Great Fireworks Display at Our County Fair

The contract for fireworks display which will be part of the free entertainment at the Sesqui-Centennial Exposition in Philadelphia has been secured by the Hitt Fireworks Display Company of Seattle, Washington, and Elkton, Maryland.

The Directors of the Exposition awarded this contract to this firm in view of the fact that they have had a wonderful experience in handling all classes of fireworks displays gained in 25 years of manufacturing and handling fireworks displays of every description. This old established firm has earned an enviable reputation not only on the Pacific Coast but in Oriental Countries as far away as India.

The Hitt Fireworks Display Company had charge of all fireworks displays at the Panama Pacific International Exposition in San Francisco in 1915 and were awarded a special Medal of Honor as well as the Gold Medal in recognition of the excellence of their products. The Hitt Fireworks Display Company will furnish the fireworks at the Charlevoix County Fair, East Jordan, Sept. 14-15-16, Tuesday, Wednesday, Thursday.

Exhibitors For Charlevoix Co. Fair Take Notice!

To all persons planning to make exhibits at the Charlevoix County Fair, Sept. 14-15-16:

All entries MUST be in place not later than Tuesday night the week of the Fair. No entries will be made after Tuesday night, as the judging will start Wednesday morning.

Our office at the Grounds will be open Monday and Tuesday for entry work.

FRANK BIRD, Sec'y.

The end of many a friendship comes when the other fool insists on telling you how little Philander exhibited such cunning, and apparently intelligent, ways.

No, Phyllis, this editor has no objections to your persuading your friend that two can live as cheaply as one.

Well, to be honest, just about this time of year, we forget about the coal and begin to think we want winter.

Dicken Candidacy Is Receiving Hearty Approval

FROM ALL PARTS OF THE 29TH STATE SENATORIAL DISTRICT ELECTORS ARE FAVORING HIS NOMINATION.

With the date for filing petitions in the September Primary closed and the contests for various offices now in full swing, the electorate of the 29th State Senatorial District are giving careful consideration as to who will represent them in the State Legislative body.

And Charlevoix County's Candidate, Dr. Hugh W. Dicken of East Jordan, is receiving mighty favorable endorsements from citizens in all walks of life and from all parts of the District.

That Doc Dicken is receiving this hearty support is not wondered by those of this part of the district where he is best known.

For nearly thirty years Dr. Dicken has been among the leading practicing physicians in this part of the State, and his work has brought him into daily personal contact with the people. He has visited their homes and firesides, exchanged opinions as to matters pertaining to their welfare, and the communities. Through this daily intercourse for over a quarter of a century he has obtained a thorough knowledge of their needs—a heart to heart understanding that is beyond valuation to any public official.

And Dr. Dicken is a DOER of things. The people of East Jordan know this thoroughly, and, realizing it, have kept him in office as Mayor of our little city for many years. His administration of civic affairs has always been progressive. Through his untiring efforts in mapping out and carrying through various developments, East Jordan is now considered one of the liveliest and most progressive small cities in Michigan.

And being a DOER of things, he closed his physician's office in this city, and cast his lot with Uncle Sam's army during the World War, returning from overseas with the rank of Major, 317th Engineers.

In his campaign for the Republican nomination, Dr. Dicken is making no rash pre-primary promises. Should the people of this Senatorial district select him as their choice, those who know Dr. Dicken, know well that he will be loyal to all the interests of the State of Michigan, and that he will work unflinchingly for the welfare of the people of the 29th Senatorial district in particular.

Monroe—Marie Call, 17 months old, daughter of Ora Call, living 20 miles west of here in Milan township, fell face downward into a watering trough and was drowned in 7 inches of water.

Pontiac—Erection of a new warehouse and offices for the Whitfield, Walter & Dawson wholesale grocery firm, at an estimated cost of \$175,000, will start soon. The firm was burned out two years ago. Its new home will have 50,000 square feet of space, of heavy construction, and will be three stories in height.

Owosso—A squirrel which had gnawed numerous tiny holes in the telephone cables, put more than 400 instruments out of commission here, according to the Union Telephone company officials. During two days of rain, water seeped through the holes, wet the paper insulation, short circuiting the wires.

Coopersville—Strawberries were a valuable crop in Western Michigan this season. Louis W. Perrin, of Coopersville, realized \$1,000 from one acre of berries. He sold them on the market at Grand Rapids for top prices throughout the season. From a patch of 12 acres the Roach Canning Co. harvested 3,026 crates.

What we don't know we won't tell you.

Vacation, Without Your Home Town Paper

Had Picnic At Bob Lo

About 150 Former East Jordanites Participated.

On Sunday July 25th, about 150 former East Jordanites gathered at the foot of Woodward Ave., Detroit to set out for their annual get-together picnic. This year Foreign shores were selected for the occasion. After a two-hour lake trip on the good ship Columbia, we finally landed at Bob Lo, Canada. One could not help but feel a long way from Uncle Sam, and this was impressed upon us by the Royal Mounted Police (mounted on bicycles.) However, the well polished to gue of our worthy leader, (Uncle Bim Jack Cuson) conveys his honorable highness that were all good U. S. citizens out to have a good time, but at the same time would respect the laws of Johnny Bull.

We arrived at our destination about 11:00 a. m. and immediately began to locate tables and a suitable place for our picnic. The head of each family provided a feed bag for his flock. The said feed bags were opened and the groceries were sure punished. Everyone was filled to the brim with plenty to spare. During our lunch a bean eating contest was instigated, Sandy Reinhart and Alfred Blake put up a swell racing, but Sandy was to good at the finish and brested "Al" to the tape by the margin of one bean.

The lunch period was followed with an hour of hand shaking and getting better acquainted. We all discussed our old home town, the good old times, our old friends and neighbors, and just how much we would all love to live those good old days over again.

