EAST JORDAN, MICHIGAN, FRIDAY, MAY 20, 1927.

NUMBER 20

## Band Successful At Tournament

Ranka High in Musical Contest. Wins Best Uniformed Band Cup.

The High School Band made an excellent impression at the tournament in East Lansing, held under the auspices of Michigan State College. They did not get within the first three places on the musical contest, but won the Reo Motor Car cup for the best uniformed band at the tournament. As the Grand Rapids Herald of May 5 said it was a real honor for a little town like East Jordan when we consider they were competing with Highland Park, Grand Rapids South High, Lansing High School and others.

As for the musical end of the tournament the band surely have no reason to feel badly for many people figured that they ought to rate at least second or third and a number of the leading band directors made this statement. We know that the decision of the judges is unquestionably correct. We did not get the final rating of just exactly where we placed but we got the impression that we stood not lower than fourth place which is a real honor when you consider the competition of Class B—such schools as Wyandotte, Lansing Voc. School, Big Rapids, Paw Paw, Niles, Ionia and others. Most of the bands numbered fifty-five pieces. So to rate above many of these bands in itself is a real distinction when one considers that a little town in northern Michigan on Lake Charlevoix took one of two cups in a tournament that included forty-three bands. Ten of them however, drove all the way to Lansing, yet got cold feet and did not enter the tournament. Paw Paw the Class B band that has won the State championship twice, did not get a place this year. The above facts will give some idea of the class of competition at the tournament.

The Vocational School of Lansing won first place, the same school won second place last year. The Lincoln Consolidated School of Ypsilanti got second place and St. Joseph was awarded third place.

In Class A, Grand Rapids South High won it two years in succession, but lost to Flint High School, Grand Rapids South High taking second place. The quality of the music produced by the East Jordan Band under Mr. Ter Wee at the State tournament was high class and our best judgment is that if we had had a half dozen boys more to strengthen our band in force and volume of music produced we would have ranked still higher and the city is to be congratulated on sending such a fine organization to a State tournament. We know that if we get the boys into the organization under Mr. Ter Wee that we can produce the music. Of course the East Jordan people know that Mr. Ter Wee has taken the material at hand while band directors in large places as Niles, Ionia and cities three or four times our size can choose boys for their band who are naturally musically inclined and more mature in years. Yet it is doubtful if any band in it's class produced any finer quality of music than did the East Jordan band under Mr. Ter Wee.

The work of drum major, I. H. Norton had no small part in the winning of the uniformed cup. He only carried on a magnificent piece of work that has been quietly done for weeks by Mr. Edd Conrad. There would have been very little chances of winning the uniformed contest unless the boys had had the practice under Mr. Conrad.

They were the only band north of Grand Rapids outside of Big Rapids to compete in the State tournament. Our fine showing in the music and uniformed band contest and coming so far, created a mild sensation at East Lansing. A number remarked about it, including Carl Kuhlman, who was in charge of the tournament and director of the Michigan State College band. The boys won the cup for the best uniformed band largely on two points. One was that everyone had black shoes that were shining black and the other that they carried their instruments correctly.

The boys have come back with an attitude that trying once and failing only means that we will come back stronger the next time.

The judges were: Victor Grabel, Conductor of the Symphony Band, Edd Chenette, conductor of the American Band of the Canadian Expeditionary Forces, and Jaroslav Cimera, Chicago, trombone soloist.

A number of citizens followed the band to Lansing, including Peter Hegerberg, Bert Lorraine, Mr. and Mrs. E. H. Clark, the Misses Ethel Crowell and Agnes Green, Dr. and Mrs. C. H. Pray and Miss Virginia Pray of Detroit, Supt. and Mrs. A.

## Boys and Girls Clubs To Picnic, May 21

The members of the many boy's and girl's clubs, who recently completed their year's work, will enjoy a basket picnic and program at the Whiting County Park this week Saturday, May 21st.

At this time the County Champions in the sewing and handicraft clubs will be selected. There are nine contestants in the race for sewing champion and at least four for handicraft champion and the result will be awaited with great interest by the club members and leaders.

A highly interesting program has been arranged, including stunts by the various clubs, short talks, and games. Miss Ruth Featherly, Ass't State Club Leader, who has organized and been in charge of the club work, will be present to select the County Champion and lead us in the games.

A cordial invitation is extended to all club members, leaders, parents and friends to be present and enjoy the good time in-store on Saturday, May 21st, at the Whiting County Park. Come early, bring your well-filled basket and see the results of club work in the County. It is hoped that boys and girls, who, although not members, are interested in joining a club, will come and meet the many rural children who are members. Parents, bring your family and members, bring your parents.

B. C. MELLENGAMP, Co. Agr'l Agent.

## Wholesalers Here Next Tuesday

Grand Rapids Business Men Will Be At East Jordan During Noon Hour.

