## Two Drowned In Pine Lake While Bathing

### Tragic Event Ends Happy Little Beach Party.

The waters of South Arm of Pine Lake claimed two more victims last Friday evening, June 27th.

William Crawford, in an effort to save the life of Lee Nowland, was carried into deep water and both were drowned.

The tragic affair was the close of what was to be a pleasant little beach party. Mr. and Mrs. William Crawford with son Rex, Miss Lucile Holt and Lee Nowland had gone to the lake beach just beyond Monroe Creek that evening for a picnic supper and bathing. They arrived there about 7:30 p. m. and Nowland and Crawford immediately started to go into the water for a swim. Nowland was the first one in the water and had gone out to a depth of about four feet when something happened and he began to cry out for assistance. Crawford on the shore immediately went to his help. Both men were good swimmers but evidently Nowland was unnerved and when Crawford reached him there ensued a struggle in the water. They worked out into deep water and both sank below the surface.

The ladies immediately summoned help. Considerable trouble was experienced in locating the bodies and they were in the water about an hour and fifteen minutes. When found the bodies were in about ten feet of water and lying near each other.

Drs. Dicken and Parks had been summoned with the City's pulmonator, and as soon as the bodies were brought to shore, a thorough effort was made to resuscitate them without avail. Both men had died from drowning as their lungs were filled with water.

William John Crawford was born at East Jordan, May 2nd, 1892, being 32 years of age. His parents were Mr. and Mrs. John Crawford. He has made this city his home all his life, of late years working at the Furnace.

On June 30th, 1915, he was united in marriage to Miss Margaret Holt of East Jordan. Two children were born to them—Rex, now aged eight years; and Lucile, aged five years. Deceased is survived by the wife and two children; also by one brother, Verne Crawford of Muskegon; and one sister, Mrs. Earl Gould of East Jordan.

He was a member of South Lake Lodge No. 180, Knights of Pythias.

Funeral services were held from the Presbyterian Church Monday afternoon, June 30th, conducted by the pastor, Rev. C. W. Sidebotham. Interment at Sunset Hill.

Lee Marvin Nowland was born in Wilson township Charlevoix County, March 28, 1903, his parents being Mr. and Mrs. Sam Lee Nowland. He was in his 21st year and was residing with his parents.

He is survived by the parents; three brothers, Andrew John and Ivan of Milwaukee, and Conn of Wilson; also one sister, Miss Alice of Wilson.

Funeral services were held from the Wilson Grange Hall at Afton, Tuesday afternoon, July 1st, conducted by Rev. Henry Hulme, pastor of East Jordan's M. E. Church. Interment at Sunset Hill.

Both funerals were largely attended by friends of the two families, who deeply sympathize with them in their sad bereavement.

Among those here from out-of-town to attend the funerals were:—Mr. and Mrs. Ray Holt of Detroit; Mr. and Mrs. Verne Crawford of Muskegon; Miss Ursula Crawford of Belding; George Crawford of Allegan; Mr. and Mrs. Thos. Thorson of Traverse City, Mr. and Mrs. Wesley Staley of Charlevoix.

### Beauty Aids

"Some girls proceed according to this system," remarked Hoffy. "If five bracelets will make you beautiful, ten bracelets will make you irresistible." "The Congo belle carries that theory to its logical conclusion," interposed Cuthbert. "Wears about sixty pounds of assorted junk."—Louisville Courier-Journal.

## Home Team Shuts Out Boyne City

### East Jordan In Fine Trim For Opening of N. M. Resort League

Excellent pitching by Jack Gunderson and Mulla DeLoof kept the Boyne City team from reaching the home plate last Sunday while East Jordan was scoring twelve runs in the opening game of the Northern Michigan Resort League.

Gunderson pitched the first six innings and was in great form, holding Boyne City to three hits and striking out twelve men, five in succession in the third and fourth innings. Jack also made three hits, and a sacrifice fly and scored three runs. Boyne City had only one base runner as far as third and only two others as far as second base. The side was retired in order in the first, third, fifth and sixth innings.

DeLoof was in the box for the last three innings and also was in great form. No hits were made off his delivery, two men reached first on bases on balls but neither one could advance to second, one being retired in a double play, DeLoof finished strong striking out the last two batters. Mulla made a two base hit waited out a base on balls, stole two bases and scored one run. He made a nice stop of Coblenz grounder in the eighth starting a double play.

Rigley who has been catching for Olivet College played his first game behind the bat for East Jordan. He caught both pitchers in great style handling the sixteen strikeouts without an error and fielded two bunts throwing the runners out at first. None of the visitors attempted to steal on him. His single in the second inning drove in East Jordan's first two runs.

Covey cut off a run in the second by making a nice pickup of McNally's grounder. He hit a three bagger in the sixth and sacrificed twice, the runners afterwards scoring.

Hank Kamradt made a great catch of Coblenz fly in the second. He also scored two runs and made one hit.

Sam Kamradt crossed the plate three times and made one hit. Dietrick played his usual good game at shortstop, accepting four chances without an error. Ward scored one run and played a good game in the field at first base during the first six innings and at third base the last three. LaLonde drove in East Jordan's third run with a single.

The team played errorless ball and looked good in every position.

With one out in the first inning DeLoof doubled to center and took third when Hank Kamradt was out on a grounder to McNally. Sam Kamradt flied to Mellencamp for the third out.

