The Fair buildings at the Charlevoix county Fair grounds in East Jordan will be given a face lifting, according to Ed. Rehman, County Agr'l Agent. He stated that at the last meeting of the Board of Supervisors, they appropriated \$2000 to improve these buildings. Among the improvements being carried on are, new seats where needed in the grand stand, a paint job on the grand stand and exhibits building, fire proof walls placed in booths under grand stand, and a new arrangement for better exhibits space and those who bring in exhibits.

The race track is also being improved to take care of the racing program this fall. The state of Michigan, through tax on betting on races, have doubled our purses. This should bring out a very excellent group of horses and will be one of the best races ever held. Ed Rehman again urged everyone who can should bring in some form of exhibit.

Ed Rehman, County Agr'l Agent.

Foreign Lands Learn of MSC Farm Research

Examples of world-wide interest in discoveries made at the Michigan Agricultural Experiment Station at Charlevoix State college frequently come to attention from many parts of the globe.

The moisture tests devised by farm crops research scientist S. T. Dexter recently drew attention of farmers in Denmark in an article by Fleming Juncker which was published in the Danish agricultural magazine "Journal for Land use". Juncker visited East Lansing recently and studied Michigan agricultural practices.

Further evidence of the interest which agricultural research holds was a request made by the Agricultural Attache at the British Embassy in Washington, D. C. He asked for copies of the report of farm and home research at the Michigan Station, entitled, "Science Serves the Michigan Farmer."

Michigan Areas In Soil Conservation Districts

More than three-fourths of all the agricultural land in Michigan is now within soil conservation districts. This goal has been reached in the ten years since the passage of the District Law by the Michigan Legislature in 1937.

A total of 49 soil conservation districts are now in operation in 42 Michigan agricultural counties. The West Ottawa District, organized in 1938, was the first one in Michigan and the Emmet District was the 49th to be included.

The organization procedure is under the direction of the State Soil Conservation Committee which assist local groups and the Agricultural Extension Service of Michigan State college in setting up new districts. The actual operation of soil conservation districts is under the administration of locally elected farmer boards of directors.

This five-man board in each district provides the leadership in determining type of projects which will be carried on and they take the initiative in requesting assistance from local, state, and federal agencies. Technical aid to districts is provided by the U. S. Soil Conservation Service. All materials, equipment, and technical advice which each board may have are available to individual farmers on a voluntary basis. A farmer must request assistance with his soil conservation problems from the director.

Peach Time In Michigan

Michigan expects a good peach harvest again this year, according to reports coming into the Michigan Department of Agriculture. Erich Kerlikowski of Benton Harbor, a large fruit grower in Berrien County, and a member of the Commission of Agriculture and Director of the National Peach Council, reports that records of the Council show all peach-producing states expect a good crop.

The estimated crop of 3,720,000 bushels of Michigan peaches is nearly a half million bushels above the 10-year average, according to State and Federal Crop Reporting Services.

Department of Agriculture records show that of last year's peach crop, besides a large amount marketed in the state, many shipments were made in 28 different states and Canada. Michigan has long been a leader in the production of peaches, ranking fourth among the states of the nation, generally climaxing the season's harvest.

Early varieties are beginning to appear on city markets. The bulk of the crop will begin ripening about the 20th of this month, with the biggest harvest usually coming the first two weeks in September. With good rains in the peach areas of Michigan, there should be very good sized peaches to harvest and the quality should be exceptional so that particular housewives should have no difficulty getting their peach canning requirements.

Sow Rye For Swine Pasture

Pastures for swine are recommended by W. N. McMillen, animal husbandry specialist at Michigan State college, as a valuable source of food.

Rye sown in August at the rate of one and one-half bushels per acre is excellent for extending the pasture season for livestock. It is especially valuable for sows with fall pigs and also good for early spring pasture. If it is sown early in August it will be ready for pasture in September if the weather is favorable.

McMillen reports that the vitamins and minerals stored by pigs on rye pasture late in the fall prevent troubles that often occur in winter feeding. Sows and pigs will even root under the snow to get the forage.

AN APPRECIATION

Sincere thanks to all the friends and neighbors who sent messages, flowers and gifts during and following my recent stay in the hospital.

IN MEMORIAM

In loving memory of our dear wife and mother, Sarah Murray, who passed away Aug. 11, 1945.

Sweet Memories will linger forever. Time cannot change them it's true. Years that may come cannot sever Our loving remembrance of you.

Marriages

Bischoff — Sweet

Saturday, Aug. 7, at 5:30 o'clock, Virginia, daughter of the late Mr. and Mrs. Ulrich Bischoff of Petoskey, became the bride of Basil Sweet, son of Mr. and Mrs. Herbert Sweet of Echo township in a double ring ceremony performed by Rev. C. S. Hastings at the Presbyterian Manse.

The bride chose a white semi tailored suit with white accessories and a corsage of white albatross gladioli; her only jewelry was a two strand pearl necklace.

