangerous criminals, engaged in the bootlegging and moonshine business, many of whom are armed in defiance of the law and operate without license. Commissioner Haynes may be deemed the target for attack by these desperadoes and be submitted to grievous bodily harm during his stay." The resolution went to the committee on rules, where it will remain, but it helped to procure considerable publicity for the coming visit of the federal dry enforcement chief.

Port Amendment Goes to Voters.

The constitutional amendment authorizing the establishment of ports and port districts in the state has been passed by both houses and sent to the governor for his approval so that it may go on the ballot in the April election. This amendment is wanted by Detroit and various other cities which plan improvements of water fronts pending the completion of the St. Lawrence waterway project. It was voted on last fall, but defeated along with other proposed amendments against which there was strong opposition. Advocates of the port districts believe that it will pass if not mixed up with unpopular proposals.

To Pay Bonus From General Fund.

The ways and means committee of the house, to which is referred every bill that carries an appropriation, has begun to report out some of the measures it has had under consideration for weeks. Among the first to get favorable action was the Dacey bill to provide for the state completing out of its general fund payments of the soldier bonus. This will cost about two million dollars, it is estimated. On other appropriations the ways and means committee has used the pruning knife with considerable effect, salary raises of institutional officers being an especial target.

Brief Notes of Interest.

Minor clashes in the legislature have occurred over the plans of some of the state departments, in which the departments are said to have the governor's backing, but which are not satisfactory to some house or senate committee members. One fight is over the effort of the state labor department to codify the state labor laws, expand the field of workmen's compensation and establish a legal nine-hour work day. Many of those who opposed the eight-hour work day on principle also are opposed to a nine-hour day or any other definite number of hours. Another tangle exists over the insurance department's effort to obtain control over state rating bureaus which set fire insurance rates, the house insurance committee being deadlocked for some time over reporting this measure out.

Rep. Rowe, of Hillsdale, has introduced a bill to take away from the state agricultural fair board the allotting of premium money for awards at county fairs and having the allotments made through the state board of agriculture. The proposal follows a decision reached at a meeting of officers of county fairs throughout the state, held in Grand Rapids recently, to try to make such a shift in control of funds in order to get the county fairs under a separate jurisdiction from that of the Michigan State Fair.

Senator Johnson has introduced a bill to amend the presidential preference primary act in a way that he thinks would ensure delegates sticking to the finish to the candidate who is given the primary preference. His idea is to have the winning candidate name the delegates who will represent Michigan in national conventions, picking them from among his supporters and listing their names together with the names of alternates, within ten days after the primary in the secretary of state's office.

Standardizing Michigan grapes and enlarging the scope of apple standards are the objects of two bills put before the house by Rep. Braman of Kent. There is practically no standard for grapes now. The apple bill would add to existing standards that of "Michigan standard under color." State officials contend that the Michigan fruit industry will be far more productive financially if proper standards are maintained.

Rep. Evans, of Lenawee, has introduced a bill setting new bonding regulations and limits for all counties, cities and townships of the state. It would permit increases in most cases, its sponsor believing that it will bring the law up to date and meet with conditions existing now and which were not thought of when the present bond limits law was devised by the legislature.

Senator Brower, of Jackson, has introduced a bill to give the state administrative board power over building expenditures at the University of Michigan, allowing the regents to spend for building purposes only savings from the mill tax fund when they equal the amount needed for any special building.

STATE NEWS IN BRIEF

Marshall—It was 64 years ago, this month that Marshall became a city, with the late Charles P. Dibble first mayor.

Lansing—The capital punishment bill, which was voted down in the house last week has been reconsidered by a vote of 45 to 40 and laid on the table.

Grand Rapids—John Toeller, of Battle Creek, was elected president of the Michigan Retail Dry Goods Association which met here last week in its fifth annual convention.

Mt. Pleasant—The Annual Rural Life conference was held at Central Normal here. It was an effort of the Normal to harmonize and co-operate the rural school and the community.

Flint—Survey by the Flint real estate board last week showed that this city's population has reached 126,000 and probably will increase to 152,000 by August 1. The 1920 census placed Flint's population at less than 100,000.

Flint—The semi-annual convention of the Michigan Secretaries' association was held in Flint last week. Fifty delegates, representing Chamber of Commerce organizations in the larger cities of the state were in attendance.

