EAST JORDAN, MICHIGAN, FRIDAY, OCTOBER 26, 1923.

No. 43

## Grand Prize To Charlevoix Co.

Russet Rurals Take First Prize and Sweepstakes at Duluth Show

A peck sample of Petoskey Golden Russet potatoes exhibited by L. E. Sneathen, certified seed grower of Charlevoix County won first place in the Russet Rural class and Grand Prize for the best peck of late potatoes in the International Potato Show which was held at Duluth, Minnesota, last week, Oct. 16, 17, 18.

Other Michigan winners in the big show were George Emore of Wexford County, who won second prize in the Russet Rural class and third prize with a bushel entry in the Fancy Table Stock class. In the latter class a bushel sample shown by K. P. Bemis, seed salesman for the Michigan Potato Growers' Exchange, won first prize.

John De Longchamp from Marquette county, with a bushel of Green Mountain potatoes, won eighth place in the class of Extra Fancy Table Stock.

Potato growers will recall that two years ago Mr. Sneathen won first place at the Duluth show with a peck sample of the russet skinned spuds, and last fall the same prize went to Ernest Pettifor of Otsego County. The Russet Rural is a hardy and prolific strain of the Rural variety which has become the standard late potato in the state. Other states are growing this variety more or less, but nowhere else does it develop to such ideal perfection as in northern Michigan.

## POTATOES

Notwithstanding an increase in the potato crop of the United States during September of nearly 12,000,000 bushels, the October estimate is still 50,000,000 bushels under that of 1922, according to the special report issued by Verne H. Church, U. S. Agricultural Statistician, and L. Whitney Watkins, Commissioner of Agriculture. Another feature of interest is the fact that this year's crop is much better distributed in relation to markets than that of last year. New England has approximately 12,000,000 bushels more and Wisconsin, Minnesota and North Dakota 24,000 bushels less than last year. The crop in Michigan this year is estimated at 32,970,000 as against 37,812,000 in 1922. With a larger proportion of the crop in the East, and a lighter crop in the central and far western states, less potatoes will have to be moved by the railroads, and the handling distances will be greatly shortened. This should tend to improve the farm price without increasing the price to the consuming public in the large cities. The prospective crop is equal to about three and one-half bushels per capita which is approximately the normal consumption at moderate prices, and gives a much brighter market prospect than the conditions that prevailed last year.

## SCHOOL FACULTY PLAY.

A rather novel play will take the place of the annual High School Athletic production in that a play for the same purpose will be presented by the school faculty on Monday, Nov. 26.

It happens this year that the faculty is especially talented along dramatic lines and it would not make it difficult for them to present the annual Athletic Association Benefit Play. At the same time lightening the load that often devolves upon the High School students. It will also give the school patrons a chance to meet the new faculty members in a rather unusual way.

The name of the play and other details will be given in a later issue of the Herald.

Lansing—Principals of high schools in Michigan will meet here December 6 and 7 for their annual convention.

Bay City—The seventy-ninth annual state convention of Odd Fellows and the thirty-ninth annual state convention of the Rebekah assembly was held here.

Grand Rapids—Because he stole a yellow worker's lunch James Brown, a Pere Marquette railroad employe, was sentenced by Police Judge Frank A. Hess to serve 30 days in jail.

Adrian—The city of Detroit was successful in obtaining the 1924 convention of the W. C. T. U. at the annual held here. Flint was the only other city to place a request for the concave.

## East Jordan's Northern Mich. Base Ball Champs

## Locals Win Brilliant Game

Alpena and East Jordan Both Showing Real Football.

A small crowd saw one of the finest Football games played in northern Michigan this year on the local lot Saturday. It isn't to be wondered that the attendance was small for the weather was miserable. However, it is usually the few that see the choice things. We do not say this because we won but from the fact that the boys began to play Football on the line especially for the first time this year. The play of both teams developed a great variety of Football, line smashing, end running and forward passing. Alpena excelled in the forward pass game. Alpena was a heavy well-coached bunch of men. In fact, it would be hard to find a finer and more gentlemanly lot. It always shows good sportsmanship for the losing team to hunt up the referee and umpire and tell them how much they appreciate their work. This the Alpena authorities did.

The game opened with East Jordan kicking to Alpena. However to locals recovered the kick and gave the ball to East Jordan on Alpena's forty yard line. By a series of line plunges it was carried to Alpena's forty yard line where the ball went over. Alpena immediately booted it down the field. After one or two tries East Jordan returned the kick and on the first and second downs booting took place for some time and the quarter ended 0 to 0 with both teams playing about on a par.

Most of the second quarter continued the same style of playing except for a couple of good passes by the Alpena team and a beautiful forty yard end run by Capt. Smith. East Jordan fumbled on about the fifty yard line about five minutes before the end of the half and Alpena carried the ball to East Jordan's thirty yard line where a beautiful thirty yard pass, Douville to McCullough, gave them a touchdown. This happened although one of our men was standing in line of the ball. He seemed stage-struck and did not bat it down. The ball was just kicked off when time was called for the half.

In the second half the fight of the locals seemed to carry the ball into Alpena territory at once where it remained most of the half. Early in the quarter Streeter intercepted an Alpena pass and ran sixty five yards down the field where on a beautiful twenty yard pass, Swafford to Love, the ball was carried over and Capt. Smith on place kick formation kicked it squarely between the goal posts.

The second touchdown came by good old fashioned Football with Johnson, Smith and Streeter alternating on some beautiful line plunging and end running, aided partly by another intercepted Alpena pass for some thirty yards. East Jordan missed the goal kick. In the latter part of the fourth quarter a fine end run by fullback DeCaire for thirty yards and a couple of passes to LaLonde, the ball was carried to East Jordan's thirty yard line where on three consecutive passes Alpena tried to put over another touchdown but East Jordan intercepted the pass and booted the ball down the field out of danger. The game ended with the ball in about the center of the field.

For Alpena, LaLonde, McCullough, DeCaire, Isaacson, did the star work. McCullough and DeCaire did some classy line plunging. The work of East Jordan's rejuvenated line featured. Childs, Chelles, Somerville, Duffey and Love did fine work on the line. The line played together as they did the latter part of last year. Johnson, Smitty and Streeter did some excellent work, Johnson doing some very fine plunging. The East Jordan team will be considerably strengthened for the rest of the season by the return of their star back, Floyd Walker, who has been laid up with a broken shoulder since the beginning of the season. The East Jordan team has been badly crippled all fall notwithstanding the opinion of a certain Traverse City sport writer.

THE SCORE.  
1 6 0-6  
0 0 7 6-13

Touchdowns: McCullough, Streeter and Smitty.  
Referee, Lee; Umpire, MacMillan; Head Linesman, Dicken; Time Keeper, Watson.

East Jordan goes to Charlevoix for their game Saturday.

(Continue to Pg. 2, Col. 2)

## WE'RE PROUD OF YOU, MEN.

Below are the men who won the Northern Michigan Amateur League Pennant for East Jordan. Reading from left to right they are:—Top Row—JOHN PEEBLES, PETER JOHNSON, SAM KAMRADT, ED. LALONDE  
Middle Row—RODNEY WARD, C. JOHNSON, Manager W. H. PARKS, JOHN GUNDERSON, H. KAMRADT  
Front Row—STEPHEN GOVEY, Mascot BILLY PARKS, FLOYD MORGAN

## E. Jordan Boys On Debate Team

Western State Normal Names Two From This City.

Ten candidates, recommended by the appointment committee for membership in the "Forum" first among forensic organizations at Western State Normal, Kalamazoo, were formerly accepted and plans are going ahead for one of the biggest debate years in the school's history.

Those elected to membership were: Paul Franseth, East Jordan; Arthur Secord, East Jordan; Robert Kirby, Marcellus; Perry Bailey, Centerville; C. C. Schilling, Sault Ste Marie; Verne Reynolds, Allegan; Theodore Osborn, Portland, Ore.; Albert Becker, Grandville; Verne Maybee, Cedar Springs; Theodore Brownyard, Cedar Springs.

