#### Opening of Baseball Season

EAST JORDAN DEFEATS MANCE LONA IN PRACTICE TILT

a 9-3 victory over Mancelona in a practice game Monday, the Red Devils showed signs of fielding a strong team this spring,
Pitchers "Red" Evans and Glen

Persons scattered five hits and between them struck out 12 Mancelons batsmen.

East Jordan went without a hit until the 4th inning when Boring sing-led and Cutler tripled to deep left field to score the first East Jordan have these unsafe equipment items

Although the boys made a nice showing in the game the team suffered a loss when Max Sommerville their regular serviceman for a thortwisted his knee very badly and will probably be lost for the season. Coach Devine, already faced with a shortage of players, expressed con-cern over finding a capable replacement. Although the squad is small and comparatively young, with only one senior playing, they showed signs of being an alert, smart, and scrappy group of boys.
PLAYERS AND POSITIONS

Pitchers - "Red" Evans and Glen

- Al Chanda. First Base — Bryon Boring. Second Base — Max Sommerville

Shortstop — Don Whiteford.
Third Base — Tuck Thompson.
Left Field — Don Cutler. Centerfield — Don Karr. Right Field — Bob Saxton

Utility Players - Bill Addis, Larry Huckle, Keith Vance, and Brock Pea-

#### WITH THE ANTRIM COUNTY **AGR'L AGENT** W. Kirkpatrick, Extension Agent

#### 4-H LEADERS PLAN SUMMER PROGRAM

Friday, April 8 a large group of summer 4-H Club Leaders from An-trim Co. met at the Court House, Bellaire to plan the summer program for Antrim Co.

A number of good ideas for developing club work and increasing member interest and activity were brought

The group proposed that all leaders be encouraged to organize their summer clubs by May 10.

It is hoped that at least four leaders will be able to attend the Twin Lakes Leader's Training School to be held June 1, 2, and 3.

Other topics discussed were the County Summer 4-H Camp, a greater participation in Judging and Dem onstration work, and ways of reaching more boys and girls. It was suggested that one of the best ways to do this would be to have each Grange and Farm Bureau group sponsor a

The next meeting of the Summer Leaders will be held on Thursday night, May 12. We would like to see more leaders out to this next meeting because it is a good opportunity to get new ideas for your clubs and also help to make a better club program for Antrim Co.

#### HOME EXTENSION ACHIEVE-

At a recent meeting of the Executive Committee of the Antrim County Home Extension Groups, it was decided to hold the annual Home Extension Achievement Day, Wednesday, June 1st says Mrs. Virginia Vance, District Home Demonstration Agent, This event will be held at the Community Hall at Bellaire starting with a pot luck lunch at noon.

A very interesting program is be ing worked out to afford group participation. The Executive Committee wishes all groups to plan now so as to keep the June 1 date open.

#### Importance of Cooling Milk Stressed

Michigan dairy plants and produc sity of cooling all milk and cream received for processing or manufacture. F. M. Skiver, Chief of the Bureau of wilted. Cook only five minutes. If Dairying of the Michigan Dept. of any cooking water is left use it for new book Agr'l, says that letters have gone to 1100 milk and cream buyers in Michigan telling them of the requirements of the law which prohibits the rece iving of milk or cream at a temperaabove 60°

Rejections due to improper cooling are usually heavy during the first warm days of spring, and extra care ing tanks have plenty of fresh water and that milk and cream is allowed to stand in the cold water long enough to properly cool each can. "The increasing number of electric milk coolers on farms has greatly reduced the problems of cooling. In some areas 90% to 95% of the farmers have electric milk coolers", Skiver stated.

#### Chief Simmons Reports Result of First Week Brake and Light Check

Chief Harry Simmons today announced the results of the first week's Brake and Light Check Program. Opening the baseball season with During the week, 20 motorists were stopped for committing a traffic vio-lation and the brakes of their cars were checked by the officers. Four of these were found to be in a dangerous and illegal condition. During the same period 10 lights were found to be defective. These defects could easily have resulted in a traffic accident if a driving emergency had developed, according to Chief Harry Simmons. Steps have been taken t repaired, he stated.

