Road Com'rs Approve M66

APPRECIATE GOOD WILL EXTENDED BY EAST JORDAN.

The following letter from George S. Stout, Secretary of the Northern Michigan Road Commissioners' Association, is self-explanatory.

Lake City, Mich., Oct. 20, 1928.

Editor of Herald,
East Jordan, Mich.
Dear Sir:

Sorry I was unable to see you again Thursday, after my call at your office, but perhaps you noticed I was quite busy the rest of the day.

While too late for your paper this week, I am sending you a copy of a resolution adopted and a little other data, which you can use as you please.

The resolution offered by Mr. Stillwell of Mecosta County, that we tender our thanks and appreciation to the City of East Jordan for the many courtesies shown this Association today, for the generous welcome extended by the Mayor of East Jordan.

Warm spirit of welcome and appreciation of East Jordan whom we have met, and also our thanks and appreciation of the splendid East Jordan High School Band.

Supported by a dozen counties at once, and adopted unanimously.

All projects your city is interested in were approved by the Association, particularly M66, both north and south. Snow removal asked for eight miles south of East Jordan. Will send copy of full recommendations later on to S. E. Rogers, and you can get copy from him.

A Legislative committee was appointed by the Executive committee, to present our wishes to the Legislature, composed of: M. W. Stevenson of Montcalm, chairman; A. B. Backus of Emmet, Fred Smith of Elk Rapids, (Antrim), Ross Jackson of Otsego and M. J. Madden of Manistee.

Roll calls showed every county represented except Alpena, Benzie, Gratiot and Midland.

Yours truly,
G. S. STOUT.

NUTRITION II DISCUSSION II

How to plan and prepare meals that will please the family as well as provide all essential elements, is the problem being considered by more than one hundred Charlevoix County women, under the direction of Miss Muriel Dundas, Nutrition Specialist, Michigan State College.

The second leader meeting of the series will be held on Wednesday Oct. 31st, at the Boyne City Library at 10:00 a. m.

At this time leaders will report on the meetings which have been held in their local communities at which they demonstrated correct methods of table setting and service, and discussed "Courtesy in the Dining Room." They will also be instructed in the general principles involved in meal planning. Since age, size, and occupation as well as requirement of the individual to vary, the thoughtful mother realizes her need of study on the problems of providing the necessary elements in just the right proportions for each member of the family.

A consideration of the needs of the body with regard to the various food elements, protein, calcium, iron, phosphorus, the vitamins and the energy yielding food, brings out the points of vital interest.

An understanding of the functions of food in the body, leads each individual to a different attitude, with regard to the food which he selects, as well as helping him to maintain a standard of normal weight.

In addition to the discussion of the fuel value of foods, when they are burned in the body, the food demonstration for the day will be on the making of fruit and vegetable salads and salad dressings. That green vegetables are now available during the winter months, in even the most remote communities, bear testimony to the fact that people are everywhere realizing that they are essential to health and well-being.

Following the training meeting similar discussions and demonstrations will be given in the local groups throughout the County.

Miss Margaret McElwain of Kalamazoo, Music teacher of the East Jordan Public Schools, was united in marriage Saturday, Oct. 20th, to Ralph E. Hofacker, of Kalamazoo.

REPUBLICAN RALLY WELL ATTENDED

A good sized crowd of citizens of East Jordan and surrounding region were present at the Republican Rally held at the High School Auditorium Tuesday night. The inclement weather kept many from attending. Judge Philip T. Colgrove of Hastings was the principal speaker of the evening. Judge Parm C. Gilbert of Traverse City gave a short talk on prohibition enforcement.

Mr. Colgrove's address was based on the principles of the Republican party as laid down in their platform. He was accompanied by Mrs. Colgrove and they left here for Manistee where he was scheduled for another address.

Prior to the meeting at the Auditorium, a torch light parade was given, the parade forming on State Street and marching up Main St., and thence to the school building. The East Jordan City Band furnished music for the occasion, backed by a clown band from Charlevoix. For some reason the Charlevoix and Boyne City Bands failed to appear as advertised.

Auto Accident Near Grayling

ONE FATALLY INJURED. THREE OTHERS SERIOUSLY.

Mr. and Mrs. Frank Wangeman and daughter, Kathryn, of East Jordan were seriously injured in an auto accident near Grayling last Friday forenoon while enroute from East Jordan to Lansing. Mrs. Irene Freshour, who was accompanying them to her home at Owosso, received injuries from which she died at the Grayling hospital Saturday night.

The accident took place just south of Grayling about 10:30 a. m., Friday. While driving at a moderate speed, one of the rear tires blew out and the car swerved, going down an embankment and striking a tree headon. The impact drove the engine into the front of the body of the car knocking the occupants about badly. All four were rendered unconscious. Other autoists removed them to the Grayling hospital, where it was found that all four were in a serious condition from injuries and shock.

Mrs. Freshour, aged 77 years, received a broken leg and passed away from her injuries Saturday night. She was an aunt of Mrs. C. A. Hudson of this city, and had been visiting at the Hudson home the past three weeks and was returning to her home at Owosso. The remains, accompanied by Mrs. Hudson, were taken to Owosso for burial.

Mr. Wangeman recovered consciousness in about five hours, and while badly shaken, received no broken bones, and was able to return to his home here Tuesday night. Both Mrs. Wangeman and daughter were unconscious for nearly two days. X-ray examination showed Mrs. Wangeman had received a broken arm and that her nose was broken. The daughter received bad wounds in both the jaw and back of the neck. Later reports from the hospital indicate they are recovering nicely and that if no set-back occurs, they will probably be released from the hospital the coming week.

Mr. and Mrs. Wangeman and daughter were enroute to Lansing for a week end visit with their daughter and son, who are attending college.

