EAST JORDAN, MICHIGAN, FRIDAY, FEBRUARY 24, 1949

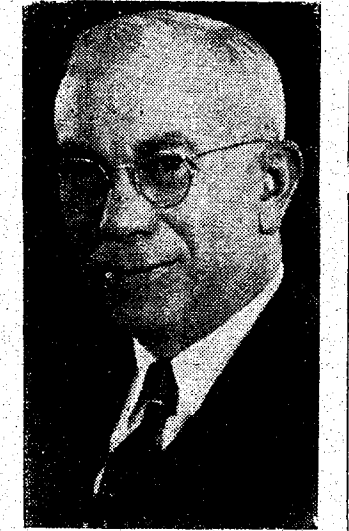

NUMBER 7

Ten Counties to be Represented

AT REPUBLICAN RALLY, BOYNE CITY, FEB'Y 24

The Charlevoix Republican County Committee will be host to visiting Republicans from ten counties on Thursday evening, Feb. 24, at a banquet honoring Chas. M. Ziegler, State Highway Commissioner. The affair will be held at the Dilworth Hotel, Boyne City, at 6:30.

Commissioner Ziegler will deliver the address of the evening. It will be broadcast over the Cadillac, Petoskey, Alpena and Traverse City radio stations. It is expected that Ziegler

CHARLES M. ZIEGLER

will document the success of the state highway department under the past six years of Republican administration and justify its continuance in the Republican fold, as well as to analyze the situation which confronts the Republican party on April 4th and urge aggressive action.

Invitations to the rally have been sent to Republican organizations in Emmet, Cheboygan, Alpena, Antrim, Kalkaska, Grand Traverse, Montmorency, Otsego and Presque Isle counties. Both men and women are invited. Advance reservations would be appreciated by the Charlevoix committee and should be addressed to Harry Jennings, Boyne City. Tickets will be \$2.00.

BOWLING

February 14, 1949

With a big 916 starter Cal's Tavern team added 815 and 840 to score a shut out over the Monarch Finer Foods. Dick Hamerski was the big gun for the Tavern team with a 209 finisher for 577. Bob Smalley was tops for the Monarch team with 498.

Other teams to score four points were Brock's Turkeys and Hillman's Insurance, taking the Recreation and Postoffice respectively. Ole Hegerberg subbing for Brock's was high scorer for the Turkey boys with 542, having 215 with 162 and 165. Hank Ruis topped 542 for Hillman's while Jay Hite and Barney Adair were high for the losers, Jay having 472 and Barney 582 on games of 171-212-199. The Bankers powered their way to a three point win over Thorsen's, aided by the consistent shooting of their anchor man, Greg Boswell, who had the top series for the night, breezing along on games of 209-214-210 for 633. Bill Bennett and Charlie Dennis finished with 201 and 212 to score their lone win.

Ellsworth Electric slowed the St. Joseph team down but were only able to collect 2 points, losing the first game by 3 pins and the third by 12 pins, as Jim Lilak had 529 for the Saints and Herb Peoples had 520 for the Electric team.

Norm's Tavern team and the Canning Co. also split, the Cannners coming from behind to win the last game and total pins. John Atkinson led the Canning Co. team with 526 and Joe Wilkins was tops for the Tavern team shooting 550 with 215 starter.

The Standings:

St. Joseph	61 27
State Bank	52 36
Canning Co.	47 41
Thorsen's	45 43
Ellsworth Electric	45 43
Brock's Turkeys	43 45
Cal's Tavern	43 45
Norm's Tavern	42 46
Postoffice	41 47
Hillman's Ins.	39 49
Monarch Fine Foods	36 52
Recreation	34 54

In the first of three Sundays of Mixed Doubles, Jay Hite and Thora Kotowich teamed up to win the honors with a whopping big series of 1299. Thora scoring 464 and Jay 547 coupled with a handicap of 288. Second place went to Judy DesJardins and Ted Ager, who had 1288. Other winners were Betty and Greg Boswell, 1243; Doris and Bill Huckle, 1240; Judy DesJardins and Chris Taylor, 1240; Donna and Andy Anderson, 1238; and Louise and Joe Bugai, 1238.

Chamber of Commerce Elects Board of Directors Wednesday Evening

The East Jordan Chamber of Commerce held its annual meeting and election of officers Wednesday, Feb. 16, at Andy's Duck Inn.

Election of Board of Directors resulted as follows: Al Sinclair, Bill Taylor, Doris Huckle, Lysle Johnston, David Pray. These Directors will meet and appoint a President and Secretary-Treasurer.

Doris Huckle, chairman of a committee for the E. J. C. of C. that planned to give the wives of the Judges of Michigan a trip down the Jordan, stated that beyond presenting the idea to the hostess, Mrs. Charles Brown, nothing further was accomplished.

Moved by Vern Whiteford, supported by Merrit Shaw, that the East Jordan C. of C. give the Center Stage their moral support.

The subject of a Fourth of July celebration was discussed and "cussed" at great length. It was finally moved by Vern Whiteford, supported by Ed Reuling, that East Jordan have a one-day celebration.

Harold Bader moved that every East Jordan businessman be invited somewhat strongly to participate in the Fourth Parade. This was supported by Merrit Shaw.

Kalkaska having given up the National Trout Festival, it was voted to have the Sportsman's Club informed of the same. This is something that East Jordan could capitalize on if action is taken before some other nearby city grabs on to it and we lose it.

South Arm Grange To Hold Open Meeting This Saturday Evening

South Arm Grange will have an open meeting at their hall this Saturday evening, Feb. 19th, at 9:00 p. m. Mr. Rebman, the Co. Agent, will be present with a soil conservation program and pictures. Pot luck lunch at close of meeting. Everyone is cordially invited.

There were sixteen members of South Arm Grange at Grass Lake Grange last Thursday evening to see the 4th degree. We were all entertained with dancing. A birthday party supper was served at the close of the meeting. Everyone had an enjoyable time.

Six More Soil Groups Organize

CHARLEVOIX COUNTY NOW HAS EIGHT GROUPS

At the last meeting of the Board of Directors of the Charlevoix Soil Conservation District six more groups of farmers send in applications to receive assistance from the District. Two groups from south of Charlevoix — one group was from Walloon Lake — one group was from Horton Bay — and two groups were from East Jordan. This now makes a total of eight groups of farmers who are interested in Soil Conservation work in Charlevoix County.

It is expected that the farm planner will be stationed in Charlevoix County sometime during the fore part of March. The farm planner will meet with these groups as soon as possible and lay ground work for a soil and water conservation plan. It is suggested by Guy Springer, District Supervisor of the Soil Conservation Service, that the first groups that go through this course of instructions should include each one of the directors. The purpose of this is to inform the directors about the operations of the Soil Conservation District.

Any other farmers who are interested are advised by Ed Rebman, Co. Agr'l Agent, to send in their applications as soon as possible. It must be realized that every group cannot be first and that some will have to wait their turn. But it is hoped that everyone who applies for assistance will receive some help during 1949.

The Board also, at this last meeting, passed a resolution to make farm planning assistance available to the farmers at Beaver Island. It must be remembered that a total of 24 votes, all in favor of establishing a district was reported on Beaver Island. They therefore should have some help in this program. The date has tentatively been set that the farm planner will go to Beaver Island the first week in May. Ed Rebman, Co. Agr'l Agent also expects to go to Beaver Island at this time so a combination of extension work and soil conservation work can be carried on.

Ed Rebman, County Agr'l Agent.

The husband eyed his wife over the hotel dinner table in puzzled surprise. "That's a beautiful necklace you're wearing, my dear," he said. "Yes, isn't it, darling?" replied wife. "I found it in the back of your car."

School Community Nursing

NURSE ROBERTSON OUTLINES SOME OF THE WORK TO BE DONE

I am now occupying the old office in the grade school building. Everything is not as I hope it will be some day in the future. But I am happy to be here and I hope the students and teachers are happy too.

My first day at school has been very interesting. I have observed how many students are coughing, sneezing and blowing their noses. We have all been taught that when we have colds it is better to stay at home, away from public places and people. Children are not as careful as grown ups about covering their mouths and noses when sneezing and coughing. They are in close contact with each other, therefore, before we realize what is happening, we have an epidemic on our hands. A common cold can become much more than just a cough and runny nose if it is not taken care of properly. Pneumonia can very soon follow on the heels of a cold. Here are some rules to follow when a child in your family has a cold:

1. Keep child at home.
2. Put him to bed.
3. Give him plenty of liquids to drink.
4. If the child is not better in 24 hours, call your doctor.

If we all observe these four rules, we will notice a marked decrease in the coughing and blowing of noses in school. Let's try it and see how well we can do.

Our program for the remainder of the year is not entirely lined up, but here are a few of the things we hope to do:

1. The latter part of Feb. we are planning on having a hearing clinic which will take in every student from the 2nd through the 12th.
2. March 7-8th Dr. Litzenger will be here for physical exams for several grades.
3. April, we plan to patch test all seniors for tuberculosis. Any suspects will be sent to have x-rays before graduation.

Our program takes in many things. We are still trying to work out some program so the students can benefit by the new flourine treatment, to prevent tooth decay. As yet our plans are not completed on this project but hope to iron out some of the difficulties soon.

If at any time I can be of assistance to any parent, student or teacher, I will do all I can to help in any way. I hope the students will feel free to come to me with any questions they have.

Several mothers have asked me how they can contact me. We hope to soon have a phone in the office, but until that time you will have to call the high school office if you cannot come to school to see me.

ELIZABETH ROBERTSON, R.N. East Jordan Community Nurse.

United Fund Drive Now In Operation

The Michigan Heart Ass'n., with 18 other agencies belonging to the United Health and Welfare federation, is making an appeal for funds from the people of Michigan this week and next.

Heart and blood vessel diseases, according to statistics, killed more than twice as many persons in 1947 as were killed in battle in U. S. Armed forces in World War II.

Cancer was the next greatest killer, with 189,280 persons in the United States dying from it in 1947. More than 7 million persons suffer from arthritis and other rheumatic diseases.

These are just a few of the maladies being studied and treated by various health agencies and services now asking for help through a united fund drive.

Welfare agencies who are also seeking aid include, among others, USO, which provides entertainment for more than 100,000 veterans in 112 hospitals across the country, as well as providing recreation centers for servicemen; and the Child Welfare League of America, which coordinates activities of public and private organizations responsible for the protection and foster care of dependent and neglected children.

In Charlevoix Co., portions of the drive budget have also been allotted to the Michigan Children's Aid Society and the Salvation Army. Solicitation for funds in East Jordan is being handled by a special gifts committee which is contacting businessmen and door-to-door canvassers, who are visiting homes.

Better is half a loaf than no bread. Smooth runs the water where the brook is deep. A yawn may be bad manners, but it's an honest opinion.

County C. of C. Met Last Wed.

BARNEY MILSTEIN RECEIVES UNANIMOUS VOTE FOR PRESIDENT

The Charlevoix County Chamber of Commerce met at Cal's, Wednesday, Feb. 9, with 35 present.

Attendance was as follows: Boyne Falls, 3; Walloon Lake, 3; Ironton, 3; Charlevoix, 8; Boyne City, 9; East Jordan, 9. Those from East Jordan were: Past Sec'y-Treas. George Secord, David Pray, Al Sinclair, Barney Milstein, Marvin Benson, Earl Clark, Keith Dressel, Paul Lisk.

Meeting was called to order by President Harry Jennings of Boyne City. Sec'y-Treas. George Secord read the minutes of the last meeting. Election of officers then took place. A unanimous vote was cast both for Barney Milstein as President and Don Feagan of Ironton for Secretary-Treasurer.

The following directors were also elected: Al Sinclair, East Jordan; Pete Bennett, Ironton; Arthur Burgeon, Charlevoix; Larry Curtis, Boyne City. Boyne Falls and Walloon Lake directors will be appointed later.

Adolph Smith of Boyne City brought up the proposition of a 55 mile Smelt Dipping Derby, and the County C. of C. voted to hold same. Object was to start smelt dippers on one of the county streams, dip smelt for so many minutes, go to the next stream and dip a certain length of time, and so on for approximately 9 streams. The winner to receive a prize. The Conservation Commission is to be contacted to iron out the difficulties that were expected to be encountered.

A highlight of the evening was when the matter of a toll charge on the Ironton Ferry was brought up. Al Burgeon of Charlevoix, a member of the ferry committee of the Board of Supervisors, gave an informative talk on the same. He states that at present the ferry costs amount to between \$8,000 and \$9,000 per year, and the ferry is rapidly running the County into the hole, so to speak, financially. Because of rising costs of fuel, labor, etc. He feels the Board made a mistake in voting too high a toll and plans to rectify the same soon.

