## Chemical Lab. On Wheels

TO VISIT ORCHARDS NEAR EAST JORDAN AT CHERRY HARVEST TIME

The portable chemical laboratory of the Department of Agriculture has started its annual trip through the cherry producing section of Michigan, checking for the presence of cherry fruit fly maggots in ripe cherries. Its first stop was in the Grand Rapids area last week. From there it moved to Benton Harbor. As the cherry harvest advances northward the laboratory will travel through Oceana County, up to Grand Traverse and end its trip in East Jordan at the conclusion of the harvest. Samples are collected by Department of Agriculture inspectors and analyses made by its chemists.

Many of the samples collected last week were from neglected trees and contained fruit fly maggots. According to report, the cherries collected from properly sprayed trees were free of infestation.

In early June the cherry fruit fly emerges from the soil where it has spent the winter months. It then flies to the trees to feed, mate and deposit eggs in the flesh of the cherry. Within a week the eggs start to hatch out into a yellowish, footless maggot that renders the cherries unwholesome for human consumption.

As soon as cherries are found to contain fruit fly maggots, the owner is notified. Cherries infested must be harvested and destroyed.

According to reports no infestation of cherry fruit fly has been found in properly cared for orchards during the past two years.

## The "Club Bar" As I See It

I am amazed at the amount of interest there is in America today. And more especially am I amazed at the interest in our own quiet little town of East Jordan over this "Club Bar". In America we have tried to promote individual liberty and enterprise and by this we have attained the high standards of living of any nation on earth. We have 60 percent of the world's telephones, 80 percent of the world's motor cars, 35 percent of all railroads, 65 percent of the world's banking resources and more purchasing power than the rest of the world combined. Yet, some people want communism. Some just want liquor???

In our midst we have a man who about 25 years ago drank everything he could get his hands on, "even water." He drank so much liquor he went down, down, down into the depths of desperation. Little by little liquor got him until he was what you'd call an "alcoholic". But somehow, all of a sudden he realized if he didn't get hold of himself and quit he would soon be dead. This man quit liquor completely. He has never taken a drink since. He has come up, up, up in the esteem of his fellow men until he now holds a very important position in your and my civil affairs. Can you guess his name?

We have another fine man; good looking, smart and has all the potential qualities anyone could ask for. A nice wife, several lovely children and a good occupation but I am told liquor is getting its hold on him. This man ran for office once or twice and didn't win. And honestly, I believe it was liquor and "only" liquor that defeated him. Who is he?

Neither of these men's wives will vote for this Club Bar. Nor will any other women who think twice of their own welfare and that of their children.

Liquor acts on a man like DDT does on a potato bug. It will kill you in time. But the funny part of it all is a man don't know enough to stay away from the "stuff", neither does the potato bug. Would you rather meet a drunken driver or a sober driver? Would you rather go out deer hunting with a drunken hunter or a sober hunter? If you can't enjoy life without being full of liquor there is something radically wrong in your reasoning power.

Every good citizen in these United States gives you veterans due credit for your part in the winning of the war. The good citizens on the home front had their part in it too. About the only persons that didn't contribute much toward winning the war was the liquor gang and the heavy drinkers. The farmers worked 15 to 20 hours a day and didn't strike nor bite either.

If I could think of even one good thing to say about this bar, I'd say it. But, honestly believe it wouldn't even be a good elevating thing for your American Legion, and certainly you boys don't want the Legion to go down instead of up. So in all fairness and in thought of the presentation of the vote is No on this issue. Yes a thousands times No for your sake and for all.

## City Tax Notice

City Taxes for the City of East Jordan for the year 1947 are due and payable at my office in the Municipal Building during the month of July without penalty.

G. E. BOSWELL,  
City Treasurer.

## Annual Farm Bureau Picnic

Antrim and Charlevoix County Farm Bureaus are holding their annual picnic at Eastport on Thursday July 31 beginning at 10:00 a. m. There will be a baseball game in the morning. Bring your basket dinner. Barbecued mutton, coffee, sugar and cream will be furnished on the grounds.

Immediately after dinner a program will be put on consisting of group singing, musical numbers, etc. Larry Brandon secretary of the Indiana State Farm Bureau will be the speaker. He was a dairy farmer for 20 years on his farm 1 1/2 miles north of Auburn, Ind., which he still maintains although his home is now in Indianapolis. He served in the Indiana legislature from 1933 to 1939. He is an outstanding leader in Farm Bureau in the mid-west and is also influential in the American Farm Bureau.

Mark the date on your Calendar and meet friends and neighbors at the Antrim County Park at Eastport. You do not need to be a Farm Bureau member to enjoy the picnic.

## Herman Lamerson, 74 Dies Following Long Illness

Funeral services for Herman Lamerson, who passed away at his home, Friday, July 17, 1947, following several strokes and 18 months of illness, were held Monday afternoon, July 21, at the Watson Funeral Home. Interment at Sunset Hill. Services were conducted by members of Mancelona Lodge No. 375 F. and A. M., of which he was a member.

Mr. Lamerson was born August 10, 1873, at Stanton, Ky. He was married May 14, 1898, at Furnace, Ky., to Rosetta Richardson, who survives him. They came from Kentucky to Michigan in 1900 and with the exception of four and one half years spent in Florida, have made their home in Boyne City, Mancelona, and East Jordan. He was employed by the Antrim Iron Furnace.

Besides the widow he is survived by a son, Oscar, at home and one step-son, R. V. Richardson, of Grand Rapids; three grand children and two great grand children and three brothers: Walter, Vicksburg, Mich.; Scibert, Manton; and Edgar, Hudson. Those who were here to attend the funeral were: Mr. and Mrs. Scibert Lamerson, Manton; Victor Lamerson, Indianapolis; Mrs. John Webb, Kalkaska; Mrs. Howard Sult, Vicksburg; Mrs. Don Morrow and sons Donald and Kenneth, Central Lake; and Robert Richardson, Grand Rapids; Walter Lamerson, Vicksburg; and Edgar Lamerson, Hudson.

## Susan M. Flagg Dies at Alden; Burial at Sunset Hill

Susan Melissa Crothers-Flagg was born July 30, 1876, at Camlachi, Lambton County, Ontario, and passed away at her home in Alden, Mich., early Wednesday morning, July 16, 1947, after an illness of several years and seriously ill several weeks with arteriosclerosis and coronary thrombosis.

She came to Marlette, Mich., when a little girl. Later lived in Kalkaska, then in East Jordan until marriage. She attended schools in the above places also attended Ferris Institute and then taught school.

She was married Oct. 10, 1899, in East Jordan to Elijah Flagg from whom she was later divorced. She left East Jordan about 1917 going to Detroit and when her health began to fail she went to Alden to make her home.

She was a Past Matron of Mark Chapter No. 275 O. E. S., and made a life member of the Chapter in January 1943.

She is survived by a daughter, Mrs. Arthur S. Raiche (Theresa Flagg), Ferndale, Mich., Kenneth Flagg, of Houston, Texas, and Robert of Detroit; two grand children Kenneth Jr. and James Flagg, Houston, Texas.