Agricultural, industrial and commercial activities have combined to make the State of Michigan celebrated throughout the entire world. That these vital activities have been conducted by men of superior ability is one of the very substantial reasons for the State's prominence in both production and distribution, for without these leaders, either would be ineffectual. In this distribution of products the wholesalers of Grand Rapids have been a vital factor, and have been playing a most important part in the bringing of tourists into the Western part of this State by getting solidly behind the Michigan Tourist & Resort Association, thereby helping to build Western Michigan as the "Playground of America" and bringing into this section of our great State hundreds of thousands of dollars yearly for the retailer.

It is for the purpose of meeting and greeting the retailers in the territory that the managers of the various wholesale concerns make these annual tours with upwards of one hundred in number on their special Pullman train, and will arrive in East Jordan, Tuesday, May 24, at 11:00 a. m., staying until 12:00 noon.

Mayor H. W. Dicken is making arrangements for autos to meet the delegation at Ellsworth and bring them to this city.

The wholesalers will be accompanied by the famous Furniture City Band, which will be heard at every stop. This will be the 21st trip of similar character made by the Grand Rapids wholesalers and former visits here were made memorable by the entertainment furnished by the visitors.

The visiting business men always pay particular attention to the children of the various schools by distributing souvenirs liberally, provided especially for this occasion.

## A GOOD THING—DON'T OVER-LOOK IT.

From Jas. Edwards, Montgomery, Ala., comes this letter which contains a valuable suggestion: "I feel like a new man since taking Foley's Honey and Tar. I can now sleep all night, soreness in chest and the bad cough entirely gone. My whole family use it—for coughs, colds and croup, and it always helps." Stops tickling throat, nervous hacking cough, puts a healing, soothing coating on an inflamed throat. Sold and recommended everywhere. Ask for it.—Hite's Drug Store. adv.

## Help Carry On

## East Jordan Made Splendid Contribution

The following letter, acknowledging receipt of East Jordan's contribution of \$786.53 to the Red Cross for flood relief, was received last week:

Detroit, Mich., May 11, 1927. Mayor Hugh W. Dicken, and Citizens of East Jordan, East Jordan, Michigan.

Gentlemen:—Your check for \$786.53 has today been received at Relief Headquarters.

As we all make up the American Red Cross when it needs us, it seems a bit presumptuous for one of us to thank the others, but in behalf of those who will benefit by the response of your people to their need, we as forwarding agents wish to thank you for them.

The Nation is uniting in a supreme effort to alleviate the suffering of the more than 300,000 people now in care of the American Red Cross. East Jordan has certainly made a splendid contribution.

Yours very truly, Detroit Chapter A. R. C. H. L. GADDIS, Executive Secretary.

## Mark Chapter Have School of Instruction

Mrs. Elizabeth Webster, of Battle Creek, Worthy Grand Matron O. E. S. of Michigan, was a guest of Mark Chapter on Thursday, May 12th and held a school of instruction on that date.

She was entertained at a six o'clock dinner at the Russell Hotel, by several members and officers of our Chapter. Chapter was opened at 8:30 and a very pleasant and instructive session was held. In behalf of Mark Chapter Mrs. Kitman presented our Worthy Grand Matron with a pair of silver candle sticks.

At the close of Chapter, light refreshments were served and a delightful social hour enjoyed.

## FOOD CLUB NOTES

Do you know what the vitamins are? Do you know their uses? Do you know when milk is scalded?

We do! We attended the meeting of the Pleasant Hill Food Club, Friday, May 6th. There were ten ladies present.

After an interesting lecture on the uses of milk and eggs in the family diet, by Mrs. Vance, receipts books were distributed and we made several dishes according to the new rules. We ate them too, and they were good as well as good for us.

After this demonstration, we en-

joyed a half hour of music. We expect to learn more interesting things at Mrs. Hawley's, Friday, May 20th. Everybody is invited. Everybody come!

## 2 Additional Streams Opened to Fishermen

May 18, 1927

Dear Mr. Vought:—At a recent meeting of the Commission it was decided to grant your request and open South Arm Creek and Advance Creek. This, I believe, meets with your approval.

Yours very truly, GEORGE R. HOGARTH, Secretary

Conservation Commission Mr. W. P. Vought, Sec'y/Treas. Boyne City Chapter, Isaac Walton League. Boyne City, Michigan.

## Pomona Grange Meet With South Arm This Saturday

Pomona Grange will meet with South Arm Grange this Saturday, May 21st.

A good program is being arranged for both afternoon and evening.

One special feature of the evening's program will be music by Brown's orchestra of Ironton Grange. It is hoped that every Grange in the County will be well represented.

