Charlevoix County's Greatest Fair, Sept. 14th-15th-16th

East Jordan to be Mecca of Thousands on These Days.

Wednesday and Thursday, Day and Night, Will Present Program of Merit and Activity.

On Tuesday, Wednesday, Thursday, Sept. 14-15-16, every auto owner in Northern Michigan will head their cars for Charlevoix County and East Jordan to attend the Forty Second Annual Exhibit of the Charlevoix County Fair Ass'n.

The officials of the Fair, realizing the intense interest shown in the past by the programs presented, are leaving no stone unturned to give the people of Northern Michigan a worth-while program of events. To enumerate these would be superfluous. Read the advertisement on the last page of this paper, fill up the tank, and bring the wife and children to the GREATEST FAIR Ever Presented In This Part of the State.

Hooker's Riding Horses To Be At Charlevoix Co. Fair

M. B. Hooker, proprietor of the Charlevoix Riding Academy, and owner of the finest string of Kentucky Saddle Horses in Michigan, will be one of the added attractions at the Charlevoix County Fair when he will present horse back riding stunts and Gymkhana.

Mr. Hooker has been a horseman all his life—and that is now approaching the three-score and ten. He has a wonderful string of horses and will pick out the best of these for his exhibit at the Charlevoix County Fair exhibit.

MARVELOUS DARO WILL THRILL CHARLEVOIX CO. FAIR PATRONS

The amusement features at the Charlevoix County Fair will include a line up of some of the most thrilling and daring performers to be seen on the Fair circuits. Secretary Frank F. Bird informs us that great care has been given in the choice of the grand stand attractions and will be under the direction of the Western Managers' Association.

One of the acts to be featured this year is "The Marvelous Daro." This act is one of the most sensation performances to be given on the outdoor platform. Daro performs incredible feats on a pole eighty feet above the ground. Swift, sensational acrobatic stunts are performed at this dizzy height. Daro virtuously walks up this pole and gives a display of acrobats which is little short of marvelous. Standing on his head, foot layouts and finishing with his head-first slide down the pole showing unequalled skill and daring. This remarkable exhibition will long be remembered by the grand stand visitors.

EDUCATED CANINES A FEATURE

Much interest is being shown by our readers in the Charlevoix County Fair which will be held at East Jordan on September 14, 15, 16, and particularly in the announcement that the committee in charge of grand stand attractions has secured a wonderful line up of spectacular and sensational performers. In making the selection the committee made ample provision for the amusement of the children, for they have arranged for the appearance of "Betty's Pets," a very clever troupe of educated canines. Many dog acts have been seen from time to time but "Betty's Pets" will present a series of tricks which will show their superior talent as entertainers, the result of long and intensive training by their owners. These little fellows seem to know the very second their time has come to do their stuff and the manner in which they go through their stunts will surely provide wholesome amusement. Their spectacular number is a thrilling feat on a revolving table and with the man and lady of the set appearing in a clown makeup adds to the merriment of the offering.

Exhibitors For Charlevoix Co. Fair Take Notice!

To all persons planning to make exhibits at the Charlevoix County Fair, Sept. 14-15-16.

All entries MUST be in place not later than Tuesday night the week of the Fair. No entries will be made after Tuesday night, as the judging will start Wednesday morning. Our office at the Grounds will be open Monday and Tuesday for entry work.

FRANK BIRD, Sec'y.

Phrase Long in Use
The meaning of the phrase, "Blood is thicker than water," is "Kinship is stronger than friendship, for water evaporates but blood does not." This is a proverb found in Ray and other Seventeenth-century collections. The expression was used by Scott in "Guy Mannering," Chapter 28: "Weel blude's thicker than water. She's welcome to the cheeses and the hams just the same."—Literary Digest.

Horticultural Exhibit From M. S. College

It is of great interest to Fair officials and patrons of the Charlevoix County Fair to know that Michigan State College of East Lansing will display a horticultural exhibit at our Fair, Sept. 14-15-16.

Two or more State men will accompany this exhibit, and will explain the development and control of the many fruit diseases. Education along this line will be of great value to our fruit growers.

We are very much pleased that the State is able to send us a display of this kind, as it will mean a great deal to our County, and it is earnestly hoped that all will take advantage of the opportunity to acquaint themselves with this form of Extension Work from our Michigan State College.

There will also be posters displayed at various places on the fair grounds explaining the different short courses offered at Michigan State College of Agriculture and Applied Science.

Endorses Candidacy

What Former National Commander of the American Legion, Major John G. Emery, of Grand Rapids, Mich., Has to Say About the Candidacy of Dr. Hugh W. Dicken for State Senator:

Grand Rapids, Mich., Aug. 25, 1926
"Voters of the 29th Michigan Senatorial District.

Greetings:
It affords me a great deal of pleasure to be permitted to speak a word in behalf of Dr. Hugh W. Dicken who is a candidate for the nomination for Senator in your District.

I have known the Doctor for a number of years and respect him highly because of his service at all times to his community and his nation. Patriotism, like charity, begins at home. There is no higher patriotism than any citizen can perform than that of serving his home community unselfishly and well. This, Dr. Dicken has done.

His army record is an open book and speaks for itself. He was not obliged to go into the service, but did so of his own free will and accord.

Your support, I know, will be appreciated by him and in case of his nomination and election, I am sure that he will serve his State as ably and unselfishly as he has his community and the nation."

Respectfully,
JOHN G. EMERY

Labor Day Picnic At Whiting Park

The annual Charlevoix County Labor Day Picnic will be held at Whiting Park next Monday, Sept. 6th. The Association met at Charlevoix last Monday and outlined a program of events to cover the day, including band music, base ball and other sports. Hon. Frank D. Scott, M. C., has been secured as orator for the day, and he will make the address at 1:00 p. m.

This annual event is usually attended by thousands of our County residents who enjoy the day's outing.

Big Band Concert At East Jordan This Sunday

This Sunday, Sept. 5th at 2:00 o'clock standard time, the combined Bands of Boyne City, Charlevoix and East Jordan will play at the Band Stand on Main Street. Last Sunday's Concert at Charlevoix was largely attended and it is hoped to have a larger crowd here Sunday. Let's boost the Band.

Taken From Ancient Church
The 14-inch square piece of the floor in front of the altar of the cathedral of St. John the Divine was taken from the ancient church of St. John the Divine, which was built by Justinian, emperor of Rome, at Ephesus, 540 A. D., over the supposed site of the grave of St. John.

Cobra Most Deadly
The cobra de capello of southern Asia is considered the most deadly of venomous serpents. It is exceedingly numerous, especially in India and Ceylon, and its bite is almost surely fatal. More than 23,000 persons were killed by snakes in India in 1923, the cobra accounting for most of them.

Walter G. Cornell and Helen Foster United in Marriage

A quiet home wedding took place Wednesday evening, Sept. 1st, when Miss Helen Graham Foster, niece of Mr. and Mrs. Tyler E. Wheeler, of Grand Rapids, and Walter G. Cornell of East Jordan, were married at 8:30 o'clock with Rev. John R. McMahon of the Presbyterian Church officiating.

The wedding was solemnized before an altar banked with palms and ferns. At each side of the altar were placed large baskets of Easter lilies. The vows were spoken as the bridal couple knelt on a white satin cushion.

Miss Foster wore an exquisite period frock of ivory colored satin. In place of the conventional bridal bouquet, Miss Foster carried a dainty white prayer book. She was given in marriage by her father, James Foster.

Mrs. Gordian B. Bonfield was the bride's only attendant and was gowned in natural colored lace, worn over a pink satin slip, and she carried a bouquet of Orphelia roses, swansonias and snapdragons.

Lewis Cornell of Detroit, brother of the bridegroom, acted as best man, and James R. Foster, brother of the bride, was master of ceremonies.

Throughout the service, soft music was played by Miss Elsa Hoertz, harpist. Immediately following the ceremony the young couple left for a short honeymoon and will reside in East Jordan, where Mr. Cornell is Cashier of the Peoples State Savings Bank. He has a large circle of friends here who extend hearty congratulations.

Cadillac—In the sale of 50,000 bushels of certified seed potatoes last year, the Michigan Potato Growers' Exchange obtained an average price of \$2.78 a bushel, according to the annual report of the exchange.

