T. C. Peninsula Defeats Norm's

BY A 7-3 SCORE IN SUNDAY'S TILT

Sunday, June 5, Peninsula defeated Norm's Tavern 7-3 for their first defeat of the season. Cihak and Hayes were the batteries for Norm's, and Manigold and Boursau for Peninsula.

Peninsula went into an early lead and were never threatened throughout the game. Manigold hit a home run for Peninsula in the fifth, with two men on base, to cinch the game.

"Hud" Sommerville also hit a home run in the sixth with no men on base and hit two singles in four trips to the plate. Bill Saxton hit two singles. Between the two, getting five of the seven hits.

Kalkaska here Sunday at 2:30.

Jasmine Rebekah Lodge

Will entertain Sister Genevieve Bailey of Flint, Rebekah Assembly Conductor on June 15th, Charlevoix lodge to be our guests. The two-year representative to Grand Assembly, elected June 1st, was Irene Kiser. The one-year assembly, now, is Irene Wright. Our recommendation for Dist. Deputy President is Helen Bartholomew.

We have a large class of candidates to be initiated at this time. Time 8:00 p. m., Wednesday, June 15th. No regular Birthday supper, but a planned lunch is to be served afterwards. Please be there.

Special Meeting of East Jordan Chamber of Commerce

This meeting has been called to pass on the motion that the C. of C. funds be used to loan Center Stage the sum of \$300.00. As this will directly affect our 1949 program it is very important that every qualified member be present to express his views and register his vote. Friday, June 10th, 7:30 p. m., Band Room, East Jordan High School.

When a woman driver puts her hand out, remarked a New York traffic cop, you can be sure of one thing — the window is open.

East Jordan Tourist Park Improvements Get a Good Start, Saturday

Saturday, June 4th, an old fashioned bee was held at the Tourist Park for the purpose of putting sink drains under each of the tourist trailer locations.

The job was carefully planned and well organized. Al Rogers had drawn plans and staked out the proper elevations. The evening before, Cliff Bailey turned back the top sod with his tractor and plow. Then on Saturday 33 civic minded huskies, under the direction of Bill Porter and Barney Milstein, dug the ditches and laid over 830 feet of tile.

A friendly contest developed between Vale (PeeWee) Gee and Ted Malpass as to who would get the most people on the job. The contest was close until noon when PeeWee won hands down by bringing his whole junior ball team on the job. It was noted that these youngsters can dig the best and seemed to enjoy working with the men improving our valuable park.

Future improvements planned to make our park more attractive for our trailer friends are a small laundry and showers, and clean dressing rooms for swimmers.

It is hoped that enough civic interest can be aroused to complete these projects with volunteer workers, so be at the next Bee. Let's have everyone who can possibly make it, help East Jordan to be a better place to live in.

The following group deserves our gratitude for their work:

Ray Gee	Roger Benson
Louis Cihak	Marvin Benson
Earl Gee	Dick Hamerski
Bruce Malpass	Wilbur Robinson
Vale Gee	Dick Malpass
Glen Gee	John Malpass
Jimmy Milstein	Red Bowers
Sammy Milstein	Billy Rebec
Barney Milstein	Keith Evans
Bob Danforth	Dick McKinnon
Cliff Bailey	Bud Strehl
Basil Crawford	Jack Brown
Bill Malpass	Al Rogers
Bill Porter	Bud Kopkau
Larry Danforth	Ted Malpass
George Secord	Clarence Lord

Any Weather? Any Gardens Left?

The frost of Tuesday night did considerable damage to gardens, berries, Clover hay, and possibly fruit. A low of 28 1/2 was registered in town. Cadillac reported a low of 21. Over the state it was the coldest June 7 since 1931. As usual, the damage was spotted, the Jordan Valley reporting the heaviest damage.

One industrious citizen here in town set out his tomatoe plants Tuesday evening — and didn't cover them up. The local weather man took the cover, about as thick as window glass, off the bird bath in his yard Wednesday morning, so the robins could wash up for breakfast.

The outlook is slightly warmer Thursday, cooler Thursday night and Friday, warmer in northern sections Saturday and Sunday. We may get a few light showers Friday.

Ah, for the good old days when—
A wolf had four legs,
A line was a pencil mark,
And a pick-up was a truck!

What a School Bus Garage Will Cost YOU!

