PENINSULA...

(Edited by Mrs. E. Hayden)

Pickle and string bean harvest is on now and are the finest crops ever.

Almost constant rain last week greatly held up harvesting and haying, which is still going.

Mrs. W. E. Gray, the Hebriding sales woman of Petoskey, was on the Peninsula, Wednesday.

Mr. and Mrs. Tracy LaCroix of Advance Dist. spent Sunday afternoon at the Orvel Bennett home.

There were 22 at Star Sunday school, August 15, almost all young folks.

Dannie Faust of Three Bells Dist. returned home Monday, after spending two weeks with his sister, Mrs. Roland Beyer and family in Detroit.

Mr. and Mrs. F. K. Hayden and younger children of Pleasant View farm, were Sunday evening guests at a pot luck supper at Orchard Hill.

Lyle Wangeman, who is employed in Boyne City, was confined to his summer home at Pine Lake Golf Course last week by illness.

Mr. and Mrs. McEnhill and family of Detroit, who have occupied the Crane Cottage at Cedar Lodge for two weeks, returned to Detroit August 16.

Mr. and Mrs. A. B. Nicloy received a letter from their older son, Curtis, who is still in the service in England, and is well and doing fine.

The 4-H Club, which was to be at Mack McDonald's, spent the regular meeting time Friday evening in the open air just visiting.

Mr. and Mrs. Elmer Behling and son Bobby of Boyne City were Sunday supper guests of Mrs. Behling's parents, Mr. and Mrs. Wm. MacGregor at Whiting Park.

Mr. and Mrs. Wm. Inmann of near Hortin Bay were Sunday dinner guests of Mrs. Inmann's sister, Mrs. A. B. Nicloy and family at Sunny Slopes farm.

Miss Dorothy McDonald of Three Bells Dist. entertained her Sunday school class, the infant class, with a party at the Star Community Bldg., Thursday afternoon.

Ricke Russell, who stays with his grandparents, Mr. and Mrs. P. D. Russell at Ridgeway Farms, was confined to his bed by illness part of last week, but is out again.

Wm. Little of Royal Oak arrived Saturday evening to spend some time with Mr. and Mrs. C. A. Crane at Cedar Lodge. Mrs. Little and son Charles Wm. have been at Cedar Lodge for some time.

Miss Kathrine McDonald returned to her position in New York City, Friday evening, after spending two weeks with her parents, Mr. and Mrs. Duncan McDonald and family in Three Bells Dist. and other relatives.

Mr. and Mrs. A. Reich and daughter Luella and Miss Arlene Hayden of Pleasant View farm went to Petoskey, Thursday, on a shopping tour and came back to Boyne City and made their purchases.

Mrs. R. E. McNabb (Allie Hayden) wrote home August 8, telling of the extreme heat of that week in Stanford, Texas, temperature of 111 degrees with a hot wind. Hens and sows and young pigs died with the heat and there has been so rain for a long time, also infantile paralysis is quite prevalent.

A. Reich of Lone Ash farm and sons Calvin and Billy took some logs to Boyne Falls on a trailer and tractor, Wednesday, to have them cut into lumber, and were caught in the thunder storm which was a down-pour for two hours, and had two flat tires. Mr. Reich had the truck and thus had shelter, but the boys with the tractor had to take the bath of their lives.

While Lyle Persons of East Jordan was helping to fill the sprayer at Knoll Crest, Monday afternoon, he lost his balance and fell, striking Mr. W. C. Howe of Overlook farm, who was reaching the spray material up, on the neck and shoulders, both falling to the ground, the Persons boy getting a gash on his head which required several stitches to close, and Mr. Howe was very seriously injured, the nerves of his shoulders and neck were torn loose, causing a sort of paralysis for a time, but he is coming along nicely now and is able to use his hands some and to work around.

IN ADDITION TO OTHER THINGS, HE'S ON FIELD RATINGS—IF YOU GO ON BOND RATINGS YOU'LL BOTH THRIVE! AND SURVIVE!

