Says Truant Boys Admit Killing

OF WOODCUTTER NEAR VAN DERBILT. THREE BOYS INVOLVED

Three truant youngsters, accused of shooting to death a woodcutter who refused to help cover up their truancy, appeared before a Gaylord justice Saturday and heard charges against them.

"They didn't act as if they realized the seriousness of their deed," said Justice Frank Libcke. "They just sat there and grinned."

The three are Richard Damer, 13; his brother Harry, 10, and Robert Black, 12, all of Vanderbilt.

Libcke said the boys will be held at a home for wayward minors until a probate report is filed, then action will be taken on a petition to declare them juvenile delinquents.

King was shot, it was said, because he refused to chop down a tree so that it would fall across a power line.

According to Prosecutor Paul Kenny, the boys imagined this would cause consternation in town and "their absence from school wouldn't be noticed."

First Blamed Heart Attack

They had "skipped school" that day, Kenny said they told him, and encountered King while they roamed in the woods with a .22 rifle purchased with money which they stole from a home.

The boys, Kenny said, gave a complete story of the incident, relating that after King had chased them off they returned and shot him.

Searchers found King's body three days later. He was shot in the back and the bullet had emerged through his neck.

For a while it was believed King had suffered a heart attack and fallen on a saw-file he carried in his hand. Later, when the cause of death was determined, he was believed a victim of a deer hunter's accidental fire.

From the evidence, however, State Police concluded juveniles may have been involved. A check of school truancy records led to questioning of the Damer brothers and Robert and all admitted their guilt, Kenny said.

Santa's Helpers Need A Lift

With the Christmas season coming upon us, we all begin to think of what we will get for our little ones to make their eyes sparkle on Christmas morn. But what about the families that are a little less fortunate than ourselves? Are we going to set back and ignore the many children right here in East Jordan who will hopefully hang their stockings on Christmas eve, only to wake up to the dreadful knowledge that Santa must have forgotten them this year.

With a little effort on our part, we can help to make this a Merry Christmas for everyone. The Junior American Legion Auxiliary Group have set up a workshop and under the able leadership of Mrs. Florence Stucker and her co-workers, Mrs. Agnes Woodcock and Mrs. Thora Kotowich, paints and brushes, needles and thread are flying fast. Dolls are being dressed, trucks, cars, boats, etc. are painted, lost wheels are replaced and each old toy looks like new before it is added to Santas bag.

All we ask of you is to please rummage through your children's toys and anything that will bring joy to another child, if it can be mended or fixed at all, be sent to us now. The sooner we receive them, the quicker we can have them ready for Christmas. All donations can be left at Teddy Kotowich's on Main St.

Lets keep faith with these kids, so they won't lose faith in Santa Claus.

If you don't have any old toys, how about one new one?

Farm Labor Outlook Remains Unchanged

The farm labor outlook for 1949 indicates there will be little change according to farm economists at Michigan State college. A high level of non-farm employment is expected to continue to draw workers from agriculture.

Labor saving machinery has helped to ease the labor problem on some farms. Near industrial centers, however, much available labor has been drawn from farm work. A slump in this non-farm employment would probably result in a shift of labor to rural areas, they believe.

Farm wage rates are expected to continue near or above their present all-time high level.

AN APPRECIATION

To all the friends who so kindly remembered me during my stay at Munson hospital, my sincere thanks. Marjorie Keller

Notice of Public Hearing

In accordance with Act 207 of the Public Acts of 1921 as amended, there will be a public hearing at 8 P. M., December 20, 1948, in the council chambers in the City Hall on the proposed zoning ordinance for the City of East Jordan.

Thelma M. Hegerberg, City Clerk.

Gerald D. Lee, Victim of Murderer, Laid to Rest, Saturday

Gerald Denton Lee, son of Mr. and Mrs. Ira Lee, was born at Bay Shore on Nov. 18, 1922, and died at Mancelona at an early hour, Nov. 24, 1948, when he was fatally shot by pursuers while riding along M-66.

Gerald attended the East Jordan school. He entered the service Dec. 22, 1947, and was honorably discharged Mar. 5, 1948. He was living at home with his parents on their farm 3 1/2 miles north of East Jordan. He was a member of Jordan River Lodge I. O. O. F.

Surviving are his parents, Mr. and Mrs. Ira Lee; a sister, Mrs. Beatrice Beyer, Phoenix, Arizona; and a brother, Harold, also of Phoenix, Arizona; and his grandmother, Mrs. Elizabeth Gridley, of Petoskey.

Funeral services were held Saturday, Nov. 27, from the Watson Funeral Home, conducted by Rev. Howard G. Moore. Services were under the auspices of Jordan River Lodge I. O. O. F. No. 360. Interment at Sunset Hill, East Jordan.

