VOLUME 53

EAST JORDAN, MICHIGAN, FRIDAY, MARCH 11, 1949

NUMBER 10

E. J. Wallops Mancelona

RED DEVILS MAKE GOOD IN OPENING CONTEST

In the opening Class C game of the District Tournament at Charlevoix, East Jordan defeated Mancelona 46-26. The Red Devils, playing inspired and determined basketball, took the floor and after a close first quarter ran the very good Mancelona team almost off the floor. The score was 6-6 at the first quarter, 22-11 at the half and 38-17 starting the final quarter. Holland, Meredith and Thompson led the scoring while the remaining seven men all teamed in excellent floor games. Wes Fleet led the Mancelona scoring with 13 points.

In class D, Central Lake defeated Bellaire by 2 points on a disputed basket which caused a near riot.

Friday night Charlevoix trounced Kalkaska, 67-34, to reach the Class C finals and Ellsworth eliminated Alba, 27-9 in Class D.

CHARLEVOIX BEATS EAST JORDAN

Saturday night in the Class C finals East Jordan met a Charlevoix team that had scored more points than any Charlevoix team in history, and had an average of 68 points in their last three games. Playing before a very partial crowd and on Charlevoix's home court the Red Devils seemed to have "tournament fever" in the first half and left the floor trailing 20-7. What happened between halves nobody knows, but the East Jordan boys came back in the second half to completely out-fight and out-score the Rayders, who for the last 4 years have made creditable showing in the State Tournament. For the first time in the last twelve games Charlevoix was pushed and it looked for a while like a terrific upset was in the making. Everyone who saw the East Jordan team was not only proud of the way they played, but also proud of the excellent sportsmanship that they showed throughout the tournament.

Mrs. Pedar Hegerberg Was Active Member of Presbyterian Church

Ingeborg N. Hegerberg passed away suddenly early Tuesday morning, March 1, 1949, at her home. More than a year ago she fell and suffered a broken hip, since then she has been confined to her home.

Ingeborg N. Mathisen was born Oct. 30, 1891, at Smolen, Norway. Her parents were Ole and Ingeborg Mathisen. She attended school in Norway and came to America, Sept. 17, 1910, to the home of her grandmother, Mrs. Ole Laverger at Elk Rapids.

On July 1, 1912, she was united in marriage to Pedar Hegerberg at Suttons Bay, who preceded her in death Oct. 22, 1945. They came to East Jordan in the fall of 1913.

She was a member of the First Presbyterian Church of East Jordan and was an active member of the Presbyterian Ladies Aid until ill health overtook her.

She is survived by five daughters:—Thelma H. Hegerberg at home; Mrs. Gertrude C. Bush and Mrs. Thora M. Higgins, Onaway; Mrs. Ella Robinson, Detroit; Mrs. Patricia J. Sarnowski, Dearborn. Four sons:—Arne D., Boyne City; Pedar E., Jackson; Emil K., Bath; and Ole K., East Jordan. Eighteen grandchildren and nine great grandchildren. Her father, Ole Mathisen; two sisters, Mrs. Agot Vaagho and Mrs. Jenny Lamo, and two brothers, Karl and Johan Mathisen, all in Norway. Three cousins, Mrs. Martha Albright, Fort Bragg, Calif.; Mrs. Peggy Scott, Rodeo, Calif. and John Stenro, Calif.

Funeral services were held March 3, 1949 at Watson Funeral Home, conducted by Rev. C. S. Hastings. Bearers were Jacob Waagho, Ole Omland, Mike Gunderson, S. Ulvund, Fred Alm and John Seiler. Interment at Maple Grove Cemetery, Elk Rapids.

The immediate family were all at the funeral, also the following grandchildren:— Mr. and Mrs. Elwood Nash and son, Kenneth; Mrs. Wm. Robinson, Mrs. Leon Fields and son, Paul; Mr. and Mrs. Earl Bush and son, Thomas; Anna Higgins and Eleanor Bush, all of Onaway; and Bobby Hegerberg, Bath. The following friends:— Mr. and Mrs. Baar Nassitt, Nels Anderson and Mrs. Perry Moore, Mancelona; Mr. and Mrs. Darwin Orcutt and daughter, Arla, Ellsworth; Mr. and Mrs. Meredith Bice, Charlevoix; Miss Caroline Korhase, Boyne City.

CANDIDATE FOR SUPERVISOR

To the voters of South Arm Twp: I will be a candidate for the office of Supervisor of said Twp. on Ticket No. 2 at the April election. Your support will be appreciated.

10x1 LYLE PETERS

All For Christ Youth Rally

The monthly Youth Rally will be held at the Finkton Schoolhouse, on county road 624, March 12th, at 8:00 p. m.

The Quartette from the Reform Church of Ellsworth will be there with a special musical program. We are also expecting some special music from the Missionary Church of East Jordan. So if you enjoy good music you won't miss this rally.

Rev. Rouse, pastor of the Missionary church of East Jordan, will bring the message of the evening.

We will be expecting you to come and bring your young people. If you do not have any, come anyway and help encourage the young people. Youth is the time to get right with God and He has given you and I the responsibility to encourage and guide them into a spiritual life. Paul said "Let not man despise thy youth"—then in Eccles. 12:1 we see "Remember now thy Creator in the days of thy youth."

Rev. Walter Buck, American Sunday School Union Missionary and Jean Thornell, missionary of the Rural Home Missionary Ass'n, are the directors of the All For Christ.

SPECIAL SUNDAY NIGHT SERVICES

Rev. M. L. Gay of Central Lake will be at the Finkton Schoolhouse Sunday morning to bring the morning message at 11:15. Then we will also have a Sunday night service with Rev. Gay as speaker. So if you don't have a home church to attend, we invite you to come and worship with us. Night service at 8:00 p. m.

Sunshine Extension Club

The Sunshine Extension Club met, Thursday, Feb. 24 at the home of Mrs. Wm. Montroy. Nine members were present. After the business meeting the project lesson was given by leader Mrs. Wm. Montroy and Mrs. Bert Lenosky, leader pro-tem. At this meeting the prune cake with peanut butter topping was made and served for lunch. It proved to be very good. A leader's meeting was announced for March 22 on "Meat Cookery". Next meeting will be with Mrs. Frank Atkinson, March 31.

Local Man Elected A Director of Midwest Creameries

Members, friends and guests of Midwest Producers' Creameries, Inc., met Feb. 24th and 25th, at the Oliver Hotel in South Bend, Ind., for their 16th Annual meeting.

The Mid-West group embraces operating in the states of Michigan, Indiana, Illinois, Ohio and Tenn., and functions as a central sales and marketing organization.

In addition to the officers and directors elected for 1949, included is Percy Penfold, Mgr. Jordan Valley Coop. Creamery, East Jordan.

Jordan Valley Co-op Creamery is a member of the Mid-West organization and was represented at the meeting by Percy Penfold, Mgr.; G. P. Vander Ark; Pres. H. C. Stephens; and James D. Bridgewater.

I DEDICATE

The month of March, 1949, as Red Cross Month for East Jordan, and ask the citizens of our community to give generously to the worthy cause.

MARVIN BENSON, Mayor

Auxiliary Ties Two Quilts

Two quilts were tied last Wednesday evening, March 2 by the Legion Auxiliary for our Community Service project at the home of Reva Walton. We will continue this work at Peggy Thomas's home at 109 Prospect St., Wednesday evening, March 16th.

August LaLonde, Born in 1862, Dies Last Thursday

August LaLonde was born, July 1, 1862, in Canada. His parents were the late Supley and Kate LaLonde. He passed away at the LaLonde Convalescent Home in Eveline Twp. Mar. 8, 1949.

When a young man he came to East Jordan with his parents and was employed by the East Jordan Lumber Co., working in the saw mills for several years. His later years were spent with his brother, Andrew, at Ellsworth, until he became ill and was taken to the Convalescent Home where he was taken care of for a few months.

He is survived by a brother, Andrew, of Ellsworth, besides nieces and nephews.

Funeral services were held Monday March 7th, at St. Joseph Catholic church, conducted by Fr. J. J. Malinowski. Bearers were: Wm. Swoboda, Wm. Stanek, Mose Hart and Lawrence Addis. Interment at St. Joseph Calvary Cemetery.

Relatives from away here to attend the funeral were: Mr. and Mrs. Frank Dufore, Mt. Rose; Mr. and Mrs. Albert LaLonde, Davison; Mrs. Chas. Withers, Charlevoix; Mrs. Anna Carr and Mrs. Russell Dean, Flint; and Mrs. Earl Garsland, Marlette.

Job Jackson Celebrates His 91st Anniversary

Job Jackson passed his ninety-first birthday anniversary by spending a quiet day at the home of his son-in-law and daughter, Mr. and Mrs. Amber Muma, where he is making his home, Tuesday, March 8th. He was born in Indiana, March 3, 1858 and with his family came to East Jordan in 1902. His family consists of five daughters and one son:— Mrs. Nora Swartz, Mrs. Geneva Stevens, Mrs. Frankie Klooster of Charlevoix, Mrs. Ruth Peters, Detroit; Mrs. Goldie Muma, East Jordan, and Marian at South Bend, Ind.

Mr. Jackson has been confined to the house during the winter but is up and around the house every day.

St. Patrick's Party By Masons Friday, March 18th

A St. Patrick's party will be given by the Masons in honor of the Stars at the Lodge rooms, on Friday evening, March 18, at 8:00 p. m. The entertainment committee, headed by Adolph Drapeau, has a good program lined up and a large attendance is expected.