In the second Gunderson led off with a single and was sacrificed to second by Covey. With two strikes on him Ward struck at one that went by the catcher, Ward reaching first and Gunderson going to third. Ward went to second on the first ball pitched. Gunderson and Ward scored on Rigley's single to left. Rigley took second on the throw to the plate to get Ward, Rigley crossed the plate on LaLonde's single, LaLonde going to second on the throw in. Dietrick grounded to Cody and LaLonde was thrown out Cody to Manglos, Dietrick making second on the play, DeLoof flied out to Mellencamp.

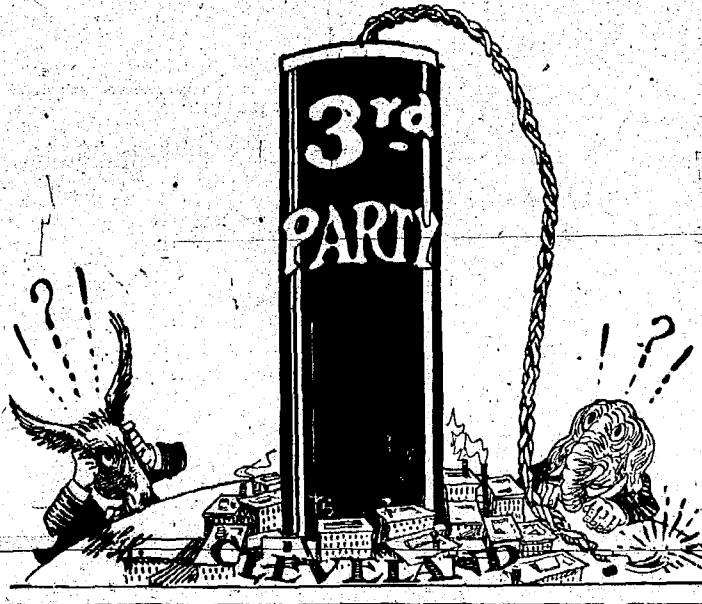

Hank Kamradt opened the third inning with a single. Sam Kamradt hit a grounder to Manglos who threw past first, Hank Kamradt taking third and Sam Kamradt second. Both runners scored on Gunderson's single. McDonald went to the box for Boyne City Covey sacrificed, Ward grounded out but Rigley's grounder got away from Mellencamp and Gunderson crossed the plate. LaLonde flied to Krueger.

After one man had been retired in the fifth Gunderson singled, Covey was out on a fly to Saffron. Ward was hit by a pitched ball. Mellencamp missed another grounder from Rigley's bat and Gunderson made another score. In the sixth Manglos dropped DeLoof's fly and Mellencamp lost H. Kamradt's grounder. Sam Kamradt hit to McNally and was safe when no one covered first. DeLoof scoring, H. Kamradt scored on Gunderson's sacrifice fly and Sam Kamradt crossed the plate on a passed ball Covey tripled to left and scored on a passed ball.

East Jordan filled the bases in the eighth but was unable to score.

Boyne City was retired in order in the first inning, Hank Kamradt making

## What Will It Be?

a nice running catch of Coblenz fly. With two out in second Manglos singled and took second on Saffron's single to left. Covey averted further trouble by making a great stop of McNally's grounder.

Gunderson retired the side on strikes in third and fanned the first two batters in the fourth. Bradley was passed and went to third on Manglos single. DeLoof took Saffron's grounder and threw him out at first retiring the side. None of the Boyne City base runners reached second after the fourth.

DeLoof went to the box at the start of the seventh. With two out Saffron waited out a base on balls but McNally struck out. In the eighth Kruger was passed, Mellencamp struck out, DeLoof took Coblenz's grounder and Kruger was forced at second and Coblenz doubled at first. DeLoof struck out the last two batters in the ninth.

On account of rain the game scheduled at Traverse City last Saturday was postponed until Wednesday July 2. East Jordan plays at Boyne City July 4 at Charlevoix Sunday July 6 and at Cheboygan Tuesday, July 8th.

Lansing—Lansing's 1924 tax rate averages seven cents higher for each \$1,000 than that of last year, figures published by the city comptroller here show. The Average tax rate that property owners will pay this summer is \$8.54 per \$1,000, while it was \$8.47 last year. The general city tax is \$8.04, but the ward highway taxes raises it to \$8.54. The total assessed valuation of the city, was set at \$144,999,085, an increase of about \$14,000,000 over that of last year. The budget of \$1,159,799.88 is 10 per cent higher than last year.

A lot of bum actors are getting by in the movies because people never throw things at a picture.

Kalamazoo—At the twentieth annual commencement of Western State Normal school, 567 students received degrees, the largest class in the history of the school.

Monroe—By a vote of 175 to 63, taxpayers here decided to bond the city for \$58,000 to erect and furnish an addition to the Lincoln school building in the Fourth precinct. Many women voted.

Detroit—While he was trying to live up to a "dare" by swimming from the Belle Isle bridge to a canoe house, Chester Halstead, 18 years old, was seized with cramps and drowned before a rescuer could reach him.

Flint—Gift of \$100,000 by C. S. Mott, vice-president of the General Motors Corporation to the building fund of the Young Women's Christian Association, as a memorial to his wife who was killed recently in a fall from a window of her bedroom, while ill, was recently announced.

Houghton—Struck by a speeding motorist while carrying his baby son in his arms, Peter Mitchell, 36, an Indian, was instantly killed while the child was thrown clear and miraculously escaped unhurt. Other Indians at the Indian mission at Assinins gave chase but the speeder escaped.

Detroit—Edsel B. Ford Monday refused a check for \$39,000 tendered to him by the insurance company for settlement growing out of the theft of valuable gems taken from the Ford home last week. Mr. Ford said that he preferred to wait until the insurance company had a chance to recover the jewelry.

