VOLUME 50

EAST JORDAN, MICHIGAN, FRIDAY, JUNE 14, 1946.

NUMBER 24

## Local Airport Being Readied

FOR THE OFFICIAL OPENING. BURULL & BRIDGEWATER ARE NOW IN CHARGE.

Plans are under way for the official opening of East Jordan's Airport which has been leased to the Burull & Bridgewater Flying Service.

The Airport is located one and one half miles S-E of East Jordan. It has two runways; one N-S 2600 feet and one E-W 2600 feet, both sod. Other facilities offered will be a 20 x 48 ft. quonset type Administration Building which will provide an office, snack bar, lounge and rest rooms. Gas and oil will be available to local and transient planes.

An added feature for cross country pilots will be free overnight to dawn service and free telephone service on local calls.

The Airport is municipally owned but will be operated by the Burull & Bridgewater Flying Service. The buildings being erected and all equipment, including planes, placed on the premises are the property of the Flying Service. All facilities will be available to the public and transient pilots and their passengers. Visitors are always welcome.

Planes will be used for charter, aerial sight seeing tours and pilot training.

## Mrs. Olive M. Hamilton Age 76, Passes Away Following Short Illness

Mrs. Olive Mudge Hamilton was born in Delhi, Ont., Canada, Nov. 24, 1870, and passed away at her home on Third Street in East Jordan, June 8, 1946, after an illness of eleven days.

She came to Central Lake with her parents at the age of 10 years.

On Oct. 20, 1891, she was united in marriage to James T. Hamilton at Kewadin. Following her marriage she resided in Central Lake and Grand Rapids; the past few years she has lived in East Jordan.

She is survived by a daughter, Mrs. H. F. Lamb of Ann Arbor, a son, Charles T. Hamilton of Grand Rapids, two grandchildren, one great grandchild. A brother, J. B. Mudge of Central Lake.

Services were held at the Watson Funeral Home, Monday, June 10, Rev. C. W. Sidebotham officiating. Interment was in Southern Cemetery, Central Lake. Bearers were Howard Porter, John Benford, Harold Lamb and Earl Mudge.

Those from away to attend the funeral were—Mr. and Mrs. John Benford, Mt. Pleasant; Mr. and Mrs. H. F. Lamb, Ann Arbor; Mr. and Mrs. Charles Hamilton, Grand Rapids; Mr. and Mrs. Earl Mudge and Mr. and Mrs. Grant Mudge, Central Lake.

## Special Services at The L. D. S. Church

Special services will start at the Reorganized Church of Jesus Christ of Latter Day Saints on Division St. Sunday evening. Elder Virgil J. Billings, member of the quorum of seventy of the general church whose world headquarters are in Independence, Missouri, will be the guest speaker.

Elder Billings has traveled extensively in the southern and mid-western states in the interest of the church and his coming to East Jordan brings a speaker who is capable of presenting the program and philosophy of christian living. This promises to be a most interesting series of services with several subjects being illustrated lectures. The role of the church and religion will be presented as it applies to the problems of the modern society.

Topics for these services are as follows:—

Sunday "The Life of Christ and his program" — Kodachrome slide illustrations.

Monday, "From darkness into light" (illustrated).

Tuesday, "A marvelous work and a wonder", Kodachrome slide illustrations.

Wednesday, "An unexpended power".

Thursday, "An alliance with God."

Friday, "Christ and the future life" — Illustrated lecture.

Sunday, "Thy kingdom come!"

These services start each evening at 8 o'clock and the public is invited to attend.

## RED UPON THE HOOSIER MOON — A True Mystery

The Belle Gunness affair was both legendary and fantastic. While police were digging up body after body of the 42 men who came to woo her, a gold prospector found Belle's bridge-work. Did Belle really die in the fire with her three murdered children? Read Peter Levins' article in The American Weekly with Sunday's Detroit Times.

Then there was the little moron who took a ruler to bed with him to see how long he slept.

## Community Service Club

We will meet Thursday, June 20 at 8 p. m. at City Hall. Let's have every member organization represented.

## Announcement

Harly Batterbee of Greenriver will speak at the Church of God this Sunday morning, June 18, at 11 a. m., June 16. You are invited to come and hear him. — O. A. Holley, Pastor.

## Pomona Grange Meets With South Arm Tuesday Evening, June 18

Charlevoix County Pomona Grange will meet at the South Arm Grange Hall on Tuesday, June 18, with supper at 7:00 p. m. The entertaining Grange will furnish potatoes, meat and coffee. Visiting members are requested to bring a dish to pass.

A short business meeting will be called. The program will include a talk by attorney Ed Reuling of East Jordan who recently returned from service in the United States Navy.

At its last meeting the Charlevoix County Pomona Grange went on record opposing a sales tax on farm machinery that is used for agricultural purposes regardless of whether it is used by the owner solely on his own farm or in assisting a neighbor who may lack this equipment. Resolution to this effect were forwarded to State Senator Otto W. Bishop of Alpena and State Representative Louis E. Anderson of Northport.

## Farm Topics

ED. REBMAN  
County Agricultural Agent

### DDT IN THE HOME:

Careful use of the three formulations of DDT discussed below should control all household insects, except termites, in the average home.