Legion and Auxiliary Annual Birthday Dinner

The Legion-Auxiliary, Rebeck-Sweet Unit No. 227, will sponsor an annual birthday dinner to be held at the Legion Club Rooms on St. Patrick's Day, March 17th, at 6:30 p. m. Bring a dish to pass and your own table service for the family.

We had an unanimous number of volunteers for the Dining Room Committee and those who volunteered for the entertainment committee were: Eldeva Gokee, Caroline Richardson, Helen King, Mary Hayes, LaVera Ingalls, Bernadine Brown, Sherry Root and Floy Taylor.

Motion was made and seconded that bills be allowed. Carried. Motion made to adjourn.

Marvin R. Benson, Mayor
G. E. Frieberg, Sec'y Pro-tem

Jassamine Rebekah Lodge Red Cross

We met March 1st. Fifty-two members enjoyed the lovely birthday supper. We celebrated the birthdays of those who had birthdays in Jan. Feb. and March. The tables were set up in a clever zig-zag pattern and were beautifully decorated.

Sister Harris of Petoskey No. 104, now residing in East Jordan, was introduced and welcomed.

Sister Anna Carr was presented with a gift of yellow roses from the lodge in honor of her 81st birthday anniversary. We were very glad to have sister Ranney back with us.

After the meeting the members played bunco. Sisters Weldy and Kiser acting as hostesses.

Next meeting March 16th, initiatory.

The initiatory staff of 15 members of Jassamine Rebekah Lodge held a surprise party for Staff Captain Alberta Nowland and presented her with a lovely pair of dress clips.

Lulu Clark planned the party and decorated the tables very nicely.

Eleanor Scott brought Alberta. I'm told she caught her just as she was about to have supper. On some pretext, Alberta was brought to the lodge to find the party was on her.

After the lovely dinner we danced. Everyone had a grand time.

March of Dimes Collections Best In Many Years

Mrs. Walter Davis, County Chairman of the 1949 March of Dimes Campaign for Charlevoix County reports that the 1949 drive just completed, netted \$832.68. The amounts collected in the county are as follows: Boyne City & Boyne Falls \$334.15 East Jordan & Ironton 302.31 Charlevoix & St. James 160.52 Walloon Lake 35.70

The largest contribution was turned in by the Temple Theater of East Jordan. The proceeds from their collections amounted to \$118.30.

Collections were four times greater than a year ago.

Two days after the final reports were filed, a case of polio in a Charlevoix County family was reported to the County Chairman.

Republican Ward Caucuses To Be Held Monday, March 14

Republican Ward Caucus will be held at the City Building on Monday, March 14th, at 8:00 p. m. for the three wards of the city of East Jordan.

Purpose of the caucuses are the nomination of a candidate for the offices of Supervisor and Constable for each of the three wards. Also the election of a Ward Committee.

Funeral Service of Mrs. Emma Bocoock Held Saturday

Funeral services for Mrs. Emma Bocoock were held Saturday, March 5, 1949, at the Presbyterian church, conducted by Rev. C. S. Hastings. Interment in family lot at Sunset Hill.

Emma Severance was born on Nov. 21, 1878, in Jordan Twp. Her parents were Harriet L. and Frank M. Severance. She passed away early Thursday morning, March 3, at the age of 70 years, 3 months and 10 days, at Meadow Brook Hospital, Bellaire, where she had been taken when she became critically ill. She has been a patient in the hospital for the past six months.

She was a graduate of the East Jordan High School and taught school for several years after completing an advanced education course.

In April 1927, she was united in marriage to Geo. Bocoock of Star Twp. in Antrim Co. He preceded her in death in 1941.

Mrs. Bocoock has made Antrim Co. her home all her life. She was an ardent church worker and was a member of the East Jordan Presbyterian church.

Surviving are one sister, Mrs. Myrtle Barden, Sodus; and two brothers, Howard D., Monterey, Calif. and Wm. C., Bellaire, besides many other relatives and friends.

Out of town relatives and friends to attend the funeral were:— Rev. and Mrs. Floyd M. Barden, Sodus; Mr. and Mrs. Ben Barden, South Haven; Mr. and Mrs. Wm. Severance, Bellaire; Mrs. Sylvia Blain and Mrs. Austin Ashbaugh, Alba.

Special Communication of the East Jordan Lodge No. 379 F. & A. M., Tuesday, March 15, at 8:00 p. m. Work in the EA Degree.

Red Cross Drive Is On

EAST JORDAN'S QUOTA IS \$1700

The National Red Cross drive for funds is now underway in Charlevoix Co. The quota for East Jordan is \$1,700. Seventy-five per cent of this amount will stay in the county for local use. Twenty-five per cent goes to the national headquarters to be used in case of emergencies, such as fire, flood, blizzard, hurricane, etc., in any part of the country.

One of the activities of the Red Cross in our community this past summer is the trained life guard at the tourist park. This service freed many a parent from anxiety about his child's going swimming and gave many children a splendid opportunity to learn to swim. Remember this service when the volunteer calls at your home.

The teachers will not be solicited at school. The workers at the Canning factory, Creamery or Foundry will not be contacted at work. We make this statement so that the wife at home will use her opportunity to join when the solicitor calls.

Frank M. Malone is the local chairman for the drive. The volunteer workers who are donating their time and energy to conduct this drive are as follows: Mr. Ernest Evans, Mr. Bill Porter, Mrs. Ted Malpass, Mrs. L. J. Barnard, Mrs. Jim Lilak, Jr., Mrs. A. L. Darbee, Mrs. Ervin Murphy, Mrs. Alex Sinclair, Mrs. Milton Meredith, Mrs. John Saganek, Mrs. Percy Penfold, Mrs. Wm. Montroy, Mrs. Orville Davis, Mrs. Pearl McHale, Mrs. Lee Hart, and Mrs. Ray Benson.

Remember, the Red Cross serves all in time of need. Let us serve the Red Cross now — a Red Cross sticker in every window is our goal. When one of the above solicitors calls on you, he is giving you a chance to renew your membership in the organization of its kind whose sole objective is in serving all who need it's help, however great or small, whenever and wherever.

Funeral Services for Mrs. Ed Ager Held Saturday Last

Funeral services were held Saturday, March 5, at St. Joseph Catholic church for Josephine Ager, conducted by Rev. J. J. Malinowski. Interment at St. Joseph Calvary Cemetery. Bearers were Wm. Swoboda, Wm. Stanek, Lyle Persons and Chester Walden.

Josephine Fitzgerald was born July 26, 1892, at Big Rapids, and passed away at Little Traverse hospital, Petoskey, March 2, following an illness of two months. The week prior to her passing she underwent surgery for cancerous tumor.

She came with her parents to East Jordan and attended the East Jordan school. In 1909 she went to Charlevoix where she was employed.

Jan. 24, 1913, she was united in marriage to Edward Ager at Charlevoix where they lived a short time, then spent two years in Grand Rapids, then returned to Charlevoix until 1920 when they came to East Jordan, where they have since made their home. Mrs. Ager was a member of the St. Joseph Catholic church, St. Ann's Altar Society and National Council of Catholic Women.

Surviving are the husband; five daughters—Mrs. Clarence (Esther) Kidder, Mrs. Glenn (Helen) Lord, Mrs. Zell (June) Murray, Dorothy and Betty, all of East Jordan; two sons—Gerald of 1258 Belvidere, Detroit, and Donald of East Jordan. Eight grandchildren; five sisters—Mrs. Mary Seymour, Waukegan, Ill.; Mrs. Helen VanWagner, Hopkins, Mich.; Mrs. Joe Thompson and Miss Anna Fitzgerald, Muskegon; and Mrs. Betty Thompson, Grand Rapids. Four brothers—Thomas and Joseph Fitzgerald, Grand Rapids; John Fitzgerald, Detroit; and James Fitzgerald, Muskegon.

Relatives and friends from away to attend the funeral were:— Mr. and Mrs. Joe Fitzgerald and daughter, Shirley; Mr. and Mrs. Gerald Fitzgerald; Mr. and Mrs. Thomas Fitzgerald; Mr. and Mrs. Larry Ziemann; Mr. and Mrs. John Wickering, Grand Rapids; Mr. and Mrs. James Fitzgerald; Mrs. Joe Thompson and son, Lee, and Miss Anna Fitzgerald, Muskegon. Mr. and Mrs. John Fitzgerald; Mr. and Mrs. Gerald Ager and sons, Jerry and Mike, of Detroit; Mr. and Mrs. Wm. Ager; Henry Ager, Ted Ager, Vivian Ager; Mr. and Mrs. John Fratric, Carlton Ager, Mr. and Mrs. Chas. Ager, Mrs. Laura Heise and son, Edward; Mr. and Mrs. Geo. Willis and son, Mr. and Mrs. Wm. Sharaw, Bert Sharaw, Lottie M. Rathburn, Mr. and Mrs. Ervin Lord, Mr. and Mrs. Stanley Lord, Mrs. Milton Richardson, Mr. and Mrs. Wm. Jolliffe, Mr. and Mrs. Harvey O'Brien, all of Charlevoix; Mrs. Barney Callahan and son, Ted, Grayling; and Sue and Mary Umior, Petoskey.

The Letter Box

The Herald is glad to publish letters from its readers. These letters must be signed, but the writers name will be withheld from publication if desired. The views expressed are of the writer and the Herald will not be held responsible for same.

Dear Editor:
 I see by the paper the past few weeks some unknown person has been playing a game of Twenty Questions with the C. of C. and the Rotary Club with the main question "What are we doing to get year around employment in this town?"
 Well I guess the Rotary Club has been so busy practicing for their Minstrel Show they just didn't have time to answer your berating letters. As for the C. of C., they've either given up or ran out of excuses.

