Mail Box Clean Up Week

**NATIONAL AFFAIR IS SET FOR APRIL 16TH**

Something of real interest to the public in the matter of the Boot Lake is the fact that National Mail Box Clean Up Week is observed in April.

What type of box do you provide for your public? Is it one that is visible on the highway or does it sit in your yard? Is it made of wood or metal? Is it treated or untreated?

Many times the patron moves, leaves his box behind, and the family moves into the box. This often causes the problem of方形的盒子 to have

Michigan Mothers Sewed

In a children's clothing project conducted through Michigan State University's home demonstration program last winter, mothers made 8,000 hats which were restyled and marketed as "Hats from Old Hats." Women in 57 counties, including Charlevoix, made the hats which were sold at various prices depending on the amount spent in labor and materials. The average price was $1.25 per hat.

Hats from Old Hats was a project of the home demonstration club, which is a part of the 4-H Club. The members of the club worked on the project in their homes and were paid for their labor.

The project was sponsored by the Manufacturers' Service Bureau of Michigan, which provided materials and instructions for the project.

Two hundred years ago, when the French Revolution started, the people believed that they were free to do anything they wished. They were very much interested in democracy and liberty. But, they were also interested in love. They believed that love was the most important thing in the world. They were very much interested in the idea of "Love Thyself Last." Love Thyself Last was a very popular saying in the French Revolution. It meant that you should love yourself above all else. It meant that you should take care of yourself and that you should have a good time and enjoy yourself. It meant that you should be happy and that you should be free to do what you wanted to do.

Jesus said, "Love thy neighbor as thyself." This means that you should love others as much as you love yourself. But, it also means that you should love yourself. You should love yourself enough to take care of yourself. You should love yourself enough to have a good time. You should love yourself enough to be happy. You should love yourself enough to be free to do what you want to do.