★ ★ ★

The board of education is asking for an increase in the tax limitation in the amount of five mills over a period of two years to erect a school bus garage. This would mean an increase in your taxes of \$5.00 per \$1,000.00 assessed valuation for each of these years which is surely a very small amount for each individual taxpayer to contribute towards providing permanent housing for our buses.

At present the district has to pay rent of \$10.00 per month per bus for six buses for temporary storage. There is considerable agitation at this time to use this storage space for a youth center and if such a decision should be reached by the City Council no other known space is available for bus storage so it would be necessary to leave a major portion of our fleet out-of-doors both winter and summer.

Let's not let this happen to the best appearing and best kept fleet of school buses in the State of Michigan.

To Celebrate Golden Wedding

PENINSULA COUPLE TO MARK OCCASION OF THEIR WEDDING, JUNE 10

Northern Michigan was a bustling lumber center when William Looze was married to Mary May Montroy at Charlevoix, June 10, 1899. In the past 50 years, the Loozes, both natives of the peninsula, have watched this area change into a resort and farm land.

Out on the peninsula, where Mr. Looze took his bride to live in the same home he was born and raised in, the Loozes will officially mark their 50th wedding anniversary Saturday at the Grange hall with a family dinner at 1:30 p. m.

At 3 o'clock an open house will be held for neighbors and friends for whom there will be refreshments which will be followed in the evening with a dance.

Since retiring from farming three years ago, Mr. and Mrs. Looze have resided on Court street in Boyne City. They sold their farm to their son Perry Looze, who has continued farming the property which the first Looze established as a homestead in 1868.

The Loozes had seven children all of whom are living. They are: Fred Looze, Charlevoix, now stationed with the US Coast Guard at Charleston, S. C.; Perry and Charles, of East Jordan; John Looze, Boyne City; Mrs. Pat McNulty, Ottawa, Can.; Mrs. Joel Kline, Petoskey; and Mrs. Lee Chambers, Cadillac.

Mr. and Mrs. Wm. Looze have just returned from a trip through Canada and Niagara Falls on which they visited their daughter in Canada. Mr. and Mrs. Lee Chambers drove them on the journey.

Summer Recreation Program

GETS OFF TO A BANG UP START UNDER COACH DEVINE

The East Jordan Summer Recreation Program under the sponsorship of the Community Chest and under the direction of Coach Dan Devine got off to a bang up start this week. With the purchase of a good deal of new equipment it will be possible to offer a varied program for all.

The adult softball team league will officially open Monday night at 6:30 when the Foundry meets the Rainbow Bakery. Deadline for entries into this league is Saturday night and there is room for one more team. The Midget and Cadet teams are being formed this week with Petoskey and Boyne City if possible. There seems to be enough interest in baseball to warrant the formation of a Midget handball team.

A badminton and volleyball court are in process of being set up and tennis and golf instruction will be worked into the program as soon as possible.

Because the ball diamond is getting so much use the women's softball league will open in another week. Already a number of both young and old have signed up to play. If you are interested contact Coach Devine.

Following is a temporary schedule to start out Monday. This will change somewhat from week to week:

MONDAY
12:30-2:30 — Midget Softball practice. Ages 8-11.

Faust — Trojanek

Esther Faust, daughter of Mr. and Mrs. Elmer Faust from the Peninsula, and Donald Trojanek, son of Mr. and Mrs. Lewis Trojanek of East Jordan, were united in marriage, Saturday, June 4th, at the home of the bride's brother-in-law and sister, Mr. and Mrs. Jack Craig, in this city. The house was decorated with bouquets of white iris and spirea. The single ring ceremony was performed by Elder Ole Olson in the presence of the immediate families.

The bride chose a beige suit and wore a corsage of white carnations. Her bridesmaid, Miss Hilda Olson, wore a blue suit with a corsage of pink carnations. The groom was attended by Daniel Faust, brother of the bride.

Following the ceremony, a wedding dinner was served at the home of the bride's parents to the bridal party and the immediate families.

The new Mr. and Mrs. Trojanek will make their home in the Craig apartment on Maple St.

Veteran of Army, Arthur Rude Passes State Bar Tests

Arthur M. Rude, 29 years old, 56 Delaware Avenue, is among the 130 candidates who passed the state bar examination, it was announced at Lansing today. Since his graduation from law school in February, Mr. Rude has been associated with Attorney George D. Stribley.