1. 5 percent Oil Solution of DDT. This should be a clear colorless solution. The label should state clearly that the solution contains 5 percent DDT (dichloro-diphenyl-trichloro-ethane.) Beware of products which are labeled "DDT Spray" — 100 percent active unless the label states the amount of DDT present. The 100 percent does not mean 100 percent DDT.

Oil solutions of DDT are useful for spraying porches, doorways and inside walls of dwelling and for painting door and window screens. One application should last 6-8 weeks inside and 2-3 weeks on screens. Use a sprayer that gives a coarse spray and apply just enough to wet the surface. Try to avoid fogging up the room. The deposit on the surface is what counts. Insects lighting or crawling on this deposit will be killed, but DDT is slow acting, so they may fly or crawl away before they die.

Oil solutions of DDT are effective against clothes moths and carpeted into cracks in bedsteads and sprayed lightly on mattresses, if they are allowed to dry before using.

Oil solutions of DDT are effective against bedbugs and may be sprayed on bedbugs, but the formulation cannot be generally recommended because some of the less reliable companies use solvents that may stain fabrics. A safe way of handling the problem in closets and chests is to have the clothing dry-cleaned or laundered, and spray the closet or chest while it is empty.

DDT in oil solution may be absorbed through the skin and it is poisonous if taken internally. Do not let the solution or spray mist remain on the skin and do not spray food products, dishes or kitchen work table. Do not spray near lighted fires. After the spray has dried the residue of DDT is inconspicuous, except on glass surfaces, and it is not absorbed by casual contact with it.

2. 10 percent DDT Powder. This is another useful household material. It is poisonous if taken internally but can be dusted safely on humans and on animals, except cats. It is generally effective against crawling household insects, but not very effective against flies. It may be sprinkled liberally under rugs and slip covers to prevent moth and carpet-beetle damage. It is a safe and effective control for human lice, and for fleas on dogs.

3. Aerosol Bombs. These contain 1 percent DDT and 2 percent pyrethrum extract and are useful for obtaining quick temporary relief from flying insects, such as flies and mosquitoes. Remove canaries and goldfish from the room, open the valve four seconds for each 1000 feet of space and close the room 15 minutes. A one-pound bomb will run about 10 minutes (100-150 rooms). Aerosols are of limited value for controlling crawling insects and are not recommended as a means of applying insecticidal residues to surfaces. They have little lasting effect.

## Annual School Meeting

MONDAY, JULY 8th

## Board Urges Local Local Tax To Meet Higher Operating Costs

On May 13 the boards of education from Charlevoix, Boyne City, and East Jordan met with the County Allocation Board at Charlevoix and requested that the schools be granted at least 6 mills for operating purposes for the coming school year. This request was made because school revenues have not kept pace with the rapid advances in school costs over the past 4 years. However, the Allocation Board saw fit to grant only 1/2 mill increase over previous years, limiting the schools to 4.5 mills of the county revenues.

In June, 1944, the East Jordan School District had a favorable balance of \$14,000 in the operating fund. In June, 1945, this had been reduced to \$12,000, and by the close of this school year, June 30, the balance will have been reduced to approximately \$6,000 cash on hand.

A tentative budget for 1946-47 is out of balance by \$6,800, yet we are finding it difficult to secure teachers on the salaries we can offer.

On June 6, 1941, the school electors of the East Jordan Rural Agricultural School District No. 2 voted to increase the tax rate for all purposes to 29 mills for the years 1942 to 1946 both inclusive. They also voted to issue \$70,000 in bonds for the erection of a new high school. After 4 years the school district has collected enough tax monies to retire all bonds.

Your board has discussed ways and means of increasing the operating revenues of the school at a number of its regular meetings. It does not wish to curtail the present educational program. At our meeting Monday, June 10, we decided that inasmuch as we need no more money to retire bonds we will ask the school electors at the annual meeting Monday, July 8, to grant us the privilege of spreading 6 mills of the 14 mills voted in June, 1941, for operating our school for the coming school year 1946-47. We unanimously agreed that this was necessary in order to maintain our present program, secure suitable teachers, and replace our bus fleet, half of which is now eight years old.

W. G. BOSWELL, Secretary.

## These Men Called

Or About To Be Called By The Charlevoix County Selective Service Board No. 1.

The following named men have been ordered to report at the City Hall, Charlevoix, Michigan, June 17, 1946, at 6:15 a. m., EST, for transportation to the Detroit Induction Station, for Preinduction physical examination.

Robert Frank Wood — Charlevoix  
Frank Saganek — Charlevoix.  
Alfred Wm. Fratrack — Charlevoix.  
Louie Oliver Sharrow — Charlevoix.  
Marshall Edward O'Neill — Char.  
Earl Glee Allen — Charlevoix.  
Richard Ahmeron Taylor, Boyne City.  
Everett Earl Griffin — Boyne City.  
Louis Edwin Hadix — Boyne City.  
Joseph Oscar Addis — East Jordan.  
Harold Mark Carney — East Jordan.  
Billy Edward Kropohl — Clarion.  
Edward William Boyle — St. James.

## Adequate Vitamin A Supply Is Available In Vegetable Garden

With such items as cream, butter, cheese and liver more difficult to obtain today, it is increasingly more important that housewives look to the vegetable garden for an adequate supply of vitamin A in family diets. According to Marion A. Wharton, foods and nutrition specialist in the school of home economics at Michigan State college, there is an abundance of this vitamin available.