A base ball game was next in order of events. Harold Nachazel and Verne Richards choose up-sides, after losing the bat up for first choice, the game was then on, and such a game. The line-up was as follows:

CUBS	TIGERS
G. Kime, ss	A. Blake 1b
B. Muma, 2nd	H. Nachazel, ss
D. Burney, 3rd	Rogers, f

V. Richards, p	J. Cuson, c-p
C. Blair, c	B. Liskum, f
Nachazel, ss	W. Johnson 2b
I. Bradshaw, f	H. Cook, 3b
W. Brinkman, 1b	C. Rowley, f
C. Bowen, f	C. Smith, f
C. Bulow, f	
H. Kinney, f	

After nine innings of errorless-base ball and good management, the Cubs finally forged ahead to a 4-3 victory. Barnyard Golf, Pinochle and gossip were the next indoor sports on the program. The pinochle contest was extremely close to the finish, several contestants put by a merry battle and reached the finals. However Mrs. Andy Kime and Mrs. Lou Sheldon seemed to have a little edge on the rest and together were crowned Pinochle champs.

Everyone tried a round of Barnyard Golf and a lengthy elevation contest was necessary to pick the winners. Walter Johnson and Walter Brinkman fresh from the farm were a trifle too keen for the city slickers and true to form copped the royal honors.

Too much credit can't be extended to Lydia and Jack Cuson for their untiring efforts to keep the old crowd together and for the arranging of the party and picnics the past two years. We certainly do have great times at these affairs and cannot urge too strongly the necessity of keeping the good work up. We old East Jordanites must stick together and the only way possible is to attend the parties and picnics.

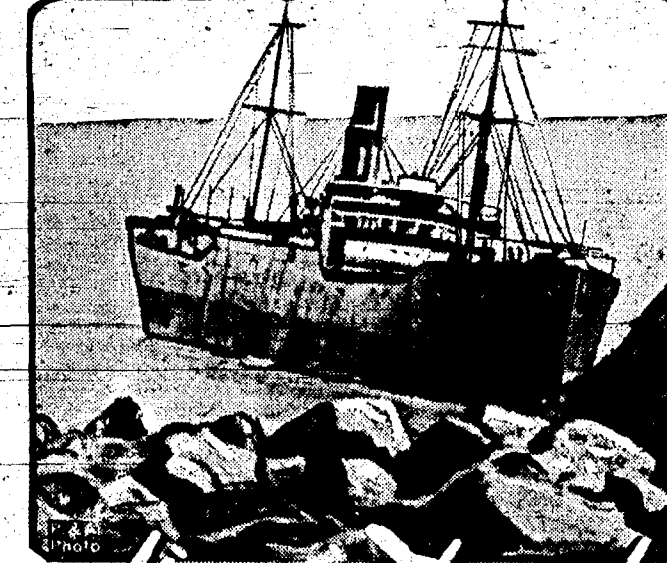

The next party will be a rily in the winter, an announcement will be made in this paper and cards mailed to all on our mailing list. Try and be there and you will never regret it.

After a short business meeting, Vern Richards was railroaded into the Presidents chair for the coming year.

Love and Flattery

Almost any woman can marry any man if she only flatters him enough. In four cases out of five the woman who does this tactfully is sure to get the man she wants. George Elliot wrote: "That's what a man wants in a wife mostly. He wants to make sure of one fool to tell him he's wise."

Fast on Rocks, but Refuses Help

With water pouring into her forward hold, the Garland freighter Norlina which recently went on the rocks at Horseshoe Point, 100 miles north of San Francisco, was still fast on the reef when this picture was made. Despite his position, the skipper refused to accept aid of ships standing by. The crew of 46 men was still aboard the vessel, which was about 100 yards off shore.

Was Resident of Echo Township Over Fifty Years

Alexander Hosler, a well-known resident of Echo Township for over 50 yrs. passed away at the Lockwood hospital at Petoskey, Tuesday morning, Aug. 10th, after a short illness, aged 76 yrs. 1 month and 5 days.

Mr. Hosler was born in New York State, July 5, 1856, and came to Michigan the spring of 1869 where he took up a homestead in Charlevoix County. Dec. 23, 1888 he was married to Minnie Edgerton, who passed away a few years ago. Sixteen children blessed this union, nine of whom survive him: Mrs. C. B. Kent of East Jordan; Mrs. Frank LaNore, Mrs. Archie Allen, Ardis and Frank of Bellaire; Mrs. Forest Lang of Coopersville; Alexander of Owosso; Joseph of Flint and Lewis of Detroit. Also two sisters—Mrs. Mary Dufore and Mrs. Margaret Murphy, and four brothers—Joe, George, Henry and James Hosler.

Funeral services were held Friday afternoon, Aug. 13th, from the Latter Day Saints Church of this city, conducted by Elder L. Dudley. Interment in the Moorehouse Cemetery.

Basil C. Cummins Marries Fla. Lady

Basil C. Cummins, well-known East Jordan young man and son of Mr. and Mrs. Joseph Cummins of this city, was united in marriage to Miss Beulah A. Swift of St. Petersburg, Florida, at that place Wednesday, Aug. 4th. The wedding took place at the M. E. parsonage in that city, the pastor, Rev. Reynolds performing the ceremony.

Mr. Cummins has resided at above place the past three years and is now connected with the White Sewing Machine Co. The bride was formerly a resident of Brooking, S. D.

Saginaw—With the oil development in Saginaw valley only about nine months old, it has been estimated by local oil men that the sum spent so far to finance the production is approximately \$500,000. To offset this investment it is estimated that the production now established in the 19 producing wells, will bring about \$270,000 annually into the treasuries of the various producing companies. At the present time there are about 26 wells being drilled.

