## Cherry Com. Activities

### MICHIGAN CHERRY COMMISSION'S FIRST YEAR

Established by Legislative Act in 1947, the Michigan Cherry Commission has just completed its first year of activities, reports Lawrence O'Neill, Chief of the Bureau of Agr'l Industry of the Michigan Department of Agr'l and Acting Sec'y of the Commission; and it appears to have been a most successful one.

Cherry production in Michigan in 1948, was the greatest ever recorded, and it was the Commission's task to contact all processors and shipping stations and arrange for collection of one-tenth of one cent per pound on all cherries produced in Michigan, when sold or shipped for processing by the growers or growers' agent.

Nearly \$105,000.00 was collected, and \$46,435.72 was spent; and of every dollar expended, 87.7 cents was spent for direct advertising to make the phrase Michigan Cherries famous all over our United States. The National program included three distinct points—Cherry Christmas, that placed cherries before the consumers in the entire nation;—National Cherry Week, in connection with the State and nationwide Cherry-Pie-Baking Contests;—also four of Chicago's most powerful radio stations carried during March and April the story of Michigan cherries.

The Michigan Cherry Growers, through their payment of one-tenth of one cent per pound of their 1948 cherry crop, together with the Michigan Cherry Commission, through their efficient administration of the monies collected, apparently have made the entire nation more cherry-conscious; cherries are more popular than ever before so that when our friends from sister states think of Michigan — they think of Cherries

## Red Devils Defeat Gaylord

### BY AN 8-7 VICTORY IN GAME LAST TUESDAY

Paced by Bryan Boring, hard working first baseman, the East Jordan Red Devils knocked out a 8-7 victory over Gaylord Tuesday. This victory was number three against the one loss suffered to Boyne City last Thursday 3-1.

Glen Persons, who sat out the Boyne game with a sprained ankle, pitched good ball for six innings but tired in the first of the seventh. "Red" Evans came in to retire the side.

Gaylord opened the scoring in the first inning with two runs but the Jordanites came back to score three. Gaylord tied the score at 7-7 in their half of the last inning to set the stage for Boring's game winning single. Evans opened the last inning with a walk, stole second and scampered home on Boring's clean blow to center.

Boring also provided the crowd with one of the biggest thrills seen in baseball when he stole home in the fourth inning. The play was executed perfectly as he slid in safely.

The next home game will be with Pellston May 2 at 3:00 p. m.

## 4-H Community Club

The 4-H Community Club met, Apr. 13, with around 30 members present at the home of Mrs. Clarence Lord. Meeting was called to order by the president, Katherine Smith. The various projects were discussed by members. Our Achievement Day is to be held at Boyne City May 5th. Everyone was urged to finish their projects so they could be exhibited at the meeting.

Next meeting is to be at Mr. and Mrs. Archie Murphy's the second Wednesday in May.

## Lumber Co's Barn Had A Blaze

A roof fire of undetermined origin on the East Jordan Lumber Co's big barn on Springs St. called the fire department out Wednesday afternoon. Despite a strong wind from the north, quick work of firemen saved the big structure. The building is used for storing material.

## Fourth Week of Checking Brakes and Lights Program

Partial returns from 90 cities and counties for the first two weeks of the State-Wide Brake and Light Check Program sponsored by the Michigan State Safety Commission show that 34,015 motorists were stopped for traffic violations, 1,316 had unsafe brakes, and 2,847 had unsafe lights, it was announced today by Chief of Police Harry Simmons. He stated that in the city of East Jordan thus far 50 motorists have been stopped and 10 brakes and 32 lights have been found to be in unsafe condition.

The growing need for maintaining vehicles in safe operating condition is dramatically illustrated by recent figures released by the State Highway Department showing that traffic increased 9 percent during the four months period of Nov., Dec., Jan., and Feb.

This increased travel offered more opportunities for accidents and resulted in a 27 percent increase in Traffic Deaths during this same period according to figures tabulated by the Michigan State Police.

Chief Harry Simmons said that if each motorist would realize that each month in Michigan there are over 1 1/2 billion vehicle miles of travel, he would realize that safe driving is important. "It just makes sense to drive even more carefully when there is more traffic, especially when the records show that in four months 9% more traffic produced 27% more deaths," he said.

## Charles S. Severance Passes Away at His Home, Here

Chas. Stanley Severance was born June 2, 1907 at Cheboygan. His parents were Charles and Cora Severance. He passed away at his home, 507 Main St., East Jordan, April 23, 1949, at the age of 41 years after an illness of 1 1/2 years.

He lived with his parents at Levering, Traverse City, Detroit, and Lansing. He attended Lansing High School, graduated from Michigan State College and took Post graduate work at the University of Michigan at Ann Arbor. Mr. Severance was a teacher, musician and accountant. He was married Sept. 16, 1929, at Monmouth, Ill., to Miss Helen Jefferson who survives him. They lived in Capac, Detroit and Lansing before coming to East Jordan. They spent their summers since 1939 at their cottage on Lake Charlevoix and have made East Jordan their permanent home since 1945.

He was a member of the Lansing Evangelical church and Forest Lodge No. 126, F. & A. M., Lansing. Besides the widow, he is survived by a daughter, Betty Ann Severance, at home and the parents, Mr. and Mrs. C. J. Severance of Lansing.

Funeral services were held, Tuesday, April 26, 1949, at Watson Funeral Home, conducted by Rev. C. S. Hastings, with soloist Wilmer Moyer, accompanist Victor Canon, both of Petoskey. Bearers: Wm. Malpass, Wm. Porter, Theodore Malpass, Marvin Benson, Frank Malone and Adolph Drapeau. Final resting place, Sunset Hill.

Relatives and friends from a distance at services were:— C. J. Severance, Ole Kimball, Mrs. Naomi Butler, Clarence Lyons, Allen Milliken, Mr. and Mrs. E. L. Buell, all of Lansing; Mr. and Mrs. Harold Stinson, Traverse City; Mr. and Mrs. Victor Canon, Mr. and Mrs. Donald Greenwall, Mr. and Mrs. Joseph Hanna and Wilmer Moyer of Petoskey.

There is no closed hook and line fishing season on yellow perch, crappies, whitefish and white bass in the Great Lakes and connecting waters, non-trout streams, and lakes other than trout lakes north of highway M-46.

## 1949 CHAMBER OF COMMERCE PROGRAM IS UNDER WAY

### MEMBERSHIP DRIVE OPENS MONDAY

The planned 1949 activities, here announced by President Hollis Drew of the C. of C., present an ambitious schedule of local events and projects for the coming year ... and one that will require the active co-operation and participation of the entire community to accomplish. The re-habilitation and improvement of existing facilities, local participation in regional activities, co-operation in county wide promotion, a program of special local events, resort and tourist information, rural-urban relationship, new business and industry ... these are all subjects that have been comprehensively included in the year's program and all are of vital importance to East Jordan's growth and development.

The Special Events schedule, County co-operation and local public relations are among programs that have already received considerable initial impetus and are now showing discernable returns. The first of these results are evidenced by the 55-Mile Smelt Derby, the Co-op Creamery's East Jordan Day, Center Stage and Appreciation Day assistance, regional West Michigan Tourist Association meeting (East Jordan, May 12th), and the Northern Michigan Goodwill Cavalcade (East Jordan, Boyne City, Charlevoix, Petoskey, Cheboygan, Harbor Springs, Indian River, Gaylord and Mackinaw City, May 25th). These will be followed by three special summer events that are being carefully planned at present; a Charlevoix County Home Coming and July 4th Celebration (at East Jordan); a mid-summer (Aug. 14th) Regatta that will feature a full day of water sports, motorboat and canoe races, the annual Charlevoix-East Jordan Sailboat Race (at East Jordan); Michigan's big aviation event, the Dawn Patrol.

Activities of other important committees including, New Industries, Parks, Rural Membership and Airports and Harbor will get under full headway following the completion of the Membership Drive Campaign which is scheduled to start next Monday. Two new membership classifications have been opened up this year so that everyone in the community will be afforded the opportunity to actively participate and help in the extended program; A Rural Membership that will include all those engaged in agr'l pursuits and an Individual Membership that will include all those who do not come within the business and professional classifications.

### 1949 PROMISES TO BE AN EAST JORDAN YEAR

and it will be

## Cancer Fund Drive On In Charlevoix County

The American Cancer Society is asking the Charlevoix County Unit to raise \$1,064.86.

Your help is needed more than ever in the fight to conquer cancer in this

county. Cancer kills 8,100 persons every year in Michigan. Help us to help you save a life. Yours, your family's, friends or neighbors, through research, education and service. Do your part today.

This program was not included in any other fund raising campaign. City Chairman, Mrs. Joe Clark. Co. Commander, Mrs. E. B. Garrison.

## Sunshine Extension Club

The Sunshine Extension Club met April 18 with Mrs. Archie Bennett. Seven members and 2 visitors were present. After the business meeting, the project lesson on "Meat Cookery" was given by Mrs. Henry Brown.

Achievement Day is May 13 at Tourist Park with a pot luck supper at 7 o'clock. Exhibits by the various clubs and a program is being provided. Next meeting of Sunshine club will be at Mrs. Joe Clark's home, starting at 7 p. m. or earlier. If possible all try to be present. The date is Monday, May 16. Election of officers is in order at this meeting.

## East Jordan Man Surprised On Birthday

Mr. and Mrs. Omar McKinnon, 1500 Riblet Rd., Muskegon, held open house, Sunday, April 24, honoring Mrs. McKinnon's father, Mr. Ransom Jones, of East Jordan on his 73rd birthday anniversary.

Mr. Jones has made his home in Muskegon with his daughter this past winter because of ill health but expects to return to his home in East Jordan around the middle of May.

Among guests who came to wish him a happy birthday were several former East Jordan neighbors and friends including, Mr. and Mrs. Bert Donaldson, Mr. and Mrs. Lawrence Mayville, Mr. and Mrs. Ivan Castle, Mr. and Mrs. Archie Kowalske, and Mrs. Dorothy Janninza, together with many nieces and nephews and his brother, Mr. Harry L. Jones and family, of Muskegon.

A beautiful birthday cake and ice cream were served. Mr. Jones received many lovely gifts.

