EAST JORDAN, MICHIGAN, FRIDAY, JULY 6, 1923.

No. 27

Chautauqua Week Drawing Near

Interesting Program Planned for Annual Assembly.

With the dates of the East Jordan Chautauqua drawing near the interest of our citizens is becoming more apparent. The Chautauqua program of this year includes so many unusual attractions and such a variety of music, entertainment and lectures, that it is believed the attendance will break all records.

The first program of the Chautauqua this year will be presented Wednesday evening, July 25th, the attraction being Langdon McCormick's great dramatic success, "The Storm", a thrilling spectacle in which is reproduced on the platform in the tent a great forest fire, both of which are most realistically reproduced by means of special inventions by Mr. McCormick, who has personally cooperated with the Chautauqua management in adapting these effects for use in the tent.

A great lecture of adventure and exploration by George W. Ray, world famed explorer of South America; the comic opera "Olivette" in three acts; an art program by The Barnaby Entertainers and two Grand Band Concerts by Green and His Band, are among the many other features that the Chautauqua program includes.

Committeemen Organize

At a well-represented meeting of East Jordan business and professional men held at the parlors of the Peoples State Savings Bank Tuesday afternoon a local Chautauqua organization was effected with the following officers:

- President—Mayor H. W. Dieken
- Vice President—L. G. Balch
- Secretary—Supt. A. J. Duncanson
- Treasurer—John J. Mikula
- Chairman Ticket Committee—Claude Van Huseen
- Chairman Grounds Committee—Roscoe Mackey
- Chairman Advertising Committee—G. A. Lisk
- Chairman Junior Committee—Miss Ekstrom

The local gentlemen who contracted for the Chautauqua and are financially responsible for it are as follows:—Irn D. Bartlett, Dr. C. H. Pray, Roy Webster, G. E. Boswell, Lelroy Sherman, H. C. Blount, John J. Mikula, G. A. Lisk, Fr. D. M. Drinnan, Chas. Strehl, Dr. H. W. Dieken, A. J. Hite, Richard Supernaw, Dr. G. W. Bechtold, Chas. J. McNamara, Clyde Hipp, George Carr Roscoe Mackey, Wm. E. Malpass, L. G. Balch, R. G. Watson, W. P. Porter.

K. OF P. PICNIC WEDNESDAY, JULY 11.

Knights of Pythias will hold their Picnic Wednesday, July 11th at Monroe Creek. Bring your baskets well filled. Supper at 6:30. Sports—Indoor Base Ball, Barnyard Golf, and Bathing. All Knights, Esquiers and Pages come and bring your ladies.

Annual School Meeting.

The Annual Meeting of School District No. 4 of the Township of South Arm, Charlevoix County, Mich., for the election of school district officers and for the transaction of such other business as may lawfully come before it, will be held at the High School Building in East Jordan on Monday, the 9th day of July, 1923, at 7:30 o'clock p. m. Dated this 30th day of June, 1923.

CHARLES H. PRAY, Secretary.

Kalamazoo—Announcement has been made of the appointment of Walter A. Terpenning, of the faculty of the University of Michigan, to a place on the faculty of Western State Normal, Kalamazoo.

Manistiquette—Contact with a live electric light wire snuffed out the life of Joseph Bruckmayer, as he was working on top of a telephone pole. The swinging wire that touched his arm was carrying 2300 volts.

Flint—Rebuilding of the Dixie highway south of this city was started when 20 trustees from Jackson prison began the construction of three camps in which the 150 convict laborers who will be sent here will be housed.

Sandusky—Excavation work has been started on the Colgrove highway from Sandusky to the shore. This road is known as M-46 and crosses Tuscola county by way of Richville through Indianfield, Wells and Kingston.

SUPERVISORS TAKE OVER WHITING PARK FOR CHARLEVOIX CO.

The Whiting County Park is now an assured fact. The Supervisors in their session last week voted unanimously to accept the proposition of Mr. Whiting, and as the deed had already been sent on for acceptance, all that is now necessary to close the transaction is to be assured that the document is in proper form, and when so, have it registered.

Last week twenty-four of our twenty-five supervisors visited the Whiting tract of land in Eveline Township, and were so favorably impressed with the wonderful advantages it possessed for the purpose to which it was contemplated putting it, that the sentiment then expressed proved a barometer to the later action of the board.

A few of the Supervisors favored laying the proposition on the table until the October session of the Board, but when this was voted down by a substantial majority and the matter of immediate acceptance considered, the vote was as before stated, and seems to reflect the sentiment of the citizens of the entire county.

A park commission was appointed, the commissioners, in the order named to act for five, four, three, two and one years, respectively. The commissioners are:

- F. O. Barden, Boyne City.
- W. J. Pearson, Boyne Falls
- W. P. Porter, East Jordan.
- Frank Waugaman, Eveline Twp.
- S. M. Rose, Charlevoix.

Mason—A "Better Babies" week campaign will be held in Ingham county soon. Free clinics will be held by Dr. Lucy Elliott at Stockridge, Dansville, Leslie, Onondaga and Mason.

Howell—Hundreds of Epworth leaguers from all parts of the lower peninsula attended the annual six-day institute, which opened here with an address by Rev. W. E. Doughty, of New York city.

Three Rivers—"Uncle John" Schweitzer, whose one hundredth birthday was celebrated here May 6, died at the home of his daughter, Mrs. Charles Sandberg. He was St. Joseph county's oldest pioneer.

Lansing—Between three and four hundred motor bus concerns in Michigan will be forced out of business before Aug. 1 by the terms of the new law, W. W. Potter, chairman of the Michigan Public Utilities Commission, asserted.

Lansing—The 2-cent rate of fares will continue in force on the Detroit United Lines, according to an order issued by the public utilities commission. The order is based on the appraisals and valuations of the company's property by the commission.

Escanaba—Henry Wikie, 60 years old, a pioneer grocer here and an ardent base ball fan, became so excited when a member of the local team made a two-base hit, bringing in two runs and tying the score with Glad ston, that he dropped dead in the ball park.

Flint—In spite of the fact that Michigan's three senators are exerting their influence to retain the internal revenue office division headquarters in Flint, the Chamber of Commerce announced that indications point to the probable abolishment of the local office.

Alpena—Three thousand people attended the opening of the Alpena county rest station last week. The station was dedicated to the use of the farmers of the surrounding district. The county nursing service and other activities will have headquarters in the building.

Charlevoix—Harrison Bodford, Jr., two and one-half-year-old son of Harold Bodford, proprietor of the Eagle hotel, Grand Rapids, plunged backward in his father's car over a 50-foot embankment of the river entrance to the pier. He escaped without a scratch, although the car was wrecked.

Muskegon—The steamer E. G. Crosby, oil burning vessel recently acquired in Florida waters, arrived at Muskegon last week on its first trip over the Muskegon-Milwaukee route. It is an ocean-going ship remodeled for Great Lakes traffic and is excellently appointed. Freight facilities will be greatly increased.

