## Club Work Enlarged

Charlevoix County Boys and Girls Have Thirteen Winter Clubs.

The winter of 1926-27 starts off with a large increase in membership in both the sewing and handicraft club projects and if a good start means anything, Charlevoix County will enjoy its most successful year in club work.

Without a single exception these various clubs, organized early in November by extension specialists from the State Club Dept., have already made rapid progress in carrying out their requirements and are deeply interested in the work. This year great emphasis was placed in having 100% finishers in each club and as a result those who were uncertain were not asked to join and it is hoped our percentage of finishers will be considerably higher than last year.

Great credit must be given to the leaders of the new clubs, who are donating their services and efforts unselfishly and without compensation to give these rural boys and girls instruction and training in sewing and manual training.

Following are the various clubs in the County:

### SEWING CLUBS

1. Chaddock School Club—East Jordan. Leader, Miss Vera Belding, teacher. Members, seven.
2. Busy Bee Club—Boyer Falls. Teacher, Mrs. Cora Willis. Leader, Miss Mary Benjamin. Members, five.
3. Clarion Club—Clarion. Leader, Miss Brances Bryant, teacher. Members, eight.
4. Keep Working, Hilton School—Charlevoix. Leader, Miss Lottie Webster, teacher. Members nine.
5. The Merry Sewers, Mountain School—East Jordan. Leader, Miss Frances Gould, teacher. Members, seven.
6. Busy Folk's Sewing Club, Wildwood School—Boyer City. Leader, Miss Marguerite Schepers, teacher. Members, six.
7. Bay Shore Club—Bay Shore School. Leader, Miss Helen M. Germond, teacher. Members, nine.
8. Cheerful Workers, Burgess School Charlevoix. Teacher, Miss Irene Bruce. Leader, Miss Raber. Members, eight.

### HANDICRAFT CLUBS

1. Phelps Handicraft Club, Phelps School—Charlevoix. Leader, Mr. Russell Duffey, teacher. Members, seven.
2. Wide-a-Wake Club, Burgess School Charlevoix. Teacher, Miss Irene Bruce. Leader, Mr. Sims Baker. Members, twelve.
3. Busy Builders, Korhase School, Boyne City. Leader, Miss Celia Mae Howe. Members, seven.
4. Clarion Hammerfast Club, Clarion. Leader, Mr. W. C. Palmer. Members, eight.
5. Be Finishers, Hilton School, Charlevoix. Teacher, Miss Lottie Webster. Leader, Mr. Orville Hilton. Members, five.

This gives a total of 98 boys and girls who have started the winter club work in the County. In addition a number of five boys in the Chaddock school are endeavoring to complete their requirements without a suitable place to work and without a leader. Working under these handicaps they are to be congratulated for their interest and spirit.

One idea of a governmental extension is seen in Poland, where the is being asked for a fund to permit its envoys to get their trousers pressed.

The Bankers' Journal is optimistic over the outlook for 1927. This will not be felt locally in time to pay for Christmas presents.

## Christmas Wedding at Richard's Home

Miss Iva Blanche Dewey, daughter of Mrs. Blanche Richards, was united in marriage to Ralph Conley Hodgkinson of Flint at the home of the bride's mother in this city last Saturday evening, Dec. 25th, at 7:00 o'clock.

Rev. J. B. Peatling, Pastor of the Boyne City Methodist Church, performed the ceremony in the presence of about thirty guests. They were attended by Mr. and Mrs. James Fairchild of Ann Arbor. The bride wore a gown of white georgette and carried a bouquet of white carnations. The bridesmaid wore a pale green georgette dress. After the ceremony a light luncheon was served. The home was decorated in the Christmas spirit.

Mrs. Hodgkinson, who has been teaching in the Boyne City High School the past few years, will complete her school year at that city. Mr. Hodgkinson is a senior student in the Civil Engineering class at the Michigan State College at Lansing. They expect to locate at Flint later on.

Chamber of Commerce Office, 104 S. Park St., Boyne City, Mich. adv. 53-2.

Lansing—The 1927 Legislature will be asked to initiate a constitutional amendment increasing the tenure of the Governor from two to four years and prohibiting two consecutive terms. Rep. Milton R. Palmer, of Detroit, announced he will sponsor such a resolution. He made a similar attempt in the 1923 Legislature.

Ann Arbor—Chimes, the review and critical magazine of the University of Michigan has suspended publication. After several years as a distinctive magazine, Chimes became a supplement of the Michigan Daily in 1925. It was changed to an independent weekly with the beginning of 1926. Trouble in maintaining a business staff for the magazine is given unofficially as the reason for the suspension.