Grand Rapids—The summer apple crop is heavy, according to L. C. Carey, secretary of the Michigan Package Information bureau, which has headquarters here. The grape crop, according to Carey, will equal the 1924 yield when approximately 4,000 cars were shipped from Michigan. The peach crop will be on a par with the crop of 1920, the last heavy yield in Michigan, when about 2,000 cars were shipped from the state. Prices for early small fruits have been above the average.

Dowagiac—Seven Cass County residents poisoned by eating gravy and pie crust made from a mixture of flour and poison at the Levi Hess farm, 10 miles east of here, have been pronounced "fairly well out of danger" by physicians. Mrs. Hess explained that when she discovered the flour supply low she emptied a sack of poison into the flour bin, believing it was flour. She did not realize her mistake until all became ill. Examination of the sack revealed it had contained poison intended to kill potato bugs.

Hart—Michigan canners, co-operating with the growers and State and Federal officials, are waging a campaign to stamp out the cherry maggot. The maggot has made its appearance in Michigan for the first time, and unless controlled will bring a vast loss to growers. Canners hold that it is up to the growers to drive out the pest by spraying. The cherry crop in this section is about 25 per cent normal, according to the canners. In the Grand-Traverse district the yield is much better.

Calumet—A letter mailed from Calumet, March 9, 1897, to George Bajak of Jacobsville, about 20 miles from Calumet, was returned to the Calumet postoffice recently marked, "Improperly held by Postmaster." Judge J. B. Curtis, by whom the letter was written, has been dead for more than 10 years and the addressee has been dead since 1917. The letter was mailed out of Calumet a year before this city had a free delivery service. Jacobsville was a quarry town at that time and today contains but half a dozen residences.

Fair Time Soon Here

Charlevoix County Fair At East Jordan, Sept. 14-15-16

Fair time will soon be here. The Charlevoix County Fair which is to be held at East Jordan Sept. 14-15-16 1926 promises to be the best in the history of the Agricultural Society.

According to reports coming in from various parts of the County, all departments will be filled to capacity with unusually fine exhibits.

A beautiful fireworks display will be an added attraction this year. Plenty of Free Acts both afternoon and evening will amuse and entertain both the kiddies and grown-ups.

Four County Bands will furnish music for this 42nd annual event.

There will also be rides and amusements of various kinds for people of all ages. Some attractive features are, Ball Games, Horse Racing, Exhibitions of unusual merit by Hooker's Riding Academy, Aeroplane rides and many others of interest that go to make a good County Fair, where you meet old friends and make new ones.

Make your plans now. Hold these dates open—Sept. 14-15-16.

HANDS OFF, IS U. S. POLICY IN MEXICO

Plan for Severance of Diplomatic Relations Is Turned Down.

Mexico City.—President Calles has vetoed the pushing of the charges against Archbishop Mora Del Rio for his published statements criticizing the government's religious policy. The President's decision followed extended conferences with the government legal authorities.

Washington.—The State department has refused to act on the request of the Knights of Columbus that diplomatic relations with Mexico be severed as a result of the church war.

Secretary of State Kellogg, it was learned, replied that this government must still consider the Mexican religious controversy a strictly internal affair and must continue a policy of hands-off.

It also was learned that any action taken by the United States will be based upon Mexico's antislavery laws, which are the subject of many American protests and are again reaching a critical stage. It is this matter and not the church issue which is bringing Ambassador Sheffield back to the United States to urge a stronger Mexican policy.

The Knights of Columbus' protest was presented by Supreme Knight James A. Flaherty of Philadelphia. He was accompanied by Treasurer Dan J. Callahan of Washington. The protest was based on a resolution adopted at the Philadelphia convention August 8. The resolution advocated immediate severance of diplomatic relations, lifting of the embargo on arms and a move to "eradicate sovietism next door to America."

It was said the department thus far has received none of the reports of outrages against American citizens on which the Knights of Columbus protest was based.

There are several official protests already lodged with the Mexican government on the subject of her antislavery laws. The latest was delivered last week.

Ambassador Sheffield's conferences with President Coolidge will mark the most critical point in determining the course of American policy in Mexico.

WASHINGTON BRIEFS

The shipping board has decided not to offer for sale at this time the American Palmetto line, operating between southern and European ports.

Regulations designed to prevent import of live stock suffering from disease have been published. The regulations, which affect the United States and Mexico similarly, were drafted by representatives of the two nations.

United States treasury officials, it was reported, are preparing to resume negotiations with Greece for the settlement of her \$15,000,000 war debt to this country. Previous negotiations were broken off about three months ago.

Policewomen of the nation's capital are too rough. That was the conclusion of a police trial board, which fined two of them \$25 each on charges of false arrest and rough handling brought by Mrs. Loretta Marx.

Rev. Dr. Walden Meyer, canon of the Washington cathedral, is dead at Gloucester, Mass., where he was spending the summer. A native of Washington, Doctor Meyer was a graduate of Harvard and Oxford.

Illinois Primary Law Is Held to Be Invalid

Dixon, Ill.—The Illinois primary election laws were held invalid and unconstitutional by three judges sitting en banc in the Lee Circuit court here. Their decision, if sustained by the Supreme court, will wipe out the entire system of making party nominations by direct primaries in Illinois.

The basis of the suit and of the decision is that equal representation in county conventions, and consequently in state and judicial conventions, is impossible under the existing law.

The case will go to the state Supreme court in October on an appeal by State's Attorney Mark C. Keller of Lee county. George C. Dixon, country lawyer and grandson of the founder of the town of Dixon, says he is confident the Supreme court will sweep the primary laws from the statute books.

Dixon's attack is the first comprehensive effort that has been made to knock out the general and legislative primary acts of 1910, successors to the nominating laws of 1905, 1906 and 1908, which were nullified one by one by the Supreme court of Illinois shortly after their passage.

Declares Germany "United"

Berlin.—At the Constitution day exercises in the reichstag, Chancellor Marx declared the fatherland was being welded into a united people through the operation of the republican constitution.