I've Got a Home, too Mister! Every extra BOND you buy through the Payroll savings Plan will help me get back to it. Figure it out Yourself

— U. S. Treasury Dept. —

VANCE DISTRICT

(Edited by Alice McClure)

The Willing Workers 4-H Club held their meeting Thursday and Monday evening at the McClure home.

Miss Leona and Arlene Van Deventer were Sunday visitors of Miss Alice Belvia McClure.

Mrs. Orrie Boring and children have been visiting relatives in East Jordan for the past three weeks.

Mrs. Jane Ellen Vance was a visitor at the home of her parents, Mr. and Mrs. Vernon Vance and family.

Miss Patricia Vance is spending a few weeks with her parents, Mr. and Mrs. Vernon Vance and family.

The Vance District Farm Bureau group held their regular monthly meeting at the home of Mr. and Mrs. Fred Zoulek on Tuesday evening, August 10. The topic discussed was the Hospital Insurance. Pot luck lunch was served. Mrs. Walter Peattie, Publicity Chairman.

U. of M. Will Train Women for Jobs as Lab Technicians

Four-Year Program May Be Completed in Three Dured Wartime

ANN ARBOR—Training of women to become medical technologists in hospital laboratories, physicians' offices or medical research institutions will be offered in a new course at the University of Michigan leading to the Bachelor of Science degree and certification by the American Society of Clinical Pathologists.

Requiring three years of academic study plus one calendar year of practical training in the Medical School and University Hospital in ordinary times, the program can be completed in three calendar years under the University's accelerated wartime program.

English, a modern foreign language, social sciences, mathematics, physics, 10 hours of elective courses, and required courses in chemistry, zoology, biological chemistry and bacteriology must be completed during the basic three years. The final year includes work in clinical laboratory methods and practice of medical technology.

Qualified college graduates may enter the final year of the training with the first class next October. Such students who lack the required basic training in bacteriology and biological chemistry may take these subjects during the University summer session which opens June 28.

MILES DISTRICT

(Edited by Mrs. Thomas Jensen)

Mr. and Mrs. Jack Huber and daughter Nancy living on the Allen farm near Charlevoix were dinner guests of Mr. and Mrs. Tom Jensen Sunday.

Mrs. M. Allen of Ellsworth and Mrs. Fred Bancroft motored to Boyne City Saturday to visit the latter's sister, Mrs. Herman Lindeau. Mrs. Evans who has been visiting her daughter the past week returned home with them.

Benny Clark who has been in the hospital the past three weeks returned home Saturday.

Miss Freda Alm returned to Kalamazoo the first of the week.

Mr. and Mrs. Albert Carson and family and Mr. and Mrs. Walter Kemp and family were busy picking huckleberries at Carp Lake Sunday.

Miss Lela Orvis underwent a major operation at Lockwood Hospital one day last week.

Albert Carson reports twin calves born on his farm last week.

Mrs. Anna Shepard of East Jordan enjoyed her 89th birthday dinner party at her home Sunday. Her guests were her daughter and son-in-law, Mr. and Mrs. Edd Kowalski, Mrs. Minnie Cooper and Mr. and Mrs. Howard Darbec.

Mr. and Mrs. Everett Spidle visited Mr. and Mrs. Jake Brock Sunday.

AND I'LL GIVE YOU BERRY BROTHERS SKY-TESTED QUALITY THROUGHOUT YOUR JOB

— AND WHAT HAVE AIRPLANES TO DO WITH THE PAINT ON MY HOUSE? —

ROARING through the heavens at 200 miles an hour, bucking hurricane winds and battering hail, snow, rains and sleet, landing on broiling, sun-baked plains, airplanes and their finishes take the toughest of all tests—the SKY-TEST.

AND, because they stand up better under the "SKY-TEST," Berry Brothers Aviation finishes protect 8 out of every 10 airplanes you see.