Services were held Saturday at her home in Alden, with graveside services at Sunset Hill, East Jordan, Rev. L. S. Reed officiating. Bearers at Alden were Fred Aemisegger, T. A. Wheeler, Harry Cook, and Alva Crothers. Bearers at East Jordan were Wm. Sloan, Abe Stevenson, Samuel Colter, and Abe Carson.

Those to attend the services in East Jordan were Mr. and Mrs. Arthur S. Raiche (Theresa Flagg), Ferndale, Mich., Kenneth Flagg, Houston, Texas; Mr. and Mrs. Robt. Flagg, Detroit; Mrs. Anna Crothers, Pleasant Ridge, Mich.; and Mrs. Vern Gridley Petoskey.

## Can East Jordan Have A Hospital

CITY IS ELIGIBLE FOR A LOCAL HEALTH CENTER

For some time there has been some discussion as to the need for a local emergency and obstetrical hospital. As a result of these discussions a committee has been accumulating necessary information relative to the building of such an institution.

From correspondence with the State Building and Construction Division of the State Administrative Board certain pertinent facts have been obtained. According to recent Michigan hospital survey, East Jordan has been classified as being eligible for a Local Health Center. This means that this institution would be equipped to give emergency treatment and in certain instances would have beds for normal obstetrical cases. From the population served our unit would be equipped with ten beds.

From estimates of cost for other similar hospitals this would necessitate a floor of about 8000 square feet. The cost of this would range from \$5 to \$10 per square foot, equipped. Hence the cost would be between \$40,000 and \$80,000. If an average of this was taken we find \$60,000 would be the cost of such a building. In order to be eligible for federal aid in building such an institution the community would be required to raise two-thirds of the cost. This amounts to \$40,000.

Since the committee has no authority to proceed it was felt we should know what East Jordan and the people in the surrounding regions are willing and able to do with the project. Hence we are requesting those who are interested to do these things:

1. Tell us whether you wish the committee to continue working on the project.

2. Suggest a suitable location for the hospital.

3. Tell us how much you are willing and able to contribute toward the \$40,000 goal. You may, if you wish, but it is not imperative, to sign your name.

You may send your reply to: The East Jordan Hospital Committee; c/o Postmaster, East Jordan, Mich.

The committee would appreciate having all correspondence in their hands on or before Aug. 7, 1947, so they may know how to proceed.

Thank you.

## Vote NO on the Ballot Tuesday, July 29th

We understand that the American Legion allows minors to become members of the organization and allow them to have use of the Club House. This permits minors to be in places where liquor is served and naturally this tends to increase juvenile delinquency.

The law does not permit more than one liquor license for 1,500 population and there are more than the law allows now in East Jordan. You do not want the law violated yet the Club license does not come under the regular policing but can only be regulated by special permit as we understand it.

More drink causes more crime, more accidents, and more poverty. More licenses granted means more money out of the family purse and you know too well the results. As the liquor vender gets richer the family gets poorer, and the drinker becomes less responsible. We are told that a club license is for hard liquor, and in other cities it is not limited to the members and their families and friends, but is open to the public and remember it does not come under the regular policing.

Again we say vote NO and have peace and plenty in your home.  
adv. 30-1 W. C. T. U.

## MARRIAGE

### Hitchcock — Green

Miss Joyce Ione, daughter of Mr. and Mrs. Thomas Hitchcock, and Ronald E. Green, son Mr. and Mrs. Elmer Green, were united in marriage Monday evening July 14th at the home of the brides parents, Rev. Howard G. Moore officiating. They were attended by Mrs. Irving Bennett, aunt of the bride, and Charles R. Green, brother of the groom. Following the ceremony refreshments of ice cream and cake were served to a small party of relatives and friends.

### Smith — Miles

The marriage of Miss Joan Smith, daughter of Mr. and Mrs. Niles Smith, of Mancelona, and Bruce L. Miles, son of Mr. Leslie Miles, of Bellaire, was solemnized Saturday, July 12, 1947, at Mancelona.

Rev. Francis Kaminski, of Gaylord, read the double ring service at 9 o'clock in St. Anthony of Padua church in the presence of 200 guests. The altar was decorated with low bowls of rambler roses, baskets of mockorange, and palms. Miss Ruth Chapman sang "Ave Maria" and "On This Day O' Beautiful Mother". Mrs. Frank Olesky of Charlevoix accompanied her and played the traditional wedding march music.

Given in marriage by her father, the bride chose a nylon marquisette gown, fashioned with a tight bodice, full skirt, long sleeves and a sweetheart neckline. Her fingertip veil, which was edged in lace was held in place by a heart-shaped tiara. She wore a tiny wrist watch, gift of the bridegroom, and carried a white prayer book, topped with white and pink carnations.

Miss Barbara Smith, sister of the bride, attended as maid of honor. Her pale peach dress, was of Marquisette. She wore a pearl Juliet cap and carried a matching colonial bouquet. Miss Elaine Healey, East Jordan, was bridesmaid and wore a blue dress and cap and carried a matching bouquet. For her daughters wedding Mrs. Smith wore a grey print sheer with white accessories and a gardenia corsage.

A wedding breakfast for fifty guests was served, following the ceremony, at the home of the bride's parents. From 1:00 to 3:00 p. m. a reception was held. For her going away outfit Mrs. Miles wore a pink eyelet embroidery dress with white accessories and a corsage of pink and white carnations. Upon their return from a trip in northern Michigan, the couple will reside in Bellaire.

Outside of town guests were present from Elsie, Oakley, Bellaire, Corunna, Traverse City, Atwood, East Jordan and Gaylord.

## AN APPRECIATION

I wish to express my sincere appreciation for the acts of kindness extended, and for the financial donations, in the recent death of my wife and infant son.

Irving Kinner and Family

## Do You Approve of Hazards in East Jordan?

To the citizens and voters of our beloved city of East Jordan:

Our Mayor and councilmen are inviting us citizens to help them decide by a common vote of the people, whether a club license should be granted to the American Legion to sell Hard Liquor by the glass. July 29th is the day set to vote.

Would a farmer feed poison to his stock? Intoxicants are poison, according to scientific research.

Does our American youth need more of this kind of stuff to numb their senses of morals or blur their vision until they are not able to decide which side of the highway they should be on or whether they are driving on our highway bridge or off the end of the city dock?

Do we want to help crime, increase the moral problems and bring more sorrow? Will this make for better and happier homes? Is it going to take a few more outstanding examples of accidents and broken homes to make us think it is true to do something.

Will God continue to bless America if we continue to close our eyes to right?

Japan fed dope to China before she fed her bombs. Will we Americans condone the hazards of intoxicants and weaken our nation for the task of fighting another war if need be?

Will we Americans and Citizens do all that is in our power to help retain real freedom and liberty for all and lessen the hazards to life or intoxicants?

We are all for the boys and girls for a good time, but intoxicants are a hazard.