Port Huron—Albert McMahon, the 17-year-old youth who confessed to setting fire to several barns in Riley Township, has been placed on probation by Judge Harvey Tappan. The youth in his confession said he fired the barns for the excitement of seeing them burn. In one fire several head of valuable cattle were killed.

Port Huron—The only casualty attributed to the electrical and wind storm recently was reported in the death of Harvey Hall, 10 years old, who was injured fatally when blown from the top of a sand wagon and crushed beneath the wheels. Two brothers riding with him were also swept from the wagon but escaped injury.

Detroit—Although the adjusted compensation applications have been received by the Service Central Bureau and the Wayne County Council branch of the American Legion, only applications can be accepted at this juncture by these organizations, from disabled ex-service men or dependents of the deceased, it has been announced.

Ironwood—Fearing that a fallen electric transmission wire was endangering members of the family with whom he was boarding, Arcangelo Lagulla, 43 years old, attempted to pick it up and was electrocuted. The wire fell when a motorist ran his automobile into a pole. Another man standing near Lagulla at the time narrowly escaped death.

Ann Arbor—Scholastic failure ended college careers for 206 University of Michigan literary students when the grades were compiled for the final summary by Dr. Arthur G. Hall, registrar. This total is divided into two groups, 175 of whom were sent home and 31 of whom were notified that they will not be accepted again as students at Michigan. This list is from a group of 5,000 students.

## Bonus Blanks Now Ready

### American Legion To Hold Meeting Monday Night.

Application Blanks for adjusted compensation are now ready for distribution at Post Headquarters. Officers of the Post will assist ex-servicemen in filling out these blanks. Those calling at Post Headquarters to have their blanks filled out should bring with them their honorable discharge certificate from the army, navy or marine corps. This document is absolutely necessary to enable the person assisting the veteran to make out the blank correctly in the least possible time.

A special meeting of the Post will be held Monday evening, July 7th at 7:00 standard for the purpose of getting these blanks filled out. All ex-servicemen invited.

## REPORT OF CHARLEVOIX COUNTY CO-OP. COW TESTING ASSOCIATION

A Grade Jersey Cow from the herd owned by S. Ulvund, of East Jordan, heads the list of high producers, in the Cow Testing Association of this County. This cow freshened on April 13, and during the month of May, she produced 1,360 lbs. of milk and 66.64 lbs. of butter fat. The second high cow in the "Matured Cow" class is owned by Ed. Jensen of Wallon Lake. His cow produced 63.58 lbs. of butter fat.

In the 4 year old class, Wm. Withers has the first place cow with 60 lbs. of butter fat. And second place goes to Dan Swanson's Gr. Holstein, who has 46 lbs. of butter fat to her credit.

In the three year old class, Wm. Withers also has a P. B. Holstein that was able to produce 52 lbs. of butter fat. Second place goes to Art. Sheppard's year Holstein.

Siloam Rowena Girl, owned by Orchard Bay Farm, of Charlevoix has first place in the 2 year old class.

Geo. Meggison of Charlevoix has the high herd for May, as his 7 Jerseys made an average of 40.4 lbs. of butter fat. Second high herd belongs to Art. Sheppard of East Jordan.

The lowest herd average of all cows milking in the herd for May, is 18.2 lbs. of butter fat per cow. The average for all cows in the association is 27.1 lbs. of butter fat and 645 lbs. of milk per cow. The average test of all cows in the association is 4.2 per cent butter fat.

There are 40 cows producing over 40 lbs. of butter fat per month, during the month of May.

Port Huron—The wreck of the steamer Tampa which has been berthed in Belle River at Marine City for the last 10 years was struck by lightning not long ago. The hull burned to the water's edge. Twelve years ago the Tampa was sunk in the Detroit River opposite Walkerville while in collision with the steamer John W. Gates. The steamer was in commission for 25 years and at one time was the flagship of the Whitney fleet of Detroit.

Every person knows whether he is a failure, but nobody else knows whether he is.

## Fine Talent For Chautauqua Is Booked

### This Year's Program Brings Pick of Entertainers to Community.

A top-notch program from first to last day is in store for the community during the East Jordan Chautauqua, commencing Sunday, July 20th and continuing until Thursday night, July 24th.

Among the extraordinary features of the course will be the successful comedy-drama "Two Blocks Away," as produced by the MacMurray Players, a group of competent professionals. The play is in three acts and was originally produced successfully on Broadway by George M. Cohan.

Coming also during the six days are Leake's Orchestral Entertainers, musicians of the "different" class; Pietro Mordella and company—Pietro is famous nationally as the premier piano-accompanist; Captain Kilroy Harris, Australian explorer and adventurer, in a lecture detailing his own thrilling experiences in the "bush country" of the Island Continent; Arthur MacMurray, who will lecture on "The Confessions of a Lunthead," humorous to a great degree, yet full of good common sense; Dr. Yutaka Minakuchi, eminent Japanese orator, who comes with a message concerning his native land; and last but by no means least, The White and Black Male Chorus and Minstrels, master of music and comedy, who close their program with a regulation minstrel show, blackface, costumes and all.

The Junior program will be of greater scope than ever, and the work has been so planned that numerous features will be introduced by the workers. As a gift to all children between the ages of 6 and 14 years, a "Little Lady" harmonica, the "smallest perfect musical instrument in the world" will be given free.

It is advisable that tickets for the Chautauqua be secured just as quickly as possible, and that preparations be made for five of the most enjoyable days that summer can bring.

Ways for Checking Inroads of Beetles

Well to Let Fowls Run in Asparagus Patch.

