NUMBER 27

## Independents Win These Two Games

**DEFEAT CENTRAL LAKE 6-4, SUNDAY, and BOYNE CITY 11-9, MONDAY**

Sunday, the Independents traveled to Central Lake, and came through with a 6-4, ten inning victory. For East Jordan, Cihak started on the mound with Hayes behind the plate. For Central Lake, Youngdike started on the mound, with Coatta coming in the sixth and V. Burns worked behind the plate.

The highlights of the game were the two home runs hit by "Hud" Somerville. One coming in the fourth and the other in the tenth inning, to win the game for East Jordan.

Monday, July 4th, Independents defeated Boyne City in a wide open game by a score of 11-9. Boyne went into a early lead, only to have the game tied up in the fifth inning when "Hud" Somerville hit a grand slam home run. In the eighth inning Leo Somerville hit a home run with no one on base.

Cihak started on the mound, but gave way to Niles Hill in the third inning. Niles did a nice job until the ninth when he ran into a little trouble and Leo Somerville came in to

## Detroit Minister to Preach

The Rev. George Jeffery, D. D., pastor of the Scovil Memorial Presbyterian church of Detroit, will preach at the local Presbyterian church this coming Sunday morning at 11 o'clock.

Dr. Jeffery is recognized as one of Detroit's biggest preachers and comes to us highly recommended.

Northern Michigan, with Northern Wisconsin and Minnesota, were blessed with showers and a considerable drop in temperature, while other parts of the nation were suffering 90 to 105° temperatures.

The June mean temperature over a 25 year period for East Jordan is 63.5°. This June it was 68.5°. (Mean temperature is the average of the maximum plus the minimum.)

## City Tax Notice

City Taxes for the City of East Jordan for the year 1949 are due and payable at my office in the Municipal Building during the month of July without penalty.

G. E. Freiberg, City Treasurer

## Marrriages

### Barry — Pesek

Saturday, June 25, at 10 a. m. at a Nuptial High Mass solemnized in St. Philips Catholic church, Battle Creek, Michigan, by Father Gerald Owens.

Prokop Pesek claimed as his bride Miss Mary Elizabeth Barry. The bride, who wore the traditional white marquisette gown with finger tip veil and carried white roses was given in marriage by her brother, James Barry, while her sister, Miss Helene Barry, groomed in blue marquisette with matching veil acted as maid of honor. Henry Pesek was his brother's best man.

Immediately following the ceremony a breakfast was served at the Hart Hotel and later in the day a reception was held at the Barry residence, 142 Harvard St., Battle Creek.

Those attending from East Jordan were the Misses Josephine, Mary and Helen Pesek and Henry Pesek. Mr. and Mrs. Francis Pesek; Mrs. Nora Hlyek and son, Larry, came from Detroit.

Also present from East Jordan were Mr. and Mrs. Ole Hegerberg, Mrs. Mary Kenny, Sr., and Joe Lilak. Mrs. Fred Fetterhoff and Esther Fetterhoff came from Muskegon.

Other guests were relatives and friends from Pittsburgh, Philadelphia; Danville, Penn.; Joliet, Ill.; Alma, Benton Harbor, Detroit, Mich.

Late Saturday afternoon the newly weds left for an extended trip through Canada and points East.

Upon their return they will reside in North Branch, Mich., where Mr. Pesek is on the Faculty of the North Branch High School. Mrs. Pesek is well acquainted in East Jordan having visited at the Kenny home. Previous to her marriage she was on the staff of the Community Memorial Hospital, Cheboygan, Mich., as Medical Technician.

## Cedar Rest Resort

Lt. J. J. McDaniels, with his wife and baby, mother and father, are spending their vacation at Cedar Rest near East Jordan. The Lt. has just been transferred from Puerto Rico to Ft. Worth, Texas. The party are spending their time fishing and visiting friends and relatives. Welcome back to the States Lt., and many happy landings. The Lt. is a nephew of Mr. McDaniels of East Jordan. With the party is Mrs. Emma Thompson of Springfield, Ohio. Mr. and Mrs. Joseph Proctor of Detroit are at Cedar Rest this week for their early vacation. With them is their son, Danny, and Mrs. Earl Rutledge also of Detroit.

## Charlevoix To Celebrate

### LATTER PART OF JULY NEIGHBORING TOWN ENTERTAINS

The busiest place in all Northern Michigan the last of July likely will be Charlevoix.

There will be a Circus, Hospital Benefit Carnival, Coronation Ball, dedication of the new Pine River Memorial Bridge, and the colorful Venetian Night Parade.

The circus will be there July 28. Sponsored as part of the Hospital Benefit, it is the Ayres and Kathryn Davies Circus. There will be both matinee and evening shows.

At the Coronation Ball on July 29 at the Beach Hotel, Hon. Charles Ziegler, Highway Commissioner, will crown Miss Nancy Kipke as Miss Charlevoix. Nancy was chosen to represent Charlevoix at the Traverse Cherry Festival where she is a member of the Queen's Court. The Interlochen dance orchestra will play for the ball.

The Hospital Carnival will be staged along Bridge street and the city park July 29 and 30. Booths, rides and concessions all will be operated by Charlevoix folks.

On July 30 will come the formal dedication of the new million dollar bridge with Commissioner Ziegler as the chief speaker. The bridge has been designated as the city's official World War II memorial.

Sunday night the series of events will culminate in the colorful parade of lighted boats on Round Lake, in Charlevoix's annual Venetian Night.

## Community Chest Members To Meet at Tourist Park Next Tuesday

The East Jordan Community Chest Board Members and standing Committees, with their husbands and wives, will meet, Tuesday, July 12th, at 5:00 p. m., at the Tourist Park for a dinner meeting. The meeting will be promptly at five with dinner at six. Please try and be at the Park at 5:00 p. m.

