VOLUME 31

EAST JORDAN, MICHIGAN, FRIDAY, MAY 12, 1927.

NUMBER 19

Red Cross Fund Went Big

East Jordan Sends \$786.53 For Relief of Flood Sufferers.

That the citizens of East Jordan are ever ready to extend a helping hand to those who are in need or distress was evidenced in the campaign of last Saturday.

The committee of eighteen worked faithfully during the day soliciting contributions and on Monday a check for \$786.53 was sent by the City of East Jordan to the American Red Cross as our contribution toward the Southern flood relief fund. Of the above amount, \$79.00 was contributed by our Public Schools.

As the days go by, the need for funds to aid the citizens of the Mississippi river valley becomes more and more apparent, and the action of the people of East Jordan last Saturday was most timely.

Mrs. Robert Webster Passed Away

Mrs. Robert Webster passed away at her home in this city, Sunday morning, May 8th, following an illness of some duration caused by declining years.

Katherine J. VanDeventer was born at Tonawanda, N. Y., March 6, 1848. In 1860 she came with her parents to Michigan, locating at Ridgeway. In 1860 she was united in marriage to Dr. Alanson Baldwin at Ann Arbor. They came to East Jordan in 1884. Dr. Baldwin passed away April 7th, 1895. On Dec. 25, 1901, she was united in marriage to Robert M. Webster of this city, at Charlevoix.

Deceased is survived by the husband, and a son and daughter by the first marriage—Bert Baldwin of Petoskey and Mrs. Grace McGowan of Sparta. Also by two brothers—Isaac VanDeventer of East Jordan, and Henry VanDeventer of Dundee.

Mrs. Webster was a woman beloved by all who knew her and her passing is a matter of sincere sorrow among a host of friends. She was a member of the M. E. Church and the W. R. C. Funeral services were held from the M. E. Church Monday afternoon, conducted by the pastor, Rev. V. J. Hufton. Interment at Sunset Hill.

Winter Sports For Michigan

City Representatives, Resort Men and Newspaper Men Join in Campaign of Action.

W. L. McManus, Jr., of Petoskey, president of the Michigan Hotel Men's Association, will hereafter direct the development of winter sports in Michigan, as chairman of a committee comprising also Fielding H. Yost, noted football coach of the University of Michigan; Arthur Stace, writer for the Grand Rapids Press and pioneer in the winter sports movement in Michigan as well as other resort movements. Secretaries of the five organizations in the combined movement, John Doelle, of the Michigan Real Estate Ass'n; Clarence V. Smazel, of the Development League of Western Michigan; Hugh J. Gray, of the Michigan Tourist and Resort Ass'n; T. F. Marston, of the East Michigan Tourist bureau, and George Bishop, of the Upper Peninsula Development bureau, are the other members.

This committee is to meet within the coming month to consider the advisability of hiring an expert to stage a first class winter sports program for Michigan next winter.

The subject was brought up at the recreational land conference in Grand Rapids. Walter S. Palmer, of Grand Rapids, chairman of the winter sports committee of the Development League of Western Michigan, the only one of the five organizations that has previously had any concerted plan of winter sports activity, developed the topic with a short history of winter sports and account of the league's activities and interest shown in northwestern Michigan. Dr. Doelle urged winter sports for their psychological benefit "to keep old Michigan from feeling dead in winter and to give our race a new vigor." Petoskey men present made a hit with the statement that "Petoskey was sorry when winter ended this spring because it was having so much fun."

Michigan, therefore, is definitely on its way to winter sports, which means winter touring and winter business for the merchant, garage man, theatre, everybody, in fact, Petoskey News.

Citizens of East Jordan Improving The New Tourists' Park, Wednesday, April 27th.

H. S. Chorus Was Enjoyed

Operetta, "Sylvia," Well Presented Last Thursday Night.

The Operetta, "Sylvia," given by the High School Chorus Thursday night, May 5th, at the high school auditorium, impressed all who saw it with its beauty. It carried them back to the days when there were real country maids, lovely in their simple little gingham gowns and sunbonnets, and honest country lads. The scene was a rural one, a hay-field at harvest time, where these boys and girls met to exchange pleasantries. No one could fail to be impressed by the beautiful simplicity of the out-door scene. The story itself was concerned also with a very lovely and spirited court lady, "Lady Sylvia," who one day, weary of court life and the attentions of her poetic lover, Sir Bertram De Lacy, wanders into the quiet and inviting hay field, hoping to escape for awhile, the poetry which her betrothed insists on quoting to her. While thoroughly enjoying the peaceful scene, her solitude is interrupted by the entrance of some farmer girls. Sylvia conceals herself, hoping to learn something about these girls who seem so happy, jovial, and carefree. One girl of the group seems to stand out from the others. She is Betty, and unlike the others, is discontented with her present mode of life. She longs to live at the court, and have in the place of good, honest William, a real knightly lover. Her friends, after much chiding, leave her alone to her dreaming. Lady Sylvia then makes known her presence. While Betty has thus been bemoaning her fate, Lady Sylvia has formulated an idea. Why can she not be Betty for a day and let Betty take her place? Betty is astounded with the idea but finally consents. A change of costumes, and Lady Sylvia has become the little country girl and Betty is the stately Lady Sylvia. The girls however have not changed dispositions. Sylvia is high spirited, pompous, proud, Betty is meek, simple, and inclined to tears. The boys, therefore, find it difficult to understand their sweethearts. By the end of the day, Lady Sylvia has had quite enough of climbing stiles, digging potatoes, and of awkward William, and Betty does not believe that she ever wants to see another courtly gentleman inclined to quoting poetry. At dusk, Betty runs away from De Lacy, leaving him to the mercy of a raging bull. Sylvia who is furious with William for trying to break the spirit he believes she has so recently acquired, escapes and returns to the hay field to find Betty. They gladly return one another's costumes, and when William and De Lacy return they find their true sweethearts again, both very much more contented at dusk than dawn had found them.

Each member of the cast portrayed his part well. Margaret Gunderson was Sylvia; Howard Snyder, Sir Bertram De Lacy; Margaret Bowen, Betty; and Harold Clark, William. They were supported by Howard Baker as Prince Tobyton; Louise Hipp as Araminta; Henrietta Severance as Arabella, ladies of the court; and Isabel Lintner, Frederica Shaw, and Margaret Sherman as Molly, Polly, and Dolly, The Farm Lads, Farmer's Daughters, Hay Makers, and Viola Snyder as pianist.

As much enjoyed as the Operetta were the Orchestra numbers preceding it and the specialties given be-

tween acts. The Freshman Male Quartet, composed of Leo Beyer, Bruce Lintner, Arthur Arnston, and Charles McKinnon, gave two selections—"Hey, Hey, Farmer Gray," and "Down by the Old Mill Stream." Gerrit Steenhagen gave two humorous readings, "Han's Hens," and "A Dog Story."