If Back Hurts Flush Kidneys

Drink Plenty of Water and Take Glass of Salts Before Breakfast Occasionally.

When your kidneys hurt and your back feels sore, don't get scared and proceed to load your stomach with a lot of drugs that excite the kidneys and irritate the entire urinary tract. Keep your kidneys clean like you keep your bowels clean, by flushing them with a mild, harmless salts which helps to remove the body's urinous waste and stimulate them to their normal activity.

The function of the kidneys is to filter the blood. In 24 hours they strain from it 500 grains of acid and waste, so we can readily understand the vital importance of keeping the kidneys active.

Drink lots of good water—you can't drink too much; also get from any pharmacist about four ounces of Jad Salts. Take a tablespoonful in a glass of water before breakfast each morning for a few days and your kidneys may then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for years to help clean and stimulate clogged kidneys; also to neutralize the acids in the system so they are no longer a source of irritation, thus often relieving bladder weakness.

Jad Salts is inexpensive; can not injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to help keep their kidneys clean and active. Try this; also keep up the water drinking, and no doubt you will wonder what became of your kidney trouble and backache. By all means have your physician examine your kidneys at least twice a year.

Peddlers know where the soft folks live.

USE SULPHUR TO HEAL YOUR SKIN

Broken Out Skin and Itching Eczema Helped Over Night

For unsightly skin eruptions, rash or blotches on face, neck, arms or body, you do not have to wait for relief from torture or embarrassment, declares a noted skin specialist. Apply a little Mentho-Sulphur and improvement shows next day.

Because of its germ destroying properties, nothing has ever been found to take the place of this sulphur preparation. The moment you apply it healing begins. Only those who have had unsightly skin troubles can know the delight this Mentho-Sulphur brings. Even fiery, itching eczema is dried right up. Get a small jar of Rowles Mentho-Sulphur from any good druggist and use it like cold cream.

Dorothy Mackaill in an Ermine Wrap, Fox Collar

Under the classification of "Furs for Next Winter," Dorothy Mackaill, the motion picture actress, is shown wearing an ermine wrap with collar of white fox, in "Subway Sadie," her latest success. This garment is an advance style for the coming season. A fashion show is one of the interesting features of "Subway Sadie" in which, paradoxically enough, the heroine falls in love with a prosaic subway guard.

DIPPING INTO SCIENCE

Sponges

The sponge is a sea animal, and when living, is brightly colored in shades of red, yellow, purple, blue, green, gray or brown, living in the depths of the ocean close to shore, and does not swim.

What we see and know as the sponge is really just its skeleton.

To Clean Marble

Dissolve a large handful of wash-
ing soda in a pint of boiling water
and stir in as much whiting as will
form a soft paste. Spread this on the
marble, and let it remain for a day or
two, then wash it off with soap and
water and polish with a soft cloth.

Frank D. Scott
Always On Job
In Washington

Every Request From District Had
Immediate Personal Attention
of Congressman. Results of
Efforts Are Reflected In
All Parts of District.

When the voters of this district sent
Frank D. Scott to Congress to repre-
sent their interests in Washington,
they had above all others, one out-
standing hope; that he would be on the
job at all times to look after the needs
of the district.

The question of whether or not their
hope in this particular has been realiz-
ed, finds a ready answer in every nook
and corner of the district. If Con-
gressman Scott has accomplished
nothing more, one thing can be said of
his efforts in Congress, without any
fear of dispute or contradiction, "He
has always been on the job." Early
and late, day and night, from the start
of Congress until the closing day, ever
since Mr. Scott has been in Washington
he has worked conscientiously and
hard, for the people of his district and
the district as a whole.

Find one person in the entire district
who will tell you he has not had the
most courteous and prompt attention
from Mr. Scott on any and all matters
taken up with him in Washington.
Find, if you can, one person or group
of persons who can truthfully say, Mr.
Scott has neglected or slighted any of
their requests, no matter how small or
trivial. It can be emphatically stated,
that not one person in the entire dis-
trict, regardless of political affiliations,
has ever been ignored or slighted in
any request.

Congressman Scott has always had at
heart, the interests of his constituents
and the district as a whole. Every
hour of every day and night, Mr. Scott
has been ready and willing to serve the
District and its people. Every ounce
of energy he possesses has been active-
ly put forth in behalf of the district.

Those people who may not have had
occasion to ask Mr. Scott's aid, likely
do not know how quickly and how
earnestly he responds to their re-
quests, but there are in this district,
thousands of people, and many cities,
towns and villages that have asked Mr.
Scott's support. Ask any of these,
whether or not Mr. Scott was on the
job with his coat-off, or whether he
ignored their requests. Ask them if
he left anything undone that could
have worked in their behalf. Every
nook and corner of the entire district
reflects things that Mr. Scott has ac-
complished with a Congressman. There
are right in your neighborhood, coun-
tless people who have had dealings with
Mr. Scott as congressman and these
people, the cities, towns and villages,
all bear out the statement, that Con-
gressman Scott has been actively on
the job, working constantly in the
interests of the district. And they will
also tell you that he generally gets re-
sults. There is one thing which every
voter in the district, regardless of
political belief or affiliation, is willing
to concede, and that is, Congressman
Scott stands ready at all times to take
off his coat and do any job the people
of the district may request. What
more could be asked for any congress-
man? If this is the kind of a Con-
gressman you wish, you should do your
part to help nominate him on Sept. 14th.

Sparks 3 Ring Circus
Coming to Petoskey

Sparks Circus, enlarged in every de-
partment this season, and carrying
eight hundred people, 500 horses, and
the largest collection of trained wild
animals in the world, is coming to
Petoskey, Monday Aug. 23rd, giving
the largest circus parade in the world
at 11:30 a. m. daily.

The name of Sparks Circus is a
household word throughout America.