## To Whom It May Concern

It is with bitterness and humiliation that I have this published. But as a tax payer I wish to let some East Jordan people that again I found my house entered and some preserves taken. If the guilty ones would at least clean up what they break and spill. It was done very recently because the spilled contents weren't even moldy. Other times I found bricks, stones and lumber missing and signs inside where the house was entered.

27x1 MRS. NETA GERARD

## Our Firemen are Taking an Eight Week Instruction Course

An eight weeks' course of instruction in the most advanced methods of fire fighting got under way last Thursday evening.

The classes are being held under the direction of Wallace F. Gannon and are provided through the Extension Service, Department of Vocational Education, of the University of Michigan. Mr. Gannon is an expert in his line and his instruction is both interesting and highly informative. He was a member of the Muskegon Fire Department for 28 years, serving the last four as battalion chief. The last 2 1/2 years he has been connected with the University and has worked with more than 100 department and over 2000 men during that time.

The training program is divided into nine parts and involves the following:

1. Ladder Evolutions. a. carries b. placing c. raising d. tying e. climbing f. rescues.
2. Hose Evolutions. a. loads b. lays out c. carries d. drags e. care of hose f. slacking hose g. sliding hose lines.
3. Use of Ropes: Hoisting hose line, ladders, coiling rope, throwing ropes, rescue with ropes.
4. Fire Streams: solid, broken, water curtain, fog, master streams, obtaining desirable fire streams.
5. Inspection Practices: Life saving practices, Elimination of fire causes, Self preservation of fireman.
6. Ventilation: Properly opening up a fire building to assure less danger to firemen, quicker rescue, quicker extinguishment, less water damage.
7. Fundamentals of fire fighting and fire control.
8. Use of masks in fire service.
9. Oil fires.

At the end of the course a public demonstration will be given, at which time firemen will put out an oil fire with the use of fog nozzels. Six to ten barrels of oil will be used in a 20x30 foot space and the flames will rise to a height of 80 feet.

The first of the series was held last Thursday.

## County Road Comm. Has Traffic Engineer Make Survey at Ironton

January 1st of 1949 the Charlevoix County Road Commission took over the operation of the Ironton Ferry at the request of the County Board of Supervisors. For years this ferry was operated through county taxation and without charge.

Because of steadily increasing costs it was necessary to charge a fee for transporting vehicles, and under the law this was possible through Road Commission Operation.

The ferry has been in operation over forty years and in this period only two serious accidents have occurred. As traffic warranted, new safeguards were erected and signs were posted at various intervals.

Since the recent accident it was decided to call in the State District Traffic Engineer to fully survey the situation and make recommendations accordingly. This survey has now been completed and as soon as production facilities will permit these recommended safeguards will be erected.

## Cedar Rest Resort

Paul Miller of Huntington, W. Va., while fishing on the South Arm of Lake Charlevoix, had the pleasure of landing a 19 inch bass and a few 12 inch ones. Mr. Miller and his wife, Myrna, are staying at Cedar Rest for the month of July.

Mr. and Mrs. Val Krukawski, family and friends are vacationing at Cedar Rest. They will do the Jordan River and surrounding streams.

Mr. and Mrs. Hugo Carlson of Detroit with daughter, Janet, are again in the north staying at Cedar Rest. Mrs. Carlson and Janet are swimming and resting while Mr. Carlson does the Jordan River after trout.

Mr. and Mrs. Michael Melnick of Detroit are at Cedar Rest near East Jordan with their two daughters. With the Melnicks are the Wilkie family and Mr. Wilkie's mother.

Mr. and Mrs. Joseph A. McNulty of Detroit are at Cedar Rest for the week end. With them is Mr. Wm. Keil of the Ford Motor Co. Mr. McNulty is master mechanic and chief inspector of the Michigan Broach Co. of Detroit.

Mr. and Mrs. Victor J. Boll and family are at Cedar Rest again this year for their vacation. Mr. and Mrs. Boll are from Dayton, Ohio, and their neighbors in the next cottage are Mr. and Mrs. Tekamp and family also of Dayton, Ohio.

One wife: "How do you get money out of your husband?"  
Another wife: "Oh, I say I'm going back to mother and he immediately hands me the fare."

## East Jordan Really Celebrates

### ENTERTAINS ONE OF THE LARGEST CROWDS IN YEARS

It would be necessary to turn the pages back many years to find a more grand and glorious Fourth of July than East Jordan enjoyed last Monday.

The extreme heat of recent days was dissipated by the rain of Sunday night, and the weather Monday was ideal. The estimate of 5,000 visitors seems too low.

The parade was the best and largest in many years. The various floats and display of equipment and products plainly showed that much preparatory work was done by Parade Chairman Harold Bader and the owners of the various floats. There could be no argument as to who was entitled to first prize, which was the float by the American Legion Auxiliary. Second prize went to the combined efforts of Shedina's, the Dress Shop and Center Stage. Third prize went to Dan Bennett's saw mill display.

After the parade the crowd moved enmass to the lake shore to watch the motor boat races. Ed Bowerman, Chairman. The Class A race was won by Glenn Malpass, Wayne Steiner and Jay Dewey, in the order given. Class B (larger craft) went to Chester Wilks, Fred Werts and Fred Gerver. It was clean competition and no accidents.

After the races everybody moved to the Tourist Park to get some of the Roast Ox and free coffee, which was brewed by Jim Williams. The ice cream and pop was served under the supervision of Merritt Shaw and his helpers and Barney Adair and his helpers.

The sports in the afternoon were managed by Dan Devine and Max Damoth. East Jordan won the ball game from Boyne City. Sorry we do not have the names of the winners in the various races and water events.

Local Barber Shoppers furnished the evenings harmony, which was broadcast over the P. A system operated by Ed Reuling. The system was in operation all day on the streets and water front.