Those from away here to attend the funeral were: Mrs. Beatrice Beyer, Phoenix, Arizona; Mr. and Mrs. Roy Umior, Cadillac; Mrs. Leola Long, Mancelona; Mrs. Leola Burnett, Mr. and Mrs. Ralph Burnett, Mr. and Mrs. Frank Burnett, Mrs. Leo Burnett, all of Bay Shore; Mrs. Don Hosmer and Mrs. Nellie Hosier and Mr. and Mrs. Wm. Looze, Boyne City; Mr. and Mrs. V. E. Gridley, Albert Gridley and Mr. and Mrs. John Beal, Petoskey; Mr. Fred Raymond, Munising.

TURKEY SHOW AND FESTIVAL

Some Michigan Turkeys will get a reprieve and live over Thanksgiving. They won't be killed for Christmas. But they will get it in the neck at the annual "Dressed Turkey Show and Festival" in Alma on Dec. 7 and 8.

The public is cordially invited to attend this event in the Alma college gymnasium. It's sponsored by the Michigan Turkey Growers Association, Alma Chamber of Commerce, Michigan Dept. of Agriculture, and the college poultry department.

Growers are entering their choicest birds. Those in the live classes will be dressed at the show. An auction of all entries will be held as the final event on Dec. 8. A feature of the program will be a consumer education show by members of the college staff. Three things will be emphasized—selection, cookery, and serving. Birds will be cooked and carved on the stage and then turkey sandwiches will be served.

CROP CAMPAIGN ROLLING

The rural churches of Michigan, solidly backed by the state's farm organizations, are out to make the Christian Rural Overseas Program a real success. A goal of 100 carloads of food for needy neighbors overseas has been established. The cooperative extension service through the County Agricultural Agents will participate actively in the CROP campaign at the local level.

The farm commodities which Michigan farm families will be asked especially to donate are wheat, beans, soy beans, dry milk, and lard. Volunteer canvassers will be appointed in each township to contact individual families during CROP week which is Dec. 26 to Jan. 2. That week will be opened with special services in rural churches on Sunday, Dec. 26.

Red Devils Trim Charlevoix

IN FOR HARD GAME THIS FRIDAY ON HOME GROUNDS

The young East Jordan Red Devils gave Charlevoix their first loss in four years, in a hard fought basketball game in the Charlevoix Gym on Nov. 23.

Charlevoix led in the first quarter by a score of 6-5. East Jordan's Red Devils fought back to tie the score at the half. Charlevoix took the lead again in the third quarter 22-20. East Jordan captured the lead in the first few minutes of the fourth quarter and kept out front until the end of the game, making the final score, East Jordan—31, Charlevoix—27.

Meredith was high point man for the Red Devils with 10 points, Holland second with 6, and Sommerville third with 4. Boring, Kamradt, Karr, Saxton, Hammond and Evans all contributed greatly to the victory.

The Boyne City Ramblers are scheduled to play East Jordan, here, on Dec. 3rd.

This promises to be a good game, by two hard fighting teams.

Boyne City beat Pellston 51-27 in their game at Boyne City last Wednesday, so from all accounts it should be a thriller.

The Red Devil's coach has been quoted as saying, "I feel that our lack of experience and height will put us at a distinct disadvantage, but we will be working every minute for an upset."

Children's Clinic

The regular clinic for babies and preschool children will be held Tuesday, Dec. 7th, from 9:30 to 11:30 in the Masonic kitchen. The clinic will be conducted by Dr. VanDellen, assisted by Mrs. Rice, county nurse.

Drive Carefully Please

With sloppy weather here autoists and pedestrians are both urged to be careful. Autoists are urged to drive carefully, particularly in the main district to avoid spattering pedestrians.

In crossing streets, pedestrians are asked to keep away from approaching cars at a reasonable distance.

A little judgment on the part of both driver and pedestrians will save clothing from becoming smeared. HARRY SIMMONS, Chief of Police.

Lansing - Governor-elect G. Mennen Williams has a tough job on his hands.

As a Democratic governor, succeeding the crusading Republican Governor Kim Sigler, he will have a Republican dominated administrative board and a Republican dominated state legislature to work with. He favored retention of the sales tax amendment which diverts 76 per cent of the sales tax revenue back to home government, yet he will face a prospective deficit in the state treasury at the end of the coming fiscal year unless new or higher taxes are imposed by the legislature.

The budget problem alone will call for a miracle.

Ironically enough, the man who counseled Governor Sigler on reforms for state government is slated to be replaced by the governor-elect. It was the conviction of John Perkins, controller who heads the new department of administration, that Michigan's 100-odd state agencies should be streamlined whereby the governor could be held responsible for the success or failure of their performances. Probate Judge Lewis Passes Unexpectly at Little Traverse

Funeral services for Rollie L. Lewis, 64, Charlevoix county probate judge and widely known lawyer who died in Little Traverse hospital, Petoskey, Sunday, was held Tuesday at the See Chapel. Burial was Brookside cemetery.