Owing to the prevailing high prices for table stock during the winter months, the exchange reported the seed deal was the most difficult ever experienced. Green Mountain seed brought the best price, averaging \$3.16 a bushel. Cobblers stood second with an average of \$3.16.

Grand Rapids—Potatoes offered for sale by truckers in crates or baskets must either be tagged to show the grade and packer, or a large placard must be placed in some conspicuous place upon the truckload giving the grade and the name and address of the trucker, according to a ruling by John I. Breck, director of the State Bureau of Foods and Standards. Under the law, farmers are exempt from grading and tagging. Growers may sell potatoes in either baskets, crates, or sacks without tagging or tagging them.

Mrs. C. Sidebotham Beloved By All Dies Suddenly

Mrs. C. W. Sidebotham, wife of the pastor of East Jordan's Presbyterian Church, died at an early hour Wednesday morning, following a year's suffering from illness, and during which she underwent an operation recently. Mrs. Sidebotham seemed to be in normal condition Tuesday evening when she retired. Shortly after day-break, Wednesday morning, her husband went to her room only to find her missing. A search was immediately started which resulted in finding her lifeless body floating in the waters of Pine Lake near the bridge across the Arm. Her body was fully clothed and near-by on an alutment were found her eye-glasses and a magazine.

Essy Gertrude Hooper was born at Exeter, Canada, Oct. 22, 1880, her parents being F. W. and Gertrude Hooper. When a child she came to Alma, Mich., where she attended public school and later graduated from Alma College in both the college and musical course. Following this she served as Librarian of that college.

In June, 1907, she was united in marriage to Rev. C. W. Sidebotham at Alma. She resided with her husband at different places where he was pastor, coming here from Milwaukee, Wis. in 1921, where he was installed pastor of the Presbyterian Church of East Jordan.

Deceased is survived by the bereaved husband, and two daughter, Elizabeth, aged 17 years, and Gertrude, 9 years. She was a member of the Order Eastern Star.

Funeral services were held from her late home Thursday morning at 9:00 o'clock, conducted by Rev. E. P. Linnells of Boyne City. The remains were then taken to Alma where burial services were held Friday afternoon.

Detroit—A new population estimate by the department of commerce places the population of Detroit at 1,290,000.

Iron Mountain—Henry and Elmer Ford, Detroit auto magnates and their party were recent visitors at the local plant of the Ford Motor company.

Bay City—The tribe of Ben Hur held its annual state convention here August 30 and 31. Two hundred attended the sessions. A banquet and recreational program was the feature.

Grand Rapids—George Waabburg, Ada constable, is in charge of two skeletons uncovered by grading crews on M-21. The skeletons, those of a man and a woman, appear to have been buried about 25 years and were found at the top of a hill near the John D. Martin farm.

Traverse City—The annual pilgrimage of thousands of hay fever sufferers to Northern Michigan has started. They will be seeing from the wind-driven pollen of the rigweed and other plants. The refugees remain during August, September and many of them in October.

Lansing—It is estimated that Michigan growers produced 7,928,000 pounds of wool this year as compared with 8,008,000 in 1925. The average weight per fleece this year was eight pounds, while last year it was 7.7 pounds, the increase being due to improvement of flocks and the unusually long winter.

Lansing—A recent survey indicates that the Michigan lamb crop this year is about 78,000 as compared with 74,000 last year, or a gain of only 24,000. The spring was cold and backward and the number of lambs saved per hundred ewes was four less than last year, the respective numbers being 35.5 and 39.5.

Cadillac—Seeing a Pennsylvania train too late to stop his automobile, George Plett made a dash for the crossing on the south boulevard and beat the train across. His momentum was so great however, that he failed to make a sharp turn in the road just over the intersection and his car hit a tree, overturning and injuring the driver and a passenger.

Lansing—Mute presentation of the price America paid in the World War will be shown at the American Legion state reunion here in September. Sons and daughters of American soldiers who gave their lives in the war, have been asked to be present at the convention. Orphans from the American Legion billet at Otter Lake near Lapeer, will be chaperoned to Lansing by war mothers of the Legion auxiliary.

Common Barberry A Menace To Grain Crops

The common barberry bushes of Charlevoix county are being used to furnish specimens for the U. S. Department of Agriculture. Over 70,000 leaf specimens showing the "cluster cups" or spores which infect the grains are being prepared. The collecting of this material is being carried on in the Northwest part of the county next to the Antrim County line, where an area of the common barberry has been found. The specimens are mounted and used to acquaint the people throughout the entire country with the characteristics of the bush.

The barberry scouts report that they have noticed rust on some of the grain fields of the county. The rust which is at present in the red stage, came out mostly after a heavy rain. Many farmers are of the impression that the rain causes the rust on the stems of the grain. This is an entirely wrong impression. The moisture from the rain does not cause the rust but does greatly aid in the germination of the spores which infect the plant. These spores come from the common barberry bush.

The farmers over a century ago noticed that when their grain fields were near a common barberry bush they became more heavily infected with rust than when they were at a great distance. They rightly deduced from this that the barberry was to blame so they destroyed it. At this time they did not know the scientific side of the stem rust as we know it now that the farmer has brought it to the attention of the research men.

In United States over a century ago during the days of the Revolution, laws were passed in Massachusetts, Rhode Island and Connecticut requiring the destruction of the common barberry bush.

In Denmark, where the farmers passed a law in 1902 outlawing the common barberry bush, the results have proven conclusively that the bush is to blame for the stem rust. As the barberry bushes were removed the black stem rust decreased and there has not been a serious outbreak of rust since 1908 when most of the bushes were eradicated. For several years after the law was passed there were local outbreaks of the rust but in every case barberry bushes were found in the vicinity and when these were removed the rust did not again appear. The eradication of the common barberry can be accomplished in this country although it presents a much more formidable aspect than it did in Denmark. Rural communities can do a great deal by co-operating with authorities who are working on the eradication of the common barberry. If any bushes are located or suspected they can be reported to Roscoe Smith, Box 113, Charlevoix. Learn to know the common barberry and destroy it.

To the Citizens of Charlevoix County
I wish to announce that I am a candidate for re-election to the office of County Treasurer, on the Republican Ticket at the Primary Election Sept. 14th, 1926, and wish to take this opportunity to thank you for the very generous support you gave me in 1924.

I am at your service and will always be found willing to work for the best interest of the County, to the best of my ability.

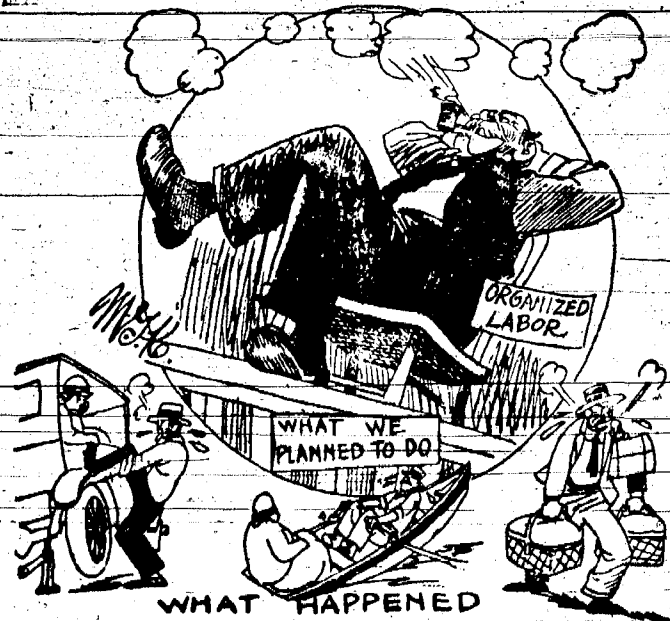

Yours very truly,
adv. 36-2 JOSEPH WM. FLANDERS

Meteor's Mineral Wealth
The great meteor that lies buried between Williams and Flagstaff, in Arizona, weighs 12,000,000 tons and is composed of a nickel-steel alloy which contains 9,000,000 ounces of platinum worth \$1,000,000,000, according to the Dearborn Independent.

Constellation in Sky
Orion is the name of a constellation known to the ancients. It contains stars of the first, second and lesser magnitudes, and is popularly recognized by three brilliant stars forming the "belt of Orion."