A native of East Jordan, Mr. Rude was graduated from high school there in 1938. He received his A. B. degree from Michigan in June, 1942 and the following month he entered the Army where he served until his discharge in 1946. He returned to Michigan and completed his law course this year.

Mr. Rude married the former Vivian Maze, of Muskegon, here Jan. 31, 1944. They have two children. — Muskegon Chronical, June 1, 1949.

June WSCS Meet

The June meeting of the WSCS was held at the home of the president, Mrs. Agnes Darbee. Mrs. Mabel Winstone and Mrs. Alice Blossie were co-hostesses. Mrs. Maggie Rogers gave the program entitled, "Darkness Turns to Dawn in Africa." Mrs. Ruth Vance gave the devotionals. We are happy to have Mrs. Etta Jones, Mrs. Elva Barrie, and Mrs. Meta Robinson attending during the summer months.

Star Farm Bureau

The Star Farm Bureau met with Mr. and Mrs. Lyle Peters, Wednesday evening, May 19. Meeting called to order by the vice-chairman, with fourteen members present and five visitors.

Discussion on the Branman Bill, led by Clayton Healey. Mr. Block and Jim Fedler of Charlevoix were present. Jim gave a very nice report of his trip to Lansing and his visit to the Fertilizer Plant at Saginaw.

C. Nicloy was elected on the Hospital committee. Mrs. Fay Leu gave a report for the Farm Bureau ladies. The next meeting will be at the Clayton Healey home, June 21. Pot luck lunch served.

groups will have preference in using the diamond and equipment at these times, but there is plenty of room for everyone.

Mrs. Sadie Liskum has donated one afternoon a week during the summer to the younger people. She will work with basket weaving, storytelling, and many other interesting things for younger children. A more capable leader would be hard to find so we are indeed fortunate to have her services. Wednesday afternoon will be her day.

Activities of Our Community Chest

OFFICERS ELECTED. PRESENT PROGRAM of ACTIVITIES

At a meeting of the Board of Directors of the East Jordan Community Chest on June 2nd, the following officers were elected for the ensuing year:

President — Mrs. John Porter
Vice-president — Burl Braman
Secretary — Thomas Galmore
Treasurer — Roy Jenkins
Other members of the Board are: Robert Campbell, Mrs. Harry Watson, Jason Snyder and Mrs. Hugh Gidley.

Dan Devine was present and told of his plans for the summer program. He presented a bill of \$170.82 for playground equipment including balls, bats, badminton sets, etc., which was allowed and paid.

Mrs. Sadie Liskum has volunteered a half day a week for a handicraft program and \$15.00 was allowed her for materials.

The question of a Life Guard and Swimming teacher was brought up. Contrary to general opinion, Charlevoix County Red Cross has not recently paid for Life Guard services. They have sent many candidates to Aquatic School for training, but local communities have paid Life Guard salaries. Last year our Life Guard was paid partly by the city and the balance came out of a community fund. Physical education departments in most colleges train Life Guards.

It was announced at the board meeting that about three hundred dollars will be available from the United Health and Welfare Drive for county use for disabled children.

Mrs. Robertson has also been informed that several hundred dollars is being deposited at Munson hospital for those who have been crippled by polio. Mrs. Robertson has plans to draw on these funds immediately, since she has several cases needing aid.

Funeral Service for Ella May Wilkins This Friday Afternoon

Funeral services for Ella Wilkins, 71, wife of the late Rance Wilkins, who passed away at a nursing home at Oshtemo will be held at Watson Funeral Home, Friday, June 10th at 2:00 p. m. She was a former resident of the West Side in East Jordan.

Bids Wanted

The Postoffice Department is asking for bids on a lease of a building in East Jordan, suitable for Postoffice quarters.

All bids to be in by June 30, 1949. For additional information inquire at the local Postoffice.

Surprise Party

Mrs. John Knudsen gave a surprise pajama party for her daughter, Rena, last Friday night. Saturday afternoon they enjoyed a weiner roast near Fisherman's Island. The following girls report a most enjoyable time, sun burn included: — Anna Brock, Glenda Maxwell, Margaret Blossie, Shirley Babel, Esther Zitka, Mary Carlson and Rena Knudsen.

