VOLUME 53

EAST JORDAN, MICHIGAN, FRIDAY, JULY 1, 1949

NUMBER 26

## REMEMBER WAY BACK WHEN

East Jordan had board walks and telephone - electric light wires did not clutter up Main Street. Note the lack of pavement. At the right foreground is the Lumber Co. Store. Just beyond is the Weikel (Russell House) building, now postoffice. Mrs. Weikel may be seen on the porch. At the left foreground is (we are told) the Moblo photograph gallery. The Maddock blacksmith shop is next. Please note the same oak tree stands as it does today. Beyond this is the Renard building - Chris's Men's Wear.

The Herald is indebted to Mrs. Rebecca Smith for this picture.

### Eve & Dell Restaurant Opening Under New Management

The "Eve & Dell" Restaurant, closed since late last fall, will be opened again this Saturday under the management of Pete and Zella Baker (Mrs. Toner.)

The former Mrs. Toner is well-known in East Jordan and Charlevoix as a first-class restauranter and will give the citizens good food, well prepared, at reasonable prices. Hours are from 6:00 a. m. to 11:00 p. m.

### Legion Auxiliary Lawn Party A Great Success

The American Legion Lawn Party for Legion, Auxiliary and their guests, which was held at Eva Peterson's, Tuesday evening, June 28th, was a great success with 100 present. The weatherman was on our side with a beautiful night.

A program was given with the able Merle Crowell as Master of Ceremonies.

The program was as follows:  
Song, "America" by group, led by Bill Healey.

Duet, "Whispering Hope", Thelma Evans and Millie Swafford.

Barber Shop Quartet - Albert Omland, Bud Brown, Bill Healey and Roy Jenkins.

Songs - Leonard Thompson and Beryl Walker, accompanied by Beryl playing his guitar.

Song - "Down by the Old Mill Stream", Millie Swafford, Thelma Evans, Merle Crowell. (First with slow temp, then fast with Merle getting in a few quips).

Songs - Wade Healey (with ukulele), Leon Peterson (with guitar).  
Song - "Forever and Ever", Millie Swafford, Eva Peterson, Thelma Evans.

Mouth Organ - Gusta Hayes.  
Group Singing led by Bill Healey.

Everyone then marched in to the table for a cafeteria style lunch, and the majority retired to the lawn again to eat.

### Pfc. Francis Haney

The casket remains of Pfc. Francis Haney, East Jordan's sixth soldier to make the supreme sacrifice, accompanied by an Army escort from the Chicago Distributing Center of the American Graves Registration Division, arrived by train in Ellsworth, Tuesday evening, was met by R. G. and H. E. Watson and American Legion escorts and taken to the Watson Funeral Home where the remains lay in state until Thursday morning, June 30, when burial services were held at St. Johns church, Bohemian Settlement for the second World War II fatality from that par-

ish. Services conducted by Rev. Jerome Szydlowski. Military services were conducted by Rebec-Sweet Post, 227, American Legion, at St. Johns Calvary Cemetery.

Francis Haney, son of Mr. and Mrs. Fred Haney, was born Nov. 16, 1925 in Wilson township, Charlevoix County. He attended the Cedar Valley School and East Jordan High School. He was a member of St. John's Catholic church in the Bohemian Settlement. He entered in the service May 28, 1943, and left for Italy Dec. 1st, 1943. He was killed in action Sept. 25th, 1944, in Italy, three months after returning to duty following hospitalization for a hip wound.

Surviving are his parents and eight brothers and sisters - Margaret Lewis, Buffalo, N. Y.; Robert, at Briggs Field, Texas; Fred and James, sailing on the Great Lakes; Beatrice Francis Elmira; Dorothy, Edna, and Leslie, East Jordan.

Mrs. Lillian Smith and girl friend, Mrs. Ruth Kindle of the Ogden Hotel at Kalamazoo stopped to spend the week end with Mrs. Smith's mother, Mrs. Ida Teachhunt, and Mr. Hath on their way home from a visit at Alberta, Canada.

## East Jordan To Celebrate July 4th In Fitting Manner

WILL BE HOSTS AT CHARLEVOIX COUNTY HOMECOMING

East Jordan plays host to the Charlevoix County Homecoming scheduled this year for July 4th.

Under the sponsorship of the Chamber of Commerce, the city will be thrown open for a big celebration with carefully laid plans for a full day of festivities.

Starting with a morning salute at 6 a. m. which is to be loud enough to wake the soundest sleeper in the city, and ending with a display of fireworks over Lake Charlevoix, the 1949 Homecoming will become a memorable day for thousands of expected visitors.

### Changes In Game Laws

Game law revisions enacted by the state legislature and approved by the governor authorize the conservation commission to establish open seasons for deer in Leelanau, Benzie, Charlevoix, Grand Traverse, Antrim, Mason, Manistee and all counties south of Townline 16.

Added to the list of counties where deer of either sex may be taken with bow and arrow are: Lake, Mason, Alger, Delta, Wexford, Grand Traverse and Baraga, Alcona, and Manistee counties as well as Drummond Island (part of Chippewa county).

Additional changes:  
Authorize conservation commission to establish hunting hours for game during their respective seasons;  
Provide a noon opening for trapping seasons;

Remove earmarking of the fox bounty fund and the \$1.50 deer fund for more flexible game protection use;

Require archers to unstring bows when carried in cars;

Add aircraft to vehicles in which loaded firearms may not be carried;  
Provides that in trapping mink and muskrat only steel traps with a jaw spread of not more than four and three-fourths inches may be used;

Limit traps to not more than six-inch jaw spread in taking any other animal except bear, muskrat, or mink; and

Provides penalty for parent or guardian of a minor who permits such minor to hunt upon lands which not regularly domiciled, unless accompanied by someone over 17 years of age.

### Charlevoix County Pomona Grange

Meets at Maple Grove Grange Hall, Monday, July 11, at 8:30 p. m. Short business meeting. Program by Youth Committee in charge of Mrs. Hazel Murray. Potluck lunch served after the meeting. Plans for picnic in August will be made.

Char. Co. Pomona Grange  
Howard Brumm, Sec'y.

### Cedar Rest Resort

Mr. and Mrs. E. G. Driftmeyer of Indianapolis, Ind., are again at Cedar Rest, near East Jordan, for their vacation with their two daughters, Carol and Ann. They will do a little fishing and resting. Mr. Driftmeyer has become a convert of trout fishing and will do the Jordan River under the capable handling of one of the Kotowich brothers.