Older Than Solomon
In Utah a knotted old juniper tree has recently been discovered; men of science say that it had reached a vigorous life before King Solomon was born. Its roots are embedded in rock at an elevation of 7,000 feet.

MINE BLAST DEATH TOLL IS PUT AT 44

30 Bodies Have Been Recovered From Workings.

Clymer, Pa.—An explosion which occurred at the Clymer mine of the Clearfield Bituminous Coal corporation crushed out the lives of 42 men. With 30 bodies recovered from the blasted workings, mine officials expressed the belief that 14 others unaccounted for were dead in the debris-swept ruins of the mine.

Figures given out by A. J. Musser, vice president and general manager of the corporation, subsidiary of the New York Central railroad, and Dr. Fred St. Clair, coroner of Indiana county, revealed that 33 miners were trapped by the explosion.

Ten miners escaped with their lives and four others are in a Dixonville hospital suffering from gas and shock.

J. J. Forbes, supervising engineer of the United States bureau of mines, of Pittsburgh, emerging from the mine after a long exploration, reported that the mine was being re-ventilated and cleared of poisonous gases.

Forbes said it was impossible at present to give a cause for the blast because of the general destruction in the mine chambers.

Forbes is in charge of a federal investigation. A second investigation is being made by state authorities.

Mine officials believed that 150 children were made fatherless by the explosion, the second in this territory within three years.

In January, 1923, 56 lives were lost at the Starford mine at Shankstown.

Order Inquest Into

Death of Rear Admiral

San Francisco, Calif.—A coroner's inquest into the death of Rear Admiral George H. Barber, third ranking medical officer in the United States navy, who died here a few days ago, was ordered upon the request of naval officers.

Coincidentally, it was revealed that shortly before his death the naval officer bequeathed \$75,000 to his nurse, Miss Helen K. Ashley, in a codicil to his will, and that the two had planned to marry.

Rear Admiral Barber died supposedly from ptomaine poisoning caused by eating tainted fish. A week previous he had been discharged from a hospital following his recovery from a major operation.

Commander Rodgers Is

Killed in Air Crash

Philadelphia.—When his plane crashed in the Delaware river as he was attempting to glide to a landing from a height of only 150 feet, Commander John M. Rodgers, hero of the Hawaiian seaplane expedition, received injuries which caused his death in a hospital shortly afterward. His mechanic, Samuel Schults of Philadelphia suffered a broken back.

Commander Rodgers was just ending a flight from Anacosta field, Washington, to inspect some new planes of the type used on the historic cross Pacific flight at the navy yard.

Oslo, Norway.—The Norge, Amundsen's ship which flew over the North pole, has been sold to the Italian government for a million lire, less the Italian government's expenses for gas and transport.

STOCK CENSOR PLAN PUT UP TO STATES

President Favors Financial Statement Publicity as Best Protection.

Paul Smith's.—Enactment of state laws for the protection of the 20,000,000 Americans—an average of one to a family—who now own securities is urged by President Coolidge. The President, it was officially stated by his spokesman, is keenly interested in protecting the public not only against out-and-out swindling operations, but against misrepresentation as to the financial status and earning capacity of corporations in the sale of their stocks and bonds.

Mr. Coolidge feels that the power of the federal government, under the Constitution is limited to the interstate commerce clause and this would not provide sufficient power to obtain the desired results, in view of the fact that corporations receive their grants of power from the states.

Discussion of the proposed regulation of stock and bond issues by the federal trade commission was provoked at the summer White House by inquiries with respect to a recent article in a magazine by Prof. William Z. Ripley. Mr. Coolidge had not read the article, and the view was expressed that he would prefer to study it before commenting in detail.

It was pointed out, however, that the individual states, by passing laws regulating the sale of securities within their limits could compel statements as to financial conditions and earnings of corporations which would accomplish the same result as though federal government were empowered to make the same demands, and without the constitutional handicap under which the federal government labors.

The best protection to investors, it was declared, would come from the publicity for such financial statements, which could be required by state laws, and in some states are now required.

At the same time the President realized, it was said, that neither the federal nor the state governments could go further than to prevent misrepresentation.

Maniac Drops Bomb in

Bank; 2 Killed; 100 Hurt

Pittsburgh, Pa.—Enraged because his demand for \$2,000 was not granted immediately, Collins Barley dropped a bomb in the Farmers' Deposit bank here. The blast killed George Ortmann, one of the bank's special policemen, and Barley, who was an escaped patient from the Mayview county home for insane.

Twenty persons were seriously injured and more than a hundred others hurt by the blast.

May Probe "Slush" in

Wisconsin Campaign

Washington.—Likelihood that the Reed committee of the senate on campaign expenditures will be asked to investigate the cost of the primary campaign in Wisconsin is being talked of in Washington. Opponents of Senator Lanrot, who is making a hard fight for re-nomination, are charging that the stalwarts who are supporting the senator are using "slush funds" in large amounts.

Rail Workers Agree to

Arbitrate Wage Demand

New York.—Representatives of the eastern railroads and the Brotherhood of Railway Trainmen have signed an agreement to submit the controversy centering about the union's demands for higher pay for conductors, brakemen and switchmen to a board of arbitration.

The higher wage scales are asked on all railroad systems east of Chicago and north of the Ohio river.

Sharks Snatch Youth

From Arms of Rescuer

Seaside, Heights, N. J.—The decapitated and limbless body of Charles A. Burke, eighteen, of Trenton, washed upon the beach, strengthened the belief that he was snatched from the arms of a rescuer by sharks. An unidentified bather who went to the youth's rescue said the boy was pulled from his grasp by a large fish. Later three sharks were sighted.

BOYNE CITY
HON. J. M. HARRIS
H. J. HEATON

We wish to call your attention to the qualifications of Dr. Hugh W. Dicken for Senator of the twenty-ninth district.

DR. DICKEN was born at Romeo, Michigan, in 1876. Graduated from the University of Michigan in 1898, and has successfully practiced his profession ever since in the Western part of this Senatorial District, except the time he was in service in the World War.

MAYOR

He is now serving his third term as Mayor of East Jordan, having been elected this spring by a big majority, which was purely a case of the office seeking the man. Under his administration he secured from the Light & Power Company a 25% reduction in the cost of street lighting, and the same reduction to consumers. He induced the Telephone and Light Companies to remove their poles and wires from the principal streets of our city and caused the installation of an up-to-date boulevard lighting system. He caused the pavement of our Main Street to be widened, which greatly improved the appearance of our city. He was chiefly instrumental in establishing our city parks and has since maintained them in an up-to-date condition. \$12,000 in short time loans have been paid up, and, at the present time our city is practically free from bonded indebtedness, and at the end of the fiscal year will show a cash balance of about \$5,000 in the treasury.

CITY SCHOOLS

Dr. Dicken has been, and now is an active member of our School Board and as such has had a great deal to do with the success of our schools.

NORMAL SCHOOL

Dr. Dicken early saw the need of a fifth Normal School in Michigan and was one of the originators of the idea of locating it in the Northern part of the Lower Peninsula. He was active in presenting the matter to the State Board of Education for its approval, and if elected will give his hearty support in securing its location in any town in this district.

ROADS

Good roads are one of Northern Michigan's greatest assets and the doctor believes they should be built as rapidly as possible and paid for by the users and not by a tax upon farms and homes, and, if elected he will use his best efforts to secure good roads throughout this entire district.

ARMY RECORD

Dr. Dicken was one of the early volunteers in the World War; crossed the sea and served with the 317th Engineers; was under fire ninety days including the Argonne Drive from September 26th until the Armistice. On June 1st, 1917, he was commissioned a First Lieutenant and became a Captain the following September. He received the rank of Major on April 18th, 1918, which commission he still holds in the Reserve Corps.

At the time Dr. Dicken enlisted he had a large and lucrative practice, and only his loyalty and patriotism to his country caused him to leave his home and friends and go over seas under the Stars and Stripes. His rapid advancement in the army shows that his services were valuable and appreciated by his superior officers.

We know of no candidate more competent to properly fill the office of Senator than Dr. Dicken, and when we realize that he is the only member of the American Legion seeking office in this district we feel this should have great weight with you at the time you cast your vote at the Primary, September 14th, thereby showing to him and the veterans of the World War that the people of this district have not forgotten their services.

