## Rains Relieve Fire Hazard

PLENTIFUL IN STATE. NONE NEAR ATLANTA AND GLADWIN

Rains — heavy in the south central part of the upper peninsula, medium in the west, light in the east and light in the northern half of the lower peninsula, with none at all near Atlanta and Gladwin — have temporarily eased Michigan's acute forest fire hazard.

Conservation department men fought 170 separate fires last week. The fires burned over a total of 5,115 acres. In the critically dry period that began in the previous week, a total of 248 fires has burned 7,100 acres to date.

Fires still burning all were under complete control and the hazard lessened by increased humidity, but the emergency ban on open fires and tobacco smoking outside homes, cars and authorized camp grounds in the northern two-thirds of the state continued in effect.

The fight to keep the fires within bounds on the days of great danger cost three lives, those of Conservation Officer Thomas J. Mellon and Conrad Oberg, drowned in Manistique river when hurrying to a blaze inaccessible by road, and Riley Hopkins, killed by a falling tree while fighting the Little Girls Point fire in Gogebic county.

## Extension Group Meets

The extension groups of Charlevoix County held a rally day Tuesday afternoon, Nov. 4th, at the L. D. S. church. Sixty-two ladies represented eight of the twelve clubs in the county. Mrs. Lulu Clark, County Chairman, called the meeting to order. Mrs. Carl Festerling read the club creed. Mrs. Meta Robinson gave two readings.

Reports were given by the leaders who attended Farm Woman's Week at M. S. C., East Lansing, in July; Mrs. Lulu Clark; Mrs. Oakley Saunders, Ironton; Mrs. Sadie Liskum and Mrs. Rose Adair.

A playette "Three Modern Bears" was presented by members of the Sunnyside extension club.

Dainty sandwiches, cookies and tea were served.

## Some for the Books, From the 1947 Hunting Season

A Brighton hunter, surprised by a woodcock flying out of a thicket straight at him, forgot to shoot, batted the bird down with his gun barrel. . . . On a marsh near Pinckney a flock of black ducks filled the thin vacant sky at precisely two minutes past closing time, prompting one irate hunter to swear the birds "must be wearing wrist watches." . . . A Keeweenaw hunter tested the effect of bird shot on a bear with two cubs, had to climb a tree. It was a small tree, and the bear shook him out of it. As he ran for another, companions rescued him. . . . A farmer living near Owosso lost a wallet with \$120 in it while hunting pheasants a year ago; hunting pheasants over the same ground this season his dog found it, with the money mouldy but intact.

## MARRIAGE

### Shaw — Laisure

A private room in Charlevoix hospital was the scene of a wedding Thursday, October 30, at 7:00 o'clock p. m., when Miss Gloria Mavis Show, daughter of Mr. and Mrs. Darus Shaw, was united in marriage to John D. Laisure, son of Freeman Laisure, both of East Jordan. The ceremony was performed by Rev. Lawrence E. Belleville, pastor of the Free Methodist Church in Boyne City.

The groom spoke his wedding vows as he lay in his hospital bed, half of his body in a cast as the result of a tractor accident which occurred October 22, when the tractor he was driving overturned on him, fracturing his upper leg, also receiving internal injuries.

The bride, given in marriage by her father, wore a grey suit with brown accessories and a corsage of pink carnations.

Miss Shirley Nowland attended the bride as bridesmaid, wore a blue suit with black accessories.

The bride's mother wore a blue suit and corsage of yellow mums. Ray Olson attended the groom as best man.

Others at the ceremony included the groom's father, Freeman Laisure, the bride's family and friends from East Jordan.

Following the ceremony, the bride and groom cut the three tiered wedding cake topped with a miniature bride and groom, which was served to the families, nurses and patients. The nurses helped decorate the room and after the ceremony messages of congratulations were brought from patients from other rooms.

The new Mr. and Mrs. Laisure plan to make their home in East Jordan in the home they are building on the West Side.