Mr. and Mrs. Henderson and daughter of Detroit are at Cedar Rest for a rest and some fishing. Mr. Henderson is employed with Armour Co. in the Dairy Dept. This is his first visit to the north.

Mr. and Mrs. Paul Miller of Huntington, West Virginia, are again at Cedar Rest for their month vacation during July. Mr. Miller has had some good luck with his fishing, getting a few nice bass and some pan fish.

Mr. and Mrs. E. L. Lauhon of Saline, Mich., were guests of the Millers' over the week end. Mr. Lauhon is the owner of the Ann Arbor Aero Service Municipal Air Port, Ann Arbor, Michigan. With them were their two sons, Eddie and Dick.

President Hollis Drew announced committees in charge have reported the following entertainment for the 4th:

Parade Chairman Harold Bader anticipates some 40 decorated vehicles and floats plus representation from the Charlevoix and Boyne City Chambers of Commerce and their High School Bands, to take part in the parade scheduled for 10 a. m.

Immediately after the parade the three bands, including E. Jordan's, will play for a Patriotic song fest at E. Jordan's Memorial Park on the water front.

Motor Boat races will be next on the program. Edgar Bowerman, head of the race committee, announced that Scotty Marathon, Bellaire, one of the founders of the National Chain of Lakes Marathon, has accepted an invitation to officiate at the races. Out of town judges have been invited, including Jim Christenson, Mgr. of Boyne Mountain Ski Lodge and Hugh Doherty, Michigan State College Coach.

Highlight of refreshments for the day will be the serving of free coffee along with sandwiches from a huge steer that will have been roasting over charcoal for some 36 hours. Henry Elzinga, Ellsworth, famous for his preparation of Ox Roasts, plans to serve from noon throughout the day for as long as the barbecue meat lasts. Merrit Shaw, Chairman of the Barbecue Committee, personally selected the beef, which has been hanging in readiness for the oven where Elzinga will place it wrapped in several layers of cheesecloth, Saturday evening. All night for two nights and one full day, the steer will be roasted and basted over the charcoal.

Barney Adair, Concession Chairman, will be in charge of distributing ice cold drinks and ice cream.

Childrens events planned by City Recreation Leader, Dan Devine, assisted by Max Damoth, include canoe tilting, baseball throwing, swimming and foot races for both boys and girls in various age groups, and a sack race. Devine also said entries would be taken for a fat man's race, and there is a possibility of a nail driving contest for women. The contests, like the Ox Roast, are scheduled to take place at the Tourist Park.

For the baseball fan's pleasure, an afternoon game between the Boyne City and East Jordan Independents has been scheduled for 2 p. m.

Following the ball game, plans call for a horseshoe contest and a shuffleboard tournament.

The recently formed East Jordan Barbershop singing group will offer selections at 8:30 p. m.

Secretary of the Chamber of Commerce, Earl Clark, said that the fireworks will emanate from a point near Tourist Park and will be visible from all the area surrounding the south arm of Lake Charlevoix.

Plans have included the possibility of rain on the 4th. The Ox Roast will still be served from the large log cabin at the park and all other activities will progress as planned.

### All For Christ Youth Rally

Once again we invite the old and young to attend our youth rally in this area. The rally will be held at the Finkton Schoolhouse July 2 at 8:00 p. m.

Rev. C. J. Rediger, director of the Rural Missionary Association, will be coming up from Morton, Ill., for this rally. Special music will be given by members of the party that will be with Rev. Rediger.

We have been pleased at the rallies to have the young people taking part in the program by offering special musical numbers. So again we will be expecting each group to have a number.

Again we stress the importance in reach of the youth of today for Christ. Won't you Christians pray with us for these rallies also come and show the youth that you are interested in their spiritual life. Remember "Only one life, will soon be past. Only what's done for Christ will last."

### All Day Services to be Held at Finkton Schoolhouse, Sunday

Sunday, July 3, we will have Rev. C. J. Rediger and party with us. We will start the day by having Sunday School at 10:30 a. m., followed by a message by Rev. Rediger.

A pot luck dinner will be served at noon.

In the afternoon we will have an old fashion song service and again a message by Rev. Rediger.

We invite you to attend all of these services or part.

### Foundry Maintains Top Softball Spot

Monday night the East Jordan Iron Works defeated the American Legion 5-2 to keep on top of the League. "Monk" Cihak worked on the mound while Vale Gee led the batting. Dick Hamerski lashed out a triple in the fifth inning also for the Foundry. Chuck Saxton, Legion shortstop, came up with many nice plays. In the second game the Merchants trounced the Co. Road 22-6. Leo Somerville had a home run and Harry Jankovik had a triple. Bill Taylor, Merchants' second baseman, had four singles, 2 touchdowns and a basket.

Friday night the Bakery defeated the E. J. Cleaners 13-2 with Chuck Gouin on the mound. In the second game Chuck and Bill Saxton led the Legion to a 11-5 victory over the Merchants. Leo Somerville again hit a home run and "Bud" Hite two for three for the Merchants.

### Welfare Fund Ran Short

WAS ENCOURAGING BUT TOTAL NOT REACHED

The result of the United Health and Welfare Drive for Charlevoix County, conducted last February, was encouraging, although the county quota was not reached.

For the purpose of the drive, the townships were divided among the three cities with headquarters at Charlevoix, East Jordan and Boyne City. Each section was to raise \$1200 making a total budget of \$3600. Charlevoix was the only one to make the quota:

Charlevoix	\$1299.70
East Jordan	965.00
Boyne City	351.46

Total \$2618.16  
This result means the funds will have to be prorated. Since some of the agencies conducted drives of their own, the extra money raised will be used in the county for local needs.

We also have an emergency fund that will take care of disabled children needing services, to be used by our community nurses. Three or four hundred dollars will be deposited at Munson hospital to be used by those disabled by polio.

Since there was confusion about the drives this year and since this was our first attempt to have a united drive, the result was satisfactory. No local need will be sacrificed because we did not reach our goal.

### Used Clothing Needed For Community Service

We are in need of used clothing at our Community room to begin working on our fall program.

We can do the mending and ironing, but we do not have the facilities for washing and cleaning.