Several ways exist for checking the inroads of asparagus beetles. According to the vegetable department of the agricultural college in New Brunswick, a combination of methods is usually found necessary.

Chicks of all ages feed upon asparagus beetles; therefore, it is well to let the birds run through the patch. Many commercial growers use small colony houses containing a dozen birds. They are placed 150 feet apart each way in the field.

If a few stalks are allowed to develop during the cutting season, the beetles will collect on these, and if the stalks are kept covered with poison the infestation will be considerably checked. When preventive measures fail, it might be well to make ridges higher and cut stalks deeper, as the beetles will do no injury until the stalks come out of the ground.

When the cutting season ends and the plants are allowed to make, the tall top growth, the beetles and their larvae often become very destructive. This top growth is essential for storing reserve plantfood in the roots. The beetles may be checked by dusting powdered arsenate of lead or Paris green upon the foliage when it is wet with dew. A blow gun is effective for making this application.

Grass-Fattened Cattle

Will Give Best Results

Less grain is required when cattle are fattened on grass, according to H. D. Fox of Missouri. Other advantages are: Less nitrogenous concentrates such as oil meal or cottonseed meal necessary, there is no roughage to handle, hogs following the cattle usually make better gains and the manure is scattered in the fields.

Flies and a possible scarcity of labor are the principal disadvantages in such a system of feeding.

The cattle best suited for grass feeding are those which have been wintered on cheap roughages and are thin. Fat or half fat animals had best be finished in dry lot unless they can be kept on grass for at least two months.

Calves or yearlings that are to be marketed during the pasturing season do best when fed grain continuously. Older cattle may do without grain until the middle of July or the first of August. Cottonseed meal or oil meal supplements for corn are advisable for young cattle, and also for older ones if they are to be finished in the shortest possible time. The amount of feed will depend upon how much clover or alfalfa there is in the pasture.

Corn may be fed shelled, ground or broken, shelled or ground probably being better for young animals because they will eat more. More hogs are used to follow cattle in pastures because they will get part of their living from the grass.

Inoculate Soy Beans to

Assist Greater Growth

Inoculated soy beans have made a greater growth than those not inoculated and growing side by side. This is especially true on poor soils.

An experiment at Michigan showed that soy beans that were planted side by side, and the only difference in treatment was that one was inoculated and the next plot was not, on analysis, showed a different protein content. Those that were inoculated had 50 per cent greater protein content than those not inoculated. This experiment was on poor soil where it proved that inoculating has a beneficial effect on the plant itself. This difference was not so great on better soil.

Soy beans grown at Iowa state college under similar conditions, the only difference being that one plot had inoculated beans and the other did not, were easily distinguished in September. At this time the inoculated beans were green while those that were not inoculated were yellow.

One of the easiest way to kill profits is to let expenses grow.

With water so cheap and the cows willing to do the drinking the least a man can do is to provide it.

Thin the vegetables while they are small; thick sowings are likely to mean spindly plants.

The more unseasonable the weather the more seasoned must be the farmer's experience if he is to succeed.

Iowa farmers have spent as much for tiled drainage as the cost of the Panama canal; it may be profitable on your farm.

Even a hog will appreciate plenty of clean, fresh water during the hot days of summer; how much more so will the delicate dairy cow.

Swapping quarters for dollars is the way one farmer describes growing legumes; he says he gets a dollar in soil improvement for every quarter he sows.

"The Bank On The Corner"

Two Standards

The spirit of unfairness toward the sterner sex is always noticeable. When a real pretty boy does nothing but run around and have a good time, people call him a sorry whelp, but when a real pretty girl conducts herself in the same manner people call her a peach.

And There You Are

Little four-year-old Dorothy had learned the Bible text, "Love one another" at Sunday school. She repeated it after returning home and her mother asked her whether she knew what it meant. "Why, of course, I do," she replied. "It means that I must love you, and you must love me; I'm one and you're another."

Sweet Tooth Squirrel

At Epplia, N. H., Mrs. Blair and her pupils noted an interesting bit of natural history. A squirrel was seen playing in a sugar maple near the schoolhouse, and a closer inspection revealed the fact that he had gnawed the under side of a limb and, hanging on by his four feet, was sucking the sap that oozed out. He repeated this performance several times.

Most Frigid Thing in Life.  
A man who probably speaks from experience says that one of the most frigid things in life is a woman's cold shoulder.

**BE PRETTY! TURN GRAY HAIR DARK**

Try Grandmother's Old Favorite Recipe of Sage Tea and Sulphur

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome. Nowadays, by asking at any drug store for "Wyeth's Sage and Sulphur Compound," you will get a large bottle of this famous old recipe, improved by the addition of other ingredients, at a small cost.

Don't stay gray! Try it! No one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by means of the gray hair disappears, and after another application or two, your hair becomes beautifully dark, glossy and attractive.

**TEN INVOLVED IN TRAIN HOLDUP**

Three Who Aided Robbers Sought; \$10,000 Gems Recovered.

Chicago—Federal agents were preparing to go before the grand jury immediately with evidence in connection with the holdup a week ago of a Chicago, Milwaukee & St. Paul mail train near Chicago by robbers who obtained more than \$2,000,000 in cash and securities.

It was asserted by postal inspectors that confessions have been obtained from three of four men charged with actual participation in the train robbery.

It has been reported that indictments would be sought against 10 persons, two others besides those alleged to have actually participated in the holdup being involved as accessories.

