EAST JORDAN, MICHIGAN, FRIDAY, SEPTEMBER 26, 1930.

NUMBER 39

## County Fair Worth While

MANY ATTRACTIONS HOLDING ATTENTION OF CROWDS.

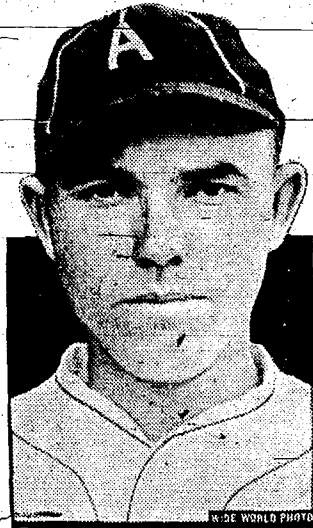

With excellent weather, fine exhibits and other worth-while attractions, the 46th annual Charlevoix County Fair is drawing crowds from all sections of Northern Michigan to East Jordan this week.

To go into details is superfluous. You have got to see the many and varied attractions to fully appreciate the splendid showing being made at the grounds here this week.

### WEDNESDAY'S RACES

Lovers of the turf are getting their money's worth of horse racing. Wednesday's winners are as follows:—  
2-20 class, trot or pace, purse \$200. Hill Silk, owned by Wm. Beauchamp of Cheboygan, took first. Josie Bing, Fred Clemens, Onaway, second. Peter Thompson, Jesse Smith, Charlevoix, third. Alice Gordon, J. H. Elzinga, Ellsworth, fourth. Etta Brino, Ralph Bacot, Charlevoix, fifth. Time: 2:17—2:19—2:18 1/2.  
In the 2:10 class, purse \$200, Eileen Patch, owned by M. J. Gillespie of Sault Ste. Marie, Mich., took first. Canton Stout, Fred Clemens, Onaway, second. Baldy Direct, F. E. Seifert & Son, Petoskey, third. Johnny Quirk, Gillespie, fourth. Time: 2:16—2:15 1/2—2:18.  
The third event— one-half mile Run, purse \$50, was won by Lord James, owned by Scotty McCloud of Chboygan. Mary G. McCloud, second. Gypsy, Harold Smith, Central Lake, third. Colonel, Joseph Prevo, East Jordan, fourth.

### New Robin Hurler

Earl Mattingly, right-hand pitching star of the Asheville Tourists, who has been sold to the Brooklyn Robins. He will finish the season with the Macon club and report to Brooklyn next spring.

### Indian Pilot at Haskell

Louis Weller, Caddo Indian from Anadarko, Okla., captain of the Haskell Institute football team which will play eleven games with leading colleges throughout the United States this season. Weller is also a finished basketball and baseball player.

Constantly going to the mat over trifles tends to keep a man down.

Life can never be one grand sweet song if your face is as long as a fiddle.

Love draws more plans for air castles than all other architects combined.

It's waste of time to tell some people that it's a waste of time to worry.

## PRIZES AWARDED COUNTY SCHOOLS AT THE FAIR

Prizes awarded the various schools of Charlevoix County, as reported by Commissioner of Schools, Wm. C. Palmer, are as follows:

<b>Evangeline Township</b>	
District 4—Tainter	\$13.00

Gordon Boyer, Walker School, 1st prize, \$5.00.	
Homer Emmons, Walker school, 2nd prize, \$3.00.	
Forrest Fenscel, Knop school, 3rd prize, \$2.00.	

## SIXTEEN DAIRY CALVES & YEARLINGS EXHIBITED AT SHOW

The first annual Achievement Day for the Barnard Calf, Pig, and Canning Clubs held last Saturday at Barnard exceeded fondest expectations. The weather was great, program fine and the display of young livestock excellent.

Highlights on the program were the splendid music by the Barnard Band, the highly interesting talk by L. V. Benjamin, District Club Leader, talks by Warren Shapton and James Block on Club trips to the State Fair and Gaylord Club Camp respectively, remarks on what the parents think of club work by Earl Shapton and songs led by Dorothy Smith. Talk about a ball game, you should have seen the old boys beat the club youngsters by a score of 15 to 14.

The exhibit of calves and pigs was a surprising feature of the day. Generally speaking, they were fitted and prepared for the Show in an excellent manner by the club boys. The horns were polished to a brilliant luster, the hair was brushed and combed, also, the calves were trained to lead.

Ribbons were awarded by the various Breed Associations. Prize money awarded the winners was generously donated by the Charlevoix Co-operative Association, Charlevoix Chamber of Commerce, E. A. Young, Realtor, and the two Charlevoix Banks. Thanks for this splendid assistance.

In the Holstein Class, under eight months, Marion Jackson, East Jordan won first place. In the Holstein Class over eight months, first place went to David Matchett, Charlevoix. In the Guernsey Class under eight months, first place was won by Edwin Grgory, Charlevoix. Carlton Smith won first in the Guernsey class over eight months.

Newton Pierce, Charlevoix, won first in the Shorthorn class. Martin Richardson, Charlevoix was awarded first in still another class. In the Pig Club group first place went to Carlton Ager.

All in all it was a great occasion, and one that will be remembered by the Club members, parents and friends.

B. C. MELENCAMP,  
County Agr'l Agent.

### CARD OF THANKS

We wish to extend our sincere thanks to the many friends for their kindness during our recent bereavement.

Samuel Simmerman, Willett Simmerman, George Simmerman, Clyde Simmerman, Mrs. Bertha Gitzmaker, Mrs. Mary Rebone.

Neighbor—You look tired and sleepy, Janie.

Little Jane—It's that new baby at our house—he broadcasts almost all night long.

Women are riddles, in spite of the fact that some of them are rather plain.

## L. G. WILLIAMS DIES FROM AUTO ACCIDENT

L. G. Williams, son of Mr. and Mrs. Forrest Williams of Detroit, and former residents of Jordan Township, received injuries in an auto accident, Sept. 1st, from which he died Sept. 3rd.

Mr. and Mrs. DeWitt Williams of Jordan township accompanied Mrs. Carl Brown to Marion, Ind. At Detroit, Mr. and Mrs. L. G. Williams joined them on the trip to Marion.

Returning to Detroit Sept. 1st, and, while near Fort Wayne, Ind., their auto was in collision with another car, both L. G., and DeWitt being rendered unconscious, and their wives were cut and bruised. They were taken to the Lutheran Hospital at Fort Wayne, where L. G. passed away Sept. 3rd. The other three have recovered and discharged from the hospital.

L. G. Williams was 23 years of age, being born Feb'y 9th, 1907 in Jordan Township, Antrim County, Mich. On March 8th, 1930 he was united in marriage to Miss Genevieve Higgins at Detroit.

Deceased is survived by his wife, and parents, and one brother, DeWitt Williams of Jordan Township, and one sister, Mrs. Elizabeth McLean of Detroit.

The remains were taken to the home of his parents in Detroit where funeral services were held Sept. 19th. The remains were brought to East Jordan and funeral services held Saturday afternoon, conducted by Rev. James Leitch, pastor of the M. E. Church. Interment at Brown's cemetery in Jordan Township.

## Oct. 5th Will Be Go-To-Church Sunday

October 5th has been designated as Rally Day and Go-To-Church Sunday for Charlevoix County by the County Council of Religious Education. Parents are requested to see that their children attend the Sunday School of their choice on that day and everyone is urged to attend some Church service. This is a county-wide movement.

The darkest hour in any man's life is when he sits down to plan how to get money without earning it.

## GOOD CROWD ATTENDED P. T. A. RECEPTION

The P. T. A. held their reception for the teachers on Friday evening, Sept. 19th. The Gymnasium room of the High School was decorated with lovely autumn flowers. The teachers were introduced to the parents of the children, members and friends, and a very happy social hour was spent, at the close of which refreshments were served.

Many who intended to be present were detained on account of the prevailing storm.

The program for the year is being planned and we feel assured we will have another successful year ahead.

There are a great many people in East Jordan who do not belong to the P. T. A. We would be most happy to be able to say that in every home at least one belonged to this organization. Come and be one of us.

—Secretary.

## FUNERAL OF MRS. LIZZIE SIMMERMAN LAST THURSDAY

Mrs. Lizzie Simmerman passed away at the Ann Arbor Hospital, Sunday, September, 14th, 1930, following an illness from ulcers of the stomach.

Lizzie Myria Gaunt was born in Ohio, Oct. 10th, 1867, her parents being John and Anna Gaunt. She came with her parents to this region in 1869. On Nov. 17th, 1884 she was united in marriage to George Simmerman at Petoskey, Mich. Mr. Simmerman passed away Feb'y 12, 1922.

Deceased is survived by the following sons and daughters:—Samuel Simmerman of Ozark, Mich.; Willett of Muskegon; George of Detroit; Clyde of Missawauka, Ind.; Mrs. Bertha Gitzmaker and Mrs. Mary Rebone of Muskegon. Also by two brothers and three sisters:—David and Joseph Gaunt and Mrs. Ira McKee of East Jordan; Mrs. Emma Sandel—Charlevoix; Mrs. Charles Earl, Boyne City.

The remains were brought to East Jordan and funeral services were held from the Church of God, Sept. 18th, conducted by Rev. Roy Sheldon of Boyne City. Interment at Sunset Hill.

## Here's New Way to Get Over Water

Bill Wright of the Hampton Roads (Va.) naval base is here seen taking a "walk" on the water at Ocean View with his Austrian water skis and a sail. It is lots of fun when the water is calm.

## Checks For Primary School Money Sent To Various Townships

Checks totalling \$75,210.24, Charlevoix County's share of the primary school money, were mailed to township officers Monday by County Clerk Fenton R. Bulow.

The distribution was made of the basis of \$17.92 per pupil and was distributed as follows:—

Bay Township	\$2,204.16
Boyer Valley	5,907.36
Chandler	555.52
Charlevoix, City	13,529.80
Evangeline	18,081.28
Eveline	2,331.36
Hayes	4,229.12
Hudson	322.56
Marion	3,601.92
Melrose	3,422.72
Norwood	2,275.84
Peale	716.80
St. James	2,096.64
South Arm	12,597.76
Wilson	2,777.60

## Football Squad Wins Opener

E. J. H. S. DEFEATS ST. IGNACE THERE, 13 TO 0.

East Jordan's High School Football team started off in a better way this year. The best spirited squad in the history of the school have turned out and are determined to put the school back on the map. A squad of 18 men were chosen to take the trip up North.

Scoring was done in the first half. A touch down by William Holstad and Bill LaLonde was a place kick by LaLonde was the damage done.

The boys play Lake City on Friday, Sept. 26, at a County Fair attraction in that city. And the big game of all is Wednesday, Oct. 1st at East Jordan with Charlevoix. The town should turn out and support the boys in their first engagement at home. The squad is made up of:—

Ends—Howard Sommerville, Alva Brooks, Dale Clark, Billy Malpass. Tackles—Max Bader, Francis Liliak, Pete Hegerberg, Gwendon Hoyt, Joe Boyd.

Guards—Dan Reich, Carl Sutton, Gilbert Joynt, Martin Sommerville, Frank Sweet.

Center—Roy Gunderson, Roy Busseler.

Quarter Back—Claude Lorraine, Harold Bader.

Half Backs—Arne Hegerberg, William LaLonde, Walter Ellis.

Full—Hobbie Sommerville, William Halstad.