The Community room, which is located in the basement of the City building, will be open Wednesday afternoons from 1:00 p. m. to 4:00 p. m.

### Jordan Twp. Resident Pleads Guilty to Shooting Deer out of Season

Clayton Pinney of Jordan Twp., Antrim County, was arrested June 24, for shooting deer out of season. He was apprehended by Conservation Officers Julius O'Brien of East Jordan; Ed Hartnell, Boyne City; and Wesley Miles, Bellaire.

Pinney pled guilty before Justice August Banowske of Bellaire, Saturday, June 25, and was ordered to pay a fine of \$50.00 and costs of \$6.85, plus 15 days in jail, or, if unable to pay, 35 days in jail.

### Completes Pavement From Miami, Fla., to Sault Ste. Marie, Mich.

A long time wish of northern Michigan residents and visitors is being realized at special ceremonies, Saturday, July 9, to mark the completion of a paved highway from Miami, Fla., to Sault Ste. Marie, Mich., on the Canadian border.

Paving of the last 6.6 miles is just about completed between Boyne Falls and Elmira. To mark the event, Charles M. Ziegler, state highway commissioner, has been invited to ceremonies by a committee of county road commissioners and chambers of commerce in Emmet, Charlevoix, and Antrim counties.

Present plans call for a barbecue on top of Elmira Hill at 4 p. m. July 9. A brief history of the development of US-131 will be given by Wilson J. MacDonald, a former Michigan man, who is now with the state highway department.

Charles T. Lathers, Brutus, president of the State Ass'n of Road Commissioners, is chairman of the drive. E. O. Nyman and Herman W. Kays of Petoskey are the committee in charge of the free barbecue and they are making plans for 2,000 guests.

Free pop, popicles and ham will be given away right after the official dedication.

### HOW'S THE WEATHER?

Temp.	Rain	Snow	Wind	Weather	Cond'n
21	87	63	.30	N	clear
22	78	50		SW	clear
23	76	54	.26	SW	pt cldy
24	82	61	.10	SW	cloudy
25	80	65	2.32	SW	cloudy
26	81	65		SW	clear
27	84	55		SW	clear
28	84	63		SW	pt cldy

Total - 2.88 inches of rain.

It is not often that Northern Michigan has a rainfall of over 2 inches in 24 hours. The following dates give the times when this occurred in recent years:  
Sept. 17, 1931 - 2.97 in. rain.  
August 6, 1935 - 2.45 in. rain.  
August 31, 1941 - 2.80 in. rain.

### Vacationers Are Killing Upper Peninsula Wildlife

Upper peninsula conservation officers are burying an increasing number of deer killed by vacationers, according to conservation department representative, P. V. Challancin.

An occasional collision with wildlife cannot be prevented he says, but too many drivers fail to slow up or make any effort to avoid killing game or damaging their cars. The conservation department pays no damage claims to owners of automobiles that are wrecked as a result of crashing into deer or other wild animals.

In a one night check the 29 miles between Rudyard and St. Ignace, conservation officer Ray Walker counted the following dead game: 1 deer; 27 rabbits, three woodchucks, two partridge, two porcupines, two red squirrels and one muskrat.

### Myers - Brennan

A quiet wedding took place at St. Joseph Parish, Monday, June 27, when Ilene Myers was united in marriage to John Brennan, both of this city. The ceremony was performed by Very Rev. J. J. Malinowski who read the single ring ceremony.

Mrs. Elwood Bricker, sister of the bride, was bridesmaid and the groom was attended by his brother, James Brennan. A wedding breakfast was served the immediate families following the ceremony.

The bride's grandmother was among the guests.  
The newly-weds are spending a week at Good Harbor on Lake Michigan after which they will be in the city until September when they plan to go to Houghton where John will attend the Houghton School of Mines.

### Homemakers' Corner by Home Economics Specialists Michigan State College

Homemakers who are interested in buying foods that are plentiful and therefore good buys during the month of July will have a number of foods from which to choose.

Cabbage heads the list of plentiful foods collected by the Production and Marketing Administration of the United States Department of Agr'l. Fresh and frozen fish will continue plentiful. Fryers from farm flocks and layers culled from flocks will contribute to the chicken plenty.

Fresh berries are added to the list of plentiful by Michigan State College horticulturists. Cherries, raspberries, blackberries and strawberries will add color and freshness to your July meals. Besides these Michigan fruits, California plums will be plentiful.

Processed fruits in good supply include peaches, mixed fruits and apricots. Honey completes the list.

Eggs, particularly grade B, will be especially plentiful and can be used to good advantage for scrambling and cooking purposes. There will be lots of cottage cheese for your summer salads.

Dried beans and peas and peanut butter will contribute to your protein requirements. Heavy supplies of Irish potatoes and canned corn will be on the vegetable list.

WEEKLY NEWS ANALYSIS

**GOP Leaders Rap Demo Depression And Plan Bill to Meet Situation; Brannan Plan Held Farm Vote 'Bait'**

(EDITOR'S NOTE: When opinions are expressed in these columns, they are those of Western Newspaper Union's news analysis and not necessarily of this newspaper.)

**FARM VOTE:**

**Bait Is Set**

There was more to the Brannan federal farm program than had met the eye. According to seasoned Washington observers, the plan would serve as a bait for the farm vote in the congressional races next year.

For instance, if administration leaders could extend wartime price support for another year, it would give voters a chance to pass on the controversial Brannan plan. Thus the plan could be dangled as a major issue when Democrats and Republicans began struggling for the important farm vote.

AT a midwestern Democratic conference, both Brannan, secretary of agriculture, and J. Howard McGrath, chairman of the national Democratic committee, made a plea for extension of the price support program as they began to plan for next year's tug-of-war with the GOP.

McGrath, making it plain that the Brannan plan has Mr. Truman's endorsement, said continuation of the present relatively high-price support program was to be preferred to the Aiken long-range farm law passed by the 80th Republican congress. Unless congress acts, McGrath pointed out, the Aiken law will go into effect next year.

The Brannan plan is designed to support farm income at a "prosperity" level, but at the same time to provide consumers with lower prices for perishable foods—especially meat, dairy and poultry products—when there are surpluses. It would use government payments to assure desired farm cash returns.

PRESENT laws direct the government to support prices of major products at not less than 90 per cent of parity.