### Weldy — Hayden

Tall baskets of evergreens, mountain ash berries and bouquets of daisies decorated the Methodist church for the wedding of Miss Ardith Weldy and Thomas Hayden, Saturday, November 1, at 3:00 o'clock. Rev. Howard G. Moore read the single ring service.

The bride is the daughter of Mr. and Mrs. Ed Weldy, the bridegroom's parents are Mr. and Mrs. Frank Hayden.

A musical prelude including solos, "Oh Promise Me", and "I Love You Truly" were sung by the soloist Miss Donna Holland, accompanied by Mrs. Howard Moore at the piano, who also played the traditional wedding march, and after the vows the soloist sang "Oh Perfect Love", accompanied by Mrs. Moore.

The bride, given in marriage by her father, chose a grey suit with black accessories, and wore a corsage of white roses.

Miss Beverly Danforth attended the bride as bridesmaid, wearing a brown suit with brown accessories, and wore a corsage of yellow roses and white mums.

Buster Reich, cousin of the groom, served him as best man, and guests were seated by Edward Faust and Roland Hayes.

Mrs. Weldy, mother of the bride, chose a black dress and corsage of yellow roses and white mums. The bridegroom's mother wore an aqua crepe dress with corsage of yellow roses and white mums.

A reception followed the ceremony in the church parlor to 60 guests. The linen covered table was centered with a three-tiered wedding cake topped with a miniature bride and groom, flanked by tall white tapers. Wedding cake, coffee and ice cream was served. Mrs. Alfred Larsen poured, Doris Hayes, sister of the bride, and Arlene Hayden, sister of the groom, served.

The new Mr. and Mrs. Hayden left for a few days in Upper Michigan and will make their home in East Jordan upon their return.

They were both graduates of the Class of '47, East Jordan High School.

Mrs. Basil Holland and daughter Donna entertained Monday evening, October 27, with a miscellaneous shower for the bride elect.

The completed program for the 12th Annual Northern Michigan Potato and Apple Show to be held at Bellaire, Monday and Tuesday, Nov. 10 and 11, has been arranged and is being announced by the Show Secretary, Walter G. Kirkpatrick, of Bellaire.

Monday, Nov. 10, is devoted to bringing in exhibits of potatoes, apples and legume seeds. There will be special prizes open in the potato section for 4-H and Smith-Hughes schools. Another exhibit of the Show is that of posters exhibited by schools. The posters depict the use of Michigan potatoes and apples in color and are very interesting. All exhibits are to be in place by 6 p. m. Monday. Judging will be done that evening. All exhibits will be open to the public on Tuesday, including the special Apple and Potato Machinery Exhibit to be held at the Bellaire Airport.

The Junior Banquet for 4-H Club members, Rural Agricultural Schools, and Smith-Hughes judging teams will be held at 12:30 noon, Tuesday, at the Bellaire Community Hall.

Beginning at 1:30 Tuesday afternoon, special sectional meetings for potato growers and apple growers will be held. The Annual Adult Banquet will be held Tuesday evening at the Bellaire Community Hall. At the Banquet, Show awards will be made including the naming of the Apple Pie Baking Queen for Northern Michigan along with her court of three girls and three ladies.

The Show is open to all — farmers in particular are urged to attend this outstanding event.

## Campaign to Enlist a Larger Membership

Spearheaded by a proposal to enlarge the membership of the West Michigan Tourist and Resort Association, Directors and the Executive Committee met recently at Grand Rapids with most of west Michigan counties represented.

"Every resort operator, every business house, every merchant, doctor, dentist, lawyer, and every individual profits from the \$400,000,000 yearly income from the tourist business. We must offer our services to more people. We must have more people working with us."

"We are getting greater competition from other states and other countries and we must expand our program to protect the business we have. . . . and we must go after more, or we will have less," said Chester C. Wells, Secretary-Manager.

President J. J. "Joe" Bachunas will appoint county committee chairmen immediately and will personally take the field to direct the drive.

