EAST JORDAN, MICHIGAN, FRIDAY, JANUARY 21, 1949

NUMBER 3

## East Jordan Trounces Pellston

WINS BY SCORE OF 37 - 11

The East Jordan High School basketball team returned to its winning ways with a 37-11 victory over Pellston last Friday night. Jumping off to an early lead the Red Devils built up a 17-4 advantage at the half time. Eleven E. J. men entered the game in the last half and eight of them joined in the scoring. The whole team played well as a unit and it was definitely a team victory. Thompson, Holland and Meredith led the scoring.

Charlevoix comes here Friday night. This game promises to be the game of the year as Charlevoix has been coming along strong after being upset by E. J. in their first game of the year. East Jordan has greatly improved in their last two games. The first game starts at 7:15.

## Physically Handicapped Persons Have Opportunity To Rehabilitate Themselves

The hard-of-hearing child who is having trouble in school is seldom identified as having a hearing difficulty, but is often falsely accused by parents and teachers of being stupid, inattentive, or stubborn, according to Staal Butler, Supervisor of the Deaf and Hard of Hearing, Office of Vocational Rehabilitation, Dept. of Public Instruction, Lansing.

Speaking before the Rotary Club in East Jordan, Tuesday noon, Jan. 11, Mr. Butler also mentioned the plight of uneducated adults in Michigan who cannot hear, lip read, talk, read, write, or use the sign language of the deaf and therefore have no means of communication.

The speaker entertained the Rotarians with stories of the deaf and hard of hearing. He closed with a demonstration of the sign language of the deaf in which he gave Leigh Hunt's "About Ben Adhem" in both signs and words.

The program was in charge of John Smith. The speaker was introduced by Roger Moon, 130 W. Front St., Vocational Rehabilitation Office, in Traverse City.

### CARD OF THANKS

We wish to acknowledge the many acts of kindness and expressions of sympathy on the part of our friends and neighbors after our recent loss.

3x1 Mr. and Mrs. Floyd Scott

## New 1949 Chevrolet on Display at A. R. Sinclair Sales

A. R. Sinclair, of the A. R. Sinclair Sales has just returned from Detroit where he attended a dealer meeting and preview of the pace-making new 1949 Chevrolet passenger cars.

The new cars will first be shown to the public at the dealer's showrooms here on, Saturday, Jan. 22nd. Plans are completed for making Chevrolet announcement day a gala affair for this area.

At the Regional Dealer Pre-showing, the local dealer was joined by approximately 800 other Chevrolet dealers from this region. They were entertained at luncheon and witnessed a colorful pre-showing of the dramatic new Chevrolet for 1949.

Officials of the Chevrolet Motor Division explained the features of the new car, and outlined plans that have been made for announcement day and afterward.

"The new Chevrolet marks a high point in the development of modern styling and beauty," said A. R. Sinclair. "I know it is going to be accepted enthusiastically by our customers, and will continue the Chevrolet tradition of leadership in the field. We are looking forward to announcement day, because I know that prospective Chevrolet buyers will be as eager to see the new Chevrolet car as I was."

## Regular P. T. A. Meeting on Wednesday, Jan. 26

The next regular meeting of the local P. T. A. will be held Jan. 26 at 8:00 p. m. in the High School building.

This promises to be a very worthwhile meeting and every adult in the community is cordially invited to attend.

Mrs. Wilbur Robinson, who has been engaged to serve as school nurse for this community, will outline her plans for carrying out her work.

Mr. Dan Devine, who will serve this community during the summer, will discuss his plans for a recreational program. An opportunity will be given for questions after each of the talks.

Music will be furnished by the Girl's Trio under the direction of Mrs. Drapeau.

The Room Mothers will again serve a lunch in the Home Ec. Rooms. This lunch period provides a splendid opportunity for visiting with neighbors and your children's teachers.

## Nice Weather — What?

While other sections of the county have been experiencing very destructive blizzards and sleet storms, East Jordan has enjoyed a very open winter.

We have had more days of sunshine and several degrees higher maximum average than any Jan. during the 20 years of weather records. Jan. maximum has averaged 28 degrees through the years, while the average for the first 18 days this year has averaged 35.4 degrees.

Although we had a high of 50 within the week, this is not the highest Jan. temp. on record. On Jan. 26, 1944 we had a high of 54, and in Jan. of 1939 and 1929 we had a high of 48 and in 1932 a 49 degree temp.

Within the week we had a high barometer of 30.8, which in the winter with clear skies should mean a low temp. of zero or below — although we had about 20 degrees above. Tuesday evening the barometer fell so rapidly you could almost see it move—and look what we got Wednesday. Although we may not like blizzards, the ground moisture is below normal and a foot or more of snow would be welcomed by agricultural people.

## Ordinance 71

AN ORDINANCE PROHIBITING THE SALE OF INTOXICATING BEVERAGES ON ELECTION DAYS WITHIN THE CITY LIMITS OF EAST JORDAN, MICHIGAN.

THE CITY OF EAST JORDAN ORDAINS:

It shall be unlawful to sell intoxicating beverages within the city limits of the City of East Jordan, Michigan, on Primary and General Election days until after the polls are closed.

This ordinance shall be declared to be effective thirty days after its adoption: February 17, 1949.

Adopted by the Common Council of the City of East Jordan on the 17th day of January, 1949, by an aye and nay vote as follows: Ayes: Rebec, Nowland, Griffin, Clark, Malpass. Nays: None.

Marvin R. Benson, Mayor  
Thelma M. Hegerberg, City Clerk

## Center Stage Association

NEW SUMMER THEATER HAS ADDED SUPPORT

The organization of a Center Stage Association to further the efforts and act in an advisory capacity to East Jordan's new summer theater Center Stage, is announced by Barney Milstein, President of the Association.