However I will try to partly answer your question by saying that the blame doesn't rest with the C. of C. or Rotary Club. I mean that the qualified voters and citizens are just as much to blame as any organization hit by your "berating letters." When the qualified voters of this town sit in their overstuffed chairs and let the City Council pass a Zoning Ordinance which was published in this paper not long ago, it is just as much to blame as any organization.
 In this Ordinance (Article XII) it states that all heavy manufacturing which "is not dangerous or noxious by reason of smoke, dirt, smell, noise or vibration, etc." Really, gentlemen, that doesn't leave much does it?
 It also says under this same article that manufacturing is subject to approval as to location. After driving a livestock sale out of here, do you really expect to question the location of any other industry.
 If someone took the right to vote away from you, what would you do? I'll tell you. There would be an awful stink kicked up. But yet, you, the qualified voters of this fair city, sit around and let the people you elected pass an ordinance that specifies what kind of manufacturing can come in here, where it can locate, and the kind of building they can have. Pretty soon they'll be telling you when you can vote. How would you like that?
 — A Bewildered Bystander

BOYS AND GIRLS! MAKE YOUR OWN COMIC BEADS

Here comes fun! Kids, learn how to make color comic beads! Just one of the treats you'll find in The Comic Weekly Corner, that grand new feature, in Puck, The Comic Weekly, big color comic magazine with this Sunday's (March 13) issue of The Detroit Sunday Times. Make your own comic beads!

When the flame of love burns, man does likewise.
 A peep show is not connected in any way with baby chicks.
 Cold cash can warm hearts.

For Your Child's Safety

REMEMBER, MORE CHILDREN DIE FROM ACCIDENTS THAN DISEASES

More children die from accidents than from any disease. More accidental deaths of children occur at home than any other place. An adult is either directly or indirectly responsible for almost every childhood death. These things Dr. Albert E. Heustis, State Health Commissioner, stressed today in urging every Michigan adult to participate in the national Watch Out for Children campaign this month.
 Watch out for other people's children in traffic or on crosswalks, but watch out also for hazards which endanger your own child in your own home, he said.
 Of the 638 Michigan children under 15 who were killed in accidents last year, 327 — more than half — died as the result of accidents in their own home.

A child is not "safe at home" unless that home is made safe for him. Last year 108 babies under one year died of suffocation, and 17 more under five years lost their lives in a similar fashion. An infant should have his own bed, tiny pillow and blankets and should sleep alone.
 Home fires took the lives of 119 children under 15 years. More than half of them were under five. Don't leave your children alone at home. Look for the fire hazards in your home, any one of them may take your child's life. Correct poor wiring and heating equipment. Keep matches out of children's reach.
 Nineteen children under five years died from accidental poisoning in their homes. Where have you stored your lighter fluid, spot-remover, laundry bleach, insecticides, lye, medicines and other poisonous materials? If a climbing child can reach them, move them now to a safe location.
 Twenty-four children died from falls, 16 of them in their own home. Are there skates, brooms, clothes, laundry or other items on your stairs? Are there slippery floors or skating rugs above or below the stairs? Can your child fall out of your windows or through your stair railings?
 Last year 117 children between 5 and 15 years were killed by automobiles as they walked, ran or played in streets and drives. Teach your child the safest route to school. Tell him why he must not play in the streets and why he should cross only at crosswalks and only with the light. Then use special caution when you drive in school zones just before or after school, when you drive near neighborhood stores, theaters, or playgrounds. Keep an eye out for the child who may dart from between parked cars or from behind buses.
 Drowning took the lives of 80 children last year. Give a little thought to water safety and swimming lessons for your children.
 Most of the accidental deaths of children from suffocation, fires, traffic, falls, poison and drowning can be prevented, if all adults will only "Watch Out for Children," Dr. Heustis concluded.

Climate and Baldness.
 English scientists want to know whether climate, and some other things have anything to do with baldness in men.
 They decided a study of the upper lips of women—where fuzz sometimes grows—might produce some important facts about the ability of people to grow hair. They're giving the upper lips of women in Great Britain, Sweden and some other countries the once-over.
 Preliminary findings seem to indicate there may be a relationship between baldness and the thickness of the skull, that the thicker the skull the more hair.
 Army scientists are curious about how the mosquito found G.I.s concealed in foxholes in the deepest jungles of the South Pacific. They've decided the odor of perspiration may attract mosquitoes, but they're testing other scents, too.

PENINSULA...

(Edited by Mrs. Emma Hayden)
 Twenty present at Star Sunday school March 6.
 Claude Stanley, Rawleigh Dealer, was on Peninsula last week.
 Dewey Hosler made several business calls on Peninsula Friday.
 Mr. and Mrs. Albert Chanda and 2 children of Chaddock district spent the week end with her sister at Pontiac.
 Steve Hayden helped the 7th grade boys with their basketball season. They played their last game with Petoskey with another victory. They won all their games.
 Mr. and Mrs. F. K. Hayden and family, Mr. and Mrs. Thomas Hayden and daughter of East Jordan, Miss Arlene Hayden and Ken Staley of Charlevoix helped Mrs. R. M. Beyer celebrate her 63rd birthday anniversary March 6. Mr. and Mrs. Bertie Hawkins, Jr. and 3 sons and Mr. and Mrs. Rankvitch and son spent the afternoon. Mrs. Beyer is much improved from her serious illness.

Muddy Yards To Come Soon

Spring usually brings one of the most unpleasant situations a farmer deals with — muddy barn yards. Cattle that have to wallow knee-deep in mud can't produce properly and they are hard to care for.
 The remedy for the muddy barn yards is a hard surface. Michigan State college extension specialists have prepared a bulletin that gives the necessary information. Drawing and pictures show how the work is done.
 The extension bulletin, number 266, "Paved Barn Yards," can be obtained from county agr'l agents or by writing to the Bulletin Office, Dept. of Public Relations, Michigan State college, East Lansing.

Everyone listens when money talks. The most dangerous curves are those sitting beside the driver. Criminals are men who hate long sentences.

Science Answers Questions About Moths and Fleas

WASHINGTON.—Does a moth chewing your best suit sound like a person munching corn flakes? (Answer: yes.)
 How far can a flea jump? Answer: Some farther than others.)
 Sure, you know all about uranium, mesons, neutrons and all that atomic stuff—but how well informed are you on some of the other frontiers of science?
 A Cornell university scientist wanted to know what sort of sound a moth makes while chewing fabrics.
 He sewed a moth larva in a cloth sack. The larva had to chew his way out. As he did so, the scientist made a phonograph record of it.
 The noise was indeed like a man eating corn flakes.
 Scientists once became interested in how far a flea can jump. It turned out some fleas can jump farther than others. Sounds silly, but out of the study these scientists were able to help solve the riddle of bubonic plague.
Fleas Can Jump.
 It showed that fleas can jump from dead rats to live rats and man and thus revealed how they carry and spread the plague, the Black Death of the Middle Ages that killed millions of people.
 These scientists were so curious they even counted the number of plague germs the flea's stomach could hold—5,000. And then they learned a curious thing.
 This plague flea belches. If he is feeding on a human being, and belches, he acts as a living hypodermic needle.
 A lot of big men are doing a lot of little things that next week or 20 years from now may add years to your life, or make earning a living easier. (Or they may produce a military weapon more deadly than the atom bomb.)

Climate and Baldness.
 English scientists want to know whether climate, and some other things have anything to do with baldness in men.
 They decided a study of the upper lips of women—where fuzz sometimes grows—might produce some important facts about the ability of people to grow hair. They're giving the upper lips of women in Great Britain, Sweden and some other countries the once-over.
 Preliminary findings seem to indicate there may be a relationship between baldness and the thickness of the skull, that the thicker the skull the more hair.
 Army scientists are curious about how the mosquito found G.I.s concealed in foxholes in the deepest jungles of the South Pacific. They've decided the odor of perspiration may attract mosquitoes, but they're testing other scents, too.

When Gas Rationing Comes, Here's How to Save Fuel

DETROIT.—With the anticipated gasoline shortage, particularly in the Midwest, the engineering division of the Chrysler corporation has conducted tests to demonstrate how gasoline savings up to 70 per cent can be achieved.
 W. B. Rice, director of service, reported that the secret of the savings lay in:
 1. Proper tune-up of the car, including ignition, carburetion, cooling system, oil change and chassis lubrication, and steering and brake adjustments.
 2. Employment of proper driving techniques in handling foot throttle and brakes.
 Tests showed that the first 10 per cent of savings were achieved by a tune-up of the car, Rice reported.
 Moderate acceleration and braking showed a 60 per cent greater mileage over the "quick stop and start artists," he added.
 One test over a 10-mile course in heavy traffic in Detroit showed that the moderate starting and stopping driver made 50 per cent fewer stops and averaged only 2 per cent slower speed.

Professor Claims Solar System Has 'Lost' Planet

COLUMBUS, OHIO.—The solar system once may have had 10 principal planets instead of the present known nine.
 That is the theory of Dr. Carl A. Bauer of the University of Michigan observatory.
 Bauer told a meeting of the American Astronomical society that his theory is based on a long-standing hypothesis. The belief is that such a planet also was the parent of the thousands of asteroids or minor planets which inhabit the portion of the solar system between the orbits of Mars and Jupiter.
 The supposed planet, Bauer said, would have had a make-up similar to that of the earth; nickel-iron ore, intermediate shell of stony-metallic material and an outer mantle of rock. The planet probably was smaller than the earth and therefore solidified earlier, he added. Bauer estimated that the planet exploded several hundred million years ago.

SOUTH ARM...

(Edited by Mrs. Arnold Smith)
 Woodrow Boyer is working for Arnold Smith.
 The Community 4-H Club is meeting with Mrs. R. V. Liskum Wednesday night.