Miss Dorothy Kelly, music instructor, is responsible for the success of the Operetta this year.

School Notes

BAND WILL LEAVE FOR LAN-SING NEXT MONDAY.

The High School Band will leave the school building next Monday morning at six o'clock standard for Lansing to enter the State Band Tournament held under the auspices of Michigan State College. The boys and their Director, Mr. Ter Wee, will be accompanied by Superintendent Duncanson and Dr. Pray, Secretary of the Board of Education. On Tuesday, May 17th, our band will be one of forty to compete in Classes "A," "B" and "C" for the three band championships of Michigan. E. J. H. S. will enter in Class "B." During their stay the members of the band will be lodged at two M. S. C. fraternity houses in East Lansing. They will return home on Wednesday. The trip will be made in two greyhound busses. Carl Kuhlman, band director of Michigan State College, is in charge of arrangements.

SCHOOL GARDENS

The Agricultural Department is converting two acres of vacant school land into school gardens. Every member of the Horticultural class has a garden of his own and spends his laboratory periods in getting actual gardening practice. Besides the horticultural class there are a number of students from the Junior High and Freshman class who are interested and are taking garden projects. All of these are under the supervision of the Agricultural Department, and with few exceptions, will be carried throughout the summer. During the summer months the group of gardeners will hold occasional meetings to compare and discuss their gardens, together with some means of having an enjoyable time.

INTER-CLASS PLAYGROUND LEAGUE.

For the remainder of the school term there will be plenty of action after the close of the school day. An inter-class playground league has been formed consisting of six teams, the four high school classes, Junior high, and the faculty. There will be five games played by each team, and the final average of wins and losses will determine the championship of the school. The games will be played on Monday, Wednesday, and Thursday of each week.

BASKETBALL LETTERS AWARDED.

Last Wednesday during chapel the awards for the members of the basketball team were distributed. Seven men received the coveted letter "J" and the same number received the reserve monogram.

The following were presented with the "J": Captain Chris Taylor, "Bill" Baynette, "Jim" Gleason, "Will" St. Charles, Vall Shepard, Arnold Smith, and "Buck" Weaver. The reserve letter was given to: "Red" Muma, Clayton Montroy, Harold Whiteford,

"Greg" Boswell, "Ken" Blossie, Harold Lee, and Lyle Peters.

Chris Taylor, Captain during the past season, was re-elected to the post and will guide the red and black cagers through 1927-28. Taylor, an experienced player and a consistent scorer, should be at his best next year and will have again the same squad to lead, with the exception of Gleason, who graduates.

"WHEN POLLY WAS QUEEN OF THE MAY."

"When Polly was Queen of the May" will be given by the West Side School, Friday, May 27th at 6:00 o'clock standard time.

Moses M. Hart Pioneer Resident Passes Away

Moses M. Hart passed away at the County Infirmary near East Jordan, Monday, May 8th, from pneumonia and old age.

Mr. Hart was born in Canada in 1846. When 19 years of age he came to Michigan, and located near what is now East Jordan sixty-two years ago. He continued to make this locality his home since then, first being engaged in lumbering, then purchasing a farm north of our city and operating same for a number of years. In 1882 he was united in marriage to Louise Burney, who died in 1911.

Deceased is survived by the following sons: James of Chicago, John of Muskegon, Bert of Detroit, and Arthur of New York. Also by one sister, Mrs. Ophelia McCalmon of East Jordan.

Funeral services were held from St. Joseph's Catholic Church Thursday forenoon, May 12th, conducted by the pastor, Fr. D. M. Drinan. Interment at the Catholic Cemetery.

Jersey Breeders Meet

The Antrim-Charlevoix Jersey Breeders Association held their first meeting of the new year at Ellsworth on Wednesday, the 4th with over 20 breeders present.

Mr. H. E. Dennison, the Jersey Fieldman, was present and gave a very interesting discussion on matters pertaining to the Jersey breed. He stated that the Jerseys are growing faster in proportion of total numbers than any other dairy breed and the outlook mighty promising.

Plans were made for entering this year's State Contest and for a large summer exhibit and show at Ellsworth in June.

In the Ellsworth community alone over 100 head of purebred are owned as compared with some 20 head two years ago and the numbers are fast increasing. There are now five sires being used that are of very high quality and responsible for the decided improvement taking place every day. Elmer Murray of East Jordan is Secretary of the Ass'n and is anxious for all Jersey breeders not members to get in touch with him and join the Association immediately.

B. C. MELLENCAMP, Co. Agr'l Agent.

Reforming the world is not our job. Not every revolution is the voice of the people.

Baseball experts, with three weeks experience, are wondering how they could have made such bad guesses.

County Achievement Days Held

The boys and girls winter club program was brought to a highly successful close on May 2, 3 and 4 when the various clubs in the County held their Achievement Days.

Mr. A. G. Kottunen, State Club Leader and Miss Ruth Featherly, Ass't. State Leader in co-operation with Mr. Melencamp, County Agent, visited all the Clubs and judged the exhibits. Following the program the local champions were selected. These local champions are honored by being eligible to attend the State Camp at Gaylord as a representative of their club and to enter the elimination trials for the purpose of competing for Northern Michigan Championship, which means a trip to the State Fair at Detroit as a result.

We are proud to announce of the 15 clubs that started with a membership of slightly over 100, that 12 clubs finished 100%, that is, each member that started completed the year's requirements creditably. Much credit for this wonderful showing must be given to the Leaders of the Clubs who have donated their time, energy and efforts free gratis to be of service in developing the boys and girls along life's pathway.

Following are the results of the Achievement Days:—

Miss Lottie Webster, Hilton School Charlevoix, Leader, 100% finishing, 9 members, Carrie Hilton, Champion.

Miss Marguerite Schepers, Wildwood School, Boyne City, Leader, 100% finishing, 6 members, Nellie Burns-Champion.

Miss Frances Bryant, Clarion School, Clarion, Leader, 100% finishing, 3 members, Jennie Kent, Champion.

Miss Vera Belding, Chaddock School, East Jordan, Leader, 100% finishing, 5 members, Belle Habel, Champion.

Miss Frances Gould, Star School, East Jordan, Leader, 100% finishing, 7 members, Pauline Loomis, Champion.

Mrs. Cora Willis, Chandler School, Boyne Falls, Advisor, 100% finishing, 6 members, Lois Clark, Champion.

Miss Helen Germond, Bay Shore School, Leader, 3 out of 7 finishing, Anna Liegel, Champion.

Mrs. Chas. Rabor, Burgess School, Charlevoix, Leader, 100% finishing, 8 members, Florence Baker Sr. Champion, Barbara Evers Jr. Champion.

Miss Lean Cooper, Hopyard school Charlevoix, Leader, 100% finishing, 6 members, Helen Pearl, Champion.