Western State Normal was represented at the conference of the state interscholastic debate coaches at Albion.

Carroll L. Pelham, head debate coach at Western State, discussed the 1923-24 plans with the mid-west coaches at Madison and will enter his team in the Mid-west league which comprises schools from Illinois, Iowa, Indiana, Michigan, Minnesota and Missouri.

Marquette—Marquette will be host to about 500 visitors Nov. 8, when the Congress of Michigan Game Association and the Northern Michigan Sportsmen's Association meet here in joint convention. Prominent sportsmen from this and other states and men high up in game conservation work will be speakers.

Ann Arbor—For the first time in its history the University of Michigan will have a blind man on its faculty. Paul Mueschke, of Westfield, Tex., who was a student in the graduate school last year, and is this year continuing his studies, working for a doctor of philosophy degree has been appointed an instructor in English.

## REAL ESTATE TRANSFERS

The Herman Goodman Real Estate Agency reports the following deals made through that Agency, recently:— Goodman purchased house and two lots of Ida May Grant on Bowen's Addition—sold to Clyde Newland.

Goodman purchased Leonard Dudley residence on North Main St.—sold to James D. Frost who will occupy same.

Philip Bishaw purchased dwelling and lot one block north of Central School.

John Wright purchased the Isabelle Porter dwelling and two lots on Bowen's Addition.

Goodman sold dwelling and lot on West Side (near Salting Station) to Mr. and Mrs. Ransom Jones, Sr., who will occupy same.

Goodman purchased the John Crawford Estate of 80-acre farm 2½ miles S. W. of East Jordan.

Dan E. Goodman sold dwelling and 2 lots on West Side to Alonzo Shaw.

Richard Barnett sold residence and lot to Fred Longtin.

Verne Clark purchased dwelling and three lots (near Pickle Station, West Side) and will occupy same.

Detroit—Inspector Harry H. Jackson, head of the police traffic division has been selected by Governor Groesbeck as the new head of the state department of public safety, succeeding Col. Roy C. Vandercook, whose resignation became effective October 1.

Lansing—Protests against the recent order limiting auto buses to a speed of 30 miles an hour have begun to come in to the Public Utilities Commission. Companies which operate touring-car lines are the chief objectors, operators of the large buses favor the rule.

Muskegon—The Muskegon County supervisors voted 26 to 5 to place all male prisoners serving sentences in the county jail at work on highways. The men are to receive no additional compensation. The action was inspired by reports of the state's success with prison labor on highways.

## State Apple And Potato Show

Leading Crops Have Own Exposition In November.

Apples and potatoes, two crops for which Michigan is famous and of which the entire state is justly proud, will have a special show of their own this fall.

The Michigan Apple and Potato Show established as an annual event, will be held in Grand Rapids from Nov. 20 to 23, with choicest selections of the two crops gathered from all parts of the state.

A long list of cash prizes has attracted a record number of entries, and the prediction is being made that the show will be the greatest exhibition of its kind ever staged in Michigan, or any other middle western state, for that matter.

The show is planned in the interests of the two crops from a state-wide standpoint. Excellent quality of apples and potatoes produced in Michigan will be brought out, with the resultant effect of not only stimulating production of better fruit but also tending to increase consumption of the crops within the state.

Various co-operative potato and apple growers' associations, business men of west Michigan, railroad interests, and various state departments, including the Michigan Agricultural College, are co-operating in planning the details of the big exposition.

Special features, in addition to the straight showing of competitive fruit and potato samples, will be provided to add to the interest of the show.

J. P. Munson, prominent fruit grower of Kent County, is president of the Apple and Potato Show, while H. C. Moore, extension specialist at M. A. C. serves as secretary.

## Obituary—Mrs. Sarah DeWitt.

Heart failure, a general breakdown and old age caused the death of Mrs. Sarah DeWitt at about 1 o'clock p. m., Friday, October 12, 1923, at the home of her daughter, Mrs. John Schroeder, Jr. She was aged 83 years, 11 months and 27 days.

Sarah DeWitt was born in Onondaga County, New York, Oct. 15, 1839. She came to Pipestone, Berrien County, with her parents, Mr. and Mrs. Peter Nostrand about seventy years ago.

During her married life she has resided in Berrien County, and Vanderbilt and Gaylord of Otsego County.

Since the death of her husband, Orrin A. DeWitt of Eau Claire, Berrien Co., about five years ago, she has made her home with her daughter, Mrs. John Schroeder, Jr., of Echo township.

Four children survive:—Three sons, Charles H. and Harry E. Tinkham of Berrien Co., and James A. Tinkham of Gaylord. One daughter, Mrs. Effie M. Schroeder of Echo Township.

Deceased was for the past forty years a conscientious member of the Seventh Day Adventist Church of Gaylord, Mich.

Funeral services were held from her late home Sunday afternoon conducted by Rev. Sidebotham. Interment at the Moorehouse cemetery.

Detroit—Edward D. Smith, 29 years old, an employe of the Fisher Body Corporation, died as the result of a broken neck, suffered, the police were told, when he fell while playing ball. Smith, together with other workmen, was playing base ball during the lunch hour. Three men attempted to catch a fly ball. They collided and Smith's neck was broken. Death was instantaneous.

Sault Ste. Marie—After paying a bounty during the past year of \$25 for each wolf caught in Chippewa County, the Board of Supervisors repealed the resolution. Only 12 wolves were caught in the year, and some claim that of these a few were imported from counties which paid no bounties. It was also said that the bounty interfered with the work of the State trappers.

## MUNNIMAKERS

Notices of Lost, Wanted, For Sale, For Rent, etc., in this Column is 25 cents for one insertion for 25 words or less. Initials count as one word and compound words count as two words. Above this number of words a charge of one cent a word will be made for the first insertion and one-half cent for subsequent insertions, with a minimum charge of 15 cents.

### Lost and Found

LOST—Twelve Dollars in bills, Saturday afternoon either near Northern Auto Co. or Malpass Hdwe. Will finder kindly return to M. HAYWARD, East Jordan. 43x

### Help Wanted

WOMEN and GIRLS wanted at once at the ELLSWORTH CANNERY, Ellsworth, Mich. Some are making as high as \$4.00 per day at piece work. 40-4.

### Wanted

WANTED—To hear from owner of good farm for sale. State cash price, full particulars. D.F. BUSH, Minneapolis, Minn. 43x5

Always in the market for Furniture or Stoves. Bring them in and get your money.—T. J. WOOD. 42-4

WANTED—To hear from owner having farm for sale in Charlevoix County. WARREN McRAE, Transport Ind. 41x6

WANTED—A few copies of the issue of The Charlevoix County Herald of Sept. 21st. HERALD OFFICE. 43-

SELL your VEAL and CHICKENS to C. J. MALPASS. 221f

### For Sale—Miscellaneous

FOR SALE—Pure Extracted HONEY, \$6.35 per 60 lb. Can. Delivered in East Jordan or Boyne City.—J. L. ZOULEK, East Jordan, phone 178F13 42f

PIGS—Eight weeks old—For Sale at the County Farm, Route 2, East Jordan, phone 54. 41-4

TEAM OF HORSES For Sale at a reasonable price. A good farm team. NEITZEL'S HDWE., East Jordan. 41-f.

GOOD WORK TEAM For Sale, cheap. Weight about 3200 lbs. Cash or on terms. C. S. CARY, Route 3, Box 3, Central Lake, Mich. 41x3

### Afton School Notes.

School opened Oct. 15 after a two-weeks vacation for potato digging.

There is to be a pie social at the Afton Grange hall Nov. 2. Everybody is invited.

Several new things have been purchased for the school, among them is a padlock for the front door and nine new erasers.

All the pupils are very busy making posters to advertise the pie social. The money which is made from the social is to be used to buy a phonograph for the school.