Jewelry valued at about \$10,000, said to have been part of the robbery loot, was recovered from Willis Newton, postal inspectors have revealed. It was also reported that additional jewelry had been found in the rifled mail pouches which the robbers discarded near Joliet, Ill.

**FIRED SCHOOL TO FREE PUPILS**

Youthful Culprit Confesses Guilt in Blaze Costing 24 Lives.

Los Angeles, Cal.—Because she wanted the girl inmates of the Hope Development School for Subnormal Children, at Playa del Rey, near here, to be free so "they could have a good time like other girls," one of the inmates, 14 years old, set fire to the building May 31, which resulted in the loss of 24 lives.

This announcement was made by District Attorney Asa Keyes. The girl came to his office voluntarily with the announcement that she "had something to say," Keyes said. Her name is Josephine Berthome and she is an inmate of the juvenile hall here.

Her statement told how she pulled out a sack of kindling wood, placed it under the rafters and set fire to it. She returned to her room, she said, and got into bed and was thinking of her plan to free the other girls when she heard the matron scream: "The building's on fire; come children, come with me."

**D. S. R. WANTS TO BUY BUS LINES**

Will Ask Detroit Voters Approval of Plan to Acquire System.

Detroit—The Department of Street railways will submit an ordinance for the purchase of the equipment of the Detroit Motorbus company to the voters at the fall election, Ross Schraff, assistant general manager of the department, said during a hearing before the council. He stated that a report recommending the purchase of the bus company's system was being prepared and would be submitted to the acting mayor within a few weeks.

Under the present city charter the department does not have to go to the people in order to buy the company's system, but it is considered a better plan to have the public cast a vote upon the proposal. The department could go ahead with the approval of the council, and buy the company out or condemn the company's holdings, Corporation Council George A. Kelly states.

**Indian School to Get \$93,000.**

Washington, D. C.—Expenditures for the education of Indians during the fiscal year of 1925 will total \$5,571,864, or an increase of \$327,689 over the fiscal year of 1924, it was announced at the interior department. The largest increase in the appropriations for 1925 is \$100,000 to pay the tuition of Indian children in the public schools of western states. The amount allotted for the school at Mount Pleasant, Mich., will be increased \$2,000.00.

**STATE NEWS IN BRIEF**

Detroit—Nearly \$16,000 in checks taken in the holdup of the Walker Advertising company pay car, recently, has been recovered, together with the bandits' car.

Lansing—A 15-year-old girl and her mother were killed and two others were seriously injured, when an automobile and a truck collided at Bager's corners, north of Lansing.

Monroe—While fishing in the River Raisin, eight miles west of here, a Monroe man feeling something heavy on his hook and line, raised the body of a baby girl. The child had a stone tied to its neck.

Detroit—By action of the Council July 24 will hereafter be a civic holiday in Detroit, in commemoration of the landing at the site of future Detroit, July 24, 1701, of Sieur Antoine de la Mothe Cadillac.

Detroit—An amendment to the compiled ordinances of Detroit, increasing the salary of the office of Mayor from \$8,000 to \$15,000 a year, has been finally adopted by the Council and signed by Acting Mayor Martin.

Ann Arbor—Michigan will supply the dearth of dentists in the British colonies. Nine students from South Africa were included in the 1924 graduating class of the dental college. Immediately following their graduation they left for various points in South Africa, to establish practices.

Port Huron—An order received by F. E. Morse, local agent for the Detroit, Bay City & Western railroad, was to the effect that all passenger, mail and express service be discontinued. The order was from Willis C. Ogborn, receiver for the railroad, which will continue to handle freight, but only on an irregular schedule.

Flint—So far this year Flint police department has recovered 256 automobiles out of 271 that have been reported stolen since January 1, according to a statement given out by Detective Leone Crandall, head of the police bureau of automobile recovery. He said that so far this month the police have recovered 40 of 41 cars reported stolen.

Lansing—A state-wide quarantine of circuses, state fairs and carnivals, has been ordered by Dr. R. M. Olin, state health commissioner until the quarantine is lifted. It will be impossible for any company to show or move without permission from the state health department. Dr. Olin indicated he will allow them to move nowhere but out of the state.

Ann Arbor—Actual work in completing the reading room of the Michigan Union of the University of Michigan has begun and by the time the students have returned, this room, one of the few unfinished portions of the Union, will be finished. The money, \$21,500, for the completion of the room has been furnished by Mrs. Catherine B. Pendleton, of Detroit, in memory of her husband.

Detroit—The department of public works was successful bidder in four surface paving jobs after competition against private contractors. Whose figures, it was said, the D. P. W. betted by 5 to 8 per cent, a matter of \$1,000 each on the jobs. It is the first time the D. P. W. has bid against the contractors, who object to the fact that the department is not required to furnish bond.

Grand Rapids—The Grand Rapids, Holland and Chicago Railway Company, operating electric lines south and west out of Grand Rapids, has been placed in the hands of a receiver in United States district court. The receivership was precipitated by the action of the village council of the suburb of Grandville in refusing to permit the company to operate cars over the village's main street.

Detroit—The labor barometer of the Employer's Association of Detroit shows a net decrease of 2,137 men employed by its members for a recent week, according to the report of Chester M. Culver, general manager. The aggregate working force of the firms now reporting is 204,211, of which 142,885 are working on reduced schedules. These men are employed in 33 shops and average 40.2 hours for the week.

Detroit—Commencing July 11 the postoffice department will have an automobile service between Toledo and Detroit to bring in the mails arriving in Toledo at 2:35 in the morning, so they will reach Detroit in time for the first delivery. At the present time these mails lie over until 6:15, and reach Detroit so late they generally miss the first and often the second delivery. This morning mail consists of 20 pouches of letters and exceeds in volume of letter mail any other mail of the day.

