## Chamber of Com. Progressing

### MEMBERSHIP LIST INCREASED THIS WEEK BY SEVERAL ADDITIONS

At the halfway mark the Chamber of Commerce Membership Campaign continues to enroll a growing list of business, professional and individual card holders. It is apparent that we are coming to a realization of the importance of an active business and promotion organization and although our budget quota is still considerably in advance of collections, initial enrollments are more than encouraging. It is indeed a sign of progress when so few businessmen require "selling" and appreciate the general and overall welfare of the community that the Chamber of Commerce is endeavoring to actively foster.

The new Individual classification of Membership is being received with considerable enthusiasm but in some instances does not seem to be thoroughly understood. This membership has been set up so that the non-business and non-professional persons of our community may join the Chamber and share in the work and program. The nominal membership fee of \$1.00 places it within the means of all public spirited citizens. These memberships may be obtained from any one of the committee or directly from Earl Clark, sec'y, at the Chamber of Commerce in the Post Office Building.

Following is a list of Members who have joined since last week's edition of the Herald, with paid up memberships for 1949 as of, Tuesday, 24th. Next week's issue will bring the tally up to date.

## Good Will Cavalcade

### VISITS EAST JORDAN LATE WEDNESDAY AFTERNOON

A 70-vehicle caravan representing the business and industry of Northern Michigan made a 156-mile tour of the area Wednesday, on the Cavalcade of Good Will.

In the line were vehicles representing Harbor Springs, Mackinaw City, Cheboygan, Indian River, Vanderbilt, Gaylord, Boyne City, East Jordan, Charlevoix and Petoskey.

Traveling at a 50-mile an hour clip on the open highway, the long string of vehicles slowed down passing through towns so that residents could view the many decorated cars and trucks.

The procession was an indication of the increasing solidarity of the business interests in this section of Northern Michigan, according to various community representatives who expressed themselves during a get-acquainted session preceding the take off.

The cavalcade took off from the fairgrounds at Petoskey and stopped briefly in downtown Petoskey to pick up the high school band and then headed for Harbor Springs. Riding in one of the cars at the head of the procession was Mayor John H. Perry and officials of other cities represented in the tour.

Three public address systems announced the arrival of the caravan in each town. At the end of the line another public address system expressed appreciation for the hospitality shown the tour.

From Harbor Springs State Police cars led the caravan through Conway, Oden, Alanson, Brutus, Pellston, Levering and Carp Lake to Mackinaw City.

At Cheboygan the group paused for lunch and then headed south on US 27 through Topinabee, Indian River, Wolverine, Vanderbilt and Gaylord. Turning west they visited Elmira, Boyne Falls, Boyne City, East Jordan and Charlevoix.

### AN APPRECIATION

I wish to thank my friends, neighbors and classmates for their many kindnesses during my illness. Also the Oddfellows and Rebekah's for the use of the hospital bed.

Larry Whiteford

## Central Lake Man Convicted of Fish Law Violation

Roy Ward of Central Lake was apprehended by Conservation Officer Julius O'Brien of East Jordan and Ed Hartnell of Boyne City, Sunday, May 22, and charged with spearing out of season, and fishing without a license. He was arraigned before Justice Robert Clark of Central Lake and paid a fine of \$5.00 and costs of \$6.85.

Ward was spearing suckers on Wilkinson Creek near Eastport. The sucker spearing ended May 15. Ward claiming he didn't know the season had ended.

## Wilburn Prevost Dies at Ann Arbor

Funeral services were held Friday, May 6, for Wilburn Prevost at the St. Thomas Catholic church in Ann Arbor. He passed away at his home in Kalamazoo May 2 after six weeks of illness. He was born in East Jordan June 7, 1880.

The deceased is survived by five daughters and one son: Mrs. Hilda Neff, Miss Bernice Prevost, Mrs. Viola Conn, all of Ann Arbor; Mrs. Irene Garrett of Muskegon; Mrs. Willard Bewell, Boyne City; and Charles Prevost of Grant. Also a sister, Mrs. Florence McKinney of East Jordan. Ten grandchildren.

Burial was at St. Thomas cemetery, Ann Arbor.

## Second Annual Sports Banquet

### HELD AT H. S. GYM TUESDAY, MAY 17th

Rotary's second annual All Sports Banquet was held in the high school gymnasium, Tuesday, May 17, at 6:30 p. m.

Chairman Alex Sinclair also acted as toastmaster and did a swell job. There were approximately 100 schools boys, Rotarians and friends who attended the banquet.

At the speaker's table, besides toastmaster Alex Sinclair, were Howard Porter, Principal John Smith, Dan Devine, John Bos, John Downing, Harry Jankoviac, and the speaker of the evening, assistant coach Hugh Dougherty of Michigan State College.

Coach Devine was introduced first, and after a few well chosen remarks, introduced the various boys, giving their years in high school and sports in which they participated. Coach Devine said that they were, without a doubt, the finest bunch of boys he had ever had the privilege and pleasure of working with. He paid a special tribute to former coach Max Damoth and assistant coaches, John Downing and Harry Jankoviac, for their invaluable assistance.

Howard Porter was introduced next and in his usual friendly and capable manner outlined and discussed the requirements and procedure in selecting the "most valuable athlete" for school year 1948-49. He then called Bryan Boring to the speakers table and presented him with the award. The basis of this award was sportsmanship, discipline, training, skill, team spirit, and scholarship. Howard closed his remarks with the sound and sane advice that they strive for the Best, remembering the Good is often the enemy of the Best and that they should not be satisfied with less than that which is truly Best.

Coach Daugherty was then introduced. He, too, paid tribute to the honored athletes and their coaches. Coach Daugherty's talk was one that seemed to come from the heart. He said that the day of the college athlete who thought cat was spelled with a small k and not a large K was past. He said athletics and scholarships now go hand in hand. A study recently made at Michigan State College showed, with one department exception, that the athletes surpassed the non-athletes in scholarship. Coach Daugherty, too, emphasized the positive and desirable qualities of a good athlete and, above all else, a good sport.

Mrs. Howard Moore accompanied at the piano for the after-the-main-course, and before-the-dessert singing.

The program was closed with the showing of colored movies of last year's Michigan-Michigan State game which, incidentally, ended 13-7 in favor of Michigan.

The splendid banquet dinner was prepared and served by the Sophomores under the direction of Mrs. Letha Larson.

The list of boys and the sports in which they participated is as follows: F — Football; Bk — Basketball; Bl — Baseball.

## Looze — Hewson

Mrs. Myrtle Looze of this city and Rancel B. Hewson of Kalkaska, were united in marriage, Saturday, May 21, by Rev. Gaylord D. Howell in the Methodist parsonage at Charlevoix. They will live near Kalkaska. Their address is R. 2, Fife Lake.