Ann Arbor—Milton Maddin, Detroit, is one of 10 University of Michigan students selected, as members of Company F, Fourth Regiment of Scabbard and Blade, national honorary military fraternity, it was announced here last week.

Owosso—Mrs. Lydia Turner Crane, 82 years old, widow of Edward Payson Crane, former American consul in Stuttgart, Germany, died here last week. Mr. Crane was appointed American consul by Grover Cleveland during his first administration.

Lansing—A bill increasing the rabbit season one month, decreasing the bag of ducks to 10 a day and 25 a season, and prohibiting the shooting of quail, which are classed as song birds, was adopted last week by the house by a vote of 68 to 21.

Ann Arbor—The 1923 Michigan annual year book of senior students, at the University of Michigan will be dedicated to William L. Clements, of Bay City, regent of the university, and donor of the Clements Memorial Library, which will cost approximately \$700,000. The building is to be dedicated in June.

Owosso—James Oliver Curwood, author and conservationist, has been requested to confer with Henry G. Wallace, United States secretary of agriculture, on plans for preserving the Superior national forest in Minnesota. The particular advice sought is in regards to highway construction in the preserve.

Port Huron—Morton Slay, 61 years old, Great Record keeper of the Great camp of Michigan, of the Macabees, died suddenly last week at his home, following a stroke of apoplexy. Mr. Slay has been identified with Macabees circles since 1888, when he became an officer of Calhoun tent, of Battle Creek.

Detroit—The biggest exemption claim that has come in this year to the income tax office here was that of a workman who made his return last week. He claimed \$2,500 exemption for himself and wife and \$400 for each of his 10 children under 18 years. This made the total exemption \$6,500, or much more than the man's income.

East Lansing—First of a series of six weekly programs, which will be broadcast from the Michigan Agricultural college radio station, was given last week. The college department of electrical engineering is handling the mechanical end of the broadcasting over the college equipment. The station, known as WKAR, broadcasts on a 360 meter wave length and has a radius of several hundred miles.

Lansing—Associate Professor A. C. Conger, of the department of zoology and physiology, has been named acting head of the department, at the Michigan Agricultural college, to fill the position vacated by the death of Dr. Walter B. Barrows, a week ago. The state board of agriculture, at the same time this appointment was made, named L. Whitney Watkins, commissioner of agriculture, as the representative on the New M. A. C. union board.

Lansing—Representative Ate Dykstra, of Grand Rapids, introduced a bill last week to require county treasurers to subdivide among cities and villages, the amount of automobile license money returned to the county by the state, in proportion to the amount paid, with the provision it must be expended for street improvement work. Representative William Rasmussen, of Montcalm, offered a bill exempting up to \$2,000 the property of farmers in the preparation of the assessment rolls.

Detroit—Nearly 210 tons of spoiled food, purchased by dealers in this city at a low price in the hope of selling it to customers as palatable and safe, was condemned during the last year by inspectors of the food division of the department of health under C. W. Chilson, chief inspector. The majority of the food was in the hands of dealers when condemned and included: 52,196 pounds of pork, 50,509 pounds of fruit, 38,493 pounds of beef, 36,986 pounds of candy, 18,473 pounds of veal, 6,922 pounds of canned goods.

Flint—Plans for the construction of a new \$500,000 motion picture playhouse in the downtown business district has been announced by Lester B. Matt, theatrical magnate here.

Ann Arbor—"Dad's day," to be celebrated in honor of the fathers of University of Michigan students, will be celebrated here on May 12, and, hereafter, will be a feature of "spring week" at Michigan.

Grand Rapids—Elijah Haney, 93 years old, for 77 years a resident of Michigan and one of Grand Rapids' pioneer manufacturers died here last week. He was inventor of the automatic folding school desk now almost universally used.

Grand Rapids—Arthur F. Shaw, city commissioner, has received from President Harding notice of his advancement to office of lieutenant-colonel and the command of the 337th infantry, Organized Reserves. Shaw previously held the rank of major.

Hillsdale—Fully 600 people, from all parts of the state, assembled in Hillsdale last week as guests of Hillsdale citizens and Hillsdale college, for the annual contests of the Michigan Oratorical association. All the colleges of the state sent contestants and delegations.

