Vol. 27

EAST JORDAN, MICHIGAN, FRIDAY, OCTOBER 19, 1923.

No. 42

## Quarantine On— Throat Trouble

All Public Assembling Discontinued For This Week.

PROBABLY LIFTED SUNDAY

"Business As Usual" Commencing Sunday a. m.—Barring No New Cases.

City Health Officer Dr. W. H. Parks issued a quarantine order last Monday, discontinuing all public assembling including our Schools, Library, Churches, Theatre and Lodges.

Diphtheria and an allied throat infection known as streptococcus has been manifest in our city and surrounding country for a few weeks past and has been gradually spreading. There are today about eight cases of diphtheria and some fifty cases of other throat infection. Three deaths have so far been recorded from this contagious disease in the territory tributary to East Jordan.

This writing—Thursday—there is an abatement of the epidemic and no new cases are being reported.

Quarantine May End Sunday

Unless this disease shows increased cases, the ban will be lifted next Sunday morning, Oct. 21st, allowing the regular services in the various churches, and our local theatre to put on its regular program that night.

Schools will undoubtedly re-open Monday as well as our Public Library.

## SHALL WE HAVE A NIGHT SCHOOL.

All those who are interested in forming a Night School are invited to meet at the High School Auditorium next Tuesday evening, Oct. 23rd, commencing at 7:00 o'clock.

A. J. DUNCANSON,  
Supt. of Schools.

## OUTLAWS BLOW UP MAIL COACH

Kill Four Trainmen—Get No Loot—Bandits Hid in Mountains.

Redding, Calif.—The wooded peaks of the Blaklyons, on the border between Oregon and California, are believed to shelter a little group of men who held up Southern Pacific train No. 13, slew three trainmen and the mail clerk and caused injuries to about a score of passengers through and explosion whereby they forced their way into the mail car.

They got no loot. Posses from Oregon and California counties are seeking them. Among the possemen are Oregon National Guardsmen.

From all available indications, the trainmen were shot down in cold blood because they recognized the robbers, whom officials believe are former railroad employes or men familiar with the operation of trains and why the country around Tunnel 13, 17 miles south of Ashland, Ore., where the holdup took place.

## Mexican Land Decree Issued.

San Antonio—Ismael Magana, Mexican consul, says a decree has been issued providing 250 to 300 acres for every Mexican wishing to be a farmer, to stop the stream of emigration to the United States.

## What's the Use.

Larchmont, N. Y.—Four bricklayers were fined \$5 each here for working on the Sabbath. "That's all right," they said as they peeled off the bills. "Counting the double overtime, we make \$26 each for every Sunday's work."

## Record Corn Crop Seen.

Washington—A 3,000,000,000 bushel crop of corn this year was forecast by the Department of Agriculture. Indications are this year's crop will be the fourth largest corn production in history. It is the fourth time a crop of 3,000,000,000 bushels or more has been grown.

## U. S. May Get Blimp Works.

Friedrichshafen, Bodensee—The Zeppelin airship company which is building the dirigible ZR-3 for the United States navy may transfer its gigantic plant from Germany to the United States if the ZR-3 proves a success and crosses the Atlantic without mishap, it was learned here.

## DETROIT TIGERS WIN OVER POSTUMS, 2 TO 0

At Battle Creek, Oct. 11, the Postum Cereal team, which played East Jordan here for a three-game series the previous week, were defeated by the Detroit Tigers 2 to 0. McMillan and Goode were the battery for Postums—the same battery that went against East Jordan in the Friday's game here. Cole, Dauss and Woodall were used by Detroit. The Tigers won in the second on an error and passed ball by Postums. Detroit was held to five hits. East Jordan secured four hits off the same pitcher. The result of above game shows that the Northern Michigan champs went up against probably the strongest independent team in the state.

## COUNCIL PROCEEDINGS

Regular meeting of the Common Council of the City of East Jordan held at the council rooms Monday evening, Oct. 15, 1923.

Meeting was called to order by the Mayor. Present: Mayor Dicken, and Aldermen Farmer, Watson, Sedgman, and Kowalske. Absent: Aldermen Aldrich and Proctor.

Minutes of the last meeting were read and approved.

The following report was received from the Committee on Public Utilities: We would advise that in the matter of fixing a rate with the East Jordan Elec. Light & Power Co. for street lighting, the rate of 2½¢ per candle power be accepted, and that 100 c. p. lights be substituted for the 250 c. p. lights now in use in 41 of the boulevard lighting standards, which would cut the lighting cost from \$643.75 to \$500.00 per month.

Signed,  
Committee on Public Utilities,  
By R. G. Watson, Chairman.

Moved by Alderman Farmer, supported by Alderman Sedgman that the above report be adopted. Motion carried by an aye and may vote as follows:

Ayes—Farmer, Watson, Sedgman, Kowalske and Dicken.

Nays—None.

A petition signed by James Gidley and 57 others asking that the Council make an effort to secure Sunday lighting service was presented, and on motion by Alderman Kowalske, the matter was referred to the Committee on Public Utilities.

Moved by Alderman Sedgman, supported by Alderman Farmer, that the city donate \$60 per month to the support of a Band, on the condition that they give weekly concerts. Motion carried.

Moved by Alderman Watson, supported by Alderman Sedgman, that the balance of \$238.75 on September lighting bill be paid. Motion carried by an aye and may vote as follows:

Ayes—Farmer, Watson, Sedgman, Kowalske and Dicken.

Nays—None.

Bills were presented for payment as follows:

J. Whiteford, work at cemetery	\$55.00
H. C. Clark, cement work	32.73
City of Charlevoix, dump wagon etc	49.31
City Treas. paym't street labor	81.50
Neitzel Hdwe Co., mdse.	4.86
Houghton & Kowalske, rebate	
on-tapping man	1.06
John Monroe, rebate on sidewalk	33.43
Standard Oil Co., gasoline	15.20
Ida Price, Rebate on Wiring	6.04
C. Holstad, " "	6.55
John Shier, " "	28.43
T. J. Wood, " "	11.78
F. P. Ramsey, " "	6.60
Northern Auto Co., " "	21.37
Albert Touseh, " "	8.15
H. A. Kimball, " "	33.22
Leonard Dudley, " "	5.01
Joseph Cummins, " "	7.67

On motion by Alderman Watson, the bills were allowed by an aye and may vote as follows:

Ayes—Farmer, Watson, Sedgman, Kowalske, and Dicken.

Nays—None.

On motion by Alderman Farmer, meeting was adjourned.

OTIS J. SMITH,  
City Clerk.

## World's Coal Output.

The output of the principal coal mining nations, lignite and coal being combined, is, in metric tons: United States, 417,848,000; Germany, 288,411,725; United Kingdom, 255,881,786; France, 31,958,177; Poland, 23,800,000; Belgium, 21,784,170; Russia, 10,300,000; Japan, 26,000,000, and Canada, 18,648,782.

## To Irrigate Jordan Plain.

Canals to irrigate the plain of Jordan, round the Dead sea, are proposed; wide areas covered with fertile soil could then be cultivated.

## Boyne Wins Annual Tilt

East Jordan Loses Football Contest Last Friday.

East Jordan seemed to have the greater punch in the High School football game last Friday, but fumbling and weak end-playing lost for the local team.

Boyne City seems to have the "Indian sign" on the local footballers. East Jordan is heavy enough but is not aggressive. They seem to lack the punch and steadiness at the critical time. Boyne City this year had no license to beat the locals if they played ordinary football. It is rumored that lack of training on the part of some of the East Jordan squad is largely responsible for the rather weak showing Friday. The local coach would appreciate anyone telling him who is infringing on the training rules.

Boyne City's only stock in trade was end runs which proved very successful against East Jordan's weak work at the extremities. East Jordan proved strong on line plunges. There were flashes of good football—but only flashes. Neither team showed any real brilliance. The punting was poor, the passing mediocre, and in many ways both teams will have to improve 100 per cent to hold their own against the second rate teams of Northern Michigan.

If there were any star performers for East Jordan, Swafford, Streeter and Smithy would get the lion's share for honors. Mangios did the best work for Boyne. By the way, the Boyne captain played well but his language and conduct on the field was anything but exemplary. It is poor officiating that allows a high school youngster get by with the language used by young Mangios.

The score—  
Boyne City 6 0 0 7—13  
East Jordan 0 6 0 0—6

## TRAIN SMASHES SCHOOL BUS

Eight Children Killed—Six Escape Death by Jumping.

Ravenna, O.—Eight children were killed instantly, a man and a boy were seriously hurt and two others suffered minor injuries near here Thursday when a speeding Pennsylvania flier, chanced into a school bus. The tragedy occurred half a mile from Atwater, and three miles from Ravenna.

