EAST JORDAN, MICHIGAN, FRIDAY, JULY 13, 1928.

No. 28

Many Crops Above Average

State Survey Shows Considerable Improvement.

Office of U. S. Agricultural Statistician, Lansing, Mich., July 10th. There has been considerable improvement in nearly all crops during June, and corn, beans, alfalfa, apples, peaches and grapes were above the ten year average condition on July 1. Hay is the most disappointing, although alfalfa has maintained its splendid reputation by adding a good crop to the otherwise light hay production in Michigan this year. Strawberries were seriously reduced by the drought and peaches and plums are relatively light, but all other fruits promise well, according to the July report issued by L. Whitney Watkins, Commissioner of Agriculture and Verne H. Church, Agricultural Statistician, U. S. Bureau of Agricultural Economics.

CORN—A good acreage was planted, but a shortage of labor, and a heavy abandonment of farms has caused a reduction of two per cent from that of last year, being 1,686,000 acres. The condition is 89 per cent, or six per cent better than the average of the last ten years. This forecasts a crop of 60,022,000 bushels, which is nearly equal to that produced last year.

WHEAT—An improvement of two per cent in condition during June was reported, making the condition 78 per cent as compared with 85 per cent last year, and a ten year average of 79. This slight improvement brings the estimated production up to 15,478,000 bushels, or nearly 10 per cent more than last year. The amount of old wheat remaining on farms is estimated at 6.5 per cent of the 1922 crop. The condition of spring wheat is also 78 per cent.

OATS—The season has been too dry for oats and the straw is very short on the light and rolling lands. Considerable improvement has taken place in some sections, and they are apparently filling well. The crop is estimated at 45,298,000 bushels against a production last year of 49,434,000.

BARLEY—The crop has suffered from dry weather in common with other spring crops, but has improved very materially of late. The present outlook is for a crop of 3,299,000 bushels as compared with 3,500,000 last year. The straw is short in many sections but is apparently filling well.

RYE—The reduced acreage has lowered the production, as compared with last year, by about 1,000,000 bushels. The present condition is 86 per cent, two per cent below the ten-year average, and represents a crop of 7,267,000 bushels.

HAY—Clover and timothy hay proved to be the poorest of all Michigan crops this year. Dry weather and a backward season prevented a normal growth and the hot weather late in June hastened maturity. A few eastern counties, that had a more plentiful supply of moisture, have a very good crop of hay. The estimated production is 3,588,000 tons as compared with 4,530,000 tons last year. Alfalfa is in good condition being two per cent above the ten-year average. The first cutting has been completed. The hay crop for the country as a whole is over 5,000,000 tons less than in 1922.

PASTURES—The condition is 83 per cent, as compared with 80 on June 1, and a ten-year average of 86.

BEANS—Farmers of Michigan have planted an increased acreage in comparison with last year, many potato growers having substituted beans for potatoes, and other crops having been reduced in many sections. The increase is largest in counties outside the central bean-growing area, and for the State amounts to 24 per cent over last year's harvested acreage, or a total of 568,000 acres. This is only about 12 per cent over the amount actually planted last year. Shortage of labor and a greater acreage of sugar beets prevented a larger increase. The present condition is 91 per cent, representing a production of 6,719,000 bushels. As in all crop estimates, future weather condition may materially alter this figure. The production estimates for other bean growing states are as follows: New York, 1,463,000; Wisconsin, 4,473,000; Idaho, 534,000; and New Mexico, 229,000 bushels.

SUGAR BEETS—A much larger acreage was planted this year. The condition is slightly below normal as considerable replanting was necessary. The present outlook is 84 per cent of a normal crop.

FIELD PEAS—The condition is 87 per cent, or one per cent below normal.

TRUCK CROPS—Tomatoes are above the average with a condition of 86 per cent, but cabbage and onions are below with 86 and 82 per cent respectively, as a result of dry weather.

FRUITS—The prospect for apples indicates a crop of 11,042,000 bushels as compared with 11,850,000 last year. The set varies widely and there has been a heavy drop in some orchards during June. Winter apples are considerably heavier on the average than summer and fall varieties. The commercial portion is placed at 1,840,000 barrels or about ten per cent more than produced in 1922.

Peaches show a prospect of 74 per cent of a crop, or a total 1,133,000 bushels. Last years crop was 1,440,000 bushels.

Pears and plums are relatively light, the condition being 52 and 40 per cent respectively. The pear crop is estimated 398,000 bushels as compared with 672,000 last year.

The outlook for grapes is not quite as good as last year, but the increased acreage leads growers to believe the total crop will be nearly as large. The present estimate is for a commercial crop of 5,440 cars as compared with 5,800 in 1922.

Blackberries and raspberries show a condition of 84 per cent as compared with an average of 87.

Cherries are placed at 70 per cent of a crop. The crop is very good in some orchards; in others there has been a considerable drop and in some a failure to set freely.

Dry weather shortly after the sowing production fully one-half in some sections, and reduced the total for the State to 63 per cent of a crop.

HENDERSON STOCK COMPANY RETURNS.

The old reliable Henderson Stock Co. will return to The Temple Theatre for one week, starting Monday, July 16th. East Jordan knows this Company as they have been coming to your city a good many years. They come bigger and better this year with all new plays and vaudeville. The opening play Monday night—"Where Is My Wandering Boy Tonight," is one of the very latest and is sure to please. Get tickets from your merchants and see it for 15c and 25c plus war tax.

Lansing—Gates as a protection to railway crossings have become obsolete, James H. Rice, chief inspecting engineer of the Michigan Public Utilities commission declared. With the declaration came information that an effort is being made at present to devise some better system for highway crossing protection.

Muskogee—Local officials were notified that owing to a mistake by the Legislature milk trucks and trucks operating between terminals by manufacturing concerns and others are included in the law regulating permits. All such trucks must obtain permits, provide for insurance, and pay a state license under the ruling.

Decatur—Late celery planting now is under way in this district, and the acreage planted will be the greatest in the history of the industry, it is predicted. A number of growers are putting out from 30 to 60 acres and all are increasing their acreage. Five hundred tons of celery left Decatur last fall. Onions of planting also is heavy.

Dangor—Phonographic records of "Lead Kindly Light," and "Jesus Lover of My Soul," were played at the funeral of Mrs. Harriet Rea, 81 years old, here. The records were made a part of the funeral services at the dying request of the aged woman, with whom the two sacred songs had been favorites since she first sang in the church choir 70 years ago.

Lansing—An order issued by the State Public Utilities Commission gives the Manistee & Northeastern Railway authority to take over the Leelanau Transit Co. track, a stretch of about 30 miles running from Traverse City to Northport. The road is used principally for hauling fruit and tourists. It had been the intention of the controlling company to abandon the line.

Holland—Prosecuting Attorney Fred T. Miles has given the board of supervisors his decision in the case of William M. Connelly and cites numerous instances showing that the offices of county road commissioner and state senator held by Connelly are incompatible. According to Miles' opinion, the office of county road commissioner held by Connelly is in reality vacant and the board of supervisors has the power to appoint his successor.

Harbor Springs Whitewashed

East Jordan Gives Goose Egg To Fast League Team.

Before a crowd of over six hundred enthusiastic fans, East Jordan's League Baseball Team shut out Harbor Springs without a run in the game here last Sunday.

Gunderson was the star of the day, striking out sixteen men. The entire East Jordan base ball machine was in perfect order making a remarkably good showing. Hank Kamradt, on the receiving end of the battery, was efficient—in fact Hank is considered the best catcher in the League this year.

Our boys earned their 6-0 victory for Harbor Springs has a strong team. Only in two innings was East Jordan able to connect with Messenger's delivery and produce scores.

In the second inning S. Kamradt singled to right field. Gunderson sacrificed, advancing Kamradt to second. Covey struck out. Ward hit a two-bagger, scoring Kamradt. Davis singled over second, scoring Ward. Davis steals second. Johnson singled scoring Davis. Morgan got three strikes, Maher dropping the ball. Maher made overthrow to first and in the melee Gunderson scored. LaLonde struck out. Four runs.