Chief Harry Simmons called upon all motorists to take their car ough check-up. It the legal responsi-bility of every motorist to maintain his or her vehicle in safe operating condition, he emphasized.

#### List Seed Varieties

If you're searching for sources of certified seed to plant this spring, a good man to see is your county agr'l Meanwhile, Michigan State College farm crops specialists have supplied a list of crop varities that are now certified in Michigan.

In oats, Eaton and Kent; barley Wisconsin 38, Spartan; wheat: York-win, Cornell 595, Bald Rock, Fairfield; rye: Rosen; field beans: Michelight Robust; soybeans: Mandarin, Earlyana, Hawkeye, Lincoln; corn: Michigan hybrids 11A, 20D, 24B, 25B, 29D, 36B, 51B, and Ohio M-15.

Potatoes certified for Michigan inelude Green Mountain, Russet, Rural, Sebago, Menominee, Chippewa, Ka-tahdin, Erie, Irish Cobbler, Pontiac, Russet Burbank, Sequoia, Teton, and White Rural

#### Farm Shop is Easy to Start

How can I get a farm shop? This question comes to many farmers as they think over the advantages of being able to make many repairs and adjustments right on the farm.

Carl F. Albrecht, agr'l engineer at Michigan State college, says that practically every farm has the hand tools necessary to form the core of a good farm shop. Organization is the

answer to starting the shop.

He advises farmers to gather all their tools together in one place. A storage cabinet or two should be built to hold them. Adding a work-bench and a good light makes the foundation of the farm shop. Larger pieces of equipment such as power saws and welders can be added as the need arises on the farm.

#### Wild Greens Are A Spring Tonic

P.-T. A. Committee.

## **GOOD FRIDAY TODAY**

#### A PROCLAMATION BY THE MAYOR

Whereas April 15, 1949, is Good Friday, I do hereby request that the places of business in the City of East Jordan be closed for the period of 2 to 3:30 p. m. of this day, in order to further the worship of God and to perpetuate the memory of Christ's sacrifice on the Cross.

> MARVIN R. BENSON Mayor

#### Accident Fatal To Former East Jordan Resident

Funeral services for Edward Ray Price, 6269 Green Rd., Haslett, were held at Gorsline Runciman Funeral Home, Lansing, Tuesday, April 5, 1949, conducted by Rev. David Evans, pastor of the Haslett Baptist

Interment at Deepdale Cemetery. Bearers: Holly McDonald, Arthur Hillding, Jack Barringer, Milo Pea-body, Don Peabody and Eric Hump-

sch.
Mr. Price was born near East Jordan in Eveline Twp. His parents were Robert and Mary Price. He attended the Three Bell School and grew to manhood on the farm. Later was one of the Price Bros., Contract ors and Builders.

He was killed April 2nd, 1949, when a tractor he was operating on his farm tipper over, pinning him underneath.

Besides the widow, he is survived by a son, Harold, of Xenia, Ohio, and one grandson. Two sisters, Mrs. Maud Adams of Lansing and Mrs. Ida Salts of Dayton, Ohio; and two brothers Harry S. of Dayton and Fred of Lans ing; five neices and four nephews.

## The School Bell

OPERETTA

The two-act operetta, "Grand-mother's Flower Garden," will be pre-sented in the High School Gym on Friday afternoon, April 22, at 1:30. Approximately 535 children, from the kindergarten through the sixth grade will participate in the program. The kindergarteners will do a Maypole Dance between acts. The entire cast will be costumed. There will be no admission charge. Everyone is invited to come and learn why Grandmother's flower garden is beautiful.

#### FIRST and SECOND Grades Adeline Bowerman

Mary Ann Lehrbass brought the first spring flowers to our room. We are making a list of as many different kinds of wild flowers as we can of wild greens growing in your back find. Our second grade girls are mak-yard or along roadways and eat them ing a flower border around our list

We are enjoying our bulletin board vised today.

We are enjoying our bulletin board

Wild greens are good and they are display of Easter pictures, signs of night aiding the Postoffice in their spring, and common birds. Eash pictures of 2646, while Dick Hamthey have just as many vitamins and ture is labeled so we are learning erski rolled 603 for Cal's Tavern.