A miscellaneous shower for the bride-to-be was held at the Peninsula Grange Hall, Wednesday afternoon, May 18th. Mrs. John Looze and Mrs. Perry Looze were hostesses, refreshments were served and the honored guest received many lovely gifts.

## Mrs. W. E. Malpass, Sr., Celebrates Her Eighty-fifth Anniversary

Mr. and Mrs. Wm. E. Malpass III were host and hostess to a family gathering, Sunday afternoon, to help Mrs. W. E. Malpass, Sr., celebrate her 85th birthday anniversary.

Mrs. W. E. Malpass was the mother of 13 sons and daughter. Two sons and two daughters have passed away. She has 51 grandchildren and 58 great grandchildren.

There were 26 present. Those from away were: Mr. and Mrs. Albert Neisman, Acme; Mr. and Mrs. L. C. Palmer, Grandville; Mr. and Mrs. R. L. Schultz, Bay City; Mr. and Mrs. Dudek, Petoskey.

Mrs. Malpass is enjoying good health and was very happy to have a nice party given for her. Refreshments were served and the honored guest received many gifts and congratulations.

## Auto Collision Near East Jordan Causes Hospitalization

Three persons were injured in a head on collision north of East Jordan late Saturday night, police reported. Most seriously hurt was Edward Skop, 23, of Elmira, who received a possible fracture of the jaw and lacerations of the face. Edna Haney, 19, of East Jordan, riding with Skop, had cuts on the forehead.

Lawrence Wynsma, 27, of Ellsworth, driver of the other car, had lacerations about the face and body bruises. Attendants at Little Traverse hospital, Petoskey, Monday reported the condition of the three satisfactory. Both cars were demolished.

Mrs. Bruce Hill of Central Lake suffered a dislocated hip and lacerations Monday morning when the car driven by her husband went out of control on a curve on the East Jordan-Ellsworth road near the east village limits there, police said.

Mr. and Mrs. Hill and a passenger, Clyde Conover, of Central Lake, were admitted to Charlevoix hospital. Mr. Hill and Conover were released after treatment for minor injuries.

## Honor The Dead Aid the Disabled

In 1924 the American Legion gave the Auxiliary charge of the Memorial Poppy Program. A wonderful program was thus entrusted to our hands.

Poppy Day is the American Legion Auxiliary's day of devotion to the heroes of America. But while we honor the dead we also have a rendezvous with life. Our first duty is to the comrades of the fallen, the disabled Vet and his family. The Poppy gives us the funds to bring them more than words of cheer. We purchase our Poppy from the hospitalized Vet. This money is his.

The entire funds of our local Poppy campaign are placed in our Rehabilitation Fund and by National Law can be used only to aid us in our extensive

Rehabilitation and Child Welfare Programs. Thus this money can be used only to benefit the Veteran, his family, his widow, and his orphaned children. Our aim in this program is not, "What can we give the Veterans and his dear ones to show our appreciation?" but, "How can we help him help himself?"

We have accepted this responsibility of caring for these disabled Vets and their dependent families. We cherish it as an honor and privilege to be a part of this great and ever increasing program.

So we offer you our Memorial Poppy, knowing you will be proud to help us "carry on."

American Legion Auxiliary  
Rebec-Sweet Post No. 227.

## Family Night at the Methodist Church Honors Graduates

Fifty friends and members gathered at the Methodist Church last Thursday evening for a "Family Night" supper, honoring three members of the graduating class and their parents. Miss Jeanne Brown, daughter of Mr. and Mrs. Clifford Brown; Miss Shirley Barnett, daughter of Mr. and Mrs. Russell Barnett; and Miss Jean Sumner, who was unable to attend. Following the supper Mrs. Vernon Vance had charge of the program.

Mrs. H. G. Moore led the group singing. Margaret Blossie, accompanied by Mrs. Mildred Karr, at the organ sang "Graduates." Rev. H. G. Moore spoke briefly and presented each graduate with a copy of "Revised Version of the New Testament." Rev. Leona Winegarten, pastor of the Elk Rapids church was the speaker of the evening. Her topic was "Reflections."

Miss Winegarten is well known as a district officer of the W. S. C. S. and popular with the young people at Lake Louise Camp. She has just returned from a week's speaking tour of Minnesota.

## Appreciates Work of Our Firemen at Bellaire's Recent Fire

Fire Chief East Jordan Fire Dept. East Jordan, Michigan. Gentlemen:

We are writing to thank you for the fine cooperation which you showed in the emergency that arose Sunday morning at Meadow Brook Hospital.

Without the fine work your department did, there could have been a great catastrophe. Owing to the fact that I was a volunteer fireman for 17 years, I know that the job that you do is only for the betterment of your Community.

I realize the compensation you receive would not replace the clothes that are spoiled during these emergencies, but if it wasn't for the public spirit of a group of citizens, our fire losses would be considerable more.

In behalf of the Board of Supervisors, and the Social Welfare Board, and the Tax Paying Public, we want to thank you!

Very truly yours,  
Robert J. Helms, Director  
Antrim Co. Social Welfare Bd.

P. S. It is a pleasure to note that County lines mean so little when it comes to an emergency, but this is America.

Special communication of the East Jordan Lodge No. 379 F. & A. M., Tuesday, May 31, 1949 at 8:00 p. m. Work in the M. M. degree.

John Lenosky is home from Detroit for an extended visit with his parents Mr. and Mrs. Albert Lenosky, due to the Ford strike.

East Jordan veterans of three wars will be on hand next Monday to pay their respects to comrades who gave their lives in the service of their country.

Salutes will be fired and taps sounded, starting at 7:30 a. m., at the five cemeteries in and near East Jordan where these heroes have found their final resting place.

Calvary, Pesek, St. John, Densmore, and Sunset Cemeteries will be visited in that order.

Following these services will be a parade from the schoolhouse, west on Garfield St. to Main St., south on Main St. to Mill St. and then to Memorial Park.

A short program will be held at the park where Col. R. T. Nichols, Deputy for Personnel Administration, Headquarters, Tenth Air Force, will give the memorial address. The program will close with the raising of the flag.

Chas. Strehl, Jr., is in command of the parade and urges that every veteran turn out to make this a fitting tribute to fallen comrades. World War II men should wear either their O. D. or Khaki uniform if possible. Jeeps and cars will be available for all those who are unable to march.

The American Legion Auxiliary is presenting Gold Star Mothers with poppy corsages and will also place a wreath at the foot of the memorial rock in the park.

Mrs. Ed Kamradt, Auxiliary Gold Star Chairman, is making arrangements for the mothers to be present at the ceremonies.

## Legion Memorial Services at St. Joseph Church

American Legion and Auxiliary members will formally open memorial weekend observances with their annual religious services Sunday morning.