Other difficulties encountered are that the Federal government wants two men on duty at all times, while the ferry has been getting by with one. This will double the wages paid, which at present do not average more than 65¢ per hour, 9 hours per day, 7 days a week, 9 months of the year. In 1947 the ferry accommodated 72,000 cars, in 1948, 66,000 cars. Perhaps a third of these cars would be eliminated by charging a toll. The Board feels that the taxpayers of the county should not be compelled to pay for someone else's pleasure. In the summertime fully two-thirds of the cars that cross the ferry on Sundays are from Emmet County.

At present, the county ferry committee of the Board of Supervisors operates without pay. The Board of Supervisors claims it doesn't know what the public wants until it acts on some matter and then all they hear is loud objections. They would be more than glad to have representatives of the various county organizations to present their views before matters of such importance come up instead of after.

Red Devils Chalk Up Another One

DOWN GAYLORD 33-23. TEAM PLAY AGAIN ACCOUNTS FOR WIN

East Jordan's Red Devils chalked up another victory Tuesday night, when they downed Gaylord 33-23. A last quarter rally broke up a tight, closely fought ball game that had the fans on the edge of their seats. Team play again accounted for the victory.

Last Friday E. J. defeated Kalkaska 36-32 in another thrilling battle. Kalkaska has an excellent record this year, but hot shooting by the Red Devils provided them with one of their few defeats.

Friday, the team is at Harbor Springs and the following Friday is home against Pellston in the last game of the season.

Tuck Thompson came up with a bone bruise on his elbow after the Gaylord game and may be lost for the season.

IN MEMORIAM

Shubrick — In loving memory of our dear mother who passed away two years ago, Feb. 15, 1947. God called her home It was his will; But in our hearts She is with us still. Being sadly missed by Her children and grandchildren.

5c and 25c Toll Set For Ironton Ferry by Special Ferry Committee

The Special Ferry Toll Committee met with the Charlevoix County Road Commission, Monday, at Charlevoix.

The oft-debated question of tolling the Ironton ferry resulted in the following tolls to be charged: Cars — 15¢ per crossing, book of 20 tickets \$2.00. Trucks — 25¢ per crossing, book of 10 tickets \$2.00.

The special ferry toll committee is composed of Howard Stephens, Barney Milstein, George Haggard, Fal-mox Brudy, William Sanderson, Clarence Meggison.

No special rates other than the above were made, although there is a possibility of special rates for Eve-line Twp. residents for election day only.

Lewis A. Hoyt Laid To Rest

WAS AMONG THOSE WHO MADE EAST JORDAN WHAT IT IS

The death of Lewis Adrain Hoyt, Monday, Feb. 7, 1949, at Huntington Woods marked the end of an era in the history of East Jordan. He was the last of a group of men who, through persistent thought and energy, transformed a crude lumber town into a city of pleasant home with cultural backgrounds.

Mr. Hoyt was born near DeKalb, Ill. Aug. 26, 1861, one of a family of seven boys and one girl. The family moved to Chicago in 1878.

In the spring of 1880 Mr. Hoyt came to Muskegon where, on Oct. 12, 1885 he was united in marriage with Lida Kneale, a native of Rochester, N. Y.

In 1890 the family came to Traverse City where they stayed a year. May 1, 1891 Mr. Hoyt came to East Jordan to check on a position as lumber inspector with the East Jordan Lumber Co. The nearest railroad station was Boyne Falls and he and some salesmen were driven across by Gene Burdick of Boyne Falls. Forest fires were raging, with smoke so heavy it was necessary for the men to cover their heads with blankets. Mr. Hoyt was so discouraged with the surroundings that he vowed, if he lived until morning, he would return to Traverse City, even if he had to walk. However, things looked better the next day and shortly afterward the family was brought here and made East Jordan their permanent home. Mr. Hoyt remained in the service of the Lumber Co. for 41 years, retiring in 1932.

In 1902 he was elected village president; was re-elected in 1903, 1904 and 1905; served as a village trustee in 1910 and 1911; and was, for many years, the treasurer of the school board.

He was a member of East Jordan Lodge No. 379 F. & A. M. being a life member.

In 1922 he was elected a Ruling Elder of the First Presbyterian church of East Jordan. His was a deep, abiding faith in the care of the Heavenly Father. Twice during his lifetime he escaped a violent death.

The day the Red Mill blew up in 1892, Mr. Hoyt was absent from work on a business trip. Again when the launch Lady Margaret, was run down and sunk, Sept. 12, 1903, and five men lost their lives, Mr. Hoyt was one of the nine survivors. They were taken to Charlevoix from where he phoned his wife: "Well, I'm here, but I don't know why."

The answer may be found in the devoted care he gave her during her later years of invalidism, before her death Aug. 22, 1947.

Six children were born to them, all of whom are living: Mrs. Harriet Jones, Plymouth; Mrs. Marjorie Wells, Dearborn; Mrs. Anna G. Durant, Wilmington, Del.; Mrs. Emma Lou Russell, Detroit; Miss June Hoyt, Huntington Woods; Carroll - Hoyt, Iola, Kansas. Five grandchildren and three great-grandchildren also survive.

Services were conducted by Rev. C. Sheldon Hastings at the Presbyterian church Saturday afternoon, followed by burial at Sunset Hill.

Bearers were Howard Porter, Howard Taft, John Sellar, Walter Davis, Alfred Rogers and Barney Milstein.

Relatives here for funeral were: Mr. and Mrs. Don Jones, Detroit; Mr. and Mrs. Arthur Wells, Dearborn; Miss June Hoyt, Royal Oak; Mr. and Mrs. Richard Durant, Wilmington, Del.; Mr. and Mrs. Geo. Russell, Detroit; Mr. and Mrs. Carroll Hoyt, Iola, Kansas; Dr. and Mrs. Jos. Hoyt, Detroit; Miss Shaw, Royal Oak.

Owl: Solemn sun-dodger... so famous he is listed in Hoo's Hoo. Maybe the reason that older people are quiet is because they've got a lot more to be quiet about.

Minstrel Show Coming Again

AT E. J. H. S. GYM, FEB'Y 23-24, AUSPICES ROTARY CLUB

The Rotary Minstrels are coming again, this time Wednesday and Thursday, Feb. 23-24, at the E. J. H. S. Gym.

With rehearsals going into the final stages, the presentation is taking on a polish that positively glitters — and if the end men can remember their lines 'till curtain time, it will be a great show.

Out of town interest in the event is mounting, with requests coming in from Traverse City, Petoskey, Boyne City and Mancelona for flocks of seats to accommodate visitors from these clubs... who, we suspect, are out for a good laugh at the local club's expense. Tickets in East Jordan are now available and may be obtained from any member of the Rotary Club. Vern Whiteford is chairman of the ticket committee... it is our advice to get yours as soon as possible to assure an advance seat.

Remember the dates, Wednesday and Thursday, Feb. 23-24, and make your plans now to attend this gala event.

Auxiliary Initiates New Members, Tuesday

The Auxiliary of Rebec-Sweet Post No. 227 had an initiation of new members last Tuesday evening, Feb. 8th, at the Legion Club rooms with the Ellsworth Auxiliary as our guests.

First there was the initiation of the Tiny Tots and Jr. Auxiliary with the candlelight ceremony. Then the initiation of new Auxiliary members.

We then had our business meeting with selection of committees for our Valentine party, which was Saturday night.

We also decided to quilt a quilt to be raffled off at a later date. Any Auxiliary member wishing to work on this quilt is welcomed up to Vesta Chhak's at any time, where the quilt is set up. A special night has been set also, which is every other Wednesday night. The next date being Feb. 23rd. Forms of entertainment were also discussed for our joint meetings.

From Nothing To Something

CHERRY FRUIT INDUSTRY NOW LEADS IN THE STATE

During the past 100 years the cherry fruit industry has grown from nothing to the leading fruit industry of Michigan. During the past year with cherry tree plantings of over 3 million trees, the harvest of canning or pie cherries amounted to over 125,000,000 lbs. of fruit.

According to Lawrence O'Neill, Chief of the Bureau of Agr'l Industry of the Michigan Department of Agr'l, and Acting Sec'y of the Michigan Cherry Commission, the harvest showed 69,000 tons — the largest recorded tonnage ever produced in the state.

A hundred years ago there were only a few cherry trees planted by the early settlers; according to available records several acres were planted as commercial orchards in 1909 and 1910, but following World War I plantings of cherry trees had increased so the first recorded tin can cherry canning occurred in 1918. This was followed with a new venture by commercial freezing of barrels of pitted cherries in 1921.

Director Chas. Figy states that with this the cherry industry has not only become an important crop for the state but the annual supply of fruit after being processed is shipped to nearly every state in the nation and some exported.

To visualize its importance as a national crop, this year's big cherry harvest shows that 51 per cent of all the pie cherries of the nation was produced in Michigan.

It is very proper that Michigan take the lead in featuring Michigan's cherry industry during National Cherry Week — Feb. 15 to 22. The Cherry Growers of Michigan represented by the Michigan Cherry Commission, appreciate Governor G. Mennen Williams' interest in this important industry by issuing a proclamation for the state in recognition of National Cherry Week.

According to E. C. Van Sickle, Chairman of the Michigan Cherry Pie Baking Contest, 44 counties have held cherry pie baking contests and the contest involving the winners of all the counties, was held at Grand Rapids Feb. 11, at which time Miss Ruth Ann Lyons, of Howell, Livingston County, was crowned Michigan's 1949 Cherry Pie-Making Queen.

Eleven Immortals
Lesson for February 20, 1949

JESUS BELIEVED in prayer, but he did not usually spend all night at it. When he did, we may be sure he had something of the greatest importance on his mind. One of these occasions was the night before he selected the twelve men he called Apostles. He had thousands of disciples, crowds followed him wherever he went. But it was important to have a few with whom he could live as an intimate friend. So from the immense number of followers, Jesus selected twelve closest friends. Before that fateful morning no one outside their villages had ever heard of them. But now their names are known—and eleven of them are honored—around the world.

Jesus Multiplies Himself
A GOOD executive, Jesus multiplied his own personality. A recent book has shown how Harry Hopkins during World War II lived in the White House as Roosevelt's personal companion, having given up his own ambitions and living only to carry out the ideas of his chief. Without Roosevelt, Hopkins would have been little more than an inferior politician; and without Hopkins, many of Roosevelt's plans could not have been carried out. He enabled the president to be in two places at once. So it was with Jesus, as Mark tells us. Jesus wanted those twelve to be with him, and then to send them out.

He wanted these friends to know him as the crowds, and his enemies, never could know him. He wanted these men to absorb his ideas and ideals.

By continual contact, day by day and month by month, they would inevitably become more like him. Because of that, he could (and later did) send them out to do his work in places he could not reach. The word Jesus used for them was not his own invention; "apostle" was the word used all over the civilized world in those days for an ambassador, a personal representative of royalty. All Christians are in the "apostolic succession." If a Christian can truly say, "I live, yet not I, but Christ liveth in me," then he is, as these men were, Christ's personal representative.

Raw Material
THE ASTONISHING thing about Jesus' choice of these twelve is his faith in them. Of course they had faith in him—who would not? But who would have faith in them? There was not a single "outstanding" man in the lot. Not one had what we would call a college education, not a man of them had held public office or was rich or famous for anything at all. The officers of any modern church might shake their heads over them.

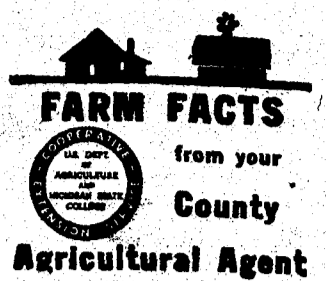

There was Peter, an ordinary fisherman, much given to profanity; there was Matthew, a crooked business man if ever there was one, for no publican could be honest and keep from starving; there was Philip, as stupid a man, as ever asked a foolish question; there were James and John, loud-mouthed (Jesus nicknamed them the Thunder Boys—"Sons of Thunder"), greedy fellows who could not be satisfied till they had elbowed their way ahead of everybody else; there was Thomas the born pessimist, the defeatist... What could have got into Jesus' mind to select such men?

—And Judas Iscariot
THE SECRET of Jesus' choice was this: He selected his men not for what they were or had been, but for what they could become, filled with his spirit, transformed by his friendship. It is so today, as always. The Kingdom of God needs men and women, but the raw human material found in or out of the churches is too shabby and weak to build anything like the kingdom of God. "Twelve immortals"—? Nay, but one is the immortal betrayer and suicide. Why? The reason was in Judas, not in Jesus.