YOUR house too, gets a "SKY-TEST" from sun and rain, heat and cold, and to protect it, Berry Brothers build SKY-TESTED QUALITY into every gallon of their famous House Paint, using the same secret-processed Lionoil used in their Aviation, Marine and other special weather-proof finishes.

THAT'S why SKY-TESTED QUALITY means exceptionally rich gloss and color, extra durability and lower cost per year than any quick-wearing, bargain-price paint can give. For beauty and economy, get SKY-TESTED QUALITY.

You might as well Confess!

Almost everyone likes a mystery — almost everyone enjoys the thrilling excitement of tracking down a criminal with an ace detective. But some are a little ashamed to admit reading mysteries. Well, you needn't be. Maybe you didn't know that many college professors, bank presidents, grad. at scientists, captains of industry, even the President of the United States all like their mysteries. In fact, millions of Americans are reading more mysteries today than ever before. Why? Mainly because these fast-paced, easy-reading stories are both relaxing and refreshing. It is for them — and for you — that we are publishing

ELLERY QUEEN'S MYSTERY MAGAZINE

Edited by Ellery Queen, famous detective of the radio, the movies, and best-seller books, it is devoted exclusively to the best in detective crime short-story literature. And we mean literature. The fact that a story owes its plot to crime and detection need not prevent its being well written. Short detective fiction that is well written is not too finding them — in books, in magazines, in the files of famous authors — and by arrangement with other publishers as well as with authors, we reprint in the approved Reader's Digest manner the best detective fiction to be procured.

Such masters as Dashiell Hammett, Agatha Christie, Stuart Palmer and Ellery Queen are to be found in it. But stories are selected on their merits, not on authors' names. Tough and suave, casual and swift, comic and tragic, they are mingled with refreshing variety and stimulating change of pace. Rare gems, fit for the most critical, delightful to the most naive. You will find the new magazine well printed — sharp and clear, kind to the eyes. You will find the size same as The Reader's Digest — convenient to hold, to handle, to slip into your pocket. You will find the cover as pleasing to look at as a book jacket. And you will find the contents the most satisfying quarter's worth of good entertainment you have found in many a day. On sale at all good newsstands — 25c a copy.

SPECIAL 10c OFFER TO READERS OF THE CHARLEVOIX COUNTY HERALD

Because we want you to know Ellery Queen's Mystery Magazine we will send you a copy of this anthology of the best detective stories new and old — 80,000 words of thrilling mysteries — for only 10c, the cost of postage and handling.

Fill in and mail the coupon below with 10c today.

Mrs. Arthur Shepard of Midland underwent an operation at Lockwood hospital, Petoskey, Thursday forenoon. Mr. Shepard accompanied his wife here and is at the home of his brother, Mr. and Mrs. William Shepard.

The sage who said, "It's an ill wind that blows no good," must have been thinking about today's war and tomorrow's Michigan.

Maybe it's the inherited spirit of our grandfather, who rode a rural church circuit in his younger days with abounding optimism and confidence in this nation's greatness. We confess optimism.

When you get down in the dumps, as the saying goes, remember the motto of Michigan: "If you seek a pleasant peninsula, look about you." Michigan is a great state, and its greatness includes both its size and its productiveness. Nature endowed it with abundant natural resources - iron, copper, salt, oil, forests, fish, veg tables and fruits - and man has created from these a mighty empire of teeming industries.

All of which is a prelude to this statement: Air power, developed as a weapon of war, may open a new era of peace-time transportation for the Michigan of tomorrow, putting our northland blue waters and forests and streams within a few hours access of millions of Americans in the Middle West.

Lowell Thomas in a broadcast from a helicopter at Bridgeport, Connecticut, the workshop of Igor Sikorsky, predicted last May 28 that helicopter transportation will make a complete change in the living habits of the American people.