Vegetables which are abundant in vitamin A include green and yellow varieties and tomatoes. The green vegetables include: beet, dandelion, mustard and turnip greens; swiss chard, collards, endive, kale, spinach, watercress, green beans, broccoli, green asparagus, Chinese cabbage, green lettuce, peppers, peas and parsley. The yellow vegetables which are good sources, are: sweet potatoes, carrots, yellow corn, yellow field squash and pumpkins. Tomatoes and cantaloupe fall into neither the yellow or green classes, but are abundant in vitamin A.

The ordinary preparation of vegetables destroys little of their vitamin A value, Miss Wharton says, so these can be depended upon both in cooked and raw condition. Canning and freezing also destroys very little of the vitamin A content, but drying and storage, especially by the usual home methods, causes much greater losses.

### Prize Pome

Rose's are red,  
Violet's are blue,  
Susie's are pink —  
I saw them on the clothes line.

FLAG DAY — JUNE 14

## MARRIAGES

Chanda — Rebec

Marié Cecelia Chanda, daughter of Mr. and Mrs. Joseph L. Chanda of the Bohemian Settlement and George R. Rebec, son of Mr. and Mrs. Frank Rebec of East Jordan were united in marriage at a double ring ceremony, Monday, June 3rd at eight o'clock at a solemn High Mass in St. John's church, Bohemian Settlement, with Rev. Jerome J. Szydowski officiating.

The altars were decorated with white lilies and baby's breath. The bride, given away by her father, wore a white gown of net over crepe with a fingertip veil trimmed in French lace, held in place by a beaded tiara. She carried a bouquet of white carnations and fern.

The bridesmaids were Miss Dorothy Haney, cousin of the bride, who wore a pink gown of satin and net with a matching veiled tiara; and Miss Genevieve Barnett, niece of the groom, wore a blue net gown over crepe, with a matching veiled tiara. Both carried bouquets of pink, yellow and white snapdragons with fern. The groom was attended by Frank Rebec, brother of the groom, and William Chanda, brother of the bride.

Mrs. Chanda, mother of the bride, and Mrs. Rebec, mother of the groom, wore corsages of roses and sweet peas. Following the ceremony breakfast was served at the bride's home.

A reception was held at the Bohemian Settlement Hall for some two hundred friends and relations, at 1:30 in the afternoon. Many beautiful gifts were received.

In the evening a dance was held where everyone enjoyed themselves very much, dancing to a local four piece orchestra.

Mrs. Rebec was a member of the graduating class of '38 of the East Jordan High School. Mr. Rebec is a veteran of World War II serving 41 months in the ETO. Mr. and Mrs. Rebec are at their home at 103 Third St., East Jordan.

James Rebec of Lansing attended the wedding. Before the wedding a shower was held at the bride's home where 36 guests attended. Many beautiful gifts were received.

## Fightmaster — Holland

Orange blossoms and peonies formed the background before which Helen Fightmaster, daughter of Mrs. James McLaren of 899 Kings Highway, Lincoln Park, spoke her marriage vows to Ronald Holland, son of Mr. and Mrs. Basil Holland of East Jordan, in a quiet home ceremony Saturday, June 1, at 3 p. m.

Dr. Albert Lindsey, pastor of the Immanuel Presbyterian Church of Detroit, officiated at the double ring service.

The bride, given in marriage by her step father, wore a navy blue wool tunic suit with pink accessories, her blue straw hat was trimmed with pink rosebuds, her corsage was of pink sweetheart roses.

Mrs. Jack Fightmaster as matron of honor, was attired in a brown suit with yellow accessories, accented by a brown hat trimmed with yellow flowers. Her corsage was of yellow roses. Jack Fightmaster, brother of the bride, attended the groom as best man.

At 7 p. m., a buffet wedding supper was served to 60 guests at the home of the bride's parents, after which the young couple left on a trip to Silini Lake, Mich.

The bride, a graduate of Lincoln Park high school, is an employee of the American Brass Co. The bridegroom, a graduate of East Jordan high school, is an army veteran of more than three years service, two of which were spent on the islands of New Guinea and Mindanao. At present he is employed at the Great Lakes Steel Mills.

The Miracles of Mother Cabrini. Diminutive in size but gigantic in her record of achievements, the "Little Saint" is credited with many miracles. John Erskine tells this fascinating story in The American Weekly, the magazine distributed with next week's Chicago Sunday Herald-American.

rick stated that all arrangements are complete and everyone would be well taken care of.

## Bryan Stresses Water Safety

NEW RED CROSS FIELD REPRESENTATIVE TALKS TO CHARLEVOIX CO. BOARD.

Duane Bryan, new Field Representative of this northern territory, for the American Red Cross, spoke to the Charlevoix County Red Cross Board at the John Porter cottage, June 4. Mr. Bryan stressed the necessity of Water Safety, in this district. The Field Representative's home is in Alpena, Michigan, consequently he has first hand knowledge of the type of help needed from the Red Cross throughout this district. Mr. Bryan told members of the county board that the production schedule planned by Red Cross for this year and next is great due to the dire need of clothing for persons in Europe.

The Charlevoix County Red Cross board appointed Mrs. Ethelyn Edwards of Charlevoix, member of the board of directors; and Mrs. Helen Rothenberger of Boyne City, Junior Red Cross Chairman of the county, to attend as delegates from this chapter, the 21st National Convention at Philadelphia, June 18 to 21.