In the third inning S. Kamradt singled to right field. Gunderson sacrificed, advancing Kamradt to second. Covey struck out. Ward hit a two-bagger, scoring Kamradt. Davis singled over second, scoring Ward. Davis steals second. Johnson singled scoring Davis. Morgan got three strikes, Maher dropping the ball. Maher made overthrow to first and in the melee Gunderson scored. LaLonde struck out. Four runs.

Eight inning. Morgan singled. Peebles struck out. H. Kamradt sacrificed, Morgan going to second. S. Kamradt hit to Messenger who pegged wild over first base, Morgan scoring and S. Kamradt going to second. Gunderson lined out a three-base hit, scoring S. Kamradt. Gunderson put out off third base. Two runs.

Best to Face Danger.
It is better to meet danger than to wait for it. He that is on a lee shore, and foresees a hurricane, stands out to sea and encounters a storm to avoid a shipwreck.—Colton.

MRS. ESTHER SHIER PASSED AWAY AFTER LONG ILLNESS

New Statute Governs Motorists On All Highways.

Mrs. Esther Shier passed away Saturday, July 7th, at her home in this city following an illness covering some three years.

Esther Ward was born at New Frazier, Ontario, Nov. 4th, 1857, her parents being Richard and Mary Jane Ward.

When she reached maturity she was united in marriage to Francis Osborne Shier at Comberry, Ontario. They came to East Jordan in 1890 and Mrs. Shier continued to make this place her home with exception of a year or so in Southern Michigan. Mr. Shier passed away Dec. 27, 1915.

Mrs. Shier conducted a hotel in East Jordan for many years. At one time she had charge of the Commercial House (recently destroyed by fire). Later on she purchased the Russell House and had charge of this up to the time of her death, with exception of a year or so when she leased it. Decedent is survived by two sons—Richard R. Shier of Ironwood, and John C. Shier of East Jordan; three daughters—Mrs. Rose Steffes of Flint; Mrs. Maude Lanman of Kansas; Mrs. Bertha Ebbeler of East Jordan; also the following brothers and sisters—William, Francis, Sheldon, and John Ward of Craighurst, Ont.; Mrs. Elizabeth Morrow of Toronto; Mrs. H. Thompson of Hillsdale, Ont.; Mrs. Mary Jane Calhoun, of Toronto, Mrs. Martha Fairier of Canada.

Funeral services were held from her late home Wednesday afternoon, July 11th, conducted by Rev. Sidebotham. Interment at Sunset Hill.

Has Anyone Laughed At You Because

You have "queer" friends?
"They" say you have queer friends. No doubt you might think their friends are queer. Your friends may be queer because they dress according to comfort, or find or something not akin to Paree. They may be "queer" because they have a real "think tank" because they don't think as the crowd does. They may be "queer" because they don't go to Bar Harbor in the summer and Hot Springs in the winter. They may be "queer" because they give their money instead of hoarding it—because they give themselves instead of saving themselves.

SO
Your get-away here is:
Interested and worth your while.
(By McClure Newspaper Syndicate.)

Ann Arbor—After 42 years continuous service as assistant to the secretary, Miss Lucy Chapin will leave the Michigan Elks' convention which was held here. El. H. Standard, of Owosso, first vice-president was advanced to the presidency.

Monroe—Christy Hehl, 16 years old, living 12 miles west of here, fell into the knives of a mowing machine last week, when the team became sighted and ran away, and was so badly chopped about the arms and shoulders that he died in the hospital here.

Owosso—Jess Achenback, 45 years old, of Akron, Mich., was killed at the mine of the Owosso Coal Co., in New Haven Township. Achenback was helping to split a huge timber to the top of the tipping of the mine when timbers supporting the cable gave way, letting the timber fall. His neck was broken.

Kalamazoo—Miss Lucille Deussenberg, of Kalamazoo, former state champion won the first tournament of the newly organized Western Michigan Women's Gold Association, over the links of the Kalamazoo Country Club. The former title holder won from a large field of starters with a score of 94.

Kalamazoo—When Donald McMillan, famous Polar explorer, places at Cape Sabine a tablet in honor of the 10 men in the Greely expedition who died there in 1884, he will pay tribute to Edward Israel of Kalamazoo, one of the victims in one of the most harrowing experiences in man's conquest of the Arctic wastes.

Manistee—Grasshoppers are again making their annual raid on crops in the northern part of Kalamazoo County. The hoppers have practically destroyed every green plant on some of the farms. The rye, corn, beans, potatoes, hay and raspberries were destroyed on the farm of Fred Bradford, Arcadia Township.

Traffic Law In Effect Aug. 30

New Statute Governs Motorists On All Highways.

The new Michigan motor vehicle traffic law is to become effective Aug. 30, at which time all streets and highways of the state will come under the control of this act.

"When this act is effective what now is mere courtesy will be a law. Motorists must signal before turning and stopping. They shall give a timely warning signal to motor drivers by extending the arm beyond and outside of the side of the vehicle, holding the same in such position for a sufficient time to apprise approaching drivers of vehicles his attention to change the course or stop, as the case may be. Provided, however, that in lieu of such signal above required signal may be given by any mechanical or electrical device which conveys an intelligible signal or warning to another driver approaching from the rear."

The act very distinctly outlines the right of way and orders that it be carefully observed. Vehicles on a state trunk line highway always have the right of way over vehicles coming off another highway, the bill says though otherwise, except by through traffic streets designated by city governments the driver on the right always has the right of way. The act makes it unlawful to park on any highway outside the city limits and orders that no car may come within six feet of the rear of a street car stopped to take on or let off passengers.

Penalty for violation of any provisions of the new law, which is registered as House Enrolled Act No. 58 of the 52d legislature session of 1923, is a fine of not more than \$100 or imprisonment for not more than 90 days or both. Because an effort is now being made to familiarize motorists with the requirements of the act, enforcement will begin as soon as it becomes effective, police say.

Rockwood—Public usage of a right away along the Huron river at Rockwood for more than 60 years, prevented it from being closed, the jury before Judge Ira W. Jayne in circuit court decided.

Saginaw—Robert S. Smith, son of Walter W. Smith, left here to enter the Annapolis Naval academy. Although he is but 17 years old, he succeeded in meeting the requirements for entrance into the academy. Grand Rapids—Elizabeth Mann, of Cadillac, elected president of the Companions of the Independent Order of Foresters, of Western Michigan, which closed its convention here. Cadillac was chosen for the 1924 meeting.

Petoskey—Grand Rapids won the 1924 convention, honors and prizes in the ritual competition at the annual Michigan Elks' convention which was held here. El. H. Standard, of Owosso, first vice-president was advanced to the presidency.

Monroe—Christy Hehl, 16 years old, living 12 miles west of here, fell into the knives of a mowing machine last week, when the team became sighted and ran away, and was so badly chopped about the arms and shoulders that he died in the hospital here.

Owosso—Jess Achenback, 45 years old, of Akron, Mich., was killed at the mine of the Owosso Coal Co., in New Haven Township. Achenback was helping to split a huge timber to the top of the tipping of the mine when timbers supporting the cable gave way, letting the timber fall. His neck was broken.

Kalamazoo—Miss Lucille Deussenberg, of Kalamazoo, former state champion won the first tournament of the newly organized Western Michigan Women's Gold Association, over the links of the Kalamazoo Country Club. The former title holder won from a large field of starters with a score of 94.

Kalamazoo—When Donald McMillan, famous Polar explorer, places at Cape Sabine a tablet in honor of the 10 men in the Greely expedition who died there in 1884, he will pay tribute to Edward Israel of Kalamazoo, one of the victims in one of the most harrowing experiences in man's conquest of the Arctic wastes.

Manistee—Grasshoppers are again making their annual raid on crops in the northern part of Kalamazoo County. The hoppers have practically destroyed every green plant on some of the farms. The rye, corn, beans, potatoes, hay and raspberries were destroyed on the farm of Fred Bradford, Arcadia Township.

STATE NEWS IN BRIEF

Brown City—Announcement was made at the offices of the Federal Reserve Board that the Brown City Savings Bank, has been admitted to the reserve system.

Grand Rapids—William Young, 60 years old, an engineer for the fire department, was stricken with paralysis while helping to fight a fire and died while being rushed to a hospital.