Alma—Thirty-four Masonic lodges in central Michigan have been invited by Alma Lodge number 244, F. and A. M., to a picnic here July 11. It will be the biggest Masonic event of its kind ever attempted in this part of the state. Six bands will furnish music during the day and evening. The grand lodge of Michigan has been asked to furnish a speaker for the day.

Charlevoix 0-0 East Jordan 6-7

County Seat Team Twice White-washed by East Jordan.

East Jordan's Northern Mich. League Base Ball team gave Cy Powers' aggregation of base ball tossers a double drubbing the past week, each time shutting out Charlevoix without a run.

East Jordan fans showed their intense interest by their large attendance at both Sunday's and Wednesday's games. On the Fourth, our fans were 100 per cent in attendance; those who had no cars either put Dobbin into service or walked.

Sunday's Game

Gunderson was in fine form for this game, striking out thirteen men and only allowing two hits. A feature of this game was the spectacular catch by Ward of a hot liner. Sunday's results:

The Game of The Fourth

Wednesday's game was of intense interest as manifest by the large crowd present. Johnson was loaded for the game and, backed by almost faultless support, there could be but one outcome. East Jordan players were on their toes all the time and many features were pulled off that brought hearty response from the big crowd. Gunderson (7) cut off Rigley at the home plate in the ninth when he attempted to score from third on a fly ball to right field. LaLonde made a spectacular catch in the sixth inning. Johnson was out to win and Charlevoix failed to secure a hit off his delivery until the ninth inning when Rigley secured a scratch hit to right field. In the ninth, Ward pounded the old apple out to the fence, bringing in two runs. Sam Kamradt had a faultless day at bat, securing five hits in his five times at bat. Below is what made Charlevoix fans sad on the Fourth:

Battle Creek—The first duplex wireless telephone in the world by which uninterrupted conversation may be put to practical use now is in operation between the Battle Creek and Jackson plants of the Consumers Power company.

Bay City—Mere Harbour, of Bangor school number 2, was the highest of the eighth grade graduates at the recent examinations and has been awarded the trip to the state fair. Frank A. Reynolds, of the same school is alternate.

Ann Arbor—The University of Michigan has received an anonymous gift of \$100,000 to conduct archeological research work in the Near East, it was announced from the president's office. The amount is payable over a period of two years.

Lansing—Michigan's state tax levy for 1923 will be approximately \$16,000,000, according to estimates made by Governor Groesbeck, after receiving a report from Auditor General Fuller showing that the total of appropriations bearing tax clauses amounts to \$17,300,000.

Standish—Harold Haas, 3-year-old son of Frank Haas, farmer, residing three miles southeast of Standish, was run over by a roller, on his father's farm and killed. A bolt of lightning frightened the horses, causing them to run away, throwing the boy in front of the heavy roller.

Caro—Tuscola county farmers will conduct a potato demonstration to compare crops from certified seed in yield and freedom from disease. J. W. Sims, county agent, has obtained 25 bushels of certified Potoskey Russet seed potatoes from the Potoskey Growers' exchange for the test.

Battle Creek—Five hundred persons witnessed the wedding of Miss Harriet Grandin, daughter of Mr. and Mrs. Frank Grandin, now of New Rochelle, N. Y., to John Halladay, son of Mr. and Mrs. Frank B. Halladay, this city. The wedding took place at the First Congregational church.

Lansing—A report submitted to the State Administrative Board by the Accounting Division shows that the State has tentatively authorized highway work which exceeds by \$11,597 the money it will have available this year, including the \$5,000,000 bond issue recently authorized but not yet sold.

Grand Rapids—The tentative itinerary adopted by the tour committee of the Michigan State Horticultural association provides for a trip of more than 300 miles by fruit men August 7, 8 and 9. The tour will include some of the best tree and small fruit farms in Kent, Ottawa, Muskegon and Ionia counties. Several air and ice cooled storage plants will be visited.

Lansing—Failure of officials at M. A. C. to furnish detailed, explicit information as to the arrangement whereby certain county agents, having charge of agricultural college extension work are paid part of their salaries by the local farm bureaus of the counties may result in the cutting off of state funds for extension work until such information is furnished to the state administrative board.

Manistee—The first Sunday school convention in this county in several years was held at Wellston last week. J. H. Engle, secretary of the Michigan Sunday school council, was the principal speaker. Dr. W. J. Atkinson, pastor of the Methodist Episcopal church, is president of the county organization, formed to promote the convention, and Miss Ruth Richmond, Onkama, is secretary.

Saginaw—Saginaw went back to the street car form of civic transportation voting a franchise by three to one, to a company to be organized with a majority of the directors local men and which must be in the field within a few months. Almost two years ago, August 10, 1921, street cars ceased to operate in this city and since that time the Saginaw-Bay City railway company has gone into bankruptcy, the cars have stayed in the barn and the rails have rusted on two previous occasions the franchise has failed to pass.

City To Have Lung Motor

Authorizes Purchase of Same at Council Meeting.

At the meeting of the Common Council last Monday night, it was voted to purchase a lung motor for the use of the community in case of accidents.

The lung motor (or pul-motor) has proven very valuable in the case of near-drownings, severe electrical shocks, and accidents of like nature where respiration has stopped.

The lung motor will be placed at some conveniently accessible place and will be for the use of the community at large.

Another good thing the Council did was to authorize the purchase of several waste paper boxes to be placed on our main streets. Considerable waste paper and other waste material is forever cluttering up and spoiling the appearance of our main thoroughfares and if Mr. Good Citizen will use these, when installed, our streets will present a much more clean appearance.

In passing, The Herald wishes to commend the present city administration on its many efforts to improve and beautify our little city.

The Herald has always stood for cleanliness (we pride ourselves on having one of the cleanest printing plants in the State) and many things around our little city that have in the past been a source of discouragement to us are—through efficient City management—fast disappearing.

Marquette—Elaborate plans are in progress for the annual encampment of Boys' and Girls' clubs, to be held at the upper peninsula experiment station, Chatham, August 6 to 11, in connection with the fifth annual Farmers' Roundup for the upper peninsula of Michigan. It is expected that about 250 boys and girls, representing every county in the upper peninsula, will be present.

Traverse City—Three-quarters of a century ago Harvey Avery, Malcolm Winnie and W. S. Anderson came to northwestern Michigan behind teams of oxen. Last week they flew by aeroplane to the forty-second annual picnic of the Grand Traverse Region Old Settlers' association at the Old Mission. Aboard the seaplane Saladin they did the 13 miles between Traverse City and Old Mission in 12 minutes.

Lake Odessa—Work is progressing on the filling in of the gap between here and Woodbury on state trunk line 29. About 200 feet of road has gone down but the state department has ordered this filled. The eight-tenths of a mile of concrete pavement through the village on the same trunk line also has been set. Commencing two miles east of town the trunk line now is passable the entire distance to Detroit.

Lansing—In 1911 the legislature enacted a law to authorize the employing of prisoners, on highway construction. Under this act inmates of the Jackson and Marquette prisons and the Ionia reformatory can be leased for not less than 50 cents a day and their board to county road commissioners in counties that have adopted the road construction system, and to boards of supervisors in counties that have not done so.

