VOLUME 45

EAST JORDAN, MICHIGAN, FRIDAY, JANUARY 24, 1941.

NUMBER 4

Good Spud Seed Ready For 1941

AT PRICES CONSIDERABLY UNDER THOSE OF THE PAST YEAR

Michigan farmers this spring will have a golden opportunity to get a new star in foundation seed potatoes at a price considerably under that of last year, according to H. C. Moore, potato specialist at Michigan State College.

Reason for the lower price this year, Moore says, is the larger seed crop, both in the state and throughout the nation. He stresses that with many fields, of common stock badly infected with blight and disease last year, it is important that Michigan farmers get in on the ground floor this spring on the purchase of the state's crop of certified seed. In former years, Michigan tillers have waited until late in the season, only to find the supply sold out state in many cases. That is why Moore is urging early action in placing orders.

Quality of the 1940 crop of certified seed is excellent, the potato specialist says. There is very little scab, type is very good, and there is little frost injury. Stocks are holding up well in storage despite the epidemic of blight which swept over the state last year.

Certified seed potatoes in tests over the state have outyielded common stocks by an average of 50 bushels per acre, according to Moore.

Varieties available this year include the old reliable Russet Rural, Irish Cobbler, Katahdin, Green Mountain, Chippewa, and the newest Michigan variety, Pontiac. A small supply of White Rural, Bliss Triumph and Russet Burbank is on hand.

Most marked increase of any variety is in use of the Chippewa, according to Moore. This potato is noted for its good market quality, earliness, and good type under adverse weather conditions. The Pontiac, red skinned variety developed at the college, also is on the increase with 15 or 20 times as much seed available this year as last.

Because of the blight the last two years, a good spraying program will be essential this year, even with good clean seed, Moore says.

B. C. Mellencamp, County Agr'l Agent.

Clothing Wanted From Donors For British Relief

Mr. Karl M. Harvey, Veteran's Placement Representative of the Petoskey Office of the Michigan State Employment Service, has received word that clothing left at local office for British Relief will soon be picked up to be forwarded through the co-operation of the State Highway Department. There is a small amount on hand and Mr. Harvey would appreciate receiving additional clothing before shipping time. Any persons having clothing are urged to notify the office at 215 Howard Street, Petoskey and arrangements may be made to pick up clothing which cannot be delivered at the office.

President's Birthday Ball At The Argonne Next Thursday Night

The annual President's Birthday Ball for Charlevoix County will be held at The Argonne, Charlevoix, next Thursday night, January 30.

Proceeds from the party will be combined with funds raised by the "March of Dimes" to carry on the national campaign. A portion of the funds will remain in the county to be administered by the local Infantile Paralysis Chapter and the balance will be sent to the national committee.

Roy Winegarden, Boyne City, is County Chairman. Miss Caroline Geiken, vice chairman. Community Chairmen are: Wm. Supernaw Jr., Charlevoix; Thomas St. Charles, East Jordan; Frank Nackerman, St. James; Roy Meyers, Ironton; Dan Buckley, Walloon Lake; Delbert Paquette, Boyne City.

The Charlevoix County chapter of the National Foundation of Infantile Paralysis was organized by the Veterans' Council of Charlevoix County one year ago for the purpose of giving immediate and efficient financial aid to victims of the disease whose parents are financially unable to care for them. Meetings of the chapter are open to the public.

Financial aid has been given one case in the county, according to Miss Geiken, President of the County Chapter, and the chapter stands ready to continue giving aid but funds are sorely needed.

This year the group hopes to have 500 memberships and the public is urged to co-operate with this deserving cause.

Mrs. Mabel Holland Residence Damaged By Fire

Fire damaged the residence of Mrs. Mabel Holland quite badly, about 7:00 o'clock Monday night. It is thought it originated from an overheated furnace pipe, the blaze being mainly in the back part of the dwelling. Fire and smoke also damaged the household effects. Prompt work of our firemen prevented the entire building from being destroyed.

The dwelling is the former Leo LaLonde residence, purchased awhile ago by R. E. Olds, who, in turn recently sold it to Mrs. Holland.

Forestry Clubs Hold Meetings

ADDITIONAL INTEREST MANIFEST IN CONSERVATION ACTIVITY

Roy E. Skog, Extension Forester, appeared at four schools on the 14th and 15th. His talk was nicely illustrated by slides all taken right here in Michigan. His lecture touched upon soil erosion, woodlot improvement and management, and results of school forestry projects.

At Charlevoix approximately 250 students enjoyed the 45 minute program. This was the first program of this type ever given at Charlevoix and the response was most gratifying. The other three schools visited were East Jordan, Walloon Lake and Boyne Falls.

During the last two weeks something like 1000 acres of state owned land has been requested by various schools in the county to be set aside for school forests. This state land can be decided to the various schools for just \$1.00 per description and thence can be used as a basis for future conservation programs. The Charlevoix school has applied for approximately 400 acres, East Jordan school for around 120 acres, Boyne City school for around 440 acres and Boyne Falls 140 acres.

It is hoped that much greater emphasis will be placed on Conservation than in the past. By the same token it is expected to see a bigger increase in the organization of 4-H Forestry clubs. Certainly we are all becoming more Conservation conscious and there is no reason why our young folks shouldn't be given the opportunity of setting out young pine seedlings, of studying wild life, of knowing more about proper woodlot management and all other phases of Conservation.

B. C. Mellencamp, County Agr'l Agent.

Council Proceedings

Regular meeting, Common Council, City of East Jordan, held on the 20th day of Jan. 1941.

Present: Aldermen Maddock, Shaw, Kenny and Mayor Healey.

Absent: Aldermen Bussler, Sinclair and Malpass.

The following bills were presented for payment: Mich. Public Ser. Co., lights \$33.22; E. J. Lbr. Co., lumber 154.59; W. A. Porter, labor & mds. 81.15; Bert Lorraine, printing 5.00; G. A. Lisk, printing 45.40; E. J. Co-op Co., coal 45.45; John Kenny, coal 19.00; Francis Lilak, wood 6.00; Robert Campbell, Library board 4.85; Delbert Hale, cow hide 3.00; Clifford Gibbard, labor & mtrl. 9.30; Joe Nemecek, labor 2.10; Wm. Nichols, labor 21.60; Wm. Cibak, labor 3.90; Harry Simmons, salary 62.50; Henry Scholls, sal. & expense 10.50.

Moved by Shaw, supported by Maddock that the bills be paid. Carried, all ayes.

The Mayor made the following appointments:

City Assessor for 1 year, Wm. Bashaw.

Library Board for 3 years, Jessie Heger, Ernest Wade, and James Gidley.

Moved by Maddock, supported by Shaw, that the appointments be confirmed. Carried, all ayes.

Moved by Shaw, supported by Kenny, that the City buy an American Model 1, 3 one-way snowplow, price \$290.00 delivered at East Jordan. Carried, all ayes.

Moved to adjourn.

WM. ALDRICH, City Clerk.

THE WAR HORSE COMES BACK

Military experts said that the Cavalry was dead. In this new mechanical age, what job could there be for a man on a horse. Now meet the U. S. Cavalry and get the surprise of your life. Arthur Bartlett tells its story in an article as fascinating as best seller. Action. Read it in This Week, The Detroit News Sunday magazine.

No February Primary Election

IN CHARLEVOIX CO. JUDGE GILBERT IS UNOPPOSED

Time for filing petitions for Circuit Judge of the Thirteenth Judicial Circuit having expired and only Judge Parm C. Gilbert's name having been filed to succeed himself on the non-partisan ballot, there will be no Primary Election in Charlevoix County on February 17th.

It is said the recently-enacted law on the matter of the February Primary Election is somewhat vague, and that the present session of the State Legislature would be asked to clarify same.

Cheboygan Plays Cannors Here Next Tuesday

The fast breaking East Jordan Cannors, Northern Michigan's Independent Basketball Champions will play the "Lakeland Dairy" of Cheboygan here this Tuesday evening, Jan. 28. The Cannors were defeated by the Lakeland Dairy some two weeks ago 38 to 37 without the services of the Somerville brothers, Colen and Howard.

The Cannors have won victories over several of the high powered professional traveling teams. The admission will be 25c and 10c. There will be a preliminary game at 7:15.

Girl Scout Troops are Active

Girl Scouts of Troop II held a roller skating party at the local rink, Wednesday evening, January 22. About twenty girls were present. On Friday, January 24, the girls will entertain their mothers at a four o'clock tea party, which will be held at the home of Miss Helen Notari, Scout Leader, and Mrs. Frank Paul, Assistant Leader. Anna Gibbard will be chairman of the program with the assistance of Kathleen Hipp, Sally Campbell, Phyllis Gothro, Helen Whiteford and Donna Olson.

Factual Films Are Specialty of Joris Ivens

Power and the Land, the documentary film on rural electrification showing next week Thursday and Friday, January 30 and 31 at the Temple Theatre, East Jordan, is Joris Ivens' eleventh fact film.

Ivens has made a specialty of dealing with people at work and at play, in time of peace, and trying to live under the shock and strain of war. These films have earned for him a wide reputation for artistry, ingenuity and, above all, for integrity. His pictures are straightforward and honest.

"Power and the Land" was directed by Ivens for the Rural Electrification Administration. Stephen Vincent Benet wrote the commentary and Douglas Moore composed the original musical score. The picture released through RKO Radio.

American Legion Auxiliary

The Legion Auxiliary had their regular meeting at the Legion Hall, Tuesday, Jan. 14th. Our President, Mrs. Bathke, not being present, our Vice-President Miss Ethel Crowell presided very efficiently.

At this time the ladies voted to put on sale, holders, for ten cents each, this entitles each purchaser to one ticket on the quilt to be given away at the close of the sale. The ladies also voted to give a sum of money to finish outfitting the kitchen.

The Hall is slowly moving toward completion and the Legion and Auxiliary will have as nice a home as is in this part of the state.

The Auxiliary Sewing Club met with Mrs. Lillian Woodcock on the West Side last Friday afternoon with Mrs. Lillian LaCroix as co-hostess. A number of holders for the sale were made and an enjoyable time was had by all.

Dog heroes. How the first-dog hero of the world war won his medal; how "Sinbad the Sailor" became a dog without a country. Read what made these and other dog stars shine as explained in the illustrated feature in The American Weekly, the magazine distributed with next week's Sunday Chicago Herald-American.

WAR PICTORIAL WITH ACTION PICTURES

Every week... with The Detroit Sunday Times... is the War Pictorial, with Latest Pictures of the conflict overseas. These pictures, from the scenes of action, will show you what is actually going on in the war. Be sure to get The Detroit Sunday Times.

Boyne Ramblers Ramble Along

DEFEAT COHNMEN EASILY IN LAST FRIDAY'S TILT

(From E. J. H. S. News) Coach Cohn's Crimson Wave team was defeated by the Boyne City Ramblers 36 to 19 last Friday evening. The Cohnmen played a fine game the first period holding the score down to 13 to 9 at the half time; but Boyne men pulled away from East Jordan the last half. East Jordan's lack of height showed up under the basket when E. Deitz, Boyne's lanky center, picked practically everything off the backboard and made several rebound shots.

Vale Gee was high scorer for East Jordan with six points and E. Deitz was high scorer for Boyne with 20 points.

The Reserves took a terrific shelling from the Boyne Reserves 52 to 4. The Boyne quintet ran the East Jordan boys all over the floor.

Official for the game were L. Johnson and S. Nelson.

This Friday East Jordan plays Charlevoix at Charlevoix. The East Jordan boys are fighting for a comeback and hope to be in top form Friday.

Temple Hit Parade

Four grand all star programs fill the coming week at the Temple with the last word in popular entertainment. Clark Gable and Hedy Lamarr, Jon Hall and Victor McLaglen, Bing Crosby and Mary Martin, Paul Muni and Gene Tierney are the stellar teams that head the respective bills in this great array of fine productions. The titles and sequence of presentation are listed below for your ready reference:

Saturday only: Jon Hall, Victor McLaglen, Frances Farmer in "South of Pago Pago."

Sunday, Monday: Clark Gable and Hedy Lamarr in "Comrade X."

Tues., Wed. (Family Nites): Bing Crosby and Mary Martin in "Rhythm on the River."

Thursday and Friday: Paul Muni and Gene Tierney in "Hudson's Bay."

"Power and the Land," the story of rural electricity.

The short subject "Power and the Land" to be shown on Thursday and Friday is of particular interest to all country folk as the benefits and means of utilization of electricity are graphically demonstrated on an actual farm location. Made under the direction of the REA it is a subject everyone should see that is using or is contemplating the use of this service.

E.J.H.S. News

REPORTERS: Russell Conway, Margaret Colline, Leland Hickox.