## Turkey Shoot Sunday Nov. 9th.

SPONSORED BY THE EAST JORDAN SPORTSMEN'S CLUB

Deer hunters and all other outdoor enthusiasts will get a chance to try out their guns next Sunday at the East Jordan Rifle Range recently acquired by the East Jordan Sportsmen's Club. The occasion is the revival of the annual Turkey Shoot, sponsored by the Club, commencing at 10 a. m. Sunday, Nov. 9th.

One of the outstanding features of the program will be an archery exhibition by Nelson Grumley and Fred Scott of the Bear Archery Co., Grayling. One of these boys stunts will be putting a pane of glass behind a sandbag. After using a 30-30 to demonstrate its inability to shoot through the sandbag, they will then take a bow and arrow and shoot through the sandbag, breaking the glass.

The courses will include a moving life-sized deer target for deer rifles and stationary and bobbing targets for rifles, 22's and 22 pistols. There will be a few 22's available at the range but it would be advisable for all those wishing to participate to bring their own guns and ammunition. Coffee and doughnuts will be available at the range. The ladies and families of all are most cordially invited to attend and participate.

The range is located 1 1/2 miles north of East Jordan on the Boyne City Road — directional arrows will be posted so no one can miss. Don't forget the date, and don't neglect a swell chance to get your guns sighted in. The prizes will be fat and generous.

## Warning to Ice Cream Manufacturers

Ice cream manufacturers in Michigan are being warned that prosecutions for selling ice cream that does not meet state standards will continue, according to F. M. Skiver, Chief of the Bureau of Dairying in the Department of Agriculture. While many manufacturers have made an effort to improve the food value of ice cream, many still insist on whipping an excessive amount of air into their product. By so doing the food value of the ice cream is replaced with air, constituting a definite fraud upon the buying public. Persistent violators of the law must be prosecuted, Mr. Skiver states.

In a continuing effort to reduce the number of violations inspectors were instructed this week to make close checks on ice cream manufacturers. The present standards for food solids in ice cream are extremely lenient, and the Department of Agriculture cannot permit the sale of products below the minimum requirements of the law.

C. F. Kettering, retired vice-president of General Motors Corporation in charge of research and now its research consultant, was speaking.

The occasion was the 14th annual meeting of the Associated Press Managing Editors' association in Detroit. News executives of daily newspapers throughout the United States were in attendance.

"Boss" Kettering's remarks, "The Day after Tomorrow", were an affirmative, positive reminder that Detroit's "know how" of making things through mass production was achieved only by competitive free enterprise and that we still live in "the golden age of opportunities unlimited."

"Since I have retired," he said, "I have organized several new companies. One is the Utopian Transportation Company, Limited, and that is a non-profit organization. I am trying to raise a few funds, and you can help in your little community, to give free transportation to these people who think this is a lousy country."

"The only thing about the Utopian Transportation Company that is limited is that the transportation is limited to one direction."

"The other company I have is a stock-selling company known as United States Preferred. I am trying to sell that, and I am getting along pretty well. Of course, a poor inventor like myself doesn't understand a lot of things that are going on, and apparently other people don't either."

"One of the things I don't understand is why this country is called upon to make up the deficits for all the cockeyed European ideologies, and stop our own work while we are doing it. I don't understand that one at all."

"We didn't start this war, we just got in and tried to help a little. I was talking to Harvey Campbell this morning, and he said, 'You are all wrong.' He said, 'If a fellow is in the gutter, you either have to get in with him or help him out.' I said, 'No, not if he put himself in there.' I don't intend to get into the ditch at all, and most of the fellows in the ditch would have had us there, so I can't be too sympathetic."

"When it comes to starving, I would like to help on that a little bit, but it is not a part of that to get sentimental over the guys that were trying to lick us. I can't get sentimental over that at all."

"So when I talk about United States Preferred, that is what I mean."

Kettering's remarks, philosophical and often humorous, were timely because they served to remind us that America's greatness has been built on the development and use of superior machines. According to one survey, the average machine investment per worker in America is \$6,000. Who is going to put up this \$6,000? Any citizen who is willing to save money and to risk it as an investment for profit.