The National Convention is unusually important this year, in that it will be the first one held since 1942. It will provide the occasion for planning the future of the Red Cross. The field director, Mr. Bryan told the board that the small chapters such as Charlevoix County are being recognized more and more because of the splendid work they contributed during the war and the National Convention in Philadelphia this year affords an opportunity for the small chapters, as well as the larger chapters, to voice an opinion and vote on National Red Cross affairs.

## Be A "Good Samaritan"

In a clipping from a Detroit paper we obtained the following human interest story, which you may find interesting.

Josephine, born and lived in East Jordan before going to Detroit, is the daughter of Mrs. Paul Loveland and the late Clifford Justice.

At five months of age she contracted small pox, at 2 1/2 a serious throat stricture, at seven scarlet fever, later a serious throat infection. About this time her father, a World War I veteran, died, leaving Josephine and four other children for the mother to care for. At the age of 12 she suffered an attack of rheumatic fever which left her with a bad heart, paralysis of the left side followed and her left hand and arm are useless.

Anyone in East Jordan wishing to send cheer to her, books, cards, letters, magazines, just anything to let her know the home people are rooting for her and her courage, may reach her at:—

Miss Josephine Justice  
3715 Magnolia,  
Detroit, Mich.

## WITH THE ANTRIM COUNTY AGR'L AGENT

W. Kirkpatrick, Extension Agent

## SPRAY WILL STOP SAWFLY ATTACK ON CONIFER TREES

The present outbreak of sawflies in conifer trees can be halted by proper spraying, according to Walter J. Kirkpatrick, County Agricultural Agent. Although earlier spraying may have been more beneficial, a thorough application of lead arsenate spray now will protect the trees against the ravages of the midsummer brood of the insect.

While the larvae of sawflies may be killed with any contact dusts or sprays, they must be perfectly timed. With the use of lead arsenate the plants are protected for the remainder of the season. The spray recommended is three pounds of lead arsenate to 100 gallons of water, plus one quart of summer spray oil added as a sticker. To be practically applied, a high power spraying outfit should be used. If DDT is added to the spray, mosquitoes that are normally harbored in coniferous trees, will be taken care of.

Several species of sawflies are involved in the present outbreak in Michigan. Those infesting the evergreen trees are more destructive than those infesting deciduous trees because conifers do not survive complete loss of leaves.

The flies winter as larvae in the soil. They pupate about the time the frost leaves the ground and the wasp-like adults insert their eggs into the needles of the conifers. The spring brood feeds upon the old needles and the summer brood feeds upon the new growth.

**My Worrying Days  
are Over. . . .**

NOW! I don't have to worry about our fuel oil water heater or our home heater fire going out from lack of fuel! We have just installed a —

Michigan colleges are in a jam.

Enrollment at the University of Michigan is now 14,400 and is due to climb to 18,000 by September. Michigan State College now has 8,200 students and is expecting 3,000 more by Fall. Michigan college of Mining and Technology (Houghton) is opening a branch at Fort Brady, Sault Ste. Marie. Other institutions — Wayne, U. of Detroit, Adrian, Holland, Albion, Hillsdale and Alma — can accommodate only a limited increase because of lack of classrooms and housing facilities.

Nationally, it is forecast that 500,000 veterans will be denied a college education this Fall.

Nearly 30,000 war veterans in Michigan are receiving an education with financial assistance from Uncle Sam. About one-half are students at universities and colleges; 7,200 at business schools, 530 at teacher colleges. The remainder are enrolled in "on-the-job" training programs and are getting related instruction through locally-organized Veteran Institutes and the public schools.

Some real estate dealers are misrepresenting homes to war veterans, according to Howard M. Werner, state corporation and securities commissioner. . . . Charles Figy, state director of agriculture, sees no immediate relief in sight for shortage of dairy products. . . . Democratic leaders in Wayne county are dismayed at prospect of a beer drought. Andrew Wisniewski, county chairman, journeyed to Washington and conferred with Robert Hannegan, national democratic chairman.

Net profits of 222 licensed small loan companies in Michigan averaged 7.17 per cent in 1945. E. William Nelson, state banking commissioner, reports that the small loans (\$300 or less) totalled nearly \$29 millions and averaged \$176.27 each. . . . Dr. Eugene C. Keyes of Dearborn is the champion letter-and-postcard writer of the 1946 primary campaign. His postage bill is estimated at well over \$20,000.

Proposed governmental reform: That the senate finance committee and the house ways and means committee should hold joint sessions at Lansing and should reduce their membership from eight to five, respectively. The recommendation comes from the Detroit bureau of governmental research. . . . Tire blowouts this summer are expected to add to Michigan automobile fatalities. Reason: Synthetic tires can't stand excessive heat. When the temperature is 90 or more, do not drive more than 50 miles per hour.

Michigan's mechanical "know-how", Uncle Sam's ace-up-his sleeve during World War II, is being currently hallowed by Governor Kelly the state department of aeronautics and the state planning commission. If the promotion is successful, Michigan will be chosen as the site for the \$300,000,000 air engineering research center of the U. S. army air corps.

Storage of hay on the same day it is cut will be possible through use of a new "haymaker" machine, scheduled for 1947 production by the John Bean Manufacturing company, Lansing. The device cracks stalks of hay and mechanically dries them. . . . Because politicians wished to avoid the July farm rush and the June 25 bass fishing season, the 1946 primary will be held Tuesday, June 18. One result: Longest political campaign in state history.