Russell Duffey, Phelps School, Charlevoix, Leader, 100% finishing, 5 members, Dick Straw, Champion.

Miss Lottie Webster, Hilton School Charlevoix, Leader, 100% finishing, 4 members, Joseph Stutzman, Champion.

Miss Celia Howe, Korthase School, Boyne City, Leader, 100% finishing, 7 members, John Stanhope, Champion.

Wesley Jolliffe, Hopyard School, Charlevoix, Leader, 100% finishing, 4 members, Ernest Lee O'Brien, Champion.

Mr. W. C. Palmer, Clarion School, Clarion, Leader. Not finished yet, but will finish later.

B. C. MELLENCAMP, Co. Agr'l Agent.

Far be it from us to be morose but the way bills come in on the first of the month make us sad.

Lightning struck a plane in the air last week. If it is all the same we will take our bolt on the earth.

Heavy Rainfall This Week

Fields and Gardens Flooded And Washed Out.

Since the weather is such a fertile topic of conversation you may be interested to know that last Monday morning and forenoon it rained 2 3-100 inches. Monday night and Tuesday contributed 70-100 inch of rain. The rainfall during these two days exceeded the total rainfall of April, which was only 2 8-100 inches. The rainfall of Monday was greater by 1-2 inch than the amount during any 24 hours during the past year. On June 14, 1926 the amount was 1 55-100 inches.

The greatest rainfall for any month during the last year was 4 75-100 inches for November.

On April 15 there was a variation of 45 degrees in temperature between the highest and lowest point touched for the day. In this connection it is interesting to note that the weather stations on Beaver and Mackinac Islands report the lowest daily variations of any stations in the State.

If your fruit is injured it is because of the following low points for the month of April—20 degrees on the 7th, 19 degrees on the 11th, 21 degrees on the 14th, 21 degrees again on the 23rd, and 20 degrees on the 25th.

The high points for the month were above the average with 83 on the 17th and 76 on the 19th.

Above figures were compiled by East Jordan's U. S. Weather Bureau Station, E. H. Clark Co-operative observer.

Grand Rapids Wholesaler's Trade Tour Plans Completed

The coming tour of the wholesalers and jobbers of Grand Rapids to this city at the noon hour, Tuesday, May 24th, will be one of the big events in this community during that week.

This tour, made on a deluxe Pullman train with dining car, is the home of these busy business men during the time they are away from Grand Rapids calling on their customers in the territory to build good will and friendship for this city throughout Michigan.

This tour will have the Furniture City Band along to furnish music in each town while the wholesalers are visiting with their friends. This band, one of the best in Michigan, has been along on these trips for many years with Mr. Orris Bonney as their leader.

Each representative on this special train will wear the same kind of a hat, also carry a cane so that they can easily be identified as one of the party. Upon arrival in each town a band concert is given on the Main Street to which everyone is invited, also souvenirs are distributed and in nearly every place the school will be assembled on the main corner to give the scholars an opportunity of hearing this celebrated band, also receive souvenirs.

Warning To Owners of Dogs

To All Owners and Keepers of Dogs: Many complaints have come to my office regarding dogs running at large and molesting and destroying game. The situation is aggravated in the extreme. Nests of game, and other birds, have been found destroyed by dogs. Dogs are feeding on young rabbits, and worrying rabbits carrying young. In my opinion, any person who permits his dog to go at large and molest game is not a true sportsman, nor a good citizen. This notice is being published as an appeal to sportsmen and good citizens to correct this abuse. It is also meant as a warning to all others. Hereafter all dogs must be confined to the owners premises unless actually accompanied by the owner or his agent. Peace officers will be instructed to kill any dog found running at large and pursuing game, day or night. We mean business. If you value your dog do not fail or neglect to heed this notice. If your dog is killed by any officer do not complain about it. It will be your fault. Game animals and birds are an asset to the county and it is every man's duty to help preserve them. Tie-up, or otherwise control your dog.

Dated May 3rd, 1927.

A. L. FITCH, Prosecuting Attorney.

Peoples' Wants

MUNNIMAKERS
 Notices of Lost, Wanted, For Sale, For Rent, etc., in this Column is 25 cents for one insertion for 25 words or less. Initials count as one word and compound words count as two words. Above this number of words a charge of one cent a word will be made for the first insertion and one-half cent for subsequent insertions, with a minimum charge of 15 cents. These rates are for cash only. Ten cents extra per insertion if charged.

HELP WANTED

WANTED—Man with car to sell complete line quality Auto Tires and Tubes. Exclusive Territory. Experience not necessary. Salary \$300.00 per month.—MILESTONE RUBBER COMPANY, East Liverpool, Ohio. 19x1

WANTED

WANTED—Boarders and Roomers. MRS. IDA BASHAW, East Jordan. 10-t.f.

REPAIRS—You can get Repairs for any Stove, Range, Engines, Cars, Sewing Machines, Cream Separator, Plow, or any Farm Machinery at C. J. MALPASS HDWE. CO. 10-t.f.

Power Is Waiting In State Streams

Many of the streams in Michigan can be harnessed and will furnish power to farms through which they pass, according to the department of agricultural engineering at Michigan State College.

Streams which have a constant volume of water are much more valuable as sources of power than those that flood in the spring and dwindle in dry weather. The fall of the stream directly affects the amount of power which can be developed.

Unless a fall of three feet can be secured at the dam, a stream is usually worthless as a power source. Before a dam is constructed permission to flood the land must be obtained from all property owners affected.

The volume of water flowing in a stream is determined by multiplying the depth by the width by the rate of flow. Allowance should be made for the curvature of the bottom in measuring the depth, and the still water along the sides of the stream should not be included in the measurement of the width. The rate of flow can be found by measuring the distance that a block of wood in the stream will travel in one minute.

To find the horse power which a stream will develop multiply the depth in inches; by the width, in feet; times the rate of flow in feet per minute; times the fall, in feet; and divide by 12,690. The quotient is the horse power rating of the stream. One horse power will supply current for 15 fifty watt lamps.

Board of Review

Notice is hereby given that the Board of Review for the City of East Jordan will be in session at the Council Rooms Monday, May 16th, 1927, at 9:30 a. m., standard time, and will be in session each day thereafter for at least four days.

State News in Brief

Kalamazoo—Fire of undetermined origin destroyed the Lake Cora Hotel at Lake Cora, 20 miles west of this city, with a loss estimated at \$50,000.

Benton Harbor—Clyde Burket, 20 years old, a farmer living near Scottsdale, was trampled to death by a bull which attacked him while he was doing his chores one morning.

Ann Arbor—Actual construction of the new athletic stadium at the University of Michigan, here is under way and work of pouring concrete in the foundation forms has started.

Detroit—The latest way of striking a match was observed in Detroit, on one of the traction lines. A young man alighted from a street car, held a match in his hand and as the car moved forward the match was ignited.

