Worth While Lyceum Course

East Jordan Public Schools Present Finest Course Ever.

For the last number of years the High School Lyceum Course has been a good one but it seems in this as in everything else East Jordan expects the best. In the choice of the course for 1923-24 this has been kept in mind. There isn't a town in Michigan that will have any better numbers than East Jordan will have this year.

Formerly we had five numbers. The course has been cut by one number in order to raise the quality and when you know the list of attractions you will readily see that it is almost impossible to beat it anywhere. In fact, the schools need make no apology for any number on the course to the slightest degree, for they are the best that money can buy.

We open with "Burns of the Mountains," October 25th. The second number will be the Music Makers, Quartet, November 19, January 23rd, Davis, Magician, February 4th, "The Skibinsky Reed Duo. The Course will open with perhaps its greatest number "Burns of the Mountains."

The price of the tickets will be the same as last year although the cost to the school is much greater. Adult tickets, \$2.00 for the season, High School \$1.50.

It was thought that by having the finest numbers it is possible to secure it would more than make up the difference in the Course. A number of people have heard "Burns of the Mountains" and without a doubt put him ahead of any other speaker they have ever heard.

Local people will have a real treat in hearing President James A. Burns of Oneida Institute, Kentucky, when the noted college president, erstwhile feudist, and lover of men, appears here on the evening of October 25th at the High School Auditorium. Burns is today the most unique character on the platform and it is conceded that he has the most unique and thrilling story ever heard.

Born in the Kentucky mountains, educated in the mountain schools of West Virginia, to which state his father had taken his family to escape the terror of feuds, with no resources save his own physical strength and an abiding faith in the God he followed, this sterling American planted a university in the hills of Kentucky to save her sons from fratricide.

His simple story of events which led to his turning from feudism to constructive thinking about the future, and of the results attending his experiments in fighting feuds with education, is one of the most thrilling recitals of achievement in the annals of the platform.

Burns, rugged, homely, virile, sincere, reminds one instinctively of Lincoln in his personality. Simple, unaffected, a master of chaste English, his words intensify the comparison with the beloved rail-splitter.

Sedative for Departed Spirits.
The friends of the dead in China beg permission to burn quantum pasteboard images of men and cattle, shagged in crinkled paper, on the spot where the dead lie. The ceremony is a mark of respect and is believed also to act as a sedative on the departed spirits.

THREE DAY A WEEK SCHEDULE NOW ON E. J. BRANCH M. C. R. R.

Commencing last Sunday, a new running schedule went into effect on the East Jordan branch of the Michigan Central Railroad.

On this branch—known as the D. & C. R. R.—the service has been cut to three trains a week—Tuesdays, Thursdays, and Saturdays.

The incoming train is now scheduled to leave Grayling at 8:00 a. m. and to arrive at East Jordan at 9:00 a. m. Will leave East Jordan on the old scheduled time—10:30 a. m.

The East Jordan & Southern, connecting with the Pere Marquette at Bellaire, is giving East Jordan a twice-a-day (except Sunday) service.

MISS AUDREY ST. JOHN UNITED IN MARRIAGE TO W. B. BABCOCK.

The following article is taken from the St. Clair Republican of Sept. 21st. Miss Audrey G. St. John, daughter of Mr. Josiah St. John of East Jordan, Michigan, and Mr. W. Bryan Babcock were united in marriage at the Congregational parsonage Saturday evening, by the Rev. C. M. Burkholder. They were attended by Mr. and Mrs. F. G. Harmer.

Mr. and Mrs. Babcock left Sunday for a brief visit at Peck, Mich., going from there to Onaway and adjacent points where they will spend their honeymoon.

The bride is one of St. Clair's most popular young ladies and for some time past has been a member of the Diamond Crystal office force. The groom is a member of the St. Clair Detachment of the State Police and is an Officer of recognized efficiency and loyalty.

The congratulations and best wishes of many friends here will go with them through life.

MISSION STUDY CLASS AT PRESBYTERIAN CHURCH

A women's class for intensive study of Missions in Japan will start on Monday evening, October 8th at the Presbyterian Church and will be held for six consecutive Mondays. The text will be "The Woman and the Leaven in Japan." This book, especially adapted for women, is authorized by the Board of Foreign Missions and is one of the three adult books to be studied this fall throughout the United States. The author is a daughter of a Missionary, and has spent all of her life in Japan, excepting the four years she was a student at Smith College.

All women of the city are most cordially invited to attend these six class meetings. Those who wish books, the price of which are 50 cents, will be able to take part in the discussions, others who wish to attend without having books, will be also as welcome. The first class meeting will be with Mrs. Sidebotham on Monday evening, starting at 7:00 o'clock promptly, and lasting for one hour.

Iowa Publisher Dies.

