Music Festival at Ironton Congregational Church Next Wed.

The 8th annual Jr. City Musical Festival under the auspices of the Concerners Club of Ironton Congregational church will be held at Ironton Wednesday evening, May 26th at 8 o'clock. John Seiler of East Jordan Civic Chorus will have charge of the program. Talent from East Jordan, Charlevoix and Boyne City will participate. Refreshments will be served. Everybody welcome. A contribution will be taken for the Charlevoix Hospital to add to the \$52.00 taken last year.

Methodist Youth Fellowship Hold Sub-District Rally

Fifty-five members of the Methodist Youth Fellowship attended the last sub-district rally of the year at the Tourist Park. The usual pot-luck supper was followed by the program. Rev. Howell of Charlevoix presided at the business session. Rev. R. A. Brunger from Boyne City led the devotionals. His inspiring topic was appropriate for the out door meeting. George Klooster entertained with sacred selections on his accordion. Spontaneous singing with his music showed how much it was enjoyed by the group. A fitting climax to the year's sub-district meetings was a talk by Bruce Malpass on "Alaska". The E. J. Youth Fellowship greatly appreciated his being with them.

AN APPRECIATION

The L. D. S. Music Club wishes to express their appreciation to everyone, especially to those in the program, for making our Musical program a success. We also wish to thank the L. D. S. women's department for their help. Our hopes for this program were fulfilled. We thank you again. 21-1

Reserves May Go On Active Duty

Enlisted, male Naval Reservists of certain rates may return to active duty until December 1, 1948, Lt. Comdr. A. G. Smith, USNR, of Boyne City, announced today.

Active duty is in connection with training Naval Reservists on the U. S. S. Albany, a heavy cruiser which operates from east coast ports. Applications are desired from Classes O-1, V-1, V-3, and V-6, USNR, and applicants must agree to remain on active duty until December 1. Reservists accepted for this duty are entitled to active duty pay of their rate, plus longevity, dependents and clothing allowances, and sea pay.

The following rates are desired: radarmen, fire control technicians, fire controlmen, radiomen, yeomen, personnel men, machinist mates, boilermen, electrician's mates, and electricians. Reserve officers are not needed for this duty. Men having previous duty with heavy cruisers or similar vessels are particularly desired.

Applications are to be made with Lt. Comdr. A. G. Smith, USNR, 110 S. Lake St. Boyne City, or to the Commandant, Ninth Naval District, Attn: Lt. Rueber, Building No. 1, Room M-29, Great Lakes, Illinois.

Community Exchange News

Workers in the Community Exchange Room in the City Bldg., announce that many useful articles of clothing and furniture has been brought in and much more has been promised. A special appeal is being made this week for clothing for boys and girls from five years to 12. If you have any clothing no longer needed by your children please bring it to the City Building!

Headquarters are now open each Tuesday, Friday and Saturday afternoons, for receiving. Parents are also urged to bring their children in at time for fittings, or to send a note to the child's teacher giving her permission to send the child for needed articles of clothing. With cooperation on the part of every parent, teacher and member of the community through our Community Exchange, we can share with the other fellow those things we no longer need, but which may be of such great use to him.

All who would care to assist in this cooperative work are invited to help in sewing, sorting, pressing and cleaning on Thursday evenings at the City Building.

The truck will begin picking up donations next week from those who are unable to bring them to the City Building.

Feed Cows Well For Best Return

Many cows yield only two-thirds capacity in Michigan because they are only fed from one-half to two-thirds volume. This fact is reported by A. C. Baltzer, Michigan State college extension dairyman, from records of dairy herd improvement organizations.

Many herds under DHIA test for the first time produce 2,000 pounds less milk and 100 pounds less butterfat than they produce after testing for 12 to 24 months.

The average Michigan cow receives two tons of hay, between 2,000 to 2,500 pounds of silage, and about 1,000 pounds of grain. The average DHIA cow receives two tons of choice alfalfa, alfalfa-brome grass hay; from 4,000 to 5,000 pounds of corn silage; and from 2,500 to 3,500 pounds of balanced grain mixtures.