All the available space inside the Park, and the roads all over the West Side, was jammed with cars full of people to watch the fireworks, which were fired from Mill B site by Oscar and David Weisler. The fireworks were just fair. The Committee in charge wishes to state that the display was not as ordered in quantity or quality, although the company furnishing same were recommended.

The Officers and Directors of the C. of C. wish to express their appreciation to all who assisted in staging this event. Keith Dressel was General Manager, and did a lot of work. Doris Huckle was chairman of advertising. It is impossible to name all who assisted, and we have mentioned only the heads of committees. You were there—all East Jordan was there—and know all the boys and girls that helped.

The Tourist Park proved to be an ideal place for such an event. There were no accidents which could be attributed to the crowds, the water, or traffic. Chief Simmons had no boarders at his "hotel." Visitors from out of town expressed pleasure and appreciation of the days' events.

This all goes to show that East Jordan can put on entertainment and a celebration for its citizens and visitors. There is just one key word—COOPERATION.

## AN OPEN LETTER

Personally and on behalf of the Chamber of Commerce it is a pleasant privilege to extend congratulations and thanks to the many public spirited citizens of East Jordan who so freely gave of their time and effort in staging our 1949 4th of July celebration. The outstanding success of this event has been entirely due to the wholehearted cooperation that our various committeemen received on every hand.

The community especially owes a vote of thanks to these hard working chairmen who organized and planned the numerous events under the direction of General Chairman Kieth Dressel: Harold Bader, parade; Ed Bowerman, boat races; Merritt Shaw, ox roast; Barney Adair, concessions; Earl Clark, business manager; Doris Huckle, advertising; Ed Reuling, sound car; Andy Devine, sports; Ted Malpass, exhibitions; Oscar Weisler, fire works; Jim Meredith, parks; Vail Shepard, baseball.

To me, this event has been a concrete example of what may be accomplished by unified community endeavor and is only a sample of what East Jordan is capable of—when we all pull together.

Again, Thanks and Congratulations for a magnificent job well done.  
HOLLIS DREW,  
President of C. of C.

# Swans Have 'Child Raising' Problem

## Cygnets' Story Has Sad Ending

This is a story of what would have been the life of seven mute swans. The mute swan is the swan so often seen in more settled portion of the country and upon large estates. It differs from the nearly extinct whistler swan in that the bump at the base of the cob's bill is much more pronounced and the bill and legs are yellowish orange in the mute while both are black in the whistler.

The mute is the second largest of the swans and carries its neck in by

far the most graceful curve of all. A few weeks ago the cob or male swan and the pen (female) mated at East Jordan and built the accompanying nest of small twigs.

Seven eggs were laid and the two swans went about the tedious business of hatching.

(Also see photo of eggs on another page of this issue).

In due time four of the seven eggs proved fertile and the cygnets were hatched. Ungainly birds for having such beautiful parents, the young swan is cared for and guarded jointly by the parents.

Often the small, ash-colored cygnets ride upon the pen's back invisible to the observer except for an oc-

Editor's Note — The photographs which accompany this article were taken by Bill Henry of the Evening News staff. Photographers will be interested to know the pictures were taken with a 4x5 Speed Graphic camera with a 5 1/2 inch lens. Subjects such as these need a knowledge of wildlife as well as ability as a photographer.

casional peek of the small head and the black eyes and dark bill which has not yet taken on the orange cast which it will receive in later life.

The swan is not only a fearless antagonist when fighting for its young, but also is not to be sold short in ability. Knobs of bone at the wing can seriously injure a person and the swan will gladly and ably hold a small dog or cat beneath the water until drowned.

Yet for all the vigilance that the parent swan exercised, three weeks ago a mud turtle glided up from the bottom and grasped one of the cygnets by the foot. The small cygnet had the webbing and one toe torn from its left foot but escaped. The parents, after doing their best to get the youngster to swim, were forced to desert it for the protection of the other three young.

The crippled cygnet was taken to the home of Mr. and Mrs. Kotowich where it has been hand fed and treated like one of the family.

On Saturday night, June 11, the remaining three cygnets pictured at left, were seen nesting with their mother in their favorite spot on a small island. Later on two of cygnets remained and the third had disappeared without trace.

The reprieve which the two remaining swans received was short-lived, for a week later while white bass fishing, several of us noticed the mother and two young nesting at the edge of the island while the cob fed a short way off. In the middle of the night the startled honking of the cob and pen could be heard and the cries continued for over an hour, gradually dying out to a worried chattering.

At daybreak, Sunday, June 12 the cob and pen swam disconsolately around and the only sign of the disappearance of the last two cygnets were small pieces of down and a set of weasel tracks.

Of the ten swans now in the Sportsman's Park at East Jordan there will be no offspring this year. — Petoskey Evening News, June 28.

A PEN SWAN and her three cygnets take a sun bath near the family's nest on an island in the East Jordan Sportsman's Park. The neck of the mute swan is usually held in a grace-

ful curve and assumes the stiff posture shown in the picture only when disturbed or angered. The neck of the whistling swan is carried stiffly

at all times and the head protrudes at more nearly a right angle than that of the mute swan. (Evening News Photo)

Phone 225.—IRA BARTLETT. t.f.

## Hay Fever Sufferers To Get Daily Information Through State

To provide Michigan's resident and vacationing hay fever sufferers with daily information on the ragweed pollen concentration in various areas of the state, the ninth annual ragweed pollen survey of the Michigan Department of Health will be conducted in 57 stations in the state this summer.

The survey which will begin July 15 and continue until September 15 is taking in more areas in the state than any previous survey. This year's plan of operation will make pollen counts for each area available from the local health officer of that area on a day to day basis. Many local hospitals and laboratories as well as the local health departments are co-operating in the survey.

New stations at which pollen will be collected this year include: Lapeer, Mio, Roscommon, East Tawas and Paris. The station at Mackinaw City and one of the two stations in Bay City will be discontinued.