The bridesmaid, Kathleen Sweet, sister of the groom, wore an aqua two-piece dress and a corsage of yellow gladioli. The groom was assisted by his brother, Lawrence.

The bride graduated from the Petoskey High School with the class of 1943. For the past three years she taught in the Coldwater school, and has spent her vacation the past five years with Mr. and Mrs. Harrison Kidder. The groom served four and one half years in the Army air force in the South Pacific in World War II. They left for a short wedding trip and will make their home at the Herbert Sweet farm.

Nowland — Olson

Beneath an arch of roses with a white wedding bell hung from the center, the very lovely wedding ceremony took place at 3:00 o'clock, Sunday, Aug. 8, 1948 at the L. D. S. Church, when Elder Ole Olson performed the ceremony uniting in marriage Shirley Joanne, daughter of Mr. and Mrs. Roy Nowland, and Ray Edward Olson, son of Mr. and Mrs. Ole Olson.

The bride, given in marriage by her father, was beautiful in a gown of white satin and lace fashioned with sweetheart neckline and long sleeves ended in a point at the wrist and full floor length skirt, with a finger tip veil of Tulle and carried an arm bouquet of white gladioli tied with white satin ribbon and streamers of ribbon and small flowers.

The bridesmaid, Miss Yvonne Nowland, sister of the bride, was gowned in pale blue taffeta fashioned like the bride's and carried a bouquet of yellow gladioli with yellow streamers.

Harold Howe attended the groom as best man. The ushers were David Wade and Charles Hitchcock.

Elaine Gunther played the two wedding marches and Betty Scott sang "I Love You Truly" and "O, Promise Me," accompanied on the piano by Teddy Scott.

Grandparents of the bride, Mr. and Mrs. Gilbert LaClair, of Ellsworth, were present at the wedding.

Following the ceremony a reception was held in the dining room of the church. The refreshment table was decorated with flowers and centered with a three tiered wedding cake. Ice cream and wedding cake was served. After a short wedding trip, the new Mr. and Mrs. Olson will make their home on the West Side.

Pre-Nuptial Shower

A shower was given by Kay Braman and Eleanor Scott at the former's home, Tuesday evening, July 27th, in honor of Shirley Nowland. She received many beautiful and useful gifts.

Center Stage To Present Two Worth While Plays

"Blithe Spirit", Noel Coward's sophisticated comedy opens this week at northern Michigan's new summer theatre in East Jordan, Center Stage '48. Performances are on Aug. 12, 13, 14th at 8:30 p. m. with a Saturday matinee at 2:30. Harry Adler, Lou Prentis, recent new-comers to Center Stage. Bernice Loren, Enid Pulver, Carey Leverette and Cyvia Gilbert will appear in the play.

Directors Lief and Loren also announced today that the popular "Voice Of The Turtle" is now in production and to be presented at the playhouse August 19, 20, 21st. Leading roles will be played by Lou Prentis and George Young. Young will be remembered by many for his excellent performance in the Hasty Heart earlier in the season. Marilyn Lief completes the triangle in this unusual play.

An exact replica of the Broadway setting, composed of a three-room apartment, has been designed by Lester Robin for the Voice of the Turtle production. This setting will be one of the most unusual of the season and one of the most difficult, technically, to produce. All the household equipment will be connected, since even the art of cooking an egg is included in the play.

The Company of Center Stage expressed belief that their season so far, here in Northern Michigan has been most worthwhile and has brought theatre to a great many visiting resorters and residents alike. However, they do feel that they have not, as yet reached the rural audience they had hoped to serve. "It is to them, as well as summer visitors, the theatre is dedicated", said Marilyn Lief speaking for the cast. "In order to accomplish the company's aim of spreading 'good theatre' it means reaching the farmer as well as the merchant, resorter, housewife and other members of this northern area. Only with the interested support of all residents of this area can we hope to establish a dramatic school which can discover, encourage and develop talent to serve in this field of art here in this community. Won't you please urge farmers in your area to feel that this theatre is theirs also—and that they are wholeheartedly welcomed at Center Stage?"

Pvt. Peter Boyer Funeral This Saturday

The body of Pvt. Peter Boyer who was killed in action Sept. 14, 1943, in the North African Sector, will arrive in the city Friday afternoon. Military services in charge of Rebec Sweet Post-227, American Legion, will be held at Watson Funeral Home, Saturday, Aug. 14, at 2:00 p. m. followed by burial at Sunset Hill.

Ram Truck To Visit Northern Counties

After two years, the well-known Ram Truck will roll again this year under the sponsorship of the Michigan Purebred Sheep Breeders' association, in cooperation with the Michigan State college animal husbandry department and county agricultural agents.

Farmers in many counties will have an opportunity to procure a registered ram from the truckload which will tour.