Six of the youngsters escaped the fate of their companions by jumping from the rear of the bus.

The official list of dead given out shortly before 10 a. m. follows: Mildred Shaw, 11; Harold Shaw, 9; Verna Shaw, 2; Thelma Benschoff, 9; Margaret Kuntz, 12; Julia Wancik, 13; Ella Staincke, 14, and Richard Sticak, 8.

The injured: Lewis Cline, 42, driver, critical condition; Steve Wancik, 11, serious condition; Lawrence Shaw, 8, minor injuries, and Stanley Benschoff, 5, minor injuries.

## New Species of Spiders Found.

Denver, Colo.—A new species of spiders, with bodies like foot balls and eight long legs, pink and striped with black, have made their appearance in Denver, according to A. E. Craig, who has captured many of them. The insects have wide nostrils, slit eyes, small mouths and ears, and were discovered in a shed owned by Craig. The spiders are believed to have been brought here in tropical fruit and escaped to make their home in the shed.

## Airways Carry Many People.

Cleveland—More than 3,600 passengers, 43 per cent of them women and children, and 6,000 pounds of freight, were carried between Detroit and Cleveland this summer, without an accident, according to officials of the Aeromarine Airways, Inc. In addition 3,000 persons were taken on short flights.

## 344,308 Indians in U. S.

Washington—The Indian population of the United States, according to the latest tabulation of the bureau of Indian affairs, is 344,302, an increase during last year of 1,144. Oklahoma continues to lead with a total of 119,280. Arizona is second with 49,015. Delaware reported two Indian inhabitants, and West Virginia seven.

## More the Fewer.

As a general thing, the more friends a man has the fewer he needs.

## Smallpox Threatens the State

Big Increase in Disease Alarms Health Heads.

Lansing—There is danger of a statewide epidemic of smallpox this winter unless immediate preventive steps are taken by local health officers, officials of the health department believe.

So far, during the first eight months of the year, there have been more cases of the disease over the state than were reported during the entire 12 months of 1922, and health officers point out that "smallpox weather," the early winter months, is yet to come.

So far this month 74 cases have been reported, as compared with 16 for the similar period last year and with 36, the average, for the same period over the last 10 years. All last year 1,200 cases were reported. This year 1,210 had been reported by October 1.

Not only have the cases been more numerous, but they also have been more serious, department figures show. All over the country the mortality rate of those who contract the disease has shown a marked increase.

Health authorities attribute the increase in the number of cases to the fact that a large proportion of the population is not vaccinated.

The only preventive step to be recommended, says the department, is widespread vaccination.

## URGES FEDERAL SUPERVISION

Failure of State Banks to Enter Reserve System Investigated.

Washington—Par collection of checks and the placing of all banking under federal supervision were among the measures urged Thursday before the joint congressional committee investigating failure of state banks to enter the federal reserve system.

J. H. Tregoe, of New York, secretary-treasurer of the National Association of Credit Men, advocated both proposals, while W. W. Orr, assistant secretary of the association, stressed the desire for par collection in his testimony.

Declaring banking was one of the functions belonging to the federal government, Tregoe said his association advocated the operation of the banking business under national law.

This would have the effect, he believed, of not only bringing many banks into that system but would also contribute to winding up the affairs of those not required.

## BUILDING BOOM KEEPING UP

Slump Falls To Materialize—Other Lines Show Decrease.

Washington—Industrial employment conditions at the end of September were almost exactly the same as August 30, on the face of surveys made by the department of labor.

Out of 65 large cities, the department's agents reported that employment had increased in 28 during September and decreased in 36. Viewing the situation in still another way, it was said the five out of 14 basic industries had increased the number of workers employed, while the balance showed small decreases.

"There were no signs of the much heralded slump in building operations," Francis I. Jones, director general of the employment service, said in summarizing the survey. "Building construction is maintaining a steady pace in practically all the larger cities of the country."

## To Restore Art of Writing.

Philadelphia—The public schools of the Quaker City are out to beat "dad's" record as a skillful hand-writer. And the lessons in making letters and words, under the new course of study just issued, are to swing to the tempo of music instead of the whack of the ruler on knuckles as they did in "dad's" day. Teachers for years, say they have been hearing complaints that attractive, legible handwriting was becoming a lost art.

## Prehistoric Dugouts.

Ingeniously designed prehistoric dugouts used by cave men in escaping from or resisting the attack of their enemies have been found in France.

## Public Opinion Governs.

All free governments, whatever their name, are in reality governments by public opinion, and it is on the quality of the public opinion that their prosperity depends.—J. R. Lowell.

## RAIN POSTPONES ARMY TAG DAY.

Local committee will tag here next Saturday.

Owing to the rain of last Saturday, it was thought advisable by Salvation Army officials to postpone the Tag Day until next Saturday.

As has been already announced Mrs. Palmer will continue to act as Chairman for the Tag Day Committee. The returns to date for East Jordan are \$142.00 with one or two places yet to hear from.

It is hoped that with Saturday's Tag Day, that East Jordan will have reached her quota, for the people of East Jordan believe in the Salvation Army. You may not be able to do the work of the Salvation Army in the dark places of the cities and towns of our great country, yet you can help the Salvation Army do it's good work. Therefore a reception Saturday to the tag girls, not with a ten cent piece, but with a real substantial donation, will be money well invested, and will bring more than it's regular rate of return in the satisfaction that accompanies the "real giving" to a worthy cause. Wear a tag Saturday and be proud to be one of the givers.

## HENRY C. WALLACE

Kansas City, Mo.—Henry C. Wallace, secretary of the United States department of agriculture, who assails a fixed price by the government on wheat.

## Resume Digging in Tut's Tomb.

London—Howard Carter, the American Egyptologist, left for Luxor and the Valley of the Kings, to resume his excavations at the tomb of Tutankhamen. The scientist said he had not the slightest belief that any occult influence was responsible for the death of the Earl of Carnarvon, who succumbed to fever after discovering the tomb, and that he had no fears for himself in that direction.

## Find Grave of Lincoln's Father.

Janesville, Ill.—After years of neglect the graves of Thomas and Nancy Lincoln, father and stepmother of Abraham Lincoln, are to be given attention. These unkept mounds, in a nearby desolate graveyard, are marked only by unchiseled stones made rough by tourists who have chipped souvenirs from them. The Illinois district of the Lions International has undertaken to raise funds to erect a fitting monument.

## Brazil Has Deepest Mine.

New York—The St. John del Rey mine in Brazil is the deepest in the world. Thomas T. Read, supervising engineer of the U. S. Bureau of Mines, reports to the American Institute of Mining and Metallurgical Engineers. "Among the large number of deep mines in the world there are several which do not differ much in depth," he says. "The St. John del Rey mine has reached a vertical depth of 6,726 feet below the top of its shaft."

## Handcuffs His Bride.

New York—When Earle B. Latham, Jr. donned his wedding clothes to be married at the Hotel Marcellus to Miss Elizabeth Janet Burke, of Parkside Park, N. J., he slipped a pair of handcuffs into his trousers pocket and a wedding band into the other pocket. Mr. Latham remembered threats made by chums to kidnap the bride, so following the ceremony, the young benedict—he is only 22—snapped the handcuffs on his bride and himself and tolled the "kidnappers."

## Electric Room Heater.

An electric room heater has been invented that can be suspended from a light socket.

## Oklahoma State Swept by Flood

Ranchlands Along River Inundated; Farmers Flee.

Oklahoma City, Ok.—Western Oklahoma, with hundreds of acres along the North Canadian and South Canadian rivers inundated, and higher ground converted into seeping mud dotted with pools of water, has been in the midst of the state's worst flood. Bridges along the Cimarron and Red rivers also being threatened.

Communication with nearly 30 northwestern Oklahoma and western Texas towns has been cut, telephone officials stated. Woodward and Blair, Oklahoma, are completely isolated, and other towns are without telephone facilities. Some of them were without train service for more than three days. Airplane mail service to Blair has been authorized.

Fifty miles west of Oklahoma City persons were rescued in boats from the upper stories of their homes near Geary, where the North Canadian extends for several miles beyond its banks.

Farmers, leaving their property and stock, have hurriedly departed, and the river is reported running in deep brown torrents over a seven-mile expanse of ordinarily dry land.

Five feet higher than any previous record, the North Canadian is gathering force, and rushing toward Oklahoma City, sweeping bridges, homes, farm buildings and debris of all sorts along with it.

More than six inches of rainfall in three days has visited a vast territory in the river's watershed, and the end is not yet in sight.