Though the cost for this feed is greater, the dollars returned by the more heavily fed cows is often three times greater than that produced by the poorly fed cows.

Community Chest For Charlevoix County Being Organized

A small dinner attended by representatives, from Boyne City, East Jordan and Charlevoix, was held at the Parkside Restaurant, Charlevoix, Monday evening.

The meeting was called to discuss the organization of a Community Chest for Charlevoix County. There is a movement under way in Michigan, initiated by Henry Ford II, to federate our steadily increasing number of drives for health and welfare agencies of all kinds into one campaign.

This United Health and Welfare Fund of Michigan would have no thought of directing or interfering with the sound programs of such agencies, or of submerging their identities. It does anticipate exercising some measure of budgetary control in the amounts to be raised, to assure the contributor to the fund of the utmost efficiency in the use of his gift.

School Registration Notice

Notice is hereby given to the Qualified Electors of the Rural Agricultural School District No. 2, City of East Jordan, State of Michigan, that a regular registration of the Qualified School Electors will be held in the following place:

Community Concerts

Plans for the 1948-49 Community Concerts, which proved so very enjoyable last year are now being made. There are a few new memberships open, after the renewals have been made.

There will be no single admissions. \$1.00 tax; Students, \$2.50 plus 50c tax.

You may contact Jason Snyder or Mrs. J. W. Loveday.

Junior Chosen For Wolverine Girls' State

Shirley Bennett, junior in the local High School has been chosen as representative to the eight annual Wolverine Girls' State which is to be held June 15-22 at Ann Arbor.

Girls' State is dedicated to the training and developing of girls who possess qualities of leadership. Wolverine Girls' is sponsored by the Michigan Department of the American Legion Auxiliary.

Bellaire Justice Hands out Stiff Sentence to Fish Violators

Jim Penrod and William Longton, both of Rapid City, Michigan, appeared before Justice August F. Bannowske of Bellaire, Michigan on Monday May 17th, and were assessed fines and costs of \$31.85 each in addition Penrod was given a 30 day jail sentence and Longton received 10 days. Penrods license was also revoked for one year. These men were apprehended early Sunday morning with a number of muskellunge, pike, rainbow trout and rock bass which they had speared in Torch and Rapid rivers. They were apprehended by Officers Leslie L. Miles and Julius O'Brien of Antrim County.

Bowling League Elects Officers

Minnie DesJardine was named president of the East Jordan Women's Bowling League at the circuits annual banquet held at Cals Tavern, Thursday evening.

Helen Robinson, Chestonia, was elected vice-president; Della Peacock, Secretary; Betty Boswell, Treasurer; and Fay Marx, Central Lake, sergeant at arms.

Representatives of teams from Mancelona, Central Lake, Charlevoix, Eastport and East Jordan attended the annual fete. League awards and prizes for the recent Top O' Michigan Bowling Tournament were given.

The Quality Food team took first place in the 1947-48 race, piling up 82 points.

Garden Planting Time With Dogs in the Loose

Every year at this time complaints come pouring into our office relative to dogs running over and digging into planted gardens.

Please keep your dog on his own premises. Your neighbors don't like your dog tramping out seed beds and young plants, nor do they want to complain against a neighbor.

If owners of dogs want to be fair to their neighbors they will keep their dogs confined to their own premises. If they THINK their dog is different they have another guess coming.

Should anyone wish, they may file a written and signed complaint with the Justice of Peace and the matter will be taken care of.

It would be much pleasanter if dog owners would keep their dogs at home instead of allowing them to run at large, causing damage and irritating their neighbors.

HARRY SIMMONS,
Chief of Police

Reopens Beauty Studio

Mrs. Lillian Ramsey is reopening The Ramseys Beauty Studio Wednesday May 26, at her home 504 Main St., after having it closed several months on account of illness.

Mrs. Ramsey has enlarged and modernized her studio and has engaged Eugene and LeVergne Teichman, licensed operators, who will do a complete line of beauty work.

Civic Chorus To Present Program This Friday Evening

The East Jordan Civic Chorus will present a varied program of vocal music to the public on May 21, at 8:00 P. M., in the school auditorium.