Other stations will be located in: Alpena, Battle Creek, Bay City, Boyne City, Cadillac, Charlevoix, Charlotte, Cheboygan, Crystal Falls, Eagle Harbor, Eloise, Escanaba, Frankfort, Fremont, Gaylord, Gladwin, Grand Haven, Grand Rapids, Grayling, Harbor Beach, Hart, Hillsdale, Holland, Houghton, Ironwood, Jackson, Kalamazoo, Lansing, Ludington, Mackinaw Island, Manistee, Manistique, Marquette, Menominee, Midland, Mt. Clemens, Mt. Pleasant, Munising, Muskegon, Newberry, Ontonagon, Petoskey, Pinconning, Port Huron, Powers, Rogers City, Saginaw, St. Ignace, Sault Ste. Marie, South Haven, Sturgis, and Traverse City.

Copies of the new 1948 survey report and pollen map showing areas of greatest and least pollen concentration in the state, are available without charge from the Michigan Department of Health, Lansing 4, Michigan.

## Mute Swan Eggs in Sportsman's Park

ABOVE ARE PICTURED the three dead eggs of a pair of mute swans which nested on an island at the East Jordan Sportsman's Park. In the upper right the photographer's pocket watch gives the approximate size of the eggs. The watch is 1/2 normal size. The mute swan is the only member of the swan family which nests in this area. Other members of the swan family confine their nesting to north of the Arctic Circle. (Evening News Photo) (See article on front page).

## State Regulation Governing Female Fishermen

For those persons confused over the licensing regulations applying to female fishermen, the conservation department re-emphasizes that wives of resident fishermen only may fish free. They must fill out the stub attached to their husband's \$1.50 resident license at the time the license is issued.

Wives of nonresident fishermen may not fish free. Nonresidents, male or female, must purchase either a 10-day temporary license for \$2 or the annual license for \$3. A nonresident is any person who has not been a resident of Michigan for six consecutive months prior to making application for license. Nonresidents owning property in the state are not entitled to a resident license. All regularly enlisted or commissioned personnel of the United States Army, Navy or Marine Corps officially stationed in Michigan are qualified as residents.

W. Kirkpatrick, Extension Agent

## GRASSHOPPER BAIT IS AVAILABLE

The County Grasshopper mixing bait station was open Wednesday and Thursday of this week, July 6 and 7, and will be open each Wednesday thereafter, until the Grasshopper crisis has passed, says, Walter G. Kirkpatrick, Co. Agr'l Agent.

A plan has been worked out whereby the farmers, the Townships and the County will all share in the costs of providing the bait. This has become necessary since the Federal Government has no state program this year and our carry over of bait was completely exhausted last Wednesday morning.

Under this plan, farmers desiring bait will bring their own bags, help mix the bait and pay a small fee per bag. (The fee charged is less than one third of the actual cost of the poison going into each bag of mixed bait.) The balance of the cost of providing the poison and paying for the station operation will be borne by the several townships and the county.

The cost of poisons going into the bait is quite expensive. All farmers will do well to see that the bait is spread 15 to 20 pounds per acre early in the morning, (before 10:00 a. m.) so as to get best possible results.

People with sprayers can buy poisons that can be readily sprayed and give long protection to their crops.

## SAFETY IN CANNING URGED

This is the time of year when many home accidents occur, especially accidents during the canning process. The seriousness of the situation could be lessened if homemakers would avoid chances.

Oven canning is the most dangerous of all types, says Virginia Vance, Home Demonstration Agent. This method of canning is quite uncertain even when the over has a heat regulator. It's unpredictable because the rate of heat transfer is slower in dry heat than in the boiling water bath. Experiments have shown that jars in different positions in oven heat at varying rates of speed.

Above all, the liquid in the jars boils so rapidly that if jars are filled too full, if tops are closed too tightly, or if the escape of steam is prevented

by the boiling up of juice, too much pressure built up in the jars and breakage, often in the form of an explosion, results. Severe accidents have been reported from all parts of the country. Don't you add another one. If you do can in the oven without breakage, you are lucky. Sooner or later you will have trouble. It is much wiser to use the boiling water bath method for fruits and tomatoes and the pressure cooker method for vegetables. Keep the oven for baking and roasting, not for canning.

**Marching Songs**

Lesson for July 10, 1949

WE did not win all the battles we fought with Japan. The day of a certain naval defeat near the Philippines, an American "baby" carrier, left to its fate, was doing its best to get away from the pursuing Japanese. All afternoon it dodged and twisted. Enemy destroyers and planes were hot on its trail, and it was a "sitting duck" in case they really got the range. No one on board expected to live. The only question in anybody's mind was: How soon will they get us? But late in the afternoon, for some reason never explained, the enemy gave up the chase, and the American ship slipped off into the protecting night. The next day, as the men gathered for a special service of thanksgiving, the chaplain read the 124th Psalm. It came as a new Psalm altogether to those men, even to those who had known it by heart.

"If it had not been the Lord who was on our side, when men rose up against us, then they had swallowed us up quick, when their wrath was kindled against us; then the proud waters had gone over our soul. Blessed be the Lord, who hath not given us as a prey to their teeth."

**"Let Me Write A Nation's Songs"**

THE POWER to thrill has not been lost by the Psalms, as the men on that carrier found out. The group numbered 120 through 134 in our Bibles are known as the "Pilgrim Marching Songs," and were originally used by the Hebrews as they went year by year up to their capital city of Jerusalem and to the Temple which was the center of their religion. Then as now, the Hebrews were a singing people. A nation that cannot sing, a nation without songs, is a dismal country indeed.

Difference among various countries is symbolized by their songs, or the lack of them. The Chinese, for instance, have no song that draws them all together in the same way that Englishmen are united in "God Save the King" or as Frenchmen once were by the "Marseillaise."