Graydon Blank, extension animal husbandry specialist at MSC, urges flock owners who need a ram this fall to contact their county agent and place an order for the breed desired. They should also specify the number of ewes in their flock, whether grade or purebred, age of the ram desired, and the price they wish to pay. From this information, a ram will be carefully chosen and delivered to them at the location nearest to them where the truck stops.

Blank anticipates that prices will probably range from \$40 to \$75 per ram, considering age and quality. The most popular price will probably be between \$50 and \$60. With the present high prices of lambs, Blank believes that no farmer can afford to use an inferior ram.

Tentative dates and stops for the Ram Truck are as follows: October 4, Ram Day at Michigan State college, East Lansing; October 5, Ithaca (morning); and Clara (afternoon); October 6, West Branch; October 7, Glennie; October 8, Alpena; and October 9, Gaylord.

Annual Rodeo At Camp Charlevoix

TO BE HELD ON SATURDAY, AUG. 21st.

The 22nd Annual Rodeo will be staged at Camp Charlevoix on Oyster Bay, Lake Charlevoix, on Saturday, August 21st at 2:30; according to Lewis C. Reimann, director of this camp for boys.

This rodeo, which is the climax of the camping season, will include western cowboy and horse events, calf roping, steer riding, pony express, stake races, man against horse races, jumping, musical stakes, balloon tag, potato race, clown acts and many other features.

Jack Hawley, Colorado cowboy, assisted by Frank Smith, will direct this colorful event when campers, dressed in cowboy outfits, will show their skill on the fine string of camp horses. Bud Sudborough will be clown master for the comic acts. Refreshments will be served.

The public is invited. There will be no admission charge.

Labor Day Picnic To Be Held at Whiting Park

The annual Labor Day picnic for Charlevoix county will be held at Whiting Park this year on Monday, September 6, according to Ed Rehman, County Agr'l Agent. In the past the picnic has been financed by an appropriation from the Board of Supervisors, however, an appropriation of this kind is illegal according to the state auditors.

The Labor Day picnic on September 6 will be held with the cooperation of the Chambers of Commerce of Boyne City, Charlevoix and East Jordan. Don Watkins, president of the Boyne City Chamber of Commerce, stated that they would be very glad to do whatever they can and to aid financially in making this one of the nicest picnics ever held.

This picnic is for both young and old. There will be games and prizes for the youngsters and entertainment for all. Bring your picnic lunches and the Chamber of Commerce will furnish free coffee for those who attend.

Ed Rehman, County Agr'l Agent.

4-H LIVESTOCK SHOW, AUG. 18

The Tenth annual Antrim County 4-H Livestock Show will be held next Wednesday, August 18 at the Show grounds on the east side of Craven Park, Bellaire, says Walter G. Kirkpatrick, County Agricultural Agent.

It is anticipated that this year show will be larger than last year. The judging will commence at 10:00 a. m. and the event will be concluded with the showmanship contest open to all boys and girls receiving an A placing in the judging.

A concluding feature of this year show will be a soft ball game between an all-star team from Kalkaska and one from Antrim. All members of each team are regularly enrolled in 4-H Club work.

Farm Bureau meeting at Frank Hayden's home, Aug. 13 at 8:00 p. m. Cherry Picking is over and string beans will be in full swing this week. 13 present at Star Sunday School August 8th.

Miss Connie Russell is spending a week with her grandmother, Mrs. Sam Cutler of near Elmira.

Mr. and Mrs. Rolland Beyer of Detroit are visiting relatives in East Jordan and Hortons Bay.

Mr. and Mrs. Alfred Reich received word of the birth of a daughter to Mr. and Mrs. Joe Platte, Aug. 3rd at Lansing. Mrs. Platte will be remembered as Lucy Reich.

Mr. and Mrs. S. A. Hayden and son of Dearborn returned home Tuesday after spending the week end with Mr. and Mrs. F. K. Hayden and family and other relatives.

Mrs. Jay Riley and two children returned to her home in Kalkaska after spending three weeks with her parents, helping the many pickers to help in cherry harvest.

Deer are doing a lot of damage to farmers gardens, especially beets, corn, carrots, and tomatoes. I think the farmer will have to quit raising anything as we do all the work and the deer harvest it.

August 18th, the 3rd Wednesday in the month is Cemetery Day. It is fitting and proper that the cemetery at Advance should be cared for. Come with scythes and be ready to help with the work and you will be paid by Arthur Nicloy, caretaker. Township of Eveline.

Mr. Henry Moore stacked his wheat Saturday.

Mrs. Gerret Potter and Miss Anna-Belle Gaunt were callers at the Myers and Gaunt homes, Thursday.

Red Shadian of the Three Bell district was combining grain the past week for several farmers.

The Herrmans of Detroit are vacationing at their cabin on South Arm for a few days.

Mr. and Mrs. E. E. Hargrove who have spent two weeks vacationing at the Rustan Resort, left Saturday for their home at Barrington, Ill.

Mr. and Mrs. Ben Harmon of Cuyahoga Falls, Ohio, and Mr. and Mrs. Harry Harder arrived at the Rustan Resort Saturday afternoon and expect to fish and vacation for a week.