Marshall—The State of Michigan got \$2,043 in a mortgage tax and the county of Calhoun \$125.85 as a registry fee from the \$50,000,000 mortgage given by Armour & Co., of Chicago, incorporated in Delaware, to cover a bond issue of some months ago. Property in Michigan to the amount of \$408,360 is covered also in the trust mortgage and, therefore, the mortgage had to be filed in this state as well as in other states where the company owns property. The mortgage runs 20 years and draws 5 1/2 per cent interest.

Long Marriage Recorded.

Washington—Married to the same man 73 years 3 months and 9 days is the record of Mrs. Catherine A. Wheeler, of Union, Okla., who has applied to the department of the interior for a widow's pension. Officials who examined her application said that Mrs. Wheeler's marriage is the longest on record in the pension office files. She was married to Andrew Y. Wheeler in Edgar county, Illinois, on December 9, 1849. Mrs. Wheeler is 91 years old.

Antioch's Claim to Fame.

Antioch, in the Fourth century, is believed to have been the first city to make any attempt to light its streets at night.

COUNCIL PROCEEDINGS

Regular meeting of the Common Council of the City of East Jordan held at the council rooms Monday evening, July 2, 1923.

Meeting was called to order by the Mayor. Present: Mayor Dieken, and Aldermen Aldrich, Proctor, and Farmer. Absent: Alderman Kowalske, Sedgman, and Watson.

Minutes of the last meeting were read and approved.

Moved by Alderman Proctor, supported by Alderman Farmer, that the Clerk be authorized

MICKIE SAYS—

FEEDING VALUE OF CLOVERS

Because of High Protein Content They Are Valuable for All Growing Farm Animals.

Clovers make excellent feed whether used as pasture, as hay, or as soiling crops. Because of the high protein content they are valuable for growing animals and a good supplement to corn. One ton of clover hay has a feeding value for fattening animals equal to one and one-half tons of timothy hay, three-fourths ton of shelled corn, or two-thirds ton of wheat bran.

Unselfish Love.

Convey thy love to thy friend as an arrow to the mark, to stick there; not as a ball against the wall to rebound back to thee.—Quarles.

NOWLAND HILL OF WILSON

(Edited by C. M. Nowland)

Mr. and Mrs. Cameron McNally and son, Rollin of Boyne City were recent Sunday visitors at the home of Omar Scott.

Miss Lila Batterbee spent a few days last week with her father, Earl Batterbee in East Jordan.

Mr. and Mrs. George Jaquays visited the former's brother, Walter Jaquays and family at Pellston last Sunday.

Mr. and Mrs. E. G. Kurchinski and Richard Simmons visited the latter's mother, Mrs. James Simmons of Burt Lake Sunday.

Lee Nowland returned home Saturday from Grand Rapids where he has worked the past three months.

Ivan Nowland and R. M. Simmons left Monday for Detroit to seek employment.

Mrs. Edd. Nowland and grandchildren, Percy and Lila Batterbee visited her son, Charles Nowland and wife at East Jordan.

Mr. and Mrs. Nathan Liskum of South Arm were Sunday visitors of S. R. Nowland and family. They were accompanied by Mrs. Liskum's and Mrs. Nowland's uncle, Stephen Isaman of Perkinsville, N. Y., who arrived Thursday to visit relatives in Michigan.

PENINSULAR

(Edited by Mrs. E. Hayden)

Quite a delegation from Peninsula attended the Gleaner Rally at Charlevoix, June 27.

Miss Ella Papineau of Boyne City, spent last week with her sister Mrs. Orval Bennett at the farm.

Quite a lot of Potatoes were shipped from this section on the car which loaded at the Co. Op. in Boyne City last week.

Quite a number of cattle were shipped from this section in the car that was loaded in Boyne City, Thursday.

Ralph Gaunt of Three Bells District was very severely injured last week Thursday, when he was attacked by the herd bull in the pasture, only his almost super-human strength enabled him to grasp the animal by the nostrils and hang on saved his life. He was so badly bruised with the animals horns and hoofs he was confined to his bed for two days and is still unable to work his father, David Gaunt who ran to the rescue with a rope with which he tied the animal to a post was also severely bruised.

Arthur Gaunt of Boyne City came out Thursday evening, and dehorned the herd bull which had suddenly become ugly at the home of his father, David Gaunt.

While Mr. and Mrs. Wells Wildy accompanied by Mrs. Anna Carr and daughter Ayia were enroute to the Wildy farm they took a longer course than necessary and drove around by the Sid Hayden Park, in making the turn at the South West corner of the Sid Hayden place where the turn is an acute angle and the view is obstructed by brush, a car coming from Harbor Springs from the North and one which was following came together in a general mixup; while all the occupants of the three cars were badly scared and shaken up only a few slight bruises on the cars resulted.

Dan Arnott of Boyne City took dinner with his father James Arnott of Bunker Hill N. S. Sunday.

The Charlevoix County Supervisors on their way to inspect the Whiting Park, Wednesday, made quite a parade of 14 cars in all passed Hayden Heights.

Mrs. Harry Hull and three children and Mrs. Elmer Faust and three children of Grand Rapids arrived Monday, for a visit with Mrs. Faust's parents Mr. and Mrs. J. W. Hayden at Orchard Hill.

Mr. and Mrs. Lawrence Bennett and little daughters of Flint arrived Monday, to spend the Fourth with Mr. B's parents Mr. and Mrs. Joel Bennett at farm.

The Public dance given at the Peninsular Grange, Saturday evening, was very largely attended and a very good time was enjoyed.

WILSON

(Edited by Mrs. O. D. Smith)

Haying is nearly finished in this vicinity.

Lee Nowland returned home from Grand Rapids last Saturday.

Mr. and Mrs. Roy Hardy's baby boy is very ill with pneumonia and whooping cough.

Archie Sutton and family of Boyne City were visitors at John Hott's in Afton last Sunday.

Mr. and Mrs. R. E. Pearsall and son, Claude and family spent the glorious 4th at "Charlevoix the Beautiful."

Richard Shepard returned home from Muskegon recently to help his father during the summer months.

Mrs. Elmer Hayner and family and Mr. and Mrs. Chas. Shepard motored to Charlevoix and spent the 4th of July.

Miss Fay Shepard who has been working in Muskegon for several months, is visiting her parents in this place.

Mr. Oriole and two other gentlemen from Grand Rapids were spending a few days fishing in this vicinity recently.

Mrs. Basil Holland and two children of Detroit are here on a visit to her husband's parents, Mr. and Mrs. Fred Holland.

Dogs Traced Back to Pharaohs. Hounds of the same breed which were pets of the Pharaohs, Egypt's ancient rulers, were exhibited at the recent dog show in London.

A L B A

(Edited by Mrs. A. I. Ashbaugh)

Jay Sheldon is visiting his mother, Mrs. C. E. Bird.

Mrs. Fannie Anderson is spending a few days in Owosso.

Mrs. Mary Miles and son of Petoskey visited her father Sunday.

Clifford Rifenberg and Miss Esther Anderson of Grand Rapids are visiting Mr. and Mrs. John Rifenberg.