Funeral Services for Mrs. Josephine Stewart This Saturday Afternoon

Mrs. Josephine Stewart passed away, Wednesday, at the home of a daughter at Aiden.

Funeral services will be held at the Watson Funeral Home this Saturday, at 2:00 p. m. Interment at Sunset Hill.

Celebrate Golden Wedding

Mr. and Mrs. Wm. Looze, long time Peninsula residents, will mark the occasion with a family dinner, open house and dance at the Grange hall, Saturday, June 11.

EAST JORDAN HOMECOMING - JULY 4th

Do you remember way back when the Cohn Fire gutted the block from Gidley's corner to the postoffice? Note, picture was

taken from the veranda of the old Commercial House — approximately 1885-1890.

Spray Produces Early Tomatoes

Tomatoes will not set fruit as long as night temperatures remain low, says Dr. S. H. Wittwer, Michigan State College horticulturalist. Last year, however, some growers were able to produce ripe fruit two to three weeks earlier through the use of a hormone spray.

Dr. Wittwer, who has done much work with plant growth regulators, relates that fruit set depends on the presence of a hormone or growth controlling chemical. The chemical is not present in the flower in sufficient amount at temperatures below 59 degrees Fahrenheit.

Manufacturers have given the hormone, artificially produced, such trade names as Sure-Set, Tomatone, and other names. When it is applied, fruit settling results even through night temperatures are below 59 degrees Fahrenheit.

The hormone spray should be applied to the flowers while they are open. On commercial plantings special two-quart pressure sprayers are used in applying hormone. Ordinary household sprayers can be used on smaller plantings. The practice is to go through the field once every five days and spray all blossoms showing color. Care should be taken to spray as little as possible on the foliage.

Fruit set will be increased only as night temperatures remain below 59 degrees Fahrenheit. Fruit size will be increased somewhat any time during the season. Size increases of as much as 30 percent have been measured.

Why Jesus Died

Lesson for June 12, 1949

THE FACTS of Jesus' death were simple. They are told in the four Gospels without dramatics and without tears. Yet the drama is there, stark and terrible; and only the hard of heart can read it without tears.

There is a deeper question than what happened. Why did it happen? The first Christians were forced to think about the crucifixion. They all knew it was no legend. It was so. But they were hunted, as we are, with the question, Why? Here was a person whose teaching was truth, whose touch was health, whose life was love. You would have thought the world would welcome such a Dr. Foreman man, and give him the highest honors in its power. But instead, all it had for him were nails and thorns and a cross. Why? If God, who sees all things, knew that even his Son would come to no better end than a death of shame, why did God allow Jesus to be born, much less send him into the world, the world where the cross was waiting?

No Other End

THERE WAS, of course, "historical reasons" why Jesus was killed. If we used the words "murdered" or "lynched" it would be nearer the truth. Jesus' death, from one point of view, was both a tragedy and a crime, and the Gospel stories show this. Jesus died because Pilate was a spineless man.

Jesus died because the priests of Jerusalem saw that if this man won, they would lose, and they would commit murder rather than be defeated. Jesus died because the Pharisees had closed minds and would not listen to truth if they did not think of it first.

He died because Judas was a traitor, because his friends were cowards and even the best of them dared to show their faces only after he was dead. He died because the Jewish people had their minds set on one sort of Messiah, and when Jesus turned out to be quite another sort, they would have none of him. Being altogether the sort of person he was, in that kind of world, at that particular time and place, you could say, as Jesus himself did, that the Son of Man "had to" die. (Luke 24:26.) No other end was possible. There was no help for it... except to turn coward and hide; and if he had been capable of that, he would not have been the Christ we know at all.

The Plan of God

THEN was Jesus simply a victim of circumstances? Was he no better than a fly caught in fate's dark web? Far from it. The Christian church has always believed, even before these stories of the crucifixion were ever written, that the death of Christ was the plan of God. In fact, it is at the heart of God's plan for mankind.

It is by the death of Christ that God reconciles man and brings men back to himself. The Christian church believes and teaches that Christ died for us, that is, for you and for me. We believe that this was not simply Jesus' own idea, something God had not thought of till Jesus suggested it.

We believe that this was the intention of God "from before the foundation of the world." The God who is over all, works through all things, even very evil things, to make his love known.