Arthur Voorhees has entered ou school in Grand Blanc.

We were interested in seeing like asparagus and purslanc, steamed lamprey eel and a turtle which Billy Lee and Versil Sweet brought to our room. Each boy told a few facts about these specimen and an interesting discussion followed.

#### Will Have Pre-School Clinic April 18th at Office of Com. Nurse

Dr. Litzenberger will hold a pre chool clinic for all babies and children of pre-school age at the office of April 18th. He is very desirous that mothers bring their children to the clinic at this time for immunization against whooping cough, diptheria and smallpox. The clinic will be from 1:30 to 2:30 p. m. for pre-school children.

The resort season will soon be in full swing and because of the large number of people and children comng from the southern part of the state into our northern country. Dr. Litzenberger advises that all children have booster shots to help combat any of these communicable disease, that resorters may bring unknowing-ly to children in this territory.

munizations please sign the card and return it to Mrs. Robertson at school. If your child has not been vaccinated for smallpox in the first seven years he or she should be re-vaccinated for

## Bewling

April 12, 1949 Every match in the Merchants leawe was decided by a three to one margin with the Recreation taking the leading St. Joseph team, while Norm's Tavern took the second place State Bank. The Postoffice took Cal's to move up to a tie for 3rd place, as Thorsen's took the Canners and Brock's won over the Ellsworth Elec-tric. The last place Monarch team took Hillman's Insurance.

High scores were registered by Alex Sinclair for the Canning Co. who had 517, Bill Bennett for Thoren's with 520, Ed Reuling of Norm's rolling 576, while Greg Boswell was tops for the Bank with 545. John De-Young topped Hillman's with 478 and Bob Smalley carried 485 for Monarch. Abe Cole led the Recreation with 554, and Joe Bugai and Rev. J. J. Malinowski tied for top honors for the Saints with 459. Hi Brock toppled 487 for his team as Herb Peebles scored 559 for Ellsworth Electric. Barney Adair wired games of 212-

#### Charlevoix County Annual Beaver Supper

The members of the Charlevoix Co Road Club held their second annual Beaver Supper on April 4th, at 7:00 p. m. The supper was served in the dining room of the Boyne City Gym. Employees from all branch garages were present. Included among the guests were members of the Emmet County Road Commission.

Mr. and Mrs. Don Lyons and Mr. and Mrs. Lester Jersey were the chief cooks and they indeed prepared a real treat which was highly complimented by all.

new tires, \$20.00. 3-½ acre lots on Maple St.—ELMER GREEN, ed up to the main floor of the gymphone 287-W.

15x2 where Sergeant Welch of the Gay-15x2 where Sergeant Welch of the Gay lord State Police Post gave a very interesting talk to the assembly on "Safety on the Highway."

Following the lecture by Sergeant Welch, Conservation Officers Starback and Hartnell showed several reels on fishing, logging and fire prevention. They were assisted by Floyd

#### Heaven Is Real

Easter Lesson for April 17, 1949

HEAVEN IS just as real as Chicago. More so, because Chicago gan, to-wit: will in time cease to be, heaven lasts forever. A few atomic

bombs, a whiff of some new plague, can make Chicago venish; but no venish; but atomic bomb can touch heaven. pity is, so few Christians really believe this. We can get mail from Chicago, but who ever heard of mail from Dr. Foreman

Wait, though . . there is mail from heaven, and you have it there in your Bible. If you accept it for what it is, the Word of God, then it is the Word from heaven. To be sure, it does not tell us much about heaven. If you were actually traveling to Chicago, you would not begin by studying a street-map of that city. What you would need is a map of the roads between.

So the Bible is not a guide-book to the "City Four-Square;" it is more of a road-map to help us find the way between here and there Nevertheless the Bible does assure us that heaven is real.

Christians have many reasons for Edwin K. Reuling believing in the reality of the future life, and some of these may not be East Jordan, Michigan in the Bible; but the best reasons

Jesus Believed It.