NOON ACTIVITIES

There have been plenty of activities to keep everyone busy during noon hours this year. Among the regular features which have been promoted for the past few years are dancing, softball and darts.

A new feature this year is the boxing matches to be held every Wednesday as long as interest holds out. These matches are in charge of Duane Hostler.

Last Wednesday there were 8 matches, many fine scraps being involved.

Interest has been running high, as it always does this time of year, in the softball league, made up of boys coming in from the country. At present Ed Nachazel is far ahead in the standings, with Gilkerson, Niely, and Grutsch trailing in that order.

The standings at present are as follows: Nachazel 6 0 0 1,000; Gilkerson 3 4 0 428; Niely 2 4 1 333; Grutsch 1 4 1 200.

BAND CONCERT SCHEDULED

The East Jordan High School

County Chapter of American Red Cross Meets January 31st

The Charlevoix County Chapter of the American Red Cross will meet at the Dilworth Hotel, Boyne City, for a luncheon meeting on Friday, Jan. 31.

The purpose of the meeting is to elect a Board of Directors and all areas of the county are urged to attend. Other matters of importance will be discussed at this time also. Get in touch with your local chairman, Mrs. Ole Hegerberg for reservations. Luncheon, 50c.

THE AAA PROGRAM IN CHARLEVOIX CO.

Mr. Floyd B. Himes, Gratiot county farmer, who is a representative of the Michigan Agricultural Conservation Committee was in the AAA county office last Friday afternoon for the purpose of assisting in the soliciting of bids for liming materials. Sources of supply of lime, marl and commercial fertilizer are to be established so that farmers cooperating in the Farm Program can obtain these conservation materials, at reasonable rates, for use on their farms in carrying out approved soil-building practices.

In 1941, farmers may receive lime, marl and commercial fertilizer in an amount not to exceed 70 per cent of their conservation payment. Call at our county AAA office in Boyne City and receive further information about this new plan to aid in soil improvement.

Walter H. Henley, county chairman, who is a farmer from Marion township, reports that 41,118 acres or 76 per cent of the Charlevoix county cropland was checked by our AAA farm reporters in 1940.

The United States Soil Conservation Service tells us that an estimated three billion tons of soil is lost each year by washing and blowing. This loss would cover about 1,800,000 acres an inch deep. It would seem as though our Soil Conservation Program should have started years ago.

Norrine L. Porter, Sec. Charlevoix County ACA.

Band under the direction of Mr. Ter-Wee has scheduled a concert for Thursday, February 16. The band, which has been going slow to allow the beginners to keep pace, is now working rapidly to get a good program in shape. The program will feature several solos and solo ensembles with band accompaniment.

SEMESTER EXAMINATIONS

Students took their semester examinations all day Wednesday and Thursday. This Friday there is no school, as teachers are checking and grading test papers, and marking permanent record cards.

DANCE AFTER BOYNE GAME

The juniors sponsored another successful dance after the Boyne City and East Jordan basketball game, Friday evening. Many current hit tunes were played on the phonograph.

The chaperones were Mr. and Mrs. Leo Somerville, Cyril Dolezal, George Secord, Miss Keeler, and Miss VanAlsburg.

PEP MEETING

A pep meeting was held in the auditorium last period Friday. Mr. Jankovick, Reserve team coach, spoke to the assembly. The band played several marches and Mae Pollitt, Jean Galmore, and Jean Dennis led the yells.

DOCTOR SPEAKS IN ASSEMBLY

Dr. Sacks from the Michigan Department of Health at Lansing spoke in the assembly last Thursday. Dr. Sacks spoke on the diseases and construction of the eye. He told how to take care of the eyes, what kind of lights to use, and the correct posture for reading.

FFA SELLS CANDY AT NOON

The FFA members are selling candy at noon. Up to this time the band had charge of it to make money for uniforms.

Peanuts, popcorn, and apples are also being sold by the FFA in addition to the candy.

MRS. BENSON'S ROOM

The fifth grade has elected its new officers for the last half of the school year. They are: President — Richard Malpass. Vice-president — Berton Bunker. Secretary — Theresia Batterbee. Treasurer — Alice Walden. Last Monday the room visited Miss Notari's room to hear the inauguration broadcast on the radio.

Cotton Mattress Program

COUNTY-WIDE PLANS BEING DEVELOPED FOR CHARLEVOIX COUNTY

At a meeting held Monday afternoon, this week, attended by representatives of AAA, Granges and other Agricultural agencies it was unanimously decided to develop a cotton mattress program throughout the county. It was felt that inasmuch as there is a big surplus of cotton on hand that hundreds of families in this county no doubt would appreciate having the opportunity of making a mattress at a cost not to exceed 75c.

Certainly local folks should not be hesitant about accepting this program as the government has already purchased many apples and other crops which are sent out from the Northern States into the Southern States for distribution. Then on the other hand, anything that can be done toward improving home conditions should be worthy of our attention. In order to be eligible to make a mattress the applicant must indicate by a financial statement that his or her income is below \$500 per year. It would appear that a large percent of both rural and urban families would be eligible on this basis. It must be remembered that we have had a period of low income years which has curtailed income for nearly all social groups.

This program is sponsored jointly by the Extension Service and AAA. All applications are to be sent to the County Agent's office then the determination of eligibility is delegated to the AAA office. It is expected that the cost of making a mattress will be approximately 75c which has to cover the needles, twine and other material necessary, in addition, heat and light cost items have to be included. Each mattress is to be made by the husband and wife working together and probably can be completed in one day's time.

The various Granges in the county are taking an active interest and are offering their buildings as training centers. Tentatively it is planned to form 12 to 15 training centers so that the farm and city folks will have no difficulty in transportation. Shortly an opportunity will be given local folks to attend a mattress making demonstration. Reports indicate great interest in this program. The response has been such that Cheboygan county has already ordered a carload lot of cotton which is sufficient to make 480 mattresses. We fully expect that Charlevoix county will have as many requests. Last announcement indicated that in addition to the mattress material, percale and cotton will be made available for the making of cotton comforters. Each family who has four individuals is eligible to make one mattress. In families of five or more, two mattresses and possible three mattresses can be made. Remember, this program is available to both city and farm folks and all applications will receive the same attention.

It is suggested that all families who desire to participate, make applications at the County Agent's office right away. Then the details of the program may be set up at once. Instead of requiring the filing of an income statement sheet with the AAA, the assumption will be that applicants will not apply for a mattress unless their net incomes are below \$500.00.

B. C. Mellencamp, County Agr'l Agent.

Demonstration Project Under Supervision WPA At Sportsmen Park

The Guide Demonstration Project, which is a branch of the Professional Service Division of the WPA has been in operation for about 8 months with their headquarters at the Sportsmen's Club park.

The project comprises 12 men who have engaged themselves in the making of such things as park tables and benches for our city park, building rustic furniture, landing nets. Also learning the art of fishing rod repair, tying trout flies, making skis and snow shoes.

Our Taxidermist, who gives instructions, makes mountings of many fine specimens.

From time to time some men have left this project to take up private employment, and new men have been added.

The co-operation of our home people has been exceptionally satisfactory, such as Sportsmen's Clubs, schools and many visiting classes seeking valuable information.

This unit has been watched with considerable interest and feel this project has been very instructive under the supervision of our Guide Demonstration supervisor, Mr. Dent Ward and our two local foremen, Del. Hale and J. Warne Davis.

WEEKLY NEWS ANALYSIS

By Edward C. Wayne

Battle Scene Shifts to Mediterranean As Nazis Bolster 'Fading' Italian Army; Willkie Backs FDR on Lease-Lend Bill; U. S. Navy Split Into Three New 'Fleets'

(EDITOR'S NOTE—When opinions are expressed in these columns, they are those of the news analyst and not necessarily of this newspaper.)

DEFENSE:

Parties Split

Congress debated President Roosevelt's plan to loan or lease munitions of war to Great Britain. Party lines were broken and politics forgotten both by political leaders in congress and through the nation.

Leading the attack against the bill within congress was Senator Wheeler (D., Mont.), former President Hoover and former Gov. Alf M. Landon, the G. O. P. standard bearer in 1936, lined up behind him.

But President Roosevelt had the support of Wendell L. Willkie, who ran against him last fall. And in the senate he was supported by Senator Austin (R., Maine). Willkie suggested several changes in the measure, however. He proposed that a time limit be fixed during which the President will have exceptional powers to deal with embattled democracies. He also proposed that the nations to be given help be named in the bill.

Administration senators were quick to adopt the view. As the proposal moved into house and senate hearings, amendments were added to carry out the Willkie suggestions. Meanwhile Willkie and three of his

CORDELL HULL

This photograph was taken as the secretary of state testified before the house committee on foreign affairs and warned that the United States must speed up its help to Britain if Hitler is to be beaten.

friends were arranging to go to London during the first days in February. The head of the Republican party wished to see first hand just what was going on in England. He made application to Secretary Hull for a passport. The request was granted in three hours.

The Fleets

Many months ahead of delivery of ships which will give the United States a two-ocean navy, orders were issued which split the present war vessels into three "fleets." The main forces will remain in the Pacific, but there will be an independent command in the Atlantic and a third independent command in Asia. Rear Admiral Husband E. Kimmel was named commander in chief. He and President Roosevelt are old friends. They worked together in another defense problem—when Mr. Roosevelt was assistant secretary of the navy in 1916-1917. At the same time orders were issued to increase the navy personnel from 192,000 to 232,000.

More Planes

Dr. George Mead, aircraft production head of the national defense commission, announced that the nation's three largest automobile corporations had agreed to take a larger hand in the making of fighting planes. Ford, General Motors and Chrysler will make parts for 1,200 planes each. They have completed arrangements with Consolidated Aircraft, Douglas and Glenn Martin to make the assemblies. The cheapest of the 3,600 planes will cost \$100,000.

Meanwhile there still is some dispute over the lack of aluminum. The Aluminum Corporation of America, which holds a monopoly, said production has more than doubled and that the firm is spending \$15,000,000 of its own money for further expansion. Since aircraft today is almost wholly aluminum in the bodies, the demand is high and there yet may be a senate investigation over Alcoa's affairs and national defense.

Otherwise on the defense front: The North Carolina, first battleship to be built for the United States navy in 20 years, will go into commission April 11.

A fighting plane built for the U. S. army attained a speed of 620 miles an hour in a power dive test. It was driven by a reserve officer, Lieut. Andrew C. McDonough. The speed of the plane is faster than sound, so that when it is heard approaching for bombing it is too late to duck—the plane already has passed.

HELP TO ITALY:

Germans Take Over

Mussolini began to slip. In Egypt the British bombed him out of the air while on the ground his troops were retreating farther and faster westward until it seemed as though all of eastern Libya would be lost to the Fascist empire. The Greeks were threatening the last line of resistance in southern Albania and there wasn't much for the Italians to fall back on after that.

More and more it became apparent that the Duce's Axis partner would be forced to send German troops to extract the Italians from the tangled mess. Even the Italian home front began to crackle, perhaps the first rumble of revolution. Benito Mussolini was being referred to as Finito Mussolini.

Only German planes appeared, at first piloted by Italians. The planes were sent to Albania. After that followed German "instructors" to teach the Italians how to fight in the air. Finally all pretense was dropped and Germans began to arrive in numbers, taking over Italian bases.

Were the Germans invading Italy? Perhaps not. Maybe it was only a case of holding Italy in "protective custody." Be that as it may, when Germans took up the battle themselves, Italy could no longer be considered an equal partner in the Axis. The Germans don't work that way. They dominated the fight. Mussolini needed their help and could get it only on the German terms.

Mediterranean War

The Germans' first attack came in the Mediterranean, off Catania. Here the inland sea narrows down to a slight channel between Sicily and the North African mainland. Through this channel must flow all British supplies and reinforcements to Greece and Egypt.

A large convoy was passing through the channel escorted by the royal navy, including the 23,000-ton cruiser Southampton. Nazi dive bombers appeared in force and what is believed to be the first battle ever fought between war vessels and aircraft took place. The British admit both war vessels were hit. The Italians claim more were damaged.

The battle ended at nightfall and the British ships made harbor. But the Germans sallied forth the following day and continued raids on British shipping in the Mediterranean for the five days. They said

Here is the latest picture of Prime Minister Winston Churchill of England shown as he watches anti-aircraft gunnery in action at a Royal Artillery establishment, "Somewhere-in-England."

that 15 ships were sent to the bottom. When the truth can be learned definitely, it may be one of the "classic" battles of history, for it may establish what long has been a moot question—whether aircraft can successfully challenge armed surface craft.

Looking Ahead

The British felt the German force, now based in Italy, may be a definite challenge to the campaign in the Near East. It may mean that Hitler will seek to cut off all communications between England and Cairo.