Mr. and Mrs. Wm. Gaunt Sr., and Mrs. Lena Weaver spent Sunday at Charlevoix, attending Camp meeting and calling on their cousin, Mrs. Clara Martin.

Mr. and Mrs. Evert Sprol and son and daughter arrived at the Rustan Resort Saturday. They expect to spend two weeks enjoying Northern Michigan. Their home is at Barrington, Ill.

Mr. and Mrs. Wallace Potter and three children of Fremont, arrived at Wm. Gaunt Jr. Sunday afternoon to spend a few days resorting and fishing. Mrs. Potter is a sister of Mrs. Wm. Gaunt, Jr.

Ralph Gaunt Jr., of Bridgeport, who has been helping his uncle, Wm. Gaunt, Sr., for the past two weeks returned home by bus Sunday. While he was here he received word that his father, Ralph Gaunt Sr. got his hands badly smashed and isn't able to do anything.

Mr. and Mrs. Clifton Harvey and daughter Sandra spent the week end visiting her father, George Ruhling, and grandmother, Mrs. Elva Barrie.

ST. IGNACE—This Upper Peninsula port, whose historic heritage dates back to 1676—just an even century before the Declaration of Independence was written—is celebrating its homecoming and 25th anniversary of the Michigan State Ferry service this weekend (Aug. 13, 14, and 15th).

The event has all the trimmings of a modern Michigan festival, so loved by modern tourists.

A queen is to be crowned "Miss Straits of Mackinac". Dignitaries are to make speeches, for the record at least. The coast guard cutter, Mackinaw, will take big-wigs on Friday evening for a buffet dinner cruise, and there will be a moonlight boat ride and dance aboard the S. S. Straits of Mackinac. A swimming race from British landing on Mackinac Island to St. Ignace is another news-making attraction.

And finally, the Cut River bridge, long under construction west of St. Ignace on U. S. 2—is to be officially opened Sunday by Governor Kim Sigler, Highway Commissioner Charles M. Ziegler, and Congressman Charles E. Potter.

All these characteristics of a Michigan holiday serve to emphasize an interesting point, as we see it.

More than any other one thing, Michigan is unique as a summer tourist playground because of its Great Lakes, its miles of shore-line, and its abundance of big water.

The St. Lawrence waterway, plus the Great Lakes, made possible the founding of St. Ignace in 1676 by Father Marquette, a Jesuit missionary from France. Six years later the French selected Point St. Ignace as a site for Fort Michilimackinac—a fact usually forgotten by travelers who visit the reconstructed fort at Mackinaw City. It was 1712 that the French fort was moved to the south side of the Straits, across from St. Ignace. The threat of George Rogers Clark, after the Revolutionary war when the British contested for possession of the North West, prompted the Redcoats to move the fort in 1780 to Mackinac Island.

The beginnings of Mackinac, a name originally given to the country bordering on the straits, were at Point St. Ignace on the Upper Peninsula side.

St. Ignace is verily a real "whistle stop."

The ferry boats whistle, coming and going. Economic life of the community is linked vitally to the flow of commerce across the Straits. It is a lively place.

During warm summer months the lines of automobiles grow long, as Mid-West visitors patiently await arrival and loading of the next ferry boat. In the Fall the deer hunters, laden with guns and equipment, jam the town, northbound for camp.

The ferry ride across the Straits is a symbol of old and modern Michigan. Where else in these United States is there such a unique state-maintained transportation service? It exists because Michigan consists of two peninsulas, separated by the Straits of Mackinac between Lake Huron and Lake Michigan.

Michigan's Great Lakes also are the tombs of hundreds of vessels and thousands of men and women.

Even modern science and its radar—miracle discovery of World War II—have not overcome the perils of the deep.

Capt. Russell Bergh, commanding officer of the Coast Guard Cutter, Sundew, brought this grim fact to our attention during a fogbound cruise from Charlevoix to Beaver Island on Sunday, June 27. Aboard were 124 Michigan newspaper editors and members of their families, all bound for St. James to attend dedication of the marker at the Old Mormon Printing House.

Captain Bergh, a veteran seaman of Norwegian descent, was proud of the boat's radar. In a magic circle a revolving beam illuminated anything two feet above the surface of the water—land or boats. Then the radar equipment jammed due to reasons beyond the operator's control. Outside, the fog was thick as soup. Seamen resorted to the ancient method of sounding for depth. Finally as the cutter drifted dangerously into shallow water, Captain Bergh sent a radio appeal to the coast guard station at St. James, and a picket boat hurried out to guide the cutter into harbor.

You recall incidents, such as this, when you behold the Strait of Mackinac. Drama rides the Great Lakes. It is a vibrant part of Michigan.

Mr. and Mrs. Rosvelt Neilson of Grand Rapids were week end guests of Mr. and Mrs. Isaac Flora.

