VOLUME 31

EAST JORDAN, MICHIGAN, FRIDAY, APRIL 8, 1927.

NUMBER 14

Light Vote at Spring Election

Local Contests Bring Out Good Vote in Some Localities.

All State Republican candidates were elected by impressive majorities in the Spring Election of last Monday.

John E. Bird, Adrian, and Nelson Sharpe, West Branch, won in the supreme court race and will succeed themselves on the bench.

Other results will place the following in office:

Superintendent of Public Instruction—Webster H. Pearce, Mt. Pleasant.
Regents of the University of Michigan—Benjamin S. Hanchett, Grand Rapids; Lucius S. Hubbard, Houghton.

Member of the State Board of Education—Fred A. Jeffers, Painesdale.
Member of the State Board of Agriculture—Jay R. McColl, Detroit; Melville M. McPherson, Lowell.

Of those elected all succeed themselves in office with the exception of Pearce who will replace Wilford L. Coffey, Cheboygan.

The vote throughout the State was very light, little interest being evinced in the election. It is estimated that the cost of the election in the State averaged one dollar for each ballot cast.

CITY OF EAST JORDAN
All three precincts in East Jordan polled a light vote, although contests for Aldermen in the first and second wards brought out considerable more than in the third ward, where there were no contests.

Mayor H. W. Dicken succeeds himself to that office, and the three Supervisors were re-elected. Those elected were:

Mayor—Hugh W. Dicken
FIRST WARD
Alderman—William Taylor.
Supervisor—Wm. F. Bashaw.
SECOND WARD
Alderman—M. J. Williams.
Supervisor—Robert Barnett.
THIRD WARD
Alderman—R. G. Watson.
Supervisor—Richard Lewis.

SOUTH ARM TOWNSHIP

The proposition to erect a bridge across Intermediate lake by the township was emphatically defeated, the vote being Yes 25, No 117.

Following were the officers elected:

Supervisor—Charles P. Murphy
Clerk—William G. Murphy
Treasurer—Peter Umlor
Highway Com'r—Irving Crawford
Justice of Peace—Martin Ruhling
Member Board Review—Benjamin Smatts
Constables—E. Kowalski, Victor LaCroix, Earl Danforth, Hattie Murphy.

EVELINE TOWNSHIP

Contest for the office of Supervisor brought out practically every qualified elector of that precinct, over forty absent votes being also cast.

For Supervisor, Wm. Sanderson received 138, Frank Wangeman 136.
Treasurer—D. Tibbit 141, Albert Carlson 127.
Highway Com'r—Wm. Looze 163, Joseph Kemp 102.
Constable—W. C. Howe 150, Richard Hosgood 102.

The other township offices were unopposed.

WILSON TOWNSHIP

In Wilson township 167 votes were cast in Monday's election. Following are the officers elected:

Supervisor—Albert Trojanek
Clerk—E. S. Brintnall
Treasurer—Chas. E. Hott
Highway Com'r—A. E. Nowland
Member Board Review—Eugene Kurchinski
Justice of Peace—Chas. Knop.

JORDAN TOWNSHIP

Following are the officers elected for the township at the election last Monday:

Supervisor—Wm. C. Severance
Clerk—Edd. Nemecek
Treasurer—Earl Gould
Highway Com'r—Albert Chanda
Justice of Peace—Emanuel Kraichvil
Member Board Review—Adam Skroeki
Overseer Highways—Frank Kortan

Wedding Tears

At last it has been determined why a girl cries at a wedding. It's because she wants the groom for her husband, she's glad she didn't get him, she's delighted that the bride got him, she's sorry for her sake that she did, or her shoes hurt.—Louisville Courier-Journal.

Pomona Grange At Ironton, Saturday

Charlevoix County Pomona Grange will meet with the Ironton Grange this Saturday, April 9th, afternoon and evening. Following is the program:

AFTERNOON
All Song—O. Saunders
Welcome—Mr. Ewing
Response—Mr. Ewing
Roll Call—What is the Greatest Thing in the Grange?
Are "bargain sales" practical for farm women who wish to buy economically? Mrs. Hattie Murphy.
What practical preparations for summer are marks of a thrifty farmer? A. J. Bolhrise.
MUSIC
"Wills"—Judge of Probate, S. A. Correll.
Song—
EVENING
Community Singing
Outline of 1927 Program, B. C. Melencamp.
Music—
Oil Developments, Fred H. Merrif.

Paroles Will Be Hard To Secure

Prisoners, who in the future violate a parole a second time, will not be given a third release, Judge Arthur Wood, pardon and parole commissioner, asserted at Lansing recently.

It has been the rule in the past to grant a prisoner a third release if the merits of the case warranted. This practice has been discontinued in the order of Commissioner Wood, prisoners returning for a second violation from now on, will be required to serve their full term.

Wood recently conducted 50 hearings at Marquette prison. Only one parole was recommended.

Rural Carriers Meet At Conway

Better Service and More Pay Were Discussed at Saturday Session.

Better service to their patrons, increase in pay up to what they term a "living wage" were two of the matters discussed at the very enjoyable meeting of Northern Michigan Rural Mail Carriers and their wives at Long's Palace, Conway, Saturday night. There were 19 carriers present, and these with their wives and guests made up a party of 38.

President Traivi of Mancelona had charge of the business session and addresses were given by several carriers and by a number of the ladies present. The national association is working on a wage system which will bring the pay for a 28 mile route to \$2,500 with extra pay for each additional mile. The carriers claim that because of the expense of maintaining automobiles and horses this sum would not be an overly one.

Those in attendance from East Jordan were Mr. and Mrs. Archie Howe and Mr. and Mrs. A. K. Hill.

Warns Farmers of Fraud

The Business Farmer is broadcasting a notice over the State warning farmers to have nothing to do with a man, giving the name of "Everett," who claims to be representing the "Never Idle Poultry Farm," and selling "Never Idle Poultry Tonic." Reports of his nefarious activities have State. The "tone" which he sells to come in from various sections of the State. The farmers is supposed to kill lice on poultry, if put in the chickens' drinking water, and only costs \$10.00 per gallon. Frequently he poses as an expert judge of poultry and takes in "dules" for his "medicine."

The U. S. Dept. of Agriculture have carried on extensive experiments which confirm the fact that internal remedies do not kill external parasites, so poultry raisers are warned to have nothing to do with this fakir.

Holy Oil

The holy anointing oil referred to in the Bible had a base of olive oil and was scented with flowery myrrh, sweet cinnamon, sweet calamus and cassia. These ingredients were probably mixed with the oil in powder form, the mixture then heated until the oil absorbed the odors and allowed to stand until the insoluble matter settled and the oil could be decanted.

The Siren

Pontiac—Because he declares that a 20-foot dam built in the Huron river, near Milford, has reduced the effective head of water at his generating plant in Milford, Frank S. Hubbell, has begun suit in circuit court. He asks an injunction to prevent the use of the dam, which was designed to flood 500 acres of land, thus creating one of the largest lakes in Oakland county. Hubbell has held riparian rights along the river for some time.

Detroit—The country's motoring public kept more than 22,000,000 automobiles on the road in 1926, the United States bureau of good roads at Washington announced after compiling the registrations throughout the country. All states showed heavy gains in establishing this record. Last year, it was announced, about 20,000,000 machines were in use. Michigan set a new high record with 1,118,785 motor vehicles on which it paid license fees of \$16,953,888.

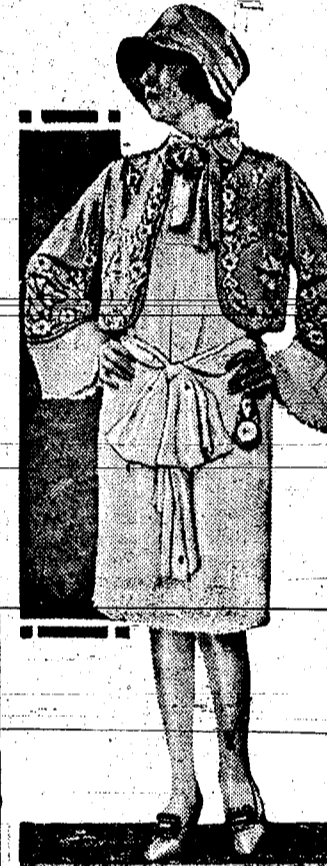

Boyer City—Organization for the further development of any oil possibilities in Michigan has been started, with Charlevoix county as a center. The proposals to explore for paying quantities of oil and gas comes as a result of geological surveys by individuals and by the state geological department at Lansing. Surveys have been made across the state from Charlevoix county to Alpena county and shallow drilling are said to have shown formations favorable to oil and gas production.

Lansing—State and city officials were investigating two mysterious explosions that razed the modern two-story brick building occupied by the Michigan Beverage company here. The first blast caused no damage. The second rocked the entire city. The walls were blown entirely down and flames which burst out within a few minutes completed the destruction of the building. The second floor of the building was used for a public dance hall, where two hours earlier, 200 young persons were assembled.

Lansing—A resolution calling for a referendum vote in November, 1928, on a constitutional amendment increasing the salaries and emoluments of members of the Legislature was introduced in the House by Rep. Milton R. Palmer, of Detroit. The proposal would make legislative salaries \$1,500 for regular sessions; \$10 a day for extra sessions and permit expense allowance of \$5 a day. The present salary is \$800 for regular sessions and \$5 a day for extra sessions. There is no expense allowance at present.

Food for the Mind
Every man, if possible, gather a good book under his roof—anning.

An Attractive Costume for Early Summer

An attractive early summer dress made of white georgette crepe and French blue corded silk, worn by June Marlowe, Universal player. The one-piece dress of white crepe is accented with the bolero jacket of blue corded silk is trimmed with hand-painted braid in flower designs. A felt hat matching the blue in the jacket adds a final harmonizing note to this attractive costume.