### FOOTBALL SCHEDULE—1930

Sept. 20—St. Ignace, There.  
Sept. 27—Lake City, There.  
Oct. 1—Charlevoix, Here.  
Oct. 11—Harbor Springs, Here.  
Oct. 17—Gaylord, There.  
Oct. 24—Mancelona, There.  
Nov. 8—Boyer City, Here.

organic matter and free from foul weeds especially quack grass makes a very good raspberry bed. As we learn more about them, we believe we can by adding chemical fertilizer in right proportions balance the fertility in our soils to make it even better, but we have not as yet progressed that far, so will have to be content to use fertilizer only on trial plots.

By using disease free plants and keeping free from weeds and making application to the nursery inspection department and with their assistance keep our berry patches free from disease. Under those conditions it will be possible to keep a field producing indefinitely.

The cost of setting out an acre of raspberries in this section is not high, because two thousand plants will set an acre and they can be bought from the local growers at about ten dollars per thousand.

The cultivating and weeding the first year should not cost over \$25 per acre. The second year cost will be about the same and there should be enough berries produced to pay for all labor. After that they should produce a profit over and above expenses of from one to several hundred dollars per acre yearly.

## LONG ILLNESS FATAL TO MRS. LA VALLEY

Mrs. Nona Stamper-LaValley, 32 years old, of 602 Howden Street, Muskegon Heights, died Wednesday afternoon, Sept. 17th, 1930, at the Muskegon County Sanatorium, after an illness of four years.

Mrs. LaValley is survived by her husband, Clinton LaValley, and four children, Allison, 12 years old, Richard 9, Gloria 4, and Robert 3 years. Her mother, Mrs. Barbara Stamper of Muskegon Heights, and two brothers, Enoch Stamper of Muskegon Heights, and Boone Stamper of Detroit also survive.

Funeral services were held from the Harold A. Wood Funeral Home, conducted by Rev. R. W. Potter. Interment at Mona View cemetery.

### CARD OF THANKS

We wish to express our sincere appreciation of the many acts of kindness extended us by friends during our recent bereavement, and for the beautiful floral offerings. Also wish to thank the minister and pall-bearers.

Mr. and Mrs. Forrest Williams; Mrs. L. G. Williams; Mr. and Mrs. Walter McLean; Mr. and Mrs. DeWitt Williams and family; Mr. and Mrs. S. G. Thompson; Mr. and Mrs. E. B. Williams.

To the flapper, life is a story, divided into "Chap one," "Chap two," and so on.

A single flash of lightning concentrates many times more energy than could be produced at one instant by all the power plants in the world.

REPAIRS for Everything at C. J. MALPASS HDWE CO. 29-1f

day. Nine of the party of twelve went on a trip to Mackinac Island. Mr. and Mrs. Peter Stanek and son, Archie spent Sunday afternoon at the home of Mr. and Mrs. Anthony Korton.

Mr. and Mrs. Charles Janack and children of Boyne City were Sunday visitors of Mr. and Mrs. Albert St. John.

Mrs. Alice Rozell spent the week end in Frankfort visiting relatives. She accompanied her granddaughter, Mr. and Mrs. Burton Brooks of North Boyne.

Mr. and Mrs. Charles Hott were Sunday dinner guests of Mrs. Hott's nephew, Marion Hudkins and family. Frank Behling Jr., purchased the Lewis warehouse of Boyne City last week.

Fred Dodds of Boyne City is plowing for Behling and son this week.

Eugene Kurchinski of Nowland Hill, leader of the Boyne City High School Band, accepted an invitation to supper, Tuesday at Camp Doggett on Wallon Lake. Afterwards there was a meeting of the different organizations—Boy and Girl Scouts, Hi-Hy's and High School Band.

Among those present were Mr. and Mrs. Close, Superintendent of Boyne City school, Rev. Helgrie, Mr. and Mrs. Koch, Mrs. C. Naylor, D. D. Dicken, several teachers, and several Boy and Girl Scouts and Hi-Hys.

The cottage, donated by W. P. Porter of East Jordan to Camp Doggett, Mr. Kurchinski states, has no equal.

Ed. Nowland spent the week end in Muskegon, where his son, Charles, of East Jordan has employment. He accompanied Mrs. Charles Nowland and niece, Pauline.

Peter Kesler of Indian River visited his niece, Mrs. Victor Peck last week.

Mr. and Mrs. Floyd Small of Topabee spent the week end with Mr. and Mrs. James Simmons.

Mr. and Mrs. Frank Stanek and children of Jordan Twp. spent Saturday evening at the home of his brother, Peter Stanek and wife, playing several games of pedro.

George Jaquays and a party of business men of East Jordan made a business trip to Remus on Thursday, a week ago.

Veterinary Pomeroy of Boyne City tested cattle for TB here this week.

Glenn Short, the McNess man was in this community on business for his Company.

Eugene Kurchinski of Nowland Hill, leader of the Boyne City Band and 22 of the Band boys were at the Cheboygan football game Saturday afternoon.

Frank Behling Sr. is improving the looks of his large barn by painting it. His son and Mr. Benzer of Boyne City did the painting.

Mr. and Mrs. Roy Nowland and daughter, Shirley spent the week end with his parents, Mr. and Mrs. Albert Nowland, on their return from their trip to Detroit and other cities. Mr. and Mrs. Omar Scott and family of Boyne City were Sunday dinner guests also.

Mr. and Mrs. Milo Clute and children spent the week-end with her brother, Floyd Wilber and wife of Old Mission. Mr. and Mrs. Stanley McNally and her sons, Estel and Orville Clute and Guy Wilber of Boyne City were also Sunday visitors there.

Misses Mary Guznick and Ruby Hardy of Petoskey spent Sunday at the homes of their parents.

Herman Griffin of Boyne City is working for Harry Behling this week.

Mary, Dorothy, Margaret, Bessie, Helen and Louise Behling took lunch with Mr. and Mrs. Fred Stanek of Legion Lodge on Intermediate Lake and enjoyed a boat ride and had a good time Sunday afternoon.

**PENINSULA**

(Edited by Mrs. E. Hayden)

Mr. and Mrs. Orval Bennett of Honey Slope farm attended the funeral of an aunt of Mrs. Bennetts in Charlevoix, Sept. 16th.

Dr. Pomeroy of Boyne City was on the Peninsula Wednesday and Saturday testing cattle for TB, so far as reported, he found no reactors.

W. F. Wurn went with others to the Traverse City Fair, Wednesday to take part in the stock judging contests, but was ill and could not do anything.

A great many from this section attended the funeral of Mrs. Lizzie Simmerman, who died at a hospital in Ann Arbor Sept. 15th. She was for years a much loved and respected resident of the Peninsula, having come with her parents, Mr. and Mrs. John Gaunt from Ohio when she was one year old and lived at what is now called Shore Acres, owned by Mrs. Irene Marie Walters. She was born Oct. 10, 1867. After her marriage to George Simmerman in 1884 she lived for many years on the farm now owned by Mr. and Mrs. Daniel Faust. Six children survive: Sam of Trout Lake, Willett of Muskegon; Clyde of Detroit; Wesley of South Bend, Ind.; Mrs. Bertha Gritzmaker and Mrs. Mary Rebene of Muskegon, all of whom with their families were here for the funeral, which was held at the Church of God Chapel in East Jordan, Sept. 18th. She was a sister of David Gaunt of Three Bells Dist.; Joe Gaunt of Nowland's Lake; Mrs. Emma Sandle of Charlevoix; Mrs. Ira McKee of Star Dist., and Mrs. Martha Earls of Boyne City, all of whom were at the funeral with some of their family. The close relatives filled more than half of the chapel. The services were conducted by Rev.

LeRoy Sheldon of Boyne City. The caasket was completely covered with flowers and a great many pieces were banked around it. Interment in Sunset Hill. Mr. Simmerman died several years ago, since which time Mrs. Simmerman has lived in a home which they had purchased in East Jordan, when she was not administering to the needs of some member of her family which has taken her to different parts of the State. She became ill with ulcers of the stomach at the home of her son, Sam, near Trout Lake, U. P., several weeks ago and wishing to be with her daughters in Muskegon, was taken there some weeks ago, from there she was taken to Ann Arbor for an operation from which she seemed to be recovering, but succumbed to hemorrhages very unexpectedly the 8th day. One son who was waiting for the visiting hour was at the hospital at the time of her death.

Mr. and Mrs. Willett Simmerman and family of Muskegon were entertained by Mr. and Mrs. Will Gaunt at Knoll Krest, Tuesday night.

Mr. and Mrs. Clyde Simmerman and family of South Bend, Ind., were guests of Mr. and Mrs. Geo. Staley, Wednesday night.

Mr. and Mrs. David Gaunt entertained Mr. and Mrs. Clyde Simmerman and family of South Bend, Ind., Tuesday night.

F. D. Russell of Ridgeway farm was painfully injured Thursday when he fell from his silo which he was helping to put up after it was blown down several months ago.

Mr. and Mrs. J. F. Seigler of Millington Mich., were in this section Saturday. Mr. Seigler was writing up cyclone and fire insurance.

Mr. and Mrs. Ralph Gaunt and daughter, Annabelle called on Mrs. Habel in East Jordan Sunday.

Mr. and Mrs. Philo Hurd and family of Horton Bay were dinner guests of Mr. and Mrs. A. B. Nicloy at Sunny Slope farm Sunday.

Mr. and Mrs. A. C. Hurd returned to Sunny Slope farm Sunday after spending a week with their son, Vern Hurd and family at Hortons Bay.

Mr. and Mrs. Will Webb of Boyne City, and Miss Margaret Berry of Petoskey called on the A. B. Nicloy family, Sunday p. m.

Mrs. Charles Healey of Willow Brook farm is caring for Mrs. Ray Loomis and the little new son, at Gravel Hill, north side.

Isaac Flora and son, Harry, of Grand Rapids, and Mr. and Mrs. Charles Murphy of South Arm Twp., called on Mr. and Mrs. Elmer Faust, Saturday.

Mr. and Mrs. Harry Signs and Mr. and Mrs. Jack Newman and daughter of Flint arrived Thursday evening for a few days visit with Mr. and Mrs. Daniel Faust. The whole party including Mr. and Mrs. Daniel Faust were entertained to chicken dinner Sunday at the home of Mr. and Mrs. Elmer Faust at Mountain Ash farm.

Mr. and Mrs. Arthur Gaunt and daughter Freda motored up from Flint Saturday and spent the night with his parents, Mr. and Mrs. David Gaunt, returning home Sunday.

Henry Strong and Mrs. Nellie Evans motored up from Flint to the Joel Bennett home, Saturday. Mr. Strong returned Sunday, but Mrs. Evans will remain indefinitely.

Mr. and Mrs. Clarence Healey and family of East Jordan called on the Charles Healey family at Willow Brook farm, Sunday afternoon.

Born to Mr. and Mrs. Ray Loomis at their home on Gravel Hill, north side, a son, Sept. 21st, who will answer to the name of Clare Alfred. Mother and son are doing well.

Mr. and Mrs. Elton Jarman and Mrs. Harriett Conyer motored up from Traverse City Saturday evening to attend the funeral of their aunt, Mrs. Laura Stanley in Boyne City, Sunday, but the funeral was postponed until Monday, and business arrangements made it necessary for them to return home Sunday evening. They spent the time while here with Geo. Jarman and son, Everett, at Gravel Hill, south side.