Back in 1870 the average American worker worked 60 hours a week. He earned \$9.60. Compared with 1947 real dollars, that would be worth \$16.56. By 1908 he got \$12 a week for 60 hours' work. Today, he gets \$60 a week and works 40 hours — all because of the American system of free enterprise, risking money for profit.

There is no place in the world where this is true. So don't sell the United States short for socialism or other European ideologies. Why not buy a few shares in Kettering's United States Preferred?

**WEEKLY NEWS ANALYSIS**  
**Truman Outlines Emergency Plans;**  
**Solon Reveals Trieste 'Incidents';**  
**Communist Probe Takes New Turn**

Released by WNU Features.  
(EDITOR'S NOTE: When opinions are expressed in these columns, they are those of Western Newspaper Union's news analysts and not necessarily of this newspaper.)

**DO SOMETHING:**

**Truman Chat**  
It is up to congress, said President Truman in his nation-wide radio address to his fellow countrymen, to do something to avert price collapse and depression at home and at the same time provide emergency aid to European nations to combat "totalitarian aggression" abroad.

Explaining why he had called congress into special session on November 17, the President admitted he was frankly worried about the rising inflation spiral in the U. S. Prices are too high, he said. Buying power is shrinking. Americans in the low and moderate income brackets are doing without essentials.

"When so many people are not sharing fairly in prosperity, the road

**What Legislation?**

It was expected that the Truman administration would go the limit in pricing and allocation of foodstuffs short of establishing controls at the consumer level, in recommending anti-inflation legislation.

"Domestic stabilization," will be the catch-phrase. Price fixing at wholesale and primary market levels will be the chief features of President Truman's plan. Also, it was considered likely that he would ask congress to continue rent controls due to expire March 1, and installment buying curbs which expired November 1.

is being paved for a recession or a depression. . . . Inflation must be stopped before it is too late."

When congress meets on November 17, Mr. Truman said, he would "recommend a program for dealing with inflation, high prices and the high cost of living."

And in Europe, the keynote was desperation. To reduce Mr. Truman's delineation of the foreign crisis to figurative terms, the Four Horsemen of the Apocalypse are thundering across the land, and after them gallops a Fifth Horseman — the threat of "totalitarian aggression."

Even with our aid, Europe will remain on short rations this winter. The people will be cold, and they will suffer deprivations. "But our emergency aid will be definite assurance of continuing support of this nation for the free people of Europe."

**INCIDENTS:**

**'Brass Curtain'**

Rep. Marion T. Bennett (Rep., Mo.) returned to the U. S. following a six-week tour of Europe and the Near East with grave news that was not likely to give much comfort to war-fearing Americans.

There have occurred, said the Missouri lawmaker, "63 incidents of armed aggression by the Communists" against U. S. forces since they moved into the former Italian territory of Trieste bordering on Yugoslavia.

"These acts have resulted in the death or wounding of many American soldiers," Bennett asserted, then adding caustically that the incidents have remained hidden behind a "brass curtain of American military censorship."

"The brass curtain of American military censorship has done a remarkable job in keeping from the American people the seriousness of the situation at Trieste."

Difficulties in Trieste began on September 18 when, under terms of the Italian peace treaty, it became a free state under United Nations supervision. At that time, American troops stationed along the Trieste-Yugoslav border were credited with preventing Yugoslav troops from moving into the Anglo-American occupied portion of Trieste and taking possession.

But Bennett struck an even more somber note: "In Europe they call it a 'cold war.' It is war and how soon, or if, it will engulf the whole world, no men outside of the Kremlin can say."

**PEACEMONGERING:**

**Unanimous**

The United Nations fight that began with Russia's charges of "warmongering" against the U. S. closed on a warm note of brotherly love as the erstwhile wranglers clasped hands on an Australian-Canadian-French "peacemongering" resolution.

It was, actually, a compromise agreed to unanimously in the general assembly after delegates had

**Food Saving Held Essential to Prosperity**

Americans need to save food as successfully today as they did during World War I if the United States is to aid Europe without driving its own food prices "through the roof," says a study by the family economics bureau of Northwestern National Life Insurance company.