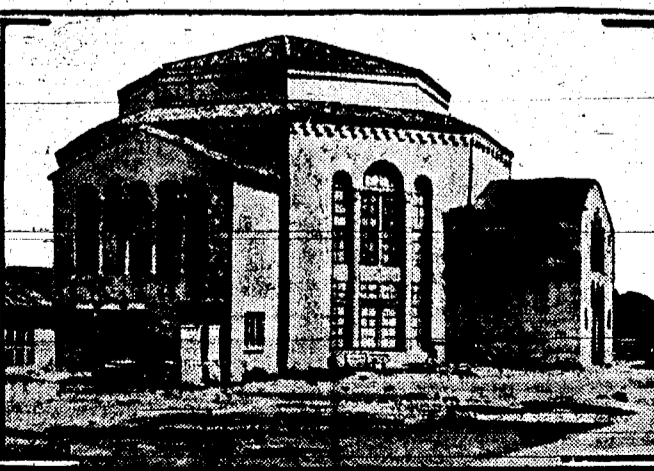

Foolish Feat

An English pedestrian recently accomplished one of the most difficult walking feats on record. He undertook to walk thirty miles backward in nine hours. This he succeeded in doing with fourteen minutes to spare on the road between Bagshot and Portsmouth.

Ecclesiastical Courts

The Episcopal church in England and in the United States has always maintained ecclesiastical courts. However, these courts are not in session except when specially called. There is one that is ready to function in each diocese in England and in the United States.

Bryan Memorial Temple Dedicated

This is the William Jennings Bryan Memorial Temple in Miami, Fla., which was dedicated recently on the anniversary of the "Commoner's" birth.

Their 40th Wedding Anniversary

A surprise reunion on Mr. and Mrs. John Heller was held Thursday, Mar. 31st, which was their 40th wedding anniversary. A bountiful two course dinner was served. The table was beautifully decorated with roses and candles, and the wedding cake was placed in front of the honored couple.

The couple were presented with a beautiful linen table cloth and napkins and a half dozen of goblets.

The guests present were:—Mr. and Mrs. Clifton Heller of Charlevoix; Mr. and Mrs. Karl Heller and son; Mr. and Mrs. Frank Cook and family; Mr. and Mrs. Henry Cook and family; Mr. and Mrs. Leo Smith of Boyne City; Mr. and Mrs. Herman Goodman and Mr. and Mrs. Dan Goodman.

Book State Potato Tour For August

East Lansing, March 28—A big state-wide potato tour, with delegates from outside Michigan joining the local members of the caravan for the inspection of leading producing areas, has been announced for the second week in August this summer.

Starting at Michigan State College the tour will make Greenville the first major stop. Greenville is generally recognized as one of the great potato markets of the United States, and those on tour will be given time to go over the producing areas and markets carefully.

At Cadillac, the tourists will be largely under the care of the Michigan Potato Growers Exchange. Both seed and table stock fields will be studied in this area, before the party swings on up to Antrim County. A jump across the State will bring the tourists to Cheboygan and Alpena Counties, to take in the eastern potato areas.

Those interested in Upper Peninsula potato seed production will leave the main party at Alpena, according to the plans as announced by Prof. J. F. Cox, of the college crops department, and go north across the straits. Southern States have shown great interest in U. P. seed stocks in recent years, and many will want to see the producing area.

The college, the Michigan Crop Improvement Association, and the Potato Growers Exchange are the chief cooperators in putting on the tour, with the State department of agriculture also invited to join in the plans.

Eaton Rapids—Edward Rank, 65 years old, killed himself by inhaling gas fumes while his family was attending church services. He had been ill for some time.

Owosso—Bitten by a moccasin water snake while hunting in a cypress swamp near Englewood, Fla., James Oliver Curwood, author and sportsman, arrived home recently from the south and is under a doctor's care.

Grand Rapids—Caught under a two-ton wagon loader at the Grand Rapids Gas Light Co. plant, Richard Williamson, 36 years old, a laborer, was crushed to death. John Furoni, 25, a shoveler, who was working at Williamson's side, was trapped beneath the loader, but managed to extricate himself.

Blissfield—William Brieschke, 50 years old, a carpenter of Blissfield, was burned to death when his automobile caught fire after it had turned over, pinning him beneath it. The tragedy occurred on the Adrian-Toledo road, 15 miles east of Adrian. Mr. Brieschke was dead when reached by a passing motorist.

Lansing—Michigan has been dropped from consideration as a site for President Calvin Coolidge's summer vacation, it was stated at the White House in Washington. The President, it was said, has narrowed his choice to three places, Green Lake, Wis.; Colorado Springs, and a residence in the inland lake region of Minnesota.

Lansing—A bill diverting \$2,000,000 of the primary school fund to the state's poorer counties was passed in the house by a virtually unanimous vote. The measure is aimed at relieving conditions in counties where the school population is large, but the property available for school taxation purposes is of relatively little value.

Dearborn—Ruth Zabik, 4 years old, died of burns suffered while attempting to light birthday candles at her home while her mother was away. The warnings of a younger sister went unheeded and Ruth, persisted in attempting to light the candles. When she mother, who was gone only 10 minutes, returned home she found Ruth lying on the floor unconscious. She died 20 minutes later.

Pythian Knights Traverse Guests

Five Hundred Lodge Members Expected to Convene April 11.

Traverse City, April 5.—Plans are being pushed for one of the greatest Conventions ever to be held here, when Knights of Pythias assemble April 11 from all the larger cities of northern Michigan for a several day roundup.

Delegations are expected from East Jordan, Charlevoix, Cadillac, Cheboygan, Copemish, Central Lake, Frankfort, Gaylord, Grayling, Kalkaska, Marlon, Ludington, Manistee, and the local chapter. Plans are being made to welcome 500 persons.

Grand Lodge officers of Michigan will be on hand and participate in the work, while Deputy Grand Chancellor Arthur Fitch of Charlevoix will be here earlier to arrange the program with the local committee.

Registration will be held Monday morning, followed by a parade at 1 o'clock. A program will be given at the lodge rooms following the street activities. In the evening third degree work will be exemplified by the Grand Lodge officers to a large class of candidates.

Two bands have been engaged for the sessions: The Manistee Uniform Rank Band and the Traverse City Municipal Band.

A large delegation from East Jordan's South Lake Lodge are planning to be in attendance. They will be accompanied by our High School Band, who will head the East Jordan contingent in the parade.

A New Farm Crop

A suggestion that the agricultural problem might be solved to some extent if poor farm lands were converted into forests, was made by President Coolidge in proclaiming April 24 to 30 "American Forest Week," and recommending its observance to the Governors of 48 States.

"One-fourth of our soil," the President said, "is better suited to timber growing than anything else. I cannot escape the conviction that our industrial and agricultural stability will be strengthened by bringing into full productive use this great empire of land."

"Although much progress has been made in public forestry, and hopeful beginnings in private industry, we still have a vast aggregate of idle or semi-idle forest land, and another large aggregate of poor farm land that might more profitably grow timber instead of adding to the problem of agricultural over production."

"Our migratory forest industries would be stabilized and made permanent. Rural industry would be greatly strengthened and vitalized. Agriculture would find in silviculture a strong ally, providing markets for farm produce and for surplus labor. Our farms themselves contain nearly a third of our woodland—an enormous potential farm asset if handled for continuous timber crops."

The President said, he proclaimed the seventh annual observance of forest week, which Canada had decided to celebrate at the same time, in the realization that "no other of our internal problems is of greater moment than the rehabilitation of our forests."

REPAID BY A RAPID IMPROVEMENT.

F. M. Platte, Sec'y, Switchmen's Union, Peoria, Ill., talks: "Two bottles of Foley Pills diuretic removed all symptoms of my kidney trouble, stopping backache and pains, dizziness and floating specks, correcting irregular kidney action and clearing secretions. Foley Pills have my heartiest recommendation." Months of cold and damp weather put a heavy strain on the kidneys. Help them today with Foley Pills diuretic. A quick improvement will amply repay you. Satisfaction guaranteed. Ask your Druggist for Foley Pills diuretic.—Hite's Drug Store, adv.

Value of Difficulties

The man who looks at life as just one detestable thing after another fails to appreciate the value to himself of life's experiences. Properly regarded experience tests for "difficulties show what a man is."—Brit.

Steadfast

Thou must be like a promontory of the sea, against which though the waves beat continually, yet it both itself stands, and about it are those swelling waves stilled and quieted.—Marcus Aurelius.

CHARLEVOIX CO. HERALD
G. A. LISK, Publisher.
Subscription Rate—\$1.50 per year.

Entered at the Postoffice at East Jordan, Michigan, as second class mail matter.

PENINSULA

(Edited by Mrs. E. Hayden)

Mrs. Joel Bennett and daughter, Mrs. Nellie Evans and son, J. F., returned home to Honey Slope farm Thursday, after spending some time in Boyne City, the guests of Mr. and Mrs. Wm. Bogart.

There was no school in Star Dist. Thursday, because of the illness of the teacher, Miss Frances Gould.

Mrs. Frank K. Hayden and daughter, Arlene, of Orchard Hill was called to East Jordan Thursday afternoon to care for her mother, Mrs. T. J. Hitchcock, who was suffering from an attack of quinsy. They returned home Monday afternoon. Mrs. Hitchcock is much improved.

Mr. and Mrs. Bob Willson motored up from Muskegon Thursday to visit their parents, Mr. and Mrs. Lyle Willson in Mountain Dist., and Geo. Jarman at Knoll Krest.

Mr. and Mrs. Daniel Faust are improving their residence in Three Bells Dist. by the addition of a porch on the front.

A. Reich of Lone Ash farm, who is employed in East Jordan began boarding at home March 31st and driving to and from his work.

Pat Foote, mail carrier on Route 2 East Jordan is improving his little farm in Three Bells Dist. by tearing down the old house and cleaning up the rubbish, preparing to turn farmer when he retires from carrying the mail.

The women of the Peninsula will meet at the home of Mrs. Geo. Staley at Gleaner corner Tuesday afternoon to elect two delegates to send to the Extension school at Boyne City at a later date.

Invitations are out for a birthday party at the F. Wangeman home in Three Bells Dist. in honor of Miss Katherine Wangeman's 14th birthday Friday evening.

Bob Arnot who has spent several weeks with his brother, James Arnot and family at Maple Row farm, left for Sena, U. P. Friday, where he will have employment.