### Birds Bring Hay To Church Tower.

Tecumseh, Neb.—A half ton of hay was taken from the tower of the Presbyterian church here by Dan Fisher, who is repairing the building. There were but three small holes through which the birds, carrying one straw at a time, had accumulated this great pile. No doubt the birds had been busy at the job ever since the church was erected, 32 years ago. It was necessary to take out one side of the tower in order to remove the hay.

### CUT THIS OUT—IT IS WORTH MONEY.

Send this ad and ten cents to Foley & Co., 2835 Sheffield Ave., Chicago, Ill., writing your name and address clearly. You will receive a ten cent bottle of Foley's Honey and Tar for Coughs and Colds, and free sample packages of Foley Kidney Pills and Foley Cathartic Tablets. Try these wonderful remedies.—Hite's Drug Store. adv.

## FIRE BARES MANY ILLICIT STILLS

FLAME-BLASTED WOODS SWARM WITH VIOLATORS—DEATH TOLL BELIEVED LARGE

### DAMAGE PLACED AT 5 MILLION

Carelessness Blamed for Disaster Burned Area Covers the Entire County.

Ontonagon—The forest fires, which have laid waste the county in the White Pine district have also laid bare the extent to which the making of illicit whiskey has flourished in this region. Like the wild animals that make their dens in the depths of the forests, the moonshiners fled before the onrushing flames, carrying with them the paraphernalia of their trade.

With the fires extinguished, but the old haunts destroyed, the moonshiners prepared to set up their stills in the vicinity of Ontonagon and resume operations.

Before the fires which swept the district laid bare the coverts in which the moonshiners skulked it was almost impossible for federal agents to track the distillers. So well hidden were they that no estimate of their number or the extent of their operations could be made.

A walk through the burned area reveals the extent the federal law was being violated in the upper peninsula. In a radius of three square miles 15 miles south of Ontonagon were found the ruins of six stills which had been abandoned during the conflagration. Reports from other sections declared conditions were as bad, and in some instances worse.

In addition to the lumber losses the countryside between Ontonagon river and the Porcupine mountains is literally honeycombed with the charred remains of farm houses and barns representing a loss to the farmers and small growers of hundreds of thousands of dollars. And there can be no certain estimation of the loss in timberland and real estate values.

Twenty-five lumberjacks are believed to have perished while trying to fight way through the blazing woods.

Some estimate it at five million. Others claim it will be more. All agree that the fire during the three weeks burned off what would have taken timbermen ten years to cut and the growth in the second growth land, is said to have been retarded twenty years.

County road contractors are held for the fires. Furthermore, no precaution was taken to prevent the conflagration.

Fires were left burning at the roadside and in the woods during the driest spell and game wardens, who are responsible for the arrest of violators, were not on the scene.

Chance for Efficiency. Much billboard space is wasted. By proper co-operation it could have been arranged to have underwear figures smoking cigarettes.

## Something to Think About

By F. A. WALKER

### SMILES BENEFICIENT

THEY are like the beaming beacon, blazing through the night over smoldering waters hiding perilous reefs. The pilot of a soul may be momentarily unaided as to the course that should be taken, but when a kindly smile sends its radiant ray across the somber sky, all doubt flees before it.

What is more touching and cheering than the smile of a child? Who does not feel its uplifting influence? Observe the careworn as they move slowly down the street! See them turn their heads, or sometimes pause in the presence of a face illuminated with a beautiful smile. How quickly their burdens are lifted!

How wonderfully bright becomes the arch of the heavens under the magic touch of the wand that summons sweet smiles. In a moment everything in nature is supremely glad.

The winds cease their growlings and pipe up merry tunes; people step more considerately to avoid jostling those near them, impelled suddenly to be on their best behavior; jangling noises become mellifluous under the spell of a soul alight with love, mirrored in sparkling eyes, dimpled cheeks and winsome lips. Away goes the weight of years, when a smile brightens our life and lifts our drooping spirits.

We who are old regain our youth. How delightful it is to feel the blood run warm in our veins, when we have won a smile!

Our heavy feet are light as air; our rusty voice tries to hum a long-forgotten song, whose words come back from the past with lifting laughter, jovial and jolly as a thrush, because a sunny soul in passing gave us a cheery smile. The man or the woman who does not carry a smile with him or her may some day become bankrupt with thousands of dollars in bank stranded among enemies.

A smile passes current at its face value everywhere. It is the one coin that enriches the profligate spender, hushes the voice of criticism, and wins for him enduring respect.

A smile, like a well-aimed arrow of Cupid, never falls in piercing the heart and causing it to flutter with the most pleasing sensations, exhilarating alike to the young and the old, who frequently in times of trouble prefer it to the finest gold.

Britain's Mine Fatalities. During the last year 1,075 fatal accidents, causing 1,153 deaths, occurred in the mines and quarries of Great Britain.

## LUELLA SAYS

MAW USED T SAY HER BROTHER ED WOULD ABEEN ALL RIGHT IF ANYBODY HAD GIVE HIM A CHANCE BUT PAW SEE, IT WUZNT SO MUCH THAT THEY WOULDNT GIVE HIM A CHANCE AS THAT THEY WUZ AFRAID TO TAKE ONE!

Houghton—Plans and specifications for the new metallurgy building, to be built at the Mich. Gen. College of Mines Houghton, have been received by the college authorities from the state architect. The new structure will be considerably larger than the old building. It will have a frontage of 155 feet and a depth of 114 feet to the end of the wings. It will be of brick and steel construction, three stories in height, including the basement floor, with two wings two stories high.

Grand Rapids—The board of supervisors passed favorably upon the 1924 program of the country road commission permitting construction of \$1,250,000 of paved roads within the boundaries of Kent county next year. This program, when completed, will provide paved roads throughout the county on all trunk lines except the extension on the lonia road through Ada and Lowell. It was made possible by the granting of a half mill tax amounting to \$140,780 and certain transfers which, with the expense.

To Control Radio. A bill has been introduced in the Danish rigsdag to give the government control of radio telephony in Denmark.

Hard to Reform People. You can't reform anybody unless you care for them. Big general reforms are likely to be full of anarchy.

## STATE NEWS IN BRIEF

Kalamazoo—Harold Wheeler, Muskegon, was named president of the Michigan Library association at the last session of the thirty-third annual meeting here.

Lansing—Scott E. Lamb, chief examiner of the State Banking Department, last week announced his resignation. Harry G. Grose, of the examining staff, will succeed Mr. Lamb as chief.

Big Rapids—A crane measuring four feet from tip to tip put electric power out of commission for a little while here recently, and lost its own life in so doing. It flew in between two wires, causing a short circuit.

Bay City—The Odd Fellows of Michigan concluded their state convention here last week. Alpena was selected as the 1924 convention city for both Odd Fellows and Rebekahs. Homer C. Carr, of Detroit, was re-elected as a member of the home board of the grand lodge.

Lansing—Elton R. Eaton, former Kalamazoo newspaper man and former sheriff of Kalamazoo county, has been appointed secretary to Governor Groesbeck. He succeeds Major Ralph Duff, who recently was appointed a member of the Michigan public utilities commission.

Monroe—The board of supervisors of Monroe County adopted the grand levy for 1923, in which the state tax is fixed at \$198,035.36; county tax, \$139,478.60; county road tax, \$241,062.63; and state Covert road tax, \$62,260.67. Monroe County's tax rate will be approximately \$13 per \$1,000.

Kalamazoo—The Thirty-third convention of the Michigan Library Association was held here. One of the speakers was Dwight B. Waldo, president of Western State Normal School. Jacob Kindelberger, of the Kalamazoo Vegetable Parchment Co. explained the process of making paper.

Muskegon—"The Muskegon State Park" is the name selected by a committee, for the new \$25,000 state park near here. The name was chosen after a contest conducted by the Muskegon Chamber of Commerce. Four Muskegon County residents, all women, submitted the winning name.