Detroit—Detroit's ascension to the coveted position of America's third industrial city has been confirmed in the recent announcement of industrial statistics assembled by the department of commerce. The government census shows that the total wholesale value of products manufactured in Wayne county during the year ending December 31, 1925, was \$2,654,845, 845. The estimated retail value of these products is in excess of \$4,000,000,000.

The present styles for women make even the blase man sit up and notice.

## Happy New Year

## STATE NEWS IN BRIEF

Muskegon—Two-year-old Rodney Brooks drank two ounces of flavoring extract while his mother was out of the house. He died soon after.

Detroit—William Ksen, 2, fell into a tub of boiling water and was scalded to death before his mother, Mrs. Joseph Ksen, who was in another room of the house, could answer the child's screams.

Grand Rapids—Joseph Roszanski, 18 years old, an employe of Michael Smolenski, operator of a meat market, was killed when he came in contact with a high tension wire while he was in a refrigerator at the market.

Benton Harbor—Thieves raided the Hilltop Fox Farm at Watervliet north of here, slaughtered 28 silver foxes and made away with the pelts valued at \$5,600. This is said to be the first raid by thieves on a fox ranch in Michigan.

Almont—The fact that several white or Arctic owls have been killed recently in the vicinity of Almont leads weather prophets of the community to believe that January will be the coldest month known in 50 years.

Lansing—The Michigan Legislature at its coming session will be asked to appropriate \$331,000 for development of the state's parks, John Baird, state director of conservation announced recently. The \$331,000 estimate is based on a survey of all state-owned parks recently completed by P. J. Hoffmaster, superintendent of parks.

Grand Rapids—Fred W. Green, Governor-elect, rode into Grand Rapids in an automobile operated by a bootlegger and heavily laden with liquor. Mr. Green's automobile broke down en route from Ionia to Muskegon and with Mrs. Green he hailed a passing automobile. After Mr. Green had climbed into the automobile with his wife, he discovered that it was loaded with liquor. "We were mighty glad to get to Grand Rapids and I presume the driver was pleased, too," explained the Governor-elect.

Detroit—With 3,420,500 automobiles manufactured in Detroit to date in 1926, all previous records of automobile manufacture were broken, according to a survey just completed. The automobiles manufactured represent an estimated retail value of \$2,622,250,000. The figures do not include trucks or heavy commercial vehicles, but are restricted to the vehicles manufactured in the passenger automobile plants of the city. A little more than 75 per cent of the world's automobiles are manufactured in Detroit.

Mt. Clemens—Henry "Tom" Stephens, millionaire banker, lumberman and traveler, and president of the First National bank of this city, sends word from the Pacific coast that he has acquired one of the rare silver dollars of the 1804 coinage, which is quoted at a premium in excess of \$1,000. Only four silver dollars of that issue were coined. One was lost when a noted Turkish wrestler drowned during an ocean trip; one is owned by Riza Bey, the shah of Persia, and the other by a Philadelphia man.

Detroit—Detroit, with a rate of 27.8 automobile fatalities per 100,000, stood in thirteenth place among the cities of the country in 1925, the department of commerce announced recently. The rate compares with 25.5 in 1925 and 13.4 in 1921. While 12 cities had a larger proportion of deaths from auto accidents in 1925, only two of these, Grand Rapids and Salt Lake City, showed so heavy a percentage of increase over 1921, Grand Rapids rising to 29.2 from 10.8 and Utah's capital to 32 from 14.8.

Our extra slice of pie for this week together with the piece reserved from last week, is awarded to the little boy or girl in East Jordan who Santa Claus fails to find on Friday night.

## Their Love Stood Three Years' Test

Three years ago, Miss Mary McChittie, daughter of Representative James V. McChittie of Oklahoma, met Richard Liebert of Washington, a theater organist. They fell in love, eloped and were married, but her father had the wedding annulled on the ground they were too young. He told them to wait three years and if they still loved each other, then they might get married. The other day at the end of three years' wait, they eloped again, to Baltimore, and were wed.

## Rogers City Has Cleanup

Sixteen Arrested For Making or Selling Booze.

Cheboygan, Dec. 23.—In a wholesale raid of Rogers City and vicinity between the hours of 9 and 1 o'clock Tuesday night federal officers and troopers from Cheboygan made 18 arrests on charges of manufacturing and selling intoxicating liquor.

Quantities of liquor were found at each place where the arrests were made, several pool rooms and soft drink parlors being entered in the general clean-up of Rogers City.