"That The World... Might Be Saved"

MEN had long thought of God as living in far-off heaven, seated on a throne, high and lifted up. A just and mighty God, one who cannot be touched with any human weakness, a holy and infinite Lord of the universe,—such a God men knew. But on earth there walks and suffers a race of men who are slaves of sin, slaves to evil. How can such a God help such men? Not by staying on his throne and hurling down more curses. Only by doing what men would never have guessed God would dare to do—come into this world, himself as a man, translating himself into the life of man; putting his shoulder under the human load, even bearing "our sins in his own body on the tree" (1 Peter 2:24).

CAN THE ATOM BOMB KEEP THE PEACE?

The atom bomb is the greatest agent for peace in the history of mankind, because if it is ever used, the war-making abilities of a nation may be destroyed in thirty days! — Read "Atomic War Strategy Holds Hope for Peace", in The American Weekly, great magazine distributed with Sunday's (June 12) issue of The Detroit Times.

A young man was anxious to have his fortune told. He went to a swami. As he sat at the table, he noticed the crystal ball had two holes in it.

"What's the idea of the holes?" he asked.
"On Wednesday nights" exclaimed the swami, "I go bowling."

WEEKLY NEWS ANALYSIS

Russians Urge West German State Be Wiped Out; Ask 4-Power Rule; Congress Curtails 'Must' Legislation

EDITOR'S NOTE: When opinions are expressed in these columns, they are those of Western Newspaper Union's news analysts and not necessarily of this newspaper.

GERMANY: A Sour Note

The Big Four conference in Paris was underway. For the first time in the cold war between East and West there was real hope that harmony would be forthcoming.

In fact, Secretary of State Dean Acheson had been warned by Senator Vandenberg, senate foreign affairs committee chairman, not to be too aggressive with the Russians, but rather to keep open, if possible, the door to lasting peace.

WITH the Russian blockade of Berlin lifted and the Soviets apparently ready to sing a new tune in world cooperation, the theme of the conference was to be harmony. But the delegates hardly had time to warm the seats of their chairs before the Russians were at it again.

Russian Foreign Minister Andrei Vishinsky blandly proposed that the council of foreign ministers wipe out the new west German state and return German affairs, including direction of the Ruhr, to four-power control machinery.

MANY had expected this course by the Soviets. They had predicted that lifting of the Berlin blockade was done to soften up the ministers for this very proposal. But it didn't work. All three western powers immediately rejected the proposition.

The Soviet foreign minister showed little tact. He led up to his proposal with a long tirade denouncing the U.S., Britain and France for what he termed "violations" of the Potsdam agreements. SOVIET ideology could not tolerate a separate German state with autonomous powers and there was little question that the Kremlin would stand firm in this position.

On the other hand there was no possibility that the western powers would recede from their intention to return government of Germany to the German people. Thus it would seem the impasse was clearly established.

For the U. S., Dean Acheson delivered himself of what might well be the decade's masterpiece of understatement when he called the Russian suggestions "disappointing."

But then he summed up the world's reaction when he added: "My hopes are distinctly chilled."

CONGRESS: Let's Wait

A lot of "trouble for nothing" might be an apt phrase to describe all the national agitation against President Truman's health insurance and civil rights proposals—for his own leaders in congress erased the issues by taking both hotly-contested items of legislation off the "must" list.

ALSO slated for further delay was the administration's four-billion-dollar tax increase plan, the equally controversial Brannan farm program and the foreign-arms proposal.

This left only three measure bills for top priority action. They were: 1. Extension of the reciprocal trade program which has passed the house but is stalled in the senate.

2. Repeal of the Taft-Hartley labor act.

3. Ratification of the North Atlantic security treaty which requires only a two-thirds majority vote in the senate.

SENATE MAJORITY LEADER Scott Lucas indicated action might be sought before adjournment on minimum-wage boosts, the international wheat agreement, and a pay raise for top government executives and military personnel.

Speculation was that decision to abandon for the time the compulsory health insurance program stemmed from mounting congressional clamor for sharp cuts in government spending, with the civil rights legislation delay believed motivated by fear of a southern filibuster. Congress wants to adjourn by August, and consideration of any of the "powder keg" legislation might make that impossible.

LUCAS said he thought President Truman was "definitely satisfied" with the progress being made.

That surprised some legislators, for unless congress repeals the Taft-Hartley law, the President will be unable to point to accomplishment of any of his campaign pledges when congress adjourns.