St. Johns—Spanish war veterans of Clinton county and vicinity have formed an organization known as General O. L. Spaulding Camp No. 50. United Spanish War Veterans. The camp includes men who served in the Spanish war, Philippines and Boxer uprising.

Caro—Seven farmers' clubs, Gleaners, Grangers and Supervisors, of Tuscola county, met in Caro last week. Dr. E. Mumford, of the Michigan Agricultural college, talked on community building and Mrs. A. J. Knapp, of Cass City, on "Our State Institutions."

Lansing—The senate has confirmed the appointment of M. W. King, of Cheboygan, and C. B. Farrar, of Port Austin, to succeed themselves as members of the board of control of the Michigan Soldiers' home, at Grand Rapids. Henry Spaulding, of Lansing, also was confirmed as a member of the same board, succeeding Spencer H. Blakeley, deceased.

Traverse City—To guard against a second attack of the shot hole fungus, which spread over the cherry section of Michigan last year, and to counteract possible damage to this year's crop from the effects of last year's epidemic, Professor V. R. Gardner, head of the horticulture department at M. A. C., told fruit growers here last week of orchard care.

Grand Rapids—Utilization of reservoir park, of 25 acres and 180 feet above the Grand river, as a Memorial hill, is being considered by the memorial committee of the city planning department. At the point, on which a present reservoir rests, which is 300 feet in diameter, the planners propose to create a series of terraces, on top of which to place a tall shaft.

Kalamazoo—The seventeenth annual Rural Progress lecture and Rural Life conference was held at Western State Normal, last week, under the auspices of the department of Rural Education. Residents from the rural communities, all over Southwestern Michigan as well as leaders, boys and girls club leaders, county Y. M. C. A. leaders, county school commissioners, county normal directors, and others interested in the development of rural life, attended.

Centerville—Judge Johnson of the fifteenth judicial court, at Centerville, last week, granted a judgment in open court for the Michigan State Farm bureau, in an action to collect \$20 delinquent farm bureau membership dues from John Davis, a farmer of Constantine. Davis lost the case in justice court, and appealed to circuit court. The Centerville case is the first instance of a farm bureau delinquent membership case being taken to the circuit court, and is regarded as important.

Lansing—The State Banking Department's records show that but two State incorporated banks have succeeded in nearly a decade. Of the two that suspended the Ewart State Bank re-opened last week, its solvency entirely restored. It was closed by Commissioner Hugh McPherson last January, and was in charge of two of his representatives. The other bank which the department found it necessary to close since 1913 was the First State Savings Bank of Michigan of Marcellus.

Mt. Clemens—The "Jitney aeroplane," is being subjected to further tests at Belridge field. This plane, which is expected to take a similar place in the aeroplane world that the "flier" holds among automobiles, is constructed in such a manner that several persons may ride with comfort, sheltered away from the wind pressure and away from the noise of the motor. In its initial flight it is said to have given promise of all that has been expected by its designers.

Houghton—Pheasants, liberated in Copper country woods last summer by the state department of conservation, had a very high mortality during the winter. Alfred Stoll, Jr., secretary of the conservation department, expressed doubt last fall that the pheasants would live in this climate. He declared the pheasant was not so adaptable to winter conditions as the partridge, which knows how to feed on tree buds, and seek shelter in dense spruce thickets or in snow banks during severe storms of the winter months.

Have Kidneys Examined By Your Doctor. Take Salts to Wash Kidneys if Back Pains You or Bladder Bothers.

Flush your kidneys by drinking a quart of water each day, also take salts occasionally, says a noted authority, who tells us that too much rich food forms acids which almost paralyze the kidneys in their efforts to expel it from the blood. They become sluggish and weaken; then you may suffer with a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sour, tongue is coated, and when the weather is bad you have rheumatic twinges. The urine gets cloudy, full of sediment, the channels often get sore and irritated, obliging you to seek relief two or three times during the night. To help neutralize these irritating acids, to help cleanse the kidneys and flush out the body's urinous waste, get four ounces of Jad Salts from any pharmacy here; take a tablespoonful in a glass of water before breakfast for a few days; and your kidneys may then get fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for years to help flush and stimulate sluggish kidneys; also to neutralize the acids in the system so they no longer irritate, thus often relieving bladder weakness. Jad Salts is inexpensive; can not injure and makes a delightful effervescent lithia-water drink. By all means have your physician examine your kidneys at least twice a year.