When it comes to pass, as once it did in the United States, that one part of the nation will sing one song (say, "John Brown's Body") while another part will not sing that song but another one (say, "Dixie"), then civil war is at the gates. Only people who will sing together can be trusted to live together.

**Singing Church**

IN the long caravans, marching up the rocky hillside trails to Jerusalem, the ancient Hebrews put their faith into stirring words set to music. So it is always. All over the Christian world, wherever and whenever the singing is good, religion is warm and vigorous.

Where the heart is full, there will be song. Revivals of religion are revivals of singing. To this day a stranger in a strange city, looking for a church home, is most likely to settle down in the church where the singing is the best.

It is not an accident that the Moravian church is at the same time the church that makes more of Easter than some other churches, it is the church where at funerals the music is never sad but joyous, not mourning-songs but triumphant hymns of Christian faith.

**Patriotism and Religion**

READ these marching Psalms through—the reading time is only a few minutes—and see for yourself how the ancient Hebrew men of God united their praise of Him with love for their country. To this day, in our Christian hymns, patriotism and religion are often combined. The English national anthem, "God Save the King," is a prayer; so is "America the Beautiful." National hymns have a rightful place in a book of public worship. For while patriotism, by itself, is a poor substitute for religion, still a man who will not love his country lacks something of being a good Christian, and on the other hand a man without faith in God makes a very poor citizen.

**LOOKING BACKWARD**

From the Herald Files of Forty, Thirty and Twenty Years Ago  
Compiled by Mrs. Ida Kinsey.

JUNE 19, 1909

For some time A. M. Haight, manager of the East Jordan Cooperaige Co., has been making plans toward the installation of a slack barrel factory in addition to the keg industry. This has been finally arranged and Thursday, J. R. Rable of Cleveland, Ohio, representing Grief Bros. who control this plant, was here to close the deal. One of the present buildings will be remodelled, new machinery will be added and barrels will be turned out at the rate of 500 per day after July 5th — when they expect to begin operations. Two years ago, when the apple crop was large, over 30,000 barrels of apples were shipped out of East Jordan and this alone meant that East Jordan money went outside to purchase empty barrels.

List of new instructors of East Jordan Public Schools for 1909-10: Supt., J. T. Northon; Principal and English, Miss Margaret Cameron; Miss Ethel Ash will have charge of languages (Latin and German). History and mathematics, Miss Florence L. Hall. Music and drawing instructor, Miss Mary Eloise Sheffield. Grades: 8th, Miss Hazel I. Frazier; 7th, Miss Katherine Winnie; 6th, Miss Lou A. Price; 5th, Mrs. Effie Stanford; 4th, Miss Myrtle Severance; 3rd, Miss Mary Lampert; 2nd, Miss Edith E. Bingham; Primary, Miss Jessie Severson; Kindergarten, Miss Martha Frieberg.

Mrs. W. E. Malpass is receiving a visit from her mother, Mrs. Rounds of Traverse City.

East Jordan contractors were awarded the contract for the Carnegie Library at Charlevoix. Harry S. Price was awarded the mason and carpenter work and Malpass Bros. Iron Works the heating and plumbing.

Frank Trojaneck and Miss Minnie Mayhew were united in marriage by Rev. W. W. Lampert at the Methodist church, Monday afternoon.

At the regular meeting of the Council it was resolved that no children under the age of 16 years shall be allowed on the streets of the village of East Jordan after the hour of 9:00 p. m. from May 1st until Oct. 1st and after the hour of 8:30 p. m. from Oct. 1st to May 1st. The fire whistle will blow one long blast at the hour stated and it shall be the duty of the Village Marshall to see that the provisions of this resolution shall be enforced.

The application of Frank A. Kenyon for permit to build a two-story building on Lot 2, Blk. 3 was granted. (This building now is owned by G. A. Lisk. The first floor occupied by the Charlevoix County Herald, the second floor by the Bell Telephone Co. and Dr. G. W. Bechtold's Dentist office.

JUNE 20, 1919

In view of the fact that on next Monday night there has been a special meeting called for the purpose of voting bonds to be used for additions and repairs to the present school building. It is worth everyone's time to seriously study the conditions which make it necessary to spend money to build.

A regular meeting of the City Commission June 16. The following resolution was offered by Com. Gidley who moved its adoption, supported by Com. Crowell, whereas it is deemed necessary to construct a bridge and fill across the South Arm of Pine Lake, to take place of the present structure, according to the plans and specifications made by the Fargo Engineering Co. and now on file with the City Clerk. Carried.

W. T. Boswell has commenced the erection of an addition to the rear of his block to give the Hite Drug Co. some much-needed additional floor space. The Express business has grown to such proportion that the present quarters are entirely inadequate.

Arthur Speltz, B. S., of Boyne City has accepted the position of Agr'l teacher in East Jordan Public School and will take charge of the school garden work here on July 1st.

Joseph Cummins, who received his discharge last week from serving Uncle Sam for three years as lieutenant in the Army, has been appointed East Jordan's Station Agent for the East Jordan & Southern Railroad and has entered upon his new duties.

Lionel Goodman left Tuesday for Detroit where he takes up a position as machinist.

Jake White of this city and Miss Hazel Cross of Charlevoix were married at the home of the bride's parents, Wednesday.

Mrs. John Foss with son, Kenneth, of Exeland, Wis., arrived Wednesday for a visit with her parents, Mr. and Mrs. John Ross.

Mrs. John Severson and family now occupy the Robert Price residence during their summer absence for Lansing and other points.

Mr. and Mrs. W. E. Malpass returned from Traverse City, Tuesday. Mr. Malpass received serious burns on one of his eyes some time ago while casting at his foundry, and went to Traverse City hospital where for a time it was hoped the sight could be retained. It was finally found necessary to remove the eye to preserve the sight of the other eye.