Waterloo, Ia.—Arthur W. Peterson, general manager of the Waterloo Evening Courier, died last week. Mr. Peterson, 55 years old, was born in Warren, Ohio, where at the age of seven he entered the office of his father, publisher of the Warren Tribune. He was for 15 years advertising manager of the Indianapolis News and later was connected with the Minneapolis Tribune.

World's Supply of Books.
About 16,500,000 books have been printed in the world since the invention of printing in Europe in the Fifteenth century, it is estimated.

Three Great Ball Games

Scheduled at East Jordan This Friday, Saturday, Sunday.

Northern Michigan Base Ball Fans are in for one grand and glorious treat this Friday, Saturday and Sunday, when East Jordan's Northern Michigan Champs face the crack Battle Creek Independent Team for a three-game series on the local diamond.

East Jordan won the Northern Michigan Championship and is the peer of any team in this region. The Battle Creek Postum Cereals team is without question the best independent team in Southern Michigan. It has won more games than any other team in southern Michigan, and, in addition, is the only independent organized club in Michigan who has played a major league team. This team played the Chicago White Sox in August and is scheduled in an exhibition game against the Detroit Tigers next week Wednesday.

These games will give the people of Northern Michigan an idea of the comparative strength between Southern and Northern Michigan Amateur base ball.

Both the Friday and Saturday afternoon games will start at 3:00 o'clock, standard time. Sunday's game is scheduled to commence at 2:30 p. m., standard time.

In commenting on the coming games the Petoskey News says:—

The East Jordan team of the Northern Michigan Amateur Baseball league, announces a three-game series with the crack Battle Creek Postum Cereals at East Jordan Friday, Saturday and Sunday, October 5, 6 and 7.

The East Jordan team won the northern league championship this season. The team is made up practically entirely of East Jordan men and plays a wonderful brand of ball. This is the first attempt of East Jordan at an after-the-season series, and fans from all over northern Michigan are expected to witness these contests.

"The Battle Creek organization is considered one of the strongest in Michigan. It has been playing major league teams and the strongest teams of Michigan, Indiana and Ohio.

"East Jordan will pitch Gunderson, Johnson and Heckman during the series."

GOOD STORAGE SPUDS NEED HARVEST CARE

Use of more careful methods of harvesting Michigan's potato crop would result in a saving of thousands of dollars to farmers of the state, through better keeping quality of the tubers when placed in storage.

Many farmers fail to realize the need for care at digging time, with reference to keeping qualities of the crop, says H. C. Moore, extension specialist in potatoes at M. A. C., who gives the following general rules for handling the spud harvest:

"Potatoes should be dug when they are well matured, so that the skin is not easily broken in handling. Immature potatoes are easily bruised and skinned. Such stock takes on a dark color which renders it undesirable on the market. Furthermore, immature potatoes are likely to rot in storage, and the shrinkage loss is heavy.

"If possible, the digging should be done on bright, cool days and when the soil is comparatively dry. When harvested under these conditions, the potatoes will maintain a brighter color and will keep better in storage than when dug in warm, rainy weather.

"One of the main criticisms on the markets against Michigan potatoes is that many lots show too high a percentage of mechanical injuries. Growers are urged to use more care in digging. When digging with a fork or potato hook, pains should be taken not to stab the potatoes.

"The use of the mechanical diggers is becoming more general throughout the state. When properly operated, these machines dig the crop with a minimum amount of injury. The shovel point should be adjusted deep enough to avoid cutting the tubers.

"After the potatoes have been dug leave them on the ground for an hour or so to dry and toughen their skins."

Put in a Cent.
"I wouldn't have missed your sermon tonight for ten dollars," said a gentleman to the clergyman. And when the plate was sent round the same man only put in a cent.

Grim Harvester Very Busy

Four Deaths In East Jordan and Vicinity Past Week

Death claimed four people in and near East Jordan the past week, three of these coming on Friday, Sept. 28th.

HENRY J. RUNYAN

Henry J. Runyan passed away at the home of his daughter, Mrs. Hollie Bayliss, near this city, on Friday, Sept. 28th, from hemorrhages of the stomach.

Deceased was born Aug. 23rd, 1862, in Banks township, Antrim County, near Torch Lake, his parents being John and Katherine Runyan. He was united in marriage April 3, 1891, to Miss Elizabeth Bake, at East Jordan, the minister performing the ceremony being Rev. Whitman. Mrs. Runyan passed away April 125, 1905, at Boyne City.

Deceased is survived by the daughter Mrs. Hollie Bayliss; two sisters, Mrs. J. E. Chew of this city and Mrs. Westy King of Cheboygan; one brother, James Runyan of Norwood, and his father, John Runyan of Norwood.

Funeral services were held from his home Monday afternoon, conducted by Rev. Henry Hulme. The remains were laid to rest at the Griffin cemetery near Boyne City.