## Well Known Summer Resident Dies

Word received of the death of Mrs. T. H. Dawson, wife of the division commercial sup't of the Michigan Bell Telephone Co. at Saginaw. The Dawson's have had a cottage at Terrace Beach here since 1925 and "Ted and Hazel" were among the most popular of our summer guests. To her, East Jordan has always been "home."

In a telephone call from Mr. Dawson, he stated that she suffered a heart attack Monday a. m., April 25, and passed on immediately. Besides her husband, she is survived by a son, Robert of Willow Run, and a daughter, Mrs. Ann Miller of Saginaw.

The body was taken to Lansing, where funeral services were held, Wednesday, at St. Paul's Episcopal Church. Burial at Lansing.

## Pancake & Sausage Supper At The Jordan Inn, May 11th

A Pancake & Sausage supper is being put on at the Jordan Inn on the evening of May 11th, by the members of the Center Stage Association. The proceeds are being used to get the advertising under way for the '49 season.

President Milstein says he has a crew of flap-jack turners who can really make the pancakes roll. Tickets can be secured from various members of the Association.

## Former East Jordan Resident Passes At Mt. Clemens

Ernest G. Howell was born in East Jordan, January 17, 1895, and passed away suddenly at his home at Mt. Clemens, Thursday, April 21, 1949 following a stroke. He lived with his parents, Mr. and Mrs. John Howell, and attended the East Jordan school.

In 1916 he was united in marriage to Miss Gladys Streeter at East Jordan. He was employed by the East Jordan Lbr. Co. until 1922 when he, with his family, moved to Detroit where they lived a few years before moving to Mt. Clemens.

Surviving, besides the widow, are three daughters, Jacquhn Bernier and Ernestine VanCamp of Mt. Clemens and Rachel Keller, Mancelona; 2 sons, Geo. Mt. Clemens, and Wm. with the Marines, stationed in Maryland. Nine grandchildren. A brother, John; four sisters:— Mrs. Jennie Evans, Mrs. Daisy Ford and Mrs. Violet Bolser of East Jordan; and Mrs. Esther Wells of Detroit.

Funeral services were held, Monday, April 25, 1949, at the Cooley Funeral Home at Mt. Clemens. Interment at Mt. Clemens.

Those from here who attended the funeral were: Mr. and Mrs. Walter Bolser, Mrs. Daisy Ford, Mrs. Jennie Evans and Ed Streeter.

### AN APPRECIATION

I wish to thank the Senior Class, the United Missionary Church, the Wilson Grange and all my friends and neighbors for the fruits, flowers and cards sent to me during my illness.

## Band Goes to Ann Arbor

### PARTICIPATES IN THE STATE SCHOOL BAND CONTESTS

Two bus loads of 48 East Jordan School band students, chaperoned by Mrs. Elizabeth Robertson, John Smith and Gene Collins, left East Jordan Friday morning for Ann Arbor to participate in the State School Band contest on Saturday.

The band played at 8:25 a. m. at the Ann Arbor High School. The one selection required by all bands was "Carnival of Roses" by Olivadoti. Then they could choose two numbers which were "Hall of Fame," by Olivadoti and "Rustucan," by Frankliser. From 9:30 a. m. to 2:00 p. m. when they left on their return trip, the students were put on their own to see the city.

The East Jordan and Charlevoix bands won 3rd rating. The ratings are 1st is superior; 2nd excellent; 3rd good; 4th fair; and 5th poor.

The band was housed in the new girls Dormitory on the Campus. The band played the same numbers Tuesday noon at the Rotary Club meeting.

They ate lunch, Friday, on the bus and dinner at Howell and on their return trip, Saturday, they were served a duck dinner at the St. Louis Hotel, at St. Louis, and arrived in East Jordan at 11:30 p. m. Saturday. East Jordan can well be proud of these young people.

The proprietor of the hotel said, "They were the best mannered bunch they had ever served."

## South Arm Farm Bureau Met, Tuesday, April 19

The South Arm Farm Bureau met with Mr. and Mrs. Delbert Ingalls, April 19, with a nice attendance.

Mrs. Zimmerman, chairman of the Ladies Associate, has invited all ladies of Farm Bureau to her home, Apr. 23 for a 12:30 pot luck lunch. Speaker will be Mrs. Karker.

There is to be a speaking contest for 12 minutes, open to all Farm Bureau ladies on "What Can Farm Bureau Mean To My Family." Prizes are as follows: All expense paid trip to the A. F. B. F. Convention in Chicago this fall; Second prize \$25.00; Elimination county winner, district winner, and two state winners. Then on June 14-15-16 there is camp at Interlochen for the Farm Bureau ladies, cost \$12.00 each.

Those up for car insurance agent are Ray Berg, Carlton Smith, George Smith and Arthur Stacks.

The Farm Bureau is trying to get an Agr'l School in Gaylord for northern Michigan. The discussion—Farmer's Concern in Legislature—"Yes," We are all concerned.

The George Kloosters have invited us all over to their home next month, May 17.

## Spring Operetta Well Received

### GRADE CHILDREN WIN PLAUDITS OF HUNDREDS IN AUDIENCE

Last Friday afternoon the East Jordan grade school presented its spring operetta. The setting was "Grandmothers Flower Garden." Mr. E. E. Wade gave the welcoming speech to the parents and friends of the five-hundred and thirty-five children taking part in the program. The curtain was then drawn on a scene in the garden with flowers represented by children dressed in their gay crepe paper costumes.

This presentation climaxed weeks of practice—learning the songs, making stage sets and costumes. Each child in the grade school had a part in the program. The children who did not perform on the stage formed a chorus. These children wore green neck pieces and the girls wore flowers in their hair. They made a nice supplement to the flowers, birds, bees and butterflies, fairies, the queen, grandmother, children, and others on the stage.

Between the acts the kindergartners participated in the program by presenting a may pole dance and a rhythm band.

This lovely spring operetta surely, gaily, if not officially announced that spring is here. How joyously the children did capture the spirit of it. Everyone who saw the operetta thought it was one of the nicest programs ever put on in our school.

The operetta was directed by Mrs. Alta Drapeau, accompanied by Mrs. Ruth Moore at the piano. It was staged by a committee composed of Mrs. Adeline Bowerman, Mrs. Grace Galtmore, Mrs. Marie Hughes, and Mrs. Alma Larson. Much praise should be given the children for their performance. Credit should also be given all the teachers who worked so diligently to present the program.

(Delayed from last week)

The issue of higher taxes vs. economy is headed for a showdown soon in the state legislature.

The corporation profits tax is being pushed by governor G. Mennen Williams as a painless method to raise additional revenue for the state government needs and thus to avert a growing deficit. Seventy-eight percent of the state sales tax is earmarked by constitutional amendment to be returned to local governments.

The corporation tax is bottled up, at present, in legislative committees where sentiment is reported to favor governmental economies as an alternative to higher taxes. Republican solons contest the statement of Governor Williams that his election in November was a "mandate" for liberal measures. Most of these call for more tax funds. The April election outcome has stiffened GOP convictions in this direction.

The Michigan Good Roads federation bill is now before the senate taxation committee headed by Sen. Geo. N. Higgins (R-Ferndale). Motorists would pay \$29,000,000 more in higher gasoline taxes and higher weight taxes. This measure has the backing of road builders, state highway department and many county road commissions. Improvement of highways is at stake, proponents declare. Sen. Higgins has been quoted as being opposed to new taxes at this time.

If the house concurs in outlawing legalized gambling at horse races in Michigan, \$3,000,000 state revenue will be lost for 1950. This bill was sponsored by 21 senators, backed by the Michigan Council of Churches, a Protestant group. The Senate approved it 22 to 2.

The pari-mutuel system has been linked to the tangled affairs of the Michigan State Fair on whose ground the Detroit racetrack is located. Another effort to untangle the fair program is being made by the Detroit Board of Commerce. A bill has been introduced to create a fair authority to run the fair and the grounds. It has a limited chance of passage because of political differences between the governor and the legislature. The governor would appoint members of the authority.

At present, the centennial celebration of the State Fair is in a state of suspension. The governor opposed re-appointment of Hazen Funk as the fair's general manager.

Consolidation and elimination of several state agencies are advocated by some state legislators as alternative to higher taxes. Senate bill would abolish the tax commission and create a new board of taxation; senate bill 12 would create a labor department, merging other agencies; senate bill 13 would transfer collection of gasoline tax, diesel fuels tax, vessels fuels tax and aviation gas tax to the revenue department.

Senate bill 14 would abolish the hospital survey and construction offices, transferring duties to the department of administration. Senate bill 15 would eliminate the safety commission with its \$16,000 budget. Senate bill 16 would create a professional and vocational licensing division within office of secretary of state. Senate bill 17 would abolish the stream control commission, transferring duties to the state health department.

Senate bill 19 would transfer duties of the board of control for vocational education, state tenure commission, state board for libraries, and historical commission all to the state board of education. The crippled children's commission would be abolished and its duties transferred to the department of health by Senate Bill 20.

Senate bill 21 would abolish the tuberculosis sanatorium commission and transfer its duties to the department of health. The board of tax appeals would be abolished by senate bill 22. Since functions of most of the above agencies would be transferred to other departments, services would be continued and thence at some cost.

The paradox of public benefits and public taxes was neatly presented by representatives of Michigan municipalities who appeared at a legislative hearing recently. They urged the legislature to authorize municipal excise taxes, but opposed any public referendum on them. "Taxpayers won't tax themselves to pay for things they want", city officials complained.

This attitude of trying to get something for nothing is not new, of course. Local governments always favor more state aid and more federal aid, so long as the money appears

**APRIL 18, 1919**  
A deal was closed the past week in which M. C. Larime of Hart, Mich., together with some of our local businessmen, became the owners of the E. B. Clark warehouse on the West Side. Machinery will be installed and commencing about August 1st they will start manufacturing pasteurized cider, vinegar, apple butter, jellies and other apple products. A cooperative building will be erected and they will manufacture their own containers.

Victory Loan Volunteer Week starts Saturday. East Jordan's quota is \$85,000. The War Board Committee in charge of this drive are: John Porter, chairman; William F. Bashaw, James Gidley, Robert Barnett, Roscoe Mackey, Mrs. W. H. Roy, A. K. Hill, D. L. Wilson and E. N. Clink. As soon as the amount, \$85,000, is raised, subscriptions will cease.