**CONJURER:**

**Name, Smile**

Franklin D. Roosevelt, Jr., who inherited a name and a smile to conjure with and wasted little time in conjuring with them, has been duly sworn in as a member of the house of representatives.

The 34-year-old congressman from New York's 20th district, filling the seat left vacant by the death of Sol Bloom, ran as a candidate of the Four Freedoms and Liberal parties, although he will operate as a working Democrat in the legislative arena.

ROOSEVELT failed to get the regular Democratic nomination during the campaign so he ran on the Four Freedoms ticket. In so doing he scored a popular upset over the regular (Tammany) Democrat, a Republican and an American Labor candidate.

The third son of the late President took the oath from Acting Speaker John W. McCormack (D., Mass.), while his mother beamed happily from the gallery.

During his first day on the job Roosevelt:

CHATTED briefly with President Truman; denied a rumor that he might run for mayor of New York; allowed that he hoped congress would repeal the Taft-Hartley labor law, enact Mr. Truman's civil rights program and put through a national housing act.

It all looked like a reasonable beginning for another Roosevelt political career.

**HOUSING:**

**Action Seen**

Indications were that despite opposition from many quarters, the administration's big new housing bill would get out of committee and go to the house floor for action.

THE RULES committee, which twice last year killed similar legislation, had refused to clear the current bill. But Rep. A. J. Sabath (D., Ill.) was predicting the committee would act to clear the measure.

Sabath was on fairly safe ground, for under the new house "anti-bottleneck" procedure adopted in January, the multibillion-dollar housing bill could be put to a house vote over the rules committee's objections.

THE housing program, one of President Truman's major campaign promises, was approved by the senate April 21 on a 57 to 13 vote. It then bogged down in the house.

The bill calls for a vast program of slum clearance, low-rent housing and farm housing aids.

**SCHOOL AID BILL OPPOSED**

**Eisenhower Warns of Too Much Government**

Dwight D. Eisenhower, speaking not as a military leader but as a college president, again saw fit to warn the nation against letting the federal government get too strong. It was the second time the supreme commander of Allied forces in World War II had issued that warning.

Declaring that he is opposed to legislation which would make fed-

**Bares Mission**

Ex-Communist Editor Louis Budenz is shown as he told a senate committee that Gerhard Eisler, who fled the U.S. as a stowaway, was ordered to Europe by Moscow to train "new espionage agents" for use in the United States. Budenz testified in connection with the committee's probe of subversive activities by aliens.

**DEPRESSING:**

**'Right Now'**

"I regret," the senator from Maine said, "that we are now in a state of depression. It is not a thing of the future. It is right now."

After thus evoking the spirit of the 1930's, Sen. Owen Brewster announced blandly that senate Republicans shortly would sponsor a 50-million-dollar public-works and relief-planning program "to meet the growing Democratic depression."

THE BILL to be projected along these lines would not in itself provide funds for public works, but merely would finance the planning of a "shelf" of such works to be started when deemed advisable.

Sen. Robert Taft (R., Ohio), who also is in on the deal, said that what he had in mind was a bill that would establish the framework for federal grants to states if their relief cases should reach a certain percentage of their total population. Said Taft: "What we Republicans want to avoid is the creation of another WPA like Harry Hopkins ran."

Without trying to guess how much relief spending might be necessary under such a plan, Senator Brewster opined that would "depend upon just how bad this Democratic depression gets."

Whether this "relief bill" proposal is sincere or whether it is a cynical attempt to discredit the administration in the face of the coming 1950 elections, only time would tell.

**TRUMAN:**

**Drops Curb Bill**

There was one thing about President Truman—he was beginning to develop the ability to recognize a hint when he saw it. There have been times when the President seemed to suffer from an ability to do that, but now it's different.

The President, obviously with an understanding ear to the ground, has decided he won't press congress to give him standby war powers.

THAT'S not only wise of the President, it's good strategy, particularly since it would have been impossible for the administration to convince the 81st congress that any such powers are needed.

However, there was an official reason advanced for the change in objectives. One authority described the revision of plan as a "quiet demilitarization" of the national security resources board on White House orders. In other words, the emphasis would be away from keeping the people agitated and alerted for possible future war.

THE war powers bill would have provided a detailed mobilization act covering priority and seizure powers, controls over prices, manpower, production and transportation. It would, if enacted, go into effect automatically on the declaration of war emergency by congress.

Mr. Truman was said to have decided it would be inappropriate to try to get such a law passed in peacetime.

**RED CHINA:**

**Quiescent**

Communism, like the worm in the bud, was creeping swiftly through China as the presence of the Red conquerors began to make itself felt.

At one village meeting in northern China, a man, bewildered and dismayed by the use of the Russian hammer-and-sickle flag in Chinese Communist meetings and parades, ventured to rise and ask a question:

"WHY IS THIS DONE?" he said. "Russia is a foreign country and we are Chinese."

And the presiding political commissar snapped, "This subject is not on the agenda."

About the only thing that did show up on the agenda throughout the country was the puzzled but ready acquiescence of the Chinese to Communist rule.

As a result, the nation appeared to be well on its way to assuming a regular orbit as a winking satellite of Russia.

FOR THE MOST PART there have been no signs of coercion or compulsion in the relationship. There is every evidence that the Chinese Communists are in fact eager to follow the dictates of Moscow. And that revelation should be enough to destroy any illusion that the Chinese Communists are just simple agrarian reformers.

They are whole-hearted, completely dogmatic Communists, following the doctrines laid down by Karl Marx and adapted for 20th century application by his disciples, Lenin and Stalin—and by Mao Tze-tung, leader of China's Communists.

THERE IS as yet no conclusive evidence that the Kremlin is giving direct, active aid to the Chinese Communists. But the affinity and spirit of cooperation that exists between Moscow and Peiping, capital of Communist China, is tangible enough.

The application of China's internal situation to the rest of the world is disturbingly clear: Through the rule of Mao Tze-tung and his party, China inevitably is becoming a massive extension of the Soviet power-bloc.

**PRICE SUPPORT:**

**Smoke, Smoke, Smoke**

Arrangements for new price support programs for tobacco were announced by the federal department of agriculture.

THE government will make loans on flue-cured tobacco at 90 per cent of the parity price—as it was June 15. Loans on burley and other types of tobacco would be at the September 15 parity price, except fire-cured tobacco, which would be 75 per cent of the burley rate, and dark air-cured tobacco 88 1/2 per cent of the burley rate.