JOSEPH C. KOTALIK

Joseph C. Kotalik passed away at his home in the Bohemian Settlement (Jordan township, Antrim County) Friday, Sept. 28th. Deceased was 66 years of age, and the wife is still living. Funeral services were held from St. John's Catholic Church in the Settlement, Monday morning, conducted by Fr. Drinan.

[NOTE—The Herald regrets that more information relative to Mr. Kotalik's death is not available at this time. A more complete article may appear later.]

MARGARET JEAN BOWEN

Margaret Jean Bowen, little daughter of Mr. and Mrs. Clinton Bowen, passed away at the home of her parents on Bowen's addition in this city Friday, Sept. 28th, from pneumonia. The little one was eight months, ten days old.

Funeral services were held from the home of the bereaved parents, Sunday afternoon, conducted by Rev. Henry Hulme. The remains were laid to rest at Sunset Hill.

FREDERICK JOHN DESHANE

Frederick John Deshane passed away at the home of his parents, Mr. and Mrs. Jerry Deshane, in this city, Tuesday morning, Oct. 2nd.

Deceased was born April 21st, 1895, at East Jordan, being 28 years of age at the time of his death. He became ill some six years ago and has been confined to his bed for a number of years.

Deceased is survived by his parents, Mr. and Mrs. Jerry Deshane; three brothers—Alex. of Seattle, Wash.; Jerry Jr., of Duluth, Minn.; and Thomas of East Jordan. Two sisters—Mrs. Harvey Seaton of Altona, Mich., and Mrs. Ralph Bancroft of East Jordan.

Funeral services were held from St. Josephs Catholic Church, Wednesday forenoon, conducted by the pastor, Rev. Fr. Drinan. Interment at the Catholic cemetery.

Spain Tightens Censorship.

Madrid—New censorship provisions have been put into effect prohibiting the publication of any reports bearing on the plans of the military directory, except upon the authority of the president of the directory, General Primo Rivera, the members of the directory or the official in charge of giving information to the press. The measure, it is announced, is for the purpose of preventing the spread of alarm through false reports.

Beasts of Jungle Slay Many.

Calcutta—The toll of the Indian jungles as recorded year by year does not grow less. The figures for last year show that 3,268 people were killed by wild animals, tigers being responsible for 1,608, leopards for 509, wolves for 460, bears for 108, elephants for 55, hyenas for nine, wild boars and pigs for 90 and crocodiles and alligators for 225. The mortality from snake bite rose to 20,000. During the year 23,268 wild animals were destroyed.

Traverse City Downed Locals

East Jordan Line Fails To Show Class—Cause of Defeat.

Not that Traverse City is so strong, but because East Jordan's line was green and slow made it easy for Traverse City to gain consistently. Although the Jordan line out-weighted Traverse City's, the experience and the aggressiveness of the Traverse City boys more than made up for this weight and they went through the right side of East Jordan's line at will. This does not take anything from the clean cut victory of Spruit's team. They were a fine bunch of boys and played a good clean game as well as the locals. Traverse City's backs out-weighted East Jordan's quartet behind the line by 15 lbs. to the man and more than counterbalanced any weight on the line.

Without a doubt, in Bable, Norris, Walker and Reynolds, Traverse has one of the best backfields in Northern Michigan. Norris, especially, in all around playing proved the rock on which East Jordan's hopes broke.

For the Locals, Smitty not only out shown any other man on the Local outfit but, as Coach Simo said, was without a doubt, as good a half as there is in Northern Michigan. On the offense and defense he loomed above any other man on the field. To cap the climax, he caught a Traverse punt on his own goal line and ran 100 yards through the whole Traverse team in the first quarter for a touchdown. This run alone was more than worth the price of admission. However, this was not accomplished alone. Chelles and two other men did some beautiful blocking to make the run possible.

Streeter lived up to expectations and played a snappy game at all times as did Duffey and Palmer. Raymond Swafford showed up exceptionally well for a man who never played before. Chelles at C. played a steady game.

Perhaps the star of the whole Traverse crowd was the work of Renney at G. He perhaps did more to break the morale of the East Jordan line than any other factor in the Traverse team.

Traverse used largely straight football. They had nothing unusual about their attack except that each man got his man and made almost any play successful. It always makes the other team's offense look bad when they can hardly use any straight play successfully.

For just a little matter of comparison eleven of the sixteen Traverse men will have completed their fourth year in Traverse City High School and three are in their fifth year, giving them a veteran squad all the way through. Most of these men had experience under our local coach four years ago, so it is not to be wondered at that Traverse won over a green bunch of boys without even a second team to play against. Mr. Duncanson's antique play as referred to in the Traverse paper, looked mighty well when he put Traverse on the map by the great team that Northern Michigan has ever seen. However, once in a while, Traverse shows a little sour grapes.

The feature of the Traverse offense was the aggressiveness of the line and the all around good work of the Traverse backfield. They ran well and blocked well. The officiating was excellent and East Jordan lost to a better team. Jordan are sports and always take their medicine like men, but they will come back.