In an address at the Ludington hotel (Duncan Hines) in Escanaba Governor Harry F. Kelley predicted a billion dollar income for the Michigan tourist business after the war, predicated on development of safe air transportation and wider recognition by Michigan citizens of their own natural attractions.

This tourist development will be made possible, the governor said, largely because "air transportation for the masses" will eliminate the time gap between north Michigan and the industrial centers of the Middle West.

Here is the governor's prediction: "My prediction is, that with air transportation, the tourist business which has netted Michigan 400 million dollars in peace-time will, after the war, be a billion dollar business in Michigan."

How the helicopter will fit into tomorrow's transportation system is a matter for speculation today. It's apparently safe to say, however, that the helicopter rotor with its whirling propeller located above the airplane cabin is beyond the experimental stage; and that it offers the closest proximity to a fool-proof safe airplane as inventive genius has yet created.

Here is truly a product of World War II. The helicopter was first flown successfully in 1941, and is now being used by the United States army and navy.

Large airports are not needed for this new craft which takes off and lands vertically and which requires no more than a flat roof on a building for convenience of passengers and parcels. The helicopter is envisioned as bringing to small towns & farms a new mode of fast transportation. The city worker can take-off for a week-end outing in Michigan's expansive northland and do so with the ease of driving a flivver. Two or three hours' experience is required. This craft is safe to the degree that it does not side-slip or tailspin and it can be brought safely to the ground even if the motor stops cold.

C. W. Lucas, assistant to Manfred Burleigh, president of the Great Lakes Greyhound Lines, told newspaper editors at Escanaba that helicopter service would be made available after the war to 40 cities in Michigan as soon as equipment can be obtained. The Greyhound corporation has applied to the federal government for a permit to operate a national system of helicopter transportation. A hearing is to be held in October.

As the Greyhound officials envision the role of the helicopter, more people will live in the country while working in the city; airplane travel will be vastly facilitated by helicopter service connecting large metropolitan airports & down-town districts; inaccessible areas in vacation country will be opened up for air travel for the first time without the necessity of huge expenditures for airports.

In brief, "the helicopter will cut in half the travel time between the north part of Michigan and the population centers to the south." Mr. Lucas also predicted that the new ease and speed of travel will extend the Michigan tourist season from two to six months, "since more and more people will travel north for business and for fishing in the spring, hunting in the fall, and winter sports."

If this new war-time creation, the helicopter, can achieve these gains for Michigan, we will be doubly blessed. Perhaps here is one of the unforeseen benefits of war which science makes possible when driven by necessity of national self-preservation. It may revolutionize the Michigan of tomorrow, bringing new enjoyments of living to our people.

A sappy spine cannot support responsibility.

Farmers who deal with this bank know that our officers understand farm problems and are familiar with conditions in this part of the country.

We try to see beyond the four walls of this bank so as to be able to picture in our minds the real circumstances in each case. In this way we can make our cooperation more personal.

Farmers have often thanked us for the interest we have shown. Our answer is that we help ourselves when we help them.

THE OLD JUDGE SAYS...

"Makes me feel extra good hearn' you talk that way Judge never realized I was contributin' to the war effort in the way you mention."

"You certainly are. Hank Part of the grain you farmers grow is used by the beverage distilling industry to make alcohol for war purposes. Hundreds of millions of gallons are required every year for smokeless powder, medical supplies, chemical warfare materials, shatterproof glass, lacquer for camouflaging equipment, fuel to propel torpedoes and in the making of critically needed

synthetic rubber. But, Hank, the grain used in distilling this alcohol is not thrown away. It is processed and comes back to the farm again in the form of distillers' dried grains or drier solubles which you use for dairy feeds, hog supplements and poultry mash. This year alone it is estimated 388,000 tons of these much needed feed stuffs will be produced by the distillers."
"I can see now, Judge, why you say it's a mighty good thing we have a legal distilling industry in times like these."

Conferee of Alcoholic Beverage Industry, Inc.