On the other hand the British still anticipate an attack on England itself. And they doubt that the attempt will be long delayed. German bombings of Irish cities were seen as "training" flights toward this objective. The British took no chances. They bombed "invasion ports" in Germany, Holland, Belgium and France nightly.

SCHOOLS CRITICIZED:

By College Heads

Present-day educational methods are inadequate to cope with the needs of democracy, speakers told the twenty-seventh annual meeting of the Association of American Colleges. Dr. Theodore M. Greene, Princeton philosophy professor, and Dr. John M. Mason, president of Swarthmore college, led the discussion. The Rev. Edward V. Stanford, president of Villanova, agreed with them.

BACK IN 1876, U. S. MONEY ALSO WENT SOUTH-AMERICAN

THE UNITED STATES government, through the Import and Export Bank, loaned the Brazilian government fifty million dollars. With a portion of that loan Brazil will pay two American firms, using American materials, for rehabilitating and electrifying a part of the railways of Brazil. In time the American government will get its money back through taxes paid by the contracting firms and those employed by them in this country, and in other ways. The system is all too complicated for its ordinary mortals to understand, but it is the process through which creditor nations, of which we are now the greatest, encourage foreign trade.

"None of the American money put into the attempt to build the first railroad in South America ever came back," explained J. P. Clark, believed to be the only man now living who participated in that ill-fated project.

To his cronies in the Adventurers' Club of Chicago, he is known as "Dad" Clark. The expedition, of which he was a member, left Philadelphia in 1876, bound for the headwaters of the Madeira river, to build a railroad around the falls and rapids along the border between Brazil and Bolivia. Of the 941 men in the expedition, 250 died as victims of jungle fever or the poisoned arrows of Bolivian head-hunting Indians. The project was bankrupt before the road was completed. Another American expedition finished the job in 1912, with American capital. It is a narrow gauge and its one train makes one round trip over its 225 miles of track each week.

Mason Warner, a Chicago advertising executive, made a trip over the line this past summer and brought back movies to show "Dad" Clark the railroad he helped build.

'STRAY CATS' TOO HAVE THEIR DAY

IN THE HOOVER-ROOSEVELT campaign of 1932, Gov. Henry Allen of Kansas headed the Republican publicity department. At the opening of the campaign he was quoted as saying, "the party would not seek, did not need or want, the support of the rural press."

Early in September of that year that statement was being discussed by a group of rural newspaper men in a Chicago hotel. Ollie Little of the Alma (Kan.) Record expressed the predicament in which rural Republican editors found themselves. "Politically, we are a bunch of stray cats, with no place to hole in," said Little.

Two days later that statement and the reason for it was expressed to President Hoover. He took immediate steps to correct the situation by directing Everett Saunders, the national Republican chairman, to communicate with all rural newspapers and seek their support.

In the recent campaign, the Republicans created a rural press section, under the direction of Herman Roe, editor of the Northfield (Minn.) News. Serious consideration is now being given to making the rural press section a permanent feature of the Republican committee organization. The statement about "political stray cats" made by Ollie Little back in 1932 started the recognition of the rural press as a medium which molds public opinion in America.

MORE PRODUCTION, NOT MORE COST

WHEELER McMILLEN, editor of Farm Journal, tells me that while running a weekly newspaper at Covington, Ind., he learned practical economics was the application of horse sense to a problem.

I am not an economist, but it looks to me that America is forcing inflation by attempting to force prices beyond their intrinsic value.

If we get two dollars instead of one, but must spend the two dollars to buy what we formerly bought with one, what have we gained?

It does not even take "horse sense" to realize it is much easier to increase output than to increase income.

American prosperity will be measured by production of things people want, more than by charging higher and still higher prices for the things produced.

Forcing prices beyond a point that represents intrinsic value creates a demand for more and cheaper money. More and cheaper money represents the first steps in inflation. Extreme inflation means individual and national bankruptcy.

That is a bit of Wheeler McMILLEN's "horse sense" economics.

JOY OF JOURNALISM

HON. GUY U. HARDY is editor and publisher of the Canon City (Colo.) Daily Record. He was nominated for, and elected to congress in 1918. It was my privilege to be the first to advise him of his nomination by a Republican convention, a nomination he did not seek and did not want. He continued as an influential member of congress for 12 years. Now he finds more pleasure in running his small city daily than he found in Washington.

FIRST-AID to the AILING HOUSE

by Roger B. Whitman

(© Roger B. Whitman—WNU Service.)

Floor for Game-room.

QUESTION: I have an ambition, to make a game-room in my basement. The floor presents a problem, and it is not bone-dry. My preference would be for an oak floor, if that would be practical. What do you think?

ANSWER: Before going to the labor and expense of putting down a really good floor in your basement, you should make very sure that there will be no leaks either through the foundation walls or through the floor. This important point should be looked into by a competent mason.

My own preference would be for asphalt tiles as a suitable flooring rather than wood. (These tiles are not linoleum, which would rot in a cellar.) A dealer in linoleum, however, can give you information on this product.

If you prefer an oak floor, the lowest layer should be of concrete. On top of this put a layer of liquid asphalt, and over this a layer of heavy waterproof felt. On this put another layer of asphalt, all of which will make the floor waterproof. You can then lay a wood floor. The boards should be bedded in asphalt, which will hold them in position and add to the waterproofing. Whatever flooring you decide upon, the work should not be attempted by any one who is not thoroughly fitted to do the job. It requires special knowledge and experience.

Painting Plasterboard.

QUESTION: I have just completed a room in my attic, making the partitions of plasterboard. I should like to paint the board; shall I have to put on some kind of a size or priming coat before I paint?

ANSWER: The way to paint your plasterboard is as follows: First, see that the surface is absolutely clean, dry and free from dust. Use a sizing coat or primer, made by mixing equal parts of a good grade of varnish size and ready-mixed paint of the desired color; or with white lead thinned with turpentine and tinted to suit.

Before sizing the surface, apply a coat of primer over the joints and nailheads, and stipple with a stubby brush. When dry, apply a coat of primer uniformly and carefully over the surface. Let priming coat dry at least 24 hours, then touch up any "flat spots" and let dry before applying the first coat of paint.

Insulation for House in Mountains.

QUESTION: I own a house in the mountains, clapboard outside and unfinished inside. I contemplate insulating the walls and roof and finishing the inside. What materials do you suggest?

ANSWER: For the walls and for the roof between the rafters you could use any one of several kinds of blanket insulation enclosed in a waterproof jacket. These materials are made of the proper size to fit in the spaces between studs and rafters. With the walls thus insulated, the inside finish could be plasterboard. If you want more insulation, use stiff insulating boards.

Loose Fire Brick.

QUESTION: How can fire brick be kept from becoming loose? I built an outdoor fireplace with fire clay mortar between the bricks. But after building a fire in it, the clay became hard and then cracked, so that the bricks loosened.

ANSWER: You used mortar in too thick a bed. In laying up fire brick, spread a little thin mortar on the surface, put the next brick in position, and then rub it against the lower brick to bring it into contact. The mortar is not intended to separate the bricks, as in ordinary brickwork, but only to fill in the roughnesses.

Drainboard Surface.

QUESTION: In my house, which is in process of construction, I have the choice of a chromium trimmed linoleum drainboard or a drainboard made of tile. I am undecided between the two, and would like to know your opinion as to which is more serviceable.

ANSWER: My preference would be for linoleum. For one thing, the softer surface will not be so damaging to china and glassware. For another thing, cement between tiles will stain and is difficult to clean. A few months ago, in making that same choice, I picked linoleum.

Floor of Swimming Pool.

QUESTION: In making a swimming pool by damming a brook, would it be better to make the floor of sand or gravel?

ANSWER: My preference would be for sand. In building your dam, you should provide means for draining the pool when cleaning becomes necessary.

Washington Digest
Roosevelt Foreshadows 'New Role' for America

Predicts World Based on Human Liberty; Latvian Minister to U. S. Awaits Rebirth of His Country.

By BAUKHAGE

National Farm and Home Hour Commentator.

(Released by Western Newspaper Union.)

"Oh, I dream of Jeannie, with the light brown hair, Borne like a vapor on the summer air..."

WASHINGTON. — I heard that sweet, simple song the night after the President delivered his message on the state of the Union. It wasn't a summer day. The Washington monument was a cold pillar in the sunlight, the Potomac a sheet of shimmering metal beyond bare trees. But that song, its beauty born of the suffering of Stephen Foster; the symbolic monument, and the echoing memory of the solemn voice of the President blended together to make an unforgettable moment in which I suddenly seemed to see a changing America, a nation stepping forward on a new and unknown road.

I have said before that many of the President's close advisors believed that he saw, growing out of the war in Europe, a new role for the United States, the role of world leadership. Each day's developments seem to confirm the belief that such is the part Mr. Roosevelt expects the nation to play and that if he can he will direct us in that path, the path he mapped in his two recent speeches.

The America which produced "Jeannie with the light brown hair" had disappeared even before Admiral Dewey blazed the way to empire for America in Manila bay. The last vestiges of American provincialism were trampled into the mud of France by 2,000,000 pairs of American boots. We thought, and some of us fervently hoped for a while we were going to leave Europe to her own devices, after 1919, forget, if we could the white crosses we left there and tend our own fireside.

Isolationist Sentiment Weakens.

We have tried for a year to stuff up our ears at the roar of the Stukas but each explosion over Europe sounds nearer. The majority of letters which I receive are still very much against any step which would lead us into war but the congressmen coming in for the new session report a weakening of the isolationist feeling.

One thing was clear when the President delivered his message to the joint session of congress on January 8. Although many minds there did not meet his, though much debate was to follow, it was plain that his plan to make America an arsenal for the democracies had majority support, that step by step he was doing the leading and step by step congress was following.

I watched the session from the floor of the house of representatives for radio has a little room at the side of the chamber to the left of the rostrum.

There was a long silence when the President was announced. The audience rose and stood with hardly a whisper. Finally, the President appeared at the entrance just to the right of the speaker's desk and walked slowly up the ramp between his aide and a secret service man. Then came the applause punctured with only a few of the shrill "rebel yells." And throughout the speech, with few exceptions, the handclapping came only when the President emphasized a passage.

Foreshadows New Role.

But to me, the significant lines, the ones indicating that the President was foreshadowing this new part he felt America must play, were these:

"In the future days which we seek to make secure, we look forward to a world founded upon four essential human freedoms. "The first is freedom of speech and expression—everywhere in the world."

"The third is freedom from want, which, translated into world terms, means economic understandings which will secure to every nation a healthy peacetime life for its inhabitants—everywhere in the world."

Reading them over now in cold type they don't have quite the same effect. But perhaps you recall, if you heard the broadcast, how he emphasized, climactically, the phrase "everywhere in the world." It was plain his concern did not stop at our own frontiers, but "everywhere in the world."

Then he went on to describe his "new order" quite as specifically as

MORSE SALISBURY

Morse Salisbury, whose genial voice has been familiar to millions of Farm & Home hour listeners for a decade, has been made director of information of the department of agriculture. Morse knows a lot more things about most things than most people. He was born in Iowa and grew up in Kansas. He is pint-size and usually looks a little surprised, but never is.

Hitler has described his: "That is no vision of a distant millenium. It is a definite basis for a kind of world attainable in our own time and generation. That kind of world is the very antithesis of the so-called 'new order' of tyranny which the dictators seek to create with the crash of a bomb."

"To that new order we oppose the greater conception—the moral order. A good society is able to face schemes of world domination and foreign revolutions alike without fear."

Admirer of Wilson.

It must be remembered that Franklin Roosevelt is a great admirer of Woodrow Wilson. We have forgotten what a tremendous following President Wilson's ideas had for a short time among the peoples of Europe. We only recall now how tragically his plan failed.

I recall very well the tremendous ovations Wilson was given in Europe. I am certain that Keynes is right when he says that the peoples (not the governments) of Europe acknowledged Woodrow Wilson "not as a victor only but almost as a prophet."

As I said, the world has forgotten this. But Franklin Roosevelt has not. It is within the realm of reason that he feels, having lived and studied these chapters of history, that he may be able to avoid the pitfalls of the past and succeed where Woodrow Wilson failed as a world leader.

Latvian Minister Retains His Post

Alfred Bilmanis has moved.

That was not highly important news in the diplomatic chancelleries of the world, although Dr. Bilmanis is, according to our records, a minister plenipotentiary to the United States from Latvia. But it will be of interest to more than one reader of this column who has drunk lemonade in the Latvian legation in Washington, and trooped up the stairs, past the stained glass window to look upon the marvelous maiden of wax in her gay peasant costume and great amber necklace.

For Alfred Bilmanis, like the former head of the little Baltic country now under Russian domination was a great and enthusiastic friend of the Four-H. For many years when the Four-H clubs encamped in the Washington Mall they met this cheerful round-faced man who told them about organization in Latvia which Carl Ulmanis, president of the Baltic state had founded, patterning them after the farm clubs in this country. Ulmanis once before had been driven from his country by the Russian government. He came to America where he became an ardent student of our farms and our farm methods, our agricultural schools and the various activities connected with rural life in this country.