A great many in this section are concerned in the death of Mrs. Laura Stanley, which occurred at her home in Boyne City, Sept. 19th. Mrs. Laura Jarman-Stanley was born in the Mountain Dist., July 26, 1869 and spent most of her girlhood there, only a few years which she lived in Ohio with her parents, Mr. and Mrs. Elton Jarman, who returned to the place of her birth in 1881. She was married to Will Stanley at Boyne City in April 1888 and lived near the place of her birth for a good many years, where she raised her family, who are Fred of Flint, and Claude and Mrs. Vera Percy at home. The last few years the family have occupied a home in Boyne City. Mr. Stanley passed this life at the farm home in January, 1917. Mrs. Stanley was a sister of Geo. Jarman of Gravel Hill, and Mrs. Jennie Weisse of Boyne City. Mrs. Stanley has been a great sufferer from dropsy and heart trouble for several years, particularly the last several months, but had not seemed worse than usual, so the end was rather unexpected. She was loved and respected by all who knew her. Interment was in Charlevoix. Funeral services were held at the Church of God Chapel in Boyne City, Monday forenoon.

Courtship consists of a man running after a woman until she has caught him.

If you can carry the "tune" in opportunity you will quickly gather a chorus to support your solo in the symphony of success.

**Cuts Sick Leaves**

Dr. Katherine S. Hoffman, as chief physician to the United States Treasury department, looks after the emergency medical needs of thousands of employees of the department. Treasury officials say the sick leaves have decreased materially since she took over the work in April. Doctor Hoffman is a daughter of Brig. Gen. C. J. Symonds, commandant at Fort Bliss, Texas.

Pontiac—William Rucker, wealthy Metamora, Mich., farmer, frustrated an attempt to hold him up nine miles northeast of here. Rucker was driving north when a light car drew alongside and its occupants ordered him to stop. He speeded up and outdistanced the other car near Orion. The holdup men fired four shots, all of which were imbedded in Rucker's sedan.

Grand Rapids—There must have been an oversupply of trout "plunkers" in the vicinity of Traverse City. Recently the Michigan Air Line Express received an order for 5,000 night crawlers to be delivered by plane from Grand Rapids to Traverse City. The shipment weighed 135 pounds and it took ten worm hunters all night to find that many in the neighborhood of the Furniture City.

East Lansing—C. R. Oviatt, of East Lansing, who has charge of beet sugar extension activities at Michigan State college, has been selected to represent the sugar beet growers of Michigan on the advisory committee which is to operate in conjunction with the federal farm board for relief necessary in that industry. The committee consists of seven members of whom two are from Colorado, one from Nebraska, one from Utah and two from Louisiana.

Owosso—Glen Van Pelt, 16 years old, a member of the Owosso High School football squad, is the first casualty of the season here. Van Pelt sustained a broken neck in making a tackle while at practice. Despite his injury he walked some distance for a drink of water, but when the pain became intense he was taken to the hospital and an X-ray revealed a fracture of the first vertebrae. He was put in a special harness and later will be placed in a cast. He is expected to recover.

Detroit—Wayne County's tax rate will be \$7.41 per \$1,000 assessed valuation for the year 1931, according to the estimates of the Wayne County board of auditors, submitted to the board of supervisors of Wayne County by John C. Cowan, chairman, and William Gutman, secretary. This figure shows an increase of 32 cents per thousand over last year despite the fact that no salary increases were allowed county employees, and no new positions were created. The total amount to be raised is \$34,278,763.72.

Jackson—Two small children were burned to death and their father was severely burned in rescuing two others from their flaming home south of this city. The dead are: Jeanette Martin, 6, and David Martin 4. Juanita, 9, and Irving, 11, were rescued by the father, Clarence, 32. Juanita was badly burned. Martin, whose wife was visiting relatives, fell asleep in a chair after starting a fire in the kitchen range. He awoke to find the house filled with smoke and flames. Dashing into a bedroom he rescued two of the children, but was unable to save the other two.

**Church of God**

10:00 a. m.—Sunday School.  
 11:00 a. m.—Preaching Service.  
 6:30 p. m.—Evening Service.  
 Mid-Week Prayer Meeting, Thursday, at 7:00 p. m.  
 Everyone is cordially invited to attend these services! Come!

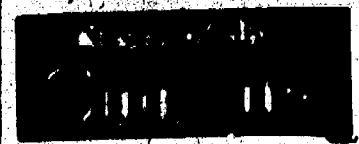

**The PILGRIM HOLINESS CHURCH**  
 A. T. Harris, Pastor  
 Preaching at 8:00 p. m., Sunday.

**In Senate Race**

Mrs. Lottie Holman O'Neill of Downers Grove who complicated the senatorial race in Illinois by entering as the candidate of the bone dry element in competition with Ruth Hanna McCormack, regular Republican nominee, and James Hamilton Lewis, the Democratic-wet candidate.

One hen to the other as the farmer walked past: "There is the guy I'm laying for."

**First M. E. Church**  
 James Leitch, Pastor

10:00 a. m.—Morning Service.  
 11:30 a. m.—Sunday School.  
 6:00 p. m.—Epworth League  
 7:00 p. m.—Evening Worship  
 There will be a meeting of the members and friends of the Church at the church on Monday night, Sept. 29th, at 6:15. This will be a pot luck supper, let every one who possibly can be present, that plans for the vital interests of the church may be made.

**Presbyterian Church**

C. W. Sidebotham, Pastor.  
 C. R. Harper, Foreign Pastor.  
 "A Church for Folks."

10:00 a. m.—Morning Worship.  
 11:15 a. m.—Sunday School.  
 6:00 p. m.—Evening Service.  
 The Young People of the Presbyterian Church of Boyne City will be our guests at this service.

**Latter Day Saints Church**

Leonard Dudley, Pastor

9:00 a. m.—Sunday School.  
 10:15 a. m.—Social Service.  
 7:00 p. m.—Evening Service.  
 7:00 p. m., Wednesday — Prayer Meeting.  
 All are welcome to attend these services.

"That's the cat's pajamas," remarked Mr. Henpeck, as he picked up his wife's sleeping-togs.

**MICHIGAN BELL TELEPHONE CO.**

Long Distance Rates are Surprisingly Low

FOR INSTANCE:

for \$1.25 or less, between 4:30 a. m. and 7:00 p. m.—

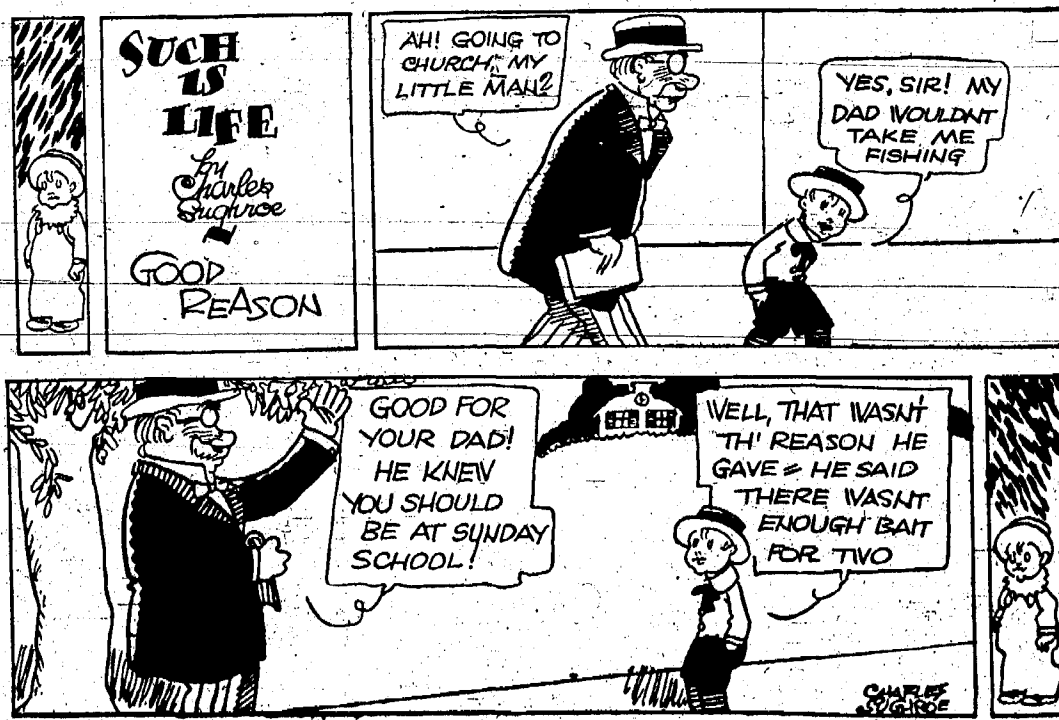

You can call the following points and talk for THREE MINUTES for the rates shown. Rates to other points are proportionately low.

FROM EAST JORDAN TO: Day Station-to-Station Rate

ANN ARBOR	\$1.25
LANSING	1.10
PONTIAC	1.20
ROYAL OAK	1.25
SOUTH HAVEN	1.20
BIRMINGHAM	1.20

The rates quoted are Station-to-Station Day rates, effective 4:30 a. m. to 7:00 p. m. Evening Station-to-Station rates are effective 7:00 p. m. to 8:30 p. m., and Night Station-to-Station rates, 8:30 p. m. to 4:30 a. m.

For fastest service, give the operator the telephone number of the person you are calling, which can be obtained from "Information"

### ONE IN 500 BURIED ALIVE IN EUROPE

#### Doctors Start Movement to Halt "Errors."

Paris.—With official announcement that an average of one person in every 500 buried is interred alive in Europe, a group of 85 deputies, nearly all of them physicians or surgeons, have submitted a project of law to the government requiring a verification of disease by a medico-scientific proof before a permit for inhumation is delivered.

The parliamentary group requests the cabinet to consult the Academy of Medicine and the Academy of Sciences to aid in adopting the surest means to ascertain that a person is dead.

**Miser Attitude Blamed.**  
Doctor Dervieux of the medico-legal institute, in an interview asserted that statistics reveal that two per thousand are buried alive in most advanced continental countries and that in certain others—Balkan states, for example—the percentage probably runs much higher. The figure includes newly-born infants.

Most such cases occur in the provinces and are due to the miser-like attitude of peasants who refuse to call a doctor to pronounce a patient dead. When a patient expires, or seems to, his relatives or friends rush to the doctor who has been attending him—of her—and tell him there is no necessity for making another call, that the patient has expired.

"The best method of insuring that death has arrived," said Doctor Dervieux, "and the process which will be adopted doubtless, is an injection of fluorocaine. A small dose of this is not deadly and will not hurt a patient who is not dead. If it is injected into a corpse it spreads over the whole body which takes on a greenish hue."

Doctor Dervieux asserted that burning the soles of the feet had been suggested as a test. "But a person could be burned so gravely that he would die from the effects," objected the doctor.

**Might Open Arteries.**  
"Opening the arteries has also been suggested. Blood will not flow from a corpse."

"Stabbing a pin inches long through the chest into the heart has been proposed," said the doctor. "There would be a tiny flag attached to the protruding end of the pin and any pulsation of the heart would make the flag wag. But there might be draft in the room and the flag would move and everyone would think the person was not dead."

"Injections of ether have been suggested. Ether runs out again as soon as the hypodermic needle is withdrawn from a corpse and only remains in the body of a living person. One of the surest signs of death is the greenish spot which appears on the abdomen of a corpse at the end of 24 hours, due to the beginning of decomposition; also rigor mortis, but that might be confounded with cataplexy."