We ask you to support DR. HUGH W. DICKEN for Senator, and assure you that if he is elected he will fill the office with ability and honor, and you will have no cause to regret giving him your support.

Very truly yours,

ROSCO MACKAY, Chairman
JOSEPH CUMMINS, Secretary

That the kidneys are not functioning properly is often shown by burning or scanty passage of secretions. Thousands have learned to assist their kidneys by drinking plenty of pure water and the occasional use of a stimulant diuretic. 50,000 users give Doan's signed endorsement. Ask your neighbor!

DOAN'S PILLS
60c
Stimulant Diuretic to the Kidneys
Foster-McLure Co., Mfg. Chem., Buffalo, N. Y.

ALWAYS TIRED AT NIGHT—TRY THIS

A healthy person never feels constantly tired. Being "too tired" continually is a sign of something wrong. When John R. Gordon, Danville, Ill., found himself "always tired at night and burdened with backache," he took Foley's Pills, a diuretic stimulant for the kidneys, and writes: "After a few doses, I felt better, could work with more ease, became stronger and could sleep better." What Foley's Pills have done for others they may do for you. Guaranteed to give satisfaction. Ask for Foley's Pills.—Hite's Drug Store, adv.

Drink Water If Kidneys Bother

Take a Tablespoonful of Salts If Back Pains or Bladder is Irritated

Flush your kidneys by drinking a quart of water each day, also take salts occasionally, says a noted authority, who tells us that too much rich food forms acids which almost paralyze the kidneys in their efforts to expel it from the blood. They become sluggish and weaken; then you may suffer with a dull misery in the kidney region, sharp pains in the back or sick headache, dizzy nose, your stomach sour, tongue is coated, and when the weather is bad you have rheumatic twinges. The urine gets cloudy, full of sediment, the channels often get sore and irritated, obliging you to seek relief two or three times during the night.

To help neutralize these irritating acids; to help cleanse the kidneys and flush out the body's urinous waste, get four ounces of Jad Salts from any pharmacy here. Take a tablespoonful in a glass of water before breakfast for a few days, and your kidneys may then be set fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for years to help flush and stimulate sluggish kidneys; also to neutralize the acids in the system so they no longer irritate, thus often relieving bladder weakness. Jad Salts is inexpensive; can not injure and makes a delightful effervescent lithia-water drink. By all means have your physician examine your kidneys.

SULPHUR CLEARS ROUGH, RED SKIN

Face, Neck and Arms Easily Made Smooth, Says Specialist

Any breaking out of the skin, even fiery, itching eczema, can be quickly overcome by applying a little Mentho-Sulphur, declares a noted skin specialist. Because of its germ destroying properties, this sulphur preparation begins at once to soothe irritated skin and heal eruptions such as rash, pimples and ring worm.

It seldom fails to remove the torment and discomfort, and you do not have to wait for relief from embarrassment. Improvement quickly shows. Sufferers from skin trouble should obtain a small jar of Rowley's Mentho-Sulphur from any good druggist and use it like cold cream.

WHY CHARLEVOIX COUNTY GROWS

Office of Uncle George H. Van Pelt in Hotel Lobbies and on Hotel Porches Charlevoix, Michigan

We want the State and the United States to know why we grow, and we want our friends who have not assisted us to know that we are some of those who helped it grow. When asked to assist in any good work some help, some refuse, some do nothing, some say nothing. So it is with all things in the world, and yet with it all we progress.

To all those who have helped, we say, we thank you.

Petroit is looking ahead fifty or seventy-five years and will submit a plan for a subway to cost two hundred and eighty million dollars. While Detroit is 288 miles from Charlevoix County, that is only an eight or nine hour drive and by the time this is finished, undoubtedly there will be special wide concrete roads built and autos will also be built so that the trip from the busy City to the beauty land of Charlevoix County can be made in five or six hours. Is it not a fact that with everything all in our favor we should go ahead now and build a fine twenty foot wide concrete road around Lake Charlevoix, before some other neighboring County gets in ahead of us and opens up some of their best beauty spots, even if they are not as beautiful as our own, now-fast-growing-in-favor-County, we must look ahead and not behind. Every time I look at my card, the one which has the picture of the ox team and hayrick, it takes me back in memory seventy-five years when I had to break in a pair of steers every winter, (steers are bull calves about eight or nine months old) and in three years they develop into oxen and are able to do a regular day's work. Even forty years ago they used them here for all farm work, and the time was not long from oxen to auto and tractor. I tell you my friends we can't afford to wait any longer for this long and much talked of concrete road (twenty foot wide for safety) around the beautiful Lake Charlevoix.

We waited and hung back in the "breechin" a dozen years ago, and by so doing we only got twelve and one-half miles of concrete road instead of getting twenty as we should have done. All new work should be and must be done by high class contractors. We want it up to standard specifications, by honest men. No one without a clear record should be allowed to make even a bid. We want it A-1, strictly first-class or we don't want it at all.

The devices used now for testing the thickness and the mix must be used all along the line in order to shut off any chance for anyone to fool away a dollar of our money. The construction of a concrete road around Pine Lake will attract more than enough people in fifteen years to pay off the bonds, when they fall due. All roads from all directions will lead to the great Lake Charlevoix Road when its construction is definitely decided upon and settlers will come in and settle anywhere and everywhere along its entire shore. The building of this great lake road will result in a direct promotion of concentration of a large population, even before the road is finished. Now is the time to buy property around Pine Lake and I have not an acre to sell and no money to buy if I wished to. No favors to ask, no axe to grind, but I am grubstaked for the balance of my life.

Now boys get out your bugles. Call loud and long for your friends to help us on in this good work.

Yours,
Uncle George.

YOUR PLAIN DUTY

Michigan is in the midst of a statewide primary campaign that should arouse the interest of every well meaning citizen in the state. For years we have been hearing much about the primary method of nominating candidates for public office, some defending the present system, others declaring it has resulted in a rule by minorities and has failed to give us the advantage of public expression over the old convention system of selecting candidates that its friends said it would.

This year the people of Michigan have an opportunity to register a majority choice in the selection of a candidate for governor in the dominant party for the first time since the primary system of choosing candidates was first put into effect. It is the people and not the primary that is now on trial. With an opportunity to register a choice that will be felt it is the duty of every loyal citizen to vote for the candidate that most nearly represents their views. The issues in this campaign are clearly defined and there will be no excuse for the voter, man or woman, who fails to exercise his or her privilege.

18 CHARLEVOIX CO. CLUB MEMBERS ATTEND GAYLORD CAMP

The first Annual Boys and Girls Club Camp for Northern Michigan was conducted August 17th-20 inclusive at the Gaylord Fair Grounds, with eleven Counties represented.

For several years we have hopefully anticipated the time when the several hundred boys and girls in Northern Michigan could get acquainted and receive instruction in the various farm subjects and play and work together and many thanks are due to Gaylord and the Michigan Central Railroad and many other organizations that made the camp possible.

During the week all the demonstration teams competed against each other for the championship of Northern Michigan and the honor of representing this section at the State Fair at Detroit, with traveling expenses paid.

The young club members were all fed in one large dining room in regular army style, including regular kitchen police duty and were housed in the various Fair buildings, 9:30 p. m. was go to sleep time and shut up and 6:00 was to get up and hurry out for setting up exercises.

The results of the demonstration teams and judging teams were not announced, but Charlevoix County expects to win one or more trips to the State Fair. Charles and Lewis Kleinmans of Clarion gave a very creditable handicraft demonstration, while the calf club members also give their best to win the high honors.

The following boys and girls from Charlevoix County were included in the 175 attendance:

- Eddie Omland, East Jordan.
- Alfred Larsen, East Jordan.
- Clarence Trojanek, East Jordan.
- Lucille Severance, East Jordan.
- Bruce Sanderson, East Jordan.
- Mary Behling, Boyne City.
- Lewis Kleinhenz, Clarion.
- Albert Elliott, Charlevoix.
- Richard Straw, Charlevoix.
- Arnold Smith, East Jordan.
- Harvey McPherson, East Jordan.
- Frank Severance, East Jordan.
- Oswald Hosegood, East Jordan.
- W. F. Wurn, East Jordan.
- Charles Kleinmans, Clarion.
- Germaine Yell, Boyne Falls.
- Arthur Elliott, Charlevoix.
- Rex Supernau, Charlevoix.