The truth is that Christ will not force himself on any one, not even on an Apostle. Christ needs men, now, as he needed men then, to carry on his work in this world.

But, he wants volunteers, never forced labor. The Christ of Glory can be served by the humble; but the free Christ can be served only by free men with open hearts. Judas may keep his heart shut if he will; Christ never forces his way in.

"STATE CHERRY TREE SURVEY BEGINS FRIDAY, FEB. 18"

A survey of Michigan growers will be made during National Red Cherry Week to determine the number of cherry trees by age groups.

The cherry industry in Michigan has undergone many changes in the last few years. Production the last 5 years averaged 45 percent above the 1934-1943 average. The objective of the proposed cherry tree survey is to determine the trend in commercial plantings of cheerries; sour and sweet, and total on a county, district and State basis. Information on the percentage of trees falling into specified age groups is needed for the purpose of making an intelligent appraisal of the future trends in production. Such information, if available, would be used by growers in making decisions on new plantings or removals and in formulating future marketing programs. There is a need for more information on the average length of life of the average cherry orchard. The average length of life used to be considered 20-24 years and is now generally regarded as over 25 years.

The Michigan Co-operative Corp Reporting Service (U. S. Dept. of Agr'l, Bureau of Agr'l Economics and the Michigan Department of Agr'l, Bureau of Agr'l Industry) became aware of the growing demand for a cherry tree survey by age groups at the annual meeting of the Michigan Cherry Growers Association last June. Since that time the Crop Reporting Service has discussed the need with the Horticulture Dept. at Michigan State College, the Fruit Extension Specialist of M. S. C., District Horticulture Extension Agents, County Agricultural Extension Agents in fruit counties, and many cherry growers. From these discussions a schedule was prepared and plans made to conduct this survey under the Research and Marketing Act of 1946. The Crop Reporting Service now has the names of 2,850 Michigan commercial growers. These growers will be mailed a schedule along with a postage-free return envelope on Feb. 18, the first day of National Red Cherry

Week. Following the suggestion of some of the County Agents, extra forms will be mailed to their offices for those growers who might not be on the mailing list and who would like to report. The survey will be completed in March and the results published prior to blossom season, if possible.

Every cherry grower is urged to cooperate in this survey and make the report as reliable as possible. A final survey of the results of this survey will be sent to each grower who cooperates.

RED DANE ASSOCIATION

A total of 26 farmers met at Ellsworth and organized the Antrim-Charlevoix Red Dane Breeders Ass'n. These men signed up a total of 248 cows for artificial services. The Antrim-Charlevoix Artificial Breeders Ass'n will inseminate these cattle.

The officers and Board of Directors of this Red Dane Ass'n are as follows: Burr Blanchard, Charlevoix, President; Alfred Nelson, East Jordan, Vice-President; Robert Straw, Charlevoix, Sec'y-Treas.; John Peables, Charlevoix, Director; Joseph Pienta, East Jordan, Director. Anyone who is interested in this organization may contact any of the above Directors or the County Extension Office at Boyne City.

AGRICULTURAL ENGINEERING AND POULTRY MEETING

Don't forget the combination Agr'l Engineering and Poultry meeting that will be held Thursday afternoon, Feb.

We Remove Dead Animals

For Prompt Removal of Old, Crippled or Dead Horses and Cows

PHONE GAYLORD 123

"What!"
"Yep, it says she's been taking home economics."

London Psychologist Claims Pain Is Key To Mother-Love

LONDON.—Anesthetics may kill a mother's love for her baby, claims Dr. J. A. Hadfield, psychologist and lecturer in mental hygiene at London university.

Hadfield, believing that pain is the stimulus of the maternal instinct, wrote to the British Medical Journal suggesting that pain in childbirth may have a possible biological value.

He points out that Eugene Marais, South African naturalist, has maintained that pain is the key which unlocks the doors to mother-love in all animals—from the termite to the whale.

Where pain is negligible, mother-love and care are feeble, according to Marais, says Dr. Hadfield, and where pain is absent there is absolutely no mother-love.

Dr. Hadfield describes Marais' experiments on a herd of half-wild buck.

In 15 years Marais saw no instance of a mother refusing her young in normal circumstances.

One day, Marais gave six mother bucks an anesthetic during labor. In all six cases, the mother refused to accept the lamb of her own volition.

In four cases, Marais administered curare, by which consciousness was partly paralyzed but not destroyed during the labor. The mothers were in doubt for over an hour. Then three accepted and one refused the lamb.

To prove that the refusal was not due to the anesthetic itself, Marais let six mothers deliver their young normally, and immediately afterwards anesthetized them for half an hour.

In all cases the mother accepted the lamb immediately after she became conscious.

Dr. Hadfield adds this comment: "If these views are correct, they give support to those 'misguided' mothers who prefer to have their babies without anesthetic in order to suffer the pain, claiming that it gives them more love for their offspring."

Match, Dog and Boy Provide Excitement

PASADENA, CALIF.—A match, a home chemical set, a dog and a boy proved to be an exciting combination.

Let's start at the beginning: Darryl Nelson, 9, put a lighted match into a can he had been using for chemical experiments. The can blew up. Darryl's pants caught fire.

Mrs. Norman Nelson, the boy's mother, dashed to his aid. A neighbor's dog, excited by the blast, dashed to Mrs. Nelson and bit her on the leg.

Mother and son were given first aid treatment at Pasadena emergency hospital, he for burns and she for the bite.

The dog? Not a scratch.

Boy, 4, Fights Fireman To Turn in Second Alarm

DANBURY, CONN.—An unidentified boy, who appeared to be no more than four years old, had quite a time here.

He turned in a fire alarm from a box in the center of Danbury's congested factory district, bringing three fire companies to the scene.

After firemen arrived, he gave the alarm box hook another yank which brought out all of Danbury's fire fighting apparatus together with 150 firemen.

Fire Chief John A. McNamara said the second alarm was equivalent to a general alarm because of the nature of the area.

He also explained that the boy was able to reach the fire alarm box because "it was a low hanging one."

The boy turned in the second alarm, the chief said, while he was struggling in the arms of a fireman who saw him standing near the instrument.

"He slapped the fireman in the face with one hand and turned in the alarm with the other," the chief said.

During the excitement of apparatus arriving to answer the second alarm, the chief said, the boy disappeared in the crowd.

Collision With Pedestrian Restores Veteran's Memory

WICHITA, KAN.—Collision of two pedestrians on a street brought back the memory of one suffering from amnesia.

Calvin W. Tinsley, 23, a navy veteran of Davenport, Iowa, rushed into police headquarters to ask where he was. He learned he was 700 miles from home.

Tinsley told police the last thing he remembered was leaving his job with a construction company at Rock Island, Ill., near Davenport.

Searching his pockets, the youth found a list of unbought groceries, 24 cents in change and an empty billfold.

Tinsley's wife and parents telephoned that they were coming here for him.

He had been missing four days. The disappearance had not been reported to Davenport police.

The School Bell

KINDERGARTEN—Helen, Severance

We have missed Douglas Hayden, Chas. Gardner, Judith Kotalik, Francis Touchtone and Georgia Russett this week.

Mrs. Scott and Mrs. Craig were visitors in our room.

Mrs. Healey and Tommy made a beautiful Valentine box for our room. Mrs. Healey has sent so many pretty decorations for our room. We certainly appreciate them. Mrs. Gokee and Mrs. Scott planned a very nice valentine party for us on Monday.

FIRST and SECOND Grades — Adeline Bowerman

Many Valentines were stamped and dropped through the "out going mail" slot in our postoffice. It took several mailmen to help deliver the mail at our party. Edward Campau and Donnie Bowerman were guests at our party, and Mrs. Wm. Taylor, one of our room mothers, visited us. We would like to thank the mothers of Sandra Gibbard, Tony Martinek, Duffy Cihak, Hope Pardee, Lauren Donaldson and Billy Taylor for the very nice treats they sent for our party.

Earl Gee celebrated his 8th birthday, on Sunday, the 13th.

The second graders are very interested in their reading chart which it going to show each one his progress in comprehension and word mastery. In numbers this week we are reviewing counting by 5's and learning to tell time.

We are grateful to Duffy Cihak for bringing several records for us. We especially enjoyed "Little Black Sambo's Jungle Band" and his volume "The Nutcracker's Suite." Tony Martinek brought several records of nursery rhymes and stories and Don-

na Neumann brought two records about Superman.

SECOND Grade — Agnes Johnston
Many children were absent from our room last week due to illness.

We have completed our new spelling booklets.

In one of our art classes we made a basket for mother and father. Each one of us made a valentine for the basket.

Last Friday we had our party. We all received many funny Valentines. The refreshments consisted of apples and cookies and were furnished by Robert Johnson, Darlene Bennett, Jerome Chanda, Kenneth Crawford, Robert Detloff, Lanny Hott, Gary Redmer and Allen Shepard.

Special treats were provided by Carolyn Malpass, Patty Porter, and Bruce Healey. These treats consisted of beautifully decorated cookies in the shape of hearts, small individual cakes attractively decorated with pink and blue frosting, and candy suckers.

Paul Bowen brought a clever valentine bouquet for our room. It consisted of paper hearts arranged on pipe cleaners.

Mrs. Carl Bowen, one of our room mothers, visited our room Monday afternoon.

THIRD and FOURTH Grades — Marie Hughes

Our room had a very nice Valentine party last Friday. Everyone received many lovely Valentines and our refreshments were just right.

We are looking forward to playing Mrs. Galmore's children in a basketball game next Monday. Our team line-up is: Gene Richards and Chas. Kamradt, guards; Gerald Kent and Clare Crawford, forwards; substitute, Gerald Green and Alva Noiro, center.

The fourth graders are really enjoying their new readers, "Singing

Wheels". It describes early times so well in a most interesting manner.

A number of our children are absent because of illness: James Robinson, Buddy Knop, Neil Olstrom, Ernest Hayden, Gerald Kent and Sharon DeForest.

FOURTH Grade — Grace Galmore

We have put pictures of Abraham Lincoln on our bulletin board. We colored a house to represent the cabin in which he was born. We colored a flag by the house. — Milton Bulmann.

Judy Lilak brought Mrs. Galmore a big cake for a valentine. It had pink and white frosting on it. — Janet Malone.

Rachel Webster brought a book of all the presidents and how they reached the White House. — Sharon Hayes. We are giving reports about Washington and Lincoln. We get some reports from an encyclopedia and some from libraries. — Nancy Kidder.

Shelby McClure is sick. She has asthma. — Deanna Derenzny.

FIFTH Grade — Elizabeth Dhaseler

We had a valentine party and box last Friday. We had ice cream and cookies for refreshments.

The class members made up some poems about Lincoln and Washington and we recited them for assembly on Friday afternoon.

We have started the study of multiplication of fractions and mixed numbers.

Yvonne Rouse went to Flint for the week end. We especially enjoyed the movie on Arts and Crafts of Mexico. It showed our Mexican neighbors weaving, making pottery, blowing glass and making baskets. — Jane Jackson, reporter.

CLOSING TIME ON THE HERALD

All contributors of copy for your Charlevoix County Herald should endeavor to get same into this office as early in the week of publication as possible.

FRONT PAGE — All articles intended for the first page must be in the office by Tuesday night (6:00 p. m.) to insure publication.

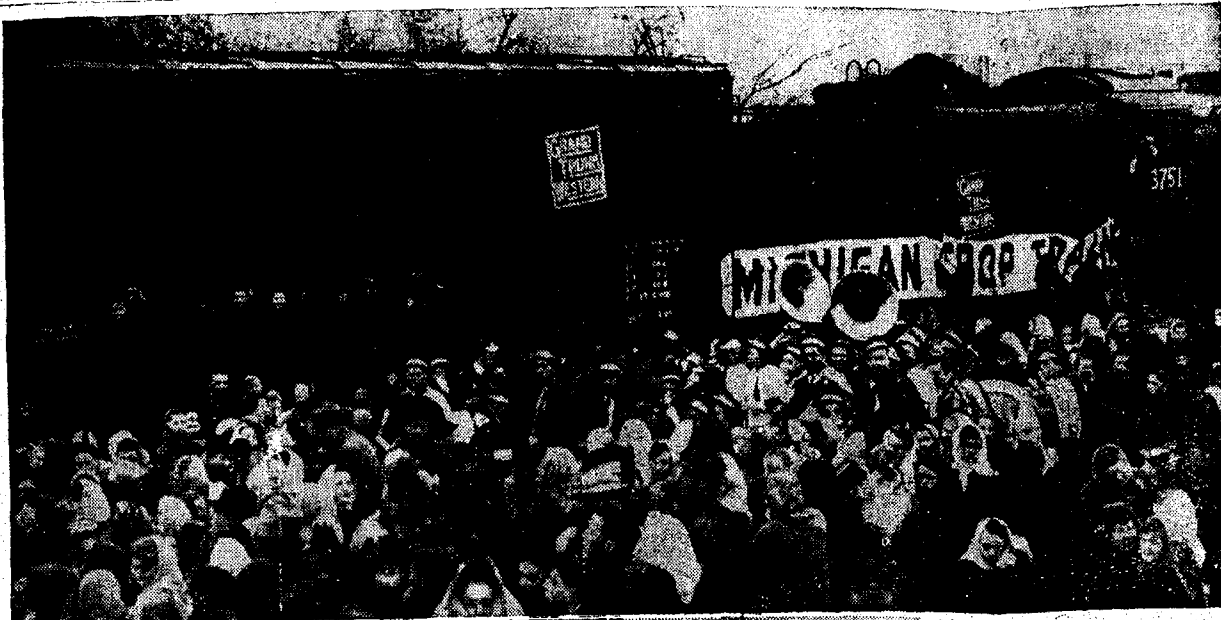

MAT SERVICE — Those having mats for casting MUST have these in the office Tuesday noon for the current week's issue.