Tracing the general similarities between the present period and the years following World War I, the study recalls that in 1918-1919 the nation faced the necessity of shar-

voted down, paragraph by paragraph, the original Soviet resolution on warmongering.

Soviet delegate Andrei Vishinsky put the proceedings off on the right foot when he agreed amicably to a Polish amendment which would remove specific mention of the United States, Greece and Turkey as the principal warmongers, according to the Russian resolution.

The compromise plan, approved by a 56 to 0 vote, condemned "all forms of propaganda, in whatsoever country conducted, which is either designed or likely to provoke or encourage any threat to the peace, breach of peace, or act of aggression."

Said Warren Austin, U. S. delegate: "This is wonderful to have us all vote the same way."

The original Soviet resolution called upon member states to make warmongering a criminal offense. U. S. objection was that that would be an invasion of freedom of speech.

**WHAT RIGHT?**

**Answers**

The question, "Are you or have you, ever been a member of the Communist party?" which the house un-American activities committee asked screen writer John Howard Lawson turned out to be not so intrinsically important as the committee thought it was.

It was superseded almost immediately by a more fundamental issue: Does the committee have the right to demand an answer to such a question asked an American citizen?

Lawson, who thought not, was cited for contempt of congress by the committee after he and Rep. J. Parnell Thomas (Rep., N. J.), chairman of the group investigating Communist activities in Hollywood, had shattered the austerity of the committee room by shouting noisily at each other.

That the episode would have further repercussions was assured. Lawson's attorneys were preparing to take the case to court, perhaps as high as the Supreme court, to determine whether or not a person may be compelled to state his political affiliations before a congressional committee.

Meanwhile, Lawson's refusal either to admit or deny Communist membership was expected to set a precedent which others accused of being Hollywood Reds would follow in testifying before Representative Thomas' group.

SAVINGS:  
35 Per Cent  
Apparently U. S. citizens were riding the crest of self-denial as, at the end of the first month of the nation-wide grain conservation program, Charles Luckman, food czar, estimated that 35 per cent of the final goal of 100 million bushels of grain for Europe has been saved.

Another official of the citizens food committee said that industry pledges would account for some 35 million bushels in the next 90 days, but most of the rest must come from public self-denial and in farm savings of grain fed to livestock.

The big thing, according to satisfied Charles Luckman, was that grain was being saved for Europe

ing its food supplies with hard-pressed allies, and in the immediate postwar period continued the sharing program for relief purposes.

Then, as now, national income had increased faster than production, forcing prices upward. The cost of living rose 50 per cent during the war and was double its prewar level by 1920. Food savings then cut the per capita use of wheat 20 per cent; wheat exports doubled; food waste was cut 30 per cent.

**?? Current Events ??**

Here are five news questions which any 20th century American should be able to answer. If you can't answer them, don't worry. You're probably normal anyway.

1. The son of a former U. S. President recently declared himself a candidate for the 1948 Republican nomination. Who was his father and when was he President?
2. Leader of the Peasant party in Poland has fled his country to escape Communist persecution. Who is he?
3. What newly formed French political party captured 40 per cent of the vote in France's recent municipal elections, and who is its leader?
4. What two reasons did President Truman give for calling congress into special session November 17?
5. Two South American nations recently severed diplomatic relations with Russia. Which were they?

**ANSWERS**

1. William Howard Taft, 1909-1913.
2. Stanislaw Mikolajczyk. He was wartime leader of Poland's government-in-exile.
3. Gen. Charles De Gaulle's Rally of the French People.
4. The necessity for curbing inflation and high prices at home and for providing emergency aid to Europe.
5. Brazil and Chile.

**WEAPONS:**

**Not the Atom**

Doomsday crept a little closer for those who read the words of Rear Adm. Ellis M. Zacharias, USN, retired, in a recent issue of the United Nations World.

Weapons exist today, Zacharias, former naval intelligence expert, said, "That could wipe the last vestige of human, animal and vegetable life from the face of the earth."