ALBA

Francis Myers and family are spending his vacation with his mother. J. Levitt and family visited at the home of I. Saperston Wednesday.

Miss Hazel Tobias commenced her school in the White district Monday. Mrs. Ward Strickland is entertaining her sister and family from Muskegon.

Antrim County was well represented at the recent demonstration meeting at Gaylord, carrying off their share of the honors. Carl Corey and Arthur Glidden were winners in the potato demonstration contest, winning a free trip to the State fair at Detroit. One of the Antrim County calf clubs won second place and one of the girls clubs won third in the canning contest.

School begins next Monday with Mr. Eikey of Traverse City as superintendent and the same staff of teachers as last year except Mrs. Eikey and Miss Marwan whose places will be supplied by Mrs. E. Holmes and a sister of Mrs. McArcher whose name we did not learn.

John and Ward Strickland came home from Lansing Wednesday where they had been working for a short time.

Will Roberts of Flint visited at the home of D. Cross, returning to Flint Saturday. Mrs. Roberts remained for a longer visit with her brother's family before visiting in Muskegon.

Francis Myers and family are spending his vacation with his mother, Mrs. Frank Myers.

Among those visiting at the home of Joe Anderson are Mr. and Mrs. Floyd Rifenberg and little daughter of Detroit, Mr. and Mrs. Newland of Trout Lake, and Mr. and Mrs. John Engstrom of Austin.

Mrs. Joe Moran and son Lester with Ernest Strickland returned from Manistee lake where they had been camping the past week.

Miss Eby and sister are visiting at the home of their grandmother, Mrs. Chris Eby.

Miss Ethel Cross and a sister, Mrs. Will Roberts left Wednesday for Muskegon to visit their sister, Mrs. A. Kidder before turning to Detroit.

Mr. and Mrs. Ed Sloat and children of Gaylord and Mr. and Mrs. Wesley Olds visited at the home of Mr. and Mrs. Dickenson, Sunday.

Miss Edwina Anderson returned home from Detroit, where she spent the summer.

Mr. and Mrs. Geo. Matthews and family returned Saturday from Idylwild where they have a summer home.

Mrs. Frank Myers entertained Mr. and Mrs. Rogers of Otsego, Sunday.

The Coming Man

A coming man should arrive occasionally. I know men said to be promising who have been on the verge of bankruptcy for years; they have made no progress since I have known them, and bankruptcy will finally get most of them when they become old, and are not to do less promising.

PLEDGE TO THE PUBLIC ON USED CAR SALES

1 All used cars offered to the public shall be honestly represented.

If a car is suitable only for a mechanic who can rebuild it, or for someone who expects only a few months' rough usage on a camping trip, it must be sold on that basis. Each car must be sold for just what it is.

2 All Studebaker automobiles which are sold as CERTIFIED CARS have been properly reconditioned, and carry a 30-day guarantee for replacement of defective parts and free service on adjustments.

This is possible because tremendous reserve mileage has been built into every Studebaker, which it is impossible to exhaust in years.

3 Every used car is conspicuously marked with its price in plain figures, and that price, just as the price of our new cars, is rigidly maintained.

The public can deal in confidence and safety only with the dealer whose policy is "one price only—the one price to all." For, to sell cars on this basis, every one of them must be honestly priced to begin with.

4 Every purchaser of a used car may drive it for five days, and then, if not satisfied for any reason, turn it back and apply the money paid as a credit on the purchase of any other car in stock—new or used.

It is assumed, of course, that the car has not been smashed up by collision or other accident in the meantime.

To the Public: We pledge adherence to the above policy in selling used cars.

Florida Realtors Are Held on Fraud Charge

Jacksonville, Fla.—More than 40 officials and employees of the Florida Cities Finance company and the Stanley Realty and Development company are out on bond following their indictment on a charge of using the mails to defraud in connection with the sale and development of Florida real estate.

The Florida Cities Finance company, headed by Merle C. Tebbets, was the developer of the Fulford-by-the-Sea subdivision near Miami, while the Stanley Realty and Development company promoted the Arcadia Gardens development, near Arcadia, Fla. Arthur Dunas of Chicago was president of the latter organization.

Electric Guide Posts to Aid Night Flyers

Washington.—Hundreds of miles of commercial airways will be equipped within three months for safe night flying, establishing the air transport industry on a solid basis of twenty-four-hour operation like railroad and steamship lines.

This announcement was made by William P. MacCoy, Jr., aviation secretary of the Commerce department as he authorized the purchase of twenty-four-inch revolving lights to mark seven aviation highways.

These powerful beacons will be visible to flyers fifty miles away. They will be placed ten miles apart.

See Greco-Rumanian Peace

Athens.—Negotiations are being made to complete a Greek-Rumanian friendship treaty similar to that signed by Greek and Jugoslavian representatives.

Taxi Drivers Must Give Bond

Chicago.—Orders were issued to the police by Chief Collins to enforce strictly the ordinance requiring a \$5,000 surety bond from taxicab drivers and all other persons using their cars to carry passengers for pay.

Political Philosophy

Man, like original Adam, is prone to blame others for his slips, but as we grow older we are more and more inclined to blame ourselves for our shortcomings.

Courage of Cowards

Many people are cowards at heart, for fear is a natural instinct, and yet have nothing of which to be ashamed. The least heroes are those who live their lives bravely despite their tremors.

Costume Jewelry Trends to Elaborate Designing

Fashion's latest sensation registers in the form of a jewelry ensemble which matches the earrings to the elaborate pendant necklace. Just how strikingly beautiful such a complete set can be is told in this picture of lovely Estelle Clark, whose success on the screen has been so flattering. The necklace which she wears is of antique Florentine workmanship, each pendant with matching earrings, being exquisitely wrought in gold filigree—and the best of it all is that this beautiful ensemble was a gift from Estelle's father, who brought it to her from Venice, Italy.

DIPPING INTO SCIENCE

Phosphorus
Usually manufactured from bone ashes and phosphate rock, is an extremely poisonous, wax-like substance, yellow in color and should not be handled except under water. A burn from phosphorus is slow to heal, and a very small amount taken internally will cause death.
Diseases of the bone are very common among people who assist in its manufacture.

Richard Dix, the "movie" star, was born in St. Paul, Minn. He received his education in that state. He studied to be a surgeon—the wish of his father—but he did not like the sight of blood. He later worked in a bank also in an architect's office, later becoming associated with a local stock company, and still later became a leading man in a western stock company. Some of his most recent pictures are "Too Many Kisses," "The Shock Punch," "The Lucky Devil," "The Vanishing American," and "Womanhanded."

As Told by
Irvin S. Cobb

PRETTY POLL

IT WILL be recalled that it was necessary for the Wright brothers to go abroad in order to secure proper recognition for their first aeronautic inventions. The French government welcomed them and gave them proper opportunity to demonstrate that they had progressed far beyond any others in developing a heavier-than-air flying machine; but as a group, the French aeronauts were disposed to show jealousy for the two Yankees.
The point was that these Frenchmen, for years past, virtually had been holding the supremacy over the rest of Europe in the matter of aeronautic experiments. Their dirigibles, it is true, had not proved complete successes; still, French ingenuity had progressed farther in this field than the Germans or the Britishers had gone. It was only to be expected, therefore, that the two modest strangers from the States should encounter envy and meet with obstacles from their Gallic rivals.
Nevertheless, following the successful proof by them of their ability actually to fly and, what was more important, to guide their machine along a given course, a banquet at Paris was arranged in their honor. Americans had a good deal to do with bringing the dinner about, but all the French aeronauts or would-be aeronauts were invited—and a considerable number of them attended.
Naturally, there was a deal of speechmaking. The chief orator was a distinguished Frenchman who devoted the most of his remarks to claiming that France had led the world in the new field of endeavor—or so he insisted—and to proclaiming that future developments ever would find Frenchmen at the forefront. Curiously enough, he had very little to say in compliment of the two chief guests of honor.
Wibur Wright was next called upon by the toastmaster. Slowly he rose to his feet.
"I am no hand at public speaking," he said, "and on this occasion must content myself with a few words of thanks to the company for its entertainment of myself and my brother. As I sat here listening to the speakers who have preceded me, I have heard comparisons made, to the eagle, to the swallow and to the hawk as typifying skill; and to the hawk as typifying skill; but somehow or other, I could not keep from thinking of the bird which, of all the ornithological kingdom, is the poorest flyer and the best talker. I refer to the parrot."
And down he sat amid tremendous applause from the Americans present. (Copyright by the McNaught Syndicate, Inc.)

