EAST JORDAN, MICHIGAN, FRIDAY, NOVEMBER 19, 1948

NUMBER 47

Retires After 28 Years With Mich. Bell Telephone Co.

A very pleasant surprise party was tendered Miss Mary Green by the employees of the local Michigan Bell Telephone Co. office at her home, Wednesday evening, Nov. 10th.

The occasion was to honor Miss Green's retirement from the Bell Telephone Co. employ which will take place Dec. 1st. Miss Green came here from Central Lake 28 years ago and has since been Chief operator of the local office.

Those present at the party were: Mrs. Burl Scott, Mrs. Florence Stucker, Mrs. Thelma Meredith, Mrs. Della Nichols, Mrs. Alta Meredith, Mrs. Ethel Neumann, Mrs. Anna LeValley, the Misses Alice Green, Polly Stark, Jean Neumann, Natalie Whiteford, and Miss Josephine Pollak of Petoskey.

A gift was presented to Miss Green. Coffee, ice cream and cake were served. The evening was spent playing games.

Miss Green is now having a two weeks vacation. She will store her household goods and visit relatives at Central Lake. After Dec. 1st she will visit relatives in Detroit until after Christmas when she plans to spend the balance of the winter in Florida.

Miss Josephine Pollak of Petoskey will be the new Chief Operator and will live in the rooms vacated by Miss Green. Miss Alice Green retired from the Telephone Co. last July 29. The same group gave her a party at that time, with refreshments and games. She was presented gifts like Miss Mary Green. She had been an operator for the Mich. Bell Telephone Co. 29 yrs. and since then has spent her time with her home duties.

Veterans Armistice Dinner With A Full House, Thurs., Nov. 11

The Veterans Armistice Dinner, held at the Oddfellows hall, was a great success with a full house.

The head table was beautifully decorated with a Grape Ivy plant, with miniature statues of a sailor, soldier and marine each holding an American flag.

We took our places and the Chaplin said the prayer. Then came the enjoyment of eating, when you didn't have to cook it yourself.

The Master of Ceremonies was Merle Crowell who kept things rolling with introductions and jokes.

We had short speeches from World War I Veterans who were there, relating what they were doing 30 yrs. ago, at the time the Armistice was signed. These men were:

Joe Cummings—Meuse River.
Walt Woodcock—Ill with flu at Camp Custer.

Joe Bugai—At a camp in the East.
Otto Rhinehart—Guarding ammunition at Camp Custer.

Joe Wheaton—In hospital in France. Was wounded Nov. 5
Joe Wilkins—Ill with pneumonia at Battle Creek.

Merle Crowell—At Baltimore.
Then Floyd Taylor played the piano and we all joined in on some old time songs.

We had a nice speech from our Legion Commander, Cyril Dolezel, and our Auxiliary President, Hilda Bathke.

Last but not least, Benny Benson showed pictures of the Memorial Day Parade, and the Fiesta and many other interesting pictures.

Dairying Seen as Profitable in 1949

Farm prices of dairy products in 1949 that will average close to the 1948 levels are predicted by Michigan State college agricultural economists. Supplies will be higher, they believe, but with a strong continuing demand, net farm income from dairying should be good.

Dairy prices are expected to follow the usual seasonal pattern, declining about 10 percent from Dec. to June and rising after that. Milk output will probably be higher by about two to three percent.

Dairy specialists advise feeding balanced rations to cattle to maintain full production in the coming yr. High-producing cattle should receive enough extra food to keep them producing well. Culling and attention to young stock are also indicated. The feeding situation will be improved, they believe. Each lb. of milk will buy one-third more dairy ration than a year ago.

Demand for all dairy products will continue strong, the economists say. Fluid milk sales will continue at about the same levels as in 1948. Increased milk supplies will be diverted to manufactured products such as butter and cheese.

In looking ahead to 1950 and 1951, farmers are advised to start building up milk cow numbers. Dairy prices are expected to hold up longer than hogs, poultry, or beef.

DISTRICT HOME EXTENSION MEETING TO BE HELD
DECEMBER 1st

District meeting for all Home Extension members will be held in the Court House at Gaylord on Dec. 1, beginning at 10:00 A. M. This meeting has been arranged to acquaint Home Extension members of the various neighboring counties with each other and their activities. An interesting program has been planned.

In the forenoon, the members will get acquainted. Miss Margaret Harris, Assistant State Home Demonstration Leader will give brief highlights of the State Home Economic program. Mrs. J. R. Clark, District Chairman from East Jordan will give a report of the Nation Home Demonstration Council meeting in Tulsa, Oklahoma. East Jordan group will present a playlet.

In the afternoon there will be group singing, a musical reading, bird calls, presented by Otsego and Presque Isle County members. Mrs. Geo. Lilly of Dearborn will give a report of the Amsterdam meeting of the Associated Country Women of the World. This meeting was held last year and representatives from many other countries attended. Women from other countries were particularly interested in the work the women are carrying on in the United States.

It is hoped that a number of women from Antrim County Home Extension groups may be able to attend this District meeting on Dec. 1.

LOCAL WOMAN WINS FIRST PLACE IN APPLE PIE CONTEST

Mrs. Mary Mills of Bellaire won first place in the Apple Pie Baking Contest held Nov. 10 in conjunction with the Northern Michigan Potato and Apple show in Cadillac. Mrs. Mills and several other ladies from Antrim County entered pies in this contest.