## Criminal Code Law Is Signed

Measure Backed by Rep. Harris of Boyne City, Effective Sept. 2.

The Harris-Condon code of criminal procedure, embodying the recommendations of the crime commission appointed by the last legislature, was signed by Gov. Fred W. Green. The new law will not take effect until September 2, as it was considered advisable to give attorneys and courts of the State an opportunity to familiarize themselves with its provisions.

Introduced in the House by Rep. John M. Harris of Boyne City and maneuvered through the Senate by aid of Sen. George M. Condon of Detroit, the code revises and codifies Michigan's criminal laws and court procedure for disposal of criminal cases.

While the code was considered a long step in advance, it met considerable opposition in the House of Representatives until Gov. Fred W. Green sent a special message to that body requesting its passage "just as the commission drew it, or with as little change as possible." As a result, the measure was adopted with only slight amendment.

One of its chief provisions is mandatory life imprisonment for fourth conviction of felony, similar to the Bauman law provision of the New York statutes.

Another important provision of the code is the requirement that before an appeal may be taken from a criminal conviction, permission must be obtained from the supreme court.

## Meguzees Hold Annual Meeting

The annual meeting of Meguzee Association, Order Eastern Stars, was held at Bellaire last week Wednesday and Thursday. A large delegation from East Jordan were in attendance.

The association meeting was largely attended, the delegates and visiting members being royally entertained. There was a big banquet Wednesday night at Fisherman's Paradise with about 300 persons present. Kalkaska gets the Association Meeting for 1928.

Mrs. Elizabeth Webster, Grand Worthy Matron of Michigan Eastern Stars, was present and gave a number of interesting talks.

The list of officers follows:—President—Mrs. A. E. Van Every, Petoskey. First Vice—Mrs. Margaret Herrington, Traverse City. Second Vice—Charles Harrouh, Kalkaska. Secretary—Mrs. W. E. Ellis, Petoskey. Treasurer—Mrs. Mary E. Craven, Bellaire. Marshal—Mrs. Charles Snyder, Petoskey. Member of executive committee, Mrs. Glendora Williams, Mancelona.

Any hard job is easily finished if tackled at once, and hard.

## State News in Brief

Lansing—Detroit library employees are brought under the pension fund law by a bill approved in the Senate.

Lansing—The bill to prohibit publication of malicious, slanderous and scurrilous campaign dodgers, passed the Senate and has gone to the governor.

Lansing—The state is authorized to provide airplane landing fields at state parks and institutions by the Palmer bill, which has gone to the governor for his signature.

Adrian—The Masonic lodge of Blissfield, Mich., has announced the purchase of the C. E. Lenardson store property on Lane street, for \$20,000. The upper floor will be used for lodge purposes, after extensive improvements in the building have been made. The lower floor will be leased.

Monroe—Mrs. Fannie Hull, 74 years old, was drowned in a water tank on the farm of her son, Franklin Hull, at Lambertville, Monroe County, near the Ohio line. Mrs. Hull was missed early one morning and a search of the premises resulted in the finding of her body. Officers are investigating.

Galesburg—Arthur Hammond, 28 years old, father of four small children was killed instantly recently when an automobile went into the ditch near this village during a high wind storm. Mrs. Hammond, his widow, suffered a fracture of one arm. Her brother, Raymond Sharp, the driver, escaped uninjured.

Ludington—Although she lived as a recluse, occupying rooms alone in the rear of her little drug store and economizing to the extent of denying herself ordinary comforts, Mrs. Nellie McConnell, who died recently, has been discovered to possess an estate of \$30,000. There was found \$3,600 in currency in her store. Mrs. McConnell whose husband died 12 years ago, left no will.

Lansing—Registration of all firearms in the state will be required if Governor Green signs the Pulver-Wojcik bill which has been passed by the house. The measure, offered by Senator Seth Q. Pulver, of Owosso, would require registration of firearms with a board, under the supervision of the department of public safety. It would also prevent the pawning of any pistol.

Lansing—Fifteen-round bouts will be legal in Michigan after a bill passed by the senate is signed by the Governor and becomes effective in September. In its original form the bill would have raised the salary of Thomas Bigger, chairman of the state boxing commission, from \$3,500 a year to \$5,000. This section was stricken out by the senate and the lower house concurred.

Mt. Clemens—Eighteen planes of the First Pursuit group, of Selfridge Field, commanded by Major Thomas G. Lanphier, recently accomplished a feat never before performed in the annals of the American air forces, flying from Selfridge Field to San Antonio, Texas, a distance of 1,340 miles, in 11 hours and 25 minutes, flying time. High army officials said it was one of the most important military maneuvers of the year.