East Jordan welcomes another of her wounded soldiers this week in the person of Sergeant John Ellis of Headquarters Company, 125th Infantry. Sgt. Ellis enlisted with our Company "I" boys while they were stationed at Fort Wayne and was with them in Camp at Waco, Texas, prior to their going overseas. On August 4th he was wounded by a shrapnel in the left leg while in charge of third platoon trench mortar on Ceateau-Thierry sector. He was removed to a hospital where the leg was amputated. He was fitted with an artificial limb at Swellen, Minn. He will make his home for a while with his brother, Lewis Ellis, and expects to attend business college this fall.

Mr. and Mrs. W. S. Carr returned home from Trout Lake this week, where they were called by the serious illness of their daughter, Mrs. Reta Bader.

to be free. The very minute the benefits are linked to taxes, then the spending fever begins to subside.

The legislature has a most difficult task to perform. Regardless of what is done, the decision will be unpopular with some blocs and special interests. Higher taxes or economies that really hurt — which will it be?

J. M. Howard and family moved this week from the Graff residence, corner Main and Division Sts., to the Glenn residence.

Ole Hegerberg left Monday for Detroit where he has employment.

Mrs. Elizabeth Shanauquet has received word that her son Sgt. Lee Shanauquet has arrived at the Detroit General Hospital No. 36. Sgt. Shanauquet is recovering from wounds in his back and expects to return home in the near future. He is one of the Company "I" soldiers of East Jordan Headquarters Co., 125th Infantry.

**APRIL 19, 1929**

At the last meeting of the East Jordan School Board, it was found that it would be possible to take care of the students that would return next year to the West Side school in the Central Building on the East Side. This would eliminate the expense of three teachers, janitor, coal and supplies. The other possibility is consolidation of the rural districts. The School Board left it in the hand of the Superintendent to arrange a meeting and invite all districts that are at all interested in consolidation to a meeting to be held at the High School Auditorium sometime during the week of May 5th. One of the necessary things to know before consolidation can be seriously discussed is the population of East Jordan. In order to get State aid for the buses, the town must have less than 2,000 population. The school has undertaken the task of taking a census of East Jordan.

Ed. Weldy is moving his family to Sparta this week as he has employment there.

Mr. and Mrs. Steve Covey have moved their household goods here from Ironwood and now occupy the rooms over Hite's Drug Store.

Mr. and Mrs. Alonzo Shaw with daughter, Miss Alta, and son Darius, left Monday for Lansing, where they expect to locate.

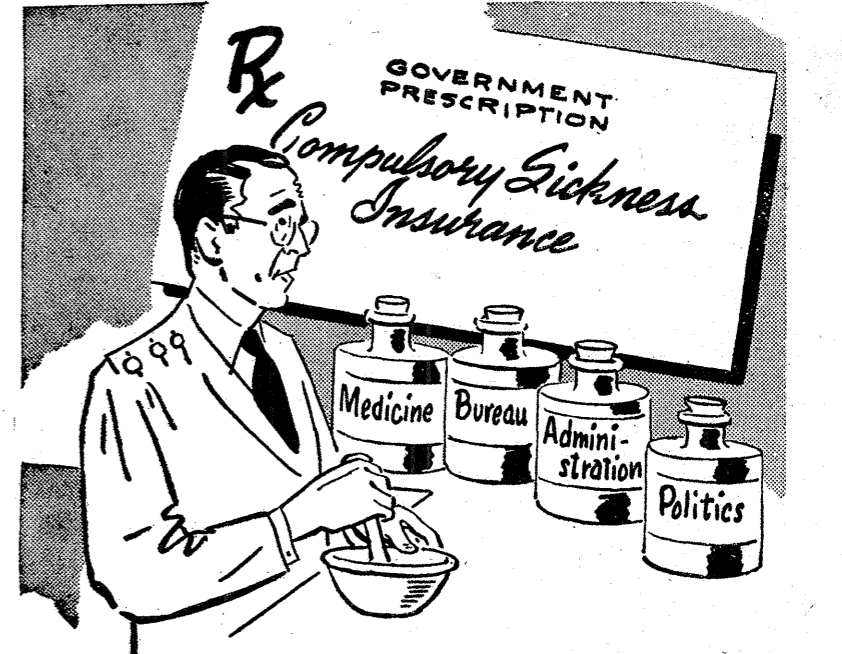

Miss Alice Green has a position at the local telephone office, taking the place of Miss Alta Shaw, who went to Lansing.

Mr. and Mrs. Verne Whiteford and

children have moved here from Boyne City and now occupy the Palmyer residence. Mr. Whiteford has a position at the A. & P. Store.

Mr. and Mrs. Thomas Trimble with grandson Thos. Webster returned home recently from a visit with rela-

tives at Woodburn, New York. Oris G. Carpenter passed away Wednesday at the American Legion Hospital at Camp Custer after a long illness from tuberculosis. His wife was the former Mary Vance, sister of Vernon Vance.

**This prescription can make a healthy nation sick**

There is talk of giving the people more "security" by extending government control to medical care. It is nice talk—but it doesn't make for a nice future. Europe is full of tragic examples of people running to the government for security, only to find that the more it got, the sicker the nation became. Your doctor has nothing to lose from compulsory health insurance; he would have a guaranteed practice with guaranteed pay—and all the prerogatives of a bureaucratic life. But how about YOU—you, the person who pays with a shrunken take-home wage? Will you be better off—or worse? Get under all this "nice" talk, and see where you end up. Let your doctor give you the real facts about government controlled medicine so that you can weigh the ugly side of it as well as the sugar-coated promises.

## Red Cross Fund Drive Fails

COUNTY CHAPTER PLANS CURTAILMENT OF SERVICES AS SLIGHTLY MORE THAN HALF IS COLLECTED

In spite of a 15 day extension, the fund drive sponsored by the Charlevoix county chapter of the American Red Cross fell short of its \$6,000 quota when only slightly more than half of the goal was achieved.

According to figures released by the chapter of total of \$3,340.96 was collected with the following breakdown in contributions: Boyne City with a quota of \$1,900 collected \$1,246.95; Charlevoix, quota \$1,700, collected \$831.28; East Jordan, quota \$1,500 collected \$800; Walloon Lake, quota \$200 collected \$133.83; Boyne Falls, quota \$100, collected \$64.90; Ironton, quota \$50, collected \$23.50; Beaver Island, quota \$50, collected \$22.50. The townships as a unit were not solicited, but contributed \$38.00.

Chapter officials stated that it would be necessary to curtail the accredited life-guard program at beaches, home service, disaster and other services which it has been rendering.

Summing up the results of the drive, county chairman Ralph Hamilton said: "A fund drive that has been conducted in Charlevoix county recently confused the public and the local chapter thought it would leave the decision to the citizens if they wished the Red Cross to continue its humanitarian effort. It can be only assumed that they desire curtailment."

## Chickens Benefit From Good Pasture In Summer Months

Plenty of poultry pasture is advocated by J. M. Moore, extension poultryman at Michigan State College as a help in producing well-grown pullets for less feed cost.

The poultryman estimates that the poultry feed bill can be cut as much as 15 percent by the use of good pasture this summer. Dried grass has little value so the brooder house or summer house should be moved two or three times during the range season.

Cleanliness of the grass is important. A range where no chickens have been pastured for two years is described as "clean" and is generally free from parasites and disease germs.

The type of grass should be such that it is green and succulent during July, August, and September. Often mowing the poultry range once or twice during these months will result in new growth starting.

Alfalfa and brome pasture has proven to be one of the good poultry pastures. Since brome grass comes early in the season it forms a matted sod that provides juicy forage and keeps the young chickens off the soil. Alfalfa is good in the dry summer months when many grasses are not available.

Importance of pastures for poultry and livestock will be featured at the Grass Day programs which the Michigan State College Cooperative Extension Service will sponsor during June. The events will be held in various sections of the state. Extension workers and county agr'l agents will be on hand at the day-long events to describe the latest methods of growing and utilizing grass and legumes.

## Farm Garden Chores Can Be Made Easier

How would you like to add as much as 500 dollars to the amount that the farm contributes each year for family living?

That's the amount that Michigan State College gardening specialists estimate can be obtained from a properly cared for half acre farm garden at present food prices.

Despite the fact that the garden makes for better living on the farm, farmers sometimes regard it as a nuisance. They believe that the time it takes to prepare and tend the garden is not well spent. The gardens frequently suffer from neglect and as a result do not produce to best advantage.

The MSC garden specialists say that up-to-date methods of making gardens will decrease the cost and effort greatly. The work will be more pleasant and the vegetables more economical. Not only can farmers raise the vegetables more cheaply, but they will be fresher and of better quality.

Farmers often say they can use their time better for planting field crops and that gardening takes special equipment. The MSC specialists point out these objections may be overcome by using field methods in the garden.

It may be necessary to change the location of the garden to take advantage of regular farm implements. A field should be chosen near the house. The area should be big enough to allow for planting in corn-row widths. Then plowing and cultivating can be done with field equipment with no more time or trouble than it takes to drive through the garden.

## FARM FACTS from your County Agricultural Agent

### DDT, FLIES, DAIRY FARMING

No doubt most of you have heard the news going around that DDT should not be used in dairy barns or on dairy cows because there is danger of getting it into the milk. Here's information on the subject from Michigan State college where specialists from the departments of dairy, entomology and animal husbandry get together to talk the thing over and make recommendations.

As yet there is no case of DDT poisoning to humans. However, tests by specialists of the United States Department of Agr'l have shown that small quantities of DDT sometimes can be detected in milk following its use for fly control in dairy barns.

The college folks recommend that dairymen substitute the insecticide, Methoxychlor (METH-OXY-CHLOR) for DDT in spraying inside dairy barns and on dairy cattle. Use 40 lbs. of the 50 percent wettable methoxychlor to 100 gallons of water. Apply it to walls and ceilings in a coarse spray and avoid run-off. Repeat the treatment when flies become annoying. Make sure not to spray methoxychlor on feeds, watering cups or mangers.

In this connection the entomologists urge that you do not neglect sanitation around the dairy barn. Unless you do away with the places where flies breed it's hard to get good control of the house fly in barns. Ray Janes, extension entomologist, outlines this sanitation program: Clean walls and ceilings of the barn thoroughly, remove old manure, put screens on windows and doors, and get rid of manure piles and damp or wet breeding places for flies outside the barn.