Both summer and winter residents have joined in the organized group to work with Center Stage in promoting drama in this area. Membership in the Association now totals 78, according to Mabel Secord, Sec'y-Treas.

The American National Theater and Academy, of which Center Stage is a member, pronounced the first Center Stage season here as highly successful. Productions were a decided tourist attraction in East Jordan, and brought drama to many people who had never before had the chance to see Broadway plays.

The new Association held their first meeting Jan. 12 for the purpose of electing officers and directors. They met again Tuesday evening, Jan. 18, with members of the East Jordan Chamber of Commerce, to explain the purpose of the Association and discuss general promotion plans. President of the Chamber of Commerce, Geo. Secord, pointed out that at the last meeting of the C. of C. votes were cast 26 to 2 in favor of keeping Center Stage in East Jordan, and extending an invitation for them to return with the summer theater in '49.

Memberships will be open to those who are interested in furthering the theater movement, until Mar. 1st, it was announced. Directors Lief and Loren, of Center Stage, have expressed the desire to include the names of Association members on their programs during the coming season. There are no dues set for the organization. Members have made individual pledges from \$2 to \$100 for the purpose of absorbing the \$500 deficit of Center Stage's first year of operation, and to give them a clean slate for the '49 season.

Other officers of the Center Stage Association are: Vice-Pres., Mrs. Marshall Acker and Mrs. Melvin Sweet and, the following Directors: Wm. Shepard, Wm. Bennett, Jean Bugai, Mrs. Howard Porter, Mrs. Wilbur Robertson, Franklin Stucker, Vern Whiteford, Mrs. John Porter, Harry Watson, Roy Jenkins, Tom Breaky, Ben Clinkson and Ted Dawson. The officers, Center Stage Directors Lief and Loren, and public relations director, Doris Huckle, will also serve on the Board.

## Notice of South Arm Township Primary Election

To the Voters of South Arm Twp.—

The biennial Township Primary Election will be held, Monday, Feb. 21, 1949, at the Township Hall. The following Twp. officers will be voted on:

Supervisor, Twp. Clerk, Twp. Treasurer, Commissioner of Highways, two Justices of Peace (full term 4 years), one member Board of Review (full term 4 years) and Constables.

The candidate receiving the greatest number of votes shall be placed on Ticket No. 1. The candidate receiving the next highest number shall be placed on Ticket No. 2.

The polls of said Primary Election will open at 1 p. m. and will close at 6 p. m.

Candidates for office must have their petitions filed with the Twp. Clerk on or before, Tuesday, Feb. 1. Not later than 4 p. m.

Persons who are not registered and wish to vote at the Primary must register on or before, Tuesday, Feb. 1st, 1949.

I will be at my home, Tuesday, Feb. 1st, the last for registration.

Lawrence Addis  
2-2 Clerk of South Arm Twp.

## Auto License Plates Available to Everybody

Many people have the impression that they must have an application blank from Lansing to get their license.

This is not true. Although the State is mailing out applications, they may not get to you in time.

All you need is the title — or if a truck, you may need a weight slip and title.

The above misunderstanding has slowed up the sale of plates. So if a lot of you do not get yours soon — then a lot of you are going to stand in line a little later to buy plates.

Only 32 more shopping days until Mar. 1st.

## Golden Gloves Contests Staged at Boyne City Jan'y 24 - 25 and 27th

With 46 entries already received, the Northern Michigan Golden Gloves Tournament to be staged at Boyne City, Jan. 24, 25, and 27 is now ahead of the entries of the previous two years since the tournament was revived after the war.

Winners at the Boyne City tournament will be sent to the state finals at Grand Rapids with all expenses paid by Ernest Peterson Post, No. 228, American Legion.

Entries from Charlevoix, East Jordan, Petoskey, Traverse City, Manistee, Gaylord, Grayling, Cheboygan and Boyne City will compete for the team honors with Petoskey and Traverse City having the largest delegations of fighters.

## Rumors Often Delayed

Annual reports of hunting law violations, factual and hearsay varieties, are tumbling into the law enforcement division of the conservation department, and as usual with meager supporting evidence or simply too late.

Good sportsmen, conservation-minded farmers and urbanites as well as a few disgruntled individuals dispatch letters to the division asking it to do something about the illegal slaying, buying and selling of deer and similar violations.

In an alleged deer law violation, the story is usually backed with a tale of a dead doe hanging in a barn. By the time the story is told to a conservation officer or a message is sent to the division, the incident, if a valid case, is weeks and sometimes months old. The time to do something effective about a bonafide game law violation is at once so that the officer can check the case before the evidence is destroyed.

Most common reports of violations which are received at this time of year, according to E. E. Tucker, assistant chief of the department's field administration division, are: individuals offering to sell deer, shooting of deer before and after season, head-lighting, and occasional commercial killing of large numbers for downstate sale in restaurants.

## The March of The Dimes

GOES INTO ITS SECOND WEEK IN CHARLEVOIX COUNTY

As the March of Dimes swings into its second week, an appeal is again being issued to all citizens of Charlevoix County to lend their every support toward this drive these last few days. We must remember that March of Dimes Funds are used not only to help those whom polio may strike this year, but we still have to meet the continuing cost of care and treatment of boys and girls stricken in prior epidemic years, and to insure that there is no interruption in scientific research for a cure and preventive of the disease.

January 24-31 is National Theater Week for the March of Dimes Campaign, and the Temple Theater of East Jordan is cooperating as in previous years. The picture for this year's campaign is "No Home Is Safe" with Margaret O'Brien making an appeal to theater goers. Following the showing of this picture the audience will be given the privilege of contributing to the March of Dimes.