Everyone is invited to attend, but it is hoped that grade school children will be accompanied by an adult.

The Civic Chorus is a non-profit organization, and no charge has ever been made for their concerts. However, Friday evening an opportunity will be given for a free will offering. The money will be used to pay for the music, which is quite expensive.

Annual Spring Band Festival

HELD IN EAST JORDAN LAST FRIDAY

East Jordan High School band joined with eight other organizations in the second half of the Northern Michigan Annual Spring Band Festival, Friday afternoon and evening.

The bands formed at the School house, marched down Garfield Street to Main, down Main St to State then East on State St to 3rd St and back to the school building.

Participating in addition to East Jordan organization were the following bands:—Traverse City Junior High, 80 pieces; Boyne City, 40; Gaylord, 65; Elk Rapids, 50; Alanson, 32; Cheboygan, 41; Rogers City, 40; Petoskey, 50 and East Jordan, 45.

In the afternoon the bands played individual concerts for Kenneth L. Bovee, of Oxford, adjudicator for the festival, and marched in the parade.

At 8:15 P. M. 350 joined in a massed concert under the direction of Mr. Bovee. Donald M. Winkle was chairman. The massed band concert was a pleasant climax to the day's events.

At the spring festival there is no judging of bands and no competitive elements. The guest director and adjudicator hears each band and offers a written criticism to the director but does not rate the organization.

Popularity of the festival has made it impossible to hold it as a single event, with 18 bands participating. It has been necessary to divide it into two sections. The first half of the festival was held at Charlevoix, Thursday, with Charlevoix Junior band, Petoskey Eight grade band, Bellaire, Harbor Springs, Mancelona, Pellston, Kalkaska, Charlevoix senior band and Traverse City senior band participating.

May 28th and 29th Poppy Day in East Jordan

"A poppy in your lapel, and remembrance in your heart," is the motto of the American Legion Auxiliary.

A boy or girl will be at your door and on every street corner with these little red flowers. The money goes for rehabilitation and Needy children

of our suffering veterans by whom these poppies were made.

Remember the date, May 28th and 29th, as wearing this flower means, "Honoring the dead, and helping the living."

Harbor Improvement Rates High

ADEQUATE MOORING FACILITIES TO PAY DIVIDENDS

Neighboring municipal officials have been quick to compliment East Jordan and the progressive steps being taken to provide cruising boats with adequate mooring facilities. Last year set an all-time record for Lake Charlevoix in the number of visiting pleasure craft with over 450 "foreign" boats enjoying the natural advantages of this area. And this season promises to be even bigger with boat registrations rapidly increasing. Typical of the comments are the remarks of the Mayor of Charlevoix, Mr. R. Hamilton, who says, "It is the best investment East Jordan could possibly make and one that will pay for itself many times over, Charlevoix has found the 'yaching dollar' one of the biggest sources of recreation revenue and we are sure East Jordan will have the same experience as soon as proper protection is provided for the visitors."

Work is steadily progressing on the project which is expected will be completed in time for our July 4th Celebration and will allow the inclusion of many water sports in the program. In the meantime, don't forget to buy—and sell—every ticket possible for the Sportsmen's Club Harbor Benefit, all of whose proceeds are earmarked for this week. The prizes are super—\$1,500 worth of merchandise and a real harbor for East Jordan. It's up to ALL of US to put it across.

WITH THE ANTRIM COUNTY AGR'L AGENT

W. Kirkpatrick, Extension Agent

COUNTY AGENT LEFT WEDNESDAY ON EUROPEAN TOUR

Walter G. Kirkpatrick, Antrim County Agricultural Agent left early Wednesday morning for Kalamazoo on the first leg of his current European Tour. At Kalamazoo he will go by train to New York Central where he will arrive Thursday morning. Thursday-afternoon he is to attend a Rural Seminar at Columbia University and early Friday morning visit the New York City Produce Terminal Market. He will embark on the Queen Mary between eight and twelve Friday night. He will meet other members of the party on the Queen Mary that will make up the American Agricultural Leaders Group.