### BEAUTIFUL LAWN

By this time a great many people have given their lawns that early spring "shot" of fertilizer. That's fine, and we hope it is coming along in good shape. To keep it coming the same way you should give the lawn some more feeding throughout the summer. A second application of fertilizer should be made about May 15 to June 1. Use about 20 pounds of milorganite for each 1000 square ft. of lawn area. In case of shade-tree competition, apply ten pounds of milorganite per 1000 square feet every two weeks during the summer. The last application should be made about Sept. 1. Write to your County Extension Office for a bulletin on "Growing Beautiful Lawns."

### THIN SHELLED EGGS

Grading stations report as high as eight to ten percent of their egg receipts are discounted for thin shells during spring and summer months.

Since egg shells are made up mostly of calcium, make sure the birds are getting plenty of it. It can be furnished by oyster shells which should be kept available at all times. Keep them near the mash so the hens don't have to hunt for them. If they aren't eating enough, sprinkle a few on the mash every two or three days. Vitamin D is necessary to help hens use the calcium or oyster shell so watch the vitamin D content of the feed.

## WITH THE ANTRIM COUNTY AGR'L AGENT

W. Kirkpatrick, Extension Agent

MRS. GRACE MOSHER CHOSEN "4-H LEADER OF THE MONTH"

An Antrim County 4-H Club Leader, Mrs. Grace Mosher of Bellaire, has been chosen "Leader of the Month."

Mrs. Mosher has a record of 17 years of 4-H Club Leadership having led her first club in 1926. Her clubs have conducted work in Clothing, Canning, Food Preparation and Knitting. Many of her girls have assisted in Leadership work carrying on the job of leading Junior 4-H Clubs.

Five of her members have been awarded scholarships to Michigan State College as outstanding members in 4-H Club work. In addition to her 4-H Leadership work she has been active in the work of the Antrim Co. 4-H Council.

GRASS LISTED AS GOOD SOIL SAVING STEP

The growing of grass is a keystone of a sound soils management program and a permanent agr'l says Walter G. Kirkpatrick, County Agr'l Agent.

Since the virgin sod of Michigan's farming land was first broken, erosion, both wind and water, has become a serious soil depletion factor in many parts of the state.

With land naturally suited to agr'l, the solution to this difficulty is larger acreages of grass or sod crops, especially legumes, Kirkpatrick says. These crops not only provide effective protection against wind and water erosion but also add organic matter to the top soil.

Present rotation patterns on many

Antrim County farms fail to maintain the organic content of the soil. To correct this in many cases, the rotation need only be lengthened with the proportion of sod crops increased and the proportion of grain and row crops decreased, the specialist asserts.

On rougher or less fertile land, permanent sod crops are often the solution. Reseeding of these fields may be necessary occasionally, but should be done only when the seedlings have become unproductive. Fertilizers should be used extensively on pasture lands.

## Public Notice

BE IT RESOLVED, by the Board of County Road Commissioners of Charlevoix County that the following described roads be abandoned or discontinued as of April 1, 1949 as a County Road and cease to be a part of that County Road System, and that we believe it to be to the best interest of the public that said highway so abandoned or discontinued should be absolutely abandoned or discontinued.

St. James Township Commencing at the N. E. Corner of Stephen's Plat on the West 1/8 line of Sec. 23, T 39 N. R 10 W, thence Northeast and Southeast parallel to the Lakeshore a distance of thirty-nine hundred seven feet (3907 feet) all being in Gov't Lots 2, 3, 4, Sec. 23, T39N R10W.

BE IT FURTHER RESOLVED that this notice of determination be given by the Clerk of the Commission to the proper highway authorities and that a notice be published in the Charlevoix County Herald, a newspaper published and circulated in said County, once each week for three (3) consecutive weeks.

## How We Licked The Parking Problem

For a while it looked like we'd have to put up parking meters. Folks working in town—including some of the store owners—were taking up all of the space along Main Street.

Farmers coming in to shop never found a place to park, and sometimes had to lug stuff a half mile or so. Some started to do their buying in other towns. Finally, store owners and farmers had a get-together—with the result that the empty field near the depot was fixed up for all-day parkers.

Now farmers get their shopping

done comfortably, and the merchants have a better place to park than they had before. Just took a little friendly co-operation to make everybody happy.

From where I sit, most differences can be ironed out by just talking things over—maybe with a cup of coffee or glass of beer—and seeing the other person's side of it. Next time you have a problem or a little difference to settle, why not try just that?

### TEACHER'S PARTY

The school personnel enjoyed another monthly get-together when the committee in charge entertained with a delicious turkey dinner with all the trimmings and an evening of games. It was a dress-up party and Mr. and Mrs. Edgar Bowerman appearing as Robin Hood and Little John won the prize. The committee was composed of John Smith, Mrs. Cora Seiler, Mrs. Marguerite Stokes, Gene Collins, Mrs. Alma Larsen, Mrs. Mildred Karr and Mrs. Clara Brown.

### FIRST Grade — Marguerite Stokes

Linda Keller of Mancelona visited us on Monday.

Amber Crissey, Marion Carmichael, Nancy Balliett left our room recently. Wanda Bowen is a new member. We are studying about birds.

We wish to express our thanks to Mr. Adair for mimeographing our operetta programs and to Mr. Jenkins for the paper.

### FIRST Grade — Marion Brooks

Mary Waybrant and Erwin Clark celebrated their birthdays in April. We have a new member in our room this period, Robert Bulow from Detroit. Orville Czykosky moved to Elmira.

Those having perfect attendance for the period are Frances Binder, Rudy Bulman, Larry Drenth, Sally Graham, Lyndel Ingalls, Marie Knudsen, Carolyn McWatters, Raymond Prebble and Mary Waybrant.

### FIRST and SECOND Grades — Adeline Bowerman

The following people have had perfect attendance records for the last marking period: Lauren Donaldson, Earl Gee, Mary Ann Lehrbass, Richard Clark, Kay Kamradt, Bruce Ogden and Agnes Zoulek.

### FOURTH Grade — Grace Galmore

Jack Ingalls has not missed a day of school for four years.

David Nachazel has rheumatic fever and will not be back this year. "RUSSIAN WINTER"

The snow scene in the picture "Russian Winter" makes us think of a cold, crisp, winter day. We can tell by the shadows of the trees that the sun is shining brightly.

The lady is walking along briskly. She is carrying a yoke on her shoulders with two empty pails swinging back and forth. Perhaps she is going to the barn for milk or to the brook for water.

The lady wears a dark jacket and a red and white skirt.

This picture was painted by Igor Grabor. He was born in Russia in 1871.

He worked in many cities in Europe. He is famous for his snow scenes and his skill in picturing shadows. "Russian Winter" hangs in a private collection.—Joan Bader.

### SIXTH Grade — Alma Larsen

Several students from our room are having immunization shots.

Miss Florence Rogers, who was doing extern teaching in our school recently, substituted for Mrs. Larsen, who had the flu.

Nancy Aenis from Central Lake was a recent visitor in our room.

In English we are studying the comparison of adjectives. We are making a chart of all the early explorers we study about in History.

## Proposed Increase in Gar and Weight Rates Beneficial to East Jordan

East Jordan will receive \$21,753.00 from the state as compared with \$3,336.00 in 1947 for street maintenance and construction, if the recommendations of the Michigan Good Roads Federation are enacted into law. The total for all incorporated cities and villages in Charlevoix Co. would be \$75,841.00 as compared to \$13,807.00.

The Charlevoix County Road Commission would receive \$190,684.00 for county road purposes as compared with \$124,118.00 in 1947, if the Federation's proposals go through.

The Federation's program calls for a series of reforms in the expenditure of state collected revenues, a more equitable distribution of funds, a classification of roads and streets according to traffic requirements and the matching of locally raised funds with state collected revenues for local roads and street use.

The bills also would increase the present gasoline tax from three cents per gallon to 4.3 cents. The national average is more than five cents. The weight (license plate) tax would be raised from 35 cents per hundred weight to less than pre-depression rate of 50 cents; and the weight tax on commercial vehicles would be increased by one-third.

The Federation's formula would increase all road revenues by some \$30,000,000 which would be deposited in the "motor vehicle highway fund" and distributed to meet the needs of the three agencies responsible for roads and streets.

According to the engineering analysis "Highway Needs in Michigan" incorporated cities and villages would receive 19 percent; county road commissions 37 percent; and the state highway department 44 percent. Forty percent of the highway department's new construction funds must be spent within city limits thus raising the latter's real share of road revenues to about 33 percent.

### SUGGEST RULES NECESSARY FOR GOOD REFINISHING

Refinishing furniture is one job that calls for plenty of work space and ventilation. These early spring days are ideal for setting up your workshop on the porch.

If furniture is worth refinishing, it is worth doing well believes Jessie Marion, extension home furnishings specialist at Michigan State College. The first step is to remove all of the old finish and this takes patience.

Solvents to remove paint and varnish may be made at home or bought ready-mixed. Commercial removers are generally recommended, as they

are more efficient. They can be purchased in paint stores or departments. If the remover is liquid, shake the container well. "Lay" it on the furniture with a brush but do not brush it in. Let stand only until the old finish wrinkles or is soft, then lift off the gummy substance with a putty knife. Work with the grain of the wood and be careful not to injure it. To remove the softened finish from carvings and turned surfaces, use a softwood stick.

Don't be discouraged if one application of the solvent does not remove the old finish completely. Two or three applications may be necessary. After removing all the old finish, consult your directions about a rinse. Some of the new solvents do not require rinsing. If a rinse is required, use the one recommended by the directions. Do not use one that is explosive.

### Got The Violator

The mechanics of bringing a conservation law violator to justice has been narrowed down to two hours and 50 minutes in the case of one upper peninsula fisherman recently.

The fisherman was observed by a conservation department air patrol unit illegally setting a gill net on Lake George, east of Sault Ste. Marie. Using his radio, the pilot sent the message to the Sault headquarters and from there it was transmitted to a patrol car. The patrol car officer made the trip to Sugar Island, bordering Lake George, picked up the violator and returned with him to Sault Ste. Marie. There he was arraigned, paid his fine and then returned home; all within two hours and 50 minutes from the time he was first spotted by the department's air patrol.