WILSON... (Edited by Mrs. Selma Eggersdorf)

Mrs. Minnie Johnson from Chicago, is visiting with her brothers August, Frank, and Herbert Behling.

Mr. and Mrs. Bob Ecker and children spent one day last week with Mrs. Ecker's mother at Charlevoix.

Mrs. Ruby Thorsen has been very seriously ill the past week, but is resting better at this writing.

We are much in need of a good rain again to help along new seedling, bean and pickle harvest.

Orville Nelson visited with his sister, Jennie, at Horton Bay Lodge Sunday afternoon.

Our Ladies Aid will meet this Thursday afternoon at the August Knop home, with Mrs. Martha McPherson and Mrs. Knop as hostesses.

The Walter Stolfeis, Bravis and Warren Eggersdorf and wife all left for their homes in Chicago, after spending two and three weeks with relatives and friends here.

Mr. and Mrs. Carl Kolker entertained both her sisters and their families from Charlevoix, and relatives from Dayton, Ohio last week end.

Mr. and Mrs. Wm. Knop of Saulte Ste. Marie, Mich., and Mr. and Mrs. Wm. Schultz of Lees Vagus, Nev., spent last week visiting with their relatives, the Charles Reidel, August Knop, Albert Walters and Henry Eggersdorf families.

Miss Leoraine Behling, daughter of Mr. and Mrs. Harry Behling left Friday for China, where she was called as a Missionary Worker. She will be gone for six years. She was presented with a beautiful wrist watch as a token of remembrance from members of her church. The Harry Behlings also announce the marriage of their daughter Cora, to Ernest Manthi of Petoskey. The marriage took place at Orange, California, where they will reside.

The Rev. Wendling of Aiden, Wis., who is visiting with the Rev. H. Schultz at Boyne City took charge of the service here Sunday. Mrs. Marie Korhase as organist and Margaret Behling as Sunday school teacher.

Little Jimmie, son of Mr. and Mrs. Albert Behling was baptized last Sunday with Bob and Leoraine Behling as sponsors and Stanley Muchowski, son of Mr. and Mrs. Casimir Muchowski, with Doris Bulman and Warren Eggersdorf as sponsors.

Mr. and Mrs. Wm. Blaha, Mr. and Mrs. Jos. St. Charles with daughters Betty and Margaret and Mr. and Mrs. Victor Purchase of Muskegon were week end visitors of Mr. and Mrs. Thomas St. Charles and other relatives.

Andrew, The Man Who Brought Others

Lesson for August 15, 1948

MEET Andrew, brother of Simon Peter, fisherman of Galilee. Follow his career and you will account him one of the truly great men of the ages chiefly because he was ever alert to help men on to God. He was always introducing his friends to Jesus.

There are many passages of scripture cited for this study, with the devotional reading in Luke and the Golden Text from John 1:42: "He brought him to Jesus."

WHAT ANDREW TOLD HIS FRIENDS

WHEN Andrew met Jesus, and discovered in him the Saviour of men, he went and found his brother, Simon, and said unto him, "We have found the Messiah, which is, being interpreted, the Christ." John 1:41.

What do we tell our friends? Do we not delight to tell our friends what we have found to be good? This was the mission of Andrew, telling his friends about Jesus, for he had found in Jesus that which was good. John the Baptist had told Andrew about Jesus, and he was determined that he would tell everyone who would listen to this good news.

HOW ANDREW KNEW ABOUT JESUS

ANDREW got his impressions of Jesus firsthand. When he heard John the Baptist say, "Behold the Lamb of God that taketh away the sin of the world," he went on to inquire about Jesus, and Jesus bade him and John spend the day with him. They did, from 10 o'clock in the morning until late afternoon. That was enough. Andrew knew from that day about Jesus. He was now ready to tell others what he knew about Jesus.

Do we know Jesus well enough to tell others about him? If a fisherman could tell the story effectively, cannot everyone? But let us remember this, no man can introduce his friend to Jesus until he himself knows Jesus.

THE MAN WHO BROUGHT OTHERS

LET'S look for a moment at some of the people Andrew brought to Jesus. We begin, of course, with Simon, his brother. Here, I think, is the highest test of his ability to tell others about Jesus—bringing his own brother. It is often easier to tell strangers about Jesus than those of our own family.

And now we see Andrew yonder in the multitude, finding the lad with the loaves and fishes, and bringing him to Jesus. That is the test of seeing the right person at the right time. And again this is the acid test of introducing people to Jesus.

Again, we see Andrew sensing the fact that some young Greeks had come a long way to see Jesus. He knew how to help them. In this incident we see the final example of winning people to Jesus—cultured Greeks, who were familiar, we may assume, with the current thought of the world. But this simple fisherman of Galilee knew how to approach them, how to gain their attention, how to bring them to Jesus.