The winners had to be present at the banquet the evening of Nov. 10 in order to receive the prizes. Mrs. Mills was notified that she was a winner and made the trip to Cadillac to receive the prize which was \$15 in cash.

Mrs. Mills is gaining quite a reputation as a first rate pie baker since she was the queen of the Apple Pie Bakers last year, when the Northern Michigan Potato and Apple show was held in Bellaire and first place winner this year. Sixty-five pies were entered in the contest at Cadillac. There were five judges, three men and two women. The Queen and other contest winners were from Cadillac and neighboring communities.

Mrs. Bessie Stansbury was the first runner-up in the senior contest and also attended the banquet in Cadillac on Nov. 10.

Check Heating Equipment Now

With cold weather here and fires being started, heating equipment should be in best possible condition believes Fred Roth, farm safety specialist at Michigan State college.

Defective chimneys rank high as a cause of farm fires during the heating season. Cracks or other defects should be repaired and rusted or burned out stove pipes replaced.

Another group of farm fires are started by sparks on roofs. A spark arrester on the chimney will eliminate this risk. Fire-retardant roofing will also help.

"Doctor, will the scar show?" inquired the pretty patient.
"That, Miss, is entirely up to you," replied the doctor.

Gossip always seems to travel faster over the sour-grapevine.

Marriages

Puckett — Sweet

Miss Elsie Puckett, daughter of Mrs. Geo. Green of Grand Rapids, formerly of East Jordan, and Ray Sweet of Mayville, son of Mr. and Mrs. Chas. Sweet, also former East Jordan residents, were united in marriage at the home of her mother in Grand Rapids, Sunday, Nov. 14th. Rev. Harry Kinnley, pastor of the Pentecostal Church of Grand Rapids, performed the ceremony.

The bride was attended by her friend, Miss Gladys Webb of Battle Creek. The groom was attended by his nephew, Clyde Webb.

A Reception for sixty relatives and friends followed the ceremony at which time many beautiful gifts were opened.

The new Mr. and Mrs. Sweet will make their home at Mayville. Mrs. Earl Gee, sister of the bride, and Miss Laura Neumann, aunt of the bride, from this city attended the wedding.

Russell — Williams

A very beautiful wedding was solemnized at the home of Mr. and Mrs. F. R. Russell, grandparents of the bride, on Nov. 6th, when Jeanne Frances Russell, daughter of Mr. and Mrs. Richard E. Russell of East Jordan, became the bride of Raymond L. Williams, son of Mr. and Mrs. Glenn Williams of Ironton. Rev. Jackson Turner read the double ring ceremony in the presence of fifty relatives and friends.

The bride, given in marriage by her father, with traditional wedding music, chose a white satin crepe gown trimmed with lace, designed and made by her mother. A fingertip veil and beaded tiara, adorned the head of the bride, white gloves matched the gown and the bride held an arm bouquet of white roses.

The ceremony was performed in front of a high stone fire place which was decorated with two large baskets of chrysanthemums of various colors.

Maid of honor, Mary Brock, friend of the bride and groom, wore a dark green silk formal with a yellow rose corsage. The Bridesmaids, Betty Jane Orvis, wore a pastel green formal with a pink rose corsage, and Anna Brock wore a medium green formal with a pink rose corsage.

Richard Russell attended the groom as best man. The groom wore a blue grey suit. John Vallance and Calvin Reich were ushers.

Mrs. Russell, mother of the bride, wore beige brown suit with corsage of pink roses, and Mrs. Williams, mother of the groom, wore a grey and black figured street dress with matching accessories and a corsage of pink roses.

A reception followed the ceremony. The refreshment table was centered by a beautiful, three-tiered wedding cake topped with a miniature bride and groom, which was served with ice cream. Gifts for the bride and groom were opened at this time.

Out of town guests were: Mr. and Mrs. Jack Lambdin, Detroit; Mr. and Mrs. L. L. Porter and Mrs. Sam Kamradt, Traverse City; and Jack Russell, Grand Rapids.

The couple left for a four weeks honeymoon in the Upper Peninsula. They will make their home in Traverse City where the bride will resume her course in Cosmetology.

American Legion Junior Auxiliary Met Wednesday, Nov. 10

The Am. Legion Junior Auxiliary held their first meeting, Wednesday, Nov. 10th. They are being organized under leadership of Chairman, Florence Stucker; Co-chairmen, Thora Kotowich and Agnes Woodcock.

East Jordan F.F.A. Wins High Honors at Northern Michigan Potato Show

The local chapter of Future Farmers of America was first in the judging and identification contest held at the Northern Michigan Potato Show in Cadillac last week. They competed against FFA chapters from about a dozen schools in the northern half of the lower peninsula of Michigan from Reed City to the Straits.

Leo Danforth was second high point man in the region with a score of 490 out of a possible 500 and John Looze was third in the region with a score of 435. Harvey Crozier of Boyne City was high point man in the region.

The three highest individual scores constitute the team score. East Jordan was first, Mesick was second and Pellston third.

E. J. Study Club Has "Art" For Its Subject, Nov. 9

Mrs. John Porter was hostess to the East Jordan Study Club, Tuesday evening, Nov. 9th. Mrs. Geo. Bechtold gave a very instructive and interesting paper on paintings.