Come out and vote No Tuesday, July 29th.  
adv. 30-1 O. A. Holley

## Announce Engagement

Mr. and Mrs. Wm. Bussing announce the engagement of their daughter, Beverley J., to Wayne, son of Mr. and Mrs. Harry Flora. The marriage is to take place following her graduation at East Jordan High School.

## Local Girl Awarded Scholastic Honor

Mary Ann Lenosky, daughter of Mr. and Mrs. Albert Lenosky, has been awarded her Alumni Scholarship for her senior year at Michigan State College.

Miss Lenosky has maintained this scholarship for four years at College by high scholastic standards.

## "Merchants" Defeat Ellsworth

LAST THURSDAY BY SCORE OF FIVE TO TWO

East Jordan unveiled a new pitching find in Glenn Gee, as the local "Merchants" defeated Ellsworth last Thursday 5 to 2. Glenn allowed 7 hits, but kept them well-scattered. He was also aided by exceptional fielding on the part of the local team. East Jordan had 9 hits in this contest. Russell Gee, Chris Bulow and Chuck Saxton led the attack with 2 hits each.

Batteries: For East Jordan, G. Gee and Sommerville; Ellsworth, Drenth and Lord, Bolser and S. Lord.

East Jordan plays Ellsworth tonight (Thursday) over there at 6:00. Pellston plays here Sunday.

East Jordan tied with Hillman for first place in the top of Michigan League in the first round of play. The second round started last Sunday, but East Jordan's game with Cheboygan was rained out before it became official.

## Your Legion Post Asks to be Heard

On July 29th (next Tuesday) the voters of East Jordan are to be asked "Do you favor the issuance of a Club License to Rebec Sweet Post No. 227 of the American Legion?" This advisory vote was asked for by our City Council so that they might determine the majority opinion of the community.

It has been announced publicly, and the uninformed have concluded that the issue to be voted on Tuesday is Wet vs Dry. The 135 men who belong to our local American Legion Post resent the inference that so many have seemed to draw from their application for a license, and protest against the uncalled for interference from outside organizations who strive to slander and libel the character of men who were only too glad to give of their money, time and lives to defend among other things the "Right to Enjoy as Law-abiding Citizens All Rights Given to Us By The Laws Of Our State and Nation."

The American Legion believes that the following facts should be called to the attention of all citizens:

1. The membership of the local post has been swelled 135 from a pre-World War II of 25. Most of the members have seen active service overseas and are mature men.

2. The present Legion home is owned by the Legion and is entirely paid for out of funds earned by the Legion.

3. When the question of application for a club license was presented to the membership there was but one dissenting vote.

4. If a license is issued only Legionnaires and invited guests if accompanied by a Post member will be allowed to participate.

5. Rules have already been enacted which will severely penalize any member or other person who violates rules of good conduct. The Legion believes it is capable and competent to discipline its membership just as society in general is capable of disciplining society as a whole.

6. All profits, if any will go to improve the Legion Home and for the promotion of civic activities.

7. The issue is NOT WET vs. DRY as some people believe it to be. The Legion feels that the issue is "Should the boys who have given all for this community and their country be extended the right to use their own Legion Home in such manner as they seem fit so long as they abide by the laws of the City and State and without outside interference from organizations who wish to impose their well meant, but ill-advised, views on groups of men who are free, 21, citizens and perfectly capable of arriving at reasonable and proper conclusions by themselves."

8. Similar privileges to American Legion Posts have been granted in Cities no larger than our own and the experiences of supervisory agencies has been almost unanimous in praise of the result.

Your local American Legion Post asks each reader to consider carefully its modest request that "You consider its membership as Men who can think and speak for themselves and in so doing conduct themselves as citizens and gentlemen should." If you do so, they believe that you will conclude that the Council should be advised to grant their request and you will according vote "YES" next Tuesday.

**WEEKLY NEWS ANALYSIS**

**Reduced Corn Crop Affects Meat; Senate Boosts Agriculture Fund; Marshall Sees U. S. at Crossroads**

Released by Western Newspaper Union. (EDITOR'S NOTE: When opinions are expressed in these columns, they are those of Western Newspaper Union's news analysts and not necessarily of this newspaper.)

**CALORIE COUNT**

**Predict Less Meat in '48**

Prospects of 10 per cent less meat, with a possible side dish of higher prices, early in 1948 were looming for the nation as the department of agriculture forecast a sharp drop in the corn crop as a result of one of the worst planting seasons on record.

The corn crop, basic raw material for meat, dairy and poultry products, was predicted at 2,612,800,000 bushels, which compares very unfavorably with last year's record of 3,267,927,000 and the government's goal of three billion bushels.

Officials estimated that a crop of about 2,850,000,000 bushels of good quality corn would be needed to maintain production at the present level of 153 pounds a year for each consumer.

A crop that size would require a reduction in meat production of about 10 per cent.

In the meantime, the specter of meat rationing seemed to be returning to its old haunts in the face of reports that the administration may call for such a step if the United States has to provide relief for Europe under the proposed Marshall plan.

On the whole, developments in early July appeared to indicate that the hearty American trencherman will have a slightly less sumptuous year than usual in 1948.

**INSURANCE:**

**European Policy**

Addressing the annual state dinner of the governors' conference in Salt Lake City, Secretary of State George C. Marshall underlined the importance of America's role in the European economic crisis by asserting that this nation must protect its "incalculable stake" in Europe by expanded aid or accept the alternative of watching the continent slip away from democracy.

He urged the governors to add their support to the economic rehabilitation plan which he has proposed for Europe and which has given rise to the 16-nation conference being conducted in Paris.

Marshall declared that the United States either must complete the job of assisting European countries to their economic feet or "reconcile" itself to a drift in government among those nations away from the principles of democracy.

In line with what apparently has become an implicit state department policy, the secretary did not, at any time in his speech, mention Russia by name as the opposing force in the European drama.

**RIVAL PACT:**

**Economic Line-Up**

Despite World War II, despite world hopes for peace, despite the stultified efforts of the United Nations to prevent it, Europe is inexorably dividing, if not into two armed camps, at least into two opposed economic blocs.

That appeared tragically clear as, while 16 western European nations were conferring at Paris, Czechoslovakia and the Soviet Union signed a five-year economic agreement providing for exchange of Russian grain and raw materials for Czech machinery and consumer goods.

More than a trade pact, the agreement was seen as an arrangement between two planned economies which now are to be fitted together in an economic dovetail joint to the mutual advantage of each.

For an understanding of the real significance of the Czech-Soviet pact, it must be considered in conjunction with similar treaties signed previously between Czechoslovakia and Poland and between Poland and Russia. Thus, there now actually exists a tri-lateral economic platform in the heart of Europe.

Moreover, it is reported that trade agreements have been reached between Bulgaria and Russia and Finland and Bulgaria, as well as between the Russian zone of Germany and Switzerland.

End result may be, and this in direct opposition to the Marshall plan, an economic federation of eight nations.

**Goal of 60 Million Jobs Exceeded**

For the first time in the nation's history, the hypothetical "dream goal" of 60 million jobs has not only been realized but bettered, a census bureau report has disclosed.