Mr. and Mrs. Wellman of Grand Rapids are visiting the latter's parents, Mr. and Mrs. Poff.

Mrs. D. Cross entertained Mr. and Mrs. McConnell of Grand Rapids for a short time.

A barn belonging to R. C. Bennett burned to the ground destroying a pile of cedar posts, a garage and a Chevrolet car belonging to Bert Hubbard who lived on the farm.

Mr. Saperston and son, and Charlie Osterout spent the Fourth in Detroit.

Chicago Loses Canal suit.

Chicago—The United States Government was granted an injunction against the sanitary district of Chicago, restraining the district from taking more than 4,167 cubic feet per second from Lake Michigan through the Drainage Canal. The injunction will not become effective for six months, to allow the district time to appeal to the United States Supreme Court.

Leatrice Joy

With all the charm and grace which seems to be the birthright of all Southern women, Leatrice Joy, the movie star, is a popular leading woman. Miss Joy was born and reared in New Orleans, where she made her debut in motion pictures. She has black hair and sparkling brown eyes.

BRITISH REJECT RUM LIMIT OFFER

REFUSAL OF HUGHES'S TREATY PLAN REOPENS PROPOSAL TO SEIZE LIQUOR SHIPS.

SMUGGLING CAUSES CONCERN

Seizure of Liners Which Violate Regulations Depends Upon Shipping Lines.

Washington — Foreign Secretary Curzon's flat rejection of the 12-mile limit proposal apparently has countered effectually the effort of the state department to clear away at one stroke the ship liquor controversy and the rum smuggling problem along the Atlantic coast.

Ships under the British flag have been in the large majority among those engaged in smuggling operations. Even should other maritime powers take a different view and agree to the plan proposed by Mr. Hughes, it appears that the British refusal would go far toward preventing curbing of the smuggling traffic which it had been hoped would result from the negotiations.

There is every reason to believe that high government officials gravely doubt whether congress would look favorably upon any plan to amend the Volstead act so as to permit sealed liquor stores of foreign ships to pass in and out of American territorial water uninterrupted.

When Secretary Hughes proposed the double barreled treaty plan to the maritime powers, it was said on authority that government officials saw only two methods by which a change in law could be made to permit ships liquor and liquor in transit to move in American waters.

One would be to ask congress to amend the enforcement act and the other would be by exercise of the treaty making power, a duly ratified treaty having all the force of law if put through subsequent to the passage of the act involved.

Treasury officials revealed Thursday for the first time that the proposal to seize liquor carrying liners in American waters had reached the stage where new regulations to carry such a policy into effect had been drafted in tentative form and is in the hands of the prohibition unit.

Whether the ruling is to receive final approval and be put into execution depends on the foreign shipping lines themselves.

Acting Secretary Gilbert said he hoped such a course would be unnecessary but it was reiterated at the treasury that a continuance of the present disregard of the prohibition on importation would be dealt with in as vigorous a manner as development warranted.

The threat of employing the drastic provision of seizure of the ships was reiterated as a means of checking any continuation of effort to retain supplies for a return voyage.

STATE TO CONSTRUCT ROADS

High Bids Lead Governor to Plan Construction Organization.

Lansing—Governor Groesbeck threw down the gauntlet of battle to contractors engaged in the construction of state highways, when he announced the state has begun the organization of a road building force capable of constructing 200 miles of highway a year.

Contractors seeking state work will be obliged to bid against the state for highway construction jobs, the governor said, and will not only have to meet state figures on the cost of doing the work but will also be obliged to guarantee performance within time limits which the state cannot better.

The governor's decision was reached after bids for the Detroit-Lansing Grand River pavement work were opened and it was discovered that three contracting firms bidding on all three sections of the work had each been the low bidder on one of the sections, and that no firm had been low bidder on any two sections.

The governor also said that he had discovered that contractors bidding in state work are using state owned highway equipment.

Nothing but hard surfaced roads, which while they have a higher first cost have a low maintenance expense and actually give the travelling public a roadway adequate to its needs.

Governor Groesbeck said the state can construct 200 miles of highway a year for \$6,000,000, which under the federal aid plan with the counties participating would make the state's share \$3,000,000.

Lightning Kills Two Actors.

Long Beach, N. Y.—Bert Savoy, of the vaudeville team of Savoy and Brennan, and Jack C. Grossman, both of New York, were struck and killed by a bolt of lightning. Two others were injured by the same bolt. The men were walking at the water's edge, watching the progress of an electric storm that did not reach Long Beach. Savoy and Grossman were walking together and the other men, R. V. Webb and John Haley, also of New York, were behind them.

"What's in a Name?"

By MILDRED MARSHALL

Facts about your name: its history; meaning; whence it was derived; significance; your lucky day and lucky jewel.

HELEN LEONORE, NELLIE, LENA, ELINOR

SOMEONE once said that a woman may be a proverb for any amount of evil or misfortune, but as long as she is a proverb for beauty, her name will ring through the centuries. In proof of this is the ever-popular name of Helen. Coming from "Helios," the Greek sun god who drove his flaming chariot around the heavenly vault day by day, the name signifies light and brightness, and conjures up a dazzling figure of youth, beauty and cleverness. It is the queen of feminine names, its fame beginning with the oldest of Greek epics, the Iliad, with Helen of Troy whom Tennyson describes as "A daughter of the gods divinely tall, And most divinely fair. Her loveliness with shame and with surprise Froze my swift speech; she turning on the star-like sorrows of immortal eyes. Spoke slowly in her place, I had great beauty, ask thou not my name; No one can be more wise than destiny. Many drew swords and died. Where'er I came I brought calamity."

One of the first to bear the name was the mother of Constantine and restorer of the shrines at Jerusalem, who was called St. Helena. Through careless pronunciation, Helen became Ellen or Elinor, the Welsh version. Elyne followed, the name becoming famed as the mother of Sir Galahad, whom Tennyson later identified with his "Lady of Shalott." From this, Ireland adopted Eileen, or Aileen. Its poetical associations are continued through Ellen Irwin and her piteous death upon Braes of Kirth, and Ellen Douglas, beloved heroine of Sir Walter Scott.

Italy took the name of Helen and transformed it into the soft musical Elena. Provence contributed Ellenor, which became Eleonore in France and Lemore in Spain. It was finally brought to England by "good Queen Eleanor" and was long used as a royal name by the Plantagenets as Elinor. Italy contributed one more charming derivative in Leonora d'Este, object of Tasso's hopeless affection.

Other countries brought the distinguishing mark of their language to bear upon Helen, resulting in the Hejenka of Russia; Helene, of Sweden; Leonore, of France; Nellie and Lena, of England and America.

The jewel assigned to Helen, and one to be worn by all who bear the name if they would have health, good fortune, and happiness, is the hyacinth, or yellow jacinth, as it is better known. In early days a jacinth was carried by every traveler to insure them against accident or disease—in fact, the stone is said to warn its wearer against the approach of danger by palling in color. It is also believed to be proof against lightning. To dream of a jacinth is interpreted to mean "success," and Sunday is the lucky day of its wearer. (© by the Wheeler Syndicate, Inc.)