The Club was called to order by President, Esther Porter, and after a short business meeting the evening was spent in studying art, both modern and medieval. Mrs. Bechtold gave us the high lights of the article written by Thomas Crauen, "Don't Let The Decorators Choose Your Pictures." His advice is hang what ever your heart desires. The most popular painting in America today is "The Gay Philosopher," a caricatured self portrait of Henry Major. An old Sunday supplement illustrator now in his sixtieth year. The second on the sales list is a double spray of flowers called, simply, "Magnolias," a painting designed by the shrewdest publisher of prints in the business and executed at his command by Frous Oerder, an Austrian specialist in bouquets.

There are two large business concerns in the United States who each year offer large prizes to artists for good paintings. The Pepsi Cola Co. each year has a contest and use the pictures on their calendars as do the Ingersal Co. but this concern confines theirs to high school students of art, to try and encourage the young artist. Mrs. Bechtold had several of each of these calendars. The pictures done by the high school students were really remarkable. The prizes offered are up in the thousands of dollars and the competition is great.

Mrs. Howard Porter gave us a very interesting report of the J. L. Hudson group of Michigan paintings. They chose ten artists of national renown, asked them to go about our lovely state and paint what they saw. This group of paintings are on a tour of Michigan and not very long ago were in Petoskey at the High school. Some of the artists chose to paint the skyline of Detroit, others our beautiful lakes, farms and our school children, but nearly all phrases of life were put down on canvas to last for many years. That was the idea of the J. L. Hudson Co. when they asked these artists what they saw in Michigan.

The co-hostesses, Mrs. Strehl and Miss Crowell, assisted our hostess in serving very lovely refreshments. We all went home feeling that maybe it was alright to hang that little old painting we liked so well in our living room, even if it wasn't a masterpiece, but just because we liked it.

The next meeting will be held at the home of Mrs. Mary Dolezel Nov. 30. You know only "little" girls are made of sugar and spice and are afraid to go out in the rain for fear they will melt. So all you members, you won't melt if it is raining or snowing so come out and find out what the antique collectors are collecting. Perhaps you will have something hidden away that will help buy those Xmas presents. Why not come and see??

Soil Conservation District Plans Meetings

The Board of Directors of the Charlevoix Soil Conservation District met last Friday evening in the County Agents office in Boyne City. At this meeting considerable discussion regarding the type of application forms that was to be used. The district agreed upon an application form and also an agreement form that is to be used by the district.

The directors plan, with the help of the Soil Conservation Service and County Extension Service, to hold some neighborhood group meetings with those people that are interested in a soil and water conservation plan. When these application forms arrive they will be available from each district and the County Extension Office.

Plans for the annual meeting of the association are being made. The date will probably be sometime during the second week of Jan. All farmers and their families who are interested in soil conservation should attend this meeting.

Ed Rebman,
Co. Agr'l Agent.

Adelia L. Canouts Passed Away at Traverse City

Adelia Louise Canouts was born Oct. 28, 1869, at Honsdale, Pa., and passed away at Traverse City, Nov. 12, 1948, from a heart ailment. She lived with her parents in Honsdale, Penn.

She was married June 30, 1887, at Jermyn, Pa., to Thomas Denton. They came to Michigan in 1889, and later moved to Minn. in 1914. She and youngest son returned to Michigan in 1935.

Her husband passed away March 11, 1932, at Williams, Minn. On April 15, 1943 she was united in marriage to W. O. Canouts, who passed away March 19, 1947 at Carson City. She was a member of the local Seventh-Day Adventist Church.

Surviving are four daughters: Mrs. Willa Lee and Mrs. Eula Danforth, East Jordan; Mrs. Leola Burnett, Bay Shore; Mrs. Gladys Bixby, Gracetown, Minn.; two sons, Ralph Denton, Freeland, N. C., and Harry Denton, Sunny Valley, Ore. Twenty-seven grandchildren and twenty-one great grandchildren.

Funeral services were held Tuesday, Nov. 16, from Watson Funeral Home, conducted by Rev. C. Sheldon Hastings. Bearers were Ira Lee, Lester Danforth, Leo Burnett and Ralph Burnett. Interment was in Greenwood Cemetery, Petoskey.

Relatives and friends from away here to attend the funeral were: Mr. and Mrs. V. E. Gridley and Mr. and Mrs. John Beal, Petoskey; Mrs. Leola Burnett, Mr. and Mrs. Frank Burnett, Mr. and Mrs. Leo Burnett, and Mr. and Mrs. Ralph Burnett all of Bay Shore; Mr. and Mrs. Don Hosmer and Mrs. Nellie Hosier of Boyne City.

Deer Hunters Have Pot Luck

AROUND EAST JORDAN. LACK OF SNOW A HANDICAP

Despite lack of snow, our deer hunters have secured some kills around East Jordan.

Probably the luckiest one was Ralph Thompson who hunted near the Claude Pearsall, Sr., farm in Wilson township. Mr. Thompson felled his buck at 7:30 a. m., Monday, with a single shot from a .22 rifle.

To the south and west of our city, bucks have been felled near the "Hogsback" in Echo twp.

So far hunters being successful are as follows:—
Joe Wheaton
Milton Ward
Ed Portz, Canada
Mrs. Ed Portz, Canada
Vail Shepard
Chas. Graham
Ralph Thompson
Junior Sommerville
Elmer Murray
Arnold Smith
Jett Smith
Harry Pearsall
Bill Murray
Perry Toby
Keith Stinchcomb
Bill Skrocki
Bill Healey
Chas. Looze
Carl Shedina

This, The Herald realizes, is only a partial list. Will those knowing of others please report same to be published the coming week.