The auto was taken to a Boyne City garage, where it was found to be wrecked beyond repair.

MRS. A. DE MARSAC PASSES AWAY

Annis DeMarsac passed away at her home near Bay Shore, Sunday, Oct. 14th, 1928.

Annis Horton was born at Lisle, New York in 1858, being 75 years of age. For many years she made her home in Charlevoix County. She was united in marriage to Daniel DeMarsac and to this union were born three children, two of whom are living.

She is survived by seven grand children and three great grand children.

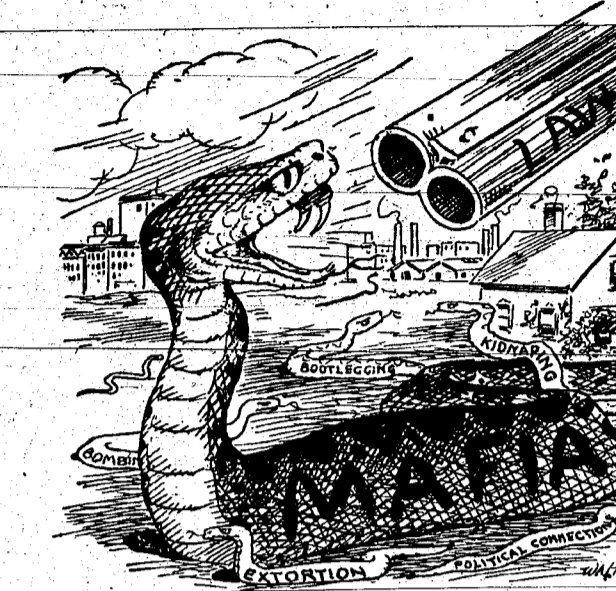

Funeral services were conducted from her late home.

Among relatives attending the funeral were her two daughters—Mrs. John White and Mrs. Leo Tunison, and their husbands; Mr. and Mrs. William LaValley; Gilbert Wiseman; Garth Safford and Wilma Tunison, all of Detroit; Mr. and Mrs. Theodore Tunison of Bay Shore; Ted Tunison of Detroit; Mr. and Mrs. Bob White of Bay Shore and John White Sr., of Ellsworth.

The man who is punctual in keeping his appointments loses waiting for the other fellow.

Time to Pull the Trigger

Sixth Annual Next Week

TOP O' MICHIGAN POTATO AND APPLE SHOW.

Everything is ready for the biggest Top O' Michigan Potato and Apple Show ever held at Gaylord, according to A. C. Lytle, Secretary of the Top O' Michigan Potato Show Association.

This Show, which will be held from Oct. 31 to Nov. 2, has had a phenomenal growth since 1923 and now stands out as not only the first show, but the best exhibition of potatoes in Michigan. Additional space has been provided this year to take care of requirements which taxed the facilities of the Ass'n last year. There will be plenty of room for all entries and all the visitors. Indications point to an unusually large list of exhibitors this year.

Entries from four new counties will be on hand this year to compete with the eight old members for the \$1,600 in premium money and prizes. E. V. Hardenburg of Cornell College, Ithaca, New York, one of the judges of the first Show held, will be back to do the judging of potatoes. He will be assisted by H. C. Moore of the Michigan State College.

There will be a program for each day and evening of the Show.

Wednesday morning, Oct. 31, at 9 o'clock all exhibitors will have their apples and potatoes in place. At 10 o'clock the Show will open with various contests.

Wednesday afternoon will be devoted to talks and discussions on apples.

Wednesday night a banquet for certified seed potato growers will be held.

Thursday is potato day—also Boys and Girls day. Following contests in the morning, a program will be held in the afternoon.

Thursday night the annual banquet will be held. Governor Fred Green will deliver the main address of the evening.

Friday morning at ten o'clock the church choir singing contest will be held. Friday afternoon will be devoted to contests.

Every farmer in Northern Michigan should see this magnificent display of apples and potatoes.

The Top O' Michigan Potato and Apple Show is an institution. Here it is that farmers come to exhibit, learn the latest information in production and marketing and discuss with their Northern Michigan neighbors their mutual problems.

This Show is the symbol of excellence. It is here that quality reigns supreme.

The standards of this territory are being followed elsewhere. This territory is being looked to by growers of other States as their source of seed potatoes.

This recognition has been due to the earnest, relentless and unselfish co-operation of all agencies interested in the Top O' Michigan.

Elsewhere in this issue you will find an advertisement relative to this Show.

WIDELY DISCUSSED IS "THE KING OF KINGS"

One of the greatest events of the picture season here will be the premier showing of Cecil B. De Mille's "The King of Kings," at the Temple Theatre on next Wednesday, Oct. 31, Thursday and Friday, Nov. 1-2. This picture has enjoyed a sensational success in New York, Chicago, Boston, Philadelphia and Los Angeles, and has been more widely discussed by press, clergy and laity than any other motion picture since "The Birth of a Nation."

The causes of the popularity of "The King of Kings" are not far to seek. Among them are the world's greatest story, the reverent dramatization of the life of Christ; superb acting of eighteen stars; 500 well-known players and 5,000 extra people; the restoring of a historical period in buildings, scenes, properties and costumes exceeding in elaborateness even "Ben-Hur"; and above all a vision that truly realizes the infinite tenderness, humanity and uplift of the New Testament story.

Local theatre-goers are looking forward with great interest to H. B. Warner's embodiment of the title role. Among the other characters portrayed are St. Peter played by Ernest Torrence; the Magdalene, Jacqueline Logan; Mary Mother, Dorothy Cumming; the Roman Centurion, Montagu Love; Simon of Cyrene, William Boyd; Mary and Martha of Bethany, Josephine Norman and Julia Faye. Other fine characterizations are those of the two Schildkrants as Caiaphas and Judas, Victor Varconi as Pilate, Sam DeGrasse as the Pharisee, and Theodore Kosloff as the servant of the High Priest.