Rub Rheumatic Pain, Soreness, Stiffness. Rub Pain right out with small trial bottle of old "St. Jacobs Oil." What's Rheumatism? Pain only. Stop drugging! Not one case in fifty requires internal treatment. Rub soothing, penetrating "St. Jacobs Oil" directly upon the "tender spot" and relief comes instantly. "St. Jacobs Oil" is a harmless rheumatism and sciatica liniment, which never disappoints and cannot burn the skin. Limber up! Quit complaining! Get a small trial bottle from your druggist, and in just a moment you'll be free from rheumatic and sciatic pain, soreness, stiffness and swelling. Don't suffer! Relief awaits you. Old, honest "St. Jacobs Oil" has relieved millions of rheumatism sufferers in the last half century, and is just as good for sciatica, neuralgia, lumbago, backache, sprains and swellings.

# THE BLACK DRESS

### Old Favorite Is to Be Popular Again This Spring.

#### Change in Silhouette Is Centered in the Sleeve—Frankly Quaint in Effect.

The variety of type expressions slated for spring wear appears to be infinitely greater than the lists of past seasons, writes a fashion correspondent. The supremacy of the black dress, regulated altogether upon the slim outlines that became the natural outcome of the flat, silky crepes, was the chief reason for this steadfast and unswerving feeling. And to analyze the cause even one step further, the absolutism of black as the reigning color also fostered a certain kind of dress expression.

It is not to be expected that, even though this mode is spoken of as a waning one, that it will die altogether. It is entrenched too firmly as a mode—a type that every woman feels is one of the indispensable in her wardrobe. A black crepe dress, fashioned in the straight and panel relieved contour will hold its own in the fashion program for spring.

A newer idea that has sprung up, following hand in hand with the newer fabric presentations, is the dress that assumes lines and effects that are frankly quaint. This is a far cry from the tone of sophistication that underlies the long, slim black crepe frock. Even were one to have reviewed only the collections of the new spring fabrics, either in silk or woolen, the character of the prints and patterns which predominate immediately suggest the policy that will mark the new frocks.

The dress proper appears to have undergone little change in silhouette. The low waistline remains, although not so emphatically low placed. In some quarters designers are reckoning upon the skirt that introduces a hint of fullness, either as a result of shirred fullness or circular cut. The most outstanding change in the silhouette is centered in sleeves. Long, tight ones of conventional tailored cut appear on the majority of those of the newest expression.

Black continues to be the favorite in millinery for dress wear, despite the many colored hats that are in every millinery salon, and while the larger models and the more intricate shapes have an important place, there are many moderate sizes and many hats of simple lines that are just as effective. They, too, have all sorts of odd trimmings oddly arranged and they have quite as much the air of richness as the larger hats. The admiral hat, with its barrage of ostrich, is one of the much-liked hats. It is black and particularly suited to the staturesque woman.

# CATCHY NEW SPRING OUTFIT

Very attractive is this Parisian effect in self-tone crepe de chine bodice, with a very soft blue Polart twill circular skirt, cuffs and collar. The hat is a Milan with a coacoard in navy ribbon to harmonize.

In the Spanish-Mode. Hair-dressing today has gone in for the Spanish mode, which, it may be added, is generally unbecoming to women outside of Spain. It requires the low forehead which northern races lack. The hair is drawn steeply over the ears, only to rise in an extraordinarily high roll across the back of the head.

Better Than Patches in a Coat. Should the lining of your coat show signs of wear under the arms, make neat silk dress shields to match your lining and sew carefully over the worn parts. A silk belt may be added over the lining if it is worn out at the waistline.

# THE FRENCH HAT WITH 'EARS'

This odd little French hat has "ears" to fit over the tufts of hair at the side. The milliner embroiders black satin with gold and sets it with black cabochons to make the fascinating tobacco.

# METALLIC FABRICS IN FAVOR

### Metal Cloth Is Attractive Made into Hats, Blouses, Girdles and Hand Bags.

The new metallic fabric, if used in moderation is really most attractive. We find hats, blouses, girdles and bags made of this lovely stuff.