Lansing—The construction of a concrete wall, capable of enclosing a complete new prison plant, on the north farm at Jackson prison, was authorized by the state prison commission meeting. An appropriation of \$300,000 for the purpose is available. The plan is to start work this fall and employ prison labor exclusively. The hope of the commission members is to obtain a model plant on the new Jackson site; with a large farming, cement producing or quarrying institution in the northern part of the state.

**STATE NEWS IN BRIEF**

Marshall—The board of supervisors, by a vote of 20 to 16 reduced the assessment of all farm property in Calhoun county 10 per cent from the assessment of last year.

Lansing—State leaders and about 90 delegates of the W. C. T. U. held a golden jubilee here recently, to celebrate the start of the organization in the state 50 years ago.

Lansing—The administrative board voted \$3,000 for improvements of the Yanks' convalescent camp, at Union Lake, in Oakland county, Sheriff George Walters, of Detroit, represented the camp authorities in urging state aid.

River Rouge—The rate of taxation in River Rouge has been raised to 12 mills, an increase of one mill over last year's rate. The assessed valuation of River Rouge real estate was estimated at \$23,000,000, an increase of \$1,500,000 over last year.

Owosso—Clayton Thomas, prominent retired farmer, had a narrow escape from death when a small coupe he was driving was hit by an Interurban car, six miles south of Owosso. The car was demolished, but Thomas escaped with a broken collar bone.

Port Huron—The board of supervisors recently authorized the appointment of a committee of three supervisors to visit the auditor-general's office at Lansing relative to returned taxes, and to devise a plan whereby the total amount of returned taxes can be reduced.

Detroit—A new method of smuggling aliens across the Detroit River was uncovered with the discovery in a Michigan Central refrigerator car of 11 men who, after they were looked up, they had paid a Windsor man from \$25 to \$35 each to get them into the United States.

Ann Arbor—Michigan will supply the dearth of dentists in the British colonies. Nine students from South Africa were included in the 1924 graduating class of the dental college. Immediately following their graduation they left for various points in South Africa, to establish practices.

Free soil—A strange insect which has been working havoc among cherry trees of this vicinity has been identified by Prof. R. H. Pettit, entomologist of M. A. C., as the cherry leaf beetle. According to the professor this insect has been troublesome in northern Michigan for years but is just making its appearance this far south.

Lansing—L. F. Hands, state insurance commissioner, recently cited the Associated Employers' Reciprocal Insurance company, of Chicago, to appear to show cause why its state license should not be revoked. It is alleged that the company misrepresented its financial condition when it secured permission to do business in Michigan.

Grand Rapids—George Brockway, 16 years old, was pushed through a store window when the automobile he was cranking, apparently in gear, started, pushing him ahead of it. John Sweet, looking at jewelry in the window, escaped by jumping. Persons who ran to the spot upon hearing the crash, found the youth sitting on the window sill, unhurt.

Mt. Clemens—Construction work has been started on a new concrete bridge to span the Clinton River, on the road which connects Mt. Clemens and Pontiac. A 100-foot river channel 80 feet wide will be dredged at this point at a cost of \$2,000 to permit the construction of the new bridge and removal of a dangerous curve in the road. The project, which is being financed by the State, will cost \$100,000.

Lansing—The state conservation commission has adopted a resolution prohibiting of state owned motion pictures of the Kirtland Warbler and Nathan Leopold until after the trial of the Chicago youth. John Baird, director of conservation, announced sometime ago, that he would ask the commission to take such action. The resolution suggested that after the trial the portion showing Leopold be cut out.

Lansing—The sale of \$3,000,000 worth of highway bonds for work in the fiscal year has been authorized by the state administrative board. Bids will be received July 8. The state administrative board has authorized Governor Grosbeck and Highway Commissioner Rogers to investigate a proposal that the Michigan avenue road, M-17, between Ann Arbor and Detroit, be made a double highway from Dearborn west to the Telegraph road. The route is now a double road from Detroit to Dearborn.

Adrian—The new assessed valuation of Lenawee county was placed at \$73,010,766 by the board of supervisors. An increase of only \$128,110 is represented over the taxation paid last December. The value of farm property was decreased from a year ago, by \$457,220, while village and city property was increased \$293,665 and the value of personal property, \$292,647. Farm values, in comparison with the tax levy of a year ago, have a downward tendency, while village and city property shows a slight increase.

### DEMOCRATS REJECT ANTI-KLAN PLANK

K. K. K. ORGANIZATION SUBJECT OF BITTER FIGHT ON FLOOR OF CONVENTION.

#### "ANTIS" LOSE BY 547 TO 540 VOTE

Another Plank in Platform Provides For National Referendum On League of Nations.

New York—By a narrow margin, 547 votes to 540, the Democratic national convention decided against an anti-Ku Klux Klan plank in the platform.

Newton D. Baker's substitute plank on the League of Nations for the party platform was rejected when the convention voted by a substantial majority to stand by its resolutions committee.

The vote was 351 1-2 votes for adoption of the Baker plank, and overturning the resolutions committee, and 742 1-2 votes for sustaining the majority of the resolutions committee and adopting the plank it presented. These were two votes absent.

The majority plank provides for a national referendum on the League of Nations.

These two planks were the principal controversial points of the platform. As finally decided the Klan will not be named in the platform and the plank on freedom of religion, freedom of speech and freedom of press remains without specific reference to any order or organization.

Other planks of platform include: Further tax reduction and revision of the tariff.