Mr. and Mrs. Arnold Smith and family were Sunday dinner guests of Mr. and Mrs. Lyle Smith.

Don Moore called his folks Monday from Flint. He took his exam, Saturday, for the State Police force.

Mr. and Mrs. Glen Compau and son, Edward, called on Mr. and Mrs. Harold Goebel and family Monday evening.

Rev. and Mrs. Buck of Petoskey held a service at the Ranny School Sunday with a nice congregation present.

Mr. and Mrs. Harold Goebel and Mr. and Mrs. Wally Goebel and families spent Thursday evening with the Fred Eichler family.

The Wally Goebel family stayed from Thursday to Saturday with Harold Goebel because of the fire at the former's home last Thursday.

Janet Flora and Catherine Smith attended the dance at Mancelona Saturday night after which Catherine spent the night with Janet.

Mr. and Mrs. Booth (Marcella Dougherty) and Mrs. August Buhling and son were Sunday dinner guests of Mr. and Mrs. Harry Dougherty.

Mr. and Mrs. Rueben Liskum are home again after spending some of the winter in Fla. They were visiting relatives in our neighborhood Sunday.

Mr. and Mrs. Wally Goebel and children and Mr. and Mrs. Harold Goebel and sons were Saturday evening guests of Mr. and Mrs. Arnold Smith and family.

Mr. and Mrs. Archie Murphy attended a family reunion Sunday at the home of her brother, Bill Parsons, of near Barnard. Another brother, Floyd Parsons and wife were also there from Peninsula.

Arvita Liskum spent Monday night with Catherine Smith. Sandy Liskum spent Monday night with Margaret Lord. They were all practicing their respective parts for the short plays to be given at the Box Social at the South Arm Grange Hall, Saturday, March 12th, by the Community 4-H Club. We hope for a big crowd as this is for a very good cause.

WILSON...

(Edited by Mrs. Selma Eggersdorf)
 Mr. and Mrs. Roland Hayse are moving into their new home this week end.
 The Wilson Ladies Aid will meet with Mrs. Frank H. Behling this Thursday.

Those on the sick list are Inez Ecker, Coral McPhearson, Connie and Jimmy Kolker, L. Cosier and Mrs. Leroy Hardy.

Mr. and Mrs. Pete Boyer have been entertaining their daughter, Maxine, and little daughter from Detroit the past week.

Mr. H. Eggersdorf is caring for Billy and Christine Thorsen while their father is in the hospital. Eddie is staying with his aunt and uncle, the Warns, south of the city.

Mr. and Mrs. Chas. Reidel, Mr. and Mrs. Henry Knop and Mrs. S. Eggersdorf drove to Sault Ste. Marie, Sunday to visit their uncle and brother, Mr. Wm. Knop, who is very ill.

Casey Machowski took Emil Thorsen to Lockwood Hospital Monday for an examination. His condition had become worse. Mr. Watson had to take him to the hospital where he will undergo a surgical operation Tuesday.

The following attended the dedication services at Petoskey a week ago Sunday: Mr. and Mrs. Harry Behling and sons, Mr. and Mrs. Aug Knop, Mr. and Mrs. Frank Behling, Mr. and Mrs. Bob Ecker and Mrs. S.

Eggersdorf. We still have no pastor. Rev. Krach of Petoskey is filling in the vacancy left by our former pastor, Rev. Kuck. Services every Sunday afternoon at 1:30.

BOWLING

March 8, 1949.
 Hillman's Insurance team upsets St. Joseph's taking 4 points and narrowing the margin between 1st and 2nd place to 5 points as the State Bank bowlers were able to salvage 1 point from the Postoffice, who took off on another scoring spree and rapped the maples for games of 996-838-919-2753. In the meantime the Bank bowlers had games of 823-936-894-2653. Barney Adair led the Post Office and the league for high series of the night, wiring together games of 200-204-216-620. While Cy Dolezal started with a big 254 game and wound up with 596. Lou Kamradt was tops for the Bank with 591 and Greg Boswell added a 231 finisher to get 650. John DeYoung had 537 for Hillman's and Jim Lilak had 518 for the Saints.

The Cannors took undisputed possession of 3rd place by taking 3 points from the Ellsworth Elec. team, as Burl Braman led the Cannors with 217 middle game for 555. Herb Peebles was tops for the losers with 506.

The Recreation and Norm's took 3 points each from Thorsen's and Monarch. Spin Cihak and Joe Wilkins were tops for Norm's with 589 and 563 respectively. "Andy" Anderson had 565 for the Recreation with a 213 middle game. Bob Smalley finished with a 221 game for 533 for the Monarch's. Bill Bennett took the scoring honors for his Lumber team with 531.

The match between Cal's and Brock's ended in a split. Cal's taking the first and third games while Brock's took the middle game, sufficient to give them total pins. Dick Hamerski was high for Cal's and Clyde Goodman for Brock's. Dick getting 519 and Clyde 549.

The Standings:
 St. Joseph 65 35
 State Bank 60 40
 Canning Co. 55 45
 Ellsworth Electric 53 47
 Post Office 51 49
 Hillman's 49 51
 Cal's Tavern 49 51
 Thorsen's 48 52
 Norm's 47 53
 Brock's 45 55
 Recreation 41 59
 Monarch Foods 37 63

In the Traveling League the Recreation travelers were dropped from 1st place by Big Rapids and Look Out Tavern, Fife Lake. Big Rapids scoring a shut out, while Look Out Tavern took 4 points. Greg Boswell was high scorer in each match, with 572 against Big Rapids and 618 against Look Out. This enabled him to increase his average to 191 for the season, which is top average for the Northern Michigan Traveling League.

Saturday and Sunday, March 12th and 13th, the Recreation, Norm's Tavern and the Canning Co. will go to Grand Rapids to bowl in the Michigan State Bowling Tournament, bowling their five-man event Saturday at 8:00 p. m. and their doubles and singles Sunday.

The Ladies League, which bowls each Thursday for the race for top spot, is a hot one as four teams share the lead with 53 points each. The teams leading at present are Cal's Tavern, Quality Food's, State Bank and Bachmann's from Central Lake.

The Weidmanns were asking Judge Hoffman to divorce them. Instead he recommended a honeymoon! For the complete story of this unusual experiment — read "Honeymoon Cure." It's in The American Weekly, the great magazine distributed with Sunday's Chicago Herald-American.

WEEKLY NEWS ANALYSIS

Big Business Flayed in T-H Row; Unemployment Increases in U. S.; Soviets to Keep Prepared for War

(EDITOR'S NOTE: When opinions are expressed in these columns, they are those of Western Newspaper Union's news analysis and not necessarily of this newspaper.)

BIG BUSINESS HEARD ON T-H LAW . . . Charles E. Wilson (right) president of General Electric, testifies at senate labor committee hearing on Taft-Hartley bill. With him, at left, is L. R. Boulware, vice-president of General Electric. Their conclusions: The law is a "good law with wise safeguards in labor-management relations." That labor thought otherwise is shown by the placard Wilson holds.

LABOR LAW: Trouble, Trouble!

In the field of liberal—or, as some would term it, even "left wing"—Republicanism, the GOP's Sen. Wayne Morse of Oregon was conceding nothing to no man.

THE SENATOR was vocally and vociferously hurt. The defense of the Taft-Hartley law by "big business" was giving the senator no rest and he meant to let everyone know about it.

With little originality but much vigor, the senator was crying that the attitude of many defenders of the Taft-Hartley law was a "Judas betrayal of the capitalistic system."

IN A SUDDEN onslaught against many of the business men who have appeared before the committee in defense of the measure, the senator declared their attitude is "shocking . . . selfish . . . class-conscious . . . un-Christian."

In contrast, he praised Senator Taft (R., Ohio) whose name the law bears, for his "fair-minded objectivity" in considering testimony on the "shortcomings" of the act.

Morse declared he and Taft are "much nearer together on the need for a law less drastic against labor" than they were in 1947 when the act was passed.

MEANWHILE, sentiment was growing among congressional observers that with every day of delay on legislative consideration of Taft-Hartley law repeal, there increased the probability of labor's failing to get as many of the law provisions outlawed as they might hope to do.

A major battle was shaping up on the proposal, with many legislators evidencing a dawning conviction that perhaps it would not be wise to scrap the Taft-Hartley law in its entirety and replace it with some version of the Wagner act.

JOBLESS: 3 Million Out

At present count the number of jobless in the United States stood at three million.

However, according to the experts, there was no cause for immediate concern. Commissioner Ewan Clague of the federal bureau of labor said the time to become alarmed would be when the unemployed total reached five million and stayed there.

Would it reach five million?

THAT WAS A POINT on which the experts disagreed.

Those who were loudest in pointing to the possibility of a depression pointed out that in just three months the jobless total had jumped from 1.8 million to the present three million. That was a rate of acceleration which, they claimed should cause everyone to be alarmed.

Time was an element, Commissioner Clague contended. Wait, he said, until the spring weather begins to revive the construction business and Easter trade and then "we'll be able to tell better just where we're going."

The federal official noted there was a drop of 1.75 million workers in non-agricultural jobs between mid-December and mid-January. Part of this was seasonal, he said.

GETTING HOT IN FLORIDA

Governor Warren Runs 'Bookies' Underground

All was not sunshine and soft breezes in Florida. It was hot enough but at this writing there had been nothing to call off the heat imposed by Gov. Fuller Warren's edict against bookies. "Bookies" to the initiate are those who take race horse bets off the tracks, usually in rear rooms of public establishments—in more sumptuous instances in their own establishments.

It appeared the governor's crack-

Fraternity Man Chooses Mind Over Gastronomies

Culture had won a minor triumph.