At El Reno, farther down stream from the scene of worst damage, and but 30 miles above Oklahoma City, the North Canadian is said to be running three miles wide and four feet higher than last June, when the state's most costly flood occurred. Information from El Reno reported a steady rise in the stream.

The waters are creeping closer toward the main business district, less than a mile distant, and on not much higher ground.

## APPROVES WAR INDEMNITY PLAN

Britain Agrees With Allies On Reparations for Germany.

Paris—The British government's acceptance of the suggestion of the Belgian foreign office for a reference of the Belgian reparations plan to the interallied reparations commission as the basis of a concrete plan in the impending negotiations for a settlement of the question of German reparations, was announced by the foreign office.

This completes the general accord by all the allies—Italy having given her assent to the proposal—and the reparations commission will proceed officially to study the Belgian plan with a view to ascertain whether it can be used as the basis for a solution of the problem of reparations when the negotiations concerning them are resumed.

The Belgian document has been unofficially before the reparations commission for some weeks.

The French, British and Italian members of the commission have been conversant with its contents, but up to the present there has been no official discussion or an exchange of views on it.

## NEW FARM LOAN WILL BE ISSUED

Bond Issue Planned to Help Meet Present Demands.

Washington—Announcement was made by the Federal farm loan board that federal land banks would make a combined offering of \$47,000,000 in federal farm loan bonds.

Chairman Cooper of the board expressed the belief that the amount realized from sale of the bonds with fund on hand, would be sufficient to meet the call upon the banks for the remainder of the year.

"In view of the constantly growing strength of the federal land banks and the advanced rate," he said, "the farm loan board believes this offering will prove especially attractive. The advance in the bond rate will not involve an advance in the rate to borrowers."

## Mystery of Glow Worm.

Glow worms are much more brilliant when a storm is coming than at other seasons. Like many other mysteries of nature, this curious circumstance has never been explained.

# Peoples' Wants

### MUNNIMAKERS

Notices of Lost, Wanted, For Sale, For Rent, etc., in this Column is 25 cents for one insertion for 25 words or less. Initials count as one word and compound words count as two words. Above this number of words a charge of one cent a word will be made for the first insertion and one-half cent for subsequent insertions, with a minimum charge of 15 cents.

### Help Wanted

**WOMEN and GIRLS** wanted at once at the **ELLSWORTH CANNERY**, Ellsworth, Mich. Some are making as high as \$4.00 per day at piece work. 40-4.

### Wanted

Always in the market for Furniture or Stoves. Bring them in and get your money.—T. J. WOOD. 42-4

**WANTED**—To hear from owner having Farm For Sale in Charlevoix County. WARREN McRAE, Logansport Ind. 41x8

**SELL YOUR VEAL and CHICKENS** to C. J. MALPASS. 221f

### For Sale—Miscellaneous

**FOR SALE**—Pure Extracted HONEY, 45.35 per 80 lb. Cag. Delivered in East Jordan or Boyne City.—J. L. ZOULEK, East Jordan, phone 178F13 421f.

**PIGS**—Eight weeks old.—For Sale at the County Farm, Route 2, East Jordan, phone 54. 41-2

**TEAM OF MULES** For Sale. Age 8 and 9 years.—ANNA SAGANEK, Phelps, Mich. 41x2

**TEAM OF HORSES** For Sale at a reasonable price. A good farm team.—NEITZEL'S HDWE., East Jordan. 41-1f.

**BAY HORSE** For Sale Cheap. Weight 1400 lbs.—J. J. VOTRUBA, East Jordan. 41x2

**GOOD WORK TEAM** For Sale, cheap. Weight about 3200 lbs. Cash or on terms. C. S. CARY, Route 3, Box 3, Central Lake, Mich. 41x3

## NOWLAND HILL OF WILSON

(Edited by C. M. Nowland)

Miss Ellen Nowland visited her sister Mrs. Emerson Collins of East Jordan Friday and Saturday.

Eugene Kurchinski, an ex-service man took a medical examination at Grand Rapids and Kalamazoo the 3rd and 4th of October.

Afton school started Monday, after a two weeks vacation for potato digging. Every day of it was ideal fall weather.

Ray E. Nowland spent a few days in Charlevoix as a special juror from Wilson township the first of the month.

George Hardy left for Muskegon Tuesday to seek employment.

Lem Henderson had an auction sale Monday. Saturday Mr. and Mrs. Henderson and son, Earl expect to leave by auto for Rochester, Ind., for an indefinite stay.

Mrs. Ida Hayner returned Friday, Oct 5th from a fortnights visit with relatives in Southern Michigan.

A play entitled "All Alone in the Country" was given on the program of Wilson Grange Saturday evening by Ellen Nowland, Zella Smith and Marion Sedgman.

Mr. and Mrs. S. R. Nowland and daughter were Sunday visitors of their niece, Mr. and Mrs. Roy Hardy.

Miss Fern Davis of Boyne City spent the week end with Miss Ocole Scott.

Mr. and Mrs. Charles Hott were on the Hill Monday afternoon looking for their stray turkeys that have been missing for sometime.

## A L B A

(Edited by Mrs. A. I. Ashbaugh)

Mildred Eby was a Gaylord visitor one day last week having some dental work done.

Ernest Holmes and Mrs. Sadie Byers were delegates to the Convention for the I. O. O. F. and Rebekas.

Mr. Meeker who has been ailing for some time was taken to the hospital at Petoskey for treatment. His daughter Mrs. Roy Anderson accompanied him.

Fred Shepard and family of Walloon Lake visited his brother Frank Shepard and family of this place.

Mr. and Mrs. Levi Stanley and family of Free Soil and Mrs. Asa Tompkins of Fountain spent the week end with Walter Thompson and family.

Mrs. Van Valkenburg of Albany N. Y. gave a very interesting talk to a few of the W. C. T. U. members at the home of Mrs. Geo. Matthews. Mrs. Van Valkenburg is sent out by the State and National organization of that order and is a very able speaker. It is to be regretted that she could not have remained to address a larger gathering.

Ed Sloat moved his family to Gaylord Saturday where they expect to make their home for some time. Mr. Sloat works on the Geraldine fox ranch.

Auto thieves have been busy around Alba a few days ago they took Martin Duff's overcoat and robe out of his car. Saturday night they took the coils a good coat and a robe out of Myron Ashton's car and took a new tire from the back of Verge Hale's car taking the holder also and an overcoat and robe. In their getaway they dropped the coat which some one found and returned to Hale.

Ed Steele, a resident of Alba for a number of years, was found dead in bed by some of the neighbors who investigated the building when they found the doors fastened from the inside. Mr. Steele had not been seen since about the first of July when he told Mrs. Hammond that he was going away. Indications were that he had been dead for six or eight weeks. Effort is being made to locate some of his relatives.

Mrs. Lockhart, Mrs. Hicks and Mrs. Parmalee of Mancelona were Alba visitors and attended the lecture given by Mrs. Van Valkenburg.

I. Saperston is back from New York where he was called by his brother's death.

Ralph Anderson is visiting his parents and other relatives at White Pigeon and other points.

Mrs. Joe Anderson is back from Ann Arbor where she left Mr. Anderson working nicely after his operation.

Lud Lowrey has bought a house and lot from Q. G. Stout and expects to soon move his family to town.

### WEATHER CHANGES CAUSE SICKNESS

Extreme changes of weather during Fall cause many colds and coughs. For quick relief from throat, chest and bronchial trouble, coughs, colds and croup use Foley's Honey and Tar. Contains no opiates—ingredients printed on the wrapper. Largest selling cough medicine in the World.—Hite's Drug Store. adv.

### Giant Radio Antenna

Belfast, Me.—The Radio Corporation of America is installing at its plant in Belfast an antenna which will extend for miles over the countryside from Belfast to Moody Mountain, crossing 40 farms in its course. This plant is one of the largest in the vicinity and is said to be the nearest point from which the ocean-going ships can send messages as they make the last turn on the coast before crossing the Atlantic.

Solid Ivory. It isn't only the bald man who has a head like a billiard ball.—Boston Transcript.

# STATISTICS IN BRIEF

**Manistee**—The Manistee county board of supervisors voted 28 to 2 in favor of holding a special election to submit a bond issue sufficient to pay the county's share of the cost of building M-11 through the county here next year.

**Monroe**—The supervisors have authorized chairman and clerk to enter into a contract with federal and state authorities to test cattle in Monroe county for tuberculosis trouble. The sum of \$3,250 was fixed for 1924 and a like amount in 1925.

**Flint**—Flint's Community Fund budget for 1924 has been fixed at \$225,000 with 16 charitable and semi-charitable organizations, including several sectarian societies, participating. A campaign to raise the funds will be started late this month.