Howard Nugent of Bad Axe, speaker of the house and republican candidate for lieutenant governor, has always treated state legislators with courtesy and fairness. He received a big dividend last Wednesday (June 5) when state representatives and state officials honored him at a luncheon in Lansing. Nugent received an unusual compliment from Governor Kelly: "Michigan's best speaker."

A pictorial history of Michigan State Troops and their service during World War II is to be undertaken this year, it is announced by Major Gen. Thomas Colladay. . . . It is very unlikely that Governor Kelly will call a special session of the legislature this fall to consider a veteran bonus. . . . Why-I-favor-small-business quotation of President Truman: "Every one of the small institutions gives two of three men a chance to be big shots in their communities." When we were a kid in Indiana, the same idea was said in this way: "A big toad in a small puddle."

One of the worst black markets in eggs in history is being forecast for this fall. Dwindling supplies of poultry and livestock feed are discouraging production of chickens, eggs, turkeys, milk and meat. . . . The Michigan Railroads association is concerned over a "current epidemic of juvenile trespassing on railroad property." Youngsters throw stones

through car windows. Passengers are cut by flying glass. The nation's casualty list of boys and girls, injured or killed while trespassing on railroad property, is said to be staggering. Hence the urgent plea: "Don't play on the railroad!"

Highlights of Detroit's golden jubilee: An audience of 2,500 industry leaders rising in spontaneous tribute to Henry Ford, symbol of Detroit automotive genius. It was this native of Dearborn who courageously established a \$5 daily wage minimum, who gave America its first low-priced automobile, who founded the Edison Institute and Greenfield Village as an outstanding Detroit attraction. Henry Ford: The rugged individualist, the symbol of free enterprise.

Second in the affection of the automotive people, who had assembled for the pioneers' dinner was Lt. General William S. Knudsen, former president of General Motors. A native of Denmark who came to this country in steerage, Knudsen is beloved for his patriotic service during World War II. He exemplifies our land of opportunity. A friendly, tolerant man. Yet a man, like Henry Ford, of great courage and action. Such is "Bill" Knudsen.

The President's emergency labor proposal, which was opposed in the Senate by Michigan Senators Vandenberg and Ferguson, was not favored by many Michigan manufacturers. And here's why. If this program had been a law during the General Motors strike, the government could have seized the plants, inaugurate wage increases recommended by fact-finding panels, compel executives to continue at their posts and run the business until the company agreed to sign a contract embodying the wage findings.

Any profit earned by governmental operation would have gone into the U. S. treasury — a short-cut to nationalization of industry. Labor could have been drafted into the army by presidential decree. If General Motors executives had refused to keep the plants running, they would have been subject to court injunctions and possible imprisonment or to the alternative of being inducted into the army. All of this could have happened IF the Truman program had been enacted by Congress prior to the General Motors strike.

The pheasant is coming back in Michigan, Michigan outdoor writers, assembled last week-end at Higgins Lake, were almost unanimous in reporting an increase in pheasants due to favorable nesting weather this spring.

**Claude Pearsall  
SHERIFF**

REPUBLICAN TICKET — JUNE 18 PRIMARY

For the past 20 years and more Claude Pearsall has faithfully served the residents of Wilson Township as Road Commissioner, Justice of the Peace and Supervisor. During all of that time he gave freely of his time and money for the good of all of the people of this Township. We believe that he would make one of the very best Sheriff's that Charlevoix County ever had. We heartily endorse his candidacy and urge all voters to seriously consider his many qualifications for the office.

#### PROBATE ORDER

Sale or Mortgage of Real Estate State of Michigan, The Probate Court for the County of Charlevoix.

At a session of said Court, held at the Probate Office in the City of Charlevoix in said County, on the 29th day of May, A. D. 1946.

Present, Hon. Rollie L. Lewis, Judge of Probate. In the Matter of the Estate of Arthur J. Hunt, deceased.

Carl N. Grutsch, Administrator of said estate, having filed in said Court his petition, praying for license to sell at private sale the interest of said estate in certain real estate therein described, for the purpose of distribution;

It is Ordered, That the 24th day of June, A. D. 1946, at ten o'clock in the forenoon, at said Probate Office, be and is hereby appointed for hearing said petition, and that all persons interested in said estate appear before said Court, at said time and place, to show cause why a license to sell at private sale the interest of said estate in said real estate should not

be granted;

It is Further Ordered, That public notice thereof be given by publication of a copy of this order, for three successive weeks previous to said day

of hearing, in the Charlevoix County Herald, a newspaper printed and circulated in said County.

ROLLIE L. LEWIS,  
Judge of Probate.

WILSON....  
(Edited by Mrs. Selma Eggerdorf)

Services at Christ Lutheran Church were well attended last Sunday. Nancy Jean Korthase was baptized, and Mrs. Bessel, our organist, was again present after spending a few weeks at Mt. Pleasant.

Herman Behling and Ernest Montoy returned from a trip which took them through Cleveland, Detroit and Grand Rapids.

Loren Jalla, his mother and brother Karl, visited Mr. and Mrs. August Knop on Friday. Loren has returned home after serving his country 2 1/2 years in the navy.

A group of Mrs. Elmer Faust's friends surprised her last Thursday with a stork shower, held at the home of her parents, Mr. and Mrs. Ed Weldy.