According to the report, the number of civilians with jobs rose to a record high of 60,055,000 in June, surpassing even the hectic war years in the number of men at work. When that figure is coupled with 1,398,000 serving in the armed forces, the total number of Ameri-

**He's Politicking**

In Kansas City, after a conference with Missouri Republican leaders, Gov. Thomas E. Dewey of New York finally got around to admitting that his U. S. tour, earlier announced as non-political, really is political. Few had thought it was anything else.

**UP ANTE:**

**Farm Funds**

The department of agriculture was on the road to being back in the chips again as the senate passed and sent to conference a \$1,048,466,184 department appropriation for 1948 which restored most of the budget cuts previously made by the house.

Restoring a total amount of \$200,864,208, the senate bill:

1. Provides the 75 million dollars originally requested by the department for school lunches instead of the 45 million dollars allotted by the house.
2. Allots 295 million dollars for soil conservation compared to the house-approved 165 million dollars.
3. Restores the full amount of a 25 million dollar cut in rural electrification loans.
4. Increases the appropriation for flood control work on farms from \$500,000 to 1.5 million dollars.

**REPARATIONS:**

**Bomb Damage**

Great Britain has begun to pay back its people for the property loss and damage they suffered as a result of Nazi bombardment of their island during the war.

Checks totalling 180 million dollars were sent out to a quarter of a million Britons who saw their homes and household goods smashed by bombing, flying bomb and rocket attacks.

The board of trade had been working on the claims since the beginning of the war. Because settlement of the claims has been held up for more than two years, the government added 2 1/2 per cent interest from the date of the claim in recognition of increased costs.

However, omnipresent income taxes were deducted at the standard rate of nine shillings (\$1.40) to the pound (\$4).

**MEDALS:**

**18 Million**

United States armed services have announced that they will pass out approximately 18 million medals, starting August 1, to World War II veterans if everyone eligible applies.

The American defense service medal will go to those who served between September 8, 1939, and December 7, 1941, and the World War II victory medal will be given for service between Pearl Harbor and December 31, 1946.

This estimate of eligibles was made: Victory medals—army, 11 million; navy, four million; marines, 600,000; coast guard, 350,000. Defense medals—army, 1.8 million; navy, 300,000; marines, 80,000; coast guard, 25,000.

**HE'LL RETURN:**

**To Milwaukee?**

Milwaukee, Wis., began polishing up the old band wagon when this news arrived from Tokyo:

Speaking privately to a group of visiting editors, Gen. Douglas MacArthur opined that he would like to live in Milwaukee after he retires.

Taking the cue—if it was a cue—the general's supporters in Milwaukee forthwith declared that they would support him for president in 1948 and would enter his name in Wisconsin's Republican presidential primary next April.

Said Lansing Hoyt, chairman of the Wisconsin MacArthur for President club, "I'm positive he will be available."

General MacArthur, who previously has denied any presidential aspirations, made no immediate comment on the Milwaukee development, and he remains a variable factor insofar as the 1948 campaign year is concerned.

Whether or not MacArthur enters the race for the White House next year probably will depend primarily on his conception of when his present task as top Allied authority in Japan will have been completed.

**COAL PRICES:**

**Another Round**

As the price of coal took an upswing in many cities following John L. Lewis' recent wage increases for his miners, President Truman issued an appeal directly to the coal and steel industries to withhold price boosts.

Surrounding his request with an aura of public welfare, the President said, "the people of the country have the right to demand that their prosperity shall not be imperilled by immediate increases in the price of coal and in the price of steel."

He asked the producers to hold off until "a fair test has been made of the actual effects of the wage advances." Such a delay, he said, would involve no serious risk because of the "high profits" in the industry.

Mr. Truman expressed the fear that a sudden wave of coal and steel price increases would set off a wave of subsequent commodity price advances and "renew the inflationary spiral which we had much reason to hope had been halted."

At the same time, John L. Lewis lunged into the controversy with a statement assailing economic "alarmists." He said the increased cost to consumers of coal and other products would be "infinitesimal," and that the United States will still enjoy cheap coal production.

**DINOSAURS:**

**Long, Long Time**

Classed as probably the most important discovery yet made of the early inhabitants of this continent was the unearthing in New Mexico of intact, completely articulated skeletons of dinosaurs that existed in the United States 200 million years ago.

An expedition from the American Museum of Natural History found the priceless fossils in a previously unsearched area about 100 miles north of Albuquerque.

The small, three and four-foot dinosaurs were believed to be representative of the group which gave rise to the great flesh-eating dinosaurs, such as the Tyrannosaurus Rex, which inhabited this continent 100 million years later.

Heretofore, the small dinosaurs of the Triassic (200 million years ago) period were known to have existed only through bone fragments.

**Speedboat Man**

Guy Lombardo, orchestra leader who races high-powered motorboats as a hobby, is shown in racing uniform with the trophy he took last year by winning the 39th international gold cup regatta. He will defend his prize again this year in the regatta on August 10 at Rockaway Inlet, Jamaica Bay, N. Y.

**Synthetic Fuels Cited**

If United States petroleum reserves are used up, enough synthetic fuels can be made to offset any deficiency in that line, a department of interior official has stated.

Max Ball, director of the oil and gas division of the department, told a senate sub-committee that he does not foresee any time when this country will have to depend upon oil imports.

**WHAT MAKES**

**PEOPLE FLESHY**

It's not always just a case of love for food that piles up extra weight. Excessive eating habits frequently can be traced directly to nervous and emotional tension. See how medicine treats this problem. Read "Fat From Psychic", in The American Weekly, great magazine with this Sunday's (July 27) issue of The Detroit Sunday Times.

## LOOKING BACKWARD

From the Herald Files of Forty, Thirty and Twenty Years Ago  
Compiled by Mrs. Mabel Seord

July 13, 1907

Charles Atkinson and Miss Mary Rae were married last week in Stan-dish.

George Geck was appointed agent for the D. & C. R. R. at East Jordan the first of the month. E. A. Ashley, former agent, is assisting in the General Offices.

Manger A. E. Cross of the Clark Seed Co. warehouse has moved his family here from Charlevoix and they occupy the Fallis residence on the West Side.

The Str. Hum began its summer schedule last Monday, making three trips between here and Charlevoix each way.

"An outrage was perpetrated upon one of the most esteemed citizens the first of the week by a party of launch enthusiasts. He was persuaded into the innocent pastime of a launch ride and all went swimmingly until Holy Island was reached when things didn't seem to swim so much. When about to land and the above referred to gentleman stood on the gunwale someone rocked the boat — of course they did — a man who has crossed the Atlantic a number of times and who can even face the L.A.S. meeting without hardly a tremor of the knees wouldn't be liable to make a mis-step. The result was a very dignified and very wet gentleman sitting on the bottom of old Pine Lake with only his head protruding out of the water.

Perhaps you are curious to know who it was and we won't tell, but marvel not if on next Lord's Day as you sit in your accustomed pew, that you hear the good old Baptist doctrine of "plunged beneath" instead of Presbyterianism."

July 13, 1917

Word has been received here of the marriage of Miss Ellegene French to a Mr. Rounds at Miami, Fla., July 7th.