Mrs. Harriet Conyer and little son, Everett of Knoll Krest went to Flint Monday for a week's visit.

Bob Willson returned to his job at Muskegon Sunday. He was accompanied by his mother, Mrs. Lyle Willson of Mountain Dist., who will visit relatives for a few days.

Charles Arnot of Maple Row farm is working for E. H. Wangeman in Three Bells Dist.

Mr. and Mrs. Will Gaunt and family and Mrs. Geo. Weaver and two youngest children of East Jordan were dinner guests of Mr. and Mrs. Ira McKee in Star Dist. Sunday.

Mr. and Mrs. Charles Earls of Boyne City called on Mr. and Mrs. Ira McKee in Star Dist. Sunday afternoon.

Mr. and Mrs. Will Gaunt and family of East Jordan, and Mr. and Mrs. Joe Gaunt and family of Nowland's Lake were dinner guests of Mr. and Mrs. David Gaunt in Three Bells Dist. Monday.

Mr. and Mrs. Clarence Johnston and family spent Sunday with Mr. and Mrs. David Gaunt and family.

Ira Weaver of East Jordan who spent his spring vacation with his grandparents, Mr. and Mrs. Ira McKee, returned to his home Sunday.

The first dance of the season at the Peninsula Grange Hall Friday evening was very well attended and very much enjoyed.

Mrs. Susan Healey of East Jordan visited her cousin, Clayton Healey from Thursday to Sunday, and visited the Star school Friday.

Mr. and Mrs. Clarence Healey of East Jordan were dinner guests of Mr. and Mrs. Charles Healey in Star Dist. Sunday.

Mr. and Mrs. Hodgkinson of Boyne City were supper guests of Mr. and Mrs. Charles Healey in Star Dist. Tuesday evening. Mrs. Hodgkinson is a teacher in Boyne City and Mr. Hodgkinson is a student at M. S. C. at Lansing.

Walter Staley who has been employed in Boyne City for the past 2 years, is again at the David Staley farm in Three Bells Dist. for a while.

The Misses Eula Arnot of Maple Row farm and Ellen Reich of Lone Ash farm and Alice Gould and Bert Gould of Mountain Dist. are spending their spring vacation from Boyne City High School at their respective homes.

The Misses Eula Arnot and Ellen Reich visited the Star school Monday afternoon.

Farming begun in earnest April 4, a good many plows started and general cleaning up was begun.

F. D. Russell of Ridgeway farm is pulling out his pear orchard, which has not proved satisfactory, and plans to set out a good sized cherry orchard this spring.

Frank K. Hayden and Robert Hayden of Orchard Hill spent Sunday in East Jordan, the guests of Mr. and Mrs. T. J. Hitchcock.

The fragrant leek has again made its appearance.

Mrs. Charles Coblentz who has spent several months with her daughter in Southern Michigan, has returned home very much improved in health.

Opposition for Township office

called out the largest vote ever cast in Eveline township. There were 274 votes cast with three ballots for each one, which made some job for the counters. It took them until 3 o'clock Tuesday morning to complete the count.

Because the Mountain schoolhouse is the Polls of Eveline Twp., there was no school there Monday, April 4. Everyone was shocked to hear of the death of Mrs. Fred Heller at her home in Sparta, Mich. Mrs. Heller was a resident of Advance Dist. for many years, being Miss Viola McCarty before her marriage. Mr. and Mrs. Heller owned and cleared up and made a home which they sold to Mr. and Mrs. John Noble, just south of Advance. Both Mr. and Mrs. Heller were loved and respected by all who knew them, and there are a host of relatives and friends here who extend their sympathy to the bereaved family.

Mrs. Lilly Vogt of Boyne City spent Monday at the Herbert Gould home in Mountain Dist.

Mr. and Mrs. Ray Loomis of Gravel Hill attended the funeral of their aunt, Mrs. Fred Heller, Tuesday.

Twelve women and three children met at the home of Mr. and Mrs. Geo. Staley at Gleaner Corner Tuesday afternoon and appointed Mrs. Arnot of Maple Row farm and Mrs. Ray Loomis of Gravel Hill as delegates to the Extension school in Boyne City next week and transfer the lessons to classes at different places in the Dist. The work is planned to extend over six months of monthly meetings.

A delightful rain visited this section Monday night.

ELECTION CELEBRATION

At the close of the counting of the Township votes for Eveline Township, the boosters for Bill Sanderson, the successful candidate, who won by the margin of two votes, after the ballots were counted the third time, about sixty in number including both men and women from all parts of the Township expressed their victory by shouting and clapping, and ringing the school bell on the Mountain schoolhouse which is the polls, with such violence as to break the rope, the bell released of the rope anchorage, jumped clear of its brackets and came tumbling to the steps, coming down between W. C. Howe and Jim Willson as the crowd was passing out in single file, the only way to get out of the building. That no one was injured was no less than a miracle. Not only did the ringing of the bell wake up everybody within a radius of three miles, the home goes squawking their auto horns and rang telephones until the whole township knew for once that there had been an election.

WILSON

(Edited by Mrs. O. D. Smith)

Lovely spring weather.

Hiley Brewer is working for Albert Todd at present.

Chas. Hayner is again working at the Standard Oil Co. Station in East Jordan.

Robt. Barnett of East Jordan was a caller at O. D. Smith's in Afton last Sunday.

Charlevoix County Pomona will meet with Irönton Grange next Saturday, April 9th. "Let's Go!"

Dorothy Hammond of East Jordan spent several days last week at the home of Albert Todd in this place.

Percy Batterbee is working at the Tannery in Boyne City at present, going back and forth with his car.

Albert Todd has been quite ill the past week with an attack of pleurisy. Dr. Beuker of East Jordan is in attendance.

Ivan Nowland of the Light House Tender Hyacinth, came home Saturday night to cast his first vote at the election on Monday.

George Jaquays and family of East Jordan and Roy Zinck and family of Boyne City spent Sunday afternoon at the farm home of the former in Wilson.

Lem Henderson who was operated on for appendicitis about 2 weeks ago returned home from Petoskey hospital last Thursday. He is getting along nicely at present.

187 votes were cast at Wilson Twp. Election last Monday. The following ticket was elected for the ensuing year:

Supervisor—Albert Trojanek
Clerk—E. S. Brintnall
Treas.—Charles E. Hott
Hy. Com'r.—A. R. Nowland
Member Board of Review—Eugene Kurchinski

Justice of Peace—Chas. Knop.
Deer Lake Grange met at their hall last Saturday evening with 20 members and 16 visitors present.

After a short business session and recess, the Lecturer, Mrs. Morton gave a fine program which consisted of old-fashioned recitations, songs and readings, and a Roll Call which was responded to by each member giving some incident in their lives as far back as they could remember.

At the close of the meeting an old-fashioned luncheon was served, consisting of Johnny cake, sandwiches, pickles, tea and maple syrup. A very enjoyable time was the verdict of all present, including the visitors.

A famous scientist says that it is a man's brain development which shortens his life. If this is true we know some folks who ought to live to be a thousand at least.

MILES DISTRICT

(Edited by Mrs. A. Miles)

Miss Alice Burns of Bellaire, Miss Vandenberg of Central Lake, Will and John Tillotson of Ellsworth, John Ter Wee of East Jordan and Mr. and Mrs. Glenn Pearl of Charlevoix were callers at the A. Miles home last week. A potato buyer from East Jordan was in our vicinity last week.

Mrs. Pauline LaLonde of East Jordan is on the sick list and is spending a few days at the home of her brother, Frank Addis.

Mr. and Mrs. Herman Lindenau of Boyne City and Mrs. John Addis and daughters of West Side visited Sunday at the Deit Evans home.

Mrs. Almira Pearl returned to Charlevoix Saturday, after a three weeks' visit at the A. Miles home.

Esther and Agnes LaLonde and Ernest and Ed. St. Charles of East Jordan called at the E. Miles home Sunday.

Mr. and Mrs. Louis Zoulek of Chadcock district visited Sunday at the home of their daughter, Mr. and Mrs. Lawrence Addis.

Mr. and Mrs. John Ter Wee of East Jordan were Sunday visitors at the G. Steenhagen home.

Bobby Reed of East Jordan visited last week with his grandparents, Mr. and Mrs. Jerry Moblo.

Bert Burbanks spent last Monday at the Fred Bancroft home. He expects to leave for California soon.

Mrs. Elmer Reed and children and Miss Grace Roberts, and George Carpenter of East Jordan were Sunday visitors at the home of Mr. and Mrs. Jerry Moblo.

Mr. and Mrs. Duane Willis and Mrs. Alice Hodgkin and son, Ray of Petoskey, Mr. and Mrs. John Hodgkin of Ellsworth, Mr. and Mrs. C. L. Strong of East Jordan and Mr. and Mrs. Chas. P. Murphy of Ranney Dist. were Sunday callers at the A. Miles home.

DEER CREEK DISTRICT

(Edited by Mrs. Tom Kiser)

Ray Williams and family spent Sunday with Mr. and Mrs. George Etcher.

Mrs. Lee Farmer returned to her home in Grand Rapids Monday, after spending ten days with her parents, Mr. and Mrs. Peter Lanway.

Miss Marguerite Rogers who has been home on a visit from Mt. Pleasant Normal, returned Monday.

Joe Etcher left for Detroit this week, where he will seek employment.

Jett Smith and Lewis Kidder motored to Flint Sunday, after spending Saturday with their parents.

Ernest Lanway and family were Sunday visitors at their parent's home Mr. and Mrs. Pete Lanway.

Mr. and Mrs. Joe Martinek called on Mrs. Geo. Etcher, Saturday.

THE WEST SIDE NEWS

(Edited by Mrs. F. Kiser.)

Mrs. John Addis and Miss Mabel Addis called on Mrs. Burdette Evans Sunday.

Marguerite Carney who has been home during vacation is back to school again.

Gloria McPherson spent last week with Thelma Sommerville.

Mr. and Mrs. Ernest Lanway called on his parents, Mr. and Mrs. Peter Lanway, Sunday.