LOCALS — Please phone your local items to No. 35-W where Mrs. Ida Kinsey — who covers these columns — will care for them. These should be in not later than 6 o'clock Wednesday night.

Your Herald publisher is endeavoring to get each week's issue in the mails on Thursday afternoons. Your co-operation in getting news and advertising copy in our hands as early in the week as possible will be greatly appreciated.

COME IN AND SEE OUR NEWLY DECORATED STORE!

TAYLOR'S WEST SIDE GROCERY

Crowds of well-wishers witness the dedication ceremonies at Durand for Michigan's official CROP train (top photo). In the lower photo, Grand Trunk Western Engineer Howard Dodge (left) is bidden godspeed by Dr. John A. Hannah, president, Michigan State College and chairman of the CROP drive; Fr. Bernard Beahan, Lansing diocesan director for Catholic Rural Life and vice chairman of CROP; Rev. L. C. George Daschner, executive committeeman for CROP representing Lutheran World Relief; Everett Young, executive committeeman for CROP representing Church World Service; and W. G. Armstrong, president of the Michigan Grange and state treasurer for CROP.

GTW "CROP" Train Set for Mercy Trip

Loaded with grain and other foodstuffs for the hungry people of the war-torn countries of Europe, a Grand Trunk Western freight train was started on its errand of mercy by officials of the Michigan Christian Rural Overseas Program recently. The 12-car train represented the 137 cars of food which have been raised on Michigan farms for overseas relief.

Dr. John Hannah, president of Michigan State College and chairman of the state CROP, praised the 11,000 people who "worked so untiringly on the campaign," as he stressed the need for food and food products in the European countries. Dedicatory ceremonies were held at Durand.

After his brief speech, Dr. Hannah and W. G. Armstrong, president of the Michigan Grange and state treasurer of CROP, climbed into the locomotive cab to act as honorary engineer and fireman. The "highball" was given by Ben J. Hennink, state CROP director, and the train was then taken over by GTW Engineer Howard Dodge, who guided it on the first step of its humanitarian journey.

Soil Testing Labs Set Up In Counties

The establishment of soil testing laboratories in about ten counties in Mich. is the result of increased interest by farmers and agricultural groups in soil testing in the last three years.

Kirk Lawton, soil scientist at Michigan State college, says that this is one of the best moves farmers can make since soil tests are necessary for a good soil fertility program.

The county soil testing laboratory provides a valuable service for the farmer or grower. The results of soil tests in the county agricultural agent. He is often familiar with the particular farm area tested and can interpret the tests and make soil management recommendations.

The sponsorship of these laboratories has been undertaken by local agricultural groups including the county board of supervisors, farm organizations, the soil conservation district, and local business and civic groups. The soil science department at Michigan State college assists in setting up the laboratory equipment and methods. Soil tests are generally made for acidity, available phosphorus, and available potassium. A slight charge is made to defray costs of labor, equipment and chemicals.

Lawton advises farmers who wish to learn more about a soil testing program to get in touch with their county agricultural agent.

Dear Editor:
What about the Youth of this town?

There have been many items written, but none as yet about a very important item, that of our youth, the future parents and businessmen of tomorrow.

To begin with there isn't one thing for steady entertainment for them. No roller skating rink, not a large enough ice rink and nothing in line of special entertainment. Speaking of ice rinks, we used to have a wonderful ice rink with Snow Queen selected, etc. It was all pretty exciting too.

There's no entertainment center for them at all and yet a good many set back and say, "My, isn't it terrible, the number of juvenile delinquents we have?" And yet what do they do towards making a place for the young folks to go and enjoy themselves with some good clean fun.

Here awhile back a building was built purposely for a Community Building so the youth might have a place of entertainment. What became of that idea?

Sure, we older folks have many interests, bowling, lodges, etc. But what about the young folks, what do they have to do? They could go bowling, but how many can afford it?

How about thinking good and hard about our young folks for a change, and see if there isn't something that can be done?

How about you young folks, how do you feel about it? Let's have some of your ideas too.

You older folks put yourselves in the teenager's place and ask yourself, "What will I do for entertainment?" Let's hear from other parents who have teenage children.

Wouldn't a project for the teenagers be worth spending a little money on, for their happiness, welfare and good of the community as a whole? It seems like it would be a pretty good investment, don't you think so?

— An interested parent.

Dear Editor:

Last week the President of the East Jordan C. of C. answered my "berating" letter of the week before. However the president of the East Jordan Rotary Club failed to come through, as did the C. of C. President. The writer of their weekly Rotary bulletin last week wrote in the same as follows: "You have no doubt read Curious man-on-the-street's blast at Rotary and Chamber of Commerce about what they have done, or better, have failed to do about the problem of year around employment. People who live in glass houses shouldn't

shoot — machine guns. Possibly, Curious man-on-the-street, or the organization to which he belongs, has done much to solve the problem, and if they have, we would like to hear some of their accomplishments. We too, are Curious . . . Rotary does something besides "Meet and Eat."

We apologize to the "Service above self" boys, they do something besides meet and eat — they also sing, and nine times out of ten listen to some outside speaker! On this particular week the Club invited in about a dozen East Jordan business men, some of whom had dropped out of the Club in the past. Why did they drop out? No doubt these men were invited for one basic reason — just plain drumming up new members. An organization that is really doing things for the city as a whole, and not just its own members, will have a standing line of business men wanting to be members. Why don't they try it and see? Remember, "Service above self!"

So much for the Rotary Club. Now for the Chamber of Commerce.

To Geo. we also apologize, we were wrong on the Boyne Mountain proposition, and we'll admit it.

In regards to winter sports he brings up the old song and dance, "it would have to be paid for by the townspeople", specifically referring to smelt fishing from fish shanties. Last Sunday for dinner we had a fine catch of smelt and perch from a fish shanty on South Arm. This fellow's catch averaged more per hour than the usual run per hour at Boyne City's world famed Smeltania. At present twice as many smelt per hour can be caught at Advance than at Smeltania. In fact even prominent citizens of our neighboring city laugh about Smeltania and call it a big hoax. But, it gets national publicity, lures hundreds of sport fans, and East Jordan gets — you said it — nothing. The C. of C. is suffering from lack of imagination.

In the next paragraph is the same old thing, "thousands of dollars and we'll go along." It's like the old song, "Hey daddy, I want a brand new car, champagne, caviar . . ."

We express our thanks for the figures on the amount of produce consumed by summer resorters. However a lot of the meat mentioned in his tabulation goes to market via the livestock auction route, and this brings us to the next paragraph, the one about the livestock sales barn proposition that was literally kicked out of town. Did you ever hear a fellow kick about something that was lining his pocket with money? This restaurant fellow you speak of would not kick about anything that would bring a large crowd within 50 feet of his back door. In fact, the city health officer ordered him to clean up his dump pile at the back of his restaurant, and finally, the City of East Jordan, at the taxpayers' expense, had to hire two men and a truck for one day to haul away his winter's accumulation. Who did you say was ready to run to the City Council?

It all sums up to this: The C. of C. likes to have you farmers spend your money here, but "would you please

leave your "compost" covered boots at the edge of town, along with your livestock." Although the buttermilk dryer and the cupola stink to the high heavens at times, they simply can't stawnd the odour of . . . "compost."

Don't know much about the Velvet Gum Co., although us kids used to crawl in their plant after it closed, and it wasn't long before their surplus production had disappeared. It was darn good gum too, as we've probably chewed at least 500 of their "left over" gum balls.

One thing we know about new industry is this: This writer was instrumental in preventing a fly-by-night Electronic outfit from hoodwinking the citizens of a nearby town into investing money in their outfit, and setting them up in business in a fine building in that town. One farmer near East Jordan would be tickled pink to get back about \$3,000 he had invested in this same outfit when it was in operation in still another adjoining city.

We ask what the C. of C. is doing about getting new business and he says right back "What is the East Jordan C. of C. doing about it?" That puts us right back where we started. We "didn't come here" to play parrot. That is "artful Dodging," with a capital "D". And for that you don't even get "D" — you get "E", not for "Excellent" either. Even the first grade teacher would give you "E", if you answered a question like that.

To sum the whole thing up, it appears like someone is running for the office of Sec'y of C. of C. at a salary of \$10,000 per year, and last week's letter was either a campaign speech or an excuse for not doing a job.

"Smeltania" costs Boyne City next to nothing, but it gets results. All that started it was a little imagination, plus 99 per cent ballyhoo, both of which cost nothing. Cooperation did the rest. Still the C. of C. president wants "thousands of dollars". Our advice to the newcoming C. of C. president, whoever he may be, is this: Show the people of East Jordan that you have imagination, can produce results, and then you'll get the "Thousands of dollars." Nobody — not even we — will give money to somebody to spend for them if they don't think it'll produce results.

—Curious man-on-the-street

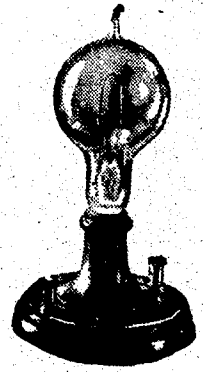

Rain was pouring down at the race track when an elderly man turned to his wife and said: "I decided not to bet on the filly, Galloping Gal. I hear she isn't a good mudder."

"Yeah?" piped up a little stranger standing nearby, a gent who had two bucks on the mare. "And wats her family affair got to do w'id it?"

Imagine people forgetting about money! Yes, millions of dollars in bank accounts and securities go unclaimed each year! For this fantastic, almost unbelievable story read "Forgotten Millions." It's in The American Weekly, the great magazine distributed with Sunday's Chicago Herald-American.

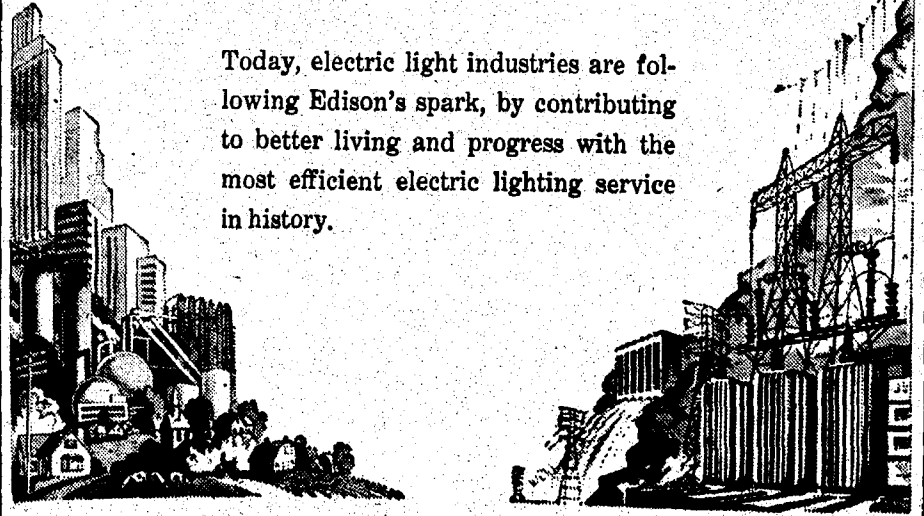

*He Lighted
Our Way to
Prosperity*

Tom Edison was born on the 11th day of this month. Just 70 years ago, he invented the first practical electric light . . . a light that shines today in cities and towns throughout the world.

Today, electric light industries are following Edison's spark, by contributing to better living and progress with the most efficient electric lighting service in history.