## BOXING COURTESY

He was obviously a novice at boxing, and as he entered the ring and saw his hefty opponent he felt far from happy.

As he went to his corner he saw a man with a towel thrown over one shoulder.

"Who are you?" he asked. "I'm your second," was the reply. Over the novice's face there flashed a look of relief.

"No," he said firmly, "you go first—I'll go second!"

## Forced Landing

A man called at a hospital to visit a friend. The heavily bandaged patient had just recovered consciousness and was anxious to know what had happened.

"Well," the visitor said, "you had a few drinks with the boys last night and made a bet that you could jump out of the window and fly around the house."

"Good grief!" exclaimed the patient, "didn't you even try to stop me?"

"Stop you!" said his friend. "I bet five bucks you could do it!"

## Boston Farewell

## Woman Bequeaths Millions to Small Coal Mining Town

PITTSBURGH, PA.—A little coal mining town 30 miles from Pittsburgh inherited millions of dollars left it by a wealthy Philadelphia woman.

Mrs. Mary Fuller Frazier, who inherited several million dollars in 1918, left all but \$210,000 of her estate to the village of Perryopolis. Her will was filed for probate.

The amount of the estate was not made known. She inherited \$1,350,102 in personal property and a large share of seven million dollars in real estate 30 years ago from her uncle, Alfred M. Fuller of Perryopolis.

After making 18 specific grants totaling \$110,000 and setting up a \$100,000 trust fund to provide a watchman and constant upkeep for the family mausoleum in Perryopolis, Mrs. Frazier left all the rest for public improvement to the tiny community of 1,300 persons.

Mrs. Frazier explained in her will that Perryopolis was the place where "I was born and lived, and where my father and mother lived and my grandfather and grandmother lived."

One-half of the bequest is to be used outright for "public improvements," while the remainder will be held in trust for the purpose of maintaining the improvements.

Michael Karolick, grocer, theater operator and fire department chief in Perryopolis, said the money would be used to have the streets paved, public school repaired, a library built and the Perry township high school equipped with a stadium.

## Home Owner Discovers

### Alcohol in Water Taps

RARITAN TOWNSHIP, N. J.—John McSorley thought there was something queer about the water in his housing development home. A test showed 12 to 33 per cent alcohol.

The explanation, supplied by the water department:

The builders put alcohol in the pipes to prevent freezing during construction and apparently some had not been removed when the pipes were drained. Apparent lack of a check valve allows the alcohol to back into the water supply line when the water pressure is low.

## Absent-Minded Professor

### Forgets Back-Seat Driver

CHARLOTTESVILLE, IND. — W. J. Cunningham, 72, Cambridge, Mass., a retired professor in the Harvard graduate school of business, and his wife, Ethel, 64, were driving home from a 6,000-mile vacation trip to the West coast.

He stopped the car at Greenfield, Ind., to look at a road map. Mrs. Cunningham got out to mail a postcard.

Forty-five minutes and 30 miles later, Cunningham was driving along U. S. 40 when he noticed his wife wasn't in the car.

Cunningham started back to find her. En route, he stopped at Knightstown, Ind., and called astate policeman. Cunningham parked his car and joined Trooper Fred Forst.

Meanwhile, Sheriff Jack Rubush saw a well-dressed woman walking on the road with a crowbar in her hand.

"Are you in trouble?" he asked. "No," the woman replied. "But I'll tell you a funny story about an absent-minded professor."

Rubush drove Mrs. Cunningham to Charlottesville and there they met Forst and Cunningham.

## Farmerette Complains Because

### Driller Strikes Oil on Land

FRISTOE, MO. — When a well driller told Mrs. Lou Brooks Thomas, 73, that he had struck oil on her farm, she objected.

"All I want is good drinking water," she said, "and you can't get that from an oil well."

Bill Barnes, the driller, related that he hit a pocket of oil while re-drilling a water well on Mrs. Thomas' farm, near this west-central Missouri town.

Mrs. Thomas ordered the well sealed with concrete and another one drilled nearby. In drilling the second well, Barnes reported finding a similar rock formation and a slight coating of oil on the water at 102 feet. Mrs. Thomas told him not to go any deeper. She said she was afraid he might strike oil again.

## Bald Law Student Defeats

### Coeds for Queen Title

UNIVERSITY, MISS.—A slightly bald law student, Frederick T. Carney, defeated three coeds in a queen election at the University of Mississippi.

Billed as "the candidate with the fringe on top," Carney led the field with 610 write-in votes.

In a campaign speech he said: "Gen. William T. Sherman said, 'if I'm nominated, I'll not run; if I'm elected I'll not serve.' If I'm elected I will serve."

But the student executive council ruled Carney out because he had not submitted his candidacy before the deadline. They ordered a run-off between a couple of the girls.

Mrs. Wm. VanDeventer is a surgical patient at Lockwood hospital.

Mr. and Mrs. Gerald Sage and sons of Grand Rapids were week end guests of her parents, Mr. and Mrs. Jos. Clark. Mr. Sage returned Sunday and Mrs. Sage and sons remained for a longer visit.

Mr. and Mrs. Wm. Montroy returned from Detroit, Tuesday, after spending Easter and a week visiting relatives. Their daughter-in-law, Mrs. Don Montroy, and son, Tommy, accompanied them for a visit here.

Mr. and Mrs. Edward Kotalik announce the arrival of a daughter, Mary Ann, at Charlevoix hospital, April 18th.

Alfred Kaley of Traverse City spent the week end at the home of his parents, Mr. and Mrs. Ed Kaley. Mrs. Kaley, who has been here for the past week caring for her mother-in-law, returned home Sunday.

The firemen were called out at about 8:30 a. m., Sunday, to a fire at the Harlow Sweet home at Advance. Cause of the fire was from an over heated stove pipe. Part of the upper story was considerably damaged.

Over the week end guests of Mr. and Mrs. Jos. Clark were her brother-in-law and sister, Mr. and Mrs. James Driget of Grand Rapids, and their son and daughter-in-law, Mr. and Mrs. Benjamin Clark and son from Harbor Springs.

Mr. and Mrs. Chas. Shedina, accompanied by their daughters, Misses Mary and Anna of Grand Rapids, arrived, Saturday, after spending the winter with their daughters. Mr. and Mrs. Shedina remained and their daughters returned home Monday.

Mr. and Mrs. Merle Thompson and Mr. and Mrs. Gus Anderson were Alpena visitors, Saturday.

Mr. and Mrs. Guy Hunsberger spent the week end in Grand Rapids, returning home Tuesday.

Michael Quinn returned to Lincoln Park after visiting his grandparents, Mr. and Mrs. Wirt Bates, the past month.

The Catholic Study Club of St. Joseph's Parish held their regular monthly meeting, Thursday evening, at the home of Mrs. Edward Nemecek, Sr., with Mrs. Mary Kenny, Sr., at co-hostess. The program for the evening was in charge of Phyllis Lilak who gave a very interesting report on the founding of Religious Orders. Fourteen members were present and one guest.

Miss Margaret Blossie and Miss Bonnie Hosler, voice students of Mrs. Alta Drapeau, won an "A" rating at a District Voice Contest held at Traverse City recently. They will go to Lansing, Saturday, where they will enter the State High School Vocal Contest. They will be accompanied by Mrs. Alta Drapeau, Mrs. Ruth Moore and Mrs. Alice Blossie.

WEEKLY NEWS ANALYSIS

# Critics Attack New Farm Program As Urging Unprecedented Controls; Extension Seen for Marshall Plan

(EDITOR'S NOTE: When opinions are expressed in these columns, they are those of Western Newspaper Union's news analysts and not necessarily of this newspaper.)

## FARM PROGRAM: Pros & Cons

President Truman's sweeping new farm program met with mixed response on Capitol Hill. Critics claimed it would carry the nation closer to socialism and would empower the government with unprecedented farm controls and powers.

PROponents of the measure contended that consumers would be benefited because retail food prices would be allowed to seek their own level.

No matter which school of thought was correct, it was inescapable that the program would use taxpayers' dollars to guarantee farmers an income equal to that of a recent 10-year period.

Some opposition to the plan termed it as one that might be so expensive that it would push the U. S. treasury toward bankruptcy and would thoroughly regiment the farmer.

CHARLES F. BRANNAN, secretary of agriculture, conceded that "imponderables" such as weather and improved farm techniques made it impossible now to estimate the cost of the program.

He said of the program that it probably would mean a heavy drain on consumers' dollars.

He added that the government plans soon to undertake a costly new program to keep up the price of pork. If this program is approved, Brannan said, farmers would sell their pork for whatever it would bring. The government—meaning the public—then would pay the farmer the difference between the support price and the price the farmer actually received.

REPRESENTATIVE Anderson (R., Minn.) was not impressed. He estimated the total government outlay under the program might run as high as 10 billion dollars a year.

When it is remembered the government has no money except that which it gets from the people in taxes, objective observers were wondering who, if anyone, could benefit by the program, since farmer and consumer alike would be paying out added funds to finance it.

## OLD AGE:

### No Elixir

Impending old age affects many people in many ways. But to all who stand on its threshold, it is a topic of prime consideration. Of late, science, medicine and the psychiatrists all have been concerned with the subject and apparently little loath to be heard upon it.

LATEST to ponder the problem of how one should approach old age and what may be expected in this period of life was a conference of 800 physicians from all over the nation.

These physicians were all agreed that one of the biggest problems facing the medical profession in the problems of old age is making those added years healthy, happy and useful.

Throughout the conference the warning was sounded again and again that something must be done to give men and women not only long life, but a healthy, happy and useful old age.

THE SIMPLE and sad fact is that man's life has been extended beyond his present capacity to enjoy it as a useful citizen, the medical authorities agreed. For in prolonging life, science also prolonged suffering and misery—all the chronic illnesses and disabilities which plague mankind in the declining years.

Dr. Chauncey Leake, of the University of Texas, said that young people as early as in high school should be taught how to grow old—that is, how to cultivate hobbies and intellectual curiosity and how to develop a systematic regimen for physical and mental hygiene.

HE ALSO URGED increased research on drugs which may help the aged by preventing the disorders to which old people are subject.

But, coming out by the same door wherein he went, he warned that all hope for an "elixir of life" must be dismissed—that there is no "miracle drug" to restore youth to the aged.