Bad Axe—Fifty St. Clair county real estate dealers, bankers, and businessmen assembled recently at Bad Axe with representatives of Sanilac and Huron counties and formed the Thumb District Development association to advertise the advantages of the district. Another Thumb "booster" organization, the Eastern Michigan Resort association, will advertise this section of Michigan with an automobile caravan, which will tour Michigan, Ohio and Indiana late this month.

Petoskey—The Michigan Potato Producers' association in its annual meeting here elected R. C. Bennett, Alba banker, farmer and raiser of prize certified potato stock, as president, with W. M. Bowers, Central Lake, as vice president. Ernest Petifore, Gaylord, was made secretary, treasurer, and Claude Schmalzreid, Levering, and J. F. Brudy, Wolverine, were made members of the board of directors. One hundred and fifty association members were present at the meeting.

Detroit—Advancement of the following Michigan postoffices from the fourth class to the third (presidential) class, with the salaries fixed for postmasters of each, has been announced by Postmaster General Harry S. New. The change takes effect July 1 next: Carrollton and South Branch, \$1,500; Eloise and Rockwood, \$1,300; Bannister, Bruce Crossing, Comstock, Gaines, Highland, Michigan Center, Morrice, Nahma, Pequaming, Rapid City, Richland, \$1,000.

Lansing—A heavy blow at romance has been struck by the House when it passed the Gansser bill, which provides a fine of \$100 or imprisonment for 60 days as a punishment for those who wear the insignia of orders, societies, clubs or other organizations to which they do not belong. It is expected that this bill, if signed by the Governor, virtually will ruin the practice so much favored by the college sophomore, that of pinning his fraternity pin over the heart of the lady.

Grand Rapids—The Douglas Basket Co. factory, one of the largest of the kind in Michigan, was destroyed by fire at Douglas, 45 miles southwest of here. The fire caused a loss estimated at \$145,000.

Melvin—When Mr. and Mrs. Frank Doherty returned from Detroit, where they had been married, the bride discovered that a thief had entered the home of her mother, Mrs. Jane O'Malley, and stolen her linens from her "hope chest."

Grand Rapids—Furniture men in the midseason market have expressed fear that the flood situation in the South, which has closed 150 lumber mills, will reduce the lumber supply for immediate delivery. Many of these supply furniture manufacturers.

Harbor Springs—A. J. Pierce, 69 years old, and E. E. Pierce, 71, brothers, were killed when an automobile, in which they were riding was struck by a Pennsylvania train at a crossing near here. Both had been residents of Harbor Springs for several years.

St. Joseph—Thousands of motorists toured this section to view the blooming orchards of the fruit belt as the fifth annual blossom festival was celebrated. One of the features of the festival was the crowning of Miss Violet Peters, 17, of Benton Harbor, as the blossom queen.

Lowell—Mrs. Barbara Nelevac, 60 years old, of Lowell, was killed when she was struck by a Pere Marquette passenger train near Elmdale, five miles west of Clarksville. The engineer of the train said the woman was walking along the tracks and that the brakes were applied too late to save her.

Mt. Clemens—A joke perpetrated by fellow-workers in a Detroit plant caused Lorenzo Yorlo, 35 years old, Centerline village, to send a bullet through his brain in the presence of his bride at their home. Mrs. Yorlo said her husband believed tales, told him by fellow-workers, that enemies sought his life.

Lansing—Clarence F. Ramsey, for five years assistant superintendent of the Boys' Vocational School at Lansing, has been appointed superintendent of the State Public School at Coldwater by Gov. Fred W. Green. He succeeds Miss Katherine Ostrander, of Lansing, who resigned recently to accept a position in California.

Battle Creek—Lieut. Enoch Graf, temporary commandant of Camp Custer, announced he had received definite word that Henry Ford will visit Camp Custer to inspect the Citizens' Military Training Camp this summer. Gov. Fred W. Green and Mayor John W. Smith of Detroit are among the other visitors to be listed.

Ann Arbor—Contract for the erection of a women's athletic field house at the University of Michigan has been awarded to Spence Bros. Construction Company of Saginaw, according to an announcement made by the board in control of athletics. Construction of the plant, which will start immediately, will involve an expenditure of close to \$275,000.

Baldwin—Game Warden Cole brought a 3-year-old buck over to Lake County to be liberated. The deer had been raised from a fawn and the owner wanted him to set him free in his own environment. Game Warden W. F. Vandenberg took him to the Danahy bottoms, where he soon joined his wild kindred. The wardens hope he will remain in Lake County and not wander out and get shot in deer season.

Lansing—By unanimous vote, the House has refused to accept the Senate amendments to the Armstrong-Palmed capital punishment bill. These amendments, about 30 in number, include the referendum clause. The bill now goes back to the Senate. It is probable the Senate will insist on its amendments and will ask a conference, which undoubtedly will be granted by the House. It is predicted freely that the bill will die in the conference committee.