In many cases in Europe the funeral of a person is held within 24 hours of death, as it is extremely rare that corpses are embalmed. Even Foch, and Clemenceau were not embalmed, and there are only two undertakers in Paris who do embalming, and they do it exclusively for Americans who die here.

### Trust Fund Left to Tree May Grow to \$750,000

New London, Minn.—Before death Myrica Cerefera Davey, now sixteen years old, will be worth more than three-quarters of a million dollars because of a trust fund of \$100 established here. Compound interest is the answer.

Myrica, who lives in a public park here, owns the passbook in which the \$100 deposited by a godfather, James A. G. Davey, of Kent, Ohio, will grow to \$750,000 before Myrica's normal expectation of 200 years of life have been reached.

Myrica Cerefera was known to the pilgrims on the Atlantic coast as the bayberry tree and candles were made from its berries. These wax-like berries also were used as a medicine to cure dysentery.

### Pays \$125 in Taxes, But Forgets to Give His Name

Grand Island, Neb.—County Treasurer Hugo Meyers is in receipt of \$125 in currency, to be applied to some one's back taxes—but the writer of the note that came with the money forgot to sign his name. The money came in an envelope bearing a Grand Island postmark. Since then the treasurer has conducted a long search for the sender, but is still holding the money.

### Term Nearly Ended, Convict Strolls Off

Walla Walla.—Efforts of Washington state prison authorities to capture Pat Murphy, who walked away, have failed. Murphy, working on construction of new trusty buildings, was from King county on one to three years for grand larceny. He had only four months to serve of the minimum term. His escape will mean an extended sentence if he is recaptured.

### TIP TWICE REFUSED OUSTS CUSTOMS MAN

#### Bill Slipped Into Pocket by Arriving Passenger.

New York.—Because a \$5 tip which he had twice refused was slipped into his pocket by an arriving passenger, Theodore Kessler, a customs inspector for 20 years, was dismissed from the service.

Kessler, who was popularly known on the New York docks as Teddy, is the first victim in a war declared recently by customs heads at Washington against graft.

Two other inspectors have been charged with bribes in connection with the smuggling of narcotics, but their case is still pending.

Three weeks ago Kessler was assigned to inspect baggage from the North German Lloyd liner Europa at the army base, Brooklyn. One of the passengers whose baggage he inspected was a Chicago man, who twice offered Kessler \$5 as a gratuity, which he declined.

The passenger—good-naturedly slipped the tip into Kessler's pocket. The act was seen by A. J. May, an undercover agent of the Treasury department.

May searched Kessler and found the \$5. He instantly ordered a reinspection of the baggage. Nothing dutiable which had not been declared was found. The passenger admitted giving Kessler the tip.

A disciplinary board found the inspector guilty and recommended he be suspended 60 days. A commissioner of customs at Washington said that the verdict would not be accepted. Kessler was thereupon dismissed.

The speed of his dismissal, which usually takes from three to six months, shocked the customs service. Kessler entered the department in July, 1907, and was appointed an inspector three years later. He resides at 2921 Tilden avenue, Brooklyn.

### New York Schools Cost Almost Million a Day

New York.—The daily cost to this city of educating the more than 1,200,000 pupils registered in the various divisions of the public educational system is now more than \$980,000. Figures computed on the basis of the annual statistical report of the board of education show that, at the present rate of increase in annual budgets, the cost of the school system for each of the 100 days of the academic year will rise to \$1,000,000 in a few years.

The school system total expenditures during 1929 reached a record figure of more than \$171,000,000. Excepting a possible increase in the capital outlays during 1930, it is estimated that the educational expense will rise by more than \$8,000,000 this year.

The cost of instruction proper was \$504,001 for each school day during 1929, and this year it is estimated to reach more than \$616,000. The daily expenditures of the system include, in addition to salaries of supervising and teaching forces, the average daily cost of supplies, physical maintenance of the school plant, its operation, the administration, business and general outlays, repairs and the per diem average disbursements for the construction of new buildings to provide additional sittings made necessary by increased registration.

### Fleet of Planes Attack Clouds, Break Up Storm

The Hague.—Sunshine or rain at will, in any desired quantities, were promised by the Dutch "rainmaker," Herr Vermaat, today after he led an attack by a fleet of airplanes on a bank of clouds over the North sea. The clouds were broken up and wiped from the skies. Herr Vermaat, with the co-operation of the Dutch war ministry, led five Fokker planes against the clouds about 12,000 feet up. The planes attacked the clouds with ice dust. After about 7,000 pounds of the ice dust had been strewn over the clouds they disappeared. Herr Vermaat plans to make experiments on a larger scale soon.

### Gobbler Wants to Set on Eggs; Is Given Chance

Sharptown, Md.—A large turkey gobbler belonging to Mrs. Mark Cooper, near town, showed a great desire to set on eggs and each day would rout a turkey hen from her nest in the barnyard and take her place. Finally Mrs. Cooper made a nest, placed some turkey eggs in it and put the gobbler on them. For four weeks he sat there patiently and at the end of that time was proud to find twelve baby turkeys. Two have disappeared, but the remaining ten follow the peculiar call of this proud gobbler and are growing fast.

### Snap Shot Hits Gator; Ends Duck Mystery

Chelsea, N. Y.—The mystery of what has caused the continued disappearance recently of ducks in a lake on the Irving Bergen country place in New Hackensack, near here, was solved when an employee shot at an object he saw skimming over the water and found he had stunned a four-foot alligator. Investigation showed the alligator had been brought from Florida, had escaped from a farm in the vicinity of a brook and from there reached the lake and began slaughtering the ducks. The alligator was captured.

### TAKING THE GUESS OUT OF BUSINESS

By JOHN G. LONSDALE, President American Bankers Association

**B**ANKERS and business men are not adopting more universally the tactics of the scientist. When the scientist wishes to fathom the mysteries of the universe or to resolve things into their component parts he calls for his assistance the magnifying power of the microscope. There before him, like an open book, lie the secrets of nature which unaided eyes cannot observe.

The uncanny power of the microscope's all-seeing eye has revealed countless secrets for the material and intellectual progress of humanity. It has enabled us to study the processes of growing cells in plant and animal life, trace the causes of disease and successfully combat the ills of mankind; it has aided the engineer in his search for stronger and more serviceable materials, giving us taller, lighter and more sanitary structures, and better highways; it has disclosed the defects in steel rails and brought us an era of safer railway travel; it has added to the food supply of the nation; in fact, it has affected favorably nearly every activity of the human race, whether it apply to production, distribution or consumption, in time of peace or in time of war.

In the business and banking world, economic research and analysis serve as the microscope through which we are enabled to see basic factors more clearly and thus determine the causes of success and failure. Only recently have we begun to realize the full value of research and analysis and apply them in such a way as to eliminate the guesswork that was characteristic of industry a few years ago. "Eliminate the guess and reach success," might well be a motto for all of us.

### Banking Conducting Continual Research

The American Bankers Association is daily submitting every phase and every department of banking to searching scrutiny and study, says John G. Lonsdale, president of this world's greatest financial association. The findings of these investigations are made available to the 20,000 members of the organization for their guidance. "It is a fine tribute to the spirit of cooperation among bankers that it is able to carry out this work," he says. "Bankers from one end of the country to the other are constantly giving freely and unselfishly of their skill and experience so that the association may produce the truly great results that are being accomplished."

Statistical information on national and state banks, savings institutions, trust companies and trust departments, clearing house groups and general banking is prepared after exhaustive inquiry and distributed for the use of all bankers. The organization's investigations have resulted in the passage of beneficial legislation, revision of banking practices and innumerable changes for a stronger and more efficient banking structure. It has set up an educational system through its affiliated American Institute of Banking, where 45,000 ambitious young bank men and women are now availing themselves of the opportunity to advance in the banking field. "It has been well said that the American Bankers Association, exclusive of the Federal Reserve System, has been the greatest single nationwide source of stability and improved conditions for banking in the United States," Mr. Lonsdale says.

### Banking Grows More Complicated

DENVER, Colo.—The increase in the technicalities of the banking business in the past dozen years was shown by a speaker before the American Institute of Banking which held its annual convention here recently when he pointed out that in 1918, when the institute last met in this city, it gave only three courses, while today it gives 10, with more subjects in preparation. At the earlier date, he said, the curriculum of the institute consisted of elementary banking, commercial and banking law, and money and banking, whereas today it consists of banking fundamentals, commercial law, negotiable instruments, standard economics, standard banking, credits, investments, trust functions, analyzing financial statements, and public speaking, while the two new subjects of bank operation and organization, and bank management are to be added.

**The New Pace of Business Change.** Business evolution used to move slowly—it measured off its gradual changes almost invisibly, like the hour hand on the clock. But today its tempo is that of the second hand. The movement of evolution that is quickening business with rapid changes is alarmingly visible and makes it difficult to keep up with them. —R. A. Hoelt.

Detroit.—The belief that three hours' driving experience in isolated sections qualified her to attempt driving in downtown Detroit sent Marine Taylor, 22 years old, to Receiving Hospital with cuts and bruises incurred when she piloted her automobile into a truck. Miss Taylor, the only one injured, was cut about the face and arms.

Baldwin.—Three Chicagoans were fined \$50 and \$14.75 costs each, when the firing of 11 charges of dynamite in the Little Manistee river was traced to them. All pleaded guilty when arraigned before Justice E. Barthenbach, of Baldwin. They are Anthony Phillips, 20 years old; Paul Riddas, 20 years old, and Aigis Kuratlis, 20 years old.

Fremont.—Harry E. Fisher pleaded guilty to setting an open fire without permit when arraigned before E. D. L. Evans, Justice of the Peace, and was fined \$25 and costs, with the alternative of 30 days in jail. Fisher, arrested by a State trooper, is said to have started backfiring when some cottages he owned within two miles of a big fire in Beaver Township were threatened, but the fire he set got out of control.

Jeddo.—Frederick Brunner observed his one hundred-first birthday anniversary by eating two pieces of cake for breakfast. When he arose he said he wanted an especially good breakfast and requested his birthday cake be served at the meal.

Monroe.—Thousands of white cranes have reached Monroe and are now nesting in the marshes on the north side of the River Raisin. The birds are about three feet tall. Veteran hunters claim that white cranes have not been seen here for 50 years.

Battle Creek.—Police searched in vain for a boy about 6 years old, who laid a 20-pound steel spring on the Michigan Central Railroad track a few minutes before the east bound Wolverine passed. The spring was removed by a woman who saw the boy lay it across a rail.

Sandusky.—Mrs. Earl Williams, wife of a farmer near Sandusky, received a fractured skull and her 2-year-old daughter, Irma, is not expected to recover from injuries received when a belt fell from a windmill as Mrs. Williams, carrying the child, pulled the rope to call her husband to dinner.

### Young Wife, Afraid To Eat, Lives on Soup

"Afraid of stomach gas, I lived on soup for 5 months. Then I tried Adlerika and now I eat most anything without any gas."—Mrs. A. Connor. Adlerika relieves stomach gas in TEN minutes! Acts on BOTH upper and lower bowel, removing old poisonous waste you never knew was there. Don't fool with medicine which cleans only PART of bowels, but let Adlerika give stomach and bowels a REAL cleaning and get rid of all gas! GIDLEY & MAC, Drug-gists. adv.

Joe—"Why does an Indian wear feathers on his head?" Josephine—"Why, I guess to keep his wigwam."