Alpena—The city of Alpena has purchased from the United States Government the buildings of the Alpena radio station, which was established during the war and abandoned a year ago with other lake radio stations. The site reverted to the city, having been given by the late Frank W. Fletcher with that proviso.

Lansing—Figures compiled by Judson Pratt, city comptroller, show that the winter tax rate for Lansing covering the state, county and school district taxes will be \$15.12 per thousand dollars of valuation, an increase of \$1.25 over last year. The biggest item is the school district, \$9.85, with the state \$2.46 and county \$2.81.

Ann Arbor—Georgia Robertson Baird, wife of Charles Baird, former director of the University of Michigan athletic association, died in Kansas City, Mo., according to word received here. Mrs. Baird studied in the medical school of the university from 1894 to 1896 and was graduated from the literary college in 1901.

Lansing—Briefs filed by W. W. Potter, Chairman of the State Public Utilities Commission, with the Interstate Commerce Commission, in connection with the latter's general hearing on depreciation reserve, recommend that the public be not required to pay for the excessive depreciation of railroads or telephone systems caused by mismanagement.

Monroe—The Monroe County board of supervisors voted, 10 to 8, against buying two platform scales for the purpose of weighing overloads on automobile trucks. Each scale was to have cost \$1,500; one was to be erected in Monroe and the other on the North Dixie Highway, at the intersection of the Ready Road. Weighing at present is being done with the aid of "jacks."

Lansing—An opinion has been asked of the attorney general's department by the Michigan public utilities commission, as to whether autobus lines which have operated during the summer, but will suspend during the winter months, are entitled to a refund on their license fees. Several bus lines throughout the state which have been operating through the summer, have written the commission asking for a refund because they will not operate during the winter.

Muskegon—Practically every Western Michigan port city were represented at the Great Lakes Harbor conference at Milwaukee, Both Mayor Hadden and City Manager Ellison, of Muskegon, attended. The object of the conference was to preserve the levels of lakes, harbors and channels; to promote harbor development and port efficiency on the Great Lakes; to cooperate with harbor cities in stimulating commerce, and to coordinate water and rail lines in expediting the movement of freight from inland points to lake ports.

### TEACHING PATRIOTISM

Part of the business of The Youth's Companion is cultivating a fine patriotism—the love of country; not wrong, but right. The Youth's Companion started the movement for putting the flag on the schoolhouse, it formulated the Pledge of Allegiance to the Flag that is repeated today in practically every schoolhouse in the United States. It has for a long time, now, been running a series of patriotic covers picturing striking events in the nation's history. Painted by the best historical illustrators in the country, they are reproduced in full color at frequent intervals on The Companion's cover. It is worth a year's subscription to The Companion to have these scenes in our building of the nation pictured so graphically. They help greatly in fixing the memory of the events related in the school histories.

The 52 issues of 1924 will be crowded with serial stories, short stories, editorials, poetry, facts and fun. Subscribe now and receive:

1. The Youth's Companion—52 issues in 1924.
2. All the remaining issues of 1923.
3. The Companion Home Calendar for 1924. All for \$2.50.
4. Or include McCall's Magazine, the monthly authority on fashions. Both publications, only \$3.00.

THE YOUTH'S COMPANION, Commonwealth Ave. & St. Paul St., Boston, Mass.

What Pope Said. For forms of government let fools contest. That which is best administered is best.—Pope.

America's Earliest Civilization. According to archaeologists, America's earliest civilization dates back to about 400 A. D.

Mr. and Mrs. Will Shepard of Gaylord spent Sunday with Geo. Matthews and family.

Mr. and Mrs. Swank and family spent Sunday with C. E. Bird and family.

James Anderson and Miss Myrtle Roy left Friday for Plainwell where they expect to remain for some time. Mr. Anderson's daughter lives at Plainwell, and his wife has been visiting there for some time.

M. E. Burdick who has been ailing for a long time was taken to the hospital at Petoskey for treatment.

Mrs. E. B. Kelley returned from LaPorte and other points Thursday, but is preparing to leave soon.

Mrs. J. D. Potter is visiting her sister at Elmer, Mich.

The play Monday night given by home talent from Kalkaska was well attended and well played.

The school carnival Friday under the auspices of the school faculty netted about \$45.00 which will be applied on the athletic fund. There was a goodly number out in spite of the rain.

Shades of Rome! A London warehouseman, several of whose watchdogs have been stolen, is now using geese as watchdogs.

### WEATHER CHANGES CAUSE SICKNESS

Extreme changes of weather during Fall cause many colds and coughs. For quick relief from throat, chest and bronchial trouble, coughs, colds and croup use Foley's Honey and Tar. Contains no opiates—ingredients printed on the wrapper. Largest selling cough medicine in the World.—Hite's Drug Store. adv.

**Coughs annoy unnecessarily**

Check those violent coughing spells that bring upon you unfavorable attention. Dr. King's New Discovery stops coughing quickly by gently stimulating the mucous membranes to throw off clogging secretions. It has a pleasant taste. All druggists.

**DR. KING'S NEW DISCOVERY**

**UNSHAKEN TESTIMONY**

Time is the test of truth. And Doan's Kidney Pills have stood the test in East Jordan. No East Jordan resident who suffers backache, or annoying urinary ills can remain unconvinced by this twice-told testimony.

Mrs. Wm. Harrington, East Jordan, says: "I was troubled considerably with dull, nagging backaches and distressing pain through my kidneys. My kidneys were very irregular in action. I used Doan's Kidney Pills and they relieved the backache and corrected the action of my kidneys." (Statement given Aug. 3, 1909.)

On April 23, 1920, Mrs. Harrington added: "I haven't had occasion to use a kidney medicine since Doan's cured me years ago. The cure proved to be complete."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Harrington had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

**Pine Stumps Used for Paper.**

Louisiana chemists have developed a method for removing turpentine and rosin from pine stumps so the wood can be used in the manufacture of paper.

**Co-Operative Drying Plants Are Favored**

**Found Successful in Increasing Profit From Orchard.**

(Prepared by the United States Department of Agriculture.)

Community fruit-drying plants have been found to be a successful means of increasing the orchard profits of the small growers who have a surplus which they are unable to market in any other way, according to the United States Department of Agriculture, if the total quantity of such surplus in a community is sufficient to justify the necessary expense. The organization of such a co-operative plant should be governed by the same fundamental rules that have been found necessary in the development of other co-operative ventures.

It must first be definitely ascertained whether the quantity of unused fruit is actually such as will make the establishment of an evaporating or drying plant profitable. This information can only be obtained by a careful canvass of the district and a tabulation of the results. The making of such a canvass is a task calling for conservatism and the exercise of good judgment, for the reason that unintentional but gross overstatement of the unmarketed and unused portion of the fruit which could be used as evaporator stock is the rule rather than the exception. It must be borne in mind that in the case of apples, only mature, reasonably sound fruit of fair size will make a marketable dry product and that estimates which include premature drops, specked and decayed fruits, and small-sized cider apples are worse than useless because misleading. The canvass should take into account all fruits grown in the district, the location of the center of supply, the length of time over which the ripening of each will extend, and the maximum quantity per day which the plant will be required to handle.

With this data in hand it will be possible to determine the size and type of evaporator needed. As the fruits will in most cases be varied the plant should be of a general-purpose type, so constructed that it will handle equally well all materials, such as apples, peaches, plums and prunes.

**High Feeding Value of Buttermilk and Products**

The feeding value of buttermilk and buttermilk products, such as condensed or dried buttermilk, is not generally appreciated. At any rate, creameries are unable to get as much out of their buttermilk as its feeding value indicates they should be able to realize. Farmers who live close to the creamery at which they sell their cream sometimes take their own share of the buttermilk back home as a feed for hogs and chickens. They derive much value from the product, provided it is fed in an economical manner. Buttermilk is relatively rich in protein and its protein has a high feeding value because of its animal origin. For that reason, if it is supplied more liberally than it is needed for balancing the grain ration fed, part of it is wasted and, as a result, its full feeding value is not realized.