At Ann Arbor, Mich., Paul H. Smith, University of Michigan junior was about to have at it with a hog for eating capacity honors.

Thinking better of the idea, he changed his mind.

Reason, it appears, had raised its awesome head.

Smith declared that, on second thought, it occurred to him that the contest might be a "reflection" on himself and his fraternity.

Fraternity men from high above Cayuga's waters to the Rose Bowl breathed easier, buckled anew to their academic tasks.

but the overall decline was greater than normal.

SIGNIFICANT was a report of Robert G. Goodwin, director of the bureau of employment security, who said that the number of people receiving jobless benefits increased by 62,000 to a total of 1,784,000 during the week ending February 12. In the same week in 1948, there were 1,030,000 such claims.

Employment or its lack has always been a major factor of indication in an evaluation of the nation's economic condition because of the simple fact that in past recessions general unemployment has always preceded periods of national depression.

RUSSIANS: Big War Talk

The Russians must keep prepared for war.

That was the message of Soviet Marshal Nikolai A. Bulganin, Soviet minister of armed forces, in a statement in an order of the day marking the 31st anniversary of the Red army.

The Marshal named the possible enemy—the United States.

Bulganin added that the "ruling circles of the United States which seek to establish their world domination by force pursue a policy of aggression and of unleashing a new war."

The language was strong, even for the Russians. Was it the beginning of a campaign by the Soviets to prepare the mass Russian mind for conflict?

It could be. Bulganin played on fears and prejudices which might well lay the groundwork for calling the Soviet people into war. Intimating the possibility of attack, he assured the Russians that the "Soviet people may rest assured our army, air force and navy will vigilantly stand guard over their socialist homeland."

THE UNITED STATES was the only western power singled out by the marshal in his order of the day.

But there was a naive element of braggadocio in all the anniversary statements. It seemed Lt. Gen. S. S. Shatilov, deputy chief director of the political board of the armed services, was trying to "whistle past the graveyard" when he stated that in its early days the Soviet army had "routed the hordes of 14 powers."

'Bookies' Underground

down was going to stick. The bookies "went underground" and it was reported that a telegraphic news service supplying results of horse races had suspended.

Most reports emanating from the state were to the effect that bookies were out of work except for a few trying to do a small business by runners and telephones. The outlook didn't appear too rosy.

DEATH SPRAY:

Nazis Had It

Out of Mountain View, Calif., came one of the most chilling, awesome post-war tales of what might have been in World War II.

It was about a "death spray"—a spray so fatal that if a spot of it the size of a dime lay on a person's skin, that person was doomed.

THE SPRAY was described as being potent enough to knock out whole divisions of men in exposed positions.

A dime-sized spot, unless wiped off quickly, would kill a man in two minutes. It would penetrate ordinary clothing and some types of gas masks.

Authorities for these statements were U. S. army engineers who destroyed 125,000 tons of the spray where it was stored in carefully hidden caves in Bavaria.

Maj. James M. Graham of the engineer corps said the Germans called the chemical "tabun," a combination of the scientists who invented it. According to Major Graham, who had charge of the disposal of the chemical, "tabun" was a military secret until about six months ago when some information concerning it leaked out to the American public. One thousand tons were spared from destruction and shipped to the army proving grounds at Aberdeen, Maryland.

THE MAJOR said the stuff is nearly odorless that a person has to know exactly what he is smelling before he can detect it with his nose. It has a faint fruity flavor and looks like crankcase oil.

Then the Major said something that would add no comfort to those who fear a war with Russia. He said that the scientists who developed "tabun" were in Berlin when the Russians took over and probably became subject to Soviet control.

Speculation was that it was not used by the Germans because of a reluctance to engage in chemical warfare for a lack of knowledge of what weapons in this field might be possessed by the Allies.

OLIVER TWIST:

Fagin Is Issue

Intelligent Jews would draw little consolation from the violent acts of their fellow men in multi-torn Berlin.

With the world on tenterhooks over the possibility of a third world war and with the issue of Palestine

not yet completely settled as it affects the Jews, a mob of Berlin Jews saw fit to demonstrate over the showing of a British-made film.

THE FILM was "Oliver Twist," a story familiar to almost every English-speaking schoolboy and, apparently, familiar to a great many Jews as well.

The Berlin Jews, it seemed, couldn't stomach the Dickens creation, Fagin, one of the major characters in the story. Fagin, depicted as a Jew, is an unlovely character who teaches children to steal for him and accords them brutal treatment.

The charge that the film was "anti-Semitic" was hurled by the Jewish demonstrators. Their demonstration was effective. It resulted in temporary withdrawal of the film. German police hospitalized some of the rioters, but said they could not continue to protect the theatre.

THE ENTIRE AFFAIR provided a disturbing spectacle. Berlin, supposed to be the proving ground of the ability of nations to work together, has become, instead, the malodorous corpse of that conception.

People Are Funny

And, people are funny, in many of the things they do. This woman, Charlotte Kierstein, 23, on probation for a check swindle verdict, couldn't keep a job. Suspicious employers fired her 14 times. Then, jailed at her own request, her story hit the papers and now she's been deluged with jobs. Her past will make no difference.

Ten years ago he started on a shoestring and today — he's got a pair of shoes.

"Cheer up! You can locate beefsteak for that shiner at any meat dealer listed in the telephone directory Yellow Pages."

LOOKING BACKWARD

From the Herald Files of Forty, Thirty and Twenty Years Ago
Compiled by Mrs. Ida Kinsey

MARCH 6, 1909
Our village Dads — the Council — have been going over Engineer's reports securing an issue of bonds, advertising for bids and awarding contract for the work to be done and now the long-talked-of and much-needed addition to our present water works system will be a certainty this coming summer. When the addition is made our little city will be second to none in the State of Michigan. It will be built of brick 24x32 and will be equipped with a two stage centrifugal pump with a dynamo for power. It is capable of pumping 400 gallons per minute. The plant has nine 3 inch wells and three more wells 150 feet deep are being dug. For emergency an intake pipe will be laid from the lake. This will only be used in case of a big fire and the wells prove inadequate. The new reservoir will be located on top of the Nachazel hill, north of town and on a line with Third St. It will be of cement with a capacity of 200,000 gallons. The West Side, Bownes Addition and Willow Brook Addition will now be supplied. When complete the new system will cost something over \$20,000 and will be a lasting benefit to the town. The question as to whether the saloon shall be banished from Charlevoix Co. at the Spring Election is before the people and the campaign is begun.

Born to Mr. and Mrs. Geo. G. Glenn, a son last Sunday.
Mr. and Mrs. C. A. Hudson entertained our Common Council to a 6:00 p. m. dinner Thursday evening.
The Common Council met this week and awarded contract for building the water works system to W. R. Cadwell, city engineer, of Traverse City. Work will commence as soon as the submarine pipes arrive.
Miss Bessie Greenwood took a hard fall on the icy walks Monday morning and was confined to her home for a few days.
Mr. and Mrs. Godfrey McDonald of Ironton spent Sunday and Monday with their daughter, Mrs. Lon Sheldon.

MARCH 7, 1919
County School Commissioner May L. Stewart was re-nominated at the Primary election Wednesday.
Our High School Debating Team wins from Traverse City on the Minimum Wage question. A unanimous decision in favor of East Jordan was the joyous result. The East Jordan team was: Conrad Hughes, Gertrude Hochstad and Reo Bockes.
Cecil G. Barkley passed away at the home of Richard Lewis, Charlevoix, Monday after an illness of only 4 days from influenza. She was the daughter of Mr. and Mrs. Wm. Barkley.

Born to Mr. and Mrs. Ray Lyons a son, Wm. Robert, at Grand Haven, March 2nd. Mrs. Lyons was formerly Mrs. Selma Oleson of this city.
Edward Monroe and Mrs. Lillian Bussler were united in marriage Feb. 27th. Rev. M. E. Hoyt officiating.
At the meeting of our Library Commission held Saturday evening, Mrs. O. E. Sunstedt was elected Librarian for our new Public Library, which is to open in the near future.
Robert Biglow of Tustin and Miss Maud Beebe were united in marriage at the home of the brides parents, Mr. and Mrs. Chas. Beebe on the West Side March 1st. Rev. Sidebotham performed the ceremony.

Jack Weikel has opened a vulcanizing and auto repair shop in the Madison building, next to the Carr Grocery on State St.
Mrs. H. W. Dicken left Tuesday for New York City where she expects to meet her husband, Major Hugh W. Dicken, who is enroute home from overseas service.
Mrs. H. H. Cummings and Miss Fae Kowalske were at Alba Tuesday, where they met the latter's brother, Harry, who was invalided home from overseas. He went over with the 85th Division, and served with Co. G, 4th Infantry. He received four wounds in his right leg during the Chateau-Thierry battles and was invalided home.
Ester Uvon, 10-months-old daughter of Mr. and Mrs. Roy Gregory passed away Thursday.
Martin Ruhling was at Alanson first of the week where he purchased a Registered Durham bull and intends to improve the stock on his farm.

MARCH 8, 1929
The worst storm in many years hit East Jordan Wednesday night. From a calm and peaceful wet snow Wednesday night a hurricane suddenly broke loose and a drop in temperature to near zero and a blinding snow storm, which was general throughout this section of the state.
Geo. Pringle, 88, passed away at his home on the West Side March 3.
Mrs. Thos. Chopping (Mary Berg), a well-known school teacher, died at her home at the age of 36 years.
From Peninsula: Ed Stallard, manager of the Charlevoix County Nurseries already has \$50.00 worth of pansy seed for early planting. The Nurseries employ quite a crew of men through the summer.
Born to Mr. and Mrs. LeRoy Sherman, a son, March 4th.
Born to Mr. and Mrs. Chas. Blaha, a daughter, Mary Josephine, March 3.
Miss Helen Beach of Petoskey is guest at the home of Mr. and Mrs. Holden Wressel.

