WITH SLOWER-BURNING CAMELS

JUNIORS are simply mad about jumpers this season, and their great favorite is the pinafore jumper! If your clothes budget is just about used up and you're still pinning for a pinafore jumper or two, send for design No. 8797, and make yourself this perfectly charming style at practically no expense. It's deevinely flattering to your figure, with soft front fullness in a skirt that sways and ripples gracefully with your every step, and a corselet waistline, topped by gathers.

Speed of Torpedoes

Most modern type torpedoes can be adjusted before being launched, making their speed vary according to the distance they are to travel. For instance, the most powerful types—about 21 inches in diameter and more than 20 feet long—can travel through water for approximately six miles at a maximum speed of 30 miles an hour before their power is spent. If adjusted for a shorter distance, however, the same torpedo will travel for one, two or three miles at a speed of 40 miles or better an hour.—Pathfinder.

HERE'S WHEN WINDSTORM INSURANCE Counts!

THE house pictured above was worth \$4,000.00 before a Michigan windstorm wrecked it completely. It wasn't protected by windstorm insurance.

The economy of windstorm insurance goes without saying when it is pointed out that a \$4,000.00 policy with the State Mutual Cyclone Insurance Company, costing \$6.00 a year, would have afforded 100% protection.

Your house (or house and barn) may be wrecked by a Michigan windstorm this year. You have no assurance to the contrary! But you can protect yourself by insuring, now, with the reliable State Mutual Cyclone Insurance Company, \$1,000.00 worth of windstorm insurance costs only \$1.50 a year. See your local agent today.

Windstorm losses in Michigan amount to hundreds of thousands of dollars annually. Learn the facts about Michigan windstorm insurance today by your free copy of "GAMBLERS BEWARE!" Address me personally. Harry J. Lapeer, Michigan Secretary

AN UP-TO-DATE THANKSGIVING DAY!
See Recipes Below.

Household News

By Eleanor Howe

It will soon be time for keeping open house, for the children will be home for the holidays, and friends will be dropping in at various and sundry hours. Great demands will be made upon your time, and even greater demands will be made upon your larder. Yet, you should be able to enjoy Thanksgiving with your family without becoming tired out.

A well-planned Thanksgiving dinner will insure an enjoyable and untiring day. Here is a menu you may like to use for your Thanksgiving dinner this year:

- Fruit Cocktail
- Olives Celery Pickled Onions
- Roast Turkey with Dressing
- Giblet Gravy
- Mashed Potatoes Baked Squash
- Cranberry Salad
- Hot Rolls Butter
- Hot Mincemeat Pie
- Coffee

In the days of the Pilgrim Fathers, and indeed not so many years ago, Thanksgiving was one day of the year devoted not only to giving of thanks, but also to feasting.

Not long ago I read of a menu that was served at a Thanksgiving feast. It contained not only roast turkey, but wild duck and several kinds of wild game. The vegetable dishes were innumerable, and even the desserts did not take a back seat when it came to quantity. With a menu such as this a good many hours were required for dining.

The simplified, modern version of the Thanksgiving feast is now just as thoroughly enjoyed. For it now leaves time for conversation and enjoyment; and the modern housewife enjoys this extra period of time for relaxation and visiting with friends and relatives.

Roast Turkey.
Allow 3/4 to 1 pound of turkey per person, served. Dress and clean. Rub the inside cavity thoroughly with salt. Fill body and neck cavities loosely with stuffing. Truss. Brush well with unsalted fat and place on a rack in large open roasting pan. (Store over night in refrigerator if desired.)

The following time and temperature chart may be followed:

Weight of Bird	Oven Temperature	Approximate Cooking Time
Under 15 lbs.	325°-300°	2 1/2-4 hrs.
16-18 lbs.	300°-275°	4-5 hrs.
20-22 lbs.	275°-250°	5-8 hrs.