WINIFRED KIRKLAND has truly Jesus would never have called this world or this life trifling or unimover and through this visible world, Jesus was aware of another. He lived and acted as a citizen of both worlds. He talked of life after death or for that matter, of his own life before his birth—as calmly and nat urally as you would speak of next week or next summer.

Christ is Risen

MANY PEOPLE feel it would be easier to believe in the future life if someone who had been across the line of death would return across that line to bring a message from the beyond. So they attend seances and they listen to tabletappings and go through all manner of weird performances in order to get a word or two from someone who has passed on.

But all the time we do have record of a Return. Indeed it is The Return. We call it the Resurrection. The message of Resurrection. The message of the safe is not summed up in songs about some "Beautiful Isle of Somewhere;" it is in these three words: "Christ is

He did not return in darkness, he was not under the control of any "medium," he did not make himself known by ghostly hauntings. He was seen at supper-tables, he spoke to his friends on a mountainside, he morning by a lake shore. The earliest Christians doubted some things; but few doubted that the Lord was risen indeed.

Heaven Begins With God

THE CURE for the troubled heart Jesus said, is faith in God. One of the strongest reasons for believ-ing that the future life is real, is the nature and character of God himself. Jesus said as much once, in an argument with men who did not believe in immortality: "God is not the God of the dead, but of the living." If we were God's paper dolls or toy soldiers, he might weary of us as a child wearies of its toys, and sweep us all into destruction without a moment's thought. But if we are truly his children, then when life's evening comes, he will call his tired child-

Eternal Life has two sides, the heaven-side and the earth side. The church has never believed that simple immortality is the same thing as the heavenly life.

A Judas, when he dies, goes (as Peter saidly said) "to his place." A Judas carries out h A Judas carries out his own hell with him. But a man like Paul or any Christian who has been at home with God here on this earth when at last death comes, will, as Whittier said:

"Find himself by hands familiar beckoned Unto his fitting place."

WEEKLY NEWS ANALYSIS

## **Price Reductions Clip Inflation: Rent Control Law Gives Authority** To State Governors, Legislatures

(EDITOR'S NOTE: When opinions are expressed in these columns, they are those of Western Newsmaner Union's news analysis and not necessarily of this newspaper.)

PRICE DROP:

Hits Inflation American consumers were asking themselves: What does it mean? Why were prices being slashed, the dollar stretching a little further? Was it simply that inflation was being clipped, or was it true, as some have said, that the country is in the midst of a mild

THOSE QUESTIONS were well-founded. For, in the latest economic development, prices of automo-biles, accessories, radios, refrigerand ranges had been re-

Continued reductions in such basic commodities as lead, zinc, copper and steel indicated there might be further cuts in manufactured goods in the wind.

One automobile manufacturer announced cuts ranging from \$198 to \$333 in the price of his cars. The mid-season catalogue of the nation's biggest mail-order house and the season catalogue of the matter of the season catalogue of the matter of the season catalogue of the matter of the season catalogue of the season catalogu nounced "many price reductions in all lines." Even ice cream was down-off three cents a quart in Philadelphia.

Radios showed the biggest drop. One nationally-known manufacturer announced price cuts of 20 to 50 per cent on nine home model sets. Auto batteries were lower in cost. A refrigerator manufacturer knocked off \$20 from some of its models. Steel was down and scrapmetal was at the lowest price in almost two years.

WHATEVER ELSE entered into the picture, it was conceded that buyer resistance was one of the main items in the price reductions.

The consumer had become more conscious of prices. There had been more hand-to-mouth buying. There was a tendency to "wait and see" whether prices would come down a

Businessmen and industrialists agreed that the "bloom is off the boom" — that a healthy readjust-ment is underway.

#### SPEED PILOT:

A New Record?

Joe De Bona, by his own admission was a "scared boy."

And he had every reason to be. He had taken off from Burbank, Calif., in actor Jimmy Stewart's nine-year old plane—a souped-up F-51—at 9:20:50 one morning, and exactly five hours later he zooming into the airstrip at New York's La Guardia Field.

THE PLANE had a cracked cockpit canopy, dangerously low oil pressure, no oxygen, and gasoline for only seven more minutes of flying when De Bona whistled into the airport at 600 miles per hour.