Wherein he delivered himself of a truism well known even as Ponce de Leon was searching for the fountain of eternal youth.

### "CORN" PROPOSAL

## British Shudder at Hominy Grits Plan

It was doubtful if the majority of Americans would work up any vast regret at the plight of Englishmen who faced the horrible possibility of having to eat American-provided hominy grits.

For, most Americans would realize that there are thousands of needy poor right here in the South in our own United States to whom hominy grits is a staple item of

## Happy Birthday!

In the spring when care and strife are most easily forgotten and put aside, the expression here of Pandora, Philadelphia zoo's precocious chimpanzee seems to epitomize the carefree abandon of spring. But Pandora is happy for another reason—she's celebrating her second birthday on her gift bicycle, and is she having fun!

## MARSHALL PLAN:

### To Be Continued

Europe appeared certain of continued receipt of Marshall plan aid for another 15 months.

An enthusiastic house of representatives, shouting down or beating off every attempt to reduce the proposed appropriation figure, approved the gift bill by a vote of 354 to 18.

EVERY AMENDMENT which would have reduced the fund, or delayed action in order to study Europe's real needs, was brushed off by the majority.

The bill, as approved by the house, was for 200 million dollars less than the bill which was voted by the senate. The upper chamber passed a measure appropriating 5.58 billion dollars. The house bill called for 5.38 billion.

The house measure would authorize continued U. S. aid until July 1, 1950, subject to possible later cuts by the senate and house appropriations committees. It provided 272 million dollars to encourage American private business to invest in recovery projects abroad. Such investments would be guaranteed against loss by confiscation of property overseas.

FINAL VOTE on the house bill came after Majority Leader John W. McCormack (D., Mass.) pleaded against a GOP-led economy drive with a warning that the "world is looking either to Washington or the Kremlin."

On the passage vote, 125 Republicans joined 229 Democrats in favor of the bill.

Rep. John M. Vorys (R., Ohio) backed an amendment to cut off 380 million dollars from the appropriations, which was defeated. Vorys, saying he favored the Marshall plan and the North Atlantic pact, nevertheless warned that "we have to keep strong here at home... if we are to help out abroad."

Vorys offered an amendment of his own to term what he called the "give-away" of American billions. It, too, was defeated.

## SACRIFICE:

### Love of Mate

If the name of vanity truly is "woman" then the sacrifice made by a Chicago woman for her husband must rank among the "no greater love" examples which are contained in the record.

MRS. JOAN BIERDZ, 20, had a husband who was stricken with cancer. This disease had ravaged his face to a point where an adult told him that he "looked like the villain of Frankenstein." Mr. Bierdz was a patient in the Bronx, N.Y., veterans' hospital. He had written his wife that his face "caused comment" when he attended a movie, and that he would never go out again.

After receiving the letter from her 26-year-old husband, Mrs. Bierdz slashed both her arms. She was arraigned in a Chicago court on a charge of disorderly conduct.

SHE TOLD the judge: "I did it because I wanted people to look at me, instead of him... my husband has been told by VA doctors he can live only a year at most."

## DEFENSE:

### Excesses Seen

What could the people believe about America's defense needs? Were the taxpayers being taken for a "ride" by a cynical, contemptuous coterie of military brass hats who were using world tension to set up an artificial basis for huge grabs from appropriation funds?

THOSE APPEARED to be fair questions—and here's why:

Robert Patterson, former secretary of war said: "It is no exaggeration to say that the cost in duplication, competition and disjointed effort directly traceable to the two-headed (army-navy) system ran into billions and billions. Much of the public debt is due to that division of authority and responsibility between the war department and the navy department."

But what has that to do with defense appropriations?

Herbert Hoover—appointed to head up a survey committee to streamline government and cut costs—said that the army, navy and air force are padding their money requests to congress by millions of dollars.

He also accused them of "startling" waste and extravagance.

THE FORMER PRESIDENT, appearing before the senate armed forces committee, declared: "Applications in the military budget for hundreds of millions of dollars to retool industry should be examined with the greatest skepticism."

Hoover told the committee that what the department of national defense needs is a good bookkeeping system. "At the present time," he said, "nobody can tell the cost of any particular function in the armed services."

In submitting a report, Hoover observed that the federal government now has about 27 billion dollars worth of personal property, and said:

"We might be able to live on our fat for awhile if we had it catalogued and knew where it was."

## ALLIANCE:

### Things Humming

The administration was really moving on the north atlantic defense alliance.

President Truman had urged the senate to take early action on the treaty in order to help western Europe ward off "brutality and aggression" by pledging U. S. participation in the pact.

SUCH ACTION, he said, "would be a long step on the road to peace."

Thus, as he began his fifth year as President of the United States, Harry Truman pointed up anew his conviction that a lasting world peace is an obtainable goal.

"This treaty," he said, "makes clear the determination of the people of the United States and of our neighbors in the North Atlantic community to do their utmost to maintain peace with justice and to take such action as they may deem necessary if the peace is broken."

## WALLGREN:

### He's Willing

Like the weak, but insistent jangling of a run-down alarm on a bedside clock, Mon C. Wallgren was still talking about what might have been.

A VISITOR to the White House—where he did not talk with Mr. Truman, the former Washington governor and close friend of the President, said he is "still available" for the chairmanship of the National Securities Resources Board.

Wallgren's nomination to that post by President Truman was tabled by a senate committee.

## Bing at Bat

Bing Crosby, whose varied activities include the vice-presidency of the Pittsburgh Pirates, looks like anything but a crooner as he takes a turn at bat. Bing headed up a coast-to-coast radio program "welcome back, baseball."

## PARKING:

### Now Automatic

There appeared some hope for relief in the nation's parking dilemma. In Boston, William A. Braun had invented an automatic parking device where a customer's car could be parked in a mechanical storage garage. Boston city officials were showing interest in the proposition.

"If every man sweeps his own doorstep, the world would be swept clean."

From the Herald Files of Forty, Thirty and Twenty Years Ago

Compiled by Mrs. Ida Kinsey

APRIL 24, 1909

While out walking along Booker Creek last Sunday afternoon, D. C. Loveday of East Jordan, and Dr. Arnold of Owosso, Mich., located a den of alligators on the Creek. They returned there Monday morning with rope, rifle and other paraphernalia and captured two of the 'gators. Mr. Loveday did the lassoing and the Dr. finished the gentleman with his 22-rifle. One of the 'gators measured 6 ft. 4 in. and the other 5 ft. 2 in. Both will be mounted.—St. Petersburg, Independent.

The D. & C. Railroad is constructing a freight house near their depot to take care of the increased business.

Miss Emma Zoulek returned this week from an extended visit with friends at Toledo and has resumed her duties as bookkeeper for the East Jordan Cooperage Co.

Jay Hite and bride of Northport were here over Sunday guests of the former's parents, Mr. and Mrs. M. Hite. They left Tuesday for Lake City where they will make their future home. Mrs. Hite was formerly Miss Winnifred Gagnon and they were married at the home of the bride in Northport, April 14th.

Born to Mr. and Mrs. Alfred Quinn a son, Sunday.

Born to Mr. and Mrs. Ira D. Bartlett, a son, Friday.

Nearly ten years ago (Aug. 4, 1889) the Loveday Opera House opened its doors to the public as the best theatre of any town of our size in Michigan and one which many towns of 5,000 to 10,000 population would be proud of. As strictly a play house, in the past, it has not been a financial success, but on account of the handy arrangement of seating and other equipment, the house has been for other forms of amusement to the extent that expenses have been covered. What may seem to some a new departure, the instituting of moving pictures and vaudeville in the house, is nothing more than one of the uses for which the house was originally and indirectly designed. Frank S. Spencer in charge of the moving picture and vaudeville business and under the management of W. A. Loveday, the Loveday Opera House will provide an attractive place to spend an hour or two any evening.

The Steam Barge, F. W. Fletcher, is the first Great Lakes vessel in. She came in Friday from Manistee and is taking on a cargo of lumber from the East Jordan Lumber Co.'s Mill A dock. She clears for Chicago.

The Jepson Line Steamer, Hum, will make her 1909 initial trip between here and Charlevoix, Sunday. The crew is the same as last year, viz: Captain, J. U. Emory; Engineer, Leonard Thompson; Fireman, Geo. Jepson.

APRIL 25, 1919

The County Fair dates are set for Sept. 16-17-18-19. A celebration of Victory will be the feature of our next County Fair. Ewing Zouave Band and many other big free attractions offered.

Mr. and Mrs. Louis Kamradt and children left Tuesday for Pontiac where they will make their home.

Mrs. Thos. Fritzer and children left Wednesday for a week's visit at Grand Rapids, from there she will go to Flint where she joins her husband and will make their home.

Mr. and Mrs. F. J. Gruber were Charlevoix visitors Tuesday. Mr. Gruber is manager of the Temple Theatre and has built up a business that is highly satisfactory to the people of East Jordan as well as lucrative for himself.

Harvey Bashaw of this City was taken to Petoskey hospital, Sunday, suffering from a serious attack of appendicitis and underwent an operation.

Mrs. Louis Bergman was at Camp Custer first of the week. Her son, Alfred, who recently returned from overseas, received his discharge and returned home Thursday.

Corp. Lawrence LeMieux, who has been overseas in service with Headquarters Company, 338th Inf'y division, arrived at his home here Tuesday.

Mr. and Mrs. O. S. Kendall left first of this week for Tower, where they will make their home.

T. R. Joyn, F. A. Longton, H. P. Porter and W. H. Sloan were at Mackinaw City, Sunday, to attend the funeral of Mrs. C. V. Trumbull.

APRIL 26, 1929

An audience which filled the High School Auditorium on Friday night, April 19th, witnessed the presentation of "The Belle of Barcelona," a musical comedy in three acts, by the chorus of the East Jordan High School, under the direction of Mrs. Hofacker. The cast was taken by Ethel Staley, Arthur Arnston, Louise Hipp, Olaf Omland, Louise Bretz, Karl Rosenthal, Roderick Muma, Francis Kleinhans, Helen Severance, Willard St. Charles, Howard Baker, Harold Lee and Wm. Taylor. The entire cast was supported by a chorus of 54 members who made a colorful and pleasing addition with their gay attire and well trained voices. The pianist, Miss Bea Boswell, assisted the production with her excellent playing. Over \$150.00 was taken in.