Dressing for Turkey.
10 cups soft bread crumbs
1 cup butter (melted)
1 tablespoon salt
1 cup parsley (chopped)
2 tablespoons poultry seasoning
Mix all ingredients thoroughly and use for stuffing the turkey. Note: This amount of dressing is sufficient for a 10-pound turkey. If a larger turkey is to be stuffed, the recipe should be increased proportionately.

Giblet Gravy.
Pour off liquid in pan in which turkey has been roasted. From liquid skim off 6 tablespoons fat; return fat to roasting pan and brown with 6 tablespoons flour. Add 3 cups stock in which giblets, neck, and tip of wings have been cooked; or if preferred, 3 cups milk may be substituted instead of the stock. Cook, stirring constantly, until thick; then season to taste with salt and pepper. Add giblets (cut in small pieces), heat well, and serve hot.

Cranberry Salad.
(Serves 10)
1 quart cranberries
2 cups water (boiling)
2 cups sugar
2 1/2 tablespoons unflavored gelatin
1/2 cup cold water
1/4 cup nut meats (cut fine)
1/2 cup celery (cut fine)
1/4 cup tart apple (cut fine)
Wash cranberries. Place in saucepan, add boiling water and cook 10

minutes, or until cranberries are soft. Rub through sieve. Add sugar to the cranberry pulp. Return to saucepan and cook gently for 5 minutes longer, stirring frequently. Remove from range and add the gelatin, which has been softened in the cold water. Stir until dissolved and then chill until mixture just begins to thicken. Add nut meats, celery, and apple, and place in individual gelatin molds. Chill thoroughly, and serve in crisp lettuce cups.

Escalloped Oysters.
3 cups cracker crumbs (rolled fine)
1/2 cup butter (melted)
1 teaspoon salt
1/4 teaspoon pepper
1 quart oysters
1 cup milk (approximately)
Mix cracker crumbs, butter, salt and pepper thoroughly. Spread layer of seasoned crumbs on bottom of buttered baking dish. Cover with half of oysters. Then add another layer of cracker crumbs, and the remaining oysters, and top with remaining cracker crumbs. Add sufficient milk to fill in all crevices and to bring liquid to surface of top cracker layer. Bake in a moderate oven (350 degrees) for 45 minutes to one hour. Serve very hot.

Honey Almond Sweet Potatoes.
(Serves 6)
6 small sweet potatoes
1/2 cup honey
1/4 cup hot water
2/3 cup almonds (ground)
1 tablespoon butter (melted)
Cook unpared sweet potatoes in boiling salted water until tender. Cool, peel, and cut into halves lengthwise. Then place, cut side up, in buttered baking dish. Combine honey and water; add two tablespoons of this mixture and the melted butter to the ground almonds. Pour remainder of honey mixture over sweet potatoes and then top with the honey almond mixture. Place in a moderate oven (350 degrees) and bake 35 to 40 minutes, or until brown.

Zucchini Squash With Tomatoes.
(Serves 6)
3 medium-sized Zucchini squashes
3 slices bacon
1 medium-sized onion (cut in small pieces)
1 No. 2 can tomatoes
1/4 teaspoon salt
Pepper to taste
Wash squashes and cut into 1/2-inch slices. Cook in boiling, salted water 8 to 10 minutes, or until tender. Drain. Cut bacon into small pieces and heat until fat is rendered. Add onion and saute until brown. Add tomatoes and simmer for 5 minutes. Add squash and simmer 5 minutes longer. Add salt and pepper, and serve.

Household Hints.
With the holiday seasons approaching, you are going to have more to do; new household tasks, more social obligations, and larger meals to plan and to prepare. You may often wonder where you will find the extra time to do these extra tasks.

Miss Howe's book, "Household Hints," is just the book to help you with these duties. Her time-savers will fit right into your everyday routine, leaving you more leisure time for the new activities which will come up during the holiday season.

You may secure her book by writing to "Household Hints," care of Eleanor Howe, 919 North Michigan Avenue, Chicago, Illinois, and enclosing 10 cents, in coin.