Mrs. J. D. Frost is at Central Lake caring for her mother, Mrs. S. W. Henderson, who is seriously ill.
Richard Farmer returned home Wednesday from Charleston, Miss.

A-BOMBS:
Whom To Tell?

Government officials were being frank, but futile. They said they hadn't figured out how to tell Americans ways in which to protect themselves from A-bombs without letting the whole world in on the "know how."

Their dilemma, A-bomb officials said, is how to disseminate this information at home and keep it at home. No defense plans exist, for area defense.

LOCAL NEWS

Mrs. Howard Stevens of Hortons Bay was Saturday guest of Mrs. Percy Penfold.

Have Sunday Dinner at LaVergne's Lakeside Lunch. Open 9:00 a. m. to 11:00 p. m. advx.

Mr. and Mrs. John Porter returned home Tuesday from a month's vacation at Ft. Lauderdale, Fla.

Mr. and Mrs. Arthur Howlan of East Lansing spent the week end guests of Mr. and Mrs. Percy Penfold.

Mr. and Mrs. Wm. Bashaw spent the week end in Petoskey guests of their son-in-law and daughter, Mr. and Mrs. Irwin Wixson.

Seven of Sid Sedgman's friends surprised him Friday evening by dropping in with a pot luck supper and spent the evening with him.

Mrs. Wm. Malpass and son, Freddie, and Mrs. Mary Dolezel went to Detroit and Grosse Pointe Monday to spend the week visiting relatives.

Mr. and Mrs. Ralph Buschert spent the past week in Muskegon, where they visited Mr. and Mrs. Albert Knopp and Mr. and Mrs. James Keat, returning home Saturday.

A Fire alarm was sounded Saturday at 10:30 a. m. A gasoline stove exploded at the home of Theo. Jeffery on North Main St. which was under control about as soon as the whistle blew.

Mr. and Mrs. Harry Simmons entertained 30 guests at their home Saturday evening. The occasion being the birthday anniversary of Mrs. Simmons. The evening was spent with cards. Refreshments were served.

George Sherman and Robert Sloop attended a meeting for Westinghouse dealers and repairmen at Traverse City, Tuesday. As a result of this meeting Sherman's Hardware and Electrical Store can now supply you with a complete line of Westinghouse electrical appliances and trained servicing of same.

Mr. and Mrs. Samuel Colter spent their fifty-ninth wedding anniversary quietly at their home, Sunday, March 6th. Friends called through the day and they received many congratulations through mail as well as gifts. Mrs. Colter who has been confined to her home all winter as the result of a broken hip is able to take a few steps at a time every day.

The City Extension group No. 1 met with Mrs. Ida Kinsey, Wednesday afternoon. A dessert lunch was served by the hostess, after which the chairman, Mrs. Rose Adair, conducted the business. Miss Emma Fero, Co. Demonstration Agent gave a very interesting lesson "Etching on Glass." The next lesson will be "Economy meals." At the home of Mrs. Adair, March 30th.

The World Day of Prayer was held at the Presbyterian church Friday. Interdenominational service by Protestant women of East Jordan for the public; 150 women attended. Combined choir of 40 children took part and 10 young people took part as a broadcast telling what the offering was to be used for. The women of the churches hope that next year the business places of the city will be closed so more people can attend.

Family night at the Methodist church last Thursday was well attended. A pot luck supper was served after which Rev. Herbert Riley, who, with his family, has spent 18 years as a missionary in the Philippines, was guest speaker. He and his family spent 3 years in the Santo Thomas Prison Camp in Manila. They were rescued by the American Army in Feb. 1945. Those who missed hearing Rev. Riley missed a real treat.

The W. S. C. S. of the Methodist church met Wednesday, March 2nd, at the home of Mrs. Vilma Sweet assisted by Mrs. Ruby Cihak, with 34 present. Mrs. Ruth Vance and Mrs. Jane Foote led the devotionals. Mrs. Alice Blossie was leader of the program. "Human Values in Labor Questions" was discussed by Mrs. Edith Safford, Mrs. Maggie Rogers, Mrs. Mabel Winstone and Mrs. Mattie Palmiter. The president, Mrs. Agnes Darbee, presided. The regular routine of business was taken care of. Secret Pals were revealed and new names drawn. The hostesses served refreshments. Plans are getting under way for the Father and Son Banquet.

Mark Chapter, O. E. S., held their regular March meeting Wednesday, March 9, in their hall. The Worthy Matron Mary McKinnon, presiding. Mrs. Margaret Mathews, Meguzee president, and Mrs. Aethale Chapman, Meguzee marshal, and other members of Waldo Chapter, Bellaire, were guests. Mrs. Lorene Wade, chairman of the program committee, had charge of a St. Patrick's program. Mrs. Clara Brown sang "Mother McChree" and "When Day is Done." The group sang "When Irish Eyes are Smiling" and "My Wild Irish Rose." Several of the members told Irish stories. The hostesses, Mrs. Lucretia Frost, Jane Jackson and Carol Howe served salad, cupcakes and coffee, carrying out the traditional green in the decorations.

Mrs. Arnold Smith underwent major surgery at Little Traverse hospital Saturday.

Dance at Wilson Grange at Afton, Saturday night, March 12th. Come and enjoy yourself. adv.

Mr. and Mrs. Albert Lenoskey were Thursday guests of Mr. and Mrs. Carl Heller at Elk Rapids. Carl returned home the Saturday before from Munson hospital, Traverse City, where he had undergone major surgery.

Fish Shanties Must be Removed Before The Thaw

Persistence of weak ice, especially on southern Michigan lakes, serves as a warning for fishermen to remove their shanties earlier this year.

More rigid enforcement of the law on shanty removal will be carried out by conservation officers.

Owners are responsible for moving the fishing shanties before the ice becomes unsafe. Fines may be assessed for the violation of this conservation law.

Shanties allowed to sink or drift ashore may become hazards to trolling tackle, outboard motors or even bathers.

Pigs Need Care In Early Days Says MSC Specialist

Michigan farmers are expecting larger pig crops this spring. But if the percentage that live to reach marketing age is not higher than the past two years, the number available for slaughter will be well below the ten year average.

W. N. McMillen, state college swine specialist, urges care at farrowing time to save a greater number of spring pigs.

Experiments conducted at the Michigan Agr'l Experiment Station last winter showed that many little pigs die or are stunted during their first few hours of life. This is because they have no temperature control mechanism. Farrowed at a temperature of 100 degrees from their mothers, the pigs are sometimes born in near freezing temperatures. This chilling either kills them or stunts their growth.

Electric pig brooders are the best answer McMillen believes. You can install a brooder in one corner of the pen and use a guard rail to keep the sow out. By using an ordinary electric lamp with a reflector hanging above this area it serves as a brooder to keep the little pigs warm. They can crawl beneath the rail to the main part of the pen to nurse, but will be away from the sow most of the time, reducing the possibility of being stepped on or mashed. The lamp can be from 60 to 150 watts, depending upon the amount of heat needed. Brooders should be used for the first ten days to two weeks after pigs are born.

A bulletin, Extension 250, available from county agr'l agents or from the Bulletin Office, Michigan State college, East Lansing, Mich., explains the construction and use of electric pig brooders.

Love is blind. It is aided by the sense of touch.

SCRIPTURE: Mark 8: 6:31-44; Luke 7: 19-20; 19:1-10.
DEVOTIONAL READING: Matthew 25:34-45.

God's Signature

Lesson for March 13, 1949

IN A STRANGE city you may suddenly need to be identified. Some suspicious clerk wants to know if your signature is genuine. It is a fair challenge, for too many fairs are in circulation. Jesus himself had to furnish identification. No less a person than his old friend John the Baptist had grown uneasy. "Are you the one we are looking for," he inquired, "or shall I look for someone else?" Jesus' answer to John was not to discuss the theology of the Incarnation, or anything of that sort. He just went about his usual day's work.

In the course of that day he cured a good many sick people, and preached to some very poor people. "Now go back," he said, "go back and tell John what you have seen and heard." What those men saw that day was what Jesus at another time called the "finger of God," the genuine divine signature.

Jesus wrote no book, no letters even; he wrote in action, and his acts were the handwriting of God. It is important to see where Jesus underscored that writing. It is true, his healings were what we call miracles. But Jesus did not even mention that feature.

What he asked John to notice was simply this: the blind see, the lame walk; lepers are cured, the deaf hear, the dead are raised, and (as a climax!) the poor hear good news. The signature of God, in short, is not sheer power; it is using what power one has, to help people in trouble.

Not By Bread Alone
THE EXPRESSION, "needy people," nowadays suggests people who haven't enough to eat or wear. Jesus helped such persons; but he knew well that men's needs go beyond well-cared-for bodies. There was the poor man from the graveyard, for example,—he was happy enough. He didn't want clothes, and he was strong enough to steal all the food he could eat. All he wanted, in fact, was to be let alone. But Jesus knew that what he needed above all was a sane mind, a mind no longer run over and trampled by a regiment of devils.

When Jesus got through with him he was clothed, but that was not the best part of it. He was in his right mind. So God's signature is not only written in a sound body, it is in the sound mind. Again, at Jericho when Jesus invited himself to dinner with the pint-sized tycoon Zacchaeus, Jesus did not go just for the meal. He went because he knew that Zacchaeus needed something. Jericho needed something, too, something only Zacchaeus could give.