Enactment of legislation designed to restore the farmer again to economic equality with other industrialists.

Readjustment of freight rates and revision of the Transportation Act with a view of eliminating the rate-making section, abolishing the Railroad Labor Board and restoring to states control over intra-state rates.

Operation of Muscle Shoals for maximum production of fertilizers.

Strict public control and conservation of the nation's resources, recovery of oil reserves "fraudulently" leased, and vigorous prosecution of any guilty of wrong doing in leasing transactions.

Governmental control of the anthracite industry "and all other corporations controlling the necessities of life where public welfare has been subordinated to private interests."

Operation of a Government-owned merchant marine "so long as it may be necessary without obstructing the development of a privately owned American flag shipping."

Faithful compliance with the spirit of civil service, and its extension to internal revenue officers.

"Adequate" salaries for postal employees.

Adoption of the so-called "Iamduck" constitutional amendment which would prevent members of Congress from participation in a session after their defeat for re-election.

Revision of the Corrupt Practices Act to prevent excessive campaign contributions and expenditures.

Enforcement of the Constitution and all laws, with an assertion that "the Republican administration has failed to enforce the prohibition law."

Maintenance of Asiatic immigration exclusion by legislation.

Immediate independence for the Philippines.

Establishment of a full territorial form of government for Alaska.

Protection of American rights in Turkey and the "fulfillment of President Wilson's moral award respecting Armenia."

Drafting of all resources in time of war.

Sweeping reduction of sea and land armaments.

Promotion of deep waterways from the Great Lakes to the Gulf and the Atlantic Ocean, and improvement of inland waterways generally.

Enactment of legislation dealing with fraudulent stock sales.

Vigorous enforcement of laws against monopolies and illegal combinations "and such other additional measures if necessary."

The platform denounces the Mellon tax plan "under the Republican administration the economic condition of the American farmers has changed from comfort to bankruptcy," charges that "never before in our history has the Government been tainted by corruption," and pledges the Democratic Party to drive all wrong-doers from public office and mete out prompt punishment.

At the outset there is a tribute to Woodrow Wilson, whose ideals, it is declared, "will serve as an example and inspiration for this and future generations."

U. of M. Accredited 427 High Schools. Ann Arbor—Four hundred and twenty-seven high schools in the state now are on the list of accredited schools of the University of Michigan, according to a report for the year now being made. This is an increase of 35 schools over last year. The university was the first higher institution in the country to accredit high schools, the recommended graduates of which are received into the institution without entrance examinations.

### AMUNDSEN POSTPONES AIR TRIP

Due to Financial Difficulties Explorer is Unable to Get Planes.

Christiania—Röald Amundsen, the explorer, who has been preparing for an airplane expedition to the North Pole, has announced that the trip has been postponed because of economic difficulties, according to a dispatch from Pisa, Italy. Capt. Amundsen declared it would be out of the question for his expedition to start this year.

Recent dispatches stated that the factories at Pisa had refused to deliver the Amundsen airplanes until a balance of £14,000 had been paid on the purchase price. It was also reported that if the explorer was unable to raise the money, the projected expedition would be taken over by the Italian government and Lieut. Locatelli, who was to have piloted the leading Amundsen plane, placed in charge.

### THUGS GET \$3,500 IN GEMS

Representative of Detroit Firm Loses Auto At Same Time.

Detroit—In broad daylight and in the presence of hundreds of persons, two armed men, held up Matthew P. Donahue, salesman for the Capitol Jewelry company, Capitol Theater building, and stole jewelry valued at \$3,500; commandeering his car for their escape.

Donahue was about to alight from his machine when intercepted by the two men with leveled revolvers, who ordered him to leave his "jewel case" in the car. He obeyed and the bandits sped away before pedestrians and motorists were actually aware that a robbery had been in progress.

### BIBLES ORDERED IN SCHOOLS

Supt. Johnson Sends Instructions to State's Educators.

Lansing, Mich.—The Bible will have a place in all public and parochial schools in Michigan next year, if school officials follow instructions mailed to them by Thomas E. Johnson, superintendent of public instruction.

The use of the Bible as a part of the courses of education is one solely up to the local boards of education. There is no state law covering the subject. It is within the power of Mr. Johnson, however, to direct that the Bible be provided for reference work in all schools coming under his jurisdiction.

### COOLIDGE'S PHYSICIAN QUILTS

Sawyer Resigns to Devote Time to Harding Memorial.

Washington—Brigadier General Charles E. Sawyer has resigned as personal physician to the president. The action was taken, it was explained, so that he could return to Marion, Ohio, and devote his attention to the Harding memorial association. The resignation was accepted by President Coolidge.

General Sawyer was physician to Warren, G. Harding before the latter became president and was made personal physician when Harding entered the White House. He was continued in that office by President Coolidge.

More than half of the Brazil crop of 13,000,000 bags has been sold to the United States. France is Brazil's second best coffee customer.

### CHAUTAUQUA DAYS NOT FAR DISTANT

Program For Assembly This Year Made Up of Best Type of Talent

Without question the coming Chautauqua will be the greatest event of the summer in this vicinity. This statement is made because of the fact that the program for the five days' session is made up of talent the equal of which has never before been brought together.

Work of preparation for the Assembly is already under way, and members of the local association are encouraged to believe the attendance will be unusually large.

A glance over the list of talent engaged is sufficient to justify the conclusion that the course will be one of the greatest merit throughout.

Leake's Orchestral Entertainers, a quartet of musicians, who play a great variety of instruments, will open the Assembly. The closing day will bring the Black and White Male Chorus and Minstrels, a glee club of eight members, including the famous comedian, Willie Mack.