Rev. E. E. Sprague, pastor of the Methodist church at Kalkaska passed away at Cadillac Saturday. Mr. Sprague was pastor of the East Jordan church some twenty years ago and was well known by our old time residents.

Joseph E. Ekstrom of Charlevoix has been appointed manager of the Argo Milling Company's interests in East Jordan to succeed Geo. F. Chapman who has resigned. Mr. and Mrs. Ekstrom moved their household effects from Charlevoix to East Jordan this week and are for the present located in the residence just east of L. Nequists on Division St. (The present home of Mr. and Mrs. Alex Lapeer).

JUNE 21, 1929

Wm. Dunlop, a pioneer resident of Echo Twp., Antrim County, and later of East Jordan passed away June 15th from dropsy and heart trouble, aged 82 years.

The interest and work that is being done in the Better Yard and Garden Contest is certainly very encouraging to the Businessmen's Club and others interested in it.

Enoch Giles, proprietor of East Jordan's White Star Restaurant, and Frank Nachazel opened a restaurant at Petoskey this week.

Gale Hudkins and John Tate of El Monte, Calif., are here for a few weeks' visit at the home of the former's sister, Mrs. Walter Davis.

K. J. Beahan has purchased the Jos. Ekstrom residence on North Main St., and with his family now occupy same. (The present Ted Malpass home).

Mr. and Mrs. Earl Gruber and former's mother, Mrs. Geo. Gruber of Marvins, Ohio, are resorting at the Orrin Bartlett cottage.

Miss Mary Chew and Forrest Baer of Kalamazoo were guests of her parents, Mr. and Mrs. J. E. Chew, Sunday.

Miss Sadie Murphy returned home Monday from Waterford, Mich., where she has been teaching the past year.

The wives of members of the Businessmen's Club are sponsoring a Bridge Tea at the Pine Lake Golf Club for the benefit of the Better Yard and Garden Contest June 27 at 1:45 p. m. Bridge, tea and transportation, 50c. Com., Mrs. Guy Watson, Mrs. Geo. Bechtold, Mrs. Howard Porter and Mrs. Robt. Campbell.

Mr. and Mrs. Geo. A. Bell and grandson, Joe Boyd, left Saturday for Manistee, where Mr. Bell will be employed on a large fruit farm.

Mrs. James Howard received a visit over Sunday from her son-in-law, C. G. Mills, of Melbourne, Australia. Mr. Mills is representative in that Country of the General Motors Co., and is back in the United States for a conference or representatives of above Co. in New York.

**PROBATE ORDER**

Sale of Real Estate

State of Michigan, The Probate Court for the County of Charlevoix. At a session of said Court, held at the Probate Office in the City of Charlevoix, in said County, on the 15th day of June, A. D. 1949.

Present, Hon. Floyd A. Supp, Judge of Probate. In the Matter of the Estate of Paul Sommerville, Deceased.

Alice Sommerville, Administratrix of said estate, having filed in said Court her petition, praying for license to sell at private sale the interest of said estate in certain real estate therein described, for the purpose of paying debts and charges of said estate, and for distribution.

It is ordered, That the 11th day of July, A. D. 1949, at ten o'clock in the forenoon, at said Probate Office, be and is hereby appointed for hearing in said petition, and that all persons interested in said estate appear before said Court, at said time and place, to show cause why a license to sell at private sale the interest of said estate in said real estate should not be granted;

It is Further Ordered, That public notice thereof be given of a copy of this order, for three successive weeks, previous to said day of hearing, in the Charlevoix County Herald, a newspaper printed and circulated in said County.

FLOYD A. SUPP, Judge of Probate.

**PROBATE ORDER**

Probate of Will

State of Michigan, The Probate Court for the County of Charlevoix. At a session of said Court, held at the Probate Office in the City of Charlevoix in said County, on the 15th day of June A. D. 1949.

Present, Honorable Floyd A. Supp, Judge of Probate. In the Matter of the Estate of Amos J. Hite, Deceased.

Mina Hite, having filed her petition, praying that an instrument filed in said Court be admitted to Probate as the last will and testament of said deceased and that administration of said estate be granted to Mina Hite or some other suitable person.

It is Ordered, That the 13th day of July A. D. 1949, at two p. m., at said Probate Office is hereby appointed for hearing said petition.

It is Further Ordered, That public notice thereof be given by publication of a copy hereof for three successive weeks previous to said day of hearing in the Charlevoix County Herald, a newspaper printed and circulated in said County.

FLOYD A. SUPP, Judge of Probate.

**PROBATE ORDER**

Hearing of Claims

State of Michigan, The Probate Court for the County of Charlevoix. In the Matter of the Estate of Mary Larsen, Deceased.

At a session of said Court, held in the Probate Office in the City of Charlevoix, in said County on the 27th day of June, 1949. Present Floyd A. Supp. Probate Judge.

The above estate having been admitted to probate and Leatha V. Larsen, of Route 3, East Jordan, Michigan, having been appointed Executrix thereof:

It is Ordered, That two months from this date be allowed for creditors to present their claims against said estate for examination and adjustment, and that all creditors of said deceased, are required to present their claims to said Court, at the Probate Office in the City of Charlevoix, on or before the 2nd day of September, 1949, at ten o'clock in the forenoon, at which time the claims will be heard.

It is Further Ordered, That public notice thereof be given by publication of this order for three successive weeks previous to said day of hearing in the Charlevoix County Herald, a newspaper printed and circulated in said county.

**Effective July 2— NEW LONG DISTANCE TELEPHONE RATES for calls within Michigan**

INCREASED RATES for long distance telephone calls between Michigan points, effective July 2, 1949, have been authorized by the Michigan Public Service Commission.

Last December, Michigan Bell requested rate increases for both local telephone service and long distance service within Michigan so it might continue giving the kind of telephone service the people of Michigan demand.