	Score	Traverse City	E. Jordan
1st Quarter	13	6	0
2nd Quarter	12	0	0
3rd Quarter	6	0	0
4th Quarter	19	0	0

Touchdowns—Smith 1; Bable 3; Norris 2; Reynolds 2; Copeland 1.

Substitutions—Palmer for Kling; Kling for LaClair; Palmer for Somerville; Love for Streeter; Wilson for Walker; Tompkins for Gafford; Baird for McGillis. Umpire—Austin of Ypsilanti State Normal. Referee—Simo of Cadillac. Head Linesman, Scoff of Harbor Springs. Time Keepers, Dye of Traverse City and Mayor Dicken of East Jordan. Time of quarters, 15 minutes.

East Jordan goes to Manistee this week end and will have one of the hardest games on their schedule. Coach Duncanson reorganized the locals, giving them a real shake-up so that every fighter on the squad will be in the game.

Next week we meet our old rivals that put us out of it last year with a top-sided score, Boyne City. This will be a game worth seeing. It looks as though the teams were well balanced. It practically takes the place of the home game, for it will be played on Friday afternoon so that all business men interested may see the struggle.

Salvation Army Drive On

East Jordan Asked To Contribute \$300.00.

The Salvation Army of Charlevoix County is asking the City of East Jordan to contribute \$300.00 toward the support of the work in Charlevoix County.

Commencing next Wednesday, Oct. 10th, and continuing to Saturday, Oct. 13th, a personal solicitation will be made among our citizens. Messrs T. R. Joynt, Earl Clark, W. H. Sloan and E. G. Bogart, are in charge of the men's work, with Mrs. Mattie Palmiter as Chairman of the ladies' committee.

The Salvation Army Charlevoix Co. headquarters is at Boyne City with Capt. Wm. Kuchta in charge. Mr. Youngman is Home Service Director. The Salvation Army is accomplishing a great and noble work, and it should be an easy matter for East Jordan to raise its quota of a few hundred dollars.

TAKING LONG CHANCES.

One man in 100 who buys illicit liquor in the United States today gets genuine unpoisoned and unadulterated liquor. This fact is shown by analysis of 80,000 samples seized in all parts of the United States during the last year and made up of all the kinds of liquor illicitly sold in this country. A statement recently made by the United States prohibition director shows that the man who puts his trust in a bootlegger very often drinks with Death. The end may be sudden and violent or, on the other hand, it may come slowly as the result of cumulative poisons, and often is attributed to diseases which these poisons induce.

There are, according to Commissioner Haynes, four sources of supply for bootleg liquor. They are "moonshine" liquor, redistilled denatured alcohol, smuggled goods, and liquor illegally withdrawn from bonded warehouses and diverted to beverage purposes. Each class has its own peculiar dangers. "Moonshine" is poisonous, first, because it is new liquor containing all the poisons that would be eliminated by proper aging. It is vile because it is distilled under conditions that make it, in most instances, unspeakably filthy. Redistilled denatured alcohol is poisonous because it is impossible to remove the denaturants by any means at the command of the illicit distiller. Smuggled liquor and liquor diverted from bonded warehouses is usually adulterated to increase the volume without diminishing the intoxicating power. So, from whatever source it comes, practically all the liquor that can be bought in the United States today is deadly or dangerous. Yet many men hold the blind faith that they are getting "pure stuff" from these polluted streams!

One fact, however, is to be borne in mind. Spectacular and violent as are some cases of illicit liquor poisoning and inevitable as are the slow poisonings often incurred, the number of men killed by alcoholic drink in the United States today is much smaller than it was before prohibition. A larger proportion of those who drink are killed, but drinkers today constitute a proportion of the total population so much smaller than in pre-prohibition days, that the aggregate is much diminished. The Outlook.

Germany Smaller Than Texas.
The new republic of Germany, which covers approximately 185,899 square miles, is smaller than Texas, and not much larger than the area of California.

"Must Scriminate.
"You has to scriminate in yoh re-mentments," said Uncle Eben. "Tain' no sense in hatin' a honey bee jes' 'cause you happened to get stung by a wasp."

Shell Fish Produce Dye.
A purple dye used by the natives of Guatemala at the present time is obtained from a species of shell fish very similar to the one from which the famous Tyrian purple of old was derived.

RELIEVED CONSTIPATION
"Suffered a great deal from constipation," writes Herbert B. Dow, Portsmouth, N. H., "and never found anything to take the place of Foley Cathartic Tablets." Biliousness, constipation, and other digestive disorders quickly relieved with Foley Cathartic Tablets. Do not gripe or nauseate.—Hite's Drug Store. adv.