Howell—Fourteen crews with 1,000 tractors, with Howell as headquarters, are engaged in the enforced clean-up on the European corn borer. Howell is the hub of the 23 Michigan counties in which the crop borer must be combated. Activities are to be directed principally at abandoned and untenanted farms.

Ann Arbor—With more than 1,000 University of Michigan students participating and with twice that number cheering from the sidelines, Ann Arbor's first roller skating carnival was held recently. The women of Mariha Cook Dormitory, promoters of the event, said they were satisfied with the contribution raised for the Women's League Building fund.

East Lansing—L. H. Worthley, administrator of the state-federal campaign to wipe out the corn borer, has issued orders to county borer supervisors throughout Northwestern Ohio and Southern Michigan to ignore the protest of farmers against the borer campaign and to proceed immediately to clean up fields where the farmers have refused to do it themselves.

Lansing—The Green forces in the Senate emerged triumphant in the most severe fight they have experienced when they defeated a motion by Senator Peter B. Lennon, of Lennon, to recall the administration's \$4,660,072 deficiency bill from the House. The motion lost 19 to 7. The bill passed the Senate with only one dissenting vote, that of Senator Arthur E. Wood, senior member of the finance committee.

Detroit—Using a pair of forceps, Dr. Ed Harelik, of the Receiving hospital staff, removed a two-inch safety pin from the throat of Loren Albright, 8 months old, who had been brought to the hospital by Mrs. Edith Albright, the mother. The child was slowly choking to death. The child swallowed the open safety pin while at play and it became lodged deeply in the throat.

Mt. Clemens—The village of Halfway, tiring of its name, is seeking a new designation and the village commissioners favor "Calvin," "East Detroit," "Macomb," and "Ardmore" have been suggested as names also and will be submitted to the electors. Halfway received its present name from hucksters and others hauling produce to the Detroit markets, years ago, when a feed barn marked the midway point between Mt. Clemens and Detroit.

Lansing—The fly bait restriction order on the Pere Marquette and Au Sable rivers has been lifted by the conservation commission. The commission also accepted the offer of the United Power & Light Co. of sites along the Pere Marquette river which the company had purchased for prospective power sites. The gift carries the stipulation that these lands are to be used for camp, park or game preserve purposes by the state.

Lansing—Two administration highway measures have been passed by the house. One, raising the gasoline tax from two to three cents a gallon has been sent to the governor for signature after the senate concurred in the house amendments. The other gave official authorization to the new Grand Trunk contract for the Woodward avenue right of way. The gas tax was approved after two amendments granting concessions to both cities and rural districts were attached as a compromise.

Lansing—The executive veto has been attached to the Culver bill permitting appeals from ordinances ease convictions in the Detroit Recorder's Court. The corporation counsel's office, some time ago, adopted the policy of bringing complaints under ordinance cases, rather than under state misdemeanor statutes in order to avoid docket clogging and time wasting appeals. With the Culver bill vetoed and killed the law remains as it is, with no right of appeal from an ordinance conviction in Recorder's Court.

East Lansing—Governor and Mrs. Fred W. Green have welcomed their only daughter, Helen Nancy (Peggy) Green Tyrell, and her husband, Norval Tyrell of Detroit, and gave them their blessing. The governor's daughter and Tyrell eloped to Bowling Green, Ohio, and were married. The bride is a sophomore at Michigan State college and the bridegroom a senior. They plan to return to their classes at the college. Tyrell will finish his work at the college, graduating in June, and then expects to go into business in Detroit.

Ann Arbor—Amos Smith, a senior in the Ann Arbor high school, received a fractured leg as the first casualty of the roller skating craze, initiated here by University of Michigan students.

Detroit—Two new postoffices have been created in Michigan. One at Base Line, Macomb county, with George E. Siagris as postmaster, and the other at Les Cheneaux club, Mackinac county, with Edward Crudd, of Mackinac Island, as postmaster.

Detroit—Charles Lane, 13 years old, died of injuries suffered when he fell down stairs at his home. According to his parents, Charles was running down stairs when he caught his chin on a rope hanging across the stairway. He was thrown with such force that his neck was broken.

Lansing—A bill to lessen the authority of county clerks and decrease their salaries in a number of instances, said to be aimed at Thomas F. Farrell, clerk of Wayne county, was killed unanimously by the Senate by the indirect method of referring it to the committee on federal relations.

Battle Creek—Acting under instructions from Maj. Gen. William Lassiter, commanding the Sixth Corps here, troops at Camp Custer are preparing to ship a large number of tents to flood areas in the south. A total of 4,000 tents, each supplying accommodations for six persons, can be shipped from the Camp Custer depot.

Lansing—A bill amending the condemnation law so that Detroit may obtain land for an entrance to the proposed zoological gardens in Royal Oak was passed and sent to the House. An appropriation of \$601,000 for rehabilitation of the state tuberculosis sanitarium at Howell was approved by the senate and sent to the governor.

Benton Harbor—Three persons were killed in a grade crossing accident on the Big Four Railroad in the village of Sodus, eight miles south of Benton Harbor. The dead are: Braze Brown, 45 years old, his wife, Ida, and their daughter Anna May Brown, 12. The accident occurred during a blinding rainstorm. A line of freight cars on the siding is said to have obstructed the view of the driver.

Traverse City—Northern Michigan's cherry buds are from 50 to 75 per cent frozen; according to information from leading growers here. Accurate checks are being made of all orchards in the Grand Traverse region. Heavy frosts have done great damage, the orchardists say. Southern Michigan and Wisconsin dispatches say that cherries also have suffered in those sections. Cherries are a \$2,000,000 crop in Grand Traverse County alone.

Ann Arbor—Roller skates as a means of conveyance were resorted to by University of Michigan students as the result of an announcement made by the board of regents that complete ban on all student-owned and operated cars may go into effect shortly. Hardware stores throughout the city reported sell-outs of the skates as the result of the unexpected demand on the part of students.

Ann Arbor—Benny Friedman, two time All-American quarterback at the University of Michigan, emphatically denies press dispatches emanating from New York that he had accepted an offer to join the Detroit Panther professional football team next fall. The Michigan star was reported to have attended a secret meeting of the league in Cleveland recently, according to the press dispatch, where terms were agreed upon.

Detroit—James H. Keith, 35 years old, confessed to Detroit police that he was a firebug, admitting that he had set the blaze which destroyed the University of Michigan hospital, ANN Arbor, February 1. He said that after running several blocks from the scene he returned and aided in the rescue of 60 bed patients. Keith was arrested on suspicion after being found in the Detroit downtown section where several fires of evident incendiary origin had started.

Lansing—There will be no automobile speed limit in Michigan under the Pulver bill which was unanimously approved by the Senate in committee of the whole. The bill would abolish the present 35 mile an hour limit and provide that motorists should not drive carelessly or recklessly. There would be severe penalties for reckless driving, and any person involved in an accident while driving would be deemed guilty of negligent or reckless driving.