**Grand Rapids**—Walter Grant, of Albion, was elected president of the Michigan Professional Photographers at the concluding session here of the semi-annual convention. Charles Hoppe, of Detroit, was elected vice-president. The next convention will be held in Flint.

**Pontiac**—Charles Rockwell, former member of the board of education and retired business man, was appointed to the city commission, to fill the vacancy caused by resignation of Rev. Russell H. Bready, transferred to a Detroit church. Rockwell was the unanimous choice.

**Grand Rapids**—Judge C. N. Dickenson, Grand Haven, and William E. Rice, Grand Rapids have been selected president and secretary respectively, of the Twenty-first Michigan Infantry, which was ordered out at Ionia, September 12, 1862, and returned in June, 1865.

**Ann Arbor**—Dean John R. Effinger, of the literary college, represented the University of Michigan at the memorial services in Kalamazoo for Dean Clark D. Williams, who was killed in the Japanese earthquake. Dean Effinger presented resolutions of sympathy from this university.

**Sault Ste. Marie**—Four-year-old Andrew Brubaker led his blind father safely out of their burning home here recently as the flames crackled all around them. The fire was discovered by the child, who rushed to his father, grabbed his hand, and the two groped their way through the smoke to the door.

**Grand Rapids**—Addressing the Lions Club here, Dr. Frederick A. Perry, of Detroit, director of boys' work of the American Legion, asked the State to give a million dollars for the orphans of World War veterans. "If the State will give us \$1,000,000 we will take care of all the destitute children of Michigan's veterans in the best possible way for 10 years," he said.

**Lansing**—The state administrative board has authorized John Baird, state conservation commissioner, to expend \$2,700 for a new pond at the fish hatchery in Benton Harbor, and \$400 for improvements at the Hastings hatchery. It accepted a bid of \$8,500 for the construction of a hatchery at Bay City and instructed Baird to spend not more than \$7,000 for equipment.

**Traverse City**—Because of the urgent necessity of giving attention to the potato harvest, the Board of Supervisors at the opening session of their annual meeting adjourned for two weeks. Virtually all of the rural schools in Northern Michigan have been closed for one or two weeks that the pupils could assist in the harvest. The supply of labor has been far short of the demand.

**Grand Rapids**—The city rate for the county's share of the 1924 state tax, payable in the winter, will be \$2,368 per \$1,000 valuation, as compared with \$3.25 last winter. It was indicated in a statement received from Auditor General O. B. Fuller showing Kent County's apportionment of the state tax. The city rate for the county tax last winter was \$3.137, and it is expected to drop this winter to \$2.660 or thereabouts.

**Flint**—Two-year-old Evelyn Wischoff, who, with her sister Marie, 4 years old, ate poison tablets several weeks ago which they mistook for candy, will live, physicians stated. The physicians say the nation-wide publicity given their efforts to save the child is responsible. Of all the telegrams and letters of suggestions received, the prescription wired by a Chicago specialist was used several days ago. The child began to respond to the treatment soon afterward, and today was pronounced virtually out of danger.

**Lansing**—A bill of complaint, charging that Wisconsin has refused to settle amicably the Michigan-Wisconsin boundary line dispute, has been filed with the United States Supreme Court by Atty-Gen. Andrew B. Dougherty. If the Michigan suit is successful, the notorious town of Hurley, Wis., known as the wettest town in the United States, will become a Michigan municipality, and a comparatively large territory, said to contain valuable forest and mineral tracts, and a number of islands, would be transferred from Wisconsin to Michigan.

**Lansing**—The Michigan General Assembly will hold its annual business meeting at Lansing, October 22. **East Lansing**—The appointment of Mrs. Olive Deboon Henkel as instructor in voice at the Michigan Agricultural college has been announced. Mrs. Henkel is known in Lansing social and musical circles.

**Charlotte**—A few minutes after he had remarked to his host, Dr. E. C. Palmer, that he expected to live to be 100 years old, J. W. Mungler, a retired hardware merchant, died suddenly while sitting in his automobile.

**Detroit**—Herman A. Merike, 84 years old, was electrocuted while trimming a tree in the rear of his home. The saw he was using came in contact with a high tension line of the Detroit Edison Co. The power line carried 6,000 volts.

**Grand Rapids**—William Moerdyke, 33 years old, probably the oldest court crier in the United States, has called the United States District Court here to order for the last time. After 15 years at the gavel Moerdyke resigned because of failing health.

**Detroit**—Michigan was granted permission by the supreme court to file an original action against Wisconsin, arising out of the disputes between the two states as to the proper location of their boundary along the Montreal and Menominee rivers.

**Kalamazoo**—Edmund F. Arras, of Columbus, O., president of the Kiwanis International, attended the convention of the Michigan district Kiwanis Club here. More than 1,500 Kiwanis, representing every local organization in both peninsulas, are expected.

**Lansing**—Nearly a thousand delegates and visitors in Lansing for the second annual convention of the Michigan Baraca-Philathea Union. The union is interdenominational, being composed of Baraca and Philathea Sunday school classes throughout the state.

**Marshall**—Orders approving the sale of the Battle Creek and Marshall Citizens Telephone Co. properties were signed by the State Public Utilities Commission. The properties will be turned over to the Michigan State Telephone Co. for the amount of their indebtedness—\$500,000 in Battle Creek and \$63,700 in Marshall.

**Marshall**—The county hospital trustees have decided to open the new Calhoun county hospital, located nine miles west of here, on Detroit-Chicago trunk line pike, December 1. They will ask the board of supervisors for appropriation of \$30,000 to operate the hospital the coming year. The new edifice cost \$250,000.

**Elmira**—So sharp has been the competition for labor and so urgent the necessity for completing the harvest that farmers in this section have been paying as high as \$10 a day to potato diggers. In the Elmira district every school was closed and almost every inhabitant—man, woman and child—out harvesting potatoes.

**Ann Arbor**—For the first time in its history the University of Michigan will have a blind man on its faculty. Paul Mueschke, of Westfield, Tex., who was a student in the graduate school last year, and is this year continuing his studies, working for a doctor of philosophy degree has been appointed an instructor in English.

**Lansing**—Approximately 400 corporations are delinquent in the payment of their corporation tax, E. V. Chilson, deputy secretary of state, announced. Payments are coming in daily, however, and it is likely that the list will be considerably shortened before the names are turned over to the attorney-general for collection.

**Battle Creek**—Mr. Elizabeth M. C. Merritt, 88 years old, one of Battle Creek's first Quakers, died here recently. She came here from Philadelphia as a bride, in June, 1853. She was first vice-president of the Women's club, founded 59 years ago; one of the organizers of the Woman's league, and one of the first directors of the Charitable union.

**Detroit**—The Rt. Rev. Herman Page missionary bishop of Spokane, who was elected bishop of the diocese of Michigan on the first ballot, at the special diocesan convention of the Protestant Episcopal church in Detroit, has accepted the election, it was announced by Rev. W. D. Maxon, president of the standing committee of the Episcopal diocese of Michigan.

**Pontiac**—Actual work on grading for the widening of Woodward avenue has been begun by the road contractors, who got an order to proceed with the contract recently awarded them by the State. Work was begun on the Stinchfield Hill, two miles south of Pontiac, where the course is to be changed and the grade lowered. It will be necessary to fill in a portion of the Stinchfield artificial lake, which has long been a place of scenic beauty along the route.

**Marquette**—With winter near, Marquette faces the worst shortage of water for power purposes in its history. The municipal dam on Dead River has been so low that all commercial power users in the city were out of and current furnished for lighting and cooking only a little more than 12 hours out of 24. Unless a heavy rainfall occurs soon there is a probability of a more acute electrical famine during the winter. The situation is the result of an unprecedented drought in the Upper Peninsula region.

Try these wonderful remedies.—Hite's Drug Store. adv.

## Drugs Excite the Kidneys, Drink Water

Take Salts at First Sign of Bladder Irritation or Backache

The American men and women must guard constantly against kidney trouble because we often eat too much rich food. Our blood is filled with acids which the kidneys strive to filter out; they weaken from overwork, become sluggish, the climatic tissues clog and the result is kidney trouble, bladder weakness and a general decline in health.

When your kidneys feel like lead of lead; your back hurts or the urine is cloudy, full of sediment, or you are obliged to seek relief two or three times during the night; if you suffer with sick headache, or dizzy, nervous spells, acid stomach, or if you have rheumatism when the weather is bad, begin drinking lots of good soft water and get from your pharmacist about four ounces of Jad Salts. Take a tablespoonful in a glass of water before breakfast for a few days and your kidneys may then act fine.