The group will visit England, France, Belgium, Luxembourg, the Netherlands, Occupied Germany and Denmark to study the economic situation of those countries with special emphasis on agriculture.

Mr. Kirkpatrick is representing Northern Michigan on the trip and is being sponsored by the N. M. A. P. C. Farm Bureau, Granges, Farmer Cooperatives, Businesses, and Individuals are assisting in financing the trip.

KEWADIN DAIRYMEN NOW HAVE ABA SERVICE

Antrim County Dairymen in the Kewadin area now have the services of the sirens of the Michigan Artificial Breeders Ass'n says Alfred Hickin of Rapid City, Secretary of the New Association.

The new breeders association services the three townships of Milton, Elk Rapids and Torch Lake. Calvin Bergy of Kewadin is the Inseminator Manager. Cattle can be inseminated with Guernsey or Holstein seaman.

Last Monday evening Mark Chapter O. E. S. added new members to its roll of membership. Evangeline Chapter of Boyne City who were guests of the local chapter, took charge of the initiatory work and exemplified the degrees. An unusually large group enjoyed the ceremony and partook of the festivities which followed. Thank you, Evangeline Chapter.

A good sized delegation of members from our local chapter has been in attendance at Meguzee held in Harbor Springs Wednesday and Thursday of this week. Mrs. Ben Bustard was honored by being assigned to one of the points of the Star.

The Grand Lodge of Michigan meets next week. Its sessions are again meeting in the Scottish Rite Cathedral in the Masonic Temple Detroit. Archie Howe, Master of the local Masonic Lodge, plans to attend.

The Temple in the Nation's Life
Lesson for May 23, 1948

OUR golden text is "O come, let us worship and bow down; let us kneel before the Lord our maker." Psalms 95:6

The Jewish temple was a national sanctuary, whether we think in terms of the altars of Abel, Noah or Abraham, the tabernacle at Sinai or the great temples at Mount Moriah, of Solomon, of Zerubbabel, or any of the other appointed places of meeting with God. The welfare of mankind, in every age, requires the faithful and frequent worship of God.

From the days when they sang the hymns of David, the Jews were prosperous to the degree that they were true to God in their worship and in their reverence for all things holy. This lesson traces the story, leaving no doubt in any pupil's mind about the solemn truth of the golden text.

A HOUSE OF WORSHIP

IN Ezra 3:10-13, we see the picture of priests leading the people to sing unto the Lord. "Because he is good, for his mercy endureth forever toward Israel."

Wherever you live, whether in the city or in some quiet rural community, remember this, the sanctuary measures the attitude of the people of such community toward God to a degree that no other gauge of public opinion can offer. We have our various polls of public opinion, but none of them are so prophetic of a people's ultimate hope as their attitude toward God's house.

Boys and girls who regularly attend Sunday school and public worship will be watched by the men who are looking for trustworthy leaders tomorrow.

HONORING GOD'S HOUSE

"SERVE the Lord with gladness, come before his presence with singing." Psalms 100:2

We read how the people in the long ago brought their best gifts to make God's house beautiful. What are we doing with our best gifts? I think of boys and girls today who are helping with their small gifts to erect and equip beautiful houses of worship. Tomorrow they will point with gratitude and thanksgiving to the part they had in making God's house the best house in the community. Thus do we honor God as we honor his house.

WHY WE GO TO CHURCH

MR. WANNAMAKER, the merchant prince, was once asked why he went so regularly to church. He replied:

"I go to church for two main reasons. First, because God commands it; second, because it enriches life."

The Jews teach us, in the long record of their faithfulness or unfaithfulness, that the people who go regularly to church are the most dependable people in any community. And we can bring it right down to our day and generation, and get the same answer.

A business man told me recently that he had a check made of the several hundred young people in his employ, and he found that more than ninety per cent of the regular church-goers were advancing in their work with his company. He further discovered that almost without exception, the people who were giving trouble were the people who never entered a church.

OUR NEED OF PUBLIC WORSHIP

OUR bodies require regular nourishment. And our souls are just as dependent upon regular nourishment. I would not say that it is absolutely necessary for one to attend public worship to grow spiritually, but the odds are entirely against those who claim that they can grow spiritually without attending public worship.