He was a former Charlevoix county prosecutor, member of the state legislature and Charlevoix city attorney.

He received his law degree from the University of Michigan in 1911 and came to Charlevoix to practice. In 1915 he married the former Abbie King, who survives him.

He also served as appeals agent for the state selective service board and was an active member of the Charlotte county GOP committee. Mr. Lewis was a member of the Michigan, California and American Bar associations. A veteran of World War I, he was a member of the Charlevoix American Legion post. He was also affiliated with the Knights of Pythias lodges and Masonic charter and was a member of the Charlevoix Kiwanis club.

Nurse's Ass'n To Hold Monthly Meeting

The Petoskey District Nurses Association will hold its monthly meeting on Thursday, Dec. 2nd, at 8 p. m. at Little Traverse Hall in Petoskey. After a short business meeting a Christmas party will be enjoyed by the members.

Santa's Elves Well Underway

The American Legion Junior Auxiliary held their second meeting Nov. 24th.

One carton of toys has been received. Each member took home a toy to paint and repair.

They will meet again, Saturday, Dec. 4th., at 1 p. m., when they return their finished article and spend the afternoon working on other toys.

We need more toys. This is a Community Project. Folks, don't let a single toy not needed just lay around. Bring it to us, help us brighten some child's Christmas.

How about you Eligibles? We need your help, and will be most happy to have you with us.

The Terry Tots met Nov. 27th., for their Community Project. They have adopted a motherless girl of their age. She will be an honored guest at our Christmas Party especially for her. There will be all the trimmings necessary for a sparkling Christmas party, and as she returns home to her daddy and brothers, she will take along a package filled with Christmas sparkle for her own Christmas.

Cutting Timber on State Lands by Conservation Dept.

Scarcity and high cost of the right of timber used in brush shelter in streams and inland lakes is forcing the conservation department's fish division to start selected cutting of jackpine in state lands. The cutting of their own timber supplies also provides off-season work for the division workers.

Closing the book on brush shelter work for this season, the field personnel are felling jackpine logs for lumber in Crawford county and for cedar posts in Otsego county. This spring a private portable sawmill will be leased and brought into these areas to do the milling operations.

Among the other tasks the fishery workers will continue with next year are the building of wing deflectors to stop bank erosion and to constrict currents to make deep pools for trout.

In Emmet county, the Carp lake creek weir for trapping sea lampreys is an example of the work finished this season.

Winner, Fourth National AAA Traffic Safety Poster Contest.

Deadline for the 1948-49 AAA national school traffic safety poster contest will be midnight Apr. 15, 1949, Ted Thomas, Lakeview high school principal, said today. Thomas, who is chairman of the state coordinating committee for the Michigan secondary schools, has approved the contest for Michigan high schools. The 30 money prizes for illustrating safety rules include an art scholarship.

Last year's first prize winner in the "Wear White After Dark" category, pictured above, is now being distributed to all 5,430 Michigan elementary schools by Automobile Club of Michigan. The poster keynotes a program of aid to school teachers here to help them emphasize the importance of children—and grownups—wearing or carrying something white while walking on streets and highways after dark. Dec. has more hours of darkness and usually the highest monthly traffic toll, Auto Club pointed out.

Lee Murderers Held For Trial

TRIO IN BELLAIRE JAIL IN DEFAULT OF BONDS

The three men, held in the Antrim County jail charged with the shooting of Gerald Lee, north of Mancelona a week ago, demanded an examination when they appeared before Justice Raymond Sexton at Bellaire, Monday, and were held until 1:00 a. m., Dec. 8th, under bonds of \$10,000 each and, in default are being held in the Antrim County jail.

The youths are Theodore R. (Ted) McNeil, 19, and Rex Loveless, 19, both of 1231 Euclid-ave., SE, Grand Rapids, and McNeil's father, Charles, a farmer in Bellaire.

Men Are Composed

The three men appeared composed at their court arraignment. About a dozen spectators were present.

Each of the three asked about the meaning of an examination when taken before the justice separately. When told that they would be bound over to circuit court automatically if an examination was not held to bring out the evidence, they asked for the examination.

The younger McNeil, State Police Capt. Earl Hathaway said, fired the fatal shot at Lee in a highway chase near Mancelona after Lee's truck allegedly forced the car of the trio off the road near Mancelona. A bullet pierced the truck and struck Lee in the back. A woman companion was not hurt. McNeil's father was driving and Loveless was a passenger.

Northern Mich. Road Com. Present Resolutions To State Legislature

November 22, 1948. To the Honorable Governor and Members of the Michigan Legislature:

Gentlemen: The following resolutions were adopted by unanimous consent at a special meeting of our Association, held at Gaylord on the 9th day of Nov. 1948.