After the census was taken, because of the fact that the population of East Jordan is just a trifle over 1,800, all interested parties on the

## The Letter Box

The Herald is glad to publish letters from its readers. These letters must be signed, but the writers name will be withheld from publication if desired. The views expressed are of the writer and the Herald will not be held responsible for same.

Dear Editor:

Just a little contribution to The Letter Box regarding business improvements. This is an old idea which may be worth trying among our grocers of the city who have delivery service. If the stores assigned one day a week to each direction, that is one for north, one for south and etc., having a leaving schedule to give customers an opportunity to phone or send in orders. Sales may take a good hike. Of course, orders should total \$5.00 or more to make the trip worthwhile for a radius of five miles or so. As I live in the country I have heard many people remark as to the benefit of such a service because many do not have time to go into town to shop, and others whose husbands are too busy to take them when groceries are needed. Still others have to depend on the neighbors to take them.

Now that the resort season is almost upon us again, how about the people of East Jordan listing their rooms and accommodations with the Chamber of Commerce to give the traveler a chance to get located without too much effort on his part—after all they come here for a rest and recreation. This would do away with their seeking a place and often not finding one because of not knowing where to go.

All these ideas may sound fantastic, but nothing tried, nothing gained. —A Reader

## Study Club Activities

The annual East Jordan Study Club supper was served in the parlors of the Methodist church last Tuesday evening, April 19th. The members of the Mary Martha class had arranged the tables very attractively and served a delicious meal.

Mabel Secord became a silver star member at this meeting.

After a short business meeting, Agnes Darbee showed some of the movie pictures they took while on their trip. The pictures of the Rose Bowl parade were especially lovely.

## CARD OF REMEMBRANCE

In loving memory of our dear mother, Josephine Zoulek, who passed away two years ago today, April 28th.

We mourn for you still dear mother, But not with outward show. For hearts that mourn sincerely, Mourn silently and slow.

Still sadly missed by her loving family.

## NEW COTTON FABRICS ARE HIGH FASHION

So many and varied are the cotton fabrics available this year you should easily plan a whole wardrobe using lovely cottons.

Even some of the old familiar cottons have taken on a new personality, Marjorie Eastman, extension clothing specialist at Michigan State College. Satin striped chambray, metallic thread gingham and lovely iridescent fabrics are definitely on the glamorous side.

You will also find crisp cotton taffeta or moire. Wool-like cottons include tweeds, herringbones, sharkskins and coverts. Damask weaves or bumpy and blistered effects are also new.

Your old favorites are all available—percale, chambray, broadcloth, voile, organdy, pique and a host of others. Variety in cotton fabrics makes for a greater variety in your cotton clothing.

1949 cottons offer possibilities for street and town wear, rainwear and travel costumes. Cotton lingerie is being promoted for wear under cotton dresses. Afternoon and evening costumes of cotton are competing with rayons and silks.

Whether you look through collections of high-style designers or in the budget departments, you'll find those lovely new cottons. They're fashion news and practical for you to add to your wardrobe.

**Jesus Is King**

Lesson for May 1, 1949

IT IS A SIN to tell the truth out of season. So declares a famous Protestant creed. It is not always good nor wise to tell everybody everything you know. Keeping your mouth shut may be one of the best things you ever do. Jesus himself knew how to keep a secret till time to tell it. He never uttered an untruth about himself, but for a long time he did not openly declare his conviction, in spite of being pestered to say Yes or No about it.

Dr. Foreman

The question was: Are you the Messiah? This was the same as asking, Are you the King? Jesus would not say Yes, because the mere word would be taken to mean "revolutionist" or traitor. But he would not say No, because he was a king; indeed of all men he had the best right to the title.

**Royal Entrance**

BUT WHEN the time came, Jesus did declare himself king in a spectacular way. We know the story as the "Triumphal Entry into Jerusalem," the story of Palm Sunday, now so fresh in our minds. Jesus lived in a nation of people who were familiar with the meaning of symbols, both in word and action.

When Jesus rode into the ancient capital where his forefathers reigned, astride a mule colt, the people knew, and he knew they would know, that this was not just somebody riding a mule on a Sunday morning. In the history of the Hebrews, mules were the steeds of kings.

King Solomon was crowned riding on a mule. There was a famous prophecy (Zech. 9:9) that when Jerusalem's great king should come, he would be riding on just such a royal steed. So when Jesus rode into Jerusalem, the people threw their palm branches and shouted their welcome, not to the teacher and prophet, but to the King.

**Tears in Triumph**

IT WAS NOT altogether a victorious occasion. Jesus knew too well how cheap and easy "demonstrations" can be. In his mind's eye he could see a cross standing outside Jerusalem, and in his inner ear he could hear this same dusty-throated mob, now shouting "Hosanna!", yelling instead "Crucify him!" Tears stood in Jesus' eyes. But they were not tears for himself; he never wasted energy in self-pity. They were tears for that blind city, tears for its coming destruction — the city that did not know the way to peace.

**Master of the Temple**

BOLDER THAN JESUS' triumphal entry was what he did inside the city. It was one thing to claim royal rights over the nation; but at the temple Jesus' claims reached far higher. It should be remembered that in the eyes of all Jews at that time the Temple was absolutely sacred. It represented the dwelling-place of the invisible God. Now the priests at the time were more profiteers and politicians than priests. They carried on what today we call a "racket" in the sale of animals for sacrifice and in changing the ordinary money of all countries into the local Jewish shekel (in which coin alone could temple offerings be paid).

The racket was notorious; every decent Jew hated the priestly profiteers. But no one had ever done anything about it, for that would mean assuming on authority over the temple that no man dared to assume.

But Jesus took it on himself. His direct and even violent action in smashing the racketeering ring was a mark of something more than ordinary self-confidence. He laid claim to being no less than the Master of God's Temple. He was acting in the name of God and with the authority of God.

**Master of Man**

WHEN THE CHRISTIAN church calls Jesus "Lord" and "King" today, we are making no claim for him which he did not make for himself. What we mean by these titles is that Jesus Christ, for us and for all men, is the authority above all others.

**WILSON...**  
(Edited by Mrs. Selma Eggersdorf)

(Delayed from last week)  
The recent snow and cold weather was quite a change after the nice weather of a week ago.

Mrs. Chas. Heise of Charlevoix spent Saturday with her brother, Emil Thorsen, and children.

Mr. and Mrs. Howard Boyer of Boyne City spent Sunday with his parents, Mr. and Mrs. Pete Boyer.

Carlton Hewie of Boyne City spent the week end with his cousin, Orville Nelson.

Mr. and Mrs. Bob Ecker and children spent Easter with his parents in Boyne City.

Quite a number of our residents are enjoying the smelt run at Advance and are getting their share.

Mr. Carl Bergman and son, Don, and Bob Kitson are on the sick list. Coral McPhearson who is confined to her home with rheumatic fever was taken to Traverse City last week for observation. She will not be able to finish her school studies this year.

Mr. and Mrs. Harry Behling entertained Rev. Sattlemir and family for Easter.

Mr. and Mrs. Herman Schultz of Muskegon spent the week end with his father, Mr. Ernest Schultz.

Mr. and Mrs. Albert Behling and children spent Easter day with her parents, Mr. and Mrs. H. McCallum, near Ellsworth.

Mr. and Mrs. Harold Ostrander and son of Flint spent the week end with Mr. and Mrs. C. Machowski.

Miss Jennie Nelson of Lansing spent Saturday evening with her brother, Orville.

The Lutheran Ladies Aid met with Mrs. S. Eggersdorf last Thursday with about 14 members present. The meeting was opened with prayer by our pastor after which our president Mrs. Harry Behling proceeded with the business. Mrs. Emma Behling, Sec'y-Treas., then read the minutes of the last meeting. We are planning on sending a delegate to our Women's Missionary league which will be held in Cleveland, Ohio this year. The pastor's wife, Mrs. Sattlemir, joined our aid and the afternoon was enjoyed by all with a pot luck lunch. The next meeting will be held with Miss Helen Larson at Boyne City.

At Christ Church Easter services were very well attended. Since the day was rather cold there was not much of an Easter parade, but nevertheless everyone enjoyed the sermon. Most of the members partook of Holy Communion. The flowers and plants were donated by Watson Funeral Home, Miss Caroline Korthase, Mrs. Emma and Harry Behling and Mrs. H. Eggersdorf.

Doting Mother: "And what did Mama's little darling learn at school today?"

The Darling: "I learned two punks not to call me Mama's little darling."

"Why the black crepe on the door? Somebody dead?"

"No, that's my room mate's towel."

He: "I suppose I'm only a pebble on the beach of your life."

She: "It would be different if you were a little boulder."

State Treasurer D. Hale Brake is of the opinion that consolidation of state departments and boards is not the answer to the state's financial problem.

"The only way the legislature can bridge the gap between receipts and disbursements without new money is to discontinue services new given the people to the extent of some \$40 to \$50 millions," states Mr. Brake.

"Consolidation of departments and boards might possibly save a little money, although such consolidation is just as likely to result in increasing the expenditures. Major consolidations that we have had to date have done just that. The only material saving that could possibly be made would be not by consolidation or reorganization but by elimination of services."

How much money did the State of Michigan receive last year?

Including federal grants-in-aid and special funds like the highway fund, game and fish funds and so on, the grand total was \$462,982,857.58.

Out of this amount, the legislature exercises control over about \$221 millions. If you deduct the earmarked school money, new regulated by the state constitution, the net sum is approximately \$140 millions — 30 per cent of the total.

If the legislature is responsible for spending only 30 per cent of the state's total of tax-collected funds, who should be blamed if a deficit develops at Lansing?

Revenue adjustments plus new economies are being counted on by Republican leaders to avert, or at least minimize, the prospective deficit in the state treasury. Governor Williams recently scolded solons because of an anticipated \$71 million deficit. G. O. P. hopes count on \$12 million more in sales tax by plugging leaks, \$20 million more by a used car transfer tax, \$11 million shifted to local school districts to pay for teachers' retirement, \$6 millions saved by not repealing the old age assistance lien and recovery provisions, and an estimated \$11 million surplus as of June 30, 1949.