JESUS' CONCERN FOR LIFE AND HEALTH

LESSON TEXT—Luke 7:2-15.
GOLDEN TEXT—I am come that they might have life, and that they might have it more abundantly.—John 10:10.

Physical life and bodily vigor are secondary in importance to spiritual life and health. Most people do not believe that, but it is true. Nevertheless our physical well-being is of great importance, for it is evident that the spiritual and mental side of man can function in a physical world only through a physical body. That makes it a primary concern of man to keep his body alive and, what is more, keep it as well and strong as possible, an effective instrument for the service of God and man.

With his emphasis on the physical, man tends, when sickness comes, to seek the help of man in overcoming the difficulty. Soon they find that only God is sufficient for their need, and He whom they have hitherto ignored is appealed to in prayer. Men and organizations quick to grasp an opportunity to set themselves forward appear as so-called faith healers. We need to stress the fact that men may come direct to Christ who is concerned about their bodies and their health and that they may come without intermediary, simply by faith in Him.

I. The Outreach of Faith (vv. 2-8).

Three things appear here and they each have value and importance.

1. Action (vv. 2-5). The centurion was a good man and so kind toward the Jews that he had built them a synagogue. (One wonders whether a Roman soldier of today would show such a spirit). He was compassionate, stirred by the illness of a slave. He had a need which no man could meet. Where should he turn? Someone told him about Jesus. Blessed and fruitful testimony! He acted in faith and sent word to the Master. He acted on his knowledge. Let your faith also become active.

2. Humility (vv. 6, 7). Socially and officially the centurion was far above Jesus, but he recognized His Lordship and knew himself to be unworthy that Christ should enter his house. True faith is humble. It has nothing to do with the brazen commanding of God which some seem to regard as such a magnificent evidence of faith. Watch for the mark of genuine and courteous humility if you would find men and women of faith.

3. Confidence (vv. 7, 8). There is nothing like this assurance of faith anywhere; in fact, Jesus said He had not seen it in all Israel. Knowing the manner in which his commands were carried out within the realm of his authority and recognizing Jesus as the Son of God, the centurion without hesitation accepted His absolute power over sickness. "Thank God! the centurion was right about that. Sickness is absolutely subject to the word of Jesus and so also are demons, sea and wind; and death itself (Luke 4:35, 36, 39; Mark 4:39; John 11:43, 44)" (Bradbury).

II. The Reward of Faith (vv. 9-15).

First of all we note that faith in God brings not only the individual but those round about him a real blessing (v. 9). The faith of this man delighted the heart of Jesus with a great joy. He commented on it and commended it to those round about. The story of it has come down through the centuries to stir us and stimulate us to belief in Christ. Faith in Him brings blessing, not only to the immediate beneficiary and at the moment, but lives on in blessing to others. Do we have that kind of faith? We also note that it resulted in

2. Healing (v. 10). Faith gets results because it releases the omnipotence of God. The young man was healed at the word of Jesus, in response to the centurion's faith. In the closing verses of our lesson we see also the

3. Raising of the Dead (vv. 11-15). The mighty and compassionate Son of man met a poor widow from whom death had taken her only stay and comfort—a young man. She was apparently too deeply stricken to even call on Jesus for help, but one can almost feel her faith leap to His words. "Weep not." His divine voice then reached into the next world and called the young man back to life. The day that had started as the saddest and darkest in her life closed as the most blessed and joyful in her experience, because she had met Jesus.

Reader, have you met the tender, loving, omnipotent Jesus? He wants to be your Saviour, Lord; and ever-present friend. Will you let Him into your heart? Now?

A Wise Evaluation

What things were gain to me, those I counted loss for Christ. Yea doubtless, and I count all things but loss for the excellency of the knowledge of Christ Jesus my Lord: for whom I have suffered the loss of all things, and do count them but dung, that I may win Christ.—Phil. 3:7, 8.