RESOLUTIONS

Whereas, the increasing demand of the traveling public for better constructed and maintained roads require greater finances than are now received, and

Whereas, wages, materials and general expenses have increased from 50 per cent to 100 per cent in recent years, and

Whereas, the Federal Government has appropriated approximately four million dollars for the construction of roads and bridges in the State of Michigan which amount must be matched by the State Highway Dept. and the County Road Commissions.

Therefore Be It Resolved, that in order to properly maintain and construct the roads and streets of this State, that the Northern Michigan Road Commissioners Association does hereby respectfully request the Legislature of the State of Michigan to provide additional road monies, and

Be It Further Resolved, that the Legislature provide an amount equivalent to an increase of 2c per gallon gas tax and 100 per cent increase of weight tax on heavy duty commercial trucks and buses and 10c per hundred increase of weight tax on passenger cars, and

Be It Further Resolved, that the portion returned to the County Road Commissions be allocated on the following basis: 75 per cent to B Mileage and 25 per cent to C Mileage, and the B Mileage money to be divided 20 per cent equally among the 83 counties, 15 per cent on a total mileage, and 65 per cent according to weight tax collections; and that C Mileage money be divided on a total mileage basis.

Be It Further Resolved, that a copy of this resolution be sent to the Governor of Michigan and to each Senator and Representative.

Very truly yours, Harry Fletcher, President. Ben Jeffs, Secretary.

Story of Revolution
Lesson for December 5, 1948

THE MOST important history in the world is in one small book. The most important movement, the most revolutionary, the one that is destined to change the world more than any other, is the Christian church. The story of how it began is in the book of Acts. No other book in or out of the New Testament tells this story: The history of the beginnings of the one and only international, interracial, world-wide movement that sets out to aim at nothing less than a complete transformation of mankind, the Revolution from Within, the Christian Church.

Dr. Foreman

What the Church Is
THERE are hundreds of churches today and they do not all agree. But every church, whatever its name or peculiarities, aims to stay on the course marked out by the Christian church when it was one and undivided, the church of the Apostles. We look back to the story in Acts to see what the true church is.

In the very beginning, the church was not the place where the Christians met for worship. It was not the officers. The Apostles themselves were not the church. The church was not a thing at all; it was people.

In Acts these people are seldom called Christians and never called churchmen or church-members. They are given more meaningful names. They are called "disciples," that is, learners, students. They are called "believers." They are called "brothers" for their life was like that of a family. They are called the people of "the Way,"—travelers together to the same destination. The church, in short, is a fellowship, the Family of the Friends of Christ.

How the Church Began
THE infant church was like all human babies; it began small and poor. No bystander would have expected it to live; but it had life in its heart. Two forces set that church on its way. One was the command of Christ.

The people who were in it, or rather the people who were the church, took their orders from Christ. It was because of him that they went out to bear witness to him to the "utmost parts of the earth."

Then the people were filled with the Holy Spirit; they were guided constantly by the Spirit. The book of Acts has often been called the "Acts of the Holy Spirit" rather than of the Apostles.

Leaders
GOD never does for people what they can do for themselves. So guidance of the Spirit was never a substitute for human leadership. A true church is not a mob; it acts, as the New Testament church did, in an orderly fashion.

One of the church's first problems was that of finding leaders. The history in Acts is largely the history of certain leaders—John, Peter, Paul. But these were not alone. Not even the Apostles tried to run the church like a dictatorship. The people themselves chose the officers who were ordained by the Apostles.

What the Church Does
FIVE things the Apostolic church did, and these mark any true church today. They "continued in the Apostles' teachings;" the beginning of all our church schools and Sunday schools is in that brief phrase. They formed a fellowship; the church then was not a list of names of people who cared little for one another; it was a true family.

They observed the sacraments; they and their households were baptized, and they continued "in the breaking of the bread." Baptism and the Lord's Supper have always been observed in some form in every Christian church! They "continued in prayer;" a church in which only the minister prays is a feeble affair.

Above all, they were "witnesses." That is to say, they told the story of Jesus—his life, his teachings, his death, his resurrection, Jesus lives! Jesus is Lord! So the Apostles preached, from Jerusalem to Rome and far beyond. But their preaching would have been mere shouting in the wind, if Christ had not lived again in thousands of everyday Christians.

The State Bank of East Jordan is distributing certificates which are the same size as the new paper currency which we will be carrying after July 1, 1929. The present size of paper currency is 7 1-16x3 1-8 inches. The new currency will be 6 5-16x2 11-16 which is approximately the size of the currency which has been in circulation in the Philippine Islands for a number of years.