Giant White Spruce

A giant white spruce, topping in girth both the specimen discovered last month in Schoolcraft county and the nation's record-holder in Minnesota, has been located near the village of Creighton.

The tree measures 8 ft. 4 in. in circumference at a point 4 1/2 ft. from the ground. The conservation department reports that this exceeds by a foot the measurements of the giant found last month in the Little Harbor area of the same county. It also tops the St. Louis county, Minnesota, record-holder by 9 inches. The American Forestry Association has been listing the latter as the largest living white spruce in the United States.

Discovered jointly by Robert Schmeling, forester for an upper peninsula paper company, and 85 year-old lumberman, Frank Hartman, this 91-foot tall specimen is expected to provide at least 1,400 board feet of lumber. When Schmeling attempted to determine the age of the tree he found that the increment borer was not long enough to reach the center of the tree. He claimed that the outer growth rings revealed continued good growth.

ADD NEW LOOK WITH OLD LACE
Latest and one of the best ideas for changing the old look into the new look is the use of lace.

Lace is very fashionable this year and offers many possibilities for adding length or new interest to last season's dresses advises Julia Tear, home economist at Michigan State college. Variety of colors is the feature of today's lace dresses. Color combinations include black over black, dark brown, navy, beige, grey or the pastels or the reverse such as a blue lace over brown taffeta.

Accessories offer other suggestions for reviving dresses. Lace boleros or stoles are very popular. Trimmings of lace used at the neck, at the sleeve or for inserted bands in a skirt are other possibilities.

A search through an old trunk or box of clothing may reveal some old lace which you can put in use again. The MSC home economist says it may be much better than you can buy today. If it is "real" or handmade lace you really have a find.

Lace is also becoming more and more abundant on lingerie. Holiday styles will feature a great deal of lace. When large quantities of lace are used on low cost lingerie, it is a good idea to examine the quality of the fabric and also the lace. It may be that the quality has been sacrificed for quantity and the garment may not survive the number of washings you expect it to. Be sure the edge of the lace is very firm and well made if it is on a washable garment.

As soon as it appeared his wife was seriously ill, the Scotchman started running for the undertaker. On the way he met a friend who urged, "It's no undertaker you want. You want a doctor."

"Nay, nay," was the reply. "I canna afford to deal wi' middlemen."

WEEKLY NEWS ANALYSIS

President Truman Astounds Nation By Winning Election Over Dewey; Senate, House Go Democratic, Too

By Bill Schoentgen, WNU Staff Writer

(EDITOR'S NOTE: When opinions are expressed in these columns, they are those of Western Newspaper Union's news analysts and not necessarily of this newspaper.)

ELECTION: Ghost Walked

The night of November 2-3 was supposed to have been a wake for the defunct Democratic party but the corpse wouldn't lie still. It not only sat up but went around slapping the premature mourners on the back.

IN THE FACE of the supposedly out-and-dried nature of the campaign between President Truman and Governor Dewey the results of the election were fantastic. Everybody had been wrong—from the second-guessers on every street corner to the "infallible" pollsters of public opinion.

It was Truman all the way—from the first early returns which indicated the trend until the great, pivotal states of Ohio, Illinois and California swung over into the Democrats' camp, crushed Dewey and forced him to concede.

MR. TRUMAN'S two million-plus plurality which gave him 304 electoral votes (to Dewey's 189) was nothing less than a popular directive to serve.

Thus, for the first time since he entered the White House, President Truman was able to feel that he had full, untrammelled control of the administration.

MORE THAN that, the President was enormously elated about the fact that the Democrats had gained control of both houses of congress. How justifiable that elation will turn out to be, however, is a question for time to answer.

"We have a congress now, and I'm sure we'll make some progress in the next four years," he said. Yet, full cooperation between a U. S. president and his congress, even when they are aligned politically, is, if not quite a rarity, at least unusual.

Personalities

Gov. Thomas E. Dewey of New York must have been the most tormented man in the nation for a few days after November 2.

AT 46, an age when most men in politics are only beginning their climb to the top, he had sat for a few weeks on an imaginary pinnacle—created by himself, with yeoman help from the pollsters—only to feel it dissolve under him when the votes were counted.

Dewey was through, a man to be pitied. Never again would he find the ambition or the chance to be president of the United States.

BUT FOR President Truman these were days of such happiness and triumph as few men savor in a lifetime. He had pummeled his way through the allotted number of rounds in the campaign almost single-handedly.

He had fought Dewey and the Republicans. He had fought the apathy of his own party. He had fought for and won over to his side a majority of the United States voters.

Harry S. Truman was the man of the year.

WHAT NOW?

Program

Now that it is going to be President Truman again for the next four years, what can the nation expect of him to do along legislative lines?

His program will probably be elucidated in two phases, his annual message to be delivered to the January 3 opening of congress and his inaugural address on January 20.

In the meantime, if his campaign speeches are taken as being reasonably reliable, Mr. Truman has committed himself to a program involving these principal issues:

PRICES: "I'm still in favor of action to hold down the cost of living." He wants price control laws, the President indicated.

LABOR: "The Taft-Hartley law is the opening gun in the Republican onslaught against the rights of the working man. It should be repealed." He also is expected to ask for the raising of the minimum wage from 40-to-75 cents an hour.

COMMUNISTS: "We are on guard against them."

CIVIL RIGHTS: "We cannot be satisfied until all our people have equal opportunity for jobs, homes, education, health and for political expression."

AGRICULTURE: "Full markets for farm products . . . a floor under farm income . . . increased farm income through cooperatives, market development and research."