STAND-IN IN DOGHOUSE

Goose on Loose Perturbs Gold Rush Fete

Genevieve the goose was on the loose and her successor was in the doghouse.

Genevieve the first was a plump young bird bought from a farmer to play the role of the goose that laid the golden egg for the Women's Medical college '49 Gold Rush fete in Philadelphia. An important role which the ladies were determined to see done right.

Potent Vote

POTENT VOTE . . . This lone woman voter, to whom a pair of shoes would be a Godsend, is shown as she cast her ballot in the elections held in the Russian zone of Germany. The Russians had hoped to make a big propaganda gun of the election—a gun that would be used in the "Big Four" conference beginning May 23. But the Soviets had to admit that one-third of the valid ballots cast voted against the all-Communist slate.

FORRESTAL:

"Better to Die . . ."

"Comfortless, nameless, hopeless, save in the dark prospect of the yawning grave . . . better to die, and sleep the never-waking sleep than linger on . . ."

With the import of these lines from Sophocles' "Chorus From Ajax" so obviously goading his consciousness, James V. Forrestal, former U. S. defense secretary, plunged to his death from the 16th floor of national naval medical center in Washington.

FORRESTAL had been under treatment for "operational fatigue" since April 2. Attendant physicians said he had been considering suicide, that the nature of his malady indicated this mental condition as an inescapable adjunct to it. But they felt he was getting better; in fact they had hoped to release him from the hospital in 30 days.

As secretary of defense, Forrestal labored under a burden such as few national servants have carried. His was the job of directing the gigantic naval program during the war, as well as the almost hopeless task of attempting unification of the armed forces. The strain was great and a sympathetic people could understand why it might have broken a strong man.

President Truman took full cognizance of Forrestal's worth when he declared the former defense secretary was "as much a casualty of war as if he had died on the firing line."

BUT there was an added burden weighing on Forrestal. That was a burden of attack and vilification from two of the nation's top radio newscaster-columnists. After his shocking death, the press of the nation began to revalue the impact of its effect and that of the radio.

Some nationally-syndicated observers charged that the attacks upon Forrestal via radio and in print had added to his load of desperation. They advanced the premise that unless some check was put upon this type of journalism, it might discourage many able men from entering government service.

There is possibly no agony of mankind comparable to that which must go on in the mind of the man about to take his own life. It is wholly foreign to the concept of the normal, every-day mind. Certainly it flies in the face of the very first natural law—self preservation. Weighing all this, it is difficult to understand how there could be anything but sympathy for Forrestal, and an honest effort to understand something of the torturous mental suffering which drove him to leap to his death.

JOB OUTLOOK:

Better for Grads

With starting salaries holding firm at last year's record high levels, signs of a last-minute pick-up in jobs for the mammoth 1949 class of college graduates were showing up, according to an annual employment survey by the family economics bureau of North-western National Life Insurance Company.

Although two-thirds of the 133 colleges and universities covered to date find their total employment calls all the way from slightly to "disappointingly" below 1948, schools reporting in the final week of the survey have shown a much better ratio, the summary says. Approximately half of the late responses report their record of job offers to date as equal to or slightly above 1948 experience.

DARTMOUTH college's school of business administration observes, for example, "We were disturbed by the February-March slump, but the later pick-up has 'wiped out our losses.'" St. Louis university also reports that demand faded in February and March, but "as of the past six weeks it has begun to develop beautifully." University of Nebraska's college of business administration notes a stronger employment demand in the last ten days. But Duquesne university at Pittsburgh reports, "Calls in general are less than in 1948 except those for sales personnel which have increased."

Boston university says job offers are 7 per cent fewer than last year; Ohio State finds about the same number of employers represented on the campus this spring, but each firm taking fewer men. Yale university has recorded more employment calls than as of a year ago.

FIVE out of every six schools listed in the survey report starting salaries to be as high or higher than last year. Prevailing range of offers is from \$200 to \$275 per month for business administration and liberal arts seniors, and from \$225 to \$325 for engineering grads, with exceptional men getting still higher offers. Illinois Institute of Technology reports: "The class of 375 engineers graduating January 29, 1949, averaged \$280 per month for a basic 40-hour week; this is the highest average salary of any class in our history."

TOURISTS:

More Cultured

The American tourist these days was coming in for a new type of treatment from his overseas hosts. For instance, in Capetown, South Africa, according to merchants, the new tourist is not the "vulgar type which used to invade Europe in hordes, wearing horn-rimmed glasses and loud clothes."