None of us can afford to take chances with a possible polio epidemic this coming summer. But all of us can afford a dime or a dollar toward the assurance that we will be ready should infantile paralysis hit Charlevoix Co. this year. Watch for the canisters on display in many stores throughout the county! We ask every one to give more to the March of Dimes this year. Only by giving more can we expect to accomplish more. Certainly there can be nothing more important to any one of us than the health and well-being of our children. Remember too, that "No Home is Safe."

AN APPRECIATION

Many and many thanks to all my friends and neighbors who have been so thoughtful and kind during my recent illness and also for the beautiful cards, flowers and visits I received while in the hospital.

## Chevrolet's 'Balanced Design' Adds Beauty and Comfort

Progressive streamlining of the 1949 Chevrolet is in this view of the Styleline De Luxe four-door sedan against a new Martin 202 passenger air-liner. Notable in the roomier, lower cars is a balance in design that adds greater comfort and driving ease as well as smart appearance.

## The School Bell

**FIRST Grade — Mrs. Stokes**  
 Diane Dougherty is back after having chicken pox. Amber's mother stopped to see us Monday.

Duane's mother visited us on Thursday. We plan to play the story of "The Three Bears" for assembly on Friday.

**FIRST and SECOND Grades — Adeline Bowerman**

Our first graders have completed their third pre-primer. This week we are having fun reading other preprimers with vocabularies similar to that in our basic texts. Our second graders are trying to read more skill in silent reading. We have definite questions to find the answer to and at the end of our study a comprehension quiz helps us check ourselves.

This week we began a study of courtesy. We have listed several topics which we will discuss separately, then try to put into practice. These include courtesy to our parents, courtesy at home, politeness at the table, courtesy at school, in the classroom, in the halls, gym, and on the playground. Courtesy to teachers, schoolmates, at church, in the library and other public places. Courtesy is largely the result of habit formation, so cooperation in the home to help

## MICHIGAN Motoring

Winter-time in Michigan means a wonderful play-time for youngsters of all ages — with skating, and tobogganing leading the many outdoor sports. Your children need this outdoor exercise and relaxation—it's good for them! But it's up to you and every parent in Michigan to make sure that it's not a danger time!

Caution your youngsters to skate or toboggan only in areas set aside for those purposes. Caution them to STAY OUT OF THE STREETS . . . make them understand why they should never hitch that toboggan to the back of an auto to be towed over streets!

The driver of an auto which is towing youngsters is just as much of a potential murderer as if he placed each one of the children before a firing squad! icy streets — snow — winds — all make winter driving difficult — these weather hazards might swerve that toboggan in front of another car — they might make that entire group "invisible" to another driver.

Make sure that your youngsters will come back from that skating or tobogganing trip alive—caution them — discuss winter safety with your own children and with all their friends.

Practise winter safety yourself — your good example might save the life of your child — or your neighbors!

develop these traits is desirable.

### SECOND Grade — Agnes Johnston

In one of our language classes last week we told about a pet we have at home. Many interesting stories were told by the children. We liked the name David Damoth gave to his new puppy. He named him "Tweeter."

We drew snowmen for the covers of our spelling booklets. We found that by using colored chalk on black paper many attractive pictures could be drawn.

Robert Detloff, Darlene Bennett, Patty Porter, Anita Petrie, Gary Redner and Eleanor Meyers had six perfect spelling papers for their booklets.

Mrs. Johnston read to us the story "The Big, Big Zoo" last week. We thank Carolyn Stokes for bringing us such an interesting story.

Paul Bowen had a birthday last Friday. He was 8 yrs. old. We enjoyed drawing a birthday picture for him.

John Hughey is back in school after having the flu.

### SECOND Grade — Cora Seiler

The boys and girls who have been out with sickness are all back again.

We have a new member, Paul Hibbard, who came from Bangor, Maine.

We had a spell down last Friday, using all the words we have learned to spell so far this year. There were six who could not be spelled down: Kay Robinson, Karen Jackson, Joe, Pienta, Perry Bennett, Paul Hibbard and Jackie Kraemer.

The girls in our grade are making a patchwork quilt for their dolls.

During our gym period we play games and try to play basketball. We hope to have a game between the country team and the town team.

### THIRD Grade — Jessie Hager

Mrs. Bustard, Linda's mother, visited our room one day last week.

Donna Warner moved to Harbor Springs.

We are learning a new song and a dance.

### FOURTH Grade — Helen Galmore

We got several new books from the State Library. We got a stereoscope and some stereographs. They are about Africa and places around Africa. — Deanna Derenzy

Mr. Darbee is going to show a movie in our room that he took of their trip. Cal is telling us about his trip. It is very interesting.—Sharon Hayes

In our Weekly Reader there was a nice story about "America's First Airplane." It has just come back from England where it has been for about 20 yrs. It will be put in a museum in Washington, D. C. — Joanne Bader

We are going to have a gym period from 1:30 to 2:10 starting Monday. The boys are going to have a basketball game. — Janet Malone

### FOURTH Grade — Elizabeth Elsen

Our attendance is much improved this week and we hope it will keep on that way.

We have been learning to write letters, to take simple dictation of a five sentence paragraph and some are still working with tables. Our spelling graph shows some improvement.

The side bulletin board is nicely decorated with snow scenes done by the class.

Friday we were entertained with 2 records from the State Library to supplement that subject.

### FIFTH Grade — Sadie Liskum

We are very glad to have a new globe. This globe rests in a cradle and there is nothing to interfere with our studying the polar regions.

We have a gym period once a week now. The first part of the period is spent playing with basket balls and the last part in rhythms.

The children are gathering stories of pioneer life in and around East Jordan.

### FIFTH Grade — Elizabeth Dhasleer

Ralph Wycoff brought in a Calif. newspaper showing pictures of the Rose Bowl parade. Many of the floats were covered with roses.