Football Team Winning Games

E. J. H. S. ELEVEN OUT FOR CLASS C CHAMPIONSHIP.

East Jordan High School's football team continued its career of triumphs by taking the strong Frankfort pigskin chasers into camp on the local grounds, Wednesday.

Starting out the season with a terrific fight at Gaylord in their opening game which ended nothing and nothing; a close hard fought game from the strong Harbor Springs team; an unfortunate defeat at the hands of our friends from Cheboygan—6-2, and the game last Wednesday with Frankfort which ended 15-6, in the local's favor. Giving the locals a most creditable record.

East Jordan went out of its class to play Cheboygan, a class B team and the loss to the East State aggregation does not in any way mar their chances for the Class C championship for the third successive time. This does not, however, mean to say that the boys are going to win the championship for they have some real opponents coming in the next few weeks. Not the least of them is their second game with Gaylord, Friday afternoon. Coach Abe Cohen and his boys have already done much more than was expected of them.

Most people in northern Michigan circles did not realize the strength of the Class C teams in this section. Although the locals handily took the Harbor Springs' team into camp a week ago last Saturday, Harbor Springs surprised many northern Michigan fans by handily trouncing our friends from Boyne City, a class C school that was undefeated and played a scoreless tie with Cadillac a week ago Saturday. This gives a clear demonstration of the fact that Harbor Springs, Mancelona, Gaylord, and East Jordan are perhaps as strong if not stronger than the class B teams in this section.

However, this dope doesn't tell us what the boys did in the game Wednesday with Frankfort. Frankfort out-weighted the locals considerably and came with every intention of winning. One or two of Coach Abe Cohen's boys had to be removed from the game and although greatly weakened by the loss of Willard St. Charles, Howard Baker, and one or two others they proceeded to give Frankfort one of the most strenuous afternoons they have had in some time.

It started out by Frankfort kicking to East Jordan. It wasn't long until the locals were forced to kick and Frankfort plunged the line and circled East Jordan's end for a touch down in the first quarter leaving the score 6-0 in their favor. It began to look as though East Jordan's work was cut out for it. We have already learned that Coach Cohen's boys are made of the real Jordan stuff and proceeded to get busy. At this point Beyer was substituted for Rosenthal, making it possible for Coach to whisper a little instruction in Karl's ear; going in later in the game and putting up the usual fight. Soon after the second quarter opened, Dennis caught a pass, putting the ball in position to score and Captain Muma carried it over for a touchdown in an "off tackle" smash—thus evening

carried the ball within the shadow of Jordan's goal where Shepard made a sensational tackle just short of the necessary distance for another Frankfort touchdown. The half ending 6-6. The second half opened with East Jordan receiving and beginning the real offense that carried them on to victory. Quinn opened the half with a beautiful 20 yard run around Frankfort end putting Jordan again in the position to score. Nevertheless, they failed to do so because of the stubborn fight that Frankfort was putting up and were forced to kick. Frankfort caught the ball on their own goal line, attempted to run out with it when the charging East Jordan line swept them back over the goal line for a safety and 2 points, making the score then 8-6. The same tough old fight kept up. Blossie keeping the ball out of East Jordan's territory by his usual beautiful punting and finally East Jordan took the ball on downs and after a beautiful 30 yard pass to Shepard, East Jordan's end, made a touchdown. East Jordan then kicked the goal making the score 15-6 in our favor.

The stars of the game were Shepard and Dennis at end, and Blossie again showing without question he is the best punter in Northern Michigan, by booting at least 40 yards in every attempt. By the way this same boy played his last game of High School football in the Cheboygan game. Although it was a very rainy, sloppy day for football, Blossie averaged better than 38 yards on his kicks. Something no northern Michigan player has come anywhere near doing this year.

The Cheboygan write-up was too late for the paper; yet it is only fair that some little comment be given on the above game. Only this week Cheboygan fought the strong Alpena team to a nothing to nothing score. Cheboygan came to East Jordan with a heavy, fast team, expecting an easy victory over the local lads, but were given the surprise of their life when they were very lucky to get away with the local's scalp as mentioned above 6-2. Three costly fumbles in East Jordan territory caused by the heavy rain and the wet condition of the ball resulted in East Jordan's defeat. For Cheboygan recovered the ball on East Jordan's ten yard line finally putting it over. The fact that East Jordan scored a safety against Cheboygan is a very good indication of the aggressive charging type of game they were playing. A safety always means that the other team is charging in and nailing the other team before they get started. From the time Cheboygan got the touchdown to the end of the game the locals outplayed the strong Cheboygan team. Had it been a dry day another story might be told, for the locals depend on their aggressiveness and speed and the running and passing game to win their victories. The sloppy football and the heavy Cheboygan team stopped all this for East Jordan. Nevertheless, they played

THEY OVERLOOKED THE DIAMONDS

There is a modern flippancy to the effect that, "What you don't know won't hurt you." It is also a fallacy. For instance:

The farmers of Kimberley were a disgusted, disheartened lot. They said the soil was too rocky to earn them a living. Some of them left. Others died in poverty.

And all the time their children were playing with diamonds.

But the farmers didn't know. They thought the priceless gems were pebbles.

Don't be like those Kimberley farmers. Know!

Don't seek opportunity in some distant place and overlook the diamonds that are daily within your grasp. Know!

Advertising is a mine of opportunity. It tells of values you wouldn't know about if it were not there to guide you.