SOCIAL SECURITY: "A comprehensive insurance system to protect

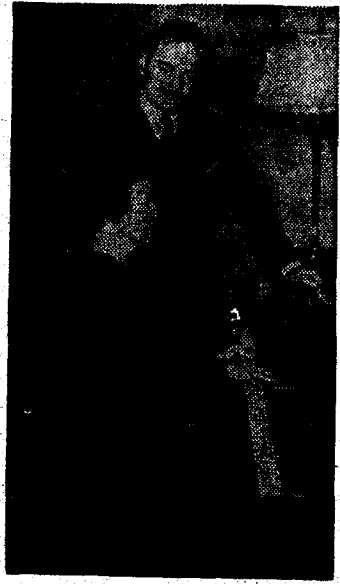

THAT'S ALL, BROTHER

Won't Seek Presidency Again: Dewey

Two hours after he had conceded the election to President Truman, Gov. Thomas E. Dewey had made his decision: He would not consider running for the presidency a third time.

At a post-election press conference the first question fired at Dewey was: "What happened?"

"I was just as surprised as you are and I gather that that is shared

THE VANQUISHED
Called the wrong tune

all our people." Probably he will recommend expansion of the law to cover self-employed domestics, farm workers and others not now included.

ATOMIC ENERGY: "Civilian control under government management should be retained."

HOUSING: "The Taft-Ellender-Wagner bill passed the senate and should have passed the house."

TAXES: "The tax reduction (passed over his veto) is inequitable as well as untimely. Some readjustment is required to afford relief to families who are suffering. But total receipts should not be reduced."

CONGRESS: Demo Gains

Although they had needed a net gain of only four senate and 31 house seats for control of the 81st congress, the Democratic party did much better than that.

By the time Dewey conceded the election, the Democratic party was assured of at least 18 senators against five for the Republicans and 188 representatives against 88 for the Republicans.

Forty-nine votes are necessary for senate control. The Democrats now have 54. Democrats have clinched at least 263 house seats. Only 218 are necessary for control.

Republican senators seeking reelection were defeated by Democrats in West Virginia, Kentucky, Oklahoma, Wyoming, Minnesota, Iowa, and Illinois. In other contests where Democrats were seeking reelection they won.

Colorado's Democratic Senator Johnson was a winner in his reelection campaign. In Oklahoma, where a Republican seat was at issue, former Gov. Robert Kerr, Democrat, won.

Republican Senator Revercombe was defeated in West Virginia by Democratic Governor Neely. Hubert Humphrey, Democratic mayor of Minneapolis, won his bid for Republican Sen. Joseph H. Ball's job. In Illinois, Democratic Senate Candidate Paul Douglas defeated Republican Sen. C. Wayland Brooks by more than 100,000 votes.

GUARD: Expansion

Soon after the 81st congress convenes on January 3 it will be requested to boost the authorized strength of the national guard by 100,000 men and put all its units on a ready-for-war basis.

And the way things look now, it appears that congress will agree to that request.

Guard officials said they would ask that the authorized strength be increased from the present 341,000 to 441,000. This, of course, would require special appropriations for armories and equipment.

These officials in Washington said they also will ask that all 27 divisions of the national guard be included in the army's stepped-up defense program.

The army so far has selected only six of the 27 divisions for its "mobilization day" force, the outfit that would be ready to strike back first if this nation were to be attacked.

Army spokesmen, however, claim their present funds and equipment cannot support more than six guard units on a war-ready basis.

JOY ABROAD:

About Harry

Astonishment at the re-election of President Truman was not confined within the boundaries of the United States, and United Nations delegates in Paris received the news with a mixture of incredulity and happiness.

MAJORITY opinion among the delegates seemed to be that it was a good thing.

First, the western European leaders said, the continuity of the American government will hasten Atlantic pact negotiations. If Governor Dewey had been elected an inevitable delay would have resulted, pending the switch in administrations.

Second, most of the delegates of Russia and the eastern bloc of Europe, although chagrined at the miserable showing of Henry Wallace, asserted they preferred Mr. Truman to Dewey because they will be dealing with a man and administration with which they are acquainted.

THERE IS some doubt, however, as to whether that is the real Soviet attitude. The Russians and their satellites had been banking on a Republican victory because they were sure that if a GOP administration took over in the U. S. the last great depression that would destroy western capitalism would inevitably come.

They do expect, however, that Mr. Truman, now having the support of congress, will make a fresh approach toward improving U. S.-Soviet relations, probably renewing an effort to untangle the Berlin puzzle.

Consensus of all the delegates is that the success of President Truman demonstrates the unexpected strength of the liberal element in America combined with a powerful anti-Communist attitude.

GRAZING:

Western Problem

One of the greatest sins of the western United States has been the pasturing of too many cattle and sheep on the range—over-grazing, in other words.

Despite the apparent remoteness of the subject, it vitally concerns every housewife and every consumer who likes to eat meat, for much of the beef and lamb in the butcher shop originates in the 11 western states.

IT IS still the subject of hot debate among western stockmen and the U. S. forest service, however, whether the vast, public-owned lands are grazed too much or too little.

Yet, the evidence seems clear that when livestock or big game eat black grama grass, for example, too close to the ground it eventually dies.

Meat-producing grasses are driven out and replaced by worthless or inferior plants such as snake-weed, bitterweed, cactus, yuccas, creosotebush and the mesquites.