For a world that thinks of the atomic bomb as the penultimate of horrors, there was this chilling fact: Zacharias was not speaking of the atom bomb.

The weapons, which he said are "shrouded in the closest military secrecy" and "are being manufactured right now," were described as of a biological, bacteriological and climatological nature.

Russia is investigating military applications of cosmic rays; Britain is progressing with guided missiles and the U. S. has a secret biological weapon—"a germ proposition."

Among Zacharias' revelations was the slightly less staggering assertion that the U. S. now has an atom bomb 50 times more powerful than those dropped at Hiroshima and Nagasaki.

**CANDIDATE TAFT:**

**Official Now**

Sen. Robert Taft surprised no one when he finally jumped officially into the still rather tepid pool of Republican presidential candidates for the 1948 election.

In a letter to Fred H. Johnson, chairman of the Ohio Republican state central and executive committee, Taft said: "I shall be glad to permit my name to be submitted as a candidate for the presidency and accept the support of the Republican state central and executive committee."

It was only after a long period of gingerly testing the water that the son of the 28th President of the U. S. got his feet wet in the prescribed manner. His western trip, he asserted, and advices from elsewhere in the country had convinced him that "the situation with regard to the nomination is wide open."

That statement was taken to mean that he does not consider New York's Thomas E. Dewey as too serious a threat and that he believes the "stop Dewey" movement is taking hold.

**Senatorial Ride**

Sen. Glen Taylor (Dem., Ida.) has embarked on his cross-country horseback ride, a la Paul Revere, to warn the American people against what he thinks is the disastrous foreign policy of the U. S. He will arrive in Washington shortly before congress convenes for its special session.

**Fair and Warmer**

Greenland is getting warmer, showing promise now of reverting, perhaps within 50 years, to the relative mildness which characterized its climate 1,000 years ago when Vikings first colonized it.

Dr. Lauge Koch, Danish scientist who recently explored Danish polar territory, says the eastern fringe of the huge Arctic island already is getting warmer and ice fields have retreated far inland.

**Square Biscuits**  
Yet!

I see by a neighboring paper, that the round biscuit is on the way out. Yes, sir, home-management specialists have found that the square biscuit lends itself to assembly-line production and easy storage better than those customary ovals.

Well, we're all for progress, but that's one new idea, we just don't cotton to. A round biscuit, spread nicely amidst with snappy country cheese, looks like a biscuit! And accompanied by a mellow glass of beer, it's a combination that you can't improve on!

So at the risk of being called old-fashioned, I'm voting for round biscuits, that fit a hungry man's mouth like no square imitation ever will... and for American beer served in the good old-fashioned way, in tall, cool mugs or ordinary glasses, with frosty sides and bubbles winking at the bit!

Think I'll step out to the kitchen for a snack right now!

SCRIPTURE: I Peter: Daniel 1.  
DEVOTIONAL READING: Psalm 24.

**A Call to Right Living**  
Lesson for November 9, 1947

**SUNDAY'S lesson is based on the First Epistle of Peter and the first chapter of Daniel. It is a temperance lesson. It is suggested that we read the 24th Psalm, in which we find this question, Who shall ascend into the hill of the Lord? And the answer, He that hath clean hands and a pure heart.**

Dr. Newton

Peter gives us the spiritual basis of temperance. Daniel gives us a shining example of temperance. And the 24th Psalm gives us a dramatic concept of what it means to face God in the right attitude of life.

**How to Grow Strong**

OUR doctors tell us how to grow strong, sound bodies. We are to eat the right food, sleep regularly, breathe deeply, etc., etc. Daniel did all of these things, and something more—"Daniel purposed in his heart that he would not defile himself with the portion of the king's wine which he drank; therefore he requested of the prince of the eunuchs that he might not defile himself." Daniel 1:8.

Daniel was challenged by the prince of the eunuchs. He predicted that Daniel and his companions would become pale and weak if they refrained from eating the king's meat and drinking the king's wine.