"I'll never try a record flight again." he said. "This was too nerve wracking."

Fred H. Wilkerson, official timer of the National Aeronautical association, said the NAA would have to decide whether De Bona set a new cross-country record. He said the plane carried no barograph, a locked instrument which shows elapsed time, and that the gasoline tanks were not sealed.

THE OFFICIAL coast-to-coast record for a single reciprocating STOCK MARKET: plane such as De Bona flew is six hours, seven minutes and five sec-onds, set by Paul Mantz on February 28, 1947, in a flight averaging 401.076 miles per hour.

#### DEFENSE CHIEF:

Has Big Job

Louis Johnson of West Virginia had taken on one of the biggest jobs in the world, and had added to the magnitude of the task when he declared the armed services of the United States would be "united as one.

WELL, JOHNSON, in taking over as secretary of defense, was the man whose job it would be to unify the armed services, but his predecessor, James V. Forrestal, retiring to private life as a banker, hadn't been able to do it.

The fact was that jealousy be-tween the services made it practically impossible to implement a congressional act unifying the army, navy and air corps. However, it was said Johnson would come closer to it than anyone else probably could. It was reported he was ready to adopt a "tough" policy to brass hats in all the services and that if unification were possible, he'd bring it about.

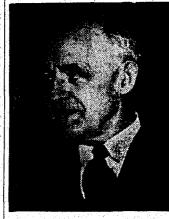

#### FORRESTAL:

Medal From Harry

James V. Forrestal, retiring secretary of defense, received a sur-prise when he called at the White prise when he caused at the White House to say goodbye to President Harry S. Truman. Mr. Truman pinned the Distinguished Service Medal on Forrestal's coat.

The citation read that Forrestal had "materially advanced the se-curity of the nation." Forrestal said it was "beyond me" how he

#### **New Senator**

One of the nation's foremost educators, Dr. Frank P. Gra-ham, has been appointed U. S. senator from North Carolina to succeed the late Sen. J. Melville Broughton. Dr. Graham was president of the University of North Carolina.

#### RENT BILL:

**Buck Was Passed** 

The rent control question was red hot. Congress knew it. The people knew it. But something had to be done before controls expired March 31. Congress had to do something. It did. It passed the buck.

A rent control bill was drafted by the 81st congress, but it laid in the laps of state governors and legislatures the real power and re-sponsibility for rent controls.

EVERYTHING congress wrote into the present bill can be nullified by a governor or a legislature, if they see fit.

The bill continues rent controls for 15 months, or to June 30, 1950. It sets up a "home rule" process for decontrol of states, cities, or other local areas. Legislatures could remove controls throughout a state, or in parts of a state. A city government, or ruling body of other communities, could pass a resolution calling for de-control and, if the state governor approved it, then the federal government would be forced to abolish controls in that community.

The bill requires the housing expediter to fix rents so as to insure landlords a "fair net operating in-come . . as far as practicable." However, it restores old OPA powers for the rent expediter to control evictions. This, some congressmen said, would prevent any mass evictions by landlords.

UNDER THE MEASURE, the housing expediter is authorized to

sue a landlord for three times the amount of any charge made against a tenant above the legal rent ceil-ing. Under old law, the tenant had that power, but seldom used it.

The new act does not authorize further 15 per cent "voluntary" increases in rents, and recontrols any dwellings decontrolled under such voluntary leases, at the rent figure contained in such leases. Veteran's priority for first chance

to rent or buy a new property are continued in the bill.

Curbs Are Relaxed

The federal reserve board had taken an action that should make ribbon clerks very happy

"Ribbon clerks" is a name ap-plied by stock market operators to amateurs who seek to engage in the fascinating business of trying to make several bucks grow where only one grew originally.

THE FEDERAL reserve board

ruling was that the down payment on purchase of stocks would be reduced from 75 per cent to 50 pe

The board had been pressured for several months by the New York stock exchange, its president, Emil Schramm, and securities dealers generally. They had complained that the previous restrictions had thrown markets into the doldrums and that trading had remained at an unusually low level for months.
THIS WAS CONSIDERED as strong indication the board be-

dominate the economic situation. Earlier, the board had relaxed restrictions on installment-buying credit, giving a longer term for installments on purchases of automobiles, furniture, refrigerators, washing machines and radios.