Alma—Otis, the 8-year-old child of Mr. and Mrs. James Hanes, of Seville Township, was killed when thrown from a mowing machine on which he was riding. The wheel passed over the child's neck.

Vern Lett, 33 years old, of Boyne City, was killed when the steering gear of the car his father was driving broke and the machine crashed into a tree at the city limits. His father escaped with slight injuries.

Boyer City—Vern Lett, 33 years old, of this city, was killed when the steering gear of the car his father was driving broke and the machine crashed into a tree at the city limits. His father escaped with slight injuries.

Lansing—W. G. Fitzpatrick, attorney for the Detroit United Railway, filed application with the Michigan Public Utilities Commission for permission to do a general freight hauling business with motor trucks and trailers.

Freeport—Farmers here are picking a quarter crop of strawberries on account of the dry weather. There is little incentive to pick these, since they are bringing but 75 cents to \$1 for 8-quart cases. Pickers are receiving 40 cent a crate and the crates cost 28 cents each.

Ann Arbor—Approximately 500 students, or about 5 per cent of the total enrollment, have been dropped from the University of Michigan because of poor scholarship, according to estimates made since the June examinations. The exact number will not be known for some time.

Ironwood—The acute labor shortage in the hematite iron mining region here is causing much uneasiness on the part of mining superintendents along the entire range. The most severe shortage is in the underground workers, but even the surface gangs are short thousands of men.

Dundee—The Detroit Edison company has purchased the lighting and power business of the Dundee power company, and will erect a high tension line from Monroe to Dundee, connecting there with the village of Milton. Power at the present time is obtained from a dam across the River Raisin.

Kalamazoo—Judge Glenn R. Falting has been appointed public administrator for Kalamazoo county in accordance with the terms of the recent statute providing for such an officer to take charge of estates left by persons without known heirs or known next of kin eligible to take out letters of administration.

Lansing—Appointment of Frank D. Fitzgerald, former deputy secretary of state, as business manager of the state highway department was announced by Highway Commissioner Frank Rogers. Fitzgerald will succeed Levi H. Neilson, whose resignation as deputy commissioner was announced simultaneously with the appointment.

Flint—Michigan Odd Fellows have been assured, a permanent summer camp at Lobdell lake near Fenton, where W. K. King and W. W. Watson have donated a tract of land for the purpose. The Odd Fellows are planning a large picnic at the lake which will mark the formal acceptance of the tract. Lobdell lake is considered one of the finest bodies of water in the southern part of Genesee county.

Manistee—Another steamer has been added to those making Manistee their home port. The Berkley formerly running between Norfolk, Va., and New York, has been purchased by the Pere Marquette lines according to announcement made by Gus Kitzinger, president and general manager. A crew has been sent for the new boat. She is built of steel and compares favorably with the Nevada now in use by the company.

Iron Mountain—Twice reported dead, Charles Christanell, gave his mother and friends a joyful surprise, when he arrived at his home in Valparaiso for an extended visit with his mother. He has been away from Valparaiso 12 years. Christanell did not write home during that time and when newspapers in California twice reported him dead, his mother believed it was true. On the first occasion the papers reported he had been killed in an accident and the second time they said he died from sickness.

Attempt to Wreck Train

Obstructions Placed on E. J. & S. R.R. Tracks, Wednesday.

An attempt was made by someone to wreck the incoming East Jordan & Southern Railroad passenger train Wednesday afternoon.

Obstructions were carefully laid in three different places near the former coopeage plant site and showed the work of a mature mind as any one of the three would have thrown the train off the track. The work was done between 1:20 and 2:30 p. m., and each place was selected so that shrubbery and trees prevented the parties being seen at their work.

Fortunately one of the section crews had completed their work and started to return to the city when they ran into the obstructions. That the crew happened along at this time is remarkable as they usually return after the passenger comes in.

Elsewhere will be found a reward offer for the apprehension of those guilty. It is hoped that anyone having any clew whatever will impart same to the railroad officials or Sheriff Cook. This happened the fore part of Wednesday afternoon and it is a question if the guilty parties could possibly get away from that locality without being seen by someone.

ALBA

(Edited by Mrs. A. I. Ashbaugh)

Bine Torrey is entertaining his friend Glen Green.

Orville Potter left last week for Detroit where he expects to work.

Miss Florence Watson is visiting her sister at Gaylord.

Misses Vera and Hazel Potter left Wednesday for a two weeks visit with friends.

Mrs. C. E. Osterout entertained her Sunday School class at their summer cottage in Idlewild.

Mrs. D. Cross entertained about twenty-five invited guests at a farewell party and shower given in honor of Miss Arlene Ashbaugh.

D. Cross left Tuesday evening for Detroit, where he expects to visit his sisters, Miss Ethel Cross and Mrs. W. Roberts. His two children who have been spending the past four months with relatives will return with him.

Mrs. I. Saperston who was called to Detroit on account of her daughter's illness, returned Monday with her husband and son, who have been visiting there the past week.

Willard Burdick from near Hastings visited his father, M. D. Burdick a few days last week.

PENINSULAR

(Edited by Mrs. E. Hayden)

Messrs Elmer Faust and Harry Hull motored up from Grand Rapids Saturday and spent the night at Orchard Hill. They returned to Grand Rapids Sunday taking Mrs. Faust and three children, and Mrs. Hull and three children, who had spent the week at Orchard Hill, the guests of Mr. and Mrs. J. W. Hayden, Mrs. Faust's parents.

Mr. and Mrs. Ray Loomis of Star Dist. and Mr. and Mrs. John McClure of Boyne City went to Nowland's Lake Sunday for a day's fishing. They report a fine catch.

For the most Peninsularites spent the glorious Fourth very quietly. Some went to Charlevoix, some hauled hay and others just rested.

A very enjoyable Fourth was spent at Orchard Hill with a picnic dinner under the apple trees in the yard. Those in attendance besides Mr. and Mrs. J. W. Hayden and family were Mr. and Mrs. A. G. Reich and eight children of Bunker Hill, Mrs. Ruth Faust and three children and Mrs. Lillian Hull and three children of Grand Rapids and Mrs. Bessie Newson and son, George of Petoskey. There were 16 between 13 and 1 year old. After a bountiful dinner they all walked through the beautiful Whiting Park to Pine Lake and spent two hours in the water. The city people surely enjoyed the country freedom.

Wm. Bogart and Mrs. Hert Tainter and daughters, Maude and Esther of Boyne City were evening guests at the Joel Bennett home, Friday.

Miss Marie Bennett departed Saturday for Flint for a two weeks visit with her sister, Mrs. Norman Evans.

The hard rain of the past few days caught a lot of hay out.

Work on the County road was resumed Monday after the "Fourth" lay off.

Geo. Jarman and Ray Loomis have sold their gravel at Gravel Hill to the Contractor for the County road.

The annual school meetings were held at the various schoolhouses Monday evening.

At the annual meeting at the Star Schoolhouse Monday evening, Charles Healey was re-elected Moderator by acclamation.

Mr. and Mrs. David Gaunt of Three Bells Dist. were dinner guests at the Charles Earls home of Mountain Dist. Sunday.

Clarence Dewey of Three Bells Dist. has gone to Charlevoix to work in Jim Earls restaurant.

ANIMAL FIBERS ARE SENSITIVE TO HEAT

Silks and Wools Require Care to Launder Satisfactorily.

Garments Harden, Yellow and Shrink From the Effect of Strong Alkali —They Should Be Washed in Lukewarm Water.

(Prepared by the United States Department of Agriculture.)

Silks and wools are animal fibers and when moist are extremely sensitive to intense heat and to all rubbing; moreover, they harden, yellow and shrink from the effect of strong alkali. They should not be soaked and should be washed in lukewarm water (about 110 degrees Fahrenheit) with a neutral, white soap dissolved in the water and not rubbed directly on the material. Silk is not so easily affected by strong alkali as is wool, but its gloss is destroyed. The garments should be "soused" up and down and squeezed, but not rubbed, pulled nor twisted. Very soiled places, such as cuffs and collars, may be cleaned by rubbing in good suds with the palm of the hand.