Mr. and Mrs. Ernest Lanway were called to the home of his parents in Deer Creek district, Wednesday. His mother, Mrs. Peter Lanway, was taken suddenly ill.

Roy E. Webster has sold his home on Second St. to Toledo people, who expect to make East Jordan their summer outing headquarters. The sale was made through W. A. Love-day.

Mr. and Mrs. Abe Carson now occupy the residence on Main St. recently vacated by the Holstad family. Oscar Light, who has been sailing on the Str. MacGillivray Shiras, returned to his home here last week from Fairport, Ohio.

A recent issue of a San Diego, California daily newspaper contained an article with a picture of Virginia Louise Payton, former East Jordan girl, and daughter of Mr. and Mrs. Vernon Payton. The young lady is

Cellist with the High School Orchestra and San Diego Symphony, and the article pertained to a recital given by her.

Mr. and Mrs. Maurice Gorman of Grayling and Mrs. Joe Conway of Bay City were here the past week visiting their parents, Mr. and Mrs. M. Gorman.

WEEKLY NEWS ANALYSIS

Pressure 'Out' in Berlin Controversy; British Welcome Lilibet's Princeling; Farmer Priority Looms in Legislation

By Bill Schoentgen, WNU Staff Writer

(EDITOR'S NOTE: When opinions are expressed in these columns, they are those of Western Newspaper Union's news analysts and not necessarily of this newspaper.)

PRESSURE: Polite 'NO'

Sore point in all the Berlin controversy continued to be the Soviet blockade of the ex-Reich capital. The Big Three Western powers still blamed Russia for continuation of the crisis through perpetuating the blockade, and President Harry Truman had given emphatic evidence that he planned no further discussions with Russia on the subject until the blockade was lifted.

Following his return from a Florida vacation, the President went into a full-dress review of American foreign policy with Secretary of State Marshall and W. Averell Harriman, U. S. ambassador-at-large in Europe.

The gravity with which United Nations leaders viewed the Berlin situation was evidenced in the efforts of U. N. Secretary General Trygve Lie, and H. V. Evatt, general assembly president.

THESE TWO made urgent appeal to chief executives of the four big powers—going over the heads of these nations' U. N. delegations to do so—to bring the Berlin dispute to an end and thus bring about world peace.

This appeal was without avail. The United States, France and England said "no," politely but firmly. They declared the issue must remain in the hands of the U. N. security council until the Russian blockade is lifted. Russia reacted as usual, blaming the Western powers for the stalemate.

Evatt and Lie argued that the dispute cannot be settled within the cramped confines of the security council and should be aired in the wider fields of the general assembly.

AGGRAVATING the situation was the coming winter with its consequent obstacles to the air lift. The Russians appeared content to wait out this phase of American aid to Germany in the apparent conviction, or hope, that bad weather would so impair air lift efficiency as to make it negative in the battle for Germany.

If the situation were to be resolved by diplomatic means, American thought and procedure on the question would carry top weight with the Big Three.

Under this setup, President Truman's evident intention to spurn discussion of the problem unless the Berlin blockade were lifted, would indicate the United States was prepared to continue the "cold war" with the Russians, and to bet with the elements that the air lift would continue to be efficient and that Premier Stalin and his Communists would have to come to terms in the end.

PRESIDENT TRUMAN reiterated that he planned no American mission of any sort to Moscow, and that he and Secretary Marshall were in accord on all questions. The President would stand for no pressuring in discussion of the Berlin question, even if it came from top chieftains in the U. N.

PRIORITY: For Farmers

The man with the hoe put the "X" where it counted November 2, and, as a result, America's farmers are to reap a share of President Truman's smashing victory at the polls.

Even now, administration chiefs are moving to give the nation's farmers top priority over labor in any legislative program coming up for action by the next congress.

THE FARMER'S reward is to come immediately—not in the future—and the outlook is that labor may have to stand behind the farmer when awards for a part in President Truman's triumph are to be handed out in a legislative program.

Best friend of the farmers when the plums are to be passed around is Secretary of Agriculture Charles Brannan. No doubter of where credit for Mr. Truman's victory belongs, Brannan already has assigned Louis H. Bean, department economist and election forecaster, to prepare charts and graphs to show the President that he owes his election primarily to the farmers.

THAT ISN'T all that will be done to insure the farmers a fair return on their investment in Mr. Truman, for top level planners are drafting a new "flexible" price support program to go into effect early in 1949, instead of 1950, as would have been the case under the Republican Aiken farm bill.

Add to this the fact that Senator-elect Clinton Anderson (D., N. M.),

Missing Link?

Anthropologists appear to have turned up another "missing link" in the evolution of man.

The latest find, discovered in an ancient Transvaal cave in South Africa, may provide a clue to the earliest known of man's ancestors. The bones of this prehistoric creature, who may have lived a million years ago, indicate he might have been a "man-ape" who carried weapons and built fires.