The sixteen arrested at Rogers City are Ervin Parisiau, A. D. Powvo, pool room, Albert Zink, Martin Gabrysiak, cook, Charley Earica, cook, Elmer Paradise, restaurant; John Paradise, restaurant; Adolph Mende, auto supplies; Paul Hopp, billiard room; Leo Greka; Eli Cantile, pool room; Dr. John Bruning; Mrs. Veronica Carney; Morris Cominski, junk dealer; Humphry Berd, laborer; Malcolm Walker, pool room, of Millersburg, and John Rhynski of Posen were also taken into custody following "buys" of liquor by federal officers. Frank Muller, farmer of Millersburg, was arrested Monday by the troopers for manufacturing and selling moonshine.

The group of nineteen was brought to Cheboygan during the night, accompanied by the five federal officers and four State troopers and lodged in the Cheboygan County jail until Wednesday. Then the entire detachment motored to Bay City, where the prohibition law violators will be arraigned in federal court.

Included in the party of alleged liquor law violators that left for Bay City was Norman Mitchell, colored, a bell hop at a local hotel, who sold federal officer McGaffney a half pint of liquor yesterday morning.

Ionia—Homer Zimmerman, 32 years old, a fugitive from the Michigan Reformatory 11 1/2 years, is back in his cell in the institution, and has more than 14 years to serve. Zimmerman was originally sentenced from Eaton County on Feb. 27, 1915, for burglary, for a term of six months to 15 years. Paroled the same year, he broke his parole by not making the proper reports. Arrested recently, at Charlotte as an auto thief, his past record was uncovered. No new charge was placed against him, as he must serve out his old term.

Lansing—The State Conservation Commission authorized the purchase of the largest area of land ever acquired by the state for game refuge and public hunting ground purposes. The tract owned by the Richardson Lumber Co., of Alpena, adjoins the present Pigeon River Forest Reserve in Otsego and Cheboygan counties and will add 12,900 acres to the present site of 5,600 acres. The price asked for this land was \$450 an acre, but the final terms agreed upon were \$3.75 an acre, representing the assessed valuation.

Bay City—Four lake vessels are marooned in the ice of Saginaw Bay with the virtual certainty they will have to remain there all winter. The four, the Langell-Boys, Saginaw lumber barge, the Sarnia City, a Port Huron tug, and the barges Filmore and Bradley of Bay City, were within five miles of Bay City at one time, but the ice went out of the mouth of the river and swept them out into the bay again. The ice took them out further in one hour, than what progress they had been able to make in three days.

Traverse City—Snow removal from this city's streets is altogether too efficient for the draymen, it was revealed in a petition to the city commission by haulers of freight who use sleighs. City plows have been doing such a good job this winter that long stretches of the main streets are bare, the petition points out, making it impossible for the sleighs to travel. Another similar plea has come from farmers of the region, who live off the state trunk lines, and who therefore are compelled to use sleighs to reach the high ways covered by state plows.

Grand Rapids—Automobile fatalities in Grand Rapids in 1926 totaled 11, which was 25 under the 1925 mark. Safety Director James Sinke reported. Last year 36 persons died as a result of automobile accidents. In 1924 there were 21 deaths recorded and in 1923 there were 25, while in 1922 the total was 34. The month of November, with a record of 1,186 automobile accidents, stands out as the worst month in the traffic circles of Grand Rapids. The accidents involved 1,824 male drivers and 112 women motorists.

Your mother-in-law probably knows who put the "rid" in bride.

## Alimony Collections Incrasc'g

County Clerk Emery Reports Large Increase Since 1923.

We beg to report the condition of alimony collections covering the past four years.

The collections, under the direction of the court have increased from year to year in a most satisfactory way. Under the law in vogue in 1923 alimonies under divorce decrees were paid by the husband direct to the divorced wife, but under the law now prevailing, the collections are made by the County Clerk and by him disbursed to the wives or other dependants. The County Clerk issues a statement to the Judge at each session of the Circuit Court showing those in arrears and the court in possession of this information either orders the Sheriff to bring in the person in arrears placing him under performance bond or causing his arrest for non-payment.

This method has assisted the Superintendents of Poor who have in the past necessarily provided for families where the husbands and fathers deserted their families.

Judge Gilbert should be congratulated on his constant and careful consideration of this department, in placing the burden of supporting the families direct on the husband or father, and insisting on them doing their duty to the family, and to the State. The following figures will give you some idea of the condition of this account and how the payments are increasing each year in Charlevoix County.

Collections made by County Clerk in—

1923	\$1,479.30
1924	\$2,398.90
1925	\$3,488.00
1926	\$4,546.04 to Dec. 10

Total in 4 yrs. \$11,912.24

The Court has also collected many costs in criminal cases which have helped materially in maintaining the criminal side of the Court. That is, in case a person is found guilty of a criminal charge, the costs or a part of them are charged to the Defendant who must pay at least a part of the expense of his criminal act, the amount determined by the Court investigation. In this way the taxpayers are assisted in the maintenance of this side of the Court by those actually causing the expenses.