Detroit—Returning from a brief trip to Michigan and the middle west, Senator Royal S. Copeland, Democrat, of New York, urged his party to select Detroit as the scene of the next Democratic national convention, to be held in 1928. The New York senator characterized Detroit as a convention city and said he would work for its selection. One of the reasons advanced for picking Detroit was that the Democrats have never met here to name their candidates.

Detroit—Detroit police are searching for vandals who did damage running into thousands of dollars to automobiles parked on three boulevards by spraying a powerful acid upon them. According to police, more than 200 automobiles were sprayed with the acid, many of them necessitating a complete new paint job. It is believed that either some disgruntled resident or persons interested in garages of the locality resorted to the acid spraying, objecting to all-night parking by car owners.

Torch Lake Inn

An Attractive Evening Gown of White Satin

Scalloped skirt! Avonne Taylor, Metro-Goldwyn-Mayer player, wearing an evening gown of white satin, the interest of which centers in the skirt, made of long scallops studded with gold beads. Note the high neck line and low waist line.

Early Millionaire

Brazil Gordon of Falmouth, Va., who is said to have made a fortune by the sudden rise in the price of tobacco when the War of 1812 threatened to cut off Europe's supply of Virginia tobacco, may be said to have been the first American millionaire. Gordon is credited with the possession of the first million dollars in cash, although several earlier Americans were worth more than that amount in lands or merchandise.

Water Tax Notice

Water Taxes for the City of East Jordan are now due and payable at my office over Hite's Drug Store.
 G. E. BOSWELL,
 18-3 City Treasurer.

CARD OF THANKS.

We take this way to thank the neighbors and friends for the beautiful flowers and kind expressions of sympathy during our mother's sickness and death.

Mr. and Mrs. A. E. Greenwood
 Mrs. Eva G. Deane
 Mrs. Bessie Hoffman

CARD OF THANKS

We wish to express our sincere appreciation of the many acts of kindness and sympathy extended by friends and neighbors, the W. R. C., and G. A. R., during the illness and death of our wife and mother.

Robert M. Webster

Honor Accorded Actress

The first member of the theatrical profession to gain the Hall of Fame was, Charlotte Cushman in 1915, according to an answered question in Liberty.

SULPHUR CLEARS ROUGH, RED SKIN

Face, Neck and Arms Easily Made Smooth, Says Specialist

Any breaking out of the skin, even gery, itching eczema, can be quickly overcome by applying a little Mentho-Sulphur, declares a noted skin specialist. Because of its germ destroying properties, this sulphur preparation begins at once to soothe the irritated skin and heal eruptions such as rash, pimples and ring worm. It seldom fails to remove the torment and disfigurement and you do not have to wait for relief from embarrassment. Improvement quickly shows. Sufferers from skin trouble should obtain a small jar of Rowley's Mentho-Sulphur from any good druggist and use it like cold cream.

This Is No. 1. Atlantic Ocean

This Atlantic City residence of Capt. John L. Young, owner of the famous million dollar pier at the New Jersey seaside resort, has an address like no other in the world. It is officially recognized by the United States post office authorities as "No. 1, Atlantic Ocean."

**NOTICE OF DISSOLUTION AND
OF AUTHORITY TO WIND UP
FIRM'S BUSINESS.**

TO WHOM IT MAY CONCERN:—
The Northern Finance Company, a
co-partnership composed of Roscoe
Mackey, R. O. Bisbee and John J.
Mikula, and whose partnership busi-
ness was regularly carried on in the
City of East Jordan, in Charlevoix
County, Michigan, has been dissolved,
and all of its property and assets have
been sold, transferred and conveyed
to, and all its obligations assumed
by, the Fidelity Corporation of Michi-
gan, a corporation organized and
existing under and by virtue of the
laws of the State of Michigan, with
its principal office and place of busi-
ness in said City of East Jordan, at
the former location therein of said
co-partnership. All persons having
claims against said dissolved firm are
notified to present the same to said
Fidelity Corporation of Michigan, or
to said Roscoe Mackey, who, by said
co-partners, is the only person author-
ized to act for said dissolved firm in
winding up its said business.
Dated May 3, 1927.

Signed,
Roscoe Mackey
R. O. Bisbee
John J. Mikula
Witness:—M. F. Maloney

PROBATE ORDER
STATE OF MICHIGAN, The Pro-
bate Court for the County of Charle-
voix.

At a session of said Court, held at
the Probate Office in the city of
Charlevoix, in said County, on the
29th day of April A. D. 1927.
Present: Servetus A. Correll,
Probate Judge.
In the Matter of the Estate of
Horace B. Hipp, Deceased.
The above estate having been ad-
mitted to probate and Clyde W. Hipp
appointed administrator thereof.
It is ordered that four months from
this date be allowed for creditors to
present their claims against said
estate, and that such claims will be
heard by said court on Wednesday,
the 31st day of August A. D. 1927,
at ten o'clock in the forenoon, at the
Probate office in the city of Charle-
voix.

It is further Ordered, That public
notice thereof be given by publica-
tion of a copy of this order, for three
successive weeks previous to said
day of hearing, in the Charlevoix
County Herald, a newspaper printed
and circulated in said County.
SERVETUS A. CORRELL,
Judge of Probate.

**Community
Building**

**Indifference May Be
Fatal to Community**

Pointing to public indifference as
a retarding factor in the progress and
development of any city, Walter T.
White, a member of the Indianapolis
real estate board, asserted that build-
ing must keep pace with the natural
growth of Indianapolis if future ex-
pansion is anticipated. Indianapolis
is gaining from 10,000 to 12,000 popu-
lation each year and is proceeding
with an enviable stride, Mr. White
said.
Mr. White likened the underfed, un-
derbuilt city to the underprivileged
child in that it needs its case diag-
nosed and the proper cure applied.
"If there's anything wrong with In-
dianapolis," he said, "it is the pessim-
ist within our corporate limits and
the inefficiencies he imagines he sees.
If I would venture to knock my own
town I would as soon knock my own
family, or those who make it possible
for me to succeed by virtue of the
opportunities they give me."
"Each series of years brings on a
new crop of active men who take up
the reins of progress, and we have
no right as citizens to poison their
minds or retard their faith and ac-
tivity."

**Necessity for Good
Lumber in Building**

If lumber is worked on the "job"
it takes additional time for the car-
penters and additional money from the
builder. The best workmen cannot
build a good looking home with a
poorly manufactured product.
For that reason it is only good busi-
ness when building a home to rely
upon some known lumber that is man-
ufactured by a reliable firm. And the
best security is in a trade-marked
brand of lumber, for here the manu-
facturer must depend upon his lum-
ber to make his easily distinguishable
product acceptable to the building
world.
There are many frame houses
standing today that were built when
the United States was confined to the
East coast. This, coupled with the
fact that lumber now is prepared
much more scientifically and more
carefully than when those houses were
built, indicates the homes built sound-
ly today will last as long as those of
the past.