HAVE DARK HAIR AND LOOK YOUNG

Nobody Can Tell When You Darken Gray, Faded Hair With Sage Tea

Grandmother kept her hair beautifully darkened, glossy and attractive with a brew of Sage Tea and Sulphur. Whenever her hair took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect. By asking at any drug store for "Wyeth's Sage and Sulphur Compound," you will get a large bottle of this old-time recipe, improved by the addition of other ingredients, all ready to use, at very little cost. This simple mixture can be depended upon to restore natural color and beauty to the hair.

Well-known druggists say everybody uses Wyeth's Sage and Sulphur Compound now because it darkens so naturally and evenly that nobody can tell it has been applied—it's so easy to use, too. You simply dampen a comb or soft brush and draw it through your hair, taking one strand at a time. By morning the gray hair disappears; after another application or two, it is restored to its natural color and looks glossy, soft and beautiful.

Volcanic Ash Kills Deer.

Anchorage, Alaska—The Government reindeer herd at Port Helden, on Bristol Bay, has suffered recently because of volcanic ash from a peak to the westward which covered the feed range to a depth of about an inch and a half, advices indicate. The ash, stirred by the hoots of the reindeer, caused acute throat and lung trouble, and wore away the hair and skin from the lips, causing suffering and often death.

Kalamazoo—The Michigan State Conference of Social Workers was held here. The meeting was addressed by four nationally-known social workers, besides workers of Michigan. Among the later was Fred E. Janette, State Commissioner of Pensions and Paries.

Detroit—A direct descendant of Oliver Hazard Perry, famous Yankee naval hero, whose message, "We have met the enemy and they are ours," following the battle of Lake Erie in the War of 1812 has found a niche in American history, was buried in the Farmington cemetery last week.

Lansing—A summarized report of crop shipments, completed here by the state department of agriculture, shows that from July 1, 1922, to July 1, 1923, 19,527 cars of potatoes, 1,867 cars of onions, 6,015 cars of apples, 6,020 cars of grapes and 1,650 cars of peaches were shipped by Michigan producers.

Lansing—The state administrative board have authorized the Michigan State Fair association to issue \$1,000,000 worth of bonds. The money will be used to retire \$382,000 of outstanding bonds and to build a cattle barn, an office building, close the agricultural building and alter the automobile building.

Battle Creek—Only eight miles of paving is asked of the state by Calhoun county in 1924, road commissioner E. H. Puffer announced. Completion of a gap of three and a half miles between Battle Creek and Augusta on M-17 also is asked. A two-mile stretch on M-17 which goes through the city of Marshall, is included in the proposed program.

Port Huron—Service into the Thumb section by the Pere Marquette railroad will be curtailed for the winter months, it was announced here. The new schedule, effective last week, provides for but one train each way daily on the Port Huron-Saginaw division. Service on the Port Huron-Grandstone City division will terminate at Port Austin.

Ann Arbor—Sir Roderick Jones, general manager of Reuter's News Agency, has been invited by President M. L. Burton and Stuart Perry, editor of the Adrian Telegram, to make the principal address at the fourth annual meeting of the University press club of Michigan, to be held at the Michigan Union. It is expected about 200 editors of the state will be in attendance.

ONE SANDMAN STORY

MR. BEAR'S TRICK

MR. BEAR'S house stood on the side of a hill. The chimney was close to the hill and then the roof slanted, and this just suited the plan which Mr. Bear had thought out to punish the one who had climbed up to the chimney and slid down into his pantry several nights and carried off his pies and cakes.

At the foot of the hill was a muddy pond, and that also suited the plan Mr. Bear had; for once any one started rolling down—the roof of his house, Mr. Bear knew they would keep right on until they landed in the muddy pond below.

Mr. Bear was a very sound sleeper, and though he had tried very hard to keep awake at night and catch the thief, he had not been able to do so. And once Mr. Bear was asleep, the

"Smeared it thickly with grease."

nightly visitor was able to come down the chimney and go away without waking Mr. Bear.

And so Mr. Bear had thought hard and long of some plan to stop these visits, and one day he climbed up a ladder to the slanting roof and smeared it thickly with grease.

That night he did not try to keep awake. He went right to sleep as soon as he touched his bed, and Mr. Fox, who was waiting nearby, heard him snore and knew it was safe for him to slide down the chimney.

But his feet had no sooner touched the greasy roof than out from under him they flew and over he rolled and rolled. And then bounce, bang! He

struck the ground and rolled some more until he went splash in the muddy pond at the foot of the hill.

Mr. Bear awoke, for Mr. Fox made a terrible racket on the roof trying to save himself. "But before Mr. Bear could get to the window he heard some scrambling on the roof and a bang on the ground and then all was still.

He hurried to the window and looked out, and in the moonlight he saw at the foot of the hill two muddy objects swinging their paws about in a very angry manner. He could not make out who they were at first, but after a while Mr. Bear saw it was Mr. Fox and Mr. 'Possum.