Silks and wools should be rinsed as many times as necessary in water of the same temperature as the wash water. There is no advantage in adding soap to the rinse water, as is sometimes suggested. White wools and silks may be bled, but the bluing water should be of the same temperature as all the other water used. Woolen and silk garments may be wrung through a loosely set wringer, or the water may be squeezed out, but the material must not be wrung by twisting. Silk may be wrapped in a towel or heavy cloth before wringing.

Gun arabic is of special use in re-dressing silks. If in powdered form, one or two teaspoonfuls of gum arabic should be allowed to stand in a quart of warm water until dissolved, and then this solution should be strained for use. If the gum is in lump form, boiling water should be used and the mixture kept hot until the gum dissolves; a double boiler may conveniently be used for the purpose. A quarter of a cupful of this solution to a quart of water gives an average stiffness.

Wool will shrink if dried in too hot a place. Neither silks nor wools should be allowed to freeze, and they sunburn if put wet in the sun. Silks of fast dyes should be rolled while wet in heavy cloth until they are right for ironing, and not hung up to dry.

The irons used on silks and wools should be medium hot, as both these fabrics scorch easily and little can be done to remove the discoloration. Silks and wools should be covered with a cloth if they are ironed on the right side, or they may be ironed directly on the wrong side. Wools iron more easily while still damp, for any creases are hard to press out if allowed to dry in. Silks should be rolled and ironed while still damp; parts that dry out should be ironed through a dampened cloth, for sprinkling is likely to spot silks. A well-ironed silk should be soft, not crisp and papery. Knitted and crocheted garments should be measured before they are washed, carefully pulled or patted into the original shape and size while still wet, and placed on a padded table to dry.

And a Little Polishing.

Johnny (to bald-headed uncle)—Gee, uncle! You've got a snap. You don't have to use a comb and brush. All you need is a dust rag.

FAIR PREMIUMS REACH \$100,000

RAISERS OF STOCK AND FARM PRODUCTS RECEIVE BENEFIT

GROWING INTEREST POINTS TO SMASHING OF RECORDS

One hundred thousand dollars will be given away between August 31 and September 9 at Michigan's great \$5,000,000 state fair in Detroit.

This big fortune will be distributed among the raisers of stock and farm products who will show Michigan's best at the fair.

Early applications for entry blanks and other indications give promise that this year's exhibition will be the greatest ever held.

From the Ohio boundary on the south to the copper country of the north the signs of interest are so great that fair officials freely predict the smashing of records and unanimously declare that the farmers and city dwellers by turning out in great numbers will put the state's great exposition far in the lead of all others throughout the nation.

"We are convinced," said Secretary-Manager George W. Dickinson, "that we will be fairly overwhelmed with farm product and live stock exhibits. But the more the merrier. This is a state exposition and all concerned want the whole people of the state to feel that it belongs to them.

In addition to the agricultural exhibits there will, according to early plans, be horse racing, auto racing, midway shows worth over \$100,000 and scores of other attractions that will make the Michigan State Fair this year the greatest show ever held in the country with the exception of the few big World Fairs.

"This is a chance for the people of Michigan to have the finest kind of a 10-day vacation," Mr. Dickinson said. "The fair is held at a time of the year when people can get away from work and at a time when the weather is ideal for real enjoyment. The big educational advantages and the chances for real sport makes the state's great show the best place on earth for father, mother and children.

"Half a million persons probably will visit the fair this year and plans are being made to make everyone of them comfortable."

By MARY MARSHALL DUFFEE

THE BORROWED CAR

The borrower is servant to the lender.—Proverb.

THERE is a really commendable generosity on the part of most automobile owners in trying to give the greatest amount of happiness possible with their cars. Few automobile owners refuse to lend their cars for a worthy charity—for instance, in many towns the orphan asylums each year call for borrowed cars to take the children for an outing. Hospitals depend on borrowed cars for taking convalescent patients for airings, and then, of course, there are the numberless times when the thoughtful owner lends his car to friends. Sometimes he sends his car, with a driver, to take some friend's family for an afternoon's outing. Often he sends it to take friends who have no car to or from some entertainment, or for a shopping trip.

Now, there is not much to be said against the mannerly way of lending a car. Don't be condescending in your manner. That is all. If you lend your car, do it with a generous spirit which will be sure to show in your manner.

But there is a good deal to say to the person who accepts the use of a borrowed car.

To begin with, use the car only for such hours as it is understood that you are to use it. That is, if a friend telephones you and asks you if you would like to use her car to do the Saturday morning shopping, between ten and eleven, be sure not to keep it until half past eleven.

If a friend on whom you are calling sends her car to take you home don't ask the driver to stop at somebody else's house while you make a call.

And never, never use the car roughly. Don't let the children kick the upholstery and scratch the varnish. Don't leave scraps or bundles. Be sure, when you leave the car, that it is as neat as it was when you entered it.

Another thing: Never accept the car from anybody but the owner. If you see a friend's car standing by the curbstone, don't ask the chauffeur if he won't just drive you on an errand. And never, unless in the case of a chauffeur who has been in the service of the car owner for a long time, accept his invitation to use the car. Even then, the only time you would be justified in doing so would be if he happened to be going in your direction, and suggested that he could take you home conveniently.

Something to Think About

By F. A. WALKER

MERELY ROTATING

AMONG the restless men and women of this nervous age are those who take up their pursuits much in the manner of spinsters who are given to knitting and darning.

Often they start to crochet a muffler and end by playing whist.

They are good-hearted souls, but moved mostly by impulse.

When the spirit stirs them they are off in a flash, but in a little while they toss aside their work, stare vacantly about, dab their noses with powder, light a cigarette or take a nap.

They are not in tune with the higher activities of the serious-minded.

Their happiness, if they have any at all, reposes on a precarious base. They nod pleasantly enough, smile benignly and tell the less fortunate what should be done to set mankind on a higher pedestal.

Yet these would-be instructors have no valid interest in vital things, no goal to which they are pressing their way, no thought beyond themselves. They are merely rotating in their own prescribed orbit.

Living in ease on money earned and saved by frugal ancestors, they find their greatest pleasure in feigning wisdom and handing out advice.

Their intentions are good from top to bottom. They are neither better nor worse than the common run of mortals, being generally amiable and kind, their counsel is usually disregarded.

Even the man that digs ditches stops his ears, for in his opinion he is judge and jury unto himself, and such a pleader in his court will not be tolerated.

To do the most good in this world, we should become one of the world by intimate association, speak its language, read the hearts of the lowly, understand their yearnings, win their affection and confidence.

Failure to do these things will put a brake on any ennobling purpose.

Lincoln knew the hearts of men, because he was one of them.

He understood their unspoken language. They were always hungry for his words of wisdom, willing always to follow his leadership without question or quibble, for the reason that they were confident of his sincerity in their welfare and sure of his friendship.

Get money, but don't let money "get" you.

BALLOON FALLS INTO LAKE ERIE

SEARCH FAILS TO FIND TRACE OF PILOT AND AID—BELIEVED ALIVE AND MAROONED

AIRCRAFT FAIL TO LOCATE MEN

All Islands in Lake Scanned in Effort To Pick Up Clue to Lost Balloonists.

Kingsville, Ont.—Soaring low over that part of Lake Erie north of the regular steamship lines, air pilots scanned the waste of waters Sunday for a trace of the wicker basket in which Lieutenants T. B. Null and L. J. Roth, missing balloonists, are believed to be adrift or marooned, on some island.

The search was conducted almost as far east as Rondeau. It was undertaken in response to an appeal from Admiral W. A. Moffett, chief of the bureau of aeronautics of the navy department at Washington.

The appeal set forth that inasmuch as the log of the missing balloonists had been found and that the basket had been cut away, it was possible the airmen still were alive.

It was calculated from the direction of the wind for the last few days that, if the basket was still afloat, it would be carried eastward and northward to the Canadian shore, and every inlet was carefully inspected.

The two have been missing since Wednesday afternoon, when they left Indianapolis in a balloon race. The first definite news that tragedy had befallen them came Saturday when the wreckage of their balloon was found off Port Stanley, with the basket cut away and evidence that all ballast had been thrown overboard.