FEBRUARY 6, 1909

"The Girl From the West," a 4-act comedy-drama, will be presented at Loveday Opera House next Wednesday night, Feb. 10th, by local talent. The play is given under the auspices of South Lake Lodge No. 180, Knights of Pythias. Under the direction of Mr. Frederick Hoffman. Admission 25c-35c and 50c. Seats on sale at Macks.

In the effort to silence the oft reiterated statement that women do not want to vote, the suffragists of the United States are now engaged in securing signatures to a petition asking Congress to submit to the legislature of several states for ratification an amendment to the National Constitution which will enfranchise women. Mrs. James Howey has been appointed Chairman of Charlevoix Co. and would be glad to hear from anyone that is interested.

Lincoln's Centenary Anniversary exercises will be held at Loveday Opera House next Friday night.

Owing to the non-arrival of the Mackboards, the dedication of the new school building has been postponed a fortnight.

Att'y E. N. Clink, for his client, Andrew Berg, has commenced action against the village for \$5,000 damages claimed to have been received in a fall.

The horse attached to Muma's milk wagon took a side trip down to the red mill and other places, yesterday, and the way those milk bottles flew in the air would have made a trappish shooter envious. Milk fluctuated for awhile and the value of the wagon rapidly declined.

Miss Anna Menzie was in the southern part of the state on a short business trip this week.

Mrs. Minnie Friberg, with daughter, Miss Minnie, arrived from Big Rapids last week with their household goods, and the former's son and daughter, tailor A. W. and teacher Miss Martha, and are now nicely domiciled in one of the Glenn tenant houses north of the high school building.

One of the delightful social events was a birthday surprise party tendered Mrs. Dan. E. Goodman, Wednesday evening. About fifty of her friends assembled to help her celebrate the anniversary, and, upon departing, left a handsome pocketbook as a remembrance of the occasion.

M. A. Harper and family now occupy the Porter residence on Main Street.

Dr. F. C. Warne has gone to the Battle Creek Sanitarium for a period of rest from his professional duties.

FEBRUARY 7, 1919

The four-month-old daughter of Mr. and Mrs. Allen Bolser passed away at their home Monday.

A petition is being circulated for signatures asking that our present commission form of government be changed to a council form. The matter will probably go to the voters at the Spring election.

Edward Hall, 16-year-old son of Mrs. Katherine Hall, passed away at the home of his mother on the West

Side, Sunday, from influenza. Wm. LaValley, 17-year-old son of Mr. and Mrs. Alex LaValley, passed away at his home, Wednesday, from influenza.

About twenty couples gave Mr. and Mrs. F. J. Grueber a pleasant surprise party Tuesday evening. Refreshments, card playing and dancing were enjoyed.

Mrs. Earl Hager and daughter, of East Tawas, are guests at the home of her parents, Mr. and Mrs. Milton McKay.

Jas. A. Hart left Monday for Grand Rapids where he entered a hospital for treatment.

Soldiers having received their discharge and returned home this week are: Pvts. Silas Watkins, Dewey Hosler, Luther Brintnall, Carl Johnson and Samuel McCalmon.

Miss Fern Howard received a fractured left arm, Friday, when she fell on icy walks.

Mr. and Mrs. LeRoy Sherman with children returned Monday from Vanderbilt where they were called by the death of her father.

Miss Florine Hudkins is home this week from her studies at the Ferris Institute.

Mrs. John Williams returned from Midland, Monday, where she has been visiting her daughter, Mrs. Carl Heinzelman.

FEBRUARY 8, 1929

With this issue of the Charlevoix Co. Herald the writer (G. A. Lisk) rounds out his twenty-fifth year as publisher of an East Jordan newspaper.

On Monday evening, Feb. 4th the loyal Firemen of this city, assisted by their wives, entertained the City Council and their wives to one of the most enjoyable parties ever attended. Covers were laid for 36, and in the absence of Fire Chief Pete LaLonde, Mayor Gidley gave a few appropriate remarks. "Hearts" furnished the amusement.

Harry Curkendall, former East Jordan business man, was here Thursday visiting former acquaintances. Mr. Curkendall recently moved from Allegan to Muskegon, where he is now conducting a restaurant and ice cream parlor.

Mr. and Mrs. Elias W. Giles left Monday, for Muskegon Hts. where they join their daughter, Miss Laura, and will make their home.

At a recent meeting of the Sparta Foundry Co., of that city, I. E. McGowan, former East Jordan resident, was re-elected Sec'y-Treas. and Manager. The firm claims the largest exclusive producer of piston ring castings in the world.

FEBRUARY 13, 1909

The Village Council of the Village of East Jordan will receive bids up to 8:00 p. m. March 1, 1909 for furnishing the necessary labor, material, and tools for the addition and improvements to the Water Works system of the Village, in accordance with the plans and specifications now on file with the Village Clerk. Work to be done includes laying 4,200 ft. of 10 in. main; 4,200 ft. 8 in. main;

4,600 ft. 6 in. main; 2,200 ft. 4 in. main; 1,300 ft. 8 in. main across the lake submarine. Furnishing and setting 26 hydrants. Furnishing and setting 28 gate valves. Building Pump House complete. Building reservoir complete. Furnishing pump and motor. Each bid must be accompanied by a certified check for five percent of the amount of the bid.

As we go to press we learn of the wedding of Mr. Fletcher Empey, one of East Jordan's well-known businessmen, to Miss Hattie Smith. Their future home on State St. is being placed in readiness and Mr. and Mrs. Empey are expected home first of next week. (Mrs. Empey passed away Mar. 16, 1948.)

Preparations are being made for the formal opening of the new school building Friday night. A reception will be held from 7:30 to 8:30. Following this, a program will be given. Judge Mayne of Charlevoix will be one of the speakers and possibly Probate Judge Harris of Boyne City.

Several surprise parties took place the past week. Feb. 6th at Mrs. Wm. Howard's, 45 ladies gathered in honor of her 47th birthday. A program of music, readings and refreshments were served. On Saturday a similar gathering in Bown's Addition. Matt Swafford was the victim. Twenty-five ladies and gentlemen appeared, bringing refreshments. Five hundred was the special feature. Miss Lou Rice, in behalf of the guests, presented a black silk neck scarf as a reminder of his 31st birthday.

On Friday Mrs. E. E. Waterman gave a birthday party for Miss Eva. Sixteen helped celebrate her 13th birthday. And Mrs. Lorraine invited a few ladies on Tuesday as a farewell to her mother, Mrs. Munson, who left for her home in Minn. on Thursday.

The local talent play — "The Girl From the West" under the auspices of the Knights of Pythias. The four acts were carried through with hardly a hitch. The cast characters were: A. B. Nicholas, Jr., Foreman and inventor; Frederick Hoffman, Villian; Rochford Brintnall, A jovial old farmer; Dan Seymour, Politician and tramp; Tom LaLonde, A Wall St. N. Y. Banker; Alfred Bergman, Irish servant; Glenn Dunham, Low villian; Miss Bessie Light, Up-to-date Western girl; Miss Rose Gagnon, Housekeeper; Miss Grace Keenholz, The wronged woman; Miss Fay Nicholas, The old farmer's wife.

FEBRUARY 14, 1919

Four members of Piggott family flu victims. One of the heaviest tolls that influenza has taken from any family in our state is that recorded in the family of Wm. Piggott of Echo Twp. Practically the entire family of 13 were afflicted with the epidemic. Mrs. Margaret Piggott, aged 40, passed away Monday the 10th. She was the daughter of Mr. and Mrs. Ransom Jones, Sr. Funeral services were held Wednesday. On Wednesday morning within a few hours, the father, Wm. Piggott; a son, Richard, aged five, and a daughter, Martha, aged 2½, all passed away. Funeral services for these three were held Thursday. Five of the remaining children are confined to their beds with the disease with a good indication of their recovering.

Pictures of Pvt. Harold L. Sweet, Pvt. Albert M. Rebec, killed in action, and Pvt. Clifford Hosler, missing in action, appeared in this issue. Sweet and Rebec were with Headquarters

GREAT VARIETY IN QUALITY OF SILK ON MARKET NOW

How much does the label, "pure dye silk," mean when the dress you thought so beautiful spots with every drop of water?

This label means that the fabric is made of all pure silk, but not necessarily that the colors are fast explains Jane Werden, Michigan State college textiles instructor.

Less expensive silks may not be colorfast. Some of these colors run when just a little water is spilled on them or when they are dry cleaned. With the price of pure dye silks ranging from \$1.89 to \$9.00 per yd. it is obvious that there is also a wide range in quality.

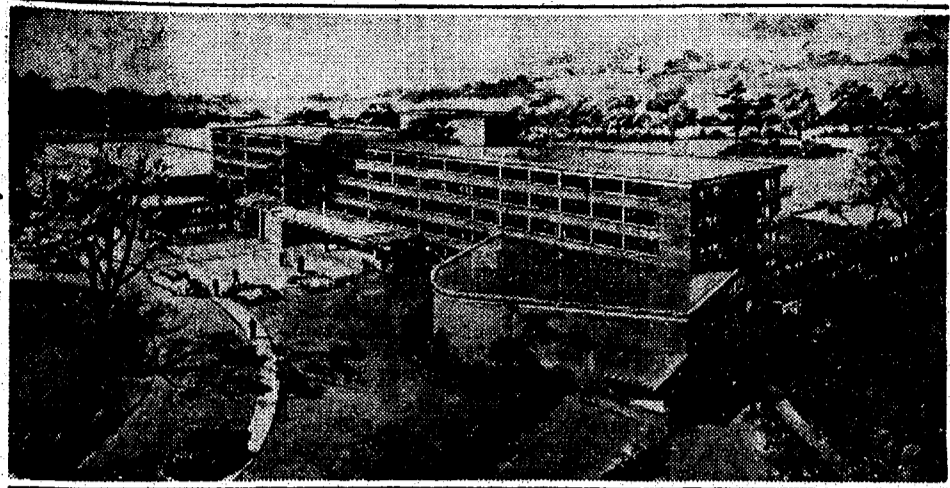

In the very high priced printed silks part of the price is the result of exclusive prints designed by well-known designers. The other part is the result of good quality fabric.

Some of the less expensive silks have interesting prints and attract the customers eye but many of them are very light weight. They lack body and will not hang well when worn.

Another point to remember about the "pure dye silk" label is that it guarantees only that the silk has not been weighted with more than 10 percent of tin. Manufacturers put salts of tin in the dye bath to add to the weight of the silk. However, there are not many weighted silks on the market at the present time.

At the Depot: "There ain't no hotel here Miss, but you can sleep with the station agent."
"Sir," she exclaimed indignantly, "I'll have you understand that I'm a lady."
"Oh that's all right," drawled the old man. "So's the station agent."

Proposed Continuing Education Center at Michigan State College

Construction of a large Continuing Education Center at Michigan State College is scheduled to start April 1. The building, shown above in an architect's drawing, will provide accommodations for the college's extensive program of continuing educational services to the people of Michigan. Last year, special conferences and short courses, ranging in subject matter from sheep shearing to government workshops,

brought more than 60,000 Michigan people to the East Lansing campus. In addition, the six-story construction will contain more than 100 guest rooms, 15 special conference rooms, and dining and large assembly facilities. The building will be financed by the W. K. Kellogg Foundation of Battle Creek and furnishings will be provided by the Michigan Hotel Association. The Center will be located on Michigan Avenue, at the northwest entrance to the campus.

FEBRUARY 15, 1929

Co. 125th Inf. and were among the old Co. I boys. Pvt. Hosler was later reported killed. All these soldiers were East Jordan boys who grew to manhood in our vicinity.

A son was born to Mr. and Mrs. C. W. Bowman at Pueblo, Col. Feb. 5th. The teachers of our Public School were entertained at the home of Mrs. Estella Sherman, Wednesday evening.

Mrs. Gus Larson and son of Green River were guests at the home of her sister, Mrs. Frank Cook, over Sunday.

Mr. and Mrs. Robert Taylor are visiting at the home of the latter's parents, Mr. and Mrs. John Heller.

Bert Price was here this week from Dayton, Ohio, for a visit with his parents, Mr. and Mrs. Robert Price, and other relatives.

Rev. R. S. Sidebotham returned Saturday from Battle Creek, where he has been taking treatments.

Anton Walstad passed away at his home in the city Feb. 11th. Mr. Walstad was a Blacksmith by trade and constructed the building on State St. some 25 years ago, where he continued in business until his last illness.

The Father & Son Banquet sponsored by the Men's Fellowship Club will be held, Thursday, Feb. 21 at the High School Gym. The Banquet will be served by the M. E. Ladies Aid Society.

Mrs. M. E. Chew announces her candidacy for Twp. Treasurer of South Arm.