Finally he agreed for them to refrain from meat and wine for ten days, and at the end of the ten days, behold, Daniel and his companions appeared fairer and fatter than those who had eaten intemperately.

**Every Youth Must Choose**

AS DANIEL chose to grow strong through temperate habits of eating and drinking, so must every youth choose between right living and lustful living. We have laws against drunkenness, for example, but legislation alone cannot produce a generation of temperate young men and women. Each boy and each girl must choose for himself and herself between temperance and intemperance.

And this lesson sets out the ways by which such choices can be made and sustained. I find a helpful word in I Corinthians 10: 31: "Whether, therefore, ye eat or drink or whatsoever ye do, do all to the glory of God."

As we make the choice between drunkenness and sobriety, let us remember that we are choosing between God and Satan—between the example of honorable parents and the example of people who have desecrated every sanctity. This lesson is a call to right living.

**Disciplined Lives**

WHICH calls into mind a word that we have not always treated fairly. I am thinking of the word "discipline." Too often we have regarded this word as something very austere, when, as a matter of fact, it is one of the really fine words of our language. It means "one taught." It is the word which, with slight difference in spelling, gives us "disciple."

The immediate followers of Jesus were called disciples. They were young men, gathered up from the everyday pursuits of life. Most of them were fishermen—men who faced hardships every night as they confronted wind and wave. And yet these rough and tumble fishermen became "the taught" ones of Jesus. They yielded to his discipline. They were pupils in the school of Christ.

That is what this lesson is aiming at—to enlist many, many pupils in the school of Christ.

**The Test of Time**

MAKE this test in your community, whether you live in the city or in the country. Look at the lives of the men and women about you, and draw your own conclusions regarding the worth of temperate living. Study the lives of the drunkards against the lives of the men and women who have refrained from strong drink. Study the lives of the gamblers and see if they have really won.

I appeal to the verdict of history—the test of time. Not only in the case of Daniel, but in the lives of the men and women in every community in America is daily borne out the truth of Sunday's lesson—that God giveth us richly all things to enjoy, but we must use his gifts with disciplined minds.

When some people say — "I'll think it over" — they flatter themselves.

## Deer Hunters Within Few Minutes of Home

Any deer hunting camp can be within a few minutes of home or office by phone and radio this season, if the hunter wants it that way.

Pooling of conservation department and state police radio facilities will provide emergency message service through 58 stations that blanket the state, in the November 15-30 deer hunting season.

The emergency message system works like this. John Smith of Kalamazoo, on his way to deer hunting in Ontonagon county, stops in at Ewen subdistrict headquarters of the conservation department to register his party's tent camp that will be on the Ontonagon river seven miles north of highway M-28 and just south of the abandoned Norwich mine. In his absence Junior Smith becomes so ill it is advisable for Smith, Senior, to return immediately. His wife calls the nearest of the 58 stations, in this case the state police post at Paw Paw. The message goes by radio to Ewen, where Mrs. Smith knew her husband would be registered. From Ewen it goes, by radio again, to the radio-equipped conservation officer's car in the Norwich mine area, and a few minutes' driving gets it to Smith's camp in the woods.

Officials of both agencies caution message-senders that emergency messages must be about real emergencies. In recent years there have been long distance calls asking conservation officers to find John Jones "somewhere near Newberry" to tell him Aunt Agatha was visiting at home.

Hunters who want to "hole up" away from civilization for the season

need not register, of course. But conservation and state police officials recommend it to insure peace of mind, and declare no hunter will be disturbed except for delivery of bona fide emergency news.

### PENINSULA...

(Edited by Mrs. E. Hayden)

Wm. Gaunt Sr. now sports a brand new Dodge pickup truck.

Robert Hayden is spending a few days at Orchard Hill gathering apples.

Mr. Omland of the Hogsback spent a pleasant half hour at Orchard Hill, Sunday evening.

Mr. John B. Fear, the Fuller Brush Man of East Jordan, R. 3, was on the Peninsula, Monday, delivering brushes.