Ed St. John, former East Jordan resident, died in Detroit Tuesday. Services were held at the Methodist church Friday afternoon.

J. L. Weisman, East Jordan merchant for the last 25 years, died at his home Wednesday, July 11th. The remains were taken to Detroit Thursday where services will be held.

July 15, 1927

When Mr. TerWee organized his Beginners class, for the first time since the high school band was organized, girls were admitted. The reaction of the present band boys was comparable to that of an upset beehive. The boys were sure the appearance of

their outfit (that had won them first place in the State contest) was do-omed and it took some time for them to become reconciled to the idea. The first girls to play in the band were Vera Montroy and Mabel Addis, Cornets; Marie Flannery, Anita Ruhl-ing and Rhea and Lois Healey, Clar-inets; Moreen Bulow, Minnie Web-ster, and Cathola Lorraine, saxo-phones; Honorine Blair, alto; Mar-vel Rogers and Marian Maddock, trombones.

The boys in the Beginners class were Junior Sherman, Henry Alex-ander, David Pray (piccolo), Martin Ruhl-ing, Robert Joint, Howard Baker, Dale Kiser, Bubby Bussler, and Dale Clark.

The Mackinaw City State Savings Bank has been organized with Roscoe Mackey of East Jordan as president. Leon G. Balch is also a stockholder. The bank plans to open next week.

A new 85 foot fire tower, weigh-ing 4 1/2 tons, has arrived in Boyne City and will be erected in Jordan Tp., Antrim Co.

Miss Annie Shepard of East Jordan and Nelson Young of Springville, Tenn. were married in Muskegon July 1st by Rev. S. R. McCurdy.

Mrs. Gurmar (Myrtle) Nelson of Melbourne, Fla., recently wrote her mother, Mrs. Alice Joynt, that their baby son had been awarded a silver cup for being the most beautiful baby on the Board Walk at the 4th of July contest.

Addison Stewart of Flint died July 14th at the home of his wife's parents, Mr. and Mrs. George Pring-le.

Mrs. Frank (Bertha) Carpenter, aged 23, died at her home here July 10th.

July 20, 1907

Big Headlines of the leading arti-cle in this issue tells that on Thurs-day, July 18th all whistles on the various plants in East Jordan was to have an iron furnace of not less than 60 to 80 tons per day capacity, and the largest chemical plant in the U-nited States.

Men behind the new indutry are F. B. Baird, Buffalo; Charles H. Shaffer, Marquette; and W. H. Mat-thews and W. S. Shaw of Boyne City.

Cost of the plant will be more than \$600,000 and the Company will em-ploy from 400 to 500 men in the plant and woods. They expect to have it completed in a year.

The change-over of East Jordan from an industrial town to a summer resort center has been a slow and rug-ged one. The following quotation ap-peared among the locals: "One man

with a dinner pail is worth a dozen resorters."

"Floyd Moore and Effie Bayliss were among those to secure marriage licenses the last week.

Guy Courtney and Miss Della Southerby were married Wednesday evening at the home of th bride's parents in East Jordan.

The Electric Theater is putting on films of high order and the illustrat-ed songs are very good, with Percy Holliday as soloist and Miss Madge Nicholas as pianiste.

Mrs. Alfred M. (Florence) Geary, aged 42, died last Saturday at the home in Eveline township.

July 20, 1917

Miss Mamie Churchill, formerly of East Jordan but now of Kalamazoo was recently married to Jay Alvin Hice of Albion, Indiana.

Mrs. Anna Frost, aged 71, died at the home of her son in Wilson town-ship July 15th.

Mrs. Anthony (Eliza Lanway) Brown, aged 53, died at her home near East Jordan July 16th. Surviv-ing are the husband; a son, George Hitsman and a daughter, Mrs. Emma Wells by a former marriage. Also three brothers and a sister — all of this city.

July 22, 1927

John M. C. Munyan, aged 91, died at the home of his daughter, Mrs. Jacob Chew, July 16th.

From Peninsula item: "Lyle Wangeman, our efficient Ferryman, drove his motorcycle to Charlevoix, via East Jordan Friday evening and got Dotty Nice and together they drove to Charlevoix and went through the Convict Ship "Success." This item reminds me of the evening some of my family inspected the old prison ship that England used to transporting prisoners to Australia. Members of the Coast Guard at Char-levoix were assisting in policing the decks. A number of young children were playing on the upper deck and one of the guards asked a boy how old he was. The boy replied, "Nine."

"Well," asked the guard, "Will you tell me how you managed to get that much dirt on your face in nine years?"

Clarence Moorehouse was caught between two moving cars at the Chemical Plant Monday afternoon, receiving an arm fractured in two places, his face badly lacerated, and some teeth dislocated. He was taken to Charlevoix hospital.

A doctor had an urgent call from a man whose son had swallowed a fountain pen.

"All right," replied the doctor, "I'll come as soon as I can. What are you doing about it in the meantime?"

"Oh," said the father, "in the meantime I'm using a pencil."

## Special Primary Election

To the qualified electors of the City of East Jordan, County of Charlevoix, Michigan.

Notice is hereby given, that a Special Primary Election will be held on **TUESDAY, THE 29th DAY OF JULY, 1947** at the respective polling places hereinafter designated: Li-brary building. For the purpose of nominating candidates for the office of Representative in Congress 11th Congressional District, (To Fill Vacancy). Relative to opening and closing of the polls. Act 72 — Public Acts of 1943.

## "How to save money on your electric bill"

Another in a Series by Dr. Phineas Q. Twitch, Eminent Economist

- 1 Toss out your electric fan, and adopt a small boy to wave a palm leaf for you. Of course, you'll have to feed and clothe him — and he'll be pretty noisy — but think of the money you'll save! When you can pin him down to work (which won't be often!) you'll save a penny every three hours. That's real economy.
- 2 Throw away your electric clock and buy a sun-dial. Of course, it won't wake you up for work, but think of the fun you'll have trying to figure out what time it is — on sunny days, anyway. And you'll be saving about 5c every month! At that rate, you'll have the sun-dial almost paid for in only 41 years!
- 3 Turn off your radio during the Summer Electric Hour, starring Woody Herman and Peggy Lee, every Sunday afternoon at 4:30 over CBS, EDST. In this way, you'll miss a grand show, but think — you'll actually save one-sixth of a penny every time you do! In only two years, this self-sacrifice on your part will have saved you the price of an ice cream soda.

Watch for more practical, money-saving suggestions by Dr. Twitch. He really knows his stuff. We hope he'll help you realize how many jobs electricity does for you, and how little it costs.

## HEGGBLOM RENEWS CHALLENGE TO DEBATE OPPONENTS

U. S. A. Heggblom of Manistiquet and Republican candidate for Congress in the special primary, July 29, spent Tuesday and Wednesday in Antrim and Charlevoix counties and

U. S. A. HEGGBLOM

renewed his challenge to opponents to debate the issues of the campaign.