There is a place of worship within the reach of well-nigh every person in the United States. We are responsible before God if we neglect to claim the advantages and blessing of public worship.

The place of the temple in the life of Israel is a symbol which teaches us today that we dare not forsake the assembling of ourselves on the Lord's Day in his house. The fellowship of worship is the sweetest fellowship on earth. It is our surest road to peace here and after.

WEEKLY NEWS ANALYSIS

House Group Approves Measure To Draft Men into Armed Forces; Hope for Palestine Agreement Ebbs

By Bill Schoentgen, WNU Staff Writer

(EDITOR'S NOTE: When opinions are expressed in these columns, they are those of Western Newspaper Union's news analysts and not necessarily of this newspaper.)

DRAFT BILL: On the Way

Yielding to the pressure of the times, congress was putting its hand gingerly to the business of passing a selective service act which would give the nation's armed forces a total manpower of slightly more than two million in two years.

The house armed services committee had approved the measure, after hearing Defense Secretary James Forrestal term it an "excellent" one, and passed it on to the floor of the house for debate.

Thus, for the first time since before the war, congress was facing squarely the momentous issue of a national draft. That this was happening during the hair-trigger days of an election year only served to underline the apparent urgency of the matter.

As approved by the armed services committee, the bill would:

1. Raise total authorized manpower of the armed forces to 2,035,882—army 837,000, air force 502,030, navy and marine corps 686,882.
2. Require registration of men from 18 through 30, with those from 19 through 25 liable for two years' service.
3. Exempt most veterans from further service, but those under 31 would have to register.
4. Allow seizure of industrial plants by the government if they refused to give top priorities to armament orders.

As it stood, the draft plan was conceded to have a good chance of passage at this session of congress. But complications were being threatened by the senate armed services committee which seemed inclined to combine a universal military training measure with the draft bill.

The committee was waiting for Army Secretary Kenneth Royall to recommend details of a bill to call 161,000 18-year-olds for a year's training. They would be taken in addition to men procured through the draft.

OLEO TAX: Fight Ahead

One of the most pressing problems members of congress have had to decide this year is whether their political bread is spread with butter or oleomargarine.

It is further complicated by the fact that they might, in choosing one or the other, be letting the gravy get away from them.

For good or ill, however, the house of representatives made its decision. It passed by a vote of 280 to 106 a bill to repeal all federal oleomargarine taxes which have been on the books for 62 years.

Those taxes are itemized as follows: 10 cents a pound on colored oleo, 1/4 cent a pound on uncolored, \$600 a year on manufacturers, \$480 on wholesalers of colored oleo, \$200 on wholesalers of the uncolored product, \$48 on retailers of colored oleo and \$3 on retailers of uncolored.

Even if the federal taxes were repealed, it still would be against the law to sell colored oleo in 20 states.

Nevertheless, the house had rid itself of the matter and now it was up to the senate, where a battle royal was in prospect.

Reason the oleo tax issue has a stiff fight ahead in the senate is that senators are elected by voters of entire states, rather than by voters of districts within the states as are most representatives.

The result, in this case, is a split in the sentiment of constituents of many senators.

For example, big northern states such as Illinois, Wisconsin, Michigan and Ohio, are composed of consumer cities and producer farms. The country districts include dairy farmers and soy bean growers. Consumers in cities want repeal of the taxes, and so do the soy bean men whose product is used in manufacture of oleo. The dairy farmers, naturally, want the tax to remain.

The dairy interests are strong. Their supporters in congress have been able to retain the oleo tax by the simple process of shelving any repeal bills in committee. It happened to the current bill in the house agricultural committee, but a petition circulated among house members forced the bill on to the floor where it was approved.

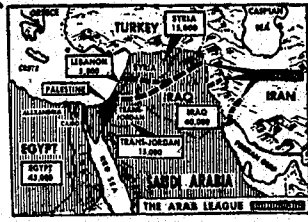

GOLD BRICKS HIGHER

Inflation Hits Swindler, Victims

Inflation has hit the swindler and his victims, just like everybody else in the postwar world.