#### Open Season

In Kentucky, a wife may swear

out legally a search warrant against her husband, according to an opinion given by Assistant torney General Squire N. Williams. Whether this extends to hubby's pockets was not mentioned in the

ruling.
Williams declared, in an opinion given Harry R. Burke, a Prestons-burg attorney, that he knew of no state statute preventing women taking such actions.

#### TRUMAN:

Still Adamans President Harry Truman

nothing if not stubborn. Rebuffed by the senate armed services committee on his appointment of Mon C. Wallgren to head up the national security resources board, Mr. Truman has served no-

tice the fight is not over. DESPITE THE FACT that senate policy and tradition seldom has taken such a matter to the floor after committee disapproval. was understood that Mr. Truman was planning to have the issue taken from the committee and fought out on the floor of the senate. Such procedure has been followed, but only rarely, as senate history shows.

The committee, in declining to approve the Wallgren appointment, stated its position was taken only because of its conviction that Mr. Wallgren was not fitted, either by experience or ability, to hold down the vital key post in the national defense setup.

Truman associates said that if other means fail, they expect the President to urge Millard Tydings. Maryland Democrat, chairman of the committee blackballing Wallgren, to take the lead in a fight to relieve the committee of consideration of the nomination

SEN. WARREN G. MAGNUSON, (D., Wash.) said he thought there was a possibility that some member of the committee mainrite the committee majority. might be persuaded to let the nom ination go before the senate, al-though with an unfavorable report.

The committee voted 7 to 6 to reject Wallgren's appointment.

President Truman's fight for his old fishing crony and senatorial colleague was not expected to begin immediately. Instead, the President was said to be planning to let the matter rest for awhile so he can see what may be done toout-maneuvering some Wallgren's opponents.

#### Polio "Fowled" Up?

Shown here, a virologist harvests virus of newcastle disease from embryonated chickens. Science thinks that there "bare possibility" that an anti-polio vaccine may be developed from the virus of new-castie disease — an ailment which affects young fowls and usually is fatal to them.

#### CONFERENCE:

That's All, Folks

The Cultural and Scientific Conference for World Peace had ended without any specifically untoward incidents, barring a lot of booing and a barrowing by rightist elements of the leftist techniques of picketing and heckling. A DELEGATION of seven Com-

munists representing Russia had attended, among them the great composer Dmitri Shostak Many had argued the Reds should have been denied attendance, de-spite Shostakovich's presence among them. But calmer heads prevailed, and the Russians came.

But, it appeared, they weren't ready to go home when the parley was over. In fact, the 18 foreign delegates were all set to make a nation-wide speaking tour and then return home, "as soon as possible." as they put it.

HOWEVER, U.S. Attorney General Tom Clark notified immigration officials in New York to see to it that the delegates, Russians and all, leave the United States as soon as they could make arrangements.

The seven Russian delegates were notified that their visas did not allow them to tour the nation; but the state department indicated it would consider any application for an extension of their visas.

THE SPONSORS of the "peace conference" said they did not know what the Russian delegates planned to do, but a spokesman said it was expected all four eastern European nations' delegates would depart shortly.

#### **UNREST:**

Extant All Over

Psychologists and psychiatrists might easily read into the incident a manifestation of the general un-rest which is plaguing mankind just now. At any rate, because a team from a nearby village, a mob-of angry villagers attacked and stoned the train the next time it came through the community

Eleven persons, including two women, were injured.

# Rural Rule-news

GRANDPA OF THE CABLE TRAIN - Possibly you've seen modern tractor-drawn cable trains burying Long Distance telephone cable across the Michigan countryside. Back in 1882, two pioneer telephone men hitched a locomotive to a farmer's plow, turned a deep furrow five miles in length and "planted" an assortment of wires to determine the effect of soil conditions on them. From this early experiment came facts helpful in developing modern underground cable!