Under Russian Yoke.

Now Latvia is under the Russian yoke again and the 4,000 young people who were members of the organization which President Ulmanis and his representative in this country, Alfred Bilmanis did so much to encourage, are probably all turned into "Young Communists" if they exist at all.

Since the United States government has not recognized the recent seizure of the Baltic states by the Soviets, Dr. Bilmanis still remains minister of Latvia even if Latvia, as a government, no longer exists in Russian eyes. But he was unable to maintain the old legation where he often entertained members of the Four-H and where guests loved to admire his art treasures which he has collected through the years.

The new legation into which Mr. Bilmanis and his charming Polish wife have moved is about half as big as the friendly one with the high front porch which he has had to give up. And there isn't room downstairs for the big, brown leather chair that is his chief pride as a keepsake—Napoleon brought it back from Moscow.

The chair is probably a comforting thought to Mr. Bilmanis, too, for it is a reminder that no Napoleon rules forever, and that when the modern Napoleons fall, his country will be free again.

Mr. Bilmanis is certain of this. He believes England will win, the government of his country will be restored and that he will be able to build his museum. Meanwhile he is second in command of his state for, before the Russians came in, his government, fearing the worst, drew up a secret document appointing their minister to London chief of state in exile. Dr. Bilmanis would succeed him and so it is quite possible that America will be the starting point for another free Latvia, just as the former president secured his support and his inspiration here.

Ancient Egypt in Role of Modern War

The picture at the left shows British pilots hurriedly donning their uniforms and helmets from a kit rack when "the alert" sounds at a fighter station in the western desert of Egypt. Right: In the shadow of the sphinx these Australian war correspondents pause in their advance on the fleeing Italian army, to tell a few stories.

'War' in Snow Here and War in Sand Over There

The picture at the left looks like the real thing, winter warfare as it is probably being waged in the mountains of Greece, but it was made at Lake Placid, N. Y., and the troops are of the U. S. army engaged in winter maneuvers. To the right a British soldier posted as a lookout somewhere in western Egypt, looks as though he is buried in snow. The white sand of the desert and his white overalls form an effective camouflage.

London Took This But Fights On

The very core of London, the "ancient city," presents this woeful aspect as famous old buildings and modern structures gape to the sky from which German raiders rained down thousands of fire bombs. Crumbling walls, flame weakened timbers, and twisted steel attest to the fury of the raid. This photograph was made from the dome of St. Paul's cathedral.

Seein' Double in the Navy

The navy will be seeing double from now on. Two sets of identical twins, whose names are quite similar, are shown taking the oath as they enlist in New York city. They are, left to right, Charles B. Pierpont and William Charles Pierpont, 19, of Woodstock, N. Y., and Charles Francis Hell and Francis Charles Hell, 17, of Newburgh, N. Y.

Better Bomb?

Russell Hart, inventor, demonstrates in Los Angeles the effectiveness of his new type bomb, which may excel any device now used against submarines. The new bomb, Hart said, has one-third the weight of depth bombs now used, and equal power. It costs less, too.

Rearranges Anthem

Due to deadlock between broadcasters and ASCAP our national anthem must be rearranged. Above is Albert Chaffereil working on the anthem for Broadcast Music, Inc.

PATTERN DEPARTMENT

8860

gumpe is plain and tailored, as it should be for school and kindergarten, with a round, tailored collar and a little neck bow. Send for the pattern right away (the number is 8860). Make the pinafore-jumper of checked gingham, printed calico or plain chambray, and trim with braid or bias binding. Repeat the gumpe several times in batiste, lawn, dimity or linen.

Pattern No. 8860 is designed for sizes 2, 4, 6 and 8 years. Size 4 requires 2 1/2 yards of 35-inch material for pinafore-jumper; 1 1/4 yards trimming; 1/2 yard for blouse. Send order to:

Ask Me Another A General Quiz

The Questions

1. In what country is the stone a unit of weight?
2. How many Presidents of the United States have been elected by the house of representatives?
3. Friday is named after what goddess?
4. How long is the Grand Canyon of the Colorado river?
5. Who was the first to hit upon the theory that the earth moves around the sun?
6. Are any state universities non-coeducational?
7. How many battles of the Civil war were fought off the coast of France?
8. Have all large American cities gained in population in the last 10 years?

The Answers

1. Great Britain. The legal English stone is 14 pounds.
2. Two (Thomas Jefferson and John Quincy Adams).
3. The Norse goddess Frigg, wife of Odin and goddess of the sky.
4. It is 280 miles long.
5. Aristarchus.
6. The University of Florida is the only non-coeducational state university in the United States.
7. One. (When the Kearsarge sank the Confederate cruiser Alabama on July 16, 1864, off Cherbourg.)
8. No. Some of the large cities that have less population than they had 10 years ago are Akron, Boston, Cleveland, Jersey City, Newark, Philadelphia, Pittsburgh, Rochester, St. Louis, and San Francisco.

'A Noble Animate'

A Hindu student was asked to write an essay on the horse. He said: "Horse is wild animal of four feet. He has long mouth and he suppose himself to be obedient to men. Its food is generally grass and grains. He is also useful to take on his back a man or lady, as well as some cargo. Also he is useful to drive the carriages. "He has power to run as fast as he could. He has got no sleep at night and always standing awoken. Its appearance is very long. Also there are horses of short size. They do the same as the others are generally doing. Probably the Arabian horses are always bigger."

Crowned Before Born

Shapur II of Persia was the only king who was crowned before birth, the coronation, which consisted of placing the royal circlet on the head of his waiting cradle, taking place three days before he was born in 310, says Collier's. Inez de Castro of Portugal was the only queen who was crowned after death, the coronation, for which her body was exhumed and set on the throne, taking place two years after she was murdered in 1355.

SOUTH ARM
(Edited by Ruth Goebel)

Miss Ardenean Russell spent the week end with Miss Ella Gilkerson.

Mrs. Roscoe Smith spent Sunday afternoon with the Arnold Smith family.

Mr. and Mrs. Charles Allen were business callers at Charlevoix Monday.

Merrill and George Moore called at the home of Mr. and Mrs. Carl Elsworth.

Mr. and Mrs. Ralph Walker called on Mr. and Mrs. Ed Constantine, Friday afternoon.

Mrs. Boyd Crawford and little son, Clare called on Mrs. Lyle Peters, Sunday afternoon.

Mr. Bert Mayhew was a Sunday afternoon caller at the home of Mr. and Mrs. Walter Heileman.

Mr. Archie Murphy and Mr. James Nice were business callers at the Walter Goebel home, Monday.

Mr. and Mrs. Howard Moore and children called at the home of Mr. and Mrs. Ralph Walker, Sunday afternoon.

Mr. Irving, Versil and Boyd Crawford and Miss Audrey Crawford called on Mrs. Minnie Gould, Sunday afternoon.

Mr. Howard Boyer, who is working at Bricker's spent Sunday afternoon at the home of his parents, Mr. and Mrs. Peter Boyer.

Mr. and Mrs. Johnny Krolkowski were the proud parents of a little daughter last Thursday nite. She has been named Marilyn Joan.

Misses Dona and Frankie Hersh, Henrietta Miller, Ardenean Russell, Lena and Ella Gilkerson and Mr. Douglas Gilkerson motored to Traverse City Saturday, where they attended the Pilgrim Holiness Zone Rally.

(Delayed)

Irving Crawford took a load of cattle to Traverse City for James Nice last Friday.

Mr. and Mrs. Orvil Crykoski of Gaylord called at the home of her sister Mrs. Boyd Crawford on Monday last.

Mr. and Mrs. Basil Crawford and family of Marquette spent last week with their prents, Mr. and Mrs. Irving Crawford and other relatives.

RANNEY SCHOOL NEWS
Teacher — Ina Gilkerson

In arithmetic the sixth grade are beginning the study of percentage.

The news this week was written by Shirley Walker and Caroline Heileman.

Visitors during last week were, Alison Sloan, Joe Smith and Virginia Heileman.

The second grade are learning to tell time. Each one made their own individual clock.

The fourth, fifth and sixth graders are reviewing the spelling which they had the first semester.

The fifth graders have finished their readers. They are going to read from the Lincoln readers next.

The third grade are studying poems written by Robert Louis Stevenson. They have learned "My Shadow" and "My Bed is a Boat."

The honor roll members for this six weeks were: Jimmy Sloan, Catherine Smith, Donald Graham, Shirley Walker and Caroline Heileman.

The pupils having perfect attendance for this six weeks were: Caroline Heileman, Jesse Ranney, Donald Graham, Audrey Crawford and Catherine Smith.

The pupils having perfect records in spelling last week were: Verna Boyer, Donald Graham, Bobbie Graham, Miles Prevo, Shirley Walker and Caroline Heileman.

CLOSING TIME ON THE HERALD

All contributors of copy for your Charlevoix County Herald should endeavor to get same into this office as early in the week of publication as possible.

FRONT PAGE — All articles intended for the first page must be in the office by Tuesday night (6:00 p. m.) to insure publication.

MAT SERVICE — Those having mats for casting MUST have these in the office Tuesday noon for the current week's issue.

LOCALS — Please phone your local items to No. 182 where Mrs. Sherman Conway — who covers these columns — will care for them. These should be in not later than 6 o'clock Wednesday night.

Your Herald publisher is endeavoring to get each week's issue in the mails on Thursday afternoons. Your co-operation in getting news and advertising copy in our hands as early in the week as possible will be greatly appreciated.

JORDAN
(Edited by Miss Marjorie Kiser)

Frank Kulucek called on Tom Kiser Friday forenoon.

John Hejal's father is at the present writing quite ill.

Mrs. Leo LaLonde spent Thursday with Mrs. Frank Atkinson.

Mrs. Frank Kiser spent Sunday with Tom Kiser and family.

Miss Minnie Chak and her mother were Boyne City visitors Friday afternoon.

Mrs. Floyd Lundy and daughter Luella, spent Wednesday night with her husband's sister, and family. Mr. and Mrs. Herschal Steininger.

Mrs. Earl Gould is home from Detroit. Her son, Raymond, went back with his sister and husband, Mr. and Mrs. Charlie Noefinger to visit for awhile.

Bob Kiser, who is in the C.C.C. Camp at Kalkaska, an orderly in the dispensary, could not make his usual week end visit home because the camp is quarantined with flu.

Mr. and Mrs. Floyd Lundy, and daughter Luella, called on Mr. and Mrs. Tom Kiser Wednesday to listen to our Antrim County committeeman, Mr. Frank Atkinson, along with Mr. Haye Dewey, give their first Antrim County, A.A.A. Broadcast, from W.T. C. M. Traverse City. For their first time on the air they were very good.

A meeting on woodlot improvement was held at the farm of one of our neighbors, Mr. Francis Nemecek, January 16. Fifteen men attended, including Walter Kirkpatrick, Antrim County Agricultural Agent, and Mr. Ira W. Bull, Extension Forester from Michigan State College. I am sure everyone will profit by this meeting.

THE PEDESTRIANS' PRIMER
No. 8 — Walk, Don't Run

NEEDLESS hurry about is often as dangerous as needless hurry in a car. A headlong dash may end in a crash with you as the unhappy victim. Don't start to cross the street unless you are sure you can make it safely at a walk.

Travelers Safety Service

SALUTE to Telephone Pioneers

There always have been pioneers in the Bell System, and there always will be. Not only among veteran employees but throughout the organization there is a pioneering spirit that pushes steadily on to new frontiers of efficient telephone service. Today, the nation's defense calls for unusual foresight and pioneering. Telephone needs created by our increasing military establishments and new defense plants must be met. The traditions and experience of the Telephone Pioneers are valuable influences in the training of fresh forces to insure a continuance of good telephone service.

This Company is doing its part in the Country's program of National Defense

Michigan Bell Telephone Company

Are You Planning For More Business in 1941?

PARDON US, Mr. Merchant, for intruding in your business confab, but if you're making plans for a banner year in business, during which the words "depression," "financial loss" and "failure" will become . . . if not obsolete . . . at least infrequently heard, we would like to be in on it. There's no point in our being obsequious or reticent about insinuating ourselves in your affairs . . . the fact is we have a definite place in your plans for more business in 1941. We are the most widely-read newspaper in this community . . . and our readers include the whole family. Our advertising costs you less because consumer response is greater. We just wanted to impress you with the fact that you should figure us in on your business plans for 1941. It will be to your advantage.

Mr. and Mrs. Francis Bishaw were in Lansing a few days last week visiting relatives and friends, returning home Monday.