(Parity is a price based on the relationship between prices of the things the farmers have to buy and prices of the products they sell. The government uses a basing period during which this relationship of prices gave the farmer what it considers a "fair profit".)

THE RATES a pound at which the support prices will be paid was to be announced in July for flue-cured tobacco and for other types in October.

The full loans will be made only to tobacco growers who do not grow more tobacco than they are permitted under marketing quotas. These quotas have been set up for flue-cured, burley, fire-cured and dark, air-cured tobaccos. There are no quotas on other types.

**Didn't Like It**

Lewis L. Strauss (left) member of the atomic energy commission, confers with Chairman David E. Lilienthal after Strauss had told a congressional committee he had not approved shipment of isotopes to "friendly" nations abroad. He was called to the chair over protests of Lilienthal who said, "It is unusual to start with dissenting views."

**BUDGET TRIM:**

**Asked of Truman**

Congress apparently wasn't fooling about its demands for more economy in government. Nineteen senators, representing both major parties joined in sponsoring a resolution directing President Truman to cut federal spending by amounts from two million to four million dollars. The reductions would be made in funds provided for the new fiscal year, which begins officially on July first of each year.

**Annual School Meeting**

The annual school meeting of the East Jordan Rural Agr'l School District No. 2 will be held at 8:00 p. m., Monday, July 11, 1949 in the auditorium of the high school building for the transaction of such business as may legally come before this meeting, and to vote on the following questions:

Shall \$16,311.35 belonging to the East Jordan Consolidated Rural Agr'l School District No. 2 now on deposit with the State Bank of East Jordan—the said deposit being money left over after all bonds and interest have been paid which were voted by the above mentioned district in 1941 for the erection of a new school building—be transferred to the Building and Site Sinking Fund for the erection of School Bus Garage and Storage established by the vote of the qualified electors of the district at the annual election held, Monday, June 13, 1949?

2. Shall the Board of Education of the East Jordan Consolidated Rural Agr'l School District No. 2 sell the property known as the School Bus Garage and deposit the proceeds to the Building and Site Sinking Fund, for the erection of School Bus Garage and Storage, established by the qualified electors at the annual election, Monday, June 13, 1949 when the above mentioned garage is needed no longer for school purposes? Description as follows: Commencing at the Northeast corner of Lot 7 Block 1 of the City of East Jordan, thence South 85 feet; thence West 53 1/2 feet; thence North 85 feet; thence East 53 1/2 feet to the place of beginning.

W. G. BOSWELL, Sec'y.

**Foundry Beats Rainbow Bakery as Merchants Defeat Road Club**

(Delayed from last week)  
In the opening game of the East Jordan Community Softball League sponsored by the Community Chest the East Jordan Iron Works defeated the Rainbow Bakery. The Bakery had previously copped a practice game.

"Monk" Cihak worked on the mound for the Foundry allowing but six hits while his team was knocking out 12. The fielding was sharp for both teams and from all indications it looks like these two teams will be the ones to beat for the title.

Monday night the two most recent entries into the League, the East Jordan Merchants and County Road Club, played a practice game before entering into regular league competition. Behind the big bats of "Bud" Hite and Harry Jankoviak the merchants coasted to a 9-4 victory. Ed Reuling started on the mound for the winners and Bill Saxton was the catcher. Saxton picked runners off base several times to pull the merchants out of trouble. Mike Hitchcock was the mainstay for the County Road Club.

The Merchants showed unexpected power in their game and if managers Bill Taylor and Leo Somerville can keep some of their stars from signing up in the majors they should field a strong team.

are continually being studied at the Michigan Agr'l Experiment Station. Walter Morofsky, Michigan State College entomologist, advises the use of DDT at the rate of one and one-half pounds of 50 percent wettable powder in 100 gallons of water for good insect control. This mixture is for control of flea beetle, Colorado potato beetle, tarnished plant bug, and leaf-hoppers. When aphids appear, use Parathion at manufacturer's recommendations or nicotine sulfate at one pint in 100 gallons of water.

For fungus leaf diseases, J. H. Muncie, MSC plant pathologist, advises the carbamates (organic sulfurs), and fixed coppers, both at manufacturer's recommended dosages or Bordeaux mixture 8-4-100. First application should be made when plants are four to six inches high adding the insecticide in the spray material.

Combine fungicide and insecticide dusts may be used in place of sprays. The dusts contain the same active principles as the sprays.

Both sprays and dusts should be applied at seven to ten day intervals throughout the season or more often if late blight disease is present.

**CITE REPRODUCTION AS IMPORTANT IN DAIRY CATTLE HERD**  
Production is necessary in a dairy herd, but reproduction is of high importance to according to George Parsons, Michigan State College dairy extension specialist.

The ability of a dairy cow to keep freshening each year and adding good animals to the herd not only keeps production of milk high, but provides replacement animals, Parsons contends.

He points to the record of Adella, 21-year-old registered Holstein in the herd of Jack H. Chamberlain and sons of Leslie. Adella produced her eighteenth calf last summer and 12 of these offspring have been heifers.

Every animal in the Chamberlain herd, which led it's Dairy Herd Improvement Ass'n this year, is a direct descendent of Adella. The 17-cow milking herd averaged 482.5 pounds of butterfat per animal in the year recently closed. In ten years under D. H. I. A. test, Adella produced an average of about 500 lbs. of butterfat a year.

Jack Chamberlain says he kept the cow because she was strong, rugged, kept in good health and was always able to produce a good calf. He's still hopeful of another offspring from the old cow, now past her twenty-first birthday.

Dairymen who keep records and know what kind of a production as well as a reproduction record each cow in the herd has, can do a better job of management, Parsons believes. Ed Rehman, County Agr'l Agent.

**Tourist Business Part of Our Economic Structure**

The return of keen competition to the tourist business places new emphasis on an old fashioned hospitality, says Robert J. Furlong, Administrative Secretary of the Michigan Tourist Council.

"With 45 other states now spending tax money to lure the tourist, Michigan finds herself in a highly competitive business," commented Furlong. "And the tourist today is shopping around. Unlike his counterpart of the past few years, he insists on getting his money's worth."

"True, we have the natural attractions and the man-made assets that make us one of the greatest vacation lands in the world. But if our tourist business is to remain among our leading income producers, every res-

ident of Michigan must re-alert himself to the value of that tourist business to himself, his community and his state.