This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for years to help flush and stimulate clogged kidneys, to neutralize the acids in the system so they no longer are a source of irritation, thus often relieving bladder disorders.

Jad Salts is inexpensive; can not injure, makes a delightful effervescent lithia-water drink and belongs in every home, because nobody can make a mistake by having a good kidney flushing any time. By all means have your physician examine you kidneys at least twice a year.

# 1923 E. J. H. S. LYCEUM COURSE 1924

## Best Talent Ever Presented In East Jordan

### FOUR GREAT NUMBERS

For the last number of years the High School Lyceum Course has been a good one but it seems in this as in everything else East Jordan expects the best. In the choice of the course for 1923-24 this has been kept in mind. There isn't a town in Michigan that will have any better numbers than East Jordan will have this year.

Formerly we had five numbers. The course has been cut by one number in order to raise the quality and when you know the list of attractions you will readily see that it is almost impossible to beat it anywhere. In fact, the schools need make no apology for any number on the course to the slightest degree, for they are the best that money can buy.

#### SCHOOL PUPILS WILL SELL SEASON TICKETS

The pupils will offer tickets during the coming week at the prices named below. This Course is not a money-making proposition; but to furnish clean, wholesome entertainment at a price within the reach of all.

Prices this year will be the same as last season, viz:—

\$2.00 for General Admission      \$1.50 for School Pupils  
10 cents Each Number for Reservation

Single Admissions, each number:—Adults, 75 cents; School Pupils 50 cents

#### THE MUSIC-MAKERS ARE SINGERS, INSTRUMENTALISTS AND FUNSTERS

Here are four lively, peppy young Americans who are not only good singers, but they are exceptionally good performers on trombone, cornet, and other instruments as well. The outstanding feature of their program is the professional atmosphere noted throughout. Their playing demonstrates a highly developed technique and they are better than the average in their vocal work. The combination is rare indeed. They are players, singers and funsters, and they are four excellent performers in everything they do.

### Monday, November 19

#### NOTED RUSSIAN VIOLINIST COMPOSER WILL BE HEARD HERE IN RECITAL

The Skibinsky-Reed Duo is an artistic group in every sense of the word. Mr. Alexander Skibinsky is a noted Russian violinist and composer, and a leading pupil of Yeaye. His assisting artist, Myra Reed Skibinsky, is a graduate of the Cincinnati Conservatory, a coloratura soprano of remarkable attainment. Mr. Skibinsky is a brilliant player, who, during the past seven years has given over 2,000 concerts in America, with steadily growing success.

Fourth Number

### Monday, February 4th

#### MAGIC KING BEWILDERS WISE ONES WITH MANY INEXPLICABLE ILLUSIONS

Richard Davis—the wizard—the man who mystifies—is bringing his wonderful entertainment to this community. Davis performs twice as many feats as the average magician. He does all the oldtime stock tricks with dozens of brand new ones which you have never seen before. He carries a splendid stage setting, lots of paraphernalia, and clever assistants, and his entertainment runs smoothly and without waits. You will say he is the cleverest magician you have ever seen and you will enjoy his program from the beginning to the end. What Davis does is wizardry—and his manner of doing it is artistry.

### Wednesday, January 23

#### Local Committee Has Chosen Wisely in Selecting Fine Lyceum Numbers

Good Music, Wholesome Entertainment and Lecture  
Features Announced.

That the local Lyceum committee has chosen wisely in its selection of the course to be given here this season, is shown by the excellent list of attractions which will be enjoyed throughout the winter. It is a well balanced course of good music, wholesome entertainment and worthwhile lecture features, and should prove tremendously popular with local Lyceum fans. The list comes from the Colt-Alber Lyceum Bureau of Cleveland, the pioneer lecture and Lyceum organization of the mid-eastern section, handling nearly a thousand Lyceum courses in the states of Ohio, Michigan, Indiana, Kentucky and West Virginia. The Colt-Alber organization, through its membership in the Affiliated Lyceum & Chautauqua Association, Inc., maintains a big list of Lyceum features and the local people are to be congratulated on the excellent selections for the coming season. It is an interesting fact that the Affiliated Association covers all of the United States, Canada, Australia and New Zealand and carries the message of Lyceum into more than 5,000 communities on two sides of the Pacific. Mr. Louis J. Alber of Cleveland is president of the Affiliated and also the Colt-Alber interests.

#### "BURNS OF THE MOUNTAINS" REALIZED HIS IDEALS IN STOPPING KENTUCKY FEUDS

His Personal Story is One of the  
Romances of the South—To  
Lecture Here Soon.

Former President James A. Burns of Onelda Institute, Kentucky, is one of the unique figures in American life. He is a lover of humanity, who has been making his dreams come true. His present story is one of the romances of the South.

Born in the Kentucky mountains, educated in the mountain schools of

West Virginia, to which state his father had taken his family to escape the terror of the feuds, with no resources save his own physical strength and an abiding faith in God, this sterling American planted a university in the hills of Kentucky to save her sons from fratricide, and in founding Onelda Institute he sowed the seeds of love and faith in the hearts of the hillsmen of Kentucky.

"Burns of the Mountains" has lived to see his ideals realized, for the feuds have disappeared. His unique and thrilling story is one of the dramatic sensations of the platform. In simple, straightforward manner he tells of the early struggles of Onelda and how he fought feudism with education. He is still "Burns of the Mountains," rugged, homely, virile and sincere, reminding one instinctively of Lincoln in his personality.

## EAST JORDAN HIGH SCHOOL AUDITORIUM

# WRISLEYS

Take it home to the kids. Have a packet in your pocket for an ever-ready treat.

After Every Meal

A delicious combination and an aid to the teeth, appetite, digestion.

Makes No Difference. Jud Tunkins says a man who is always dead sure he is right isn't likely to have enough responsibility for it to make any difference whether he is or not.

## Sudden Change in Milk Checks Laying of Flock

Many people who feed milk in some form to their laying flocks regularly have been obliged to learn one thing about the feeding. A sudden change from sweet milk one day to sour the next, or back again, causes digestive troubles as a rule, and either checks the laying of the flock or upsets the feeding rations so that the mash or grain feed varies from day to day. Buttermilk, skimmed milk, sour or curd or sweet milk are all desirable feeds for chickens, but they should be fairly regular feeds, or fed in small amounts, if a change is necessary.

## Corn for Silage Must Be Cut Fine and Packed

Corn for silage must be cut fine and tramped well in the silo if it is desired to make the best quality of feed and fill the silo to its greatest capacity, says the United States Department of Agriculture. The usual length of cutting varies from one-fourth of an inch to one inch, but the latter is a little too long, as the pieces do not pack so readily in the silo, and they are not so completely consumed in feeding as the shorter lengths.

Tapirs Here Long Ago. Tapirs lived in North America during the period of the great Ice Age, fossil finds show.

## Champion Barrow Has Traveled Far

### "Oklahoma King" Has Been Exhibited in Different Parts of United States.

Not content with being declared the grand champion barrow of the world at the 1922 International Live Stock exposition, Oklahoma King has added to his honors the title of the widest traveled and most inspected hog on earth.

Instead of being sent to the block after attaining supreme honors at Chicago last December, he was purchased by two Duroc associations and sent on a tour of exhibition which has carried him to all parts of the country. Among

Oklahoma King.

the places visited were: Nashville, Tenn.; Denver, Colo.; Lincoln, Neb.; Crookston, Minn.; Madison and Janesville, Wis.; Fort Worth, Tex.; Oklahoma City, Stillwater and Guymon, Okla.; Peoria, Urbana and Aurora, Ill.; Columbus, O.; LaFayette, Ind.; Lexington, Ky., and Des Moines, Ia.

His journey will continue throughout the fall months when he will be the center of attraction at many of the large fairs. It is planned to bring him back to Chicago the first week in December for the International, this being the first time that the grand champion barrow at this show has ever been returned the following year.

Oklahoma King has stood up well and actually gained flesh during his travels. This is all the more remarkable in view of the fact that he has been shipped as any ordinary hog would be moved about, in a crate by express. At his numerous stops, however, he has been accorded royal receptions and honors have been heaped high upon his porcine head. In one city nothing was considered too good for one of his royal standing and he was given quarters in the lobby of the leading hotel.

This noted animal began life in the classical environment of the Oklahoma Agricultural college. Under the constant supervision of a former pig club winner he was grown and fitted for the great competition at Chicago and amply justified this faith by defeating nearly 500 of the finest market hogs in the world for supreme honors.

Competent judges have conceded that Oklahoma King is one of the most perfect types of market barrows that has ever been produced, and it is for the purpose of allowing as many people as possible to personally inspect this ideal porker that the breed associations have saved him from the butcher's block and have sent him on his history-making tour of the United States.