The services, held each year in a different church, will take place in St. Joseph's Catholic church beginning at 9:30 a. m.

Meeting at 9:00 a. m., Legion and Auxiliary will proceed from the Legion Hall to the church in a body.

Devotions will open with presentation of colors. High Mass and prayers for the dead will follow.

## WITH THE ANTRIM COUNTY AGR'L AGENT

W. Kirkpatrick, Extension Agent

### BUILDING A MILK HOUSE

Farmers considering the building of a milk house are urged to make sure they meet the local milk ordinance requirements or those of any milk market in which they are likely to sell, says Walter G. Kirkpatrick, County Agr'l Agent.

Other general suggestions are these:

1. A milk house, if properly used, will save time and labor on a dairy farm and will make the production of high quality milk an easier job.
2. The essential equipment in a milk house includes a milk cooler, a double wash vat, a water heater, and a can rack.
3. The requirements for floor area depend on the size of your herd. It should not be large enough to let trash accumulate. It is suggested as a guide that a farmer producing six to eight cans of milk per day should have a minimum of 100 square feet in the milk house.
4. The milk house should be located as close to the barn as possible. Locating it in the barn is desirable if there is no direct opening to the stable, a tight wall built between the milk house and stable, and the location will be approved by the inspector buying the milk.

Information received from dairymen around the state shows that the cost of milk houses built on their farms varied from \$300 to \$700. With an investment of this size involved, it's worth the effort to do some sound planning before going ahead on the job. Plans and assistance is available through the County Agr'l Agent's office at Bellaire.

### PLAN INSTRUCTIVE PROGRAM FOR JUNE GRASS DAY MEETS

Grass Day programs throughout Michigan this June will demonstrate to farmers that management and utilization of legumes and grasses in their farming program.

Demonstrations have been set up at each of the ten host farms by extension specialists from Michigan State College cooperating with county agr'l agents. Cheboygan will be the county closest to visit this year. The date of that event will be the latter part of June.

As in 1948, a standard method-demonstration at each Grass Day will be the seeding of a field to alfalfa-bromegrass mixture. This will include liming the area (if necessary) working the lime into the soil, fertilizing the seedbed and seeding area.

Other demonstrations already prepared show various seedings, fertilizer treatments, and erosion control methods. Specialists will be on hand to explain these plots and to discuss individual problems with visiting farmers.

In the afternoon of each day-long program, field demonstrations of various types of forage harvesting and handling equipment will be conducted. These machines will include field balers, forage choppers, hay crushers, and crop blowers.

Moisture-testing equipment for hay

and hay-crop silage will also be displayed and explained at each event. This new method has been recently developed by Dr. S. T. Dexter, farm crops specialist at Michigan State College.

The series of Grass Day programs is designed to bring farmers up to date information concerning establishment, management, harvesting, and utilization of high quality forages.

## COUNTY 4-H CAMP WEEK OF JUNE 13

The dates for the annual Antrim County 4-H Club Camp have been set for the week of June 13 says Walter G. Kirkpatrick, County Agr'l Agent.

This year's camp will be divided into two sections. One section will begin with Junior Club Members, ten and eleven years of age. This section will last one day. The second section will be for Senior members of twelve years and up. Special programs will be arranged for both groups.

Details of the camp will be worked out in the next few days.

## First Communion at St. Joseph Church

Next Sunday, during the 7:30 Mass, seventeen children will receive their first Holy Communion. A brief sermon will be preached by the pastor, Rev. Joseph J. Malinowski. The children will also renew their baptismal vows. The following will receive first Holy Communion: Gary Bartlett, Stephen Brennan, Charles Carney, Gerald Carney, William Farmer, James Kenny, Jack Kraemer, Robert Murray, Joseph Pienta, Jerome Sulak, Kenneth Vrondran, Barbara Ager, Patricia Carney, Jean Kaley, Mary Ann Lehrbass, Jean Ann Partee and Rosemary Partee.

During the 9:30 Mass the graduates from the parish will receive Holy Communion in a body and a sermon will be given by the pastor. The graduates are: Robert Anderson, Betty Jean Ager, Jeanette Baughn and Ann Richards.

## Native of East Jordan Passes Away Near Eau Claire, Mich.

Lloyd Milton Bennett, a native of East Jordan, died May 11, 1949 at the age of 64 years of a heart attack at his farm home at Eau Claire. Born at East Jordan April 26, 1885, to J. J. and Martha Bennett, he attended and graduated from the East Jordan High school with the class of 1905; he also attended the Ferris Institute. He was active in school sports, playing football and track. He played on the undefeated football team of 1903 and won several medals for running the two-mile race.

He was united in marriage to Mary Erfurth at Mt. Vernon, Wis., in 1908, and moved shortly to Libertyville, Ill., where he was in partnership with his father in a grocery store, and from there to his farm at Eau Claire, and later he was carpenter and butcher.

Surviving are the widow, Mary; four daughters: — Mrs. Eva Behnke, Eau Claire; Mrs. Vera Geildeman, Niles; Marion, at home; and Mary, East Jordan; and four sons — Carlisle, Eau Claire; Herman, Dowagiac; Calvin, Sodus; Archie, East Jordan; two sisters — Harriet Foster and Maud Gaines, Los Angeles; two brothers — A. A. Bennett, Denver; and Jack, East Jordan.

Funeral services were held May 15, at Eau Claire, conducted by Rev. Floyd Barden. Interment at Mt. Pleasant Cemetery at Eau Claire.

Relatives and friends from a distance at the funeral were: — Dan Bennett, Irving Bennett, Samuel Rogers, Mr. and Mrs. Archie Bennett, and Mary Bennett, East Jordan; Mr. and Mrs. Prorther Thompson, Chicago; Mrs. Otto Bugenski, Mrs. Kate Baker, Mrs. Catherine Forwell, Madison, Wis.

## Mrs. Robert McBride, Former E. J. Resident, Passes at Charlevoix

Mrs. Robert Y. McBride (nee Emma Secord) died at the home of her daughter, Mrs. Kit Carson, in Charlevoix Monday afternoon, following a long illness.

She was born near Springvale, Halimand, Ontario, July 28, 1871, the daughter of Ezekiel and Maria Secord.

She was married to Robert Y. McBride December 20, 1899 who passed away at East Jordan October 8, 1932. Four children were born to this union: — Eleanor (Mrs. Kit Carson), Charlevoix; Aura (Mrs. Barton Stevenson), Muskegon; Eva Belle (Mrs. Kenneth Brown), Charlotte; and Robert Glenn who was killed in an auto accident June 14, 1920.

The family came to Deward in 1904 and to East Jordan in 1915. Since her husband's death she has made her home most of the time with Mrs. Carson. Besides the daughters she is survived by five grandsons: Robert, Daniel, Lynn and Jerry Brown of Charlotte and Kit Carson, Jr., of Charlevoix.