THEY WAIT FOR THE ANDREWS TODAY

THE world waits for some Andrew today. I fully believe that most people could be won to Christ if only there were enough Andrews. Rarely have I had a person to repel me when I faithfully followed the leading of the Holy Spirit to speak to such person about Jesus.

Andrew did not rely upon his own resources. He went in the might of the Lord. He knew what Jesus had done for him. He yearned to see all men enjoy their blessing. He was a simple messenger—a voice.

And God gave him words—words that fell like good seed into fertile soil. So may we today introduce our friends to Jesus. Only let us remember this—we must first know him!

WEEKLY NEWS ANALYSIS
**Congress Fights Truman Proposals;
High Crop Goals Set, Wheat Cut;
Atomic Tests Assure New Power**

By Bill Schoentgen, WNU Staff Writer

EDITOR'S NOTE: When opinions are expressed in these columns, they are those of Western Newspaper Union's news analysts and not necessarily of this newspaper.

CONGRESS:
Feudin' and Fightin'

Bitter recriminations resounded as the fight between President Truman and the GOP-controlled congress moved into a new round with convening of the extra session of the 80th congress.

In a dynamite-laden atmosphere, the President appeared before a joint session of the congress which he had labeled "one of the worst in history" to demand a sweeping anti-inflation economic program. The reception for both the President and his program was cool as Republicans launched their wrecking-crew tactics.

Defiant GOP leaders charged Mr. Truman with playing politics and prepared to play politics of their own. The net result, it appeared, would be a short special session.

Initial step in the GOP's program of obstruction was a decision that the extra session should consider only those recommendations made by Mr. Truman which could "pass a test." This test, established by the majority conference, set the qualifications for congressional action as follows:

Proposed legislation must be emergency in character. It must contain a problem of national importance.

It must be a program which can be processed properly within the time available to an emergency session.

This available time for processing would be no longer than a period of congress which would not "interfere with the proper conduct" of the autumn campaigns.

No appropriation bills were to be considered, nor would any consideration be given to confirmation of nominations which might be sent to the senate by the President.

Over all hung the threat of a Dixie Democrats' filibuster against the anti-poll tax bill, which would widen the rift between Mr. Truman and the southern wing of his party.

There were no surprises in the President's recommended legislative package. He proposed a re-imposition of the excess profits tax, limited restoration of price controls, even more limited wage controls and enactment of the Taft-Elliender-Wagner housing bill.

WHEAT:

Goal Cut

As clogged elevators and enforced embargoes once again mark the nation's harvest of another bumper wheat crop, the department of agriculture recommends a cut of 8 per cent in wheat acreage in its preliminary recommendations for the 1949 crop year.

Although continued high production of other major grain commodities is recommended, a slight decrease is suggested for wheat acreage, which has increased sharply in recent years in response to war and relief needs.

Looking forward in a move to conserve the country's soil resources, the department points out that "a better balance between soil-conserving and soil-depleting crops will actually assure higher productivity over a longer period of years."

Farmers also are urged to provide for sufficient summer fallow and, in marginal areas, to plant grass seed on land which is not suitable for sustained production of crops.

Also considered in arriving at the wheat goal were this year's increased carry-over, prospects that the 1948 crop will be second largest in history and possibility of smaller demand because of improved crops in importing countries.

The department recommended wheat plantings for 1949 of 71.5 million acres which, with an average yield of 15 bushels an acre, would mean production of nearly 1.1 billion bushels. July estimate of 1948 wheat production was 1,241,761,000 bushels.

In setting another farm goal, the department recommended a beef cattle breeding herd of 15.5 million cows next January 1, a decrease of about 500,000 head. Better management, improved feeding practices and thorough culling, it was suggested, will "put the cattle industry in better position to supply the meat requirements of the increased population."

The recommendations are submitted to state agricultural councils for consideration. State goals and final national goals are determined on the basis of state review and recommendations.

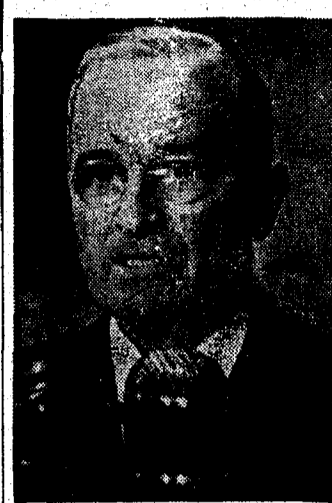

PRECARIOUS PERCH

Americans Seek Economic Security

Increasingly aware of the need for economic security for themselves and their families, Americans will expend approximately 15 billion dollars for that purpose in 1948, the Research Council for Economic Security estimates.

The estimate covers payments made under private or government organized plans to meet in-

Hands in Pockets

Face to face with the congress he had labeled "worst, save one," in history, President Truman was greeted by one of the coolest congressional receptions ever accorded a chief executive when he appeared before the special session. Only polite applause came occasionally from the galleries and from administration followers; Republicans kept their hands in their pockets.