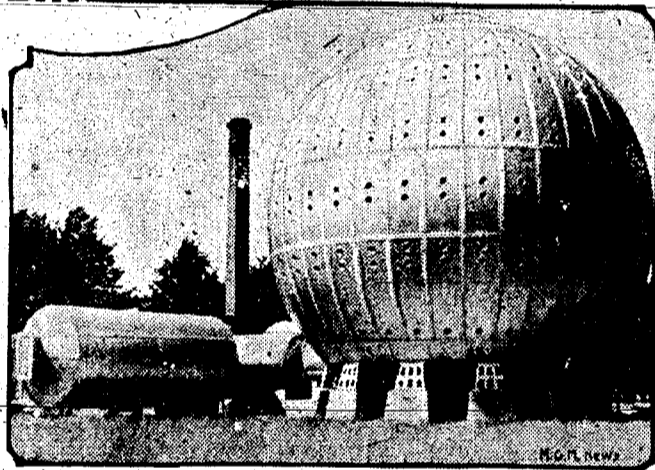

The secret of economical buying is information. The man or woman who is best informed is the one who buys to best advantage.

Read the advertisements—Know!

If you want to find a woman out, call when she isn't in. Friendship and confidence are plants of slow growth. Why does a reference book never contain the things you really want to know.

Fleet, symmetrical, low to the ground, unique & unrivaled from an artistic standpoint—and the most comfortable automobile motorists have ever known.

Not only beautiful, not only symmetrical, not only luxurious—but an entirely new style—an alluring new mode of car design.

—a mode so true and sound and beautiful that it forecasts the trend of smart body-designs for years to come—

The same artistry, the same craftsmanship which make this new Buick the most beautiful automobile of the day also make it the most comfortable

automobile motorists have ever known.

New adjustable front seats in the closed models—full width rear seats providing plenty of room for three adult passengers—deep, soft upholstery—the lounging spaciousness of the interiors—all combine with Buick's famous cantilever springs and Lovejoy Hydraulic shock absorbers to produce the highest degree of riding luxury ever attained.

See this new Buick—drive it—drive to yourself it's the Buick of Buicks and the car of cars!

The Silver Anniversary BUICK With Masterpiece Bodies By Buick

HEATON & HOOPER BOYNE CITY, MICH.

State News in Brief

Hudson—The New York Central Railroad is preparing to install 10 flasher signals at crossings here.

Onsted—Percy J. Hubbard, 50 years old, is dead of injuries received when a horse kicked him on the head.

Mason—A. A. Putnam, 80 years old, of Mason, formerly of Owosso, is dead of injuries suffered when a tree which he cut down, fell on him.

Battle Creek—Approximately 2,800 public school teachers are expected here Oct. 29 and 30 to attend the Eighth District conference of the Michigan Educational Association.

Kalamazoo—The Kalamazoo Trust & Banking Company will start work at once on a new 15 story bank and office building, according to an announcement by John F. Tuberty, president of the bank.

Jackson—Lyman A. Keys, Sr., 88-year-old retired farmer, ended his life by drinking poison at the home of his son, L. A. Keys, Jr., north of Jackson. He had been in ill health for several months.

Holland—Mrs. Harm Arnoldink has submitted to the removal of an eye, punctured by a stick as she fell from a chair on which she was standing to remove articles from the upper shelves of a cupboard.

Monroe—Funeral services were held recently for the nine-month-old twin sons of Mr. and Mrs. James Stump of this city. Roy and Troy, who had been suffering from pneumonia, died within half an hour.

Holland—Harold Bosch, 21 years old, accidentally shot in the head when a rifle discharged as he stumbled in the yard at his home, is recovering. He was shooting pigeons. Bosch is a son of Jacob Bosch, of New Holland.

Battle Creek—Although he was dragged more than 400 feet by a Grand Trunk passenger train after his truck had been struck on a grade crossing here, W. A. Frary, 36 year old driver for a factory, escaped serious injury. The truck was demolished.

Onondaga—The recreation hall at the state prison road camp near here was destroyed by fire. The loss was estimated at \$3,000. Five prisoners from the Michigan State Prison at Jackson were at the camp when the fire broke out. None was injured. The origin of the fire was not determined.

Mt. Clemens—Roy Crandall, 8 years old, son of Emmett Crandall, a farmer living near Meade, was kicked to death by a horse in the barnyard at their home. The boy's body was found by his father after an hour's search for the child. The imprint of a horse hoof was on his face. The skull had been fractured.

Yale—The home of Duncan A. McKeith, cashier of the First National Bank of Yale, was entered early one morning by two masked men, who after a struggle with McKeith and Dr. D. M. Teal, Mr. McKeith's son-in-law, escaped with a diamond ring valued at \$500. The bandits knocked out the two men with revolver bullets during the fight.

Bad Axe—William G. Clark, Huron County clerk, was elected president of the Bad Axe Fair Association at the annual meeting of stockholders. Other officers are: vice-president, Mayor W. E. Allen; secretary, Henry Bartley, and treasurer, James L. Burgess. The 1928 fair, which was attended by about 25,000 persons, made a profit of \$3,145.10.

Lansing—Earl R. Harrington, cadastral engineer of the Federal Land Office who is surveying the Michigan-Wisconsin boundary for the Michigan-Wisconsin Boundary Commission, has gone to Washington to ask the Bureau of Mines whether it cannot recommend something new and better in the way of markers. The standard marker consists of a concrete base and a brass plate.

Grand Rapids—When a truck load of apples he was bringing to market early one morning overturned in a ditch at a jog in the Walker road, Ed Soderstrom, a farmer, residing north of Sparta, was instantly killed and his brother John, 58, was slightly injured. The dead man, who was driving, was crushed to death in the cab of the truck. The accident occurred on his fifty-fifth birthday.

Vassar—The Erb Joyce Foundry company, which maintains plants at Vassar and Howell, Mich., has let the contract for the erection of an addition to their Vassar plant. At present they are operating two separate buildings at Vassar and the new structure will add over 12,500 square feet of floor space and connect the two. This unit is to be completed December 1 and will cost about \$50,000.