THE TWO BOASTERS

BOBBY DUCK was a pretty big duck and he often went sailing about the pond by himself. He was not afraid of Mr. Fox or anything, for he had never seen Mr. Fox, and nothing had frightened him until the day he sailed over to the woods on the other side of the pond.

Timmy Squirrel lived in a tree in the woods with his father and mother but now that Timmy was growing bigger every day he often went out alone, and on the day that Bobby Duck swam over to the woods alone Timmy Squirrel had gone down to the edge of the pond without telling any one where he was going.

Bobby Duck sailed close to the bank before he saw Timmy. "Hello," said

"No, I am not," bragged Bobby, "I am not afraid of anything."
"I am just as brave as you," said Timmy, "I am not afraid of anything either."

So under the tree by the pond sat these two bragging little creatures thinking of all the things they could name of which they were not afraid.

Old Madam Spider sat on a limb of the tree. She was not very busy that morning, so she listened to Timmy and Bobby boasting of their bravery.

"Huh," she thought, "I will wager I can scare those two out of their senses," and she began letting herself down by a slender thread right over their heads.

"I know something you would be afraid of," said Timmy Squirrel, "it is Mr. Owl, and he lives in our woods. Oh, he is a great big fellow with eyes as big as a moon and claws as large as a tree and a great big bill that is sharp, and when he opens it he can take in his mouth anything as big as you are and not have enough to eat then."

Both little braggers were getting scared at this description. Even Timmy himself was ready to run, and just at that moment down dangled old Madam Spider, hitting them both on the head as she swayed back and forth.

"Q-u-a-c-k!" cried Bobby Duck waddling so fast to the pond he almost tipped over, and away he swam without one look behind him to see the fate of Timmy Squirrel.

But Timmy lost no time, either, for long before Bobby had reached the pond he was up the tree and in a hole he knew of, where he sat trembling and blinking, scared all but to death.

"Ha, ha!" laughed Madam. "I knew it; never heard any one brag as they did that wasn't afraid of even a little creature like me. Well, I have wasted enough time for today; I must get busy, and up the slender thread she went, taking it with her as she moved. (© by McClure Newspaper Syndicate.)

"I Am Not," Bragged Bobby.

Timmy, "who are you? Aren't you afraid you will get your feet wet?"
"I am not afraid of anything," boasted Bobby Duck, swimming close to the bank and scrambling up.
"Bet you are afraid of Mr. Dog," said Timmy.
"No, I am not," replied Bobby Duck. "Why should I be afraid of Mr. Dog? He lives over at my home."
"Then you are afraid of Mr. Fox," said Timmy.

A LINE O' CHEER

By John Kendrick Bangs.

TRUE VISION

THEY tell me Love is blind,
But blindness of his kind
I rather deem to be
A vision
Of precision
That through clouds of care can see
The things not seen by you and me—
The light of love, the gleam of hope,
To ease the gloom of them that grope,
And lead them out of their despair
Up to the heights immortal where
They touch blue skies
Beyond the reach of farther-seeing eyes.
(© by McClure Newspaper Syndicate.)

YOUR HAND

How to Read Your Characteristics and Tendencies—the Capabilities or Weaknesses That Make for Success or Failure as Shown in Your Palm

THE HAND OF AN ARTIST

NOTE carefully whether the lowest phalanx or joint of the finger of Apollo (the third or ring finger) is unusually long. If so it denotes great vanity on the part of the possessor. Other things being equal, this is a favorable sign in the hand of an artist, since without great confidence in oneself not much can be accomplished. When the line of life and the line of the head are widely separated at their beginnings, it is a mark of an impulsive and egotistical disposition—not a bad thing in an artist, if not carried too far. Finally, to read endeavor and achievement in the hand of the person of artistic tendencies, he or she should have a mount of Venus ball of the thumb that is strong and well-developed. If this mount is strong, it shows grace, beauty, melody in music, dancing, a desire to please, tenderness, politeness and kindred social virtues, especially those which attract the opposite sex. (© by the Wheeler Syndicate, Inc.)

THE RIGHT THING at the RIGHT TIME

By MARY MARSHALL DUFFEE

EASTER ETIQUETTE

Men are polished, through acts and speech, each by each.
As pebbles are smoothed on the rolling beach.

WHAT are you going to do with your time on Easter day? It is ever the part of women to remember the feast days. Men in their busy lives would long ago have forgotten the customs of the seasons if women had not recalled them to their minds. To begin with you must go to church. Even if you have not been to church since so long ago that you are ashamed to say when, you must go on Easter Sunday—saint and sinner, society cleft and society haters.

Of course if you are a "church-goer" you will go to your own parish church for the morning service. That is an unwritten rule we all obey. In the afternoon you will probably go to some other church where the service appeals to you. Nowadays in the big cities one sees almost as large a crowd at church in the afternoon as in the morning.

There is some stranger in town surely who needs your thought on Easter day. That little woman in the apartment or house next yours, whom you speak to, but have never called on—run in to see her with an Easter greeting and an invitation to accompany you to church. And don't forget the sorrowing ones on this great day. The note of sympathy, the short call, is never out of place, and remember that unselfishness is part of the spirit of the day. Just as an exercise of social endeavor, try to see how many people you can make happy on Easter day. Especially in big cities, where most people spend too many holidays in selfish solitude, is this spirit of social attention to be desired.

A little note like the following to some acquaintance who isn't quite familiar with the ways of the city in which you live is an attention which won't take much of your time and is sure to bring happiness:
"My Dear Miss Blank:
"This is just a sweet, small token bringing with it my sincere wishes for a glorious Easter tide. Have you decided where you are going to church? There is such a delightful service at St. Timothy's at four o'clock. You know that is the little brown church on Brown street, only a few minutes' walk from your house. I am sure you would appreciate the music and the service."

The few flowers accompanying this note serve as an excuse for your suggestion. (© 1923, by McClure Newspaper Syndicate.)

Coughed Up Bullet.

An aged man of Newark, N. J., deprived some doctor of the chance of operating for the removal of a bullet from the roof of his mouth. He went to Coney Island, swallowed some salt water and coughed up the bullet. Several weeks before, the old man had fired four bullets into his head. Three were removed by surgeons, but his nerve failed him when he was to have the bullet in his mouth extracted.

THE KITCHEN CABINET

(© 1923, Western Newspaper Union.)

Give pleasure. Lose no chance of giving pleasure. For that is the ceaseless and anonymous triumph of a truly loving spirit.—Henry Drummond.

WHAT TO HAVE FOR DINNER.

With a crisp, green salad, with a simple dressing and the cottage cheese served with currant jelly, the following recipes will work into a fairly eatable meal.

English Meat Dish.—Parboil a pair of sweetbreads for five minutes and cook for ten minutes in one cupful of rich stock. Drain and cool. Prepare a pair of calves' brains, using the same stock. Wash and clean the heart (and kidneys if liked) slice and cook them in the stock until well done. Saute the heart in butter until brown. Dip sweetbreads and brains in egg and crumbs and fry in deep fat. Add to the butter in the pan two tablespoonfuls of black currant jelly, when melted add two tablespoonfuls of flour, add this to the stock, let it boil up once, and pour over the meats in a hot dish. Serve with peeled potatoes, baked.