"In effect, we are all hosts with hundreds of thousands of visitors as our guests. If we are friendly hosts, those visitors will come back and Michigan will remain up front among the nation's vacation lands. Our tourist industry will continue to play its vital role in our general economy."

Furlong pointed out that the dollars left by vacationists do not remain in service stations, hotels, cabins and resorts. They pay doctor bills, buy food, pay taxes and become a part of the state's economic structure. For this reason, he added, the responsibility of playing host to tourists is not limited to the men and women who have something to sell the visitor.

"Michigan's tourist business is ev-

erybody's business," he said. "A cheerful 'good morning' or a friendly suggestion by a man on the street is just as important as the smile of a gas station attendant as he wipes a windshield."

**COMBINE SCHOOL**  
A combine school for all combine operators will be held Friday morning, July 8 at the Peebles' Brothers farm near Ellsworth. The school is a cooperative project between the machinery company and the extension service of Charlevoix and Antrim counties.

Every year many bushels of grain are lost because of improper combine adjustments. In other cases the grain has not been too clean when it comes from the combine. Also grain should be at the right moisture content when combined, to be able to store it properly. All this means that a combine to do the most efficient job should be correctly adjusted.

Thank you for your suggestions!

Thousands of our customers have been kind enough to write us letters telling us just what they like and don't like about their A&P stores.

Every one of the letters received has been carefully studied. Many of them have contained helpful suggestions as to how we can make A&P stores better places to shop; and every one of them has helped us learn the kind of food and service our customers want.

So thanks to all our good friends; and please keep the letters coming! Please write:

## Michigan Mirror

During your leisure-time travel on Michigan state highways this summer, don't be surprised if you encounter miles of worn-out roads.

In fact, be surprised if you don't! The state 3-cent gasoline tax and other revenue sources afford about \$36 million in road money for the fiscal year ending June 30. That seems like a lot of money, but it isn't really so much, as Commissioner Charles M. Ziegler readily proves.

"From this amount \$700,000 are required for general administration, \$5 million for engineering and supervision, \$14 million for highway and bridge maintenance and operation, and \$500,000 to cover operating loss of state ferries at the Straits of Mackinaw, says Commissioner Ziegler.

"This leaves a balance of only \$15,750,000 of state funds for highway and bridge new construction and reconstruction, as well as to meet un-

foreseen emergencies not in our program as the immediate replacement of three bridges which collapsed this year.

"The legislature has approved a budget item of \$2,500,000 to start construction of a double-ended ice-breaker ferry needed to handle adequately the increased traffic volume across the Straits of Mackinaw, both winter and summer. Money spent on construction of this ferry must also come out of the funds available for highway construction."

Lack of finances do not permit the state highway department to provide for normal depreciation of its trunkline system of 9,400 miles. "We should be spending \$25 millions each year in order to take care of depreciation only," said Ziegler. "We still have about \$160 million of highway deficiencies today. Finances have not been adequate.

"From 1942 through 1945 regular highway construction was impossible because of war restrictions, but depreciation was stepped up by unprecedented traffic made necessary by wartime emergencies. Government statistics show that 73 per cent of all war production transportation in Michigan moved over Michigan highways.

"In 1946, immediately after the war, we expected to get our post-war construction programs under way. We could not do so because of the impossibility of getting cement, steel, new equipment and other materials. Therefore, we had four years of war, plus 1946, or five years when there was no new normal highway construction.

"Cost of Michigan Highway work has risen steadily from 1941 through the war years to 1949. Today our highway costs are 110% above the costs of 1941. One dollar today purchases less than one-half what it did in 1941.

"Two lane 22-foot pavements, which carried traffic satisfactorily in 1941, are inadequate to handle properly and safely the greatly increased volume. In 1941 we were building these normal two-lane pavements, including preliminary grading and drainage structures, for from \$40 to \$45 thousand dollars per mile. A mile of the same width of concrete pavement today, increased some in thickness and more heavily reinforced to stand the heavier industrial traffic, is costing about \$100 thousand dollars per mile.

"Ordinarily divided highways with a two-lane pavement in both directions cost about \$200 thousand dollars or more per mile in a rural section. Because of the number of railroad and street grade separations and the high cost of necessary right-of-way in Detroit, the 10 ½ mile section of the Ford and Lodge expressways we are now working on costs around 6 ½ million dollars per mile. The state must pay \$2 to match \$1 of federal aid for right-of-way purchases."

There is inflation also in highway use. Passenger car traffic is up nearly 25 percent compared with 1941; industrial traffic is up 50 percent. More heavy trucks and busses pound the pavements.

Commissioner Ziegler has favored the Good Roads Federation program for an increase in the state gasoline tax. He points out that Michigan is one of three states which have a 3-cent gasoline tax; that the average tax of all states on Jan. 1, 1949 was 5.7c per gallon; that since Jan. 1, 1949 a total of 14 states increased the gas tax load so that the average is now approximately 6c a gallon — double that of Michigan.

If all state roads are not ideal, just remember this: Better roads and higher taxes go hand in hand.

## Man Needs An Escape From The Routine

Rally 'round all you would-be Izak Walton! Drop your lines, baits, weights and bobbers in your tackle box and listen.

You SHOULD go fishing. Pan fishing is good for a man. We have no less authority than the Michigan Dept. of Health.

The Department, right on the eve of the pan fish and bass season, came out with a half dozen good solid reasons for going fishing.

A man needs a hobby, pleasure, and escape from routine. He needs relaxation and out-of-door exercise. The fish he catches are good for him, too, the Department said. Fishing, with its enthusiasm, anticipation, fresh air, sunshine, exercise, relaxation and good companionship, helps a man live happily and work well.

Check your boat to be sure it doesn't leak and that its motor is in safe working order; then don't overload it, stand up in it, or lean way out of it. Don't smoke while filling your motor or near anybody's leaky motor. If you can't swim, take along that old inner tube. Get for shore if a storm comes up.

### Ordinance No. 75

AN ORDINANCE to amend the title and Sections 3, 4, 5 and 6 of Ordinance No. 69 adopted by the City Council of the City of East Jordan on September 20, 1948, and to add a new Section 4A thereto.