The Public Service Commission's order provides only for that part of the application which requested an increase in long distance rates (including rates for teletypewriter exchange service messages) within the state. But it will provide urgently needed revenue until the Commission is able to finish its investigation of the complete request and rule on it.

**HERE'S WHAT THE NEW RATES MEAN**

Initial-period rates for DAY STATION-TO-STATION calls are increased 5¢ to 15¢, depending on the distance.

Initial-period rates for NIGHT STATION-TO-STATION calls are increased 5¢ to 30¢, depending on the distance.

Initial-period rates for DAY PERSON-TO-PERSON calls are increased 5¢ to 30¢, depending on the distance.

Initial-period rates for NIGHT PERSON-TO-PERSON calls are increased 5¢ to 45¢, depending on the distance.

Rates for each additional minute, which are approximately 1/3 of the initial-period rate, are increased proportionately.

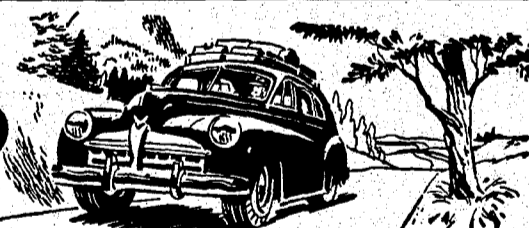

The initial period for 10¢ calls on the new rate schedule is 4 instead of 5 minutes; and for 20¢ calls, 3 instead of 4 minutes.

Rates for teletypewriter exchange service messages between Michigan points are increased proportionately.

Your Long Distance operator gladly will give you the new rate to any Michigan point.

**WEEKLY NEWS ANALYSIS**  
**Truman Wants Welfare Department;**  
**Veterans Will Get NSLI Dividends;**  
**Big Four Agree on Austrian Pact**

**EDITOR'S NOTE:** When opinions are expressed in these columns, they are those of Western Newspaper Union's news analysts and not necessarily of this newspaper.

**ROOSEVELT CHATS WITH TRUMAN . . .** Another Roosevelt, Franklin D. Jr., chats in the White House with President Truman. The meeting occurred shortly after young Roosevelt was sworn in as congressman from the 20th New York district, replacing the late Sol Bloom. F. D. R. Jr., made it plain he is a Democrat and a member of Mr. Truman's "team."

**WELFARE:**  
**More for Less**

Signing into law a bill to reorganize the federal government, President Truman offered a major proposal. He wants a new department of welfare created with its chief officer given full cabinet rank.

**THE IDEA** is not a completely new one. It was heard frequently during the early days of the Rooseveltian era, much oftener during the latter years of F. D. R.'s regime.

While this proposition commanded chief attention of the nation's press, the President offered six other streamlining plans aimed at giving the taxpayers better service for less money.

These included:

Transfer of the U.S. employment and unemployment compensation offices to the labor department.

**PLACING** of the two key defense agencies — national security council and national security and resources board — directly in the President's office.

Tightening up administration of the post office department, maritime commission and civil service commission.

Transfer of the public roads administration to the commerce department.

The President said the plans, which followed closely several major recommendations of the Hoover commission on government reorganization, will not "automatically" produce efficiency and cut spending.

**BUT HE SAID** they open the door to improvements that will make the government "more vigorous" and operate more smoothly at a lower cost "over a period of time."

No one expected any reduction in federal spending, and the President's conclusions might be construed as a preliminary defense set-up for continued federal outlay at the present, or an increased level, despite the Hoover commission recommendations and the President's own seven-point manifesto.

**VETERANS:**  
**Get Good News**

Veterans of World War II were all set for a surprise bonanza.

The Veterans' administration announced in Washington that cash refunds totaling 2.8 billion dollars will begin for them about next January—that is, for all GI's who took out national service life insurance during the war. These were estimated to number some 16 million.

Under the new payments, announced by the VA, each ex-serviceman or his heirs would receive an average of \$175 from life insurance dividends. Described as a "dividend" the money is to be repaid from two sources:

1. An eight billion dollar surplus which developed from the fact that G.I. insurance premiums were based by law on a standard mortality (death) rate table which turned out to be higher than needed.

2. Earnings from the surplus.

In general, it was explained, every veteran who took out national service insurance and kept it in force at least three months will be eligible—provided the policies were not issued after January 1, 1948. No refunds are to be made on policies issued after that date.

**MEANWHILE,** government officials saw in the insurance dividend payments a timely "shot in the arm" for business in 1950 which

**LONG SEARCH SEEN ENDED**

**Chlorophyll in Toothpaste Fights Decay**

A new toothpaste containing chlorophyll may be the answer to the long-time search for a preventive for tooth decay. Use of chlorophyll in the new product was announced by Dr. Gustav W. Rapp, professor and research biochemist of Loyola university's dental school, and his assistant, E. F. Gurney.

The new paste acts to do away with all of the conditions generally

**White House Repairs**  
**Still a Question**

It appeared that all the commotion about repairs to the White House wasn't quite over, although congress approved and sent to the President a money bill carrying funds for work on the White House. The money was included in a measure calling for expenditure of 671 million dollars for various government obligations.

**THE HOUSE,** which had passed the bill earlier, accepted a one-word amendment approved by the senate. The change would put it up to a special six-man commission whether a separate residence should be built for the first family, in addition to the job on the White House itself.

**GERMANY:**  
**Partial Accord**

The four-week conference of the council of foreign ministers of the four major powers had ended with partial accord having been reached. The western powers and Russia cleared away obstacles to an Austrian independence treaty and agreed to try to get along a little better in Germany.

**THE RUSSIANS,** however, were in there pitching right up to the final moments of the parley. The conference ended in a flurry of excitement as Russia sought unsuccessfully to make a last minute change in the announcement of the meeting's results.