Among the outstanding features of
Sparks Circus this season is the great-
est Liberty Horse Act in the world--
the famous Sparks Rotation Horses, 16
in number.

No show before the public today has
finer groups of wild animals than those
carried by Sparks Circus this season.

The three herds of elephants include
a group of baby elephants, two of the
herds being handled by ladies.

Among the arenic stars are the fam-
ous bareback riders, the Riding Roo-
neys, from the New York Hippodrome;
the Aerial Guices; Tom and Betty
Waters, sensational wire artists; Sonny
Brothers and the Sells Trio-Comedy
acrobatic act; Flora Bedni, and a score
of other lady aerialists.

The three score clowns are headed
by Paul Wenzel, the man who has
originated more laughable "walk-
arounds" than any "Joey" in the world.

The closing feature is the mammoth
historical pageant, "The Flag of Amer-
ica," written by Prof. DelVacho.
Among the 700 human participants is a
group of Sioux Indians, permission for
them to appear on tour with the Sparks
Circus having been granted by the U. S.
government.

For the convenience of patrons seats
may be secured Circus Day at up-town
ticket office at the same price as at the
show grounds. Don't forget the date--
Monday, Aug. 23rd at Petoskey.

What Parrots Eat

The food of parrots in their natural
habitat consists principally of plant
material, says Nature Magazine.
Everything from the rhizomes and
bulbs of edible roots to ripe fruits and
from flowers to the soft rind and
bark is taken. Anything that the
plant produces is appreciated. The
strong, firm beak crushes the hardest
nut.

What the Newspapers Say--

DANA H. HINKLEY
Candidate

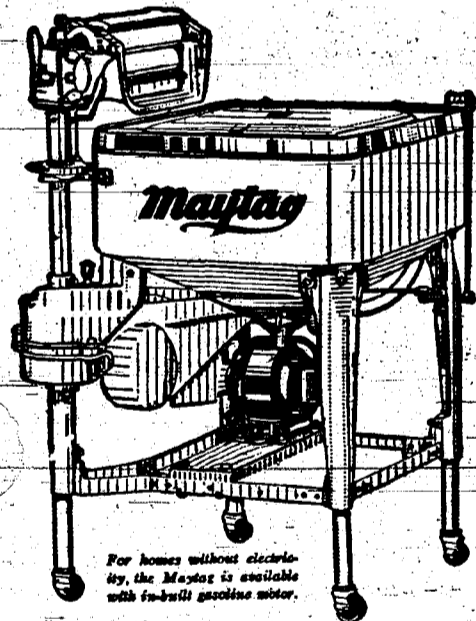

For STATE SENATOR

29th District
Republican Primaries
September 14th

"A capable chairman of the ways
and means committee of the house
of representatives and a trustworth-
y guardian of the public funds."
—Grand Rapids Herald.

"He is the strongest candidate in
the race and one who can fittingly
care for the needs of this senatorial
district."—Presque Isle County Ad-
vance.

"One of the marked assets of
Hinkley's candidacy is the loyal
support he is receiving from former
employees. Workmen who have
been on the Hinkley payroll are
asserting that labor interests will
receive a square deal if he is sent
to Lansing, pointing out that he
was one of the lawmakers who pas-
sed the workmen's compensa-

Campbell Out To Boost All of North Mich.

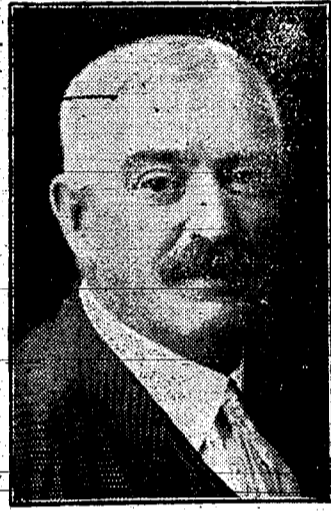

Indian River Man, Resident of Region For 48 Years, Believes Immediate Steps in Development of Michigan's Playground.

If the people of this great straits region approve of the development of its natural resources, of the expansion of its advantages, and the progressive laws and legislation which will tend toward this, then they will approve the candidacy of "Cal" Campbell of Indian River, who is seeking the Republican nomination as state senator from this district.

A thorough believer in the possibilities of this section of the state, Cal Campbell has been a foremost worker toward its development. For years and years, while operating a stone quarry at Afton, near Indian River, Cal Campbell has identified himself with every progressive move to better conditions in this great region.

A staunch republican, a leader of the party in Northern Michigan, Mr. Campbell comes before the voters not by his own choice, but at the urgent solicitation of friends throughout the entire district.

In going into this campaign Mr. Campbell did not jump into it. Rather he was slow to agree to make the race. He had no political ambitions. Although

FOR STATE SENATOR, "CAL" CAMPBELL of INDIAN RIVER.

a leader in the party, he has never asked favors. He has not even sought public office of any kind.

But Cal Campbell is true to Northern Michigan. He is true to his friends, and his desires to see this great section of Michigan develop into the world's greatest playgrounds.

This cannot be accomplished in a few months, it takes years and years of hard work. It takes state aid and state preparations. Roads must be constructed and new territory opened up. In this the state should take an active and immediate interest.

The great shoreline of Lake Michigan from Mackinaw City to Harbor Springs should be opened up at once by a state road.

The prosperity of this whole great straits region depends almost entirely upon the development of its summer resorts. The sooner the roads are constructed along the lake shores, the quicker the tremendous development will start, and the quicker the development, the greater the prosperity, so Mr. Campbell believes, and not half heartedly either, that this great State of Michigan should start now to help develop Northern Michigan's Summer Resort-lands.

Good roads means progress, but new roads mean development and development means prosperity to every man, woman and child residing in this great region.