The play this year is the comedy, "Two Blocks Away," which has been successfully produced in all sections of the country. It will be given here by the MacMurray Players.

Others on the program include Pietro Mordelia and company—Pietro is famous as a piano-accompanist; Captain Kilroy Harris, Australian explorer and adventurer in his lecture, "Through Unknown Australia"; Arthur MacMurray, who will lecture on "The Confessions of a Lunthead"; Waldemar Götch, violinist, and Alexius Baas, baritone, who will give two artist's recitals and Dr. Yutaka Minakuchi, native of Japan. In his lecture "The Borderland," he discusses the problems of his own country.

The Junior Chautauqua will be of greater importance than ever. That's saying a good deal.

### TERRIFIC STORM DEVASTATES OHIO

HUNDREDS KILLED, MILLIONS IN PROPERTY DESTROYED BY TORNADO.

#### LORAIN, SANDUSKY HARDEST HIT

Eighty-five Mile Gale Lays Lorain In Ruins, 125 City Blocks Practically Wiped Out.

Cleveland—Loss of life in last Saturday's tornado, which wrecked a large portion of Lorain and parts of Sandusky and other Ohio cities, was not as great as first reports indicated, but rechecking of casualties showed that more than 100 persons are known to have lost their lives in this storm and almost simultaneous disturbances at Pittsburgh and in the upper Mississippi valley.

The greatest loss of life was at Lorain, where the latest count showed 59 known dead and 118 injured, a score of them suffering severe hurts. The property loss there was upwards of \$30,000,000, 125 city blocks having been demolished.

At Sandusky it was found that only six persons were killed, although 100 were injured and property valued at \$2,000,000 was destroyed.

There were seven fatalities in Cleveland, although the property damage was small. Pittsburgh reported five persons killed, while Mantua, Ohio, reported three dead and Akron one. The death total in Iowa and Illinois was 12, making a death list of 93. The total property damage when reports from the rural regions are complete will probably aggregate \$50,000,000.

The greatest loss of life at Lorain occurred in the State theater, a four story building which partly collapsed and crushed many of the spectators at a motion picture show.

As soon as rescue work was organized, a survey of the situation led to the deduction that many scores had been killed, for buildings had been whipped down over the heads of several fairly large assemblages. At a bathing beach house the structure was torn to pieces and it was announced that dozens had lost their lives.

The fact that the tornado struck both Sandusky and Lorain while factories were emptied on account of the Saturday afternoon holiday probably reduced the death toll by hundreds, for a number of manufacturing plants were torn down only a few hours after several thousand employees had left their work.

Fears had been entertained for the safety of several steamers on Lake Erie and in Sandusky Bay, but the calm sunlight of Sunday showed that all steamers had safely ridden the storm except one towing launch which had been crushed against a barge. The 35 persons on board this launch scrambled from the wreckage to the barge and escaped injury.

The rural damage probably was not so great as at first feared because the storm jumped over large areas without doing much damage. The tornado struck Sandusky, about 50 miles west of Cleveland and demolished many buildings, bridges and telegraph lines, and then jumped almost the entire distance of 25 miles eastward to Lorain without doing much serious damage.

But at Lorain, a thriving manufacturing city of some 40,000 persons, the black tunnel-shaped wind dropped down with renewed fury. It blew at a speed of 85 miles an hour in spots and possibly much faster at its vortex. The devastating whirlwind swept through the city, twisting and tumbling whatever came in its way.

It was thought that several days' time would be required to clear away the wreckage in the places which the storm hit hardest.

### DETROIT TOURISTS REACH INDIA

Thirty-nine Countries Traveled by Brother and Sister.

Calcutta, India—Captain Wanderwell Pleczenski and his sister have arrived here in two flivvers flying the stars and stripes. The couple are engaged in a world endurance trip and already they have traveled in 39 countries and gone 150,000 miles. They were first to motor through Germany in a foreign car after the war.

They are making their living as they go by exhibiting moving picture films depicting their adventures on the road. Miss Pleczenski drives her car. She has a rifle strapped to the side of her flivver and a case of ammunition is conveniently handy near the steering wheel. The couple are from Detroit.

### Troops May Leave Haiti Soon.

Washington—Evacuation of Haiti by American forces will be affected as soon as internal conditions in the republic make it possible, it was said at the State Department recently. Although Haiti and the Dominican Republic are contiguous geographically, it was pointed out that conditions in each republic presented different aspects. The retirement of the Marines from the Dominican Republic indicates the desire of the Government to the occupation of other countries.

### SUCCESSFUL COMEDY COMING HERE

SCENE FROM "TWO BLOCKS AWAY"

FROM the time George M. Cohan first produced "Two Blocks Away" on Broadway, it has been one of the most popular plays of its class ever written.

There is yet to be recorded a failure in the presentation of this great comedy drama. Among the most successful companies is that known as the MacMurray-Kackley Players and it is this company that will offer "Two Blocks Away" here during the coming Chautauqua.

Arthur MacMurray and Olive Kackley, who head the cast, have put their best efforts into it, both as pro-

ducers and as actors. They have surrounded themselves with a competent company. Mr. MacMurray's fifteen years of successful experience as a dramatic critic, coach and producer assures the success of this company. Miss Olive Kackley is one of the most versatile of stage women. She is actress, director and producer. She also has a record of having trained several thousand young men and women for stage and platform work.

A strong cast whose individual abilities are established beyond cavil or doubt, will support Mr. MacMurray and Miss Kackley in this great comedy drama.