Miss Louise Uihlein

Miss Louise Uihlein of Milwaukee, Wis., whose betrothal to Gustave Pabst, Jr., heir to the Pabst Brewing company millions, is announced. The marriage will unite two of the wealthiest families of Milwaukee. The families were for years rivals in the brewing industry which made Milwaukee famous for its beer. Mr. Pabst, who is now a member of the United States diplomatic corps, recently returned from South America to accept a post with the American legation at Constantinople, Turkey. The wedding will be a quiet affair to be followed by a honeymoon in Europe before Mr. Pabst assumes his new duties. Miss Uihlein is a graduate of Milwaukee university and recently made her bow to society. Her fiance is a graduate of Harvard university.

Populous Eastern Cities
The largest cities in the torrid zone are in British India—Calcutta, Bombay and Madras. The population of each of the first two exceeds a million, and that of the third half a million. Other large cities in that zone are Bangkok in Siam, Singapore in the British Straits Settlements, and Hongkong, a British possession in southern China.

Indeed Bitter
A few people were discussing their bitterest disappointments. Seriously, grievously they spoke. Then a woman, with a twinkle in her eye, said, "My bitterest disappointment was at the age of seven when I gunkily gulped down the contents of a bottle of heliotrope perfume thinking because it smelled so good it must taste delicious."—Springfield Union

Voodooism Still Practiced
In the outlying sections of Florida there are still remnants of voodooism. Sickness is treated with a series of incantations and strange practices such as hanging beads, dirty rags and snake rattles about the patient's body. In these communities where the voodoo doctor still works almost every other man owns an automobile.

ANNUAL REPORT OF THE CHARLEVOIX COUNTY COW TESTING ASSOCIATION YEAR ENDING July 31st, 1926. TESTER, Edgar L. Miteen

The Charlevoix County Cow Testing Association has successfully completed its third year testing, which shows greater results than the preceding years. These results are due to the fact that many of the farmers have culled out their star boarders and are keeping and taking better care of the profitable cows. The dairymen that have the best results are those that have good alfalfa and ensilage to feed a properly balanced grain ration according to the needs of the cow. Other important factors are, keeping the barn clean and well ventilated, cleaning the mangers before feeding, feeding and milking regularly, and to provide water so that the cow may have it at any time she wishes.

By practicing the above factors and many similar ones the members have raised the association average from 272 lbs. of butterfat, which it was three years ago, to 320 lbs., which it is at the present time.

This can still be increased if more of the farmers would try to improve their methods which certainly proves to be more profitable in the end.

The following figures are the results of the year ending July 31, 1926:

AVERAGE PRODUCTION PER COW

Milk	8,436.1	Feed cost 1 lb. butterfat	\$.27

THE HOME PAPER

Men everywhere are coming more to understand and appreciate the influence of the rural press in the affairs of this country.

Only a few years ago we were told that the local newspaper was passing—that it would not compete with the dailies and weeklies of the big cities—and that it must yield to the inevitable.

But the prophets were wrong. It is true that the local daily or weekly cannot supply in detail all of the news of the world. It cannot compete with its city contemporary in illustrations and features.

And yet the local paper is still with us, and it is growing in strength and usefulness as the years go by. Some of the reasons for its existence are summed up in this paragraph from an exchange:

The local paper should be found in every home. No children should grow up ignorant who can be taught to appreciate the home paper. It is said to be the stepping stone of intelligence in all matters not to be found in books. Give your children a foreign paper which contains not a

word about any person, place or thing, which they saw or perhaps ever heard of, and how could you expect them to be interested. But let them have the home paper and read of people whom they meet, and of places of which they are familiar and soon an interest is awakened which increases with every arrival of the local paper. Thus a habit of reading is formed and these children will read the papers all their lives and become intelligent men and women, a credit to their ancestors, strong in the knowledge of the world as it is today.

WORKERS HELP CAL CAMPBELL IN CAMPAIGN

Former Michigan Central Conductor Knows Worker's Side of Life and Has Always Been Actively Interested in Their Welfare.

Development in Northern Michigan in the next two years should be rapid, especially in the counties comprising the 29th Senatorial district, which contain hundreds of thousands of acres of Michigan's most beautiful resort land.

Realizing this and believing this district should send to the State Senate, a man who is enthusiastically anxious about this development, Cal Campbell of Indian River, has been given strong endorsement all over the district.

He is now campaigning for the Republican nomination. He believes the great state of Michigan should act immediately to help develop this great north country. He believes the state should build new roads into the hundreds of thousands of acres of beautiful wild land along the Lake Huron and Lake Michigan shores. He believes this should be done without further delay. He believes also that this great state should appropriate money to advertise to the world, the beauties contained in the northern part.

Cal Campbell has lived in Northern Michigan 48 years, coming to Gaylord when only 12 years old, later he worked on the Michigan Central railroad and step by step rose to the position of Conductor. He held this job for 25 years and then opened up a stone quarry at Afton known as the Campbell Stone Co. This plant employs a large number of men. Practically all of them have worked for Mr. Campbell for years because he is a friend to them. He knows the working man's side of life and has always done everything in his power to further their interests.

Even back in the days when he first started railroading, he took an active interest in his fellow man and worked out the first railroad men's organization on the Michigan Central. It was known then as the Brotherhood of Railroad trainmen. In the capacity chairman of the grievance committee Mr. Campbell drew up the first pay schedule ever submitted to the Michigan Central and still has the original copy. He still retains his membership in this Brotherhood.

So Cal Campbell knows the workers' side of life. He is interested in their welfare, as all his employees and their friends throughout Northern Michigan will testify. On top of this, he is true to Northern Michigan. He is a firm believer in this great resort country. He is anxious to see it develop and wants the state to do its part. He has no axes to grind. No Normal schools to fight for, no pet projects to foster, but he DOES believe that the entire state should help develop Northern Michigan and should do it now.

Cal Campbell is one of Michigan's foremost business men and has the ability to help Northern Michigan in its development.

If the people of this great resort country want to help to develop their own town, village, community or city, and believe as Cal Campbell does, that the state should do its part, then a vote for Cal Campbell for State Senator on September 14, will be a vote in this direction.—Advertisement.

MEXICAN CHURCHES NOT TO BE REOPENED

Episcopate Bans Any Services for Present; Calls Will Not Relent.

Mexico City.—Hopes for a speedy settlement of the religious controversy were crushed when the Roman Catholic episcopate unanimously decided not to resume church services for the present.

The situation remains the same as before the recent conference between President Calles and representatives of the episcopate. The boycott will continue and in the meantime the Catholic church leaders will discuss plans for a congressional campaign with the object of amending the constitution.

No date has been fixed for further conferences with the President and there is some uncertainty as to whether or there will be any more.

Bishop Diaz, secretary of the episcopate, declared it was considerably influenced by the statement attributed to President Calles by the newspaper El Universal in which the President was quoted as saying:

"If the priests return to the temples, they must do so subject to the laws."

In the view of the episcopate this does not harmonize with the attitude taken by the President a few days ago, and the episcopate decided that it leaves the situation precisely as it was before and that the church's constant and unqualified position was that it cannot accept these laws.

There are indications that the decision also was influenced by the strong belief in certain Catholic circles that the episcopate's statement regarding the recent conference was issued too hastily and that the church should not commit itself to resumption of service without more definite promises from the government.

The episcopate's formal statement after its meeting says:

"The situation continues the same as before the conference with President Calles. Services will not be resumed, because it is necessary not only to discover a method to give instructions to priests without sacrificing the rights of the church, but also to discover how to obviate the destruction of liberty of conscience by these laws pending their amendment or repeal through congress. Methods of taking this question to the chamber are being discussed."

WASHINGTON BRIEFS

To protect American citizens in Central America, two American destroyers will be sent to Bluefields, Nicaragua, because of the revolutionary outbreak there, the State and Navy departments announced.