THIS condition is becoming more common throughout the West and Southwest. In southwest Texas, for instance, more than a million of acres of good grasslands have been depleted. Drouth and over-grazing has killed the choice grama and buffalo grasses and their place has been taken by mesquite, cedar and catclaw brush and by an assortment of low-value weeds. As a result of this abuse, meat production has been slowed definitely.

Nevertheless, there is definite proof that such a situation need not exist.

ON THE Jornada experimental range, a 192,000-acre cattle ranch owned and controlled by the U. S. forest service just north of Las Cruces, N. M., the cows are plump and the calves fat despite the third year of the worst drouth in 50 years. There is a good stand of black grama grass.

And on similar land outside the ranch over-grazing has all but destroyed the grama grass. Worthless snakeweed has taken control of the land.

Blithe Spirit

With a let-joy-be-unconfined look on his face and obviously not in a vetoing frame of mind, Andrei Vishinsky, Soviet U.N. delegate, attends a special performance of the opera given for United Nations delegates in Paris. With him is Madame Vishinsky.

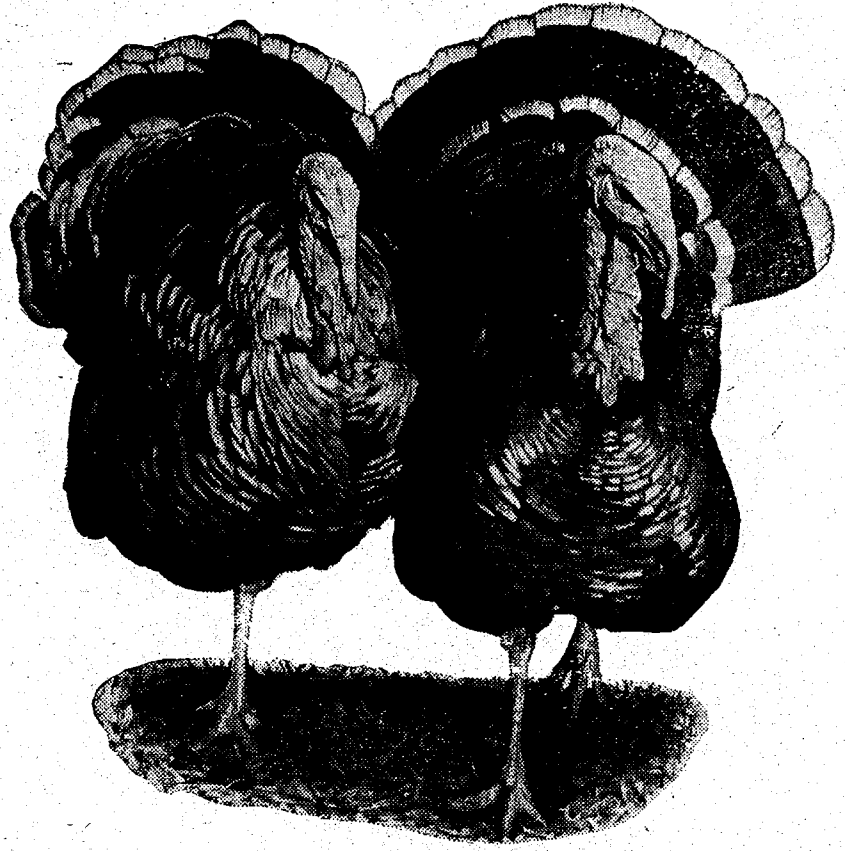

MOLECULES:

Inside Story

A new kind of light, consisting of radio waves less than a quarter of an inch long, is being used to study the inside of molecules, the basic chemical units of all matter.

These radiation waves, several thousand times longer than those of visible light and several-fold longer than infra-red "heat light" waves, are absorbed and reflected by the atoms making up the molecules.

The School Bell

THANKSGIVING PROGRAM

The elementary grades are planning a Thanksgiving program to be given in the High School gymnasium on Wednesday, Nov. 24th, at 1:00 p. m. A cordial invitation is extended to all the parents and friends of these children to come to this program.

FIRST Grade—Mrs. Brooks
We miss Jean Wheaton and Jimmy Spence who are absent from school. We are enjoying Thanksgiving stories and songs these days.

Sue Ann Hughey from Charlevoix school entered our first grade Tuesday.

Frances Bender has left our room. She has moved to Traverse City.

FIRST Grade—Mrs. Stokes
We are busy learning to read, write and do numbers. We want to learn our A B C's.

We have been hearing about the Pilgrims, looking at pictures of them and drawing Thanksgiving pictures.

Jerry, Jinny F., Jimmy G., Duwayne and Nancy say their daddies got a deer Monday.

FIRST and SECOND Grades—Adeline Bowerman

Since school started this year, Bruce Ogden, Agnes Zoulek and Patsy Zoulek have had birthdays. Agnes shared her birthday by treating her classmates with cupcakes.

Kay Kamradt was absent last week because of a tonsil and adenoid operation.

For memory work, we are learning "We Thank Thee." One of our bulletin boards illustrates the poem. On another board we made a frieze showing the Pilgrims going to church.

Mrs. Martinek visited our room recently. We are always glad to have parents visit us.

SECOND Grade—Agnes Johnston
During the American Junior Red Cross drive last week, our room had 100 per cent enrollment. We like to wear our pins to show we are members.

Earl Parks had a birthday Friday. He was seven years old. We each drew and colored a little picture for him.

Dorothy Peck was out of school this week due to illness.