**Pure Strain Selections of Tubers Are Superior**

Cornell university plant breeders have found that pure-strain selections of potatoes are much superior to those ordinarily grown by farmers in New York. Plants of the pure strain, developed from a single tuber, produced 48 more bushels to the acre than seed potatoes selected by farmers in a two-year commercial test.

**SCHOOL DAYS**

**Mother's Cook Book**

Learn to take yourself less seriously. Think how little of a ripple it would make on the surface of the universal water if you were to go under. This is nothing to grieve over or regret, but it should make us smile at ourselves and our exaggerated regard for our own importance.—Della T. Lutes.

**RECIPES THAT OTHERS LIKE**

**HERE** is a griddle cake for a chilly morning which will be enjoyed by the whole family:

**Corn Slippers.**  
Take two cupfuls of white cornmeal, one cupful of flour, a tablespoonful of shortening, one well-beaten egg, one cupful of sour milk, a half-teaspoonful of soda and a teaspoonful of sugar. Scald the cornmeal with a cupful of boiling water, then add the other ingredients and bake on a hot griddle.

**Lamb Salad With Mint.**  
Take two cupfuls of cooked lamb cut into cubes, one cupful of cooked peas. Mince a tablespoonful or two of mint very fine and add to one cupful of mayonnaise. Mix all together and heap on lettuce. Garnish with a spoonful of mayonnaise.

**Date Bar.**  
Beat the whites and yolks of two eggs, beat well. To one-fourth of a cupful of sugar add the beaten yolks, flour, one cupful of dates which have been cut into bits after removing the stones; add one cupful of chopped walnuts, six tablespoonfuls of flour, one teaspoonful of baking powder, one-eighth of a teaspoonful of salt. Fold in the stiffly beaten whites and spread in a baking pan a foot square. Bake until brown, cut into strips. Cover each with whipped cream and garnish with cherries for special occasions.

**Chili Soup.**  
Take one pound of hamburger steak, fry until brown, cover with two quarts of water, add three large potatoes and three onions put through the meat chopper. Season well with salt and pepper and cook until the vegetables are done. Now add one cupful of kidney beans and a quart of strained tomato with a teaspoonful of chili powder. Simmer one hour. For variety add a little canned corn and a few stalks of celery. Serve with hot boiled rice or with crackers.

**Cure for Unrest.**  
Intelligence, patriotism, Christianity and a firm reliance on Him who has never yet forsaken this favored land, are still competent to adjust in the best way all our present difficulties.—Abraham Lincoln.

**Has Anyone Laughed At You Because—**

**By ETHEL R. PEYSER**

You are always having your clothes pressed? They may say it wears your clothes out, but when you wear them you feel like a "regular fellow" whether you are man or woman. A woman in a baggy tailor-made is a thing fit for internment. The beauty of the tailor-made is her nattiness. The man whose clothes are baggy will rarely get a high post—because he looks untidy and uncareful. It may be the style of some folk to go "unpressed." You'd be depressed if you did or you could make little impress if you didn't.

**SO**  
Your get-away here is: Pressed clothes make the best impression, it makes you feel more like a useful citizen.  
(© by McClary Newspaper Syndicate.)

**Uncommon Sense — By — JOHN BLAKE**

**WASTING ENERGY**

SINCE the beginning of time men have wasted millions of years of energy in trying to solve the unknowable.

The mysteries of life and death, the puzzle of space, these things are beyond the grasp of the human mind. Let them alone. There is abundant knowledge that can be learned, useful knowledge that will help you with your career.

Study that kind of knowledge. Take mental food that your mind can digest. Take it in abundance. Work hard to get it.

But do not torture your mind with problems that are beyond your reach. A scientist, searching for truth, determines as soon as he can in what directions he can make progress. And his researches follow in these directions.

Where he sees a stone wall set up against him, he turns aside. There is no use trying to travel any further in that way. There is plenty of work to do that can be done. And that is the work that occupies the investigator's mind.

The average man will need all his brains and all his energy studying things that can be found out. We do not mean things that are already known. If you stopped with these, the world would forever remain in its present ignorance, which is vast compared with what it will know in the future.

But where life comes from, why it flickers for a brief space and dies, and what is beyond the stars is something that until we receive hitherto unheard of light, we shall never know.

Waste no time on these problems. They are as vain as the efforts of the alchemist to turn base metals to gold, which occupied brains that might have been better used on learning more useful things.

Learn first the limitations of the subject that you study. That will dispose of much puzzle and worry, and enable you to go ahead and give it the time and thought that may add to the world's store of wisdom, and will certainly add to your own.

(© by John Blake.)

**YOUR HAND**

How to read your characteristics and tendencies—the capabilities or weaknesses that make for success or failure as shown in your palm.

**PREDISPOSITION TOWARD SELF-DESTRUCTION**

WHILE the average student of palmistry and reader of the hand will have, of course, few occasions to suspect his subject of a predisposition toward self-destruction or suicide, still it is well to enumerate the indications in the hand which have been found in the past to accompany such predisposition. Who can tell that, such signs being interpreted with accuracy, the rash act may not be averted?

Therefore, it is well to know that chromomants have seen a tendency toward suicide in the following signs in the hand:

An exaggerated first phalanx of the second finger in a hand that is otherwise weak. A mount of Jupiter (underlying the first finger) that is exaggerated, with the line of the head joined to the line of health, also a poor line of fate and many lines crossing the line of life. If there is a star at the termination of the line of fate, with another star on the mount of the moon, it is also an evil sign in this regard.

They will give you cost figures, explain how economies may be effected and tell you how the Telephone Company will work with you to make your campaign a success.

The telephone will build business for any concern, large or small

**MICHIGAN STATE TELEPHONE COMPANY**

**Drink Water to Help Wash Out Kidney Poison**

If Your Back Hurts or Bladder Bothers You, Begin Taking Salts

When your kidneys hurt and your back feels sore don't get scared and proceed to load your stomach with a lot of drugs that excite the kidneys and irritate the entire urinary tract. Keep your kidneys clean like you keep your bowels clean, by flushing them with a mild, harmless salts which helps to remove the body's urinous waste and stimulates them to their normal activity. The function of the kidneys is to filter the blood. In 24 hours they strain from it 500 grains of acid and waste, so we can readily understand the vital importance of keeping the kidneys active.

Drink lots of good water—you can't drink too much; also get from any pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast each morning for a few days and your kidneys may then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for years to help clean and stimulate clogged kidneys; also to neutralize the acids in the system so they are no longer a source of irritation, thus often relieving bladder weakness.

Jad Salts is inexpensive; can not injure; makes a delightful effervescent lithia-water drink, which everyone should take now and then to help keep their kidneys clean and active. Try this; also keep up the water drinking, and no doubt you will wonder what became of your kidney trouble and backache. By all means have your physician examine your kidneys at least twice a year.

**Queer Method of Swimming.**

Most extraordinary is the devil-fish method of swimming. It draws water into its body and then forces it out of a hole below the head. The force of the water as it rushes out propels the creature. Usually, the devil-fish swims backwards, but it can swim forward simply by turning its flexible siphon in the opposite direction.

**PUT CREAM IN NOSE AND STOP CATARRH**

Tells How To Open Clogged Nostrils and End Head-Colds.

You feel fine in a few moments. Your cold in head or catarrh will be gone. Your clogged nostrils will open. The air passages of your head will clear and you can breathe freely. No more dullness, headaches, no hawking, snuffing, mucous discharges or dryness; no struggling for breath at night.

Tell your druggist you want a small bottle of Ely's Cream Balm. Apply a little of this fragrant, antiseptic cream in your nostrils, let it penetrate through every air passage of the head; soothe and heal the swollen, inflamed mucous membrane, and relief comes instantly. It is just what every cold and catarrh sufferer needs. Don't stay stuffed-up and miserable.