Lansing—The State Supreme Court in a decision held that the City of Detroit had no right to collect \$23,226 in taxes against the State for sewers, street widening, paving and sidewalks in and around the State Fair Grounds. For a number of years, Guy L. Ingalls, Detroit city treasurer, has endeavored unsuccessfully to collect this money. The State contended a municipality had no right to impose such taxes. Finally, suit was brought to test the validity of the claim.

Carleton—With a view of manufacturing iceless refrigerators under the registered trade mark "Zero-Id" the Carleton Cooler association has been formed at Carleton. Capital stock was set at \$200,000, of which \$100,000 has been subscribed, it is stated. R. J. McCormick, a banker, is the special trustee, with S. D. Barker and A. H. Hooper, Detroit, and S. O. Reeves and George Egle, of Carleton, directors. Operations are to start in 30 days in a temporary building. It is planned to erect a building the site for which is to be donated.

Monroe—With three new concrete crushing plants erected and equipment installed, including washing machinery, The A. France Stone company will resume quarrying stone at its property just south of Monroe, in Monroetown after having been closed down since October 19, 1925, when fire of unknown origin destroyed the stone crushing plant, office and store room. The damage was estimated at \$250,000. Some hundred and fifty men will be employed in the new plant.

## LOW RATES for time payments on these cars

ANY FAMILY entitled to credit may buy a General Motors car and pay for it while using it, under the GMAC Plan.

When time payments first became an accepted form of car purchase, General Motors organized its own finance company, the General Motors Acceptance Corporation, to make sure that the sale of its cars on time would be in the buyer's interest and that the finance charges would be fair.

GMAC rates have always been low; and the last reduction has saved General Motors' customers more than \$12,000,000.

The General Motors line includes "a car for every purse and purpose"—a suitable model for every income. You can buy it out of income, paying no more than the cash delivered price, plus only the low GMAC financing charge. And the whole transaction is so conducted as to keep your goodwill and satisfaction.

### CLIP THE COUPON

USE THE GMAC PLAN to enjoy a new car now. Use it to get a better car for what you plan to spend. Have General Motors quality. Share in the economies of volume production. Look over the list of General Motors cars below. See which car suits your purse. Then check and mail the coupon. We will send you full information about that car and about the fair, low-cost GMAC Plan of paying for it out of income. Don't wait. Clip the coupon and mail it TODAY.

#### THE BLUE AND THE GRAY

THEY tell me that pink-cheeked  
soldiers march  
On Memorial day in the big  
parade,  
In uniforms that are stiff with starch,  
And with shining button and flash-  
ing blade,  
But I smile in a sort of superior way—  
I know who parades today.

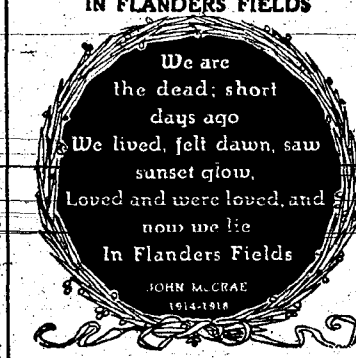

SOUNDS the bugle, frill and wild—  
Frill as the last blue wisp of  
smoke  
That curls from the mouth of a gun  
defiled,  
To dance with the echoes the shot  
awoke,  
And wild as the scream of a wail of  
soul  
Impaled on a phantom pole.

OF A sudden a whisper cleared the  
street,  
And the air grew thick with the  
muffled tread  
Of a host of flickering, shrouded feet,  
And a column of shades floated  
overhead,  
Wan as a shaft from the palling moon  
At the death of an afternoon.

AND the brasses blared in the street  
below,  
While an angel chorus welled on  
high,  
And burnished swords flashed to and  
fro  
On the ground while gray ghosts lit  
the sky  
With the flash of a thousand banners  
massed,  
Over graves of a glorious past.

AND from early morn till the sun  
was low  
The thin, gray column filtered by,  
Until on a sweet, wild bugle blow  
It melted as melts a reluctant sigh,  
And my heart was ashes that some-  
how burned  
With the glow of a light returned.

THEY may tell me that pink-cheeked  
soldiers march  
On Memorial day in the big parade  
In uniforms that are stiff with starch  
And with shining button and flash-  
ing blade,  
But I smile in a sort of superior way—  
I know who parades today!

Times.

IN FLANDERS FIELDS  
We are  
the dead: short  
days ago  
We lived, felt dawn, saw  
sunset glow,  
Loved and were loved, and  
now we lie  
In Flanders Fields  
JOHN McCRAE  
1894-1918  
Symbol of the Day  
Memorial day will ever remain the  
most sacred of all our holidays. We  
visit the last resting places of our  
near and dear loved ones, who in the  
peaceful avocation of life have quietly  
slipped away from our sight, and in  
loving memory we place our offering  
of flowers on their lowly resting  
places. We do not forget them in our  
busy working days, but on Memorial  
day we seem to come nearer to them,  
and the great peace into which they  
have entered seems to encompass  
our hearts as we bridge the gap that  
has come between us with our offer-  
ing of flowers.  
They are not lost, they are not gone  
'Tis only they have slipped away,  
And put celestial garments on,  
To help us keep Memorial day.