Mr. and Mrs. O. T. Johnson and son, Edwin, of Torch Lake called on Mr. and Mrs. Ernest Lanway, Sunday.

Mrs. Elmer Reed called on Mrs. Peter Bustard, Monday.

Darral Fuller and Iseral Sommerville of Central Lake spent Sunday with Mr. and Mrs. Neal Sommerville.

Mable Addis visited Mrs. Peter Bustard Wednesday.

Frank Kiser purchased a team of Art Shepard.

PLEASANT HILL

(Edited by Anson Hayward)

The most exciting thing at present is Election. Most everybody that can vote is on the job. They say there were over 200 votes cast. What do you think of that? Not much opposition, only for Commissioner—George Gibbard and Winford Batterbee; Durand Wilson, Treasurer; Vernon Vance, Justice; Russell Burns, Clerk, Treasurer, Elmer Murray.

George Carpenter is back for a few days.

Mrs. Elmer Taylor is finishing the term at Pleasant Hill school.

Harlem Hayward is making syrup, thinks the sap is about done for the season.

Bennett's Sunday School was well attended Sunday, April 3rd. About 40 people were there, some from Charlevoix and Rock Elm. Sunday, April 10th will be quarterly meeting in Pleasant Valley and also at Bennett's district too.

Mrs. Sarah Hockin has been visiting her daughter, Mrs. A. Hayward the past week.

A California judge jails the offending automobile rather than the driver. He turns the driver loose on foot for a spell to find out how it feels to be a pedestrian.

A new mountain chain, 1,000 miles in length, has been discovered in Siberia. Evidently a lot of little things have been overlooked in that country.

Blessed are the poor, they shall have no trouble in the courts over champagne baths.

Presbyterian Church
C. W. Sidebotham, Pastor.
C. R. Harper, Foreign Pastor.

"A Church for Folks."

Sunday, April 10, 1927.
10:00 a. m.—Morning Worship.

8:00 p. m., Friday night—Prayer Meeting.

The public is cordially invited to attend these services.

Maybe this would be a much more quiet world if a greater portion of the population would heed the request, "Aw, shut up!"

The man whose wife is planning the garden knows that Herbert Hoover was right when he announced that there would be plenty of work for everybody in 1927.

Kissing has been found to be a dangerous custom. Never be it said of our young generation that they are errant cowards.

"I don't ask that you drive slower, Henry," observed the thoughtful wife, "but I do insist that you keep your life insurance premiums paid."

BABY CHICKS—Order your day-old chicks now for May and June delivery. BARRED ROCKS and BARRON WHITE LEGHORNS.

Best egg bred stock, 100% live delivery. Satisfaction guaranteed. Special attention to large orders. See ROY L. HARRIS or call '30, East Jordan, Mich. 14-t.f.

Lansing—Gov. Fred W. Green and Highway Commissioner Frank F. Rogers favor paving trunkline M-13 into the northern resort country.

A delegation appeared before them to urge a hard surfaced road as far as Petoskey. Mr. Rogers said the route should be paved to Mackinaw City. Gov. Green promised the delegation paying on the trunklines is to be extended as rapidly as possible.

Lansing—A compromise between the Ann Arbor and Howell sanitarium factions was effected when the house, in the committee of the whole, added \$100,000 to the two tuberculosis sanitarium bills to allow \$1,101,500 for the construction and rehabilitation of the Ann Arbor and Howell sanitarium. In addition the committee of the whole passed an appropriation measure to allow \$649,185 for maintenance and operation of the Howell plant.

Diphtheria Is Poisoning

Of all the diseases, diphtheria is one of the most remarkable, being caused by bacteria which never get into the blood. The bacteria lodge in the lining of the throat and secrete a poison which is absorbed into the blood in fatal quantities.

Special offer to the readers of this paper

WE want you to know that each of the seven quality automobiles named below is a General Motors car. We want you to know how General Motors doubly guarantees these cars—how it is passing the savings of vast manufacturing operations (1,200,000 cars last year) on to you—in finely built engines, Fisher Bodies, Duco finish, quality materials in those vital points where quality counts most in comfort, safety, long life and high resale value.

Read about the General Motors line. "A car for every purse and purpose." See the wide choice of models—the wide range of prices. Decide which car interests you most; then clip and mail the coupon.

As a special offer, we will also send you a wonderfully interesting little book about the General Motors Proving Ground. It gives facts which you ought to have before you select any car. Fully illustrated. And its reading may save you hard cash. Act today.

CHEVROLET 7 models—\$525 to \$745

The quality car of the low-priced field. 3-speed transmission. Strong rear axle. Smooth dry-disc clutch. Over-head valve engine. Fisher Bodies. Duco finish. Alumin lubrication. Fully equipped. CHEVROLET TRUCK CHASSIS: 1-ton, \$395; 1.5-ton, \$495.

PONTIAC 5 models—\$775 to \$975

A low-priced "six" which is a quality product in appearance and construction. Has largest 6-cylinder engine in its price class. Beautiful, stylish lines. Fisher Bodies. Duco finish. All conveniences included. Value proved by unprecedented sale.

OLDSMOBILE 11 models—\$875 to \$1190

Gratifies your finer taste; satisfies every need. A truly fine car at moderate cost. Beautiful Fisher Bodies. Duco finish. Powerful 6-cylinder motor. Harmonic balancer. 4-wheel brakes. Many other new improvements. And a wide range of models to choose from.

OAKLAND 7 models—\$1095 to \$1295

Winning and holding goodwill everywhere because of its advanced engineering and precision construction. Fisher Bodies. Duco finish. Rubber silenced chassis. 4-wheel brakes. A "six" whose quality is doubly assured as a product of General Motors.

BUICK 18 models—\$1195 to \$1995

Everybody knows Buick's worth. General Motors emphasizes Buick's statement that its new models represent "The Greatest Buick Ever Built." Vibrationless beyond belief. Famous 6-cylinder valve-in-head engine. Bodies by Fisher. Duco finish. Many models.

LASALLE 6 models—\$2495 to \$2685

General Motors' latest contribution to the fine car field. This is the new and beautiful car designed and built by Cadillac as a companion car to Cadillac. Has V-type 8-cylinder engine. Fisher Bodies. Duco finish. Now on display.

CADILLAC 50 body styles and types —\$2995 to \$9000

The pioneer in the 8-cylinder field. Standard of the world. Improved V-type 90-degree engine. Marvelous bodies by Fisher and Fleetwood. Duco finishes. A choice of 500 different color and upholstery combinations to emphasize individuality in ownership.

ALSO—

FRIGIDAIRE electric refrigerators. The largest selling electric refrigerator in the world. Built by General Motors. Many models—many prices.

DELCO-LIGHT electric plants. Another General Motors product. Brings you all the conveniences and labor-saving devices of electricity.

[ALL PRICES F. O. B. FACTORIES]

CLIP THE COUPON

WE WANT YOU to know more about General Motors and its cars and other products. Check the car that interests you most and mail in the coupon. We will send you, free, interesting illustrated booklets telling all about that car and what General Motors is doing to assure you of both value and satisfaction in car ownership. Clip the coupon now. Mail it TODAY. Don't wait.

Apple Grafting
A different variety of apple can grow
on each branch, provided that variety
has been grafted on.

**Good Citizen Takes
Pride in "Home Town"**

Pride, as a rule, is not commensurable, especially in the material things of life. Even worse than pride are the false values that it creates. Pride in an individual is self-destructive, if permitted to run its course unchecked, but a certain amount of pride is necessary for people to keep their self-respect and the respect of their friends. However, pride in our home community may be pardoned—in fact, is needed, if the community is not to lie dormant or go backward in the competition that exists between towns and cities. A community pride that sees no good in any other community is unpardonable. A community pride that does not recognize the favorable points in every other neighbor defeats its own purpose, that of advancing the community in the eyes of others. The thing most to be guarded against is not a spirit of boastfulness, although it exists in some citizens to a degree that is harmful to the community, but the opposite extreme which causes citizens to feel that greater opportunities exist elsewhere. There is a halfway ground on which all loyal citizens may stand. We should guard against either extreme—dissatisfaction and false pride, which is equally as harmful, and all the while do all we can, each in our own limited way, to advance the interests of the county.—Rushville (Ind.) Republican.

**Small Town Has Many
Advantages Over City**

Of all the vanities known to human weakness few are harder to understand than the vanity of a city over its own ungainly bigness. There is nothing natural or commendable in living by the million. On the whole, it is rather unintelligent. The people who do it have less than normal light, air and room. They butt like busy ants and hang on each other like swarming bees.

The best that can be said for an oversized community is that it has done well in roads, parks, schools, museums, theaters, policing, fire-fighting and transportation to atone for the mistake of being so big to begin with. But the man with an acre of his own has advantages that only the occasional city millionaire—who also has his own acreage outside of town—can begin to rival.—Chicago Journal.

Study Housing Problems

Thousands of men and women throughout the country are forming better homes committees to study local housing problems and problems of home and community life, and to work out a solution of those problems from the point of view of families of limited incomes. John J. Tigert, commissioner of education, says regarding the better homes movement:

The importance of home life among our fundamental American institutions cannot well be over emphasized. Unfortunately, some of our recent adventures have had a tendency to destroy the influence of the home. The home, more than the school or church, relates to the individual in an intimate and personal way.

"Individual initiative is an outstanding American characteristic. Therefore, the creation and building of homes and home life contribute in a very vital way to the ongoing of our American civilization."

Modern City's Great Need

The modern city is so new that it has had scarcely time to find itself. It has brought into the life of the people so many good things that in general it has been accepted and approved. But leaders of thought should give serious consideration to its defects and should attempt to restore the good that happened to be discarded in its almost overnight development. If the old neighborliness is gone forever, some salutary substitute for it should be sought.—Exchange.

Clean Up Right Now

There is a time for fall planting as well as for the things that should go into the ground in the spring. Garden experts have given advice about such planting, but the general practice always has been to wait until spring. The task would be made much easier if summer's leavings were disposed of now. When spring comes there would be comparatively little to do and all the time could be given to planting and pruning.