Roadside Trees

The Connecticut state highway de-
partment has decided to follow the ex-
ample of Maryland and plant shade
trees along the state roads. That Con-
necticut should do such a thing is a
tribute which she pays not so much to
Maryland's good sense as to her own
past. The splendid elms that line so
many of the streets in the Connecticut
villages are proof enough that the
New Englanders of the early republic
had a feeling for beauty. Fortunately
this sentiment has not departed from
their descendants.
Replanting is, at best, a slow pro-
cess. The tree requires a year or two
to take root, and many years to grow
into a magnificent shade tree. The
state is wise in planning for the fu-
ture. Her natural beauty is a great
asset. Judicious planting now will be
appreciated by generations to come.

City's Water Obligations

Polluted city water has enabled a
typhoid patient to collect damages
from the city of Albany, N. Y., for per-
manent injury to his health. A \$3,000
verdict was awarded on the ground
that the city contracts with each citi-
zen to furnish unpolluted water and
had failed to warn the people that
such pollution existed.
Thirteen of the two hundred cases
that occurred in the same typhoid out-
break filed notice of suit within the
required period and may also bring
suit. If the decision is upheld by the
higher court, where the city intends
to carry it, the case will establish an
important precedent.

Maine's "Class Towns"

The phrase "class town" in Maine
refers to a town classed or combined
with another town or towns to form
a representative district, which
classed town sends a representative
to the state legislature. The origin of
the term will be found in the constitu-
tion of the state, which provides for
the apportionment of representatives.
You will there find these words, "and
towns and plantations duly organized
not having 1,500 inhabitants shall be
classed as conveniently as may be
into a district containing that num-
ber."

Effect of Shabbiness

People reflect their environment.
Those who live in shabby, down-at-
the-heels houses are likely to feel de-
pressed and discouraged. We borrow
much of our confidence and spirit from
our surroundings. If they have nothing
to give—no hope or confidence, no
pride in home or joy of living—then
they become a liability of such propor-
tions that only the most herculean
strength can resist them.

Living Cost Increased

The average level of the cost of living
in Great Britain up to the
October, 1926, was 74
that of July, 1914

**Why
Firestone
GUM-DIPPED TIRES
Wear Longer**

WE recently were given the tremendous advantage of having the mammoth
Firestone factories brought to us. In Tire Educational Meetings we were
shown, by means of motion pictures, charts, tire samples and complete engineer-
ing data, the details of Firestone tire design and construction—and how Fire-
stone and Oldfield tires and tubes are made in the world's most efficient and
economical rubber factories.

Firestone pioneered the original low-pressure tire and made it practical by
Gum-Dipping. The motion pictures showed us how the cords of the carcass
are dipped in a rubber solution, thoroughly saturating and insulating every
fiber of every cord with rubber. Simple demonstrations and tests illustrated the
great advantage of this process, which supplies the extra strength to withstand
the extra flexing strains of low-pressure construction—one of the reasons why
Firestone Gum-Dipped Tires are establishing such unheard-of mileage records.

**Low
Cash Prices
OLDFIELD
TIRES**

30x3	Fabric	\$5.85
30x3 1/2	Fabric	6.85
30x3 1/2	Cord	7.35
29x4.40	Balloon	8.40
32x4	Cord	13.40
31x5.25	Balloon	15.35
33x6.00	Balloon	18.35

Oldfield Tubes are
also priced very low

Made in the great economical
Firestone factories at Akron and
carry the Standard Tire Warranty

We learned why the Firestone Balloon Tread
gives extra safety, comfort and long wear. We
were shown why Firestone, from the very begin-
ning, designed and continue to use the round
Balloon Tread, minimizing "shoulder breaks", so
destructive to tires. Excess rubber at the edges of
a Balloon Tread is wasted—actually detrimental to
tire mileage. In the Firestone Tread the small
units and sharp projections are scientifically placed
to permit easy flexing, resulting in extraordinary
riding comfort.

Come in and let us put a set of these
Gum-Dipped Tires on your car—you can
forget about tire trouble. Quality is
higher than ever before—prices are
lowest in history. Buy now!

**We Can Serve You Better
and Save You Money**

NORTHERN AUTO CO.

Drive the car
that established 10 world records—
5000 miles in less than 5000 minutes!

The COMMANDER

A STUDEBAKER BIG SIX

Only by owning a Commander can you avoid taking
Commander dust on hills and highways

FROM one coast to the other,
The Commander is smashing
records of speed, records of hill
climbing, records of sales!

5000 Miles in Less Than
5000 Minutes

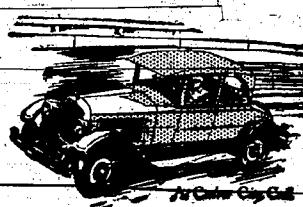

In a recent sensational test at Cul-
ver City, California, under the
auspices of the American Auto-
mobile Association, Harry Hartz
and three other noted pilots drove
The Commander—a strictly stock, fully-equipped
enclosed car—5000 miles in 4909 minutes, total elapsed
time, establishing ten new world records.

This is better than mile-a-minute speed for 81 con-
secutive hours and 49 minutes—the fastest speed for
the farthest distance ever attained by any stock car!

The Commander Out-Climbs All Other Cars

In another public contest, five automobile dealers
in Batavia, N. Y., challenged Studebaker's repeated
statement that The Commander will out-perform any
car selling within a thousand
dollars of its price. The scene
of the contest was a long hill
near Batavia with an average
grade of 10%.

The Commander won every test
made—creeping test, standing
start and flying start. Then, to
cap the climax, The Commander
carried seventeen men, weighing
2794 pounds, to the top in high
gear, the speedometer reading 35
miles at the start and 22 miles at
the finish.

Climbs 10-Story Building

In Washington, D. C., the Capitol
Garage dedicated its new building
by inviting all the automobile
dealers to engage in an indoor hill-
climbing contest—a climb of twenty
ramps, ten stories in height.

The Commander wound its way
easily up the steep ramps in high
gear—and 5000 people cheered its
victory over the field. After
the contest, 102 drivers of different cars tried to equal
The Commander's time record—but every one failed!

What These Records Mean to You

You probably will never need mile-a-minute speed
for 5000 miles—you may never want to enter a hill-
climbing contest. But these remarkable records are
further proof of what we have demonstrated time and
again on Studebaker's 800-acre Proving Ground—
that The Commander in every phase of every-day
driving will out-perform and out-live any other car,
six or eight, selling for less than \$2500.

The best evidence for you of the
thrilling performance of The
Commander is what the car will
do in your own hands. Get be-
hind the wheel of a Commander
as our guest—without strings or
obligation. Learn for yourself why
the Studebaker Big Six now far
out-sells the combined totals of all
other cars in the world of equal or
greater rated horsepower. Phone
us now and take command of
The Commander today!