We elected our new class officers Friday. They are: President, Eddie Reuling; vice-president, Ralph Wycoff; and Sec'y, Kay Klooster. The officers change once a month to give everyone practice in handling meetings.

Our side bulletin board is begin-

ning to look nice with all the sports figures cut out of colored paper.

We have been reading how to find materials for reports and now we are doing just that. We are using tables of contents and indexes of books and encyclopedias to find our material. Then we are putting it in proper order by use of outlines. After that it isn't hard to give our talks. In finding our material we have found that all books do not agree on certain subjects.

### SIXTH Grade — Alma Larsen

Robert Darbee is back with us again. He had a very nice trip to Calif. and gave us an interesting talk on Monday morning.

Shirley Shaw had a birthday Jan. 5 and entertained some friends at her birthday party.

Beverly Flora is back to school after having the chicken pox.

We made winter sports scenery for our bulletin board.

We plan to sing two songs for assembly on Friday.

We are writing conversations in English class.

In arithmetic we are writing fractions as decimals then working problems, first with fractions then with decimals.

### PENINSULA

(Edited by Mrs. Emma Hayden)

Only 13 at Star Sunday school Jan. 16th.

Mrs. M. MacDonald spent Thursday afternoon with Mrs. F. K. Hayden.

Lots of rain Saturday to melt the snow. It's something unusual not to see snow in Jan.

Mr. Ora Robinson hauled logs to Griffin's mill Tuesday and Wednesday from the Frank Hayden farm.

Ken Russell is having a well driven on their farm. The new Crane well machine from Charlevoix is doing the work.

About 50 attended the party at Star school house Saturday. There will be another in two weeks weather permitting.

Mr. Claude Stanley was on Peninsula last week with Rawleigh Products. He resided on the Peninsula some time ago.

Mrs. P. A. McKinnon is spending the week with her sister-in-law, Mrs. Richard Beyer. She is improving rapidly from a lingering illness.

Mr. and Mrs. F. K. Hayden and 4 youngest children spent Sunday with their parents, Mr. and Mrs. R. M. Beyer, and brother, Herman.

Mrs. Clayton Healey visited her husband at the Munson hospital in Traverse City Thursday and Sunday. He is there for observation and treatment for a foot ailment.

A surprise party was held at the home of Mr. and Mrs. Chas. Looze Wednesday evening, the occasion being the birthday anniversary of Mrs. Looze. Progressive Pedro was played and refreshments were served.

Thirty-seven years ago Henry B. Harris, the prominent Broadway producer drowned in the sinking of the Titanic. His widow, Renne Harris, now asks readers to help her decide if she did the right thing by leaving the ship without him. Read "Did I Do The Right Thing?" in the American Weekly, the great magazine distributed with Sunday's Chicago Herald-American.

### AN APPRECIATION

I wish to express my sincere thanks to all my friends and relatives for the many cards, letters, and gifts of flowers, fruit and candy while I was confined to the hospital with pneumonia and my shut-in weeks at home.

## Rural Tele-news

**NIPS TROUBLE IN THE BUD**—Special equipment in the telephone central office tells the approximate location of cable trouble miles away. A tone is sent out over the wires. Then a repairman out on the line moves an electrical instrument called a "Cable Bug" along the cable until he no longer hears the tone. Right at that spot he opens the cable and finds the trouble. Another example of how fast and economical methods have been developed to do difficult telephone jobs.

**ASTRONOMICAL FIGURES**—To serve its customers, Michigan Bell has some 6,000,000 miles of wire and 822,000 telephone poles in Michigan. The wire is equal to 25 single strands stretched from here to the moon. The poles, if "planted" 40 feet apart, would form an "orchard" of 7,548 acres. Money for poles, wire and other equipment needed to provide service comes from folks who invest a part of their savings in the telephone business and expect a fair return on their investment.

**RURAL-LINE SERVICE IS WHAT YOU MAKE IT**—The quality of rural-line service rests in the hands of those who use it. It can be good service if everyone shares the line . . . spaces out calls . . . surrenders the line when others have emergency calls to make . . . hangs up the receiver carefully after each call.

**No Greater Prophet**  
 Lesson for January 23, 1949

"OF ALL the characters in history, which one do you admire most?" We know how Jesus answered that interested question.

He had a great array of personages from whom to make his selection. But he took as the Great Man of all time, up to his own generation, no heroic figure from the past, no king, general, scholar or prophet. The greatest man, for Jesus — or at least one so great that he could think of none greater — was one of his own contemporaries, a cousin of his who was in jail at the time when Jesus said of him, "Among those born of women none is greater than John." Known to us as John the Baptist, that is, John the Baptizer, we seldom realize either his greatness or the close connection between his life and that of Jesus.

**John of the Jordan**  
 WE DO not know how much Jesus himself owed to John. We do know that John was the man who first called the public's attention to Jesus. John it was who gave some of Jesus' most important disciples their first training; John who introduced to Jesus, and turned over to him, some of his own followers. It may be significant too that Jesus' first preaching was identical with that of John (compare Matthew 3:2 and 4:17).

Some Christian scholars have gone so far as to suppose that it was John's preaching that stirred the young carpenter from Nazareth to leave his shop and begin his great work as teacher.

Whether this is so or not, we do know that it was the baptizing by John which led to the baptism of Jesus, and that Jesus' baptism was the turning-point between Jesus' private life and his short and stormy public career. It is quite clear that if there had been no John the Baptizer, the story of Jesus would have been very different from what it actually was.

**Only a Voice**  
 JOHN'S own picture of himself is not a picture at all. When they asked him to say what he was, and half-expected him to declare that he was the Messiah, the long-looked for King, John said only, "I am the voice of one crying in the wilderness."

John, so far as we know, never accepted dinner invitations, he was never under the roof of any friend, and he had no roof of his own. People even called him demon-possessed, he was so far removed from ordinary life.