For Better Homes

Better Homes in America, maintains its headquarters in Washington under the active direction of Dr. James Ford. More than three thousand communities participated in the campaign last year. Better Homes week has been set for April 24 to May 1, 1927, when the programs conducted throughout the year will have their culmination.

Beautifying a Town

Fratville should be made one of the prettiest towns in Alabama. There are many flowers and plants that can be secured at little cost and used to good effect in improving the appearance of our residences.—Fratville (Ala.) Progress.

**ORCHARD
CLEANINGS**

**SPRING PRUNING
OF BERRY BUSHES**

The pruning of blackberries and raspberries at this time of year is most important, since it will affect the size and quality of the fruit produced this summer. It may be done satisfactorily any time from now until growth starts, says J. Harold Clark, instructor in pomology at the college of agriculture in New Brunswick, N. J. If the plants are carefully pruned, they will be more vigorous and although fewer fruits may be produced, the increase in size will be great enough so that there will be no decrease in total yield. Plants that are pruned annually will remain vigorous and productive much longer than unpruned ones. Pruning is also essential if the plantation is to be cultivated efficiently and the fruit picked economically.

Blackberries and raspberries have biennial canes which bear fruit the year after they are formed, and then die. The first pruning operation, therefore, will be to remove these dead canes, as well as weak canes which would bear very little fruit. It is recommended that the old canes be removed as soon as the crop is picked, but often it is not done then, owing to lack of time.

Canes of blackberries and black raspberries should be headed back to a height of 2 to 3 feet, and the laterals shortened to a length of 12 to 18 inches, depending upon the vigor of the individual plant. Summer pinching of the canes when they reach the desired height is recommended, since it is desirable to have the fruiting area fairly close to the ground and on a stocky cane with several laterals, rather than have it on a long unbranched cane which is apt to bend to the ground under a heavy crop.

**Manure Benefits Heavy
Soil in Fruit Orchard**

Applied to orchards on a heavy soil, the benefits of manures are equally advantageous, or even more so than those on light soils. While the latter are made more compact, the reverse situation is true with the heavier soils. They become lighter and easier to work. The individual soil particles are kept from running together and thus there is less baking of the surface after a rain or irrigation. The larger the proportion of straw in the manure applied, the greater will be the extent to which this will be true.

Combining the chemical and physical effects of manure in the soil, it would seem difficult to find a more suitable fertilizer for orchards. While the chemical plant food elements which it contains are not so readily available for the plant's use, as is the case with some commercial fertilizers, it accomplishes the important purpose of adding the limiting element of most soils—humus. In some sections a much more satisfactory cover crop growth—further increasing the organic matter of the soil—is secured following the application of manures.

The rate of application usually depends upon the available supply. Generally speaking, there is no danger of putting on too much. Ten tons per acre, however, every two years is considered a very fair application, although twice that amount will do no harm. Apply in the fall or winter and plow under early the following spring in order that the process of decay may begin before there is a lack of moisture.

**Profitable to Buy All
Orchard Supplies Early**

"The early bird catches the worm" is a saying as widely known as any in the English language. The truth of its application is very great.

There is considerable doubt in the minds of most fruit growers at the present time whether they are birds or worms. In fact, the general opinion seems to favor the latter view. It will pay the fruit grower well to buy his supplies early and through some organization that gets the lowest possible prices.

Think about your future requirements now. You may need arsenate of lead, blue stone, ammonium sulphate, nitrate of soda or many other supplies. Often big savings can be made by buying now before the peak demand is reached for these materials. It is not uncommon to get large discounts for early payment. Few farmers have all the money they need for working capital but many have borrowing power with their local bank and can thus take advantage of these discounts.

Crown Gall Pest

A nursery pest which is sometimes found on young trees is the crown gall. This is a bacterial disease which is indicated by tumors or swellings near the crown or at the point where the graft was made or by an immense number of fine hair-like roots growing from the same point. Trees infected with this disease should be burned.

The future growth and health of an orchard tree will average much higher if care is taken to exclude this pest at planting time.

AUCTION SALE!

The undersigned will sell at his farm located 1 1/2 mile north of Miles school on the East Jordan-Ellsworth road, and 1 mile west and 1/2 mile south of Rock Elm Grange, on—

MONDAY, APRIL 11th

Commencing at 1:00 o'clock p. m., fast time, the following described property:—

LIVE STOCK			Electric Floor Lamp	Parlor Oil Lamp
Team and Harness.	Cow.	Calf	2 Kitchen Lamps	9x12 Rug
8 Turkeys.	26 White Leghorn Chickens		Heating Stove	25 Records Buffet
65 3-weeks-old Chickens			Round Oak Dining Table	Cupboard
2 Tons Hay			6 Oak Dining Chairs	Magazine Rack
HOUSEHOLD GOODS			Kitchen Table	Large Ice Box
Brass Bed and Springs	Oak Dresser		Linoleum, Dishes and Cooking Utensils	
Bed Davenport	5 Rockers		150-egg Incubator	
Library Table	3 Fern Stands		8 Window Shades and Curtain Rods	

TERMS OF SALE:—Sums of \$10.00 and under, cash; over \$10.00 eight months time will be given on approved bankable notes, bearing seven per cent interest, payable at the Peoples State Savings Bank, of East Jordan, Michigan. Five per cent discount for cash on sums over \$10.00. No property to be removed until terms of sale are complied with.

What Is a Diuretic?

People Are Learning the Value of Occasional Use.

EVERYONE knows that a laxative stimulates the bowels. A diuretic performs a similar function to the kidneys. Under the strain of our modern life, our organs are apt to become sluggish and require assistance. More and more people are learning to use Doan's Pills, occasionally, to insure good elimination which is so essential to good health. More than 50,000 grateful users have given Doan's signed recommendations. Scarcely a community but has its representation. Ask your neighbor!

DOAN'S PILLS
60c
Stimulant Diuretic to the Kidneys
Foster-Milburn Co., Mfg. Chem., Buffalo, N. Y.

Ouch! My Back! Rub Lumbago Pain Away

Rub Backache away with small trial bottle of old "St. Jacobs Oil."

When your back is sore and lame or lumbago, sciatica or rheumatism has you stiffened up, don't suffer! Get a small trial bottle of old, honest "St. Jacobs Oil" at any drug store, pour a little in your hand and rub it right on your aching back, and by the time you count fifty, the soreness and lameness is gone.

Don't stay crippled! This soothing, penetrating oil needs to be used only once. It takes the pain right out and ends the misery. It is magical, yet absolutely harmless and doesn't burn the skin.

Nothing else stops lumbago, sciatica, backache or rheumatism so promptly. It never disappoints!

Stop That Cold Before another day

A cold may be stopped in 24 hours, the fever checked, the bowels opened, the entire system toned. The way is HILL'S—a way so efficient that we paid \$1,000,000 for it. Don't rely on lesser help, and don't delay. Get the quick, complete results that HILL'S is bringing millions.

HILL'S Cascar-Bromide-Quinine
Be sure you get HILL'S in the red box with portrait. At all druggists—30c.

Hard to Place Center

It is impossible to say definitely where the geographical center of North America is because there are many acres of land in Canada yet unsurveyed. It is approximately located at latitude 49 1/4 degrees and longitude 99 degrees.

PROBATE ORDER

STATE OF MICHIGAN, The Probate Court for the County of Charlevoix.

At a session of said Court, held at the Probate Office in the city of Charlevoix, in said County, on the 25th day of March, A. D. 1927.

Present: Servetus A. Correll, Probate Judge.

In the Matter of the Estate of William John Carson, Deceased.

The above estate having been admitted to probate and Edward S. Brintnall appointed executor thereof.

It is ordered that four months from this date be allowed for creditors to present their claims against said estate, and that such claims will be heard by said court on Friday, the 29th day of July, A. D. 1927 at ten o'clock in the forenoon, at the Probate office in the City of Charlevoix.

It is Further Ordered, That public notice thereof be given by publication of a copy of this order, for three successive weeks previous to said day of hearing, in the Charlevoix County Herald, a newspaper printed and circulated in said County.

SERVETUS A. CORRELL, Judge of Probate.

PROBATE ORDER

STATE OF MICHIGAN, The Probate Court for the County of Charlevoix.

At a session of said Court, held at the Probate office in the City of Charlevoix in said County, on the 23rd day of March A. D. 1927.

Present: Servetus A. Correll, Probate Judge.

In the Matter of the Estate of Charles A. Valleau, Deceased.

The above estate having been admitted to probate and Robert A. Campbell, appointed administrator thereof.

It is ordered that four months from this date be allowed for creditors to present their claims against said estate, and that such claims will be heard by said court on Thursday the 28th day of July, A. D. 1927, at ten o'clock in the forenoon, at the Probate office in the City of Charlevoix.

It is Further Ordered, That public notice thereof be given by publication of a copy of this order, once each week for three successive weeks previous to said day of hearing, in the Charlevoix County Herald, a newspaper printed and circulated in said county.

SERVETUS A. CORRELL, Judge of Probate.

THE BLUSTERER

By THOMAS ARKLE CLARK
Dean of Men, University of Illinois

AS A boy I always shuddered when I heard the mountain lion mentioned. In my mind the mountain lion was a fierce, bloodthirsty animal whose chief pastime was falling upon defenseless travelers as they passed under the limb of the tree upon which he was crouching, and eating them up, bones and all. Now I am completely disabused of that erroneous idea. The mountain lion, so it is said by those who know him intimately, is a braggart, a blusterer, he talks a good deal while at heart he is an arrant coward.

It is not that the lion is not strong enough to protect himself. His strength is amazing. He can drag another animal of five times his weight. He makes a great fuss, but when danger approaches he takes to his heels.

"It makes for a tree," one who knows its habits says, "where it stays until a hunter approaches, then it jumps to the ground and runs for another tree. After being run out of two or three trees it is about worn out, being very short winded, and refuses to leave. Hanging on to its perch on a limb with all claws dug into the bark it refuses to jump, even though punched at with a stick. The author says that he has often climbed out on the branch of a tree and taken snapshots of a lion while sitting within six feet of it. Apart from hissing and growling it shows no signs of fight."

The ancients used to believe that the spirits of human beings made their habitations within animals and even within inanimate things. Maybe so. At any rate the mountain lion acts much as do certain human beings whom I have known.