New Flair for Satin Increases As Women 'Rediscover' Fabric

By CHERIE NICHOLAS

A FLAIR for satin has developed that extends throughout the entire program of fall and winter fashions. Not only is its smartness recognized but women are rediscovering how marvelous satin of pure silk dye feels in the wearing. It has even come to be regarded as an enthusiastically accredited year-round fabric.

Satin is being importantly used in the realm of costume design in combination with other materials as in the styling of fashionable bolero and long-coat ensembles. The vogue for satin also reflects in everything from hats to shoes, bags, gloves and countless other accessory items. Ever so chic are long satin evening wraps in black or colors.

Designers who know, declare that the satins they handle must necessarily be of the pure-silk type in order to arrive at the lovely effects in shirring, draping and general manipulation achieved in the stunning modes illustrated. Then too, they point out the economy and practicality of all-silk satin in that it wears so satisfactorily, cleans so beautifully and proves up to the mark from every test angle.

A style-distinctive version of that ever-perennial favorite, the white satin blouse, is shown above to the left in the group pictured. Its fitted midriff accords with an outstanding fashion trend. Tucks starting at the diagonal yoke seam are released into soft bust fullness. The hat worn with it is an artful translation of the Suzy fisherwoman sailor. Jeweled buttons down the front impart sparkle to the very effective green silk satin overblouse with

small rolled collar pictured to the right. Artful shirrings accent the longer waistline. A soaring hat of pleated felt and ribbon by Louise Sanders tunes to the colors of the blouse.

From the milliner's viewpoint satin is declared an ideal medium. For the pompadour turban shown below to the right, satin in the new "huaca" (potato peel) brown is combined with black. Note that this hat is worn well back on the head to show the new off-face hair-do, altogether a very characteristic movement this season. The hat as well as the black satin handbag designed by Lily Dache reflect the trend to soft unpressed pleats. The bag inclines to the new long narrow shape that is the "last word" in design.

Renewed interest in evening gowns fashioned of satin is evidenced throughout the present style program. In the inset panel we are showing a satin dinner-dance gown that demonstrates the exquisite grace with which satin yields to soft draping effects. A new handling in the side drape gives a decidedly up-to-the-minute aspect to this gown so artfully created by Kiviette, noted American designer. A long panel back, also the V-neck décolletage, are intriguing details.

Some very good-looking long-coat costume suits include a blouse of satin matched to the color of the cloth that makes the coat and skirt. Especially outstanding is the all-black ensemble that tops the satin blouse with long coat or bolero that is handsomely braided. With a costume suit of this description the program of dress for daytime wear is aptly solved in a flattering way. (Released by Western Newspaper Union.)

Gloves Match Hats

Dozens of colors in the newest American leather gloves make it possible to follow fashion's latest dictate which bids you match hats and gloves or hat trimmings and gloves. Here a gay red hat and equally red mocha gloves put color spice into a black suit. Since the hat flaunts beige wings and a dark green veil, either beige or dark green gloves could also be used. Notice how the buttons fasten on the side.

Jerkins Transform Costume Magically

Jerkins are becoming increasingly popular. You can have anything from a sports jerkin of colorful suede, velveteen or corduroy to an esthetic evening type that can be slipped over any simple frock. Jerkins, with their long torso lines, look stunning slipped over frocks with all-round pleated skirts and are dramatic when worn over slinky long pencil-slim evening gowns trailing long skirts or the new harem skirts that slit up the side.

Fasten Dress, Blouse With Jeweled Buttons

The smartest way to fasten your dress or blouse in the new to-one-side way is with a single large fur covered button. These fur buttons play into the scheme of furred ensembles cleverly, the button matching the hat of fur or the fur buckles that are so new for pumps. Jeweled buttons are important this season, especially on blouses of rich fabric. Many black velvet dresses are enhanced by the sparkle of rhinestone or jewel set buttons.