We are making a few preparations for Thanksgiving. Our spelling booklets were finished and we are happy to take them home to show mother. Many of the children had four perfect spelling papers in their book.

We finished learning the poem "Milkweed Babies." We made a cover for our booklets and used real milk weeds for them. We wrote the poem in our booklets and found we could read it from our own little book. The room mothers for our class this year are Mrs. Theo Jeffery and Mrs. Carl Bowen.

THIRD and FOURTH Grades—Marie Hughes
Judy Shedina had a birthday Nov. 11. She is 8 years old now.

Sharon DeForest is still on the sick list. We hope she will be well soon.

Jacqueline Cyr came to our room from Detroit last week.

We are planning a small part in the Thanksgiving program to be given in assembly Nov. 24.

FOURTH Grade—Elizabeth Elson
Susan Cutler will celebrate her ninth birthday on Tuesday.

Dick Carson, Lee Spence, Lavina Bowen and Catherine Balliet have been absent all week due to various causes. We would like a perfect attendance.

We are practicing a Thanksgiving play for assembly. We hope to see Indians and demure Pilgrim maids in that group.

In art we have shown scenes from the story of Hansel and Gretel. Our side bulletin board is therefore quite interesting.

There is a marked improvement shown in spelling. We are trying to show advancement in arithmetic.

Every month we add one outstanding poem to our memory store. This month we have chosen "Aboa Ben Adam."

FOURTH Grade—Mrs. Galmore
We are working on a Thanksgiving play and song. We have new Histry books, new Geography workbooks and new English books, too.

Deanna Derezny Last week the Grade school saw a movie put out by the A & P Co. It was about coffee growing in Columbia. We saw the whole process from the coffee on the bush to coffee in the bag. It was very interesting.

Joanne Bader Mrs. Galmore's 4th grade boys have a football team. The players are: Jack Ingalls, David Nachazel, Ralph Shepard, Dwayne Evans, Milton Bulmann, Donald Peters, Raymond Walker and Cal Darbee. We won from Mrs. Hugh's room 24 to 36 and lost to Miss Dhaseleer's room 24-6.

A month ago, Mrs. Galmore's 4th grade went to the Mancelona Cheese Factory. It was a lot of fun. Mrs. Boswell and Mrs. Darbee, two of our pupil's mothers went too.

Billy Lee, one of our pupils just came home from Munson hospital.

Sandra Boswell The children of East Jordan school are enjoying new swings on the playground.

We made Thanksgiving pictures for our room. The movie on "Young America Paints" made us more interested in art work.

Vernil Sweet.

FIFTH Grade—Sadie Liskum

Our room gave a tea for our mothers on Nov. 12. Fifteen guests were present. The children gave choral readings on a Thanksgiving theme. Mrs. Snyder poured. Billy, her son, was given a scrapbook of pictures and poems made by the fifth grade children.

Our room has new curtains made from muslin. The children decorated them with autumn leaves in crayons. Some of the mothers made them for us.

FIFTH Grade—Elizabeth Dhaseleer
Levern Hart has been out of school on account of illness.

We are completing our study of the South Atlantic states. We chose sides and answered questions on the states. The score was 23-24.

Long division is getting easier for most of us. We can get perfect papers, now, without much trouble.

SIXTH Grade—Alma Larsen
James Balliet has just returned to school after a long illness.

We are decorating our room for Thanksgiving. Some children have made pictures on the blackboard with colored chalk.

Our Citizenship Club meets every Monday morning. Our officers are: President, Floyd Cutler; Vice-Pres., David Graham; Secretary, Beverly Flora; Treasurer, Patricia Looze.

We are studying about Africa in Geography and about Egypt in History.

Jasmine Rebekah Lodge

Jasmine Rebekah Lodge No. 365 had their regular meeting Wednesday night with 37 members present.

Second nomination of officers was held.

The wedding anniversaries of Betty Robertson and Kay Braman were remembered with a short program. The Anniversary Song was sung and a few numbers were played on our new record changer. A delicious lunch was served in their honor as well as for Mary Green who is leaving East Jordan, Lillian Cooley who has moved and several other members who have not been out for awhile.

Plans were discussed regarding the party the Rebekahs are going to have for the Oddfellows soon.

Next meeting is Dec. 1st.

Lansing—Michigan's divided house in state government is going to erupt new controversy in 1949.

While Governor-Elect G. Mennen Williams has repeatedly maintained he could get along with a Republican legislature better than did Kim Sigler, the fact remains that Williams and the legislature will be miles apart on some issues. Here are a few of them, as indicated by campaign statements of the Democratic governor-elect:

Outright repeal of the Bonine-Tripp labor relations act which requires a majority vote of all employees in an election before a strike can be called. The authors of this measure—Senator G. Wetwood Bonine of Vandalia and Senator Harold D. Tripp of Allegan—were re-elected by their respective districts.

Increase in unemployment compensation. The payments were adjusted by the legislature in 1947. A further increase is proposed by Williams.

Increase in old age and mothers' pension. The badly inflated dollar with its lowered purchasing power is causing hardships among pensioners. The legislature's attitude on this issue may be influenced, in part, by the prospective state deficit under the 1946 sales tax amendment.

Public housing by municipalities through bond issues retired by rents.

Fair employment practices act modeled after the New York law which intended to outlaw racial or religious discrimination in private employment.

Building program to alleviate overcrowding in mental institutions. Such a program was inaugurated by Governor Harry F. Kelly. Again how is Michigan to finance these improvements, conceded by everyone to be badly needed?