To brighten the dark fur coat, what is more beautiful than a shawl turban of this beautiful brocade? Black with silver motifs, dull apricot and figures of old gold, blues and silver, and numerous other combinations are offered to suit one's individual taste. The turbans are small shapes and are wrapped around the head in the true Arabian style. No trimming is necessary, although long earrings will add considerable charm to the appearance.

To wear with a separate draped or plaited skirt, the bodice of metal cloth is more delightful, and forms the better half of a clever afternoon or informal dinner gown. The blouse should be simplicity itself, relying solely on the beauty of the material for its success. An oval neck, and sleeves of the kimono type, barely four inches long, are notable features of the newest blouses, and the bottom is finished with a broad crushed band that fits snugly over the hips at a rather low line.

Another type of blouse developed in broadened metal cloth is the jacquette model that crosses in front, and may be made with long sleeves or none at all. These blouses form striking vests when worn with a suit or topcoat.

For evening wear the tinted metal cloth is well liked, and one may have her choice of silver or gold melting into orchid, pale green, peach, rose, turquoise blue or black. These gowns are made on the straightest of lines, and show the sleeveless bodice with round neck, cut high at the back. Sometimes the bodice is fitted with a circular square skirt that dips gracefully at the sides.

# FLAT CREPE HOLDS THE LEAD

### Not Too Dull to Be Somber, and Not Too Bright to Be Ostentatious Is Feature.

Flat crepe has succeeded in becoming the first choice of the plain crepe for spring. It is almost possible to say that unless a dress is developed in one of the fancy fabrics like printed crepe de chine or broadened or matelasse silk, then flat crepe is bound to be the medium.

Its affinity to crepe de chine—always a favorite—the white possessing the body and sturdiness of the heavier crepe canton, makes its vogue easily understood. It lends itself admirably to the draped silhouette, and is equally likable in the straight or plaited versions of the mode. The refined feeling that its luster—not too dull to be somber, and not too bright to be ostentatious—produces, is one of the outstanding qualities of the fabric.

Black and navy dresses are seen often in this fabric, and the colored interpretations are no less attractive. Almond green, peanut and henna are so lovely in it that the vogue of these colors seems indisputable.

# LINE WILL BE THE QUESTION

### Paris Plan Will Be to Give Figure More Fullness; Retain Youthful Silhouette.

Nineteen twenty-three brings a little larger skirt for women, notes a Paris fashion correspondent. Straight tunics will be worn only by young girls. Women will tire of the loose dresses and will pick models with more form than the clothes that have been shown during the past year.

The line will be the question. The problem is to give the figure more fullness without changing the youthful and agreeable silhouette of the last year's. The most fashionable fabrics of 1923 will be printed tissues, crepe de chine, mousseline, crepe georgette and satins of all colors.

It is certain that the fashionable gatherings of next summer will show a greater variety of colors than for years. Plaited Skirts. Accordion-plaited skirts in silk and satin are popular for wear with the new blouses that fasten low over the hips. Figured blouses or all-over embroidered ones seem the favorites.

The bottle is estimated to have traveled approximately 1200 miles.

# ALL CUTS OF LAMB AND MUTTON UTILIZED BY GOOD HOUSEKEEPER

American Housekeeper Inclined to Select Choice Cuts.

(Prepared by the United States Department of Agriculture.)

While both lamb and mutton have been popular meats in many countries, the United States Department of Agriculture points out that there is a tendency among American housekeepers to limit their choice not only to lamb but to a few favorite cuts, such as rib chops, loin chops, roasts and leg of lamb. This has helped, no doubt, in keeping the price of lamb at a high level. Greater use should be made of the forequarter of lamb. Furthermore, there is no good reason why mutton cannot be made as popular here as it is in England.

## Chops and Roasts.

The tender cuts of both lamb and mutton are the rib cuts, the loin and the leg. These are suitable for either broiling or roasting. The shoulder of lamb makes an excellent baked meat, if boned and stuffed.