Earl Clark of the East Jordan Weather Bureau Station states that Tuesday night was the coldest so far this winter, the thermometer going to 13 below zero, but rising to 3 above 6:00 a. m.

Mrs. Harry Simmons was painfully

burned on the right hand Wednesday. She was cooking at her home and, in carrying a pan of hot grease, slipped and fell throwing the hot grease over her hand.

Born to Mr. and Mrs. Clarence Peck, a daughter, Feb. 12th. Born to Mr. and Mrs. Albert Etcher, a son, Lyle Richard, Feb. 7th.

L. A. Hoyt left Monday for Wyandotte, where he plans to spend a week or so.

Announcement has been received here of the marriage of Miss Rosabelle Danto to Robert Glazer, at Louisville, Ky., Sunday, Feb. 10th.

Mr. and Mrs. Geo. Carr received a telegram, Wednesday, stating that their son, Edward, who is attending M. S. C., at East Lansing, was seriously ill with appendicitis and that an operation was imperative. They left that afternoon for Lansing.

ECHO

(Edited by Mrs. Denzil Wilson)

Mr. and Mrs. Alden Collins of East Jordan called on Mr. and Mrs. Elmer Murray Saturday evening.

Several ladies from the neighborhood around here attended the Stanley party held at the home of Mrs. Robert Russell of Chestonia, Thursday.

Mr. and Mrs. Bill Dreth and family and Mr. and Mrs. Edward Wilson and daughter were supper guests of their parents, Mr. and Mrs. Denzil Wilson and family, Monday.

Norbert Bartholomew and boy friend of Ludington spent a few days last week with his father, Carroll Bartholomew, and his grandparents, Mr. and Mrs. Scott Bartholomew.

Mr. and Mrs. Milton Richardson & family of Norwood and Mr. and Mrs. Bill Dreth and family of East Jordan were Sunday supper guests of Mr. and Mrs. Denzil Wilson and family.

(Delayed)

Mrs. Mort Handy is on the sick list. Wm. VanDeventer is on the sick list at this writing.

Harold Henderson was a business caller at Traverse City Saturday.

Roy Ruchton, the Rawleigh man, was through the neighborhood, Thursday.

Glenn Wilson spent Saturday and Sunday with Joe Smith of Ranny District.

Mrs. Elmer Murray and Mrs. Denzil Wilson spent Friday afternoon at the home of Mr. and Mrs. Floyd Scott.

Mrs. Toby O'Dell and children of Bellaire spent Saturday with her sister and family, Mrs. Harold Henderson.

Miss Ruth Wilson spent the week end at the home of her sister, Mr. and Mrs. Milton Richardson and family, of Norwood.

Mr. and Mrs. John Smith and family of Eastport, spent Friday at the home of Mr. and Mrs. Harold Henderson and family.

Mr. and Mrs. Norman Gibbard and daughter of Okemos, Mich. spent Friday with her parents, Mr. and Mrs. Walter Bolser and family.

Mr. and Mrs. Archie Graham and son returned home Sunday from Brown City where they had spent the past week. Having been called there by the illness of Mrs. Graham's father.

Twenty-five ladies attended the Ladies Get-together Club at the home of Ruth Vance Thursday, Feb. 3rd. Our Sunshine Sisters were revealed and new names drawn. If you have not revealed yours, please do so.

"People are funny," said the crack-barreler, "tell a man there are 23,587,879,366 stars in the universe and he'll believe you. If a sign says 'Fresh Paint' that same man'll make a personal investigation."

New Powder Ends Salt Ban for Heart Patients

CHICAGO.—A new plastic powder promises many heart disease patients the boon of again eating foods with salt, two scientists reported. The powder is swallowed with water, like medicine. It then removes salt from food passing through the intestine, Dr. I. J. Greenblatt of Beth-el hospital, Brooklyn, and M. E. Gilwood of the Permutit company, New York, told the American Chemical society's national meeting.

It has been used successfully, they said, by some persons who otherwise could not eat salted foods. These patients had heart troubles marked by dropsy, excessive water in body tissues, and swelling of the joints. Salt aggravates this condition, so they had been put on diets almost entirely free of salt. The diet is tasteless, and boring.

Patients taking three tablespoons of the powder before and after each meal have been able to eliminate some of the excessive water without restricted diets or medicine, they said. The treatment still is being studied, Dr. Greenblatt stressed.

The plastic has been named Permutit Z. Dr. Greenblatt got the idea for the method during the war when the same kind of principle was used in airplane and ship emergency kits to take salt out of sea water.

A substance in human blood which may be important in fighting human cancer was described in another report by Dr. William H. Fishman of the University of Chicago's department of surgery.

Chemical Halts Action
 In test-tube experiments, this chemical halts the action of an enzyme called glucuronidase. Enzymes are potent chemicals which help govern cell activities and growth. The glucuronidase enzyme has been found to be plentiful in most human cancer tissue, Dr. Fishman said. But little or none of the anti-enzyme detected in the blood has been found in cancers from human stomachs or intestines, he reported.

Earlier studies by Dr. Fishman and Dr. Lester Odell, also of Chicago, indicated a connection between this enzyme and female sex hormones, which also work as special growth regulators. Cancer is a growth process which has gone wild. There is a possibility, Dr. Fishman said, that the increased enzyme activity in human cancers may result from increased activity of female sex hormones, or chemicals much like them.

Window Washer's Grip on Rope Saves Him From Fall

CHICAGO.—Dimitry Parhomenko, 59, is a man with an iron grip. He was washing windows on the fifth floor of a Michigan avenue building when his safety rope broke. As he tumbled backward from the sill, his left hand caught the rope end.

For 10 minutes he dangled while firemen rushed to the scene, spread a safety net, and then raised a ladder which he grasped.

Parhomenko, who weighs 180 pounds and is five feet, five inches tall, said that in falling his body turned so that it came to rest with his back against the building and his left arm twisted as it held the rope.

"I couldn't raise my right hand to anywhere near where the rope was," he said. "I had a good grip and didn't want to struggle." Asked by a reporter if he was going back to work, he replied, "I guess I'd better wait a day or two."

Wife's Character Affects Husband's Chances for Job

CLEVELAND.—A man who gets paid for deciding on other men's job qualifications says that the character of a job-seeker's wife is as important as his own ability.

Regardless of how bright a candidate for a swivel-chair may be, George Trundle turns thumbs down if the man's wife nags, drinks, talks too much or is overly critical. "We wouldn't think of placing a man in an important job without first finding out what his wife is like," added Trundle, president of Trundle Engineering company.

The theory is that a wife who doesn't measure up to "her own job" will keep a husband too disturbed to be successful in his. "We used to spend six or seven years training men and then often lose them when they became really valuable—because of their wives. We just aren't doing that any more—it's too expensive," Trundle said.

Drouth Delays Planting of Wheat, Department Announces

WASHINGTON.—The agricultural department said in a grim report on wheat and corn prospects that the long drouth in most of the Great Plains states has "seriously delayed" planting of the 1948 winter wheat crop.

It is said that more than half of the winter wheat belt, which normally produces three-fourths of the nation's entire crop, has been hit by drouth. It added that conditions are most critical in the one-time Dust Bowl of the Southwest.

Rough Fishes Have Very Low Prices

In the days of ration points and meat shortages even carp and catfish brought high prices, but the 1948 haul, under special conservation department permit, netted operators an average of only six cents a pound. Wartime prices reached 14 cents.

Better than 580,000 pounds of rough fishes, valued at \$33,000, were taken last year. The 1947 haul produced 349,000 pounds which were worth \$24,700. In 1946 the take was \$64,000 pounds and brought \$30,500.

Commercial fishermen are engaged by the conservation department's fish division to remove undesirable species from certain inland lakes and streams as well as the Great Lakes. Bulk of the rough fishes are taken from the Great Lakes or waters directly connected. By riding these waters of such species as carp, catfish, sheepshead and redhorse, greater reproduction of desirable fishes is possible. These undesirable species have to be taken out by the tons to do much good.

The three main areas where seining operations are carried on under special permit from the conservation department are: harbors and bayous off the southeastern shore of Lake Michigan; shore area of Lake Huron stretching from Pte. Aux Barques to Harbor Beach; and in the Lake St. Clair flats.

Funeral Services Held For Michael Russell

Funeral services were held from Watson Funeral Home Tuesday afternoon, Feb. 15th for Michael, the 18 month old son of Mr. and Mrs. Rolland Russell of Utica, who passed away at the home, Friday, Feb. 11th from a heart ailment.

The remains were brought to Watson Funeral Home, Saturday. Services were conducted by Rev. Henry Alexander, pastor of the Boyne City Methodist church. The Ellsworth Male Quartet — Henry and Garrett Dreth, John Kooger and Clarence VanderArk sang "Does Jesus Care?" and "The Lord Knows Why."

Surviving are the parents and a brother, Ronnie, at home and his grandparents, Mr. and Mrs. Delbert Miller, East Jordan; Mr. and Mrs. Floyd Russell, Pleasant Valley, Antrim County. Also great grandmother, Mrs. Rose Justice, East Jordan.

Mr. and Mrs. DuWayne Russell of Flint and Keith Russell of Detroit were here to attend the funeral.

And then there was the little girl who signed her arithmetic paper "Maeg West", because she knew she had done 'em wrong.

Nutrition Is Important In Cattle Health

What farmers feed their dairy cattle often affects reproduction. This fact has been shown by a number of tests at the Michigan Agricultural Experiment Station.

C. F. Huffman, research scientist at Michigan State college, says that early experiments showed that the feeding of wheat straw in place of hay resulted in reproduction failures. Calves were often born dead, weak or blind. Cows fed good green timothy hay reproduced in a normal manner.

Hay furnished carotene which is changed to Vitamin A by the animals. The possibility of Vitamin A deficiency occurring among cows under farm conditions appears remote because large quantities of this vitamin are stored in the body during the pasture period, Huffman reports.

The trace elements needed for normal reproduction are iodine and copper. Chemical tests of Michigan hay indicate that lack of copper is unlikely. Iodine deficiency, however, occurs on many farms in Michigan. A lack of this element during the last few months of pregnancy results in the birth of calves with "big neck" or goiter. Huffman advises that iodized salt be fed on such farms.

WITH THE ANTRIM COUNTY AGR'L AGENT W. Kirkpatrick, Extension Agent

WILL MEET FEB. 24

The officers of the various Home Extension groups of Antrim County will meet in the Court House, Thursday, Feb. 24 at 1:30 p. m. announces Mrs. Virginia Vance, Home Demonstration Agent. The purpose of this meeting will be to discuss with the Chairman, Vice-Chairman, Secretaries and Recreation Leaders and Council Members the specific duties which these offices hold. Helpful suggestions will be given for holding a good business meeting, writing interesting notes of the meeting, newspaper articles, etc. The groups will be given assistance in games for all, for various occasions and for planning an interesting local program.

SOUTH ARM . . .

(Edited by Mrs. Arnold Smith)

Gene McPherson spent Sunday night with Joe and David Smith.

Mr. and Mrs. Harold Goebel called on Mr. and Mrs. Don Hott one evening last week.

Sixteen members of South Arm Grange attended Grange at Grass Lake Thursday night.

Mrs. Hugh Graham has been quite ill with tonsillitis for the past week or so. She is much better at this writing.

Mr. and Mrs. Arnold Smith and family were Sunday dinner guests of Mr. and Mrs. Harvey McPherson and family.

Mr. and Mrs. Arnold Smith and sons, Joe and David, were Saturday supper guests at the home of Mr. and Mrs. Roscoe Smith.

There will be an open meeting at the South Arm Grange Saturday night the 19th. Mr. Rebman, Co. Agent, will be there with movies.

Wednesday evening was a scene of activity when the community 4-H Club met at the home of their president, Miss Catherine Smith. After a short business meeting games were played and a delicious lunch was served to 31 members and leaders.

JORDAN . . .

(Edited by Mrs. Tom Kiser)

Mrs. Erma Merritt is visiting Mr. and Mrs. E. Williams.

Geo. Etcher is better after being on the sick list a few days.

Twenty-three ladies attended the Stanley party last Thursday.

Mr. and Mrs. Clayton Pinney spent Sunday with the Leonard Hites.

Mr. and Mrs. Tom Hayden were Elk Rapid visitors last Saturday.

Geo. Etcher spent a few days last week visiting relatives in Boyne City.

Mr. and Mrs. Bob Price of Boyne City spent Saturday evening with Mr. and Mrs. Albert Omland.

* Tom Kiser was a business visitor in Traverse City Sunday. Geo. Staley went along to visit a daughter who lives there.

Mr. and Mrs. Chas. Atkinson and family and her brother, Geo. Shaw, were week end guests of Mr. and Mrs. Frank Atkinson.