**Deepest Gas Well.**  
The depth of natural gas wells varies greatly from less than 1,000 feet to more than 6,000 feet, the deepest well now producing reaching 6,522 feet.

The Battery Shop L. L. Miles.

James Davis is home from Detroit for a visit.

M. R. Crowell is now in charge of the A. & P. store at Charlevoix.

Keep Nov. 26 open. Don't miss the new event—the Faculty Play. adv.

Radio Sets and parts at the Battery Shop. Phone 24 for demonstration. L. Miles. adv.

You can trade your old Stove or Range on a new one at C. J. Malpass Hdwe. adv. t.f.

R. V. Liskum is here from Detroit for a visit with his parents, Mr. and Mrs. Nathan Liskum.

The Eff and Dee Variety Store opens for business Saturday, Oct. 27th. Come in and look around. adv.

J. Leahy, the Optometrist, intends to leave next month for Idaho to spend the winter on his ranch. adv.

Misses Adele Gorman and Nettie LaValley left this week for Flint, where they have a position at the telephone office.

Miss Annabelle Filkins returned Wednesday from Chesaning, where she was called by the death of her father.

Mr. and Mrs. Harold Usher and daughter, of Grand Rapids, are here this week visiting her parents, Mr. and Mrs. W. S. Carr.

Photographer C. J. Nelson left Monday for Detroit, where he attends a three-day school of instruction given by the Eastman Kodak Co.

Mrs. Theodore Ploughman and son, returned to their home in Belding, Saturday, after a visit with her parents Mr. and Mrs. W. R. Barnett.

Mr. and Mrs. James Holben left recently for their home in Little Rock, Arkansas, after spending the summer here with friends and relatives.

Mr. and Mrs. C. M. Pray left Monday for their home at Independence, Iowa, after a visit at the home of the former's brother, Dr. C. H. Pray and family.

Mrs. Anthony Rebec was called to Ladysmith, Wis., this week by the death of her brother, Joseph Votruba. She was accompanied by her daughter, Miss Sophia.

Mrs. George McNally and son, left Monday for their home at Everett, Wash., after spending the summer here visiting her sister, Mrs. Peter Hipp and other relatives.

Mr. and Mrs. Richard Barnett left Thursday for a week's visit with their daughter at the Soo. From there, accompanied by their granddaughter, Marcia Barnett, they go to Tacoma, Wash., where they will make their future home. They have resided in East Jordan some forty years.

All the town is talking about the Faculty play. adv.

Miss Emma Lou Hoyt left last week for Chicago.

Mrs. Wm. Webster left Tuesday for a visit at Detroit.

Mrs. A. Blossie returned home Monday from Detroit.

Mrs. H. L. McMillan of Conklin is here visiting friends.

Mr. and Mrs. L. A. Hoyt were Grand Rapids visitors last week.

Estate Digger for sale cheap at C. J. Malpass Hdwe. Co. adv. 43

J. Leahy, the Optometrist, will be here again Oct. 30th and 31st. adv.

Miss Grace Whitten returned Monday from a week's visit at Traverse City.

Can anyone imagine more fun than will be found at the Faculty play. adv.

Mrs. M. A. Lemieux of Flint is here visiting her daughter, Mrs. Chas. J. McNamara.

Mrs. Catherine Gerner and son, Ed, returned home Tuesday from a visit with relatives in Chicago.

The Eff and Dee Variety Store opens for business Saturday, Oct. 27th. Come in and look around. adv.

All kinds of Furniture, Stoves and Ranges, etc., sold on easy payments at C. J. Malpass Hdwe. Co. adv. t.f.

Call Phone 24 for Expert Storage Battery and Electrical Service.—The Battery Shop, L. Miles. adv. 27f.

Mr. and Mrs. Wesley Wortenbee, Mr. and Mrs. Bert Baldwin and Miss Clara Bechtel, all of Petoskey, were guests of Mr. and Mrs. Robert Webster, Sunday.

James Bennett with son, Jack, and Mrs. Lloyd Bennett of Libertyville, Ill. were here this week visiting the former's brother, William Bennett and family.

Women and girls are wanted at once to work at the Ellsworth Cannery. Some are making four dollars per day at piece work. We need your help. adv. 40-4.

Mrs. Ed. Ager and children left Monday for a visit with relatives at Grand Rapids. Her sister, Miss Anna Fitzgerald who has been here for a visit, accompanied her.

True to its reputation, as the "snow belt," the section south of Elmira, to within a few miles of Alba, received sufficient snow Saturday to cover the ground and roofs of buildings. The warm sun of Sunday quickly removed it, however.

Osego county board of supervisors has approved an appropriation of \$2,200 for the county agricultural agent's support. County Agent Lytle will be retained, farmers of Osego county being highly pleased with the results of his work in that region.

East Jordan is endeavoring to organize a city band. Years ago East Jordan possessed a splendid city band and played many concerts in this and other cities. Business men in East Jordan are behind the move to start another organization.—Petoskey News.

Bert Hamoth and Henry Patton, former residents of Frederic, Mich., are in jail at Charlevoix, charged with moonshining. Sheriff Novak and a force of deputies surprised the men at work at their moonshine camp in the swamp near Boyne Falls. They found five barrels of mash, several gallons of booze, several copper boilers and much coil.

B. F. Scott, one of the inspectors for the Michigan Board of Pharmacy, was a visitor here last week distributing copies of Public Act 85 Laws of 1923 relative to the sale of drugs, nostrums, face powders, bleaches, lotions, toilet and other preparations, etc., by itinerant vendors or hawkers who have not first taken out a state license for conducting such business. Violators of this act are subject to a fine not more than three hundred dollars, or imprisonment in the county jail for not more than ninety days, or by both such fine and imprisonment in the discretion of the court upon conviction.

School Faculty Play to be given Nov. 26th. adv.

Marquette—That the past few years have brought a material change in the county agricultural fairs of the upper Michigan region is the opinion of Paul Bowen, expert dairy and herdman, who has recently returned to the Bay Cliffs stock farm at Big Bay after accompanying a herd of pure-breds from that institution on a three-fair circuit.—Marquette, Escanaba and Houghton.

Marquette—Forest fires in the western and central part of the Upper Peninsula the last week have killed thousands of partridge, according to game and fire wardens. The bird season opens Oct. 15 and closes Nov. 9, the day before the deer season begins. Last year the bird season overlapped the deer season, but the State Department of Conservation changed the dates at the request of Upper Peninsula sportsmen's organizations.

Port Huron—Grand Trunk officials and business men of Bad Axe conferred, recently, on a plan to operate an additional train for freight and passenger service between Bad Axe and Detroit and Pontiac daily, except Sunday. The plan discussed will be submitted to higher railway officials for approval. The curtailment of trains into the Thumb section by the Pere Marquette railroad has placed many Thumb cities and villages at a disadvantage, it is claimed.

RHINE PROCLAIMS REPUBLIC Separatist Workers Arm and Seize Public Buildings.

Aix La Chapelle, Prussia—A Rhineland republic was proclaimed here Sunday. Rhinelanders occupied the public buildings at 4 o'clock this morning without opposition, from the security police. They propose immediately to begin an extension of their control throughout the Belgian area.

The Rhineland republic is an accomplished fact. Any resistance will be crushed pitilessly. Pillagers and disturbers of public order will be punished with the severest of penalties. We shall apply all our care to the questions of food supply and work and will preserve order and peace.

PENINSULAR (Edited by Mrs. E. Hayden) Mr. and Mrs. Ernest Loomis and Mr. and Mrs. Charles Hensley motored to Charlevoix, Tuesday, and were dinner guests of Mr. and Mrs. Lou Hewitt.

Mr. and Mrs. Dan Arnett of east of Boyne City were callers at Mr. Arpotts father's home, James Arnett, of Maple Row, Bunker Hill, Sunday afternoon.