Day of Judgment

Hideki Tojo, former prime minister and top war lord of Japan, was found guilty of wartime atrocities by an allied tribunal in Tokyo and sentenced to death by hanging. He is the last survivor of the infamous Hitler-Mussolini-Tojo axis.

former agriculture secretary, took a direct hand in supervising drafting of the new measure and personally will introduce it, and it becomes evident the farmer's happy place in the administration sun is most assured.

BASIS of Brannan's contention that farmers elected Mr. Truman: If it weren't for the farm states in the agricultural west, the 11 industrial states on the Atlantic seaboard that voted for Governor Dewey would have swung the election Republican.

How will farmers fare under the administration plan? Here's the projected program:

To protect the farmer against anticipated crop price fall-offs, he would be given a flexible price floor that would protect growers, but would not burden U. S. taxpayers with any extended permanent subsidy of farm surpluses.

PROVIDE adequate storage facilities for farmers in corn and wheat belts to prevent loss of bumper crops.

Extend reclamation and soil conservation benefits to more farm lands and provide an increased rural electrification for more farmers, this to be sponsored and paid for by the government.

This, then, is an extension of the benefits which farmers may have felt were imperiled in the Dewey program, and for which they felt they were voting when they cast their ballots for President Truman.

WELCOME: Infant Rex

For hours the solemn-faced constable had kept his vigil in the chill of the November night. Impassive in the face of the huge throngs that pushed against the gates he guarded, he waited for the word.

At last he saw a royal page, garbed in blue, walk stiffly from a palace doorway. The page strode to the constable's side, bent over and spoke in a low voice.

THE CONSTABLE'S face lighted, he walked quickly to the iron railing against which the crowd was densely packed and declared exultantly: "It's a boy!" Then throwing his head back, he shouted: "A prince has been born."

To Princess Elizabeth, heir-apparent to the throne of England, and her consort, Prince Philip, Duke of Edinburgh, had been born a son. A prince by a special royal decree of King George VI issued several days before the birth of the child. Their young prince was born just six days short of the royal couple's wedding anniversary, November 20.

THE NEWS that Elizabeth's child was a son told the usually stolid Londoners what they wanted to hear—that the royal heir was a child who might someday be their king.

Into a world of crisis and unrest, an age of a dwindling empire for Britain, was born a princeling whose future as a potential ruler is fraught with imponderables.

Both he and his mother would be cut off the line of succession to the throne should a son be born to the king and queen; monarchical governments, even of the benevolent type, are fading from the world scene; the contracting empire's dimensions are subject to speculation, but even were these things non-existent, there is the last and greatest imponderable of them all—the atomic bomb.

REFUND: Pay Up

If you're an ex-GI and figure to cash in on those service insurance dividends next year, make sure you're square with the Veterans' administration or you're likely to get left in the cold.

VA says it may withhold all or part of the checks of two groups of veterans—those who have received overpayments for education or training subsistence and those who have defaulted on GI loans.

? Current Events ?

You probably will recall that the U. S. had a presidential election (sounds of screaming) a few weeks ago. It was the biggest upset since Mrs. O'Leary's cow kicked over the lantern in Chicago, and it will take its place as one of the most unusual in a long line of distinguished American elections. The subject merits a few questions which merit a few answers. Do you know them?

1. Mr. Truman is the first native of Missouri to be elected President. In what two states were the largest number of Presidents born?

2. In this election four southern states voted against the regular Democratic party. How many southern states deserted the party in 1928?

3. Seven vice-presidents have succeeded to the presidency on the death of the chief executive. How many of these, besides Mr. Truman, were elected to a full term as President in their own right?

4. When does the President's term of office begin? And when do those of senators and representatives?

5. There are nine men in Mr. Truman's cabinet. Other Presidents elected recently have had 10-member cabinets. Why the difference?

ANSWERS

1. Virginia—eight (Washington, Jefferson, Madison, Monroe, William Henry Harrison, Tyler, Taylor, Wilson); Ohio—seven (Grant, Hayes, Garfield, Benjamin Harrison, McKinley, Taft, Harding).

2. Five: Texas, Virginia, Florida, North Carolina and Tennessee voted Republican.

3. Two: Theodore Roosevelt and Calvin Coolidge.

4. President's term begins January 20, those of senators and representatives on January 3.

5. Under the armed forces unification act of 1947 the cabinet positions of secretary of the navy and secretary of war were eliminated and just one office—secretary of defense—was added.

MILLENNIUM: Very Unfunny

When a radio comedian backs off from laughs, the event rates in news value with the man-bites-dog item.

But there's method—about \$16,000 worth weekly—in Arthur Godfrey's madness. Godfrey is the guy who has ordered his musicians not to laugh at any of his jokes.