If the people of this region want to see this country develop, if they want to see the summer resort business expand to the point where prosperity is actually felt by everyone in the north, then they should not hesitate to vote for Cal Campbell for State Senator at the primaries, Sept. 14.

A vote for Cal Campbell is a vote for progress and the development of Northern Michigan's great summer lands. There are other reasons why you should vote for Cal Campbell for State Senator. These reasons will be announced in the columns of this paper each week. Watch for the next issue.

ALWAYS TIRED AT NIGHT—TRY THIS A healthy person never feels constantly tired. Being "too tired" continually is a sign of something wrong. When John R. Gordon, Danville, Ill., found himself "always tired at night and burdened with backache," he took Foley Pills, a diuretic stimulant for the kidneys, and writes: "After a few doses, I felt better, could work with more ease, became stronger and could sleep better." What Foley's Pills have done for others they may do for you. Guaranteed to give satisfaction. Ask for Foley Pills.—Hite's Drug Store, adv.

STATE NEWS IN BRIEF

Lansing—Lansing gasoline stations now are required to have licenses to do business within the city. There are said to be 170 stations in the city. So far, only two have complied with the requirement. The ordinance also requires that all gasoline sold within the city shall pass a prescribed test.

Ironia—Clifford W. Tooker, 23 years old, son of Mr. and Mrs. John Tooker of Muir, was appointed by President Calvin Coolidge as postmaster of that village to succeed Hercules Rice, who resigned several months ago. His appointment makes him the youngest postmaster in Michigan. He won the office over four other candidates.

Albion—The 58th wedding anniversary of Mr. and Mrs. W. H. Davis was quietly observed recently at their Rose Cottage farm near Devereaux. Davis, who is near his 80th birthday, was for a number of years the head of the schools of Parma, Mich. Only a few immediate relatives of the family were present for the event.

Mt. Clemens—Arthur Gauss, 25 years old, wanted in Grand Rapids on a charge of attempted homicide, has been arrested by State Police here. He was found nearly exhausted, sequestered in a drain near Halfway. When found Gauss was lying in about three feet of water 30 feet underground, where he had been sequestered by friends.

Menominee—David E. Crawford, wealthy Marinette, Wis., lumberman, has been acquitted of a charge of arson in the burning of the village of Cedar River June 6, 1925, by a jury in Circuit Court. The jury was out three hours and brought in the acquittal verdict after the fifth ballot. Crawford was charged with setting fire to the village in order to collect insurance of \$130,000.

Grand Rapids—Gustav F. Neman, 51 years old, former city bowling champion and a member of the Ennrite City team which won the A. B. C. bowling championship in 1907 at St. Louis, is dead of an illness which developed from an infection in his thumb which caused a carbuncle. Last week an emergency operation was performed but he failed to rally. He was employed as an insurance agent.

Mt. Clemens—The Sauzedde Wheel Co., through its board of directors, has announced that it will move its factory at once to Detroit. The company manufactures wire wheels and brakes for airplanes, the unit having been approved by the Army Air Service. Several of the planes entered in the Ford Reliability Tour have been equipped with this wheel and brake. The firm plans to enlarge its production in Detroit.

Lansing—John Baird, director of conservation, has been authorized to take the necessary legal steps to prohibit the collection of rent from "squatters" on state property along Saginaw bay. Baird claimed unscrupulous operators, who have no title to the land, are extorting rent from owners of small buildings inside the meandered line along the water line. The state probably will permit the tenants to remain without paying rent.

Monroe—Dr. Denias Daws, mayor of Monroe, in a recent letter to Police Chief Leroy Wiles, demanded the resignation of that official, effective Aug. 31. The mayor refused to reveal his reasons for the request but declared no charges had been lodged against him. Wiles became police chief the first of the year, when the mayor took office. He came here from Detroit eight years ago, where he engaged in the contracting business. Wiles is out of the city.

Port Huron—Mrs. William H. Johnson, mother of two small children, who is suing her husband for divorce, collapsed in the corridor of the city hall recently from lack of food. She had come to the county clerk's office to report that her alimony check for \$12, which had been mailed to her Saturday, had been taken by some person from her mail box. She said she and her two children had but a pint of milk for breakfast. Arrangements were made to improve her living conditions.

Jackson—Following an alleged "naughty" bathing party at Round lake, near here, when it was alleged, shapely feminine forms as well as masculine shapes, ellouetted sharply against the darkness of the lake waters and showing an absence of any apparel, an order was issued by Sheriff Warren Stoddard banning such affairs and threatening court action against persons suspected of such action. The sheriff's edict also warned against the use of public places as dressing grounds for bathers.

Lansing—The State Board of Education, at a meeting recently approved plans for the new administration building at the Central Michigan Normal School at Mt. Pleasant and for a new library at the Michigan State Normal school at Ypsilanti. The plans will be taken before the State Administrative Board for its approval and then we can begin work," James Skinner, state superintendent of buildings, said. The administration building at Mt. Pleasant will cost \$650,000 and the library at Ypsilanti will cost \$250,000.

Registration Notice For the General Primary Election Sept. 14th, 1926. To the qualified electors of the various wards of the City of East Jordan

State of Michigan. Notice is hereby given that in conformity with the Michigan Election Law, I, the undersigned City Clerk, will, upon any day except Sunday and a legal holiday, the day of any regular or special election or primary election, receive for registration the name of any legal voter in said City not already registered who may apply to me personally for such registration. Provided, however, that I can receive no names for registration during the time intervening between the Second Saturday before any regular, special, or official primary election and the day of such election. The last day for General Registration does not apply to persons who vote under the Absent Voters' Law. (See Registration by Affidavit.)