Harry Hartz wired us, after set-
ting 10 new world records in
The Commander:
"Based on my experience driving my per-
sonal Studebaker Commander and in
making the recent record run at Culver
City Speedway with a Studebaker Com-
mander strictly stock model, it is my
opinion that it will maintain any given
speed, up to 65 miles per hour, longer,
more smoothly, and at less expense per
hour traveled, for gasoline, oil and re-
pairs, than any other stock automobile
now being built in the United States."

Commander Sedan, \$1585; Commander Victoria, \$1775; (Broadcloth upholstery, \$1643); Commander Coupe,
\$1545; (with rumble seat, \$1645) . . . All prices f. o. b. factory, including front and rear bumpers, mudflaps
all around, and four-wheel brakes. Other Studebaker and Brakes models range in price from \$945 to \$2245.

J. W. LALONDE
Phone 69 East Jordan.

STUDEBAKER
[This is a Studebaker Year]

THE VALUE OF REGULATIONS

By THOMAS ARKLE CLARK
Dean of Men, University of Illinois

GRINNELL argues that the college makes too many regulations for its students, and he quotes a good many authorities to prove that it would be a lot better for young fellows if after they are eighteen and "old enough to have some sense," they were permitted to do as they please when they come to college.

"What's the use of making regulations to require them to go to class or to keep from drinking or to deprive them of having motor cars? If they don't do their work, kick 'em out."

I suggested to him that rumor has it that the slaughter is already more bloody than pleases the public. Grinnell doesn't know that whatever any one is "kicked out" as he phrases it, there is likely to be a strong protest from friends and acquaintances and fraternity brothers and influential citizens from the district in which the kickees live. It is all right to kick people out until the boot is applied to one's own particular friends, and then the situation changes.

"Why do you try to save so many of them?" he asks me. "There are a whole lot whom it would be a blessing to get rid of." No doubt.

He doesn't recognize the fact that even in a human plant the percentage of waste should be reduced to a minimum. Nor does he see that in the undergraduate organization of which he is an officer every effort is made through explicit regulation to salvage the new men.

"Why do you send the freshmen upstairs every night at half past seven to study, why do you limit the number of dates they may have, why are they gathered together on Tuesday evenings and given virtuous lectures concerning concentration and study?" I ask him.

"Well, we want them to make good," he explains.

"Wouldn't it be better, in accordance with your theories, to impose on the new men no duties, no regulations, no restrictions. Aren't they, too, eighteen years of age and 'old enough to have some sense'? Let them work out their own salvation. Kick 'em out if they won't do their work without hampering regulations."

"I don't think it's the same," he said. Possibly not, but I could see no difference between the college making regulations to save its students and the fraternity doing the same thing.

Regulations are necessary in every organization and in every division of society. There are regulations prohibiting smoking in a powder factory. Why not say that in such a situation a man should be allowed to do as he pleased. When his carelessness had resulted in blowing up the factory it would be ample time to pick up the fragments of his carcass and throw them out. Regulations are made for the good of the group quite as much as for the good of the individual. It isn't the man who goes wrong who alone suffers. His actions influence the whole group.

(© 1927, Western Newspaper Union.)

VINOL GIVES GIRL APETITE AND STRENGTH

"My 10-year-old daughter was weak and had no appetite. Since giving her Vinol, she has an amazing appetite and strength."—Mrs. W. Joosten. The very FIRST week they take Vinol, children begin to feel stronger, eat and sleep better. A simple strengthening iron and cod liver compound in use for over 25 years for run-down men and women and weak children. Contains no oil, pleasant to take.—GIDLEY & MAC, Druggists.

A GOOD THING—DON'T OVERLOOK IT.

From Jas. Edwards, Montgomery, Ala., comes this letter which contains a valuable suggestion: "I feel like a new man since taking Foley's Honey and Tar. I can now sleep all night, soreness in chest and the bad cough entirely gone. My whole family use it—for coughs, colds and croup, and it always helps." Stops tickling throat; nervous hacking cough, puts a healing, soothing coating on an inflamed throat. Sold and recommended everywhere. Ask for it.—Hite's Drug Store. adv.

OTIS J. SMITH, City Clerk.

What has become of the citizen who goes to visit the moon by means of a big rocket?

The pessimistically inclined observe that most of the leaders in the Chinese revolution received higher education in this country.

"Thousands seek jobs in Federal prohibition service,"—News item. Probably have been wondering what happens to all the booze that is seized.

Sports Outfit That Is Unique and Attractive

This outfit is worn by Myrna Loy in Warner Bros. "Bitter Apples." The plumed skirt is made of apple green crepe meton. The sweater is a mixture of green silk and wool with broad bands of gold. Miss Loy wears a gold leather belt with this suit a smart green hat with a gold band around the crown.

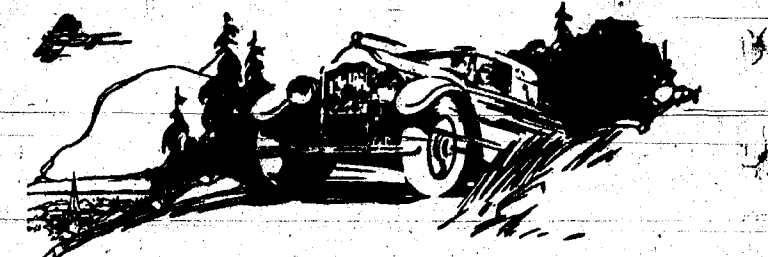

Charles E. Hughes urges protection of non-combatants but the average non-com has already had enough protection. What he wants is less war.

Are You "Toxic?"

It is Well, Then, to Learn the Importance of Good Elimination.

FUNCTIONAL inactivity of the kidneys permits a retention of waste poisons in the blood. Symptoms of this toxic condition are a dull, languid feeling, drowsy headaches and, sometimes, toxic backache and dizziness. That the kidneys are not functioning as they should is often shown by scanty or burning passage of secretions. Many readers have learned the value of Doan's Pills, stimulant diuretic to the kidneys, in this condition. Users everywhere endorse Doan's. Ask your neighbor!

Red Crown Ethyl Multiplies Motoring Pleasure

Easy starting—smooth speed—quick pick-up! No knocks—just a rhythmic purr from the engine and a steady flow of power all the time—with RED CROWN ETHYL in the tank! It "knocks out that knock".