Respectfully submitted,  
CHARLES H. EMBRY,  
County Clerk.

Coldwater—Tragedy stalked in the wake of the fifty-first anniversary of Mr. and Mrs. Garret Hall, living southeast of here, when death claimed Mrs. Hall, 72 years old. She died suddenly while at dinner arranged to fittingly observe the occasion by their two surviving children, John Hall and Mrs. Charles T. Bishop. The occasion also marked the seventy-fifth birthday of Mr. Hall. There were seven guests present who attended their wedding 51 years ago.

Kalamazoo—On the payroll of one industrial concern for 55 years is the record of Carl Erling, maker of shoe books. In 1871 Mr. Erling entered the employ of the Ohling Brothers & Everard Co. here. Two years ago, his employers had a gold medal of honor struck for him. It was presented at a dinner which Mr. Erling was notified that he had been placed on pension at full pay for the rest of his life. His actual service, therefore, covered a period of exactly 55 years.

Lansing—The annual report of the Michigan Department of Labor and Industry for the fiscal year ending June 30, 1926, just issued shows that at the close of the preceding year, June 30, 1925, the number of employers working under the workingmen's compensation act was 27,158 and at the end of the fiscal year June 30, 1926, the number was 29,795. During the fiscal year covered by the report, there were 32,420 compensable accidents. Of these 315 were fatal, 2,310 permanent disabilities, and 29,795 partial disabilities.

What has become of the old-fashioned man who kept a diary?

**Smart Accessories Help Embellish Street Outfit**

It is not always the gown that is all-important in making up a smart-looking outfit. Sometimes the very simplest of frocks are transformed into the most charming by combining them with unusual accessories. For instance, sometimes an attractive hat, smart shoes, or gloves can make a woman attractively dressed. Myrna Loy, Warner Bros. featured player, wears an exceptionally fascinating outfit in her forthcoming production, "Bitter Apple." The dress is a simple navy blue crepe two-piece affair with a beaded waist and a tiny white collar. With it she carries a large bag of navy blue quilted taffeta with a white taffeta motif in one corner. Her hat is of the same material, with a white taffeta motif on one side as the only trimming. Undoubtedly, the frock without the bag and hat would attract no particular attention.

To give the ensemble a finishing swanky touch, Miss Loy wears a white taffeta flower on the left shoulder of her dress to harmonize with the motif on the bag and hat. Her shoes are patent leather, trimmed with a touch of white kid.

Simplicity is the keynote of this conservative-colored, smartly tailored afternoon ensemble.

One whole week of beautiful mild weather and cars running on the cross roads again.

Christmas was beautifully clear and mild and both wheeling and sleighing was reasonably good for this time of year.

The electric illuminations of the several cities around on Christmas Eve were wonderful. Those from Boyne City lighting up the Peninsula so it was light enough to drive horses without any other light, while the reflections on the sky from Mancelona, East Jordan, Charlevoix and Petoskey resembled Northern lights from a complete circle.

(Edited by Anson Hayward)

Sunday School attendance was 11. Bert Bennett's family are all planning to go to Detroit sometime this week, which will make our Sunday School some smaller.

Jessie Battebee is home for a visit. Vesta Hayward is home on a vacation for a few days, she expects to return the last of the week.

Mr. Hawley is not much better yet. The Christmas tree was well attended, every seat was filled and several standing up.

Verne Vance has been hauling hay from his farm near Ellsworth and had the misfortune to tip over twice.

Winford Battebee is threshing beans for Clarence Murray this week. Andrew Fisher had the misfortune to cut his foot, and was taken to a Doctor, who had to put 4 stitches in it.

Farmers are buzzing wood this week and the past week. Joe Kraemer is home from Detroit. Work is quite scarce during the holiday season.

Will Murphy from near John Kraemer's place has been hauling hay for John Kraemer.

Anderson, superintendent, and George E. Hunt, division freight agent of the Chicago-Petoskey division of the Pere Marquette railroad. **SHORT TALKS BY THOUGHTFUL MOTHERS**

An Indiana mother tells this:—"We find nothing to compare with Foley's Honey and Tar Compound for coughs and colds. My little bud had trouble with his bronchial tubes from his third year, but since we started giving him Foley's Honey and Tar we have been able to control it. We know there is nothing to compare with Foley's Honey and Tar Compound." The very name tells a story. Good also for croup (spasmodic) and troublesome night coughs. Ask for it.—Hit's Drug Store.