Funeral services were conducted by Rev. Jackson Turner, pastor of the Charlevoix Congregational church on Wednesday afternoon, at the Watson mortuary. Burial at Sunset Hill.

Bearers were Harry Simmons, Merle Thompson, Merle Crowell, Richard Malpass, Marvin Benson, and Alex Sinclair.

Fourteen of the neighbors surprised Mrs. Merle Thompson Thursday evening, May 19, to help her celebrate her birthday. The evening was spent playing Pinochle, after which sandwiches, cakes and coffee were served. A gift was presented from the group.

Julius Nachazel, formerly of East Jordan, has recently been elected Mayor of Houghton.

**Prayer in Pain**

Lesson for May 29, 1949

THE SHADOW over Gethsemane is deep. We can scarcely see the tortured figure under the moonlit olive trees. If Jesus' closest friends, in that hour, were strangers to his soul, we cannot dare to penetrate all the secrets of that fateful hour. Yet while we cannot know all, we can know enough; enough to support us in our own time of darkness and of pain.

Dr. Foreman

Mark uses very strong language to describe the state of Jesus' mind in Gethsemane. The two Greek words he uses, translated in the King James version "sore amazed" and "very heavy," are translated by the Revised Standard Version "greatly distressed and troubled;" by Goodspeed, "distress and dread;" by Moffatt, "appalled and agitated." As our hymn says,

"We know not how, we cannot tell  
What pains He had to bear."

Still, we do know of some of the burdens which weighed so terribly on Jesus' mind and heart that night.

**Power of Darkness**

ONE THING that must have troubled our Lord was lack of sympathy. Peter, James and John were comfortably asleep, evidently without the slightest notion of what he was suffering. But there was worse than lack of sympathy, somewhere in the dark city one of Jesus' supposed friends, the man called Judas, was even then slinking through the alleys with murder in his heart.

Jesus well knew what was in store for him. He knew the Sanhedrin would call him a blasphemer, he knew what the Romans would do with him, once they got their hands on him. Worse than this must have been the tragic sense of failure.

"I would, but ye would not," he had said in tears to this very city; a city full of enemies who should have been his friends, of unbelievers who should have believed, a city he loved, but which had nothing for him but thorns and a cross.

All this was on Jesus' heart that night—and as many Christians believe, far more. One of the most profound Christian thinkers has suggested that the heaviest, most painful shadow on Jesus' white soul was the sense of guilt, not his own but for the sins of the world.

**Blood and the Angel**

SO JESUS PRAYED. Even in the cool spring night his forehead was covered with sweat, falling to the rocky ground like dripping blood. Never rose prayer from a more tortured heart. And what came of it? In one sense, the prayer was not answered. The cup did not pass from him, he must drink it to the last bitter dregs. The prayer did not remove the pain. Yet in a deeper sense, the prayer of Christ was fully answered. "Not as I will, but as Thou wilt," he breathed. The prayer that sets one's own will in line with the will of God, whatever His will may be, is the prayer that always finds answer. At the end, there was not release, but power. "An angel came and strengthened him."

**What Prayer Can Do**

JESUS "LEARNED obedience by the things which he suffered." (Heb. 5:8.) We can share his lesson. The hour of pain is not the hour to begin praying; those who have not learned prayer before, will scarcely know how to pray in a time of agony. Yet the time of pain is not the time to give up praying. When the dark hour comes, Jesus did not throw aside his faith, he prayed more intensely than ever before. Prayer does not explain pain, much less explain it away.

Prayer does not always get rid of pain, even though in many cases the prayer of faith works cures where doctors fail. What true prayer does always is to set the one who prays in tune with the will of God even when that will is not as our own.

Prayer does not bring us all the answers to the riddles of existence. It does bring power to bear what God sends us. For God's answer to those he loves is not always escape, but it is always endurance.

WEEKLY NEWS ANALYSIS

Russian Motives Puzzle Diplomats  
As Berlin Blockade Comes to End;  
U. S. Spending Widely Criticized

(EDITOR'S NOTE: When opinions are expressed in these columns, they are those of Western Newspaper Union's news analysts and not necessarily of this newspaper.)

**BLOCKADE LIFT PREPARATIONS . . .** Preparations to get things ready for the Russian lift of the Berlin blockade went busily ahead as agreements between the occupation powers fixed the time. Photos above show workers getting trains ready to operate under regulations fixed by the Soviets—rules which will permit 16 freight trains to operate daily into the city. Efficacy of the U.S. airlift in supplying Berlin with needed supplies despite the blockade was given major credit for the Reds' decision to end the road block.

**BERLIN:**

**Up The Barriers**

What had really impelled the Russians to lift the Berlin blockade, and how would the action affect world peace?

Those were two top questions actuating western power diplomats as a semblance of peace was restored to the troubled Berlin sector of Germany and the U.S. airlift eased off.

MANY OBSERVERS professed to see in the Russian action proof that the U.S. airlift operations had shown the Soviets so decisively the futility of maintaining the blockade, that even the obtuse easterners finally had seen the light.

There were others who insisted the blockade lift decision was motivated by a hope within the Kremlin that such an action would delay formation of a German people's government. However, this did not seem a tenable theory, inasmuch as the western powers already had declared plans to go ahead with such a project.

Seekers of peace attempted to see in the decision evidence that Russia really did not mean to make war now and that some as-yet-obscure motive looking toward continuation of Red expansion without recourse to arms was really behind the move.

SINCE MOSCOW'S original announcement concerning the end to the blockade, the order was broadened. Restoration of "transport, trade and communications" services was directed.

The order permitted 16 freight trains a day to move into Berlin, restored highway traffic, waived previous Soviet claims to search Allied baggage, and demanded Soviet travel permits at certain check points. Mail service was also to be restored. Actually, the Soviet order restored the Berlin situation to what it was on March 1, 1948.

Both British and Americans moved in reinforcements for the small units at border points to check papers of travelers and hotels and rooming houses had filled with persons waiting for the barriers to be raised.

**PARROT:**

**Pretty Smart**

Lorchen the parrot is a pretty smart bird.

HE LIVES in the Stamp & Coin Shop on Times Square in New York.

A customer tried to enter the store, but found the door locked. However, as he turned away he heard Lorchen's insistent screams: "Let me out! Goodbye, goodbye."

Intrigued, the customer listened closer, heard muffled moans from inside the shop.

He SUMMONED a building superintendent who opened the door and found Gustave Moerz, 50, the parrot's owner and shop proprietor, bound in a chair by tape and wire. His mouth was taped.

Moerz told police two men broke into the shop, tied him and took \$644 from a safe and \$100 from his pockets.