Williams insisted that Michigan lacks a "long range" program of highway improvement, and that tourists who traveled over dusty roads "would never return to Michigan." This criticism points to a Democratic effort to wrest the state highway department from Republican control at the 1949 spring election. It also re-vises the 1948 issue of whether the gasoline tax should be boosted to make possible new roads.

If the Nov. 2 majority vote for a constitutional convention meets legal tests, the door would be opened to overhauling of the state's taxation system with possibility of a state income tax, scaled to "soak the rich." The new problems are many.

JORDAN . . .

(Edited by Mrs. Tom Kiser)

Mr. and Mrs. Chas. Moore were last Sunday dinner guests of Mr. and Mrs. A. B. Pinney.

Syd Thompson left last Wednesday to spend the winter in Port Orange, Florida, with his sister and brother.

Don Zoulek of Grand Rapids is spending this week in East Jordan visiting relatives and deer hunting.

HOLSTEIN COW PRODUCES 461.6 LBS. FAT DURING YEAR

The annual report of the Charlevoix-Antrim Herd Improvement Association shows that Elias Sommerville owned the two year old Holstein cow that produced 12,798 lbs. milk and 461.6 lbs. fat during the past year. Mr. Sommerville also owned the herd of cows that averaged per cow 11,980 lbs. milk and 415.6 lbs. fat for the year.

A total of 18 dairy cows completed the years test. The average production per cow for the association was 7642 lbs. milk and 311.8 lbs. butterfat. The feed cost per lb. of butterfat averaged \$.46 and the return for the \$1.00 spent for food was \$2.22. However it must be remembered the feed is less than half the cost of producing dairy cows.

Twelve out of the 18 dairy herds averaged over 300 lbs. of fat per cow for the past year. The average for Charlevoix County is probably around 200 lbs. of fat. Every farmer should obtain the use of good sires and if possible belong to a testing association.

A total of 85 dairymen attended this annual meeting which was held at Ellsworth. At this meeting 5 new directors were elected and these included the following men: Bernie DeYoung, John Wieland, Elias Sommerville, Peter Winnick, and Archie Murphy. This Board of Directors elected the following officers: Bernie DeYoung—President, Elias Sommerville—Vice-President, and Archie Murphy—Secretary-Treasurer. Anyone interested in joining this testing association should see their County Agent, Ed Rebman, or Secretary-Treasurer, Archie Murphy.

COOKING WILD GAME

Every year hunters throw away wild game simply because no one in the family can or will cook it. Facts are that this game can be served up as a mighty fine dish by using some simple recipes provided in two bulletins published by the Michigan State College Cooperative Extension Service.

The two are: Extension bulletins published by the Michigan State College, "Venison from Forest to Table", and 252, "Good eating from Woods and Fields". They have been prepared in cooperation with the Michigan Department of Conservation. In addition to recipes there the suggestions for proper handling of the carcass, etc. Send requests to your County Extension Office, Boyne City, Michigan.

1949 FARMERS' WEEK

As soon as you get that new 1949 calendar take out your pencil and circle the dates of Jan. 24 and 28. Write inside the circle this note, "Farmers' Week at Michigan State College." College folks, and also the many farm organizations which hold meetings this annual week are working hard on programs.

According to Director Ralph Tenny of the college institute of short courses, the general plan for the week will follow much the same pattern as it did last year. Monday, Jan. 24, will be "Dairy Day". The morning and early afternoon hours of each day will be taken up by subject matter programs by college departments and by association meetings. Wednesday night is banquet night.

If you didn't receive a "Farmers' Week" program last year, send your complete address to the Short Course Office, Michigan State College, East Lansing, Michigan.

MANURE

A ton of fresh stable manure (including both liquid and solid portion) contains 10 lbs. of nitrogen, five lbs. of phosphoric acid, and 10 lbs. of potash. At present prices of commercial fertilizer, that would cost about \$2.75.

No method has been found to handle manure without some loss but care will help to reduce the loss. The

greatest part of manure must be stored or applied to the soil and left on top for a considerable length of time due to frozen soil in winter. Manure may be stored in box stalls until ready to be hauled to the field and plowed under; stored in a concrete manure pit under a roof; stored on a level area in the field in straight-sided, flat-topped piles; or hauled directly to the field and spread on the land. However it is stored, it should be kept moist and well compacted to keep the air out.

Considerable loss is sure to occur when manure is spread on frozen soil. Spreading it on slopes should be avoided if possible when the soil is frozen. Top dressing manure lightly in winter on wheat or meadow is a good practice where the land is level despite the fact some loss is likely to take place under such practices.

Ed Rebman,
Co. Agr'l Agent.

From where I sit... by Joe Marsh

It's Your Fight, Tool

Bing Crowley was "beefing" the other day about all that Our Town's doing in the way of sending food and clothes to Europe. Bing felt that those struggling democracies should look after themselves.

But most agreed with Judge Cunningham who said: "So long as any family or individual in Europe is helping hold the line for freedom—against the forces of intolerance—it's common sense, and common decency, to help 'em."

Because that's everybody's fight: To see that individual freedom is

preserved in every aspect, big or little—whether it's the right to vote, or the right to enjoy a temperate glass of beer or ale with friends.

And from where I sit, no liberty's too small to overlook. Because the minute one small freedom is threatened, all the others are in jeopardy—just as the minute one small country loses freedom, all its neighbors are in danger!