But Jesus was always in people's homes. That is one reason why the greatness of John fades before the greatness of Jesus, for a Voice makes a poor companion. Jesus had the human sympathy that John lacked, and John well knew this. "He must increase, but I must decrease," he said.

**Repentance: Seed and Fruit**  
 NEVERTHELESS the Voice spoke truth. John must have been a powerful preacher, for his meetings were held miles from the nearest town, so that to reach him from Jerusalem one would have to travel through wild country infested with bandits. Few modern preachers, without benefit of advertising, music or choir, without even a tent, would dare to start a revival meeting 15 rough miles out of town. But John did — and the people came in crowds. We do not have the full report of his preaching that we have of the preaching of Jesus, but we do know that he broke the hard crust of his listeners' conscience.

He made them see how unfit they were for the Kingdom of God for which they prayed; he broke down their pride till they went down to the Jordan and were baptized under the open sky, in public confession of their sins.

When men asked him, What shall we do? John did not have the fuller, higher message that Jesus later had. But he did make plain two things about the good life, the life that pleases God: it cannot even begin without repentance and confession of sin, but it does not end there. Repentance is not a simple granite milestone on life's way; it is a seed which if it is real will bear fruit.

**This little pig stayed home!**

This little pig will never go to market. Curly, that's his name, was farrowed in freezing weather and he just couldn't take it. The odds were against poor Curly because my boss hasn't got an Electric Brooder. Otherwise, I could have saved Curly. As it is, if he survives, he'll just be a runt—an ugly duckling piglet.

Of course, from now on things will be different, because the farmer that hires me, discovered a brooder is easy to build and only needs one or two 100-watt heat lamps. He's getting an electrically heated hog waterer, too; that solves the winter water problem . . . and, shucks, the extra work is easy for me and don't amount to a row of beans on my wage card.

WEEKLY NEWS ANALYSIS

# Truman Proposes Keeping Pledges In State of Nation Congress Talk; Mercy Killing Has Public Support

EDITOR'S NOTE: When opinions are expressed in these columns, they are those of Western Newspaper Union's news analysts and not necessarily of this newspaper.

CONGRESSIONAL LEADERS PARLEY—These are the men who will chart and develop legislation to implement the Democratic party's platform pledges. Shown in a pre-congress opening conference are, left to right, President Truman; Rep. John W. McCormack (D. Mass.) house majority leader; Sen. Scott W. Lucas (D., Ill.), senate majority leader and Speaker Sam Rayburn (D., Texas.)

## CONGRESS:

### Big Order

In calm unhurried manner, President Truman outlined to the 81st congress his legislative proposals. To the surprise of no one he asked legislators to enact virtually every recommendation he made during his election campaign. He called for more taxes, authority to restore economic controls, a broad program of social legislation.

Along with corporations, individuals in the middle and higher-income brackets would share in the task of providing the four billion dollars more annual revenue which Mr. Truman says the government must have.

These are the major recommendations made by the President in his "state of the union" message:

**INFLATION**—Widen government control over bank and consumer credit, exports and transportation allocations; extend and strengthen rent control. Grant authority to regulate commodity speculation, allocate scarce key materials, control certain wages and prices, if necessary.

**TAXES**—Raise four billion dollars additional revenue for the government, mainly by taxing corporations, but also by boosting estate and gift taxes; consider increasing income taxes for the middle and upper pay brackets.

**LABOR**—Repeal the Taft-Hartley law and re-enact old Wagner act—but with bans against jurisdictional strikes and secondary boycotts and some provision for avoiding strikes in general industry. Boost minimum wage from 40 to 75 cents an hour.

**BUSINESS**—Strengthen anti-trust laws by closing loopholes that permit monopolistic mergers and consolidations.

**FARM**—Use price supports to keep farmers at a fair income level.

**OTHERS**—Extend social security; set up systems of pre-paid medical insurance. Aid state educational systems. Pass same civil rights proposals made to 80th congress. Push power flood control and navigation projects on the rivers. Maintain armed forces "sufficient to deter aggression." Pass universal training legislation.

## MERCY KILLING:

### Has Advocates

Euthanasia, a euphemism for "mercy killing," gained important support in New York state where hundreds of Protestant and Jewish religious leaders petitioned for legislation legalizing the practice.

**THE QUESTION** has agitated humanitarians and sociologists for centuries and there are many cases on record where mercy killings have been committed. Despite legal barriers and penalties, the record in such cases, for the most part, shows that juries are inclined to look with some leniency on the person who kills another to put him or her "out of his misery."

On an appeal to the emotions alone, much convincing argument for euthanasia may be presented. But, considered from all other angles with individual rights, possibility of criminal intent and other such factors involved, the practice could become highly dangerous.

The New York group advocating the measure included 379 Protestant and Jewish ministers of the Empire state, the largest group ever publicly to advocate euthanasia. The practice is now punishable as murder in all the 48 states. The petition was sent to every member of the New York legislature.

## NEED SHERLOCK HOLMES

### Thief Makes off With Pound Notes

British authorities would be very happy had the renowned Sherlock Holmes been real and available, since the country was facing two aggravating and puzzling problems. Someone had stolen several sheets of one-pound sterling notes, amounting to approximately \$560, from the extraordinarily guarded bank of England printing works.

As an added poser, someone had been going around smearing

## New Star

Dorothy Malone, in typical Hollywood garb—that is for picture releases such as this—was the first film player to be accorded stardom in 1949. Warner Brothers, her bosses, elevated her to filmland's top pinnacle for her performance in the film "One Sunday Afternoon."

**THE MINISTERS'** petition, sponsored by the Euthanasia Society of America, declared that the "ending of physical existence of an individual at his request, when afflicted with an incurable disease which causes extreme suffering is under proper safeguards not only medically indicated but also in accord with the most civilized and humane ethics and the highest concepts and practices of religion."