Sault Ste. Marie—Reports that Upper Peninsula Indians have been reduced to a "starvation diet" because the State fish and game laws have curbed hunting and fishing, were denied by O. C. Boynton, Mackinac County poor commissioner. "The Indians are getting plenty to eat," Boynton said. "If they were not the county would help them." The "starvation" reports caused the State Conservation Commission to order John Vitens, chief of the conservation forces in the Upper Peninsula, to make an investigation.

Serious Injury to Alfalfa Crop

Bacterial Wilt and Winter Injury Discussed in New Circular.

(Prepared by the United States Department of Agriculture.)

Bacterial wilt and winter injury have caused, in recent years, serious injury to alfalfa in many alfalfa growing sections of the country. The two injuries are definitely distinct, and either may occur without the other, although winter injury frequently gives rise to conditions which make for the more rapid and destructive development of bacterial wilt.

F. R. Jones and J. L. Welmer of the bureau of plant industry are authors of Circular 39-C, Bacterial Wilt and Winter Injury of Alfalfa, just off the press and available for free distribution by the United States Department of Agriculture, Washington.

Bacterial wilt may cause the plant to wilt during hot weather of spring or summer, and under this condition the plants die immediately, resembling plants whose roots have been severed by gophers. More frequently the plants show a characteristic dwarfed condition with foliage pale green or yellow. After each successive cutting the new stems are shorter and eventually the plant dies. The injury is due to bacteria entering the underground parts of the plant, causing alterations which may be observed readily in the roots.

Winter injury is most evident in the taproot, and is characterized by partial destruction of the root and crown bark and a hollowing and decay of the roots. The destruction of the root bark affords easy access for the wilt bacteria. Winter injury results from the killing of buds and parts of the crown and roots by severe cold.

"The most important method of controlling the wilt disease," say the authors, "is probably the prevention of the conveyance of bacteria by water from old diseased plants to young fields, especially in the spring when many plants have wounds. Care should be taken to avoid carrying the bacteria to new fields in fragments of stems of diseased plants, with uncleaned seed, or with manure. If the disease is present in a field, its distribution by the knives of the mower can probably be avoided to some extent by mowing when the plants are free from surface moisture."

The use of hardy varieties of alfalfa resistant to winter injury does not always prevent damage by bacterial wilt, but the authors believe it may reduce loss from this cause.

Moldy Silage Caused by the Condition of Corn

Condition of the corn at ensiling time and not poor packing is the cause of moldy and inferior quality silage, according to recent experiments conducted by the Wisconsin Agricultural Experiment station. To eliminate moldy silage, corn should be ensiled shortly after it is tending.

Corn that is "over-ripe, wilted or frozen when put into the silo carries large amounts of air. Several days elapse before the oxygen is exhausted in the silage process and it is during this period that molds make rapid growth.

In testing out their theories, the men working on the problem, buried three empty crates in silage at varying depths at the time the silo was filled. In late winter or spring, when the crates were dug out as the silage was fed, no signs of spoilage were found around the crates.

Millet Hay Too Low in Protein for Cow Feed

Millet hay is too low in protein content to make good feed for cows unless supplemented with high protein feeds. Hence, millet hay does not give good nourishment to cows when fed alone, and this may cause several kinds of troubles in a herd. Millet hay, when cut at proper stage of maturity, is a fairly good hay if supplemented, but if allowed to ripen seed the threshed straw has little value as feed for cows, though it may be used in a maintenance ration for horses. For good quality of seed it should be allowed to stand until about fully ripe, but the straw does not have any high value for feed.

Agricultural Squibs

Next to milk, meat scraps or tankage are the most accessible and efficient source of animal protein.

Hog men who do not raise alfalfa for summer, as well as for winter use, are not living up to their opportunities.

In order to insure a good lamb crop the ewes should be turned on fresh pasture a few weeks before breeding, and should be given a little grain.

Sunshine is one of the best disinfectants. Be sure all live stock is getting plenty of this free nature's tonic, especially the young growing animals.

Many people do a lot of figuring to show the increased profit that would come by breeding birds that are heavier producers but they fail to make any additional charge for feed.

NOTICE

Proposed Amendments to the Constitution

NOTICE is hereby given to the Qualified Electors that at the time and places of holding the next GENERAL ELECTION in each of the several voting precincts of the County on

Tuesday, Nov. 6 A. D. 1928

There will be submitted at said election, three proposed Amendments to the Constitution of Michigan as follows:

Relative to Fixing legislative territory and districts.

Amendment to Section 3 of Article V of the Constitution relative to fixing legislative territory and districts.

Section 3. The House of Representatives shall consist of not less than sixty-four nor more than one hundred members. Representatives shall be chosen for two years and by single districts, which shall contain as nearly as may be an equal number of inhabitants and shall consist of convenient and contiguous territory; but no township or city shall be divided in the formation of a representative district, except that when a city is composed of territory in more than one county, it may be divided at the county line or lines: And provided, That in the case of cities hereafter organized or created or territory annexed to an existing city, the territory thereof shall remain in its present representative district until the next apportionment. When any township or city shall contain a population which entitles it to more than one representative, then such township or city shall elect by general ticket the number of representatives to which it is entitled. Each county, with such territory as may be attached thereto, shall be entitled to a separate representative when it has attained a population equal to a moiety of the ratio of representation. In every county entitled to more than one representative, the board of supervisors shall assemble at such time and place as shall be prescribed by law, divide the same into representative districts equal to the number of representatives to which such county is entitled by law, and shall cause to be filed in the offices of the secretary of State and clerk of such county a description of such representative districts, specifying the number of each district and population thereof according to the last preceding enumeration.

Relative to Acquiring land and property for boulevards, streets and alleys.