#### THE CITY OF EAST JORDAN ORDAINS

Section 1. The title of Ordinance No. 69, entitled: An ordinance authorizing the acquisition of a site and construction of a well, pump and related equipment thereon as an extension and improvement to the water supply system of the City of East Jordan; authorizing and providing for the issuance of self-liquidating revenue bonds of equal standing with the revenue bonds now outstanding, for the purpose of paying the cost of such extensions and improvements under the provisions of Act 94, Public Acts of Michigan, 1933, as amended, and Ordinance No. 66 of the City of East Jordan, as amended; is hereby amended to read as follows:

An Ordinance authorizing the acquisition of a site and construction of a well, pump and related equipment thereon as an extension and improvement to the water supply system of the City of East Jordan; authorizing and providing for the issuance of self-liquidating revenue bonds junior to the revenue bonds now outstanding, for the purpose of paying the cost of such extensions and improvements under the provisions of Act 94, Public Acts of Michigan, 1933, as amended, and Ordinance No. 66 of the City of East Jordan, as amended.

Section 2. Section 3 of said Ordinance No. 69 is hereby amended to read as follows:

(Section 3.) To pay the cost of acquiring and constructing such extensions and improvements, it is hereby determined that there be borrowed upon the credit of the income and revenues of the Water Supply System, the additional sum of Nine Thousand (\$9,000.00) Dollars, and that Revenue Bonds be issued under the provisions of Act 94, Public Acts of Michigan, 1933, as amended, secured in the same manner as the Twenty-Five Thousand (\$25,000.00) Dollars Water Supply System Revenue Bonds dated December 1, 1947, authorizing by Ordinance No. 66 of said City, as amended, but junior thereto.

Except as changed by the provisions of this Ordinance, all the provisions of said Ordinance No. 66, as amended, shall apply to the bonds issued pursuant to this Ordinance, the same as though each of said provisions were repeated in this Ordinance in detail, the purpose of this Ordinance being to authorize the issuance of additional revenue bonds to finance the construction of extensions and improvements to the Water Supply System as authorized by Section 15 of Ordinance No. 66 (as amended).

Section 3. Section 4 of said Ordinance No. 69 is hereby amended to read as follows:

(Section 4.) Said additional issue of bonds shall be designated WATER SUPPLY SYSTEM JUNIOR REVENUE BONDS, and shall be, not general obligations of the City of East Jordan, but Revenue Bonds, payable out of the net revenues of the Water Supply System after provision has been made for payment of expenses of operation and of the Water Supply System Revenue Bonds dated December 1, 1947, and shall consist of nine (9) bonds of \$1,000 each, numbered in direct order of maturity from 1 to 9, inclusive, dated June 1, 1949, and payable serially as follows:

\$1,000 December 1st of each year from 1952 to 1954, inclusive  
 \$3,000 December 1st, 1955  
 \$3,000 December 1st, 1956

Said bonds shall bear interest at a rate or rates not exceeding four per cent (4%) per annum, payable semi-annually on June 1st and December 1st of each year, both principal and interest to be payable in lawful money of the United States of America at State Bank of East Jordan, East Jordan, Michigan.

Said bonds shall be redeemable at the option of the City, in inverse numerical order, on any interest payment date of after December 1, 1951, at par and accrued interest; Provided, However, that no bonds of this issue may be called for redemption until all outstanding callable bonds authorized by Ordinance No. 66 have been redeemed. Notice of redemption shall be given by publication in a paper circulated in the State of Michigan which carries, as part of its regular service, notices of sale of municipal bonds, and in case of registered bonds, thirty days' notice shall be given, by mail to the registered address.

Said bonds may be registered in the manner and with the effect set forth on the face thereof, as herein-after provided.

Said bonds shall be signed by the Mayor and countersigned by the City Clerk, and shall have the corporate seal of the city affixed thereto, and shall have interest coupons attached bearing the facsimile signatures of said Mayor and City Clerk, and said officials, by the execution of said bonds, shall adopt as and for their own proper signatures their respective facsimile signatures on said coupons.

Section 4. A new section is hereby added to said Ordinance No. 69, to follow Section 4, and to be known as Section 4A, to read as follows:

(Section 4A.) The revenues of the System are hereby ordered to be set aside, as collected, and deposited in the State Bank of East Jordan, a bank duly qualified to do business in Michigan, in an account to be designated WATER SUPPLY SYSTEM RECEIVING FUND (hereinafter referred to as the Receiving Fund), and said revenues so deposited are pledged for the purposes of the following funds, and shall be transferred from said Receiving Fund periodically in the manner and at the times hereinafter specified.

#### (A) Operation and Maintenance Fund:

Out of the revenues in the Receiving Fund, there shall first be set aside quarterly, into a separate depository account designated the OPERATION AND MAINTENANCE FUND, a sum sufficient to provide for the payment, for the next quarterly period, of the current expenses of administration and operation of the System and such current expenses for the maintenance thereof as may be necessary to preserve the same in good repair and working order.

#### (B) Bond and Interest Redemption Fund:

There shall next be established and maintained, a separate depository account known as the BOND AND INTEREST REDEMPTION FUND, which shall be used solely and only for the purpose of paying the principal and interest on the \$25,000.00 Water Supply System Revenue Bonds dated December 1, 1947, Said Bond and Interest Redemption Fund shall be maintained as a separate depository account in the bank or trust company where the bonds are made payable.

Out of the revenues remaining in the Receiving Fund after provision has been made for expenses of operation and maintenance of the System, there shall next be set aside, quarterly, in the Bond and Interest Redemption Fund a sum sufficient to provide for the payment of the principal of and interest upon said bonds, as and when the same become due and payable. The amount so set aside during each quarterly period shall not be less than one-half (1/2) of the interest and (1/4) of the principal next maturing on said bonds.

No further payments need be made into said Bond and Interest Redemption Fund after enough of the bonds have been retired so that the amount then held in said fund (including any reserve therein) is equal to the entire amount of principal and interest which will be payable at the time of maturity of all the bonds then remaining outstanding. If, in any operating year, the City shall fail to pay into the Bond and Interest Redemption Fund the full amount herebefore stipulated, then an amount equivalent to such deficiency shall be set apart and paid into said fund from the first available net revenues of the following operating year or years.