## Shish Kebab.

Parts of the shoulder, in the fore-quarter of the lamb, are fully as tender as other cuts, but less shapely than the leg to carve and serve. The meat close to the shoulder-blade and where the "eye" of the rib chops can be traced toward the neck will furnish tender cubes of meat which can be run on skewers and broiled or pan-broiled in the same way as chops, while the less tender pieces in the shoulder or fore-

# INFECTED CLOTHING EASILY STERILIZED

### Precautions Necessary to Prevent Spread of Disease.

### Garments Worn by Persons Suffering With Contagious Diseases Need Special Treatment—Boiling Is Simple Method.

(Prepared by the United States Department of Agriculture.)

The United States Department of Agriculture points out that special care must be given to the clothing and linen used by a person suffering with any contagious disease and handkerchiefs used during a cold. They need special treatment and should not be kept or washed with other clothes. Separate bags or other containers that can be sterilized or destroyed should be provided. Infected clothing may spread the disease directly to the persons who handle it or indirectly through contact with other articles. Boiling is the simplest method of sterilizing infected clothing, but the heat is likely to injure some fiber and set stains and dirt; therefore other methods are sometimes preferable.

Such clothes may be disinfected previous to washing by immersion in one of the following solutions for one hour:

A 5 per cent dilution of the commercial solution of formaldehyde (formalin).

A 1 per cent solution of phenol (pure carbolic acid).

A 1/2 per cent solution of liquor cresolis compositis.

Further directions are given by the United States public health service.

Infected clothing may also readily be sterilized by immersing in boiling water for ten minutes.

Woolen goods may be disinfected by immersing in water maintained at a temperature of 165 degrees F. for 20 minutes. If the goods are then carefully washed and dried, no undue shrinkage of the garments should result and the infectious agents of disease, except those due to spore-forming bacteria, such as anthrax or gas gangrene, will have been destroyed.

The person who handles the infected garments should wear some form of apron to protect the clothing, and this apron should be disinfected immediately after the soiled clothes are handled. Also the hands and forearms should be thoroughly scrubbed with soap, water and a nail brush for ten minutes by the clock, and thoroughly rinsed in either the phenol solution or the cresolis solution mentioned above or in a 1:1000 solution of bichloride of mercury.

These precautions are necessary in order to prevent the germs on the clothes being carried to the mouth of one handling the clothes or indirectly to the mouths of others.

## Value of Slice of Bread.

An ordinary slice of bread (a 3/4-inch slice cut from an ordinary loaf) is equal in food value to about half a cupful of boiled or steamed cereal and to about a cupful of puffed or flaked cereal. The mother who must feed her child very economically should calculate the cost of each and decide which is cheapest, says the United States Department of Agriculture.

# THAT MORNING LAMENESS

If you are lame every morning and suffer urinary ills, there must be a cause. Often it's weak kidneys. To strengthen the weakened kidneys and avert more serious troubles, use Doan's Kidney Pills. You can rely on East Jordan testimony.

Mrs. Henry Ribble, Bridge St., says: "I wasn't in condition to do anything on account of a weak, sore back. When I straightened up from a stooping position terrible knife-like pains caught me in my back. For a time I didn't rest at all. I was tired out. I became nervous and depressed and was often irritable. Black specks often appeared before me and I suffered from headaches. I saw in the paper how well Doan's Kidney Pills were liked, so I purchased a few boxes at Gidley & Mac's Drug Store and they cured me."

Removing Stains From Linen.

A little blotting paper, borax, ammonia, a small glass rod with rounded end, a small sponge and possibly a small bowl. A person is more likely to wash out gloves, silk stockings, collars, and other small articles promptly, if the proper kind of soap and perhaps a little bluing are at hand. Experienced travelers often carry with them small amounts of such materials.

If nuts are kept cold they will not become rancid. Orange peel makes a delicious sweet when candied. Steamed figs with cream are a desirable breakfast fruit. In each cup of cocoa drop a marshmallow before serving. A damp woolen cloth will pick up small pieces of broken glass. The flavor of poultry is spoiled if it is not covered while roasting. Kid shoes can be kept soft and free from cracks by rubbing them once a week with glycerin or castor oil. When preparing a mustard plaster, use the white of an egg instead of water and the plaster will not blister.

Charlevoix voters, who voted at the recent primary election, do not want that city operated on eastern standard time, but prefer to stick to the present central standard. The vote was for eastern time 192, for central time 332.