Amendment to Article XIII of the Constitution relative to acquiring land and property for boulevards, streets and alleys.

Section 5. In exercising the powers of eminent domain and in taking the fee of land and property that is needed for the acquiring, opening and widening of boulevards, streets and alleys, municipalities shall not be limited to the acquisition of the land to be covered by the proposed improvement, but may take such other land and property adjacent to the proposed improvement as may be appropriate to secure the greatest degree of public advantage from such improvement. After so much of the land and property has been appropriated for any such needed public purpose, the remainder may be sold or leased with or without such restrictions as may be appropriate to the improvement made. Bonds may be issued to supply the funds to pay in whole or in part for the property so appropriated, but such bonds shall be a lien only on the property so acquired and they shall not be included in any limitation of the bonded indebtedness of such municipality.

Relative to Compensation of members of the legislature.

Amendment to Section 9 of Article V of the Constitution relative to compensation of members of the legislature.

Section 9. The compensation of the members of the legislature shall be three dollars per diem during the term for which they are elected, and they shall receive no further compensation than as specified in this section for service when the legislature is convened in extra session. Members shall be entitled to ten cents per mile and no more for one round trip to each regular and special session of the legislature by the usually traveled route. Each member shall be entitled to one copy of the laws, journals and documents of the legislature of which he is a member, but shall not receive, at the expense of the State, books, newspapers or perquisites of the office not expressly authorized by this constitution.

NOTICE is further hereby given that the place for voting upon the above Amendments to the Constitution in each of the several Wards and Precincts of the City will be the same as for the General November Election, and the hours for voting upon said Amendments will be the same as for voting upon all other matters at said election.

Dated October 8, A. D. 1928.

One's Own Roottree Makes for Ambition

Although home ownership has increased measurably during the last few years as the result of educational programs carried on by realtors and savings associations, the majority of American families still pay rent. Only about 35 per cent of American families are under their own roof-trees. This proportion could be largely increased in the opinion of a city real estate manager, if as much stress were placed on the spiritual values as on the material value of home ownership.

"Assuming that the purchase is properly financed," he says, "the material advantage of home ownership over renting is indisputable. To my mind, however, the greater benefit is the enrichment of life itself that comes with planting one's own roots in the soil."

"A strange and wonderful experience comes to the man, who for the first time, owns his home. Hitherto he has been a nomad, living in other people's houses, subject to their regulations, whims and legal requirements. He may live in them a long time and never become a part of them nor they of him. But let him acquire the land and the house that stands on it—and forthwith he begins to grow in an amazing number of ways. He becomes established. He becomes identified with that piece of land and that house. It is his. He is part of it and it becomes part of him in many senses. It acquires the marks of his tastes. Its design, furnishings, upkeep and gardens all become symbols of himself."

"So many people hope to own their own homes eventually and set it as a goal in their lives, but delay too long. The time to begin owning a home is when you can get enough credit to go into debt for it. This provides a spur to ambition; a point on which he can focus his expenditures so that they bring him the greatest return in health and happiness."

Mass Coloring New Object of Builders

American commercial and domestic life is writing its history in buildings with its own individuality, says Harvey Wiley Corbett, nationally known architect and authority on construction.

Every form of architecture the world has known, Mr. Corbett points out, has resulted from two factors: The needs of the people, and the materials available. But it was the skill with which materials were used to meet the needs, which reflected the art and the ingenuity of the period.

With the development of this new type, Mr. Corbett says, the trend will be more and more away from petty decorative details, and toward the skillful distribution of masses, and the use of color. Instead of minute and purposeless ornamentation, obviously superimposed upon a building, color will be applied logically, over large spaces, as an integral feature of the terra cotta, or other facing materials. The distribution of masses, Mr. Corbett declares, will meet the needs of the building's occupants, with as much beauty as is possible.

Urge Clean Homes

It is full as important to render the home safe from fire and the depredations of the elements as it is to make it colorful and cheerful for its occupants. The mission of the fall clean-up campaigns is to achieve both of these highly desirable and essential ends.

Each year larger numbers of communities are recognizing the peculiar menaces of the winter months and are holding a clean-up campaign in the fall as well as in the spring in order to safeguard themselves at both times of the year.

City Planning Pays

The present haphazard growth without planning for the future which most American cities experience now involves an annual loss of more than a billion dollars, John Nolen, landscape architect and city planner of Cambridge, Mass., declared before a convention of the International City Managers' association.

More than 200 American cities now have such plans, Mr. Nolen declared, while zoning ordinances have been adopted by 580 cities and planning commissions established by 587.

Game Clubs Are Planting

Towns and cities are doing their part in creating community forests on their idle lands and on the watersheds of their reservoirs. Wise farmers are setting slacker acres to work growing wood crops, says the American Tree association. Fish and game clubs are planting areas to serve as sanctuaries and to protect the streams. Land owners are beautifying and making more valuable nonworking acres.

Age of Outdoor Life

This is the age of sunshine and outdoor life. Houses are built with many windows, sun parlors, sleeping porches and daylight basements. Homes are brighter, cheerier and healthier. To make nice an old house is to bring the sunshine in with more and larger windows.

About two weeks before, the East Jordan League had been entertained at Harbor Springs so everyone was acquainted and enjoyed themselves. There were about thirty of the Harbor Springs Leaguers present.

Management of the East Jordan A. & P. Tea Co., store was changed first of this week. Mr. and Mrs. Lewis Ellis, who have been in charge here for the past three years, were transferred to Cadillac, Mr. Ellis going there Tuesday afternoon. Mrs. Ellis with children plan to go latter part of this week. Mr. and Mrs. Clifford Heller, former residents of East Jordan, who have been in charge of the Charlevoix branch, were transferred to and are now in charge of the East Jordan store.