# Studebaker Commander

set ten world records by traveling  
5000 miles in less than 5000 minutes—  
BUT—  
What does it mean  
to YOU?

OF COURSE, you don't want to go 5000 con-  
tinuous miles at better than a-mile-a-minute.  
But this sensational performance proved by the most  
brutal test ever recorded, that anything an ordinary  
driver wants in speed and endurance, is child's play to  
THE COMMANDER.

33 Million Engine Explosions  
To the ear, only a sound like the wind whisking  
through a grove; to the eye, only a fast moving bulk  
with contour dulled by its terrific speed . . . But  
within the six cylinders of The Commander's  
mighty engine, a fustilage of red hot explosions—  
over thirty-three million of them during the run!  
Connecting-rods plunged upward and downward  
about eleven million times, wheels revolved over  
three million times.

Despite this ordeal, me-  
chanical repairs were limited  
to three grease cups (dam-  
aged by hasty greasing) and a  
spark plug—negligible when  
you consider that this as-  
tounding performance is  
equivalent to 25,000 miles of  
ordinary going.

Let Harry Hartz—America's  
Champion Driver—tell you out  
of his own experience what a  
stock COMMANDER will do.

Harry Hartz Says:  
"It will maintain any given speed up to sixty-five miles per  
hour, longer, more smoothly, and at less expense per hour  
traveled, for gasoline, oil and repairs, than any other  
stock automobile now being built in the United States."

Because of its super-abundant power, The Com-  
mander will perform eagerly, easily, smoothly—with  
no labor or effort—any and all tasks placed upon it.

Studebaker has produced in these new models,  
cars which will excel even the staunch, dependable  
Studebakers of the past in low repair and mainte-  
nance costs. It is now possible to purchase a truly  
great automobile at a moderate price! The Com-  
mander is justly known as "the greatest post-war  
achievement in automotive engineering."

No wonder the Big Six out-  
sells the combined totals of all  
the other cars in the world  
of equal or greater rated  
power.

See It and Drive It Today!  
An exact duplicate of the  
champion COMMANDER is  
ready for you and 'arin' to  
go! Drive it yourself and draw  
your own conclusions. What  
Harry Hartz' Commander did,  
any Commander will do!

Figures Which Show the Strain of  
5000 Miles in 4909 Minutes

Total of 33,000,000 explosions in the engine.
11,000,000 strokes of each piston.
9,200,000 feet, or about 1750 miles, traveled by each piston!
3,330,000 revolutions for each wheel!
This is what an engine must do to travel 5000 miles—but more than a thousand Studebaker cars have been driven 100,000 to 500,000 miles—and many of them are still in service!

Commander Sedan, \$1585; Commander Victoria, \$1575; (brocade upholstery, \$1645); Commander Coupe, \$1555; (with rumble seat, \$1645) . . . All prices f. o. b. factory, including front and rear bumpers, fenders all around, and four-wheel brakes. Other Studebaker and Erskine models range in price from \$945 to \$2245.

# Firestone Dealers

## Have Purchased 100% More GUM-DIPPED TIRES

[This Year Compared With Same Period Last Year]

THE demand from car owners for Gum-Dipped Tires has given Firestone Dealers a large increase in volume enabling them to sell these tires to you at the lowest prices in history.

On the cars of motorists everywhere, these wonderful tires are delivering unheard-of long mileage with greater safety and comfort.

The Firestone Balloon Tread, scientifically designed three years ago, and unchanged today, follows the contour of the tire carcass with no excess rubber at the edges to cause "shoulder breaks". Narrow rider strips permit the tread to yield to depressions and cling to the road, preventing skidding. This tough, pliable tread has the wear-resisting qualities for thousands of extra miles.

Such a tread must be placed on a carcass with the qualifications to withstand the terrific flexing that this design permits. The Firestone carcass is made of cords dipped in a rubber solution which not only saturates and insulates every fiber of every cord, but unifies sidewalls with carcass, avoiding separation under the extreme flexing.

Many Firestone Dealers are prepared to offer you a liberal allowance for your old tires, on a new set of Gum-Dipped Tires to start the motoring season.

To meet a demand for a low price tire and tube, Firestone designed and manufactures, for Firestone Dealers only, Oldfield Tires and Tubes, which carry the Standard Manufacturers' Guarantee.