Secretary Kellogg has made a new proposal for settlement of the Chile-Peru dispute over the Tacna-Arica provinces, the State department announced.

Senator William B. McKinley of Illinois has been removed from his residence in Washington to Martinsville, Ind., to a private sanitarium, where he will remain indefinitely in the hope of having his health restored.

The American Federation of Labor through Sir James Howard, the British ambassador, has petitioned the British government not to permit the employment of nonunion labor in construction of the new British embassy here.

Retirement of A. A. McLaughlin as general solicitor and assistant director general of the United States railroad administration is announced by Acting Secretary of the Treasury Winston.

Injured Flyer Crawls Five Miles to Safety

Bellefonte, Pa.—With his left knee broken and his skull fractured in two places, Lieut. Cyrus K. Bettis, army flyer missing three days, was found alive by searchers in the Seven Sisters mountains. Despite his injuries he crawled five and a half hours through brush to a roadway where he was found. He is expected to recover.

25 Prisoners Make Dash From State Reformatory

Ionia, Mich.—A riot broke out in the state reformatory here, and 25 prisoners escaped through the front entrance after breaking into the officers' quarters, arming themselves with automatic revolvers, and donning guards' uniforms. Some of the men fled in automobiles commandeered at the institution and others scattered about the city and open country.

Belgium Opposes Poland

Paris.—It is announced that the Belgian government has changed its attitude of last year with regard to giving Poland a seat on the council of the League of Nations and is now opposing a permanent seat for that country.

Auto Hits Tree, Five Killed

Bridgeport, Conn.—Five young men were killed at Nichols when their automobile left the road and crashed into a tree.

STATE NEWS IN BRIEF

Detroit—Scottmen and descendants of Scots in Michigan are to be asked to contribute to the \$5,000 quota to be raised in this state toward a \$50,000 memorial, honoring the Scottish soldiers who died in the World War, which will be erected at Edinburgh.

Lansing—A reorganization of the Manistee & Northeastern Railroad has been authorized by the State Public Utilities Commission. It is understood the reorganization is primarily for the purpose of financing. The new company will be known as the Manistee & Northeastern Railway Co.

Ann Arbor—Michigan superintendents of the poor were convened here Aug. 31 for a three-day session. The meetings were in the county building and the University of Michigan hospital. The delegates visited the Washenaw county infirmary south of Ann Arbor and the Michigan State Normal college at Ypsilanti.

Ionia—Officers have taken into custody four boys, ranging in ages from seven to 13 years, who have confessed to a long list of petty robberies, including the theft of keys from a hundred or more automobiles. The quartet will be taken into juvenile court. One of the youths was caught.

Sturgis—More than 200 members of the Royal Neighbors from Cass and St. Joseph counties assembled here recently for the twentieth annual bi-county convention. Mrs. Lola Riley, of Mendon, was elected convention president for next year. She succeeds Mrs. Lena Hull, of this city. It was voted to hold the next convention at Mendon.

Pontiac—H. M. Vaughn, county agricultural agent, conducted a potato tour of Oakland county recently, with the cooperation of the Michigan State college, the Michigan State Potato Growers' association and the Oakland County Extension service. A number of Oakland county farms were visited. Those interested in potato production were invited to join the tour.

Ann Arbor—The contract for the general excavation work on the New Michigan football stadium has been awarded to R. A. Mercler, Detroit contractor. According to present plans the entire excavation project will be completed by December 15, thus permitting the ground to settle during the winter so that the concrete construction can start in the early spring.

Grand Rapids—A special car for the accommodation of western Michigan members of the Grand Army of the Republic who will attend the national encampment at Des Moines the week of September 19, will leave here just prior to the opening of the sessions. Walter Funk of Grand Rapids, senior aid to the state and national commanders, will be in charge.

Pontiac—The Briggs Investment company of Detroit, has awarded the contract for erection of a \$350,000 or \$400,000 theatre in Birmingham to a Pontiac firm. When completed the theatre, to be known as The Birmingham, will be one of the finest in the state. It will be built for the Kunsky Theatre corporation, of Detroit, and is located on Woodward avenue, just south of Maple.

Marshall—The recent death of Mrs. Elsie Harbaugh, Newton Township resident, is ascribed to a mosquito bite. She had recovered from the German measles and went to Battle Creek on business. While there a mosquito bit her. She was taken suddenly ill and removed to hospital, but returned to her home a few days ago.

The cause of death is given officially as poisonous malaria fever as result of mosquito bite.

Iron River—One of the biggest cleanups of liquor law violators ever undertaken in the county was staged here recently when federal officers under the direction of Russell Post, of Marquette, chief of the prohibition enforcement department in the northern peninsula served about 35 warrants in Iron River, Caspian and the Virgil location. Several of those arrested have been recognized as long offenders of the law.

Lansing—Reductions and revisions of gas rates in Lansing and Muskegon, affecting industrial and house heating consumption, have been authorized by the state public utilities commission. The Muskegon Traction & Light company and the Consumers' Power company were granted permission to make the changes. Similar revisions are being made in many cities with a view, according to utility officials, encouraging the use of gas for heating purposes.

Owosso—A resolution calling for the cancellation of the American Legion's national convention in Paris, France, in 1927, has been passed by the Legion post here. The post's delegates to the state convention at Lansing have been instructed to offer the same resolutions there. The Legionnaires believe that the present feeling in France, brought about by war debt negotiations, is such that the sending of thousands of World War veterans to France on a holiday would aggravate the situation.

LORD WILLING By DOUGLAS MALLOCH

WHEN does a mortal get his sense? Well, some say now and some say then; The measure of experience 'Ain't all the same in all of men. But me, I figger any man Has got his sense when every plas He puts one great provyiso on And says, beginnin' every dawn, "Lord willin'."

Men don't wake up some certain date, Some special birthday, stated year, And say, "I'm twenty-one, or eight, Or sixty-five, or ninety near, And so at last my sense I've got." No, friends and neighbors, that ain't what Will show that men have learned the way To look at life—it's when they say, "Lord willin'."

Youth plans, and never doubts a dream, Or doubts its dreaming will come true, But there's some fault in many a scheme That no man saw, and yet God knew. Some great ambition may be man's, But sometimes God has other plans; And wisdom comes to sire or son When every journey is begun, "Lord willin'."

Mother's Cook Book Always men's qualities are shown by whether their powers and privileges make them proud or make them humble.

GOOD THINGS IN SEASON

WHEN serving fish try the following sauce with it: Wash and scrape four or five carrots and cook until tender in very little water. Drain and mash, add salt and plenty of butter. Cook a teaspoonful of flour in butter until brown and add to the carrots, then add one and one-half cupfuls of rich milk or thin cream and simmer for ten minutes. Season with pepper, cayenne and paprika; pour over broiled or boiled fish.

Pineapple Sponge Sandwiches. Bake small sponge cakes in gem pans—cup cakes may be prepared if preferred. Cook until thick one cupful of shredded pineapple and three-fourths of a cupful of sugar with the juice and rind of half a lemon. Cut the cakes in half when cold, spread with the pineapple and press together sandwich-fashion. Serve covered with whipped cream, boiled frosting, or fondant, or just plain. Nice with an feed drink for an afternoon tea.

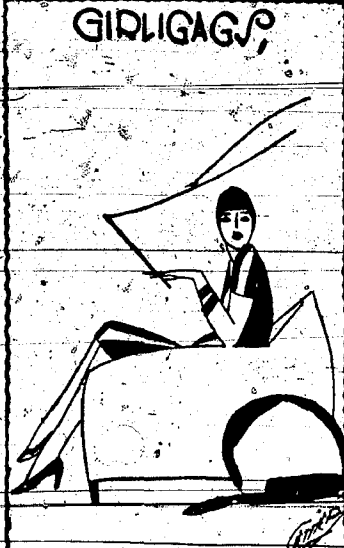

Green Apples and Onions. Slice green apples after washing well, without peeling. Put a half dozen small onions sliced thin into a frying pan with two tablespoonfuls of bacon fat and sprinkle well with salt; stir until softened and nearly cooked, then add the apples and cook until all are tender. Season with salt and pepper and serve with broiled steak.

Bonny's Babber. Nothing is more wholesome for the children's dessert than thick, rich, sour milk, sprinkled with brown sugar.