Heggblom, a lawyer for 25 years, was a member of the Michigan delegation to the Wilkie convention at Philadelphia in 1940 and to the Dewey convention at Chicago in 1944. He was chairman of the resolutions committee of Republican state convention at Grand Rapids in 1945. At a conference of organized labor held at St. Ignace on July 13th, a secret ballot was taken to determine labor's choice for Congress and Heggblom received more votes than all of his opponents on both tickets. He also received the Townsendite endorsement in this 11th district. Speaking at Boyne City on Tuesday he said, "We must make democracy work for on that basis we need never fear communist propaganda." (Political Advertisement)

A census taker called at a High Desert ranch house and a woman answered his knock.

"How many in your family?" he asked.

"Five" answered the woman peevishly. "Me, the old man, one kid, a cow and a cat."

"And what are the politics of your family?" was the next query.

"Mixed," came the short reply.

"I'm a Republican, the old man's Democrat, the kid's wet, the cow's dry, and the cat's a Populist."

Mr. and Mrs. Joe Montroy visited their son, Clayton and family, in Manistee, Sunday.

Mr. and Mrs. Walter Williams of Flint were Monday visitors of Mrs. Lillian Brabant.

Mr. and Mrs. Glen Bulow of Brooklyn, Mich., were recent East Jordan visitors.

Mrs. Virginia Howe, Detroit, visited her mother, Mrs. Eva Pray, first of the week, enroute home from a trip to California.

Mrs. Thomas Fitzgibbons returned to Detroit, Sunday after visiting, Mrs. Fred Dye at her cottage on Lake Charlevoix.

### Natural Mistake

The young candidate for admission to the navy was being given a test to determine his general education. One of the questions put to him was: "What kind of animals eat grass?" The young man fidgeted and looked out of the window, but apparently could think of no answer.

"Come, come," said the admiral who was examining him, "surely you can answer a simple question like that: 'What kind of animals eat grass?'"

The boy brightened up. "Animals!" he exclaimed, "I thought you said admirals."

### Dumb Dog

The man was poring over a chess-board. Opposite him sat a dog. A friend came up and asked:

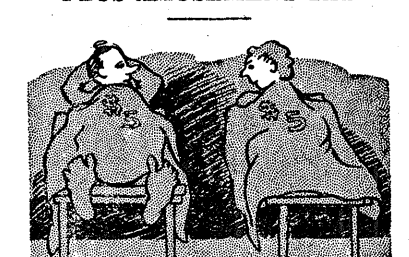

"Say, what's going on here?"

"Just playing chess with my dog," replied the man.

"No kidding!" exclaimed the other. "Gosh, that's about the smartest dog I ever saw."

"Oh, he isn't so smart," answered the first. "I've already beaten him two games out of three!"

### PLUS AMUSEMENT TAX

They had searched in vain for a hotel room. "Well, mother," he said, "I guess we'll have to sleep in one of those night clubs, even if they do charge \$5 for covers."

### Awkward Position

A Negro, riding home on his mule, passed under an apple tree, so he stopped and reached up for a tasty apple on a high branch. Just as he did so, the mule started off, leaving Mose hanging perilously. Just then the owner of the orchard came along.

"What are you doing up there?" he demanded.

"Befo' de lawd," said Mose, "Ah jes' fell off mah mule!"

### Whish!

"Yo hear 'bout dat car ah got?" inquired Wash. "Boy, she got some speed!"

"How fast is she?" asked Mose.

"Boy, she's so fast," replied Wash, "dat when ah streaks down de line all de hogs side de roads look like link sausage."

### Ring Out Wild Bells

Wife — Darling, aren't those chimes beautiful? Such harmony! Such a lovely tone!

Husband — You'll have to talk louder, honey. Those damn bells are making such a racket, I can't hear a word you say."

## "Naming" Ceremony at Harbor Springs Sunday, July 27

The annual Ottawa Indian Naming ceremony, a two-hour program this year adopting eight friendly palefaces into the Ottawa tribe at Harbor Springs, will command the summer spotlight of events, Sunday, July 27. The program begins at 8pm in the ball park at the east approach to the city. Ample grandstand and bleacher seating will be provided the anticipated huge crowd.

Governor Kim Sigler has accepted the invitation of Chief Pipi-gwa (Little Hawk), chief of the Michigan Indian Defense Association, to appear as an honored guest at the ceremony. Birch bark invitations signed by the chief were extended by Princess Wa-Was-No-De, on her recent flight to southern Michigan cities, to the governor, mayors of Detroit and Grand Rapids.

Governor Sigler will arrive in his private plane at the Harbor Springs City Airport and be met by the official welcoming committee composed of Chief Pipi-gwa (Fred Ettawegshik), Mayor Maurice Phillips, Chamber of Commerce President Ward Walstrom and Carl Henry Tamm of the Colonial Inn.

The eight candidates for adoption into the Ottawa tribe are Admiral Chester Nimitz; Major General Stanley Reihart, Birmingham; David O. Goudie, Detroit; Joseph A. Braun, Detroit and Walloon Lake; William A. Fall, Detroit and Harbor Springs; James P. Welsh, The Old AAA Traveler, Detroit; Lou Burbey, Detroit Times, Detroit; and Les Biederman, Midwestern Broadcasting Company, Paul Bunyan network, Traverse City. Adm. Nimitz will receive his Indian name in absentia because illness prevents his appearance.

### TO CHOOSE PRINCESS

The contest for Princess of the Naming Ceremony and other functions will be held early in the evening program. Candidates for princess already registered with the princess committee are Gracie Francis, Ethel Lea Otto, Veronica Otto, Petoskey; Gladys Chingman, Boyne City; Dorothy Tokolo, Charlevoix; Elizabeth Antonie, East Jordan; and Connie Sagataw, Noreen Keway and Shirlee Johnson, Harbor Springs.

The princess will be selected on the basis of general appearance, poise, speaking voice and natural Indian background.

## PARENTS SPEAK HIGHLY OF 4-H CAMP

The second annual 4-H Club Camp closed Friday, July 11th as the best camp yet. Attendance was only 46 this year as compared to 69 of last year, but, nevertheless it was a better camp.

It was held again this year at the Church of God Camp grounds near the Loeb school just south of Charlevoix. Many improvements on the grounds were made this year.

The public and parents were present for a very impressive candle lighting services Thursday, the last night in Camp. Participants in the ceremony were Mrs. R. V. Liskum, leader from East Jordan, Mrs. K. C. Festerling of R. 1, Petoskey, Janet Krulik, Phyllis Johnson, and Charles Elzinga of Charlevoix; Rena Knudsen Ethel Murphy, Kay Sinclair, Margaret Blossie, Jerry Evans, and Esther Zitka of East Jordan. All of the members held lighted candles during the ceremony.

Among those attending the function that evening were: Mr. and Mrs. Ernest Evans, Mrs. Frank Nachazel, Jean Nachazel, and Mr. and Mrs. Joe Clark of East Jordan. Parents commented that they found their boys and girls sad to think that the camp only ran four days. Everone was having such a grand time.