There was Warner, for example. He was bigger than a mountain lion and as strong as an ox. He had a voice like thunder and he browbeat every one who came within speaking distance of him. If you cringed he hissed and growled still more menacingly, but if you showed fight and ran at him with a stick, as it were, he took to his heels and climbed a tree. All that was necessary to put Warner into a gentle receptive frame of mind was to talk back to him. The trouble was that not every one learned this fact, and so he was looked upon by some with much fear and considered quite dangerous, while in fact he was only a blusterer and as arrant a coward as the mountain lion.

The most dangerous men, and animals, too, possibly, are those who are quiet, who say little, who keep themselves in hand, who do not threaten or growl. Such men realize their power, and do not need to make a show of it. When a man, for little cause, threatens to sue you or to use physical force, usually all that is necessary is "shoo" or poke a stick at him and he will run. To bluster is to show weakness.

(© 1927, Western Newspaper Union.)

Vogue for Black and White Influences Season Styles

The vogue of black and white this season is smartly interpreted in this three-piece satin ensemble for afternoon wear. It is worn by Pauline Starke, Metro-Goldwyn-Mayer star, in "Women Love Diamonds." The skirt is flared at the bottom and the jacket is very short. The blouse of white satin is smartly embroidered. A small black satin hat completes the ensemble.

Asia's Water Power Plants

Asia is beginning to take advantage, here and there, of the continent's tremendous water-power resources. Between 1921 and 1926 Asia increased her water-power development 72 per cent.

State News in Brief

Ionia—The State Fair at Detroit will not be open on Sundays this year, according to an announcement made here by Fred A. Chapman, recently appointed manager of the fair. Mr. Chapman said the fair would open on Labor Day and close the following Saturday night.

Detroit—Henry Ford's Detroit & Tronton Railroad has asked the Interstate Commerce Commission at Washington for permission to relocate 14 miles of its road. The present right of way is crooked, narrow and has 17 curves. Ford's engineers plan to eliminate all but two of the curves and widen the roadbed.

Saginaw—Plans for the second big unit of Saginaw's pure water system, now under construction after a 25-year fight that has seen many projects proposed and defeated, have been approved by the city council. The new water plant estimated to cost approximately \$2,800,000, will be situated in Ezra Rust Park, with the Saginaw river as its source of supply.

Lansing—Return to the state of land virtually given to the city of Lansing for a golf course by former Governor Groesbeck, when he was seeking re-election last year, is provided in a bill passed by the house. The bill, introduced by Representative Walter J. Thomas, of Constantine will permit the administrative board to dispose of the land now used as golf links.

Milford—One of 10 cases in Michigan of Malta fever, a rare tropical disease, has been found at Milford, according to state board of health physicians who have been sent here to observe the case. Duncan Crawford, living near the General Motors proving grounds, is the patient. A characteristic of the disease, it is said, is a temperature that runs from 50 days to three years.

Lansing—Federal aid highway allotments for the fiscal year beginning July 1, 1927, aggregate \$73,125,000, the bureau of public roads announced at Washington. The amount will be allotted to various states, for use on approved projects within the 85,000-mile network of the national highway system. Allotments by states to be available until June 30, 1928, include \$2,214,691 for Michigan.

Lansing—Possibility of a law to provide state control of radio broadcasting and receiving sets became nearer a possibility when the house judiciary committee reported out the Armstrong radio bill, without amendment, and with the recommendation that it pass. The measure offered by Representative Joseph C. Armstrong, of Detroit, would place radio under control of the public utilities commission.

Lansing—A bill to provide for the marking with white crosses of places along highways where fatal accidents have occurred was introduced in the house by representative Charles F. Haight, of Lansing. The measure is intended to bring automobile fatalities more closely to the attention of the public, in an effort to decrease the number of traffic deaths in the state. Several other states already have enacted such a measure.

Owosso—Two tots, inseparable chums in life, were united in death, with the passing of Clifford Lee, six-year-old son of Mr. and Mrs. T. Lee, of Owosso. The other was Willard Mead, six years old, killed some weeks ago in an automobile accident. The boys had been inseparable since they were old enough to play together and the death of the Mead boy, so weighed on Clifford that when he was taken ill with diphtheria he proved an easy victim.

Owosso—Two distinct interests are preparing to prospect for oil in Shiawassee county. It became known when the first leases were filed with the register of deeds at Corunna. It is said that more than 50,000 acres of land already are under lease although the leases filed cover less than 1,000 acres. D. W. McKeighan of St. Charles, recently came into the county and signed up about 1,000 acres. The Norris-Smith and the Sun company have more than 50,000 acres under lease.

East Lansing—Appointment of J. G. Wells, former dairy extension specialist for Michigan State College, as the first county agricultural agent to serve Ingham, has been announced here. Wells, who was chosen by the board of supervisors at the request of farmers and business men of the community, will take up his duties April 1, with headquarters at the Mason courthouse. The new agent has been dairy specialist for four years, spending the last three in the upper peninsula, where he made an unusual record.

Lansing—A compromise highway finance bill has been agreed to by the House committee on roads and bridges and the Senate committee on highways. The exact provisions are these: A three-cent gas tax. Weight tax to remain unchanged. Counties are to be paid \$6,000,000 a year from the weight tax, the remainder going to the State. This provision is that of the present law. Sufficient money is to be taken from the funds furnished by the additional cent of gas tax to bring the share of the counties equal to half the weight tax.

Horticultural News

GETTING FACTS ON APPLE PEST

(Prepared by the United States Department of Agriculture.)
The codling moth is a troublesome insect enemy of apples, prevalent in most of the apple-growing regions. A special appropriation for meeting the situation in Kansas was made available to the bureau of entomology July 1, 1926, but in order to cover an entire season work was begun in cooperation with the Kansas Agricultural college during the spring. Damage was especially severe in Kansas and the Ozarks during the preceding season, and it is hoped that these studies will throw much light on the codling-moth problem throughout this region. Field experiments in control are under way at the Bentonville (Ark.) laboratory, which include the testing of arsenicals applied in various dosages and at various times, and of ovicidal and larvicidal materials. Questions relating to the quantity of spray residue on fruit at harvest time are being studied at the Yakima (Wash.) field station. Tests of a large series of baits for moths in the orchard and in packing sheds are also being made. An apple ferment has been found to be the best bait material of those tried, though a ferment of molasses and yeast is also good. None of the essential oils tested shows much promise.

At the Silgo (Md.) laboratory the feeding habits of the codling-moth larvae are being studied, especially those just hatched. The development of insecticides other than arsenicals is being attempted.

Variety of Apple Trees Changed by Top-Working

"Apple tree varieties may easily be changed if the grower wishes to follow directions and use a little care in his work," says Prof. G. W. Peck of the New York State College of Agriculture at Ithaca.

"The undesirable Ben Davis may be top-worked with some variety of real quality, such as McIntosh or Spy. Grafting may also be used to get another variety of fruit on an isolated plum or pear which does not bear because of lack of pollination.

"Any one may graft fruit successfully if he will take well-matured one-year-old terminal growths from known bearing trees, keep the scions dormant, graft when growth is just starting, and be sure that the growing or cambium tissues of the stock and the scion come in contact so as to insure a union."

Failures of grafts may often be laid to the neglect of the grower to be sure about this union, and another important point is the careful placing of wax over all cut surfaces immediately after the graft is placed. This is to keep the cut from drying out. For best results, scions should be set within a few days at a time when the first leaves of the tree become from a quarter to half an inch long. Warm weather should be selected for the job.

Parasite of Gypsy Moth

The Department of Agriculture has recently introduced into the United States a parasite of the gypsy moth which is particularly promising. This insect is called *Comptosia coninnata* Meigen. It lives on about 100 host insects. It has now been studied for eight years by experts of the Department of Agriculture, and these authorities feel that the insect will prove of great benefit. It will not only check the spread of insects of the kind it was intended to control, but it has also shown ability to combat other dangerous insects in this country.

Horticultural Notes

A good raspberry plantation will be profitable for six to ten years.

Ordinarily the quantity of fruit and vegetables used on the farm is in direct proportion to the quantity raised.

In pruning see that dangerous croches and crowding of limbs are eliminated from young trees to avoid breaking down when the trees come of age. The earlier this shaping is done the less shock to the trees.

Cutting the firewood with a carpenter's saw is just as sensible as using one to prune the fruit trees. Buy and use a good pruning saw. Efficient tools make it easier to do efficient work. Ninety cents for a pair of hand shears and a dollar and a quarter for a saw is an investment justified even in the home orchard.

Black walnut trees seem to be poisonous to apple trees, if planted near them. They are also harmful to tomatoes, potatoes and corn.

After all rotten apples, pruned limbs and other refuse have been cleared up about the orchard, give your trees a thorough spraying.

In pruning gooseberries and currants, remember that they bear fruit on wood that is two years old, instead of last year's growth as with raspberries and blackberries.

REPORT OF THE CONDITION OF State Bank at Boyne Falls

at Boyne Falls, Michigan, at the close of business March 28, 1927, as called for by the Commissioner of the Banking Department.

Directors

MICHIGAN BELL TELEPHONE CO.

Long Distance Sells Furniture Throughout America for Gunn

Attention: Mr. E. H. Rickett, Mgr.

Gentlemen:

You have inquired with regard to use of the Michigan Bell Telephone Company's toll lines by this company in selling and we are pleased to advise that we are finding increasing use for the service in this way, not only in the number of instances that we talk direct with our customers but in the distance from this office of the point called.

We find that a short conversation insures an accurate and complete understanding of the customer's requirements and wishes which is obtained almost instantly saving an exchange of letters and hours or days in the time of shipment, and the results obtained are such that the expense involved is a very small item indeed.

Very truly yours,
THE GUNN FURNITURE COMPANY.
1414
1012 S. W. 4th St.
Ann Arbor, Mich.

We find that a short conversation insures accurate and complete understanding and results are such that the expense is a very small item.