A-BOMBS:

New Force

The veil of secrecy which has shrouded most of the post-war atomic energy experiments was lifted, a tiny bit at least, for the American public in the fourth semi-annual report of the atomic energy commission and an accompanying statement by President Truman.

Justifying the secrecy, the President contended that until controls are established on the international level to prevent use of atomic energy for military purposes "we cannot, as a nation, afford to disclose these secrets which make this new force the most deadly form of military weapon." With that statement, the American people, anxiously eyeing war clouds on the horizon, are inclined to agree.

Some measure of reassurance was contained in both reports, stressing the fact that the nation has gained new power in atomic weapons. Both disclosed that the secret tests of new type bombs at the proving grounds on Eniwetok island early this year were highly successful.

The commission's report, the fourth semi-annual summary to congress as provided by law, indicated there were three bombs used at Eniwetok in the spring project known as "Operation Sandstone." Principal study was "on the generation of nuclear explosion itself" rather than "on the effects of the nuclear explosion," as was the case in the earlier Bikini tests.

The report stressed developments of atomic energy research in medicine, agriculture, metallurgy, other sciences and industry. Radioactive materials have been given 229 institutions and commercial agencies for experimentation.

LIVING COSTS:

Hit Peak

They changed the name—from cost of living index to consumers price index—but they still can't change the trend—upward and ever upward.

In fact, the index struck an all-time high on June 15, with food prices reaching record-shattered levels, the bureau of labor statistics reports.

The index, which represents retail prices of goods and services bought by moderate income families in large cities, registered 171.7 per cent of the 1935-39 average.

Further increases are inevitable, too, for wholesale prices hit an all-time high during the week ended July 17 and it takes about a month for their impact to be recorded in retail prices.

The new consumers price index is 9.3 per cent higher than a year ago; 28.8 per cent above June, 1946, when price controls generally were abandoned, and 74.1 per cent above the August, 1939, level. On V-J Day in 1945 the same index was 129.3 per cent of the 1935-39 average.

DRAFTEES:

Old Pals

In an endeavor to make the upcoming draftee as happy as a khaki-colored lark, the army is removing its "petty annoyances" as it completes plans to process men inducted under the first peacetime draft in history.

On orders of Gen. Omar Bradley, chief of staff, to remove "the petty annoyances that sent many World War II veterans away hating the army," training officers prepared to greet the recruit like an old friend of the family.

Only the finest officers and non-coms will handle the draftee, training officers promised. The recruit will even be given a \$5 advance on his \$75 a month pay the first day in camp so he won't be broke. He won't even have to wait to "tell it to the chaplain," as he'll be taken to the chaplain during his orientation days and urged "to let his hair down."

All of this will take place at eight major training centers which have been set up to receive the draftees and give them their basic training. They are Fort Knox and Camp Breckenridge, Ky.; Fort Riley, Kans.; Camp Chaffee, Ark.; Camp Pickett, Va.; Fort Ord, Calif.; Fort Jackson, S. C., and Fort Dix, N. J.

The standard 13-week army training course has been condensed into eight "tough" weeks. Later draftees will be selected for specialist training or sent directly to duty. About half of the draftees will see overseas duty, probably in Korea, Japan, Germany, Alaska, the Canal Zone, Hawaii or Caribbean defense area.

It Might Have Been

Had there been no World War II, no abdication of the late King Victor Emmanuel and no dissolution of the House of Savoy by vote (taking the crown away from ex-King Humbert), then Victor Emmanuel, pictured here, third of the line, might have been fated one day to sit on the throne of Italy. Seemingly the least unhappy about the turn of affairs is handsome, blond Victor Emmanuel, now at Geneva, Switzerland.

GERMANY:

Explosive

Germany remained an explosive issue in the strife-torn international picture.

As the titanic East-West struggle for Berlin continues, reports were current that four-power talks would be resumed in an attempt to settle the crisis there as well as to scan the entire European situation. The rumors circulated after top diplomats of the U. S., Britain and France were closeted in a series of conferences.

In the biggest air lift in history, U. S. and British planes continued to transport food and fuel to the beleaguered city. The big planes averaged 4,500 tons of essential goods daily in their effort to break the Russian blockade.

Violence broke out in the Russian sector of the capital city as thousands of Germans jammed banks to exchange their money for new Soviet-sponsored currency.

Although she looks like a prim school marm, Berlin's woman mayor, Socialist Louise Schroeder, courageously defied Russia's order to dismiss the anti-Communist deputy police chief.

Broken Silence
Mother was entertaining her bridge club when the pattering of tiny feet was heard on the stairs. She raised her hand for silence. "Hush! The children are about to deliver their good night message. It always gives me such a humble feeling to hear them. Listen!"

There was a moment of silence—then shyly: "Mama, Willie found a bedbug!"