Potato Soup.—Cook and mash three good-sized potatoes. To a quart of milk (skimmed milk may be used) add a slice of onion and a stalk of celery; scald and remove the vegetables and pour over the mashed potato. In a saucepan put two tablespoonfuls of butter, if skimmed milk is used; add two tablespoonfuls of flour, one teaspoonful of salt and when well blended add to the soup and cook until the flour is well cooked. Serve with toasted crackers. Celery cut in short lengths and filled with seasoned cheese is a good relish to serve with any menu.

Cottage Cheese.—This may be easily made at home if there is plenty of sour milk. Pour two quarts of boiling water into two quarts of sour milk which is well thickened. Let stand until the curds begin to form, then pour into a cheesecloth bag and hang to drain over night. Remove the curd and season well with cream, salt, white and cayenne pepper. Mix until smooth and place on ice until ready to serve. The addition of a few tablespoonfuls of cheese to any cream soup will add to the flavor and nutritive value of the dish.

When your kidneys feel like lumps of lead; your back hurts or the urine is cloudy, full of sediment, or you are obliged to seek relief two or three times during the night; if you suffer with sick headache, or dizzy, nervous spells, acid stomach, or if you have rheumatism when the weather is bad, begin drinking lots of good soft water and get from your pharmacist about four ounces of Jad Salts. Take a tablespoonful in a glass of water before breakfast for a few days and your kidneys may then act fine.

The famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for years to help flush and stimulate clogged kidneys, to neutralize the acids in the system so they no longer are a source of irritation, thus often relieving bladder disorders. Jad Salts is inexpensive; can not injure, makes a delightful effervescent lithia-water drink and belongs in every home, because nobody can make a mistake by having a good kidney flushing any time. By all means have your physician examine your kidneys at least twice a year.

PrepARE GELATIN IN VARIETY OF DISHES

Attractive Desserts Are Relished by Young and Old.

Succulent Fruits and Fruit Ices Are Particularly Acceptable After Comparatively Heavy Meal—Recipe for Pudding.

(Prepared by the United States Department of Agriculture.)
Gelatin can be used in the preparation of a great variety of attractive desserts which are liked by young as well as by old and are for this reason convenient for occasional use in families where adults and children must both be provided for. Gelatin is used in such small amounts that it cannot be relied upon to furnish much nourishment. It takes up a large amount of water, however, and forms bulky or light desserts. Such desserts, which include also succulent fruits and fruit ices, are particularly acceptable after a comparatively heavy meal. Gelatin is a good means of introducing fruit juices, and to some extent also vegetable juices like those of tomatoes and cucumbers, into the diet. These juices contain vitamins, some of which are probably destroyed by heat, so that it is well to know a variety of ways of serving them raw. One of these ways is in the form of gelatin desserts. The following recipe is recommended by the United States Department of Agriculture.

Show Pudding.
1 tablespoonful granulated gelatin, 1/2 cup sugar, 1/2 cup cold water, Whites of three 1 cup boiling water. 1 egg.
Soak gelatin in the cold water and then dissolve it in hot water. After adding the sugar and lemon juice, strain and set aside to cool, stirring occasionally. When it is quite thick, beat with an egg beater. Add the well-beaten egg whites and continue to beat until it is stiff enough to hold its shape. Mold or pile by spoonfuls on a glass dish. Serve with a soft custard made with the egg yolks. Variety can be obtained in this dish by substituting fruit juices for all or part of the water. Fruit juices like those of grapes and berries that are not injured in flavor by heat can be used in place of the water for dissolving the gelatin, though this may destroy some of the vitamins.

Philadelphia Made Pattern.
Philadelphia was the first of modern municipalities whose plan was prepared for a particular site, and the rectangular plan there adopted has guided city planning in America ever since.

Drugs Excite the Kidneys, Drink Water

Take Salts at First Sign of Bladder Irritation or Backache

The American men and women must guard constantly against kidney trouble because we often eat too much rich food. Our blood is filled with acids which the kidneys strive to filter out; they weaken from overwork, become sluggish, the eliminative tissues clog and the result is kidney trouble, bladder weakness and a general decline in health.

When your kidneys feel like lumps of lead; your back hurts or the urine is cloudy, full of sediment, or you are obliged to seek relief two or three times during the night; if you suffer with sick headache, or dizzy, nervous spells, acid stomach, or if you have rheumatism when the weather is bad, begin drinking lots of good soft water and get from your pharmacist about four ounces of Jad Salts. Take a tablespoonful in a glass of water before breakfast for a few days and your kidneys may then act fine.

The famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for years to help flush and stimulate clogged kidneys, to neutralize the acids in the system so they no longer are a source of irritation, thus often relieving bladder disorders. Jad Salts is inexpensive; can not injure, makes a delightful effervescent lithia-water drink and belongs in every home, because nobody can make a mistake by having a good kidney flushing any time. By all means have your physician examine your kidneys at least twice a year.

SAGE TEA DANDY TO DARKEN HAIR

It's Grandmother's Recipe to Bring Back Color and Lustre to Hair

You can turn gray, faded hair beautifully dark and lustrous almost overnight if you'll get a bottle of "Wyeth's Sage and Sulphur Compound" at any drug store. Millions of bottles of this old famous Sage Tea Recipe, improved by the addition of other ingredients, are sold annually, say well-known druggists here, because it darkens the hair so naturally and evenly that no one can tell it has been applied. Those whose hair is turning gray or becoming faded have a surprise awaiting them, because after one or two applications the gray hair vanishes and your locks become luxuriantly dark and beautiful. This is the age of youth. Gray-haired, unattractive folks aren't wanted around, so get busy with Wyeth's Sage and Sulphur Compound to-night and you'll be delighted with your dark, handsome hair and your youthful appearance within a few days.

SULPHUR CLEARS ROUGH, RED SKIN

Face, Neck and Arms Easily Made Smooth, Says Specialist

Any breaking out of the skin, even fiery, itching eczema, can be quickly overcome by applying a little Menthol-Sulphur, declares a noted skin specialist. Because of its germ destroying properties, this sulphur preparation begins at once to soothe irritated skin and heal eruptions such as rash, pimples and ring worm.

It seldom fails to remove the torment and disfigurement, and you do not have to wait for relief from embarrassment. Improvement quickly shows. Sufferers from skin trouble should obtain a small jar of Rowley Menthol-Sulphur from any good druggist and use it like cold cream.