## Vaccinating Cattle to Prevent Shipping Fever

Although still in the experimental stage, the vaccination method of treating cattle to prevent their contracting hemorrhagic septicaemia has reached such a degree of perfection that it is now in use by the United States Department of Agriculture.

Until the method has been more thoroughly tried out, the department will furnish vaccine produced in its laboratory and also trained veterinarians who will give the treatment at actual cost.

Losses from this disease have been steadily increasing for several years. During the past fall and winter the disease became more prevalent and virulent than ever before. It is most likely to show itself among animals shipped long distances, although it occasionally attacks those that have never left the home place.

## Great Value of Adding Protein to Hog Ration

The value of adding protein to a ration, even when pigs being fattened for market have the run of a good alfalfa pasture, was shown in a test conducted by the Kansas experiment station last year. One lot was fed all the corn it would eat, in addition to alfalfa pasture. The other lot was fed all the corn it would eat plus one-fourth of a pound of tannage per head per day in addition to alfalfa pasture. The pigs in the lot receiving no tannage made a gain of 74 pounds per day at a cost of \$5.55 per 100 pounds of gain. The pigs in the lot receiving tannage made a gain of 1.25 pounds per day at a cost of \$4.99 per 100 pounds of gain. The addition of one-fourth of a pound of tannage per head per day on alfalfa pasture reduced the cost of gains 58 cents a hundred.

## Dairy Progress Nothing Short of Phenomenal

The progress which the dairy industry as a whole has made during the past three years is nothing short of phenomenal. During a period when other lines of farming and industry were suffering from stagnation, the dairy industry has been forging ahead and new records of production and consumption have been established each year.

Standard Oil Company East Jordan, Mich. (Indiana)

## Circulatory System of Cow Illustrated

### To Show Difference in Proteins Provided by Feeds.

(Prepared by the United States Department of Agriculture.)

The circulatory system of the cow, with "blood" actually flowing through the arteries and veins, will be illustrated in a model to be shown by the United States Department of Agriculture at the national dairy show to be held this fall at Syracuse, N. Y. In the large model now being made by the office of exhibits liquids will circulate through glass tubes of various sizes, illustrating how nourishment is taken up from the digestive tract and carried to the udder, there to be used in the manufacture of milk.

One of the objects of this visual method is to show the difference in the proteins provided by various feeds. The cow model will be designed to show how the proteins of the feed are broken up by the digestive system into the constituent amino acids, which are transported in the blood stream to the mammary gland (the udder), where the necessary amino acids are taken out of the blood and built up into proteins of the milk.

By means of this exhibit the Department of Agriculture hopes to bring out forcibly that it is not only necessary to have in the ration proteins furnishing certain kinds of amino acids, but in order to prevent waste it is necessary that the amino acids be present in the right proportion. This means it is necessary to have the right combination of proteins in the feed. The use of proteins in making milk may be compared to the use of boards in building a house. Boards of various lengths are needed in a house. In building up milk many different amino acids are needed, and usually these cannot all be obtained from the protein of one kind of feed, or at least not in the proper proportions to prevent waste.

**Offer of an Eye.** A man has offered one of his eyes to the blind French painter, Lemerand. If an oculist can be found to perform the grafting operation with some hope of success.

**The Difference.** A mountain farmer near Beaufort West, Cape Colony, wanted a telephone. The authorities said a connection would cost him £500. So he laid the line himself. It was inspected and passed—and he has saved £450.

**Ouch! Aching Joints, Rub Rheumatic Pain**  
Rub Pain right out with small trial bottle of old "St. Jacobs Oil."

Rheumatism is "pain" only. Not one case in fifty requires internal treatment. Stop drugging! Rub soothing, penetrating "St. Jacobs Oil" right into your sore, stiff, aching joints, and relief comes instantly. "St. Jacobs Oil" is a harmless rheumatism liniment which never disappoints and cannot burn the skin. Limber up! Quit complaining! Get a small trial bottle of old, honest "St. Jacobs Oil" at any drug store, and in just a moment you'll be free from rheumatic pain, soreness and stiffness. Don't suffer! Relief awaits you. "St. Jacobs Oil" is just as good for sciatica, neuralgia, lumbago, backache, sprains.

## Briefs of the Week

Born to Mr. and Mrs. Ray Mackey, a son, Oct. 12th.

Mr. and Mrs. Leonard Dudley and son Gerald, left this week for Lansing.

Mrs. Mary Clark left Wednesday for Lewiston, Mich., where she will spend the winter months.

Alex Bashaw returned home Saturday from a six weeks' visit with his son at Cleveland, Ohio.

Mrs. S. E. Rogers with sons, Marvel and Keith, left Thursday for a visit with relatives at Detroit.

Not very big—just big enough. The Eff and Dee Variety will announce their opening soon. adv.

Rev. Henry Hulme and family left Monday by auto for a few days' visit with friends at Lawrence, Mich.

School children in need of Glasses, see J. Leahy, the Optometrist, when he comes October 30th and 31st. adv.

Opening number of East Jordan's Lyceum Course next Thursday evening Oct. 25th, "Burns of the Mountains" is the great attraction.

Born to Mr. and Mrs. E. F. Reese of Chicago, a son—William Howard—Oct. 12th. Mrs. Reese was formerly Miss Grace Howard of this city.

Mr. and Mrs. Otis J. Smith and Miss Helen Blanding left Wednesday by auto for a visit with friends at Lakeview, Greenville and other points.

Mrs. Carl Heinzelman with sons, Victor, Henry and Charles, left Monday for Winthrop Harbor, Ill., where she joined her husband and will make their future home.

Sororian Hive No. 452, L. O. T. M. will hold their Installation of Officers, Monday evening, Oct. 22nd. Deputy Past Commander, Mrs. Janet Branch will act as installing officer. Refreshments will be served.

The Steamer Griffin came in Tuesday morning with a load of iron ore from Escanaba for the Michigan Iron Company plant in this city. The boat will make several trips this fall bringing in iron ore for the plant here.

The annual meeting of Charlevoix County Board of Supervisors, which convened at Charlevoix Monday, Oct. 8, was adjourned on account of the smallpox quarantine in that City. The quarantine was lifted this week Wednesday, and the Board will reconvene for the annual meeting next Monday, Oct. 22nd.

Watch for the opening of the Eff and Dee Variety. Just a little store of big bargains that's all. adv.

## \$50 Reward

Will be paid to any person giving information, which lead to the arrest and conviction of person or persons entering my apiary on Deer Creek on or about Sunday, Oct. 7th, and taking combs from four colonies of bees.

These combs may have been taken to place in colonies of the thief lacking sufficient feed for winter, or for table use. If you know any family serving bulk comb on the table—the information may be worth \$50.00 to you.

A thief is of the very lowest type of person, are lazy and shiftless and a menace to any community.

If they will rob me they will rob you if they get a chance and it is your duty to assist in ridding the community of these low down skunks.

IRA D. BARTLETT

Ed. LaLonde and Glenn Brennan left Thursday for Detroit.

Mrs. Ed. Bortland of Flint was here on business this week.

S. E. Rogers was at Detroit and Cadillac on business last week.

Miss Marion Lundquist is spending the week with friends at Sparta.

Jack Green returned to Lansing, Monday, after a week's visit here.

J. Leahy, the Optometrist, will be here again Oct. 30th and 31st. adv.

"Burns of the Mountains" at High School Auditorium next Thursday evening, Oct. 25th.

If you are going away and want to dispose of everything in your house, see T. J. Wood. adv. 42

Not very big—just big enough. The Eff and Dee Variety will announce their opening soon. adv.

Mrs. Mary Stephan returned to Detroit, Thursday, after a visit with her sister, Mrs. Melvin Teboe.

For Rent—Eight-room modern House New Furnace just installed. Inquire of Mrs. C. Walsh. adv. 42

J. Leahy, the Optometrist, intends to leave next month for Idaho to spend the winter on his ranch. adv.

Mrs. Perry Snook and children of Manistique are visiting her parents, Mr. and Mrs. Walter Hunsberger.

Mrs. L. C. Monroe and children came Tuesday from Muskegon and will remain at their home here for the winter.

Supt. and Mrs. A. J. Duncanson received a visit this week from the latter's parents, Mr. and Mrs. E. J. Van Leuven of Mt. Pleasant.

The opening day of the Eff and Dee Variety Store will be announced soon, on Main Street, three doors north from Postoffice. adv.

One week of reduced Flour prices, beginning Monday, Oct. 22nd. A good time to get your winter supply at a nice saving.—A. & P. Tea Co. adv.