Mr. and Mrs. E. Raymond spent last Friday at the home of Mr. and Mrs. August Knop.

People of this community were shocked to hear of the passing of their friend and neighbor, Tracy LaCroix, who died suddenly, Saturday. Our sympathy goes out to the bereaved family.

Mr. and Mrs. Harry Behling returned home from Chicago, Sunday evening, where they went to attend the graduation of their daughter, Lorraine. Lorraine was graduated from the college at River Forest, Ill., and has returned home for the summer.

Mr. and Mrs. Percy Rohr and son Harry, and Mr. and Mrs. Al Schwartz and daughter, Elaine, of Chicago, arrived at the home of Mrs. Henry Eggerdorf, Sunday evening, where they will spend a week.

Al Kerchner returned home from Detroit for the summer. He and son Johnny have been spending a few days at Petoskey.

(Delayed)

Mr. and Mrs. Harry Behling will leave Thursday for River Forest, Ill., to be present at the graduation of their daughter, Lorraine, who graduates from the Leuth College there Friday. They expect to be home by Sunday.

Mr. and Mrs. Carl Knop and children, also Mr. and Mrs. Albert Knop and family spent the week end here with relatives and friends.

The Ella Burkhardt farm has been sold to a Detroit family who are already occupying same.

Mrs. Wm. Lynch of Detroit spent the week visiting the Chas. and Fred Schroeder and Carl Bergman families.

A family picnic was held at Torch Lake, Sunday, celebrating the birthdays of Jannie and Johnnie, daughter and son of Mr. and Mrs. Eddie Bishaw, and Teddy, son of Mr. and Mrs. Lee Hyde. Those present were Mr. and Mrs. Henry Welsh, Mr. and Mrs. Lee Hyde and family, East Jordan; Leslie Sevlmie and son and Willis Tyler, Central Lake; and Mr. and Mrs. Shirley Bishaw and children, Ellsworth.

Katherine Saganek left Sunday for Detroit and Wyandotte, to spend two weeks visiting friends and relatives.

Mr. and Mrs. Floyd M. Geary of Grand Rapids visited at the home of his sister, Mr. and Mrs. Wilber Spidle, Sunday.

## To the voters of Charlevoix County:

I was not considered too young to go overseas and perform the duties of intelligence investigator behind Japanese lines, yet some people maintain that I am too young to be sheriff.

I need your support at the primaries to prove I can do the job as it should be done.

**JUNE 30** ← **A BIG DATE FOR ARMY MEN!**

If you have been discharged from the Army—if you held a grade and wish to retain it—if you have dependents—then act now. . . . June 30, 1946, is the last day on which you can enlist in the Regular Army and still take advantage of two important benefits . . . retention of your old grade and family allowances.

Family allowances for your dependents will be continued throughout your enlistment only if you enter the Regular Army before July 1, 1946. If you have been discharged from the Army and wish to re-enlist at your old grade, you must enlist within 90 days after your discharge. And before July 1, 1946. Think it over. Act now.

TRY HERALD WANT ADS FOR RESULTS!

"How to save money on your electric bill"

Second in a Series by **Pinneus Q. Twitch, Eminent Economist**

- 1 Throw away your electric clock and buy a sun-dial. Of course, it won't wake you up for work, but think of the fun you'll have trying to figure out what time it is — on sunny days, anyway. And you'll be saving about 5c every month! At that rate, you'll have the sun-dial almost paid for in only 41 years!
- 2 Donate your electric washer to an orphanage and start doing your wash by hand. In one month, you'll actually have saved 8c! At the end of a year, you'll have almost enough money to pay for a good strong washboard, which you'll be needing by then. The exercise will do you worlds of good, and keep you out of mischief for hours and hours at a time.
- 3 Turn off your radio during "The Electric Hour" on Sunday afternoon. Of course, you'll miss a wonderful program, but you'll save a sixth of a penny every time you do it. In a year, that's nearly 9c. And there's no music so pleasant as those coppers clinking in your pocket!

\* \* \*

Watch for more of these practical money-saving suggestions by Dr. Twitch. He really knows his subject. We hope he'll help you realize how many jobs electricity does for you and how little it costs for each.

## PENINSULA...

(Edited by Mrs. E. Hayden)

Mr. A. B. Nicloy of Sunny Slopes farm acted on the Evelyn Twp. Board of Review at Ironton, Monday and Tuesday.

Mrs. C. A. Crane went to a hospital in Petoskey, Tuesday a. m., to have a small growth removed from her face.

Mrs. Edna Reich Kitson of Advance, cleaned house Monday, Tuesday and Wednesday for her grandmother, Mrs. J. W. Hayden at Orchard Hill.

Master Michael Bruce Reich arrived at the Charlevoix hospital, Friday a. m. and will make his home with Mr. and Mrs. Daniel Reich on their farm south of Advance for the first few years. Mrs. Reich was Miss Betty Bingham before her marriage.

Mr. and Mrs. S. A. Hayden and sons Stewart and Billy of Dearborn arrived at Orchard Hill, Friday afternoon and stayed until Sunday afternoon when they motored to Traverse City to spend Sunday night with Mr. and Mrs. Elton Jarman. Master Stewart will remain at Orchard Hill for the summer to assist with the farm work.

There were 24 at the Star Sunday school June 9.

We are having plenty of rain now which greatly hinders the spring work.