Word has been received from Mrs. Geo. Loomis, who underwent a very serious operation for internal cancer at a hospital in Detroit some weeks ago, has so much improved as to be in her own home and to dispense with the services of a trained nurse.

Mr. and Mrs. Wells Wildy and Mr. Oscar Munson of Boyne City motored out to their farm in Star dist., Sunday.

Orval Bennett had the misfortune to break both bones in his right forearm Thursday evening while cranking his car in Boyne City.

Marion Russell of Ridgeway farms goes to Charlevoix, Tuesday, to work on the road.

Derby Hayden, who has been employed in Petoskey the past several months, came to Orchard Hill, Thursday and spent the afternoon with his parents, Mr. and Mrs. J. W. Hayden. He was accompanied by his landlady, Mrs. Bessie B. Newson. He departed Friday morning for Grand Rapids where he will visit his sister, Mrs. Elmer Faust. He expects to secure employment in that city.

A very large and jolly crowd was in attendance at the Peninsular Grange Game Supper Monday evening, Oct. 22.

Everybody is hustling into their farm work after the four days enforced vacation caused by the rain last week.

By some hook or crook the Peninsula items did not get into the papers last week although they were in the mail box for some time before the mail came Tuesday morning, as they are every week.

The Gleaners are having a potato digging bee for Orval Bennett this Tuesday afternoon.

Edward Dunlop of Mountain dist. is home from his position in Grand Rapids for three weeks to get his business in shape here for the winter. He expects to return to Grand Rapids.

Miss Clara Seiler of Knoll Crest went to Detroit, Monday, where she will speak on Mission work in India at the Fourth-st Presbyterian church, Oct. 23.

Will Gaunt of Three Bells dist. who is employed on the night shift in the Chemical Plant in East Jordan, is digging potatoes in the afternoons.

Mr. and Mrs. Ira McKee of Star dist. were dinner guests of Mr. and Mrs. Clarence Johnston in the Three Bells dist., Sunday.

[Following Peninsular Notes received Thursday noon of last week—too late for publication in current issue.]

Hunting season opened Monday and by the sound it is safe to say there was some hunting done.

Mrs. Ed. Winkler and Mrs. Swift of Boyne City spent last Tuesday with Mrs. Ernest Loomis at Maple Lawn.

Mr. and Mrs. Fred Pendock and daughter, Frances, of Detroit visited Mr. and Mrs. Ray Loomis at Gravel Hill, north side, Thursday.

Mrs. Nellie Evans and little son, F. J., who have been visiting her parents, Mr. and Mrs. Joel Bennett, for two weeks, returned to their home in Flint last Saturday.

Mrs. Mercy Woerful is confined to her bed with asthma, at her home in Gravel Hill, south side.

Hay bailing has been suspended because of potato digging.

Miss Dorothy Jarman went to Fife Lake, Sunday, where she expects to spend some weeks with Mrs. James Ruppert.

The J. P. Sailer family contemplate moving to East Jordan for the winter in the near future.

Mr. and Mrs. David Gaunt of Three Bells dist., and Mr. and Mrs. R. H. Houghton of Mountain dist. made a dinner party at the Clarence Johnston home in Three Bells dist., Sunday.

Geo. Jarman, Edward Guerin and Frank Conyer are digging potatoes for F. H. Wangeman.

Almost every other job is suspended to dig potatoes.

A delightful rain Saturday laid the dust somewhat.

Quite a delegation from Peninsular attended the football game in Boyne City, Friday afternoon.

Quite a crowd from this section attended the dance at the South Arm Grange Saturday evening and report a fine time.

Mr. and Mrs. A. J. Beers, who have resided on their farm at Beers' Bay continuously since 1868 but sold it recently to the Pine Lake Golf Grounds, are moving their household goods into their new cobblestone cottage on the F. H. Wangeman farm, and will soon be settled.

Mrs. Ernest Loomis received word recently that her sister, Mrs. George Loomis—who underwent three operations for cancer in a hospital in Detroit a few weeks ago—is slowly gaining.

C. H. Tooley of Boyne City purchased a herd of cattle from J. W. Hayden at Orchard Hill, Friday.

A large herd of cattle were driven east across the Peninsula, Sunday, but I was unable to ascertain to whom they belonged.

Mrs. Ernest Loomis of Maple Lawn spent Saturday in Boyne City, helping her sister, Mrs. Arthur Gaunt, and family move.

Joel Bennett is taking treatment from Dr. DeJordy in Boyne City.

A letter from Elton Jarman states he and his bride are keeping house in Traverse City, where he has steady employment.

Leu Bros. threshed and baled straw for L. E. Phillips, Wednesday.

The most delightful weather conditions for fall work.

Mr. Jack and Miss Anna Jordan, Miss Anna Wilson, of Mountain dist., and Miss Hattie of Boyne City were callers at the J. P. Sailer home, Sunday.

Mr. and Mrs. Committee of East Jordan were visitors at the W. Sanderson home, North Wood, Sunday.

Items Of Interest in World's News

Trade Pact Extended. Madrid—President Primo de Rivera informed ambassador Alexander P. Moore that the Spanish government had decided to extend the American-Spanish commercial treaty six months.

Mississippi Solon Expires Suddenly. Jackson, Miss.—Ben G. Humphries, representative from the third congressional district of Mississippi, died suddenly at his home in Greenville. Humphries had served in congress for 20 years.

Walks 109 Miles to Answer Summons. London—A young man out of work told the Scarborough magistrates that in order to answer a summons he had walked from Manchester, 109 miles. His case was adjourned and his return fare to Manchester was paid out of the poor box.

Mark Falls Fast. Berlin—The mark has fallen so fast that the government has to use stamps on issues of smaller postage stamps; stamps become obsolete in a few days and dealers are buying them in large quantities to sell to stamp collectors.

Storm Cripples Alaskan Railways. Washington—One hundred miles of the Alaska railroad have been put out of commission, according to a telegraphic report received by Secretary Work from Anchorage, by an unusually severe rainstorm combined with high tides.

Bavaria's Oldest Tree Cut Down. Berlin—Bavaria's 3,000-year-old tree a beech believed to have sprouted when Solomon was entertaining the Queen of Sheba, has been cut down in the Frankeawald, near Kulmbach, and notable German naturalists are studying the stump.

Moro Rebels Slay 13 Persons. Manila—Two school teachers, one supervising teacher, one lieutenant, a sergeant and eight privates of the Philippine Constabulary were killed by Moros at a schoolhouse at Lake Buluan, Lanao province, Island of Mindanao, according to advices received here.

Plans New Arctic Flight. New York—Captain Roald Amundsen, arctic explorer, on his arrival from Alaska, outlined his plans for another attempt to fly over the north pole next summer. On this attempt, the start will be made from Spitzbergen, instead of Alaska as in the trial that failed last summer.

Oglethorpe Bones to Stay Abroad. Cranham, England—General Oglethorpe, founder of the state of Georgia, is to remain in his original burying place. Yielding to British public opinion, which had almost reached the point of unanimity, Dr. Hornwell Jacobs, president of Oglethorpe university, abandoned his project to transport the Georgian hero's ashes to America.

Is Largest Poultry Center. Petaluma, Cal.—Petaluma is the largest poultry center in the world. It is the home of 12,000,000 chickens, which last year produced 32,000,000 dozen eggs, 27,775,000 dozens of which were shipped to various markets, and 11,790,000 chickens. Petaluma hatcheries produced more than 12,000,000 baby chicks last year. The investment in poultry farms and equipment is estimated at more than \$22,000,000.

Hunter Bags Record Caribou. Wrangell, Alaska.—A caribou killed by D. W. Bell, of Williamston, Pa., a member of a party that has just arrived here after a hunt in the Cassiar district, across the Canadian border from Wrangell, was today pronounced by experts the largest specimen ever seen. The party brought in more than 100 caribou, many of unusual size. R. N. Burns, of Boston, killed a moose whose antlers had a spread of 61 1/2 inches.