A Bank of Character, Strength and Service

Known throughout this section of Michigan for its Character, Strength and Outstanding Service, the Peoples State Savings Bank is a desirable banking affiliation.

To have an account here bespeaks well for the individual—in fact, as one of our depositors has expressed it, is in itself an excellent recommendation.

Five dollars, or as little as One Dollar will open your Savings account here, and a little added to it regularly will keep it going. Systematic deposits plus compound interest mount up surprisingly fast, and in a comparatively short time you will be pleased with the substantial size of your account.

Women Are Partners

More than ten million women march to work every morning side by side with the men. Steadily the importance of women is gaining not only in the routine tasks of industry, but in executive responsibility. I include also the woman who stays home as the guardian of the welfare of the family. She is a partner in the job and the wages.—HERBERT HOOPER in his Newark speech.

Daniels Praised Hoover

"Herbert Hoover," said Secretary Josephus Daniels in 1920, "accomplished a monumental work in Europe and in this country. It was my very great privilege to be intimately associated with him during the war and since the armistice. He is a man of the most commanding abilities."

Good Health demands sound kidneys

Kidney trouble is real trouble and the root of other serious disorders: backache, dull headaches, weary, "too tired" feeling, rheumatic pains, nervousness, sleeplessness, and irregular bladder action.

Foley's Kidney Pills, a diuretic stimulant, have already brought relief to thousands of suffering men and women. Constantly in use over 25 years. Guaranteed to give satisfaction. Low cost. Sold everywhere. Try them.

Heat and Storms

The reason we always feel warm just before a storm is because there is so much moisture in the air that it cannot absorb the perspiration of the body. This process of evaporation of the water from our skins is the chief means by which our bodies are kept cool.

Hoover Saved 20,000,000

Football-Team Winning Games

(Continued From First Page)

Cheboygan to a stand still. The outstanding stars in this game were Blossie already mentioned and Howard Baker at center. Howard Baker played the best game of his football career. Breaking through the heavy Cheboygan line time and again and making sensational tackles, and musing up the Cheboygan center and line in general. Both of East Jordan's ends also played stellar ball in this game. Vail Shepard and Cliff Dennis. Right now it is doubtful if there are two ends in northern Michigan football circles who play a better game than these two East Jordan football "trunts." They seldom miss a tackle and it is practically impossible to circle their ends. Whatever is done by another team has to be done by sheer brute force through the center of line.

NIGHT COUGHS QUICKLY RELIEVED.

Coughs and colds usually grow worse at nightfall. Most coughing is caused by an irritation of the throat or bronchial tubes, which continued coughing only aggravates. Such coughs are quickly stopped and controlled by Foley's Honey and Tar Compound. Hold the dose for a time, low in the throat as for a gargle, then swallow. Relief follows at once. Effective alike for children and grown persons. Try it.—Hite's Drug Store. adv.

State News in Brief

Kalamazoo—Kittens have appeared on the city wholesale market here for the first time. They sell readily at 15 cents apiece.

Benton Harbor—Two thousand bushels of apples, the entire crop of the L. A. Boyd orchards at New Troy, were picked in two days this year. To do this, Boyd hired the entire student body of the Emanuel Missionary College.

Pontiac—George Sibley, Jr., 19 years old of Clarkston, was instantly killed when the truck he was driving was struck by a Grand Trunk passenger train at the Andersonville crossing, West of Waterford, and dragged 200 yards.

Sault Ste. Marie—The city commission of Sault Ste. Marie voted unanimously in favor of placing on the ballot the question of whether the city shall be bonded for \$50,000 to build a community building with skating and hockey facilities.

Lansing—Frank Venik, who two years ago was sentenced to serve from five to fifteen years in the Michigan Reformatory at Ionia for breaking and entering in the night, has been paroled by Gov. Fred W. Green, for deportation to Kiel, Russia.

Muskegon—The second 1,000-barrel oil well in the Muskegon field was reported at the No. 3 Figge well of the Lima Oil Corp. This well came in with a flow of 42 barrels an hour, or 1,008 a day. The well of the Muskegon Development Co. came in a week previous with a 1,250 barrel flow.

Lansing—B. H. Tucker, formerly with the United States Bureau of Mines, and for the last three years with the conservation branch, United States Geologic Survey, with headquarters at Duncan, Okla., has been appointed by Governor Fred W. Green as inspector of oil and gas well drilling in Michigan.

Detroit—By using, when completed, the new Ambassador bridge between Detroit and Windsor instead of going around the south shore of Lake Erie, tourists driving to Niagara Falls will save 38 miles on their trip from Chicago, 104 miles from Grand Rapids, 77 miles from Battle Creek, 77 miles from Kalamazoo, 137 miles from Detroit and 10 miles from Fort Wayne.

Escanaba—As result of the Upper Michigan Air Congress, held at Menominee recently, a county commission of five men have started out to select a site for a county owned airport here. The Upper Peninsula Airways, Inc., has a field here but it is not considered large enough to handle the air traffic which will come to Escanaba in the future. William H. Needham, chairman of the committee, stated.

Hudson—Frank F. Rogers, State highway commissioner, informed John L. Richard, Lenawee County highway engineer, that the State Highway Department and the State Administrative Board are giving favorable consideration to a new route for the Carleton highway to be paved next spring between Adrian and Hudson. The new road would run through Cadmus and skirt Clayton, Hudson and Pittsford on their northern edges.

Battle Creek—Rewards of \$500 for each arrest and conviction of hunters who invaded the bird sanctuary on the Michigan State College demonstration farm near Gull Lake, have been posted by W. K. Kellogg, breakfast food manufacturer, who only a few weeks ago gave the farm to the college. G. H. Corsan, caretaker of the sanctuary, reported to Mr. Kellogg that hunters had killed a large number of wild turkeys, geese and pheasants.