"I came near selling my shoes to-day." "How's that?" "I had them half-soled."

Any old cat can be the cat's whiskers, but only a tomcat can be the cat's paw.

# AUCTION SALES

The most important thing connected with a sale is advertising it. Indeed that is practically the whole story. It makes all the difference between success and failure. Whether your sale is poor, fair, "pretty good," or extra good, depends on how well you advertise it.

Just as you are reading this advertisement because you are interested in Auctions, so the prospective buyer of the property you have for sale reads your advertisement.

## A VERY IMPORTANT POINT

In advertising your Sale remember that it is necessary to cover the whole region to get the best results. Your Sale is not a neighborhood affair. Your neighbors will know about it anyway. You want bidders that come 10, 12, 15 and 20 miles, the strangers with the cash in their pockets.

To get these buyers you must place your advertisement where it will attract their attention. The Charlevoix County Herald of East Jordan and The Ellsworth Tradesman have a special combination offer for the same Auction Sale advertisement to appear in both publications. This assures a wide coverage in both Antrim and Charlevoix Counties.

## DON'T BE "PENNY WISE"

Remember that all your goods are to be sold at one time, and upon that one day depends whether you make or lose perhaps several hundred dollars. A few dollars expense is nothing compared with having your sale well advertised.

If a merchant is going to have a sale he does not hesitate to advertise it liberally. Yet he is in business 365 days every year, his store is being advertised all the time, and if his sale is not a success he can make good the loss later on. But if your sale is not a success, you can never make good the loss, because you are in the selling business for only one day.

Don't forget this point: If you advertise your sale thoroughly, you will know that you have done your best, and you will always be satisfied. If you skimp on the advertising, and save a few dollars, then if your sale is not satisfactory you will always blame yourself for not spending a little more money and doing it right.

## REMEMBER

Your eggs are all in one basket. You have \$500 or \$1,000 or \$2,000 worth of property all to be sold in ONE day. Without a crowd your goods will sell at a loss. With a good crowd you may make hundreds of dollars. One bidder may make you enough money to pay all your advertising and your auctioneer besides. The cost of the advertising is NOTHING compared with the risk you run in selling a thousand dollars' worth of property. The question is not "Can I afford it?" but rather, "Dare I take any chances?"

# Charlevoix County Herald The Ellsworth Tradesman

### SEEKS TREASURE HIDDEN IN TEMPLE

#### Party to Hunt for Mayan Ruin in Guatemala.

London.—Treasure hidden in a ruined temple is the prize which Dr. Thomas Gann, the archaeologist, is organizing an expedition to discover in the Peten district of Guatemala.

The treasure temple, hidden for centuries in the depths of forest and swamp, has until now been little more than a legend of buried gold handed down by generations of Maya Indians; but Doctor Gann believes he knows the site of the ruin and is waiting for permission of the Guatemala government to explore and investigate.

Old stories are told by the Maya Indians of a sealed temple by a lagoon, the doors of which are never open save one day of the year. Then the most courageous Indians are said to carry their offerings of wild turkey and corn into the temple and lay them on the altar stones and retire from the ruins to pray. When they return the offerings are gone, and for each man in his place is a miraculous pile of gold.

Some say that here lies buried the lost treasures of Montezuma, the last of the emperors of Mexico.

An Englishman, John Carmichael, all but stumbled on the temple in 1867, when he was commanding a small force in defense of the British Honduras frontier against the raiding Indians.

Two Peten Indians gave him gold ornaments of great age which they had found in the swamps. Carmichael died in the search for the temple. Doctor Gann has led two expeditions in search of the buried treasure.

### Mesozoic Monster's Hide for Washington Museum

Seward, Alaska.—A piece of, leather four feet square, two inches thick and like armorplate is being prepared for shipment to the University of Washington museum. It is probably the oldest bit of leather in the world today.

The patch of hide belonged to a great flying lizard that roamed the prehistoric hills of Alaska and whose meat finally became food for bears. It was discovered in a landslide on Cook Inlet by Herman Burkhardt, Los Angeles banker, and his guide, Russel Annabot of Anchorage. The creature measured 60 feet long, with a skull 33 inches long.

A piece of its hide and portions of flesh remained where the giant saurian had been overwhelmed by glacier ice in the tundra sashes. Such lizards had 40 teeth, each weighing 10 ounces, and ribs five feet long.

The last recorded discovery of a prehistoric creature in Alaska was in 1902 near Nome, where a mammoth with frozen flesh and hide complete was discovered by a gold miner at the foot of his shaft.

Every spring huge tusks and bones of mammoths and other prehistoric creatures are left uncovered along the Yukon, Kuskokwim and other streams in Alaska, where frost action topples over high embankments or floods wash away cliffs.

Scientists have been awaiting the discovery of an entire mammoth preserved in the frozen subsoil along the Alaska rivers or near Kotzebue sound, where the finest fossil ivory is abundant.

### Chance Discovery Gives Warning of Sandstorms

Paris.—By chance, three scientists have discovered a means of warning tribesmen, troops and voyagers of approaching sandstorms in simple time to seek shelter.

The scientists erected an atomoradiograph to observe the movements of flying insect hordes through the desert air. One day they detected a peculiar rat-tat-tat noise through the telephone apparatus connected with the instrument. Investigation revealed a sandstorm was rising on the desert. The explorers then produced an improved atomoradiograph, designed expressly to detect approaching sandstorms.

### Wires Favorite Jailer for \$50; the Fare "Home"

Los Angeles.—"Please wire me \$50 to come home on stop prefer your jail there to liberty here."

This is the substance of a telegram received by Clem Peoples, county jailer, from Jack A. P. Caylor, Roseburg, Ore., released from the county jail less than three weeks previously after having served a sentence for petty theft.

Peoples intimated that he felt highly complimented at the tribute paid his jail, but up to a late hour he had not sent the \$50.

### Northern Veteran Sends Pension to Boys in Gray

New York.—For 15 years A. H. Wray has been sending annually his pension of \$240 to the Confederate Soldiers' home at Atlanta, Ga. He says that he and the other Union veterans are well provided for, and the money could be put to better use by the boys in gray.

### \$400,000 for Flowers

Budapest.—More than \$400,000 is spent each year by the citizens of Budapest on the upkeep of the multitudinous flower gardens which adorn the city's parks, streets and boulevards.

### Plan to Control English Sparrow

#### Nest Destruction on Community Scale Is Most Effective Means.

(Prepared by the United States Department of Agriculture.)

If English sparrows are overabundant it may be the result of carelessness. The sparrows are cannily foragers and flock to a locality offering abundant food. There they multiply at an alarming rate. Carelessness in feeding poultry, a knot-hole in the granary floor, open doors and windows in farm buildings, or openings at the eaves create conditions that attract sparrows. Block the entries to their favored nesting places, and the birds are less likely to be troublesome.

**Destroy Nests.**  
The next step in sparrow control recommended by the bureau of biological survey, United States Department of Agriculture, includes the destruction of sparrow nests. Because the birds are active breeders it is necessary to make the rounds and destroy the nests every ten or twelve days throughout the breeding season. Nest destruction on a community-wide scale is more effective than on isolated farms.

**Insects for Young.**  
Nestling sparrows help the farmer for a few days. Before the birds begin to fly the parents supply them with many worms and insects. But once they are well grown they fall into the habits of the adults and become vegetarians with keen appetites for grains and garden products as well as for weed seeds. If the grains are housed carefully the sparrows are likely to be less numerous and will eat more weed seeds, and in this way may even prove helpful to the farmer.

### Skim Milk Useful to Cheapen Cost of Eggs

Skim milk in the poultry ration has reduced the cost of producing eggs 5 cents per dozen for five Shackelford county (Texas) poultry demonstrators. The milk permitted a cheaper grain ration and resulted in a feed cost of 7.7 cents per dozen for eggs from these flocks as compared to an average cost of 12 cents per dozen in five other demonstration flocks where no milk was used.

It is pointed out by A. C. Magee, county agent, that 100 hens will consume with profit about three gallons of skim milk daily, and that when this amount is available, the expensive protein feeds in the mash may largely be omitted. If cows are good, 100 hens to each dairy cow is a good balance to maintain between the dairy and poultry branches of the farm business, he says.

### Culling Low Producers Reduces Big Feed Bill

While only 2 per cent of the dairy cows in New York state belong to members of dairy herd improvement associations, these cows produce 30 per cent more milk than the typical New York state cow, says G. W. Talbot of the New York State College of Agriculture. The typical cow is gaining, for in 1922 the average was 5,000 pounds of milk for each cow and in 1928 the figure was 5,334 pounds for each cow. The cows in the Dairy Improvement association average 7,707 pounds. The return for a cow giving 5,500 pounds is about \$70 above feed cost; for the 7,700 pound cow it is \$120, while for a 10,000 pound cow the return above feed cost is \$153. The big return above feed cost is the best argument in favor of culling out low producing cows, says Mr. Talbot.

### Determine Proper Time for Cutting Soy Beans

The Missouri station reports results of investigations to determine proper time of cutting soy beans for hay to obtain maximum yield. The development of the bean pods, together with the degree to which they have been filled, serves as the best index for obtaining maximum yields of soy bean hay. When the pods are well formed and are approximately one-third to one-half filled is the best time for harvesting. Cutting at this time also results in a maximum of protein in the hay as leaves and minimum as woody stalks.

### Keep Hog Flu Out

Attacks of hog flu on brood sows and fattening shoats, feared and dreaded more than cholera by many live stock men, take a heavy toll every year with the coming of cold and stormy weather. Unlike cholera investigations, studies of flu in hogs have not yet revealed the exact cause of the disease. Veterinarians and live stock specialists find from observation and experience, however, that certain precautions in caring for the herd will greatly lessen the danger of sickness and death.

### Making Silage

A method of making silage, known as the Ronning method, has come into use in the last few years and is considered the easiest known method of making silage. The standing corn is harvested and cut into proper lengths for the silo by a machine drawn and operated by a tractor. The cut corn is delivered to a wagon box drawn alongside. It is then hauled to the silo and pushed off into a blower which elevates it into the silo.

### Cutting Sweet Clover for Hay

#### Many Farmers Make Big Mistake in Allowing Crop to Stand.

Many farmers make a grave mistake by allowing sweet clover to stand too long before cutting for hay. Sweet clover should be cut while it is in the bud stage and not after it is in bloom. The biennial white blossomed sweet clover develops a coarse stem as it is passing through the bud stage. This fact makes it so succulent that it is an impossibility to cure it and poisonous substances develop in the stem. North Dakota has found that many animals have died by the eating of this half-cured sweet clover.

**Avoid Spoiled Clover.**  
We desire at this time to warn our farmers against the putting up of spoiled sweet clover hay, says R. A. Moore of the Wisconsin College of Agriculture. Unless one can cut it at the proper time for hay, it is altogether best to leave it run into the seed stage and cut it for seed or pasture the same. Undoubtedly the greatest good derived from sweet clover will be from pasture and from the turning of sweet clover as a soil-enricher. For these two great purposes sweet clover has no equal.

**Sow With Cereal.**  
It really pays any farmer, no matter what cereal crop he grows, to sow sweet clover with such cereal crop mainly for plowing under. Often one gets a good cutting of hay in the fall when the sweet clover has been sown with oats, barley, or spring wheat. The fall cutting of sweet clover, as a rule, makes exceptionally fine hay and no evil effects so far have been discovered from the use of the hay which is acquired from sweet clover the first fall after seeding. We also usually have good hay making weather in August and September when this first cutting can be taken and do not have the frequent showers that usually obtain in the early part of June when sweet clover is ready to be cut for hay the second year after seeding.