The safeguards: The sufferer must submit a petition, duly attested by himself and his physician, asking for euthanasia. This must be presented to a court of records which will appoint an investigative committee of physicians. If this committee agrees, the court may permit euthanasia.

## CASTE SYSTEM:

### Officers Adamant

The superiority which many army officers feel and affect over the G. I. came graphically to light in Berlin. There, in the biggest American club in the city, U. S. enlisted men were barred—but German frauleins were admitted.

G. I.'s and civilians got hot as the proverbial two-dollar pistol. Enlisted men won a temporary victory when the board of governors of the club suspended the month-old ban pending a special meeting to thresh out the matter.

One lieutenant-colonel epitomized the officer viewpoint. Ninety per cent of enlisted men were all right, he conceded, but it was the other 10 per cent which caused the ban.

"THERE ARE 10 per cent of the enlisted men," he said, "who do not know how to behave." Then he added the clincher: "We don't want these enlisted barbarians with officers and ladies." Evidently possessed of the power of his convictions, he asserted he would resign from the club if enlisted guests were permitted.

Significant was the reaction of the German civilians. In effect, they asked if such tactics had any place in the teaching of democracy. As one employe put it: "The ban simply means that everybody in Berlin can come into the club except an American enlisted man. That is not our idea of being American."

stained-glass windows in the Wol-verhampton area of the Midlands. Circumspect, well-behaved Britons couldn't understand how anyone could do either of these reprehensible things.

An idea of how hard-to-catch may be the pound-note thief is provided in the fact that the money, stolen last summer, had only begun to circulate recently.

## HARMONY:

### Some Question

Congress was off to a rough start. The hope of general "harmony," expressed by President Truman and some congressional leaders, grew dim at the start.

Republican Senator Vandenberg charged Democratic colleagues with violating the spirit of bipartisanship in foreign affairs.

Committee assignments provided the spark which set off the blast of discord. When the Democrats decided to take eight of the 13 seats on the foreign relations committee, the Republicans cried "foul" and uttered their protests.

Senator Vandenberg, who will be replaced as committee chairman by Senator Connally (D., Tex.) called it a "political decision." Senator Morse (D., Ore.) was less restrained. He charged that the "implications are that the Democratic party proposes to play politics with war and peace."

Democrats denied any partisanship, claimed they were entitled to more seats because they have a bigger majority than the Republicans had.

Vice-President Barkley regretted the "controversy." He told reporters that the bigger Democratic majority will in no way affect the bipartisan course of the committee.

## CHINA REDS:

### No Comment

"The winners tell the funny jokes—the losers holler 'deal!'"

But the apparent winners in China's civil war weren't saying a word, and the nationalist government's peace offensive appeared stalled against a wall of Communist silence.

From the government side came a rising tide of clamor for a truce and a negotiated settlement. The Communists, who have been winning, continued to say nothing.

Nanking reported growing anxiety among Chinese who had predicted quick Communist response to Chiang Kai-shek's New Year offer to mediate. It was predicted that the Red answer, if and when it came, would be a demand for the government armies to lay down their arms.

In Peiping, a group of delegates to the national assembly sent the Communist leader a message urging an immediate cease fire order because, they said, "the people cannot endure further suffering."

Meanwhile, American position, as indicated by two statements, seemed uncertain, or divided. Vice-Admiral Oscar C. Badger, commander of U. S. naval forces in the western pacific, denied rumors of a withdrawal of "American forces from China." He declared

the rumor was based on reports the marines had terminated their lease on Shantung university campus where they maintain their barracks.

## "Wishbone" Magic

Puzzling over the amazing power of a chicken wishbone—that's going to make someone's fondest wish come true—are movie stars Dan Dailey and Celeste Holm. The trio call attention to the nationwide "Wishbone Contest" being sponsored by the Poultry and Egg National Board.

## WISHBONE:

### Send It In

Perhaps you've never thought about it, but there must be a particular reason you like chicken every Sunday. Now, if you'll only think about that reason, tell it to a judge, and it happens to be declared the best submitted, you will find your fondest wish coming true.

THERE IS a big "Wishbone Contest" going on in these United States and the national prize is the granting of the winning contestant's own "most-desired" wish. The contest is sponsored by the Poultry and Egg National Board of Chicago, and the only requirement is that a chicken wishbone—a real one—must accompany each entry. Anyone in the United States is eligible for the contest.

Contestants must write, in fewer than 100 words, their reasons "Why I like chicken every Sunday." They can send entries in the form of an essay, limerick or slogan—but each entry must be accompanied by a real chicken wishbone and the contestant's "most desired" wish.

THREE REGIONAL winners will receive a trip to Hollywood to witness the final judging at a gala chicken-dinner celebration. During the Hollywood stay, the regional winners will be honored at the "wish-bone premiere" of the movie of "Chicken Every Sunday."

### JANUARY 16, 1909

The new school building is practically in readiness, only awaiting the arrival of the blackboards. Miss Jessie Severson of Manistee, who had charge of the Primary department here for several years has been engaged by the School Board to take charge of the First grade.

Last Friday evening the Beulah Home boys, in charge of the founder and manager, H. L. Swift, took possession of East Jordan, at Loveday Opera House. They gave an entertainment of merit to a large audience. At the close of the entertainment a subscription was taken which amounted to something over \$400.00 together with a quantity of provisions, clothing, etc.

At the home of the brides parents, Mr. and Mrs. A. M. Murphy, Wednesday, occurred the marriage of Miss Anna, to Peter Nasson of Eveline Twp.

Wm. H. Webster is organizing a class in violin music.

Arrangements are being made by the G. A. R. to celebrate the one-hundredth anniversary of the birth of Abraham Lincoln, which occurs on Feb. 12.