Everyone was shocked Saturday afternoon to hear of the sudden death of Tracy LaCroix at his home south of Advance. Mr. LaCroix is very well known on the Peninsula.

Mr. and Mrs. Orvell Bennett went to the Tracy LaCroix home Saturday afternoon and Sunday to assist in anything that needed doing upon hearing of Mr. LaCroix's death.

Mr. and Mrs. Earl Loomis of Clawson spent last week end with the Ray Loomis family at Gravel Hill, north side. They report Mrs. Caroline Loomis as doing fine, who was reported very ill at the home of her sister, Mrs. Arthur Gaunt in Flint last week. Earl Loomis took his mother to his home in Clawson in an ambulance and she'll come to the home of her other son, Ray Loomis, Gravel Hill north side, as soon as she is able to stand the trip.

Mrs. Ray Loomis received a letter from "Bob" Jarman from Ann Arbor, recently, stating he and Mrs. Jarman plan to come to their farm, Gravel Hill, south side, about the 29th of June.

Mr. and Mrs. S. A. Hayden and sons, Stewart and Billy of Dearborn, and Mrs. J. W. Hayden of Orchard Hill, spent Saturday afternoon with Mrs. Daniel Reich and little son at the Charlevoix hospital. He is Mrs. Hayden's newest grandson.

Mr. and Mrs. S. A. Hayden and sons Stewart and Billy were supper guests of Mr. and Mrs. F. K. Hayden at Pleasant View farm Saturday evening.

Mr. and Mrs. Charles Healey of Far View farm motored to Petoskey Saturday and entertained for dinner Sunday, Mr. Earnest Cole of Scott, Mich., and daughter Dr. Versa Cole and Miss Amelia Douglas of Indianapolis, Ind., and after dinner took their guests to Charlevoix by way of Petoskey and Boulder Park. They were very enthused over the scenery in Northern Michigan.

Mr. and Mrs. Derby Hayden and sons James, Daniel and Eugene of Jones Dist. and Mr. Robert Hayden and Shirley and Herman of Boyne City called at Orchard Hill and Pleasant View farms Sunday afternoon.

Mr. Whale has the foundation for his new cottage completed.

## LEGAL

### PRIMARY ELECTION CITY OF EAST JORDAN

The the qualified electors of the City of East Jordan, County of Charlevoix, Michigan. Notice is hereby given, that a general primary election will be held on Tuesday, the 18th day of June, 1946 at the respective polling places hereinafter designated: City Library. For the purpose of placing in nomination by all political parties participating therein, candidates for the following offices, viz:—

STATE and DISTRICT — Governor, Lieutenant Governor, United States Senator, Representative in Congress, State Senator, Representative in State Legislature.

COUNTY — Prosecuting Attorney, Sheriff, County Clerk, County Treasurer, Register of Deeds, Circuit Court Commissioner, Drain Commissioner, Coroner, Surveyor.

DELEGATES To County Conventions. There shall also be elected as many delegates to the County Convention of the several political parties as said ward, precinct or district is entitled to under the call of the county committees of said political parties, which number will be indicated by the number of blank lines printed on the official primary ballots used at said election, under the heading "Delegates to County Conventions".

The Board of Primary Election Inspectors shall certify to the County Clerk the names of the electors so elected as delegates, naming the political party upon whose ballots such electors were elected. The County Clerk shall notify by mail each person elected as such delegate.

The name of the candidate for delegate to the county convention shall not be printed upon the official primary election ballot, but one or more such names may be placed on such ballot by printed or written slips pasted thereon by the voter, or the names may be written in by the voter.

Relative to opening and closing of the polls. Act 72, Public Acts of 1943, Section 1. On the day of any election the polls shall be opened at 7 o'clock

in the forenoon and shall be continued open until 8 o'clock in the afternoon and no longer. Every qualified elector present and in line at the polls at the hour prescribed for the closing thereof shall be allowed to vote.

Lois Bartlett, City Clerk.

If it takes 28 books by experts to explain radar, how much faith is to be put in the politician who merely keeps his ear to the ground?

## A picture of you and your telephone

**NO, NO, NOT THAT!** We certainly do not suggest that you include your telephone's photo in the family album. But you may welcome a picture of your telephone service — and how we plan to make it bigger and better. So here goes.

Right now we are working at top-speed on a 5-year \$150,000,000 expansion and improvement program. Our first objective is to supply service to the thousands of families who are still waiting for telephones. But this program is intended to do much more than that. It will enable us to care for future growth and give everyone the kind of service wanted when and where it is wanted.

And Michigan Bell's earnings are in the picture, too, for good telephone service depends on adequate earnings. Thousands of thrifty people have their savings invested in Bell System securities. Their money makes good service possible. In fact, Michigan Bell's \$150,000,000 post-war program will be financed largely by these and other investors. And that program will provide more and better telephone service for you.

So you see, telephone rates — such a small part of your monthly budget — must be maintained at a level which will keep our earnings adequate. Otherwise, investors would not put their money into the telephone business, and the future quality and extent of your telephone service would suffer.

We believe our customers want good telephone service, even if it costs a trifle more than inferior service.

Technical improvements over the years have brought rates for good service down and have kept them down in the face of rising costs. But if the recent rapid rise in costs continues, rate increases may become necessary. In any event, Michigan Bell wants rates no higher — and no lower — than necessary to insure good telephone service.