### Rat Poison Fatalities Show Material Decline

At the second annual conference of the Eastern Rodent-Control district, held in Washington, it was reported that clippings from thousands of newspapers throughout America indicated a material decline in the number of accidental human deaths from rat poison during 1929.

Since the sales and use of exterminators have not decreased, the conference concluded that the diminishing death rate is due to the increased, nation-wide use of powdered red squill, which is unique as an exterminator in that it is deadly to rats and mice but harmless to humans, livestock, dogs, cats, poultry and even baby chicks. It is highly recommended by the United States Department of Agriculture.

### Contaminated Hog Lot Is Cause of Diarrhea

Diarrhea in young pigs is usually caused by being in old contaminated hog lots and is due to infection. Pigs at this age also get diarrhea when kept in apparently clean quarters, if not allowed to get out on clean ground. Keep them in clean dry quarters and out of old muddy lots. If they get outside, put them on clean pasture, not previously used for hogs for at least one year.

Add middlings to the milk and make a thick slop. It would also be better to feed shelled corn until they are older.

Give two ounces castor oil, then give five grains each of salol and subnitrate of bismuth, three or four times daily.

### Selecting Boar Pigs to Be Used for Breeding

The season is at hand for sizing up spring farrowed boar pigs to be used for breeding purposes. If a boar pig is six months old and has been normally developed to that age, he will show any tendencies he may have towards undesirable conformation. In selecting a young boar one should see his sire and dam and make inquiry into the breeding qualities of his ancestry, particularly with respect to proficiency. In addition to this information concerning the feeding qualities of the ancestry is a valuable index of desirable qualities.

### Alfalfa in "Egypt"

Alfalfa, the best of hay crops, can be grown in southern Illinois if conditions are made suitable for the plant, according to D. C. Maxwell of the University of Illinois. The first requirements of the southern soils is good drainage, which is found in some sections of the state due to impervious subsoil. The rolling and well-drained soils need lime and some humus in general to make a success of alfalfa production.

### Smaller Turkeys

It is too often the rule that all turkeys reaching marketable weight are sold on the Thanksgiving market, and the process repeated at Christmas time, those left constituting the next season's breeding flock. The result of such a practice is smaller turkeys raised with each succeeding season—and fewer of them—for this practice insures the retention of the least thrifty birds.

### Drawing Back Pay

By THOMAS ARKLE CLARK  
Dean of Men, University of Illinois.

The king was very ill in one of Kipling's tales of India, and his life was de-

paired of. They were discussing the situation—the convict and Mahmud, and weighing the possibilities of his getting well. "He will live," the convict remarked. "He saved the life once of a man I knew. I live. Why? Because a man may draw back pay, as it were, for his good deeds. I dug my captain, who is now colonel, out of some ground that fell upon him in France. It was part of the work. He said nothing—nor I. But seven years after—when I was condemned to death, he spent money like water on lawyers and such witnesses as would testify for my sake. "It was back pay."

He was right, for the king got well. "I have known many who, long after the act was committed, received back pay for their good deeds. It is true that in one way or another men usually suffer for their evil deeds. Retribution is pretty sure though it may be long delayed, and so, too, in this world, and it may be in the next, the reward is likely to come often unexpectedly for the good that we do."

I went to Frazier's funeral a few weeks ago. He was eighty-six, and he had retained his strength and his faculties until within a week of his going. I had seen him only a few days before his death and he was as alert and as enthusiastic about his work as a boy. His retention of all his faculties was back pay for the life he had lived. He had had no dissipation. He had avoided narcotics all his life; he never overate. He had disciplined his emotions and his body and as a result he had the most delightful old age that I have ever looked upon. It was back pay with interest.

The kind act has its own reward. Goodness and unselfishness and sacrifice are ultimately not forgotten, I am convinced. Bread cast upon the water does return even though it may be after many days.

Mrs. Gordon, when I first knew her, seemed to be playing pretty completely in hard luck. She had had a pleasant girlhood with little hardship until she married Gordon. He was a handsome irresponsible ne'er-do-well, who left her after they had been married ten years, with four children on her hands, and nothing upon which to support them but the efforts of her own hands.

She was a sportsman, who never uttered a word of complaint but set at her task with courage and determination. Some way she got the children educated—grade school, high school, and college. I saw her in her old age drawing the back pay for the work she had done years before. She had leisure, she had comfort—luxury, in fact, and more than that she had the love and the attention of her children who through her declining years were trying to pay her back for the sacrifices she had made in their behalf. "Allah does not forget," the Hindoo says.

(© 1930, Western Newspaper Union.)

Britton—Mrs. Jessie Linn was killed instantly when she stepped into the path of an eastbound Wabash passenger train. The body was picked up 30 feet from the track.

Niles—An attempt to tap a gas line in the basement of his home here caused the death of Gustavus Schenck, and near asphyxiation of his 14-year-old daughter, Dorothy. Schenck was a music teacher. He leaves the wife and four children.

Jackson—Jackson High inaugurates night football in Michigan interscholastic circles in its first game of the season with St. John's High. Plans were approved by the Board of Education. Three other home games under artificial light are planned.

Lansing—Wilber M. Brucker, nominee for governor on the Republican ticket, visited the local traffic bureau to pay the usual costs for overparking on local streets. During the stress and confusion incident to the primary election, the Brucker automobile was decorated with three police tickets as Mr. Brucker was receiving election returns.

Detroit—The Michigan State Fair for 1930 had a week of relatively high attendance and first-class exhibits. Inclement weather and the business depression cut the attendance this year to about half that of last year, but experts have agreed that from the standpoint of exhibitions, the fair this year has been the greatest in the history of Michigan.

Gladwin—Seven beaver, live trapped in Marquette county, where it was claimed they were creating nuisances, have been planted along the Molasses river and a tributary stream in Gladwin county. They were planted in suitable places where there were no beaver and where it is believed they will have a good chance to establish themselves and increase.

A woman doesn't always get the last word—sometimes she is talking to another woman.

### Pilot of Pitt Panthers

Capt. Eddie Baker of the 1930 Pitt Panthers grid squad, who will not only do the heavy thinking for the team but will also do most of the foot work. Eddie's accurate toe work has made him the most valuable member of the team when it comes to booting the pigskin.

### Beige, Brown Mixture for Winsome Tailleur

Tailleurs go on forever. Shown here is a popular screen actress wearing a jacket and skirt of brown and beige mixture. The lapel ornament of deep red carnation is one of the new fashion fancies from Hollywood.

### MORTGAGE FORECLOSURE NOTICE.

Default having been made in the terms and conditions of a certain mortgage made and executed by Sebbo Veenstra and Hattie Veenstra, his wife, of the City of Charlevoix, County of Charlevoix, and State of Michigan, to F. H. Skow, of the Village of Ellsworth, County of Antrim, and State of Michigan, which said mortgage bears date the 30th day of November, 1925, and was recorded on the 4th day of December 1925, in Liber sixty-six (66) of Mortgages, on page one hundred thirty-three (133), in the office of the Register of Deeds in and for the County of Charlevoix, Michigan, and that said mortgage is past due, and there is now claimed to be due and unpaid on said mortgage the sum of thirteen hundred fifteen and 35-100 (\$1315.35) dollars at the date of this notice, including principal, interest, taxes and attorney fee, and no suit or proceedings at law or in equity having been instituted to recover the moneys secured by said mortgage, or any part thereof;

NOW, THEREFORE, by virtue of the power of sale in said mortgage contained, and of the statute in such case made and provided, NOTICE IS HEREBY GIVEN that on Tuesday, the 21st day of October, 1930, at ten o'clock in the forenoon, standard time, at the east front door of the court house in the City of Charlevoix, Michigan, that being the place where the Circuit Court for the County of Charlevoix is held, said F. H. Skow will sell at public auction to the highest bidder the premises described in said mortgage, or so much thereof as may be necessary to pay the amount due on said mortgage and all legal costs and attorney fee.

The premises described in said mortgage are as follows, to-wit: "The south half (S½) of the northwest quarter (NW¼) of section twenty-six (26) in township thirty-three (33) north, range 8 west, as per the United States Survey thereof, and containing eighty (80) acres of land more or less; also twenty (20) acres off the north end of all that part of the east one-half (E½) of the southwest quarter (SW¼) of section twenty-six (26) in township thirty-three (33) north, range eight (8) west, lying by the west side of the Pere Marquette Railroad Right-of-Way."

Dated July 24th, 1930.  
F. H. SKOW, Mortgagee.  
E. N. CLINK, Attorney for Mortgagee, Business Address: East Jordan, Mich.

### PROBATE ORDER

State of Michigan: The Probate Court for the County of Charlevoix. At a session of said Court, held at the Probate Office in the City of Charlevoix in said County, on the 5th day of September, A. D. 1930.

Present: Hon. Ervan A. Ruegsegger, Judge of Probate.

In the Matter of the Estate of Andrew Olson, Deceased.

Randine Olson, widow, having filed in said court her petition praying that said court adjudicate and determine who were at the time of his death the legal heirs of said deceased and entitled to inherit the real estate of which said deceased died seized.

It is Ordered, That the 4th day of October, A. D. 1930, at ten o'clock in the forenoon, at said probate office, be and is hereby appointed for hearing said petition.

It is Further Ordered, That public notice thereof be given by publication of a copy of this order, for three successive weeks previous to said day of hearing, in the Charlevoix County Herald a newspaper printed and circulated in said county.

Ervan A. Ruegsegger, Judge of Probate.

Life, like a garden, calls for ceaseless vigilance against the growth of weeds.

Some people imagine they are being sympathetic when they are only being inquisitive.

One amateur scientist blames the drought on to the radio broadcasting. Well it must be admitted that some of the programs are pretty dry.

### TO WHOM IT MAY CONCERN

I will not be responsible for any debts contracted by my wife, Flossie May Somerville of East Jordan, Michigan.

## Briefs of the Week

Maurice Gorman is home from Newberry for a visit.

Reo Bockes of Lansing visited friends here this week.

Charles Nowland has gone to Muskegon where he has employment.

Mrs. Charles Blaha entered Reycraft Hospital at Petoskey, Tuesday.

Edward Carr is home for a visit with his parents, Mr. and Mrs. Geo. Carr.

Mr. and Mrs. Sidney Sedgman of Newberry are here this week visiting friends.

Mrs. Jennie Bellows of Detroit is here visiting her daughter, Mrs. Zell Bricker.

Mrs. Floyd Morgan was taken to the Lockwood Hospital at Petoskey, Tuesday.

Verne Whitford and family moved this week into the Enoch Giles residence.

Robert Pray left last Friday to resume his studies at the U. of M., at Ann Arbor.

C. I. Richner and family of Grand Rapids spent the week end with their father, C. A. Richner.

Mrs. Robert Grant was taken to the Lockwood Hospital at Petoskey, Sunday for treatment.

Mr. and Mrs. Enoch Giles and family moved first of the week to Petoskey where they will make their home.

Misses Clara Leu and Frances Brown left last Friday to attend the Western State Teachers College at Kalamazoo.

Rev. James Leitch was called to Levering, Wednesday, to conduct a funeral of one of the pioneers of that community.