Willard Howe returned to Pontiac, Sunday, after spending the week at the home of his parents, Mr. and Mrs. Archie Howe.

Blanche Davis, who is taking a cosmology course at Flint, spent the week end with her parents, Mr. and Mrs. Walter Davis.

Miss Kathryn Fink, R.N., and Miss Helen Strehl, R.N., left Sunday for Fort Pierce, Fla., where they have positions in the hospital of that City.

Mrs. Alma Nowland, who has been spending some time in Detroit, has returned and is at the home of her son and daughter-in-law, Mr. and Mrs. Charles Nowland.

Mr. and Mrs. Ingwald Olson and family have moved back to their home near Nettletons Corners, having occupied the Robert Atkinson house on State Street the past several weeks.

Rex Simonson, who has been visiting the home of his mother, Mr. and Mrs. G. L. Paquette of South Arm Twp., left for Baltimore, Md., recently where he is a radio operator in the Coast Guard.

Mrs. Edd Kamradt spent the week end visiting relatives at Monroe.

Donald Walton is receiving treatment at Lockwood hospital Petoskey.

George Gregory returned to Flint, Sunday, after spending the week end with his family in East Jordan.

Mr. and Mrs. Charles Bishaw of Traverse City visited friends and relatives in East Jordan last week.

Miss Virginia Ward of Detroit was week end guest of her mother, Mrs. Mae Ward, at the Milstein home.

The Norwegian Lutheran Ladies Aid will meet at the home of Mrs. Mike Gunderson, Thursday, Jan. 30.

Lillian Peterson spent the week end from her work in Pontiac with her parents, Mr. and Mrs. Lois Peterson.

Mrs. Leo La Londe returned to Detroit the latter part of last week after spending a few days in East Jordan.

PENINSULA

(Edited by Mrs. E. Hayden)

Mr. and Mrs. Ted Westernman of the F. H. Wangerman farm called on the James Beals in Advance Store.

Mr. and Mrs. Frank Leshner and family of Petoskey called on the A. Reich family after Sunday School Sunday afternoon.

Miss Arlene Hayden of Pleasant View farm spent the week end with her grandparents Mr. and Mrs. T. J. Hitchcock in East Jordan.

Mr. and Mrs. Lew Lawery and family of Jones Dist. East of Boyne City visited the Geo. Staley family at Stoney Ridge farm Sunday afternoon.

Lawrence and Martin Elzinga of Mountain Dist. and Robert Hayden of Hayden Cottage are cutting buzz wood for Otto Miller near Boyne City.

Evert "Bob" Jarman of Gravel Hill South Side accompanied Ralph Price to Ann Arbor to the University hospital Monday for check up. He returned Tuesday.

There were 27 at the Star Sunday School Jan. 17. The young peoples class and as many more as wish to go plan to go to the Co. Infirmary to sing Thursday evening.

Will Gaunt and his mother Mrs. David Gaunt of Three Bells Dist. spent Thursday with the Robert Myers in Mountain Dist. The men folks butchered hogs while the woman just visited.

The young folks of the Community had a birthday party on Miss Vera Staley at her home, Stoney Ridge

NORTH WILSON

(Edited by Mrs. August Knop)

Mrs. Emmet Senn is confined to her home by illness.

Mr. Leslie Shaler left for Detroit where he has employment.

Mr. Carl Bergman returned home from Flint last week unable to find work.

Mr. and Mrs. Ed Weldy have their home wired and are enjoying electric lights.

Mrs. Frank Stone of Grand Rapids is here caring for her mother Mrs. Frank Behling Sr. who is ill.

Mrs. August Knop and son visited her parents Mr. and Mrs. E. Raymond in East Jordan Thursday.

Mr. Carl Knop and Walter McBride left for Flint Monday morning where they will seek employment.

Mrs. Walter Kerchner and two grand children are staying with Mrs. Carl Knop and children this winter.

Mr. and Mrs. Jordan Cawthra of Detroit visited their parents Mr. and Mrs. Charles Reidel over the week end.

Henry Korthase and Charles Riedel are building the barn for Mrs. Eggersdorf which the wind blew down in November.

Miss Mary Behling who has been teaching school at Mt. Clemens has returned to the home of her parents Mr. and Mrs. Harry Behling.

Mrs. Henry Eggersdorf of Chicago called on Mr. and Mrs. Frank Behling Jr. also her Aunt Mrs. Frank Behling Sr., who is ill, Sunday evening.

Mrs. Henry Eggersdorf and son Bud of Chicago visited here over the week end. They visited at the Charles Reidel, August and Carl Knop homes.

Mr. Emma Senn received word last week of his sisters husbands death, Mr. Frank Herman in Detroit. Mr. Herman was a resident of Wilson township a few years ago.

A number of Ladies in this neighborhood gave a shower on the newly weds Mr. and Mrs. August Behling Friday afternoon. The afternoon was spent in playing Bunco after which a delicious potluck lunch was served. The Bride received many lovely gifts. Everyone went home wishing them much happiness in the future.

farm, on her 17th birthday Wednesday evening they had a very pleasant evening.

Mrs. Alfred Crowell and two children of Dave Staley Hill West Side are staying a few days with her parents Mr. and Mrs. Will Gaunt in Three Bells Dist. while Mr. Crowell is in Jackson where he has employment.

Mrs. Fred Wurn of Star Dist. went to Boyne City Friday evening and visited her daughter, Mrs. Elwood Cyr until Saturday evening. Saturday afternoon she attended a shower for her daughter-in-law Mrs. W. F. Wurn held at the home of Mrs. Lois Stackus.

A miniature blizzard visited this section Saturday and blocked the East and West roads by evening so traffic was slowed down and a lot of shoveling was done and no traffic on the Ridge from Saturday evening until 3 o'clock Sunday p. m. when the snow plow plowed us out again making making three times in a week.

The Free Methodist Sunday School of Boyne City made a farewell party for Curtis Nicloy of Sunny Slope farm Wednesday evening who had to report for duty in the military volunteer Service Monday Jan. 20th. The party was held at the home of Mr. and Mrs. Ed Hunt at Deer Lake.

Healey and Son of Willow Brook farm Dairy traded cows with a dealer in East Jordan Saturday.

Mr. and Mrs. Sam McClure of Boyne City but formerly of Muskegon were Sunday dinner guests of his daughter, Mrs. Will Gaunt and family in Three Bells Dist. They plan to return to Muskegon in the near future.

Mr. and Mrs. Elwood Cyr and family and the Misses Marion and Elizabeth Diehm of Boyne City spent Thursday evening at the Fred Wurn home in Star Dist. to observe Mr. Geo. Wurn's birthday. Mr. Geo. Wurn is staying with his parents for some time, may take over the farm soon and live there permanently with with his family.

The nurse of Charlevoix Hospital brought home the infant daughter of Mr. and Mrs. Robert Myers in Mountain Dist. Wednesday who has been there since her birth Dec. 5th so she would have expert care Mrs. Myers came home some weeks ago. The little miss is doing fine. The Co. nurse called on her Thursday.

Accenting the Width Of a Narrow Room

By RUTH WYETH SPEARS

ON A Thursday afternoon the south end of a certain dining room was as shown here in the upper sketch. The following Monday it appeared as shown below. Cupboards had been added to display china and give storage space, yet the room actually seemed wider and more spacious than before. The transformation was made by the handy man with no tools but a hammer, saw and screw

driver plus the aid of his willing helper with needle, thread and paint brush. The new curtain treatment, shown in the sketch, made the window seem wider and the strong horizontal lines of the cupboards also helped to create an illusion of width. The cupboards were eight inches deep and made of one-inch lumber with doors of plywood for the lower part.

NOTE: Mrs. Spears' Books 1 and 3 are full of other practical ideas for making and hanging curtains. Each book has 22 pages of pictures showing you how to modernize and beautify your home. Send order to:

Relief At Last For Your Cough

Creomulsion relieves promptly because it goes right to the seat of the trouble to help loosen any expelled germ laden phlegm, and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes. Tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly alleviates the cough, or you are to have your money back.

CREOMULSION
for Coughs, Chest Colds, Bronchitis

To Have Lived
Happy he, who secure within can say, Tomorrow, do thy worst, for I have lived today.—Dryden.

INDIGESTION

may affect the Heart
Gas trapped in the stomach or gut may act like a hair-trigger on the heart. At the first sign of distress smart men and women depend on Bell's Peppermint Cure. It acts fast. No laxative but made of the finest-scented medicines known for relief. If the FIRST DOSE does not relieve, return bottle to us and receive DOUBLE MONEY BACK.

Go Forth Fearless
Go forth to meet the shadowy Future without fear and with a manly heart.—Longfellow.

TO RELIEVE MISERY OF COLDs quickly use 666 LIQUID TABLETS SALVE NERVE TONIC COUGH DROPS

Lesson of Value
If you would know the value of money, go and try to borrow some.—Franklin.

Watch Your Kidneys!

Help Them Cleanse the Blood of Harmful Body Waste
Your kidneys are constantly filtering waste matter from the blood stream. But kidneys sometimes lag in their work—do not act as Nature intended—fail to remove impurities that, if retained, may poison the system and upset the whole body machinery.
Symptoms may be nagging backache, persistent headache, attacks of dizziness, getting up nights, swelling, puffiness under the eyes—feeling of nervous anxiety and loss of pep and strength. Other signs of kidney or bladder disorder are sometimes burning, scanty or too frequent urination.
There should be no doubt that prompt treatment is wiser than neglect. Use Doan's Pills. Doan's have been winning new friends for more than forty years. They have a national-wide reputation. Are recommended by grateful people the country over. Ask your neighbors.

DOAN'S PILLS

CREATING NEW WEALTH TO ORDER

Advertising creates new wealth by showing people new and better ways of living, and as it creates new wealth it contributes to the prosperity of everyone touched by the flow of money which is set up. In this way, do you see, advertising is a social force which is working in the interest of every one of us every day of the year, bringing us new wealth to use and enjoy.

CARMEN OF THE RANCHO

CHAPTER XIX

Bowie, leaping his horse into the jungle as he crouched in the saddle, knew he had one more pistol slug to face; and knew that only his knife was left him for a hand-to-hand fight. Yet such was his tradition and his training that, of all weapons available to him, the bowie knife would be his choice in a short arm struggle. He plunged into the jungle without qualm and headed his horse through the thicket by the sounds of the struggling horse ahead.

Then came a silence as Bowie, with his shattered arm, pressed forward. A pistol shot from the squatter rang and echoed through the jungle. The slug whistled past Bowie's head. His only answer to it was a cry, a plainsman's cry. Blood spurred to the right, close to a huge sycamore. Bowie's horse was struggling up to its knees in mud and slime with every leap like to be its last. Suddenly there came a whirring, clashing sound ahead, and a terrible cry choked short.

Through the tangle of vines and branches before him Bowie caught a glimpse of a riderless horse, lying bogged. What did it mean? Slowing up, the Texan peered through the screen of leaves ahead. He worked his way closer to the giant sycamore, when his horse shied violently.

Half submerged, face downward in the marshy water, lying so close that Bowie's horse almost trampled it, he saw the sprawling figure of a man. Clutching his knife in his left hand, the Texan slipped from his saddle, plunged through the slime and, watching narrowly for a trick, lifted the man's head by the hair out of the ooze. As he took the head in his hands it turned, disjointed at the neck; the squatter was quite dead.

With one arm disabled, Bowie could do no more than partly drag the trunk of the body closer to the roots of the big tree. He stood for a moment in bewilderment and confusion, stunned by the gruesome sight. Almost at his side lay the squatter's pony, only its heaving flanks showing life.

The Texan stood hatless beside his panting horse, wiping beads of sweat from his forehead and trying to decide what to do.

The instinct to hurry away from the tragedy must be denied. If he left the body it would be virtually impossible to find it again, and it would almost certainly be mangled by coyotes before it could be recovered. Nor could Bowie, partly disabled, get it on his horse—the squatter was a large man—to carry it out of the swamp. Nor had he a pistol in hand to load for a shot.

But he had still a stentorian voice. He knew Pardaloe and Simmie would trail him to the Melena. He sent out a slow high cry and listened. No response greeted his ear. After a long wait, for even breath was precious in his predicament, he tried a second call and sat down to figure out what had befallen Blood. Soon he heard in the distance a pistol shot. He knew it was a signal. Again he gave the plainsman's shrill plaintive cry, and there came at last an answering call.

It was frontier wireless long before the day of wires. Patience and calling and answering brought Pardaloe and Simmie, swearing their way into the heart of the Melena to where Bowie stood leaning with his left hand on the sycamore tree.

"Henry, you been hit? Where? Dog it, man, you've lost aplenty blood. Set down. Where's Blood, Henry?"