A B A ADDS NEW MEMBERS.
The Boyne City Artificial Breeders Association added two new members this past month, according to Curtis Nicloy, Inseminator manager. These two new members are W. H. Cole and Harry Bearringer both of Boyne City. Mr. Cole signed up five cows and Mr. Bearringer signed up six cows. Three other members signed up one more cow each. This brings a total of membership in this association to 74 farmers.

A total of 106 services were made by Curtis Nicloy during July. Of this 106, 49 were first services, 37 were seconds, 14 were thirds and six were fourth services.

There will be a vacation at the bull stud at East Lansing from August 27 until September 7. For these 11 days there will be no services available from the Boyne City association. The purpose of this vacation is to give both the help and the bulls a much needed rest. Farmers should

plan their breeding program to take into consideration this rest period. Services will start on September 7th following the vacation.

MILKING SHORTHORN COW PRODUCES 57.9 LB. OF FAT

Lavern Mcghan of Charlevoix owned the milking shorthorn cow that produced the highest record in the Charlevoix-Antrim Dairy Herd Improvement Association. This cow produced 57.9 lbs of butter fat during July. J. Williams owned the Holstein that was second with 56.8 lbs of fat.

J. Williams owned the herd that produced the highest record in the association. His herd averaged 45.1 lbs of fat per cow. The next highest herd was that of Versal Crawford, this herd produced on an average of 36.8 lbs. of fat.

A total of 21 herds were tested during the month by Lee Cook. These 21 herds contained a total of 265 cows. The average production for the entire association was 767 lbs. of milk and 30.1 lbs of butter fat during the month. Eleven cows produced more than 50 lbs of butter fat during the month. The feed cost per pound of butter fat was 40 cents.

NORTHERN MICHIGAN BEEF TOUR
Northern Michigan's beef cattle industry will be on exhibit from August 17 to 20 when the annual tour is held. This tour will emphasize the utilization of roughages which are efficiently grown in this area of Michigan. It will show how these roughages are used by beef cattle and how the feeder cattle business of Michigan is increasing in popularity in a well-balanced farming program which offers proper land use.

Bill Finley, who represents the Extension animal husbandry department of Michigan State college in planning the tour, says it will start in Ogemaw county on Tuesday, August 17, and continue through Isosco, Alcona, Alpena, Presque Isle, and

Cheboygan counties, ending Friday afternoon, August 20, with a visit to the Cheboygan County Fair. Cattle sorting, cattle grading, handling with horses, proper pasture management, housing, legume seed production, and spraying for parasite control are all on the schedule. And there'll be time for fishing, visits to

deer herd areas, and some boating. The tour is a cooperative project of the two northern Michigan feeder calf producer associations, the Michigan Hereford Cattle Breeders' association, county agents in the area, and the college animal husbandry department. Ed Reman, County Agr'l Agent.

Compiled by Mrs. Ida Kinsey

AUGUST 15, 1908

In an accident at Mill B of the East Jordan Lumber Co. last Tuesday morning Foreman John Jamison received injuries which proved fatal before the day was done and Melvin Sheldon received several broken ribs and other internal injuries. Both men were struck with terrible force by a bolt about six inches in diameter. Mr. Sheldon was operating a circular saw, cutting up bolts for use at the Chemical Works. One of the bolts went wrong and Mr. Sheldon was reaching for the controlling lever when the saw caught the bolt. Mr. Jamison was watching the machine. Mr. Jamison had been in the employ of the Lumber Co. for nearly twenty years. He left a wife and one daughter, Anna.

MICHIGAN

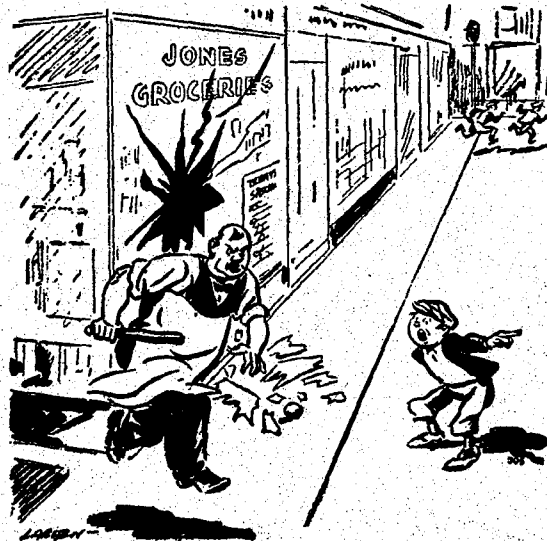

Believes in Promoting Rural Health

Rural health is a great deal more than a discussion topic to the medical doctors of Michigan—it is a vital program that has their fullest support. This is evidenced in many ways, as will be brought out at the Michigan Rural Health Conference which is to be held at Michigan State College, September 16-17. Being one of the sponsors, Michigan doctors of medicine will utilize this Conference to search out the further avenues in which they can most practically enlarge their health services in Michigan's rural areas. This concern of organized medicine, and many other health organizations, with the health improvement of all the people of the State is one of the reasons why Michigan leads the way in health progress.