Mr. and Mrs. Cleve Isaman and son, arrived here Monday from Ontario, Calif., for a visit with friends and relatives. They plan to make their home in Flint.

Pure Extracted Honey For Sale in 5 and 10 lb. pails and 60 lb. Cans. Delivered to any part of City.—Phone 166-F5.—Mrs. Maybel Carlisle, Rose-lawn, Cherryvale. adv.

Earl Blaha, aged two months, passed away at the home of his grandparents, Mr. and Mrs. Wm. Groh. Funeral services were held Thursday morning from the Church of God. Interment at Sunset Hill.

Mrs. H. W. Dicken, delegate from East Jordan's Improvement Club, and Mrs. A. Blossie, delegate from East Jordan's Study Club, left Monday for Detroit to attend the 29th Annual Convention of the Michigan State Federation of Women's Clubs.

A farewell party was tendered Mrs. Edith Cummings by friends and neighbors at the home of Mrs. Ida M. Price, Monday evening. A pot luck supper was served at 6:00 o'clock and a pleasant evening enjoyed. Mrs. Cummings leaves this week for East Lansing, where she has purchased and will conduct a rooming house. Her address is 319 Grove St., East Lansing.

Mrs. Sarah N. DeWitt passed away Friday, Oct. 12th at the home of her daughter, Mrs. John Schroeder in Echo township, Antrim County. The cause of her death being heart trouble. Deceased was born in New York State, Oct. 15, 1839, being passed 83 years of age. Funeral services were held from her late home Sunday afternoon, conducted by Rev. C. W. Sidebotham.

Harriett Florence, little daughter of Mr. and Mrs. Charles Wolverton, passed away at the home of her parents in Echo township, Monday, Oct. 15th. The little one was four years, twelve days old, pneumonia was the cause of her death. Funeral services, which were of a private nature, were held from the home of her parents, Wednesday afternoon, conducted by Rev. Sidebotham. Interment at Sunset Hill.

Watch for the opening of the Eff and Dee Variety. Just a little store of big bargains that's all. adv.

Miss Hunsberger is visiting her parents at Detroit.

Mrs. A. Hildard is visiting friends at Cadillac this week.

Special Communication of East Jordan Lodge No. 379 F. & A. M. Monday evening, October 22nd. Work in the F. C. degree.

Note—Owing to the quarantine, the regular communication—scheduled for this Saturday—will not be held.

### MISS AGNES O'NEIL UNITED IN MARRIAGE TO ELMER OSTROM

Elmer Ostrom of Santa Paula, Calif., and Miss Agnes O'Neil of Charlevoix were united in marriage Tuesday morning, Oct. 16th, at St. Mary's Catholic church, Charlevoix. They were attended by Mrs. George E. McNally of Everett, Wash.,—sister of the bride—and Jas. Gaskin of Charlevoix.

Following the ceremony, the wedding party drove to East Jordan where a wedding breakfast was served at the home of the bride's sister—Mrs. H. G. Hipp—to relatives and friends.

Mr. and Mrs. Ostrom leave first of next week for their future home in California, stopping to make short visits at Shelby, Mich., and Chicago.

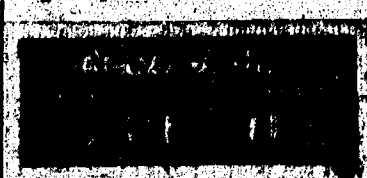

They will be at home, after Nov. 15, at 250 Palm Ave., Santa Paula, Calif.

### W. C. T. U. RE-ORGANIZED

Mrs. L. D. Van Valkenberg of Albany, N. Y., National Organizer for the Women's Christian Temperance Union, visited East Jordan Oct. 11-12, effecting an organization of a Local Union. The local organization will meet at the High School the first Monday night in each month at 7:00 o'clock. The next meeting will be Nov. 5th.

The officers elected are: President—Mrs. T. R. Joynt First Vice Pres.—Mrs. Wm. Sloan Second Vice Pres.—Mrs. A. J. Duncanson. Treasurer—Mrs. Ira Springstead Secretary—Mrs. R. Gleason. Watch for later announcements. You are welcome to attend these meetings.

Fishing by Wireless. Vessels attached to the Canadian department of marine and fisheries are to be fitted with wireless apparatus for the purpose of reporting the movements of schools of fish. Telephone broadcasting apparatus will be employed by the same purpose. By this means fishermen owning receiving sets will avoid fruitless or unprofitable trips.

Presbyterian Church Notes  
Rev. C. W. Sidebotham, Pastor.

"A Church for Folks."

Sunday, Oct. 21, 1923.  
10:00 a. m.—Morning Worship.  
11:15 a. m. Sunday School.  
6:00 p. m.—Christian Endeavor.  
7:00 p. m.—Evening Worship.  
7:15 p. m.—Thursday, Prayer Meeting.

A Sermonette for Sunday morning: Psalm 29:2 Worship the Lord.

The question is sometimes asked "Why Should We Worship?" The deeper question is "Why Do We Worship?" We all do worship some person or thing. Worship means worth-ship. Worship is our state of mind toward that which we consider most worth while.

If we believe money to be the thing worth most in the world we worship it, dedicating our lives to its pursuit. If pleasure makes the greatest appeal to us we worship that deceptive goddess, even to the sacrifice of the health of body and of soul. If pomp and glory touch the deepest springs of our lives we will offer on their altar all that we are or hope to be. If we are infatuated lovers of self we will burn incense to ourselves in our suicidal worship.

But if we believe there is something better than gold, something purer and more satisfying than fleeting pleasure, something nobler than the tinsel of fickle fame; if we believe that there is a Spirit greater than ourselves, that there is a God with whom we may have fellowship and that it is worth while to know Him, we will worship Him in spirit and in truth. It will be to us a delight to gather in the sanctuary on the weekly Sabbaths to unite in worship with others who believe that it is worth while to know and to serve Him. And worship is not only for the Sabbath. As Carlyle has reminded us all true work is worship. If we worship God there will be in our hearts not only 'Glory to God in the Highest,' but also 'peace on earth, good will toward men.' We will neither defraud nor seek in any way to injure our neighbors, but we will strive to do good to all men as we have opportunity. We will desire to become more like Him.

We all do worship what we believe to be most worth while. Let us worship the Lord both on the Sabbath day, and in the toil and pleasure of our every day life.

### First Methodist Episcopal Church

Rev. Henry Hulme, Pastor.

Sunday, October 21, 1923.

Owing to the absence of the pastor, there will be no morning or evening regular church services. Other meetings as follows, viz.:

SERVETUS A. CORRELL, Judge of Probate.

### MR. FOX; JUNIOR FOX

MR. FOX had thought he had the farm yard over the hill all to himself for the season, but one morning, early, as he was creeping gingerly about behind bushes and other hiding spots, he saw Junior Fox dodge behind an old barrel.

"Um-m," Mr. Fox. "So he has discovered this place, too! Well, I must get rid of him or my supply of plump chickens will not hold out."

Mr. Fox did not try to hide from Junior Fox. He boldly trotted over to the old barrel and said: "Fine morning for hunting, Junior, and a good breakfast is a fine thing if you have a good appetite."

"Yes," replied Junior, not knowing in the least what Mr. Fox was driving at, as he was, himself, never without a good appetite.

"Well, I have a plan to get a good appetite for breakfast," went on Mr. Fox just as if Junior Fox had said he did not have one. "You do what I tell you, Junior, and you could eat a dozen fat chickens and look for more. You

"He saw Junior Fox Dodge Behind an Old Barrel."

know that old stump down by the pond at the foot of the hill?"

Junior nodded that he did and Mr. Fox went on: "I will run you down there and back and if you don't get up the biggest appetite you ever had running in this nice fresh morning air I will furnish the birds for our breakfast."

"But I have a good appetite," Junior Fox said.

But Mr. Fox would not listen.

"What is the matter? Can't you run?" inquired Mr. Fox. "You are younger than I, Junior, and you

### THE RIGHT THING

at the RIGHT TIME

By MARY MARSHALL DUFFEE

### YOUR WORD

WHEN you say you will do a thing, do your friends believe you?

If you make a practice of keeping your word, if you have established a reputation for truthfulness, then your word really is worth something.

In every social set there are certain persons whose word is taken as lightly as the wind, while there are others who can be relied on implicitly. There is the woman who says: "Oh, give me 20 tickets for the charity supper. I know I can sell them," and you mentally note that she will possibly dispose of five tickets, surely no more. Then there are other women in the same community who if they said they would sell 20 tickets would never dream of returning any but would pay for them all themselves rather than go back on their word.

(© 1923, by McClure Newspaper Syndicate.)