Mrs. Ed Rebman, County Agent's wife, of Boyne City, was camp cook. Sadie Liskum of East Jordan, recreation director; Ruth Haire, R. 3, Charlevoix, crafts and instructor. K. C. Festerling and Miss Emma Fero taught project classes. Ed Rebman, County Agri'l. Agent was Camp manager.

## CHARLEVOIX 4-H BOY WINS CALF

Because of his ability to see differences in Jerseys in a recent dairy judging contest Charles Walter Murrell of R. 1, Charlevoix is richer by one well bred Jersey Bull calf. The calf was given as a judging prize by the Garstang Farm of Harbor Springs, Michigan where the contest was held. 16 boys and 1 girl representing clubs in both Charlevoix and Emmet counties participated. Mr. Brown, herdsman, at the Garstang farm provided two classes of fine Jerseys to be judged. Charles Murrell made 122 points

out of a possible 150. Howard Campbell, Route 1, Charlevoix was second while Jim Fiedler and Earl Haskins tied or third.

A herd of Guernseys was judged at the Everett Shepard farm Harbor Springs later in the afternoon. Here, Vern Freeman of Michigan State college, who conducted the judging contest, gave demonstrations in fitting and showmanship.

Charles will make a trip to the Garstang farm some day this week to bring home his prize. He now has a Holstein calf as his 4-H project and hasn't yet decided what he will do with his prize Jersey.

**MICHIGAN**

*Believes in  
More and Better Hospitals*

In a progressive state such as Michigan, there is a constant need for the extension and expansion of hospital facilities. Good hospitals, geographically placed for the better convenience of all the people of Michigan, mean a healthier state in which to live — and it is characteristic of the doctors of medicine in Michigan that their leadership is applied in this direction. Your medical doctor is your watchdog and spokesman for the advancement of your health care through the furtherance of more abundant hospital accommodations. It is one of the reasons why Michigan leads the way in health progress.

**"Not Responsible  
For Wife's Debts"**

A young man came rushing into the Clarion office the other day and wanted me to print an ad—"right quick"—saying he won't be responsible for his wife's debts from now on, as he's leaving her for good immediately.

I allowed as how the forms were all closed up, and it was too late to take his ad. He says: "All right, Monday then"—and we agreed on Monday.

Of course, the forms weren't closed. But I had kind of an inkling of what might happen. Then Sun-

day he phones me, and says, kind of sheepishly: "You can forget that ad. Me and the missus have everything all patched up. And we're having a friendly glass of beer, right now."

From where I sit, if you give folks time enough to think things over, those hasty quarrels that come so often from misunderstanding will give way to tolerance and common sense.

**Wisdom and Understanding  
For Our Daily Living**

LESSON TEXT FOR JULY 27—Proverbs  
1:1-5; 3:13-18; 9:9, 10; James 1:5  
MEMORY SELECTION—Wisdom is the  
principal thing; therefore get wisdom; and  
with all thy getting get understanding.—  
Proverbs 4:7.

**EDITOR'S NOTE:** Lesson subjects and  
Scripture texts selected and copyrighted  
by International Council of Religious Edu-  
cation; used by permission.

By HAROLD L. LUNDQUIST, D. D.  
Of The Moody Bible Institute, Chicago.

**EDUCATION** is so widespread in  
our day, and so eagerly sought  
after, that one might assume that  
the world would soon solve its prob-  
lems through the cultural attain-  
ments of its people.

Why this is not true appears  
clearly in our lesson; for it is wis-  
dom that the world needs, and  
wisdom is quite different from the  
understanding or memorizing of a  
mass of facts.

Wisdom teaches us how to use  
knowledge effectively for the glory  
of God. We see in our lesson:

**I. The Meaning of Wisdom (Prov.  
1:1-5).**

**PROVERBS** are pithy, useful say-  
ings, which gather up the wisdom  
of a people in easily remembered  
form. They are highly thought of in  
all nations, but reached their high-  
est development among the He-  
brews, because they rightly insisted  
that they must be related to God  
and worship of him.

We learn in this passage that they  
are given to us that we may  
"know" that we have both wisdom  
and instruction. The growth of  
knowledge is always a prerequisite  
to growth in grace—learn more about  
God and his precious Word, and you  
will have more of his grace upon  
you.

Knowledge must be coupled  
with discernment (v. 2), which  
speaks of going beyond and below  
the surface meaning. This will not  
be an abstract love of the schol-  
arly, but a practical application  
of truth to life (v. 3). Wisdom re-  
sults in right living and proper  
dealing with our neighbors.

The one who has come to this  
place is ready to give (v. 4) help  
to others, especially to the young or  
those of "simple" thinking, who  
have not yet reached the place  
where they can get hold of such  
things for themselves.

Notice that the wise man does not  
stop at that point, but because he is  
wise he goes on to more and more  
understandings, to further receiving  
and giving out of "sound counsels"  
(v. 5).

Observe next,  
**II. The Value of Wisdom (Prov.  
3:13-18).**

**THE** character of a man shows  
up in the things he holds to be  
valuable. Some cannot see beyond  
gold and silver. Others seek com-  
fort and convenience, and do not  
wish to be disturbed in their easy  
ways.

The wise man knows that for  
real pleasure of the highest type,  
for peace of mind and heart, for  
riches that will last and not bring  
him into either sin or sorrow,  
there is nothing like the cultiva-  
tion of understanding and wis-  
dom.

This scripture affords us the op-  
portunity to say a needed word to  
young people who are being so  
sorely tempted these days to forego  
their opportunities for an education,  
and to rush out into the world to  
make money, more money, yes, the  
most possible money.

Education seems to be unneces-  
sary, a waste of time and effort.  
But wait, the years will come and  
go, and then when it is too late,  
the realization will come that a golden  
opportunity was missed, and that  
doors of usefulness and effective-  
ness are now closed.

It pays to give time to the cultiva-  
tion of the mind and of the heart in  
preparation for life. We are not  
thinking primarily of the dollars  
and cents value now, for that is  
secondary, even though it may be  
important.

**III. The Source of Wisdom (Prov.  
9:9, 10; James 1:5).**

**GOD** is the source of wisdom, and  
it is as a man fears him that he  
becomes wise. The fear of God is  
not a matter of fright or terror,  
but rather a genuine concern that  
one may do his will and never fail  
to be obedient to his guidance.

God is always more ready to give  
than we are to receive. He will not  
turn us aside, or belittle our efforts;  
but will, if we ask, give wisdom,  
and that in no little measure.

Let no man think that he can  
attain unto true wisdom apart  
from a right relationship to God.  
He may have knowledge, but not  
wisdom. On the other hand, let no  
man who knows God and serves  
him go through life lacking wis-  
dom when all he has to do is to  
ask it of his heavenly Father.  
Why be poverty-stricken when  
you can be rich in wisdom and  
understanding?

Here's another "first" for Mich-  
igan.

Tourists coming to Northern Mich-  
igan need share no fear about dan-  
gers of untreated milk. Effective  
July 1, 1948, all milk offered for  
sale in Michigan, excepting that pur-  
chased direct at farms, must be pasteur-  
ized.

Why such a Bill? Here are some  
facts.