BRAIN TEASER-You can probably stump most of your friends on this one. In which case does your voice travel the longest distance to reach the person you're talking to: (a) - When you telephone your neighbor on the next farm? (b)-When you speak to somebody across the room? Answer: When you talk across the room. When you telephone your neighbor, your voice just goes an inch or so to the mouthpiece. From there on it travels as an electric current right to the listener's telephone receiver.

SUPPOSE you could reach only one other telephone. Your telephone wouldn't be worth very much to you, would it? Actually, today you can reach more telephones than ever before . . . doctors, vets, equipment dealers, friends, relatives. And we're still adding new telephones at record speed. This means more people you can call more jobs your telephone can do for you.

> Clipping from the Butler Daily Eagle, Butler, Pa. This shows what cooperation will do: ELLWOOD CITY STAGES

ECONOMIC COME-BACK Elwood City, Pa.-Two years ago this western Pennsylvania town of 17,000 was almort counted out economically but today it is going strong

er than ever. Ellwood City got a blow in the solar plexus in 1946 when U. S. Steel corporation announced It intended to abandon its subsidary National Tube company plant here. Such action would mean loss of 4,000 jobs.

The city fathers came back fight-

ing. First they set up the Ellwood City Industrial Corporation. The object was to bring in diversi-fied industries. Manufacturers were

offered low taxes and a chance to buy their plants like paying rent. About 40 percent of the citizens bought shares in the city's corpora-tion at \$100 each. Nobody was promised a return on his money but every body was guaranteed they'd get the

wood City Knitting Mill, Dust Proof Mattress Cover company, Beaver Art Metal Co., Precision Metals, Morris Clamp & Coupling company, Ace Storm Window Co., and Calgon, Inc. In all, the new plants will employ 1.800.

And, not least among the blessings John Rifenberg and John Rosen- U. S. Steel didn't shut down the Nazweig and son, Richard, of Grand tional Tube plant after all—and it doesn't look as if it's going to.

In 1948 Ellwood City factories turned out the town's biggest pro-East Jordan Lutheran church in than \$95,000,000 worth of goods.

Put the prepared ducts company is building an addi-

ernor and a Republican-controlled the taxpayer. administrative board and legislature. has yet to solve the A-1 enigma of averting a treasury deficit. Now that the April election outcome is in the bag, legislative leaders are talking of adjournment by mid-May. The next weeks will tell the story.

There is the widening gap in the viewpoints of Governor Williams and the Republican legislature. The governor still considers his election last November to be a "popular mandate" for his liberal beliefs. While he received the April election returns with "disappointment and surprise", he reaffirms his convictions that the majority of the people favored more spending by state government. He has asked the state legislature to en ace the proposed corporation profits tax. He now hints that the decline in sales tax revenue may make it nec essary for the legislature to adopt a 5 percent profits tax, instead of per cent, as he originally proposed.

The state budget office is now es timating, said the governor, the current treasury deficit (1948-49 fiscal year) at \$22,000,000. If the revenue drop continues, as some economist forecast, then the operating deficit for the 1949-50 fiscal year (July 1 to July 1) might arise to \$71,000,000. State employees are asking for more pay, and if these requests are grant ed, the inflated budget would be

The Democratic legislative policy as apparently influenced by Governor Williams and his CIO labor ad visors, follows the proposals of President Truman: More government spending, more taxation.

Republican legislative leaders are willing to adjust state apporiations to current needs, providing the increase is "reasonable". There is where the two parties cannot agree The GOP bill to revise state unem ployment benefits is an example This measure would increase the base rate from \$20 to \$24 for 20 weeks, an adjustment of 20 per cent. The Democratic proposal would go this better - \$20 to \$30 for 26 weeks, a 50 per cent increase in payment and 30 per cent more time.

If the April election had brought the election of Democratic state of ficials - highway commissioner and superintendent of public instruction the state legislature would have more inclined to accept Governor Willimss' claim of a "popular mandate". Because of some uncertainty what the voters might do, many key legislative measures have stalled in committees while legislatures waited for the election verdict.