Hen Lays 2 Eggs a Day. Clintonville, Wis.—A hen may be a hen, but sometimes one is as good as two. Louis Randt, of this city, has one which is far above the average for industry and devotion to business. Recently Mr. Randt found that he was daily gathering more eggs than he had hens. A little quiet investigation disclosed the fact that one of the most unassuming looking of his flocks was producing two eggs per day in stead of one.

Kiddies Have Auto. An electric automobile carrying two children and weighing less than 100 pounds has been invented in France.

Washington, D. C.—Dr. T. A. Jagger, volcanologist of the weather bureau, United States Department of Agriculture, who has left to study the cause of the recent earthquake in Japan.

MICHIGAN GAINS IN PURE CATTLE

Tuberculosis Tests Reveal Fewest Infections in Last 5 Years.

Lansing—A substantial decrease in the percentage of cattle infected with tuberculosis is shown in a report covering tubercular inspections for the fiscal year of 1923, completed by the State Department of Agriculture.

Of 274,014 cattle tested, 6,090 reacted to the tubercular test, for a percentage of 2.22 per cent. In 1922 the percentage of infected cattle was 3.56; in 1921, 2.48 per cent; in 1920, 3.08 per cent, and in 1919, 3.46 per cent. The cattle tested last year represented 16.5 per cent of the total number in the state.

According to the report there are 464 herds of pure-bred cattle in the state, absolutely free from tuberculosis, and 27,954 herds of other cattle containing 205,200 cattle that have successfully passed the test.

Four counties, Hillsdale, Emmet, Antrim and Charlevoix, were placed on the official accredited list, with less than one-half of one per cent infection. Inspection work is in progress in 15 counties, and 21 are on the waiting list. It is estimated that 40,188 herds, containing 426,214 cattle are waiting for inspection. Leelanau and Grand Traverse counties, as the result of recent inspections, will probably soon go on the accredited list.

Despite the controversies in which the tubercular inspection work has been involved in the past year, in the State Administrative Board and the Legislature, the report shows that the state, during the year, paid out \$316,160 in indemnities as compared with \$186,000 the preceding year.

GIANT BOMBER DWARFS MATE

Barling, Biggest Plane, Carries Six Tons of Gasoline.

Dayton, O.—The Barling bomber is the largest aeroplane. The Martin bomber, the largest aeroplane in use by the air service before the advent of the Barling, is a pigmy compared to it. The Barling soon is to make a tour of the country.

The Barling has a wing spread of 120 feet, a height of 28 feet and an overall length of 65 feet.

The gasoline capacity is six tons, or 2,000 gallons. The oil capacity 1,356 pounds or 181 gallons. Six Liberty engines are required to power the Barling.

The minimum crew required to operate the Barling consists of four men.

The weight of the aeroplane loaded will exceed 40,000 pounds. Specifications required a flying speed of 90 miles per hour. On her initial flight the Barling accomplished 93 miles per hour without difficulty.

TWO ENTOMBED MINERS SAVED

Rescued After Being Underground For 56 Hours.

Bingham, Utah—Joseph Norden, superintendent, and Jose Ratalaza were rescued from the Utah-Apex Metal Co.'s mine after being entombed 56 hours. The bodies of two others were located in the rock pile near the place where Norden and Ratalaza were freed, but because of the immense pile of stone and timbers it was impossible to identify them.

Neither of the two rescued last week was hurt. They attributed their good fortune to an especially strong set of timbers directly above them when the crash came.

Wild Animal Prices Higher. Hamburg.—Wild animals cost a good deal of money at the present time. A giraffe brings about \$5,000; hippopotamuses from \$2,500 to \$5,000; and good lions are worth \$1,500 each.

The principal reason for the scarcity of wild animals is the interference with the pursuit of the industry of providing wild beasts, the European center of which is at Hamburg. John Hagenback has applied to the British authorities for permission to send mail catchers to India.

RELATIONS WITH DRESDEN CUT OFF

SAVARIA RECALLS ENVOY AS RED SAXONY PREMIER DEFIES BERLIN GOVERNMENT.

CIVIL WAR FEAR OF CABINET

Ebert Refuses to End State of Siege With Germany Torn by Internal Strife.

Berlin—Diplomatic relations between Bavaria and Saxony have been severed. Saxony dismissed its charge d'affaires to Bavaria and announced the appointment of a new minister, whereupon the Bavarian government replied declining to receive the new minister as long as the communist party was represented in the Saxon ministry. At the same time it recalled the Bavarian minister from Dresden.

Threats by the German federal government of immediate drastic military action against Red Saxony Thursday followed declaration by Dr. Zeigler, the radical premier of Saxony, who openly defied the demands of the federal dictator of the Dresden district, General Mueller.

Zeigler declared in the Diet he was ready to fight for a dictatorship of the proletariat.

With President Ebert of Germany refusing the Socialist demands here to raise the state of siege proclaimed throughout the country and Mueller in a mood to spill blood in Saxony, the situation was considered the most tense that has confronted the reich since it abandoned resistance in the Ruhr.

The cabinet met to consider the dangerous situation in Saxony where the communists are in control of the government.

Speeches made in the Saxon diet at Dresden indicated there is virtually an open break between Saxony and Berlin.

Official announcement was made in the afternoon that the Berlin government fully backs up General Mueller, commander of the reichwehr in Saxony and supports his ultimatum to Premier Zeigler of Saxony, demanding disbandment of the armed "proletariat guards."

LARGE PROFIT HANDLING COAL

Wholesalers Get All Traffic Will Bear, Says Report.

Washington—Tracing anthracite shipments through distribution channels on its way from the mines to consumers, the Federal Trade Commission has found a number of instances in which domestic coal was handled on an unusually large profit margin, and also was "scalped" or passed from hand to hand with added profits en route.

The first of a series of weekly reports issued covered the findings from wholesalers' reports for the week ending Sept. 22.

The study was made, the commission said, at the direction of President Coolidge.

A wholesale margin of 25 cents a ton on coal handled, the commission concluded, was "rather generally recognized in the industry," while margins of 75 cents or more a ton were said to be "the result of wholesalers charging what the traffic will bear."

Taking all the domestic coal handled during the week ending Sept. 22, the report continued, it was found that 9.8 per cent had been handled on a \$1 a ton margin.

YOST RESIGNS AS U. OF M. COACH

Famous Mentor Chokes With Emotion As Announcement is Made.

Ann Arbor—Fielding H. Yost, for 23 years Michigan's football coach is through. Barring the unforeseen, the football world has seen the last Yost-coached eleven. The "hurry-up man" has joined the great coaches of history.

In a dramatic speech before the University Press Club, his voice choking with emotion, the grand old man of Michigan football, who has raised the maize and blue tams to the pinnacle of fame, announced that he has surrendered his coaching to others and that he will henceforth be simply the athletic director of the University of Michigan.

Mr. Yost's retirement does not mean that he is through with Michigan athletics—that he will leave Ann Arbor. It means simply that he will no longer coach the football teams, but will devote his energies to reorganization work and to supervising Michigan policies.

Prophecies Lightning Stroke

Superior, Wis.—Neighbors used to merely grin when they heard Joseph Marshall, a farmer living near Sanders, Wis., predict that some day lightning would strike him. Now they are taking his abilities as a forecaster more seriously. Marshall was seated on the porch of his home in a thunder-shower, when a bolt enveloped him in flames. He was painfully burned and his right leg was shattered. Physicians attending him said he had an even chance for recovery.

SHOWS BATS—THIS IS BEING UNDERSTOOD BY ALL MEMBERS OF OUR HAPPY FAMILY WHOSE SUB-CONSCIOUS ARE BEING FULLY PRETTY GOOD OUT, MEANING EXPIRE, WILL PLEASE COME IN AND BEHOLD THE MIGHTY WATM PER A WRITTEN INVITE! THANKS!