The Reds had promised not to reimpose a blockade on Berlin in return for efforts to revive east-west trade in Germany. This was contained in a six-point statement of principle by the Big Four to guide negotiations in Germany.

The Russians, were supported in their 150 million dollar claim on Austria for German assets, and swung an uppercut at Yugoslavia's Marshal Tito by dropping their support of Yugoslavian claims of Austria. These were the points which cleared the way for an Austrian treaty which has been ordered for presentation by September 1.

**DESPITE** the improvement in east-west relations growing out of the conference, American spokesmen were not optimistic in evaluating results. U.S. Secretary of State Dean Acheson had no immediate comment.

Work on the Austrian treaty, however, was termed a "substantial step" forward and of no little importance because it would free Austria and push Soviet troops farther back into eastern Europe.

It was felt that ground had been neither gained nor lost in Germany.

should serve to stimulate sales. They recalled that the terminal-leave payoff of some two billion dollars in 1947 provided a sizeable such stimulus for the nation's business.

The plan to start the checks rolling in January brought vigorous criticism on Capitol Hill as Representative Keating (R., N. Y.) demanded that congress set October 15 as the deadline. He introduced a bill to hurry the dividend payments to that date. He declared that the government had "overcharged" veterans on their life insurance, and that the money should be refunded "immediately, not a year from now."

thought by dental authorities to be causes of dental decay, according to Dr. Rapp and Mr. Gurney, and owes its unusual powers to the use of the water-soluble derivatives of chlorophyll, which is the magic green substance that gives grass and all other green plants their color. Long known as essential to all life, chlorophyll previously has been used with excellent results.

**'UNIVERSAL MAN':**

Johann von Goethe  
 From every state in the union and from many foreign lands, distinguished visitors are pouring into the historic little frontier town of Aspen, Colo., to pay honor to a man born 200 years ago.

The Goethe Bicentennial Convocation and Music Festival (June 27-July 16) is presenting an imposing roster of thinkers, writers, statesmen, philosophers, educators and musicians who will seek to re-examine and re-interpret the works and philosophy of Johann Wolfgang von Goethe, the Universal Man, as it pertains to the atomic age.

**HEADING** the impressive list of lecturers is Albert Schweitzer, of French Equatorial Africa—philosopher, doctor, musician, theologian — acknowledged throughout the civilized world as the foremost modern disciple of Goethe.

The music festival, running in conjunction with the convocation, will feature compositions based on Goethe's works, monumental music of equal stature to Goethe, and music contemporary to him and known to have been inspirational to him.

**LABOR:**

**Bad Timing?**

Was the postwar buggy ride of consumer demand and increasingly higher wages really over?

The Ford motor company thought so and said so.

**CONFRONTED** with a list of demands by the united automobile workers union, the company made a significant counter-proposal. Instead of pay raises and pension, health and welfare plans as drafted by the union, the company proposed to peg wages where they are for another 18 months.

Such action, said the company, would "set a stabilization pattern for the entire (national) economy at this critical time."

**THE UNION,** among other things, has demanded that wages be pegged to the cost of living.

Pointing out that the cost of living is down and that the market for cars might drop up to 32 per cent after this year, the company declared flatly that it would reject any change in the work contract which would mean higher labor costs—whether in the form of wage increases or pension or welfare funds.

**THUS** the issue was hastening to a showdown. Could industry stand firm against another round of wage increases, or would labor with its organized power so stifle industry that capitulation would be inevitable?

**Indicted**

There was much of mystery and charge and counter-charge in the events out of which grew the federal indictment of Preston Tucker (above). Tucker and five others were indicted by the government on charges of mail fraud, conspiracy in violations of the securities and exchange act. Tucker has retaliated with charges that the securities and exchange commission has made it impossible to continue production of the Tucker car, which was to be powered with a motor in the rear.

**RED HUNT:**

**Harvard Cool**

Harvard, the nation's oldest university, was having nothing to do with any Communist-hunting.

There was a reason, officials said. They felt that to do so might be a danger to the university's freedom and to its academic integrity.

**AND,** Harvard held, American freedom is the school's "true glory," as it once told a man who tried to "buy" it for 10 million dollars.

The Harvard policy statement in connection with Communist-hunting activities was put this way:

"There will be no harassment of professors for engaging in open and legal meetings. There will be no apparatus of inquiry and 'closer watch.'

"The harm done by the effort necessary to discover even a single clandestine party (Communist) member would outweigh any possible benefit."

**PROMISES:**

**Made for Housing**

House Republicans indicated they were tired of the federal housing wrangle. So, they promised, they'd introduce a housing bill to substitute for the administration's program.

It was said to include a plan for privately-owned homes and some low-rent property. In fact, the substitute measure would embody most of the administration's slum-clearance ideas.

### RECIPE OF THE WEEK

by Mary Lee Taylor

#### Angel Icebox Cake

Broadcast: July 9, 1948

16 soft marshmallows 1 cup boiling water  
1 cup cold Pet Milk 12 two-inch vanilla wafers  
1 package lemon gelatin

Cut marshmallows in small pieces. Put into bowl with cold milk. Let stand in refrigerator about 1 hour, or until thoroughly chilled. Stir now and then while chilling. Dissolve gelatin in boiling water. Chill until slightly thicker than unbeaten egg whites. Rub with vegetable oil a mold holding about a quart. Line sides of mold with vanilla wafers. Whip chilled milk mixture with cold rotary egg beater, or electric beater at high speed, until light and fluffy. Fold into gelatin. Pour into prepared mold. Chill until firm. Turn out. Makes 4 servings for 2 meals.

\*Thin slices of angel, plain, sponge or pound cake also can be used.

You Will Need:

- PET MILK ..... can 12c
- Vanilla Wafers ..... pkg 21c
- Lemon Gelatin ..... pkg 8c
- Marshmallows ..... 18c