Mr. 'Possum had been the one who had visited Mr. Bear's house so often, and one night he had met Mr. Fox just as he was coming away with a basketful of pies and cakes. "There is plenty more," he told Mr. Fox. "You meet me tomorrow night and I will show you how to get in."

But Mr. Fox did not care to be shown; he wanted to get there first and take his pick of things, and he did arrive first, so by the time Mr. 'Possum rolled off the roof and landed in the pond Mr. Fox was just coming out of the muddy water.

Mr. 'Possum could not stop to be polite; he was rolling fast; and he gave Mr. Fox a bump, and back they both fell into the muddy pond.

"What do you mean by knocking me over?" inquired Mr. Fox angrily as he shook himself.

"What do you mean by pulling me into that muddy water?" asked Mr. 'Possum as he crawled up the bank; and just as Mr. Bear looked out of his window they began to quarrel.

"Ah, two of them!" said Mr. Bear. "I will give them a good beating."

He was almost down the hill when Mr. Fox and Mr. 'Possum saw him. They stopped wrangling, and, dodging and ducking, they ran by him and up the hill. But as they passed the house Mr. Fox saw the roof, and he knew what had happened.

Mr. Bear was bothered no more. His pantry was as well filled in the morning as when he went to bed, for Mr. 'Possum and Mr. Fox were cured of their longing for Mr. Bear's pies and cakes by one mud bath, and they did not care to take another.

Mr. Bear was bothered no more. His pantry was as well filled in the morning as when he went to bed, for Mr. 'Possum and Mr. Fox were cured of their longing for Mr. Bear's pies and cakes by one mud bath, and they did not care to take another.

(©, 1923, by McClure Newspaper Syndicate.)

Mr. 'Possum had been the one who had visited Mr. Bear's house so often, and one night he had met Mr. Fox just as he was coming away with a basketful of pies and cakes. "There is plenty more," he told Mr. Fox. "You meet me tomorrow night and I will show you how to get in."

But Mr. Fox did not care to be shown; he wanted to get there first and take his pick of things, and he did arrive first, so by the time Mr. 'Possum rolled off the roof and landed in the pond Mr. Fox was just coming out of the muddy water.

Mr. 'Possum could not stop to be polite; he was rolling fast; and he gave Mr. Fox a bump, and back they both fell into the muddy pond.

"What do you mean by knocking me over?" inquired Mr. Fox angrily as he shook himself.

"What do you mean by pulling me into that muddy water?" asked Mr. 'Possum as he crawled up the bank; and just as Mr. Bear looked out of his window they began to quarrel.

"Ah, two of them!" said Mr. Bear. "I will give them a good beating."

He was almost down the hill when Mr. Fox and Mr. 'Possum saw him. They stopped wrangling, and, dodging and ducking, they ran by him and up the hill. But as they passed the house Mr. Fox saw the roof, and he knew what had happened.

Detroit—Detroit's building contracts in August dropped 13 per cent from July, according to F. W. Dodge Corporation; the record for the entire Southern Peninsula of Michigan registered a drop of 12 per cent. Detroit's August total was \$3,931,300, which was 59 per cent under the figure for August, 1922. The State's total last month was \$9,511,200; the drop from August of last year, 47 per cent.

Houghton—Fifty-four graduates of the Michigan College of mines at Houghton have received degrees from the board of control of the institution. The degree of engineer of mines was conferred upon nine graduates, and the degree of engineer of mines and bachelor of science upon forty-five. A large number of states of the union and several foreign countries are represented among those receiving degrees.

Lansing—Heating devices for use in prison camps this winter are being constructed by state supply stations, highway officials announced. These will enable the state to carry out its proposed work on highways throughout the present winter. The camp at Grand Blanc, to be abandoned as soon as construction of the 10-mile stretch of road there is completed, will be moved to a new location on M-16, where the men will be put to work grading. Heating stoves for each tent will be provided and heavy clothing for prisoners.

WEATHER CHANGES CAUSE SICKNESS

Extreme changes of weather during Fall cause many colds and coughs. For quick relief from throat, chest and bronchial trouble, coughs, colds and croup use Foley's Honey and Tar. Contains no opiates—ingredients printed on the wrapper. Largest selling cough medicine in the World.—Hite's Drug Store. adv.

STATE NEWS IN BRIEF

Sturgis—Although the budget for 1924 has been increased by \$25,000, the Sturgis tax rate will remain at four and one-half mills, the lowest in Michigan.

Owosso—J. Frederick Wildermuth, 80 years old, the first chief of the volunteer fire department here and for nearly 50 years landlord of the Hotel Wildermuth, died here last week.

Detroit—Only two districts in the United States contributed more to internal revenue than the district of Detroit, according to a statement received by Collector Fred L. Woodworth here.

Grand Rapids—Education of aliens was the principal subject considered by 14 patriotic, educational, religious and charitable groups which met here in the first annual convention of the Michigan State Council of Immigrant Education.