Touring Suggestions

- 1—Lake Minnetonka in Minnesota, given national fame through Thurlow Leavance's beautiful music. "By the Waters of Minnetonka." A winding lake of bays and islands, estimated to have 400 miles of shore line. Reached by State Highway 10 from Minneapolis to Wayzata, a village on the north shore of the lower lake.
- 2—The Missisquoi River running through Marion, Indiana, one of the three rivers in the world whose course runs north. State Highways 11 and 35.
- 3—Excelsior Springs, noted health resort situated among the hills northeast of Kansas City, Missouri. Famous for its many kinds of mineral water. More than twenty springs. Highway 10.
- 4—East Tawas, Michigan, located on Tawas Bay. Gateway to Michigan National Forest, containing 183,000 acres of natural beauty. Unrivaled recreational resources for the summer motorist. State Trunk Line M-10.
- 5—Grandview Drive, Peoria, Illinois, overlooking Illinois Valley and Peoria Lake. Selected by National Artists Committee as one of the seven most beautiful views in the United States. State Highways 8, 9, 24, 29.
- 6—Mennonite settlements at Newton and Burton, a little bit of Europe transplanted into Kansas. In September, 1874, a thousand Mennonites from Russia purchased 100,000 acres of Kansas prairie, and in 1893 opened the first Mennonite village in the United States at Newton. U. S. Interstate Highway 250.
- 7—Hillsboro, North Dakota, in the heart of the famous Red River Valley. "Breadbasket of the World." Beautiful natural wooded park and tourist camp. On Meridian Highway and State Highway 1.
- 8—"Backbone State Park," Manchester, Iowa. Some of the best natural scenery in America. Local wonders—"Golden Stearns"—the "Pulpit Rock" and other curiosities. Government Fisheries on A. Y. P. Trail S. State Highway 13 north of Manchester.
- 9—"Indian Head" sentinel on the Mississippi. Natural stone face, forty-four feet from chin to forehead. Near Fulton, Iowa City, Wisconsin. State Highway 32.
- 10—Jewel Cave, thirteen miles west of Custer, South Dakota. The main passage is open to visitors for one and one-half miles where it crosses Milk River, an underground stream with water the color of milk. Grandest road from Custer, which is on State Highway 85.

More Limestone Being Used

During the last month three more carloads of limestone were shipped and distributed to farmers near Charlevoix. This brings the total to seven carloads distributed in Charlevoix County since the first of the year and indicates the interest farmers are taking in improving their soils.

Many farmers are hauling marl from several beds in the County and applying a fine coating on their soil.

The three carloads were handled by the Charlevoix Co-op. Ass'n and distributed as follows:—

One carload to Clinton Blanchard and Edd. Vandenburg of Phelps, another to Loeb Farms, and the third to Geo. Meggison, Elmer Ingalls, and several others in small quantities, all from Charlevoix.

Farmers, now is the time to make your plans for this year. If you wish to order limestone, send your orders in right away, so you can get good service in delivery before the busy fall season.

B. C. MELLENCAMP,
Co. Agr'l Agent.

If spring chickens knew where fast growing would land them they'd be more careful.

Almost any man will take a chance at getting a thousand dollars for little, or no work.

Some citizens are beginning to believe that somebody lived near the mouth of the Mississippi.

TO ALL HOLDERS OF SECOND LIBERTY LOAN BONDS

NOTICE OF REDEMPTION

All outstanding Second Liberty Loan 4 per cent bonds of 1927-42 (Second 4's) and all outstanding Second Liberty Loan Converted 4 1/2 per cent bonds of 1927-42 (Second 4 1/2's) are called for redemption on November 15, 1927, pursuant to the terms of their issue. Interest on all Second 4's and Second 4 1/2's will cease on said redemption date, November 15, 1927.

Holders of Second 4's and Second 4 1/2's will be entitled to have the bonds redeemed and paid at par on November 15, 1927. Such holders may, however, in advance of November 15, 1927, be offered the privilege of exchanging all or part of their bonds for other interest-bearing obligations of the United States. Holders who desire to avail themselves of the exchange privilege, if and when announced, should request their bank or trust company to notify them when information regarding the exchange offering is received.

Further information may be obtained from any Federal Reserve Bank or branch, or from the Commissioner of the Public Debt, Treasury Department, Washington.

A. W. MELLON,
Secretary of the Treasury.

Washington, May 9, 1927.

MICHIGAN BELL TELEPHONE CO.

Long Distance Is An Aid To Albion College

ALBION COLLEGE
 Albion, Michigan
 March 23, 1927.

Mr. Arch Foraker, President
 Michigan Bell Telephone Company
 Detroit, Michigan

My dear Mr. Foraker:

Please permit me to compliment and thank you for the splendid service we are receiving from the telephone company, particularly on our long distance calls.

During our recent building operations when the business was under construction there were many occasions when time and money were found to be especially cheaper and more effective in telephone rather than to write or telegraph.

At all times your long distance service has been very satisfactory and we are glad to bear witness to the speed and efficiency with which you have met the needs of Albion College and its students.

Very truly yours,
 John F. Seaton,
 President.

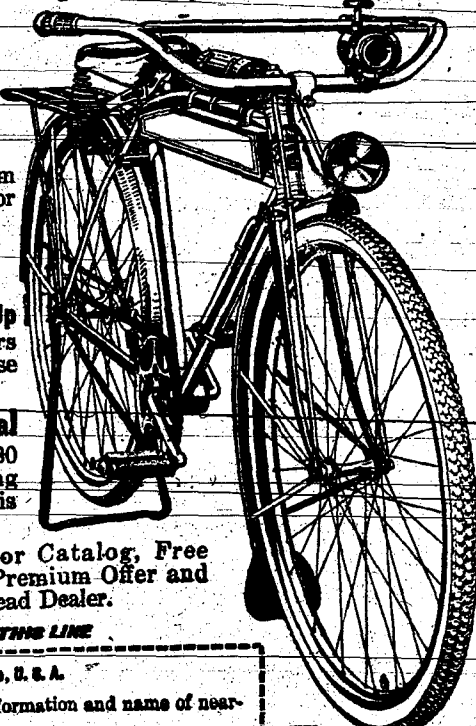

We are glad to bear witness to the speed and efficiency with which you have met the needs of Albion college and its students.

We have not yet run across any small boy who dislikes cake and pie. The average worker thinks the end of a perfect day is pay day. Fewer clothes may mean longer life, as some doctors say. When will the women die? The back to the farm movement, so far, has not converted any of those who have boosted the slogan.

Unless you see the "Bayer Cross" on tablets you are not getting the genuine Bayer Aspirin proved safe by millions and prescribed by physicians for 25 years.

DOES NOT AFFECT THE HEART

Safe Accept only "Bayer" package which contains proven directions. Handy "Bayer" boxes of 12 tablets. Also bottles of 24 and 100—Druggists. Aspirin is the trade mark of Bayer Manufacture of Monocrocinolender of Salztroedel

PERHAPS NOT, YOUNG SIR, BUT EQUIPPED WITH THE MOST DANGEROUS PART OF AN AUTOMOBILE NEVER THE LESS

UH—WHAT DO YOU MEAN, MISTER?

I REFER TO THE DRIVER