**Nuclear Scientist Gives Definition of His Kind**

In Baltimore, nuclear scientist Robert D. Fowler, of Johns Hopkins University, gave this definition of a nuclear scientist to a group of government officials at a symposium:

A man standing in a field in absolute darkness with thousands of baseballs on the ground around him. Somewhere in the field, invisible to him, is a barn with but one window and some kind of animals inside.

The man picks up a ball and throws it in any direction. If, by some chance, it goes through the barn window and hits the animal, then bounces out again so that the man can catch it in the darkness—he attempts to identify the animal by smelling the ball.

That is something like a nuclear scientist practicing nuclear science.

Suggestions that U.S. spending might be curtailed somewhat were coming from several quarters. Latest source was President Truman's economic advisers who held the idea that some existing tax burdens might be lightened and that the administration might scale down its call for four billion dollars in new levies.

THE COUNCIL of economic advisers, whose function is to counsel with the President on fiscal matters as they affect finance and economics, was reported to feel that current business trends justify an early check on federal spending—that is, if the budget is to be brought anywhere near to a balance.

It was the council's opinion that such levies as taxes on the transportation of goods add to the business costs and consumer prices and impede an orderly withdrawal from the postwar business boom.

The council was more than cool to any extended public works program—indicating its opinion by refraining from making any such recommendations in its report. The advisers have consistently urged that local governments prepare "shelves" of public-works blueprints for use when needed to bolster employment and public purchasing power.

BUT THE PRESENT trend of the national economy—which council chairman Edwin G. Nourse called a "healthy disinflation"—does not warrant large-scale works spending now, the council said. Such outlays would make it harder to reach the goal of lower government costs.

After a White House visit, Nourse informed newsmen that the council expects "some further easing of living costs." Prices, he said, are continuing downward, but "not on a demoralizing basis and there is no need to dig into the storm cellars."

**ROAD SAFETY:**

**For Boys & Girls**

In the year 1947—figures for last year are not yet available—National Safety Council figures showed that 7,150 persons between the ages of 15 and 24 were killed in automobile accidents on American highways. In addition 330,000 boys and girls within that age group were injured in highway accidents.

ACCIDENT REPORTS from 29 states last year disclosed that 27 per cent of all drivers involved in accidents — or nearly one out of three — were under 25 years of age.

That was an appalling toll of the nation's youths and something, it appeared, should be done about it. Now, something was being done about it. The Inter-Industry highway safety committee had come up with a program designed to enlist the aid of youth itself in cutting down highway accidents and fatalities among the nation's youth.

The program is one of education which would tend to encourage greater responsibility on the part of younger drivers when using the family car. Program material now is being distributed to national organizations which agree to help sponsor the movement. The program is centered around drivers 15 to 25 years of age.

CHIEF INTEREST-and-cooperation-getter in the program are "man-to-man" and "Dad-to-Daughter" agreement cards. The agreements are for the signature of eligible sons and daughters with their fathers, and outline eight good driving practices which the young drivers agree to observe while using the family car.

All state and local public support organizations were urged to take advantage of this opportunity to help reduce highway traffic accidents involving youngsters.

Those interested were directed to write: Inter-Industry highway safety committee, 1026 17th street, N. W., Washington 6, D. C.

**WHEAT YIELD:**

**Near-Record Crop**

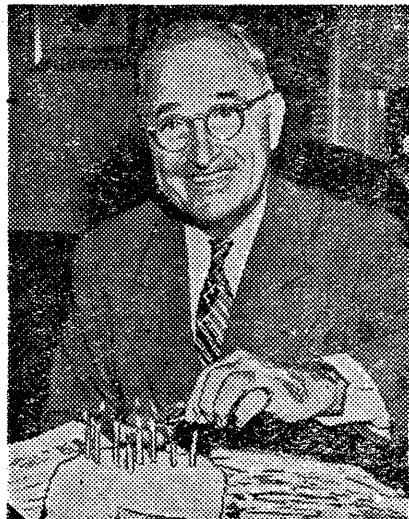

With wheat surplus already straining grower and governmental ingenuity in housing it, word was that the United States may approach a new crop record during the new season. Farmers, already off to a good start, were not surprised at a U.S. department of agriculture estimate of more than a billion, 21 million bushels from the winter-wheat crop. That estimate was nearly two million several weeks ago.

No official forecast was given on spring wheat, but the department said prospects point to around 300 million bushels for that type of wheat.

OFFICIALS indicated the tremendous wheat yield will create further surplus and might lead to government controls designed to cut the acreage in 1950 between 15 and 25 per cent. Controls would include planting restrictions and possibly marketing quotas for individual farmers.

No forecasts were given on other crops except rye, hay and southern peaches. But the department said reports from various parts of the country indicated progress of 1949 crops is encouraging. Rye production was estimated at 22 million bushels, second smallest acreage in 75 years. The hay crop was put at 101 million tons, a more than average yield. The peach crop in 10 southeastern states was forecast at approximately 15 million bushels, about the same as last year.

**"Iron Man"**

President Harry S. Truman is shown lighting the candles on a pre-birthday cake presented to him by the White House staff. Bundles in front of him represent only a portion of the birthday greetings he received. Having observed his 65th natal anniversary, the President was described as being in excellent physical condition—a veritable "iron man."

**Lose in Stretch**

It was a rough day for London merchants. Thousands of women besieged west end stores in the biggest nylon stocking hunt London had ever seen. Crowds, including some men waited outside the stores at dawn. But it was in vain.

The London Standard had announced the sale, but didn't mention that only 500 pairs of hose were issued to each of the 10 leading stores.

## The School Bell

PROGRAM FOR THE CLOSING WEEK OF SCHOOL

There will be no hot lunches after Friday, May 27th.

Monday, May 30, the students will participate in the Memorial Day Parade. The parade starts at 11:00 a. m. Buses will bring in children from the country who wish to participate.

Tuesday, May 31, there will be school as usual.

On Wednesday, June 1, the buses will run at the usual time and the elementary rooms will have their closing day picnic at noon. The upper grades will hold final exams on this date.

There will be no school on Thursday.

The buses will bring the children in at the regular time on Friday to get their report cards. It will not be necessary to prepare lunches as the buses will leave before noon.

Commencement exercises will be held in the High school auditorium, Friday, May 27 at 8:00 p. m. Dr. Lee Thurston, State Superintendent of Public Instruction, will speak. The public is invited.

With the closing of school, many children find themselves with nothing constructive to do. It is highly des-

irable that the parents accept the school vacation as an opportunity for a little closer companionship with their children. Our community offers a vast source of learning for the student, and parents are urged to take advantage of the summer recreation program, the Bible schools, the story hour at the library, to make regular trips to the library for material on the child's level, to help the child develop some hobby, to let the child help in planning a trip to some point of interest, plan picnics, etc. These trips and summer experiences not only broaden the child's knowledge but form a background for themes, discussions, etc. in their school work.