Big Sale on Gold Medal and Pillsbury Flour, coming last of October, about \$7.00 per bbl. Pure cane Sugar next week at \$5.10 per cwt. adv.

Marquette—Armand Garberson is the first person in the Upper Peninsula to construct a home-made plane that really flies. He has been working on his one-place sport model plane since the first of the year when he obtained materials and blueprints from the Heath Airplane Co. The plane has been successfully test-flown by Clyde Lee of Negaunee. Garberson plans to learn to pilot his plane by winter. The cost of raw materials, including engine, was about \$600, he said.

Lake City—Ortel Peterson, 20-year old farmer, who confessed and later denied he had been responsible for a series of small fires in Missaukee County, was sentenced to serve 45 days in the County Jail on a charge of refusing to help fight a forest fire.

Grand Haven—Declared to be one of the rarest birds of its kind, an albino crane about the size of a small turkey, was discovered by Miss Dorothy Deremo, daughter of Harry Deremo, at Potawatamie Bayou, near here.

Lansing—The state board of aeronautics recently re-elected William B. Mayo, of Detroit, chairman. Floyd Evans, of Detroit, was made vice chairman. The board issued permanent licenses to the Marysville airport, Ann Arbor municipal airport, Owosso airport, Crystal Falls airport, Upper Peninsula Airways field at Escanaba, Ford Motor field at Iron Mountain and the Niles municipal airport and Alpena airport. Temporary licenses were approved for Ludington and Howell.

East Lansing—Captain Harold Smead, of the Michigan state football varsity, has suffered the amputation of his left leg in a Boston hospital, his mother informed Coach James H. Crowley. Smead's condition is said to be extremely critical. Hope was held here for a while that Smead's leg could be saved, but the infection spread in his maimed foot. Internal injuries have brought other complications. Smead was injured in a motorcycle accident in Maine early this summer.

Detroit—The army and navy, three score or more commercial fliers, at least one state official and the greatest assemblage of aviation dignitaries that ever attended an aviation celebration in Michigan took part, with 5,000 citizens of the city and county, at the formal opening of Wayne county's new \$3,000,000 airport at Middlebelt and Goddard roads. No other airport in this section of the country, and but few in the entire world, compare with the great mile-square field that has been laid out and turned into a beautiful port by county engineers.

Detroit—In this age of endurance tests, tree sitting, airplane flights, dancing and what not, it remained for Elmer A. Ferguson to come through with the golf playing endurance record. Ferguson, actor and golfer, hung up a record of 158 hours of continuous play at the Ridgmount course. During the 158 hours, Ferguson played 92 nine-hole rounds in 3,899 strokes. His lowest score was a 36 and his highest a 51, compiled on the last round. During the 92 rounds he made one hole-in-one and one eagle.

Mr. and Mrs. Joe Mayville are home this week from St. Ignace.

For Window Glass and Glass for any car, see B. L. Severance. adv. 17

Miss Dorothy Hager left Saturday to resume her studies at the State Normal at Ypsilanti.

Mr. and Mrs. Matt Swafford spent the week end with Mr. and Mrs. Len Swafford at Manistique.

Mr. and Mrs. George Gipp of Petoskey were guests of Mr. and Mrs. J. E. Chew, Sunday.

Get the habit—tell the Editor of your visitors of the visits that you make of other items of local interest.

Mrs. F. D. Gould returned to Grand Rapids, Wednesday, after a two weeks visit with her mother, Mrs. Lillian Hoover.

Attention, Rebekahs! Each one is requested to be present at the Odd-fellow Hall, Thursday night, Oct. 2nd. Work in the degree staff.

Anyone having hay to bale, see or call R. DeMaio, phone 129-F3, East Jordan. Service guaranteed. adv. 38-3

Mrs. Will Hampton and nephew, Frank Waterman, of Ann Arbor were guests over the week end at the home of the former's brother, Frank Phillips.

Mr. and Mrs. Charles Manke of Detroit, who were here to attend the funeral of L. G. Williams, returned home Sunday, after a short visit with his sister, Mrs. Zell Bricker.

Clark Johnson and Mrs. Maude Reinhart were united in marriage at the home of the bride in East Jordan, Thursday evening, Sept. 18th. Rev. C. W. Sidebotham officiated.

The East Jordan Public Schools news staff has been organized and have promised The Herald a column or two of news pertaining to our schools, commencing next week.

Mr. and Mrs. Stanley Risk, Mr. and Mrs. James Malpass of Muskegon, and Mr. and Mrs. A. N. Nesman and daughter of Unionville, Mich., were guests over Sunday at the W. E. Malpass home.

The young men of the Northern Michigan Y. M. C. A. are holding a fall conference for the High Schools of this District. This conference will be held in Cheboygan, Oct. 11-12, opening with a banquet on Saturday evening. The Cheboygan Rotary Club, assisted by the Hi-Y Club will entertain the eighty guests who have been invited to represent the High Schools of the north. A. E. Roberts of New York, National Secretary of the Y. M. C. A. will be the main speaker.

Lieutenant Governor, L. D. Dickinson is to be the principal speaker at the County Sunday School Rally to be held in East Jordan Presbyterian Church, October 1st. The Rally begins at 2 o'clock in the afternoon. The afternoon session will have a business period and there will be speeches by visiting Ministers along the lines of Sunday School work. The evening meeting will begin at 7 o'clock, and Lieutenant Governor Dickinson will be the speaker. An invitation is extended to the general public to hear Mr. Dickinson, who always has an excellent message.

Bad luck is often a polite name for bad judgment.

Lansing—Michigan's state property tax for 1931 was fixed by the administrative board at \$29,500,000, the same amount as was spread during the present year. Wayne county will pay approximately half of the burden.

Newaygo—A. C. Williamson, 88 years old, of Clanton, Ala, a fireman employed in construction work at the Hardy dam near here, was fatally injured when crushed beneath a steam shovel which he helped operate. He has a wife and one child in Clanton.

Grand Rapids—Orra Seberry, 39, of Reed City, was fatally hurt when his automobile swerved into a ditch and overturned on U. S-10 near Searo. He died in the Reed City Hospital several hours later. Seberry was trying to light a cigarette when he lost control of the car.

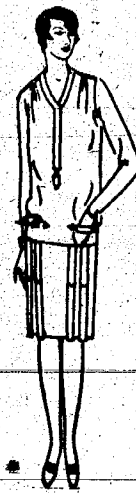

Sturgis—Mrs. Lulu Gregor, mother of six children is held in the County Jail at Centerville on a charge of setting fire to her Constantine home, to collect \$500 insurance on the furniture. The fire caused \$280 damage. Deputy State Fire Warden Charles Allen, of Sturgis, signed the complaint.

Flint—Donald Blakey, three years old, suffered serious injuries resulting in considerable loss of blood after he fell on a broken milk bottle and his right arm was almost severed. The boy was on his way to the store near his home to get a bottle of milk when he dropped the bottle and fell on the broken fragments.

Traverse City—An airplane beacon light visible 40 miles threw its first ray recently when Gov. Green pressed a button at the State Capitol to illuminate the light's two million candle-power lamp. The beacon is atop the new Park Place Hotel and will be under the jurisdiction of the Department of Commerce Lighthouse Service.

## For One Week Only

Beginning Monday, Sept. 22 to Saturday, Sept. 27th

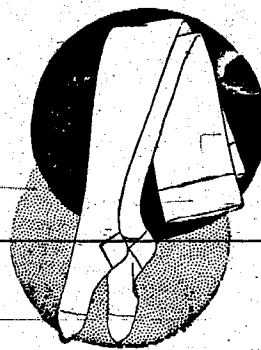

Specials on  
**DRESSES**  
 Crepes, Wash Silks  
 Coat Dresses  
 and Jerseys.

Ladie's Full-fashioned Silk Hose,  
 \$1.00 Pair.

The popular  
**"Humming Bird"**  
 Hose, one of the  
 best hose made.  
 Every pair guaranteed.  
 \$1.35 a pair.

Kotex will sell for 3 for - \$1.00

## EAST JORDAN LUMBER COMPANY STORE

Battle Creek—The first fatality of the duck hunting season in Michigan was recorded when Louis Clark, 38 years old, local business man was drowned in the Kalamazoo river, 12 miles west of here. Clark stepped into a deep hole while wading out to retrieve two ducks he had shot. Paul Trudgeon, a companion, dove to his rescue, but Clark grappled with him and sank. Trudgeon summoned help and the body was recovered an hour later. Efforts to resuscitate Clark were in vain.

Keep your mind sunny and you won't get blue.

It is said that single girls buy more silk stockings than married ones. Maybe their mileage is greater.

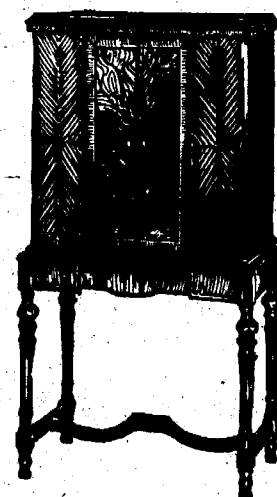

A good way to discourage a husband is to remind him of the progress his friends are making.

It is enough to keep only your hand going—a clock's hands keep on going, but only in circles.

The girl who marries for money should bear in mind that many a rich bachelor has made a poor husband.

Don't attempt to light your way through life by burning the candle at both ends.

## State News In Brief

**Manosona**—Doris Holton, 14, daughter of Alex Holton of Manosona, died of internal injuries a few hours after a wheel came off the car in which she was riding near here, and the machine overturned.

**Owosso**—Three small children of Mr. and Mrs. Onas Baess, of Elsie, were burned on the face and hands when they pounded dynamite caps they found in a pile of sand. Their injuries are not serious.

**Kalamazoo**—George Bacon, 69 years old, a farmer, was killed, when struck by an automobile, driven by Howard Hopkins, in front of his home, nine miles south of here. Bacon, leading two horses across the road, became confused as the car approached and stepped into its path.

**Owosso**—An additional nine holes at the golf course of the Owosso Country Club have been completed at a cost of \$17,000 and will be ready for play next June. The total yardage of the 18 holes is 6,642 and par is 73. Four of the holes are in the woods and one a man-made island in the Shiawassee river.

**Hillsdale**—Lee Bowersox, 15 years old, narrowly escaped bleeding to death when he slipped from a corn sled, while cutting corn in a farmer's field. The youth's right foot was thrown under the knife, mangle it badly and severing the large artery. Profuse bleeding was stopped by prompt first aid given by Walter Bowersox, his father, at work nearby.

**Trenton**—While cranking a small truck in gear, 15-year-old Robert Cox, R. F. D. No. 1, Trenton, was run over by the machine and suffered a fractured spine and other internal injuries on Miller road near the Trenton city limits. He was taken to the hospital. After running over the boy the truck crashed through a fence before it stopped.

**Lansing**—Michigan bird hunters will be allowed six days' hunting on ruffed grouse and prairie chickens this fall but the shooting will be confined to the Lower Peninsula only. From Oct. 25 to 31 gunners can take five of each in a day but not over 10 for the six days. The pheasant season occurs at the same time in Lower Michigan with a limit of two cock birds and four for the six days.

**Jackson**—Even fireeaters have their weaker moments and Chief White Cloud, who amazed patrons of the Jackson county fair by his blazing diet, proved no exception. The chief had to go to the hospital to recover from the effects of one of his red-hot meals. He was overcome while performing at the fair and hospital attendants say he suffered from inhaling fumes.