Birmingham—Before a single tree can be cut down here a hearing must be held before the village commission to decide whether it is necessary. The commission made this decision following the filing of a protest by a delegation headed by Miss Margaret Whitmore. The protest followed the wholesale removal of trees for the widening of Woodward avenue and other streets. Citizens claim that much of Birmingham's beauty comes from trees.

Kalamazoo—After crossing the ocean to marry her Kalamazoo sweetheart, Mrs. Birger Larsen, formerly Miss Ingrid Kleppe, of Norway, has been told she will have to return to her old home after "visiting" her husband a year. The complication is a result of a technicality in the American immigration law. When Larsen sailed two years ago, Miss Kleppe made application for an immigrant's permit to enter this country. After waiting two years, the best she could get was a visitor's permit, which expires at the end of a year.

Sault Ste. Marie—All 16 gates of the international compensation dam at the head of the St. Mary's Rapids here were opened recently in an effort by the Governments of the United States and Canada to lower the level of Lake Superior, which is almost three feet higher than the September stage of 1926. Many beaches on Lake Superior have disappeared. The water now reaches into the woods. In some cities, especially Duluth, business houses near the lake find their basements flooded. Many docks are under water.

PRIVATE PEAT

"It's a Long Way to Tipperary."

Private Peat is a soldier, who speaks from experience. He knows war—its mud and blood and filth, its thrilling adventures and sublime heroisms. In this great lecture he describes actual experiences in the World War with a stark and vivid power that leaves his audience breathless.

Who won the World War? "Not Britain nor her Dominions overseas," says Peat, "nor yet France, Italy, Belgium or a half dozen Allies"—who then?

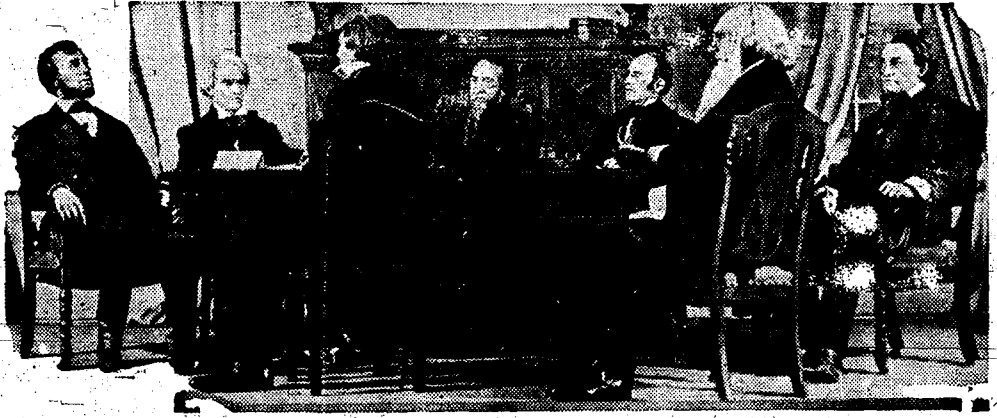

Is peace for the world to be won by disarmament, by pacts, world courts, leagues, outlawry of war, unpreparedness, preparedness, can it be won by Christianity? These are some of the vital questions Private Peat discusses.

Scene from Drinkwater's Great Play "Abraham Lincoln"

Drinkwater's "ABRAHAM LINCOLN" Great Play

John Drinkwater's famous play gives a picture of the Great Emancipator unbelievably real and gripping. It is a drama of character, powerful, simple, moving. Drinkwater reveals the very soul of Lincoln.

The play is arranged in six scenes. The first scene pictures Mr. Lincoln at his home in Springfield at the time he is notified that he is the chosen candidate for the Presidency. There is a scene showing him and his Cabinet at the Declaration of War; then, an incident in his home life in Washington, and a second meeting of the Cabinet at the signing of the Emancipation Proclamation. There is a scene dealing with the surrender of Lee at Grant's headquarters and another portraying the final tragedy at Ford's Theatre.

The DI GIORGIA ORCHESTRA

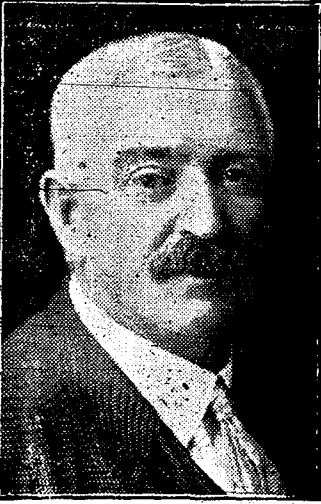

Headed by Signor Thomas DiGiorgio, who has a record of more than 30 years successful experience as orchestral conductor and instructor, this concert company offers a rare example of musical perfection and accuracy. They have a concert orchestra of piano, violin, cornet and either trombone or Alpine horn, and can readily change to a string quartet of violin, cello, mandolin and guitar, playing either the bright spectacular music of Italy or the dreamy songs of the tropics.

Stick To The Old Party

SENATOR CAL. A. CAMPBELL

Senator Campbell is a candidate for re-election to a second term. Staunch, true and influential in the councils of the administration and a fighter for his district.

That has given our country all of its prosperous times. To the party that always talks in constructive terms, and never in fault-finding, pessimistic, complaining terms. The old party needs the support of every Loyal Republican. It has nominated a ticket of men that can be vouched for, men of tried experience, men of sterling worth, men that have been responsible for our country, state and nation's progress. You will be inclined to split your ticket for this one and that one as a favor, or a compliment or through friendship. Don't do it. Party solidity is essential to party success. Your vote, wrongly placed, may do an irreparable harm. The principles of our glorious old party are worth fighting for and the least you can do is to put a cross at the head of the Republican Ticket and you will not thereafter be called upon to make excuses for your action.