**KINDERGARTEN—Helen Severance**  
Our visitors this week were Mary Malone and Patsy Murphy. They will be in Kindergarten next year.

Gerald Peters had a birthday this week. His mother sent a treat for each of us. Patsy Murphy, who visited, had her fifth birthday and brought cakes for everyone.

We are trying to finish our "Before We Read" books. We enjoyed them very much. We are all anxious to read in First Grade.

**FIRST Grade — Mrs. Stokes**  
Floyd Holley has German measles. The class of 1960 earned \$17.10 by selling house plants at their booth at the Fiesta.

Duane Moore brought his pet crow to school. He got it in the woods. Duane Hienzelman brought his pet turtle to school. He found it in front of his house.

Butchy Cole visited us this week. Louise Kenney, Ann Whitmore and Wanda Bowen had perfect attendance one of the six marking periods.

Glen Arnoe, Suzanne Boswell, Dale Cosier, Lorna Kent, George Savory, Kenneth Touchtone, Susan Gibbard, Mary Jo Olsen, and Albert Peters had perfect attendance two marking periods.

Jeanette Fisher, James Gidley, Duane Hienzelman, Michael Kowalske, Douglas Lick, Shirley McClanathan, Alfred Nelson, Martin Rulling, and Nancy Robinson had perfect attendance three marking periods.

Yvonne Elzinga and Floyd Holley had perfect attendance four marking periods.

Joanne Clark had perfect attendance five marking periods.

Louis Raymond had perfect attendance all year.

**FIRST Grade — Marion Brooks**  
We had three May birthdays, Sally Graham, Billy Scott and Jim Kolker. We have had a perfect attendance of 33 several days lately.

We are very busy finishing our work books and readers.

Rudy Bulmann enjoyed a trip to the Soo Sunday with his parents. Sharon Rowland is planning a trip to California with her mother when school is out.

## FIRST and SECOND Grades — Adeline Bowerman

Agnes Zoulek enjoyed a trip to Rogers City last Sunday with her family. They were escorted through an ore boat by a friend. Agnes gave us a very good report of her experience.

Carolyn Richardson entertained several classmates and friends at a party in honor of her seventh birthday.

This week we are spending some time on hobbies. Each one is to choose something he is interested in to carry on during the summer vacation. One member is taking the stamp collection which we started in our Postoffice unit. Others are starting different kinds of collections, some are starting plants, some are choosing books for their hobby and each one will report his progress or show the results next fall.

The girls in our room enjoyed a boating party at Ed's Boats on Monday after school. A picnic supper and marshmallow roast followed the boat ride.

## SECOND Grade — Agnes Johnston

We finished our bird booklets this week. For the cover we drew free-hand a Red-headed Woodpecker. Our study of the Robin, Bluebird, Crow, and Meadowlark brought out the size, nest, number of eggs, and the song of each of these birds.

Tuesday morning we took a bus to Bowen's chicken hatchery. Mrs. Bowen showed and told us many interesting things about the hatchery. It was a most enjoyable experience and one we shall remember a long time. Upon leaving the hatchery, Mrs. Bowen had Paul pass out candy suckers to each member of his class. We thank Mrs. Bowen for this wonderful time.

Last Week in spelling, Anita Petrie spelled the room down.

A bouquet of pansies was brought to school by Carolyn Malpass. They help to make our room look attractive.

Monday, Carolyn Stokes brought to our room a toad and a turtle. She told us some interesting fact about them.

We are making preparations for our school picnic which will be next week.

## THIRD and FOURTH Grades — Marie Hughes

Our room went for a walk last Friday. We noticed thirteen kinds of flowers in bloom in gardens about town. We noticed a number of vegetables up in some gardens. We counted 10 trees that we all knew.

Our baseball team played the boys from Mrs. Galmore's room Monday. The score was 9-2 in our favor. The team line-up was the same as usual.

Pitchers Gene Richards and Raymond Walker do a fine job. The boys are all getting fine lessons in sportsmanship besides becoming skilled in the game.

We have been invited to Whitmore Lodge for a picnic on Wednesday. We are planning to have a good time and appreciate the invitation.

Louella Pinney had a birthday May 26. She is 9 years old.

## THIRD Grade — Jessie Hager

The following people have been neither absent nor tardy during the past month: Mary Detlaff, Wanda Gilkerson, Allen Ingalls, Jean Kaley, Dale Looze, Keith Ogden, Rosemary Partee.

We are working hard on our tables. Most of us know through the 6's.

Our new songs are "Grandma Grunts", "This Old Man", "On The Rail Road Train", and "Where Are You Going?"

Mrs. Kaley visited our room last Friday afternoon.

## FOURTH Grade — Grace Galmore

In our bird books we have colored and written stories about the robin, blue bird, chickadee and some have

finished the goldfinch, meadowlark, and oriole.—Janet Malone.

Jack Ingalls and Howard Donaldson have not missed a day of school this year. Howard has been here half of the year and the other half he was in Ellsworth. Jack Ingalls has not missed a day in four years.—Karen Bradshaw.

We had two batches of baby rabbits last Sunday. My brother, Harold, has a little black puppy.—Gladys Stanton.

Nancy Kidder has gone to Baltimore, Maryland, for a week's vacation. We will miss her a lot.—Joan Bader.

Last Thursday we received some books from the state library at Lansing. They are about Australia.—Joanne Bader.

## FIFTH Grade — Elizabeth Dhasleer

We have been very busy trying to finish the year's work and do some reviewing.

We saw an excellent movie on conservation. Aterward we recalled at least ten good conservation practices. We know that poor soil makes poor people so we should try to preserve it if we can.

Friday we began to make plans for our picnic. It will be held at the park and we are looking forward to a good time.

Billy Kolker hurt his leg during the week end. He had to have several stitches taken. He will be absent several days.

## SIXTH Grade — Alma Larsen

We are having our final tests. Our picture that we won at the Fiesta is up in our room. We are going to have a picnic next Wednesday at the Tourist Park.—CoraLu Clark.

We are drawing birds and giving reports on them. We are studying about the Baltic countries in Geography.—Anna Dufore.

Bary Peacock had a birthday yesterday. David Graham has one today. Our booth won the prize at the Fiesta last Saturday. The prize was a painted picture for our room.—Ruth Ann Crowell.

An inebriate was watching a man enter a revolving door. As the door swung around, a pretty girl stepped out. "Swell trick," he muttered, "don't shee how that guy changed his clothes so fast."

### DAIRY MEETING HUGE SUCCESS

The dairy meeting held at East Jordan High School, Tuesday evening on May 17th was a huge success. A total of 152 dairymen assembled to hear Geo. Parsons, Extension Specialist in Animal Husbandry, who was the main speaker for the evening. Mr. Parsons also sent a list of 22 questions that local dairymen were interested in having answered.