All hope of finding the missing men was then given up, for vessels of all kinds are constantly passing, and repassing that part of the lake on their way to Detroit, and it was hardly possible that the balloonists could have drifted past the steamer routes without being perceived.

U. S. INSURANCE ON CROPS SEEN

Plan Will Guarantee Farmer Against Damage Sustained.

Washington—General crop insurance is feasible and is urgently needed for the protection of American agriculture, in the opinion of officials of the department of agriculture, who have been making a study of the subject.

In view of the progress made by insurance in other fields, these officials say, it is hard to believe that adequate crop insurance facilities will long remain undeveloped.

The government's agricultural experts have been preparing data for the senate committee, appointed in the last session of congress, to investigate and report on the practicability of extending the scope of crop insurance.

Crop insurance, the government's agricultural officials believe, should cover actual damage sustained, but not theoretical losses resulting from failure to reap expected profits.

What the farmer really needs is not an insurance contract, which will guarantee him profits when nature fails him, they contend, but one guaranteeing protection against crop damage so severe as to endanger his financial safety.

STATE FAIR TO BOOST HORSES

BIG INCREASE IN PREMIUMS ANNOUNCED BY MANAGER DICKINSON

Horse lovers of Michigan have received with pleasure the announcement of George W. Dickinson, secretary-manager of the Michigan State Fair, that at this year's \$5,000,000 exposition in Detroit, August 31 to September 9, horses are going to receive more attention than ever before. Premiums of \$42,786 will be given this year to the prize winning horses as compared with \$17,000 last year.

All classes of horses will enjoy a part in this department of the nation's greatest show event. The classes that have been represented in previous years will all be present again as well as new entries.

Extensions and additions being made under the \$1,000,000 bond issue will make it possible to accommodate a number of entries so large that it will probably be the greatest horse exhibition ever seen in the United States. But if the anticipated rush occurs even the great space allotted may prove too small. Early entries therefore will be to the interest of all concerned.

ART BUILDING AT FAIR

Fifty thousand dollars will be spent on an Art Building by the Michigan State Fair to encourage the arts.

Items Of Interest in World's News

Allies Provide Radio Rules.

Washington—Another of the major accomplishments of the Washington arms conference has been consummated with the acceptance by the allied powers of the new rules of international law governing the use of radio and aircraft in time of war.

Gets Verdict for Flat Feet.

Washington—Johnny Murphy, an ordinary seaman, obtained a \$40,000 verdict against the Emergency Fleet corporation when he proved he would no longer be able to work at his calling because of flat feet resulting from injury aboard a shipping board vessel.

Ruhr Solution Urged By Pope.

Rome—Pope Plus XI sent a message to Cardinal Gasparri, papal secretary of state, dealing with the Ruhr issue, and suggesting that the allied powers substitute some form of guarantees for German reparations payments other than military occupation of the Ruhr basin.

Discontinuance of Court Asked.

Topeka, Kan.—Members of the Kansas industrial court were asked by Governor Jonathan M. Davis virtually to abolish the court, in view of the recent supreme court decision. The executive stated the decision rendered the body valueless to the state except as an investigating organization.

World Tour in Small Boat.

London—Another attempt is to be made to encircle the world in a 45-foot boat. Connor O'Brien, one of the best known Irish sailing men, is soon to start out on a 30,000-mile trip in a small ketch of his own design. O'Brien's boat, which bears the Irish name of "Saoise," has no auxiliary power.

American Autos Rule World's Roads.

Washington—American-made motor cars rule the highways of the world. Reports to the department of commerce revealed American automobiles are being favored over all other imported cars in a majority of foreign nations. For the current fiscal year more than 85,000 American machines were exported.

Canada's Flour Exports Increase.

Washington—Canada's flour exports have increased 107 per cent compared with the pre war average while those of the United States have increased only 47 per cent, according to a summary made public by the department of commerce in connection with its investigation of world trade in agricultural products.

Stray Bits of Wisdom.

"My hand," said Napoleon, "is immediately connected with my head," but the sacred courage is connected with the heart.—Emerson.

There is a lot of money in the other man's business but there wouldn't be if we'd all get into it.

UNSHAKEN TESTIMONY

Time is the test of truth. And Doan's Kidney Pills have stood the test in East Jordan. No East Jordan resident who suffers backache, or annoying urinary ills can remain unconvinced by this twice-told testimony.

Mrs. Wm. Harrington, East Jordan, says: "I was troubled considerably with dull, nagging backaches and distressing pain through my kidneys. My kidneys were very irregular in action. I used Doan's Kidney Pills and they relieved the backache and corrected the action of my kidneys." (Statement given Aug. 2, 1909.)

On April 23, 1920, Mrs. Harrington added: "I haven't had occasion to use a kidney medicine since Doan's cured me years ago. The cure proved to be complete."

Price 60c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Harrington had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

Drink Water If Back or Kidneys Hurt

Begin Taking Salts if You Feel Backache or Have Bladder Weakness

Too much rich food forms acids which excite and overwork the kidneys in their efforts to filter it from the system. Flush the kidneys occasionally to relieve them like you relieve the bowels, removing acids, waste and poison, else you may feel a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, the stomach sour, tongue is coated, and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment, the channels often get irritated, obliging one to get up two or three times during the night.

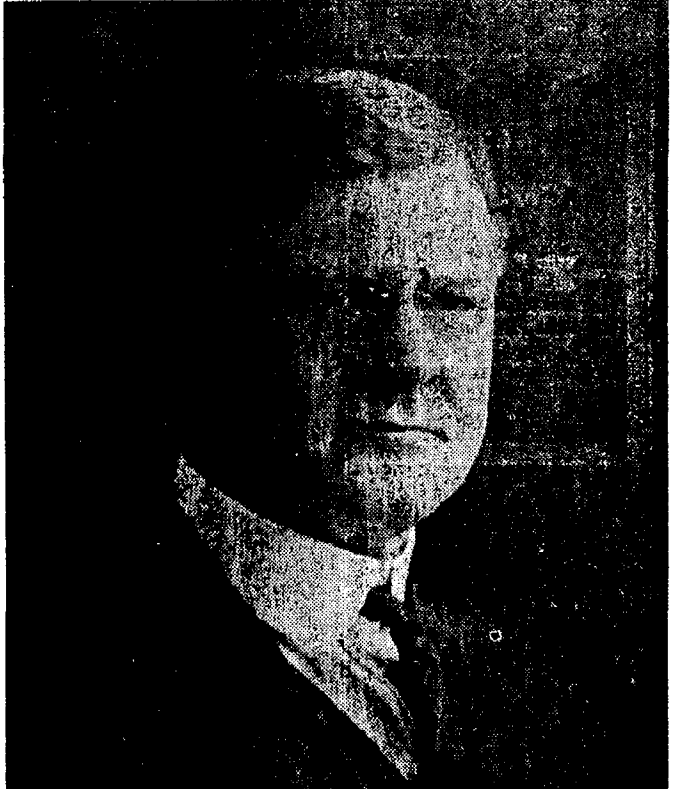

To help neutralize these irritating acids and flush off the body's urinous waste, begin drinking water. Also get about four ounces of Jad Salts from any pharmacy, take a tablespoonful in a glass of water before breakfast for a few days and your kidneys may then act fine and bladder disorders disappear.

This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for years to help clean and stimulate sluggish kidneys and stop bladder irritation. Jad Salts is inexpensive and makes a delightful effervescent lithia-water drink which millions of men and women take now and then to help prevent serious kidney and bladder disorders.

By all means, drink lots of good water every day. Have your physician examine your kidneys at least twice a year.