Children Cry for Fletcher's CASTORIA

MOTHER: Fletcher's Castoria is especially prepared to relieve Infants in arms and Children all ages of Constipation, Flatulency, Wind Colic and Diarrhea; allaying Feverishness arising therefrom, and, by regulating the Stomach and Bowels, aids the assimilation of Food; giving natural sleep.

To avoid imitations, always look for the signature of *Wm. C. Fletcher* Absolutely Harmless—No Opiates. Physicians everywhere recommend it.

SUCCESSFUL FARMERS MAKE A SUCCESSFUL COMMUNITY

We are proud to have among our depositors and friends an increasing number of farmers—

Proud because the new wealth the farmers take from the ground each year makes for a successful community and a prosperous nation—

And proud of the cooperation this Institution has been privileged to extend through rendering a complete banking service to farmers throughout this section.

"The Bank That Backs The Farmer."

"The Bank With The Chime Clock."

Briefs of the Week

Miss Beulah Thomas of Manalapan is visiting Miss Isadora Peck.

Dr. W. H. Parks was here from Petoskey on business, Tuesday.

Born to Mr. and Mrs. Lyle Ferguson of Jordan township, a son, April 8th.

Born to Mr. and Mrs. Howard Simpkins of Chestonia township, a daughter, April 5th.

A. E. Alexander was here from Charlevoix, Thursday, on business and renewing former acquaintances.

Blount's Bazaar—Specials—5 Qt. Alum. Tea Kettle, 99c; 12 Qt. heavy dairy Pail, 49c; 1 Doz. Fluted Tumblers, 40c. adv.

Mrs. Freeman Walton returned home Sunday from Petoskey, where she has been visiting her daughter, Mrs. Carl Vogg.

M. E. Ladies Aid will be entertained at the home of Mrs. Hunsberger on Wednesday, April 13th, at 2 o'clock standard time.

Mr. and Mrs. Karl Heller and son left Wednesday for Elk Rapids, where Mr. Heller will have management of the A. & P. store there.

Special Saturday and Monday—Ladies' Pure Thread Silk Hose in the new shades, \$1.50 values for 98c. Eff an Dee Variety. adv.

A Rummage and Bake Sale will be held by the ladies of M. E. Church at the former Danto store all day this Saturday, April 9th. adv.

Order your Easter Flowers from A. E. Edwards, Florist, Charlevoix, through Mrs. Wm. Nice, North Main St., East Jordan. adv. 2t.

Petoskey voted last Monday to spend \$5,000 to advertise that region during the coming fiscal year. The proposition required a three-fifths vote to carry.

Ladies Hats retouched and blocked, also resilvering mirrors. Guarantee all work done. Mrs. C. Walsh, corner of Nicholls and 3rd St., East Jordan. adv.

All Knights of Pythias who can attend the Convention at Traverse City next Monday are requested to register at Bulow Bros. not later than this Saturday night.

W. A. Loveday was up from Lansing for a few days this week. He was accompanied by his son-in-law, W. I. McKenzie, of Detroit, and a couple of other gentlemen.

Julius Johnson with son, Erling left this week for Jackson, where they will make their future home. Mrs. Johnson and daughter, Elsie, preceded them there last week.

Mrs. Catherine Spring returned home from Flint, Wednesday, where she has been visiting her son. Her daughter-in-law, Mrs. W. C. Spring accompanied her here for a visit.

Among new students entering Western State Normal at Kalamazoo for the spring term is Raymond Swafford of East Jordan, who enrolled in the physical education department.

Hear Thomas Belding, one of Henry Ford's famous fiddlers, and former member of Jep Bisbee's orchestra at Temple Theatre Saturday night, April 9th, between 1st and 2nd shows. No advance in prices. adv.

Merrill, 2-year-old son of Mr. and Mrs. George Hardy of Boyne City, fell into a pail of hot water, Wednesday morning. His arm, legs and body were badly scalded, and he is in a critical condition. L. R. Hardy of this city is an uncle of the child.

Over forty neighbors and friends tendered Mrs. Julius Johnson a farewell party at her home last week Wednesday afternoon. A pleasant time was enjoyed, and sincere regrets expressed on the leaving of Mrs. Johnson for her new home at Jackson, Mich.

All the lucky fisherman around the south arm of Lake Charlevoix are not the old-time experienced fellows. Garrett Wells, 12 year old son of Tony Wells, landed an eight pound pike with a hook and line the last day of March—and did it without any help.

Bessie Lathrop, aged 18 years, is reported missing from her home at Pellston since last Saturday night. The missing child wore a blue dress trimmed in red, a brown coat and tan shoes and light stockings. Her light hair was bobbed. She has blue eyes and weighs 135 lbs. The girl walks with a slight stoop. She was in the fifth grade of the Pellston schools.

A change was made in station master for the East Jordan station of the East Jordan Branch of the Michigan Central R. R., Tuesday. Former agent, R. K. Gunther has been transferred to Cheboygan as telegraph operator. G. R. Antonsen, who has been stationed at Johannesburg is now in charge of the local station. Mr. Cummings, one of the division managers was here from Bay City to superintend the transfer.

Our Clearance Sale will continue all next week. Eff an Dee Variety. adv.

H. H. Cummings was at Detroit on business the past week.

E. B. Potter left this week for Detroit to seek employment.

Mrs. W. A. Frederickson visited friends at Alba first of the week.

Mrs. Pearl McHale spent the latter part of last week in Grand Rapids.

Born to Mr. and Mrs. Louis Mayville, a daughter—Maxine Jewell—April 8th.

Mr. and Mrs. R. K. Gunther moved this week to Cheboygan, where he has a position.

George Walton left Monday for Ann Arbor, where he will take treatment at a hospital there.

Mr. and Mrs. Oscar Kidder went to Cadillac first of the week, where Mr. Kidder has employment.

Mrs. Nelson Holton of Bellaire was here over Sunday visiting her daughter, Mrs. Thomas St. Charles.

Mrs. John Cole left Tuesday for Cortland, New York, to join her husband, who has employment there.

Mrs. Margaret Gehls returned to Mackinaw City Thursday, after a visit with her sister, Mrs. Enoch Giles.

J. E. Hutchins went to Grand Rapids, Monday, after a visit at the home of Mr. and Mrs. W. M. Evans.

Mrs. Effie St. John and son, Verne Alexander, who have spent the winter in Flint, returned home last Saturday.

Men's Rayon Silk and Cotton Hose, 50c value—Saturday and Monday, 3 pairs for 98c. Eff an Dee Variety. adv.

Mrs. Lee Farmer returned to Grand Rapids, Monday, after a visit with her parents, Mr. and Mrs. Peter Lanway.

Mr. and Mrs. Joseph Cummins left last Friday for Grand Rapids, where Mrs. Cummins entered a hospital for treatment.

Mrs. Lillian Hoover was called here last week from Richmond, Mich., by the serious illness of her mother, Mrs. H. C. Swafford.

Miss Esther Omland returned to her studies at Kalamazoo, Monday, after spending her spring vacation here with her parents.

Mrs. Irvin McGowan returned to Sparta last Saturday, after being called here by the illness of her mother, Mrs. Robert Webster.

Mr. and Mrs. C. H. Baldwin, and Miss Lelia Baldwin of Traverse City were guests at the home of Mr. and Mrs. W. M. Evans' last Saturday.

Mr. and Mrs. A. J. Suffern of Greenville were here first of the week for a visit with her parents, Mr. and Mrs. M. F. Fay, and other friends.

Flowers for Easter. Order them through Mrs. Wm. Nice, North Main St., East Jordan. From A. E. Edwards, Florist, Charlevoix, Mich. adv. 2t.

Boyne City was left in darkness for a short time Tuesday morning, when the high winds caused havoc among the electric wires which became crossed. They also were the cause of a fire at Kerry's restaurant this morning when they became crossed and touched the metal roof. The fire did little damage. But, as the electric service was shut off, the fire whistle couldn't be sounded and the various members of the fire department had to be called by telephone. It is fortunate that the fire gained headway slowly.—Boyne Citizen.

It is getting along about the time of year when people who work on newspapers have to try to spell that wonderful word "baccalaureate" if that's the way you spell it.

HATCHING EGGS from my special pen BARRED ROCKS at \$1.50 for fifteen.—ROY L. HARRIS, East Jordan. 14-1

A "Homey," Friendly Bank Under State Supervision.

Founded on Security

Built by Service

An Old Umbrella

is the only protection that some folks have when the "rainy days" come. But a Savings Account in this Bank is better, because it will not only buy you an umbrella when needed, but will also keep the wolves of worry and adversity away from your door.

If you haven't such an account now, why not open one in this Bank today?

The warning is out to scrub the mud off license plates instead of waiting for spring rains.

STOP RHEUMATISM WITH RED PEPPER

When you are suffering with rheumatism so you can hardly get around just try Red Pepper Rub and you will have the quickest relief known. Nothing has such concentrated, penetrating heat as red peppers. Instant relief—just as soon as you apply Red Pepper Rub you feel the tingling heat. In three minutes it warms the sore spot through and through. Frees the blood circulation, breaks up the congestion—and the old rheumatism torture is gone. Rowles' Red Pepper Rub, made from red peppers, costs little at any drug store. Get a jar at once. Use it for lumbago, neuritis, backache, stiff neck, sore muscles, colds in chest. Almost instant relief sways you. Be sure to get the genuine, with the name Rowles on each package.

State News in Brief

Flint—Oil rights have been leased by a Detroit syndicate on a number of farms on the Mt. Morris road east and west of Rogersville, eight miles north-east of Flint. Drilling operations are expected to start in about 60 days.

Lansing—Fireworks dealers gathered in force here recently to protest against the bill abolishing their stock in trade. The bill repeals the Burney Brower act of two years ago and bans the sale of all fireworks in Michigan. Officials of fire departments favor the bill.

Leroy—Slipping and falling into 30 inches of water in a marsh, where he had set his traps for muskrat, **Lyle Brodie, 14-year-old son** of Clayton Brodie, was drowned. The body was found by a searching party formed by his father when the boy failed to return home.

Acme—Standing barefooted in the snow, during the early morning hours, **Joseph Smith, Acme merchant**, covered three youthful bandits with a gun until an officer arrived. Smith had been awakened when the boys broke the lock from a gasoline pump to steal motor fuel.