We do know that after dinner Zacchaeus was a changed man. He was going to give back every dishonest penny, with interest; and since he could not locate every one he had cheated, he was going to give away half of his holdings for the benefit of the poor.

What Jericho needed was a new administration, any honest one; they needed slum clearance; and Zacchaeus was going to give it to them. But first of all Zacchaeus had needed a new heart—and Jesus gave him that.

We Too
ALL AROUND us is a troubled world. Some men, seeing it, infer there is no God. Others conclude that if there is one, he must be bad or weak. The truth is that the signature of God is not to be found in the evil and the confusion of the world. It is to be seen wherever freedom is standing against slavery, wherever truth is pushing back ignorance, where diseased bodies are being healed, where sanity replaces madness.

More people would believe in God if they could see more of the handwriting of God. Do you want to help?

We cannot always do things as simply as Jesus did. Curing the diseased is not for us a simple matter of saying, Be well. A Christian woman, distressed by what she had learned of the plight of the insane in her backward state, was asking the head of the state hospital (himself a church officer), "What can we Christians do?" "Get behind the legislature," he said.

The School Bell

FIRST and SECOND Grades

Adeline Bowerman

Included in our Social Studies during the year, is a study of two groups of people outside of United States, the Eskimos, about whom we studied in Jan., and the Dutch. During story hour we are hearing about "The Dutch Twins" by Luck Fitch Perkins. Miss Scott has brought us several nice books about Holland so we can find out more about their way of living. We are impressed with their cleanliness since we are making a special effort this month to develop the habit. In our art work we are drawing pictures of tulips and windmills for our bulletin board. We made wooden shoes and tulips for our windows. Mrs. Drapeau taught us the song "Little Dutch Mina" and we are going to learn a dance to go with it.

We are having fun with our St. Patrick plants. We dug out (and ate) the center of big "Irish" potatoes, filled them with dirt, then planted clover seed which resembles shamrock. When we came to school Monday we were surprised to see how the tiny seeds were pushing up the dirt and we could see tiny white roots starting on some of the seeds.

Richard Kraemer had his seventh birthday on Saturday, March 5th. He shared his gifts with us by bringing his nice book of stories and two records for us to hear.

We are always glad to have the parents and friends visit our room. On Monday afternoon Carolyn's mother, Mrs. Eldon Richardson, and Mrs. Sherman Thomas visited us.

THIRD Grade — Jessie Hager

John Elzinga was 9 years old on March 1st and Larry Danforth was 9, March 4th. We sang songs and played games.

We have a Hamster for a pet. We feed and water him and keep his pen clean. He likes bread and milk and will eat almost any food.

Betty, our nurse, tested our eyes last week.

FOURTH Grade — Grace Galmore

Joanne Bader and Sandra Boswell both received letters from girls in England. They are Mrs. Galmore's cousins. They are Margaret and Doreen Jenkins. Margaret is 13 and Doreen is 9.—Joanne Bader.

We are going to give a play called "The Cobbler and the Elves." There are 9 dancing elves and 4 ponies. There is a rich man, a cobbler and his wife, several forest elves, a story elf, a leather man, and two curtain elves.—Sandra Boswell.

Mrs. Galmore is reading a true story "Little Mossback Amelia." She lived 18 miles out of Petoskey. They walked the 18 miles in 2 1/2 days. Amelia's father went so fast that she could not keep up with him, but she did not get lost because she followed the trees that were marked by the hatchet. Her mother carried the baby in her arms. Little Mossback Amelia died last year.—Milton Bulmann.

FIFTH Grade — Elizabeth Dhasleer

We started studying about the Mountain States in geography. They are Montana, Utah, Idaho, Nevada, Arizona, Wyoming, Colorado and New Mexico. Thurlan, Ralph and Shirley brought pictures about these states.

We are changing our winter pictures to spring ones which are pussy willows. Some of the girls are working on a picture of light-blue crepe paper for the front of our room.

We are glad to welcome Sharon Moore back. She has been absent for some time.—Margaret Murray.

FIFTH Grade — Mrs. Liskum

Last Friday we had our second lesson in finger painting. We made tulips to decorate the room. The results were much better than last time.

Monday we did some blue-printing. This was a lot of fun and we are waiting for another sunny day to work at it again. Meanwhile we are making new patterns to use, including monograms.

Tuesday we enjoyed the movie "Robin Redbreast." When we returned to the room, we used the movie to learn how to make an outline.

SIXTH Grade — Alma Larsen

In our room we are studying decimals in arithmetic and in geography we are studying about Greece.—Robert Roberts.

We have made flowers in art class for our room. In order to make the flowers, we used pieces of colored paper.—Jim Sherman.

Last Thursday we played basketball with the fifth graders. Both our girls and boys teams won their game. We are preparing a play for next assembly.—Coral Clark.

We have decorated our bulletin board with kites. We have a new boy in our room. He is Edward Schlicka from Detroit.—Leslie Gibbard. Jim Sherman, Editor.

Meal of the Week
BY MARY LEE TAYLOR

Spaghetti with Dried Beef Sauce
(Recipe below)
Sweet Sour Beets
Raw Vegetable Salad (lettuce, celery, onion, carrot)
Sliced Bread
Butter or Margarine
Canned Apricots

Spaghetti with Dried Beef Sauce
Broadcast: March 12, 1949

1 1/2 cups spaghetti or macaroni, broken into pieces
6 cups boiling water
1 1/2 teaspoons salt
1 cup shredded, dried beef
3 tablespoons hot shortening
3 tablespoons flour

1/2 teaspoon dry mustard
1/2 teaspoon pepper
1 cup water
1 cup Pet Milk
1 cup dried American cheese
2 tablespoons finely cut parsley

Cook spaghetti tender in boiling water and salt. Drain; rinse with hot water. Cook dried beef slowly until edges are brown in hot shortening. Sprinkle mixture of flour, dry mustard and pepper over beef. Stir in water; boil 2 minutes. Add spaghetti and remaining ingredients. Heat slowly, stirring until cheese melts. Makes 4 servings.

*Diced bologna, lunch meat, cooked smoked tongue or ham can be used if 1/2 teaspoon salt is added with the flour mixture.

You Will Need:
PET MILK can 14c
SPAGHETTI pkg 10c
DRIED BEEF pkg. 40c

SELF SERVE WIDE AISLES EASY PARKING
"A Thrifty Place To Trade"
THRIFT SUPER MARKET

Michigan's bi-partisan state government has entered its third month with little on the surface to indicate partisan differences.

Just as coming events have a habit of casting shadows before them, so the April election has created a temporary lull in the state legislature. A total of 379 bills were introduced in the Senate and House prior to March 1. Most of these are before committees for study, revision or pigeon-holing. Considerable work is done by legislators in committee, and often their best contributions are decisions to kill-undesirable bills.

The political strategy seems to be well set.

Republicans will concentrate on the rural vote, while the Democrats are relying heavily on another C. I. O. demonstration in Wayne county and other industrial centers.

County highway departments are concerned about the possibility of the state highway department taking over control of state highway maintenance if Chas. M. Ziegler, present highway commissioner at Lansing, is replaced by John H. McCarthy of Detroit, Democratic nominee.

Dr. Lee M. Thurston, superintendent of public instruction, is opposed by E. Murr Sherwood of Stambaugh, Democratic nominee.

Both parties have new state chairmen: Republican — Owen J. Cleary, Ypsilanti; Democrat — Hicks Griffiths, Detroit.

Hearings have been started on recommendations of the Michigan Good Roads Federation. These include a 1.3 cent gasoline tax increase, higher weight taxes, overhauling of state and local highway administration, and a change in the formula for highway taxes among local governmental units.

Motorists now pay 25 per cent in taxes on cost of five gallons of gasoline, currently sold (net) in Lansing for \$1.03. State gasoline tax is 15 cents, federal gasoline tax 7 1/2 cents, state sales tax 3 cents. If the state gas tax were raised to 5 cents, the tax would be 33 per cent on the bill paid.

Repeal of the law legalizing pari-mutuel betting on horse races has been petitioned by the Michigan Council of Churches. The Senate recently adopted a bill forbidding horse racing at the state fairgrounds, Detroit, starting Jan. 1, 1950. While the state condones pari-mutuel gambling, the State Supreme court has again held that bingo is illegal.

Workers hired by firms in intra-state commerce would be given the right of collective bargaining under a "little Wagner act" bill approved by Governor Williams. The measure would permit a three-member state labor relations board to hold elections to determine the bargaining agent desired by a majority of employees. "Cease and desist" orders also could be issued against employers.

Another measure, blessed by Governor Williams, would revise the Bone-Thipp labor law to eliminate requirement of a strike vote by majority of employees before a legal strike can be called. Waiting period before a strike could be called would be cut from ten to five days, except in hospital and utility strikes where a 30-day "cooling off" period would be required.

WITH THE ANTRIM COUNTY AGR'L AGENT
W. Kirkpatrick, Extension Agent

VEGETABLE GROWERS MEETING THURSDAY, MARCH 17

Vegetable Growers meetings have been arranged for the Antrim County Growers, Thursday, March 17, says Walter G. Kirkpatrick, Antrim County Agr'l Agent. The meetings are being sponsored by the Faas Food Co. of Central Lake, Reid Murdoch and Co. of Ellsworth and the Antrim Co. Agr'l Agent.

Three outstanding speakers have been secured for each program. Arthur Isbet, Specialist in Vegetable growing, Michigan State College will discuss that subject. B. H. Grigsby, Michigan State College, one of the leading authorities in Chemical Weed Control will discuss Chemical Weed Killers. Ray James of the Entomology Dept., Michigan State College will discuss the matter of insects and their control.