The Art Morris family have received a card from G. A. Weaver in Florida. Says he is well, but lonesome. His address is St. Augustine, 80 S. St., Florida.

Ralph Lenosky, the children of Mr. and Mrs. Archie Bennett, Elaine Eaton, and the children of Mr. and Mrs. Albert Omland have been on the sick list the past week or so. Ray Hughes was another.

Mrs. Tom Kiser and son, Ted, Mr. and Mrs. Albert Omland and children were Sunday dinner guests at the home of Mr. and Mrs. Frank Kiser, the occasion being Mr. Kiser's birthday, Feb. 16.

WEEKLY NEWS ANALYSIS U. S. Rejects Stalin Peace Talks; Norway Prefers Western Alliance, Spurns Russian Council Suggestion

(EDITOR'S NOTE: When opinions are expressed in these columns, they are those of Western Newspaper Union's news analysis and not necessarily of this newspaper.)

SOVIET "BARKIS" . . . Like the Dickens character, Russia's Premier Josef Stalin was "willing" to meet with President Truman to talk peace. But the question was: how willing? He is shown above with President Truman when the two met at Potsdam.

WANTS OPEN DISCUSSION

Truman Won't Talk Behind Iron Curtain

It was beginning to look like "Uncle Joe" Stalin and Harry-S. Truman never would get together for a talk looking toward settlement of U. S. and other western powers' differences with the Soviets.

"Meet Stalin behind the iron curtain?" Secretary of State Dean Acheson snorted in disdain, declared in effect that the idea was preposterous.

Acheson went further. He asserted indirectly that the Russian leader was playing politics with peace hopes of millions of people.

Anyway, Acheson went on, what might be gained? Hadn't the Russians consistently blocked all efforts in the United Nations looking toward disarmament, control of the atom bomb and creation of a U. N. police force?

BUT THE U. S. couldn't be put in the position of appearing disinclined even to talk about peace, so Acheson left the door open for a parley; but there were some American conditions this time. The White House, it appeared, would be willing to see Stalin—in Washington. Stalin had said he'd be willing to see Truman—behind the iron curtain, and there the matter stood.

Acheson made a further point. The U. S., in any event, would not discuss with Russia alone any points having a direct interest to other nations.

As for a "peace" declaration, Acheson declared he found this puzzling inasmuch as Russia, the U. S., and all other U. N. members are already pledged "by most solemn treaty commitments not to engage in war with one another."

HE ADDED that the hopes of the world's peoples for peace are considered by this nation to be fundamental, and that the United States would not play politics with these hopes.

While it might appear an oversimplification of the problem, many might raise the question that if Acheson is relying on Russia's U. N. pledge to keep the peace, why should there be any official U. S. concern over the entire Russian relations puzzle?

The fact there is grave concern over the puzzle indicates Mr. Acheson may have been talking when he should have been thinking.

NORWAY:

Standing Pat

Norway was drawing no cards. Standing pat, she would play the ones she had.

IN OTHER WORDS, the Norwegians wanted nothing but friendship with the Soviets, but if it were all the same, they would rather depend upon security in regional pacts such as the proposed north Atlantic alliance, than upon an alignment with the Soviet union.

The position stated by Norway was in answer to a Soviet note asking the nation's clarification of its view on the proposed north Atlantic setup.

Norway said the United Nations had failed to provide the world with peace and security, and her own people's "serious concern" for their liberty had convinced the government that it was necessary to seek increased security through regional cooperation in the defense field.

BUT THE NORWEGIAN government assured the Russians that it would never agree to foreign bases on its soil "as long as Norway is not attacked or the subject of threats of attack." And the government pledged itself to support a policy of non-aggression.

The decision could be interpreted no other way than as a definite setback for Soviet expansion-by-intimidation policies. Norway is a small country and vulnerable to a Soviet attack. Nevertheless, it has

MORE CLOTHES:

British Ration Eased

Great Britain has ended eight years of clothes rationing—practically, that is.

Effective now, any Briton with the money may go into any store and buy a suit of clothes, his wife a dress. And for the first time since January 1, 1940, he won't have to give 26 clothing coupons for the suit, 18 for his wife's dress. coupons, however, will still be required for many articles of clothing.

U. N. Facilities Offered if Truman, Stalin Meet

The United Nations stands ready to aid in any way it can in any East-West talks, according to a statement by Trygve Lie, secretary-general of the organization.

Lie declared he would be "most happy" to have U. N. facilities used for a conference between Josef Stalin and President Truman if the two leaders were to suggest it.

Beyond that he would not go in commenting on the interview in which Stalin said he would be glad to confer directly with President Truman on a possible Soviet-American peace pact.

He added that the U. N. has several facilities which might be used advantageously in the event of such a conference.

PRESS FREEDOM:

Losing Ground?

Newspapermen and radiocasters from Sauk Center to Gotham would shout "foul!" claim the opposition was hitting below the belt.

A Baltimore criminal court judge held three local radio stations and the news editor of one were guilty of contempt of court because they violated a court rule that restricts publication of crime news.

THE JUDGE, John B. Gray, Jr., held, in a two-hour verbal opinion that broadcasts of information about a convicted murderer, before his trial last summer, constituted not only a clear and present danger to the fair administration of justice, but "an obstruction to justice" in the accused's right to a fair trial.

The court agreed with a defense contention that the nine-year old rule was an "abridgement of the freedom of the press," but asserted such an abridgement "is justified because it conflicts with an equally potent constitutional right of an accused to a fair trial."

NEW SHUTTER:

Powerfully Fast

A new fluid eyelid for a camera can blink and take a picture in 1-25 of a millionth of a second. This eyelid is an electrical shutter with no moving parts. It's fast enough to see any one of 25 things happening within a millionth of a second.

THE SHUTTER is a murky fluid that blocks light. Two electrical contacts are immersed in it. When a current is passed through, the liquid becomes transparent for an instant—as if a bottle of ink became water clear.

The photographic plate is exposed to the action in front of the shutter for only the fraction of time when the liquid is clear. The length of exposure is governed by the voltage applied. The shutter offers a new way of slowing the action.

The shutter was announced at the winter meeting of the American institute of electrical engineers by A. M. Zaren, Stanford research institute, Los Angeles, and F. R. Marshall and F. L. Poole, U. S. naval ordnance test station.

AMONG OTHER war-inspired devices being used in industry, the "snooper-scope," which could "see" a man in the dark a quarter of a mile away, now is being used to find faults in power transmission lines. It spotted the enemy by his body heat as it was supersensibile.

CHEVROLET

is the most Beautiful BUY of all

STYLING DE LUXE
4-DOOR SEDAN

The most Beautiful BUY for Styling

Millions of people all across America—and undoubtedly your friends and neighbors, too—are hailing the "luxury look" of Chevrolet for '49. It's the beauty-leader, all right—inside, outside, and from every point of view! For the bodies are by Fisher—finest of all car bodies—found only on Chevrolet and higher-priced cars.

The most Beautiful BUY for Driving and Riding Ease—with new Center-Point Design

What a thrilling experience will be yours when you take your first ride in Chevrolet for '49! New Center-Point Design—including Center-Point Steering, Center-Point Seating, Lower Center of Gravity and Center-Point Rear Suspension—provides driving and riding results heretofore available only to owners of more costly cars. Here is another "first" for Chevrolet—another vital contribution to low-cost motoring—another treat for Chevrolet owners! Re-member—only new Center-Point Design can give these finer motoring results; and only the new Chevrolet offers Center-Point Design at lowest cost.

The most Beautiful BUY for Performance

For real thrills and thrif—for the finest balance of performance and economy—owner after owner will tell you there's nothing like a Chevrolet! Its world's champion Valve-in-Head engine—now setting a trend for high-priced cars, but remaining exclusive to Chevrolet in its field—holds all records for miles served, owners satisfied, and years tested and proved.

The most Beautiful BUY for Comfort

You'll enjoy a new and finer kind of comfort in this car. The perfectly relaxed comfort of "Five-Foot Seats" plus extra-generous head, leg and elbowroom. Moreover, it's a "car that breathes" for an advanced heating and ventilating system inhales outside air and exhales stale air.
*(Heater and defroster units optional at extra cost.)

The most Beautiful BUY for Safety

To buy one of these brilliant new Chevrolets for '49 is to give your family fivefold safety protection found in no other low-priced car: (1) New Certi-Safe Hydraulic Brakes; (2) Extra-Strong Fisher Unisteel Body Construction; (3) New Panoramic Visibility; (4) Safety Plate Glass in windshield and all windows, and (5) the super-steady, super-safe Unitized Knee-Action Ride.

PENSION BILL:

Vets Must Wait

Little possibility was seen by congressional leaders for enactment of a veterans' pension bill during the current session.

The administration is openly opposed to any such measure, being quoted as saying a program already offered "could not be considered in accord with the program of the President."

THE PROPOSAL to which the reference was made is a veterans' pension bill to give servicemen of the last two wars a \$60 monthly pension when they reach age 60, plus disability payments. It is estimated this would cost almost two billion dollars the first year, with later outlays reaching multi-billion dollar levels.

Under this measure, sponsored by Mississippi's Rankin, a veteran need only to have served 90 days in either world war to qualify for a pension. The extra disability pay would range from \$20 to \$120 a month, with no proviso that the disability must have been incurred in service.

Veterans administrator Cary R. Gray, Jr., said that while he was neither opposing nor favoring the legislation in his capacity as veterans' administrator, its magnitude must be weighed closely now to prevent unwarranted financial outlays in the future. He pointed out the cost burden might be so great as to endanger the entire veteran-compensation program.

PRESIDENT TRUMAN was on record with this statement: "The necessity for new or extended benefits for veterans without service disabilities should be judged not solely from the standpoint of service in our armed forces, but in the light of existing social welfare programs available to all veterans and non-veterans alike."

Mr. Truman also said in his budget message: "The program of veterans' services and benefits should reflect the fundamental fact that our primary long-run obligation is to dependents of veterans deceased from service causes, and to veterans disabled in service. At the same time, we should preserve and stress our basic objective of assisting the recipients of these benefits to be as nearly as possible self-reliant and self-supporting members of our society."

All of which indicates that veterans of both world wars expecting pensions and disability allowances had best be prepared to wait awhile.

SATURATION:

Claimed for Taxes

Millions of Americans would agree with the premise: Taxes in America have reached the saturation point.

Former President Herbert Hoover made the assertion to congress. As a remedy, he suggested unsnarling a century of government red tape, a slash in federal spending.

FOR ALL HIS earnestness and the force of his figures, Herbert Hoover, "great engineer" of the depression, was a voice crying in the wilderness.

While President Truman outlined the need for vast federal expenditures for world social and economic improvement, as well as for defense measures, he had said nothing about reduction of government expenditures. There was nothing in his announced program relating to any such action.

True, there have always been one or two individuals in every congress who have sought to stick a finger in the hole in the dike of federal outlay, but to date the stopper has never approximated the circumference of the orifice. Indications were that it would be thus in the 81st congress.

HOOPER RECOMMENDED consolidation of 1,800 bureaus, commissions and divisions, but lurking in the background, ready to raise its awesome head at any moment, was patronage. Patronage means votes and votes means legislative tenure, and with the one fattening off the other, Mr. Hoover's recommendations commanded respect more for their temerity than for any hope of their adoption.

New Stamp

This three-cent Minnesota territory centennial commemorative postage stamp will be placed on sale the first time on March 3, 1949, at St. Paul, Minn.

ATOM RAYS:

No Deformities

Are victims of atomic bombings likely to produce grotesquely deformed offspring?

Many scientists believe that is one of the terrible effects of atomic radiation. There are as many more who disagree.

But the U. S. army atomic energy commission has said no evidence of abnormal offspring had yet been found among the Japanese exposed to radiation at Hiroshima and Nagasaki.

Lansing — Confused Republican bigwigs, still bewildered from the Nov. election shock, were weighing this week the merits and demerits of a brand new issue for the coming spring election.

The issue is more emotional than rational. It doesn't have much to do with maintenance of state highways, for good or worse; or whether Michigan boys and girls are getting a good deal in education; or all of the other things candidates for office conjure when they're wooing votes. These would be the stuff about which speeches are written.

Being emotional in its substance, the issue would be controversial and highly explosive. Some leaders counsel that "sleeping dogs" should not be disturbed so soon; others think that the dogs are far from being in innocent slumber, that they already have Republican legislators up a tree, and so the party might better face the music and get going — to mix metaphors.

All of this cryptic stuff is preface to the Feb. 5 record of the State Democratic convention at Grand Rapids.

Here it is, as facts readily bear out.