Fred Whittington was at Grand Rapids and other places this week in the interest of Wilhelm & Monroe Contractors.

The Roundup meeting of the State Farmer's Institute for Charlevoix Co. will take place at East Jordan, Jan. 26-27. Elaborate preparations are being made for this meeting. H. L. Olney is local manager and the meeting will be held in the Electric Theatre building.

## BOWLING

St. Joseph's continue to set pace in the Merchants league by taking Brock's Turkey boys 3 points. Rev. J. J. Malinowski being high with 524 and Ray Dubas helping the cause with 509. Wally Peacock was high for the losers, having 507.

Ed Nemecek was high man for the night, shooting 220-169-213 for 602, and aided the cause of the Postoffice team which managed to eke out a close win in the third game for three points from Thorsen's Lumber-Men. Charlie Dennis was high for Thorsen with 449.

The Cannors continued their winning ways as did Norm's Tavern, each taking three points from Monarch & Ellsworth Electric respectively. For the second straight week Burl Braman was tops for the Canning Co. with 501 while Bob Smalley had 512 for Monarch. Spin Cihak led the Tavern team with 528, and Skinny Edson was tops for the Electric's having 469.

Dick Hamerski and Chris Taylor were again tops for Cal's this week, but instead of losing three they reversed the cards and took 3 points from Hillman's Insurance. As a result Hillman's are the sole owners of that not so cherished spot, the basement.

The Bankers and Recreation shared 2 points each, with Greg Boswell shooting 567 for the Bank and Abe Cole getting 536 for Recreation.

The standings:—  
St. Joseph ..... 50 22 794  
State Bank ..... 41 31 821  
Ellsworth Electric ..... 40 32 744  
Thorsen's Lumber ..... 39 33 750

**WITH THE ANTRIM COUNTY AGR'L AGENT**  
W. Kirkpatrick, Extension Agent  
**OSTRANDER NEW DISTRICT 4-H CLUB AGENT**

Quentin Ostrander of Cheboygan has been named the District 4-H Club Agent for Antrim, Kalkaska, and Crawford Counties. He replaces Orville Walker who resigned in Aug. to become County Agricultural Agent in Kalkaska and Crawford Counties.

Mr. Ostrander has had many years of experience in Club work as a member and leader and was a member of the winning National Dairy Demonstration team in 1940. Quentin was born and raised in Cheboygan Co. and it is interesting to know that much of his Club work was done during the years Mr. Walker was District Club Agent in that County, in fact, Mr. Walker trained the Dairy Demonstration team of which Quentin was a member.

After completing High School Mr. Ostrander worked in Alaska for the U. S. Engineering Dept., building Air Bases. He later served 3 1/2 years in the Army in Alaska, Philippine Islands and Japan. He graduated from Mich. State college in Dec. 1948. He is married and has one child. They are making their home in Kalkaska, Michigan.

### LARGE GROUP ATTENDS ANNUAL SOIL CONSERVATION DISTRICT MEETING

The fourth annual meeting of the Antrim County Soil Conservation District was held Wednesday, Jan. 12, at the Bellaire Community Hall with over 200 people in attendance.

The largest group ever to attend one of these meetings witnessed the viewing of W. G. Kirkpatrick's European tour. Mr. Kirkpatrick brought out the fact that the farming equipment in those countries visited is far behind that in use by the farmers of our communities. He also stated that some of the reasons for these conditions are due to the small acreage of land owned by each farmer. Every acre of available land is utilized to its fullest extent and very intensive methods are used since in some countries there is only one-third of an acre of land for every man, woman and child as compared to 2.5 acres per capita in the United States. He warned us that unless we start taking better care of our soil we will be facing a similar situation in a few years to come. His movies and narration were greatly enjoyed by those attending this meeting.

An election was held to fill the vacancies caused by the expiration of the terms of two directors, Walter Petrie and Frank Hoopfer. Bryce Vance of Echo Twp. was elected to fill the position vacated by Walter Petrie, and Frank Hoopfer was re-elected.

Walter Petrie was one of the first directors elected to the Antrim Soil Conservation District and has served in this capacity for nearly five years as chairman of the Forestry Division. Walter was instrumental in setting up line out beds at the Central Lake County Garage, the Tom Colter farm and the present bed located on the Glade Berg farm three miles W. of Bellaire.

Following the election approximately 150 people gathered in the dining room for a bountiful pot luck dinner. Ice cream and coffee were furnished by the District Directors.

### COUNTY AGRICULTURAL AGENT SHOWS BUSY YEAR

The County Agricultural Agent report to the Board of Supervisors listed much work for the year 1948. During the year 3,065 persons made personal visits to the office and 5,343 telephone calls were received. 236 news articles were prepared by

the office for circulation in the Co. newspapers.

14,989 personal letters were written by the agent and 84 circular letters totaling approximately 15,000 pieces were prepared and mailed from the office.

588 farm visits were made by the agent. A total of 203 meetings were held or attended by the agent during the past 12 months. 133.4 days were spent by the agent in the field and 121.3 days in the office. In addition, 7 weeks were spent by the Agent out of the country while on the European tour in May and June.

Extension work in Antrim County is made available through the joint efforts of the Federal, State and Co. Governments.

### Fish Shanties Must Have Owner's Name and Address

Conservation officers are calling the attention of ice fishermen to the law requiring that all shanties must be marked with owners' names and addresses.

The law states: "All structures and shelters placed or used on the ice shall be identified on outside with name and address of owner in letters of insoluble material not less than two inches high to be readily seen. All such structures shall be removed before ice conditions become unsafe."

Under the law the department may remove and store or destroy such structures and assess the costs of same to owner in addition to penalties which may be assessed for violation.