Cost of being rocked by various popular frauds and rackets has gone up in proportion to the rise in the swindler's living costs, a report by the family economics bureau of Northwestern National Life Insurance company reveals.

Clouds in the East

Amateur and professional military experts now are weighing the pros and cons of "war" in the Holy Land. Palestine is completely encircled by Arab states except for its Mediterranean coastline. Numerals indicate estimated fighting strength of the various Arab states. Jewish forces in Palestine are said to number about 75,000.

JERUSALEM: Confused

Time was running out in Palestine, and with it the hope for averting a Jewish-Arab civil war for possession of Jerusalem.

In the waning days before Great Britain removed her troops from the Holy Land upon expiration of the British mandate on May 15, Palestine had become a savagely confused, moribund state.

Bitterly, the United Nations trusteeship council virtually abandoned its efforts to devise an effective plan to safeguard Jerusalem from ravishment by the warring factions. Delegates could not hit upon a scheme that could be enforced.

Nor was any Arab-Jewish agreement in sight which might result in a truce necessary to give any U. N. plan a chance. Like a little boy watching his father trying to get his kite-out of a tree, the council looked hopefully to Jerusalem where the Red Cross was doing its best to bring a halt to the fighting.

As far as the threatened invasion of Palestine by neighboring Arab states was concerned, no one seemed able to sum up the situation accurately.

Jews were insisting, in the face of denials, that Syrian and Lebanese armies had invaded northern Palestine, and the British were reported to have rushed troops back into the country to deal with what they called a "seriously deteriorated" situation.

Still an unknown factor in the rapidly climaxing events was wily old King Abdullah of Trans-Jordan, Commander of the finest army in Arabia, the spike-helmeted Arab Legion, he had been talking big about invading Palestine from the East. He had been talking, too, about making himself king of Palestine. His ambition is a Middle East amalgam of states that would be in the nature of a greater Syria.

Experts were not discounting the role Abdullah and his power-politicking could play in the drama. In the end he could turn out to be the catalytic agent that might bring the unregenerate events in Palestine to a reasonable, if not a happy, conclusion.

COVENANTS: Just Paper

In a decision which may produce more extensive reaction than any designed civil rights legislative program, the U. S. supreme court handed down a decision that, in effect, outlaws so-called restrictive covenants which bar racial or religious minorities from buying or occupying property in many areas throughout the country.

Declaring the decision, Chief Justice Fred Vinson held that enforcement of restrictive covenants by state or federal courts was a violation of the 14th amendment.

That amendment, adopted in 1868, reads in part: "No state shall make or enforce any law which shall abridge the privileges or immunities of citizens of the United States. . . nor deny to any person within its jurisdiction the equal protection of the laws."

The supreme court's decision did not declare that restrictive covenants, as such, are violations of the constitution; but by ruling that it is unconstitutional for the courts to enforce the covenants it reduced them, legally, to mere scraps of paper.

For the most part, covenants are agreements entered upon by real estate promoters and buyers of land or homes. Purchasers agree not to sell their land or homes to persons barred by the covenant, terms of the agreement running from an average of 25 or 50 years to "perpetuity."

? Current Events ?

Anyone who can answer all five of the following questions may consider himself an expert. It doesn't make any difference what kind of expert. It's enough just to be one without going into boring detail about it.

1. Trans-Jordan is playing a key role in the Palestine situation. How long has it been an independent state?
2. State department is considering some form of military lend-lease for the five nations which signed the Brussels pact. When did lend-lease begin and when was it terminated?
3. Do you know about how many of America's 542,000 troops now are serving outside the U. S.: (a) 358,000; (b) 258,000; (c) 158,000; (d) 58,000?
4. Sen. Robert A. Taft of Ohio is seeking Republican presidential nomination. There have been seven Ohio-born Presidents. Name them.
5. Bureau of labor statistics reported that the consumer price index declined from 168.8 in January to 166.9 in March. What event took place in mid-February that was a factor in the decline?