THE RED-HEADED radio comic explains wistfully that his musicians used to laugh at his jokes, sing with him and "have all kinds of fun." But that's all over now, Godfrey says.

He adds that union rules provide that if his musicians laugh at his jokes, or join him in songs, they will come under an additional union, the American Federation of Radio Artists. And that, says Godfrey, would mean an extra cost of \$800 to \$900 a week for each musician.

His men would sing choruses and they'd kid each other, the comedian says, but now "if they open their mouths to sing they come under AFRA's jurisdiction. That adds the extra salary."

No Hairshirt Here

A picture of carefree contentment, President Truman accented himself in casual shirt while tripping lightly through his post-election vacation at Key West, Fla. He whiled away the drowsy hours by formulating the broad outlines of his administrative policy for the next four years, and paused for a moment to turn down a proposal for another Big Four conference at this time.

NEW LIGHT: From Isaiah

New light and interpretation may be thrown on the Old Testament by discovery of the complete scroll of the Prophet Isaiah. All 66 chapters of the book, with only a few portions missing, have been found.

One of the most dramatic Biblical discoveries of all time, the scroll was brought to light recently when four of the oldest Hebrew manuscripts thus far known were found in a cave near the northern end of the Dead Sea.

Scholars date the Isaiah scroll as early Maccabean, or second century B. C., which would make it the oldest Biblical document yet to be discovered intact.

THE DISCOVERY of a complete Isaiah scroll, dating back a thousand years before the oldest one known, promises scholars an opportunity to seek new meaning from the Bible, and to determine by comparison the extent that errors may have found their way into Biblical manuscripts with the passage of time.

Bible scholars point out that the Book of Isaiah, like all of the Bible, came down to us as the result of many copyings by scribes who would make additional scrolls as the old ones wore out.

Deer Season Over For Year

MANY KILLED DESPITE THE LACK OF SNOW

With the deer season at a close report of the successful hunters are trickling in. The Herald was impressed at the number killed around East Jordan. North of town a kill was made in the Chaddock School district. East of the City several deer were got a few miles out. While south of the City several more were reported around the Pinney bridge section. As for the total number secured this year, it tallies pretty well with previous years.

Potato Goals for 1949 Set

Michigan potato growers will probably spend the winter trying to figure out adjustments to meet new goals and parity reductions. Michigan's goal for commercial production was set at 67,000 acres recently when Department of Agriculture officials set the support price at 60 percent of parity.

Claude M. Nash, extension specialist in agricultural economics at Michigan State college, cites this information. The 1948 U. S. crop, which is among the five highest in history, was raised on the smallest total acreage seeded in nearly 70 years.

Improved varieties, better farming, use of sprays and dusts to control disease and insects, and irrigation made possible higher total production from fewer acres. Consumption per capita has also decreased.

A TELEPHONE COMPANY INVESTOR

You may not own a share of American Telephone and Telegraph Company stock or a telephone company bond, and yet you may be an investor in the Bell System and Michigan Bell.

Many banks and insurance companies are holders of Bell System securities. So, if you have a savings account or an insurance policy, indirectly some of your money may be invested in the telephone business.

But who are the other investors in the Bell System? Altogether there are more than 700,000 of them in addition to insurance companies and other financial institutions. They are school teachers, widows, housewives, farmers, mechanics, business men, telephone workers — people in all walks of life who have put their savings directly into Bell securities.

Few businesses in America are so widely owned by the people they serve. No one person or institution owns as much as one third of one per cent of A. T. & T. stock. There are about 75,000 more owners of the business than there are employees of the business.

These dollars from investors are important to good service. They are used to build and expand the telephone system. As a customer, you expect good telephone service. As an investor, you expect security and a fair return on your investment.

GRADE CHILDREN TO PRESENT CHRISTMAS PAGEANT

School will be dismissed Dec. 17th for a two weeks Christmas vacation. A pageant, Merry Christmas To The World, will be presented on Dec. 16th with all the grade children participating. The speaking parts are being assigned this week and the music under the direction of Mrs. Alta Drapeau is well under way. A uniformed rhythm band composed of 95 children from Mrs. Stokes' and Mrs. Brooks' first grades and Mrs. Bowerman's first and second grades will be a feature of the program. The public is cordially invited to put a ring around the date, Dec. 16th at 2:00 p. m.

FIRST Grade—Marion Brooks
Raymond Prebble is still absent. Jimmy Lilak is out of school on account of illness.
We greatly appreciate the wonderful way in which the mothers of our room furnished the costumes and helped dress our Pilgrim children for our Thanksgiving assembly.
Billy Malpass brought a beautiful little winter garden for our room.

FIRST Grade—Mrs. Stokes
Jeanette Fisher is 6 years old now. Six people were absent Monday. Susan Gibbard is in the hospital.