Remarkable Play--"The Storm" at Chautauqua

The Thrilling Forest Fire in "THE STORM"

"HELD the audience spell-bound with breathless attention."—New York Evening Mail.
 "It is extraordinary."—New York Times.
 "The Storm can run for years and be remembered for a lifetime."—New York Herald.
 Such are the press comments on "The Storm" which will be produced in all of its realism on the first night of our Community Chautauqua. The tent will be crowded and parking space for automobiles will be at a premium for this remarkable attraction will draw not only the people of our own community but will bring large delegations from the surround-

ing towns to the Chautauqua tent on that night.
 What would you do if you were a young girl and a tremendous blizzard forced you to remain for three months shut up in a cabin in a northern forest with a rugged American and a polished Englishman, both professing love for you, and you not daring to admit your affection for either because of the tense situation which would come to a climax? Would you do what the little French Canadian girl did in Langdon McCormick's play "The Storm"? Or if you were one of these men would you, under this severe test, prove one of Nature's Noblemen, conducting yourself

under every condition honestly with yourself, with others and with your Maker? Could you endanger your own life to save that of another whom you had previously had cause to doubt?
 These are but a few of the situations in which the characters of "The Storm" find themselves. The realism of the blizzard and of the great forest fire as they will be presented on the Chautauqua platform on the opening night of the Assembly, will carry you into the primitive and make you to live the parts portrayed by the members of the company. But once in a generation is there a play produced which is at the same time a great spectacle and a great sermon.

HARDING URGES WORLD COURT

PRESIDENT HOLDS NATION LEAGUE IS DEAD ISSUE—DEFUNCT AS SLAVERY

FIRST SPEECH ON WESTERN TOUR

Thousands Hear Executive in St. Louis—Urges Obedience to Law—Many Short Stops Made.

St. Louis, Mo.—"In the face of the overwhelming verdict of 1920, the issue of the League of Nations is as dead as slavery. Is it not the part of wisdom and common sense to let it rest in the deep grave to which it has been consigned, and turn our thoughts to living things?" President Harding said in his principal address here Thursday night.

Urging the entry of the United States to the world court, in the first prepared address of his western trip, the president said that to bring about the end he desired he "would gladly wipe out factional difference, and proposed a reconstruction of the machinery of the international tribunal "to dispose conclusively of all other cited apprehensions of danger from the exercise of any influence whatsoever, either open or furtive, by the League of Nations or by any other organization.

The president devoted virtually all of his address to the world court issue, but he also reviewed briefly what had been done by his administration to get the country "back on the right track in its domestic affairs. In presenting his arguments for world court entry the president declared he neither advanced nor retreated from the position assumed in presenting the court proposal to the senate, but merely indicated ways and means for realization of our common aspirations which he defined as a desire to substitute "justice for warfare in the settlement of controversies between nations."

"Further than that I shall not go," he declared, "I shall not attempt to coerce the senate of the United States I shall make no demand upon the people. I shall not try to impose my will upon any body or anybody. Hereafter, from time to time, acting strictly within, but to the full limit of my constitutional authority, I shall make further exposition of my matured views and maturing proposals. "But I shall not restrict my appeal to your reason. I shall call upon your patriotism, I shall beseech your humanity, I shall invoke your Christianity, I shall reach to the very depths of your love for your fellow men of whatever race or creed throughout the world. I shall speak, as I speak now, with all the earnestness and power of the sincerity that is in me and in perfect faith that God will keep clear and receptive your understanding.

"I could not do otherwise. My soul yearns for peace. My heart is anguished by the sufferings of war. My spirit is eager to serve. My passion is for justice over force. My hope is in the great court. My mind is made up. My resolution is fixed." President Harding at Washington, Indiana, told the people gathered at the station that "Americans are the most fortunate people on earth." He also spoke of law enforcement and the need for every citizen to obey the laws, whether he agreed with them or not.

NAVY PLANS BIGGEST U-BOAT

Building Program to Seek Mastery Under Sea—Designs Secret.

Washington—Eight cruisers, four river gunboats and three cruiser submarines will comprise the building program which the navy department will present to the budget bureau and to congress at the coming session.

The three-cruiser submarines to be asked for are also in the hands of the planning section of the general board and no hint of the type which might be recommended has been published.

It is certain, however, they will surpass in tonnage any submersive type of naval craft now in use by any country.

The four gunboats will be for the Chinese river patrol. The condition of the old now engaged in that patrol, Secretary Denby said, indicated that they must be replaced as quickly as possible.

"In view of the situation in China and the vast amount of trade at stake," the secretary said, "the department feels it is most imperative that small modern gunboats be immediately authorized by congress."

Postman Walks Many Miles.

Baltimore—To the moon! That, after a way of figuring, is the record of David G. Walsh, Baltimore postman, champion long distance walker of the local postoffice. But the veteran letter carrier, who for 35 years has collected mail from boxes along the city streets, never may return. On May 25, his sixty-fifth birthday, he faced retirement. Now he is 29,750 miles on his return trip. Walsh is credited with walking 287,750 miles during his service at the Baltimore postoffice.

The real reason for buying Columbias —they last longer

The largest laboratory, devoted to dry cell research, experiments continuously to make them "last longer." Columbia Hot Shot or Columbia Ignitors are "right" for your needs. That's why people have the habit of asking for Columbias.

Columbia Dry Batteries for all purposes are sold by hardware and general stores, electrical and auto supply shops, garages and implement dealers.

Columbia Dry Batteries —they last longer

Fabnestock Spring Clip Binding Posts on Ignitors at no extra charge

AT EAST JORDAN, JULY 25, 26, 27, 28, 29

STUDEBAKER

PLANT No. 3 South Bend, Indiana The Light-Six Plant

PLANT No. 1 South Bend, Ind. Own and Closed Bodies, Springs, Windshields, etc. For all models

(Plants 3, 4, and 5, Detroit, where the Big-Six, the Special-Six and Service Parts are made, are not shown in this illustration)

The Studebaker Light-Six

was designed by Studebaker engineers and manufactured complete in the NEW STUDEBAKER PLANTS AT SOUTH BEND, IND., which are notable in design, size and equipment for efficient and economical manufacture.

The South Bend Plants contain 4,875,000 square feet of floor space. They employ 12,000 persons. They cost \$33,250,000. The South Bend Forge Plant cost \$4,000,000, which alone is more than the total assets of many automobile companies.

And then there are:

- The machine shops which cost \$7,000,000.
- The stamping plant which cost \$4,000,000.
- The new foundries which will cost over \$2,000,000.
- The power plants which cost \$2,500,000.
- The assembly and stock plants which cost \$5,000,000, as well as closed and open body plants, spring shops, etc.

Studebaker plants, in cost and size, are the second largest of the world's automobile plants.

Studebaker is the second strongest financially of the automobile manufacturers of the world.

These facts show why it is possible for Studebaker to produce the Light-Six—a truly remarkable car—and sell it for less than a thousand dollars.

In actual car value per dollar of price the Light-Six is in a class by itself. No prospective buyer of an automobile should decide on anything until he has seen and driven this car. It is backed by a corporation with \$85,000,000 of actual net assets and a 71-year reputation for honest product and fair dealing.

Vast Resources Make Possible High Value at Low Price in Studebaker Light-Six

Studebaker's vast resources are utilized to manufacture (not assemble) the Light-Six complete in the newest and most modern large automobile plants in the world.

The Corporation's resources, consisting of \$85,000,000 of actual net assets, including \$45,000,000 of plants, make it possible for Studebaker to offer a six-cylinder car, at less than \$1,000, that is emphatically superior in design, construction, performance, comfort and dependability, to any car within hundreds of dollars of its price.