"THIS new American is well bred, quiet, wealthy, but has the familiar souvenir mania," said one curio dealer. "One bought everything I showed him. 'Is it genuine Zulu?' he kept asking."

Then, the dealer added, "he took all my shields, assegais and beadwork. I had to call a ricksha to get the stuff down to the ship. And when he saw the ricksha, he wanted to buy that."

AMERICANS no doubt will palpitate with pride at this new evaluation of their cultural level by those abroad who profit most from tourist business—but most will console themselves with the fact that so long as he has any money, the American tourist will manage to get along quite well wherever he may be in Europe or elsewhere.

Victims

Mrs. Ralph J. Fugatt holds Mark Richard, 7 weeks, at their Springfield home. Her husband has never seen his son because he is in Rutland, Vermont jail under an early 1800 law which demands payment of court judgment or paupers oath.

CRIME:

Penalty Apropos

A Midland, Mich., judge sagely fitted the punishment to the crime in a case in municipal court. Two youths, 21 and 18, were brought in on a charge of crashing a wedding party and running away with the wedding cake. They said they did it on a dare.

After pondering a moment, the judge ordered the culprits to buy a wedding present and give it to the newlyweds.

FROZEN MEALS SAVE TIME SPENT IN KITCHEN

Wishing you had more free time to spend in your yard and garden these nice warm days? One way to find it is to cut down on the amount of time spent in your kitchen.

Saving time spent on food preparation is one of the easiest ways to get out of your kitchen. Mary Knight, frozen foods researcher at Michigan State college, suggests the use of your home freezer to simplify meals.

Preparing cooked or baked foods

for freezer storage is not difficult and your freezer can be a treasure house of ready-to-eat meals. You'll find it helpful to freeze foods that require long preparation, and need little more work to prepare in quantity than in small amounts.

Combination dishes are ideal for storage and can be served quickly from your freezer. Stews, chicken a la king, baked beans, and meat balls in tomato sauce are good for freezing. Cook the vegetables and meat until barely tender. This avoids overcooking when reheating. Do not use potatoes or rice as they do not freeze well.

Cool the foods quickly and put just enough for one meal into moisture-vapor-proof packages. Freeze immediately. Keep a record of what you have frozen and when you froze it. Don't keep it frozen too long.

For freezing baked goods, select a reliable recipe and use the best ingredients. Double action baking powder may give you a product with greater volume.

He was as smart as the next guy, but the next guy always turned out to be a jerk.

"Funniest thing! I keep thinking I see elephants!"

Dan: "You do—y'see, I'm gonna parade these elephants around town, carrying an important message to folks. This first baby, here, carries a great big 'LENNOX' sign. It's the most famous name there is in home heating! And the second elephant sign'll say, 'World's Largest.'"

Ted: "Sounds impressive!"

Dan: "Sure—there's no company more prominent in its field; they have over 5,000 experienced dealers like me all over America!"

Ted: "And what'll the other two elephants have to say?"

Dan: "Their signs'll read, 'Manufacturers and Engineers of Warm Air Heating Systems.' Those first three words show why Lennox systems are so efficient; they're built by experts!"

Ted: "And the last part tells me there're lots of Lennox systems!"

Dan: "Dozens and dozens of 'em in sizes and types for gas, oil, and coal! What d' you think of my idea?"

Ted: "Super-colossal, Dan! And here's some more advice: better sign me up for a Lennox System right now."

NEW WAY

to tell the best-tasting beer in Michigan!

A. ALTES LAGER beer is made exclusively in closed vats, unlike other beers made in open vats.

B. Beer made in closed vats tastes better—because air or anything else harmful can't get in—and no flavor can escape from a closed vat.

C. Compare the exclusive aged-in, sealed-in flavor of ALTES LAGER with any other beer. Your taste will tell you it's better because it's made in closed vats!

It's made in closed vats!

Winner, Fourth National AAA Traffic Safety Poster Contest.

Because they unthinkingly walk in the same direction as traffic is moving, too many pedestrians are killed by passing cars on rural highways each year. Now that hikes in country areas are again in season this prize winning AAA safety poster has been distributed to every city school in the state by the Automobile Club of Michigan along with safety lessons for each student.