FIRST and SECOND Grades—Adeline Bowerman
We hope Jerry Bennett, Larry Hayden and Sandra Gibbard will be back with us soon.
We are making plans for decorating our room for Christmas. This week we hope to have a fireplace completed and we are going to make a candle to put on the mantle.
For memory work this week, we are learning the poem, "Why Do Bells For Christmas Ring?" and the song, "Santa Claus Is Coming To Town" so we can sing along with the radio.

SECOND Grade—Mrs. Johnston
Monday we elected new Room Helpers. We should have a neat, clean room every day.
We are enjoying our Weekly Readers. Each week when we have finished reading our papers, we take them home and put them in a notebook. We are going to make a book with all the copies.
Row three has most points for having each bring a handkerchief to school.
Carol Bailey is absent from school. We enjoyed the movie, "Robinson Crusoe," Tuesday afternoon in the auditorium. This was put on by the Science Club.
The children are learning to tell. The children in group one are learning how to tell time on the clocks we have drawn telling us when we come to school, lunch time and when we go to bed at night, working on subtraction combinations.

Mulching Called Good Practice For Fruit Trees

It's timely right now to mulch orchards, say horticulturists at Michigan State college.

In the mulch system, a coating of straw, hay or similar plant material is applied in sufficient quantity to cover the ground well, or to smother all weed growth. While not a new practice, mulching has given such good results that it may profitably be extended to many orchards which do not now employ it.

Tests have proven that almost no erosion takes place where complete mulching is practiced. Among other advantages, it improves soil structure and tilth; prevents compacting of the soil, allowing more rapid penetration of water; and keeps the soil from getting too hot in summer and too cold in winter.

Mulching also decreases the evaporation of soil moisture and allows water that would otherwise run off to enter the soil, the specialists relate. It reduces the loss of fruit that may drop at picking time.

Of special interest to growers is the higher yield which results from improvements brought about by mulching. These improvements increase fruit bud formation, leaf area, and size of tree, the horticulturists conclude.

Additional information can be found in Michigan State college Circular 199, entitled, "Soil Management Practices in the Orchard". It may be obtained from county extension offices or by writing to the Bulletin Office, Department of Public Relations, Michigan State college, East Lansing, Michigan.

SECOND Grade—Mrs. Seiler

The children in Mrs. Seiler's room have been studying about the Pilgrims and Indians. They memorized a poem called, "Indian Children," and recited it in Assembly on Wednesday.
spend Thanksgiving with her son and family in Troy, Ohio.
Mrs. Loveday substituted for Mrs. Seiler on Wednesday.

THIRD Grade—Jessie Hager

Mrs. Jos Martinek and Mrs. Arthur Kaley were recent visitors.
Louise Donaldson moved to Ellsworth.
We helped with the Thanksgiving program.

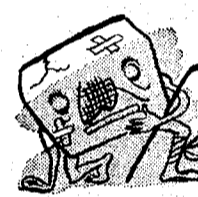

THIRD and FOURTH Grades—Marie Hughes

Charles Kamradt had a birthday Tuesday, Nov. 30. He was 8 yrs. old. All our boys and girls who were ill before Thanksgiving are back in school except Karen Touchstone. Those sick before the holiday were: Lyle Howard, Ivan Pettifor, Gerald Kent, Butch McCutcheon and Annora Dougherty.

Mrs. H. Kamradt, Mrs. Wm. Taylor and Mrs. Wm. Taylor, Sr. were visitors in our room on Wednesday. Joyce Cool moved to Bellaire.
Our room is already making big preparations for Christmas. We have our first Christmas border up.

FIFTH Grade—Sadie Liskum

Mrs. Norman Bartlett and Mrs. Paul Lisk have each stitched 4 slip covers for our chairs. Mrs. Lisk trimmed hers with yellow bias binding to match the chairs.
There are 12 girls in our room. They are all taking first year sewing in 4-H. Nearly everyone has learned to darn. Hemming a towel on the machine is the next lesson.
We are making a Santa Claus frieze for each of the kindergarten rooms.

From where I sit... by Joe Marsh

Why Dutch is Growing a Beard

That beard on Dutch Miller's chin doesn't mean that he's getting ready to play Santa Claus. He's simply paying off the election bet he lost to Cappy Swanson.
And while some folks allow it's all a lot of nonsense—like the wheelbarrow ride that Cappy had to give Dutch after last election day—from where I sit, it's a mighty wholesome aftermath to a difference of opinion.
Because good Americans all take their politics and voting mighty seriously. But when the issue's

settled, and the die is cast, they accept the verdict in a spirit of good humor.
And that's as it should be when it comes to any difference of opinion. Some folks vote for beer as their favorite beverage—others vote for cider. In fact, we all have differences of taste in almost everything! But that doesn't mean that we can't live together in a spirit of good fellowship.