One of the questions largely concerned the cost of artificial breeding. For \$5.00 for the first services or as high as \$7.00 to \$8.00 for three or four services seem to be too high to some dairy farmers. However as Mr. Parsons explained, that when farmers are able to get calves from proven bulls that are capable of siring offspring that will produce 450 lb. of fat, \$5.00 or \$8.00 is a very small cost, especially in this true when one considers the average production of all cows in Michigan, which was 223 lb. of butterfat for 1948. Another question was, "why do cows fail to settle?" Four things must be taken into consideration. First is the quality of the semen. We know this is okay since it is checked by microscope every morning. Second factors to consider is the inseminator, we also know that the inseminator is thoroughly trained and close check up is made at various time by Geo. Parsons. Thus, this factor is not responsible, except in very few cases. A third item to consider is the dairy herd owner himself. Failure to recognize heat symptoms and failure to call for service at the proper time has been responsible for many cases of cows failing to calf. The last item is the cow herself. Unless she is a healthy animal and unless she is obtaining the right kind of feed, she can present a very troublesome problem. Farmers should do two things to help improve their rate of conception. One is wait at least 60 days after calving before servicing the cow. The second one is to inseminate the cow in the last half of the heat period.

Mr. Parsons also answered many other questions that dairy farmers had asked. All present were very well satisfied with the meeting and thought it was a very worth while program.

### WEED CONTROL

A new bulletin entitled, "Chemical Weed Control" has just been released by Michigan State College. This discusses the different chemicals to use on different crops for selective weed control. It also gives the amounts to use and when to apply the spray. Anyone interested in receiving a copy of this bulletin should either write or call at the County Extension

Office at Boyne City and ask for circular bulletin No. 214, entitled, "Chemical Weed Control."

Several farmers last year have used their regular potato or fruit spray rig for spraying 2, 4-D. This is very dangerous, and it is almost impossible to thoroughly clean the sprayer after 2,4-D has been used. Anyone wishing to use 2,4-D should have a separate spray for that purpose only.

### GRASSHOPPERS

Grasshoppers, according to best information, are likely to be a very serious pest in Charlevoix County this spring and summer. They will be more serious than normally because the federal government will not distribute free poison for their control. In other words, farmers must buy their own poison and mix their own bait for this year.

Several compounds may be available and can be used for their control. One bait is made with sodium fluosilicate, bran and sawdust together and then ad from 5 to 7 1/2 gallons of water.

Another bait that is suggested can be made with 1/2 lb. of chlordane to 25 lbs. of bran and 75 lbs. of sawdust. Mix the sawdust and bran together—put the chlordane into 5 to 7 gallons of water and mix well. Then add the chlordane water mixture to the bran and sawdust.

The third bait may be made with toxaphene at the rate of 1 lb. to 25 lbs. of bran and 75 lbs. of sawdust. Mix the sawdust and bran together—put the toxaphene into 5 to 7 gallons of water and mix well. Then add the toxaphene water mixture to the bran and sawdust.

It must be remembered that all three baits are poison, but when properly spread there is very little danger to livestock. Many also use these chemicals in form of spray rather than baits. For additional information call at your County Extension Office.

### CUTWORMS

Cutworms can be controlled by dusting with DDT. Use with a 3 percent or 5 percent dust. Dust a strip three feet wide down the row after plants are set. This makes an 18 inch barrier on the soil surface on each side of the plants. Tomatoes, peppers, cabbage and cauliflower can be dusted right after planting. DDT will not harm the above plants. On cucumbers apply the dust just before the plants break through the ground.

### Remember the Dead Not Join Them On Memorial Day

Take it easy on the long Memorial Day weekend.

The very things you enjoy most may be the greatest hazards to your health and life during the holiday, unless you use some caution, the Michigan Department of Health warned.

Drive with care and avoid excesses in eating, drinking, sunning, swimming, fishing, golfing, and any other form of exercise, it advised.

Roads will be flooded with traffic. Have your car checked if you plan to do any driving—brakes, horns, lights, tires, windshield wipers, and steering mechanism. Obey traffic laws and signs and give the other fellow your right of way.

Do not plan to drive if you are going to do any drinking. Safety experts say that drinking is involved in more than half of traffic accidents.

Good restaurants which are open during the holiday will be filled to capacity. Be careful that any perishable foods, such as salads and sandwich fillings, in your picnic lunch are carefully and cleanly prepared, and are kept cold. You can get food poisoning from your picnic basket as well as in an unclean restaurant. Drink water only from a municipal or other approved supply and use only pasteurized milk and milk products.

Take your sunning in short intervals; you can burn under a cloudy sky on a cool day and you burn more quickly on, in or near water. Lake water will be cold; go in slowly. Stay out of swift water; do not swim alone or show off. Do not overload, or stand up in your small boat, or go out on a lake when a storm threatens.

Avoid poison ivy. It is out early this spring. If you have been near it scrub with laundry soap. If blisters appear, see your doctor.

Remember that a little golfing, softball, tennis, swimming, or rowing is a considerable strain on even the middle-aged heart at the beginning of the season. Ride only a horse you can handle, and fly only with a competent pilot in a fully serviced aircraft.

Memorial Day is a time to remember the dead, not join them.

### PENINSULA... (Edited by Mrs. Emma Hayden)

Thos. Hayden of Elk Rapids called on his parents, Mr. and Mrs. F. K. Hayden, Mrs. Hayden and daughter attended a bridal shower for her cousin, Miss Lenoskey.

Lewis Kitson is in Lockwood hospital with pneumonia. Mrs. Kitson and son are staying at her sister's, Mrs. Frank Leshner, to be near her husband.

A bridal shower for Mrs. Myrtle Looze was held at Peninsula Grange, Wednesday evening. She received many lovely gifts.

A frost Friday morning did some damage on Peninsula.

Since 67 percent of state-collected revenues are automatically returned to local governments for spending, the big question before the legislature this week—as solons raced for final adjournment—was this:

How much can we reduce the state deficit next year through economy cuts in appropriations for state institutions and state agencies?

Governor G. Mennen Williams warns that a \$60 million deficit is impending despite legislative efforts to trim state operating expenses.

"After cutting off crippled children, slashing the state college and university, reducing the staffs of our mental hospitals and making other cuts," he said, "the appropriation bills would still leave us about \$50 million short, after using up the expected \$10 million surplus we will have left June 30, 1949."

The governor's solution: Tax corporation profits 4 or 5 percent.

The Republican-dominated legislature has chosen, as its policy, a program of economy for state services (financed by 32 percent of state-collected revenues) and no new taxes or increase of existing taxes. The outcome will be a treasury deficit, of course. The only question is "How much?"

That the Republican legislature has given the governor a ready-made issue—its "failure" to tax corporation profits and thus avert a deficit—is already indicated by Governor Williams' strategy.