### Stumps Continue To "Stump" Many

Are you "stumped" by the stumps? Many farmers are. And if you take the word of Geo. Amundson, Michigan State college agricultural engineer who has made some study of land clearance, there is just no real easy way to rid land of stumps.

Every now and then someone comes along with a new recipe for chemical treatment and burning of stumps. Reports from tests made at the University of Illinois show that using any one of many compounds did not make stumps burn much better.

In other words, even the experts are still being "stumped" by stumps.

Silence is deep as Eternity: Speech is shallow as Time.

### ELECTRIC CLEANERS SAFE FOR NEW RUGS

If you're one of the homemakers who believes that no electric cleaner should ever touch a new rug or carpet—here's news for you.

You can use a cleaner on your rug from the very first moment it's laid on your floor. There will be no ill effects advises Ruth Peck, Michigan State college home economist. This information is based on recommendations from the American Institute of Carpet Manufacturers who have good reason to want you to be satisfied with the wear your rug gives you.

A new rug or carpet will "fluff" to a certain extent because there are short fibers left in the pile when the yarn is cut. These gradually work loose, but this does not injure the life or quality of your rug. It will stop as soon as loose fibers have been removed.

Occasionally during the early life of your rug or carpet a tuft may protrude above the surface. Never try to pull this tuft out, as you may injure the fabric. Instead, clip the tuft close to the pile, with sharp shears.

Your new rug or carpet may also have a spot where several tufts are missing. Tufts may also be damaged or removed in service. When this happens, and when the areas are small, the tufts may be replaced by sewing in the proper colored yarns. The store from which you bought the rug will be glad to help you with this problem.

Carpets frequently receive much wear in one or two spots, such as in front of a favorite chair or near a doorway. While a carpet is new, plan to protect it against such localized wear. Use scatter rugs or reverse the rug in the room.

### POULTRY RECOMMENDATIONS

Quite often folks write to the Poultry Husbandry Department of Michigan State college for information on what breed of chickens they should raise. In answer to these questions, Prof. C. G. Card, head of the department has this to say . . . if you're going into broiler production you can't go wrong with White Rocks, New Hampshires, and Barred Rocks. Some of the cross breeds are good too . . . as to the best bird for a combination of laying and meat, Card notes that the White Leghorn is a fine layer, but due to its light weight is discounted on the market as a meat bird. He says the Rhode Island Red, the New Hampshire, and the Barred and White Rocks are good layers and also produce a nice carcass.

## CHEVROLET

is the only car bringing you all these fine-car advantages at lowest cost!

### YOU'LL PREFER ITS "LUXURY LOOK"!

Chevrolet's new Leader-Line Styling is lower, wider, racier . . . with new Dyna-Cool radiator grille, Single-Sweep front and rear fender treatment, and fixed-sa-rocket lines all around . . . by far the most beautiful development of the new "functional form" for motor cars.

### MORE BEAUTIFUL FROM EVERY ANGLE!

The new Beauty-Leader Bodies by Fisher (with push-button door operators outside) are true masterpieces by the master builder of fine coachcraft . . . with superb lines, extra-fine upholstery and a wide variety of alluring colors . . . much more beautiful from every angle—inside and outside—front, side and rear.

### MORE ROOM AT EVERY POINT!

The new Super-Size Interiors featuring extra-wide "Five-Foot Seats," give you plenty of head, leg and elbowroom as well as extraordinary seating space for six full-grown passengers; and you'll also notice that the giant rear decks have what amounts to "trunk room" capacity.

### SEE ALL! ENJOY ALL!

New Panoramic Visibility, with wider curved windshield, thinner windshield pillars, and 30% more window area all-round, permits you to see all and enjoy all, and to travel in maximum safety.

### THESE ARE CARS THAT "BREATHE"!

Yes, you'll enjoy the additional pleasure of riding in a "car that breathes," for a completely effective heating\* and ventilating system supplies warm air to every nook and corner of the interior—shales stale air—and keeps glass clear in all weather. \*(Heater and defroster units optional at extra cost.)

### THE NEW RIDE'S A REVELATION!

A vastly improved Unitized Kne-Action Ride, combined with new direct-acting airplane type shock absorbers, front and rear, and extra low pressure tires, gives the stability, smoothness and road-safety you have always wanted.

### THERE'S ONLY ONE WORLD'S CHAMPION ENGINE

You get the finer results of Chevrolet's sturdy Valve-in-Head Thrift-Master engine in all Chevrolet models . . . together with all of Chevrolet's money-saving economy of operation and upkeep . . . and this is the world's champion engine for miles served, owners satisfied, and years tested and proved.

### JUST COUNT THE COMFORTS!

Push-Button Starter for simplest, easiest starting; Hand-E-Gearshift with Synchro-Mesh Transmission for maximum shifting ease; and Firm Foundation Box-Girder Frame for ride-stability and road-steadiness unsurpassed in the Chevrolet price range.

### STOP MORE SWIFTLY AND SAFELY!

The new Certi-Safe Hydraulic Brakes give even faster stops with safety . . . and assure the highest degree of effective braking action for you and your family.

### YOU'LL SAVE MORE MONEY, TOO!

This new Chevrolet is designed, engineered and built to speed your pulse and spare your pocketbook, for it brings you all these and many other important improvements at the lowest prices and with extraordinary economy of operation and upkeep.

### Plus NEW CENTER-POINT DESIGN!

A remarkable 4-way engineering advance exclusive to Chevrolet in its field, and consisting of Center-Point Steering—Center-Point Seating—Lower Center of Gravity and Center-Point Rear Suspension gives the new Chevrolet riding and driving results without precedent or parallel in low-cost motoring. That means a new kind of riding ease and a new kind of driving ease heretofore reserved for owners of more expensive cars. Remember—only new Center-Point Design can give you all these finer motoring results; and only the new Chevrolet brings you Center-Point Design at lowest cost!