Old-line Democrats, such as those who once loyally followed Murray D. "Pat" VanWagoner, witnessed the "capture" on Feb. 5 of the state Democratic organization by the Congress of Industrial Organizations. The party boss was not the youthful Governor G. Mennen Williams, Grosse Pointe beneficiary on Nov. 2 of CIO "yes" votes and GOP "no" votes.

The new party boss was August Scholle, president of the CIO state council and chairman of the union's Political Action Committee. It was the astute Scholle who presented a slate of candidates to be nominated at the spring election.

Opposition to his slate collapsed. Favored candidate of "old-line" Democrats for state highway commissioner was Wm. H. Harvie of Birmingham, a former engineer for the state highway department. Because of his candidate's capabilities and the well-run campaign directed by C. W. Lucas, secretary to former Governor VanWagoner, the Harvie hand-wagon was running smooth. That is — until Scholle took over!

The CIO choice for highway commissioner was John H. McCarthy of Mt. Clemens; for superintendent of public instruction, E. Burr Sherwood of Stambaugh.

The convention was also unorthodox politically in the fact that the state chairman, John R. Franco, was completely ignored. Hicks Griffiths, law partner of Governor Williams, was chosen chairman.

The CIO tried to upset the re-election candidacy of Justice Edward E. Sharpe of Bay City because of Sharpe's record of court decisions, said to have been "reactionary." John B. Legatz, former Muskegon prosecutor, was favored for the Supreme court post. But the party leaders, apparently worried that the CIO might be going too far, finally united on Sharpe. The second nominee, Geo. E. Bushnell of Highland Park, was unopposed.

Since the record shows that the Michigan CIO dictated most of the choices, the question before Republican strategists is something like

Gains Shown In 1948 Barberry Removal Work

A battle which was begun in 1918 in an effort to protect oats, wheat, barley and rye from stem rust is being won in Michigan.

Cooperation between the U. S. Department of Agr'l, Michigan Department of Agr'l, and Michigan State college has reduced the annual stem rust loss from 2,600,000 bu. to less than 200,000. To eliminate stem-rust of grains, the carrier of the disease — rust-spreading barberry — must be destroyed.

C. A. Boyer, chief of the Bureau of Plant Industry for the state dept. of agr'l, says that barberry eradication helps improve the conditions under which small grains may be produced. The barberry provides a place where the rust may develop during the spring just before infecting grain plants and grasses.

During 1948, project workers destroyed more than 3,900 such barberry bushes on 391 rural and city properties. An additional 970 previously infected properties were inspected and no new growth was found. A total of 1,416 sq. miles was surveyed.

M. E. Turner, in charge of eradication work, reports that no further organized work is needed on 88 percent of the land area of the state.

Farmers are asked to help in the job for the benefit of their own grain crops by destroying any rust-spreading barberry bushes they find. Farmyards, creek banks, fence rows, orchards, woodlots, and wasteland are a few of the places where the bushes are found.

this: Should the GOP make the CIO the spring election issue? Should Michigan let one labor organization "take over" selection of a party ticket? Here might be the potential ingredients of another "protest" vote, much to the liking of those citizens who relish casting their ballot in reverse.

But to stir up the CIO, hush-hush other Republican leaders, would only invite an organized march of union members to the polls. That runs counter to traditional GOP strategy of concentrating on the rural vote. If this logic were heeded, then the spring campaign would be rationalized by issues of highway and educational needs.

However, the Democratic convention attendance — one of the largest in history — does not indicate that the Michigan CIO is going to be disinterested in the spring election outcome. The governor's program to tax "big business" is certain to be kept quietly on the legislative shelf until after the big election. No issue there.

If the Michigan CIO can demonstrate its liberal appeal with the rank and file of Michigan voters by winning the spring election, then perhaps a pattern can be evolved whereby the Democratic party will become the "workers' party" in everything but its name.

There you have it. What will the Republicans do? That is the \$64 dollar question.

Food Companies Seek Ways to Use Coconut Milk

NEW YORK.—Anybody know a good way to use coconut milk—in huge quantities?

A few gourmets' recipes call for it. But one of the nation's biggest processors of the hard shelled nut has been trying for years to figure out a way to salvage it. Milk of the tropical nut, however, is one of the few by-products of the food industry which is thrown away.

Figuring out ways of using leftovers is just one of the research jobs in progress all over the country today. Most of the big food companies employ scientists, working in modern laboratories, whose job is to improve established products and develop new ones.

Thomas M. Rector, a big, good-natured Virginian, is the vice-president in charge of research and development for General Foods corporation, which markets a large variety of products. What to do with coconut milk is one of the few things that has him—at the moment—stopped.

"We package the meat of the nut," he explained, "we sell the shells to industry, because they make a very high grade of charcoal—in World War I all gas masks used charcoal from coconut shells. But we dump the milk in the river."

Small Sugar Content
The sugar content of the milk is only four per cent, so it's impractical to try to distill it as alcohol. The supply is irregular; it's not a popular drink.

Meanwhile, however, there's still work being done on leftovers, because big companies, like housewives, dislike throwing good things away.

Take de-caffeinated coffee. Caffeine is actually removed from the bean. But is it thrown away?

"Of course not," said Rector. "It's sold to drug houses for medicinal preparations. And it is sold to people who make cola drinks."

Then fish—Rector's company freezes it.

"We prepare frozen red perch fillets," he said. "For every 100 pounds of red perch, there's 30 pounds of fillets. The other 70 pounds would be wasted—but of course it's not. It's chewed up and made into chicken feed. Leftovers from cod and haddock go into dog food."

Apples Contain Pectin

Everybody knows apples are full of pectin—the stuff that makes jelly jell. But Rector's organization also found pectin in the skins of citrus fruits. So now they extract the juices, chop up the fruit—and process the leftover skins into powdered pectin.

Sometimes, of course, a new product is not developed in the laboratories. Like the time the cousin of the emperor of Afghanistan walked into Rector's office with a revolutionary process for processing rice.

The gentleman from Afghanistan had just happened on a method the food people had been looking for for years—a rice that would be ready to serve after a few minutes cooking. The man from Afghanistan has a patent on the process, General Food sells the product—and everybody is very happy, including the income tax collector.

Which doesn't milk a coconut—commercially—but someday that nut will be cracked, too.

Modern Pied Piper Lures Rats to Death With Clever Devices

VANCOUVER, B. C.—James G. Anderson lures rats to extinction with cunning alone.

"If you know rat psychology," said the rodent wrecker, "you can't miss."

The secret, he says, is that rats are cowards.

One day Anderson and a recording engineer caught 50 rodents in a rat round-up in a Vancouver warehouse. They poked and prodded the prisoners till they began to squeal. Then they recorded their cries.

The amplified recording was played back in the warehouse. Terrified rats stampeded from the building.

This is the chase 'em away technique. But then Anderson came up with an even more diabolic device. He and the engineer trapped a lady rat and recorded her lonesome wail. They took the record to another warehouse and turned it on full blast. Gentleman rats came rushing from their ratholes to their doom.

Anderson shoots trapped rats with a special pistol.

He inherits his talent from his father, John Anderson, a rodent exterminator before him. James runs a pest exterminating business, but specializes in rodents.

Given 50 men, James thinks he can clean every last rat out of Vancouver.

"I'll either catch 'em," said he, "or run them out of town."

Sound of Silo Explosion Falls to Awaken Farmer

ST. CHARLES, ILL.—Maurice Regnole, a farmer, is a sound sleeper.

While he took a hard-earned night's sleep, his silo exploded. The blast blew off the silo roof—sent it soaring 50 feet — and bulged its concrete walls.

The silo collapsed onto the barn. The barn folded onto the feed shed. The feed shed knocked over the windmill. The windmill dropped onto the implement shed.

Blaming silage gas, Regnole told neighbors he had heard a slight noise during the night but he didn't get out of bed to investigate.

B-29 Drops 21-Ton Bomb in Penetration Test

WASHINGTON.—The world's biggest bomb, a 21-ton missile, has been dropped in a penetration test at Muroc army base in California.

The bomb, made by the army ordnance department, was not charged with explosive. The test was to find how fast the bomb would fall and how deep into the earth it would penetrate.

A specially equipped B-29 Superfortress took the bomb up and dropped it.

One thing the air force wanted to find out was the effect on a B-29 when such a big weight was suddenly released.

The army and air force are expected to keep secret virtually all details of the test.

The heaviest bomb dropped prior to the test was one of 12½ tons used in experiments in Germany by the United States air force and the British Royal air force.

New State Highway Maps Available About March 15th

The Michigan State Highway Department's Official 1949 road map will be available for distribution around March 15, Highway Commissioner Chas. M. Ziegler reports.

In addition to recording hard surface improvements added to the state trunkline in 1948, the map also will contain a chart showing the distance between a large number of principal cities of the state, Michigan State Ferry schedules for the coming year, an index giving the location of cities and villages, and lists and locations of State Police posts, national and state forests, state recreational areas, fish hatcheries, trout rearing stations and a detailed map of the Detroit metropolitan area.

Persons desiring copies of the new map are asked to send their requests to the Highway Department's Public Relations office in Lansing. Maps will also be available at the eight highway Dept. district offices and Upper Peninsula office at Escanaba and the Michigan State Ferries office at St. Ignace.

Commissioner Ziegler also said 1949 State Ferry schedules will be available for distribution within the next few weeks. Requests for schedules also should be directed to the Highway Dept. Public Relations division in Lansing. They will also be available at out state offices of the Department.

Reward for First Yank In Berlin Goes Unclaimed

NEW YORK.—David Kay, a man who never has got over the wonders of democracy, said that he probably would find a scholarship with the \$1,000 reward he offered for the first American soldier to reach Berlin.

Kay posted his offer and another \$1,000 for the first Russian soldier to reach Berlin, in the closing days of World War II.

A few months ago he was advised that the Russians had been unable to trace their first man. They suggested that Kay might want to contribute instead to the fund for rebuilding Stalingrad.

"I did so," Kay said. "Now the war department advises me it is impossible to trace the first American soldier."

"The Veterans of Foreign Wars made the suggestion that I found a scholarship for the son of a dead veteran. It sounds like a fine idea to me."

"I made the offer because I love this country. I was a Polish immigrant kid, now I'm a millionaire. Where else can that happen? Where else can you speak as freely as here and do the things you want to do?"

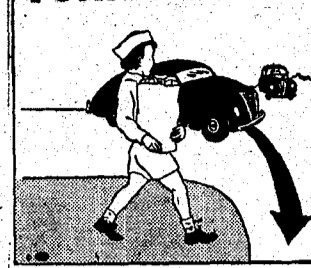

Dwindling Diet Concerns People of Great Britain

LONDON.—Britain's dwindling diet is a "matter of grave concern," Food Minister John Strachey told the house of commons as potato-a-day rationing began.

Strachey said many Britons were receiving less than the 2,700 calories-a-day figure set by the government as standard for the current crisis.

"The 2,700 is an average figure," he said. "There are many sections of the population getting very much more than that. Therefore, there are many getting very much less."

WATCH FOR TURNING CARS

Winner, Fourth National AAA Traffic Safety Poster Contest.

Pictured above is the monthly AAA school safety poster just distributed in 4,000 local and state elementary schools by Automobile Club of Michigan's safety and traffic department. The admonition, though meant for children, is a good one for all adults.

Home Butchering Requires Care

Home butchering is profitable on the farm and many rural people are now replenishing their lockers, jars, and pantries.

But unless due caution is used, home butchering can be dangerous. Geo. Amundson, agr'l engineer at Michigan State college provides a few simple rules to reduce accidents.

One of the greatest causes of injuries is slippery footing. Ice should be removed from the spot where butchering is to be done and ashes sprinkled on the ground. If the job is done indoors, sand, sawdust, or crushed rock salt will improve the footing. Keep fat and meat trimmings off the floor.

Equipment, too, should be used with care. All knives should be kept in a suitable place when not in use. Hoisting equipment should be checked. A tamper should be used to force meat into the grinder.

Children should be kept away from butchering operations, the specialist concludes, and extreme care used with scalding water.

South Arm Community 4-H Club Met Wednesday

The South Arm Community 4-H Club met Wednesday evening at 7:30, Feb. 9, at the home of our president, Catherine Smith.

During the business meeting we decided to have a box social which is to take place at the South Arm Grange Hall, Saturday, March 12, starting at 8:00 p. m. Everybody welcome. We also decided to make posters to advertise the box social. There will be a first and second prize offered to the members who are in the grades and a first and second prize to members in high school for the best posters.

After the business meeting refreshments were served and games played. The next meeting will be at the home of Mrs. Sadie Liskum on March 9, at 7:30 p. m.