## Briefs of the Week

Born to Mr. and Mrs. Louis Peterson at Ironton, a daughter, May 18.

Mrs. William Tate underwent an operation at the Charlevoix hospital, Tuesday.

Born to Mr. and Mrs. Elmer Lewis of Wilson Township, a daughter—Marian Marie—May 13th.

Joseph A. LaLonde was taken first of this week to St. Mary's hospital at Manistee, for medical treatment.

East Jordan Camp 6641, M. W. of A. recently contributed \$8.50 for relief of lodge brothers in the flood area.

Mrs. James Cihak with sons George and Edward, left Thursday for a visit with relatives at Manistee and Grand Rapids.

R. G. Watson, Atty. E. N. Clink, D. E. Goodman and Jack Shier spent the week end in Grand Rapids on business.

Plants and Cut Flowers for Decoration Day from the Charlevoix Greenhouse. Mrs. Wm. Nice, North Main St. adv.

Mrs. Guy King returned home last Saturday, after spending two weeks with her daughter, Mrs. Kenneth Usher at Charlevoix.

Prof. L. R. Taft of East Lansing, is making a short visit at Eveline Orchards, his fruit farm on the Charlevoix-East Jordan road.

Mrs. Josephine Stewart returned home Monday from an extended visit at Oshkosh, Wis., and several places in Southern Michigan.

Rebecca, daughter of Mr. and Mrs. Clarence Bowman, received a fractured right wrist, Tuesday, while playing on a slide at school.

Mr. and Mrs. Melvin Sheldon and the latter's sister, Mrs. Albert Vogt with children of Flint are here this week visiting friends and relatives.

Born to Mr. and Mrs. Ferguson at Muskegon, a daughter—Betty May—May 6th. Mrs. Ferguson was formerly Miss Vada Hart, of this city.

E. A. Lewis with daughters, Eva and Agnes were here from Saginaw this week, having their home here put in shape for their occupancy during the summer.

Chris. C. Boggs was found dead behind the counter in his poolroom early Monday morning. Mr. Boggs has been in bad health for a long time. Funeral services were held Wednesday and he was buried at Alden, his former home.—Bellaire Record.

The S. S. Puritan of the Michigan Transit corporation lines leaves Chicago Saturday afternoon for Charlevoix and other east coast and northern ports on her first sailing of the season. The time of her arrival at this point is indefinite, but according to Captain George Johnson, manager of the line, the ship will enter this harbor sometime Sunday afternoon, probably at a late hour.—Charlevoix Sentinel.

Measurements taken in Round Lake at Charlevoix on Tuesday of this week show that this body of water is eighteen inches higher than a year ago. Spring rains and general high water throughout the country are partly responsible for this condition. It is encouraging to note the water coming back slightly towards former levels, which last summer were nearly five feet lower.

Charlevoix County subscribed well over her quota in the Red Cross drive for funds for Mississippi river valley flood sufferers. Latest reports show the total has reached \$1,410.00, East Jordan topped the list with a total of \$786.00. Charlevoix raised \$317.87 and Boyne City \$307.08. Efforts are still being made to raise more funds and the total will be considerably swelled before the drive is completed.—Charlevoix Courier.

Going to church next Sunday is one way to get going before June.

Herman Goodman was a Charlevoix visitor, Monday.

Mrs. Irvin DuFurde returned Tuesday from a visit at Detroit.

Miss Pauline Hoover was home over Sunday from Fife Lake.

Mr. and Mrs. W. S. Carr visited friends in Charlevoix, Sunday.

Clara Myers of Detroit is here for a visit with his aunt, Mrs. F. P. Ramsey.

Miss Marguerite Rogers was home for the week end from her studies at Mt. Pleasant.

Presbyterian Missionary Society will meet with Miss Zilla Shaw, Friday, May 27th.

For Decoration Day—Plants and Cut Flowers at Mrs. Wm. Nice, north Main St. adv.

Mrs. Ed. Kaley returned home Wednesday from the Charlevoix hospital, where she underwent an operation.

About thirty-five friends from Chaddock Dist. gave Mr. and Mrs. Henry Ribble of this city, a surprise party last Saturday evening. The evening was spent in playing cards and dancing. A very enjoyable evening was spent by all.

The government sandsucker Gen. G. Meade and crew entered this port last Saturday and immediately commenced work on the upper channel.

The work continues at this writing with improvement work on both the upper and lower channels and the entrance to the outer harbor.—Charlevoix Sentinel.

Ellsworth received a shock last week, when the news came of the death of Mr. J. H. Allgire, proprietor of the Big Fish Inn, who passed away at his home in Lima, Ohio, Thursday, May 5th. Although Mr. Allgire has been in failing health all winter, his death was a great shock to his many Ellsworth friends. About three years ago, Mr. Allgire purchased the Big Fish Inn from L. VanSkiver and has greatly improved the property by erecting several cottages. He contemplated upon building several more this season, but due to ill health he was unable to take hold of the work. Ellsworth has lost a very enterprising business man.—Central Lake Torch.