"HOUSES WITHOUT FRONTS"

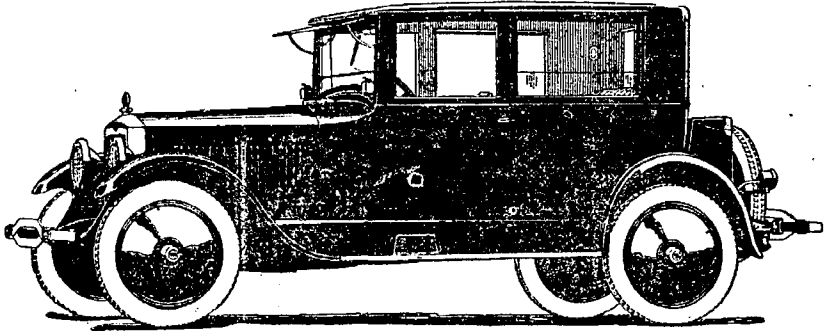

DR. L. H. BEELER

THIS noted educator, who fits his message to the need of the hour and of the audience he is addressing, will speak on the evening of the fourth day of the Chautauqua on the subject, "Houses Without Fronts." While he is devoting his life to education, he has made a thorough and exhaustive study of community problems and has not only the ability but the earnest desire to serve every community he visits and to leave with the leaders of the community some

thought that, after he has left, will bear fruit. Dr. Beeler is a rapid speaker whose manner and method of delivery carry conviction. If our community can use him in addressing luncheon or dinner gatherings of the Chamber of Commerce, luncheon clubs, Parent-Teacher Associations or other civic and community organizations, he is at our service. If this community fails to benefit by Dr. Beeler's visit it will be because our leaders have not been awake to their opportunities.

STUDEBAKER BIG-SIX FIVE-PASSENGER COUPE \$2550

The Big-Six Coupe Offers a Rare Combination of Elegance and Utility

Into the Studebaker Big-Six five-passenger Coupe have gone, without compromise, the finest design, materials, workmanship and the best of Studebaker's 71 years' experience.

Nothing has been left undone to make this big, roomy coupe as fine an enclosed car as can be built.

Certainly no car performs more brilliantly or is more reliable. None possesses greater beauty or is more luxuriously comfortable. None is more enjoyable to drive—and no other make of car is more completely equipped.

You will appreciate the generous roominess of this Big-Six Coupe, its sterling quality of body and chassis and its wealth of refinements—including the large trunk; extra disc wheel complete with tire, tube and tire cover; handsome nickel-plated bumpers front and rear; courtesy light; motometer; flower vase; clock; aluminum-bound running boards with corrugated rubber mats and step pads; rear-view mirror, automatic windshield cleaner, glare-proof visor, and many others.

Its low price is due to large volume and to the fact that Studebaker overhead is shared by three models—all sixes. Then, too, only one manufacturing profit is included in the Big-Six price because all vital parts are manufactured in Studebaker plants.

Studebaker has been building quality vehicles for more than two generations.

Power in surplus measure to satisfy the most exacting owner

CHAUTAUQUA ORATOR

HON. W. C. McCULLOUGH
"The Challenge to Democracy," in which both political and industrial problems which America is facing are discussed in an able manner, is a lecture which will win the commendation of every thinking man and woman of our community. The logic of the discourse, the earnestness of its presentation and the sincerity of the man delivering it, will make this lecture one of the best of the entire Chautauqua program. Mr. McCullough, a prominent attorney at Cleveland, Ohio, has always been interested in and made a study of the relationship of employer and employe and of the fundamentals underlying popular government. Great employers of labor have enthusiastically endorsed Mr. McCullough's address when he has delivered it to large industrial gatherings. Hear him on the third afternoon of the Chautauqua.

At East Jordan, July 25, 26, 27, 28, 29.

Mother's Cook Book

Kindness is a language that the dumb can speak and deaf can understand. Telling the truth is a business in which there is but little competition.

SEASONABLE GOOD THINGS

FOR those who enjoy sweet sauces with meats this will be an appealing dish:
Raisin Sauce With Beef Tongue.
To two cupsful of water add one cupful of seedless raisins, one tablespoonful of vinegar, and one tablespoonful of butter; more vinegar may be added if liked. Add two tablespoonfuls of flour mixed with a tablespoonful of brown sugar, a dash of cinnamon and salt. Simmer the raisins in one cupful of the water for fifteen minutes, then add the other ingredients and when well mixed the other cupful of cold water; let come to the boiling point. Serve with sliced boiled tongue.

Rice and Sausage With Cuban Sauce.

Pry as many sausages as are needed, having ready two cupfuls of boiled rice. To one can of tomatoes add a thinly sliced onion, a little chopped celery, a sprig of parsley, pepper, salt, four tablespoonfuls of sugar, and a saltspoonful of curry powder; stew for twenty minutes, strain, thicken with a little cornstarch mixed with cold water. Heap the rice on a hot dish, lay the sausage around the edge and pour the sauce over all. Garnish the dish with parsley.
Boiled rice served hot with a hot chocolate sauce is a dessert that is enjoyed by all chocolate lovers.

Honey Rice Pudding.

Take one-half cupful of honey, two cupfuls of boiled rice, one beaten egg, one and one-half cupfuls of milk, a little salt and cinnamon, and one-half cupful of raisins. Mix well and put into a buttered mold, sprinkle with spices and bake in a moderate oven until thick and brown. Serve hot or cold.

Fig Filling for Cake.

Mix two cupfuls of fresh fig jam with one-half cupful of walnut meats, four tablespoonfuls of creamed butter and four tablespoonfuls of orange juice. Mix and spread on the cake while slightly warm.

Nellie Maxwell
(©. 1923, Western Newspaper Union.)

WHIPPING BOSS FOUND GUILTY

Convicted of Slaying Prisoner in Convict Camp.

Lake City, Fla.—Thomas Walter Higginbotham was found guilty of murder of Martin Tabert, of North Dakota, in the second degree by a jury here. The verdict carries a sentence of 20 years. The jury was out one hour and 20 minutes.

The former whipping boss was accused of having caused the death of Tabert as the result of a beating administered while the North Dakotan was serving a term in the Putnam Lumber Co. convict leased camp. During the trial the state charged Higginbotham with having whipped Tabert so severely that it brought about traumatic pneumonia, which resulted in death four days later.

STEEL CHIEFS TO END 12-HOUR DAY

ANNOUNCEMENT MADE BY HARDING IN TACOMA, WASH. SPEECH BEFORE SAILING

IMPORTANT INDUSTRIAL STEP

Gary, Schwab and Other Manufacturers Promise To Make Change as Labor Supply Increases.

Tacoma, Wash.—President Harding announced here that he had received a promise from Judge E. H. Gary, chairman of the United States Steel corporation, Charles M. Schwab, and a dozen other big steel manufacturers that the 12-hour day in the steel industry would be abolished as soon as there was a surplus of labor.

The president made the announcement during his speech in Tacoma stadium just before sailing for Alaska. He also made public at the same time copies of letters passed between himself and Judge Gary.

"It is very gratifying," said the president, "to be able to announce progress."
"I have received a joint communication from a large majority of steel manufacturers of America in which they have undertaken to abolish the 12-hour day in the American steel industry at the earliest moment that the additional labor shall be available."

"I wish to congratulate the steel industry on this important step. It will heal a sore in American industrial life which has been the cause of infinite bitterness and strength for over a generation."

"It is an example that I trust the few other continuous processes in industry which still maintain the 12-hour day may rapidly follow."

BELT R. R. LINES ARE PLANNED

Contending Companies to Appear Before Commission.

Detroit—Two railroad companies with tentative plans to link Detroit with Marine City, will appear before the public utilities commission at Lansing to fight for the right to establish their respective lines.

The companies are: The Detroit Connecting railway and the Detroit Grand Belt railway. The Detroit Connecting railway claims priority rights through the filing of its intention with the Michigan public utilities commission in 1918.

In 1920 a law was passed by congress under the transportation act which provided that an application must be filed at Washington with the Interstate Commerce commission before rail connections could be opened. The Detroit Connecting railway failed to file this application.

FOURTH OF JULY DEATH TOLL 23

Children Are Victims in Most of Accidents Throughout U. S.

Chicago—Twenty-three deaths and more than a hundred injuries resulted from fire works and explosions and other accidents incidental to the nation's observance of Independence Day. Although efforts to prevent the usual casualties were virtually universal, fatalities occurred in all the principal cities.

Most of the victims were children. Pittsburgh led in number of deaths, tetanus, resulting from pre-holiday celebrations, causing four deaths of children.

In Michigan, fire works explosions were responsible for three deaths.