Pontiac—Harry Measler, 11 years old, pupil of the Webster school here, is dead because a group of playmates with whom he was playing about a heavy cable spool started the big wheel rolling. The lad fell and was caught when the spool fell over. He was so badly crushed that he died a short time after the accident.

Lansing—President Coolidge may yet come to Michigan for his Summer vacation, **Gov. Fred W. Green** reported to the administrative board. The Governor exhibited a telegram from the President's secretary, saying no definite action on a vacation state had been taken. Reports that Wisconsin had been selected were false, in view of the telegram, the Governor concluded.

Lansing—Three measures to prohibit Sunday hunting have passed the house. The bills, affecting Washtenaw, St. Clair and Huron counties, are aimed specifically at Detroiters who in the past have invaded the counties. Two similar measures pertaining to Lapeer and Tuscola counties were passed by the house some time ago. Another bill, to prohibit Sunday hunting in Shiawassee county has been introduced.

Port Huron—At a meeting of St. Clair County bankers a federation was formed to combat bandits. It is proposed to have 56 men selected as vigilantes. They will be sworn in as deputy sheriffs and will be equipped with arms furnished by the bankers. By a system of signals, the vigilantes will be notified immediately of a bank holdup and are expected to take up the chase and endeavor to kill or capture the bandits.

Lansing—The Michigan public utilities commission has granted the Michigan Associated Telephone company an amalgamation of the Blissfield, Reading and Tecumseh companies, authority to issue capital stock of \$50,000 and first mortgage gold bonds to the amount of \$100,000. The purchase price of the three small independent companies is set forth as amounting to \$123,000. The new telephone company is incorporated in Delaware.

Jackson—The Michigan State Prison was endangered recently by fire which destroyed a warehouse of the Michigan Seating Co. across the Michigan Central Railroad tracks from the main plant of the prison. The prison fire department managed to save all of the prison property except a guard post on the walls which was destroyed. The prison oil storage tanks were close to the fire but were saved. There was no disorder in the prison during the fire.

Muskegon—Erection of a monument to Father Marquette, Jesuit priest and early American explorer, on the spot where the missionary was buried near the present city of Ludington, is under contemplation by the Marquette University of Milwaukee. History records that Father Marquette was buried near Ludington in the winter of 1675, and that the following spring a band of Indians who had been converted to Christianity reverently exhumed the body and removed it to a spot near St. Ignace.

Lansing—Oil in sufficient quantities to make this a good producing state lie under various parts of Michigan, in the opinion of **R. A. Smith, state geologist**, who recently completed a survey. The real "pool" has not yet been struck in the Saginaw Field, **Mr. Smith** believes. A recent gusher there was on the edge of the field and was in the Saginaw Sand, while the pool which he believes will provide a permanent flow lies 600 feet below the Saginaw Sand strata and in another location.

Lansing—An interstate bridge from Menominee to Marinette, Wis., is proposed in a bill introduced in the Legislature by Senator **Herbert J. Rushton, of Escanaba.** The state highway commissioner is given authority to confer with the Wisconsin highway commissioner relative to plans of construction, purchase of land and other details of construction. The span would approximate three-quarters of a mile. The expense of construction would be divided between the two states.

POULTRY

CHICKENS DON'T WATCH A CLOCK

Chickens do not watch the clock. The "best workers" in the flock start scratching as soon as it is light in the morning and continue until it is dark. Many poultrymen are taking advantage of this natural tendency for activity by using artificial light to lengthen the working day of the farm flock during the winter months. The result is a larger production of eggs, provided the extra light is furnished for good hens which are properly fed and cared for.

"The biggest advantage of this system," says **J. G. Halpin, poultry specialist at the Wisconsin College of Agriculture**, "is that it stimulates the mature hens to lay, and hastens the development of late and immature pullets so they lay more eggs during the winter months." However, he believes that proper feed and good care will be of greater value to well-developed pullets than will the extra hours of light.

"Forcing the mature hens into early winter laying may result in reduced hatchability of the eggs during the hatching season. This is due more to the difficulty of supplying the flock with a complete ration that supplies all of their requirements in proper proportions, than to the mere fact that the hens are laying," he explains. "One of the most difficult things to supply under our conditions is sufficient vitamin D to make it possible for the hens to lay during the winter without robbing their bodies. If these materials could be supplied in sufficient quantities, the hatchability of the eggs would not be seriously lowered."

The poultrymen who have used electric lights usually turn them on between four and five o'clock in the morning, although some use the light in the evening, at which time they give a heavy feed. An alarm clock may be used to throw on the switch automatically. If the chickens are to be aroused at these hours, the light should be distributed so as to cover the floor and shine on all of the roosts.

Feed Flocks Effectively to Get Greatest Profit

The greatest profits from the sale of eggs at any one season of the year may be obtained during the winter months. Eggs are high in price at this season of the year because few poultrymen are obtaining eggs. Eggs are low in price during the "flush season" in the spring, because they are plentiful. The cost of feeding varies slightly from winter to spring. That is, during the winter you have a greater difference between the cost of producing eggs and the price obtained from the eggs. As the price of eggs drops in the spring and the cost of feed remains practically the same we have less opportunity for making a profit. Since the cost of feed represents more than 60 per cent of the cost of producing eggs on the farm we must aim to feed our flocks as effectively as possible.

Poultry Notes

Sunlight is a better egg producer than red pepper.

A pullet, properly handled and fed, should gain in weight even though laying regularly.

If you have neglected to get a new cockerel, then order a setting or two of high grade eggs now, and raise your own cockerels for new blood next year.

A cheap treatment for mites, and a fairly good one, is to paint the hen house inside, walls, roosts and all, with a mixture of old crank-case oil and kerosene.

The market seems to be wanting bigger broilers lately—birds weighing between two and three pounds. Evidently, city folks are demanding meatier bones to pick.

Keep plenty of green feed for the pullets; it is essential for both health and egg production.

A broody hen, if taken the first day she is broody, will come back to production in three days if she is put in a cool, slatted coop and fed liberally with mash and milk.

Outbreaks of coccidiosis (bloody diarrhea) which is fatal to a great many chickens every spring, may be largely eliminated by plowing up the ground in the chick yard.

Pullets lay best when confined to the poultry house during the winter months and fed a laying mash.

In feeding poultry the heavy grain feed should come at the evening meal. The birds should have all the grain they will clean up at this time.

Duck eggs hatch in twenty-eight days. When the hatching is done by hens it is well to keep the hen covered until she may be introduced to her children. Otherwise she may peck them to death.

Lindstrom Pledges Big Year

The photograph shows **Fred Lindstrom, third baseman of the New York Giants.** The Chicago boy had a splendid year in 1926 and promises to have a better one this season. **Heinie Groh** has not been missed since **Freddy took charge of the hot corner.**

Now in Society

An attractive and unusual portrait of **Miss Lorando Prochnik, daughter of the Austrian minister and Mrs. Edgar Prochnik, who has just been presented to society in Washington.**

Importance of Work

The finest endowment policy ever bestowed on a man is his ability to work, and his enjoyment of work. With such a policy a man may undertake and achieve, for it is work that accomplishes—even what may have seemed impossible.—Grit.

MULE-HIDE ROOFS
 "NOT A KICK IN A MILLION FEET" Reg. U.S. Pat. Office

Dependability and Beauty

You get both in long-life Mule-Hide Roofs. Let us show you how reasonably you can roof your new home or repair or reroof your old one.

Defunct Cataract

What is known as the Grand coulee of the Columbia river is a cliff more than 400 feet high with the Columbia at its foot. This is evidence of the presence at one time of a great cataract over which the river once flowed, producing a spectacle greater and probably grander than Niagara.

Grateful, to Say the Least

The funniest wedding I ever attended was the one when, after the ceremony, the father of the bride walked up to the bridegroom to congratulate him, and being rather excited and a bit rattled, he grasped his hand and said: "Much obliged."—Capper's Weekly.

6 GOOD REASONS WHY YOU SHOULD BUY THE ERSKINE SIX CUSTOM FOUR-DOOR SEDAN

\$995
 F.O.B. FACTORY

- 1 All steel body, custom design, with deep drawn steel stampings forming beautiful curved lines at the back, and curved side members carried over the top, constituting the finest possible body construction. Body trimming of Bedford cord and broadcloth. Novel instrument board in duotone colors, with cigarette and glove boxes built in, gasoline gauge and customary instruments. Fine hardware and interior decoration. Entire body much superior to any competitive \$1,000 job ever offered in America. Comparisons are urgently invited and will prove convincing.
- 2 Chassis of modern simplified design. Material and workmanship of Studebaker quality throughout, comparable to the finest obtainable. Self-energizing four-wheel brakes, nickel plated bumpers front and rear, motorometer, beautiful crown fenders, and numerous other quality features never before furnished in a \$1,000 car.
- 3 Beauty and smartness characterize the car. The body, fenders and general outlines were designed by **R. H. Dietrich**, one of the foremost custom body designers of the country. The car has irresistible style appeal. It created a sensation at all of the European automobile shows and the shows in this country, where it was viewed by over two million people.
- 4 The performance of the car is remarkably efficient and much superior to most, if not all, cars in the \$1,000 field. It will accelerate from 5 to 25 miles in 8 1/2 seconds; climb an 11% grade in high gear, and develop 60 miles per hour. It is free from mechanical defects and will stay out of the repair shop.
- 5 The car is well balanced, with scientific spring suspension and seat cushioning. The result is the superior riding qualities of the big, high-priced cars. In riding comfort, the car is equaled by few, if any, small cars on the market.
- 6 The price of \$995 f. o. b. Detroit is low compared with half a dozen other Sixes selling for more money. Actual comparisons with such cars, ranged alongside an Erskine, will demonstrate the truth of this assertion.

If you appreciate quality and value, examine and drive an ERSKINE SIX before you buy any car this Spring. Other models are the Tourer, seating five, \$945; the Custom Coupe with dickey seat, seating four, \$995; and the Business Coupe seating two, \$945 f. o. b. factory, with excise tax and freight to be added.