By complete manufacture, Studebaker not only guards the quality of each part, but saves the middlemen's profits, with the result that no other make of car ever built, by anyone, at any price, represents so great a dollar-for-dollar value as the Light-Six.

Evidence of its mechanical superiority is found in its practical freedom from vibration. This is accomplished by the perfect balance of the motor. Perfect balance is obtained largely through the complete machining of all surfaces of the crankshaft and connecting rods. This requires 61 precision operations.

This method is followed exclusively by Studebaker on cars at this price. In fact, very few other cars have this feature, and their prices are from three to ten times as great as that of the Light-Six.

It is significant, therefore, that the sale of more than 80,000 Studebaker cars during the first six months of this year broke all records.

Buyers are justified in expecting more for their money in a Studebaker than in any other car.

THIS IS A STUDEBAKER YEAR

STATE NEWS IN BRIEF

Big Rapids—Mrs. Hanna Manahan, 79 years old, mother of J. Francis Manahan, of the county road commission, died here. She lived 38 years in the same place in Martiny township.

Kalamazoo—Arthur B. Williams, Republican of Battle Creek, was elected to congress, from the Third Michigan district by a majority of 480 over Claude S. Carney, Democrat, of Kalamazoo.

Grand Rapids—Funeral services were held in St. Andrew's Cathedral here last week for John P. McParland, president of the International Typographical Union, who died in Indianapolis, Ind.

Escanaba—George Natchoss, escaped lifer, from Marquette, shot and killed Frank Curran, a deputy sheriff of Alger county, in an exchange of gunshots from an isolated patch of swamp land near here.

Richville—Ernest C. Schultz, of Richville, oldest postmaster in service in Tuscola county, has resigned. He had served at Richville 38 years. At the time of his appointment he was the youngest postmaster in the county.

East Lansing—Sixty juniors of Michigan Agricultural College taking advanced military work in the R. O. T. C. units, have gone for summer training camps, to receive intensive military training in preparation for their final year as members of the training corps.

Lansing—Establishment of construction camps and the assembling of equipment and materials for the rebuilding of the Dixie highway from the city limits of Flint south to the Genesee county line will be begun according to plans approved by the state administrative board.

Saginaw—According to Rolla W. Roberts, district engineer of the state highway department, the gap on the Dixie highway between Bridgeport and Frankenmuth Junction, under construction, will be open to light traffic soon. This will complete the road from the Saginaw city limits to Flint.

Muskegon—Two boys and their faithful companion, a big Shepherd dog, drowned in Muskegon Lake, at the Municipal Bathing Beach, Averill Hamel, 12-year-old son of Henry Hamel, and George Jones, 13, a Negro were the two victims. They stepped into a deep hole and, grabbing the dog, sank in 15 feet of water.

Ban Roosevelt Services.

Oyster Bay—Public ceremonies and exercises at the grave of Theodore Roosevelt like those on Decoration Day and Flag Day, will be barred in future, directors of Young's memorial cemetery announced. The ruling was said to have met with approval of the Roosevelt family. The cemetery will remain open, it was said, to friends and admirers desiring to pay silent tribute at the grave.

Mr. and Mrs. William Douglas of Alba are visiting Mr. and Mrs. Joe Watkins.

Joseph LaLonde left Tuesday for a visit with relatives at Detroit and Pontiac.

Mr. and Mrs. Frank Brackett of Detroit are visiting her mother, Mrs. Duncan McColman.

MISS GERTRUDE LOVE PASSED AWAY THURSDAY AFTER LONG ILLNESS

Gertrude, little daughter of Mr. and Mrs. H. J. Love, passed away at the home of her parents on North Main street, Thursday evening about seven o'clock.

She was born in East Jordan nine years ago the 15th of last April. Some two years ago she became a sufferer from leakage of the heart and in spite of all that medical science could do she finally passed away.

Besides the bereaved parents, she leaves to mourn her untimely death one sister, Mary, and three brothers—Ronald, Kenneth and Robert.

Funeral services will be held from the home this Saturday afternoon at 2:00 o'clock, conducted by Rev. Sidebotham. Interment will be held at Sunset Hill.

BELGIANS DEMAND BERLIN INVASION

TIME BOMB OUTRAGE KILLING 60 SOLDIERS REVIVES WAR SPIRIT OF PEOPLE.

FRENCH ANGER AT POPE ABATES

Threatened Break of Paris With the Vatican Averted As Note is Explained.

Brussels—The occupation of Berlin by French and Belgian troops is demanded by leading Belgian newspapers.

Public sentiment in Belgium was turned strongly against the Germans by the wrecking of a troop train several days ago in which a time bomb, believed to have been set by Germans exploded, killing 60 Belgian soldiers and injuring many others.

Prior to this tragedy the Belgians were becoming lukewarm on the Ruhr situation, and several sessions of the cabinet threatened to end with a decision to terminate the aid to France in the Rhineland invasion. The dispatch from Brussels indicates that the capital now is undergoing a complete reversal of sentiment in regard to the Ruhr venture.

Rome—The threatened break of relations between the Vatican and the French government was believed Sunday to have been avoided.

The French ambassador in Rome called at the Vatican and talked with the pope concerning the situation which has developed as a result of the letter of the pontiff, expressing the hope that the French would evacuate the Ruhr valley.

The pope is understood to take the position that his remarks were given the wrong construction. He did not mean to side with either Germany or France—merely to express a desire for peace and point out a possible road to it.

If the pope corrected the French impression—and it is considered certain that he did—the matter probably will be permitted to drop before the French chamber of deputies prides into the affair this week.

IMMIGRATION RECORD IS MADE

Old World Citizens Entering U. S. At Detroit Number 500.

Detroit—The Old World poured more than 500 of her children through the gates of Detroit alone on Sunday, the first day of the new fiscal year, and through the ports of the Atlantic seaboard and at other points thousands of others came.

According to Dr. P. L. Prentiss, chief immigration officer, this is the largest number of immigrants that ever entered Detroit in a single day.

Ninety-five per cent of the newcomers are from the British empire, but France, Lithuania and other countries also are represented.

Armenia and Africa, Greece and Turkey had hundreds of applicants, but their quota was so small that none of them was admitted at Detroit.

Many of the British immigrants had been waiting across the border for many weeks because the British quota for the year just passed was filled two months ago.

The quota for Great Britain for the coming year is 77,342, and no more than a fifth of this number can come over in any one month.

Bird a Wonderful Mimic

The lyre bird of Australia is a mimic. In the early morning hours it is at its best, duplicating the whistle of a locomotive, the barking of a dog, the call of a magpie and the buzz of a circular saw in varying tones.

GOSPEL TENT

North Main Street, East Jordan.

The special tent service are being continued (God willing) next week, each night at 7:30 (except Saturday) Speakers are Mr. F. Mehl of Boyne City and Mr. L. Sheldrake of Sault Ste Marie. We are here for God and Eternity. Come and hear the gospel of the grace of God. adv.