St. Louis, with 61 injured, had a greater number hurt than any other city, although Chicago, with three dead and 28 injured, was a close second.

KRUPPS ACCEPT FRENCH TERMS

Coal Movement Pact Signed—Workers To Return To Work.

London—The first indication that the magnates of the Ruhr are inclined to accept the inevitable and come to terms, the signature of the agreement between the French authorities and Herr Von Buelow, acting head of the Krupps during the imprisonment of Baron Von Bohlen, to facilitate the removal of 70,000 tons of reparations coal and coke seized at one of the Krupp plants has been received here.

The agreement involves the return to work of 3,000 employes and gives the French engineers free access to coal and coke storage.

Woman Senator Silent.

Seattle, Wash.—Miss Beba Horn, first woman state senator in the state of Washington, is back in Seattle, glad that the legislative session is over at the state capital and that she can get back to her kitchen range and law practice. Besides the one distinction of being the state's only woman senator, she has a greater and better accomplishment to her credit. She has been clear through one session of the legislature and has never made a speech.

Forbidden City Relics Burned.

Pekin—Fire swept through the Forbidden City Wednesday. The ancient imperial historical hall containing ancestral relics of all the emperors, was destroyed together with dozens of smaller buildings surrounding it. Wooden plaques, upon which were carved the histories of dynasties stretching back into almost forgotten ages, were devoured by the flames, and stories of many centuries before Christ wiped out forever.

Octogenarian Quartette.

Knoxville, Tenn.—A male quartette the youngest member of which is 74 years old, has been organized by the First Baptist church here. The oldest member, John Cruze, sings tenor. The other singers are C. O. Hill, 75, baritone; R. Binning, 78, first bass, and W. C. Frazier, 74, second bass. Announcement that the octogenarian quartet would sing at a concert given recently brought a crowded house to the large First Church auditorium.

Lassoed a Catfish.

Timn, O.—Speaking of skill with a lariat, Louis Kuebler would make the "Frontier Day" performers at Cheyenne, Wyo., look like pikers if he could repeat the little stunt he staged while fishing near Port Clinton, O., recently. Yes, siree, Kuebler did some real lassoing. And it wasn't a bull this time. It was a big catfish, reports have it. It's a real fish story, too, for the testimony of several companions is given in support of the story.

AJAX TIRES

YOU are interested mainly in securing excellent service at moderate cost. Ajax Cords are doing this and more for thousands of car owners.

AJAX CORD, ROAD KING, PARAGON

EAST JORDAN GARAGE

J. W. LALONDE, Proprietor

The old-fashioned man who thought woman suffrage was a joke, now finds that if it is, the joke's on him. Somehow those who get the best vacations are those that don't need any kind.

Red Crown

Vaporizes to the Last Drop

To use Red Crown is the essence of economy—not from the standpoint of purchase price alone but from the results earned.

When Red Crown is mixed with air in your carburetor it causes perfect combustion—this means the irreducible minimum of carbon deposit, consequently less fouling of spark plugs—it means less expense for grinding valves—it means a smoother running motor—it means little, if any, pre-ignition. When you use Red Crown

There Is No Waste

either of money or energy. Every drop is converted into power—clean, sustained, usable power. It is obvious that 800° of heat in your cylinder heads under working conditions is all and sufficient to burn the heaviest ends of Red Crown. That is why you get such extraordinary mileage when you have Red Crown in your tank.

Buy Red Crown

At the following Filling Stations and Garages:

E. E. Goodman, Main St.
Chas. Strehl, Bridge St.
E. M. Valentine, Chestonia, Mich.

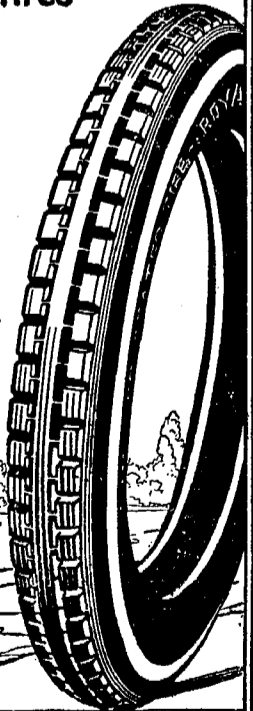

And at any Standard Oil Service Station

Standard Oil Company, East Jordan, Mich. (Indiana)

Everywhere - Royal Cords

United States Tires are Good Tires

THE growing number of Royal Cord Clinchers you see on the roads gives an idea of how many car owners there are who want the best tire money can buy. There weren't near enough Clincher Royals to go around last year. This year—even with the production more than doubled—you can best be sure of them by taking them at the moment.

**TO DARKEN HAIR
APPLY SAGE TEA**
Look Young! Bring Back Its
Natural Color, Gloss and
Attractiveness

Common garden sage brewed into a heavy tea with sulphur added, will turn gray, streaked and faded hair beautifully dark and luxuriant. Just a few applications will prove a revelation if your hair is fading, streaked or gray. Mixing the Sage Tea and Sulphur Compound at home, though, is troublesome. An easier way is to get a bottle of Wyeth's Sage and Sulphur Compound at any drug store all ready for use. This is the old-time recipe improved by the addition of other ingredients. While wispy, gray, faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur Compound, no one can tell, because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared, and, after another application or two, your hair becomes beautifully dark, glossy, soft and luxuriant.

**Through the Jungles
of South America**

GEO. W. RAY, F.R.G.S.
World Famous Explorer
A STORY of adventure told amid a platform set with trophies gathered during his fifteen years in the interior of South America, will thrill you on the second night of the Chautauqua when this man, known as "The Livingstone of South America," delivers his lecture "Through Five Republics on Horseback."

At East Jordan, July 25, 26, 27, 28, 29.

Places High Valuation on One Cent.
New York—Junius Guttig has a cent that he values at \$10,000. "It is the first coin to bear the letters U. S.," says Mr. Guttig, "the first coin upon which the decimal system was based. The date if it is 1783. It is the size of a dime and is made of silver worth about three cents." Howland Wood, curator of the American Numismatic society, confirms Mr. Guttig's opinion of the rarity of the coin.

Needle in Hand 33 Years.
Willows, Cal.—A needle has been found in the hand of Mrs. J. B. Hann which has been imbedded there 33 years. In 1890 she accidentally ran a needle into her hand and at the time it was found impossible to remove the implement. Having ceased to cause her trouble, it was left to work its way out. Mrs. Hann suffered from a felon on her finger and an X-ray photograph revealed the needle in the palm.

MEN YOU MAY MARRY
By E. R. PEYSER
Has a Man Like This Proposed to You?
Symptoms: Always wears gray gloves, carries a little whisk broom in his pocket—to keep his clothes dustless. Uses it with the grace of a fencer with his foils. Has the dearest little manicure case in one pocket and carries a moustache comb in another. Talks much of his tub. Has his clothes, he tells you, "hanging in numbered covers and I never wear the same suit twice in succession and always wear a different pair of shoes each day of the week. You see, then, one keeps one's clothes in condition." His coat pocket embraces a silk scarf for dusting his hat—and his muffler is a dream of perfection.
IN FACT
He himself is the vacuum cleaner's ideal of perfection.

**HIGHLAND BAND
FOR STATE FAIR**

FAMOUS WAR ORGANIZATION OF
KILTIES PLAYED FOR
ROYALTY

CRACK MUSICIANS TO PLAY
AT DETROIT SHOW 8 DAYS

The band of the Ninety-first Battalion, Princess Louise's Argyle and Southern Highlanders, of Canada, Lieutenant I. A. Stares, Mus. Bac., conductor.

That's the official cognomen. But the hundreds of thousands who have sat spellbound by the wondrous music of these warrior-bandsmen know them as just plain—

Ninety-First Kilties Band.

And certainly they have held nearly the world spellbound. From coast to coast in Canada and in the United States they have travelled. And when war clouds drifted this way they called off engagements and led their outfit to Europe in a blaze of musical glory.

All Michigan will again have an opportunity to hear this unexcelled military band, for Secretary-Manager George W. Dickinson of the Michigan State Fair has announced that the Ninety-first Kilties will appear there for eight days, playing their inspiring music at afternoon and evening concerts.