O. _____ that I am not now registered as an elector therein and that I am voting by absent voter's ballot at the election (or primary election) to be held upon the _____ day of _____, 1926, the application for which ballot accompanies this application; that I make this affidavit for the purpose of procuring my registration as an elector in accordance with the statute; that I make the following statements in compliance with the Michigan Election Law; Age _____ Race _____ Birthplace _____ Date of naturalization _____ I further swear or affirm that the answers given to the above questions concerning my qualifications as an elector are true and correct to the best of my knowledge and belief.

Signed _____ Taken, subscribed and sworn to before me this _____ day of _____, 1926. _____ Notary Public in and for said county, State of Michigan. My commission expires _____, 1926.

NOTE—If this acknowledgment is taken outside of the state, the certificate of the court that the person taking the acknowledgment is a notary must be attached.

REGISTRATION OF ABSENTEE BY OATH If any person whose name is not registered shall offer and claim the right to vote at any election, or primary election, and shall, under oath, state that he or she is a resident of such precinct and has resided in the ward twenty days next preceding such election, designating particularly the place of his or her residence and that he or she possesses the other qualifications of an elector under the constitution; and that, owing to the sickness or bodily infirmity of himself or herself, or some member of his or her family, or owing to his or her absence from the city on public business or his or her own business, and without intent to avoid or delay his or her registration, he or she was unable to make application for registration on the last day provided by law for the registering of electors preceding such election, then the name of such person shall be registered, and he or she shall then be permitted to vote at such election. If such applicant shall in said matter, wilfully make any false statement, he or she shall be deemed guilty of perjury, and upon conviction, be subject to the pains and penalties thereof.

Provided, That any city may provide by its charter or by resolution approved by a majority of the members of its legislative body for the registration of such sick and absent voters on the last Saturday preceding any election or primary election at the places of voting in the several voting districts of such city, instead of on election or primary election day.

PROVISIONS IN CASE OF REMOVAL TO ANOTHER PRECINCT Any registered and qualified voter who has removed from one election precinct of a ward to another election precinct of the same ward shall have the right, on any day previous to election day, on application to the city clerk, to have his or her name transferred from the registration book of the precinct from which he or she has removed to the registration book of the precinct in which he or she then resides. Such elector shall have the right to have such transfer made on election day, or primary election day, by obtaining from the board of inspectors of election of the precinct from which he or she has removed a certificate of transfer, and presenting the said certificate to the board of election inspectors of the precinct in which he or she then resides.

PLEDGE TO THE PUBLIC ON USED CAR SALES

1 All used cars offered to the public shall be honestly represented.

If a car is suitable only for a mechanic who can rebuild it, or for someone who expects only a few months' rough usage on a camping trip, it must be sold on that basis. Each car must be sold for just what it is.

2 All Studebaker automobiles which are sold as CERTIFIED CARS have been properly reconditioned, and carry a 30-day guarantee or replacement of defective parts and free service on adjustments.

This is possible because tremendous reserve mileage has been built into every Studebaker, which it is impossible to exhaust in years.

3 Every used car is conspicuously marked with its price in plain figures, and that price, just as the price of our new cars, is rigidly maintained.

The public can deal in confidence and safety only with the dealer whose policy is "one price only—the one price to all." For, to sell cars on this basis, every one of them must be honestly priced to begin with.

4 Every purchaser of a used car may drive it for five days, and then, if not satisfied for any reason, turn it back and apply the money paid as a credit on the purchase of any other car in stock—new or used.

It is assumed, of course, that the car has not been smashed up by collision or other accident in the meantime.

To the Public: We pledge adherence to the above policy in selling used cars.

**COOLIDGE APPROVES
HUGE NEW AIR PLAN**

President and Secretary Hoover O. K. Routes Spanning the United States.

Paul Smiths, N. Y.—Signaling the inauguration of an era of vast development of air transport in this country, President Coolidge, and Secretary of Commerce Hoover have approved plans for the greatest air program in the history of the world.

Under the provisions of the recent legislation empowering the Department of Commerce to regulate and promote civil aeronautics the government, in accord with the program approved by the President, will proceed to establish a multitude of national air-trait routes for passenger, express, freight and mail transportation.

"We are on the threshold of a general development of civil aeronautics in this country," Secretary Hoover said after his conference with the President. "Within six months we shall have full passenger, express and mail services in operation on transcontinental air routes and the extension of these services is sure to proceed rapidly thereafter. Eventually we shall have a vast system of commercial air transport which will furnish a reserve of planes and trained pilots for national defense."

The specific action of the President and the commerce secretary was to approve the establishment of the following routes:

1. Transcontinental airway from New York to the Pacific coast, via Cleveland, Chicago, Iowa City, Des Moines, Omaha, North Platte, Cheyenne and Salt Lake city, where the route divides, with one branch going to San Francisco, the other to Los Angeles. Another branch to Portland and Seattle will be added later.
2. Southwestern airway from Chicago to Dallas and Fort Worth, Texas, via Moline, St. Joseph, Kansas City, Wichita, Oklahoma City and Tulsa.

Other routes to be established in the near future are:

1. Atlantic airway from some point above Boston to Miami, via New York city, Philadelphia, Raleigh, Savannah or Atlanta, and Jacksonville.
2. Pacific airway from southern California to northern Washington.
3. Great Lakes airway, a branch of the transcontinental from Cleveland via Detroit to Chicago.
4. Northwest airway from Chicago to Minneapolis and St. Paul.
5. Mississippi valley airway from Chicago via St. Louis to New Orleans.

The establishment of airways includes the improvement by the government of emergency landing fields, the marking and lighting of the designated routes, the promulgation and enforcement of air navigation rules, the licensing of pilots and the inspection of safety of aircraft.

The President will appoint, at an early date, national advisory committees composed of representatives of the commercial air transport interests to co-operate with the assistant secretaries of commerce, war and navy in charge of aviation activities.

NEW ASSISTANT CHIEF

Capt. Emory S. Land has been made assistant chief of the bureau of naval aeronautics to succeed Commander John Rodgers, who has been ordered to sea duty at his own request. Captain Land has been chief of materials in the bureau for four years.