Pardaloe was concerned. His questions came fast. Bowie pointed to the fallen squatter. Simmie pulled at his beard reflectively—the only sign he ever gave of excitement. Pardaloe stared a moment, pulled the body around, but he saw no blood.

"Henry," he asked, peering, "where'd you hit him?"

"I had no pistol. We were going fast. I was within ten yards of him when we got here. He jumped his horse past the tree without seeing this pool. The horse went down." Bowie pointed upward. "See that old grapevine hanging across from the trunk to the branch? That's what did it."

Late that morning Carmen, after searching the horizon since day-break with straining eyes, perceived a little party of horsemen riding slowly toward the ranch house.

Most of all she searched among them for the caballero to whom she had given her life in promise. Her acute agony of suspense ended when she made out his broad hat and tall figure in the saddle.

Carmen had promised herself she would be very collected when he returned. All night and all the morning her prayers had been poured up to heaven for his safety, and with her prayers answered and her lover, out of the saddle, clasping her close, everything went black before her. She disgraced herself by fainting in Bowie's one good arm.

"I saw the flames in the night along the river," she sobbed when she came to. "Oh, Henry, if you ever ride into danger again, I ride with you. I must. Never again can I stand such a night. What's this?" she exclaimed, catching sight of the

blood-soaked bandage on Bowie's right arm. "You are hurt! You are wounded! Madre de Dios! You will die!"

Bowie laughed as he held her. "I will, but not yet, querida. Not yet." Despite his assurances, she was atremble. "Come into the house, quick, querido. You do not know how bad you are hurt. Come."

As the couple entered the living room the excitement began all over again. The next moment the senorita and the senora, breathless with fear, had the serving women running, hot water splashing, sheets torn up and enough bandages ready to equip a small hospital. The rough bandages were soaked off. Carmen calmed herself until she saw the ragged wound of the slug in the arm as it was bared. Whereupon, without even apologizing, the excited girl fainted again.

When Dr. Doane took charge he, too, laughed at Carmen's fears. "All

In your honor and mine—

that I wonder at," he said insincerely, "is that you would send for me to attend to a little thing like this. Bowie, my boy, you'll be swinging a reata next week." He successfully concealed his anxiety lest Bowie should suffer a stiff forearm from the shattered bone.

Carmen's confidence in Dr. Doane was very great, but her solicitude for Bowie was unabashed. She tried, for the most part unsuccessfully, to keep the Texan in bed; and failing this, to keep him in the house. "Cease protesting," she would say decisively. "This is my hour, Enrique. I have been waiting for it. God sent me once a protector; it was no credit to you, big man, that he chose you—"

"No credit to me, pobrecita, but it is the only thing in my life that I count."

"He sent me a protector—why shouldn't I persecute him? Why shouldn't I persecute him?"

"You're too young to be cruel," he retorted.

"I don't care! He's mine. I've had too many tragedies in my life not to value a protector. Had only you been there that dreadful day at Los Alamitos!"

"Querida! My right arm is getting quite strong again. But Dr. Doane says it must be exercised regularly so it won't be stiff. How about exercising it a little now?"

"My darling, you must take no chances! You might strain it, you know."

"Tomorrow then?"

Carol Coburn was a "bush-rat's" daughter, who left Alaska for an education. When her father died on the trail she headed back North, where a shadow had fallen on the claim that should have been hers, though she returned primarily to teach in an Indian school.

When the school burned, Carol moved to Matanuska Valley, sub-polar land of promise—the latest American frontier—where the govern-

"Perhaps tomorrow if you behave yourself. Do you realize, bad Texan, how I've already cast to the winds the rigid etiquette of centuries? I'm sure if Don Ramon knew how bad I've been—and all through associating with you—he would disown me. You ought to be ashamed of yourself to impose so on the weakness of a poor girl like me. And I don't believe you are a bit ashamed. What sort of people live in Texas? And you did say something, if I remember rightly, about marrying me—not?"

"If I have so imposed on your lovely nature, querida, I want, of course, to make amends."

Then Carmen spoke. "In the morning, Henry, I want you to take me over to the valley of the strawberries. Will you? I want to go to that redwood tree where we sat. Do you think you could find it? There were two close together."

"I could find it, Carmen, if there were two thousand close together."

"Leave the horses here, Henry. I want to walk the rest of the way up the hill just with you."

"This is the tree, Carmen. Tell me now, from your beating heart, what you told me that day, my Carmen."

"And tomorrow, Henry," said Carmen a week before the wedding day, "we must go to Monterey to engage the musicians. I want a violin and a flute and a guitar. They will ride with us in the procession to the mission and play on the way—won't that be nice? And Henry, we will take the horses from Don Ramon's caballeria of blacks—they are such beauties. You and I will ride together, then Don Ramon and Dona Maria, then the music, and then everybody else!"

"How many?"

"Oh, a hundred or so."

"My! Carmen, this business of getting married in California seems to be important."

"Important, Henry?"

"Why, for a week now, every servant, every vaquero, everyone in the household, has been getting ready for our marriage."

"Ah! But, Enrique, it's not all for you and me that the fatlings have been killed, the game brought in. Not all the champagne, the wines, the cordials and the sweet potatoes and coconuts and Chinese ginger and island sugar and the strong cigars have been brought in just for you and me. No, no, Guadalupe will be host to a hundred guests—every ranchero in the valley, with his wife and sons and daughters and his guests, will be here every day for a week. So will all the De la Guerras from Santa Barbara."

"A week?"

"Yes, and they will laugh and dance and sing and play and get very hungry, Enrique. They will dance every night and all night for a week, in your honor and mine."

"Then all our Monterey cousins and friends and our San Diego cousins and friends—"

"Heaven protect us, pobrecita!"

"You may well say that. I hope we shall have a little time to ourselves after two or three days—don't look for it before that."

"But where will all these people sleep?"

"Oh, nobody sleeps while the celebration lasts! Only perhaps an hour or so after sunrise. They sleep where they can. Then in the morning come the meriendos—like yours and mine," she whispered. "Don't you remember?"

"I remember nothing else, querida mia—only that day and you."

(THE END)

Star Dust

By VIRGINIA VALE

(Released by Western Newspaper Union.)

WHEN talk began of 50,000 airplanes a year, the American public was surprised to learn that it takes at least five men on the ground to keep one man in the air, but the picture makers of Hollywood considered the number rather small; you see, they use anywhere from thirty to forty persons behind the camera to keep one actor in front of it.

In a scene made for "That Uncertain Feeling," in which Merle Oberon appeared alone before the camera, there were 35 persons on the set to help her make a shot which will last 15 seconds on the screen. If you're interested, the list included two assistant directors, a cameraman, a camera operator, two camera assistants, ten electricians, three carpenters, two property men, four sound men, a painter, a wardrobe woman, a makeup man, a body makeup woman, a hairdresser, a still photographer, a playback operator, a pianist for off-stage sound and a stand-in. The thirty-fifth was Director Ernst Lubitsch.

Betty Brewer's ship has really come in at last. Betty's the attractive but not beautiful youngster who made such a hit in "Rangers of Fortune," remember?

She's been the bread winner for her family of five for a year—she's 13 now. Her family migrated from Joplin, Mo., to Sacramento, Calif., in a flivver, but her father couldn't find work there and Betty began singing at conventions and banquets.

She went to Hollywood, sang on the radio, lost her job and had to go on relief. She was singing on the streets for pennies when Sam Wood, the director, discovered her. Her second picture was "The Roundup"; she's working now in "Las Vegas Nights," and next will do "Two Bad Angels," and she's just signed a brand new contract with Paramount.

Katharine Hepburn has had her revenge on the people who not so awfully long ago considered her "poison at the box office"; her new Metro picture, "The Philadelphia Story," topped all records for New York's huge Radio City Music Hall for the last five years. Cary Grant, James Stewart, Roland Young and Ruth Hussey give her perfect support. Miss Hepburn evidently knew that she had a good thing when she found "The Philadelphia Story"; she is still starring in the stage version—she is part owner of the play—and she is full owner of the picture, as well as its star.

The success of "Teeny" Fibber McGee and Molly's little "I betcha!" girl, is no flash in the pan. Marian Jordan, who plays "Teeny" as well as "Molly," was one of radio's pioneers in adding a child's voice to her repertoire of characters.

She did her little-girl routine fully 12 years ago in Chicago as part of Kallenmeyer's Kindergarten, one of radio's first network children shows. Fibber McGee and Molly weren't even names on a radio script until six years later, when Don Quinn, the Jordans' script writer, thought them up.

If the "Quiz Kids" are among your radio favorites prepare to see them on the screen before long. They're making a series of shorts at Paramount's Long Island studios. The star performer is sure to be that very young man, Gerard Darrow, who ranks with John Kieran of "Information Please" when it comes to natural history.

Don't be surprised if you happen to meet your favorite radio stars and discover that their voices sound altogether different than they do when you hear them on the screen or radio. Rudy Vallee, John Barrymore and Billie Burke are outstanding examples of this difference in voices; theirs are all pitched lower naturally than they are when they come over the air.

ODDS AND ENDS

Franchos Toms has signed up to make two pictures a year for five years for Universal.

Charles Boyer co-stars with Deanna Durbin in "Ready for Romance"—which Deanna is.

James Cagney and the newly-wed Bette Davis will co-star for the first time in "The Bride Came C. O. D."

Bing Crosby and Bob Hope are going to play golf for Britain. They've announced that they will begin a golfing tour in March, teamed with two golf professionals, the proceeds going to British war relief.

Explosive Dusts

Among the various household dusts that have been known to explode when coming in contact with a flame or a spark are those of face powder, chocolate, dried milk, sugar and flour, says Collier's.

Not so long ago in England a woman threw a bag of old flour down the incinerator shaft of an apartment house and the resultant explosion killed her and three other tenants, and wrecked the building.

MID-WINTER MENUS

(See Recipes Below)

You may have a mental filing system for your menus, or you may jot down your meal ideas and slip them into a recipe box. Either way, the chances are that mid-winter finds you in the market for some fresh and workable ideas for what to feed the family.

First and foremost, you will want your winter menus to be warming and heartening. The calorie content may be a little higher because more energy is needed to supply heat and because the cold stimulates us to more activity. Vitamin suppliers need to be carefully watched. With your garden adrift with snow, not so many fresh vegetables and fruits will find their way to your table without a special effort on your part.

Even if fresh peas, green beans and vine-ripened tomatoes are out of reach, almost any market boasts whole bins filled with apples, sweet potatoes, cabbage and carrots—all of them potent sources of vitamins. Plenty of grapefruit, oranges and tomato juice will help to replace the fresh tomatoes.

But now for the menus! Two are dinners—one built around a fragrant, red-brown dish of Hungarian goulash served with plenty of hot buttered noodles; the other, sausages baked under a covering of Yorkshire pudding. The third meal is a hot soup luncheon.

- Hungarian Goulash
- Buttered Noodles
- Salad Bowl
- (spinach, carrot, raw cauliflower)
- Brazil Nut Cherry Pie
- Coffee Milk
- Yorkshire Sausages
- Canned Green Beans with Mustard Butter Sauce
- Whole Carrots
- Red Cabbage Salad
- Honey Spice Cake
- Coffee Milk

- Tomato Chicken Soup
- Swiss Cheese Sandwiches
- Grapefruit and Apple Salad
- Frosted Ginger Bars
- Tea Milk
- Red Cabbage Salad.
- (Serves 5 to 6)
- 2 cups red cabbage (shredded fine)
- 3 tart, red cooking apples (unpeeled) (diced)
- 1 cup grated carrot
- 4 tablespoons brown sugar
- 3 tablespoons vinegar
- 2 tablespoons French dressing (prepared)

Buy a small, solid young head of red cabbage, one with thin, tender leaves. Remove core, and shred very fine. Place shredded cabbage in ice water for 30 minutes to crisp it. Combine cabbage, diced apple and grated carrot. Mix brown sugar, vinegar and French dressing and pour over salad. Toss lightly. Until dressing is thoroughly mixed with salad.

- Hungarian Goulash
 - (Serves 4 to 5)
 - 1 1/2 pounds beef round (cubed)
 - 3 tablespoons fat
 - 3 beef bouillon cubes
 - 3 cups hot water
 - 1/2 clove garlic
 - 1/2 bay leaf
 - 1/2 teaspoon salt
 - Few grains cayenne pepper
 - 2 cups cubed potatoes
 - 1 1/2 tablespoons butter
 - 1 1/2 tablespoons flour
 - 1 tablespoon paprika
 - 1 cup canned tomatoes (sieved)
- Have beef cut in 1/2-inch cubes. Brown on all sides in hot fat, then add bouillon cubes dissolved in hot water. Add garlic, bay leaf, salt and cayenne pepper and simmer the mixture for 2 hours. Remove garlic and bay leaf, and add potatoes cut in 1/2-inch cubes. Cook 30 minutes, then remove 1/4 cup of broth from pan and cool. Combine with melted butter, flour, and paprika and blend into a smooth paste. Add to goulash, stirring constantly; cook until thick, about 5 minutes. Add

sieved tomato and cook 10 more minutes.