ANSWERS

1. A little over two years. In March, 1946, under a treaty with Great Britain, Trans-Jordan became a sovereign independent state.
2. President Roosevelt signed the lend-lease bill on March 11, 1941. It was terminated by President Truman as of August 22, 1945.
3. (a) 358,000.
4. U. S. Grant, Rutherford B. Hayes, James A. Garfield, Benjamin Harrison, William McKinley, William Howard Taft, Warren G. Harding. All were Republicans.
5. The break in the grain market.

BIG PLANES: Russian

Russia put some big four-engined planes into the air over Moscow for the annual Soviet May Day parade and managed thereby to instill a modicum of uneasiness in the hearts of U. S. military experts.

At last reports they were awaiting more detailed reports of the planes from U. S. observers in order to gain, if possible, a new insight into Soviet airborne army equipment.

It is likely, the experts thought, that at least some of the planes were the Soviet TU-70, an aircraft bearing close resemblance to the American B-29. Assumption has been that the Russians copied many of the features of the five B-29s known to have been forced down in Soviet-controlled areas during the war.

Reported to be a hybrid transport-bomber, the TU-70 has a passenger capacity of 72. This probably could be increased substantially, however, if the plane were used strictly as a troop carrier.

THE BREAK: Colombia

Not quite a month after the abortive revolution in April swept the capital city of Bogota into turmoil and caused damage throughout the republic, the government of Colombia formally severed diplomatic relations with Russia.

That the break was a direct result of the revolt, reportedly Communist-led and inspired, no one bothered to deny.

Officially, however, no mention was made of the uprising. Foreign Minister Eduardo Angel's note to the Russian charge d'affaires said simply that Colombia considered that there were no ties which warranted a continuation of diplomatic and consular relations between the two countries.

In concordance with the diplomatic action the Colombian government began to redepoly its troops and reorganize administrative machinery to strengthen its hold and prevent further outbreaks by Communists.

Object Lesson

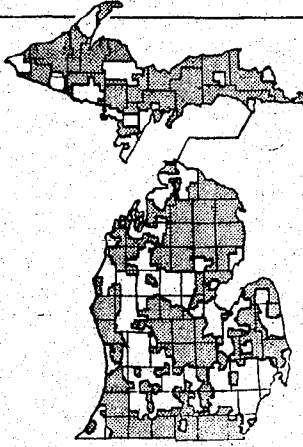

Just to prove that the old green-back ain't what it used to be, Rep. Helen Gahagan Douglas (Dem., Calif.) purchased \$17.36 worth of groceries and toted the slim load onto the house floor to show her colleagues how prices have inflated since OPA controls expired in 1946. Mrs. Douglas has introduced a price control resolution in the house.

Glimmer, Glimmer

Science's long search to discover how the firefly is able to light up has been advanced another step as a result of new experiments.

Dr. Robert D. McElroy, John Hopkins university biologist, reported to the National Academy of Sciences that the lightning bug derives its power of self-luminosity from the same chemical energy that humans use in moving the muscles of their bodies.

Rural Tele-news

FITS TOGETHER: Did you know that, in addition to Michigan Bell, there are 160 "Independent" telephone companies in Michigan? Their territory is shown in grey on the adjoining map. Thousands of rural folks are served by these companies whose lines connect with Michigan Bell (area in white) for long distance service. Both the "Independents" and Michigan Bell have as their goal more and better rural telephone service.

LINE TIED UP: When a telephone on a party line is left off the hook—or even tilted off, like this one—the line is tied up for everyone. You can't receive calls and no one else on the line can make or receive them! Please hang up carefully—for your neighbors' sake . . . and yours.

SIZE MEANS SERVICE: Michigan Bell's telephone plant is big—but it must grow bigger to supply everyone with the kind of telephone service he wants. Expansion increases the value of your telephone because it provides more telephones that you can call . . . lets you do more time- and money-saving telephone errands.

WITH THE ANTRIM COUNTY AGR'L AGENT
W. Kirkpatrick, Extension Agent
BUSINESS AS USUAL IN COUNTY AGENT'S OFFICE

Arrangements have been made for Orville F. Walker, District 4-H Club Agent to be acting County Agricultural Agent in Mr. Kirkpatrick's absence on his European Tour starting Wednesday. Mr. Walker will be assisted in the Soils work by Everett Gulombo of the Soil Conservation District and Carl Hemstreet, District Horticultural Agent will look after the fruit interests. Labor needs will be handled by Ray Olney, former Emergency Farm Labor Supervisor and now in charge of Farm Labor Placements in the Traverse City and Petoskey Districts.