Spanish Salad. Take one cupful of diced cooked chicken, one cupful of sliced cucumber, one cupful of walnut meats broken into bits, one cupful of cooked peas, mix with a good boiled dressing and serve on lettuce.

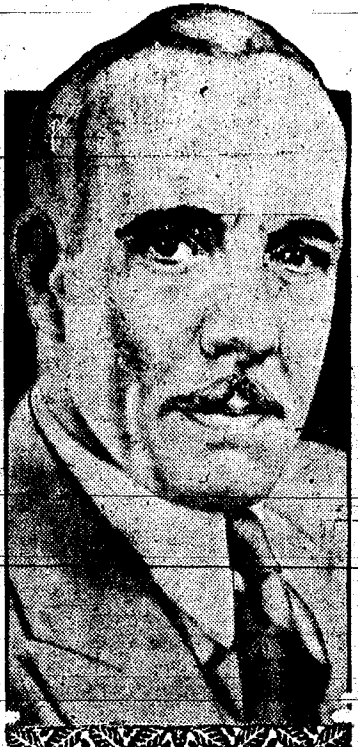

Fruit Salad. Arrange rings of pineapple on lettuce, top with a half of a banana cut like a candle, with the small end for the top. Garnish with a red cherry, and serve with a spoonful of rich dressing at the side of the dish. Another way is to fill the pineapple centers with chopped almonds mixed with thick mayonnaise.

The Hotel Stenographer 916 Fulkerson

"I GOT me a radio outfit," announced the House Detective, "and last night I—"

"You got KCB or something," interrupted the Hotel Stenographer. "Don't tell me about it, Kelly. It's bad enough to be a radio fan, but when you wave your fan you become a nuisance."

"Adam was the first radio fan. He took a spare part and made a loud speaker out of it, thus eliminating the need for a radio in his home. Radio washed in popularity thereafter and is just coming back."

"No woman likes radio. Why should she? Every woman likes to do the broadcasting for her own home. All day long she is by herself poking into closet corners with her broom while the children are at school and the old man is on the job. She has to wash dishes and clean, scrub and launder all by herself because she has nobody to talk to except the baby."

"When night comes she certainly ought to be allowed to say all the things she has thought out all during the time she has been alone in the house."

"Kelly, the reason your wife gets the best of every domestic argument is because she figured her side all during the day. She knows just what you will say and what she will reply, and if you do not say it, she has a reply already arranged for whatever you do say. All day long she mutters and plans over the argument until she has it all worked out."

"Then you come home at night and buckle a couple of radio phones on your bean and leave her with an unargued argument in her system; no wonder she is sore. But I am not like that. I am always willing for other people to have their say. What were you about to say about your radio?"

"I was going to say it was just like listening to you," answered Kelly. "It chatters and I couldn't make any sense out of it." (Copyright by the McNaught Syndicate, Inc.)

MORTGAGE FORECLOSURE

Default having been made in the terms and conditions of a certain mortgage made and executed by Clyde E. Hollinshead and wife, Vida Hollinshead of the Township of South Arm, County of Charlevoix, and State of Michigan, to the State Bank of East Jordan, a corporation organized, existing and doing business under and by virtue of the laws of the State of Michigan, and having its principal office and place of business in the city of East Jordan, Michigan, which said mortgage bears date the 5th day of December, 1916, and was recorded on the 6th day of December 1916, in Liber 59 of Mortgages on page 34, in the office of the Register of Deeds in and for said County of Charlevoix, Michigan. That said mortgage is past due and there is now claimed to be due and unpaid on said mortgage the sum of five hundred ninety-nine and twenty-five one hundredths (\$599.25) dollars at the date of this notice, including principal, interest and taxes, and no suit or proceedings at law or in equity having been instituted to recover the moneys secured by said mortgage or any part thereof.

NOW, THEREFORE, by virtue of the power of sale in said mortgage contained, and of the statute in such case made and provided, NOTICE IS HEREBY GIVEN, that on Monday, the 11th day of October, 1926, at ten o'clock in the forenoon, standard time, at the front door of the court house in the city of Charlevoix, Michigan, that being the place where the Circuit Court for the County of Charlevoix is held, said State Bank of East Jordan will sell at public auction to the highest bidder the premises described in said mortgage or so much thereof as may be necessary to pay the amount due on said mortgage and all legal costs.

The premises described in said mortgage are as follows, to-wit:— "The Southwest quarter (SW 1/4) of the Southeast Quarter (SE 1/4) of Section Thirty-three (33), Township thirty-two (32) north, Range seven (7) west, containing forty (40) acres of land more or less."

MORTGAGE SALE

Default having been made in the terms and conditions of a certain mortgage made and executed by Chas. R. Johnson and wife, Eliza Johnson, of the city of East Jordan, Charlevoix County, Michigan, to the State Bank of East Jordan, a corporation organized, existing and doing business under and by virtue of the laws of the state of Michigan and having its principal office and place of business in the city of East Jordan, Michigan. Which said mortgage bears date the 24th day of August, 1911, and was recorded on the 25th day of August, 1911, in Liber 47 of Mortgages on page 376, in the office of the Register of Deeds in and for the said county of Charlevoix, Michigan; that said mortgage is past due and there is now claimed to be due and unpaid on said mortgage the sum of Six Hundred Thirty-nine and 91-100 Dollars (\$639.91) at the date of this notice including principal, interest, taxes and attorney fees, and no suit or proceedings at law or in equity having been instituted to recover the moneys secured by said mortgage or any part thereof.

NOW THEREFORE, by virtue of the power of sale in said mortgage and of the statute in such case made and provided, NOTICE IS HEREBY GIVEN that on Monday, the 20th day of September, 1926 at ten o'clock in the forenoon, standard time, at the front door of the court house in the city of Charlevoix, Michigan, (That being the place where the Circuit court for the county of Charlevoix is held) said State Bank of East Jordan will sell at public auction to the highest bidder the premises described in said mortgage, or so much thereof as may be necessary to pay the amount due on said mortgage and all legal costs.

The premises described in said mortgage are as follows, to-wit:— "A part of the North-east quarter (1/2) of the South-east quarter (1/2) of section Twenty-two (22), Township thirty-two (32) North, Range Seven (7) West, bounded as follows: Beginning at a point Thirty-three (33) feet South and Two Hundred and Eighty-three (283) feet West of the North-east corner of the above described subdivision; thence South One Hundred Twenty-four (124) feet; thence westerly Fifty-two (52) feet and four (4) inches; thence North One Hundred Twenty-four (124) feet; thence Easterly Fifty-two (52) feet and four (4) inches to place of beginning."

EASY TO DARKEN YOUR GRAY HAIR

You Can Bring Back Color and Lustre With Sage Tea and Sulphur

When you darken your hair with Sage Tea and Sulphur, no one can tell, because it's done so naturally, so evenly. Preparing this mixture, though, at home is messy and troublesome. At little cost you can buy at any drug store the ready-to-use preparation, improved by the addition of other ingredients called "Wyeth's Sage and Sulphur Compound." You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning all gray hair disappears, and after another application or two, your hair becomes beautifully darkened, glossy and luxuriant.

Gray, faded hair, though so disagreeable, is a sign of old age, and as we all desire a youthful and attractive appearance, get busy at once with Wyeth's Sage and Sulphur Compound and look years younger.

Notice Relative to Opening and Closing of the Polls

Act 351—Part IV—Chapter VIII, Public Acts of 1925.

Sec. 1. On the day of any election the polls shall be opened at seven o'clock in the forenoon, or as soon thereafter as may be, and shall be continued open until five o'clock in the afternoon and no longer; PROVIDED, That in townships the Board of Inspectors of Election may, in its discretion, adjourn the polls at twelve o'clock noon for one hour, and that the township board in townships and the legislative body in cities and villages may, by resolution adopted fifteen days prior to the election and published with the notice of the election, provide that the polls shall be opened at six o'clock in the forenoon and may also provide that the polls shall be kept open not later than eight o'clock in the evening of the same day.

The Polls of said Special Election will open at 7:00 o'clock a. m. and will remain open until 5:00 o'clock p. m. of said day of election. Dated July 21, A. D. 1926. OTIS J. SMITH, City Clerk