Att'y D. L. Wilson was called to Lakewood, Ohio, by the illness and death of his mother, Mrs. A. K. Wilson who passed away at that place March 3rd from pneumonia. Mrs. Wilson was 75 years of age and was well-known by several in East Jordan having visited at the home of her son here at different times. Funeral services were held March 5th and the remains laid to rest at Loda, Ill. Att'y Wilson returned home Saturday last.

One of the most interesting meetings of the Study Club was held Tuesday, March 13th at the home of Mrs. A. J. Duncan. A brief business meeting was held at which it was unanimously voted to co-operate with the Improvement Club in helping to beautify East Jordan in the spring. The following special Flag Day program was in charge of the hostess:—Roll call, origin of some holiday; "English Flag, Colonial Flag, and George Endicot and English Flag," by Mrs. Eva B. Pray; "Washington and the Flag," Mrs. Blossie; "Ex-secretary Lane's Speech Upon the Flag," Mrs. Mattie Palmer; "The Story of the Star Spangled Banner," Mrs. Suelenberger; music, Star Spangled Banner; "Law Regarding the Flag," Mrs. Ralph Fuller; reading, Mrs. Blount. At the close of the program refreshments were served.

Regular meeting of South Lake Lodge No. 180, K. P., the second and fourth Wednesday of each month. Members urged to be present. Visitors welcome.

Large Mouth Called Good Sign.

"She was simple enough to be somewhat apologetic about the largeness of her mouth, unaware that a man of experience sees from a small, rosebud mouth as from the devil, and that a large mouth is the certain sign of good will and understanding in a woman."

"She went to the Wallace collection and saw how millionaires lived in the 70s and how the unchaste and lovely ladies were dressed for whom entire populations were sacrificed in the Seventeenth and Eighteenth centuries. Thence to a cinema near the Marble arch, and saw how virtue infallibly wins after all."—From "Lillian," by Arnold Bennett.

Europe's "Sick Man."

It was the late Emperor Nicholas of Russia who first dubbed the Ottoman empire the "Sick Man of Europe." Sir Michael Hicks Beach was the originator of the famous "open door" as regards Chinese trade; while a poet and not a politician—Rudyard Kipling—has presented the Anglo-Saxon race with the "White Man's Burden."

THIS WILL ASTONISH EAST JORDAN PEOPLE

The QUICK action of simple camphor, hydrastis, witchhazel, etc., as mixed in Lavoptik eye wash, will surprise East Jordan people. One man was helped immediately, after suffering with sore and red eyes for 15 years. An elderly lady reports Lavoptik strengthened her eyes so she can now read. One small bottle usually helps ANY CASE weak, strained or inflamed eyes. Aluminium eye cup FREE.—GIDLEY & MAC, Druggists.

**TRY SULPHUR ON AN ECZEMA SKIN**  
Costs Little and Overcomes Trouble Almost Over Night

Any breaking out of the skin, even fiery, itching eczema, can be quickly overcome by applying Mentho-Sulphur, declares a noted skin specialist. Because of its germ destroying properties, this sulphur preparation instantly brings ease from skin irritation, soothes and heals the eczema right up and leaves the skin clear and smooth.

**STOP CATARRH! OPEN NOSTRILS AND HEAD**  
Says Cream Applied in Nostrils Relieves Head-Colds at Once.

If your nostrils are clogged and your head is stuffed and you can't breathe freely because of a cold or catarrh, just get a small bottle of Ely's Cream Balm at any drug store. Apply a little of this fragrant, antiseptic cream into your nostrils and let it penetrate through every air passage of your head, soothing and healing the inflamed, swollen mucous membrane and you get instant relief.

### The KITCHEN CABINET

(© 1923, Western Newspaper Union.)  
The men of the past overcame because they had convictions. We of the present frequently fail because we have nothing but opinions.

#### LUNCHES AND DINNERS

If children carry a lunch to school, it should be carefully packed with food that is wholesome and also substantial. Sweets should be used sparingly, though. A surprise in the form of a cake, a few dates, or pieces of candy, or a little fruit in season, hidden in a corner, is a source of keen pleasure to a youngster.

Sandwiches are the usual food first put into the basket. These may be varied as to fillings, making some sweet, some sour, or filled with meats, cheese and eggs.