#### Why Are Flowers of Different Colors?

Plant-sap and carbon dioxide of the air result in various chemical compounds, causing the cells of the plants to reflect the different waves of light, giving color to the flowers. This process results in one sort of reaction in one flower and another in a different kind. That is why some flowers are red and others blue, or yellow.

**Overdoing?**

*Hurry, Worry and Overwork Bring Heavy Strain.*

MODERN life throws a heavy burden on our bodily machinery. The eliminative organs, especially the kidneys, are apt to become sluggish. Retention of excess uric acid and other poisonous waste often gives rise to a dull, languid feeling and, sometimes, toxic backaches and headaches. That the kidneys are not functioning perfectly is often shown by burning or scanty passage of secretions. More and more people are learning to assist their kidneys by the occasional use of **Doan's Pills**—a stimulant diuretic. Ask your neighbor!

**Care of Evergreens**

Dead wood should be removed from evergreens whenever discovered. Other pruning should be done as new growth is starting. Many evergreens do not start growth from old wood, so the pruning should not be severe enough to remove all the growing shoots from any branch.

**Ensemble of Heavy Rose-Colored Crepe**

This smart costume is worn by Barbara Kent, Universal Jewel player. It is made of heavy rose-colored crepe in two shades, the deeper rose shade being used in a novel way on both coat and dress. A hat of rose and gold metal cloth is worn with the costume and a lovely handbag of black, embroidered in rose, is carried. Hose and pumps are of tan.

**DIPPING INTO SCIENCE**

**Where Does Oil Come From?**

There are two theories on oil. One is that it is a vegetable product stored in the earth as a result of millions of years of vegetable accumulations, subjected to tremendous pressure. The other theory is that oil is animal matter caused when volcanic eruptions segregated a large part of the sea with its animal life, and that these eventually became oil due to earth pressure.

Grand Rapids—The fiftieth dislocation of Ben Classman's jaw caused physicians to labor more than an hour to set it back in place and use of an anesthetic was necessary. Classman, who is 40 years old, and a farmer residing near Oomstock Park, is believed to have dislocated the jaw while yawning. He said he thought it had been out of place at least 50 times.

Traverse City—The harvest of the cherry crop will be celebrated this year instead of the spring blessing of the blossoms. The harvest observance, with a mammoth pageant, featuring religious services in the orchards will entertain tourists and summer resorters. Another plan for the season is a big regatta and a 20-mile swim around Ford Island in Grand Traverse Bay.

Lansing—The house has passed the Horton school code, which codified all the school laws of the state, by a 73-2 vote. The measure, offered by Senator Norman B. Horton, of Fruitridge, was accepted by the house little changed from the way it was passed by the senate. The only revision made by the house was to reduce the amount of retirement pension from \$1,500 to \$900 annually.

Detroit—Survey of automobile fatalities by the department of commerce reveals for April an increase over last year. It also continues to exhibit Detroit in leadership of all big cities proportionally. Detroit was exceeded only by New York and Chicago. The Michigan metropolis had 30 fatalities in April, compared with 28 in March and 29 in February. Flint had two auto deaths this April, and one last, while Grand Rapids had one death this April and two last.

Lansing—The Armstrong radio bill to put radio broadcasting and receiving stations under the control of the public utilities commission has been signed by Governor Green. When the act becomes effective, some time after September 1, depending on the day of final adjournment of the sessions, the public utilities commission will be empowered not only to regulate broadcasting schedules, but will also be authorized to outlaw types of receiving sets that interfere with reception.

Palmer—With more than 1,500 persons looking on, but not venturing closer to the scene than 400 yards, about 290,000 tons of iron ore were moved here in a single blast of dynamite at the Volunteer Open pit mine, operated by Pickands Mather & Co. Approximately 81,000 pounds of dynamite were used in the blast, the largest "shot" ever made in mining operations anywhere in the world. Enough ore was loosened by the two blasts to keep the steam shovels busy at the mine most of the summer.

**Dance-Promenade**

The Etude says that the polonaise, the Polish national dance, is a promenade, rather than a dance. It did not originate in Polish folk songs and dances, but was first played and danced at the court of Henry III of Anjou in Cracow, when the nobility defied-before-him at his ascension to the throne.

**Wedding March by Radio**

Radio provided a wedding march when a couple living at Rock, a hamlet in southern Australia, married recently. Melbourne's new high-powered radio station recently received a request that a wedding march be played at 12:30 p. m. on a certain day, and the request was granted. A check for \$10.25 was received at the radio station a few days later.