### THE ROMANCE OF WORDS

#### "BUGABOO"

WHEN Maitland, the English writer, blasphemously asserted that God was "only a bogie of the nursery" he probably came a good deal closer to the truth—from the standpoint of etymology—than he intended for the word "bogie" or "bugaboo" is derived from the Slavonic "bog," the name for the Supreme Being in the mythology of the northern nations.

In Ben Jonson's play "The Devil is an Ass," the devil is named Pug—a creature which bears a marked relationship to Puck but which, through Shakespeare's having confounded it with the spirit-of-the-house, has come to be applied to a species of house-dog. Puck, pug and bug are all corruptions of the word bog, similar changes of spelling being apparent in the Welsh bwg (meaning a hobgoblin, a ghost or a terror), the Icelandic þuke and the Gothic þuke.

From "bug," as used in this sense and not in that of an insect, come "bugbear," "bugaboo" and "bogie" and it is in this sense that Shakespeare uses it in the fifth act of Hamlet: "Such bugs and goblins in my life."

(© by Wheeler Syndicate, Inc.)

ought to beat me there and back, and if you do, you get first chance at the poultry, don't you see?"

Junior Fox did see that, for well he knew Mr. Fox's fame as a hunter. He could pounce among a flock of poultry and carry off two and leave the others in such a state of mind that it was not safe for any other fox to go near them for weeks to come if he happened to value his life. And Junior did; he wanted to keep alive very much, indeed.

"All right! I will race you to the old stump and back," said Junior, thinking he could get one plump hen or chicken and be off before Mr. Fox made the round trip.

"Aready, now—Go!" called out Mr. Fox, and off they ran. But when they were part way down the hill Mr. Fox fell behind and hid for a minute behind some brush to see if Junior Fox turned to look behind for him. But he didn't, for Junior Fox was too much interested in getting back to the poultry yard before Mr. Fox, and so he made his legs fly, and never even stopped when he reached the stump by the pond.

He just ran around it and back up the hill as if the very old dickens were chasing him. He did notice that he did not see Mr. Fox anywhere, "but," he thought, "he is old and probably had to rest when he reached the stump."

But he soon found out his mistake, for when Junior Fox reached the poultry yard, just as he was creeping under the gate and could not turn about, Mr. Fox leaped the wall with two plump birds, leaving behind him a yard full of squawking hens and quacking ducks.

"There he is," cried Mr. Man, spying poor Junior Fox trying to make a turn under the gate.

Mr. Dog spied him, also, and gave chase as Junior got out from under the gate and ran down the road.

It took him all the morning to elude Mr. Dog and it was dinner time before he felt safe and crept into his den to rest.

"Mr. Fox was right about a run giving you an appetite," thought Junior Fox. "I am so hungry I could eat—" and then he remembered the trick Mr. Fox had played on him.

"I'll show him how to run for an appetite some day," said Junior. "It takes a fox to fool a fox and I am growing wiser and slyer every day."

### "What's in a Name?"

By MILDRED MARSHALL

Paris about your name; its history; meaning; whence it was derived; significance; your lucky day, lucky jewel

### JEAN

JEAN is one of the many French names which have come to be Anglicized by dropping the final ending. Though infinitely prettier when spelled Jeanne, it is apparently thought to say too much of the Gallic for English ears. It is one of the simplest of feminine names—its equivalent Jane being the sole example of an appellation even less burdened with affection.

Jean means "grace of the Lord." Its earliest predecessor was Joanna, wife of Herod's steward. The Roman calendar has two feasts in honor of Joanna, the holy woman of the Bible, but the real vogue of the name is due to the numerous St. Johns of the Scriptures, of which Joanna is really the feminine.

In the Twelfth century Jehanne and Jeanne appeared in the south of France and Navarra. The latter was especially a patrician name and its bearers married into many of the royal families of the times. The daughter of Henry II, who married into Sicily, was the first English princess so called. The Scottish Joan Beaufort, whom the Scots called Jean, was the maiden beloved by the captive James I.

The sapphire is the talismanic gem belonging to Jean. It is said to attract Divine favor for her and protect her from all danger and disease. Friday is her lucky day and 2 her lucky number.

### Check Cucumber Beetle

by Using Dust Mixture

One of the best methods of controlling the cucumber beetle, according to Carl J. Drake, state entomologist at Iowa State college, is to dust the young plants with a mixture of one part of calcium arsenate and 20 parts of gypsum.

The dust can be applied with a shaker made by punching holes in the bottom of a half-gallon tin can with an eight-penny nail. The first application should be made immediately after the young plants break through the ground. After that the plants should be dusted either early in the morning or late in the evening from two to three times per week and following rains.

Usually from 10 to 12 applications per season are all that are required, although more are necessary in the case of exceptionally severe attacks by the beetles. If these directions are followed rather closely, there will be no trouble in controlling the cucumber beetle.

—A New Currency Problem.

The greasy coin and the worn paper bill are favorite camping grounds for the grippe germ.

### A GOOD FRIEND

A good friend stands by you when in need. East Jordan people tell how Doan's Kidney Pills have stood the test. H. H. Cummings, proprietor and grain business of Main St., endorsed Doan's many years ago and again confirms the story: Could you ask for more convincing testimony? "My kidneys were not acting right and I had a dull ache in the small of my back just over my kidneys," says Mr. Cummings. "I used a box of Doan's Kidney Pills and they acted promptly in correcting the action of my kidneys and ridding me of the backache and pains. I know Doan's have been beneficial to me." (Statement given Aug. 3, 1909.)

On April 23, 1920, Mr. Cummings added: "I haven't had any further need of a kidney medicine since Doan's rid me of the trouble years ago. I gladly confirm the statement I made before."

### Blue Walls and Flies.

Blue color keeps flies from a room, declares Alexander Duckham, an English experimenter. Lord Avebury, a great bee lover, once experimented to find out the effect of color on wasps. He decided they had no color sense. It is scent rather than color that welcomes an insect, though nature employs color in addition. One plant attracts its necessary insect satellite by smelling like bad meat.

### RED PEPPER HEAT

## STOPS BACKACHE

The heat of red peppers takes the "ouch" from a sore, lame back. It can not hurt you, and it certainly ends the torture at once.

When you are suffering so you can hardly get around, just try Red Pepper Rub, and you will have the quickest relief known. Nothing has such concentrated, penetrating heat as red peppers.

Just as soon as you apply Red Pepper Rub you will feel the tingling heat. In three minutes it warms the sore spot through and through. Pain and soreness are gone.

Ask any druggist for a jar of Rowles Red Pepper Rub. Be sure to get the genuine, with the name Rowles on each package.

### IF SKIN BREAKS OUT AND ITCHES

## APPLY SULPHUR

Just the moment you apply Mentho-Sulphur to an itching, burning or broken out skin, the itching stops and healing begins, says a noted skin specialist. This sulphur preparation, made into a pleasant cold cream, gives such a quick relief, even to fiery eczema, that nothing has ever been found to take its place.

Because of its germ-destroying properties, it quickly subdues the itching, cools the irritation and heals the eczema right up, leaving a clear, smooth skin in place of ugly eruptions, rash, pimples or roughness.

You do not have to wait for improvement. It quickly shows. You can get a little jar of Rowles Mentho-Sulphur at any drug store.

Canadian Labor Roll. The Canadian Federation of Labor has a membership of 22,000.

### TO DARKEN HAIR

## APPLY SAGE TEA

Look Young! Bring Back Its Natural Color, Gloss and Attractiveness

Common garden sage brewed into a heavy tea with sulphur added, will turn gray, streaked and faded hair beautifully dark and luxuriant. Just a few applications will prove a revelation if your hair is fading, streaked or gray. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get a bottle of Wyeth's Sage and Sulphur Compound at any drug store all ready for use. This is the old-time recipe improved by the addition of other ingredients.

While wispy, gray, faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur Compound, no one can tell, because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared, and, after another application or two, your hair becomes beautifully dark, glossy, soft and luxuriant.

### NOSE CLOGGED FROM A COLD OR CATARRH

Apply Cream in Nostrils To Open Up Air Passages.

Ah! What relief! Your clogged nostrils open right up, the air passages of your head are clear and you can breathe freely. No more hawking, sneezing, mucous discharge, headache, dryness—no struggling for breath at night, your cold or catarrh is gone.

Don't stay stuffed up! Get a small bottle of Ely's Cream Balm from your druggist now. Apply a little of this fragrant, antiseptic cream in your nostrils, let it penetrate through every air passage of the head; soothe and heal the swollen, inflamed mucous membrane, giving you instant relief. Ely's Cream Balm is just what every cold and cough sufferer has been seeking. It's just grand!