Pickles are not especially good food for the young, but a good home-made dill pickle sliced very thin, and only one or two slices used, will help to make a meat-filled sandwich tasty. Lay the slice of pickle over the meat. Oil cucumber pickles, finely minced and mixed with chopped meat makes another good sandwich. Jelly, jam and preserves are all good, and when used the piece of cake may be omitted.

**Molded Chicken.**—Remove all the meat from the bones of an uncooked fowl and put it twice through the meat chopper. Into a saucepan place one-half cupful of bread crumbs and one cupful of milk; heat, stirring until a paste is formed. Take from the heat and gradually beat in the chicken, adding a teaspoonful of salt, pepper and paprika to taste and a tablespoonful of minced parsley with three well-beaten egg yolks. Fold in the stiffly beaten egg whites, turn into a buttered baking dish, stand in hot water and bake in a moderate oven for 40 minutes. Turn out and serve with a white sauce.

**Beets with cranial sauce** are delicious with this dinner. Boil the beets until tender, chop and serve with the following: To three tablespoonfuls of melted butter is added three tablespoonfuls of flour, then add one cupful of the red liquor from the beets, boil until thick, then add one-fourth cupful of vinegar or the juice of half a lemon. Boil up again, add one-half cupful of cream and pour over the chopped or sliced beets.

MICKIE SAYS—  
DON'T KICK BECUZ YER EDITOR DONT "PRINT ALL 'TH' NEWS". BECUZ YA WILL PROBABLY SEE 'H' TIME WHEN YOU'LL BE DARN GLAD HE DONT!

Got Him!—  
Mitchell Hedges, a well-trained angler, cast a fly on a light fishing line in the Bay of Panama. A sawfish weighing 4,500 pounds swallowed the bait. It's his last. Hedges lands the fish, 29 feet long, with his little line. It was rather a remarkable instance of the power of skill. As in other activities of life, skill is acquired slowly. When he started fishing, he was probably unable to land a six-pound bass. All our petty troubles are sent to make us skillful at handling the big ones.

**Patrick Henry's Education.**  
Patrick Henry failed in various enterprises before he made an attempt at law. He read for only six weeks before he applied for his license. The license was granted him on condition that he study further before practicing. He first became famous through his brilliant speech in the Parsons' case.

**Mortarboard Caps.**  
The giving of the cap to students in a university is said to have denoted that they had acquired full liberty and were no longer subject to the rod of their superiors, in imitation of the custom of the ancient Romans who gave a head covering to their slaves in the ceremony of making them free.

#### ENTOMBED FIFTEEN HOURS, LIVES

Explosion of Coal Dust Wrecks Mine, Killing Ten.

Arista, W. Va.—Ten bodies had been recovered from the Pocahontas coal mine last Saturday. "Rescue workers brought up six bodies shortly after midnight and four more were recovered nine hours later. All ten were victims of the triple coal dust explosion which wrecked the mine.

All 75 workmen who were repairing the Pocahontas when the blasts occurred are now accounted for. Ten are dead and 25 injured. Forty escaped unhurt.

Lloyd Lipscomb, one of the missing, however, was saved. He had been entombed behind a wall of coal and slate for 15 hours.

Survivors of the disaster, 25 of whom are in a hospital here, said three distinct explosions at a depth of 3,200 feet, crumbled the shaft walls.

#### President Jackson's Letters Found

Washington—The gloomy vaults of the treasury yielded up a treasured document, a book constituting the "file" of letters received by the secretary of the treasury from Andrew Jackson in 1833. The letters, of which there were half a score, all in President Jackson's hand writing, dealt largely with the controversy concerning the bank of the United States. No new light was shed on the now famous case by the correspondence.

**RED PEPPER HEAT ENDS RHEUMATISM**

Red Pepper Rub takes the "ouch" from sore, stiff, aching joints. It cannot hurt you, and it certainly stops that old rheumatism torture at once. When you are suffering so you can hardly get around, just try Red Pepper Rub and you will have the quickest relief known. Nothing has such concentrated, penetrating heat as red peppers. Just as soon as you apply Red Pepper Rub you will feel the tingling heat. In three minutes it warms the sore spot through and through. Pain and soreness are gone. Ask any good druggist for a jar of Rowles Red Pepper Rub. Be sure to get the genuine, with the name Rowles on each package.