- Brazil Nut Cherry Pie.
 - (Makes 1 9-inch pie)
 - 2 1/2 cups sour, red cherries (canned)
 - 1 cup cherry juice
 - 3 tablespoons cornstarch
 - 1 cup sugar
 - 1 tablespoon butter
 - 1/2 cup sliced Brazil nuts
- Drain cherries, and set aside the juice. Blend cornstarch and sugar in a saucepan; add cherry juice. Place over heat and cook, stirring constantly until thickened, about 3 minutes. Remove from the heat, add drained cherries, butter and Brazil nuts. Pour the filling into a 9-inch pie plate lined with pastry. Moisten the edge of the pie with cold water; arrange lattice of pastry strips across pie. Press down rim with fork. Bake in hot oven (450 degrees Fahrenheit) 15 minutes, then in moderate oven (350 degrees Fahrenheit) for 30 minutes.

- Honey Spice Cake.
 - 3 cups sifted cake flour
 - 3 teaspoons baking powder
 - 1/2 teaspoon salt
 - 1/2 teaspoon soda
 - 1 1/2 teaspoons cinnamon
 - 1/2 teaspoon cloves
 - 1/2 teaspoon nutmeg
 - 3/4 cup butter or other shortening
 - 1/4 cup sugar
 - 3/4 cup strained honey
 - 2 egg yolks, well beaten
 - 1/2 cup chopped nut meats
 - 1 teaspoon vanilla
 - 3/4 cup water
 - 2 egg whites (stiffly beaten)
- Sift cake flour once, add baking powder, salt, soda, and spices and sift together three times. Cream butter thoroughly, add sugar, and cream together until light and fluffy. Add honey gradually. Beat after each addition. Add egg yolks, nuts, and vanilla; beat well. Add flour, alternately with water, a small amount at a time. Beat after each addition until smooth. Fold in stiffly beaten egg whites. Bake in a paper-lined greased loaf pan (9 by 13 by 2 inches) in moderate oven (350 degrees) for 50 minutes.

- Tomato Chicken Soup.
- (Serves 6)
- 2 tablespoons onion (finely chopped)
- 1 tablespoon butter
- 2 No. 1 cans condensed chicken soup
- 1 No. 1 can condensed tomato soup
- 1 1/2 cups water
- 1 1/2 cup light cream or milk

- 1/4 teaspoon salt
 - 1/2 teaspoon white pepper
- Saute onion in butter until yellow and transparent. Add chicken soup, tomato soup, water, milk, salt and white pepper. Stir thoroughly and heat to serving temperature.

- Apricot Sweet Potatoes.
 - (Serves 6)
 - 6 medium-sized sweet potatoes
 - 1/2 pound dried apricots
 - 3/4 cup water
 - 3/4 cup sugar
 - 1/2 teaspoon salt
- Peel sweet potatoes and cook in boiling salted water (1 teaspoon per quart) until tender, about 35 minutes. Mash with a potato masher. Cover apricots with water and let soak for 30 minutes. Then simmer until tender, about 25 minutes. Mash the fruit to a pulp and add sugar and salt. Whip apricot pulp with sweet potatoes until very well blended. Serve very hot. Apricot sweet potatoes are especially good with ham and broccoli.

WHEN DAUGHTER LEARNS TO COOK

Is your teen-age daughter learning to cook? Father will encourage her efforts if she learns to prepare the kind of good substantial food he likes. Eleanor Howe's Cook Book "Feeding Father" will tell her how in simple, easy-to-follow language. She'll even learn to bake his favorite chocolate cake without much supervision from you.

Simply send 10 cents in coin to "Feeding Father" care of Eleanor Howe, 919 North Michigan Avenue, Chicago, Illinois to get her a copy.

IMPROVED UNIFORM INTERNATIONAL SUNDAY SCHOOL LESSON

By HAROLD L. LUNDQUIST, D. D.
Dean of The Moody Bible Institute of Chicago.
(Released by Western Newspaper Union.)

Lesson for January 26

Lesson subjects and Scripture texts selected and copyrighted by International Council of Religious Education; used by permission.

CHRIST'S CONCERN FOR THE LOST

LESSON TEXT—Luke 15:1-10.
GOLDEN TEXT—The Son of man is come to seek and to save that which was lost.—Luke 19:10.

Lost! What fear and disquietude grips our hearts when we hear that word! A little boy strays away into the forest, and the whole countryside gives up its work to go and seek him. An airship fails to reach its destination, and hundreds of ships go to seek after it, while an entire nation waits in suspense. A ship is lost at sea, and the whole world grieves.

But listen! It is only when applied to the spiritual life that the word "lost" finds its real depth of meaning. To be "without God in the world" (Eph. 2:12) and without hope—that is to really be lost. Yet parents who would not rest a moment while their child was physically lost go on without concern over his spiritual condition.

Our Lord had no such unconcern. He was deeply moved over the lost condition of men; He came "to seek and to save that which was lost." The two parables of our lesson teach us three truths.

I. Lost and Lamented (vv. 1-4, 8). The publicans and sinners recognized their need of a Saviour and He, knowing their lost condition, received them, much to the disgust of the Pharisees and scribes who felt no need to be saved. They have their descendants in our churches today.

The good shepherd cannot rest while one of the sheep is lost. Though "there were ninety and nine that safely lay in the shelter of the fold," he sought the lost one. His grief-stricken heart compelled him to go out into the night to find him.

One wonders how we who profess to follow Christ, the Good Shepherd, can be so complacent about the lost. What if we do have the ninety and nine in church—where is the lost one?—Even if we do have a large Sunday School class—where are the boys and girls who are lost? Do our hearts grieve over them? If so, we will go and seek them. We who would quickly join the woman in seeking for her coin—will we join our Saviour in seeking the lost?

II. Sought by Sacrifice (vv. 4, 8). The woman laid aside her usual duties and the pleasures of life to seek her coin. The shepherd left the warmth, the comfort, and the rest which he had earned to go out into the wilderness to seek his sheep.

"But none of the ransomed ever knew how deep were the waters crossed; Nor how dark was the night that the Lord passed through Ere He found His sheep that was lost."

Soul-winning calls for sacrifice. If the love of Christ constrains us, we will do it gladly, but if the self-seeking, comfort-loving spirit of this age controls our lives, we will always find some excuse (not a reason, but an excuse).

III. Restored With Rejoicing (vv. 5-7, 9, 10). The lost coin back in the owner's hand brought joy to her and her neighbors. The shepherd calls in friends and neighbors to rejoice over the restored sheep. How intensely human that is, and how altogether appropriate.

The great truth, however, is found in verses 7 and 10, where we learn that the repentance of one sinner sets even the bells of heaven ringing as the angels of God rejoice.

How long is it, my Christian friend, since you caused such joy by permitting yourself to be used of God in winning a soul? Yes, I know that it is God who seeks, but He uses human beings as His messengers, as His seekers. That is our first business after we ourselves have been saved.

Our lesson will not be complete unless we consider the rest of the chapter—the parable of the prodigal son. In its main points it is like the other two parables, but there is this vital difference—the shepherd sought his sheep, the woman searched for her coin—the father did not seek the son; the son sought the father.

Some prodigal, far from the house of his heavenly Father, may read these lines and say, "I wish someone would seek me out and bring me to God." But, my friend, you need not wait for anyone. Do as the prodigal did—"arise and go" to God. He is waiting for you; His love has never faltered; He wants you to come now. Make His heart rejoice, and set the choirs of heaven singing, by coming to Him by faith—just now.

As Ye Go, Preach
And as ye go, preach, saying, The kingdom of heaven is at hand. Heal the sick, cleanse the lepers, raise the dead, cast out devils; freely ye have received, freely give.—Matthew X, 7-8.

Suede Apparel Is at New High In Both Chic and Wearableness

By CHERIE NICHOLAS

ALL over the country stores that set the fashion pace are displaying new and intriguing suede garments and accessories in tempting array. Modern science has performed miracles in leather processing until suedes nowadays are as supple and workable as any fabric, and their colors are incredibly beautiful.

Suede is comfortably wearable at any season of the year, but for mid-season and early spring it is simply ideal. Light in weight yet dependably protective, no wonder that suede has become the "darling" of fashion. Women are coming to know more and more that there is no type of garment that fits better into all year-round wear than beautiful soft suede with its persuasive colors and its caressing "feel."

There's luxury, there's chic, there's practicality in a coat with turban, gloves and bag made all of suede as worn by Dorothy Lamour (to left in the picture). One cannot do justice to the superb coloring of the new suede costumes in mere words. In this instance the coat shown is of stone blue (smartly in fashion this season). Note the interesting double belt treatment. The turban, gloves and bag are in luscious wine red. Yes indeed, leather is a fashion favorite in Hollywood.

Can you imagine anything more appealing for town wear than a dress of wine-berry colored suede with a long suede coat in identical color? Positively brainstomping both to the observed and the observer especially when accompanied with beret, envelope bag and gloves done in a lighter tone of red, is the ensemble pictured to the right in the trio. She carries the coat over her arm, as you see.

Ardent golfers count their suede two piece suits as shown centered in the picture among favorite sport ensembles. The skirt of this most attractive outfit is in chartreuse, gored to give plenty of freedom. It is worn with a loose fitting jacket

of burnt orange suede with buttons high at the neckline. To keep her curls in place this athletic young modern wears a suede flower "beanie" in the bright chartreuse.

Other fetching leather novelties include nail studded boleros and belts that show a decided trend toward the Western theme. Waist-length sleeveless jackets with bright bindings and a touch of embroidery are inspired by the South American vests. Jerkins in unlimited style variations, side-buttoned and in bright colors, are grand for wear with skirts, suits or slacks and over countless dresses. Waistcoats with suede fronts, knitted back and sleeves and casual collarless cardigans with slide closings are stressed with matching or contrasting tweed skirts.

Classic one-piece suede dresses button from neckline to waist or feature the slide fastener fly-front closing. Boxy knuckle or slightly longer coats are important as well as the mannish notched collar model with three patch pockets. Stunning two-piece suede suits with fitted jackets are extremely smart. Long coats range from the bulky belted country coat to the dressmaker type for avenue wear.

"Beanies" and drawstring mittens or the new "socker mit" in colors are suede "finds" for the college girl. Snapbrim suede classics and berets are still favorites. A new Pixie cap has been designed for winter sportswear.

Clever sporty leather jewelry is new looking with tweed suits and sports clothes. Fringed and saddle-stitched collars and gauntlets reflect the cowboy influence.

(Released by Western Newspaper Union.)

Glitter Accents

Nothing glitters like a diamond! This pretty girl with vanity mirror in hand is examining her unusual diamond clips. One clip is a lotus blossom, the other the lotus leaves. Clips that take apart make interesting news. In the picture this young modern wears her clips separately, with striped jersey jacket and cap to match in keeping with the new vogue for dramatic jewels with simple dress. On her evening gown she will wear them together to form a complete jeweled flower. Her bracelet is in the new diamond "lace" design, like a band of lace with invisible closing. And she is a bride! Her ring finger wears one of the new oblong solitaires and the narrowest possible diamond band.

Gas Mask Filter

Used in Footwear

A gas mask and a woman's shoes are two very different themes we admit and it has been left to science to relate them. And here's how! Since the war and the necessity for personal protection came experiments and improvements on the gas mask of 1914-1918. Inventors took old gas masks apart, put new ones together, substituting, adding and perfecting with the result a new filter has been developed.

Since then it has been discovered that when specially treated this filter was found to have the qualities which make an ideal medium for innersoles. So now you can get shoes, by making known your wants to your salesperson, with "insolated" innersoles that actually do relieve "burning feet," the ailment generally conceded to be the cause of foot fatigue and the many foot ills following it.

Something that would establish a normal foot temperature would accomplish the cure, doctors said, and onco-insolated does just that. This new comfort-giving sole which newest smartly styled shoes have also acts as a shock absorber and is molded with first wearing to the individual contours of the foot.

The fact that insulation is put to good use in shoe as well as gas mask construction is just one more indication of American ingenuity. It gives us one more reason for being glad to be Americans in that our women are buying shoes for the protection of feet instead of gas masks for the protection of life.

Bloomin' Parrot Was Passing Its Lesson On

Bert had spent hours trying to teach his parrot to say "Hello, Uncle," ready for the visit of his wealthy relative.

To no purpose. Uncle came—and went—and the parrot was dumb.

Bert seized the bird by the throat. "Say 'Hello, Uncle,' or I'll wring your bloomin' neck," he roared.

And when silence continued he twisted the bird's neck and threw it into the fowl pen.