For the convenience of the Growers in the Central Lake area and those that are growing for Faas Foods of that town, a meeting will be held at the Central Lake Hotel beginning at 9:30 a. m.

Farmers in the Ellsworth Area and growers normally growing for Reid Murdoch & Co. of that town will attend the afternoon meeting to be held at the Ellsworth Community Hall beginning at 1:30.

All Vegetable Growers or people interested in any of the subjects to be discussed are urged to attend one of these meetings.

tained. The State Supreme court ruled that compulsory arbitration in public utility disputes was unconstitutional.

Unemployment compensation coverage would be extended by another Williams-approved bill to employees of firms which pay a minimum of \$150 weekly in wages. At present firms which hire eight or more workers are taxed. Maximum weekly payments would be raised to \$42 for 26 weeks, as contrasted to the present \$28 weekly for 20 weeks.

The cost of all government — local, state and federal — will approximate one-third of the national income in 1949, reports the United Press. "New taxes are being proposed in nearly every state to help balance rising budgets."

Taxes levied in Michigan for county, municipal, school and other local units increased 15.78 per cent during 1948, according to the state board of assessors.

Former Governors Harry F. Kelly and Wilbert M. Brucker are being mentioned prominently as possible contenders for the United States senatorship to be vacated by Senator Vandenberg in 1952. Kim Sigler didn't appear at the Republican state convention in Grand Rapids. He is vacationing with Mrs. Sigler at Fort Lauderdale, Fla., also the winter retreat of Geo. R. Averill, his executive sec'y in 1947 and 1948.

FARMHOUSE PLANS MUST DIFFER FROM CITY DWELLINGS

Are your plans for remodeling or building for a farm house or a house on a farm? Farmhouses have certain needs that other houses do not.

In planning you should consider the location of the house, the customs and habits of the family and changes that may occur in family needs over the years. Olevia Meyer, rural housing specialist at Michigan State college, has some suggestions for farm-houses.

A side driveway and an arrangement of walks, steps, and plantings that will give a direct approach to the house entrances are important. The house itself should fit into its natural surroundings. Wings and extensions on a house may be useful for this as well as adding room.

Places to transact business and keep farm records are essential. You need space for storing canned goods, home produced foods and supplies. A space to accommodate the water system, frozen food storage and other equipment must be considered.

On the farm you "need to plan for some place besides the kitchen where workers can change outer clothing; keep work clothes, boots and shoes; and wash up. A rear hallway or entry to permit people to reach the kitchen, workroom, basement stairs and living rooms without interfering with the housework is a convenience.

You will find a workroom or utility room convenient for doing the laundry, processing large amounts of food and taking care of other tasks that are inconvenient to do in the kitchen. Your kitchen needs liberal space for storage, a large stove and refrigerator and for serving family meals.

GOOD RECORDS FOR CHILDREN ARE BEST INVESTMENT

With children's records becoming available in wide variety parents need to take a great deal of time in choosing the right ones for their offspring.

A few wisely selected records are much more valuable to a child than a large collection of poorer ones. Children, besides being little actors and actresses, love repetition and the certain planned order that comes with it.

The second advantage of choosing good records reminds Ann Goldoftas, Michigan State college home economist, is that they will remain favorites for many years.

Sameness does not bother the young fry whether it is food, clothes, stories or music, and he will not tire of a few favorite records. It is possible to make those few favorite records good ones and yet full of enjoyment and fun for the youngsters.

You can find simple folk songs, quick and lively marches, fairy tales, Mother Goose rhymes set to music or even nature study recordings. Many beautiful classics have been recorded in albums especially designed for children. The Nutcracker Suite and Peter and the Wolf are good examples.

Records come in such gaily designed albums or folders now and are illustrated to appeal to the children. Often the inside cover of the album is decorated with sketches of the important parts of the story with a few words explaining them beneath. A young child can follow the story of the record while it is playing by looking at these pictures.

MSC Will Aid Maple Syrup Makers Again

Michigan's 2,000 sugar bushes will soon be busy places when the sap starts running and the maple syrup time is here.

Ira Bull, forestry specialist at Michigan State college, urges farmers to have their equipment ready for the early runs of sap. He says waiting until the mild weather to wash out equipment may mean that the first run is over before you get the pails out.

Michigan State college again plans to aid sugar-bush operators by giving special weather reports for them. WKAR, the MSC radio station, will cooperate with the U. S. Weather Bureau to present these forecasts. They will be heard on the Farm Service Bureau to present these forecasts. They will be heard on the Farm Service Hour at 12 o'clock noon each day except Sunday.

In giving further advice, Bull suggests that an adequate supply of cans or glass containers be purchased. Felt filters should be examined to make sure there are no holes in them. Thermometers should be tested in boiling water to see if they reach 212 or 211 degrees. The boiling point of one degree with every 500 feet above sea level. If you use a hydrometer, see that it is in good shape.

An adequate wood supply for boiling the sap is a necessary part of syrup making.

Time, Bull believes, is one of the most important factors in successful maple syrup production. By having everything ready at the first prediction of "syrup weather", farmers can help produce good quantities of the valuable commodity.

CARD OF THANKS

We wish express our thanks for the many acts of kindness of our friends and neighbors in our recent bereavement.

VEGETABLE GROWERS MEETING

Don't forget to reserve the date of Friday evening, March 18, at 8:00 p. m. at the Charlevoix High School. At that time Jack Rose, Extension Specialist in Vegetable Gardening from Michigan State college will lead a discussion on the raising of vegetables in the home garden. Mr. Rose will discuss varieties, fertilizers, and other important items in the management of your garden.

ELECTRIC CHICK BROODING

Electric chick brooding is excellent in promoting good feathering and fast growth. The operation of the brooder is automatic and therefore a time and labor saver. It's safety too. One item to be watched on safety is this — make sure your wiring system is adequate to carry the load required to operate the brooder.

There are two bulletins on electric chick brooding available from your County Agr'l Agents office at Boyne City. These are Extension bulletins 237 and 268.

OAT PLANTING TIME

In a month or so it will be oat planting time in Michigan. Some ideas on varieties seem to be in order. Our authority is Kenneth Frey of the Michigan State college farm crops department.

First: these general statements — Huron is a risky variety to grow because in rust epidemic years it's yield will be reduced a lot — Vicland and other Victoria derivatives should not be grown because they are susceptible to Victoria blight. Eaton and Clinton are generally adapted to the lower peninsula. Kent is adapted to the soil of the lower peninsula where lodging is not a factor. Bonham is adapted to the upper peninsula.

The Eaton variety is planted on 30 percent of the state's oat acreage. In yielding ability it is about equal to other varieties now in production and is adapted to most Michigan condi-

tions. It is resistant to leaf rust, smut, Victoria blight, and one type of stem rust. One serious fault is its low test weight.

Clinton is resistant to leaf rust, smut, and Victoria blight. It differs from Eaton in that it is resistant to two types of stem rust. A fault of Clinton is that it throws off type plants which mature later than average. At present it is planted to a certain extent over the whole state.

A sheet describing the different varieties of oats, their characteristics of yields and etc. is available at the County Extension Office. Either drop a card or call at the office for your copy.

PREVENT DAIRY CALF LOSSES

Calf losses in the Michigan State college dairy herd have been cut appreciably by following a program involving two main points. These are passed along by W. W. Snyder of the college dairy department. They involve prevention of scours and pneumonia. Since 1940 nipple pails have been used. They have done a lot in preventing scours. The other big point is the use of graded floors to keep the calves' bedding dry and thus prevent colds which go into pneumonia. The college dairymen also make good use of the sulfa drugs to cure colds and prevent pneumonia.

VEGETABLE GROWERS MEETING

Jack Rose, Extension Specialist in Vegetable Gardening from Michigan State college will be in Charlevoix to hold a vegetable and garden meeting. This meeting will take place at the Charlevoix High School on Friday, March 18, at 8:00 p. m.

This will be a very good meeting for farmers to bring their wives to, inasmuch as many of the women assist in the farm gardening. Some of the questions discussed will be: varieties of different garden crops, rotation, fertilizers, and insect and disease control.

Ed Reberman,
County Agr'l Agent.

Chicks Should Be Ordered Now

For farmers who are still wondering if it is advisable to buy baby chicks this year, Howard Zindel, Michigan State college extension poultryman, has a few suggestions.

He says that the farmer should consider five points. If the answers are favorable, the chances are that poultry production would be profitable for the farmer. First, is the proper equipment available? Was there a poultry enterprise on the farm last year? Do you like poultry and chickens? Do you have time to manage and properly care for baby chicks? Last, Zindel advises that the farmer figure whether adequate feed is available.

The farmer who skips from the poultry business from one year to another has little chance of making money, he stresses. The "in" and "out" is invariably wrong — in or out at the wrong time.

For those who plan to keep poultry this year, Zindel advises that no time be lost in ordering baby chicks. Baby chicks with good brooding are the ones that pay. Cheap chicks do not make the gains that chicks of proved blood lines will make.

Zindel concludes that the average farmer can raise chickens and make a profit this year by securing good chicks, feeding a well-balanced ration, giving good care, and culling to remove all boarders from the stock.

Sucker Fishing

With the season for bluegill fishing and spearing through the ice at an end, and pike fishing in inland slated to end March 15, Michigan fishermen are turning to fishing in the rivers during the spring spawning runs.

Besides the popular hook and line fishing for perch, there is dip-netting in non-trout rivers, when ice conditions permit, from March 1 to May 15 for suckers, mullet, smelt, carp, dogfish and garpike.

Inland lakes, except trout lakes, continue open to hook and line fishing for such species as perch, crappies, rock bass, white bass, and rough fish the year around north of highway M-46 and through March 31 south of this highway. Trout fishing begins this year on April 30.