**COOLIDGE URGED TO
AID FRUIT GROWERS**

Loans on Crops Wanted During Period of Production.

Paul Smiths, N. Y.—There will be an unprecedented fruit crop this fall, particularly apples, peaches and grapes, Arthur R. Rule, general manager of the Federated Fruit and Vegetable Growers, told President Coolidge in the course of a conference on proposed legislation to extend agricultural credit facilities.

The consumer will find fruit this year cheaper than ever before and it would be still cheaper were growers able to market all they grow instead of being compelled by inadequate marketing facilities to leave apples and peaches to rot on the ground.

The legislation Mr. Rule proposes would authorize the intermediate credit banks and agricultural credit associations to make loans to fruit and vegetable growers and general farmers on their crops during the period of production just as loans are made to cattle growers over a period of two and three years on stock they are fattening for market. This aid to stock raisers was given under an act of congress and Mr. Rule would have the benefit extended to all branches of agriculture.

The President did not commit himself to approval of this specific proposal but took it under advisement with the assurance that he favors supplying the farmers with adequate credit facilities.

"It is unfortunate for both consumer and producer," said Mr. Rule, "that the organization for marketing the fruit crop is inadequate. Only 20 per cent of the growers are in the co-operative organizations or organized at all."

**U. S. "Cyclops," World's
Largest Bombing Plane**

Philadelphia.—The "Cyclops," the mystery plane of the United States army service, was recently christened at the Huff-Deland Airplane company in Bristol, near here.

The plane is said to be the largest bomber in the world and to have the largest engine.

The speed of the "Cyclops" is given at 135 miles an hour and without carrying ammunition it is said to be capable of a 24-hour flight. Many of the features of the new craft are veiled in mystery pursuant to instructions from the War department. A novelty is the arrangement of the two machine guns, one on top and one at the bottom. The lower weapon can be regulated by a movable platform which army flying officers assert will prevent an attack from below.

Weighing 17,000 pounds, the plane has a horsepower of 825 and its designers claim it will be able to cruise for eight hours while carrying 4,000 pounds of bombs.

**Trio at Hall Slaying
Identified by Woman**

Somerville, N. J.—"Willie" Stevens and Henry Carpenter were sent back to jail after being identified during their arraignment as having been in the old Phillips farm the night Rev. Edward W. Hall and Mrs. Eleanor Mills were killed there.

Stevens is the weak-minded brother of Mrs. Frances Stevens Hall, widow of the slain rector, who is also charged with the murders; Carpenter, a Wall street broker, is her cousin. Mrs. Gibson had previously identified Mrs. Hall as the woman she saw bending over the bodies.

**CAN'T BEAT "TIZ"
WHEN FEET HURT**

Just take your shoes off and then put those weary, shoe-crinkled, aching, burning, corn-pestered, bunion-tortured feet of yours in a "Tiz" bath. Your toes will wriggle with joy; they'll look up at you and almost talk in that "Tiz" bath.

When your feet feel like lumps of lead—all tired out—just try "Tiz." It's grand—it's glorious. Your feet will dance with joy; also you will find all pain gone from corns, callouses and bunions.

There's nothing like "Tiz." It's the only remedy that draws out all the poisonous exudations which puff up your feet and cause foot torture. A few cents buys a box of "Tiz" at any drug or department store—don't wait. Ah! how glad your feet get; how comfortable your shoes feel.

**The
GIRL in the
MIRROR**
By Elizabeth Jordan

COPYRIGHT BY THE CENTURY CO.

IN this charming story Elizabeth Jordan indulges the most delightful turn of her genius—framing a mystery romance. Probably it is the best piece of work of the sort she has ever turned out. It is a love story abounding in the thrills of rapidly succeeding adventures. The outcome of the mystery is so totally unexpected that it brings the reader up with a sharp gasp, almost a jolt; but the surprise occasions no disappointment.

Early Suspension Bridge

The first suspension bridge built in America was a wooden structure erected over the Mohawk river at Schenectady, N. Y., between 1805 and 1808 by Theodore Burr, brother of Aaron Burr. It was torn down in 1873.

Where the Wood Goes

Building and construction take annually 800,000 cars of lumber; planing mills, 750,000 cars; the automobile industry, 60,000 cars. Even toothpicks and matches require 4,500 to 5,000 cars of wood each year.

It was an old belief that garlic exercised a baneful influence over the magnetic compass, and suitors when using the compass were not permitted to eat garlic or onions.

**COMB SAGE TEA
INTO GRAY HAIR**

Darkens Beautifully and Restores Its Natural Color and Lustre At Once

Common garden sage brewed into a heavy tea, with sulphur and alcohol added, will turn gray, streaked and faded hair beautifully dark and luxuriant. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get the ready-to-use preparation improved by the addition of other ingredients in a large bottle, at little cost, at drug stores, known as "Weyth's Sage and Sulphur Compound," thus avoiding a lot of muss.

While gray, faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Weyth's Sage and Sulphur Compound, no one can tell, because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared. After another application or two your hair becomes beautifully dark, glossy, soft and luxuriant and you appear years younger.

**To Resume Senate Slush
Fund Hearing in Chicago**

Chicago.—That the senate slush fund investigating committee will resume its hearings in Chicago in September has been announced definitely by Senator James A. Reed, chairman of the investigating committee. The exact date has not been decided.

Several witnesses are yet to be heard, according to Senator Reed, before the bottom is reached.

Florence Allan-Loses

Fight for Senate Seat

Columbus, Ohio.—The prediction that Ohio would be the first state in the Union to elect a woman to the United States senate was upset as a result of the recent primary. Florence Allen, state supreme court justice and candidate for the Democratic nomination for a federal senatorial seat, was decisively defeated by former Senator Atlee Pomerene.