What should the legislature do about the prospective treasury deficit? Rep. John Espie, veteran chairman of the house ways and means commit tee, had indicated that he favors a general reduction in state appropri ations but no decision on new taxes at this time. He feels that the legis

A number of legislative bills have een introduced, and now are in pro cess of legislative consideration, which would abolish state services outright. Governor Williams has said repeatedly that the state government, for the most part, was efficiently run and that he saw no need to eliminate state services. He would retain them amplify them to meet new and then balance the budget by imposing new taxes. The corporations tax, he feels, would be an indirect burden on the taxpayer at the most.

The State Senate has reversed an old policy of secret sessions for confirmation of appointments by the governor. The change was sponsored by Senator Colin L. Smith (Big Rapids) who said newspaper correspondents should have acess to senate debate instead of having to rely on second-hand reports of what had been said.

Now that the April election is out of the way, the legislature may be counted on to clear the decks fairly quickly of important bills. Weeks have been devoted to study of these measures. Only the voters' verdict on April 4 was needed to break the

Agricultural Agent REPORT ON MABS ANNUAL MEETING

At a recent annual meeting at Michigan State College, the Michigan Artificial Breeders' Cooperative Cooperative heard a report on last year's activities and got ready for another year of

progress.
A. C. Baltzer, Extension dairyman for the college who was recently assigned to devote full time to the arttreasurer for the cooperative. He gave this report to indicate how the of the Michigan State college farm organization has grown since it was management department, urges folks started back in 1941.

located on land leased from Michigan State College in East Lansing. Durserved by local inseminators. The cooperative now owns 70 registered bulls. This number includes four shape:

HUSBAND SAYS "HOORAY FOR proved sires — two Holstein and two Guesnsey - acquired during the last two weeks of March.

The membership will be interested to know that the board of directors has voted to make a patronage div idend to members who used service during 1945 and 1946. This will be mailed to members within the next two or three months along with the dividend declared by the board last year for those members using services in 1944.

new president of the MABS is Frank Heim, Guernsey breeder from Jackson. He replaces Wesley Mahaffey of Marlette who stepped down after serving the organization as president for the first five years of its existence. Harold Wilson of Holt is the new vice-president. A new member of the board of directors is Palmer Wallbom, an upper peninsula Holstein breeder from Sault Ste. Mar-

#### TREE PLANTING TIME

It's the shipping season for seedling trees from the forest nursery at Michigan State college, Nurseries everywhere are shipping too, so let's have some suggestions about handling these seedlings.

Getting the trees into the ground as soon as possible is best. Remember the tree is a living thing and subject to shock from the change in location. Keep the roots moist from the time they are taken from the package un til put in the ground. Make the hole big enough to take the roots without doubling. Put the seedlings into the ground as deep or a quarter to a half inch deeper than the "root collar" indicates is was planted before. Pack the soil firmly about the roots.

#### FIELD LEASING

Each year at the end of the growing season, a number of disputes ifical breeding program in the state, arise between renters of leased fields was named to continue as secretary- and the owners about who should pay to prevent these disagreements by There are now 17,000 farmers be-longing to the cooperative. Sixty-five the time of renting the land. The use counties in the state are using the of a rental form will be a big help in services from the central bull stud preventing misunderstandings which sometimes come from oral agree ments.

Hill also points out these items which will help improve the fertility of leased fields that are in poor

1. Make the lease for more than turning under of green manure crops. ne year. This will permit the renter 3. If lime is needed this should be one year. This will permit the renter

to follow a good crop rotation. 2. Make provision for the applica-tion of fertilizer and manure and the

## From where I sit ... by Joe Marsh

#### There'll Always Be a "Gawker"

"Harry the Hermit," as he's called, came into town last week and, as usual, caused quite a stir. He looks like a cross between Santa Claus and Daniel Boone.

We had a friendly glass of beer together and I asks him, "Don't you ever get annoyed at the way some people laugh and stare as you go by ?" "Shucks no," Harry says. "Only while they're laughin' at me, I'm feelin' a mite sorry for them. Imagine-folks so ungrownup they can't see I'm really just the same as they are underneath.'

From where I sit, Harry's a lot more "civilized" than the people who make fun of him. He's contented lives the way he believes is right without harming anyoneand what's more, he's tolerant of others whose tastes in living are different from his.

Maybe we all don't look the same. or act the same, or eat or drink the same, but in a free country, why