Match Sweater, Crepe Skirt for Evening Wear

Colorful crepe evening dresses are selling with matching sweaters to serve as formal jackets. Embroidered sweaters that sparkle or that are gorgeous with metal thread and beadwork take on the new long-torso lines. Smart afternoon dresses have pleated skirts with form-fitting hip-length slipover sweaters that are all-over sequin embroidered.

Making Your Own Hook Rug Designs

By RUTH WYETH SPEARS

ANTIQUE hooked rag rugs have a special charm because their designs show so much individuality. The women who made them, marked out their own designs on burlap, planned their own color

schemes and dyed the rags. To draw a floral design, first make a circle and then a spiral line inside which becomes a rose. Two ovals with a triangle at the base become morning glories. Real leaves from plants and trees become tracing patterns for leaf designs. An oval cut from paper makes a pattern for a center medallion.

When making your own hook rug designs, always leave a hem allowance at least two inches wide to be turned under after the rug is hooked, and be sure to overcast the edge of the burlap as soon as it is cut. Center guide lines through the length and the width of the burlap will be helpful in balancing your design. The flowers and leaves may be cut out of paper pinned on the burlap, this way and that. When you get an arrangement that pleases, trace it to make your pattern.

NOTE: Mrs. Spears' SEWING Book 5, gives more rug hooking designs and further suggestions about how to draw your own flower designs. Also directions for a hook rug in the old-fashioned shell design. No. 5 contains descriptions of the other numbers in the series. To get your copy, address:

Maybe you don't realize how easy it is to become infected with round worms! Your child may "catch" the infection from other children, from a dog, from uncooked vegetables, from infected water.

So, watch out for these warning signals: Uneasy stomach, flinching and squirming. Itchy nose and other parts. Finicky appetite. Biting nails. And you even suspect that your child has round worms, start using JAYNE'S VERMIFUGE at once! JAYNE'S VERMIFUGE is the best known worm-expellant in America. It has been used by millions for over a century. JAYNE'S VERMIFUGE has the ability to drive out large round worms, yet it tastes good and acts gently. It does not contain antonin. If there are no worms it works merely as a mild laxative. Ask for JAYNE'S VER-MI-FUGE at any drug store.

Reduced Price Announced For American Boy

With the announcement of an enlarged and enlivened magazine, The American Boy, foremost publication for boys ten to twenty, also announces a reduction in its subscription and single copy prices. Hereafter, The American Boy will sell for 10c a single copy at newsstands or for \$1.00 a year and \$2.00 for three years on a subscription basis.

In announcing a change in editorial policy, publishers of The American Boy assure subscribers that the established fiction heroes who have made the magazine so popular with young and old alike, will continue to tell of their adventures exclusively in The American Boy. Included in this group are Renfrew of the Canadian Mounted, Connie Morgan and Old Man Mattie, prospectors; Square Jaw Davis, railroad engineer; Johnny Caruthers, flyer; Jim Tierney, detective; Tod Moran, seaman; Alan Kane and Ted Dolliver, adventurers in science, and others identified exclusively with The American Boy.

However, with a larger magazine will come new fiction characters and an enlarged sports, defense and adventure program in the non-fiction field. Greater recognition will be given to outstanding boys the country over and an exceptional achievement will be rewarded with the boy's picture on the front cover. This feature was inaugurated with the November issue which carried on the front cover the picture of America's outstanding driver of high school age.

Teachers, librarians, parents and leaders of boys groups, recommend The American Boy enthusiastically. They have found that, as a general rule, boys who read The American Boy regularly advance more rapidly than boys who do not read it. Through the leadership and sportsmanship of its fiction characters, boys are imbued with a desire to become leaders, to develop the high ideals and courage the heroes themselves display.

To subscribe to The American Boy simply send the name and address of the one who is to receive the magazine together with proper remittance (\$1 for one year or \$2 for three yrs) direct to The American Boy, 7430 Second Blvd., Detroit, Michigan. adv. 45tf.