Since Jan. 1 of this year, 152 cas-  
es of undulant fever have been re-  
ported in Michigan. While not all of  
these cases were traceable to milk,  
many of them were so. Twelve years  
ago 106 cases of typhoid fever were  
the result of one typhoid "carrier",  
an employee who worked in an Ann  
Arbor dairy plant.

Dr. F. S. Leeder director of the  
division of disease control, state de-  
partment of health, believes that the  
Michigan law will prevent the reoc-  
currence of any large-scale outbreak  
of milk-borne disease in the state. As  
such, it should safeguard the health  
of thousands of visitors from other  
states who come to Michigan each  
summer for their vacations.

Dr. Leeder points out that out-  
breaks of polio have been traced to  
untreated milk. This fact is attested  
by health authorities. Other milk-  
borne diseases include scarlet fever,  
strep sore throat, diphtheria and  
bovine tuberculosis.

When you visit eating places in  
Northern Michigan, you will probably  
notice a sign on the wall saying that  
"only pasteurized milk and milk prod-  
ucts are served here." The signs  
were distributed recently by the state  
department of agriculture.

The 1947 legislation illustrates a-  
gain the power of women. Consumer  
groups, headed by Mrs. L. E. Mills,  
past president of the Michigan divi-

ion, American Association of Uni-  
versity Women, started the ball roll-  
ing. The movement reached the  
bandwagon popularity and was sup-  
ported by the Michigan Milk Dealers  
Association and the Michigan Milk  
Producers association, just to men-  
tion a few.

Despite determined and organized  
opposition, the consumer groups  
fought the bill through to a success-  
ful vote of 27 to 0 in the Senate and  
58 to 22 in the House.

The bill, as amended in the House,  
provides for referendum vote to re-  
move a city from provision of the qual-  
ified voters. The law does not forbid  
the sale of raw milk at farms.

Ottawa Indians are going to have  
their own pin-up girl — a princess.

The ceremony will take place next  
Sunday evening (July 27) at Harbor  
Springs, capitol of the Ottawa tribe.  
Wearing full tribal regalia, the Ot-  
tawas will conduct native dances.  
The evening's climax will be selec-  
tion of a "princess" from the Indian  
girls from surrounding towns and vil-  
lages.

Harbor Springs has hopes of mak-  
ing this event a nation-wide affair  
such as the Pow Wow at Flagstaff,  
Arizona, and the Intertribal Cere-  
mony at Gallup, New Mexico.

**When is a rate increase  
a good thing for  
telephone users?**

**THE** right price is "the lowest possible  
price that will assure you of good  
quality." That's true of everything  
you buy, including telephone service.

So—answering the question above  
—a rate increase is a good thing for  
telephone users when it is needed to  
protect their interests from a service  
standpoint.

The last time there was an increase  
in telephone rates was 21 years ago.  
From 1926 until 1937, rates went down  
substantially. Since 1937, there have  
been still further local reductions in  
a number of exchanges and decreases in  
toll rates. Except for those further re-  
ductions, 1937 rates haven't changed,  
although the cost of most things—  
wages, taxes, supplies—has gone up.

Just since the war, wage adjustments  
alone have upped our costs \$11,000,000  
a year. This includes settlements  
reached during the recent strike.

Lump all our costs together and  
you'll find they've gone up much  
faster than our income. Since 1937,  
our income has gone up 141%. But  
costs have gone up 193%. And our  
return on investment has dropped  
more than a third.

NOTE: Where the term "Income" is used above, its meaning is the same as "Revenue" or "Gross Income." Where the term "Investment" is used, it means the original cost of the telephone property less the depreciation reserve accrued against the ultimate retirement of the property.

Now we face the fact that 1937  
rates won't work in 1947.

We don't like a rate increase any  
more than you do. We've waited until  
the last possible moment to ask for  
one. But that moment has now  
arrived.

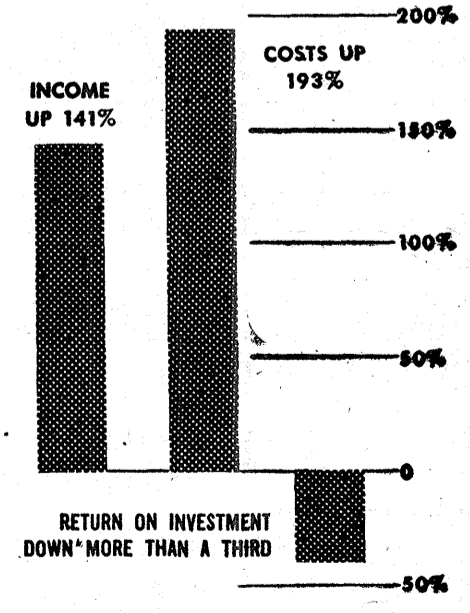

There's a lot of work to be done and  
a lot of money to be spent to give more  
and better service to everybody who  
wants it. The money will have to  
come from investors. They will fur-  
nish it only if they can be sure of a  
fair return, which our present rates  
are simply too low to provide. A grow-  
ing business, especially, has to earn a  
good return in order to attract the  
capital needed for growth.

Telephone rates are regulated by  
the Michigan Public Service Com-  
mission, a body established by State  
law and appointed by the Governor.  
We're going to ask the Commission  
for a public hearing to review our  
proposed new schedule of rates. Dur-  
ing the week of August 3, we'll pub-  
lish details of the proposed rates  
throughout Michigan Bell territory.  
After that, we'll file a petition with  
the Public Service Commission.

The whole future of Michigan's tele-  
phone service depends on raising rates  
enough to assure the financial stability  
of your telephone company. We're sure  
you want us to take this step to assure  
you the kind of service you want.

**Michigan State Police Recruiting Program July 29 at Gaylord**

Sargent Edgar Welsch, commander of the Gaylord post of the Michigan State Police, will be at the post from 10 a. m. to 5 p. m., July, 29, 1947, for the purpose of interviewing young men who may be interested in joining the department.

The State Police are presently conducting a recruiting program to bring the force up to pre-war strength. Through the cooperation of the State Civil Service Commission, preliminary qualifying examinations are now being conducted each time a sufficient number of applications have accumulated, eliminating previous delays when examinations were held on a periodic basis.

"The State Police organization offers a fine opportunity for young men interested in a career service," said Eergeant Edgar Welsch. "In addition to employment security, paid vacations, sick leave and a pension after so many years of service, the work is interesting and varied. Promotions are made on a merit basis. I might also point out that there is a pride in belonging to one of the finest organizations of its kind in the country."

While war service is not a requirement, most recruits now are world war veterans who are finding that service in the State Police has advantages of especial interest to them. Minimum requirements are that an applicant must be between the ages of 21 and 30, unmarried, in good health and not less than five feet, 10 inches in height.

Applicants may call at the post at any time to obtain information about the department, Sgt. Edgar Welsch said, but July 29, 1947 has been set aside as a special day when he will be on duty to talk with those interested.

Application blanks may be obtained at the post, or by writing the State Civil Service Commission or the Michigan State Police headquarters in Lansing.