#### (C) Junior Bond and Interest Redemption Fund:

Out of the revenues remaining in the Receiving Fund at the end of any quarter after meeting the requirements of the foregoing funds, there shall next be set aside in a separate depository account known as the Junior Bond and Interest Redemption Fund, a sum sufficient to provide for the payment of the principal of and interest on the bonds hereafter authorized. The amount so set aside each quarter shall not be less than one-half (1/2) of the interest and one-fourth (1/4) of the principal next maturing on said bonds.

(D) Surplus: All revenues remaining at the end of any operating year after meeting the requirements of the foregoing Fund shall be deemed surplus, and shall be used for the redemption of callable revenue bonds first of the issue of December 1, 1947, and then of the issue hereby authorized.

Section 5. Section 5 of said Ordinance No. 69 is hereby amended to read as follows:

(Section 5.) The bonds authorized by this Ordinance shall be in substantially the following form:

United States of America  
 State of Michigan  
 County of Charlevoix  
 City of East Jordan  
 Junior Water Revenue Bond  
 No. \_\_\_\_\_ \$1,000.00  
 Know all men by these presents

that the City of East Jordan, County of Charlevoix, State of Michigan, for value received, hereby promises to pay to the bearer, or if registered, to the registered holder thereof, but only out of the revenues of the Water Supply System of the City, including all appurtenances, extensions and improvements thereto, the sum of

ONE THOUSAND DOLLARS

On the first day of December, A. D., 19\_\_\_\_, with interest thereon from the date hereof until paid at the rate of \_\_\_\_\_ per cent per annum, payable semi-annually on the first day of June and December of each year, on presentation and surrender of the proper interest coupons hereto annexed as they severally become due. Both principal of and interest on this bond are payable in lawful money of the United States of America at STATE BANK OF EAST JORDAN, East Jordan, Michigan, and for the prompt payment thereof, the gross revenues of the Water Supply System of the City of East Jordan, including all appurtenances, extensions and improvements thereto, after provision has been made for reasonable and necessary expenses of operation, administration and maintenance, and for the payment of principal and interest of the \$25,000.00 Water Supply System Revenue Bonds dated December 1, 1947, are hereby irrevocably pledged, and a statutory lien thereon is hereby created, second only to the lien of said bonds dated December 1, 1947.

This bond is one of a series of nine (9) bonds of even date and like tenor except as to date of maturity aggregating the sum of \$9,000.00 issued pursuant to Ordinance No. 69, duly adopted by the City Council on \_\_\_\_\_, as amended, and under and in full compliance with the Constitution and statutes of the State of Michigan, including specifically Act 94, Public Acts of Michigan, 1933, as amended, for the purpose of acquiring and constructing extensions and improvements to the Water Supply System of the City. For a complete statement of the revenues from which this bond is payable, and the general covenants and provisions pursuant to which this bond is issued, reference is made to the above-described Ordinance.

The right is reserved of redeeming bonds of this issue, in inverse numerical order, on any interest payment date on or after December 1, 1951, at par and accrued interest, on thirty days' notice by publication in a paper circulated in the State of Michigan which carries, as part of its regular service, notices of sale of municipal bonds, and in case of registered bonds, thirty days' notice shall be given by mail to the registered address: Provided, However, that no bonds of this issue may be called for redemption until all outstanding callable bonds authorized by Ordinance No. 66 have been redeemed.

This bond is a self-liquidating bond, and is not a general obligation of the City of East Jordan, and does not constitute an indebtedness of the City of East Jordan within any constitutional or statutory limitation, and is payable, both as to principal and interest, solely from the revenues of the Water Supply System of the City. The principal and interest on this bond are secured by the statutory lien hereinbefore mentioned.

The City of East Jordan has covenanted and agreed, and does hereby covenant and agree, to maintain at all times while any of said bonds are outstanding, such rates for service furnished by said Water Supply System as shall be sufficient to provide for the payment of expenses of administration and operation and such expenses for maintenance of said Water Supply System as may be necessary to preserve the same in good repair and working order and to provide for the payment of interest upon and the principal of all bonds payable therefrom as and when the same become due and payable.

This bond and the interest thereon are exempt from any and all taxation whatsoever by the State of Michigan or by any taxing authority within said State.

This bond may be registered as to principal only on the books of the City Treasurer in the name of the holder, and such registration noted on the back hereof by the City Treasurer, after which no transfer shall be valid unless made on the books and noted hereon in like manner, but transferability by delivery may be restored by registration to bearer. Such registration shall not affect the negotiability of the interest coupons. It is hereby certified and recited that all acts, conditions and things required by law precedent to and in the issuance of this bond and the series of which this is one, have been done and performed in regular and due time and form as required by law.

IN WITNESS WHEREOF the City Council of the City of East Jordan, County of Charlevoix, State of Michigan, has caused this bond to be signed in the name of City by the Mayor and countersigned by the City Clerk and the corporate seal of the City to be affixed hereto, and the coupons hereto attached to be signed by the facsimile signatures of said Mayor and City Clerk, as of the first day of June, A. D., 1949.

**Compulsory Sickness Insurance means this:**

Under American Medicine your Medical Bill pays this:

Under Compulsory Medicine your Medical Bill must pay these:

As it is now, you pay for your medical care if and when sickness overtakes your family. You can cover the cost with insurance, under any of the several low-cost private plans. But, if the Government gets into the picture you'll not only pay for direct medical care, but for all the extra government job-holders needed to operate the system. You'll pay for the high cost of this red tape through a deduction from every paycheck, whether you're sick or not. So when anybody talks to you about cheaper medical care, just remember all of the extras that you'll be called upon to pay for under government health insurance. Talk it over with your medical doctor and get the real facts about the cost of socialized medicine.

From where I sit... by Joe Marsh

**Now I'm Going Back To High School!**

When I saw lights burning in the High School auditorium last night, I looked in to see what went on. About twenty people were listening to Buzz Ellis, the electrician, talk about television.

I slipped into a back seat and asked Hap-Thomas what was up. Hap told me it was the new Self-Improvement Club. It was to listen—and learned a lot. Buzz really knows his stuff.

Turns out this club meets every Friday night. Each member gives a talk on the subject he knows most about. I joined on the spot because learning new things is one of my favorite hobbies.

From where I sit, it's willingness to learn from the other person that makes Americans tolerant towards so many different viewpoints and tastes in things. Just because Buzz Ellis goes for chocolate malteds, while I prefer a mellow glass of beer, doesn't mean I'm right and he's wrong. Incidentally, next week I'm going to talk on how to run a newspaper.