During Mr. Kirkpatrick's absence Mr. Walker will be required to spend less time in Kalkaska and Crawford Counties carrying on Club work there. Thus, through the splendid cooperation of all, day to day agricultural problems will be met and the

County Agricultural program will move along as usual.

POTATO INSPECTION:

All farmers who are interested in raising certified potatoes must have their fields inspected this summer. Applications for inspection must be made to the Michigan Crop Improvement Association, East Lansing, Michigan - not later than June 10th. Application blanks for this inspection are available at the County Extension Office.

The growing of certified seed and table stock on the same farm has aroused the suspicion of seed buyers. It has also caused trouble to seed growers and the inspection service. Beginning this year certified seed growers will be required to list for inspection the entire acreage or whatever variety or varieties they are growing for certification. Storage must be provided for certified seed stock.

OOSTIE HOMESTEAD PIEBE

Artificial Breeding Supplies Good Service

One of the long time DHIA herds in Michigan is that possessed by Arthur Jones, Three Rivers, Michigan under test in the St. Joseph county DHIA. With twenty-four years DHIA background the Fabius Farms herd has been long recognized as one of the leading Holstein herds in Michigan and the proof on a Holstein bull from such a herd should be of unusual interest to dairy herd owners.

Oostie Homestead Piebe, born in 1939, shows a production in the 17 records on 12 daughters in the Jones herd of 13,855 milk, 3.6 test, and 502 pounds fat. This yield is a gain in milk of 144 pounds, in test of three tenths of one per cent, and in fat of 52 pounds. This is a U. S. A. proved sire.

Oostie is a white bull as Holsteins go, has large size daughters with strong dairy character and large body capacity. Oostie's daughters in the Fabius Farms herd operated by Mr. Jones are the outstanding cows in the herd and only after considerable discussion would Mr. Jones dispose of this very fine sire to the dairy breeders of Michigan who operate the Michigan Artificial Breeders Co-operative located on one of the farms of Michigan State College in East Lansing.

Oostie teams up with the many other fine inheritance Holstein bulls owned by the 12,000 Michigan dairy herd owners using the service from East Lansing.

Farmers in Ellsworth area call Bud Best for service and information. Farmers in Boyne City area should call Curtis Nicloy of Boyne City for information and service.

From where I sit... by Joe Marsh

Take Your Choice, Neighbor!

The missus—who writes our Woman's Column in the *Clarion* under the name of "Nancy Gale"—gets letters about recipes, advice on etiquette, home management, etc.

One letter she got last week was about a recipe she published for Welsh Rarebit—made with tart cheese, Worcestershire, and a cup of sparkling tangy beer. "Turned out great," says her correspondent. "But you didn't mention what beverage to serve with it. Should I serve beer? Cider? Iced tea?"

The missus' answer was simply:

"Any beverage your guests prefer. You don't have to serve cider—any more than you have to serve beer . . . but it's often courteous to let guests have a choice."

From where I sit, that simple answer applies to more items than Welsh Rarebit. In a world where everyone has different tastes and ideas—we should recognize those differences—and never deny the right of choice to anyone!

Cultitiller
THE ALL SEASON FARM TOOL

PLOWS
HARROWS
CULTIVATES
CONTROLS WEEDS

Here is the implement that you can use for every tilling job on the farm. Leading agricultural authorities say it is superior to a plow on any ground; it leaves the top soil on top which prevents erosion. Later it can be used to pulverize the soil for perfect seed bed preparation. In the summer it does a perfect job of killing quack grass by keeping the roots on top for the sun to dry out and kill. In the fall you can work over stubble fields and get better moisture absorption.

Available in six or nine foot widths to fit all tractors. Rubber tires for greater mobility. Reversible shovels. Cultivating depth up to ten inches. Choice of manual, mechanical or hydraulic lift.