Queer squawks drew him to the fowl pen next morning. On the ground were three dead hens. The parrot had a fourth by the neck, shaking him and shouting: "Say, 'Hello, Uncle,' or I'll wring your bloomin' neck."

Calm in Danger

PROBATE ORDER

State of Michigan, The Probate Court for the County of Charlevoix. In the Matter of the Estate of M. Carrie Porter, Deceased.

At a session of said Court, held in the Probate Office in the City of Charlevoix, in said county, on the 3rd day of January 1941.

Present: Ervan A. Rueggesser, Probate Judge.

The above estate having been admitted to probate and Howard P. Porter having been appointed Executor.

It is Ordered, That two months from this date be allowed for creditors to present their claims against said estate for examination and adjustment, and that all creditors of said deceased, are required to present their claims to said Court, at the Probate Office in the City of Charlevoix, on or before the 10th day of March, 1941, at ten o'clock in the forenoon, at which time claims will be heard.

It is Further Ordered, That public notice thereof be given by publication of this order for three successive weeks previous to said day of hearing in the Charlevoix County Herald a newspaper printed and circulated in said county.

ERVAN A. RUEGSEGGER
adv. 2-3 Judge of Probate

Safety Experts Urge Pedestrian 'Education'

Educating the pedestrian to be more careful on the streets and highways—statistically demonstrated to be necessary to the safety picture—may prove to be a boomerang. Safety experts, who have the jump on run-of-mine dabblers in highway security, believe that, unless the present campaign is handled cleverly, the average motorist is going to lapse into further disrespect for the rights of those who travel on foot.

A survey in Washington showed that 7 out of 10 traffic fatalities were pedestrians. The natural inference is that people walking are especially careless and need a lot of schooling in safety. It is too easy to overlook the fact that pedestrians are especially vulnerable, being minus bumpers, safety glass, steel bodies and turret tops.

According to the American Automobile association, pedestrians who have never held drivers' permits are nine times as likely to be killed as walkers who are licensed motorists.

It is reported that last year 8,000 pedestrians lost their lives through their own careless actions. On the basis of these findings a campaign has been launched to prove that the man afoot isn't always an innocent victim.

But some of the most cautious thinkers on the traffic problem are not too sure that we are giving the pedestrian a break by concentrating too much on his "education." Even the educational methods are under suspicion. Prize example is the rule about walking toward traffic when on the road. Some of the most serious accidents have occurred when pedestrians were following the rule. They have been clipped by cars driven by people who turned way over to the left side of the road to overtake other cars.

WITH THE ANTRIM COUNTY AGR'L AGENT W. Kirkpatrick, Extension Agent

MATTRESS PROGRAM

All families living in Antrim county, whether in the country or in town, whose net cash income did not exceed \$500 during the past year, are eligible and are invited to participate in the State-wide cotton mattress and cotton comforter program. For each additional member of the family over four, an additional \$50 will be allowed for net cash income. Thus, a five member family is entitled to a \$550 net cash income; a 6 member family, \$600, etc.

The Surplus Marketing Administration has agreed to make available to everyone eligible, sufficient cotton, ticking, and percale, to make the mattresses and comforters. Work centers will be established in various places throughout the county and the Extension Service will provide the necessary training for the making of mattresses and comforters. Every family applying and being determined eligible by the county AAA committee, must make their own mattresses and comforters. Two families, working together, can make two mattresses daily. The only cost for these will be for thread, needles, and other work center supplies that will not exceed \$1.00 per mattress.

Each family determined eligible is entitled to make one mattress and one comforter for each two members of the family, but under no circumstances over three of each per family. One member families are entitled to one mattress; three members to two; and five or more to three. All mattresses and comforters will be full size with cotton being furnished at the rate of 50 pounds for each mattress and 4 pounds for each comforter.

All applications must be made in person on special application blanks at the county agricultural agent's office by Friday evening January 31. To assist individuals in making applications, the county agricultural agent will establish temporary offices in the various communities throughout Antrim County as follows:

Jordan Town Hall on old M 66, 1 1/2 miles northeast of Chestonia, Thursday morning, January 23, 9 to 12 a. m.

Warner Town Hall, Elmira, Thursday afternoon, January 23, 1 to 4 p. m.

Ted Shepard's Store, Alba, Friday morning, January 24, 9 to 12 a. m.

Mancelona Town Hall, Mancelona Saturday, (all day), 9 to 12 a. m. & 1 to 4 p. m.

Ellsworth Community Hall, Ellsworth, Tuesday morning, January 28, 9 to 12 a. m.

Grange Hall, Eastport, Tuesday afternoon, January 28, 1 to 4 p. m.

Central Lake Town Hall, Central Lake, Wednesday morning, January 29, 9 to 12 a. m.

Helena Town Hall, Alden, Wednesday afternoon, January 29, 1:30 to 4 p. m.

Milton Town Hall, Kewadin, Friday morning, January 31, 9 to 12 a. m.

Applications will be received at the county agricultural agent's office in the basement of the courthouse at all times between now and the evening of January 31. Those in the vicinity of Bellaire, and others throughout the county so desiring, are invited to make application there.

All applications must be made by the afternoon of January 31.

'Saluting the Equator' Is Old Sea Tradition

The ceremony of "crossing the line" or "saluting the Equator" antedates the American navy and all the rest of the world's navies.

It is so old that, according to the authorities, nobody really knows where it came from. The Vikings held similar ceremonies; so did the Greeks and Persians. For these ancients, of course, the rites had nothing to do with the equator, which they would not have recognized, had they seen it. But the idea of propitiating the sea god seems to have been common to all of the old seafaring peoples, who had their own times and places for the observance.

The custom of making the ceremony an occasion for horseplay and its identification with the equator evidently came much later. Even the horseplay is a very ancient tradition of the sea, observed from time immemorial by the navies and merchant shipping of all the nations, at least of Europe.

First Davy Jones comes aboard as emissary of His Majesty, Neptune Rex; then a couple of days later as the vessel crosses the line King Neptune himself arrives, complete with trident, oakum whiskers and an impressive court, to pass judgment on the "pollywogs." These neophytes are those who never before have crossed the line. Their judgment and punishment for the offense is a boisterous affair in which all "shellbacks," those who have crossed before, co-operate with enthusiasm. Lard, soap, creosote, whitewash, electric shocks and a dousing in the swimming tank all are essential ingredients of the ceremony.

Needless to say, the more strenuous observances are preserved for the younger and hardier pollywogs, older and distinguished passengers being let off with a verbal roasting.

Manufacture of Pills

"At one time pills were impaled one by one on a needle and dipped into gelatin solution, then the pinhole was carefully sealed. Today, by an interesting arrangement of suction bars, hundreds of pills are hemispherically coated at one dip and then transferred to a second similar bar, where the coating is completed. The mixing equipment for a pill batch is like the dough mixer of the bakery. The revolving kettles for sugar or chocolate coating came from the candy maker, but the machines that transform the doughy mass first into "pipes" of carefully controlled diameter and finally reduce them into slugs that, rolled between eccentrically moving belts, produce the pills, are inventions of the pharmaceutical industry. Automatic machines evolved for the purpose stamp out compressed tablets at extremely high speeds, and the utility of these machines is such that they have been introduced into many other industries. A specific example is the stamping of tablets of molding powders for use in the plastics industry.

Water Power Clock

One of the world's strangest clocks stands at Rome's Villa Borghese municipal park in Italy. It is operated by means of water power. The water drops from a fountain and is caught into a series of descending cups providing the motive power for the mechanics. The clock, according to the Italian information center at Rockefeller center, has been operating for over a hundred years and has kept perfect time.

Her Maiden Trip Planned for Feb. 15

Her construction virtually completed, her machinery installed, the new \$2,000,000, all-steel City of Midland, world's largest car ferry, is scheduled to steam out of Manistowic, Wis., for her maiden crossing of Lake Michigan, on February 15, loaded with a full cargo. Painters have just finished her raking stack displaying the large red-ball insignia of the Pere Marquette fleet. Workmen (lower right) are grinding welds on the ship's bridge. Map shows the three trans-lake routes of the year-round car ferry service connecting Ludington, Mich., with Wisconsin ports.

Master shipbuilders and craftsmen, working in day and night shifts, are busy putting finishing touches to the interior construction and decoration of the \$2,000,000, streamlined City of Midland which is scheduled to start active car ferry service across Lake Michigan next month.

February 15 has been fixed tentatively as the date for the maiden trip which will inaugurate her all-year-round operation as flagship of the Pere Marquette fleet in the trans-lake transportation of passengers, automobiles and loaded freight cars.

Prior to this maiden crossing, the City of Midland, which has a guaranteed service speed of 18 miles an hour, will be put through her paces in a trial run along the Wisconsin side of the lake. Aboard for this "sea trial" will be representatives of the Manitowic Shipbuilding Company, her builders, executives of the mechanical and operating departments of the Pere Marquette Railway Company, and officials of the U. S. Bureau of Marine Inspection and Navigation.

The ship will be thoroughly tested for maneuverability, for precision of navigation instruments, for efficiency of all other equipment, and for satisfactory operation generally. Shipshape, resplendent in her finish and appointments, and with her public spaces luxuriously furnished in the modern manner, this largest, fastest, and most modern car ferry ever built will then be ready for service.

Looks Like Ocean Liner
At her berth, adjacent to the shipyard, this all-steel car ferry has now every outward appearance of a completed ship. Viewed from the river bank opposite her moorings, her raking stack, displaying the huge red ball insignia of the Pere Marquette fleet, and the superstructure atop the huge but graceful hull, seem to dominate the Manitowic skyline. The flowing white band encircling her black hull accentuates her streamlined design and gives her more the appearance of a fast, modern liner of the trans-Atlantic lanes than that of a Great Lakes carrier.

Few signs of activity are visible on her decks; but, deep in her insides, there is a hubbub of activity as scores of workmen go about allotted tasks having to do, mainly, with precision adjustments to machinery, and with decorating and furnishing the ship's 74 staterooms, including 12 master suites, and her various public spaces. These public spaces include the main dining saloon, forward on the main deck, accommodating 60 persons at a sitting; the two glass-enclosed smoking rooms, the main lounge, and the glass-enclosed after lounge for observation. The deluxe interior decoration of the ship is being handled by a Chicago firm of decorators.

Installed and ready for "sea trial" are the four huge, water-tube boilers, fired by automatic stokers, and the two propelling engines of the uniflow poppet-valve type—largest of their kind ever built.

Full Cargo for Maiden Trip
The City of Midland will steam out of Manitowic on her 62-mile maiden trip from that port with her 4-tracked main deck loaded to capacity with railroad cars transporting the product of one of Wisconsin's dairy industries. The White House Milk Company, subsidiary of the Great Atlantic & Pacific Tea Company, arranged for this capacity shipment which is to move, via Ludington, over the Pere Marquette Railway and connections, to destinations east and south of Michigan.

This shipment, which consists of evaporated milk manufactured at Manitowic, is a manifestation of the interest of Wisconsin shippers in the newest fleet unit of the Pere Marquette and her anticipated contribution to the trans-lake car ferry service over the Ludington-Manitowic route.

This route, along with routes to Milwaukee and Kewaunee, has been developed by the Pere Marquette as an important "bridge-line" for rail-

road traffic to and from the Northwest and points east and south of Lake Michigan. The six steel car ferries plying these routes, in 1939, carried 100,738 freight cars, 18,724 automobiles and 60,536 passengers. Business is being handled over these routes in gradually increasing volume. Because they afford a by-pass of Chicago, busiest of rail terminals, these routes will have an even larger transportation significance in the event of a substantial traffic upsurge from the activities of national defense. The Ludington-Manitowic route furnishes a straight-line, trans-lake link in U. S. Highway 10, which saves motorists the long detour around the southern tip of Lake Michigan.

Less ceremonious than her christening, which was witnessed by more than 20,000 persons at Manitowic, on September 18, will be the induction of the City of Midland to active car ferry service. A cross-section of Manitowic's population will be on hand to see her off. The Manitowic Marine Band, which sounded hosannas at her christening, will say "bon voyage" with music as the ship churns her course toward Michigan for the first time. Her shipbuilders, business men of Wisconsin, and executives of the O. and O. and Pere Marquette will be among her passengers on this initial voyage across the lake.

Welcome at Ludington
Paralleling Manitowic's "send-off" at departure will be the welcome that will be accorded to the City of Midland on her arrival at Ludington. She is being awaited there with unusual interest because of the descriptions of her luxuries and her equipment that have preceded her. On hand to greet her will be Ludington civic officials, local residents, and persons from nearby localities. Opportunity will be afforded at Manitowic, before departure, and at Ludington, after arrival, for public inspection of the new car ferry, which has an overall length of 406 feet and a displacement of 8,200 tons.