"We feel," Mr. Dickinson said, "that an exposition so great as the \$5,000,000 Michigan State Fair should have nothing but the best, for it is a state institution and the state must be well represented; further we know it is our duty to have only the best in music, fine arts and the other beautiful things of life for the legions of citizens who travel from far and near to be guests of the state.

"I believe that it is due largely to this determination to constantly improve the Michigan State Fair that has been responsible largely for its unparalleled success and growth."

The Ninety-First Kilties Band, which comes from Hamilton, Ontario, is composed of selected artists who dress in the picturesque kilts of the Highlander. It has played in more than 500 cities and towns in the United States, Canada and England. It has been one of the leading features at many big exhibitions.

While overseas the Ninety-First Kilties was appointed Canadian staff band by Sir Sam Hughes, then minister of militia and defense. It played before the king and queen of England, other members of the royal family, cabinet officers and prominent civil and military leaders.

**BOYS TO VISIT
THE STATE FAIR**

100 LADS TO BE GUESTS OF
STATE AT GREAT
EXPOSITION

Mr. Michigan Farmer Junior, 100 strong, will again have the time of his life this year at the \$5,000,000 Michigan State Fair which opens August 31 and closes September 9.

For already one or two bright farmer lads in each county of Michigan have passed the examination which proves they know the business of the soil pretty well for youngsters and are qualified to take the course of instruction offered them by their state government at the great annual exposition in Detroit.

The examinations are held in each county under the supervision of E. T. Cameron of Lansing. The boy passing highest or the two tied for highest place in each county are admitted to the course. All their expenses are paid and they are given a busy course in agricultural subjects during the ten days they are the guests of the state at the fair in Detroit.
Not only are they given mental training that will be of value to them on the farm, but their physical well being is looked after under the careful eye of Foster J. Walker, a physical trainer of note. Every morning he takes them out into one of the big fields at the fair grounds and gives them a course of stiff setting up exercises that would do credit to soldiers.

FAIR BOOSTS FRUITS, FLOWERS

To encourage the amateur and professional raisers of fruits, flowers and plants, the state this year will offer \$15,000 in premiums in this department at the \$5,000,000 Michigan State Fair which will be held in Detroit from August 31 to September 9.

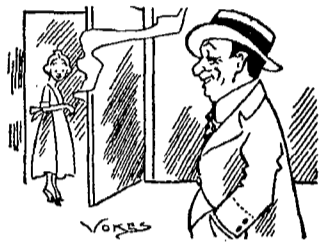

A large increase in the number of entries in this department is expected as in all other departments of the state fair, but Secretary-Manager George W. Dickinson gives assurance that all those persons making entries within a reasonable time will be taken care of.

FAIR WORKERS BUSY

Large crews of men are now busy on the Michigan State Fair grounds in Detroit, getting them in shape for the \$5,000,000 exposition which will be held August 31 to September 9.

If any owner, possessor or occupier of land, or any person or persons, firm or corporation having charge of any lands in this State shall, knowingly, suffer any Canada thistles, milkweed, wild carrots or other noxious weeds to grow thereon or shall suffer the seeds to ripen, so as to cause or endanger the spread thereof, he or they shall, on conviction in any court of competent jurisdiction, be liable to a fine of ten dollars, together with costs of prosecution, for every such offence and he or they shall pay the cost of cutting and destroying such weeds.
Dated this 20th day of June A. D. 1923
HENRY W. COOK,
Chief of Police of the City of East Jordan, County of Charlevoix, State of Michigan. 26-3.

MORTGAGE SALE

Default having been made in the conditions of a certain mortgage made and executed by Andrew Reid and Olive Reid, his wife, formerly of the City of East Jordan, Charlevoix County, Michigan, to the State Bank of East Jordan, a corporation organized, existing and doing business under and by virtue of the laws of the State of Michigan and having its principal office in the city of East Jordan, Michigan, which said mortgage bears date the 19th day of September, 1912 and was recorded on the 1st day of October, 1912 in Liber 47 of Mortgages on page 437 in the office of the Register of Deeds in and for the County of Charlevoix, Michigan. By reason of said default there is now claimed to be due and is due upon said mortgage at the date of this notice, including principle, interest, taxes and attorney fee, the sum of \$561.96, and that no suit or proceedings at law or in equity have been instituted to recover the debt secured by said mortgage, or any part thereof.

Now, therefore, notice is hereby given that by virtue of the power of sale in said mortgage contained and of the statute of the State of Michigan in such case made and provided, the undersigned will sell at public auction, for cash, to the highest bidder, on Tuesday, the 17th day of July, 1923 at 10:00 o'clock in the forenoon of said day at the front door of the Court House in the City of Charlevoix and County of Charlevoix, and State of Michigan, that being the building wherein the Circuit Court for the County of Charlevoix is held. The premises described in said mortgage are as follows, to-wit: Lot No. 6 in Block No. 19 of Nicholl's 2nd Addition to the Village of South Lake now a part of East Jordan, as per recorded plat of said Addition in the office of the Register of Deeds for Charlevoix County, Michigan, together with the hereditaments and appurtenances thereto belonging, or so much thereof as may be necessary to satisfy the debt, costs and taxes aforesaid.
Dated East Jordan, Michigan, April 20, 1923.

Your Druggist

**IF SKIN BREAKS
OUT AND ITCHES
APPLY SULPHUR**

Just the moment you apply Mentho-Sulphur to an itching, burning or broken out skin, the itching stops and healing begins, says a noted skin specialist. This sulphur preparation, made into a pleasant cold cream, gives such a quick relief, even to fiery eczema, that nothing has ever been found to take its place.
Because of its germ-destroying properties, it quickly subdues the itching, cools the irritation and heals the eczema right up, leaving a clear, smooth skin in place of ugly eruptions, rash, pimples or roughness.
You do not have to wait for improvement. It quickly shows. You can get a little jar of Rowles Mentho-Sulphur at any drug store.

MORTGAGE SALE

Whereas, default has been made in the terms and conditions of a certain mortgage made and executed by Ira Keco and wife, Jennie McKee of the township of Eveline, Charlevoix County, Michigan, in favor of the State Bank of East Jordan, said mortgage bearing date the 17th day of April, 1918, and being recorded in the office of the Register of Deeds for the county of Charlevoix, State of Michigan, in Liber 50 of mortgages on page 63, on the 19th day of April, 1918, and, whereas, by reason of said default there is now claimed to be due and is due upon said mortgage at the date of this notice, including principal, interest, and attorney fee, the sum of Twelve Hundred Sixty-five and 69/100 (\$1265.69) Dollars, and that no suit or proceeding at law or equity have been instituted to recover the debt secured by said mortgage or any part thereof.

Now, Therefore, Notice is hereby given that by virtue of the power of sale in said mortgage contained, and of the Statute of the State of Michigan in such case made and provided, the undersigned will sell the premises described in said mortgage at public auction for cash, to the highest bidder, on Tuesday the 2nd day of October, 1923, at ten o'clock in the forenoon of said day, at the front door of the court house in the city of Charlevoix, county of Charlevoix, and State of Michigan, that being the building wherein the circuit court for the county of Charlevoix is held. The premises described in said mortgage are as follows, to-wit: "The West half (1/2) of the Northeast quarter (1/4) of Section Twenty-three (23) of Township Thirty-three (33) North, Range Seven (7) West," together with the hereditaments and appurtenances thereto belonging, or so much thereof as may be necessary to satisfy the debt, and costs aforesaid.

THE COMIC OPERA--"OLIVETTE"

DAVIES LIGHT OPERA COMPANY AT CHAUTAUQUA

CAPTAIN DEMERRIMAC had gained the consent of Marvefol, the Seneschal, to his marriage to his daughter, Olivette. Things progressed nicely for the Captain (but not so agreeably for Olivette) until the arrival of Valentine, the Captain's nephew, who loved Olivette and was loved by her. The Captain being called away to his ship, Valentine disguised himself as his Uncle, the Captain, and married Olivette. On the Captain's return complications naturally developed. . . . But to get the entire story with all of its clean comedy you will have to see and hear the Davies Opera Co. on the third day of the Chautauqua.