The Republicans' answer will probably be in the affirmative: The legislature "saved" the public from increased taxes by requiring economy in state appropriations.

Judging from the spring election strategy, the G. O. P. position may also be this: "We saved the state from a C. I. O.-inspired raid on the state treasury."

Republican State Chairman, Owen J. Cleary, hammered away throughout the suring campaign that the C. I. O. had dominated the Democratic state convention. It was openly charged that the C. I. O. was telling Gover-

nor what to do.

Michigan's bi-partisan government, so called at least, was brought about by the switching of approximately one-half million voters from the Kim Sigler banner—all in two years' time.

Although Republican leaders feel that the election of a Democratic governor was a by-product of a protest against the Republican gubernatorial nominee, Governor Williams has accepted the verdict as a mandate for social causes he advocated.

The legislative session of 1949 was predestined to be a stalemate and draw between these two conflicting viewpoints. And since Governor Williams is ready to campaign for reelection in 1950 on the Republican-made issues, the final answer obviously must come from the voters in November, 1950.

One wise-cracking newspaper reported recently observed at the capitol: "What Williams needs in 1950 is another Kim Sigler."

Williams believes he has everything he needs to win. He is confident, to say the least.

Bills adopted by the legislature include the following:

Fisherman can catch panfish of any size. The conservation director may designate which waters may be fished for rainbows in the fall.

Campers on state land must get free permits and must clean up the grounds before leaving.

Old age welfare (assistance) maximum benefits are increased from \$50 to \$60 monthly.

Salaries of circuit judges increased \$2,000 year.

Agri inspection fees transferred to general fund.

Adjustment in fees and salaries for probate judges, jurors, township officers and many others.

Workmen's compensation payments raised. "Loopholes" in state sales tax act are plugged for better revenue collection.

Broadens the qualifications for the

director of the department of mental health.

Redefines rural school districts to include third class districts. Provide sabbatical leave for teachers.

### Council Proceedings

The Common Council met in the City Building on Thursday evening, May 19, 1949, at 7:30 p. m. Present: Aldermen Strehl, Rebec, Malpass, Clark and Griffin. Absent: Mayor Benson, and Alderman Gee.

The following resolution was offered by Alderman Malpass, who moved its adoption, and supported by Alderman Strehl, that the sum of \$28,208.70 be raised on the Real Estate and Personal property of the City of East Jordan for the year 1949, and that the sum of \$1,500.00 be used for the Cemetery, \$3,000.00 for Park, \$1,000.00 for Sewer, \$8,000.00 for Street, \$5,000.00 for Airport, \$10,000.00 for General, \$2,208.70 for Fire, \$2,000.00 for Library.

Motion was made by Rebec, and supported by Griffin, that the City publicly express their appreciation for the properties given to the City by the following: The East Jordan Lumber Co., The East Jordan Iron Works, and Mr. and Mrs. Frank Cook. Carried all ayes.

Marvin R. Benson, Mayor  
Thelma M. Hegerberg, City Clerk

### Two Heads Are Better Than One (Or None)

I get a kick out of buying stuff down at the hardware store. And I always ask for a little advice from one of the two brothers who run it, because I know beforehand exactly what the answer will be.

Like when I needed a new garden hose. "Henry," I says, "how about this new plastic hose—is it really as good as rubber?" "Well," he says, "I'm inclined to think it is—but you'd better ask Tom."

I found Tom in back and asks him the same question. "Well," says Tom, "in my opinion it is—

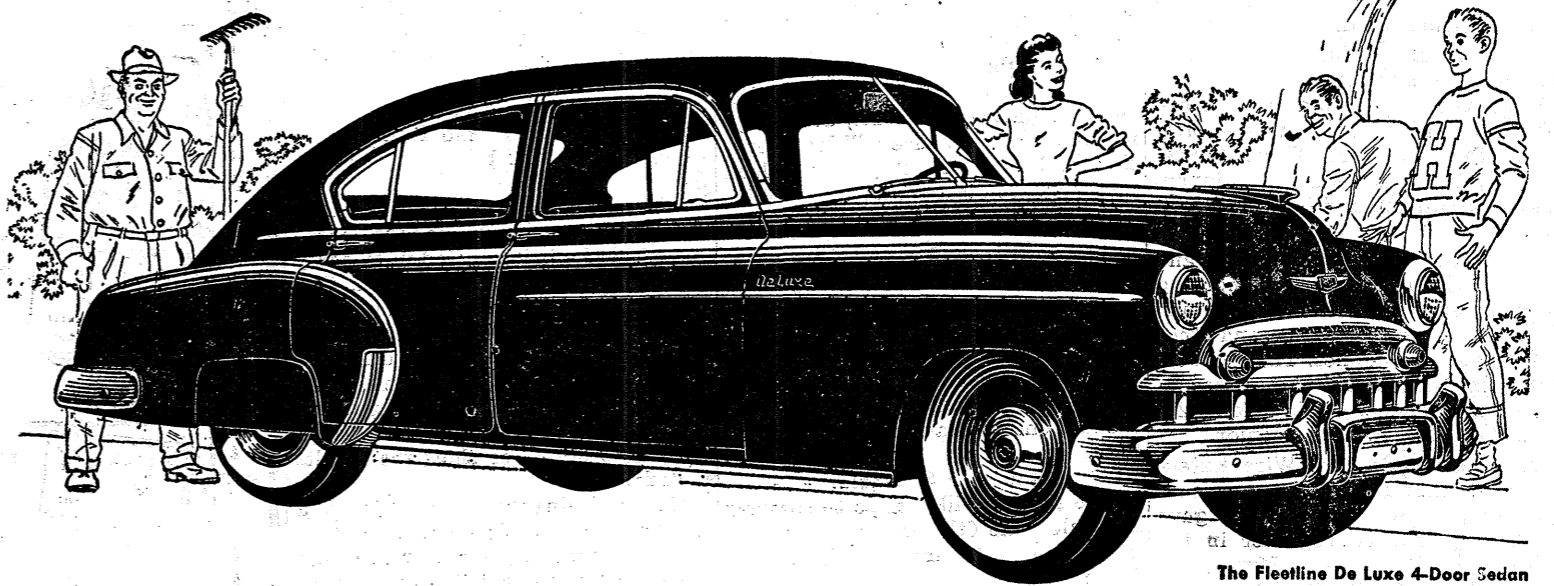

but you'd better ask Henry." "I already have," I says, "and when you two cautious old codgers agree I'd bet my life on the decision."

From where I sit, your own opinion is worth a lot—but so's the other fellow's. That's why I keep saying, over and over, let's be tolerant of the other person's point of view—whether it's on politics or farming—or whether you like milk shakes and he prefers a temperate glass of beer.