Pontiac—The transfer of Rev. Russell H. Bready as pastor of Central Methodist Church here by the Detroit Methodist Episcopal Conference will mean that Mr. Bready will have to resign as a city commissioner. His three-year term does not expire until next April, but his transfer from the city will compel his resignation and the vacancy will be filled by appointment.

Lansing—The state public utilities commission in an order signed recently approved the purchase of the property of the Michigan United Railways company, operating city street car lines in Battle Creek, Jackson, Lansing, Owosso, and Kalamazoo and interurban lines between those points, by a reorganized company which will be known as the Michigan Electric Railway company.

Kalamazoo—Dean C. B. Williams of Kalamazoo College was last seen alive Aug. 31 at the Grand Hotel, in Yokohama, and is believed to have perished with his wife in the disaster which overwhelmed the Japanese seaport the next day, according to a report received by the family here. The information was conveyed by the Cook Tourist Agency, which has been searching for a trace of the missing Kalamazoo educator and his wife.

Grand Rapids—Celebrating the founding of the Order of Sisters of Mercy in Grand Rapids, 50 years ago, more than 300 clergymen, sisters and other church dignitaries attended a jubilee celebration here at Mt. Mercy academy. Bishop E. D. Kelley gave the sermon and celebrated pontifical high mass. Only one of the six original founders, Sister Mary Agnes, of Portland, Ore., 68 years old, is living and was present at the ceremony.

Monroe—Forty deeds covering land in Dundee and Summerfield townships, Monroe county, were received at the office of the Monroe county registrar of deeds, from Henry Ford, of Detroit. The deeds cover land purchased recently by the automobile magnate for a new right of way for the Detroit, Toledo and Ironton railroad. It is understood that the new right of way will make possible the shortening of the road to a considerable extent.

Manistee—After serving the Holy Trinity Episcopal church here for the past 12 years as rector, Dr. J. E. Wilkinson has gone to Montreal, Canada, accompanied by Mrs. Wilkinson. From Montreal they will go to England. The trip abroad is being taken as a rest for Dr. Wilkinson. He has served the Episcopal diocese of Western Michigan steadily for the past 35 years, having been secretary 12 years and deputy to the general conference for seven terms.

Kalamazoo—A trip to the battlefields of France with a chaperone will be the added honor the American Legion post here will confer on the young woman selected to be the queen of the Armistice Day celebration Nov. 11. The post will pay all the expenses of the young woman and her escort from the time they leave this city until they return. The queen will go as a good will delegate from the post and will carry a wreath to place on the grave of Quentin Roosevelt.

Manistee—Manistee County Pig and Calf Club boys have done exceptionally well in stock judging this year, both at the State Fair and the West Michigan fair. The team took seventh place at the former and second at the latter. At Grand Rapids Ward Mallison won a trip to the Chicago Livestock Exposition the second highest individual place, while Russell McCarthy made the highest individual score, only to be counted out because he won a similar contest in the District fair last year.

Grand Rapids—Fred H. Harris, city manager of Escanaba, was elected president of the League of Michigan Municipalities at the league's annual convention here. Ann Arbor was chosen as the 1924 convention city. Other officers elected were: Vice-president, Mrs. Margaret Johnson, Ludington; secretary-treasurer, Bates K. Lucas, city clerk, Owosso; directors, Bruno Fainck, Monroe; Goodloe H. Rogers, Pontiac; Julius Tisch, Grand Rapids; Frank King, Flint and Louis H. Osterhous, city attorney, Grand Haven.

Moving Your Coal

The 24 steam railroads operating in Michigan are already well advanced in their yearly task of bringing in the coal that will keep Michigan warm and working through the winter.

We are better prepared for this job than ever before.

Our repair shops contain only current work; there is no accumulation of crippled rolling stock. Our construction operations have been purposely pushed to release all equipment for this emergency. For four months we have been accumulating our own coal supplies until they are now at their highest point in history—79% of our entire storage requirements filled.

Best of all, we are swinging into use the record-breaking addition of 175 new locomotives, and 21,344 new freight cars, all bought during 1923. More improvements and additions are planned if you will back us by giving your support.

From the gateways, and the junction points, where we receive your coal, we are promptly carrying it on to you. Unload promptly and release our car for us to use in serving your neighbor's needs.

Are we doing this job as you want it done? We ask your criticism or approval.

Clean Kidneys By Drinking Lots of Water

Take Salts to Flush Kidneys if Bladder Bothers or Back Hurts

Eating too much rich food may produce kidney trouble in some form, says a well-known authority, because the acids created excite the kidneys. Then they become overworked, get sluggish, clog up and cause all sorts of distress, particularly backache and misery in the kidney region; rheumatic twinges, severe headaches, acid stomach, constipation, torpid liver, sleeplessness, bladder and urinary irritation.