Check forgers are milking tens of thousands of dollars annually out of Michigan retail merchants. The national harvest is estimated at \$15,000,000. Forgers usually try to out-talk clerks into accepting checks without providing identification. Never accept a social security card, bank pass book or hunting license. Ask for drivers' license or police identification card containing photograph and fingerprint.

Michigan's direct relief load is the highest since February, 1942. The cost of living index, U. S. department of labor, has dropped for the fifth consecutive month. Economists say present deflation has yet to run its full course; business will continue to slacken; 1949 will be a good year by pre-war standards.

County road commissions favor the Michigan Good Roads Federation program for a \$29,000,000 boost in gasoline tax and weight fees. Transportation companies are opposed. . . . Taxpayers would save \$20,000,000 a year through maximum interest rates for automobile installment payments, according to Senator Harry F. Hittle (R-Lansing), sponsor of a bill just approved by the Senate.

A move to merge the presidential and state ballots lost in the Senate—House Bill 238 liberalizing unemployment compensation payments, is being criticized by employers as creating a state dole for workers, knocking out the present merit rating for steady employment.

Old age assistance is becoming old pensions in some states. California has a \$75 per month pension for persons at the age of 62. The added cost to the state's tax load is estimated at \$118 millions for the next fiscal year.

**Lightning Loss Can Be Reduced Says MSC Engineer**

Spring thunderstorms can be very helpful in making crops grow. But agr'l engineers at Michigan State College point out that lightning is the greatest cause of farm fire loss in Michigan.

Each year lightning destroys about 20 million dollars worth of farm property in the nation and 350 thousand dollars worth of property in Michigan.

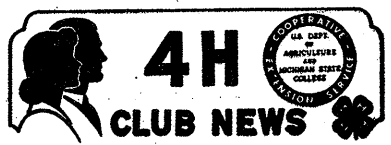

The MSC engineers say that a small amount of money invested in lightning protection is meager compared to the value of the buildings protected. An approved system of lightning rods, kept in good condition is the best defense against loss.

They urge that farmers check their lightning protection to make sure it is adequate before another thunderstorm comes.

Dan Gerber, president of the baby food company at Fremont, heads a committee of the Michigan Economic Development Commission seeking new industries and payrolls for Michigan. It is proposed to speed up tree planting to help revive wood products industries. Manufacturers would be assured of adequate water resources through a state-wide program of water conservation.

Laying off of workers by industries in some Michigan cities has intensified Chamber of Commerce efforts to attract new manufacturing firms to the state. The deflation has also lessened the chances of legislative approval of a state tax on corporation profits. The general idea seems to be: You can't woo and tax industry at the same time.

**4-H Clubbers Show Results May 5**

A big day in Boyne City for some 350 4-H club members. The group this year will show about 1200 articles made in their clubs this winter. The exhibit is to be set up on Wednesday afternoon, May 4th. Following the arrangement of the exhibit, 4-H leaders will be honored with a supper at the Hotel Dilworth. E. A. Wenner, District Extension Supervisor, will speak and present pin awards to leaders. The big day for the kids will be May 5. A special movie will be shown in the gymnasium commencing at 10:30. Club members will pass through the cafeteria for their school lunch following the picture.

The afternoon program will get underway about 2:00 p. m. The main feature of the program will be a style review. Over 100 girls will display their workmanship in this review. Other features of the afternoon program will be a high school quartette from Charlevoix and square dancing by the Bay Shore Club. Six boys from Bay Shore will also demonstrate archery. Exhibits will be released following the afternoon program.

The public is cordially invited to come in and inspect the exhibits Wednesday evening and Thursday until 10:30 a. m.

By far the largest 4-H exhibit will come from East Jordan school. Clubs here have been under the leadership of Mrs. Sadie Liskum, Mrs. L. E. Karr, Mrs. Arthur Kaley, Mrs. H. Darbee, Mrs. Leatha Larsen, Mrs. Alma Larsen, Mrs. Lulu Clark and Miss Elizabeth Dhaseler.

K. C. Festerling, Dist. 4-H Club Agent.

**SOUTH ARM... (Edited by Mrs. Arnold Smith)**

Mr. and Mrs. Frank Davis and Mr. and Mrs. Marshall Behling and son, Mark Ervin, of Boyne City were Sunday dinner guests of their daughter, and sister, Mr. and Mrs. Arnold Smith and family.

The dances opened for the season at the South Arm Grange Hall Saturday night with a very good crowd.

Mr. and Mrs. Ed Lehrbass spent Sunday evening with Mr. and Mrs. Arnold Smith.

Mr. and Mrs. Edward Mortimore and son, Arnold and Fredrick, returned home Sunday after spending the week end with her parents, Mr. and Mrs. Roscoe Smith and other relatives here.

The South Arm Extension Club met, Thursday, with Christine Graham. A lovely pot luck dinner and a lesson given by the leaders on "Meat Preparation."

Sunday school was held Sunday at the Ranney School for the fourth time this season, with 11 present. Why can't we have a better attendance? There are at least 34 children and their parents right near to the school. Please, children, for your good, make an effort to attend next Sunday. We are doing it with a different system this year, making it so easy, clear, and so much fun for everyone. Come and see for yourselves.

Mr. and Mrs. Arnold Smith and children spent the Easter week end with his sister and family, Mr. and Mrs. Edward Mortimore of Morrice, Michigan.

Mr. and Mrs. Harold Goebel and children spent Wednesday evening with Mr. and Mrs. Don Hott.

Mr. and Mrs. Harold Goebel spent Friday evening with Mr. and Mrs. Versal Crawford.

Sunday school will start at 2:30 p. m. at the Ranny school May 1st. Everybody come as we have a very capable teacher for an adult class.

**BOWLING**

April 26, 1949

St. Joseph's cinch the championship in the Merchants League by taking all four points from Monarch Finer Foods while the State Bank team that has been hot on the heels of the leaders were only able to take 1 point from Cal's tavern. The Saints had somebody going all the time as Ray Dubas sparked the team with 196 the first game, then Rev. J. J. Malinowski came through with games of 199-192 to help the cause in the last two games. Rev. Malinowski had high series with 559, followed by anchorman, Jim Lilak, with 537. The best the Cannons could do was 485 by lead off man, Bob Smalley.

Cal's bowlers all shot so consistently that only a few pins separated four of their five men as Earl Gee had 485, Dick Hamerski 494, Tom Breaky 493 and Chris Taylor 486. Bob Campbell was tops for the Bankers with 530.

By taking three points from the Postoffice, the Canning Co. has a firm hold on third place, but must win at least one point next week which is the final night for the league. John Atkinson led the winners with 533. Barney Adair was tops for the Postoffice with 589 on games of 213-179-197.

Thorsen's Lumber moved into a fourth place tie with Postoffice by taking Ellsworth Electric 3-1. Charlie Dennis, shooting high series for the winners, had 523 and Skinnie Edson topped Ellsworth men with 494.

Norm's Tavern moved up a couple places in the standing as they dropped Brock's Turkeys 3-1. Joe Wilkins was tops for Norm's on games of 211-198-177-586. Clyde Goodman was high for the losers with 474.

Hillman's Insurance scored a three point win over the Recreation as Gene Teichman led Hillman's with consistent shooting of 198-196-192 for 586, as Andy Anderson had 491 for the Recreation.

Here is how they stand:

|                    |       |
|--------------------|-------|
| St. Joseph         | 78 50 |
| State Bank         | 72 56 |
| Canning Co.        | 68 60 |
| Postoffice         | 65 62 |
| Thorsen's          | 65 63 |
| Ellsworth Electric | 64 64 |
| Hillman's          | 63 65 |
| Cal's Tavern       | 63 65 |
| Norm's Tavern      | 62 66 |
| Recreation         | 61 67 |
| Brock's Turkeys    | 60 68 |
| Monarch Foods      | 47 81 |

The top series for the week was bowled by Bob Campbell in the doghouse league. Bob had games 210-268-171 for 649.

The Ladies League continues to be a red hot race for the championship as Quality Food last year winners

move into first place for the first time this year, one point ahead of the State Bank. Bachmann's from Central Lake hold third place with 72 points won and Cal's and Duck Inn are only 5 points out of the top spot with 70 wins each.

Last week scoring honors went to Datha Peacock and Marilyn Swanson of Charlevoix. Datha topling 494 on games of 177-147-170. Marilyn rolled a big 208.

The Recreation Travelers were guests of the Ludington teams but not welcome. The local boys upset the plans of Ferris Beverage last year's champions in the traveling league and this year first place holders by holding them even in one of the closest contested matches of the season. Scores by games were: Ferris Beverage 968-880-865-2713; East Jordan 940-877-906-2723.

In the evening the Recreation took Holmes Studio four points while Ferris was dropping one to Look Out Tavern of Fife Lake. Ferris Beverage's lead was cut to a single point lead over the Recreation. The local team had games of 909-939-964 against the Holmes Studio, and now hold the top average in the Northwest Michigan Traversing League. Barney Adair and Chris Taylor were tops in the afternoon with 594 and 581 respectively. In the evening Barney was again tops with 623 and Spin Cihak collected 578, as Jim Lilak added 575 to the cause.

**Use Freezer to Keep Cooky Jar Filled for Family**

Mother's eternal problem of keeping the cooky jar filled is another one that you can solve by using the home freezer. By keeping cooky dough in the freezer you're always ready to bake some fresh cookies.

Cookies can also be baked before freezing reports Mary Katherine Knight, Michigan State college home economist. She has experimented in M. S. C. food laboratories and advises all recipes for refrigerator cookies are suitable for freezing. Most refrigerator cooky dough may be sliced as soon as removed from the freezer if a very sharp knife is used. It's too hard, soften it by placing it in the non-freezing section of the refrigerator for about an hour previous to slicing.

Most recipes for drop and bar cookies are satisfactory. Recipes containing baking powder do not keep as long as refrigerator cookies. Thaw drop cooky dough at room temperature until soft enough to drop by spoonfuls on cooky sheets. Thaw bar cooky dough only if packaged solidly in cartons. If frozen in the baking pan thawing is not necessary.

Cooky dough is easier to package and

requires less freezing space than baked cookies, the MSC specialist reports. However, baking the cookies before freezing saves time just before the cookies are to be used. Baked cookies need special care in packaging to prevent breaking. Be sure they are thoroughly cooled before packing