**Detroit**—It will now be possible for Detroiters to inspect the very pretty but painfully unpopular little animal known as the skunk without fear. For the Detroit Zoological park opened a permanent exhibit of 20 of the animals which, according to John T. Millen, director, have been completely deodorized. A painless operation has removed the stench making powers of the skunks. Other new exhibits opened for the first time include 150 guinea pigs, 10 badgers and two cow blian.

**Lansing**—The state board of aeronautics has asked the state administrative board to make appropriations for the establishment of two state airports and for the purchase of two airplanes for the board's inspectors. Governor Fred W. Green referred both requests to committees. W. B. Mayo, chairman, said the board hoped to make at least two improved state airports available. A question of the constitutionality of appropriating funds for such a purpose is involved, however.

**Lansing**—Michigan, according to a tabulation completed by the census bureau at Washington, D. C., has 14 cities in the class having between 25,000 and 100,000 population. Of these Saginaw heads the list with a population of 80,855, representing an increase of 18,782 since the 1920 census, or 30.2 per cent. Lansing is second with 78,421, an increase of 36.8 per cent. In point of percentage, Dearborn, with a population of 50,060, heads the list of Michigan cities with a gain of 1,926.7 per cent.

**Pontiac**—Hall stones, large as walnuts, are said to have fallen during a freak storm which swept central Oakland County. Only the absence of wind prevented the icy downpour from devastating gardens and orchards. A similar storm recently occurred in the southern part of Hillsdale County. Over an area of several miles the hail stripped leaves from trees and cornstalks, pounded holes in watermelons, broke windows and killed birds and domestic fowls. One resident found more than 500 dead sparrows under nearby trees after the storm.

**Lansing**—The first results of the 1930 farm census in Michigan counties, issued at Washington, D. C., by the Census Bureau, show a marked decline during the decade 1920-1930 in the number, acreage and value of farms. The three counties reported on are Leelanau, Ogemaw and Crawford, all in the northern district of the Lower Peninsula. The number of farms in the three counties decreased from 2,740 to 2,300 in the decade, the total acreage from 228,746 to 225,864, and the value of farms and buildings from \$13,881,824 to \$10,897,070.

## RATS' COST EQUALS \$4 PER CAPITA TAX

Exact Toll of \$500,000,000 Annually in U. S.

New York.—The rat—man's most dangerous and expensive charity—exact an annual toll of \$500,000,000 yearly in the United States, declares Dr. C. V. Akin, surgeon, United States Public Health Service, in Food Industries. Of this sum, Doctor Akin adds, \$200,000,000 goes to feed the pest, and the balance, \$300,000,000, goes to provide the animal with packages of produce to deface, buildings to cut and mar and surplus materials to foul.

Health authorities and economists, Doctor Akin states, regard the rat as the most dangerous and expensive of the animal pests living at man's expense. Strangely enough, the business interests that suffer most from the depredations of these semi-savage "house guests" seem least aware of the price they pay for the privilege of running rat sanctuaries, or, in any event, they do the least to rid themselves of the financial burden of housing and feeding the ever increasing millions of rats.

**Enormous Feed Bill.**  
If a conservative estimate of one rat per capita of human population be applied, continues Doctor Akin, the annual meal ticket for rats in the United States will just about use up a \$200,000,000 bond issue. And to this the "cover charge" for wanton destruction of property consequent on gnawing and slashing, plus the "tip" for spoiled food products due to fouling, and it will be understood that giving rats a good time costs the United States the best part of one-half billion dollars per annum. This overwhelming figure is better grasped if we consider it an unconstitutional per capita tax of over four dollars per annum for every man, woman and child living within our borders.

Of all the mammals, the rat is the most cosmopolitan. None other is so well represented numerically in the countries in which he has made himself at home. Because this animal can adapt itself to almost any environment dominated by man, and further, because the rat can outthink, outclimb, outjump and breed faster than most animals, including man, it has survived man's spasmodic efforts at control. If all the coverts and hiding places were suddenly obliterated, man would be astounded to find himself ringed about on all sides with rats. The rat wisely chooses to live near humans who give him shelter and food, and no doubt will continue to do so as long as he is permitted or indirectly encouraged.

**Pests Travel Widely.**  
Rats are strictly nocturnal in their habits and can see better at night. When traveling in the daytime, the rat seems uncertain of its movements, unless running along a wall, where its long vibrissae, or whiskers, apparently are of service in guiding it. The black rat is even more wary than the brown rat and is, consequently, more difficult to trap. It is rather exceptional to catch a black rat in a cage trap; snap traps and dead falls being more reliable for capturing this species.

Rats are great travelers. Extensive migrations of rats have frequently been noted, and a seasonal movement of rats from houses and barns to open fields in the spring, in search of fresh, green food, is recognized as a regular occurrence. The return movement takes place in autumn. From a number of trapped rats released in a large city, one was recaptured, two days later, at a point a mile distant from the place of liberation; and several were retaken in the course of two weeks, two and three miles from the place of release. Their travel had been through a thickly populated area of the city and across city streets, some of which were heavily traveled thoroughfares.

## Swedish Flapper Bobs Her Hair at 103 Years

Lund, Sweden.—A one-hundred-three-year-old flapper with bobbed hair is "Mother" Karina Alm, the widow of a Swedish soldier, who is enjoying her life fully at the Veherod Home for Aged, near Col. Charles A. Lindbergh's ancestral home.

In spite of her years she keeps abreast with the styles of the times and recently had her silvery tresses shorn and smartly bobbed. She can read without glasses, her hearing is unimpaired, and she enjoys her daily walk. Her memory also serves her well and she likes to sing the old love songs of the days when her late husband courted her. "Mother" Karina refuses to consider one hundred three as an advanced age and expects to live for many more years.

## Girl, 5, Has Two Pupils in One Eye

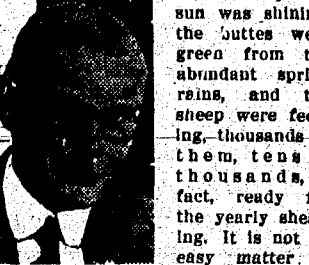

Fort Collins, Colo.—Shirley Wylie, aged five, has two pupils in one eye through which she can see perfectly. Struck by a screen door spring, the eyeball was cut in one corner. It was healed, leaving two separate pupils.

**Motherhood Bonuses**  
Budapest.—To counteract the tendency toward one and two-child families, Golsva county, Hungary, has inaugurated a system of motherhood bonuses for each child after the third by any woman.

## FOLLOWING THE GOAT

By THOMAS ARKLE CLARK  
Dean of Men, University of Illinois.

It was sheep shearing time when I was in Montana. All through the Gal-

latin valley the sun was shining, the lattes were green from the abundant spring rains, and the sheep were feeding, thousands of them, tens of thousands, in fact, ready for the yearly shearing. It is not an easy matter to get them into the pens where the shearing is done. They listen reluctantly to the voice of the shepherd, but they are followers. If there is a leader among them without thinking, they will follow him anywhere. On one of the big ranches, I noticed a goat wandering about among the sheep, and I remarked on the fact.

"The goat is trained," one of the natives explained to me, "he can be led anywhere, and the sheep follow him, peacefully one after another without thought or questioning. It is quite easy."

Very much like human beings, these sheep, I thought. Most of us have a goat or two which we follow without working our brains at all.

Flora is smoking. Now she doesn't like it; she doesn't do it well, and she knows it is a dirty habit and not at all good for her nerves.

"Don't you smoke?" Della asks her. Della is the goat, coarse, vulgar, but the leader of the flock, the one who sets the pace, and gets all the rest into the corral. "How strange," she says, and laughs a little satirical laugh, and Flora drops into line and follows the goat.

The Glens did not taste liquor in pre-Volstead days. They had been brought up differently. It just wasn't respectable to have liquor about. Then things began to change a little. When they went out to one social affair or another there were cocktails served and the odor of gin in the air, and scarcely a social evening passed without a chance to get a shot or two of something stimulating. Respectable people, too, church members and the once-conservative members of society did not say no when the cocktail shaker came into the room. Well, what were the Glens to do? It would look queer and people would laugh if they hung back, so meekly and quite in line they followed the goat.

Lawton had never been a financial planner. What modest sums he could gather together to invest he put into government bonds or the most conservative of securities. He was wise enough not to fall for any of the get-rich-quick schemes to which some of his friends became an easy prey. When some smooth-tongued salesman expressed a willingness to let him in on something that would net him 15 per cent, Lawton shook his head. He would not know what to do with the money, he averred, if it came in that fast.

But stocks were booming, all his friends were taking a chance, and counting their profits. It was the opportunity of a lifetime, and he was being ridiculed for not being a sportsman, so Lawton followed the goat; he was taken into the corral. The bottom went out of the stock market and Lawton was sheared close to the skin like any other foolish sheep.

## Cape Coats Popular

The fall season will show the cape coats more and more popular. The model in the picture wears a very becoming cape wrap made of brick red novelty cloth. The coat has a scarf in two tones. It is worn with an ultra-smart cloche hat.

He who laughs last may laugh best, but it is better to have your laugh last.

## POTPOURRI

### A 16,000-Mile Migration

Most birds, although not all migrate from climate to climate yearly. The record is said to be held by the golden plover, whose breeding ground is the shores of the Arctic ocean. Each year it migrates 8,000 miles southward to the north coast of South America, or an annual round trip journey of 16,000 miles.

When a pessimist looks ahead, all he can see is a headache.

**Plymouth**—The opening of school in Plymouth marks the beginning of Miss Anna N. Smith's fifty-sixth year in the Plymouth school system, and her sixty-first in school work. Miss Smith, who is 83 years old, for the last nine years has been in charge of the juvenile department of the library. She retired from active teaching after serving in Plymouth for 46 years.

**Cheboygan**—Loss estimated at about \$60,000 was caused by a fire that damaged buildings owned by Joseph Louisgneau and Frank De Gowin, and housing Louisgneau's hardware store, De Gowin's grocery store and a tailor shop owned by C. Miller. The stores suffered heavy damage. Loss at the tailor shop was caused, largely by water. The Mackinaw City fire department assisted Cheboygan firemen.

**Ray**: "You need to think more of your old radio than you do of me." He: "Well—I get less interference."

**Grace**—Have you ever read "To a Mouse?"

**Ruth**—How do you get them to listen?

It is good to prove, in yourself, that not all good die young.

Experience is what a wise man gets at the expense of others, and a fool at his own.

Two people agree to get married, and never agree again on a single thing thereafter.

Will-power is formed by an accumulation of victories in little things.

# A Trustworthy Business Associate

A SUCCESSFUL HOUSEKEEPER these days is a business woman. She has to be. She has her budget systems and account books. She figures closely to keep expenses down. She is a wise, shrewd buyer.

She wastes neither time nor money. She knows exactly what she wants and where to get it at the most advantageous price.

She'll tell you that she is a diligent reader of newspaper advertising. She considers it a trustworthy business associate. It brings her cleaner food—improves her personal appearance—eases her daily task—helps take the humdrum out of life—tells her when, where and how to find things pleasurable and profitable—makes it possible for her to get one hundred cents' worth of real value for every dollar she spends.

Every one can profit by reading the advertisements in this newspaper. That's the one best way to keep in touch with the lowest prices, best qualities and newest commodities that stores are offering and manufacturers are putting out for your benefit.

Remember, you can depend on advertised products. Read advertisements. They'll help you in lots of ways.