The moment your back hurts or kidneys aren't acting right, or if bladder bothers you, begin drinking lots of good water and also get about four ounces of Jad Salts from any good pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys may then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for years to flush clogged kidneys and stimulate them to activity; also to neutralize the acids in the system so that they no longer irritate, thus often relieving bladder disorders.

Jad Salts can not injure anyone; makes a delightful effervescent lithia-water drink which millions of men and women take now and then to help keep the kidneys and urinary organs clean, thus often avoiding serious kidney disorders. By all means have your physician examine your kidneys at least twice a year.

BAVARIA FLIES ROYALIST FLAG

MUNICH HAILS CROWN PRINCE RUPPRECHT AS KING AS MONARCHY NEARS.

SEPARATISTS BATTLE POLICE

Scores of Persons Killed and Hundreds Wounded Including Women and Children.

Munich—Bavaria is marching steadily towards a monarchy. Crown Prince Rupprecht was hailed as king in the streets of Munich. The black, white and red flag of the monarchy was hoisted with the Bavarian colors over the famous Purkin barracks, home of the Bavarian royal guard regiment and now occupied by "Green" police, and companies of Reichswehr honored the passing officers with the "goose" step. The republican flag no longer is flying in Munich.

Crown Prince Rupprecht unveiled a memorial tablet to the dead of the Bavarian royal guard at Purkin barracks in the presence of 15,000 veterans and former members of the regiment, which Sunday celebrated its tenth anniversary. He spoke briefly and steered clear of politics.
After a mass for the dead of the regiment, Crown Prince Rupprecht proceeded to the military museums, where the Munich police force was celebrating its twenty-fifth anniversary.

Two other regiments celebrated anniversaries, and the streets of Munich were filled with officers in brilliant uniforms of pre-war days, laden with honors and medals.

There was snap and precision to the movements and salutes of the officers and soldiers, which marked an intense military feeling.

Separation was frowned upon from all quarters, but Director Von Kahr has swept rapidly forward by the march of events to a point where he can force the Berlin government to take action.

In such an event the monarchist feeling in Bavaria may rush the country into civil war.

The atmosphere is tense, as in the days which preceded the red revolution in 1919 here. Monarchist military organizations marched through the streets, singing, and Socialists and Communists are keeping discreetly within their doors.

Dusseldorf—The great Separatist demonstration here Sunday terminated in a veritable massacre. Scores of persons were killed and hundreds wounded, included many women and children. Dusseldorf still teems with excitement—and more trouble is feared. French cavalry and armored cars are patrolling the streets.

The French occupation authorities hold the German Green military police—the Security police, responsible for the outbreak, declaring that they started the shooting, in which the Communist groups later joined.

The hospitals and police barracks are filled with wounded and French military doctors are rendering all possible assistance.

TERROR RIOTS SWEEP SOFIA

Execution of 100 Communists With 15 Students Renewed Revolt.

Athens—Terrorism prevails in Sofia, messages from the Bulgarian capital said Sunday. Passage in and out of the city has been forbidden and circulation of automobiles stopped. Officers and under-officers of the army, loyal to the government, have been enrolled in four companies and are guarding public buildings.

Numerous communists, including 15 college students, have been executed during the rioting, according to reports reaching here which declare the Bulgarian capital is still in a state of panic.

The government of Professor Zankoff is taking extraordinary measures to put down the disturbances, but the agitation among sympathizers of the Stamboulsky regime overthrown by Zankoff, continues.

In face of present dispatches, recent reports from the Bulgarian capital stating that the government had matters well in hand and that the revolt could be considered at an end, are said to have been too optimistic.

It is understood the Zankoff government recently executed 100 Sofia communists, and that the Agrarian rebels recaptured Vidin, defeating Zankoff troops.

A large force of communists has retreated into the foothills of Mount Murgos, and fiercely resisting capture.

Many Letters Misdirected Yearly.
Washington—"John Brown, barber, Sappington"—if that is all you know of the address of the person to whom you wish to write put it on your envelope and help out the postmaster, said Postmaster General New recently. Inadequate addresses on letters not only endanger the chance of delivery, but give the postoffice department a lot of extra work. The growing evil of inadequate addresses has been a problem of the postal service ever since its inception.

Keeps Your Engine With You

It is never behind your whim. Answer—flexibility and a response so instantaneous as to make the machine seem part of yourself.

Flexibility comes from even vaporization at definite temperatures.

Even vaporization is possible only when there is a perfect chain of boiling point fractions. The chain in Red Crown gasoline is perfect, producing a steady, unbroken flow of power.

Drive Your Own Car?

Then you'll appreciate Red Crown gasoline. You get the joy of perfect performance—instant starting—a snappy get-away—eager acceleration—sustained pulling power—racing speed if you want it—maximum mileage per gallon.

Red Crown is the year 'round gasoline—it performs with equal efficiency winter or summer—it vaporizes to the last drop. It leaves a minimum of carbon and fouled plugs. These are important features in cold weather driving.