### THE WEATHER

Temp.	Rain or	Weather			
Max	Min	Snow	Wind	Cond'n	
6	76	55	.28	SW	pt cldy
7	81	57	.05	SW	pt cldy
8	73	57	.22	NW	clear
9	66	41		W	clear
10	69	37		SW	cloudy
11	76	56	.58	SW	clear
12	76	52		SW	pt cldy

The farm conservation plans include practices such as improved rotations, contour orchards, pasture improvement, cover crops, field and gully plantings, woodland improvements, dune and beach stabilization, fertilizer and manure, contour strip-cropping, and many others.

Michigan State college extension service, cooperating with the soil conservation service, is carrying on

a comprehensive program of adult and youth group extension, on soil conservation to every nook and corner of the state.

The best rule to be developed out of these programs for soil conservation is "use your every acre according to its capabilities and treat every acre according to its needs."

**WORMS IN SWEET CORN:**  
While spray or dust treatments

are equally effective against corn borers, most home gardeners find the dusting less trouble. Treatment should start early when the corn is about 8 to 10 inches high, usually about June 10. Five treatments, at five-day intervals, get the best results. The spray or dust should be directed down into the growing whorl of the plant. This is easy at the first application, but 20 days la-

ter it requires some persistent effort. The late applications should cover the tassels and ears as they develop.

Rotenone and DDT are equally effective in controlling corn borer, and either material can be used as spray or as a dust. If rotenone dust is used, it should contain 1 percent of actual rotenone. Rotenone sprays should be made according to the

manufacturers' recommendations. If DDT is preferred, use a 5 percent DDT dust or use 4 tablespoons of 25 percent DDT wettable powder per gallon of water.

If DDT is used there is one precaution. The cornstalks should not be fed to livestock. Stalks can be fed safely if rotenone is used, the entomologist stated.

Ed Rebman, Co. Agr'l Agent

### Notice of change to summer schedule

#### East Jordan Library

##### LIBRARY HOURS

Mornings: 10:00 to 11:30, Tuesdays and Fridays only.  
Afternoons: 2:00 to 5:00, every day except Sundays.  
Evenings: 7:00 to 8:30, Tuesdays and Saturdays only.

The price of Swiss cheese has been cut, possibly to make allowance for the holes.

### Farm Topics

#### BARN EQUIPMENT EXEMPT:

If you're figuring the cost of new barns or remodeling jobs under the Veteran Housing order—you don't have to include barn equipment: either new or used such as stanchions and stalls, hay or litter carriers and milking machines.

The exemption was granted early in May by the Civilian Production Administration and includes the cost for labor used in assembling, placing or connecting the exempt machinery as well.

This means that although the housing order restricts expenditures on farm buildings—excluding the house, to one thousand dollars—you can have barn equipment in addition to this one thousand dollar limit.

#### EMERGENCY FORAGE CROPS

During these days of feed problems, planting emergency forage crops may be the answer to a prayer. You can plant these emergency crops in the spring, and they'll be available until very late fall.

In the northern part of the state, where corn doesn't grow very successfully a mixture of oats and field peas or oats and winter vetch or just oats alone are satisfactory, either as hay or pasture although they're best suited for hay.

Rape makes an excellent pasture for hogs and sheep if alfalfa or an alfalfa-brome mixture is not available.

Although corn is grown chiefly for grain in Michigan, it can be used effectively as a forage crop. It can be fed green from day to day during the fall months—then again it can be cut as a fodder and fed in the bundle throughout the winter months. You can grow the early hybrids successfully for silage in northern Michigan, including the Upper Peninsula.

Rye is another crop, like corn, that's frequently overlooked as forage. Rye will make an excellent pasture for dairy cows in the late fall and spring—will serve as a cover crop during the winter and a green manure crop after pasturing in the spring.

#### SOIL LOSS

The centuries-old tradition of "square, straight-row, up-and-down hill" farming no longer holds true, according to E. C. Sackrider, U. S. Department of Agriculture Soil Conservation Service specialist at Michigan State College.

The erosive force of wind and water has made this method of farming outdated and now some 5,000 Michigan farmers, aware of their stake in the soil, have taken measures to fight this force and protect 400,000 acres of Michigan's croplands.

Soil and water conservation has taken the place of precious soil waste, costly fertilizers, seed, crops and human toil. You too can plan to protect your acres by working through soil conservation districts which can be organized under the state enabling act.

Farmers have elected their own boards of directors to administer the districts, develop the district program, and guide and coordinate the work of technicians who assist the farmers in the district.

**This one's going to hurt!**

**3<sup>RD</sup> WAR LOAN**  
**BACK THE ATTACK...WITH WAR BONDS**

**WORLD'S SAFEST INVESTMENTS**  
Choose the security that fits your requirements.

# Now, Give Yourself A Break!

When the government's plea above was published, your country needed your money badly.

Okay—so you came across magnificently. You bought those War Bonds—backed the attack.

Now—how about backing your own fu-

ture? Have you thought lately about what U. S. Savings Bonds can do for you?

They're still the same wonderful investment... still the easiest, safest, surest way of salting away money—painlessly. And in ten short years they pay you back in the same way—\$4 for every

\$3, just as your War Bonds do.

Give yourself a real break. Buy Bonds—and see how fast the money will pile up for the worth-while things in the future. Things like a new home, college for the kids, a long vacation.

Your country was worth it—so are you!