Mr. and Mrs. Will MacGregor, caretakers of Whiting Park, are moving back to Boyne City the first of the week.

Mr. and Mrs. Edward Faust and three children, who have occupied the Fred Wurn farmhouse for several months, moved to East Jordan Sunday.

Mrs. Jessie Papineau, who has been with her daughter, Mrs. Orvel Bennett and family for several weeks, returned to her home in Boyne City, Thursday.

Mrs. Edward Faust and Mrs. F. K. Hayden of Star Dist. attended a shower for Miss Ardeth Weldy in East Jordan, given by Miss Donna Holland, Monday evening.

Chartrus Cury and sister, Miss Anna Cury of Mauntain Dist., were collecting Sunday afternoon for flowers for Mr. Herb Gould, Sr., funeral, which was held in Boyne City, Monday afternoon.

A very large eagle rested for a long time Tuesday forenoon in the "Big Elm" in Whiting Park, and was back again Wednesday. The crows which gather very often near there tried to drive him off but he held to his branch.

Mr. and Mrs. Walter Ross of Norwood, and uncle David Gaunt of Three Bells Dist. were Sunday dinner guests of Mr. and Mrs. Robert Myers in Mountain Dist. and were supper guests of the Wm. Gaunt Sr. family, Sunday evening.

Many on the Peninsula are concerned by the death of Mr. Herb Gould Sr. in Boyne City, Friday, Oct. 31, where he and Mrs. Gould had moved only three weeks ago. The Gould's have been very much respected residents of the Peninsula since about 1924 or earlier.

Mr. and Mrs. Wm. Gaunt Sr. returned Tuesday from a 10 days visit with relatives in Muskegon and points in Southern Michigan, and Indiana. They run into such a heavy rain storm at Cadillac, Monday evening, they stayed all night with Mr. and Mrs. David Johnston, arriving home about noon, Tuesday.

Mr. and Mrs. Lance Russ of Lake Shore Dr. had for week end guests, Mr. and Mrs. Bob Winger and Mr. and Mrs. Pat O'Brien of Lansing, and for Sunday dinner guests Mr. Winger and Miss Mohr of Toledo, Ohio. After dinner the whole party went trolling for steelhead trout. The Winger's got four and the O'Brien's got three beautiful ones.

Mrs. John Martin of Charlevoix and her daughter, Mrs. Watson Gregory and six children of Petoskey spent Sunday afternoon with the Wm. Gaunt Sr. and uncle David Gaunt in Three Bells Dist. Mrs. Martin was a step-daughter of Joe Gaunt and as a child lived on the old John Gaunt place, now where the Charles Gra-

ham family lives, and had not been on the Peninsula for 27 years.

Quite a good many from Peninsula attended the wedding and reception of Thomas Lloyd Hayden and Miss Ardith Weldy in East Jordan Saturday afternoon. Grandma Hayden of Orchard Hill, and his other grandmother, Mrs. Mary Hitchcock of East Jordan received special attention. Thomas is Mrs. Hitchcock's only grandson while grandma Hayden has twenty-four grandsons and 17 granddaughters.

Don Arnott, 12-year-old son of Mr. and Mrs. Charles Arnott of Maple Row farm, cut his foot very badly Saturday, Oct. 25, while chopping

a tree down on what is locally known as the "frosty" about 60 rods from the road. Jim, his 14 year old brother, carried him to the road where their mother just happened to be enroute to East Jordan. She took him to a doctor in East Jordan where the wound was dressed. The foot is very badly cut and he will be laid up for a long time.

Grandma Hayden of Orchard Hill was tendered a surprise birthday party on her 79th birthday anniversary Wednesday evening, Oct. 29. There were 29 of her children and grandchildren present who came from Charlevoix, Petoskey, Mancelona, Melrose Twp. and the local ones, who came

loaded down with eats and gifts as a remembrance of cheer and good wishes. An unusual remembrance was a birthday greeting from her grandson, Robert Earl McNabb, the only grandson still in the service, from Berlin, Germany. They surely spent a very pleasant evening which makes 79 years worth living.
